Section 18. No person, without the written consent of the registered owner thereof, shall fill with a beverage with intent to sell the same any vessel registered under the preceding section, or change in any way, or conceal any name or the word "registered" thereon, or buy, sell traffic in or dispose of any such vessel. This section shall not apply to vessels purchased from the registered owner; provided, that making a money charge or requiring the deposit of a sum of money under an agreement to refund the same upon the redelivery of the vessel shall not constitute a purchase thereof, within the meaning of this section. Violation of any provision of this section shall for the first offence be punished by a fine of not less than fifty cents for each vessel in respect to which the violation occurs or by imprisonment for not less than ten days or more than one year, or both, and for each subsequent offence by a fine of not less than one nor more than five dollars for each such vessel or by imprisonment for not less than twenty days nor more than one year.

Section 19. The purchase, sale, traffic in, disposal or use of any such registered vessel by a person engaged in the manufacture, bottling or sale of beverages, without the written consent of the owner thereof, shall be prima facie evidence of a violation of the preceding section. Possession of any such registered vessel by a junk dealer or dealer in second hand articles, without the written consent of the owner, shall be prima facie evidence of such violation. This section shall not apply to vessels purchased from the owner.

Section 20. Upon complaint of a person who has complied with section seventeen, or his agent, to a district court or trial justice, that he has reason to believe and does believe that any of his registered vessels are being unlawfully used or filled by a person engaged in manufacturing, bottling or selling beverages, or that a junk dealer or dealer in second hand articles or a vendor of cans or bottles has such vessels in his possession or secreted in any place, said court or justice may thereupon issue a search warrant; and may also cause the person in whose possession such vessels are found to be brought before him, and shall thereupon inquire into the circumstances of such possession; and shall award to the owner thereof possession of the property taken upon such search warrant.

Registration of Milk Cans and Ice Cream Cans, Tubs and Cabinets.

Section 21. A person engaged in buying, selling or dealing in milk or cream in cans, or who uses cans, tubs or cabinets in the sale, transportation or storage of ice cream, with his name and the word "registered" produced in a permanent manner in or upon such cans, tubs or cabinets, may register such articles by filing in the office of the clerk of the town where his principal place of business is situated, and also in the office of the state secretary, a description of the name so used by him, and shall publish such description once in each of four successive weeks in a newspaper published in the town where the description has been filed.

Section 22. No person shall without the consent of the owner take, detain, use, buy, sell, traffic in or otherwise dispose of any registered can,
tub or cabinet. Possession of any such registered can, tub or cabinet by a person in the transaction of his business shall be prima facie evidence of violation of this section.

[Penalty, § 28.]

**SECTION 23.** No person shall without the consent of an owner wilfully destroy, mutilate or deface any registered can, tub or cabinet bearing such owner’s name, or wilfully erase, mar, cover or change any word or name branded, engraved, blown or otherwise produced in a permanent manner in or upon such can, tub or cabinet.

**SECTION 24.** Whoever puts an unclean or foul substance into any registered can, tub or cabinet shall for the first offence be punished by a fine of not less than fifty cents nor more than five dollars for each can, tub or cabinet with respect to which the violation occurs and for any subsequent offence by a fine of not less than two nor more than twenty dollars for each such can, tub or cabinet.

**SECTION 25.** Upon complaint of a person who has complied with section twenty-one, or his agent, to a district court or trial justice that he has reason to believe and does believe that a person has wrongfully in his possession or is secreting any of his registered cans, tubs or cabinets, said court or justice may issue a search warrant to discover and obtain the same, and may also cause to be brought before him the person or his agent or employee in whose possession such cans, tubs or cabinets are found, and shall thereupon inquire into the circumstances of such possession; and, if said court or justice finds that such person has been guilty of a wilful violation of any of the provisions of the three preceding sections, he shall impose the penalty prescribed therefor and shall also order the property taken upon such search warrant to be delivered to the owner.

**PENALTIES.**

**SECTION 26.** Violations of any provision of section four A, eleven, twelve or thirteen shall be punished by a fine of not more than two hundred dollars or by imprisonment for not more than one year, or both.

Section 1. This chapter may be cited as the Sale of Securities Act. Citation of chapter.  

Section 2. The following words and phrases, as used in this chapter, shall have the following meanings, unless the context otherwise requires:  

(a) "Commission", the commission supervising and controlling the department of public utilities under chapter twenty-five and also, in so far as determined by the commission under section twelve A of said chapter, the securities division or its director, established by said section.  

(b) "Person" shall include a natural person, a corporation created under the laws of this commonwealth or of any other state, country or sovereignty, a partnership, an association, a joint stock company, a trust and a trustee or any beneficiary, agent or other person as herein defined acting under a trust, and any unincorporated organization.  

(c) "Security" shall include any bond, stock, certificate under a voting trust agreement, treasury stock, note, debenture, certificate in or under a profit sharing or participation agreement, subscription or reorganization certificate, oil, gas or mining lease or certificate of any interest in or under the same, evidence of indebtedness, any form of commercial paper, currency of any government other than the United States, or any certificate or instrument representing or secured by an interest in the capital, assets or property of any corporation, unincorporated organization, association, trust or public corporation or body.  

(d) "Sale" or "sell" shall include the issuance of securities, an agreement whereby a person transfers or agrees to transfer an interest in securities, and an exchange, pledge, hypothecation, or any transfer in trust or otherwise, by way of mortgage. Any security given or delivered
with, or as a bonus on account of, any purchase of securities or any other thing, shall be conclusively presumed to constitute a part of the subject of such purchase and to have been sold for value. "Sale" or "sell" shall also include an attempt to sell, an option of sale, a solicitation of a sale, a subscription or an offer to sell, directly or by an agent, or by a circular, letter, advertisement or otherwise.

(c) "Broker" shall include every person, other than a salesman, who in this commonwealth engages either for all or part of his time, directly or through an agent, in the business of selling any security issued by himself or another person, or of purchasing or otherwise acquiring such securities for another with the purpose of reselling them, or of offering them for sale to the public, for a commission or at a profit.

(f) "Salesman" shall include every person employed or appointed or authorized by a broker to sell in any manner, within this commonwealth.

(g) "Fraud" and "fraudulent" shall include any misrepresentation in any manner of a relevant fact, such misrepresentation being intentionally dishonest or due to gross negligence, and any promise or representation or prediction as to the future not made honestly and in good faith, or an intentional failure to disclose a material fact; the gaining directly or indirectly, through the sale of any security of an underwriting or promotion fee or profit, selling or managing commission or profit, so gross and exorbitant as to be unconscionable, and any scheme, device or artifice to obtain such a profit, fee or commission; provided, however, that nothing herein shall limit or diminish the full meaning of the terms "fraud" and "fraudulent" as applied or accepted in courts of law or equity.

(h) "Par value", as applied to stock without par value, the average net amount per share actually received by the issuing corporation upon all such shares issued and outstanding at the date of any occasion for determining such value.

(i) Wherever in this chapter a sale by an owner, pledgee or mortgagee or by a person acting in a representative capacity is specified, such sale may be made through or by an agent, including a registered broker or salesman.

SECTION 3. Except as hereinafter provided, the provisions of this chapter shall not apply to —

(a) Any isolated sale of any security by the owner thereof, or his representative, for the owner's account, such sale not being made in the course of repeated and successive transactions of a like character by such owner or on his account by such representative, and such owner or representative not being the underwriter of such securities.

(b) Commercial paper, notes or evidences of indebtedness maturing less than fourteen months from date of issuance thereof.

(c) Any security issued or guaranteed as to principal or interest by a government or governmental agency, or by any public body having power of taxation or assessment.

(d) Securities of, or guaranteed either as to principal, interest or dividend by, a corporation owning or operating a railroad, or any other public service utility, the issue or guarantee of such securities being regulated or controlled, or requiring approval by, public officials of this or of any other state or of the United States empowered to regulate and control or supervise public service utilities and the issue of securities thereby; and all securities senior thereto.
Securities listed upon any stock exchange in Massachusetts which has been doing business continuously for the last ten years prior to the effective date of this chapter and all securities senior thereto, for six months from the effective date of this chapter; and thereafter provided that there has first been submitted to the commission a form of application and set of rules adopted by such exchange for the listing of securities which is acceptable to the commission, as indicating in substance that the requirements of such exchange are adequate to guard against fraud, and provided further that any subsequent change in the rules of such exchange shall not affect the exemption of securities listed before said change was adopted.

The commission may add to this exemption sales or securities listed upon any other organized stock exchange.

Securities which are a legal investment for any savings bank, savings department of any trust company, insurance company or association under the supervision of the commissioner of banks or commissioner of insurance of this commonwealth.

Securities issued by, and representing an interest in, or direct contract right against, any national bank or corporation created or existing by virtue of the acts of the congress of the United States; or by any state bank, trust company, co-operative bank, or credit union of this commonwealth, or of any other state where the same is fully organized, doing business and is under the supervision of the public official controlling banking in such state; or the securities of any corporation under the supervision of the department of banking and insurance of this commonwealth, other than corporations licensed to make small loans.

The securities of any corporation organized under the provisions of chapter one hundred and eighty.

The securities of any corporation organized under the laws of this commonwealth whose authorized capital stock, added to its other outstanding securities, does not exceed twenty-five thousand dollars; and the original issuance and sale by any corporation organized under the laws of this commonwealth of its stock so long as the number of stockholders of said corporation does not exceed twenty-five.

Any judicial sale; or the sale by an executor, administrator, conservator, guardian or trustee appointed by the decree of any court; any sale by a receiver or trustee in insolvency or bankruptcy; or any sale by a corporation of its stock for a delinquent assessment made in accordance with the provisions of law whether or not any such sale described in this subdivision is made directly by the owner or legal representative of the owner or through an agent, whether or not a broker or salesman, of such owner or legal representative.

The distribution by a corporation of capital stock, bonds or other securities to its stockholders or other security holders or their respective assigns as a stock dividend or other distribution out of surplus; securities issued under a corporate reorganization by a corporation, or corporations, entirely to its or their security holders or their assigns, directly or through an agent, or increased capital stock of a corporation sold or distributed by it, directly or through an agent, entirely among its stockholders or their assigns, without payment of any commission or expense to any broker or salesman in connection with the distribution thereof.

The sale, by a pledge holder or mortgagee selling, in the ordinary course of business, of a security pledged with him in good faith as a security for a bona fide debt.
(m) The sale of notes secured by mortgages on real or personal property where the legal title to the entire security for said notes is sold and transferred therewith.

(n) The sale of securities directly or through a representative to a registered broker.

(o) The commission may, on such terms as it deems advisable, exempt from the provisions of this chapter sales at public auction of securities not otherwise exempt under this chapter.

(p) In addition to the securities enumerated in section three as exempted from the provisions of this chapter, the commission may, from time to time, by order, in accordance with such rules and standards as it may prescribe, upon petition or upon its own motion, add to the list of exempted securities therein specified, other sales, securities and classes of securities. Any order of exemption adopted under this section may provide that the same shall not apply to any new and additional securities issued by the same enterprise or against the same property unless and until the commission adopts a like order in relation thereto.

If it shall appear to the commission that the sale of any security exempted under any provision of this section would be fraudulent or would be likely to result in fraud, the commission may require such full information concerning such security as it may deem necessary.

Section 4. No security not exempted from the provisions of this chapter under the preceding section, that has been sold in this commonwealth prior to June first, nineteen hundred and twenty-one, shall be sold after six months following the effective date of this chapter or after such further time as the commission may prescribe, unless and until there shall have been filed with the commission by a person offering the same for sale or by the directors or trustees of the corporation, association, trust or other body issuing the security or other officers holding a corresponding relation thereto, or by officers duly authorized by such directors or trustees to take such action, a statement on such forms as the commission may prescribe, duly dated and sworn to by the person or officers subscribing and filing the same, containing the following information and data relative to the security to be offered and the person, corporation, association or trust issuing such security, to wit:

(a) The names and addresses of the board of directors or other board of management, and of the president, treasurer, secretary, auditor, or corresponding officers of such corporation, association or trust;

(b) The state or other sovereign power, under the laws of which the corporation, association or trust was organized, and a reference to such laws;

(c) The purpose for which the corporation, association or trust was organized or formed and the general nature of the business to be transacted or in which it proposes to engage;

(d) The capitalization thereof, including the authorized amount of its capital stock, the number and classes of shares into which such capital stock is divided, a description of the respective voting rights, preferences, rights to dividends, profits or capital of each class with respect to each other class, the amount of capital stock of each class issued or included in the shares of stock to be offered, the amount of the funded debt, if any, with a brief description of the date, maturity and character of such debt, and the security, if any, therefor;
32 The commission may, to such extent as it deems reasonable, accept in lieu of such statement, a reference to recognized sources of information selected by the commission, containing such information and particulars as it deems sufficient.

1 Section 5. No security not exempted under section three and to which the preceding section does not apply shall be sold unless and until there shall have been filed with the commission by a person offering the same for sale or by the directors or trustees of the corporation, association, trust, or other body issuing the security, or by other officers holding a corresponding relation thereto, or by officers duly authorized by such directors or trustees to take such action, a notice of intention to offer for sale the security named and specified in the notice; but within seven days, or such further period as in any special case the commission may authorize, after filing said notice, the person or officers, or some one in their behalf, shall file with the commission a statement containing the information and data relative to the security offered and the issuing corporation, association or trust, specified in subdivisions (a), (b), (c) and (d) of section four, and in addition thereto a statement of the purposes to which the proceeds of the proposed issue are to be applied. Upon and after the filing of such notice the said security may be sold and offered for sale by any broker or salesman registered under the provisions of this chapter, subject, however, to the provisions of the following section and subject to the right of the commission in its discretion to forbid its sale until the information required by this and the following section is filed with it and the commission has revoked its action in forbidding its sale.

1 Section 6. If, upon receipt and examination of the notice or of any statement required by the two preceding sections the commission deems the information inadequate it shall make such further investigation as it shall deem necessary or advisable, and may require from the person filing the same, or from any person or persons issuing such security such further information under oath, including examinations and reports by reputable accountants, engineers and other experts, at the expense of the person or persons aforesaid, as may in its judgment be necessary to enable it to ascertain whether the sale of such security would be fraudulent or would result in fraud. The failure to submit the information required by the commission within such reasonable time as it may specify shall in the absence of satisfactory explanation or of extension by the commission of the time for filing such information, be deemed prima facie evidence of fraud. Whenever the commission is of opinion from the information disclosed or in its possession that the sale of any security under section four or five or of any security exempted under any provision of section three, is fraudulent or would result in fraud, it shall make a finding to that effect. Upon the making of such finding, such security shall not be sold or offered for sale until, and except in accordance with, further action by the commission or by the court as provided in this chapter.

1 Section 6A. The commission may also require any person offering any security for sale, or the directors, trustees or corresponding officers of the corporation, association, trust, or other body issuing the security, the sale of which is otherwise lawful under this chapter, to file, in such form as it may from time to time prescribe, periodic statements verified by oath of the person or officers subscribing and filing the same and of a
reputable accountant, or, in lieu of such oath, verified by the written declaration of such person or officers and accountant that such statements are made under the penalties of perjury, showing the financial condition of such person, corporation, association, trust or other body and such further information and data as the commission may deem advisable. Failure to file such statements or to submit such information and data within the time specified shall be just cause for the making by the commission of a finding to the effect that the sale of such securities is fraudulent or would result in fraud. Such a finding shall have the same effect as if made under section six.

SECTION 7. Any interested person aggrieved by any order or finding of the commission under any provision of this chapter, or by any refusal or failure of the commission to make an order under any of said provisions, shall be entitled to a public hearing thereon before a majority of the members thereof, at which he may be represented by counsel, and may submit any relevant evidence. When so requested by any such person, the commission shall rule upon any question of law properly arising in the course of such hearing. Any failure or refusal of the commission to rule upon such a question within ten days after such request shall be taken and recorded as a ruling adverse to the person requesting the same. At the conclusion of such hearing, the commission shall reconsider and review the subject matter of such appeal, and shall, within twenty days thereafter, affirm, modify or rescind the order or refusal appealed from. The supreme judicial and superior courts shall have jurisdiction in equity to review, modify, amend or annul any ruling, finding of fact, or order of the commission, and the procedure before said court in relation thereto shall conform to the provisions of section five of chapter twenty-five, so far as applicable.

SECTION 8. No person shall sell securities within this commonwealth, whether exempted under section three or not, as broker or salesman, except as provided in paragraph (b) of section ten, unless he has been registered by the commission. An original application for such registration shall state the applicant's name and residence, and the place where the registered business is to be conducted, shall be accompanied by a certificate of two citizens of the commonwealth that the applicant is, in their opinion, honest and of good repute, or, in case the applicant is a partnership, corporation, trust or voluntary association, that the reputation of its members, officers or trustees for honesty and fair dealing is good. When required by the commission, each application for such registration as a salesman or for renewal thereof shall also be accompanied by a photograph, of the type known as a passport photograph, of the applicant which photograph shall become a part of the records of the department and shall remain permanently in its files. Every registration under this section shall expire on the thirty-first day of December in each year, but the same may be renewed. Any person registered as broker or salesman prior to October first, nineteen hundred and twenty-four, shall be entitled to renewals thereof merely by payment of the lawful fee, unless his registration has been or shall be cancelled or revoked by order of the commission. Any person applying for registration as broker or salesman after said date shall furnish under oath such information as the commission
may require, and shall be registered if it appears to the commission that
the applicant is of good moral character and of sufficient acquirements
and qualifications. The fee for such registration and for each annual
renewal thereof shall be fifty dollars in case of brokers and two dollars in
case of salesmen. Said fees shall be paid into the state treasury. No non-
resident person not having a usual place of business in the commonwealth
shall be so registered unless and until he has filed with the commission a
writing, in a form to be approved by the attorney general, appointing the
secretary of the commission or his successor in office to be his true and
lawful attorney upon whom all lawful processes in any action or proceed-
ing against him relative to or connected with an act or acts done as such
salesman or broker may be served, and in such writing shall agree that
any lawful process against him which is served on said attorney shall be
of the same legal force and validity as if in fact served on the applicant,
and that the authority shall continue in force so long as any liability
remains outstanding against the applicant in this commonwealth. No
person registered as a broker or salesman shall sell any security or securi-
ties, whether exempted under section three or not, which are to be paid
for in accordance with the terms of an installment or partial payment plan
contract except as such plan is approved by the commission. No person
shall be entitled to registration hereunder if he, or, in case of a partnership,
any member of the firm, or, in case of a corporation, any officer thereof,
or, in case of a trust or other unincorporated association, any trustee or
officer thereof, has been convicted of a felony or of a violation of any
provision of this chapter. Conviction of such an offense shall render void
the registration of the person convicted or of the firm of which he is a
member in case of a partnership, or of the corporation of which he is an
officer, or of the trust or other unincorporated association of which he is a
trustee or officer, but the commission may, after hearing, restore such
registration. The commission may at any time in the case of any broker
or salesman, the conduct of whose business it has reason to believe has
been fraudulent or if continued would result in fraud, require such infor-
mation under oath as in its judgment may be necessary to enable it to
ascertain whether such broker or salesman is conducting his business
in a fraudulent manner or wilfully and purposely evading or seeking to
nullify the provisions of this chapter. The failure to supply the informa-
tion required within such reasonable time as the commission may specify
shall, in the absence of satisfactory explanation or of extension by the
commission of the time for filing such information, be deemed prima facie
evidence of fraud. If it appears to the commission that any registrant
is or has been conducting business as a broker or salesman in a fraudulent
manner or is or has been wilfully and purposely evading or seeking to
nullify the provisions of this chapter, whether under his present registra-
tion or prior thereto, the commission, upon notice to the registrant, may
suspend or revoke his registration either as broker or salesman or both.
Upon the suspension or revocation of his registration, a broker or sales-
man shall not be regarded as registered nor be entitled thereafter to regis-
tration as either a broker or salesman, nor shall any firm of which he is a
member, nor any corporation, trust or other unincorporated association
of which he is an officer, trustee, manager or agent, be regarded as regis-
tered or be entitled to registration under the provisions of this chapter
unless and until such suspension or revocation shall be modified or
amulled by the commission or by the court.
Section 9. The commission shall not issue any certificate or written evidence to any person registered as a broker or salesman other than a receipt in such form as it may approve. Every salesman so registered shall have said receipt upon his person and said receipt shall be shown upon demand to an officer authorized to make arrests but to no other person; violation of this provision by a salesman so registered shall be ground for the cancellation by the commission of his registration. The finding of the commission that a person may act as a broker or salesman within the commonwealth shall, except as aforesaid, take the form solely of entering his name on the register of brokers or salesmen properly indexed and open to the public; but the finding of the commission that the registration of a person to act as a broker or salesman should be cancelled on the register, shall be in the form of an order to that effect. Where the registration of a person as salesman or broker is cancelled under the provisions of this chapter, the commission shall so note upon the register.

Section 10. (a) All information received by the commission under this chapter concerning securities found by it to be fraudulent and all financial statements so received concerning any securities shall be kept open by the commission to public inspection at reasonable hours, and the commission shall supply to the public copies of summaries of such information at charges equaling the cost of typing or printing, and shall supply to the police or other persons aiding in the enforcement of the law lists of persons registered as brokers or salesmen; provided, however, that the commission shall have power to place on a separate file not open to the public, except on its special order, any information which it deems, in justice to the person filing the same, should not be made public.

(b) A broker registered under this chapter shall place the name under which he is registered and his address upon all circulars, pamphlets or advertisements issued by him concerning any security. No person, other than a broker registered under this chapter, shall issue any circular or pamphlet or procure the publication of any advertisement concerning securities not exempted under section three within the commonwealth, unless such circular, pamphlet or advertisement is signed by such person and all the persons contributing to the cost thereof with their respective addresses and a statement of their respective interests in such securities, or unless the circular, pamphlet or advertisement is signed or its issuance procured or paid for by a so-called syndicate or group of persons at least one of whom is a broker registered under this chapter. The commission may at any time require information showing the compliance of any one so advertising or so issuing circulars or pamphlets with the provisions of this section; and may also, at any time, require in the case of any security the sale of which it has reason to believe has been fraudulent or if continued would result in a fraud, information as to the amount of such security sold to any person, and the person or persons to whom any such security has been sold and the terms and nature of such sale.

(c) Nothing in this chapter shall limit any statutory or common law right of any person to bring any action in any court for any act involved in the sale of securities, or the right of the commonwealth to punish any person for any violation of any law.

Section 11. (a) Every person applying for registration as a broker or salesman or filing any lists or information or applying for an order of the
3 commission permitting the sale of securities, or for any other cause, shall
4 file with the commission his mailing address and any change therein.
5 Notice sent by mail to such person to such address by said commission
6 shall be deemed sufficient notice to such person. The commission shall
7 not cancel or suspend the registration of any broker or salesman except
8 upon notice to the registrant, provided he has complied with this sub-
9 division.
10 (b) No person shall in issuing or publishing any circular or advertise-
11 ment make any reference whatsoever to the fact that the provisions of this
12 chapter have been complied with. The violation of this provision shall be
13 ground for the cancellation of the registration of such person as broker or
14 salesman or for forbidding the sale of the securities so referred to.
15 (c) The certificate of the commission over the signature of its secretary
16 or assistant secretary shall be competent evidence, where otherwise admiss-
17 ible, in any court as to any act or finding of the commission.
18 (d) The commission shall investigate all such complaints as to the sale
19 of fraudulent securities or the fraudulent sale of securities or the violation
20 of any of the provisions of this chapter as shall be referred to it, and shall
21 report such violations to the attorney general if it considers the public
22 interest so requires. The attorney general shall report to the commission
23 in writing on or before the first Wednesday of each year as to the dis-
24 position of all such cases so reported to him by the commission.

1 Section 12. The provisions of section four of chapter twenty-five,
2 so far as applicable, shall apply to the proceedings under this chapter,
3 except as otherwise provided.

1921, 499, § 1.

1 Section 13. [Inserted, 1921, 499, § 1; repealed, 1922, 259, § 2.]

1 Section 14. A person shall not be excused from attending and testifying
2 before the commission, acting under the provisions of this chapter, on
3 the ground that his testimony or evidence, documentary or otherwise,
4 may tend to criminate him or subject him to a penalty or forfeiture; but
5 he shall not be prosecuted or subject to a penalty or forfeiture for, or on
6 account of, any action, matter or thing concerning which he may be re-
7 quired to so testify or produce evidence except for perjury committed in
8 such testimony.

