1836.
By a Resolve of the Legislature, passed on the fifth day of April, 1836, it was ordered, that fifteen hundred copies of the Laws of the Old Colony should be published for the use of the Commonwealth, and His Excellency the Governor was authorized to appoint a Superintendent of the printing and publishing of the same. Under that Resolve, the subscriber had the honor of an appointment, and in discharging the duties of his office, he has endeavored to carry into effect the liberal views of the Legislature, and to prepare the work in a manner which he hopes will be acceptable to the public. A large portion of the volume has never before been published, and was taken from manuscript records—the originals of which are now in the Registry of Deeds for the County of Plymouth. The attention of the Legislature appears to have been first directed to these records in 1818, when a Committee, consisting of Rev. James Freeman, D. D., and Benjamin R. Nichols and Samuel Davis, Esquires, was appointed, with authority "to examine them, and if they should find the same of right belonging to the Commonwealth, they shall have power to take the same into their custody, for the purpose of a full examination; and they are requested to report how far, in their opinion, it may be proper to have the same deposited in the Archives of the Secretary of the State, for the use of legislators, historians, and antiquarians, and how far it may be useful to multiply copies of the whole, or any part of them, for the use of all the people."

This Committee reported their doings to the General Court at its next session, and gave the following account of these records, viz: "The Old Colony records consist of twelve volumes in folio, and the Charter engrossed on parchment. The volumes are marked 1, 2, 4, 5, 6, 7, 8, 12, 15, 16. Though it does not appear that
any volumes have been lost, yet there are none with the marks 3, 9, 10, 13, 14. But several of the volumes contain two or more parts, which circumstance probably prevented the volumes being marked in a continued series of numbers.”

“The general contents of the volumes are the Acts and Resolves of the Legislature:—judicial proceedings of the Court of Assistants, consisting of civil and criminal cases, and the settlement of estates of persons deceased:—Orders of the Council of War, military transactions and appointments of commissioned officers:—names of the freemen admitted, and the selectmen of towns,—registers of births, marriages, and deaths,—admonitions to churches, and recommendations and addresses to the people,—grants of land,—records of wills and deeds,—a variety of miscellaneous matters, which cannot be classed under any particular head. These several articles are blended together in the same volume, and frequently on the same page, and different parts of a volume are bound together, with leaves inverted and misplaced, and without regard to dates.”

This Committee further say, “that they have not been able to discover whether any arrangement was made respecting these records before the union of Plymouth with Massachusetts, or by the Province afterwards; but it was undoubtedly concluded at the time of the union, as it will probably be thought now that it would be inconvenient and injurious to the inhabitants of the Old Colony to remove from them the deeds and other titles to their estates, which cannot be separated from the Acts of their General Court.” They recommend “that copies be multiplied by printing the most interesting articles, so that they may be read with ease by all whose curiosity, taste or studies, may lead them to the examination.”

The same Committee was subsequently directed to cause certain portions of the records to be transcribed. This duty was performed in a very faithful and satisfactory manner by Benjamin R. Nichols, Esq., whose labours are best described by the use of his own language. He says, “the original records being in great
confusion and much defaced, he found it necessary to arrange them anew, according to their dates and subject matter, and to make full indexes to them. He also had them interleaved and new-bound. The original Charter of the Colony being considerably defaced, he had it repaired, and placed in a port folio."

"The records are now so arranged," he continues, "that the legislative proceedings or court orders form six separate volumes—the wills and inventories four—deeds six—laws one—acts of commissioners of the United Colonies two. There is also an imperfect volume of said commissioners' original minutes—one volume of Indian deeds—Treasurer's accounts and lists of freemen, and one volume of actions, marriages, births, and deaths, making twenty-two volumes of original records."

"The copies made from the above form eleven folio volumes, and are indexed like the originals. All the laws and legislative proceedings are copied, with as much of the other records as was thought to be useful or interesting to the public. The parts not copied are most of the private deeds, actions, wills and inventories. Care has been taken to preserve in the copies the original orthography and paging."

Such is the source from which this volume has been formed. The design of preserving the laws as near their original form as possible has been kept constantly in view, and for this purpose their chronological arrangement has been preserved, and the ancient orthography retained. This arrangement exhibits more fully than any other the progress of public opinion in legislation, and the changes which took place, from time to time, in the laws, corresponding to those in the condition, wants and institutions of the Colony. For some purposes, it would undoubtedly have been more convenient to have had all the laws relating to the same subject published under one head, but this would have changed their original form, and by separating the acts of the same year, which, though upon different subjects, are often connected, and sometimes grow out of each other, it would have been more difficult to have observed the spirit of the people as embodied in their laws—and thus one of the ob-
jects of this publication would have been defeated. The extensive jurisdiction of the General Court acting sometimes as a legislative assembly, and at others as a court of justice has made it difficult in many cases to make a distinction between what are properly denominated laws, and the mere court orders or resolutions. This difficulty was much increased by the fact that these laws, resolutions and orders, were adopted frequently at the same meeting of the General Court, consisting sometimes of the governor, assistants, and deputies, or committees, as they were called, and sometimes of the whole body of freemen. In all cases of doubt, however, or where the orders or resolutions are matters of interest, they are published in their chronological order with the laws, such a course being thought more in accordance with the design of the work, and giving it a higher historical interest and value.

The work is divided into three parts: the first containing all the laws from the settlement of the Colony to 1658; the second all the laws found in the records from that period to its union with Massachusetts, and the third the general revised laws, which were adopted and printed in 1671, together with portions of the edition of the laws published in 1685. Other divisions might perhaps have been made with equal propriety, corresponding with other important eras in the history of the Colony, but these seemed to be the only ones necessary.

The first revision of the laws was in 1636, and this may be regarded the first important era in their history, or perhaps with more propriety the origin of the legislation of the Colony. Previous to this period, there had been but few laws made, and still fewer committed to record. There was no secretary but the governor, and the people acted rather as a voluntary association governed by a majority, than as a political community guided and controlled by standing laws. In this revision most of the laws which had before been adopted, were re-enacted, and such others as became necessary to define more clearly the rights and privileges of the members of a growing community. The Committee chosen to prepare them consisted of the Governor and Assistants, and
William Brewster, Ralph Smith, John Done and John Jenny, of Plymouth; Jonathan Brewster and Christopher Wadsworth, of Duxbury; James Cudworth, and Anthony Annable, of Scituate.

No other revision of the laws was made till 1658. They were then scattered through voluminous records, and it became necessary to collect them together, and to make such amendments as the community demanded. The Committee for this purpose consisted of William Collyare, Timothy Hatherley, John Alden, James Cudworth, and Josias Winslow. The volume which they prepared was accepted by the General Court, and the secretary was directed to send a manuscript copy of them to each of the towns in the Colony. It was also ordered that the towns should furnish paper for the secretary, and that the laws should be publicly read in each town once a year. This collection of laws are not published together in this volume, but are arranged under the year when they were originally enacted, with a note of their having been re-enacted in 1658. The title page, and the Address to the Inhabitants are preserved, and are published in the beginning of Part II., with such portions of the collection as were then for the first time enacted, or had received material alterations.

The third revision of the laws was made in 1671. This was not like that of 1658—a mere collection, but a complete digest of all the laws then in force. It was prepared by a Committee, consisting of the Governor, the Major, Thomas Hinckley, and John Walley, and was the first edition of the laws printed. It is published entire in Part III. In 1673, the court ordered “that nothing shall stand in force in our written book of laws, but what the printed laws refer unto.”

In 1684, “the Governor, Mr. Barnabas Laythrop, Capt. Walley, Capt. Laythorp, and Capt. Thomas, were appointed to view the laws of the Colony, and to reduce them into better order.” They prepared a new digest of them incorporating such as had been enacted subsequent to the last revision, and changing, in some respects their arrangement. This was printed and published in 1685. Such portions of it as are not found in the other laws,
and as are of historical interest are published in Part III. Of this there is no manuscript record preserved, and it was the last edition of the laws of the Colony which has been published.

Besides the acts and orders of the General Court, the Compact and Charter of the Colony, the Charter of the Council at Plymouth, other rare and valuable papers and documents are published in the Appendix. Some of these may be considered a part of the public law of the Colony, and necessary to a right understanding of it. Others have a deep historical interest. It was therefore thought a favorable opportunity to present them together in one volume, so that they could be within the reach of all, who have a desire to learn the history and character of the Colony of New Plymouth, either from its constitution of government, its legislation, or its public policy.

PART I.
GREAT PATENT
OF
NEW ENGLAND.

CHARTER OF THE COUNCIL ESTABLISHED AT PLYMOUTH, IN THE
COUNTY OF DEVON, FOR THE PLANTING, RULING, ORDERING
AND GOVERNING OF NEW ENGLAND IN AMERICA.

JAMES, by the grace of God, King of England, Scotland, France and Ireland, Defender
of the Faith, &c.

To all whom these presents shall come, greeting:—Whereas, upon the humble petition of divers of our well disposed subjects, that intended to make several plantations in the parts of America, between the degrees of thirtyfour and fortyfive, We, according to our princely inclination, favoring much their worthy disposition, in hope thereby to advance the enlargement of the christian religion, to the glory of God Almighty, as also by that means to stretch out the bounds of our dominions, and to replenish those deserts with people, governed by laws and magistrates, for the more peaceable commerce of all that in time to come shall have occasion to traffic into those territories, granted unto Sir Thomas Gates, Sir George Summers, knights, Thomas Hamon, and Raleigh Gilbert, Esquires, and others their associates, for the more speedy accomplishment thereof, by our letters patent, bearing date the 10th day of April, in the fourth year of our reign of England, France, and Ireland, and of Scotland the fortieth, free liberty to divide themselves into two several colonies: the one called the first colony, to be undertaken and advanced by certain knights, gentlemen, and merchants, in and about our city of London; the other, called the second colony, to be undertaken and
advanced by certain knights, gentlemen, merchants, and their associates, in or about our cities of Bristol, Exon, and our town of Plymouth, and other places, as in and by our said letters patents, amongst other things more at large, it doth and may appear.

And whereas, since that time, upon the humble petition of the said adventurers and planters of the said first colony, we have been graciously pleased to make them one distinct and entire body by themselves, giving unto them their distinct limits and bounds:

And have, upon their like humble request, granted unto them divers liberties, privileges, enlargements, and immunities, as in and by our several letters patents, it doth and may more at large appear.

Now forasmuch as we have been, in like manner, humbly petitioned unto by our trusty and well beloved servant, Sir Ferdinando Gorges, knight, captain of our fort and island, by Plymouth, and by certain the principal knights and gentlemen adventurers of the said second colony, and by divers other persons of quality, who now intend to be their associates, divers of which have been at great and extraordinary charges, and sustained many losses, in seeking and discovering a place fit and convenient to lay the foundation of a hopeful plantation, and have, divers years past, by God's assistance, and their own endeavors, taken actual possession of the continent hereafter mentioned, in our name, and to our use, as sovereign lord thereof, and have settled already some of our people in places agreeable to their desires in those parts, and in confidence of prosperous success therein, by the continuance of God's divine blessing, and our royal permission, have resolved, in a more plentiful and effectual manner, to prosecute the same; and to that purpose and intent, have desired of us, for their better encouragement and satisfaction therein, and that they may avoid all confusion, questions, or differences, between themselves and those of the said first colony, that we would likewise be graciously pleased to make certain adventurers, intending to erect and establish fishery, trade, and plantation within the territories, precincts, and limits of the said second colony, and their successors, one several distinct and entire body, and to grant unto them such estate, liberties, privileges, enlargements and immunities there, as are in those, our letters patents, hereafter particularly expressed and declared.

And forasmuch as we have been certainly given to understand, by divers of our good subjects, that have, for these many years past, frequented those coasts and territories between the degrees of forty and fortyeight, that there is no other the subjects of any christian king or state, by any authority from their sovereign lords or princes,
actually in possession of any of the said lands or precincts, whereby any right, claim, interest, or title, may, might, or ought, by that means accrue, belong, or appertain unto them, or any of them.

And also, for that we have been further given certainly to know, that within these late years, there hath, by God’s visitation, reigned a wonderful plague, together with many horrible slaughters and murders, committed amongst the savages and British people there heretofore inhabiting, in a manner to the utter destruction, devastation, and depopulation of that whole territory, so as there is not left, for many leagues together, in a manner, any that do claim or challenge any kind of interest therein, nor any other superior lord or sovereign, to make claim thereunto, whereby we, in our judgment, are persuaded and satisfied, that the appointed time is come in which Almighty God, in his great goodness and bounty towards us, and our people, hath thought fit and determined, that those large and goodly territo-
eries, deserted as it were by their natural inhabitants, should be pos-
sessed and enjoyed by such of our subjects and people, as heretofore have, and hereafter shall, by his mercy and favor, and by his power-
ful arm, be directed and conducted thither; in the contemplation and serious consideration whereof, we have thought it fit, according to our kingly duty, so much as in us lieth, to second and follow God’s sacred will, rendering reverend thanks to his Divine Majesty, for his gracious favor in laying open and revealing the same unto us, before any other christian prince or state; by which means, without offence, and, as we trust, to his glory, we may with boldness go on to the settling of so hopeful a work, which tendeth to the reducing and con-
version of such savages as remain wandering in desolation and dis-
tress, to civil society and christian religion, to the enlargement of our own dominions, and the advancement of the fortunes of such of our good subjects as shall willingly interest themselves in the said em-
ployment, to whom we cannot but give singular commendations for their so worthy intention and enterprise.

We, therefore, of our special grace, mere motion, and certain knowledge, by the advice of the lords and others of our privy coun-
cil, have, for us, our heirs, and successors, granted, ordained, and established, and, in and by these presents, do, for us, our heirs, and successors, grant, ordain, and establish, that all that circuit, continent, precincts, and limits, in America, lying and being in breadth from forty degrees of northerly latitude from the equinocial line, to forty-
eight degrees of the said northerly latitude, and in length by all the breadth aforesaid, throughout the main land, from sea to sea, with all the seas, rivers, islands, creeks, inlets, ports, and havens,
within the degrees, precincts, and limits of the said latitude and longitude, shall be the limits, and bounds, and precincts of the said second colony.

And to the end that the said territories may forever hereafter be more particularly and certainly known and distinguished, our will and pleasure is, that the same shall, from henceforth, be nominated, termed, and called by the name of New England, in America, and by that name of New England, in America, the said circuit, precinct, limit, continent, islands, and places in America aforesaid, we do, by these presents, for us, our heirs, and successors, name, call, erect, found, and establish, and by that name to have continuance forever.

And for the better plantation, ruling, and governing of the aforesaid New England, in America, we will, ordain, constitute, assign, limit, and appoint, and for us, our heirs, and successors, we, by the advice of the lords, and others of the said privy council, do, by these presents, ordain, constitute, limit, and appoint, that from henceforth there shall be forever hereafter, in our town of Plymouth, in the county of Devon, one body politic and corporate, which shall have perpetual succession; which shall consist of the number of forty persons, and no more; which shall be, and shall be called and known by the name of the council established at Plymouth, in the county of Devon, for the planting, ruling, ordering, and governing of New England, in America, and for that purpose, we have, at and by the nomination and request of the said petitioners, granted, ordained, established, and confirmed, and, by these presents, for us, our heirs, and successors, do grant, ordain, establish, and confirm our right trusty and right well beloved cousins and counsellors, Lodowick, duke of Lenox, lord steward of our household; George, lord marquis Buckingham, our high admiral of England; James, marquis Hamilton; William, earl of Pembroke, lord chamberlain of our household; Thomas, earl of Arundel; and our right trusty and right well beloved cousin, William, earl of Bath; and our right trusty and right well beloved cousin and counsellor, Henry, earl of Southampton; and our right trusty and right well beloved cousins, William, earl of Salisbury, and Robert, earl of Warwick; and our right trusty and right well beloved John, viscount Haddington; and our right trusty and well beloved counsellor, Edward, Lord Zouch, lord warden of our cinque ports; and our trusty and well beloved Edmond, lord Sheffield, Edward, lord Gorges; and our well beloved Sir Edward Seymour, knight and baronet; Sir Robert Mansel; Sir Edward Zouch, our knight marshal; Sir Dudley Diggs, Sir Thomas Roe, Sir Fer-
OF NEW ENGLAND.