1 Section 15. Whoever, being required under any section of this
2 chapter to furnish information under oath, wilfully swears or affirms
3 falsely in a matter relative to which such oath or affirmation is required,
4 shall be guilty of perjury. Whoever violates any provision of this chapter
5 shall be punished by a fine of not more than five thousand dollars or by
6 imprisonment for not more than two and one half years, or both. Any
7 officer authorized to make arrests may arrest without a warrant and keep
8 in custody until he can be taken before a court having jurisdiction of such
9 offense, any salesman offering securities for sale who does not have in his
10 possession and who does not exhibit upon demand to such officer a receipt
11 issued to him by the commission under the provisions of section nine of
12 this chapter. Record shall be kept by every court and trial justice of
13 every case in which a person is convicted of a violation of any provision
14 of this act, and of every case in which a person registered as a broker or
salesman is convicted of a felony, and an abstract of such record shall be sent forthwith by the clerk of the court or the trial justice to the commission.

Section 16. If any provision of this chapter, or the application of such provision to any person or circumstances, shall be held invalid, the remainder of this chapter, or the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.
TITLE XVI.

Section 30. Boards of health may appoint agents to act for them
in cases of emergency or if they cannot conveniently assemble, and any
such agent shall have all the authority which the board appointing him
had; but he shall in each case within two days report his action to the
board for its approval, and shall be directly responsible to it and under its
direction and control. An agent appointed to make sanitary inspections
may make complaint of violations of any law, ordinance or by-law relative
to the public health.

Section 31. Boards of health may make reasonable health regulations. All regulations made by boards of health under this chapter
shall be published once in a newspaper published in the town, and such
publication shall be notice to all persons.

Section 31A. Any person may remove or transport garbage, offal
or other offensive substances through the streets; provided that he
shall first register with the local board of health, the fee for which regis-

remove and transport the material herein mentioned in accordance with
such reasonable rules and regulations as may be established by the said
board.

Section 32. A board of health shall retain charge, to the exclusion
of the board of public welfare, of any case arising under this chapter in
which it has acted.
SANITARY STATIONS.

1 Section 33. In every city, and in every town having a population of over ten thousand, when, in the opinion of the board of health, public necessity requires it, there shall be established and maintained by the town in some convenient places, at or near the business centre, one or more sanitary stations, with separate water closets for the use of each sex. Their number and location shall be determined by the board of health.

BAKERIES.

1 Section 34. Every room used for the manufacture of flour or meal food products shall, if required by the board of health, have an impermeable floor constructed of cement or tiles laid in cement, and an additional floor of wood properly saturated with linseed oil. The walls and ceiling of such room shall be plastered or wainscoted, and, if required by the board of health, shall be whitewashed at least once in three months. The furniture and utensils therein shall be so arranged that they and the floor may at all times be kept clean and in good sanitary condition.

1 Section 35. The sleeping places for persons employed in a bakery shall be separate from the rooms where flour or meal food products are manufactured or stored.

The owner, agent or lessee of any property affected by section thirty-four shall, within sixty days after service of written notice requiring any alterations to be made in such property, comply therewith. Such notice may be served upon such owner, agent or lessee personally or by mail directed to his last known address.

1 Section 37. Except as provided in section thirty-nine, boards of health may make such further regulations as the public health may require, and shall cause such regulations, together with sections thirty-four to thirty-eight, inclusive, to be printed and posted in all such bakeries and places of business.

1 Section 38. Whoever violates any provision of sections thirty-four to thirty-six, inclusive, or refuses to comply with any requirement of the board of health authorized therein or in the preceding section shall be punished for a first offence by a fine of not less than twenty nor more than fifty dollars; for the second offence by a fine of not less than fifty nor more than one hundred dollars or by imprisonment for not more than seven days; and for any subsequent offence by a fine of not less than two hundred and fifty dollars or by imprisonment for not more than one month, or both.

1 Section 39. The department may make rules and regulations to carry out sections forty to forty-nine, inclusive. Said sections and the rules and regulations shall be enforced by the department and by the local boards of health acting under the supervision of the department, provided, that the provisions of sections forty and forty-one relating to the health of employees shall be enforced by the department of labor and industries in accordance with such rules and regulations as it may.
prescribe. The word "bakery", as used in sections forty to forty-eight, inclusive, shall mean a building or part thereof wherein is carried on the production, preparation, packing, storing, display or sale of bakery products, including any separate room used for the convenience or accommodation of the workers, except that sections forty, forty-one, forty-three and forty-eight shall not apply to retail stores where bakery products are sold but not produced.

Section 40. Every bakery shall be constructed, drained, lighted, ventilated and maintained in a clean and sanitary condition, and when and where necessary screened against flies, shall have plumbing and drainage facilities, together with suitable wash basins, wash sinks and toilets or water closets, which shall be kept in a clean and sanitary condition. The said toilets or water closets shall be in rooms having no direct connection with any room in which bakery products or ingredients are prepared, stored, handled or displayed.

Section 41. In connection with every bakery suitable rooms shall be provided for the changing and hanging of the wearing apparel of the workers or employees, which shall be separate and apart from the work, storage and sales rooms, and shall be kept in a clean and sanitary condition.

Section 42. No person shall sit, lie or lounge or be permitted to sit, lie or lounge upon any of the tables, shelves, boxes or other equipment or accessories used in connection with the production, preparation, packing, storing, display or sale of bakery products. No animals or fowls shall be kept in or permitted to enter any building or part thereof used for such production, preparation, packing, storing, display or sale.

Section 43. Before beginning the work of preparing, mixing or handling any ingredients used in the production of bakery products, every person engaged in such work shall wash the hands and arms, and after using toilets or water closets, every person therein engaged shall wash the hands and arms thoroughly and then rinse in clean water; and for this purpose the owner or operator of the bakery shall provide sufficient facilities.

Section 44. [Repealed, 1928, 229, § 2.]

Section 45. [Repealed, 1928, 229, § 2.]

Section 46. If, after inspection, it is found that a bakery is not constructed, maintained, operated or the distribution of its products not conducted in accordance with sections thirty-nine to forty-five, inclusive, and sections two to six, inclusive, of chapter ninety-four, written notice shall be given to the owner or manager, stating the delinquency, and fixing a reasonable time within which the same shall be remedied and for hearing any party in interest.

Section 47. If a bakery is unfit for the production or handling of food or dangerous to the health of its employees, the department or local board may order it closed; provided, that any person aggrieved may be heard before said department or board and may also appeal before or
5 after the execution of the order, but within thirty days after its issue, to 
6 the superior court.

1 Section 48. No new bakeries shall be established unless the building 
2 plans and equipment proposed to be used have been approved by the 
3 local board of health. The board shall refuse a permit for such bakery 
4 if the building and equipment do not comply with sections thirty-nine 
5 to forty-five, inclusive, and sections two to six, inclusive, of chapter 
6 ninety-four and rules and regulations made thereunder, provided that 
7 any party in interest may appeal to the department or to the superior 
8 court. Said department or court may affirm, reject or modify the find- 
9 ings of the board, and the said board shall thereupon proceed in accord- 
10 ance with the order of the court or department.

1 Section 49. Violation of any provision of sections thirty-nine to 
2 forty-eight, inclusive, or any rule or regulation adopted thereunder shall 
3 be punished by a fine of not more than one hundred dollars.

DISPENSARIES.

1 Section 50. Towns may establish and maintain dental, medical 
2 and health clinics, and in connection therewith may conduct campaigns 
3 of general education relative to matters of public health. Acting through 
4 their respective boards of health, they may unite and co-operate for the 
5 foregoing purposes and may provide for the maintenance of clinics as 
6 aforesaid in one or more of the towns so uniting.

7 All appropriations made for the purposes of this section shall be ex-
8 pended under the direction of the local board of health, and clinics estab-
9 lished hereunder shall be conducted subject to such rules and regulations 
10 as said board may establish.

1 Section 51. In sections fifty-two to fifty-six, inclusive, "dispen-
2 sary" shall mean any place or establishment, not conducted for profit, 
3 where medical or surgical advice or treatment, medicine or medical 
4 apparatus, is furnished to persons not residing therein; or any place or 
5 establishment, whether conducted for charitable purposes or for profit, 
6 advertised, announced, conducted or maintained under the name "dis-
7 pensary" or "clinic", or other designation of like import.

1 Section 52. No person, except the regularly constituted authorities 
2 of the United States or of the commonwealth, shall establish, conduct, 
3 manage or maintain any dispensary without first obtaining a license as 
4 provided in the following section.

1 Section 53. Any person desiring to conduct a dispensary shall apply 
2 in writing to the department for a license. The application shall be 
3 in such form as the department shall prescribe, and shall be uniform for 
4 all schools of medicine. There shall be attached thereto a statement 
5 of the applicant on oath, containing such information as may be required 
6 by the department. If in its judgment the statement filed and other 
7 evidence submitted in relation to the application indicate that the oper-
8 ation of the proposed dispensary will be for the public benefit, a license, 
9 in such form as it shall prescribe, shall be issued to the applicant. Li-
10 censes shall expire at the end of the year in which they are issued, but
may be renewed annually on application as above provided. No license shall be transferred except with the approval of the department. For the issue or renewal of each license a fee of five dollars shall be charged, except to incorporated charitable organizations which conduct dispensaries without charge and which report, as required by law, to the department of public welfare.

**Section 54.** The council shall make rules and regulations, and may revise or change them, in accordance with which dispensaries shall be licensed and conducted, but no such rule or regulation shall specify any particular school of medicine in accordance with which a dispensary shall be conducted.

**Section 55.** The commissioner and his authorized agent may visit and inspect any dispensary at any time to ascertain whether it is licensed and conducted in compliance with sections fifty-one to fifty-six, inclusive, and with the rules and regulations established under the preceding section. After thirty days' notice to a licensed dispensary and opportunity to be heard, the department may, if in its judgment the public interest so demands, revoke its license.

**Section 56.** Whoever advertises, conducts, manages or maintains a dispensary, unless it is duly licensed under section fifty-three, and whoever wilfully violates any rule or regulation made under section fifty-four, shall be punished by a fine of not less than ten nor more than one hundred dollars. A separate and distinct offence shall be deemed to have been committed on every day during which the violation continues after written notice thereof by the department to the authorities of the dispensary concerned. The commissioner shall report to the attorney general any violation of sections fifty-one to fifty-six, inclusive.

**Section 57.** Every city having a population of fifty thousand or more, as determined by the last national census, shall establish and maintain within its limits a dispensary for the discovery, treatment and supervision of needy persons resident within its limits and afflicted with tuberculosis, unless there already exists in such city a dispensary satisfactory to the department. Every city having a population of less than fifty thousand, as determined as aforesaid, and every town may, and at the request of the department shall, establish and maintain a similar dispensary. Such dispensaries shall be subject to the regulation of the boards of health of the cities and towns where they are respectively situated, and shall be inspected by and be satisfactory to the department. A city or town which, upon the request of the department, refuses or neglects to comply with the provisions hereof shall forfeit not more than five hundred dollars.

**Day Nurseries.**

**Section 58.** In sections fifty-eight to sixty-two, inclusive, "day nursery" shall mean any institution, establishment or place not conducted by the commonwealth or any town in which are commonly received, with or without charge, at one time, three or more children not of common parentage, under the age of fourteen, for periods exceed-
6 ing four but not exceeding twelve hours, for the purpose of nursing and
7 care apart from their parents or guardians.

1 Section 59. No person shall conduct a day nursery without obtain-
2 ing a license from the board of health. An application therefor shall be
3 in a form prescribed by the said board, and shall be uniform for all day
4 nurseries within the board's jurisdiction. There shall be attached to the
5 application a statement, sworn to by the applicant, or by an officer
6 thereof duly authorized thereto, containing such information as may be
7 required by the board. If in the judgment of the said board the said
8 statement or any other evidence submitted in relation to the applica-
9 tion indicates that the operation of the proposed day nursery will be for
10 the public benefit and welfare, a license, in such form as the board may
11 prescribe, shall be issued to the applicant. All licenses shall expire at
12 the end of the year in which they are issued, but may be renewed annually
13 on application as above provided. No license shall be transferred except
14 with the approval of the said board. For the issue or renewal of each
15 license a fee of one dollar shall be charged. All fees shall be paid to the
16 town where the nursery is situated.

1 Section 60. Boards of health shall make rules and regulations, and
2 may revise or change them, in accordance with which day nurseries shall
3 be licensed and conducted; and failure to comply with any such rule
4 or regulation shall be sufficient cause for revocation of the license in the
5 manner provided in the following section.

1 Section 61. Boards of health by their authorized agents may visit
2 and inspect any day nursery at any time to ascertain whether it is li-
3 censed and conducted in compliance with law and with the rules and
4 regulations made under the preceding section. Every day nursery shall
5 so be visited and inspected at least once in each year. After thirty days'
6 notice to a licensed day nursery and opportunity to be heard, the board
7 of health may, if in its judgment the public interest so demands, revoke
8 its license. Every day nursery shall furnish to the said board such re-
9 ports, information and other data as it may require.

1 Section 62. Whoever establishes, conducts, manages or maintains a
day nursery without first obtaining a license therefor, or after the revo-
cation of the license, or in violation of any provision of sections fifty-eight
4 to sixty-two, inclusive, or of any rule or regulation made under section
5 sixty shall be punished by a fine of not less than ten nor more than two
6 hundred dollars. If any person conducting a day nursery shall be found
7 guilty of a violation of any provision of sections fifty-eight to sixty-two,
8 inclusive, or of any rule or regulation, in any particular relating to the
9 safety of or the accommodations for the children, the board of health
10 shall issue an order directing that such nursery be closed, and remain
11 closed until such provision, rule or regulation has been complied with.

CHILDREN'S HEALTH CAMPS.

1 Section 62A. In each city and town which accepts this and the six
2 following sections, in a city by vote of its city council subject to the pro-
3 visions of its charter, or in a town by vote of its inhabitants, there shall,
4 except as provided by section sixty-two F, be established, without un-
reasonable delay, one or more children's health camps for the care and
treatment of children of school age in said city or town who upon exami-
nation are found to be in need of such care and treatment, but no child
shall be given care or medical treatment whose parent or guardian objects
thereto.

SECTION 62B. In each such city and town there shall be an unpaid
commission, called the commission on children's health camps, to consist
of the mayor or chairman of the board of selectmen, who shall have no
vote, the superintendent of schools, the members of the board of health,
all to serve ex officis, and also seven residents of such city or town to be
appointed by the mayor or the chairman of the board of selectmen. One
member of said board shall be designated as chairman by the mayor or
the chairman of the board of selectmen. Of the seven persons first ap-
pointed after such acceptance, two shall be appointed for terms of one
year each, two for terms of two years each, and three for terms of three
ten years each, and thereafter as the term of each member expires his suc-
cessor shall be appointed for the term of three years. Each appointment
made to fill a vacancy in said commission shall be for the balance of the
unexpired term.

SECTION 62C. Said commission shall establish, maintain and have
control of all children's health camps for the purposes named in section
sixty-two A, and in addition shall have the management of all sums
appropriated by the city or town for the maintenance of such children's
health camps. Said commission may receive in trust for the aforesaid
purposes any gift or bequest of money or securities and shall forthwith
transfer any money or securities so received to the city or town treasurer,
who shall administer the same as provided by the following section.

SECTION 62D. The city or town treasurer shall invest, reinvest and
hold in the name of said commission any money or securities, or the pro-
ceeds thereof, received from said commission under the preceding section,
and shall disburse the income or principal thereof on its order; provided,
that no disposition of either income or principal shall be made which is
inconsistent with the terms of the trust on which the property is held.
The treasurer shall furnish a bond satisfactory to the commission for the
faithful performance of his duties relative to such property.

SECTION 62E. The commission shall keep a record of its doings
and at the close of each financial year shall make a report to the city
or town, showing the total amount of such funds and other receipts,
together with investments, receipts and disbursements on account
of the same, setting forth in detail the sources of the receipts and the
purposes of the expenditures.

SECTION 62F. Any two or more such cities or towns may vote to
form, for such period of time not exceeding five years as such cities or
towns may from time to time determine, a union children's health
camp district for the purpose of establishing therein one or more union
children's health camps. The management of such union children's
health camps in such district shall be vested in an unpaid commis-
sion, called the commission on union children's health camps, to con-
sist of the following persons from each of the cities or towns constituting
Section 62G. No children's health camp shall be established under section sixty-two C or sixty-two F unless the location and construction plans of such camp have been approved by the department, which may inspect any camp at any time.

Section 62H. A contract for the care and treatment of children coming within the provisions of section sixty-two A, entered into by the commission on children's health camps of a city or town which accepts or has accepted sections sixty-two A to sixty-two G, inclusive, or by a commission on union children's health camps established or to be established under section sixty-two F, with the persons having control of any institution approved by the department in or near said city or town, shall, while such contract remains in force and effective, and in or near said city or town, shall, while such contract remains in force and effective, be deemed satisfactory compliance on the part of such city or town or union with the provisions of said sections sixty-two A to sixty-two G, inclusive, relative to the establishment and maintenance of children's health camps. No such contract shall become effective until it has been approved by the department.

STATE SANATORIA.

Section 63. The commissioner shall have general supervision and control of the sanatoria at Rutland, North Reading, Lakeville and Westfield, and shall see that the affairs of such institutions are conducted according to law, and to the by-laws and regulations established by the council in respect thereto. He may also establish out-patient departments, and may disseminate information as to the best methods of combating tuberculosis.

Annual inventory, etc.

Section 64. The commissioner shall annually cause to be made an accurate inventory of the stock and supplies on hand and the amount and value thereof at the end of the fiscal year at each sanatorium under the department; shall make a full and detailed annual report of the condition of each such sanatorium, and all its affairs, with a copy of the inventory required herein; shall receive and audit the annual report of the treasurer of each sanatorium and deposit the same, with said annual report, with the state secretary.

Section 65. Unless the commissioner considers that an exception should be made, citizens of the commonwealth shall be given preference in the admission of persons to the Rutland state sanatorium, and no person shall be admitted thereto who has not been a resident of the commonwealth for at least six months preceding the date of his application for admission.

Section 65A. The department may admit to the Lakeville state sanatorium persons suffering from extra-pulmonary tuberculosis; provided, that no person shall be admitted who has not been a resident of the commonwealth for at least twelve months preceding the date of his application for admission, and that preference shall be given to citizens of the commonwealth.

Section 66. The charges for the support of each inmate in a state sanatorium shall be seven dollars a week, and shall be paid quarterly. Such charges for those not having known settlements in the commonwealth shall be paid by it, and may afterward be recovered by the state treasurer of the inmates, if they are able to pay, or of any person or kindred bound by law to maintain them, or of the place of their settlement subsequently ascertained; but for those having known settlements in the commonwealth, the charges shall be paid either by the persons bound to pay them or by the town where such inmates had their settlement, unless security for the satisfaction of the commissioner is given for their support. If any person or town refuses or neglects to pay such charges the state treasurer may recover the same to the use of the sanatorium. A town which pays the charges for the support of an inmate of a state sanatorium shall have like rights and remedies to recover the amount thereof, with interest and costs, from the town of his settlement or from such person of sufficient ability, or from any person bound by lawful to maintain him, as if such charges had been incurred in the ordinary support of such inmate. If in any case the charges, as established by this section, for the support of an adult inmate are not paid in accordance with this section by the inmate or by the persons bound to pay them and a town becomes liable to pay them, such town shall be liable to pay such sum, in addition to such charges, as shall be fixed by the department, but the total amount including such charges shall not be less than the cost to the commonwealth for the support of such adult inmate. In such a case, the provisions of this section relative to the recovery of charges by the state treasurer, and by a town from the town of settlement, shall apply to the recovery of such total amount. This section shall not apply to patients received under any contract made under authority of section seventy-nine. In all proceedings under this section, the sworn written statement of a person that he is the superintendent of a state sanatorium or that he keeps or has custody of records of accounts of inmates thereof, and that a certain person has been an inmate therein during a certain period at a certain charge and that no satisfactory security was given shall be prima facie evidence of the said facts.

Section 67. The department may take and hold in trust gifts or bequests for the use of any sanatorium under its charge, and shall succeed to and retain the rights, powers and duties formerly held or acquired by the trustees of hospitals for consumptives.
1 Section 68. [Repealed, 1924, 477, § 4.]

1 Section 69. [Repealed, 1931, 426, § 14.]

PONDVILLE HOSPITAL.

1 Section 69A. Upon written application of a registered physician, the department may admit as a patient to the Pondville hospital, for treatment for cancer, subject to such rules and regulations as the department may prescribe, any person residing in the commonwealth for at least two years within the period of three years immediately prior to the date of such application. Any such patient may be discharged from said hospital either upon his own request or upon determination of the department, but not otherwise.

1 Section 69B. Notice of the admission of each such patient shall be given within thirty days by the department to the board of public welfare of the town whence he is admitted. The department shall ascertain whether or not each such patient has a legal settlement in any town in the commonwealth. If he has such a settlement, the department shall also send written notice of his admission as aforesaid to the board of public welfare of such town. Such notice shall be sent within thirty days after the date of such admission, if his settlement was then known to the department; otherwise within thirty days after his settlement is ascertained by the department.

1 Section 69C. The charges for the support of the patients at said hospital shall be at a rate determined from time to time by the department and shall be payable at least quarterly. The commissioner may accept security satisfactory to him for the payment of such charges for any period of time. Such charges for those not having known settlements in the commonwealth shall be borne by it, and may afterwards be recovered by the state treasurer of the patients, if they are able to pay, or of any person or kindred bound by law to maintain them, or of the place of their settlement subsequently ascertained; but recovery of such charges for any such patient having a known settlement in the commonwealth may be had, at the election of the department, either from the person or persons bound to pay them or from the town where such patient had his settlement, unless security to the satisfaction of the commissioner is given for his support. Any suit to recover such charges shall be brought by the state treasurer to the use of the hospital. The attorney general and district attorneys shall upon request bring action to recover said charges in the name of the state treasurer. A town which pays the charges or any other sum for the support of a patient at the hospital shall have like rights and remedies to recover the amount thereof, with interest and costs, from the town of his settlement or from such person of sufficient ability, or from any person bound by law to maintain him, as if such charges had been incurred in the ordinary support of such patient. In any case where the department elects to recover the charges, as established by this section, for the support of a patient, from a town of settlement, such town shall be liable to pay such sum, not exceeding the cost to the commonwealth, as may be determined by the department. Sums paid as aforesaid by the commonwealth or by any town shall not be deemed to have been paid as state aid or public relief, and no person shall be deemed to be in receipt of public
relief because of his inability to pay for his support in said hospital, but 30 while receiving such support he shall not acquire or lose, or be in the 31 process of acquiring or losing, a settlement. In all proceedings under 32 this section, the sworn written statement of a person that he is the 33 superintendent of said hospital or that he keeps or has custody of records 34 relating to inmates thereof, and that a certain person has been a duly 35 admitted patient therein during a certain period at a certain charge, 36 and that said charge has not been paid in whole or in part, and the 37 sworn written statement of the commissioner or of a member of the de- 38 partment that notice of admission of a certain person was given upon 39 a certain date to the board of public welfare of the place of settlement 40 of said person known to or ascertained by said department, that said 41 date was within thirty days after the place of settlement became known 42 to or was ascertained by the department, that the charges for support 43 of such person were determined pursuant to the provisions of this sec- 44 tion, and that no satisfactory security was given for his support, shall 45 be prima facie evidence of the said facts.

Section 69D. In an action for the recovery of charges against a 1 patient or person or kindred or place of settlement known at time of 2 admission the cause of action shall be deemed to have accrued upon 3 the last day of the period for which such charges are made. In an action 4 against a place of settlement subsequently ascertained the cause of ac- 5 tion shall be deemed to have accrued on the date of sending the notice 6 under section sixty-nine B to said place. In an action by any town for 7 recovery of a payment made by it under section sixty-nine C the cause 8 of action shall be deemed to have accrued on the date of such payment.

Hospitals.