We do, by these presents, for us, our heirs, and successors, really and fully incorporate, erect, ordain, name, constitute, and establish, and that, by the same name of the said council, they and their
successors, forever hereafter be incorporated, named, and called, and shall, by the same name, have perpetual succession.

And further, we do hereby, for us, our heirs, and successors, grant unto the said council established at Plymouth, that they, and their successors, by the same name, be, and shall be, and shall continue persons able and capable in the law, from time to time, and shall, by that name of council aforesaid, have full power and authority, and lawful capacity and ability, as well to purchase, take, hold, receive, enjoy; and to have to them and their successors, forever, any manors, lands, tenements, rents, royalties, privileges, immunities, reversions, annuities, hereditaments, goods, and chattels whatsoever, of, or from us, our heirs, and successors, and of, or from any other person or persons whatsoever, as well in and within this our realm of England, as in and within any other place or places whatsoever or wheresoever; and the same manors, lands, tenements, and hereditaments, goods, or chattels, or any of them, by the same name, to alien and sell, or to do, execute, or ordain and perform all other matters and things whatsoever, to the said incorporation and plantation concerning and belonging.

And further, our will and pleasure is, that the said council, for the time being, and their successors, shall have full power and lawful authority, by the name aforesaid, to sue and be sued, implead and to be impleaded, answer and to be answered unto, in all manner of courts and places that now are, or hereafter shall be, within this our realm, and elsewhere, as well temporal as spiritual, in all manner of suits and matters whatsoever, and of what nature or kind soever such suits or actions be or shall be.

And our will and pleasure is, that the said forty persons, or the greater number of them, shall, and may, from time to time, and at any time hereafter, at their own will and pleasure, according to the laws, ordinances, and orders of, or by them, or by the greater part of them hereafter, in manner and form in these presents mentioned to be agreed upon, to elect and choose, amongst themselves, one of the said forty persons, for the time being, to be president of the said council, which president, so elected and chosen, we will shall continue and be president of the said council, for so long time as by the orders of the said council, from time to time to be made, as hereafter is mentioned, shall be thought fit, and no longer; unto which president, or, in his absence, to any such person as, by the orders of the said council, shall be thereunto appointed, we do give authority to give order for the warning of the said council, and summoning the company to their meetings.
And our will and pleasure is, that, from time to time, when, and so often as any of the said council shall happen to decease, or to be removed from being of the said council, that then, and so often, the survivors of them of the said council, and no other, or the greater number of them, who then shall be, from time to time, left and remaining, and who shall, or the greater number of which that shall be assembled at a public court, or meeting, to be held for the said company, shall elect and choose one or more other person or persons, to be of the said council, and which, from time to time, shall be of the said council, so that the number of forty persons of the said council may, from time to time, be supplied.

Provided always, that as well the persons herein named to be of the said council, as every other counsellor hereafter to be elected, shall be presented to the lord chancellor of England, or to the lord high treasurer of England, or to the lord chamberlain of the household, of us, our heirs and successors, for the time being, to take his and their oath and oaths, of a counsellor and counsellors, to us, our heirs, and successors, for the said company and colony in New England.

And further, we will and grant, by these presents, for us, our heirs, and successors, unto the said council, and their successors, that they, and their successors, shall have and enjoy forever, a common seal, to be engra
den according to their discretion.

And that it shall be lawful for them to appoint what other seal, or seals, they shall think most meet and necessary, either for their use, as they are one united body, incorporate here, or for the public use of their government and ministers in New England aforesaid, whereby the said incorporation may or shall seal any manner of instrument, touching the same corporation, and the manors, lands, tenements, rents, reversions, annuities, hereditaments, goods, chattels, affairs and any other things, belonging unto, or in any wise appertaining, touching or concerning the said council, and their successors, or concerning the said corporation and plantation, in and by these our letters patents, as aforesaid, founded, erected and established.

And we do further, by these presents, for us, our heirs, and successors, grant unto the said council, and their successors, that it shall and may be lawful to and for the said council, and their successors, for the time being, in their discretions, from time to time, to admit such and so many person and persons to be made free, and enabled to trade and traffic unto, within, and in New England, aforesaid, and unto every part and parcel thereof, or to have, possess, and enjoy any lands or hereditaments in New England, aforesaid, as they shall
think fit, according to the laws, orders, constitutions, and ordinances, by the said council, and their successors, from time to time, to be made and established, by virtue of, and according to the true intent of these presents, and under such conditions, reservations and agreements, as the said council shall set down, order, and direct, and not otherwise.

And further, of our especial grace, certain knowledge, and mere motion, for us, our heirs, and successors, we do, by these presents, give and grant full power and authority to the said council, and their successors, that the said council, for the time being, or the greater part of them, shall and may, from time to time, nominate, make, constitute, ordain, and confirm, by such name or names, style or styles, as to them shall seem good, and, likewise, to revoke and discharge, change and alter, as well all and singular, governors, officers, and ministers, which hereafter shall be by them thought fit and needful to be made or used, as well to attend the business of the said company here, as for the government of the said colony and plantation.

And also, to make, ordain, and establish all manner of orders, laws, directions, instructions, forms, and ceremonies of government and magistracy, fit and necessary for and concerning the government of the said colony and plantation, so always as the same be not contrary to the laws and statutes of this our realm of England, and the same at all times hereafter, to abrogate, revoke, or change, not only within the precincts of the said colony, but also upon the seas, in going and coming to and from the said colony, as they, in their good discretion, shall think to be fittest for the good of the adventurers and inhabitants there.

And we do further, of our special grace, certain knowledge, and mere motion, grant, declare, and ordain, that such principal governor as, from time to time, shall be authorized and appointed, in manner and form in these presents heretofore expressed, shall have full power and authority to use and exercise martial laws, in cases of rebellion, insurrection, and mutiny, in as large and ample manner, as our lieutenants in our counties within our realm of England, have, or ought to have, by force of their commission of lieutenancy.

And forasmuch as it shall be necessary for all such our loving subjects as shall inhabit within the said precincts of New England aforesaid, to determine to live together, in the fear and true worship of Almighty God, christian peace, and civil quietness, each with the other, whereby every one may, with more safety, pleasure, and profit, enjoy that, whereunto they shall attain with great pain and peril.
We, for us, our heirs and successors, are likewise pleased and contented, and, by these presents, do give and grant unto the said council, and their successors, and to such governors, officers, and ministers, as shall be, by the said council, constituted and appointed according to the natures and limits of their officers and places respectively, that they shall and may, from time to time, forever hereafter, within the said precincts of New England, or in the way by the sea thither and from thence, have full and absolute power and authority to correct, punish, pardon, govern, and rule all such the subjects of us, our heirs and successors, as shall, from time to time, adventure themselves in any voyage thither, or that shall, at any time hereafter, inhabit in the precincts and territories of the said colony as aforesaid, according to such laws, orders, ordinances, directions and instructions, as by the said council aforesaid shall be established; and, in defect thereof, in cases of necessity, according to the good discretions of the said governors and officers respectively, as well in cases capital and criminal as civil, both marine and others; so always as the said statutes, ordinances and proceedings, as near as conveniently may be agreeable to the laws, statutes, government and policy of this our realm of England.

And furthermore, if any person, or persons, adventurers, or planters, of the said colony, or any other, at any time or times hereafter, shall transport any monies, goods, or merchandizes, out of any our kingdoms, with a pretence and purpose to land, set, or otherwise to dispose the same, within the limits and bounds of the said colony, and yet, nevertheless, being at sea, or after he hath landed within any part of the said colony, shall carry the same into any other foreign country, with a purpose there to set and dispose thereof, that then all the goods and chattels of the said person, or persons, so offending, and transported, together with the ship or vessel wherein such transportation was made, shall be forfeited to us, our heirs and successors.

And we do further, of our special grace, certain knowledge, and mere motion, for us, our heirs, and successors, for, and in respect of the considerations aforesaid, and for divers other good causes and considerations, us thereunto especially moving, and by the advice of the lords and others of our said privy council, have absolutely given, granted, and confirmed, and, by these presents, do absolutely give, grant, and confirm, unto the said council, called the council established at Plymouth, in the county of Devon, for the planting, ruling, and governing of New England, in America, and unto their successors, forever, all the aforesaid lands and grounds, continent, precincts, place, places, and territories, (viz.) the aforesaid part of America,
lying and being in breadth from forty degrees of northerly latitude from the equinoctial line, to fortyeight degrees of the said northerly latitude inclusively, and in length of, and within all the breadth aforesaid, throughout the main land, from sea to sea, together also with all the firm land, soils, grounds, havens, ports, rivers, waters, fishings, mines, and minerals, as well royal mines of gold and silver, as other mines and minerals, precious stones, quarries, and all and singular other commodities, jurisdictions, royalties, privileges, franchises, and pre-eminences, both within the said tract of land, upon the main, and also within the said island and seas adjoining.

Provided always, that the said islands, or any of the premises herein before mentioned, and by these presents, intended and meant to be granted, be not actually possessed, or inhabited by any other christian prince or state, nor be within the bounds, limits, or territories of that southern colony, heretofore, by us, granted to be planted by divers of our loving subjects in the south parts.

And therefore, we do hereby, for us, our heirs, and successors, charge, command, prohibit, and forbid all the subjects of us, our heirs, and successors, of what degree or quality soever they be, that none of them, directly or indirectly presume to visit, frequent, trade, or adventure to traffic into, or from the said territories, lands, rivers,
and places aforesaid, or any of them, other than the said council, and
their successors, factors, deputies, and assigns, unless it be with the
license and consent of the said council and company, first had and
obtained in writing, under their common seal, upon pain of our in-
dignation, and imprisonment of their bodies, during the pleasure of
us, our heirs, or successors, and the forfeiture and loss, both of their
ship and goods, wheresoever they shall be found, either within any
of our kingdoms or dominions, or any the place or places out of our
dominions, and for the better effecting of our said pleasure herein,
we do hereby, for us, our heirs, and successors, give and grant full
power and authority unto the said council, and their successors, for
the time being, that they, by themselves, their factors, deputies, or
assigns, shall and may, from time to time, and at all times hereafter,
attach, arrest, take, and seize all and all manner of ship and ships,
goods, wares, and merchandizes whatsoever, which shall be brought
from, or carried to the places before mentioned, or any of them,
contrary to our will and pleasure, before in these presents expressed,

our heirs, and successors, give and grant unto the said council, and
their successors, to their own proper use, without accempt, and the
other moiety, or half part thereof, we will shall be and remain to the
use of us, our heirs, and successors.

And we likewise have condescended and granted, and, by these
presents, for us, our heirs, and successors, do condescend, and grant
to, and with the said council, and their successors, that we, our heirs,
or successors, shall not, or will not, give and grant any liberty, li-
cense, or authority to any person or persons whatsoever, to sail,
trade, or traffic unto the aforesaid plantations of New England, with-
out the good will and liking of the said council, or the greater part
of them, for the time being, at any their courts to be assembled.

And we do, for us, our heirs, and successors, give and grant unto
the said council, and their successors, that whencesoever, or so often
as any custom or subsidy shall grow due or payable, unto us, our
heirs, or successors, according to the limitation and appointment
aforesaid, by reason of any goods, wares, or merchandize, to be
shipped out, or any return to be made, of any goods, wares, or mer-
chandize, unto, or from New England, or any the lands or territories
aforesaid, that then, so often, and in such case, the farmers, custom-
ers, and officers of our customs of England and Ireland, and every
of them, for the time being, upon request made unto them by the
said council, their successors, factors, or assigns, and upon conveni-
ent security to be given in that behalf, shall give and allow unto the

said council, and their successors, and to all person and persons free of the said company as aforesaid, six months time, for the payment of the one half of all such customs and subsidy, as shall be due and payable unto us, our heirs, and successors, for the same; for which these, our letters patents, or the duplicate, or the enrolment thereof, shall be, unto our said officers, a sufficient warrant and discharge.

Nevertheless, our will and pleasure is, that, if any of the said goods, wares, and merchandizes, which be, or shall be, at any time hereafter, landed and exported out of any our realms aforesaid, and shall be shipped with a purpose not to be carried to New England aforesaid, that then such payment, duty, custom, imposition, or forfeiture, shall be paid and belong to us, our heirs, and successors, for the said goods, wares, and merchandizes, so fraudulently sought to be transported, as if this our grant had not been made nor granted.

And we do, for us, our heirs, and successors, give and grant unto the said council, and their successors, forever, by these presents, that the said president of the said company, or his deputy, for the time being, or any two others of the said council, for the said colony in New England, for the time being, shall and may, at all times hereafter, and from time to time, have full power and authority to minister, and give the oath and oaths of allegiance and supremacy, or either of them, to all and every person and persons, which shall, at any time and times hereafter, go and pass to the said colony of New England.

And further, that it shall be, likewise, lawful for the said president, or his deputy, for the time being, or any two others of the said council, for the said colony in New England, for the time being, from time to time, and at all times hereafter, to minister such a formal oath, as by their discretions shall be reasonably devised, as well unto any person or persons employed, or to be employed in, for, or touching the said plantation, for their honest, faithful, and just discharge of their service, in all such matters as shall be committed unto them, for the good and benefit of the said company, colony, and plantation, as also unto such other person or persons as the said president, or his deputy, with two others of the said council, shall think meet, for the examination or clearing of the truth, in any cause whatsoever concerning the said plantation, or any business from thence, proceeding, or thereunto belonging.

And to the end that no lewd or ill disposed persons, sailors, soldiers, artificers, husbandmen, laborers, or others which shall receive wares, apparel, or other entertainment from the said council, or contract and agree with the said council, to go, and to serve, and to be employed in the said plantation, in the colony in New England, do
afterwards withdraw, hide, and conceal themselves, or refuse to go thither, after they have been so entertained and agreed withal, and that no persons which shall be sent and employed in the said plantation of the said colony in New England, upon the charge of the said council, do misbehave themselves by mutinous, seditious, or other notorious misdemeanors, or which shall be employed, or sent abroad by the governor of New England, or his deputy, with any ship or pinnace, for provision of the said colony, or for some discovery, or other business and affairs concerning the same, do, from thence, treacherously either come back again, or return into the realm of England, by stealth, or without license of the governor of the said colony in New England, for the time being, or be sent hither as misdoers or offenders, and that none of those persons, after their return from thence, being questioned by the said council here for such their misbehaviors and offences, do, by insolent and contemptuous carriage, in the presence of the said council, shew little respect and reverence, either to the place or authority in which we have placed and appointed them, and others, for the clearing of their lewdness and misdemeanors, committed in New England, divulge vile and slanderous reports of the country of New England, or of the government or estate of the said plantation and colony, to bring the said voyages and plantation into disgrace and contempt, by means whereof, not only the adventurers and planters already engaged in the said plantation, may be exceedingly abused, and hindered, and a great number of our loving and well disposed subjects, otherwise well affected, and inclined to join and adventure in so noble a Christian and worthy an action, may be discouraged from the same, but also the enterprize itself, may be overthrown, which cannot miscarry, without some dishonor to us and our kingdom.