Section 70. Hospitals supported in whole or in part by contrib- 1 butions from the commonwealth or from any town, incorporated hospi- 2 tals offering treatment to patients free of charge, and incorporated 3 hospitals conducted as public charities shall keep records of the treat- 4 ment of the cases under their care and the medical history of the same. 5 Such records and similar records kept prior to April twenty-fifth, nine- 6 teen hundred and five, shall be in the custody of the person in charge 7 of the hospital. Section ten of chapter sixty-six shall not apply to such 8 records; provided, that upon proper judicial order, whether in con- 9 nection with pending judicial proceedings or otherwise, or, except in the 10 case of records of hospitals under the control of the department of men- 11 tal diseases, upon order of the head of the state department having 12 supervision of such hospital, and in compliance with the terms of said 13 order, such records may be inspected and copies furnished on payment 14 of a reasonable fee.

Section 71. The department of public welfare may issue a license, 1 subject to revocation by it, to any person whom it deems suitable and 2 responsible to establish or keep for two years a maternity hospital, 3 hospital ward or other place for the reception, care and treatment of 4 women during pregnancy, delivery, or while recovering from delivery, if 5 the local board of health shall first certify to said department that, from 6 its inspection and examination of such hospital, hospital ward or other 7 place aforesaid, the same is suitable therefor.
Section 72. The department of public welfare shall have super-
vision of all such hospitals, hospital wards or other places, may make
necessary rules for their regulation, and may visit and inspect the same.
The said hospitals, hospital wards and other places shall also be sub-
ject to visitation and inspection at any time by the head of the police
department, or his authorized agent, or the board of health of a city,
or by the chief of police, selectmen or the board of health of a town,
and, if during the year it receives more than six patients, by the de-
partment of public health.

Section 73. Whoever establishes or keeps or is concerned in estab-
lishing or keeping a maternity hospital, hospital ward or other place
for the purpose mentioned in section seventy-one or is engaged in any
such business without such license, shall for a first offense be punished
by a fine of not more than five hundred dollars, and for a subsequent
offense by imprisonment for not more than two years.

Section 74. Any town not maintaining or managing a hospital may
annually appropriate a sum not exceeding five hundred dollars, to be
paid to a hospital established in such town or in the vicinity thereof,
for the establishment and maintenance of a free bed in the hospital
for the care and treatment of persons certified by the selectmen to be
residents of the town and unable to pay for such care and treatment.
This section shall not apply to cities.

Section 75. Whoever occupies or uses a building for a hospital in
a part of a town prohibited by the aldermen or selectmen shall forfeit
not more than fifty dollars for every month of such occupancy or use and
in like proportion for a shorter time. The supreme judicial or superior
court may restrain such occupancy or use.

Section 76. Every town placing its patients suffering from tubercu-
losis in a county, municipal or incorporated tuberculosis hospital in the
commonwealth, or in a building or ward set apart for such patients by
a county, municipal or incorporated hospital therein, shall be entitled
to receive from the commonwealth a subsidy of five dollars a week for
each patient who has a legal settlement therein, provided that such pa-
tient is unable to pay for his support, and that his kindred bound by
law to maintain him are unable to pay for the same; but a town shall
not become entitled to this subsidy unless, upon examination authorized
by the department, the sputum of such patient be found to contain
bacilli of tuberculosis, nor unless the hospital building or ward be ap-
droved by it, and it shall not give such approval unless it has by authority
of law, or by permission of the hospital, full authority to inspect the
same at all times. The department may at any time withdraw its
approval. In the case of hospitals having a bed capacity which, in the
opinion of the department, is in excess of the number of beds needed
for the localities which these institutions serve for patients exhibiting
tubercle bacilli in their sputum, the subsidy above provided shall be
allowed for such patients not exhibiting tubercle bacilli in their sputum
as, in the joint opinion of the superintendent or medical director of the
institution and of a member of the department designated by the com-
misssioner, are bona fide cases of pulmonary tuberculosis and have been
in the institution more than thirty days.
PUBLIC HEALTH. [CHAP. 111.

Counties to provide hospital care for certain persons suffering from tuberculosis. 1916, 286, §§ 1, 15. 1918, 187, § 1. 1919, 32, § 1. 1920, 352, § 1. 1924, 443; 500; 501, § 1.

Section 77. The department shall certify, in the case of each hospital, building or ward approved by it, as provided in the preceding section, the number of patients for whom the town is entitled to the subsidy, and upon such certification the subsidy shall be paid by the commonwealth. No claim shall be allowed for a subsidy covering more than ten days prior to the date when notice of the claim is received by the department.

Section 78. The county commissioners of each county in the commonwealth shall before September first, nineteen hundred and twenty-five, provide, as required by sections seventy-eight to ninety, inclusive, adequate hospital care for all persons residing in towns having less than one hundred thousand population as determined by the last national census, within the boundaries of their respective counties and suffering from tuberculosis, who need such hospital care and for whom adequate hospital provision does not already exist.

Section 79. A contract, entered into before September first, nineteen hundred and twenty-five, and approved by the department after a petition made to it and a public hearing thereon, between the county commissioners of any two or more counties for the express purpose of supplying within a reasonable time, as provided in the conditions of approval of the department, and guaranteeing adequate hospital provision for tubercular patients coming under section seventy-eight, shall be deemed satisfactory compliance with said section for such counties or sections of counties as are designated in the contract; and such contracts shall, subject to the approval of the department, be renewable upon terms satisfactory to the contracting parties; provided, that the term of any such contract entered into by the county commissioners of the counties of Hampshire, Hampden, Berkshire or Franklin shall be not less than five nor more than ten years and that the term of any such contract entered into by the county commissioners of any other county shall not exceed three years; and provided, further, that if such contracts are not renewed and approved by the department at least six months before they expire, or if the contracts are renewed and the department shall refuse approval on the ground that by reason of changed circumstances the contract will be inadequate properly to protect the public health of the communities affected by it, and the contracting parties fail, within three months before the time when the previous contract expires, to agree to a renewal of the contract upon terms approved by the said department, the duties and obligations relative to supplying adequate hospital care for such counties or sections of counties imposed upon county commissioners by sections seventy-eight to ninety, inclusive, shall be in full force and effect. The county commissioners of any county may in like manner and subject to the foregoing provisions relative to renewal contract with the department, for a term of not more than three years, for suitable hospital provision at not less than the actual cost to the commonwealth for tubercular patients from such county at any state sanatorium designated by the department, except that no such contract shall require or permit the treatment of an adult at the Westfield state sanatorium; and no such contract shall be made by the department unless in its opinion suitable accommodations can be furnished at such sanatorium for the treatment and care of such patients with-
out interfering with other functions of such sanatorium. Any such contract with the department shall be deemed satisfactory compliance with section seventy-eight.

1 Section 80. "Adequate" hospital provision for tubercular patients within the meaning of sections seventy-eight to ninety-one, inclusive, shall be held to mean at least one such hospital bed for each four deaths from tuberculosis in the district served by such hospitals, as determined by computing the average number of deaths from tuberculosis per annum for the years nineteen hundred and sixteen to nineteen hundred and twenty, inclusive, in the communities served by such hospitals, and by a similar quinquennial computation by the department therefor.

1 Section 81. Except as otherwise provided in sections seventy-eight to ninety, inclusive, or unless a contract has been entered into under section seventy-nine and approved by the department or made with said department, county commissioners shall, subject to the approval of the department, erect one or more tuberculosis hospitals within their respective counties. No new tuberculosis hospital shall be erected under sections seventy-eight to ninety, inclusive, having a total capacity of less than fifty beds; provided, that in the county of Berkshire, a hospital may be constructed having a capacity of as many less than fifty beds as the department shall approve.

1 Section 82. County commissioners shall, in carrying out sections seventy-eight to ninety, inclusive, raise and expend such sums of money for acquiring land and constructing and equipping hospitals, and for the purchase, alteration and enlargement of existing buildings, and for all other purposes, except for care, maintenance and repair as provided in section eighty-five A, as may be authorized by the general court. They may borrow, on the credit of the county, when so authorized by the general court, the said sums, and issue notes of the county therefor, with such interest as may be fixed under section thirty-nine of chapter thirty-five, payable semi-annually, or without interest, in which case they may sell such notes at such discount as they deem proper. The notes shall be signed by the county treasurer and countersigned by the county commissioners. The county may sell the said securities, at public or private sale, on terms and conditions deemed proper, but the proceeds shall be used only for the purposes for which such securities are issued. Said notes may be renewed from time to time without specific authorization from the general court until all the towns liable have paid to the county treasurer the amounts assessed under section eighty-three. Any amount of interest paid or due on said notes and renewals thereof may be similarly borrowed. All reimbursement from towns under said section eighty-three shall be applied to the payment of temporary debt incurred under this section.

1 Section 83. When the hospital is completed and equipped, the county commissioners shall determine the cost of the same, together with the interest paid or due on the bonds or notes issued therefor, and shall apportion the same to the several towns liable, in accordance with their valuation used in assessing county taxes. And each town liable to contribute to the construction and equipment of said hospital shall pay
its proportion of said expenses into the county treasury in such manner and in such instalments as the county commissioners by special order shall direct; and if any town shall neglect or refuse to pay its proportion as required by said order, the county commissioners shall, after notice to the town and unless sufficient cause is shown to the contrary, issue a warrant against it for the sum which it was ordered to pay, with interest, and the costs of the notice and warrant; and the same shall be collected and paid into the county treasury, to be applied in payment of the expenses aforesaid.

SECTION 84. [Repealed, 1931, 426, § 218.]

SECTION 85. The county shall provide for the care, maintenance and repair of said hospital, which shall, for the purposes of this section and section eighty-five A, include the care, maintenance and repair of any preventorium erected by said county in accordance with section eighty-five B and also the cost of its construction and original equipment except when the cost of its construction, original equipment, care, maintenance or repair is provided under said section eighty-five B to be paid from appropriations, and shall for said purposes include the establishment and maintenance of out-patient departments and the furnishing of supplementary diagnostic service under section eighty-five C. The county commissioners shall annually in January apportion the cost thereof, including interest paid or due on temporary notes issued therefor, for the previous year to the towns liable, in the same proportion in which the cost of the construction was assessed, and shall issue their warrant against the towns for the amount or percentage for which they are severally assessed to pay for the maintenance, care and repair of said hospital. The county, may, thirty days after a written demand for payment, recover in contract against any town liable to pay any part of the cost of construction, maintenance or repair of said hospital the amount for which it may be liable. County commissioners of counties whose patients are cared for by contract under section seventy-nine may raise and expend the sums necessary to carry out the provisions thereof, and may borrow the same on the credit of the county, and issue therefor notes of the county, payable, in not more than eighteen months from their respective dates of issue, from the reimbursements received from the said towns. They shall annually in January determine the total amount already expended by or due from the county under such contracts during the previous year, and shall apportion the same to and may collect the same from the several towns liable, in like manner as the cost of construction and equipment of hospitals is apportioned under section eighty-three, and the same shall be applied to the payment of the temporary debt incurred by said counties.

SECTION 85A. To provide such funds as may be necessary to meet the cost of the care, maintenance and repair of a county tuberculosis hospital in compliance with section eighty-five, the county commissioners may in any year borrow money on the credit of the county by temporary loans without specific authorization by the general court, and for such purposes, the county treasurer may, with the approval of the county commissioners, issue notes of the county therefor, maturing in not more than twelve months from their dates, and may from time to time renew the same.
9 until all the towns liable to assessment under said section eighty-five
10 have paid to the county treasurer the sums so assessed against them for
11 the aforesaid cost for said year. Receipts of said hospital shall be paid
12 to the county treasurer at such times as the county commissioners may
13 determine. Receipts of said hospital for said year and payments to the
14 county of the assessments made under section eighty-five to meet the
15 aforesaid cost for said year shall be applied to the payment of such tem-
16 porary loans.

1 Section 85B. The county commissioners of any county having a
2 tuberculosis hospital established under sections seventy-eight to ninety,
3 inclusive, may provide, with the approval of the department, proper and
4 necessary buildings and other equipment for a preventorium for the treat-
5 ment of children predisposed or susceptible to tuberculosis, at a cost not
6 to exceed three thousand dollars in any calendar year and any sum so
7 expended, unless provided to be paid from sums appropriated therefor as
8 hereinafter provided, shall be included in the cost of the care, maintenance
9 and repair of said hospital as provided in section eighty-five. The county
10 commissioners of any county may provide for the construction of such a
11 preventorium and/or for its care, maintenance and repair, out of sums
12 appropriated therefor; provided, that not more than three thousand
13 dollars shall be so appropriated in any one calendar year. The county
14 commissioners of any county not having a tuberculosis hospital estab-
15 lished as aforesaid may contract with a privately controlled preventorium,
16 approved by the department, for the care and treatment of children in
17 such county predisposed or susceptible to tuberculosis whose parents or
18 guardians are unable to support or care for them, at a cost to the county
19 of such sum as may be appropriated therefor, not exceeding three thou-
20sand dollars in any one calendar year; provided, that not more than the
21 ordinary and reasonable compensation for care or support actually ren-
22dered or furnished by it shall be paid by the county under any such con-
23tract. At any time when the cost of the care, maintenance and repair
24 of a preventorium is provided to be paid from an appropriation, said
25 preventorium shall be available for the treatment of children as aforesaid
26 throughout the county. No such child shall be admitted to a preven-
27torium, whether publicly or privately controlled, except with the approval
28 of the county commissioners.

1 Section 85C. The county commissioners of each county, in making
2 adequate hospital provision for tubercular patients, as required by sec-
3 tions seventy-eight to ninety-one, inclusive, may provide such adequate
4 out-patient departments as they deem proper to afford to persons entitled
5 thereto diagnostic service in respect to tuberculosis and to furnish advice
6 as to their care and treatment, and the county commissioners of any
7 county may, on request of the board of health of a town in their tubercu-
8 losis hospital district, supplement local facilities in such town in furnish-
9ing such diagnostic service.

1 Section 86. Subject to section eighty-two, county commissioners
2 may purchase, lease, or take by eminent domain under chapter seventy-
3 nine, such land, not exceeding five hundred acres, as they may deem neces-
4 sary or convenient for the purposes set forth in sections seventy-eight to
5 ninety, inclusive.
SECTION 87. County commissioners shall be trustees of the hospitals erected under sections seventy-eight to ninety, inclusive, shall make suitable regulations for their government, and shall appoint superintendents and other officers and employees necessary for the proper conduct thereof. The superintendents and other physicians employed shall be appointed subject to the approval of the department.

SECTION 88. Patients shall be admitted to the said hospitals through application by the boards of health of the towns served by the hospitals. The charges for the support of patients shall be based on the actual cost of their care and treatment, exclusive of all interest or other expenses pertaining to the construction, equipment or permanent upkeep of the institution. Patients paying for their care in whole or in part, or for whom such payment in whole or in part is made by others, may be admitted on terms fixed by the trustees; but all patients shall be admitted in the order of their application, and no preference shall be given to paying patients over others. The charge for the support of a patient in any hospital established under sections seventy-eight to ninety, inclusive, so far as the same or any part thereof is not paid by the patient or in his behalf, as aforesaid, shall be paid by the town sending him to the hospital. If the patient has no known settlement in the commonwealth the charge shall be paid by it, upon the approval of the bills by the department of public welfare, in the manner provided by section one hundred and sixteen. Such charges may afterward be recovered by the town or by the state treasurer, as the case may be, from the patient, if he is able to pay, or from any person or kindred bound by law to maintain him, in the manner provided by section sixty-six, for the recovery of unpaid charges for the support of inmates of the state sanatoria. All towns paying for the support of patients an amount exceeding fifty per cent of the actual cost of maintaining them in hospitals erected, or utilized by contract, under sections seventy-eight to ninety, inclusive, shall be entitled to any payment or repayments in like manner and subject to like conditions applicable to the support of tubercular patients in a town tuberculosis hospital.

SECTION 89. The situation, plans for construction and actual construction of new hospitals, or additions to existing hospitals, provided for carrying out sections seventy-eight to ninety, inclusive, shall be subject to the approval of the department.

SECTION 90. The mayors of Chelsea and Revere and the chairman of the selectmen of Winthrop shall have and exercise, for the purposes of sections seventy-eight to eighty-nine, inclusive, the powers given to county commissioners, and they are hereby designated as a board of trustees for the tuberculosis hospital district comprising Chelsea, Revere and Winthrop, and they shall provide adequate hospital care for persons residing therein suffering from tuberculosis who need such hospital care in like manner as required of county commissioners by section seventy-eight.

SECTION 91. Cities having one hundred thousand or more inhabitants as determined by the last national census, and cities and towns having less than one hundred thousand inhabitants as determined as
Section 23

4 aforesaid and already possessing and continuing to furnish satisfactory tuberculosis hospital provision, shall be exempt from the provisions of sections seventy-eight to ninety, inclusive; provided, that no city, town, or village within a tuberculosis hospital district shall become entitled to such exemption by reason of any change in the number of inhabitants of such city, and provided, further, that each city or town of less than one hundred thousand inhabitants as aforesaid, which on July first, nineteen hundred and twenty-seven or at any time thereafter shall have failed to furnish tuberculosis hospital provision to the satisfaction of the department in a tuberculosis hospital maintained by said city or town or in a building or ward of a hospital set apart by it for its tubercular patients, shall, upon receipt of written notification from the department of such failure, become and be a part of the district of the tuberculosis hospital for the county section thereof in which such city or town is situated; and provided, further, that any city or town may, at any time upon application and payment of its proportionate share of the actual construction costs, as hereinafter provided, of said county tuberculosis hospital, if any, become a part of the hospital district of the county or section thereof in which it is situated. Each city or town becoming by reason of its failure to comply with this section or upon application as aforesaid, a part of a county hospital district shall pay to the district treasurer its proportionate share of the actual construction costs of said county tuberculosis hospital, if any, including land, buildings and equipment, computed as of the date of such failure or such application. In case the city council of such city or the selectmen of such town and the trustees of such county tuberculosis hospital do not agree on the amount of such proportionate share within three months after the receipt by said city or town of written notification from the department of failure as aforesaid or within three months after application as aforesaid, the amount of such share shall be determined by a valuation board consisting of the mayor of the city or the chairman of the board of selectmen of the town, a person to be selected forthwith after the expiration of said three months' period by the county commissioners of the county in which such city or town is situated, and a third person to be selected by the other two. If the representatives of the city or town and the county do not, within thirty days after the selection of the county representative on said board, agree upon a third member thereof, such third member shall, on petition therefor by any party in interest to the supreme judicial court, be appointed by a justice thereof. The decision of a majority of said valuation board shall be final.

DANGEROUS DISEASES.

1 Section 92. Each city, except Brockton, shall, and each town may, and upon request of the department shall, establish and maintain constantly within its limits one or more hospitals for the reception of persons having smallpox, diphtheria, scarlet fever, tuberculosis or other diseases dangerous to the public health as defined by the department, unless there already exists therein a hospital satisfactory to the department for the reception of persons ill with such diseases, or unless some arrangement satisfactory to the department is made between neighboring municipalities for the care of such persons. All such hospitals established and maintained by cities and towns shall be subject to the orders and regulations of the boards of health thereof. Plans for construction of such hospitals hospital districts, when. Proportionate payments of cost of hospitals required. 1916, 256, § 4. 1924, 443, § 2. 500: 501, § 2. 1930, 339.
shall be approved by the department before they are constructed, and the district health officers shall annually make such examination of said hospitals, and all of other hospitals, sanatoria, asylums, homes, prisons and dispensaries, both public and private, caring for diseases dangerous to the public health, as in the opinion of the department may be necessary, and report as to their condition and needs to those responsible for their management. A city or town which, upon the request of the department, refuses or neglects to establish and maintain such a hospital shall forfeit not more than five hundred dollars; provided, that if, in the opinion of the boards of health of two or more adjoining municipalities, such hospitals can advantageously be established and maintained in common, the authorities of the said cities or towns may, subject to the approval of the department, enter into any agreements deemed necessary to establish and maintain the same. Cities and towns having a population of less than one hundred thousand inhabitants according to the last national census shall not be required by this section to make hospital provisions for tubercular patients.

**SECTION 93.** Physicians, nurses, attendants, patients and all persons approaching or coming within the limits of such hospitals, and all furniture and other articles used or brought there, shall be subject to the regulations of the board of health.

**SECTION 94.** The board of health of any town which has established or which may hereafter establish within its limits a hospital for the reception of persons having smallpox or any other disease dangerous to the public health may receive for care and treatment in such hospital persons from an adjoining town who are infected with any of said diseases.

187 Mass. 150.

**SECTION 95.** If a disease dangerous to the public health breaks out in a town, or if a person is infected or lately has been infected therewith, the board of health shall immediately provide such hospital or place of reception and such nurses and other assistance and necessities as is judged best for his accommodation and for the safety of the inhabitants, and the same shall be subject to the regulations of the board. The board may cause any sick or infected person to be removed to such hospital or place, if it can be done without danger to his health; otherwise the house or place in which he remains shall be considered as a hospital, and all persons residing in or in any way connected therewith shall be subject to the regulations of the board, and, if necessary, persons in the neighborhood may be removed. When the board of health of a town shall deem it necessary, in the interest of the public health, to require a resident wage earner to remain within such house or place or otherwise to interfere with the following of his employment, he shall receive from such town during the period of his restraint compensation to the extent of three fourths of his regular wages; provided, that the amount so received shall not exceed two dollars for each working day.

**SECTION 96.** A magistrate authorized to issue warrants may issue a warrant directed to the sheriff of the county or his deputy, or to any constable or police officer, requiring him, under the direction of the board of health, to remove any person infected with a contagious disease, or to
5 take up and impress convenient houses, lodging, nurses, attendants and
6 other necessaries. The removal authorized by this section may be made
7 to a hospital in any town established for the reception of persons having
8 smallpox or other disease dangerous to the public health, provided that
9 the assent of the board of health of the town to which such removal is to
10 be made shall first have been obtained.

1 Section 97. The two preceding sections, so far as they confer au-
2 thority for the removal of patients from their homes, shall apply only to
3 persons residing in boarding houses or hotels, or to two or more families
4 occupying the same dwelling, or in other cases where, in the opinion of the
5 board, the patient cannot properly be isolated.

4 disease dangerous to the public health, he shall, by warrant directed to the
5 sheriff or his deputy or to any constable, require him to impress as many
6 men as said magistrate may judge necessary to secure such baggage,
7 clothing or goods, and to post said men as a guard over the house or place
8 containing such articles to prevent persons from removing or coming near
9 the same until due inquiry is made into the circumstances.

Section 104. If a disease dangerous to the public health exists in a town, the selectmen and board of health shall use all possible care to prevent the spread of the infection, and shall give public notice of infected places to travelers by displaying red flags at proper distances and by all other means which, in their judgment, may be most effectual for the common safety. Whoever obstructs the selectmen, board of health or its agent in using such means, or wilfully removes, obliterates, defaces or handles such red flags or other signals, shall forfeit not less than ten nor more than one hundred dollars.

Section 105. If a physician or other person who is in any of the hospitals or places of reception mentioned in section ninety-five, or who attends, approaches or is concerned with them, violates a regulation of the board of health relative thereto, he shall forfeit not less than ten nor more than one hundred dollars.

Section 106. The board of health of a town near to or bordering upon an adjoining state may in writing appoint suitable persons, who shall attend at places by which travelers may pass from infected places without the commonwealth, and who may examine such travelers as the board suspects of bringing any infection dangerous to the public health, and, if necessary, restrain them from traveling until licensed thereto by the board of health of the town to which they may come. A traveler coming from an infected place who, without such license, travels within the commonwealth, unless to return by the most direct way to the state whence he came, after he has been cautioned to depart by the persons so appointed, shall forfeit not more than one hundred dollars.

Section 107. No person shall convey or cause to be conveyed through or from any town in the commonwealth the body of any person who has died of smallpox, scarlet fever, diphtheria or typhus fever until such body has been so encased and prepared as to preclude danger of contagion or infection by its transportation; and no town clerk, or clerk or agent of the board of health, shall give a permit for the removal of such body until he has received from the board of health of the city or from the selectmen of the town where the death occurred a certificate stating the cause of death, and that said body has been prepared in the manner prescribed in this section. The certificate shall be delivered to the agent or person receiving the body. Whoever violates this section shall forfeit not more than twenty-five dollars.

Section 108. If a prisoner in a jail or house of correction has a disease which, in the opinion of the physician of the board of health or of such other physician as it may consult, is dangerous to the safety and health of other prisoners or of the inhabitants of the town, the board shall, in writing, direct his removal to a hospital or other place of safety, there to be provided for and securely kept until its further order. If he recovers from the disease, he shall be returned to his former place of confinement. If the person so removed has been committed by order of court or under judicial process, the order for his removal, or a copy thereof attested by the presiding member of the board, shall be returned by him, with the doings thereon, into the office of the clerk of the court from which the
12 process of commitment was issued. No prisoner so removed shall thereby
13 commit an escape.

1 Section 109. A householder who knows that a person in his family
2 or house is sick of smallpox, diphtheria, scarlet fever or any other in-
3 fection or contagious disease declared by the department dangerous to
4 the public health shall forthwith give notice thereof to the board of health
5 of the town where he dwells. Upon the death, recovery or removal of
6 such person, the householder shall disinfect to the satisfaction of the
7 board such rooms of his house and articles therein as, in the opinion of the
8 board, have been exposed to infection or contagion. But the board may,
9 in its discretion, disinfect or fumigate all such premises as, in its opinion,
10 have been exposed to any infectious or contagious disease, at the expense
11 of the town, and may employ any proper and competent person to so
12 disinfect or fumigate. Whoever violates any provision of this section
13 shall be punished by a fine of not more than one hundred dollars.

1 Section 110. If either eye of an infant becomes inflamed, swollen
2 and red, or shows an unnatural discharge within two weeks after birth,
3 the nurse, relative or other attendant having charge of such infant shall
4 report in writing, within six hours thereafter, to the board of health
5 of the town where the infant is, the fact that such inflammation, swelling
6 and redness of the eyes or unnatural discharge exist. On receipt of such
7 report, or of notice of the same symptoms given by a physician as pro-
8 vided by the following section, the board of health shall take such imme-
9 diate action as it may deem necessary, including, so far as may be pos-
10 sible, consultation with an oculist and the employment of a trained nurse,
11 in order that blindness may be prevented. Whoever violates this section
12 shall be punished by a fine of not more than one hundred dollars.

1 Section 111. If a physician knows that a person whom he visits is
2 infected with smallpox, diphtheria, scarlet fever or any other disease
3 declared by the department dangerous to the public health, or if either
4 eye of an infant whom or whose mother a physician, or a hospital medical
5 officer registered under section nine of chapter one hundred and twelve,
6 visits becomes inflamed, swollen and red, or shows an unnatural discharge
7 within two weeks after birth, he shall immediately give written notice
8 thereof, over his own signature, to the board of health of the town; and
9 if he refuses or neglects to give such notice he shall forfeit not less than
10 fifty nor more than two hundred dollars.

1 Section 112. If the board of health of a town has had notice of
2 a case of any disease declared by the department dangerous to the
3 public health therein, it shall within twenty-four hours thereafter give
4 notice thereof to the department, stating the name and the location of
5 the patient so afflicted, and upon request the department shall forth-
6 with certify any such reports to the department of public welfare.
7 The provisions of this section and of sections one hundred and nine and
8 one hundred and eleven shall not apply to gonorrhoea and syphilis, the
9 same having been declared to be diseases dangerous to the public health.
10 Said diseases shall be reported to local boards of health, either directly
11 or through the department, in accordance with such special rules and
regulations as the department may make, having due regard for the 12
best interest of the public.

SECTION 113. Every board of health shall keep a record of all reports
received pursuant to sections one hundred and nine to one hundred and
eleven, inclusive, containing the name and location of all persons who
are sick, their disease, the name of the person reporting the case, and the
date of such report or other data required by the department. Such
records shall be kept in the manner or upon forms prescribed by the de-
partment. The board shall give immediate information to the school
committee of all contagious diseases so reported to it. Every board shall
appoint some person, who may or may not be a member of the board,
who shall give notice, as provided in the preceding section, to the depart-
ment of diseases dangerous to the public health; and in case of the absence
or disability of such appointee the board shall appoint another person to
perform this duty during such absence or disability. Such appointments
and the acceptance thereof by the persons so appointed shall be placed
upon the records of the board. Any person, having accepted such ap-
pointment, who wilfully refuses or wilfully neglects or through gross
negligence fails to make and send the notices required by the preceding
section as provided therein shall be punished by a fine of not more than
fifty dollars.

SECTION 114. A claim of a town against the commonwealth for
reasonable expenses incurred by the board of health in making the
provision required by law for persons infected with a disease dangerous
to the public health shall not be defeated by reason of the failure on
the part of the board to give notice of such disease to the department
under section one hundred and twelve, if such claim is otherwise a valid
claim against the commonwealth.

SECTION 115. Expenses incurred by a town in the removal of nu-
sances or for the preservation of the public health, for which any person
is liable, may be recovered in contract.

SECTION 116. Reasonable expenses incurred by boards of health or
by the commonwealth in making the provision required by law for
persons infected with smallpox or other disease dangerous to the public
health shall be paid by such person or his parents, if he or they be able
to pay, otherwise by the town where he has a legal settlement, upon
the approval of the bill by the board of health of such town or by the de-
partment of public welfare; but such expenses shall not be recovered from
a town liable therefor, unless proceedings to recover the same are com-
enced within two years after the cause of action arises. Such settle-
ment shall be determined by the board of public welfare, and by the 10
department of public welfare in cases cared for by the commonwealth. 11
If the person has no settlement, such expenses shall be paid by the 12
commonwealth, upon the approval of bills therefor by the department of 13
public welfare. In all cases of persons having settlements, a written 14
notice shall be sent by the board of health of the town where the person
is sick to the board of health of the town where such person has a settle-
ment, who shall forthwith transmit a copy thereof to the board of public
Section 117. Each city shall provide for treatment, either in a hospital or as out-patients, of indigent persons suffering from contagious or infectious venereal diseases.

Section 118. No discrimination shall be made against the treatment of venereal diseases in the out-patient department of any general hospital supported by taxation in any city where special hospitals, other than hospitals connected with penal institutions, are not provided for the treatment of such diseases at public expense; but any such hospital may establish a separate ward for their treatment.

Section 119. Hospital, dispensary, laboratory and morbidity reports and records pertaining to gonorrhoea or syphilis shall not be public records, and the contents thereof shall not be divulged by any person having charge of or access to the same, except upon proper judicial order or to a person whose official duties, in the opinion of the commissioner, entitle him to receive information contained therein. Violations of this section shall for the first offence be punished by a fine of not more than fifty dollars, and for a subsequent offence by a fine of not more than one hundred dollars.

1895, 530, § 3. 1918, 96, §§ 1, 3. 1919, 530, § 97.

Section 120. Laboratory, dispensary and morbidity reports and records of cases of gonorrhoea or syphilis, other than the permanent records of hospitals and institutions, shall be destroyed at the expiration of five years from the year when made.

1918, 96, § 2.

Section 121. An inmate of a public charitable institution or a prisoner in a penal institution who is afflicted with syphilis, gonorrhoea or pulmonary tuberculosis shall be forthwith placed under medical treatment, and if, in the opinion of the attending physician, it is necessary, he shall be isolated until danger of contagion has passed or the physician determines his isolation unnecessary. If at the expiration of his sentence he is afflicted with syphilis, gonorrhoea or pulmonary tuberculosis and disturbing to the public or the institution, the握住 of the board of the town or city in which the institution is situated may petition the court to have him committed to the warehouse, prison, almshouse, hospital or other institution for the care, support and treatment of insane persons or criminals, where he shall remain until such disease is cured or the court shall order his discharge.

Section 122. The board of health shall examine into all nuisances, sources of filth and causes of sickness within its town, or on board of vessels within the harbor of such town, which may, in its opinion, be injurious to the public health, shall destroy, remove or prevent the same as the case may require, and shall make regulations for the public health and safety relative thereto and to articles capable of containing or conveying infection or contagion or of creating sickness brought into or conveyed from the town or into or from any vessel. Whoever violates any such regulation shall forfeit not more than one hundred dollars.

Section 123. Said board shall order the owner or occupant of any private premises, at his own expense, to remove any nuisance, source of filth or cause of sickness found thereon within twenty-four hours, or within such other time as it considers reasonable, after notice; and an owner or occupant shall forfeit not more than twenty dollars for every day during which he knowingly violates such order.

Section 124. Such order shall be in writing, and may be served personally on the owner, occupant or his authorized agent by any person authorized to serve civil process; or a copy of the order may be left at the last and usual place of abode of the owner, occupant or agent, if he is known and within the commonwealth. If the premises are unoccupied and the residence of the owner or agent is unknown or is without the commonwealth, the board may order the notice to be served by posting it on the premises and by advertising it in one or more newspapers.

Section 125. If the owner or occupant fails to comply with such order, the board may cause the nuisance, source of filth or cause of sickness to be removed, and all expenses incurred thereby shall be paid by the person who caused or permitted the same, if he has had actual notice from the board of health of the existence thereof.

Section 126. If the city council of a city, or a town having a population of more than one thousand, accepts this section, or has accepted
3 corresponding provisions of earlier laws, no privy vault shall be con- 4 structed upon premises connected with a common or private sewer or 5 abutting on a public or private street, court or passageway in which 6 there is a common sewer opposite thereto, without permission in writ- 7 ing having first been obtained from the board of health. And if, in 8 the opinion of said board, a privy vault so situated is injurious to the 9 public health, it shall declare the same a nuisance and forbid its con- 10 tinuance, and the three preceding sections shall apply thereto.

1 Section 127. The board of health of a city, and the board of health 2 of a town, if authorized by the town, may make and enforce regulations 3 for the public health and safety relative to house drainage and connection 4 with common sewers, if such a sewer abuts the estate to be drained. 5 Whoever violates any such regulation shall forfeit not more than one 6 hundred dollars.

1 Section 128. The board of health, if satisfied upon examination that 2 a building, tenement, room or cellar in its town occupied as a dwelling 3 place has become, by reason of the number of occupants, uncleanliness 4 or other cause, unfit for such purpose, and may become a nuisance or 5 be a cause of sickness to the occupants or to the public, may issue a 6 written notice to such occupants or any of them, requiring the premises 7 to be put into a cleanly condition, or vacated within such time as the 8 board may deem reasonable. If the persons so notified neglect or re- 9 fuse to comply with the notice, the board may cause the premises to 10 be properly cleansed at the expense of the owner, or may remove the 11 occupants forcibly and close up the premises, which shall not be again 12 occupied as a dwelling place without its written permission. If the 13 owner thereafter occupies or knowingly permits the same to be occupied 14 without such permission he shall forfeit not less than ten nor more 15 than fifty dollars.

1 Section 129. If a person is convicted on an indictment for a com- 2 mon nuisance injurious to the public health, the court may order the 3 nuisance to be removed or destroyed at the expense of the defendant, 4 under the direction of the board of health.

1 Section 130. The superior court, either before or pending a prose- 2 cution for a common nuisance affecting the public health, may enjoin 3 the maintenance of such nuisance until the matter is decided or the 4 injunction dissolved.

1 Section 131. If the board considers it necessary for preservation of 2 life or health to enter any land, building or premises, or go on board a 3 vessel within its town, to examine into and destroy, remove or prevent 4 a nuisance, source of filth or cause of sickness, and the board, or any 5 agent thereof sent for that purpose, is refused such entry; any member 6 of the board or such agent may make complaint to a justice of any 7 court of record or to a magistrate authorized to issue warrants, who 8 may thereupon issue a warrant, directed to the sheriff or any of his 9 deputies, to such member or agent of the board, or to any constable 10 of such town, commanding him to take sufficient aid and at any reason-
able time repair to the place where such nuisance, source of filth or 11
cause of sickness complained of may be, and to destroy, remove or 12
prevent the same, under the direction of the board.

SECTION 132. Land which is wet, rotten or spongy, or covered with 1
stagnant water, so as to be offensive to residents in its vicinity or in- 2
jurious to health, shall be deemed a nuisance, which the board of health 3
of the town where it lies, upon petition and hearing, may abate in the 4
manner provided in the seven following sections; but if the expense of 5
abatement will exceed two thousand dollars, such abatement shall not 6
be made without a previous appropriation therefor.

225 Mass. 467.

SECTION 133. Whoever is injured by such nuisance may, by petition 1
describing the premises upon which it is alleged to exist and stating 2
the nature of the nuisance complained of, apply to the board for its 3
abatement; whereupon such board shall view the premises and examine 4
into the nature and cause of such nuisance.

SECTION 134. Upon such examination, if the board is of opinion that 1
the petition should be granted, it shall appoint a time and place for a 2
hearing, first giving reasonable notice thereof to the petitioners, to the 3
persons whose lands it may be necessary to enter upon to abate the 4
nuisance, and to any other persons who may be damaged or benefited 5
by the proceedings, and to the mayor or the chairman of the selectmen, 6
unless the selectmen constitute the board of health, that they may be 7
heard upon the necessity and mode of abating such nuisance, the ques- 8
tion of damages, and of the assessment and apportionment of the exp- 9
enses of the abatement.

SECTION 135. Such notice shall be in writing, and may be served, 1
by any person authorized to serve civil process, by personal service 2
upon the mayor or chairman of the selectmen, the petitioners, the 3
owner or occupant of any land upon which it may be necessary to enter 4
or which may be benefited by the abatement, or the authorized agent of 5
such owner or occupant, or by leaving an attested copy of such notice 6
at the last and usual place of abode of such persons; but if the land 7
is unoccupied and the owner or agent is unknown or out of the common-wealth, the notice to such owner may be served by posting an attested 8
copy thereof upon the premises, or by advertising in one or more news- 9
papers in such manner and for such length of time as the board may 10
order.

SECTION 136. At the time and place appointed therefor, the board 1
shall hear the parties, and thereafter may cause such nuisance to be 2
abated by entering upon any land and by making such excavations, 3
embankments and drains therein and under and across any ways as 4
may be necessary; and shall also determine in what manner and at 5
whose expense the improvements shall be kept in repair, shall estimate 6
and award the damage sustained by and the benefit accruing to any 7
person by reason of such improvements, and what proportion of the 8
expense of making and keeping the same in repair shall be borne by 9
the town and by the persons benefited thereby. The board shall forti-
11 with give notice of its decision, in the manner required in the preceding
12 section, to the parties to whom notice is required to be given by section
13 one hundred and thirty-four and to the assessors of said town. The
14 expense of making and keeping such improvements in repair shall be
15 assessed by the assessors upon the persons benefited thereby, as ascen-
16 tained by said decision, shall be included in their taxes, shall be a lien
17 upon the land benefited thereby, and shall be collected in the same
18 manner as other taxes upon land. Apportionment of assessments under
19 this section may be made and the parts thereof be collected as provided
20 in chapter eighty.

1 Section 137. A person entitled to notice under section one hundred
2 and thirty-four, who is aggrieved by the decision of said board or of the
3 commissioners appointed under section one hundred and forty that the
4 land described in the petition is a nuisance, may appeal therefrom to the
5 superior court, if, within twenty-four hours after notice of such decision,
6 he gives written notice to said board of his intention so to do, and within
7 seven days thereafter files a petition in the superior court stating his
8 grievance and the action of said board thereon, and enters into such
9 recognizance as said court shall order. Said court may hear and deter-
10 mine such appeal, pending which all proceedings by the board of health
11 relative to such nuisance shall be stayed.

1 Section 138. Whoever is aggrieved by such decision in the award
2 of damages or in the determination of benefits accrued or in the appor-
3 tionment of the expense may, within three months after notice thereof,
4 petition the superior court under chapter seventy-nine or chapter eighty,
5 first giving one month's notice in writing to the mayor and aldermen or
6 selectmen of his intention so to do, and particularly specifying therein his
7 objections to said decision. Such petition shall otherwise be made in like
8 manner and the proceedings thereon shall be the same as in case of land
9 taken or betterments assessed under said chapters, respectively.

1 Section 139. The board shall, within thirty days after the abatement
2 of such nuisance, make return of its doings to the town clerk, who shall
3 record them in the town records.

1 Section 140. If the board unreasonably refuses or neglects to pro-
2 ceed in the matter of said petition, the petitioner may apply to the
3 superior court, which, upon a hearing and for good cause shown, may
4 appoint three commissioners, who shall proceed in the manner provided
5 in sections one hundred and thirty-three to one hundred and thirty-nine,
6 inclusive.

1 Section 141. Whoever is aggrieved by the neglect or refusal of the
2 board of health to pass all proper orders abating a nuisance may apply
3 to the county commissioners, who may hear and determine such appli-
4 cation and exercise in such case all the powers of such board. The
5 applicant shall, within twenty-four hours after such neglect or refusal,
6 file with said board a written notice to the adverse party of his intention
7 so to apply, and within seven days shall present a petition to one of the
8 county commissioners, stating the grievances complained of and the
9 action of the board of health thereon.
Section 142. Each county commissioner, when acting under the preceding section, shall tax three dollars a day for time and five cents a mile for travel to and from the place of meeting, which shall be paid into the county treasury; and such costs shall in the first instance be paid by the applicant, and the commissioners may award that costs of the proceeding shall be paid by any party thereto.

Section 143. Boards of health may from time to time assign certain places for the exercise of any trade or employment which is a nuisance or hurtful to the inhabitants, injurious to their estates, dangerous to the public health, or is attended by noisome and injurious odors, and may prohibit the exercise thereof within the limits of the town or in places not so assigned. Such assignments shall be entered in the records of the town, and may be revoked when the board shall think proper.

Section 144. If a place or building so assigned becomes a nuisance by reason of offensive odors or exhalations therefrom, or is otherwise hurtful or dangerous to the neighborhood or to travelers, the superior court may, on complaint of any person, revoke such assignment, prohibit such further use of such place or building, and cause the nuisance to be removed or prevented.

Section 145. Whoever is injured in the comfort or enjoyment of his estate by such nuisance may recover in tort the damages sustained thereby.

Section 146. Orders of prohibition issued under section one hundred and forty-three shall be served by an officer qualified to serve civil process upon the occupant or person having charge of the premises where such trade or employment is exercised, and the board shall take all necessary measures to prevent such exercise. Whoever refuses or neglects for twenty-four hours thereafter to obey the same shall forfeit not less than fifty nor more than five hundred dollars.

Section 147. Whoever is aggrieved by an order made under section one hundred and forty-three or one hundred and fifty-two may, within three days after service of the order upon him, give written notice of appeal to the board, and file a petition for a jury in the superior court in the county where the premises affected are located, and, after notice to the board, may have a trial in the same manner as other civil cases are tried by jury. If by mistake of law or fact or by accident he fails within said three days to apply as aforesaid, and if it appears to the court that such failure was caused by such mistake or accident, and that he has not, since the service of such order upon him, violated it, he may within thirty days after the service of the order upon him apply for a jury.

Section 148. Such trade or employment shall not be exercised contrary to the order while such proceedings are pending, unless specially authorized by the board; and if so specially authorized all further
proceedings by the board shall be stayed while such proceedings are pending. Upon any violation of the order, unless specially authorized as aforesaid, the proceedings shall forthwith be dismissed.

1 Section 149. The verdict may alter, affirm or annul the order, and shall be returned to the court for acceptance; and if accepted, shall have the authority and effect of a valid order of the board, and may also be enforced by the court in equity.

1 Section 150. If the order is affirmed by the verdict, the board shall recover costs to the use of the town; if it is annulled and the petitioner has not been specially authorized by said board to exercise such trade or employment during the proceedings, he shall recover damages and costs against the town; if it is annulled and the petitioner has been specially authorized as aforesaid, or if it is altered, he shall not recover damages, and the court may render judgment for costs in its discretion.

1 Section 151. No person shall occupy or use a building for carrying on the business of slaughtering cattle, sheep or other animals, or for a melting or rendering establishment, or for other noxious or offensive trade or occupation, or permit or allow said trade or occupation to be carried on upon premises owned or occupied by him, without first obtaining the written consent and permission of the mayor and city council, or of the selectmen, or, in any town having a population of more than five thousand, of the board of health, if any, of the town where the building or premises are situated. This section shall not apply to any building or premises occupied or used for said trade or occupation on May eighth, eighteen hundred and seventy-one; but no person who used or occupied any building or premises on said date for said trades or occupations shall enlarge or extend the same without first obtaining the written consent and permission of the mayor and council or the selectmen, or, in any town having a population of more than five thousand, of the board of health, if any.

1 Section 152. If any buildings or premises are so occupied or used, the department shall, upon application, appoint a time and place for hearing the parties, and, after due notice thereof to the party against whom the application is made and a hearing, may, if in its judgment the public health, comfort or convenience so require, order any person to desist from further carrying on said trade or occupation in such buildings or premises; and no person shall thereafter continue so to occupy or use such buildings or premises. Whoever occupies or uses any building or premises in violation of this or the preceding section shall forfeit not more than two hundred dollars for each month of such occupancy or use and in like proportion for a shorter time.

1 Section 153. The superior court may restrain the unauthorized occupancy, use or extension of any building or premises occupied or used for the trades or occupations aforesaid, and enforce the orders of the department issued under the preceding section; but this and the two preceding sections shall not impair any other remedies against nuisances.
SECTION 154. A person engaged in or desiring to engage in the business of killing horses, or in the rendering of horses or other animals, shall annually in March apply for a license to the board of health of the town where such business is to be carried on. The application shall be in writing and signed by the persons desiring to carry on such business, or, if the applicant is a corporation, by a duly authorized officer thereof. It shall state the names in full and the addresses of all persons desiring to carry on such business, or, if a corporation is the applicant, the names of all its officers, and the street or other place where the business is to be conducted. The board of health of a town may grant such licenses after it is satisfied that the applicants have a suitable building and plant in a situation approved by said board, and that they have suitable trucks or wagons for the removal of dead animals. The license shall state the name of the licensee, the situation of the building or establishment where the business is to be carried on, and shall continue in force until April first of the year next ensuing unless sooner revoked. The board of health shall keep a record of such licenses granted by it, and shall notify the director of animal industry of the granting of any such license, giving the name and address of the licensee. The fee for a license shall not exceed one dollar, and a license may be revoked at any time by the board of health. Licensees shall report to the director of animal industry, in such form and at such times as he may order, every animal received by them which is infected with a contagious disease. No unlicensed person shall carry on the business of killing horses or of rendering horses or other animals. So much of section thirty of chapter one hundred and twenty-nine as provides that no person shall knowingly sell an animal with a contagious disease shall not apply to any person who sells such animal to a licensee under this section, if such animal is to be killed or rendered at the establishment of such licensee. Whoever violates this section shall be punished by a fine of not more than two hundred dollars or by imprisonment for not more than three months, or both.

STABLES.

SECTION 155. No person shall erect, occupy or use for a stable any building in a city, or in a town having more than five thousand inhabitants, unless such use is licensed by the board of health, and, in such case, only to the extent so licensed. This section shall not prevent any such occupation and use authorized by law on May fourth, eighteen hundred and ninety-five, to the extent and by the person so authorized, but the board of health of such a city or town may make such regulations or orders as, in its judgment, the public health requires relative to drainage, ventilation, size and character of stalls, bedding, number of animals and storage and handling of manure in any stable in its city or town.

SECTION 156. No person shall in a city occupy or use a building for a livery stable, or a stable for taking or keeping horses and carriages for hire or to let, within two hundred feet of a church or meeting house erected and used for the public worship of God, without the written consent of the religious society or parish worshipping therein; but this section shall not prevent such occupation and use if authorized by law on May seventeenth, eighteen hundred and ninety-one, to the extent then authorized.
SECTION 157. Whoever violates any provision of the two preceding sections or of a regulation or order made thereunder shall be punished by a fine of five dollars for each day such violation continues.

SECTION 158. The selectmen of towns having a population of five thousand or less may license suitable persons to keep more than four horses in specified buildings or places within their respective towns, and may revoke such licenses at pleasure. Whoever, not being licensed as aforesaid, occupies or uses a building or place for a stable for more than four horses shall forfeit not more than fifty dollars for every month he so occupies or uses such building or place, and in like proportion for a shorter time. The superior court may restrain the erection, occupancy or use of stables contrary to this section or section one hundred and fifty-five or one hundred and fifty-six.

WATER SUPPLY.

SECTION 159. The department shall have the general oversight and care of all inland waters and of all streams and ponds used by any city, town, water supply or fire district or public institution or by any water or ice company in the commonwealth as sources of ice or water supply and of all springs, streams and watercourses tributary thereto. It shall be provided with maps, plans and documents suitable for such purposes, and shall keep records of all its transactions relative thereto.

It shall give notice to the attorney general of any violation of law relative to the pollution of water supplies and inland waters.