We, therefore, for preventing of so great and enormous abuses and misdemeanors, do, by these presents, for us, our heirs, and successors, give and grant unto the said president, or his deputy, or such other person, or persons, as, by the orders of the said council, shall be appointed, by warrant, under his or their hand or hands, to send for, or cause to be apprehended, all and every such person and persons, who shall be noted, or accused, or found, at any time or times hereafter, to offend, or misbehave themselves, in any the affairs before mentioned and expressed; and, upon the examination of any such offender or offenders, and just proof, made by oath, taken before the said council, of any such notorious misdemeanors, by them to be committed, as aforesaid, and also, upon any insolent, contemptuous, or unreverent carriage, or misbehavior, to or against the said Council authorized to punish offenders, &c.
council, to be shewed or used, by any such person or persons, so called, convinced, and appearing before them, as aforesaid, that, in all such cases, our said council, or any two, or more of them, for the time being, shall, and may have full power and authority, either here to bind them over with good securities for their good behavior, and further therein to proceed, to all intents and purposes, as it is used in other like cases within our realm of England, or else, at their discretions, to remand and send back the said offenders, or any of them, to the said colony of New England, there to be proceeded against and punished, as the governors, deputy, or council there, for the time being, shall think meet, or otherwise, according to such laws and ordinances, as are, and shall be in use there, for the well ordering and good government of the said colony.

And our will and pleasure is, and we do hereby declare, to all christian kings, princes, and states, that, if any person or persons, which shall hereafter be of the said colony or plantation, or any other, by license or appointment of the said council, or their successors, or otherwise, shall, at any time or times hereafter, rob, or spoil, by sea or by land, or do any hurt, violence, or unlawful hostility, to any of the subjects of us, our heirs, or successors, or any of the subjects of any king, prince, ruler, or governor, or state, being then in league and amity with us, our heirs, and successors; and that, upon such injury, or upon just complaint of such prince, ruler, governor, or state, or their subjects, we, our heirs, or successors, shall make open proclamation, within any of the parts of our realm of England commodious for that purpose, that the person or persons having committed any such robbery or spoil, shall, within the time limited by such a proclamation, make full restitution or satisfaction of all such injuries done, so as the said princes, or others so complaining, may hold themselves fully satisfied and contented; and if that the said person or persons, having committed such robbery or spoil, shall not make, or cause to be made, satisfaction accordingly, within such time so to be limited, that then it shall be lawful for us, our heirs, and successors, to put the said person or persons out of our allegiance and protection, and that it shall be lawful and free for all princes to prosecute with hostility the said offenders, and every of them, their and every of their procurers, aiders, abettors, and comforters in that behalf.

Also, we do, for us, our heirs, and successors, declare, by these presents, that all and every the persons being our subjects, which shall go and inhabit within the said colony and plantation, and every of their children and posterity, which shall happen to be born within the limits thereof, shall have and enjoy all liberties, and franchises,
and immunities of free denizens and natural subjects, with any of our other dominions, to all intents and purposes, as if they had been abiding, and born within this our kingdom of England, or any other our dominions.

And lastly, because the principal effect which we can desire, or expect of this action, is the conversion of, and reduction of the people in those parts, unto the true worship of God and christian religion, in which respect we would be loath that any person should be permitted to pass, that we suspected to affect the superstition of the church of Rome, we do hereby declare, that it is our will and pleasure, that none be permitted to pass in any voyage, from time to time to be made into the said country, but such as shall first have taken the oath of supremacy; for which purpose, we do, by these presents, give full power and authority to the president of the said council, to tender and exhibit the said oath to all such persons as shall, at any time, be sent and employed in the said voyage.

And we also, for us, our heirs, and successors, do covenant and grant to, and with the council, and their successors, by these presents, that if the council, for the time being, and their successors, or any of them, shall, at any time or times hereafter, upon any doubt which they shall conceive, concerning the strength or validity in law, of this our present grant, or be desirous to have the same renewed and confirmed by us, our heirs, and successors, with amendments of such imperfections and defects, as shall appear fit and necessary to the said council, or their successors, to be reformed and amended, on the behalf of us, our heirs, and successors, and for the furthering of the plantation and government, or the increase, continuing, and flourishing thereof, that then, upon the humble petition of the said council, for the time being, and their successors, to us, our heirs, and successors, we, our heirs, and successors, shall and will, forthwith, make and pass, under the great seal of England, to the said council, and their successors, such further and better assurance of all and singular the lands, grounds, royalties, privileges and premises aforesaid, granted, or intended to be granted, according to our true intent and meaning, in these our letters patents, signified, declared, or mentioned, as by the learned council of us, our heirs, and successors, and of the said company, and their successors, shall, in that behalf, be reasonably devised or advised.

And further, our will and pleasure is, that, in all questions and doubts, that shall arise upon any difficulty of construction or interpretation of anything contained in these our letters patents, the same

shall be taken and interpreted, in most ample and beneficial manner, for the said council, and their successors, and every member thereof.

And we do further, for us, our heirs, and successors, charge and command all and singular admirals, vice admirals, generals, commanders, captains, justices of peace, mayors, sheriffs, bailiffs, constables, customers, comptrollers, waiters, searchers, and all the officers of us, our heirs, and successors, whatsover, to be, from time to time, and at all times hereafter, in all things aiding, helping, and assisting unto the said council, and their successors, and unto every of them, upon request and requests, by them to be made, in all matters and things, for the furtherance and accomplishment of all or any the matters and things by us, in and by these our letters patents, given, granted, and provided, or by us meant or intended to be given, granted, and provided, as they, our said officer, and the officers of us, our heirs, and successors, do tender our pleasure, and will avoid the contrary, at their perils.

And also, we do, by these presents, ratify and confirm unto the said council, and their successors, all privileges, franchises, liberties, and immunities, granted in our said former letters patents, and not in these our letters patents, revoked, altered, changed, or abridged, although expressed, mentioned, &c.—In witness, &c., witness ourself at Westminster, the third day of November, in the eighteenth year of our reign over England, &c.

In presence of

JAMES CUDWORTH,
WILLIAM CLARKE,
NATHANIEL MORTON, Secretary.
Orders agreed on at severall times for the generall good of the colony and the better government and preservation of the same.

It was ordained 17 day of December Ano 1623 by the court then held that all criminal facts, and also all matters of trespasses and debts between man and man should be tried by the verdict of twelve honest men to be impanelled by authority in forme of a jury upon their oath.

It was decreed by the court held the 29th of March Ano 1626, That for the preventing of such inconveniences as do and may befall the plantation by the want of timber, That no man of what condition soever sell or transport any maner of workes as frames for houses plakes boards shipping shalllops boats cannoes or whatsoever may tend to the destruction of timber aforesd how little soever the quantity be without the consent approbation and liking of the Governour and councile. And if any be found faulty herein and shall imbarque or any way convey to that end to make sale of any the goods aforesaid expressed or intended by this decree the same to be forfeited and a fine of twice the value for all so sold to be duly taken by the Governour for the use and benefit of the company.

It was further decreed the day and year above written for the preventing of such abuses as do and may arise amongst us that no handy-craftsmen of what profession soever as taylors shoemakers carpenters joyneres smiths sawyers or whatsoever wth do or may reside or belong to this plantation of Plimouth shall use their science or trades at home or abroade for any strangers or foreigners till such time as the necessity of the colony be served. Without the consent of the Governour and councill, the breach thereof to be punished at their discretion.
PART 1.] LAWS OF THE COLONY OF NEW PLYMOUTH.

It was ordained the 29th of March 1626: for the preventing scarcity as alsoe for the furthering of our trade that no corne beans or pease be transported, imbarqued or sold to that end to be conveyed out of the colony without the leave and licence of the governour and counsell. The breach whereof to be punished with los of the goods so taken or proved to be sold: and the seller further fined or punished or both at the discretion of the Govr and Councill.

It was agreed upon by the whole court held the sixth of January 1627 that from hence forward no dwelling house was to be covered with any kind of thatche as straw reed &c. but with either board or pale and the like to wit of all that were to be new built in the towne.

Plimouth: The 3d of January 1627. It was agreed in a full court about division of lands as followeth.

Imp" That the first division of the acres should stand and continue firme according to the former division made unto the possessors thereof and to their heires forever: Free liberty being reserved for all to get fire wood thereon but the timber trees were excepted for the owners of the ground.

2ly. That the 2 division should consist of 20 acres to every person and to containe five in breadth & four in length and so accordingly to be divided by lott to every one which was to have share therein.

3ly. The ground to be judged sufficient before the lots were drawne and the rest to be left to comon use.

4ly. This being done, that for our better subsistence and convenience those grounds which are nearest the town in whose lott soever they fall shall be used by the whole for the space of 4 years from the date hereof: viz. first that the right owner make choice of twice that quantity he shall or may use within the said terme and then to take to him such neighbours as shall have need and he think fit: but they cannot agree then the Governr and Councill may appoint as they think meet: provided that the woods be ordered for felling and lopping according as the owner shall appoint: for neither fire wood nor other timber either for building or fencing or any other use is to be selled or caried off of any of these without the owners leave & licence, but he is to preserve them to his best advantage.

Division of lands.
was yielded to the adventurers have also 20 acres a person pportionable to their right layed out in part of their inheritance.

7ly. That first they shall begin where the acres of the first division end and lay out that to the Eele river so far as shall be thought fit by the surveighers, and returne to the north side of the town & so proceed accordingly, and that they leave all great timber swamps for common use.

8ly. That fowling fishing and hunting be free.

9ly. That the old path ways be still allowed and that every man be allowed a convenient way to the water wheresoever the lot fall.

Lastly that every man of the surveighers have a peck of corne for every share of land layed out by them to be paid by the owner there of when the same is layed out.

Note. William Bradford, Edward Winslow, John Howland, Francis Cooke, Joshua Pratt and Edward Bangs were the persons who allotted the land.

1632.

It was enacted by public consent of the freemen of this society of New Plymouth, that if now or hereafter any were elected to the office of governor and would not stand to the election, nor hold and execute the office for his year that then he be amerced in twenty pounds sterling fine; and in case refused to be paid upon the lawful demand of the ensuing governor then to be levied out of the goods, or chattles of the said person so refusing.

It was further ordered and decreed that if any were elected to the office of counsell and refused to hold the place, that then he be amerced in ten pounds sterling fine, and in case refused to be paid to be fortiwith levied.

It was further decreed and enacted that in case one and the same person should be elected gov'r a second year having held the place the foregoing year it should be lawful for him to refuse without any amercement. And the company to proceed to a new election except they can prevail with him by entreaty.

Whereas in the beginning and first planting of this colony, it was ordered that all should plant their corn &c. as near as might be to the town of Plymouth aforesaid, and for that end an acre of land was allowed and allotted to each person for their profit use, and so to them and their heires forever;—and whereas the said acres lay open without
inclosure, divers laws and orders have been made to prevent such damage as might befall the whole by kine swine goats &c., that so by hearing or other courses men’s labours might be preserved and such damage or loss as fell upon any to be made good by the owners of the same cattle trespassing. But since the said acres are for the most part worn out, and cattle by God’s blessing abundantly increasing and necessity constraining to inclose elsewhere, it was thought meet at a court held the 2d of Jan. 1632, that the former privileges of the said acres should be laid downe and that as elsewhere no man set corn upon them without inclosure but at his peril.

And whereas our ancient worke of fortification by continuance of time is decayed and christian wisdome teacheth us to depend upon God in the use of all good means for our safety, it is further agreed by the court aforesaid that a worke of fortification be made about the said fort in March or April next ensuing by the whole strength of men able to labour in the colony; and that the gov’t and council measure the worke and appoint the whole their joint and severall pts of labour. And that in case any shall faile their appointed time by themselves or assigns for themselves or serv’ls, they forfeit ten shillings a day for each default, and to pay for his or their pt of labour as the overseers of the worke shall agree notwithstanding.

In regard of our dispersion so far asunder and the inconvenience that may befall, it is further ordered that every freeman or other inhabitant of this colony provide for himselfe and each under him able to beare armes a sufficient musket and other serviceable peece for war with bandeleroes and other apurtenances with what speede may be: and that for each able person aforesaid, he be at all times after the last of May next ensuing furnished with two pounds of powder and ten pounds of bullets, and for each default in himselfe or serv’l to forfeit ten shillings.

1633.

These things following were determined and enacted July 1, 1633.

That the person in whose house any were found, or suffered to drinke drunck be left to the arbitrary fine and punishment of the Gov’t and Councell according to the nature and circumstances of the same.

That no sheep be sold out of the colony under penalty of forfeiting their due value.
It was by full consent agreed upon and enacted that the chiefe government be tyed to the towne of Plymouth, and that the Govr for the time being be tyed there to keepe his residence and dwelling. And there also to hold such courts as concerne the whole.

It was further enacted, That whereas formerly a small moyety of land was allotted to each family for their convenient subsistence in the towne viz1 to each person an acre. And that now the said acres lie void the ancient inhabitants being for the most part removed from thence: Insomuch that as formerly they were the means of subsisting in towne; now the propriety of persons in them elsewhere seated hinder others from coming into the towne by which means the said towne is like to be dispeopled. It was therefore agreed upon by the mutual consent of the whole (two persons excepted) that all and every such person or persons should surrender and cast up their right in the said acres that they may be disposed of to such as doe or shall inhabite the said towne of Plymouth, as also other the wast grwonds about the said towne by such an orderly and equall course as shall be thought meet by the Govr and Councell of the said colony. And that the said Govr and Councell thinke of some equall course where any have been purchased and the persons not able to make satisfaction.

That whereas God by his providence hath cast the fish called alewives or herrings in the middest of the place appointed for the towne of Plymouth; and that the ground thereabout hath been wore out by the whole to the damage of those that inhabite the same; that therefore the said herrings alewives or shadds commonly used in the setting of corne be appropriated to such as doe or shall inhabite the towne of Plymouth aforesaid, and that no other have any right or propriety in the same only for bait for fishing, and that by such an orderly course as shall be thought meet by the Govr and Councell.

That the wills and testaments of those that die be proved orderly before the Govr & Councell within one moneth after the decease of the testator. And that a full inventory duly valued be presented with the same before Lr5 of administration be granted to any of all the goods & chattells of the said persons. Also if in case any man die without will his goods be by his wife or other nearest to him inventoried & duly valued & presented to the Govr & Councell within one moneth after the decease of the same person so dying: And if it be a single person without kindred heere resident, That then the Govr appoint some to take a just inventory of the same, and to present the same upon oath to be true and just as in other the cases before mentioned.

That in case a man die bankerout as afore considering the rawnes of the countrey and the small meanes for help and reliefe can yet be afforded by others and that life must be preserved in the widow children or both; and considering the cases of persons cannot be alike, but some may require more help some lesse, it is ordered and determined that whatsoever the Govr and Assistants shall allow the widow and fatherless or motherless in this kind for their prefit comfort shall be to them and their comfort, notwithstanding they dare not administer nor shall they be liable to any payme to any the creditors of the deceased in respect thereof provided too great detriment come not to the creditors thereby.

1636.

At a general court held the fourth and fifth of Octob' 1636, the ordinances of the colony and corporation being read divers were found worthy the reforming—others the rejecting and others fit to be instituted and made; it was therefore ordered and agreed that four for the towne of Plymouth—two for Scituate and two for Duxborrow should as committees for the whole be added to the gov^ and assistants to sertifie and prepare such as should be thought most convenient, that if approved they may be put in force the next general court.

New Plymouth, Nov. 15, 1636.

Whereas at his Maj's court held the 4th and 5th of Octobr in the 12th yeare of the raigne of our sovereign Lord Charles by the grace of God King of Engl. Scotl. Fr. and Irel. defender of the Faith &c., it was ordered that Mr. William Brewster, Mr. Raph Smith, Mr. John Done and John Jenny for the town of Plymouth; Jonathan Brewster and Christopher Wadsworth for Duxburrough and James Cudworth and Anthony Annable for Scituate should be added to the Gov't and assistants as commitees for the whole body of this commonweale, should meet together the 15th of Novbr at Plymouth above mentioned, and there to peruse all the laws, orders and constitutions of the plantations within this government that so those that are still fitting might be established; those that time hath made unnecessary might be rejected; and others that were wanting might be prepared, that so the next court they might be established.