SECTION 160. The department may cause examinations of such waters to be made to ascertain their purity and fitness for domestic use, or the possibility of their impairing the interests of the public or of persons lawfully using them or of imperilling the public health. It may make rules and regulations to prevent the pollution and to secure the sanitary protection of all such waters used as sources of water supply. It may delegate the granting and withholding of any permit required by such rules or regulations to state departments, boards and commissions and to selectmen in towns, and to boards of health, water boards and water commissioners in cities and towns, to be exercised by such selectmen, departments, boards and commissions, subject to such recommendation and direction as shall be given from time to time by the department; and upon complaint of any person interested, the department shall investigate the granting or withholding of any such permit, and make such orders relative thereto as it may deem necessary for the protection of the public health. Whoever violates any such orders, rules or regulations shall be punished by a fine of not more than five hundred dollars, to the use of the commonwealth, or by imprisonment for not more than one year, or both.

SECTION 161. The publication of an order, rule or regulation made by the department under the preceding or the following section in a newspaper of the town where such order, rule or regulation is to take effect or, if no newspaper is published in such town, the posting of a copy of such order, rule or regulation in a public place therein shall be legal notice to all persons; and an affidavit of such publication or effect of publication of rule, etc.

1899, 308. 1890, 725. 114.
posting by the person causing such notice to be published or posted, filed and recorded, with a copy of the notice, in the office of the town clerk, shall be admitted as evidence of the time when and the place and manner in which the notice was given.

 SECTION 162. Upon petition to the department by the mayor of a city or the selectmen of a town, the managing board or officer of any public institution, or by a board of water commissioners, or the president of a water or ice company, stating that manure, excrement, garbage, sewage or any other matter pollutes or tends to pollute the waters of any stream, pond, spring or watercourse used by such city, town, institution or company as a source of water supply, the department shall appoint a time and place within the county where the nuisance or pollution is alleged to exist for a hearing, and after notice thereof to parties interested and a hearing, if in its judgment the public health so requires, shall, by an order served upon the party causing or permitting such pollution, prohibit the deposit, keeping or discharge of any such cause of pollution, and shall order him to desist therefrom and to remove any such cause of pollution; but the department shall not prohibit the cultivation and use of the soil in the ordinary methods of agriculture if no human excrement is used thereon. The department shall not prohibit the use of any structure in existence on June Eleventh, eighteen hundred and ninety-seven, upon a complaint made by the board of water commissioners of any town or by any water or ice company unless such board of water commissioners or company files with the department a vote of its city council, selectmen or company that such town or company will at its own expense make such changes in said structure or its location as said department shall deem expedient. Such vote shall be binding on such town or company. All damages caused by such changes shall be paid by such town or company; and if the parties cannot agree thereon, the damages may be recovered under chapter seventy-nine. Whoever violates such an order shall be punished by a fine of not more than five hundred dollars, to the use of the commonwealth, or by imprisonment for not more than one year, or both.

 SECTION 163. Whoever is aggrieved by an order made under the preceding section may appeal therefrom as provided in section one hundred and forty-seven; but such notice as the court shall order shall also be given to the board of water commissioners and mayor, or chairman of the selectmen, or president or other officer of the water or ice company interested in such order. While the appeal is pending the order of the department shall be complied with, unless otherwise authorized by it.

 SECTION 164. The supreme judicial or superior court, upon the application of the department or of any party interested, may enforce the orders, rules and regulations of said department, and restrain the use or occupation of the premises or such portion thereof as said department may specify on which the material is deposited or kept, or such other cause of pollution exists, until the orders, rules and regulations of the department have been complied with.

 SECTION 165. The agents and servants of the department may enter any building, structure or premises to ascertain whether sources of pollution or danger to the water supply there exist, and whether
4 the rules, regulations and orders aforesaid are obeyed. Their com-
5 pensation for services rendered in connection with proceedings under
6 section one hundred and sixty-two shall be fixed by the department,
7 and shall in the first instance be paid by the commonwealth; but the
8 whole amount so paid shall, at the end of each year, be justly and
9 equitably apportioned by the commissioner of corporations and taxation
10 between such towns or companies as, during said year, have instituted
11 said proceedings, and may be recovered in an action by the state treas-
12 urer, with interest from the date of demand.

1 Section 166. The seven preceding sections shall not apply to the
2 Connecticut river. The four preceding sections and so much of sections
3 one hundred and fifty-nine to one hundred and sixty-one, inclusive, as
4 refers to domestic water supplies shall not apply to the Merrimack river,
5 or to so much of the Concord river as lies within the limits of Lowell,
6 or to springs, streams, ponds or watercourses over which the metro-
7 politan district commission has control.

1 Section 167. No sewage, drainage, refuse or polluting matter, of
2 such kind and amount as either by itself or in connection with other
3 matter will corrupt or impair the quality of the water of any pond
4 or stream used as a source of ice or water supply by a town, public
5 institution or water company for domestic use, or render it injurious
6 to health, and no human excrement, shall be discharged into any such
7 stream or pond, or upon their banks if any filter basin so used is there
8 situated, or into any feeders of such pond or stream within twenty
9 miles above the point where such supply is taken.

1 Section 168. The preceding section shall not destroy or impair
2 rights acquired by legislative grant prior to July first, eighteen hundred
3 and seventy-eight, or destroy or impair prescriptive rights of drainage
4 or discharge to the extent to which they lawfully existed on that date;
5 nor shall it be applicable to the Merrimack or Connecticut rivers, or to
6 so much of the Concord river as lies within the limits of Lowell.

1 Section 169. The supreme judicial or superior court, upon applica-
2 tion of the mayor of a city, the selectmen of a town, the managing board
3 or officer of a public institution, or a water or ice company which is inter-
4 ested, may enjoin the violation of section one hundred and sixty-seven.

1 Section 170. Whoever wilfully and maliciously defiles or corrupts
2 any spring or other source of water, or reservoir, or destroys or injures
3 any pipe, conductor of water or other property pertaining to an aqueduct,
4 or aids or abets in any such trespass, shall be punished by a fine of not
5 more than one thousand dollars or by imprisonment for not more than
6 one year.

1 Section 171. Whoever wilfully deposits excrement or foul or decay-
2 ing matter in water used for domestic water supply, or upon the shore
3 thereof within five rods of the water, shall be punished by a fine of not
4 more than fifty dollars or by imprisonment for not more than one
5 month. A police officer or constable of a town where such water is
6 wholly or partly situated, acting within the limits of his town, and any
executive officer or agent of a water board, board of water commissioners, public institution or water company furnishing water or ice for domestic purposes, acting upon the premises of such board, institution or company and not more than five rods from the water, may without a warrant arrest any person found in the act of violating this section, and detain him until a complaint can be made against him therefor. But this section shall not interfere with the sewage of a town or public institution, or prevent the enrichment of land for agricultural purposes by the owner or occupant thereof.

Section 172. Whoever bathes in a pond, stream or reservoir the water of which is used for domestic water supply for a town shall be punished by a fine of not more than ten dollars.

R. L. 75, § 129.

Section 173. Any police officer or constable of a town where any pond, stream or reservoir used for domestic water supply is wholly or partly situated, acting within the limits of his town, and any executive officer of a water board, board of water commissioners, public institution or water company, furnishing water for domestic purposes, or agent of such water board, board of water commissioners, public institution or water company, duly authorized in writing by such board, institution or company, acting upon the premises of such board, institution or company and not more than five rods from the water for such supply may, without a warrant, arrest any person found in the act of bathing in a pond, stream or reservoir the water of which is used for the purpose aforesaid, and detain him in some convenient place until a complaint can be made against him therefor.

Section 174. Whoever, not being engaged in cutting or harvesting ice, or in hauling logs, wood or lumber, drives any animal on the ice of a pond or stream used for domestic water supply for a town shall be punished by a fine of not more than fifty dollars or by imprisonment for not more than one month.

Section 174A. In order to preserve the purity and prevent the pollution of the waters of any reservoir, pond, stream or standpipe used for domestic water supply by the metropolitan water district or by a town, water supply or fire and water district, public institution or water company, the public board or commission, or the governing board in case of a water company, having control of such waters may authorize one or more of its employees, so far as permissible under federal law, to take such reasonable means and use such appliances and weapons as, in the judgment of such public board or commission, or governing board, as the case may be, will prevent the defilement of said waters by gulls or terns, any provision of chapter one hundred and thirty-one to the contrary notwithstanding. Every such public board or commission and governing board shall keep an accurate account of all birds killed by its employees under authority of this section and submit such account to the director of the division of fisheries and game of the department of conservation at such times and covering such periods as he may prescribe.
PROTECTION OF CHARLES RIVER.

Section 175. The department may make reasonable orders, having due regard to the particular circumstances of each case, prohibiting, limiting or regulating the entrance or discharge into the Charles river or its tributaries of such sewage, waste, refuse or other substances as are injurious to the public health. Before making any such order the department shall, after due notice to the owner of the premises or the person, corporation, city or town discharging or permitting the entrance of such sewage, waste, refuse or other substance into said river or any tributary thereof hold a hearing, and thereafter shall make, in connection with any order issued by it, specific findings of fact and a recommendation as to the best practicable and reasonably available means of avoiding the pollution in respect to which the order is issued. The findings of fact shall be prima facie evidence in any proceedings to enforce such order. The supreme judicial or superior court shall have jurisdiction in equity, if they find that entrance or discharge of any such sewage, waste, refuse or other substances into said river or any tributary thereof, is injurious to the public health, to enforce or modify any order made under this section, and to enjoin such entrance or discharge. Proceedings to enforce any such order or to obtain such an injunction shall be instituted and prosecuted by the attorney general at the relation of the department. Nothing in this section shall be held to prevent the flow into the said river or any tributary thereof of surface drainage from occupied lands or streets or the discharge from drains designed for the disposal of surface water and ground drainage, provided that no sewage or other waste is mingled therewith, nor shall it be held to interfere with the cultivation and use of the soil in the ordinary methods of agriculture. Nor shall this section affect any powers of the metropolitan district commission under section thirty-nine or seventy-six of chapter ninety-two.

QUARANTINE.

Section 176. A town may establish a quarantine ground in a suitable place within its limits, or, with the previous consent of another town, within the limits thereof. Two or more towns may in like manner join in establishing such quarantine ground for their common use.

Section 177. The board of health in a seaport may from time to time establish the quarantine to be performed by vessels arriving in its harbor, and may make quarantine regulations for the health and safety of the inhabitants, which shall apply to all persons, goods and effects arriving in such vessels and to all persons who for any purpose may visit the same. Whoever violates any such regulation shall forfeit not less than five nor more than five hundred dollars.

Section 178. Such board may, at any time, cause a vessel arriving in port, if such vessel or its cargo is, in its opinion, foul or so infected as to endanger public health, to be removed to the quarantine ground and thoroughly purified at the expense of the owners, consignees or persons in possession thereof; and may cause all persons arriving in or for any purpose visiting such vessel, or handling the cargo, to be

removal to any hospital under the care of the board, there to remain under its orders.

Section 179. Whoever belongs to or arrives in a vessel on board of which any infection then is or has lately been, or is suspected to have been, or which has been at or has come from a port where an infectious distemper prevails which may endanger public health, and refuses to answer on oath, to be administered by any member of the board, questions relating to such infection or distemper asked by the board of health of the town to which such vessel may come, shall forfeit not more than two hundred dollars.

Section 180. Expenses incurred on account of any person, vessel or goods under quarantine regulations shall be paid by the owner of such vessel.

Vaccination.

Section 181. Boards of health, if in their opinion it is necessary for public health or safety, shall require and enforce the vaccination and revaccination of all the inhabitants of their towns, and shall provide them with the means of free vaccination. Whoever refuses or neglects to comply with such requirement shall forfeit five dollars.

Section 182. The board of health of a town where any incorporated manufacturing company, infirmary, training or industrial school, hospital or other establishment where the poor or sick are received, prison, jail or house of correction, or any institution supported or aided by the commonwealth, is situated may, if it decides that it is necessary for the health of the employees or inmates or for the public safety, require the authorities of said establishment or institution, at the expense thereof, to cause all said employees or inmates to be vaccinated.

Section 183. Any person over twenty-one presenting a certificate, signed by the register of a probate court, that he is under guardianship shall not be subject to section one hundred and eighty-one; and any child presenting a certificate, signed by a registered physician designated by the parent or guardian, that the physician has at the time of giving the certificate personally examined the child and that he is of the opinion that the physical condition of the child is such that his health will be endangered by vaccination, shall not, while such condition continues, be subject to the two preceding sections.

MISCELLANEOUS PROVISIONS.

Section 184. In order to better preserve public health and secure greater accuracy in the diagnosis of communicable diseases, county commissioners may establish and maintain bacteriological laboratories, or provide such laboratory facilities for their respective counties as they deem advantageous, and may expend necessary sums therefor. No
6 expenditures shall be made under this section until the laboratories or
7 the laboratory facilities established or provided in accordance herewith
8 have been inspected and approved by the department.

1 Section 185. The proprietor or manager of any place of public
2 amusement or other place where there are provided for public use and
3 entertainment mutoscopes or any other machine or apparatus of such
4 nature that the person using the same breathes or speaks into it, or,
5 to see or hear, holds any part thereof in contact with or near to his
6 eyes or ears, shall disinfect the same, in such manner as shall be ap-
7 proved by the board of health, at least twice during such hours, in every
8 twenty-four hours, as the machine or apparatus is offered for use by the
9 public. This section shall not apply to telephones.

1 Section 186. No person shall provide for public use or entertain-
2 ment in any place of public amusement or other place of public resort
3 any so-called lung testing machine or similar contrivance the use of
4 which requires the application of any part thereof to the lips. Violations
5 of this or the preceding section shall be punished by a fine of not more
6 than twenty-five dollars.

1 Section 187. The supreme judicial or superior court, upon the appli-
2 cation of the board of health of a town, may enforce the orders of said
3 board relative to public health. Sections thirty-four and thirty-five of
4 chapter two hundred and fourteen shall apply to such cases; but a jury
5 may be summoned under said sections, if there is no sitting of the court,
6 within one month after issues have been framed.

1 Section 188. Fines and forfeitures incurred under the general laws,
2 the special laws applicable to a town, or the ordinances, by-laws and
3 regulations of a town, relative to health, shall enuer to the use of such
4 town except where the forfeiture is incurred by said town.

**SUPERVISION OF BOARDS BY DIRECTOR.**

1 Section 1. The director of registration shall supervise the work of the several boards of registration and examination included in the division of registration of the department of civil service and registration. 2 He shall recommend changes in the methods of conducting examinations and transacting business, and shall make such reports to the governor and council as they may require or he may deem expedient.
REGISTRATION OF PHYSICIANS AND SURGEONS.

SECTION 2. Applications for registration as qualified physicians, signed and sworn to by the applicants, shall be made upon blanks furnished by the board of registration in medicine, herein and in sections three to twenty-three, inclusive, called the board. Each applicant, who shall furnish the board with satisfactory proof that he is twenty-one or over and of good moral character, that he possesses the educational qualifications required for graduation from a public high school, and that he has received the degree of doctor of medicine, or its equivalent, either from a legally chartered medical school having the power to confer degrees in medicine, which gives a full four years' course of instruction of not less than thirty-six weeks in each year, or from any legally chartered medical school having such power, if such applicant was, on March tenth, nineteen hundred and seventeen, a matriculant thereof, shall, upon payment of twenty-five dollars, be examined, and, if found qualified by the board, be registered as a qualified physician and entitled to a certificate in testimony thereof, signed by the chairman and secretary. An applicant failing to pass an examination satisfactory to the board shall be entitled within one year thereafter to a re-examination at a meeting of the board called for the examination of applicants, upon payment of a further fee of three dollars; but two such re-examinations shall exhaust his privilege under his original application. The board, after hearing, may revoke any certificate issued by it and cancel the registration of any physician convicted of a felony; or, after hearing, may revoke any certificate issued by it and cancel for a period not exceeding one year, the registration of any physician, who has been shown at such hearing to have been guilty of gross and confirmed use of alcohol in any of its forms while engaged in the practice of his profession, or of the use of narcotic drugs in any way other than for therapeutic purposes; or of abuse of the authority granted in section two hundred and nine A of chapter ninety-four; or of publishing or causing to be published, or of distributing or causing to be distributed, any literature contrary to section twenty-nine of chapter two hundred and seventy-two; or of acting as principal or assistant in the carrying on of the practice of medicine by an unregistered person or by any person convicted of the illegal practice of medicine or by any registered physician whose license has been revoked either permanently or temporarily; or of aiding or abetting in any attempt to secure registration, either for himself or for another, by fraud; or, in connection with his practice, of defrauding or attempting to defraud any person. The board may subsequently, but not earlier than one year thereafter, reissue any certificate formerly issued by it or issue a new certificate, and register anew any physician whose certificate was revoked and whose registration was cancelled.

SECTION 2A. In determining the qualifications necessary for registration as a qualified physician, the board may at its discretion accept the certificate of the National Board of Medical Examiners of the United States, chartered under the laws of the District of Columbia, in place of and as equivalent to its own professional examination; but before registration in pursuance of this section the applicant therefor shall pay a fee of twenty-five dollars.

SECTION 3. Examinations shall be in whole or in part in writing, in English, shall be of a scientific and practical character, shall include the
3 subjects of anatomy, surgery, chemistry, biology, physics, physiology, 
4 pathology, obstetrics, gynecology, psychiatry, practice of medicine and 
5 hygiene and shall be sufficiently thorough to test the applicants' fitness 
6 to practice medicine. The board may employ expert assistance in con-
7 ducting hospital and laboratory tests.

1 **Section 4.** The board shall keep a record of the names of all persons 
2 registered by it and of all money received and disbursed by it, and a 
3 duplicate thereof shall be open to inspection in the office of the state 
4 secretary. The board shall make an annual report, including a state-
5 ment of the condition of medicine and surgery in the commonwealth.

1 **Section 5.** The board shall investigate all complaints of the violation 
2 of any provision of sections two to twenty-three, inclusive, or of section 
3 sixty-five, so far as it relates to medicine or chiropody, and report the 
4 same to the proper prosecuting officers. 

1 **Section 6.** Except as provided in section sixty-five, whoever, not 
2 being lawfully authorized to practice medicine within the commonwealth 
3 and registered under section two, or corresponding provisions of earlier 
4 laws, or under section one or two of chapter five hundred and twenty-
5 six of the acts of nineteen hundred and nine, holds himself out as a 
6 practitioner of medicine or practices or attempts to practice medicine in 
7 any of its branches, or whoever practices medicine under a false or 
8 assumed name or under a name other than that by which he is registered, 
9 or whover personates another practitioner, or whoever practices or 
10 attempts to practice any fraud in connection with the filing of an appli-
11 cation, or whoever files an application under a false or assumed name 
12 or under a name other than his own, or whoever personates or attempts 
13 to personate another applicant for registration during an examination, 
14 shall be punished by a fine of not less than one hundred nor more 
15 one thousand dollars or by imprisonment for not less than one month nor 
16 more than one year, or both. A person rendering medical service in 
17 violation of this section shall recover no compensation therefor.

1 **Section 7.** Sections two to six, inclusive, and section eight shall not 
2 be held to discriminate against any particular school or system of medi-
3 cine, to prohibit medical or surgical service in a case of emergency, or 
4 to prohibit the domestic administration of family remedies. They shall 
5 not apply to a commissioned medical officer of the United States army, 
6 navy or marine hospital service in the performance of his official duty; 
7 to an interne or medical officer registered as provided in section nine, 
8 while engaged in the practice of medicine as authorized by said section; 
9 to an assistant in medicine registered as provided in section nine A, 
10 while engaged in the practice of medicine as authorized by said section; 
11 to a physician or surgeon resident in another state who is a legal practi-
12 tioner therein, when in actual consultation with a legal practitioner of 
13 this commonwealth; to a physician authorized to practice medicine in 
14 another state, when he is called as the family physician to attend a per-
15 son temporarily abiding in this commonwealth; nor to registered phar-
16 macists in prescribing gratuitously, clairvoyants or persons practicing 
17 hypnotism, magnetic healing, mind cure, massage, Christian science
or cosmopathic method of healing, if they do not violate any provision of the preceding section.

Section 8. No person shall enter upon, or continue in, the practice of medicine within the commonwealth until he has presented to the clerk of the town where he has, or intends to have, an office or his usual place of business, his certificate of registration as a physician in the commonwealth, or, if it is lost, a certified statement issued by the board, setting forth all the material facts in the original certificate, and a fee of twenty-five cents. Thereupon the clerk shall record the name of the owner of said certificate or certified statement, together with the date of record, upon blanks approved by the board, said blanks to be so arranged that a duplicate carbon copy shall be made at the time of the original record. He shall keep the original as a part of his official records and it shall be open to public inspection. He shall, within twenty-four hours after such recording, forward the duplicate to the board. Whoever practices or attempts to practice medicine without complying with this section, or whoever submits to a town clerk a false or fraudulent certificate or certified statement, shall be punished by a fine of not less than five nor more than one hundred dollars; and any town clerk who refuses or neglects to comply with this section shall be punished by a fine of not less than five nor more than ten dollars.

Section 9. An applicant for limited registration under this section who shall furnish the board with satisfactory proof that he is twenty-one or over and of good moral character, that he has creditably completed not less than three and one half years of study in a legally chartered medical school in good standing having the power to grant degrees in medicine, and that he has been appointed an interne or medical officer in a hospital or other institution maintained by the commonwealth, or by a county or municipality thereof, or in a hospital incorporated under the laws of the commonwealth may, upon the payment of five dollars, be registered by the board as a hospital medical officer for such time as it may prescribe; but such limited registration shall entitle the said applicant to practice medicine only in the hospital or other institution designated on his certificate of limited registration, and under the regulations established by such hospital or other institution. Limited registration under this section may be revoked at any time by the board.

Section 9A. An applicant for limited registration under this section as an assistant in medicine, who shall furnish the board with satisfactory proof that he is twenty-one years of age or over and of good moral character, that he is enrolled in and has creditably completed not less than two years of study in a legally chartered medical school having the power to grant degrees in medicine, and that he has been assigned to the care and observation of persons requiring medical service by an instructor in said medical school, which instructor shall be a registered physician, may, upon the payment of one dollar, be registered by the board as an assistant in medicine for such time as it may prescribe. Such registered assistant in medicine may practice medicine as authorized by this section, but only under the supervision of such instructor; he may, however, be assigned by such instructor to a hospital, recognized and approved by such instructor, of not less than twenty-five beds, and may practice medicine as aforesaid in said hospital, but only under the
supervision of a registered physician who has been duly appointed a staff
physician in said hospital. Registration under this section shall not
authorize the signing of certificates of births or deaths, or the use of
any instruments whatsoever in the treatment of any cases, except instru-
ments normally used for the purpose of diagnosis and then for such
purpose only; nor shall it authorize the prescribing or dispensing of
any narcotic drug as defined in section one hundred and ninety-seven of
chapter twenty-six. Registration under this section may be revoked
at any time by the board, and shall be revoked upon the request of the
dean of the medical school in which such assistant in medicine is enrolled.
Termination of such enrolment shall operate as a revocation of such
registration.

1 Section 10. The provisions of this chapter with reference to medicine
and its practice shall apply to and include osteopathy and its practice,
when such construction is not inconsistent with the following section.
1909, § 26, § 5.

1 Section 11. No person now registered as an osteopath under section
one or two of chapter five hundred and twenty-six of the acts of nine-
teen hundred and nine shall prescribe or administer drugs for internal
use, perform major operations in surgery, engage in the practice of
obstetrics, or hold himself out, by virtue of such registration, as and
for other than an osteopath. Violation hereof shall be punished by
the penalty provided in section six.

1 Section 12. Any registered physician or surgeon who knows or has
reason to believe that any person is infected with gonorrhoea or syphilis
may disclose such information to any person from whom the infected
person has received a promise of marriage or to the parent or guardian of
such person if a minor. Such information given in good faith by a regis-
tered physician or surgeon shall not constitute a slander or libel.

1 Section 12A. Every physician attending or treating a case of bullet
wound, gunshot wound, powder burn or any other injury arising from or
caused by the discharge of a gun, pistol or other firearm, or, whenever
any such case is treated in a hospital, sanitarium or other institution,
the manager, superintendent or other person in charge thereof, shall
report such case at once to the commissioner of public safety and to the
police authorities of the town where such physician, hospital, sanitarium
or institution is located. This section shall not apply to such wounds,
burns or injuries received by any member of the armed forces of the
United States or of the commonwealth while engaged in the actual per-
formance of duty. Whoever violates any provision of this section shall
be punished by a fine of not less than fifty nor more than one hundred
dollars.