Now being assembled according to the said order and having read the combination made at Cape Cod the 11th of Novbr 1620 in the yeare of the raigne of our late Sov. L. King James of Engl. Fr. and Irel. the eighteenth and of Scotland the fifty-fourth as also our letters patents confirmed by the honourable councell, his said Majesty established and granted the 13 of January 1629 in the fiftey year of the raigne of our Sov. Lord King Charles and finding that as free borne subjects of the state of Engl. we hither came endowed with all and singular the priviledges belong to such in the first place, we thinke good that it be established for an act.

That according to the said no imposicion law or ordinance be made or imposed upon or by ourselves or others at present or to come but such as shall be made or imposed by consent according to the free liberties of the state and Kingdome of Engl. and no otherwise.

That whereas before expressed, we finde a solemn and binding combination, as also Lts Patents derivatory from his Majety of Engl. our dread Sov. for the ordering of a body politicke within the severall limits of this patent viz: from Cowalahset to the utmost bounds of Puckanokick westward, and all that tract of land southward to the southerne ocean with all and singular lands rivers havens waters creeks ports fishings fowlings &c. By vertue whereof we or-
daine institute and appoint the first Tuesday in March every yeare
for the electon of such officers as shall be thought meet for the guid-
ing and governm' of this corporacon.

At the day and time appointed a Gov' and seaven assistants be
chosen to rule and governe the said plantacons within the said limits
for one whole yeare and no more. And this electon to be made
only by the freemen according to the former custome, and that then
also constables for each part and other inferior officers be also cho-
sen.

That in every electon some one of the assistants or some other
sufficient person be chosen treasurer for the yeare present, whose
place it shall be to receive in whatsoever sum or sums shall appertaine
to the royalty of the place either coming in by the way of fine amerceam
or otherwise; and shall improve the same for the publick benefitt of
this corporacon by order of the governm', as also to give a just ac-
count thereof to the ensuing treasurer and to the Gov' whenever he
shall demand it or the court when they appoint.

That a clark of the court also be chosen for the yeare.

That also one be chosen to the office of coroner to be executed as
neere as may be to the laws and practise of the kingdome of Engl.,
and to continue one yeare.

THE OFFICE OF THE GOVERNOR.

The office of the Gov' for the time being consists in the execuc-
on of such laws and ordinances as are or shall be made and established
for the good of this corporacon according to the severall bounds and
limits thereof; viz', in calling together or advising with the assistants
or counsell of the said corporacon upon such materiall occas ons or
so seeming to him as time shall bring forth. In which assembly and
all others the Gov' to propound the occasion of the assembly and
have a double voice therein. If the assistants judge the case too
great to be desided by them and refer it to the Generall Court, then
the governor to summon a court by warning all the freemen aforesaid
that are then extant, and there also to propound causes and goe be-
fore the assistants in the examinac' of particulars and to propound
such sentence as shall be determined. Further it shall be lawful for
him to arrest and comit to ward any offenders provided that with all
conven' speede he shall bringe the cause to hearing either of the as-
sistance or Generall Court according to the nature of the offence.
Also it shall be lawful for him to examine any suspicious persons for
evill against the colony, as also to intercept or oppose such Law as
he conceiveth may tend to overthrow of the same. And that this
office continue one whole yeare and no more without renewing by election.

THE OATH OF THE GOVERNOR.

You shall sweare to be truly loyall to our Soveraigne Lord King Charles his heires and successors,* (the State and Govern't of England as it now stands). Also according to that measure of wisdome understanding and discerning given unto you faithfully equally and indifferently without respect of persons to administer justice in all cases coming before you as the Governour of New Plymouth. You shall in like manf faithfully duly and truly execute the laws and ordnances of the same and shall labor to advance and further the good of the Colonies and Plantacons within the limits thereof to the utmost of your power and oppose any thing that shall seeme to hinder the same. So helpe you God who is the God of truth and punisher of falsehood.

At the Court held at Plymouth the 11th of June 1664, this following aded, and the Govr tooke oath thereunto.

A FORME TO BE PLACED BEFORE THE RECORDS OF THE SEVERAL INHERITANCES GRANTED TO ALL AND EVERY THE KING'S SUBJECTS INHABITING WITH THE GOVERNMENT OF NEW PLYMOUTH.

Whereas John Carver, Will. Bradford, Edw. Wynslow, William Brewster, Isaack Allerton and divers others the subjects of our late Sov. Lord James by the grace of God King of Engl. Scott. And whereas by the good providence of our gracious God the said John Carver, Will. Bradford, Edward Wynslow, William
Brewster, Isaac Allerton and their associates arrived in New England aforesaid in the harbor of Cape Cod or Paomet scituate and being in New Engl. aforesaid, where all the said persons entered into a Civill combination being the eleventh of Novbr in the yeare afore mentioned as the subjects of our said Sov. But having no speciall Lr.s Patents for the said p'ts of New Engl. but onely the generall leave and liking of his Matie aforesaid for the free exercise of the leave and liberty of our consciences in the publick worship & service of God wherever we should settle. Being therefore now settled and requiring speciall licence & commissions from his Matie for the ordering our affaires under his gracious protection had sundry Commissions made and confirmed by his said Matie's Counsell for New Engl. for John Peirce & his associates whose name we onely made use of, and whose associates we were in the late happy & memorable raigne of our said Sovaigne Lord King James. But finding ourselves still streightened and a willingness in the Honorable Counsell aforesaid to enlarge us partly in regard of the many difficulties we had undergone and p't in regard of the good service we had done as well in relieving his Matie's subjects as otherwises, we procured a further enlargement under the name of William Bradford aforesaid & his associates whose name we likewise used and whose associates as formerly we still are; By virtue of which L'r.s Patents liberty is given unto us derivatory from our Sov. Whereas this Generall Court taking into their serious Consideration the great defect that either is or like to bee in ye severall Townships in this jurisdiction for want of an able Godly Teaching Minstry and the great prejudice to the soules of many like to ensue; and being desirouse according to our duties that such defects should not bee for want of due Incurragement to such as either are or shallbee employed in soe good a worke of the Lord for his honner and the good of soules. And in consideration that inasmuch as the severall Townships granted by the Government; was that such a Companie might bee received as should maintaine the publicke wor-
shipes and service of God there doe therefore judge that the whole body Church and towne are mutually engag'd to support the same; And therefore order and agree, That in whatsoever Township there is or shalbee an able Godly Teaching Minister which is approved by this Government that then four men be chosen by the Inhabitants or in case of their neglect chosen by any three or more of the Majestaries to make an equall and just proportion upon the estates of the Inhabitants according to their abilities to make up such a convenient maintainance for his comfortable attendance on his worke as shalbee agreed upon by the Church in each township where any is with the concurrence of the rest of the Inhabitants if it may be had or by the Majestaries aforesaid in case of their apparent neglect and that destresse, according as in other just cases provided, bee made upon such as refuse to pay such their proportions which is in justice due. But in case there bee any other way whereby any township doe or shall agree that may effect the end aforesaid this law not to be binding to them.

ernment after warninge.

The Court doe recommend unto the several Townes in this Ju-
risdiction by theire comitees, as that which is worthy of theire Con-
sideration; that it is necessary to trayne up some horses for milletary
service; viz. That in each Towne every one that keepeth three
mares for every three mares that bee keepeth hee should keep a
horse for the use aforesaid with furniture suitable; where in case they
should doe they should be freed from all milletary service as

ly called Quakers whose doctrine and practices manifestly tends to the
subversion of the foundamentals of Christian Religion Church order
and the civill peace of this Gov'ment as appeares by the Testemones
given in sundry depositions and otherwise; It is therefore enacted by
the Court and the authoritie therof that noe Quaker or person com-
only soe called be entertained by any person or persons within this
Gov'ment under the penaltie of five pounds for every such default,
or bee whipt; and in case any one shall entertaine any such person
ignorantly if he shall testify on his oath that hee knew not them to be
such bee shall bee freed of the aforesaid penaltie, provided he upon
his first discerning them to bee such doe discover them to the con-
stable or his deputie. It is also enacted by this Court and the author-
itie therof that if any rantor or quaker or person comonly soe called
shall come into any towne within this Gov'ment and by any person

gence bee shall have of them shall dilligently endeavour to apprehend
him or them and bring them before some one of the majestates whoe
shall cause him or them to be comitted to Goale there to be kept

THE

GENERAL LAWS

REVISED AND PUBLISHED

SEPTEMBER 29, 1658.

Bee subject to every Ordinance of Man for the Lords sake.

1 Peter 2cond 13th.
ADDRESS.

To our Beloved Brethren and Neighbours, the Inhabitants of the Jurisdiction of New-Plymouth; The Governour, Assistants, and Deputies Assembled at the General Court of that Jurisdiction, held att the Towne of Plymouth, the 29th of September 1658, wisheth Grace and peace in our Lord Jesus Christ.

It was the great priviledge of Israel of old, and soe was acknowledged by them, Nehemiah the 9th and 13. That God gave them right judgements and true Lawes; for God being the God of Order, and not of Confusion hath commanded in his word, and put man into a capacitie in some measure to observe and bee guided by good and wholesome Lawes; which are soe fare good and wholesome, as by how much they are derived from and agreeable to the ancient Plat-forme of Gods Lawe; for although sundry particulars in the Judicial lawe which was of old enjoyed to the Jews, did more espetially (att least in some Circumstances) befitt their Pedagogye, yet are they for the mayne soe exemplary, being grounded on Principles of Morall Equitie, as that all men Christians espetially, ought alwaies to have an eye therunto, in the framing of there Politiqke Constitutions; And although several of the Heathen Nations whose were ignorant of the time God and of his Lawe, have borne famous in there times, for the Enacting and Execution of such Lawse as have proved profitable for the Government of their Comon-wealthes in the times wherein they lived; Notwithstanding their excelency appeard soe fare as they were founded upon grounds of Morall Equitie, which hath its Original from the Law of God. And accordingly wee whose have bine Actors in the framing of this smale body of the Lawes, together with other useful Instruments whose are gone to thereire rest, can safely say both for our selves and them, that wee have had, an eye primarily and principally unto the aforesaid Platforme; and 2ndaryly, unto the right improvement of the liberties granted unto us, by our Superiors the State of England att the first begining of this infant Plantation; which was to Enact such Lawes as should most befitt a State in the Non-age thereof; not rejecting or omitting to observe such of the Lawes of our Native Countrey, as would conduce unto the good and growth of so weake a begining as ours in this wilderness, as any impartial eye not fore-staled with prejudice, may ezely discern in the
pruresall of this smale Book of the lawes of our Collonie; the premis(es) duely considered, might work every consienciouse spirite to faithfull Obedience: And although wee hold and doe aferme that both Courts of Justice and Magistrates, whoe are the minnesters of the Lawe are essentially Civill; notwithstanding wee conceive, that as the Magistrate hath his power from God, soe undoubtedly hee is to improve it for the honor of God, and that in the uphoalding of his worship and service, and against the contrary, with due respect also to bee had unto those that are really consienciouse, though differing and decenting in som smaller matters; But if any really or in pretence of conscience shall professse that which eminently tendeth to the Inundation of Civell State, and violation of naturall Bonds, or the overthrow of the Churches of God or of his Worship, that heer prudence is to bee improved in the Enacting and Execution of lawes.

It hath bine our Indeaver in the framing of our lawes, that nothing should bee found amongst them, but what will fall under the same particulars, wee have likewise reduced them to such order, as they may most conduce to our utilitie, and profit; possibly it may bee that weakness may appeare in the composure of sundry of them for want of such plenty of able Instruments as others are furnished withall: However lett this suffice the gentle Reader that our ends are, to the utmost of our power in these our Indeavours, to promote the comon good both of church and State, both att pesent and for future; and therefore so fare as we have aimed att the Glory of God; and common good, and acted according to God; Bee not found a Resister but Obedient, lest therby thou resist the Ordinance of God, and soe incur the displeasure of God unto Damnation. Rom. 13. 2.

NATHANEEL MORTON Clarke.

Wheras there hath several persons come into this Gov'ment comonly called Quakers whose doctrine and practices manifestly tends to the
subversion of the fondamentals of Christian religion Church order
and the Civill peace of this Government as appeares by the testimo-
nies given in sundry depositions and otherwise. It is therefore enacted
by the Court and the authoritie therof; that noe quaker or p.son co-
monly soe called bee entertained by any p.son or psons within this
Gov'ment under the penaltie of five pounds for every such default or
bee whipt; and incease any one shall entertaine any such p.son igno-
rantly if hee shall testify on his oath that hee knew not them to bee
such he shall bee freed of the afsaid penaltie; provided hee upon
his first deserning them to bee such doe discover them to the Cun-
stable or his deputie.

It is alsoe enacted by the Court and the authoritie therof that if
any Rantor or Quaker or p.son commonly soe called shall come into
towne within this Government; and bee apprehended by the
Cunstable or any other, they shall bring them before some one of
the Majestrates of this Jurisdiction whose shall committ him or them
to the Jayle; and there to bee kept in close durance and to have
only such provision as the Country alloweth which is thripence a
day and soe to remaine untill the next Court after theire Comitment:
and then to bee presented before the Court and by them enjoyned
directly to depart out of the Gov't; and in case hee or they
shall refuse or neglect soe to doe, then that they shall bee publicly
whipt and sent out of the Government paying theire fees; and for-

Whereas some trouble and inconvenience hath arisen by reason that some have bee chosen to the office of Constable and have rather chosen to pay the fine formerly amerced for such default then to serve in the said office; and soo the towne nessesitated to make
a new choice therby putting them to further charge; It is enacted by the Court and the authoritie therof that if any man being chosen by any Towne in this Govtment to serve in the office of a Cunstable and shall refuse to serve therin shalbee fined the sume of four pounds the one halfe therof to the towne in which they are chosen and the other halfe therof to the use of the Collonie.

The Court proposeth it as a thing they judge would be very commendable and beneficiall to the townes where Gods Providence shall cast any whales; if they should agree to sett apart some pte of every such fish or oyle for the Incouragement of an able Godly Minnester amongst them.

Whereas it is given forth that divers are unsatisfied about the sale of Kenebecke and that opportunitie is lately presented unto vs for the hauing of it againe the deputies hauing considered of the premises, and finding noe way presenting it selue by the takeing of it againe for the better advantage of the Collonie, have with one consent agreed that they desire not to meddle with it againe but doe ratify the sale therof.

Forasmuch as great inconvenience doth arise by strangers lying
with their vessels in our harbours trading with the Indians whereby such as belonge to the said vessels have not onely opportunity by their trading to defeat such just debts as the said Indians are indebted to our English Inhabitants, by their carrying all they have to such traders but alsoe being found by experience, that therby the Indians are furnished with prohibited goods contrary to the lawes and peace of this Gov't; as liquors guns and amunition &c.

This Court doth therefore order that noe foraignor doe henceforth lye with his vessell in any of our harbours soe as to trade with any of the Indians of this Jurisdiction under any pretence whatsoever on paine of the forfeiture of his vessell and goods to the Collonies use; or the sume of five or ten pounds as any of the Majestates or Court may see cause as the matter may be cercomstancted.

SCHOOLS.

Forasmuch as the maintenance of good litterature doth much tend to the advancement of the weale and flourishing estate of societies and Republiques—This Court doth therefore order; That in whatsoever townshipp in this Gov't consisting of fifty families or upwards; any meet man shalbe obtained to teach a Gramer Scoole such townshipp shall allow at least twelve pounds in currant merchantable pay to be raised by rate on all the Inhabitants of such Towne and those that have the more emediate benifitt therof by their Childrens good and generall good shall make up the resedue necessarie to maintaine the same and that the profits arising of the Cape Fishing; heertofore ordered to maintaine a Gramer Scoole in this Collonie, be distreubed to such Townes as have such Gramer Scooles for the maintenance therof; not exceeding five pounds p annum to any such Towne unless the Court Treasurer or other appointed to manage that affaire see good cause to adde therunto to any respective Towne not exceeding five pounds more p annum, and further this Court orders that every such Towne as consists of seaventy families or upwards and hath not a gramer scoole therin shall allow and pay unto the next towne which hath such Gramer scoole kept up amongst them, the sume of five pounds p annum in currant merchantable pay, to be levied on the Inhabitants of such defective townes by rate and gathered and delivered by the Constables of such Townes as by warrant from any Majestrate of this Jurisdiction shalbe required.

Whereas the late warr hath bine very chargable to the severall townes of this gov'ment and many debts occasioned therby are still due this Court considering that by the good providence of God there are several Tracts of conquered lands doe therefore order that Show-

Every town having fifty families shall raise at least £12 for the support of a Grammar school.

an orderly way to promote the publicke worship of God, and our
own Comon Good and the produce thereof shall be divided to the
severall Townes in this Gov'tment according to their different dis-
bursments towards the aforesaid warr, and what of the aforesaid
lands shall then remaine unsold shall be divided to every of our

Wheras many ways have beene tryed for the raising of a com-
fortable and certaine maintenance for the minnesters of the Gospell
in this Collonie, which notwithstanding some plantations not giving
due Incurragment to those that were or should have beene improved
in that honorable and profitable worke; some plantations have for a
considerable time and still doe remaine destitute of the publicke
preaching of the word unto the great prejudice of their owne soules
and continuwed greiffe of all well affected amongst us: And in some
other plantations, where minnesters are yet continuewed the means
for thereire support is raised with great difficulty and uncertainty;

It is therefore enacted by this Court and the authoritie thereof
that such sumes as the people of the severall Townes or Plantations in
this Gov'tment doe agree to allow to thereire respective minnesters or
for defect of thereire mutuall agreement such sume or sumes as the
Court shall judge meet and appoint to be payed to them or to be

are or att any time may be destitute shalbe raised by rate on all the
rateable inhabitants of the severall plantations of this Gov'tment, and

and if any townes rators or constables make default of what is of
them required respecting the premises, they or any of them in whom
the defect is found that obstruct the full and timely execution thereof,
shalbe liable to such penaltie or fine as is provided respecting the
makeing gathering or paying of other country rates and in such plan-
tations where noe allowed minnester is some person or persons shalbe

sumes there raised which shalbe improved to such publicke piouse use in that plantation as the Court shall direct unto: this order to take place att psent wher there is noe other provision made for the effecting of the said ends.

These are to signify unto all to whom these psents shall come that this Court sees cause to prohibit all and every ps'ason or ps'ons within our Jurisdiction or else where to buy any of the Indian children of any of those our captive salvages that were taken and became our lawfull prisoners in our late warrs with the Indians without special leave liking and approbation of the govtment of this Jurisdiction.

quiring men to make a rate or rates upon all the Inhabitants and proprietors, of any such towne or village; To defray the charge of any such worke; and alsoe to require the Constable to gather such rate or rates and make payment thereof where it shall be due for such worke.

Whears complaint is made that the voateing of p’sons that have not taken the oath of fidelitty, doth much obstruct the carrying on of religion in the publicke weale—It is enacted by the Court that noe pson whose hath not taken the oath of fidelitty shall have libertie to voate in any Towne meeting untill hee hath taken the afsaid oath and that there shall be a record of the names of all that have or doe take the said oath, and kept by the Clarke of every towne of their owne men that have taken the same.

For the preventing of prophanes increasing in the Collonie which is soo provoaking to God and threatening to bringe Judgments upon us; It is enacted by the Court as an addition to our printed order Chapter 9th folio 30th. Whereas by our many provocations we by the just hand of him who is the Wise disposer of all things, are fallen into Perrillous times by reason of the depredations of the french on this Countrey, together with the rebellious Insurrections and Cruel massacres the barbarous heathen abetted also by the french whereby great mischiefe hath already ensued and much more may be justly feared and expected. It doth therefore much concern us to take some most speedy and effectual Course to defend ourselves by putting the Millicia into good order, and making such other provision needfull in such Emergentcies.

Be it therefore enacted by this Court &c. that all such as were millitary officers and that had beene allowed or commissioned by this Court in or before the yeare 1686 or that have been orderly Chosen and allowed since their Ma'ties accession to the throne, and the late revolution of the Government and have not received Comissions since. That all such officers and Comanders with all possible speede have Comissions sent them Impowering them to act in the severall places and Comands they were chosen too or had beene allowed in the said Comissions to be sent to the chief Commander in each regimient by them to be delivered to those they are directed too; And if any person shall not accept said Commission and take the oath of allegiance to their maties that then the Chief officer require the Town forthwith to make a new Choice according to law and to make their return to the Gen'l Court or Counsell of War who are hereby authorized to allow and Commissionate them or any others that may hereafter be chosen and presented to them in the absence of the Gen'l Court.

Ordered that all such Towns or villages as shall by this Court or the Comanders of the Regiments be sent to and required to Choose Officers or Officer for the Compleating their Millitary Company and
shall refuse or neglect the doing thereof and the making the return of their doings above twenty days after they have notice thereof by the person required and appointed for that end shall for such refusal or neglect be liable to the fine and forfeiture of fifty pounds for the Colonies use, such Town or Towns or village be convict thereof before a Councill of Warr the said sum by such Officer as they appoint to be levied upon one or more of the Inhabitants of stTown or Towns or village as Officer shall be directed by the Councill of Warr—such persons upon application to this Court shall have order to levy such sum or sums and all meet damages upon the Inhabitants and rateable estates belonging to such Town or Towns or Village and if the Officer Military or Civill that is sent to give notice to the Inhabitants and Souldiers to choose any officer or officers as aforesaid and shall the speedy doing thereof shall pay five pound fine to be paid to the Comander of the regiment for the military service of the County such Officer being convict thereof at a Councill of Warr or County Court and if the fault be in the Officer the Comander to send an other order to the same person or any other as he shall see cause who are to performe the same under the penalty before mentioned if the neglect be the Towns then this County Court or the Councill of Warr to appoint and Commissionate officers to such Towns and places as are needful.

Wheras the Towns of Bristoll Dartmouth Swansey and Eastham have refused or neglected to make their rates for the Charge of ye Warr according to the order of the Generall Court Which we have reason to think hath been occasioned by the Insinuations and misinformations of some ill men that are disaffected to the Government who have with utmost diligence been endeavouring to disquiet the minds and disturb the peace of their neighbours: weakening the hands of them that are in authority the effect whereof would be to render us incapable to offend our enemies or defend ourselves; being willing to believe it hath been neglected for the reasons before mentioned and not out of Contempt of Authority and hoping they are convinced of their error; and seeing the necessity of the present warr calls for it together with the example of all other Towns, and sense of duty will put them upon Complying with the orders now directed to them. Wherefore be it ordered and enacted that if the rates of any or all of the Towns before mentioned be not made and given to the Constable or Constables of the respective Towns before the 15th day of January next such Town for such neglect to pay twenty pound fine for the use of the Colony and being Convict thereof before a County Court said sum to be levied on one or more of the Inhabitants of

How fines are to be levied.

Dartmouth, Swansey, &c. to be fined £20 if they do not make their rates.
such Town or Towns and said sum or sums upon application to the County Court with meet damages to be ordered to be levied on the Inhabitants & rateable estate of sd Town or Towns & if sd rates be not made and delivered to the Constable or Constables by the aforesaid time then two magistrates to appoint raters in such Town as neglects to chuse them and such raters as shall after this be chosen by the Town or appointed by the Magistrates are seasonably to attend said service on penalty of five pounds to be paid for the use of the Colony.

Ordered that such as shall be orderly chosen raters in any Town for the making of rates for the Countrey County or Town and shall refuse or not accept the same or neglect to make any of sd rates in due time shall pay the sum of five pounds for the use of the Town, being Convict thereof by a County Court or two magistrates and upon his or their refusing or not accepting the Town or Towns to choose others in their room under the like penalty and soe untill each Town have made up their number, And the respective Towns to give reasonable satisfaction to their raters from time to time for their making rates.

Ordered that if any Town or Village when orderly required shall neglect or refuse to chuse raters or not chuse them seasonably and being thereof Convict before a County Court shall be lyable to the fine of fifty pounds which sum by order of sd Court may be levied upon any one or more of the Inhabitants of such Town as the sd Court shall direct who upon application to sd Court shall have order to levy said sum or sums with all meet damages upon the Inhabitants and rateable estate of sd Town or Towns. And if any Town or Towns refuse or neglect to chuse raters as aforesaid the County Court or any two magistrates to appoint raters who are seasonably to make the rates under such penalty as is ordered for those that are chosen by the Towns.

Whereas at the Generall Court of Election in June 1689 it was ordered by sd Court, that the Constables in the year 1686 be accountable to the Treasurer for the Countrey rates Comitted to them to gather before the late change and that the Inhabitants of the severall Towns that paid not their rates of sd year to the Constables pay them, or for neglect they make distress for the same, or so much thereof as is unpaid; which yet notwithstanding is neglected to be done to the damage of such as were to receive their parts thereof besides the unreasonableness of some being eased or excused from their paying their just dues when others have long since payed their parts thereof, this Court doe therefore order that a warrant be di-
rected from the Treasurer or other magistrate to the Constables of such respective Towns as were Constables in the year 1686; forthwith to gather the rates of all such delinquents and on their or any of their refusing or neglect to pay their parts as aforesaid that then the said Constable of such place Call in the assistance of the present Constable of such place to make distress on the Goods or Estate or in defect thereof the person of such refuser or neglecter as pr former law is in that case provided under the penalty of such old Constable his or their payment of the full of such sums due and unpayed as aforesaid to be recovered by suit or distraint on his or their estate by the Treasurer as is in that Case pr law provided. And the like order for what is due to the Counties and Towns respecting County and Town Rates.

This rule to be observed throughout the Colony: And every Constable to pay the same or not worse specie than he receivs.

Ordered by this Court that such horses as have been Improved in the late expedition by any Officers or foote Souldiers of ours without the order of this Court or a magistrate, The respective owners of s'd horses may be paid or sattisfied by the persons that procurd or used them and not Charged to the account of this Colony.

It is ordered by this Court &c. that there be a Comittee Chosen in each County to settle the Charges of the Warr and disbursements in their respective Counties and to adjust the accounts of all officers and Souldiers that have been in the service & to order payment to all officers Souldiers or other persons that have disbursed for the War in such ways as may be most suitable & convenient for them and most advantageous to the Colony. In all disbursements as much as in them lyeth to go by the same rules to take a speaciall Care that all the Guns that belong to the publique be either found out & secured for them they pertain too or else that they be paid for by the Souldiers that had them or have Imbezzled them.

And in adjusting and settleing s'd accounts as they have opportunity to inform themselves w't they may from the Comissioners of the Col-

That whereas the great and known end of the first comers, in the year of our Lord, 1620, leaving their dear Native Country, and all that was dear to them there; transporting themselves over the vast Ocean into this remote waste Wilderness, and therein willingly conflicting with Dangers, Losses, Hardships and Distresses sore and not a few; WAS, that without offence, they under the protection of their Native Prince, together with the enlargements of his Majesties Dominions, might with the liberty of a good conscience, enjoy the pure Scriptural Worship of God, without the mixture of Humane Inventions and Impositions: And that there children after them might walk
in the Holy wayes of the Lord; And for which end they obtained leave from King James of happy Memory and his Honourable Council, with further Grants from his Gracious Majesty Charles the first and his Honourable Council, by Letters Patents, for sundry Tracts of Land, with many Priviledges therein contained for their better encouragement to proceed on in so Pious a Work, which may especially tend to the propagation of Religion, &c. as by Letters Patents more at large appeareth, and with further assurance also of the continuance of our Liberties and Priviledges, both Civil and Religious, under the Royal Hand and Seal of our Sovereign Lord King Charles the Second: And whereas by the good Hand of our God upon us, many others since the first comers are for the same pious end come unto us, and sundry others rise up amongst us, desirous with all good conscience to walk in the Faith and order of the Gospel; whereby there are many churches gathered amongst us walking according thereunto.

And whereas (by the Grace of God) we have now had near about fifty Years Experience, of the good consistency of these churches, with Civil Peace and Order, and also with spiritual Edification, together with the welfare and tranquility of this Government;

shal or other Officer also requiring aid, greater or lesser as need requires to suppress the force, and give Possession to the Owner, and to imprison such as do appear to be Delinquents and their Aiders and Abettors, to be forth coming at the next Court that did give the Judgment in the Case, there to make their Answer, and whom the Court doth find guilty, to set such fine or other punishment upon them as the merit of their several cases doth require.

lascivious and evil ends and purposes, on penalty of being fined fifty shillings to the Colonies use, for every such default, or being publicly whipt or bound to the good Behaviour, as the Court may see reason.

25. Forasmuch as it is observed, that the sin of Drunkenness, doth greatly abound, to the dishonour of God, impoverishing of such as fall into it, and grief of such as are sober minded; For prevention, and it may be suppression of that growing and prevailing evil;

It is enacted by this Court and Authority thereof, that whatsoever persons shall be found drunk at any time in any tavern, ordinarie, Ale-house or elsewhere in this Government, or be legally convict thereof, he or they shall for the first default be fined five shillings to the Countries use; for the second default ten shillings, and if he or they will not or cannot pay the fine, then to be set in the stocks, not exceeding two hours; for the third transgression to be bound to the good behavior, and if he shall transgress a fourth time, to pay five pounds or be publicly whipt, and so from time to time as often as they shall be found transgressors in that kinde: by Drunkeness is to be understood one that lisps or falters in his speech by reason of over much Drink, or that staggers in his going, or that vomits by reason of excessive drinking, or that cannot by reason thereof follow his calling.

26. Whereas notwithstanding all the care and endeavours of this Court to prevent that great and raging sin of Drunkenness; yet still many goe on in it;

Therefore this Court doth further Enact, that the names of such as are found to be common Drunkards in this Government, shall be in rouled or recorded; and that whatever person or persons, whether Ordinary keepers or others, shall give, sell or lend, either directly or indirectly any strong Liquors, or Wine, or strong Beer unto any such person or persons, shall forfeit ten shillings, five shillings to the Colonies use, and five shillings to the Informer.

28. And for as much as some have been injured by careless taking of Tobacco abroad in the streets, and near unto Barns, Stables, Haystacks, or Corn-ricks;
It is hereby ordered, &c. That whosoever shall be found smoaking of Tobacco in the Streets, or in such places of danger, shall forfeit to the poor of the Town two shillings for every such default, which the Constable may without further Warrant, distrain and dispose of; and if it can be known that damage did accrue unto any by such careless smoaking of Tobacco, it shall be repaired by him that was the occasion of it, or he shall be made to serve it out: Souldiers whilst in Arms are dispensed with, to smoak it in the field.

CHAPTER IV.

ACTIONS.

It is enacted by this Court, &c. That in all Warrants respecting Actions, the special ground of the Action shall be expressed: And that a circumstantial Error in a Summons or Warrant shall not be taken as a sufficient ground for a non-suit, where otherwise both the party and case intended may be rationally understood; and it shall also be expressed in the Warrant, in what quality the Plaintiff sues, whether as Principle, Attorney, Guardian or otherwise.