REGISTRATION OF CHIROPODISTS.

1 Section 13. “Chiroprody”, as used in this chapter, shall mean the
external treatment of the structures of the human foot by medical,
mechanical or surgical means without the use of other than local anes-

### Section 15
The board shall prepare and distribute forms for registration, certificates of registration and such other documents as may be necessary or convenient in carrying out sections thirteen to twenty-three, inclusive. It shall hold at least two examinations annually, at times and places to be designated by it, after due notice of the same by publication at least twice a week for three successive weeks in one or more newspapers published in the county where the examination is to be held, and it may hold other examinations as it deems necessary or proper.

But no such applicant shall be registered unless he obtains a general average of seventy-five per cent in the various subjects in which he is examined and not less than fifty per cent in any subject. Every such certificate shall expire on the last day of the year when it was granted, but upon payment of two dollars may be renewed by the board for each subsequent year without examination.

2 fore entering upon the practice of chiroprtry, submit his certificate of
3 registration to the clerk of the town where he proposes to practice, and
4 shall inform the clerk that he is the person designated therein, and shall

Every applicant 10 for examination shall present satisfactory evidence, in the form of 11 affidavits properly sworn to, that he is over twenty-one years of age 12 and of good moral character, that he has graduated from a school of 13 optometry, approved by the board, maintaining a course of study of 14 not less than two years with a minimum requirement of fifteen hundred 15 attendance hours and that he has graduated from a high school ap- 16 proved by the board or has had a preliminary education equivalent to 17 at least four years in a public high school; provided, that if he is un- 18 able to prove graduation from, or four years' actual attendance at, a 19 high school the board shall determine his qualifications by proper pre- 20 liminary examination, the fee for which shall be five dollars to be paid 21 by the applicant. The fee for the examination for registration shall 22 be twenty-five dollars and those passing the examination shall receive 23 the certificate of registration without additional charge. Any appli- 24 cant who fails to pass a satisfactory examination for registration shall 25 be entitled after the expiration of three months to additional exam- 26 inations, the first of which shall be free of charge, and for each subse- 27 quent examination a fee of five dollars shall be paid.
 28 Any person who shall present to the board a certified copy or cer- 29 tificate of registration or license which was issued to him after examina- 30 tion by a board of registration in optometry in any other state, where 31 the requirements for registration are in the opinion of the board equiva- 32 lent to those of this commonwealth, may be registered and given a 33 certificate of registration in this commonwealth without a written 34 examination; provided, that such state accords a like privilege to 35 holders of certificates of registration issued in this commonwealth 36 and that the applicant has not previously failed to pass the examination 37 required in this commonwealth, and that he has been engaged in the 38 reputable practice of optometry continuously for not less than three 39 years immediately preceding his application. Section 70. Every person to whom a certificate of registration has been granted shall cause the same to be recorded in the office of the clerk of the town where he principally carries on the practice of optometry; and if he removes his principal office from one town to another in the commonwealth, he shall, before engaging in practice in such other town, notify the board in writing of the place where he is to engage in practice, and obtain from the clerk of the town where his certificate is recorded a certified copy thereof and file the same with the clerk of such other town. The fee for recording such certificate or certified copy thereof shall be fifty cents. Every registered optometrist shall display his certificate of registration in a conspicuous place in the principal office wherein he practices optometry, and shall, whenever so required, exhibit it to said board or its authorized representative; and whenever practicing optometry outside of or away from his principal office or place of business, he shall deliver to each customer or person fitted with glasses by him a memorandum of purchase, containing his signature, home post office address and the number of his certificate of registration, together with a specification of the lenses and frames or mountings furnished and the price charged therefor.

Section 71. The board may revoke or suspend any certificate of registration for fraud or deceit in practice, or for conviction of crime, or for habitual drunkenness for six months immediately before the charges are made, or for gross incompetence; provided, that before any action is taken the accused party shall have written notice of the charges against him and of the day appointed for a public hearing thereof, which shall be at least five days after the service of such notice. At such hearing the accused shall have an opportunity to produce testimony in his own behalf and to confront the witnesses against him. Three members of the board shall be a quorum for any such hearing. Witnesses at hearings before the board shall testify on oath, and may be sworn by any member thereof. The board may compel the attendance of witnesses and the production of documents at any such hearing. Whenever the certificate of any registered optometrist is revoked, the secretary of the board shall give notice of such revocation to the clerk of the town where the principal office of such optometrist is and the clerk shall record the revocation on the records of his office. Where the right of any person to practice has been revoked as herein provided, the board may, after the expiration of one year, receive an application for a renewal of the right to practice, and upon such new application it may grant such a renewal.

Section 72. Whoever, not being lawfully authorized to practice optometry, holds himself out as a practitioner of optometry, or practices or attempts to practice optometry, or sells or attempts to sell spectacles, eyeglasses or lenses for the purpose of correcting defective vision, or whoever personates another practitioner, or fails to deliver a memorandum of purchase as required by section seventy, or violates any other provision of sections sixty-six to seventy-three, inclusive, shall, except as provided in section sixty-five, be punished for the first offence by a fine of not

6 ized to practice in the commonwealth, or as merchandise from perma-
7 nently located and established places of business when not sold for the
8 purpose of correcting defective vision. But nothing herein contained
9 shall prevent any such physician or surgeon from taking an examination
10 and receiving a certificate of registration under section sixty-eight, nor
11 shall this and the seven preceding sections authorize any person to
12 administer drugs in any form, to practice or claim to practice medicine
13 or surgery in any sense, or to use any title or appellation intended or

20 thereupon the board shall issue a certificate showing that the holder
21 thereof is entitled to practice as a registered nurse for the period covered
22 by said payment. In default of such renewal, a person registered here-
23 under shall forfeit the right to practice as a registered nurse or to hold
24 himself out as such until such fee shall have been paid. The board
25 may, after a hearing, by vote of a majority of its members, annul the

SECTION 87G. The board shall hold practical examinations, to be

3 thereof a fee of ten dollars and furnish to the board a certificate of a
4 registered physician as to the freedom of the applicant from infectious

13 for at least two years in this and/or other states, and that he is possessed
14 of the requisite skill in such occupation to perform properly all the duties
15 thereof, including the preparation of the tools, shaving, haircutting and
16 all the duties and services incident thereto, and has sufficient knowledge
17 concerning diseases of the face and skin to avoid the aggravation and

29 of a subsequent meeting of the board.

1 SECTION 87I. Nothing in sections eighty-seven F to eighty-seven R,
2 inclusive, shall prohibit any person from serving in this commonwealth
3 as an apprentice in such occupation under a registered barber or from
4 serving therein as a student in any barber school or barber college under
5 the instruction of a registered barber; provided, that such registered

Such card or insignia shall be posted by the holder in a conspicuous place in front of his working chair where it may be readily seen. The card or insignia held by any person whose certificate of registration has been properly renewed shall be renewed annually without charge on or before the first day of January upon the presentation of a certificate from a registered physician as to the freedom from contagious or infectious disease of the holder of such card or insignia. If any holder of a certificate of registration fails to apply for a renewal of his card or insignia on or before the first day of January in any year, said certificate of registration may be revoked by the board.

Section 87K. The board shall make such reasonable rules and regulations as are necessary for the proper conduct of its business, and especially to provide for the sanitary regulation, subject to the approval of the state department of public health, of barber shops, barber schools and barber colleges, and the training of apprentices and of students therein. Each member of the board may enter any barber shop during business hours for the purpose of inspecting such shop. Whenever a complaint is made to the board that any barber shop is kept in an unsanitary condition, or that infectious or contagious disease has been imparted thereat, a member of the board shall visit and inspect such shop and enforce the provisions of sections eighty-seven F to eighty-seven R, inclusive. If, upon such inspection, any such shop shall be found to be in an unsanitary condition or it is determined by a member of the board that infectious or contagious disease has been imparted to any person thereat, the board shall immediately notify the district health officer and such shop shall be quarantined and no barber employed therein shall, unless so authorized by the board, practice his occupation until such quarantine shall have been removed by said health officer.

Section 87L. The board may suspend, for not exceeding six months, the certificate of registration of any barber for habitual drunkenness, for having epilepsy or other disease endangering the health or safety of
4 persons whom he may serve, for failure to comply with sanitary rules or
5 regulations of the board approved by the state department of public

7 may revoke such certificate upon proof of any violation of its rules and
8 regulations, provided, that before any certificate shall be so suspended
9 or revoked, the holder thereof shall have had notice in writing of the
10 charge or charges against him, and at a day specified in said notice, at
11 least five days after the service of notice thereof, shall have been given a
12 public hearing and an opportunity to present testimony in his behalf,
13 and to confront the witnesses against him. Any person whose certificate
14 of registration has been so revoked may apply to have a new certificate
15 of registration granted to him, and, upon satisfactory proof that the
16 disqualification of such person has ceased, and that he is a proper person
17 to be registered as a barber, the board shall grant to him a new certificate
18 of registration.

1 Section 87M. The board may require the attendance and testimony
2 of witnesses and the production of such books, records and papers as it
3 desires at any hearing or in any matter which it has authority to investig-
4 ate, and for that purpose the secretary may issue a subpoena for any
5 witness or a subpoena duces tecum to compel the production of any books,
6 records or papers. Fees and mileage shall be the same as those allowed
7 in the superior court in criminal cases and shall be paid from the fund in
8 the state treasury for the use of the board, in the same manner as the
9 compensation and expenses of the board are paid.

1 Section 87N. Any person aggrieved by any action of the board
2 refusing to grant, or suspending or revoking a certificate of registration
3 or a permit for any cause, may, within ten days after such action, appeal
4 to the superior court of the county wherein he resides, and the decision
5 of said court shall be final.

1 Section 87O. Fees referred to in sections eighty-seven F to eighty-
2 seven R, inclusive, shall be paid in advance to the secretary of the board,
3 who shall pay them monthly to the state treasurer; and such fees shall

2 for teaching the occupation of barbering shall be considered a barber
3 school or barber college under sections eighty-seven F to eighty-seven
4 R, inclusive, and all said schools or colleges shall keep prominently dis-
5 played at the entrance a sign “Barber School” or “Barber College”, as
6 the case may be. Any person desiring to operate or conduct a barber
7 school or barber college within this commonwealth shall first secure from
8 the board a permit to do so, and shall keep such permit prominently
9 displayed in such school or college, and shall before commencing business
10 give to the state treasurer a bond, in such amount and with such sureties
11 as shall be determined and approved by the governor and council, con-
12 ditioned upon the faithful compliance by himself in the conduct of said
13 school or college with all the provisions of said sections and of all rules
14 and regulations made under authority thereof, and to pay all judgments
15 that may be obtained against said school or college or the owners or
16 managers thereof on account of fraud, misrepresentation or deceit prac-
17 ticed by themselves, their agents, servants or employees. The board
may from time to time examine into the qualifications, appointments, course of study and hours of study in any such school or college, and may suspend or revoke the certificate of registration of the person operating or conducting such school or college or of any registered barber acting as instructor or teacher therein, or the permit of any such school or college, for the violation of any of said sections or of any rule or regulation made under authority thereof.

Section 87Q. Each certificate of registration issued by the board shall expire on the thirty-first day of December next succeeding its date. The board may renew any such registration, and issue a certificate thereof, upon the payment of an annual renewal fee of two dollars. Any person holding such a certificate which has expired may, within three years of the date of expiration, upon payment of a fee of two dollars and upon furnishing satisfactory proof of his qualifications to resume the practice of his occupation, receive from the board a new certificate of registration.

Section 87R. Whoever engages in or follows, or attempts to engage in or follow, the occupation of barbering, or conducts or attempts to conduct a barber school or barber college, unless so authorized to do by the board, or falsely pretends to be qualified to practice such occupation, or violates any provision of sections eighty-seven F to eighty-seven R, inclusive, or any rule or regulation made under authority thereof, shall, in addition to any other penalty prescribed or authorized by said sections, be punished by a fine of not more than one hundred dollars or by imprisonment for not more than ninety days, or both.

Section 87S. Nothing in sections eighty-seven F to eighty-seven R, inclusive, shall be construed to refer to a beauty shop, so called, or a hairdressing parlor, so called, patronized exclusively by females, or to a cosmetologist, as defined in section eighty-seven F.

SECTION 3. No body of a deceased person which is subject to section one shall be used for fourteen days after death for the promotion of anatomical science, but it shall during such period be kept by the authorities or dean or other officer in a condition and place to be viewed by any person, at all reasonable times, for the purpose of identification. If, within such time, any person claiming to be and satisfying the authorities that he is a friend or is of kindred to the deceased asks to have the body buried or surrendered to himself, the body shall in conformity with such request be either buried or delivered to such friend or kindred.

SECTION 4. Such dean or other officer, if he has been given permission to take the body of a deceased person as provided in section one, shall, before receiving it, give to the authorities surrendering it, a bond conditioned that he will comply with the preceding section and that after the time prescribed therein, if the body has not been buried or disposed of; certain bodies not to be so disposed of.

SECTION 6. Bodies of murderers may be dissected.

R. L. 77, § 5.
delivered in accordance therewith, it shall be used only for the promotion of anatomical science in the commonwealth in such manner as not to outrage public feeling, and that, after having been so used, the remains shall be decently buried.

SECTION 5. Before surrendering the body of any such person as provided in the four preceding sections, the chief medical officer of any institution named in section one may, if the cause of the death cannot otherwise be determined and if such body is unclaimed by relatives or friends, cause an autopsy to be made upon it.

SECTION 6. Upon conviction of murder in the first degree, the court may order the body of the convict after his execution to be dissected. The warden of the state prison shall in such case deliver it to a professor of anatomy or surgery in a medical school established by law in the commonwealth, if so requested; otherwise, he shall, unless the convict's friends desire it for interment, deliver it to any surgeon attending to receive it who will undertake to dissect it.

CEMETERY AND CREMATORY CORPORATIONS.

Section 1. Five or more persons desirous of procuring, establishing and preparing a cemetery, or who are the majority in interest of the proprietors of an existing cemetery, may organize as a corporation in the manner provided in chapter one hundred and seventy-nine; but such corporation shall not sell or impair the right of any proprietor of an existing cemetery.

Section 2. Such corporation shall be subject to chapter one hundred and fifty-five and the first thirteen sections of chapter one hundred and seventy-nine; may take and hold only so much real and personal property as may be necessary for the objects of its organization; may lay out such real property into lots; and may grant and convey the exclusive right of burial in, and of erecting tombs or cenotaphs upon, any lot and of ornamenting the same, upon such terms and conditions and subject to such regulations as it shall prescribe. Section thirty-four of chapter one hundred and fifty-eight shall apply to such corporation.

1 Section 3. Every cemetery corporation created by special charter or organized under general laws shall regularly keep books in which it shall enter all conveyances of burial lots within said cemetery and all instruments of contract relating to conveyances of such lots. Such records, and similar records made by such corporation prior to June second, eighteen hundred and eighty-nine, shall have the same effect as if made in the registry of deeds for the county or district where such cemetery is situated, and no other record shall be necessary.

1 Section 4. The secretary or clerk of such corporation may give certified copies of all deeds and instruments so recorded, which may be used in evidence in the same manner as copies certified by the register of deeds.

1 Section 5. Such corporation may hold funds in trust and apply the income thereof to the improvement or embellishment of the cemetery or to the care, preservation or embellishment of any lot or its appurtenances.

163 Mass. 509.

1 Section 6. Such corporation may cremate bodies of the dead, and may provide necessary buildings and appliances therefor and for the disposition of the ashes of the dead on any land within its cemetery which the department of public health determines is suitable therefor, and such buildings and appliances shall be a part of the cemetery and be dedi-
cated to the burial of the dead, and shall be held by said corporations subject to the duties, and with the privileges and immunities, which they now have by law.

Section 7. Five or more persons may form a corporation in the manner provided in chapter one hundred and fifty-six, with a capital of not less than six thousand nor more than fifty thousand dollars, divided into shares of a par value of either ten or fifty dollars, for the purpose of providing the necessary appliances for the disposal by cremation of the bodies of the dead; and they shall have the same powers and privileges, and be subject to said chapter except as provided in the two following sections.

Section 8. Such corporation may acquire by gift, devise or purchase, and hold in fee to an amount not exceeding fifty thousand dollars, land necessary and appropriate for its purposes and situated in such place as the department of public health determines to be suitable.

Section 9. Cemetery and crematory corporations may, subject to the approval of said department, make by-laws and regulations consistent with law for the reception and cremation of bodies of the dead and for the disposition of the ashes thereof, and shall conduct their business in accordance with such regulations as said department shall establish and furnish in writing to the clerk of the corporation. Violation of any such regulation of said department shall be punished by a fine of not less than twenty nor more than five hundred dollars. Such corporations shall not erect, occupy or use any building for cremation until the location and plans thereof with all details of construction have been submitted to and approved by said department or by a person designated by it.

Public Cemeteries.

Section 10. Each town shall provide one or more suitable places for the interment of persons dying within its limits.

Section 11. If there is necessity for a new cemetery in a town, or for the enlargement of an existing cemetery in and belonging to a town, and the owner or any person interested in the land needed for either purpose refuses to sell the same, or demands therefor a price which the selectmen consider unreasonable, or is unable to convey it, the selectmen may, with the approval of the town, make application therefor by written petition to the county commissioners of the county where the land lies.

Section 12. The commissioners shall appoint a time and place for a hearing, and shall cause notice thereof and a copy of the petition to be served personally upon the owner, if known, or left at his place of abode, fourteen days at least before the time appointed for the hearing. If the land is held in trust or by a corporation, or if the ownership is uncertain, the commissioners shall also give notice by public advertisement or otherwise.
1 Section 13. The commissioners shall hear the parties at the time and place appointed or at an adjournment thereof, shall adjudicate upon the necessity of such taking, upon the quantity and boundaries of any land adjudged necessary to be taken, and may take in fee under chapter seventy-nine on behalf of the town such land as is adjudged necessary.

1 Section 14. Each commissioner shall be paid by the town three dollars a day for each day spent in acting under the petition, and five cents a mile for travel to and from the place of hearing.

1 Section 15. Towns may appropriate money for enclosing any cemetery lawfully provided by them or for constructing paths and avenues and embellishing the grounds therein, and may establish all necessary rules relative thereto consistent with law. They may lay out such cemetery into lots, and shall set apart a suitable portion as a public burial place for the use of the inhabitants, free of charge. They may sell and convey to any person, resident or non-resident, the exclusive right of burial and of erecting tombs and cenotaphs upon any lot and of ornamenting the same, upon such terms and conditions and subject to such regulations as they shall prescribe. The proceeds of such sales shall be paid into the town treasuries, be kept separate from other funds, and be appropriated to reimburse the towns for the cost of the land, its care, improvement and embellishment, or the enlargement of the cemetery.

1 Section 16. Any town may annually appropriate and raise by taxation such sums as may be necessary to care for and keep in good order and to protect by proper fences any or all burial grounds within the town in which ten or more bodies are interred and which are not properly cared for by the owners, and the care and protection of such burial grounds shall be in charge of the cemetery commissioners, if the town has such officers, otherwise in charge of the selectmen.

1 Section 17. A town shall not alienate or appropriate to any other use than that of a burial ground, any tract of land which has been for more than one hundred years used as a burial place; and no portion of such burial ground shall be taken for public use without special authority from the general court.

1 Section 18. Any town having within its limits an abandoned or neglected burying ground may take charge of the same and keep it in good order, and may appropriate money therefor, but no property rights shall be violated and no body shall be disinterred. No fence, tomb, monument or other structure shall be removed or destroyed, but the same may be repaired or restored.

1 Section 19. A town may receive, hold and apply any funds, money or securities deposited with the treasurer thereof for the preservation of neglected burial places. Deposits for perpetual care. 1870, 225, § 1-3. P. S. 82, § 17. 1883, 160. R. L. 73, § 17. 153 Mass. 462.
town may pass ordinances or by-laws, consistent with law, necessary for the purposes of this section, and may allow interest on such funds at a rate not exceeding six per cent a year.

SECTION 20. Money declared by written instrument to be intended for perpetual care, maintenance, improvement or embellishment of any cemetery, or of any lots or plots therein, to an amount not less than two hundred dollars, may be deposited with the state treasurer, who shall receive and receipt for it in the name of the commonwealth. The depositors at the time of making such deposit shall file with him and with the state secretary a copy of such instrument. If the cemetery belongs to a corporation, the deposit shall be accompanied by a written agreement, signed by the president thereof, to the effect that it will accept the income derived from the fund so deposited, and will apply it to the purposes set forth in the instrument.

SECTION 21. The state treasurer shall invest such money in the name of the commonwealth, in bonds or other obligations of the commonwealth or in securities of which he is authorized to invest money in behalf of the commonwealth; and, on the first days of February and August in each year, he shall pay over the accrued interest thereof to the treasurer of any association owning a cemetery for the care, maintenance or improvement of which, or of any lot therein, the money has been deposited with him. If such cemetery is not owned by any association, such interest shall be paid to the town where the cemetery is located. At the time of paying such interest, the state treasurer shall inform the person to whom it is paid of the purpose to which it is to be applied, as stated in the copy of the instrument which is filed with him, and to the person to whom it is paid shall apply it to such purpose.

BOARDS OF CEMETERY COMMISSIONERS.

SECTION 22. A town which accepts this and the four following sections or has accepted corresponding provisions of earlier laws may, at any town meeting, elect by ballot a board of cemetery commissioners consisting of three persons. If such board is first chosen at a meeting other than an annual town meeting, one member shall be elected for one year from the day following that fixed for the last preceding annual town meeting, one member for two years and one member for three years from said day; and annually thereafter one member shall, at the annual town meeting, be elected by ballot for a term of three years. Such boards shall choose a chairman, and a clerk who may be a member of the board.

SECTION 23. Said board shall have the sole care, superintendence and management of all public burial grounds in its town, may lay out any existing public burial grounds in its town or any land purchased and set apart by said town for such cemeteries, in lots or other suitable subdivisions, with proper paths and avenues, may plant, embellish, ornament and fence the same and erect therein such suitable edifices and conveniences and make such improvements as it considers convenient; and, subject to the approval of the town, may make such regulations, consistent with law, as it deems expedient.
Section 24. Said board may, by deed made and executed in such manner and form as it may prescribe, convey to any person the sole and exclusive right of burial in any lot in such cemeteries and of erecting tombs, cenotaphs and other monuments or structures thereon upon such terms and conditions as its regulations prescribe. Such deeds and all subsequent deeds of such lots made by the owners thereof shall be recorded by said board in suitable books of record, which shall be open to the public at all reasonable times.

Section 25. A town in which cemetery commissioners are chosen may receive gifts or bequests for maintaining cemeteries or cemetery lots, which shall be paid into the town treasury and, with the accounts thereof, shall be kept separate from the other money and accounts of said town. The town treasurer shall invest all such funds in accordance with the stipulations, if any, accompanying them; otherwise he shall invest them as ordered by the selectmen and said commissioners and pay the income therefrom upon their order or with their approval. The proceeds of sales of lots or rights of burial in such cemeteries shall be paid into the town treasury and shall be subject to said orders.

Section 26. Said board shall not incur debts or liabilities for purposes other than aforesaid nor to an amount exceeding the amount of the funds subject to their order, and it shall annually make a written report to said town of its official acts, of the condition of such cemeteries, and render an account of its receipts and expenditures for the same and of the funds subject to its order.

Section 27. If a town so votes under section twenty-one of chapter forty-one the selectmen shall appoint a board of cemetery commissioners to consist of three members, to be appointed for the term of three years. The commissioners shall, under the supervision and control of the selectmen, maintain the public cemeteries in the town, and shall with the approval of the selectmen, appoint such employees as are necessary to maintain such cemeteries.

Use of Cemeteries.