2. Because much time is lost in the beginning of Courts of Tryals, by neglect of timely Entry of Actions;

It is Enacted by this Court, That Actions shall be Entered upon, or before the first day of the Courts sitting, and not after; And in case any Plaintiff shall delay his Entry longer than the forenoon of the first day of the Court, he shall pay ten shillings to the Countries use, besides ordinary Fees for Tryal of Actions. And all persons whether parties or witnesses are enjoyned to attend their respective concerns the whole time of the Courts publick sitting until they are issued.

And shall present the whole plea and evidence before the case be committed to the Jury, and no other plea or evidence to be admitted to any person, any usage or custome to the contrary notwithstanding.

And to this end all Marshalls and Constables, are required to make their returns of all such Warrants as they have served, some-time the first forenoon of the Court that is to take cognizance of the case concerned therein.
3. Whereas in Suits and Actions brought into Courts between party and party, sometimes the Plaintiff, and sometimes the Defendant, and sometimes neither of them do attend the call, to prosecute or answer, to the great abuse of Court and Jury, and others concerned in the case, and is contrary to the laudable custome of all Courts in our Native Country and elsewhere;

It is therefore Ordered and Enacted, That if any Plaintiff have entered an Action, to be tried in this Court, or which comes by Replevin, Review, or otherwise, and doth not by himself or by his Attorney, make their appearance and prosecute their Action, after they have been three times called in Court, they shall be non suited; and if the Defendant appear not to such call, the Plaintiff appearing, the Suit shall nevertheless proceed: And if plaintiff or Defendant appear at their call, they shall have their costs granted against him that appeare not; and if afterwards both parties do agree to try the Case at the same Court, they shall be allowed so to do, the Plaintiff paying for a new Entry, one half to the Treasury, and the other to the Jury and Officers.

4. And if any person Summoned to answer any Presentment, or for any Fact or Misdemeanour, do not appear at the time appointed, he or they shall be proceeded against for contempt, except it appear they have been prevented by the Hand of God.

5. The ordinary settled charge for the trial of an Action in this Court, shall be nine shillings, for the Jury, Secretary, and Marshal, distributed according to the former custome of the Court, and two shillings sixpence per day to Witnesses; And if the Defendant obtain a Verdict, he shall not only have his Costs allowed him for Witnesses as above said; but two shillings sixpence per day for what time he hath necessarily attended on the Action, shall be given him without Suit, and this shall bare the Defendant from Suit, unless by Imprisonment, or otherwise he hath been more than ordinarily damnified.

6. It is also Determined, That it shall be at the liberty of a Plaintiff, to withdraw his Action at any time before the Jury bring in a Verdict if he see cause, in which case he shall allow the Defendant his full costs, and may afterward Review his Suit at another Court.

7. Be it also Enacted, That no man in any Suit, or Plaintiff against another, shall falsely pretend great damages, or debts, to vex or discredit his Adversary: And in all cases where it appears to the Court, that the Plaintiff hath wittingly wronged the Defendant, in commencing Suit, or prosecuting Complaint or Inditement against
him, he shall pay unto the Defendant double costs, and be amerced twenty shillings or more, as the case may be circumstanced, for such his vexatious Suit or Plain.

8. It is further Enacted, That in case a Plaintiff obtain not a Verdict, he may Review his Action if he see cause; as likewise may the Defendant, if he be cast; but if either of them having fallen twice in his Case upon Review, do still go on to Review, and be cast a third time, whereby it appears that he is vexatious and troublesome to the Court and party prosecuted, he shall be awarded to pay double costs to the party and twenty shillings fine to the publick Treasury.

9. Be it also Enacted, That a Jury bringing in a Verdict, the Bench concurring and accepting it, Judgement shall be forthwith granted; But if they concur not, the Jury may be put upon further consideration of the case. And if they still retain their Verdict, they shall be required to give their Reasons on which it is grounded, which if they refuse, or having given their Reasons, they appear not of weight, but the Jury through obstinacy or prejudice to the person or case, will maintain their Verdict, the Court may in such case reject such Verdict and impanel another Jury for the trial of the Action, at that Court or the next; but if the Second Jury do in the substance of their Verdict agree with the former, it shall be accepted.

10. It is Ordered by this Court, &c. That no Attachments shall be granted in any civil Action to any Forreigner, against a settled Inhabitant of this Jurisdiction, before he hath given sufficient security or caution duly to prosecute his Action, and to answer the Defendant such costs and damages as the Court may award.

And it is further Ordered, That in all Attachments of Goods and Chattels, Lands, or Heriditaments which may be in such case where the person cannot be had, whether it be by forreigners or settled Inhabitants, legal notice shall be given to the party concerned, or left in writing at his House or place of usual abode before the Suit proceed: but if he be out of the Jurisdiction, the cause shall proceed to trial, but Judgement shall not be entered till another Court, at least a Month after; and if the Defendant do not then appear, Judgement shall be entered, but Execution shall not be granted before the Plaintiff hath given sufficient Security to be Responsal to the Defendant, if he shall reverse the Judgement within one year, or such further time as the Court shall see cause to Order.

11. Although it hath been the common usage of this Court in ordinary cases, not to allow Attachments on any Goods or other estate, where the person can be found to be responsible to the
Plaint; the Court being apprehensive that in some cases persons may be therein injured;

Do hereby Order, That it shall henceforth be in the liberty of the Court or any Magistrate, as they or he shall see cause on consideration of circumstances attending the case, to grant Attachment either of the person or estate or both.

12. That a Summons from any Magistrate shall be a sufficient warrant to bring any person within this Government, to answer to any Suit commenced against him.

13. And that all Warrants, whether to Attach or Summon any to answer to an Action, Presentment or Complaint shall be served three compleat working days before the Court, or time appointed for appearance thereat.

14. Be it also Enacted, That henceforth Goods Attached to a Tryal shall not be released upon the appearance of the party, or Judgement given, but shall stand engaged until the Judgement, or the Execution granted upon the said Judgement be discharged, which for the time thereof, shall be as the Court shall Order; nor shall any Surety or Sureties for appearance at any Court, except in Capital or Criminal cases, be released from his or their Bond, until an hour at least be expired after Judgement in such case granted; any Custome or Usage of this Court to the contrary notwithstanding.

15. Liberty is granted by this Court to any person, to improve one or two Attornies to help him in his Pleas; provided they be persons of good repute, and such as the Court shall approve; and the said Attornies are required, as to be faithful to their Client, so also to avoid fraudulent pleas that may have attendency to mislead the Court or darken the case.

16. And it is Enacted, That if any person be proved a common Barrater, by vexing others with unjust, frequent and troublesome Suits, it shall be in the power of the Court, both to eject his cause, and punish him for his Barratry, by Fine or Imprisonment.

17. It is also Ordered by this Court, That none shall have power to pass away Lands, Heriditaments, or other Estate, or be capable of Suing or being Sued at any Court in his own person, until he attain unto the age of one and twenty years: But any Orphan may chose their Guardians to act for them, at the age of fourteen years, to secure or defend their Estate as may be requisite.

And that at this Court also, the Deputies, Selectmen, Grand-jury-men, Constables, and Supervisors of the Highwayes, be presented to be established in their respective places, all which being first dispatched, then the Magistrates and Deputies shall continue together, to Consider and Order all such other affairs of this Jurisdiction as fall within their Cognizance, Trust and Power, until they shall see cause to dissolve or adjourn the said Court unto another time.

3. It is also Ordered, That besides the said fixed Courts, the Governour or in his absence, the Deputy Governour, and in their absence the greater part of the Magistrates of this Jurisdiction, shall have power to Summon a General Court, either the whole body of Freemen, or their Representatives at any time, as the urgent and extraordinary occasions of the Jurisdiction, or any part thereof may require.

And if any of the said Magistrates, or Deputies shall without just cause, either be absent at the first sitting of any of the said General Courts, whether ordinary or extraordinary, or without leave depart, or disorderly absent him or themselves from the service thereof, before the Court be finished, he or they shall each of them pay twenty shillings, for a fine to the Jurisdiction, for such absence or departure, but if the absence or departure be mingled with Contempt, or wilful neglect, the fine shall be increased, as the Court upon due consideration of the offence, with the aggravations, shall judge meet.

4. And in regard that through Age, Inability of Body, or Urgency of Occasions, many of the Freemen cannot attend the Courts of Election;

Liberty is hereby granted to such of the Freemen as will not be there in person, to send their Votes by proxy, viz. by the Deputies of their respective Towns; provided that such Votes be given to the said Deputies in open Town Meeting, and shall by the Deputies, be there sealed up severally, (that is to say) Votes for Governour by themselves, Assistants by themselves, &c. And that the Deputies
also take a List of the names of such as sent Votes by them, that they may answer for them when they are called;

And that whosoever of the Freemen, do not appear at Election, in Person, or by Proxy, he shall be for such neglect, amerced to the Treasury ten shillings.

5. Forasmuch as the Freemen of this Corporation, have been declared to be the Associates of this Government, and have the priviledge and power of choosing Officers, and by themselves or their Representatives, together with the Magistrates, of making and Repealing Laws and management of the greatest concerns of this Common Weal.

It is therefore Enacted by this Court and the Authority thereof, that none shall be admitted a Freeman of this Corporation, but such as are one and twenty yeares of age at the least, and have the testimony of their neighbours, that they are of sober and peaceable conversation, Orthodox in the Fundamentals of Religion, and such as have also twenty pounds rateable Estate at the least in the Government. And that the Court may be well informed, that such persons as are to be admitted Freemen are so qualified; they shall stand propounded a compleat year, before they take up their Freedome, unless it be some person that is generally known and approved, or of whom the Court may make present improvement: And all Freemen to be taken in at Election Courts only and in open Court.

6. And forasmuch as some corrupt Members may creep into the best and purest Societies;

If any Freeman of this Corporation shall be discovered to be notoriously vicious or scandalous, as common Lyars, Drunkards, Swearers, Apostates from the Fundamentals of Religion, or the like or doth manifestly appear to be disaffected to this Government; upon legal and due conviction of all or any of these, it shall be in the power of the General Court to Disfranchise him if they see cause from the priviledge of a Freeman.

And because it greatly concerns the good and Weal of the whole Colony, to have a good choice made in the several Towns, of Selectmen, Deputies, Grand-jury-men, Constables, &c. and it appears that some do abuse their liberty in Voting for choice of such Officers, and are either factious or slite in their choice;

It is therefore Enacted, That henceforth none shall have power to Vote on such accounts in Town meetings, but such as are Freemen of the Corporation, or Free-holders of twenty pounds Rateable Estate, Orthodox in the Fundamentals of Religion, of good Conversation, and having taken the Oath of Fidelity.
7. It is Enacted, That each Township in this Jurisdiction, do annually, Elect and Chose one or two fit men out of the Freemen, for their Deputies, with full power as aforesaid, to attend the service of the General Court, and the adjournments thereof, or for the whole year, in pain of forty shillings, and the respective Constable, to return the names of those so chosen to the Court, in pain of twenty shillings to the Colonies use.

8. And if the Court to whom such Deputy or Deputies be presented, do upon the taking notice of their Members, adjudge any of them to be unfit for such a trust, then shall the Court return them with the reason thereof, unto the Town from whence they were sent, that they may make choice of fitter persons to send in their stead, as the opportunity will permit.

who do not after warning given to them reform; as also such as
practise unnecessary violent Riding on the Lords-day.

CHAPTER VIII.

MINISTERS MAINTENANCE.

Whereas this General Court taking into their serious consideration,
the great defect that either is or would be in any Townships of this
Jurisdiction, where there is wanting an Able, Godly, Teaching Ministry, and the great prejudice to the souls of many like to ensue, and being desirous according to our duties, that such defects should not be, for want of due encouragement to such as either are, or shall be employed in so good a work of the Lord; And in consideration of the several Townships granted by the Court were so accommodated, as that they might receive such a number of families as might comfortably maintain the publick worship of God there; do therefore judge, that the whole, both Church and Town are mutually engaged to support the same;

And do therefore Order and Decree, That in whatsoever Township there is or shall be an Able, Godly, Teaching Ministry, which is approved by this Government, that there three or four men be chosen by the Inhabitants, or in case of their neglect, by any three or more of the Magistrates, to make an equal and just Proportion or Rate upon the Inhabitants, according to their Estates and Abilities, to make such convenient maintenance for his comfortable attendance on his work, as shall be agreed upon by the Church in each Township where any is, with the concurrence of the rest of the Inhabitants, if it may be had, or by the Magistrates aforesaid, in case of their apparent neglect; And that distress be made by the Constable as in other just cases, upon such as refuse or neglect to pay such their due proportions: But in case any Town either by a free contribution, or other good and honourable way, do effect the end aforesaid, this Law not to be binding to them.

And forasmuch as it appeareth to be greatly inconvenient, that the Ministers should be troubled to gather in the Rates for their maintenance, and it may be an occasion to prejudice some persons against them or their ministry;

It is Ordered by this Court, That at June Court yearly, two meet persons in each Town be appointed by the said Court, unless the Towns have provided, and do present them, who shall take care of gathering in their Ministers maintenance for that year, by insiting the people to their duty in that respect, demanding it when due, and if need be by procuring distressment upon the Estate of any that shall neglect or refuse to pay their Rates or Proportions towards his support, and in case any Minister make scruple to receive what is so raised, it shall nevertheless be gathered as aforesaid, and be disposed as the Court shall order or advise for the good of the place.

Whereas it hath been and is the pious care, and true intent of this Court, that all such Plantations and Townships as are by them granted, should maintain the publick Sabbath Worship of God, and the
preaching of the Word, and do to that end afford them such proportions of Land as may accommodate such a society as may be able to maintain the same, and yet through the corruption or sinful negligence of many, or most of the Inhabitants of some Plantations, they do or may content themselves to live without the Ministry of the Word, to the great dishonour of God, and danger of their Souls; and there being great reason to fear that many may be acted therein by worldly and covetous principles;

It is therefore Enacted by this Court, &c. That in such Plantations and Townships, where no Minister is residing, especially if it appear that the generality of the Inhabitants are remiss in the obtaining one; the General Court may and shall henceforth yearly impose a certain sum to be raised by Rate, upon the Inhabitants of such Plantations or Townships, which shall be kept as a stock for building a Meeting house, and for encouragement of a Minister to labour amongst them, or other such pious use as the Court may improve it in for their good,

2. And it is Enacted by this Court and Authority thereof; That no publick meeting be set up within this Government, but such as the Court shall approve of; wherein they shall have special care, that they allow such only as are Orthodox in the Fundamentals of Religion, and in such places as it may not be destructive, nor too much prejudicial to any already approved.

EDUCATION OF CHILDREN.

Forasmuch as the good Education of Children and Youth, is of singular use and benefit to any Common-wealth; and whereas many Parents and Masters either through an over respect to their own occasions and business, or not duly considering the good of their Children and Servants, have too much neglected their duty in their Education, whilst they are young and capable of Learning;

It is Ordered, That the Deputies and Select men of every Town, shall have a vigilant eye from to time over their Brethren and Neighbours, to see that all Parents and Masters do duly Endeavour, by themselves or others, to teach their children and servants as they grow capable, so much learning as through the blessing of God they may attain, at least to be able duly to read the Scriptures, and other good profitable Books printed in the English Tongue (being their Native Language) and the knowledge of the Capital Laws, and in some competent measure to understand the main Grounds and Principles of Christian Religion, necessary to Salvation, by causing them to learn some short Orthodox Catechisme without Book, or otherwise instructing them as they may be able to give a due answer to such plain
and ordinary Questions, as may by them or others be propounded to them concerning the same: And further that all Parents and Masters do breed and bring up their children and apprentices in some honest lawful calling, labour or employment, that may be profitable for themselves, or the Country; and if after warning and admonition given by any of the Deputies, or Select-men, unto such Parents or Masters, they shall still remain negligent in their duty; in any the particulars aforementioned, whereby Children or Servants may be in danger to grow Barberous, Rude or Stubborn, and so prove Pests instead of Blessings to the Country; That then a fine of ten shillings shall be levied on the Goods of such negligent Parent or Master, to the Towns use, except extreme poverty call for mitigation of the said fine.

And if in three months after that, there be no due care taken and continued, for the Education of such children and apprentices as aforesaid, then a fine of twenty shillings to be levied on such Delinquents Goods, to the Towns use, except as aforesaid.

And Lastly, if in three months after that, there be no due Reformation of the said neglect, then the said Select-men with the help of two Magistrates, shall take such children and servants from them, and place them with some Masters for years, (boyes till they come to twenty-one, and girls eighteen years of age) which will more strictly educate and govern them according to the rules of this Order.

MISPERENDING OF TIME.

It is Enacted by this Court, &c. such Swine, one half to the Country, and the other half to him that
shall make seizure of them; neither shall any Indian bring any Swine

as above, except he bring good Testimonies that he honestly ob-

And whereas there hath been great Complaint of much damage done by Horse-kinde, and that many of them are and belong to For-igners, either hither brought, here bought, or known to the Owners thereof to be strayed, into this Colony, and here let run with their Increase year after year, to the great Damage and Annoyance both of English and Indians;

PROCEEDINGS OF THE GENERAL COURT RELATIVE TO A CONFEDERATION WITH THE OTHER Colonies.

Sept. 27, 1642.

The Court being mett together & haveinge Intelligence of a generall conspiracy intended by the Natives to cutt off all the English in this land toke the same into serious consideration and duly waying such informacons with they have received together with the circumstances concurring there with all do adjudge it absolutely needfull and requisite to make speedy preparacon throughout the government for a defensive and offensive warr against them as if they were presently to be sent forth.

2. It is agreed and concluded that Mr Edward Winslow, Mr Timothy Hatherley & Captaine Miles Standish shall be sent into the Bay to & have power to agitate and conclude with them for a present combinacon or league but not to conclude that without consent of the Court here.

Their Commission is as followeth.

And also to treate and confer with them about a further combinacon and league to
be concluded betwixt us for future tymes and to certeify this Court of the heads thereof that upon our approbacon of the same they may be confirmed by a gen'all Court.

June 6, 1643.

It is ordered and concluded by the Court that Mr Edward Winslow, and Mr William Collyer shall have full Commission and Authority in Name of the whole Court to subscribe the Articles of Confederaccon (now read in the Court) with the Massachusetts Conectacut and New Haven and to subscribe the same in name of the whole and to affix thereto the Comon Scale of the Government.

Whereas wee all came into these parts of America with one and the same end and ayme namely to advance the Kingdome of our Lord Jesus Christ and to enjoy the libertys of the Gospell in puritie with peace And whereas in our settleinge (by a wise Providence of God) we are further dispersed vpon the Sea Coasts and Riuers then was at first intended, so that we cannot according to our desire with convenience communieate in one Government and Jurisdiction: And whereas we live encompassed with people of seueral Nations and strang languages which hereafter may prove injurious to vs, or our posteritie. And forasmuch as the Natiues have formerly commited sondry insolences and outrages vpon seueral Plantacons of the English and have of late combined themselves against vs And seing by reason of those sad Distracones in England which they have heard of, and by which they know we are hindred from that humble way of seekinge advise, or reapinge those comfortable fruits of protection which at other tymes we might well expecte Wee therefore doe conceieue it our bounden Dutye without delay to enter into a present Consotiation amongst our selves for mutuall help and strength in all our future concernements: That as in Nation and Religion so in other Respects we bee and continue one according to the tenor
and true meaning of the ensuing Articles: Wherefore it is fully agreed and concluded by and between the parties or Jurisdiccons above named and they joyntly and severally doe by these presents agree and conclude That they all bee and henceforth bee called by the Name of The United Colonies of New-England.

II. The said United Colonies for themselves and their posteritys do joyntly and severally hereby enter into a firme and perpetuall league of Friendship and amytie for offence and defence mutuall advise and succour vpon all just occasions both for preserueng and propagating the truth and libertys of the Gospell and for their owne mutuall safety and welfare.

3. It is further agreed That the Plantacons which at present are or hereafter shalbe settled within the limmetts of the Massachusetts shalbe forever vnder the Massachusetts and shall have peculier Jurisdiccon among themselves in all cases as an entire Body and that Plymouth Connecktacutt and New Haven shall eich of them haue like peculier Jurisdiccon and Gouernment within their limmetts and in reference to the Plantacons which already are settled or shall hereafter be erected or shall settle within their limmetts respectively Provided that no other Jurisdiccon shall hereafter be taken in as a distinct head or member of this Confederats nor shall any other Plantacon or Jurisdiccon in present being and not already in Combynacon or vnder the Jurisdiccon of any of these Confederats be received by any of them nor shall any two of the Confederates joyne in one Jurisdiccon without consent of the rest which consent to be interpreted as is expressed in the sixt Article ensuinge.

4. It is by these Confederats agreed that the charge of all just warrs whether offensive or defensie upon what part or member of this Confederacon soeuer they fall, shall both in men and provisions and all other Disbursements be borne by all the parts of this Confederacon in different proporcons according to their different abillitie in manner following, namely that the Commissioners for eich Jurisdiccon from tyme to tyme as there shalbe occasion bring a true account and number of all the males in eyry Plantacon or any way belonging to or under their several Jurisdiccons of what qualityt or condiccon soeuer they bee from sixtene yeeres old to threescore being Inhabitants there And that according to the different numbers which from tyme to tyme shalbe found in eich Jurisdiccon upon a true and just account, the service of men and all charges of the warr be borne by the Poll: eich Jurisdiccon or Plantacon being left to their owne
just course and custome of rating themselves and people according to their different estates with due respects to their quallites and exemptions among themselves though the Confederacon take no notice of any such priviledg: and that according to their different charge of eich Jurisdiccon and plantacon, the whole advantage of the warr (if it please God to bless their Endeavours) whether it be in lands goods or persons shall be proportionably devided among the said Confederats.

5. It is further agreed That if any of these Jurisdiccons or any plantacon vnder or in combynacon with them be invaded by any enemie whomsoever vpon notice and request of any three majestrets of that Jurisdiccon so invaded the rest of the Confederates without any further meeting or expostulacon shall forthwith send ayde to the Confederate in danger but in different proporcons; namely the Massachusetts an hundred men sufficiently armed and provided for such a service and journey, and eich of the rest foutry fine so armed and provided, or any lesse number, if lesse be required, according to this proporcon. But if such Confederate in danger may be supplied by their next Confederate, not exceeding the number hereby agreed, they may craue help there, and seeke no further for the present: the charge to be borne as in this Article is exprest: And at the returne to be victualled and supplied with poder and shott for their journey (if there bee neede) by that Jurisdiccon which employed or sent for them: But none of the Jurisdiccons to exceed these numbers till by a meeting of the Commissioners for this Confederacon a greater ayd appeare necessary. And this proporcon to continue till upon knowledge of greater numbers in eich Jurisdiccon which shalbe brought to the next meeting some other proporcon be ordered. But in any such case of sending men for present ayd whether before or after such order or alteracon, it is agreed that at the meeting of the Commissioners for this Confederacon, the cause of such warr or invasion be duly considered: And if it appeare that the fault lay in the parties so invaded that then that Jurisdiccon or plantacon make just Satisfacon, both to the Invaders whom they have injured, and beare all the charges of the warr themselves without requireing any allowance from the rest of the Confederats towards the same. And further that if any Jurisdiccon see any danger of any Invasion approaching, and there be tyme for a meeting that in such case three majestrats of that Jurisdiccon may summon a meeting at such convenyent place as themselves shall think meete, to consider and provide against the
threatened danger. Provided when they are met they may remove to what place they please. Only whilst any of these four Confederats have but three Majestrats in their Jurisdiction, their request or summons from any two of them shall be accounted of equal force with the three mentioned in both the clauses of this Article, till there be an encrease of Majestrats there.

6. It is also agreed that for the manning and concluding of all affairs proper and concerning the whole Confederacy two Commissioners shall be chosen by and out of each of these four Jurisdictions namely two for the Massachusetts, two for Plymouth, two for Connecticut and two for New Haven being all in Church fellowship with us which shall bring full power from their several general Courts respectively to hear examine weigh and determine all affairs of our war or peace leagues ayds charges and numbers of men for war division of spoyle and whatsoever is gotten by conquest or receiving of more Confederats for Plantations into combinacon with any of the Confederates and all things of like nature which are the proper concomitants or consequents of such a confederacy for amity offence and defence not intermeddling with the government of any of the Jurisdictions which by the third Article is preserved entirely to themselves. But if these eight Commissioners when they meet shall not all agree yet it is concluded that any six of the eight agreeing shall have power to settle and determine the business in question: But if six do not agree that then such propositions with their reasons so far as they have been debated be sent and referred to the four general Courts viz. the Massachusetts Plymouth Connecticut and New Haven: And if at all the said General Courts the business so referred be concluded then to bee prosecuted by the Confederates and all their members. It is further agreed that these eight Commissioners shall meet once every yeare besides extraordinary meetings (according to the fifth Article) to consider treat and conclude of all affairs belonging to this Confederacy which meeting shall ever be the first Thursday in September. And that the next meeting after the date of these presents which shall be accounted the second meeting shall be at Boston in the Massachusetts the third at Hartford the fourth at New Haven the fifth at Plymouth the sixth and seventh at Boston. And then Hartford New Haven and Plymouth and so in course successively, if in the mean time some middle place be not found out and agreed on which may be commodious for all the Jurisdictions.
7. It is further agreed that at each meeting of these eight Commissioners whether ordinary or extraordinary they or six of them agreeing as before may chose their President out of themselves whose office and worke shalbe to take care and direct for order and a comely carrying on of all proceedings in the present meeting: but he shalbe invested with no such power or respect, as by which he shall hinder the propounding or progress of any businesse or any way cast the Scales otherwise then in the precedent article is agreed.

8. It is also agreed that the Commissioners for this Confederaccon hereafter at their meetings whether ordinary or extraordinary as they may have Comission or opertunitie do endeavoure to frame and establish agreements and orders in generall cases of a civill nature wherein all the Planetacons are interested for preserving peace among themselves and preventing as much as may bee all occations of warr or differences with others, as about the free and speedy passage of Justice in every Jurisdiccon, to all the Confederats equally as to their owne, receiving those that remove from one plantacon to another without due certefycats; how all the Jurisdiccons may carry it towards the Indians, that they neither grow insolent nor be injured without due satisfaccion, lest warr break in vpon the Confederates through such miscarryage. It is also agreed that if any servant runn away from his master into any other of these confederated Jurisdiccons That in such Case vpon the Certifycate of one Majestrate in the Jurisdiccon out of which the said servant fled or vpon other due prooфе, the said servant shalbe deliuered either to his Master or any other that pursues and brings such Certificate or prooфе. And that vpon the escape of any prisoner whatsoever or fugitive for any criminall cause, whether breakeing prison or getting from the officer or otherwise escaping vpon the certificate of two Magistrates of the Jurisdiccon out of which the escape is made, that he was a prisoner or such an offender at the tyme of the escape, The Majestrates or some of them of that Jurisdiccon where for the present the said prisoner or fugitive abideth shall forthwith graunt such a warrant as the case will beare for the apprehending of any such person, and the delivery of him into the hands of the officer or other person who pursues him. And if there be help required for the safe returneing of any such offender, then it shalbe graunted to him that craves the same be paying the charges thereof.

9. And for that the justest warrs may be of dangerous consequence espesially to the smaler planetacons in these unied Colonies It is
agreed that neither the Massachusetts, Plymouth, Connectacutt nor New-Haven, nor any of the members of any of them shall at any tyme hereafter begin undertake or engage themselves or this Confederacon or any part thereof in any warre whatsoever (sudden exegents with the necessary consequents thereof excepted) which are also to be moderated as much as the case will permit) without the consent and agreement of the forenamed eight Comissioners or at least six of them, as in the sixt Article is provided: And that no charge be required of any of the Confederats in case of a defensive warre till the said Comissioners have mett and approved the justice of the warre; and have agreed upon the sum of money to be levyed which sum is then to be payd by the several Confederates in proporcon according to the fourth Article.

10. That in extraordinary occasions when meetings are summoned by three Majestrats of any Jurisdiccon, or two as in the fift Article If any of the Comissioners come not due warneing being given or sent It is agreed that foure of the Comissioners shall have power to direct a warre which cannot be delayed and to send for due proporcons of men out of eich Jurisdiccon, as well as six might doe if all mett; but not less then six shall determine the justice of the warre or allow the demaunde or bills of charges or cause any levies to be made for the same.

11. It is further agreed that if any of the Confederates shall hereafter break any of these present Articles, or be any other wayes injurious to any one of thother Jurisdiccons, such breach of Agreement, or injurie shalbe duly considered and ordered by the Comisioners for thother jurisdiccons, that both peace and this present Confederacon may be entirely preserved without violacon.

12. Lastly this perpetuall Confederacon and the several Articles and Agreements thereof being read and seriously considered both by the Generall Court for the Massachusetts, and by the Comissioners for Plymouth Connectacutt and New-Haven were fully allowed and confirmed by three of the forenamed Confederates namely the Massachusetts Connectacutt and New-Haven Onely the Comissioners for Plymouth haveing no Comission to conclude, desired respite till they might advise with their Generall Court, wherevpon it was agreed and concluded by the said Court of the Massachusetts and the Comissioners for the other two Confederates That if Plymouth Consent, then the whole treaty as it stands in these present articles is and shall continue firme and stable without alteracon: But if Plymouth come
not in, yet the other three Confederates doe by these presents confirm the whole Confederacon and all the Articles thereof: onely in September next when the second meeting of the Comissioners is to be at Bostone, new consideracon may be taken of the sixt Article which concerns number of Comissioners for meeting and concluding the affaires of this Confederacon to the satisfacon of the Court of the Massachusetts, and the Comissioners for thoither two Confederates but the rest to stand vnquestioned. In testymony whereof the Generall Court of the Massachusetts by their Secretary and the Comissioners for Coneectacutt and New-Haven have subscribed these presente articles this xixth of the third month commonly called May Anno Domini 1643.

At a Meeting of the Comissioners for the Confederacon held at Boston the seaventh of September. 11. And for that the justest warr may be of dangerous conse-
quence especially to the smaller plantations in those united Collonies;

15. Wheras in the former Articles agreed vpon May the 29th. 1643 for the united Collonies aboue named Newhauen is therein mensioned and was owned as a distinct Confeaderate and is by these included and concluded as one with Connecticott, the abovesaid vnion
shall alwaies be interpreted as by their owne Confession and not otherwise;

Now whereas for many years past upon divers good Considerations there was a Confeaderation agreed upon by the antient English Colonies under his Majesties Authoritie in New England for mutuall healp support and defence; as alsoe for the better maintaining his Majesties Interest against any opposition or incursion of the barbarous natuies and others as appeareth by articles that were agreed upon in the year 1643 and are upon Record to be seen whereby the said Collonies haue bin soe vnited as haue proued very benefitall to all his Majesties subjects in these partes for their peace and securitie;

And whereas the severall Generall Courts of the said Collonies haue seen cause to renew the said Confeaderation; with some necessary alteration and addition to the said Articles as is more fully expressed in the Articles above written; and also whereas the Generall Court for the Massachusetts Collonie by their Comission dated in Boston in August 1672 haue nominated Thomas Danforth Esqr. and Major Willam Hawthorne Esqr. their Comissioners Inвестing them with full power and authoritie to signe ratify and confirme the above Recited Articles of Confeaderation; And in like manor the Generall Court held att Plymouth June the fift 1672 haue nominated Thomas Prence Esqr. and Major Josias Winslow Esqr. The Propositions made by his Majesty's Commissioners, to the General Court of [New Plymouth] held at Plymouth, for the jurisdiction of New Plymouth, the 22d of February, Anno Dom. 1665.