The owner of any right, title or interest in or to a lot, tomb or monument in any cemetery owned or controlled by any company or association or by any town, may convey or devise the same to such company, association or municipality in trust for the purpose of its preservation as a memorial or as a burial place for the bodies of the owner and his descendants or relatives, or of such other persons as may be specified in the instrument creating the trust, or upon such other trust as may be created by the instrument and accepted by the grantee or devisee; but no such instrument shall be construed to take away the right of the heirs of the owner of a lot or tomb to be buried therein, unless the instrument contains an express provision to that effect. Any such grantee or devisee may accept any such grant, gift or devise, and if it accepts the same shall forever carry out and observe the terms of the instrument by which the grant, gift or devise was made. After the making of a conveyance or the taking effect of a devise and its acceptance by the cemetery
Section 29. Lots in cemeteries incorporated under section one, tombs in public cemeteries in cities, and lots and tombs in public cemeteries in towns, shall be held indivisible, and upon the decease of a proprietor of such lot the title thereto shall vest in his heirs at law or devisees, subject to the following limitations and conditions: If he leaves a widow and children, they shall have the possession, care and control of said lot or tomb in common during her life. If he leaves a widow and no children, she shall have possession, care and control during her life. If he leaves children and no widow, they shall have in common the possession, care and control of such lots or tombs during their joint lives, and the survivor of them during his life. The persons in possession, care and control of such lots or tombs may erect a monument and make other permanent improvements thereon. The widow shall have a right of permanent interment for her own body in such lot or tomb, but it may be removed therefrom to some other family lot or tomb with the consent of her heirs. If two or more persons are entitled to the possession, care and control of such lot or tomb, they shall designate in writing to the clerk of the corporation, or if it is a tomb or lot in a public cemetery, to the board of cemetery commissioners, if any, or to the town clerk, which of their number shall represent the lot; and in default of such designation, the board of trustees or directors of the corporation, the board of cemetery commissioners, if any, or the board of health if such lots or tombs are in public cemeteries in towns, shall enter of record which of said persons shall represent the lot during such default. The widow may release her right in such lot, but no conveyance or devise by any other person shall deprive her of such right.

Section 30. Before entering of record the name of any person to represent such lot or tomb, the board of cemetery commissioners, if any, or the board of health of a town shall hear the parties entitled to the control thereof at such time and place as it shall have previously appointed by a notice published in a newspaper, if any, of the town; otherwise, by posting a copy in a public place therein.

Section 31. If in a will no express disposition or other mention is made of a cemetery lot owned by the testator at his decease, and wherein he or any member of his family is buried, the ownership of the lot shall not pass from his lawful heirs by any residuary or other general clause of the will, but shall descend to his heirs, as if he had died intestate.

Section 32. A wife shall be entitled to a right of interment for her own body in any burial lot or tomb of which her husband was seized at any time during coverture, which shall be exempt from the operation of the laws regulating conveyance, descent and devise, but may be released by her in the same manner as dower.

Section 33. A husband shall have the same rights in the tomb or burial lot of his wife as a wife has in that of her husband.
Section 34. Except in the case of the erection or use of a tomb on private land for the exclusive use of the family of the owner, no land, other than that already so used or appropriated, shall be used for burial unless by permission of the town or of the mayor and aldermen of the city in which the same lies; but no such permission shall be given until the location of the lands intended for such use has been approved in writing by the board of health of the town where the lands are situated after notice to all persons interested and a hearing; and the board of health, upon approval of the use of any lands either for new cemeteries or for the extension of existing cemeteries, shall include in the records of the said board a description of such lands sufficient for their identification.

For every interment in violation of this section in a town in which the notice prescribed in section thirty-seven has been given, the owner of the land so used shall forfeit not less than twenty nor more than one hundred dollars.

Section 35. No land other than that so used and appropriated on April tenth, nineteen hundred and eight, shall be used for the purpose of burial if it be so situated that surface water or ground drainage therefrom may enter any stream, pond, reservoir, well, filter gallery or other water used as a source of public water supply, or any tributary of a source so used, or any aqueduct or other works used in connection therewith, until a plan and description of the lands proposed for such use have been submitted to, and approved in writing by the department of public health.

Section 36. Any person, including those persons in control of any public land, or the officers of any municipality, aggrieved by the action of a board of health in approving the purchase, taking or use of any lands for cemetery purposes may, within sixty days, appeal from the order of said board to the department of public health, and said department may, after a hearing, rescind such order or may modify and amend the same by approving a part of the lands so proposed for such use.

Section 37. Boards of health may make regulations concerning burial grounds and interments within their towns; may impose penalties not exceeding one hundred dollars for a breach thereof; may prohibit the use by undertakers, for the purpose of speculation, of tombs as places of deposit for bodies committed to them for burial; and may close any tomb, burial ground, cemetery or other place of burial within the town for such time as they consider necessary for the protection of the public health. Notice of such regulations shall be given by publishing them in a newspaper, if any, of the town; otherwise, by posting a copy in a public place therein. Such publication shall be notice to all persons.

Section 38. Before a tomb, burial ground or cemetery is closed by order of the board of health for more than one month, all persons interested shall have an opportunity to be heard, and personal notice of the time and place of hearing shall be given to at least one owner of the tomb, and to three at least, if there are so many, of the owners of such burial ground or cemetery, and notice shall be published for at least two successive weeks preceding such hearing in two newspapers published in the county.

Cemeteries and Burials.

Section 39. The owner of a tomb aggrieved by an order of the board of health closing a tomb, burial ground or cemetery may, within six months after the date thereof, appeal therefrom to the superior court, first giving written notice to the board fourteen days before the entry of such appeal; but the order of the board shall remain in force until the appeal has been determined.

Section 40. Appeals shall be tried before a jury, and if the jury find that the tomb, burial ground or cemetery so closed was not a nuisance or injurious to the public health at the time of the order and that the closing thereof was not necessary for the protection of the public health, the court shall rescind such order so far as it affects such tomb, burial ground or cemetery, and the appellant may recover the costs of the appeal from the town where the tomb, burial ground or cemetery was situated. If the order is sustained, the board of health shall recover double costs, to the use of the town.

Section 41. A public way shall not be laid out or constructed in, upon or through an enclosure used or appropriated for a burial place except by special authority from the general court or with the previous consent of the inhabitants of the town where such enclosure is situated; or, if such enclosure belongs to private proprietors, with their previous consent.

Section 42. Whoever uses as a means of passage from one point to another, not being thereupon at the time for any other purpose, the premises of a cemetery or burial place, in any other parts thereof than the defined ways, paths and walks, shall be punished by a fine of not more than twenty dollars.

Section 43. No building shall be erected upon any burial place belonging to a city, except by special authority from the general court, or with the previous consent of the city council.

Cremation and Burial.

Section 44. The body of a deceased person shall not be cremated within forty-eight hours after his decease unless he died of a contagious or infectious disease, and, if the death occurred within the commonwealth, the body shall not be received or cremated by any corporation authorized to cremate the bodies of the dead until its officers have received the certificate or burial permit required by law before burial, and a certificate from a medical examiner that he has viewed the body and made personal inquiry into the cause and manner of death, and is of opinion that no further examination or judicial inquiry concerning the same is necessary. If the death occurs without the commonwealth, the reception and cremation of the body of a deceased person shall be governed by a by-law or regulation made or approved by the department of public health as provided by section nine.

Section 45. Except as provided in sections forty-four and forty-six, no undertaker or other person shall bury or otherwise dispose of a human body in a town, or remove therefrom a human body which has not been
4 buried, until he has received a permit from the board of health or its
5 agent appointed to issue such permits, or if there is no such board, from
6 the clerk of the town where the person died; and no undertaker or other
7 person shall exhume a human body and remove it from a town, from one
8 cemetery to another, or from one grave or tomb other than the receiving
9 tomb to another in the same cemetery, until he has received a permit from
10 the board of health or its agent aforesaid or from the clerk of the town
11 where the body is buried. No such permit shall be issued until there shall
12 have been delivered to such board, agent or clerk, as the case may be, a
13 satisfactory written statement containing the facts required by law to
14 be returned and recorded, which shall be accompanied, in case of an
15 original interment, by a satisfactory certificate of the attending physician,
16 if any, as required by law, or in lieu thereof a certificate as hereinafter
17 provided. If there is no attending physician, or if, for sufficient reasons,
18 his certificate cannot be obtained early enough for the purpose, or is
19 insufficient, a physician who is a member of the board of health, or em-
20 ployed by it or by the selectmen for the purpose, shall upon application
21 make the certificate required of the attending physician. If death is
22 caused by violence, the medical examiner shall make such certificate. If
23 such a permit for the removal of a human body, not previously interred,
24 from one town to another within the commonwealth cannot be obtained
25 early enough for the purpose, the certificate of death made as above
26 provided and in the possession of the undertaker desiring to make such
27 removal shall constitute a permit for such removal; provided, that such
28 body shall be returned to the town from which it was removed within
29 thirty-six hours after such removal, unless a permit in the usual form for
30 the removal of such body has been sooner obtained hereunder. If the
31 death certificate contains a recital, as required by section ten of chapter
32 forty-six, that the deceased served in the army, navy or marine corps of
33 the United States in any war in which it has been engaged, such recital
34 shall appear upon the permit. The board of health or its agent, upon
35 receipt of such statement and certificate, shall forthwith countersign it
36 and transmit it to the clerk of the town for registration. The person to
37 whom the permit is so given and the physician certifying the cause of
38 death shall thereafter furnish for registration any other necessary infor-
39 mation which can be obtained as to the deceased, or as to the manner or
40 cause of the death, which the clerk or registrar may require.

1 Section 46. No undertaker or other person shall bury a human
2 body or the ashes thereof which have been brought into the common-
3 wealth until he has received a permit so to do from the board of health
4 or its agent appointed to issue such permits, or if there is no such board,
5 from the clerk of the town where the body is to be buried or the funeral
6 is to be held, or from a person appointed to have the care of the cemetery
7 or burial ground in which the interment is made, if a record is kept of
8 the names of all persons buried therein, or from a duly appointed superin-
9 tendent of burials in such town who keeps a record of interments. Such
10 permit shall not be issued until the undertaker or other person has de-
11 livered a certificate to said board, agent, clerk, superintendent or person
12 having such care, giving the name of the deceased, his age as nearly as
13 can be ascertained, the cause of death, the name of the town where he last
14 resided or from which the body was brought, or, if the death occurred
15 at sea, the name of the vessel upon which it occurred, and any other
16 facts required for record which could be obtained with reasonable dili-

gence, including, in case the deceased served in the army, navy or marine corps of the United States in any war in which it has been engaged, a recital to that effect, specifying the war.

The board of health or its agent, or the superintendent or person having such care, shall, upon receipt of such certificate, forthwith countersign and transmit it to the town clerk; and if the deceased was a resident of said town, the clerk shall record the same in the books kept for recording deaths; but if the deceased was at his death a resident of any other town within the commonwealth said clerk shall forthwith forward to the clerk thereof a copy of such certificate, who shall record the same.

SECTION 47. No person having the care of a cemetery, burial ground or crematory shall permit the burial, removal or cremation of a human body until the permit for such burial, removal or cremation has been delivered to him, nor permit the ashes of a human body to be buried therein until there has been delivered to him a certificate that the burial permit and the certificate of the medical examiner prerequisite to the cremation of said body have been duly presented.

Upon the burial, removal, or cremation of a body, the superintendent or other officer in charge of the cemetery or crematory shall indorse upon the coupon accompanying the permit the fact of such burial, removal or cremation, with the date thereof, shall make and preserve in the files of the cemetery or crematory a record of such burial, removal or cremation, including any recital in the burial permit relative to service of the deceased in any war in which the United States has been engaged, and also the location of the grave or other receptacle of the body or ashes of the deceased, and shall forthwith return the coupon to the office issuing the same; provided, that if there is no officer in charge of the cemetery or crematory, such duties shall be performed by the undertaker.

SECTION 48. An undertaker shall not bury the ashes of a human body until he has received from the person having the charge of the crematory a certificate that the burial permit and the certificate of the medical examiner prerequisite to the cremating of said body have been duly presented.

SECTION 49. Boards of health shall annually, on or before May first, license a suitable number of undertakers who can read and write the English language and who are qualified as hereinafter provided. Each license hereunder shall be issued upon such terms and conditions as the board of health issuing it may prescribe and may be revoked at any time by such board if any of its terms and conditions or any requirement of law relative thereto has been violated by the licensee. An undertaker so licensed may act in any town. Before issuance of such a license or of a renewal thereof, there shall be presented to the board of health by the applicant for such license satisfactory evidence that he is a citizen of the United States of good moral character and is competent to prepare such death certificates and other documents as are required in the ordinary course of his business, and is familiar with the precautions to be taken by an undertaker to prevent the spread of communicable diseases and is conversant with the laws of the United States and of this commonwealth relative to the custody of dead bodies, the preparation of such bodies for burial, cremation and shipment and rela-

they were appointed, and in which they last served, and the relationship of each person aided, to the soldier or sailor on account of whose service the aid was granted, and such other details as the commissioner may require, shall, within the first ten days of the month following the month in which the expenditure was made, be certified, on oath, by the mayor, treasurer and city clerk of any city or a majority of the selectmen of any town disbursing the same, to said commissioner on blank forms provided by him, and in a manner approved by him. The commissioner shall examine the certificates thereof and allow and endorse thereon such amounts as he finds have been paid and reported according to this chapter, and shall transmit the certificates to the comptroller.

The commissioner may decide upon the necessity of the amount paid in each case, and may allow any part thereof which he deems proper and lawful and which, in cases of payment to or for persons of the third or fourth class entitled to receive military aid, he shall also find to have been made according to his orders; but he shall allow and endorse the amounts which he has specifically authorized to be paid under and according to his decisions made under section five. The whole of the 24 amounts legally paid as aforesaid and so allowed for state aid, and all 25 payments to or for persons of the third or fourth class entitled to military aid, and one half of all payments made to persons of the first or second class entitled to military aid, but none of the expenses attending the payment of state or military aid, shall be reimbursed by the commonwealth to the several towns on or before November tenth in the year, after such expenditure.

Section 16. The commissioner may, with the consent of the governor, appoint, as occasion may require, one or more disinterested persons who shall investigate any claims against the commonwealth for state or military aid, may examine any persons to or for whom such aid has been paid, investigate the reasons therefor and all matters relating to the granting of such aid, and shall report their doings to the commissioner. The reasonable expenses of the commissioner, and the expenses and compensation of any such disinterested person, approved by the commissioner, and allowed by the governor and council, shall be paid by the commonwealth. Municipal authorities charged with the disbursing of state or military aid shall from time to time, after its original allowance, make such investigations of the necessities and qualifications of the person aided as to prevent any payment thereof contrary to any provision of this chapter.

Section 17. If a person who served in the army or navy of the United States in the war of the rebellion, in the army, navy or marine corps in the war with Spain or the Philippine insurrection between April twenty-first, eighteen hundred and ninety-eight, and July fourth, nineteen hundred and two, or in the army, navy or marine corps in the world war, or a pensioner of the United States who served under the authority or by the approval of the United States or any state or territory in any Indian war or campaign, or in connection with or in the zone of any active Indian hostilities in any of the states or territories of the United States prior to January first, eighteen hundred and ninety-eight, and received an honorable discharge from all enlistments therein, and who has a legal settlement
in a town in the commonwealth, becomes poor and wholly or partly unable
13 to provide maintenance for himself, his wife or minor children under six-
14teen years of age or for a dependent father or mother, unless such condi-
tion is the result of his own criminal or wilful misconduct, or if such person
dies leaving a widow or minor children under sixteen years of age, or
17 minor children over sixteen but under eighteen years of age who attend
18 school or are incapacitated for work, or a dependent father or mother
19 without proper means of support, such support as may be necessary shall
20 be accorded to him or his said dependents by the town where they or any
21 of them have a legal settlement, and his said dependents, in the case of his
22 death, shall not be deemed ineligible to receive said support by reason of
23 criminal or wilful misconduct on his part at any time during his lifetime;
24 but should such person have all the said qualifications except settlement,
25 if he served in the war of the rebellion, or in the army, navy or marine
26 corps in the war with Spain or the Philippine insurrection between said
27 dates, his widow, who has acquired a legal settlement in her own right
28 before August twelfth, nineteen hundred and sixteen, which settlement
29 has not been defeated or lost, or if he served in the world war and at the
30 time of his decease was a legal resident of this commonwealth, his widow,
31 who has a legal settlement and who has not remarried, and his minor
32 children under sixteen years of age, and those over sixteen but under
33 eighteen years of age who attend school or are incapacitated for work,
34 shall also be eligible to receive relief under this section. Any crippled,
35 blind or helpless child, whether a minor or adult, of a deceased person
36 who served in the army or navy of the United States in the war of the
37 rebellion, or in the war with Spain or the Philippine insurrection between
38 April twenty-first, eighteen hundred and ninety-eight and July fourth,
39 nineteen hundred and two, and received an honorable discharge from all
40 enlistments therein, if such child is receiving a pension from the United
41 States and is not otherwise eligible to receive relief under this section,
42 shall also be eligible as aforesaid. Such relief shall be furnished by the
43 aldermen or selectmen, or, in Boston, by the soldiers' relief commissioner,
44 subject, however, to the direction of the city council of said city as to the
45 amount to be paid. The beneficiary shall receive said relief at home,
46 or at such other place as the aldermen, selectmen or soldiers' relief com-
47 missioner deem proper, but he shall not be compelled to receive the same
48 at an infirmary or public institution unless his physical or mental con-
49 dition requires, or, if a minor, unless his parents or guardian so elect.
50 If an applicant for military aid or soldiers' relief has a settlement outside
51 of the town where the application is made, the official required to act
52 thereon shall, within three days, notify the corresponding official in the
53 town of the applicant's settlement, and also the commissioner. If the
54 town of settlement of an applicant for soldiers' relief unreasonably delays
55 in aiding the applicant after receipt of said notice, the town of the appli-
cant's residence shall forthwith grant such aid as the commissioner may
57 order, and the town so granting such aid shall be reimbursed in full there-
58 for by the town of the applicant's settlement. Any town official required
59 to act on such order of the commissioner who refuses and neglects to
60 comply therewith shall be punished by a fine of not less than twenty-five
61 nor more than one hundred dollars.
62 This section shall also apply to army nurses who served in the army
63 hospitals of the United States during the civil war and are entitled to state
64 aid under section six and to army nurses and their dependents as specified
65 herein who served in the army, navy or marine corps during the war with
Spain or during the Philippine insurrection between April twenty-first, 66
eighteen hundred and ninety-eight, and July fourth, nineteen hundred 67
and two, or during the world war.

SECTION 18. The aldermen or selectmen shall furnish such relief
without authority of a vote of the city council or of the town. Such
relief shall be furnished only by, through or under the agency or direc-
tion of city or town officers authorized to disburse state or military aid.
Upon complaint of any person aggrieved by the failure to furnish such
relief or upon complaint of any citizen that such relief is being granted
contrary to the provisions of the preceding section, the commissioner
shall forthwith make a thorough investigation and determine the amount
of relief, if any, to be given. The decision of the commissioner shall be
final, but may at any time be amended or reversed by him.

SECTION 19. The mayor of each city and the selectmen of each
town or, in Boston, the soldiers' relief commissioner, shall designate a
burial agent, who shall not be one of the board of public welfare or be
employed by said board, and who shall, under regulations established
by the commissioner, cause properly to be interred the body of any
honorably discharged soldier or sailor who served in the army or navy
of the United States during the war of the rebellion, or in the Indian
campaigns if he died in receipt of a pension from the United States, or
during the war between the United States and Spain or the Philippine
insurrection after February fourteenth, eighteen hundred and ninety-
eight and prior to July fourth, nineteen hundred and two, or in the
Mexican border service of nineteen hundred and sixteen and of nineteen
hundred and seventy, or in the world war; provided, that the soldier
or sailor died in such service or after an honorable discharge therefrom
or release from active duty therein; and shall also so inter the body of
his wife, widow or dependent father or mother, and the bodies of army
nurses entitled to state aid under section six, if they die without suffi-
cient means to defray funeral expenses; but no wife or widow of any
soldier or sailor of the civil war shall be entitled to the benefits of this
section unless she was married to him prior to June twenty-seventh, 20
eighteen hundred and ninety, and no wife or widow of any soldier of the
Indian campaigns unless she was married to him prior to March fourth, 22
nineteen hundred and seventeen, and unless she was, if his widow, in 23
receipt of a pension under the act of congress of March fourth, nineteen
hundred and seventeen, and no wife or widow of any soldier or sailor of
the Spanish war, or the Philippine insurrection, unless she was married 25
to him prior to September first, nineteen hundred and twenty-two; and 27
no wife or widow of any soldier or sailor of the Mexican border service
or of the world war unless she was married to him prior to his final dis-
charge from such service. If an interment has taken place without the 29
knowledge of the burial agent, application may be made to him within 30
thirty days after the date of death, or after final interment if the soldier 32
or sailor dies in the world war service; and if upon investigation he shall 33
find that the deceased was within the provisions of this section and the 34
rules of the commissioner, he may certify the same as provided in the 35
following section.

SECTION 20. The expense of a burial as aforesaid shall not exceed
one hundred dollars, two dollars of which shall be paid as compensation
on
3 to the burial agent causing the interment to be made; but if the total
4 expense of the burial, by whomsoever incurred, shall exceed two hundred
5 dollars, no payment therefor shall be made by the commonwealth.
6 The burial shall not be made in any cemetery or burial ground used ex-
7 clusively for the burial of persons buried under the provisions of chapter
8 one hundred and seventeen, or in any part of any cemetery or burial
9 ground so used. Relatives of the deceased who are unable to bear the
10 expense of burial may be allowed to conduct the funeral. The full
11 amount so expended, the name of the deceased soldier or sailor, the
12 regiment, company, station, organization or vessel in which he served,
13 the date of death, place of interment, and in case of a wife or widow the
14 name of the husband and date of marriage, and such other details as
15 the commissioner may require, shall be certified on oath to him, in such
16 manner as he may approve, by the burial agent and the treasurer of the
17 town expending the amount, within three months after the burial; and
18 the commissioner shall endorse upon the certificate his allowance of
19 such amounts as he finds have been paid, and reported according to the
20 foregoing provisions, and shall transmit the certificate to the compt-
21 ronler. The amounts legally paid and so allowed, with no expense for
22 disbursement, shall be reimbursed by the commonwealth to the several
23 towns on or before November tenth in the year after the expenditures
24 have been made.

1 Section 21. The provisions of the two preceding sections relative to
2 burial of indigent soldiers or sailors and their dependents and of section
3 seventeen relative to soldiers' relief shall not apply to any person who
4 at the time of entering the federal service during the world war was a
5 subject or citizen of a neutral country who had filed his intention to
6 become a citizen of the United States and who afterward withdrew such
7 intention under the act of congress approved July ninth, nineteen hun-
8 dred and eighteen, nor to any person designated upon his discharge as
9 a conscientious objector.

1 Section 22. In every town there shall annually be appointed by
2 the mayor or selectmen a citizen of the town, preferably a person who
3 has served in the army, navy or marine corps of the United States in
4 time of war or insurrection and has been honorably discharged from
5 such service or released from active duty therein, who shall see that
6 every cemetery lot where there is a grave of any person who has so
7 served is suitably kept and cared for. If the cost of such care and main-
8 tenance is not paid by private persons, or by the trustees of the ceme-
9 teries where any such grave is situated, it shall be paid by the town;
10 and towns may appropriate money therefor. Money so appropriated
11 may be expended directly by the town or paid over to the trustees or
12 manager of any cemetery where any such grave is situated; but the
13 sum so paid over in any year shall not exceed for each grave the sum
14 charged for the annual care and maintenance of like lots in the same
15 cemetery, or, if no such charge is made in that cemetery, it shall not
16 exceed the sum charged in other cemeteries in the same town for like
17 service.

1 Section 23. [Repealed, 1931, 426, § 16.]
Section 24. The discharge or release papers of soldiers and sailors who served in the armed forces of the United States in time of war or insurrection and have been honorably discharged therefrom or released from active duty therein, may be recorded with the clerk of the town of the holder’s residence in books kept for the purpose, upon payment of a fee of twenty-five cents for each discharge or release so recorded. The clerk shall prepare and keep an index of the papers so recorded, and copies of such papers, if attested by him, shall be admitted as sufficient evidence thereof whenever they are otherwise competent.

Hospital or home care.

Section 25. The commissioner shall expend such sum as he deems necessary to provide special care in a hospital or at home for persons who served in the army or navy of the United States in the war of the rebellion and received an honorable discharge from all enlistments therein, their wives and widows, who are in need of such care and who were legally settled in a town of this commonwealth on January first, nineteen hundred and twenty-nine. The amount expended by the commissioner under this section shall be paid from such appropriation as may be made for the purpose. One half of such expense shall be assessed, collected and paid over by the town of the beneficiary’s settlement to the state treasurer in the same manner and at the same time as state taxes. The person charged with disbursing military aid or soldiers’ relief in each town shall, within three days of receiving an application for relief under this section, notify the commissioner of such application upon blanks approved by him. Any person charged with such disbursement who refuses or unreasonably neglects to give notice required by this section within the time and substantially in the form herein required shall be punished by a fine of twenty-five dollars.