1. That all householders, inhabiting in the Colony, take the oath of allegiance, and the administration of justice be in his Majesty's name.

2. That all men of competent estates and civil conversation, though of different judgments, may be admitted to be freemen, and have liberty to choose and to be chosen officers, both civil and military.

3. That all men and women, of orthodox opinions, competent knowledge and civil lives (not scandalous) may be admitted to the Sacrament of the Lord's supper, and their children to baptism, if they desire it; either by admitting them into the congregations already gathered; or permitting them to gather themselves into such congregations, where they may have the benefit of the sacraments.

4. That all laws and expressions in laws, derogatory to his majesty, if any such have been made in these late troublesome times, may be repealed, altered, and taken off from the file.

The Court's Answer.

1. To the first we consent, it having been the practice of this court, in the first place, to insert in the oath of fidelity required of every householder, to be truly loyal to our sovereign Lord the king, his heirs and successors. Also to administer all acts of justice in his Majesty's name.

2. To the second we also consent, it having been our constant practice to admit men of competent estates and civil conversation, though of different judgments, yet being otherwise orthodox, to be freemen, and to have liberty to choose and be chosen officers both civil and military.

3. To the third we cannot but acknowledge it to be a high favour from God and from our sovereign, that we may enjoy our consciences in point of God's worship; the main end of transplanting ourselves into these remote corners of the earth, and should most heartily rejoice, that all our neighbours so qualified as in that proposition, would adjoin themselves to our societies according to the order of
the gospel, for enjoyment of the sacraments to themselves and theirs, but if, through different persuasions respecting church government, it cannot be obtained, we would not deny a liberty to any according to the proposition, that are truly conscientious, although differing from us, especially where his majesty commands it, they maintaining an able preaching ministry for the carrying on of public sabbath worship, which, we doubt not, is his Majesty's intent, and withdraw not from paying their due proportions of maintenance to such ministers, as are orderly settled in the places, where they live, until they have one of their own, and that in such places, as are capable of maintaining the worship of God in two distinct congregations. We being greatly encouraged by his Majesty's gracious expressions in his letter to us, and your honour's further assurance of his Royal purpose, to continue our liberties, that where places, by reason of our paucity and poverty, are incapable of two, it is not intended, that such congregations as are already in being should be rooted out, but their liberties preserved, there being other places to accommodate men of different persuasions in societies by themselves, which, by our known experience, tends most to the preservation of peace and charity.

4. To the fourth, we consent that all laws and expressions in laws derogatory to his majesty, if any seet shall be formed amongst us, which at present we are not conscious of, shall be repealed, altered and taken off from the file.

By order of the General Court
For the Jurisdiction of New Plymouth,
Per me, NATHANIEL MORTON, Secretary.

The league between the four colonies was not with any intent, that ever we heard of, to cast off our dependence upon England, a thing which we utterly abhor, intreating your honours to believe us, for we speak in the presence of God.

New Plymouth, May 4th, 1665.

The Court doth order Mr. Constant Southworth, treasurer, to present these to his Majesty's commissioners at Boston with all convenient speed."

The above propositions and answers are inserted, with some variations, in Hutchinson's History of Massachusetts, Vol. I. 214. The remark respecting the union between the Colonies, is not on the Colony records, it was inserted at the close of the copy delivered
to the Commissioners, in conformity to a letter from the Commissioners, written to Governour Prince, after they had left Plymouth. [See Hist. Coll. V. 192.] The conditions expressed in the answer to the third proposition, appeared so reasonable to the Commissioners, that when they afterward met the General Assembly of Connecticut, in April 1665, their third proposition is qualified, in substance, conformably to the Plymouth reply.

against a common enimie: It shalbe well accepted as a Naighbourly kindness, which wee shall hold ourselves obliged to repay when Providence may soe dispose that wee may have opportunitie—

Accordingly letters were dispatched and sent from the Councell; one unto the said Phillip the said Sachem to require his personal appearance att Plymouth on the 13th day of September next in reference to the particulars above mentioned against him: This letter was sent by Mr James Walker one of the Councell and he was ordered to request the Companie of Mr Roger Williams and Mr. James Browne to goe with him att the delivery of the said letter.

And another letter was sent to the Govr and Councell of the Massachusetts by the hands of Mr John Freeman, one of our Majestates.

And a third was directed to the Gov. & Councell of Rhode Iland and sent by Mr Thomas Hinckley and Mr Constant Southworth two other of our Majestates who are ordered by our Councell with the letter to unfold our present State of matters relating to the premises and to Certify them alseoe more certainly of the time of meeting together in reference to engagement with the Indians; if there be a going forth which wilbe on the 20 of September next:

It was further ordered by the Councell that those formerly pressed shall remaine under the same Impressment untill the next meeting of the said Councell on the 13th day of September next soe alsoe untill the Intended expedition is issued, unless they shall see cause to alter them or add or detract from them as occasion may require:

And that all other matters remaine as they were in way of prepa-ration to the said expedition untill we shall see the mind of God further by the particulars forenamed, improved for that purpose.

It was further ordered by the Councell That all the Towns within this Jurisdiction shall in the Interem be solisitously Carefull to pro-vide for their safety by convenient watches and wardings and carry-ing their Armes to the meetings on the Lords dayes in such manner as will best stand with their particulars and Comon saftey.

And in particular they ordered that a guard shalbe provided for the saftey of the Govrs person during the time of the above named troubles and expeditions.

And the Councell were summoned by the Presedent to make their personall appearance att Plymouth on the thirteenth day of September next to attend such further business as shalbe then presented by Providence in reference to the premises.
On the 13th of September 1671, The Councell of Warr appeared according to their Simons but Phillipe the Sachem appeared not but insted therof repaired to the Massachusetts and made complaint against us to divers of the Gentlemen in place there whoe wrote to our Govr by way of p'susion to advise the Councell to a Complyance with the said Sachem; and tendered theirr help in the achiieving therof, declaring in sume that they resented not his Offence soe deeply as wee did and that they doubted whether the Covenants and engagements that Phillip and his predecessors had plighted with us would plainly Importe that hee had subjected himselfe and people and Country to us any further then as in a Neighbourly and frindly Correspondency.

The Councell having deliberated upon the premises dispatched away letters declareing theirr thankfull acceptance of their kind proffer and Invited the Comissioners of the Massachusetts and Connecticutt (they then being in the Bay) and some other gentlemen to come to Plymouth and aford us theirr help, and accordingly on the 24th of September 1671, Mr. John Winthrope Govr of Connecticutt Major Generall Leverett Mr Thomas Danforth Captaine William Davis with divers others came to Plymouth and had a faire and deliberate heareing of the Controversy between our Collonie and the said Sachem Phillip hee being personally present; there being alsoe competent Interpreters both English and Indians; att which meeting it was proved by sufficient testimony to the conviction of the said Phillip and satisfaction of all that Audience, both the said gentlemen and others; That hee had broken his Covenant made with our Collonie att Taunton in Aprill last in divers particulars, as alsoe carried very unkindly unto us divers wayes:

1. In that hee detained and neglected to bringe in the resedue of his English Armes not delivered att Taunton according to his engagement and that notwithstanding hee was allowed competent time; yea his time enlarged yet hee neglected as aforesaid and instead of bringing them in Improved the opportunity of time rather to make them out of the way.

2. That hee had carried Insolently and proudly towards us on several occations in refusing to come down to our Court (when sent for) to have speech with him To procure a right understanding of matters in difference betwixt us.

3. That hee entertaine harbore and abetted divers Indians (not of his own men) which were Vagabonds our professed enemies whoe leaving their own Sachem repaired to him and were harbored;
4. That notwithstanding the great wronge hee had done unto us in these and such like respects instead of repairing to the Court and to endeavour a reconciliation, hee takes his Journey into the Massachusetts bay with severall of his Councell Indeavouring to insinuate himselfe into the Majestrates and to misrepresent matters unto them; whoe are our good frinds and Neighbours and what in him lay; thereby to make mischiefe and difference between them and us.

5. That hee had shewed great Incivilitie to divers of ours att several times in speciall unto Mr James Browne whoe was sent by the Court on speciall occation as a messenger unto him; and unto Hugh Cole att another time &c;

The Gentlemen forenamed takeing notice of the premises; haveing fully heard what the said Phillip could say for himselfe haveing free libertie see to doe without Interruption; Adjudged that hee had done us a great deal of wronge and injury (respecting the premises) and alsoe abused them by carrying lyes and false storyes to them and soe misrepresenting matters unto them; and they p'suaded him to make an acknowledgment of his fault and to seek for reconciliation expressing themselves; that there is a great difference between what hee asserted to the Gov'ment in the bay and what hee could now make out concerning his pretended wronges and such had been the wronge and damage that hee had done and procured unto the Collonie as ought not to be bourne without competent repairation and satisfaction; yea that hee by his Insolencyes had (in probabillitie) occationed more mischeife from the Indians amongst them then had fallen out in many yeares before; They p'suaded him therefore to humble himselfe unto the Majestrates and to amend his wayes if hee expected peace and that if hee went on his refractory way hee must expect to smart for it; the particulars wherof are more att large to bee seen in a full discourse between our Majestrates and the Gentlemen aforesaid and him (which is extant).

In fine several propositions were drawne up and read unto which hee was left to accept of or reject as hee should see cause in reference unto his entering into a New Covenant with us; and alsoe in reference to a way of reparation of some pte of the wronge done unto us: The Contents wherof are as followeth by him accepted of and signed unto.

To all Christian People to whom this present Writing shall come: The President and Council established at Plymouth in the County of Devon, for planting, ruling, and governing of New England in America, send Greeting, in our Lord God everlasting.

Whereas our late Sovereign Lord King James, of ever blessed memory, by his Highness Letters Patents under the Great Seal of England, bearing date at Westminster, the third day of November,
in the eighteenth year of his Majesty’s reign of England, France, and Ireland, and of Scotland the four-and-fiftieth: Upon the motives, reasons, and causes in the said Letters Patents mentioned and contained, Did for him, his heirs, and successors, grant, ordain, establish, and confirm his then right trusty and right well beloved Cousins and Councillors Lodowick then Duke of Lenox, Lord Steward of his Household, George then Marquess of Buckingham then High Admiral of England, James then Marquess of Hamilton, William then Earl of Pembroke and then Lord Chamberlaine of his Household, who are since deceased; Thomas now Earl of Arundell, and divers others of his Nobility and Gentry of this realm of England, therein named, to be the first and present Council established at Plymouth aforesaid, for the planting, ruling, and governing of New England in America aforesaid: And then the said then Duke of Lenox, Marquess of Buckingham, Marquess of Hamilton, Earl of Pembroke, and Earl of Arundel, and the said others of the Nobility and Gentry therein named, and the survivors of them and their successors, to be elected as in the said Letters Patents is expressed, did by the said Letters Patents incorporate, erect, ordain, name, constitute, and establish to be one body politic and corporate, in Deed and Name, by the Name of the Council of Plymouth aforesaid, in the said County of Devon, for the planting, ruling, and governing of New England in America aforesaid, to have perpetual succession, with divers other powers, privileges, immunities, provisions, and restrictions, for the propagation and establishing of true Religion in those parts, and for the better regulating of the same plantations, as in and by the same Letters Patents, due Reference thereunto had more plainly and at large appeareth. Now Know ye that the said President and Council, for divers good causes and considerations them thereunto moving, have given, granted, assigned, yielded up, and surrendered, and by these presents do give, grant, assign, yield up and surrender unto our most gracious Sovereign Lord Charles, by the Grace of God, King of England, Scotland, France, and Ireland, Defender of the Faith, the said Letters Patents to the Duke of Lenox, Marquess of Buckingham, Marquess Hamilton, William Earl of Pembroke, Thomas Earl of Arundel, and to the rest of the Nobility and Gentry of this kingdom therein named, for the planting, ruling, and governing of New England in America aforesaid, and all and every the liberties, licences, powers, privileges and authorities therein and thereby given and granted, or mentioned to be given and granted, and all their and every their
right, estate, title, interest, claim, demand whatsoever of, in, and to the same Letters Patents, licences, powers, priviledges and authorities, and of, in and to, every or any part or parcell of them or any of them. In Witness whereof the said President and Council have caused their common Seal to be put to these presents, the seventh day of June in the eleventh year of the reign of our Sovereign Lord King Charles, and in the year of our Lord God, one thousand six hundred thirty five.

The Agreement for the Bounds betwixt Plymouth and Massachusetts.

Whereas there were two Comissions granted by the two Jurisdiccons the one of the Massachusetts Gou'ment granted vnto John Endicott gentlem. and Israel Staughton gent. the other of New Plymouth Gou'ment to Willm. Bradford Esq'& Governor and Edward Winslow gent. And both these for the setting out setting & determining of the bounds and limmitts of the lands betweene the said Jurisdiccons whereby not only this p'nte age but the postertytie to come may live quietly & peaceably in that behalf And forasmuch as the said Comissioners on both sides haue full power so to do as appeareth by the Records of both Jurisdiccons. Wee therefore the said Comissioners aboue named doe hereby w'th one consent and agreement conclude determine and by these p'nts declare That all the Marshes at Conahasset that lye of the one side of the Riuwer next to Hingham shall belong to the Jurisdiccon of the Mattachusets plantacon. And all the Marsh yi lyeth on the other side of the Riuwer next to Scittuate shall belong to the Jurisdiccon of New Plymouth excepting Threescore acres of marsh at the mouth of the riwer on Scittuate side next to the Sea which we do hereby agree conclude & determine shall belong to the Jurisdiccon of the Massachusetts And further we do hereby agree determine & conclude that the bounds of the limmitts between both the said Jurisdiccons are as followeth viz't from the mouth of the brooke that runmeth into Conahassett Marshes (wch we call by the name of Bound brooke) w'th a straight and direct line to the middle of a great pond that lyeth on the right hand of the vpper payth or common way that leadeth between Weimouth and Plymouth close to the payth as we go
along wch was formerly named (and still we desire may be called) Accord Pond lying about five or six miles from Weimouth southerly and from thence wth a straight line to the southermost p't of Charles riuer & three miles southerly inward into the Country according as is express in the Patent granted by his M'tie to the Company of the Massachusetts Plantacon Prouided alwayes & neuerthelesse concluded and determined by mutuall agreement betweene the said Comissioners y't if it fall out that the said line from Accord Pond to the southermost part of Charles Riuier and three miles southerly as is before expressed shall straiten or hinder any part of any Plantacon begun by the Gou'ment of New Plymouth or hereafter to be begun wth in the space of ten yeares after the date of these p'mts That then notwithstanding the said line it shalbe lawful for the said Gou'ment of New Plymouth to assume on the Northerly side of the said line where it shall so intrench as aforesaid so much land as will make vp the quantytie of eight miles square to belong to every such Plantacon begun or to be begun as aforesaid wch wee agree determine and conclude to apertaine & belong to the said Gou'ment of New Plymouth And whereas the said line from the mouth of the said brook wch runneth into Conahassett salt marshes (called by us bound brooke) and the pond called Accord Pond lyeth neere the lands belonging to the Townships of Scittuate and Hingham Wee doe therefore hereby determine and conclude, that if any diuisions already made and recorded by either the said Townes do crosse the said line, that then it shall stand & bee of force according to the former intents & purposes of the said Townes granting them (the marshes formyly agreed on excepted) And that no Towne in either Jurisdiccon shall hereafter excede, but contenye themselves wth in the said lines before expressed In Wittessee whereof we the Comissioners of both the Jurisdiccons do by these p'mts Indented set our hands and sealles the ninth day of the fourth month in the sixteenth yeare of our Sou'aigne Lord King Charles and in the yeare of our Lord 1640.