Acquisition of legal settlements, etc.

By residence. 1789, 14, § 1. 1821, 94, § 3. 1868, 320, § 1.

First, Except as provided in the following clause, each person who after reaching the age of twenty-one has resided in any town within the
5. Commonwealth for five consecutive years shall thereby acquire a settlement in such town.

7. Second, A married woman shall follow and have the settlement of her husband; but if he has no settlement within the commonwealth, she shall retain the settlement, if any, which she had at the time of her marriage and may acquire a settlement under the preceding clause.

22. Fourth, Illegitimate children shall follow and have the settlement of their mother.

1793, 14, § 3. R. L. 80, § 1, ch. 1, § 3. 1911, 669, § 1, ch. 4, § 7.

this commonwealth at the time of his induction or enlistment. But these provisions shall not apply to any person who enlisted and received a bounty for such enlistment in more than one place unless the second enlistment was made after an honorable discharge from the first term of service, nor to any person who has been proved guilty of wilful desertion, or who left the service otherwise than by reason of disability or an honorable discharge.

Sixth. Upon the division of a town, every person having a legal settlement therein, but being absent at the time of such division, and not having acquired a legal settlement elsewhere, shall have his legal settlement in the town containing the last dwelling place or home which he had in the town so divided; and if a new town, composed of a part of one or more other towns is incorporated, every person legally settled in the towns of which such new town is so composed, and who actually dwells and has his home within the bounds of such new town at the time of its incorporation, and any person duly qualified as provided in the fifth clause of this section who at the time of his enlistment dwelt and had his home within such bounds, shall thereby acquire a legal settlement in such new town; but no person residing in that part of a town which upon such division is incorporated into a new town and who then has no legal settlement therein shall acquire any by force of such incorporation only, nor shall such incorporation prevent his acquiring a settlement in such town within the time and by the means by which he would have gained it there if no such division had been made.

Section 2. No person shall acquire a settlement, or be in process of acquiring a settlement, while receiving public relief, unless, within two years after receiving such relief, he tenders reimbursement of the cost thereof to the commonwealth or to the town furnishing it. This section shall not apply to aid or relief received under chapter one hundred and fifteen.

Section 3. [Repealed, 1928, 155, § 10.]

Section 4. If a soldier or a dependent of a soldier eligible to receive military aid or soldiers' relief under chapter one hundred and fifteen receives aid or treatment in any hospital or other institution, such aid or treatment shall not have the effect of preventing or defeating the acquisition of a legal settlement.

Section 5. Except as otherwise provided in this section, each settlement existing on August twelfth, nineteen hundred and eleven, shall continue in force until defeated under this chapter, but from and after said date failure for five consecutive years by a person, after reaching twenty-one years of age, to reside in a town where he had a settlement, shall defeat a settlement acquired under clause First of section one, or a settlement of a woman acquired under clause Second of said section one provided the settlement of her husband is defeated. The settlement of a minor acquired under either clause Third or Fourth of section one, except the settlement of a female minor who has married, shall be defeated with the settlement of the parents. The time during which a person shall be an inmate of any infirmary, jail, prison, or other public or state institution, within the
13. Commonwealth or in any manner under its care and direction, or that of an officer thereof, or of a soldiers' or sailors' home whether within or without the commonwealth, shall not be counted in computing the time either for acquiring or defeating a settlement, except as provided in section two. 

17. The settlement existing on August twelfth, nineteen hundred and sixteen, or any settlement subsequently acquired, of a person whose service in or with the army, navy or marine corps of the United States qualifies him to receive aid or relief under the provisions of chapter one hundred and fifteen, and the settlement of his wife, widow until she remarries, father or mother, qualified by his service to receive relief under said chapter one hundred and fifteen, shall not be defeated, except by failure to reside in the commonwealth for five consecutive years or by the acquisition of a new settlement.

Section 6. No person who has begun to acquire a settlement by the laws in force at and before the time when this chapter takes effect, in any of the ways in which any period of time is prescribed for a residence or for the continuance or succession of any other act, shall be prevented or delayed by the provisions hereof; but he shall acquire a settlement by a continuance or succession of the same residence or other act, in the same time and manner as if the former laws had continued in force.

Section 7. Any settlement not fully acquired subsequently to May first, eighteen hundred and sixty, is hereby defeated and lost, unless such settlement prevented a subsequent acquisition of settlement in the same place; but if a settlement acquired by marriage is so defeated, the former settlement, if any, of the wife, if not also so defeated, shall be revived.

Section 14. Boards of public welfare in their respective towns shall provide for the immediate comfort and relief of all persons residing or found therein, having lawful settlements in other towns, in distress and standing in need of immediate relief, until removed to the towns of their lawful settlements. The expense thereof and of their removal, or burial in case of their decease, may be recovered in contract against the town liable therefor, if commenced within two years after the cause of action arises; but nothing shall be recovered for relief furnished more than three months prior to notice thereof given to the defendant.

Section 15. A judgment for the plaintiff in such action shall be conclusive as to the settlement of such person in any future action between the same parties for his support.

Section 16. If a person is supported under this chapter in a town in which he has no settlement, the town liable for his support shall not be required to pay therefor more than at the rate of two dollars a week if it causes him to be removed within thirty days after receiving legal notice that such support has been furnished.

Section 17. The board of public welfare of each town shall also relieve and support and may employ all poor persons residing or found therein, having no lawful settlements within the commonwealth, until their removal to the state infirmary, and if they die shall decently bury them. They shall also decently bury all deceased persons who, without means of support while living, did not apply for public relief, and all unknown persons found dead. The expense thereof may be recovered of their kindred, if any, chargeable by law for their support in the manner provided in this chapter; and if the expense of their burial is not paid by such kindred, an amount not exceeding forty dollars for the funeral expenses of each person over twelve years of age, and not exceeding twenty dollars for the funeral expenses of each person under that age, shall be paid by the commonwealth subject to the provisions of section forty-two of chapter one hundred and twenty-one; provided, that the board of public welfare shall file with each claim an affidavit of the undertaker stating the total amount of his bill, the amount received from the town and the amount received from all other sources; and provided, further, that if the total expense of the burial, by whomsoever incurred, shall exceed the sum of one hundred dollars, no payment therefor shall be made by the commonwealth.

Section 18. A town may furnish temporary aid to poor persons found therein, having no lawful settlements within the commonwealth, if the board of public welfare consider it for the public interest; and the board of public welfare shall in every case give written notice within five days to the department of public welfare, which shall examine the case and.
6 order such aid as it deems expedient. If it directs a discontinuance of
7 such aid, it shall remove such persons to the state infirmary or to any state
8 or place where they belong, if their necessities or the public interests
9 require it, and the superintendent of said infirmary shall receive the per-
10 sons removed there to as if they were sent there in accordance with section
11 seven of chapter one hundred and twenty-two. A detailed statement of
12 expenses so incurred shall be rendered, and after approval by the depart-
13 ment such expenses shall be paid by the commonwealth. If any such
14 person refuses to submit to removal, the department or any of its officers
15 or agents may apply to the district court of the district where such person
16 resides, for an order directing that such removal be made. Upon such
17 application the court shall forthwith cause a summons to be served upon
18 the person so refusing, and, if he be a minor, upon his parent or guardian,
19 requiring the attendance of the person so summoned at a time and place
20 appointed therein for hearing; and at such time and place shall hear and
21 examine upon oath such person or persons, and shall hear such other evi-
22 dence as may be material. If upon hearing it appears that the person
23 sought to be removed is without a legal settlement in this commonwealth
24 and is unable to support himself, and that his necessities or the public
25 interests require his removal, the court shall issue an order in writing,
26 directed to a duly constituted officer or agent of the department, reciting
27 that such person appears to be a state charge, and that his necessities or
28 the public interests require his removal, and commanding such officer or
29 agent to remove him to the state infirmary or to any other state institu-
30 tion designated by the department, and such officer or agent shall there-
31 upon make the removal as ordered. After the removal is made such
32 officer or agent shall file such order, with his return thereon, with the clerk
33 of the court from which it was issued. In every case where a removal is
34 ordered a detailed statement of the expense incurred by any town for the
35 support of the person so removed while application for his removal was
36 pending before the court shall be rendered, and after approval by the
37 department shall be paid by the commonwealth. Reimbursement by the
38 commonwealth under the provisions hereof shall be subject to the provi-

1 Section 19. Reasonable compensation for medical attendance or
2 treatment furnished by a town under this chapter or chapter one hun-
3 dred and twenty-two may be included in the expenses to be paid to such
4 town by any other town or by the commonwealth, although such atten-

6 by a fixed salary. Such reimbursement shall not exceed the proportionate
7 cost to the town furnishing the attendance or treatment, based upon the

10 official capacity.

5 able, a reasonable amount of labor in return therefor, and may detain
6 him for not more than twenty-four hours after such application until the
7 labor required of him as aforesaid has been performed. The places in
which persons are lodged shall be kept in such order and condition as may
be prescribed by the department of public health.

required by the officer in charge thereof to perform such labor as the
official physician shall certify is suitable for him.

**Section 22.** Whoever refuses or neglects to perform any labor re-

such labor, wilfully damages any property of the town requiring the
same, shall be punished, in Suffolk county by imprisonment in the house
of correction for not more than one year, and in other counties, in the
house of correction or at the state farm for a like term.

**Section 23.** A person who has actually become chargeable to a town
where he has a settlement and who subsequently acquires a settlement
in a place out of the commonwealth may be removed there to by the board
of public welfare of such town by a written order directed to any person
therein designated.

1928, 155, § 25.

**Section 24.** Every town shall be liable for any expense necessarily
incurred under this chapter or under chapter one hundred and twenty-two
for the relief of a person in need of public assistance therein by any person
not liable by law for his support, after notice and request made to one

1 Section 30. Upon the death of a person who at his decease is actually chargeable to a town within the commonwealth, the board of public welfare thereof may take possession of all his real and personal property; and if administration is not taken upon his estate within thirty days after his decease, they may in their own names sell and convey so much thereof as may be necessary to reimburse the town for expenses incurred for said person. If any part of such property is withheld from said board of public welfare, they may in their own names sue for and recover possession of the real property, and shall have the same remedy for the recovery of the personal property or its value as an administrator might have in like case.

1 Section 31. In actions and prosecutions founded on the preceding sections, the board of public welfare of any town or any person appointed pointed by a writing under the hands of its members shall appear and prosecute or defend the same in behalf of such town.

AID TO MOTHERS WITH DEPENDENT CHILDREN.

Sect.    Sect.
1. Scope of the chapter. 5. Department of public welfare to have
2. Cities and towns to furnish aid to    supervision, etc.
   mothers with dependent children. 6. Reimbursement of cities and towns by
3. Duties of boards of public welfare. the commonwealth, etc.
4. Same subject.

1 Section 1. This chapter shall apply to all mothers and their de-
2 pendent children under the age of sixteen, whether or not they or any
3 of them may have a settlement within the commonwealth, who shall
4 have resided therein not less than three years. A mother shall not be
5 disqualified from receiving aid under this chapter because of having but
6 one such child.

1 Section 2. In every town the board of public welfare shall aid all
2 such mothers, if they are fit to bring up their children. The aid fur-
3 nished shall be sufficient to enable them to bring up their children prop-
4 erly in their own homes.

1 Section 3. Before so aiding any such mother, except as hereinafter
2 provided, the board of public welfare shall determine that the mother
3 is fit to bring up her children and that the other members of the house-
4 hold and the surroundings of the home are such as to make for good
5 character, and that aid from the board is necessary to enable her to
6 bring up her children properly. For this purpose the board shall make
7 an immediate and careful inquiry including the resources of the family
8 and the ability of its other members, if any, to work or otherwise con-
9 tribute to its support, the existence of relatives able to assist the family,
10 and of individuals, societies or agencies who may be interested therein;
11 shall take all lawful means to compel all persons bound to support the
mother and children to support them, and to enforce any other legal 12
rights for their benefit; shall press all members of the family who are 13
able to work, other than the mother and her dependent children, to secure 14
work; shall try to secure work for them; and shall secure all neces-
15
sary aid for the mother and children which can be secured from relatives, 16
organizations or individuals. This section shall not prevent the board 17
from giving prompt and suitable temporary aid, pending compliance 18
with the requirements of this section, when in its opinion such aid is 19
necessary and cannot be obtained from other sources. A detailed state-
20
ment of expenses incurred under this section shall be rendered to the 21
department of public welfare, together with such certificates or other 22
guarantees as it may require.

SECTION 4. The board of public welfare, either by one of its own 1
number or by its duly appointed agent, shall visit at least once in every 2
three months, at their homes or other places where they may be living, 3
each mother and her dependent children who are being aided financially 4
or otherwise by said board, and after each visit shall make and keep on 5
file as a part of its official records a detailed statement of the condition 6
of the home and family and all other data which may assist in determining 7
the wisdom of the measures taken and the advisability of their continu-
8
ance; and the board shall at least once in each year reconsider the case 9
each such mother with whom they are dealing, and enter its determi-
10
nation with the reason therefor on its official records.

SECTION 5. The department of public welfare shall supervise the 1
work done and measures taken by the boards of public welfare of the 2
several towns in respect to families subject to this chapter; and for 3
this purpose may make such rules relative to notice as it deems necessary 4
and may visit and inspect any or all families so aided, and shall have 5
access to any records and other data kept by such boards or their rep-
6
dresentatives relating to such aid; and the department shall include in its 7
annual report a statement of the work done by its own agents and by 8
boards of public welfare in respect to such families any of whose members 9
are without legal settlement in the commonwealth; and a separate 10
statement of the work done by boards of public welfare in respect to 11
such families in which all the members have a legal settlement in the 12
commonwealth.

SECTION 6. In respect to all mothers in receipt of aid under this 1
chapter the town rendering the aid shall, after approval of the bills by 2
the department of public welfare, and subject otherwise to the provi-
3
sions of section forty-two of chapter one hundred and twenty-one, be 4
reimbursed by the commonwealth for one third of the amount of the 5
aid given, or, if the mother so aided has no settlement, for the total 6
amount thereof. If the mother so aided has a legal settlement in 7
another town two thirds of the amount of such aid given may be recov-
8
ered in contract against the town liable therefor in accordance with 9
chapter one hundred and seventeen.
CHAPTER 118A.

ADEQUATE ASSISTANCE TO CERTAIN AGED CITIZENS.

Sect. 1. State department of public welfare to supervise rendering of assistance.  

Sect. 3. Reimbursement of cities and towns rendering assistance.  

Section 1. Adequate assistance to deserving citizens in need of relief and support seventy years of age or over who shall have resided in the commonwealth not less than twenty years immediately preceding arrival at such age, subject to such reasonable exceptions as to continuity of residence as the department of public welfare, in this chapter called the department, may determine by rules hereinafter authorized, shall be granted under the supervision of the department. Such assistance shall, wherever practicable, be given to the aged person in his own home or in lodgings or in a boarding home, and it shall be sufficient to provide such suitable and dignified care. No person receiving assistance hereunder shall be deemed to be a pauper by reason thereof.

Section 2. Each board of public welfare shall, for the purpose of granting adequate assistance and service to such aged persons, establish a division thereof to be designated as the Bureau of Old Age Assistance. In determining the need for financial assistance, said bureau shall give consideration to the resources of the aged person and to the ability of children and others to support such aged person. Separate records of all such aged persons who are aided shall be kept and reports returned in the manner prescribed by section thirty-four of chapter forty-one and by sections thirty-two and thirty-three of chapter one hundred and seventeen.

Section 3. In respect to all aged persons in receipt of assistance under this chapter, the town rendering the assistance shall, after and subject to approval of the bills by the department and subject otherwise to the provisions of section forty-two of chapter one hundred and twenty-one, be reimbursed by the commonwealth for one third of the amount of assistance given, or, if the person so aided has no settlement in the commonwealth, for the total amount thereof. If the person so aided has a legal settlement in another town, two thirds of the amount of such assistance given may be recovered in contract against the town liable therefor in accordance with chapter one hundred and seventeen.

Section 4. The department shall supervise the work done and measures taken by the boards of public welfare of the several towns in respect to persons aided and service given under this chapter; and for this purpose may make such rules relative to notice and reimbursement, and such other rules relating to the administration of this chapter, as it deems necessary, and may visit any person aided, and shall have access to any records and other data kept by the boards of public welfare or their representatives relating to such assistance, and may require the production of books and papers and the testimony of witnesses under oath.

4 place, and the name and residence of its parents, and shall keep a record
5 of the same and of the date of such reception. He shall forthwith, upon
6 the receipt of said infant, give written notice thereof to the department,
7 and upon its request shall give information and render reports required
8 by it concerning such infant, and within two days after its discharge
9 shall give written notice to the department of the discharge and disposal
10 of such infant. The department may investigate the case, and at any
11 time prior to a decree of adoption take any such infant into its custody
12 if in its judgment public interest and the protection of the infant so
13 require.

1 Section 15. [Repealed, 1931, 426, § 21.]

1 Section 16. The mother of an illegitimate infant under two years
2 of age who is a resident of this commonwealth may, in writing signed
3 by her and with the consent of the department, give up such infant to
4 it for adoption; and if it deems such action for the public interest, the
5 department may, in its discretion and on such conditions as it imposes,
6 receive such infant and provide therefor. Such surrender by the mother
7 shall operate as a consent by her to any adoption subsequently approved
8 by the department.

1 Section 17. In any prosecution under the preceding sections of this
2 chapter, except sections twelve and thirteen, a defendant who relies in
3 defence upon the relationship of any of said infants to himself shall have
4 the burden of proof thereof.

R. L. s. § 14.
Section 18. The governor, upon the written recommendation of the department, may appoint a special state police officer for three years, who shall be subject to removal at any time by the governor, shall serve without pay, shall have and exercise throughout the commonwealth the powers of a state police officer, and, under the direction of the department, shall enforce the provisions of this chapter relating to the powers and duties of the department.

Section 19. [Repealed, 1931, 195, § 6.]

Section 20. Whoever receives an infant under the age of three for board or for the purpose of procuring adoption shall use due diligence to ascertain whether it is illegitimate, and if he knows or has reason to believe that it is, he shall forthwith notify the department of such reception. The members, officers or agents of the department may enter and inspect a building where they have reason to believe such illegitimate infant is boarded and remove it, if they believe that, by reason of neglect, abuse or other cause, its removal is necessary to preserve its life. Such infant shall be in the custody of the department, which shall make lawful provision therefor.

Section 21. A person receiving an infant for board or for the purpose of procuring adoption, as described in the preceding section, and its parents shall, if required by the department, give true answers, so far as their knowledge extends, as to the parentage, residence and place of settlement of said infant; and the parents of such child shall, if required by the department or the board of public welfare of the town where the person receiving said infant resides, give security for its maintenance satisfactory to the department or board. Whoever violates any provision of this or the preceding section shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than one year.

Section 22. The board of public welfare of a town and the superintendent and board of trustees of the state infirmary shall commit any indigent or neglected infant having no known settlement in the commonwealth to the custody of the department, which shall provide for him in a family or other suitable place, as it deems expedient for the interests of the child.

Section 23. [Repealed, 1931, 195, § 6.]

Section 24. [Repealed, 1931, 195, § 6.]

Section 25. [Repealed, 1931, 195, § 6.]

Section 26. [Repealed, 1931, 195, § 6.]

Section 27. [Repealed, 1931, 195, § 6.]

Section 28. An agent of the department specially authorized thereto may enter without actual force any building or room when such agent has reason to believe that a child under seven is sheltered or maintained apart from his parents and is not receiving proper care. The agent shall investi-
gates the case and may, if he considers such removal necessary for the
protection of the child from neglect or abuse, cause such child, if he is not
under the personal care of a parent or guardian, to be removed to the
custody of the department. An agent who is refused such entry or who is
hindered in the removal of such child may make complaint, on oath, to a
justice of a court, who may thereupon issue a warrant authorizing him to
obtain sufficient aid and at any reasonable time to enter the building
designated, and every part thereof, to investigate the treatment and con-
dition of the children found there, and to remove such children as herein
provided.

Section 29. The agent shall forthwith notify the department of
his doings, and it shall thereupon decide whether to retain such child in
its custody or to restore him to his parent or guardian or to the place
from which he was removed. As to a child so retained, it shall have
the powers and duties which it has as to neglected children committed
to its custody by the courts. But the department, unless within a reason-
able time it secures the commitment of such child, under the provisions of
sections forty-two to forty-seven, inclusive, shall, upon request, discharge
such child to his legal guardian, or if he has no guardian to his father, or
if he has no father to his mother. The department may notify the person
from whose care or custody a child has been taken under the preceding
section that no child of which he is not the legal guardian shall, without
a permit from the department, be received or maintained by him. The
department shall apply to the probate court for the removal of the guard-
ian of any child under seven years of age who is unsuitable for his trust.

Section 30. Whoever obstructs or hinders the department or its
officers or agents in the execution of the duties and powers imposed or
conferred by the two preceding sections or, after notice as aforesaid,
receives a child without having a permit therefor, shall be punished by
a fine of not more than one hundred dollars for the first offence, and by
a fine of not more than one hundred dollars or by imprisonment for not
more than six months for a subsequent offence.

Section 30A. No person or institution shall bring or cause to be
brought into the commonwealth, or receive therein, from any other state,
province or country, any child for the purpose of placing or boarding, or of
procuring the placing or boarding of such child, in a family or home within
the commonwealth, with a view to adoption, guardianship, custody or
care by any person other than one related to him by blood or marriage,
without first obtaining a permit therefor from the department. Such
a permit shall not issue until a written application therefor has been filed
with the department on forms by it prepared, containing such information
relative to such child as the department may require, accompanied by an
individual or blanket bond running to the commonwealth in such penal
sum and with such surety or sureties as the department may approve,
conditioned on the following: (1) that all statements contained in such
an application are true in substantial particulars; (2) that any such child
becoming a public charge during his minority shall be removed from the
state not later than thirty days after notice from the department; (3)
that such child shall be removed from the state immediately upon his
release from any penal or reformatory institution or training school to
which he has been committed, within three years of his arrival within
the state, for juvenile delinquency or crime; (4) that such child shall be placed or boarded under such agreement as will secure to him a proper home and surroundings, and as will render his custodian responsible for his proper care, education and training, under adequate supervision and subject to annual visitation by an agent; and (5) that such reports relative to the child shall be made to the department as it may require. In case of a breach of any condition of such a bond, the attorney general, upon request of the department, shall put the bond in suit, and the commonwealth or any city or town thereof shall be reimbursed from the proceeds for any expense incurred by reason of a breach of any such condition. Violation of this section shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than six months, or both.

CARE OF DESTITUTE AND ABANDONED CHILDREN.

Section 31. [Repealed, 1931, 195, § 6.]

Section 32. [Repealed, 1931, 195, § 6.]

Section 33. [Repealed, 1931, 195, § 6.]

Section 34. [Repealed, 1931, 195, § 6.]

Section 35. [Repealed, 1931, 195, § 6.]

Section 36. [Repealed, 1931, 195, § 6.]

Section 36A. Any charitable corporation, organized under general or special laws of the commonwealth for the purpose of and engaged principally in the care of children, may, with the written approval in each instance of the department, be appointed guardian of any minor child, and, when so appointed, such a corporation shall have the same powers, duties and obligations, shall be subject to the same restrictions, as are prescribed for guardians of minor children by general law. The department may grant or refuse such approval after such investigation as to the fitness and suitability of the corporation to serve in such capacity as it deems expedient. Nothing in this section shall be construed to require any charitable corporation authorized by special law in effect on March twenty-fifth, nineteen hundred and twenty-seven, to be appointed guardian of minor children to obtain the written approval of the department of public welfare in case of any appointment as such guardian.

Section 37. If the parent or guardian of a child placed in charge of any person, association or public or private institution by any state department, town board, or by any public or private corporation or body of persons authorized by law to so place children, or if one of the next of kin of an orphan so placed in charge and without guardian, is not, upon request, informed by such department, board, corporation or body of persons where the child is, the probate court for the county where such child has its legal residence may, upon petition of such parent, guardian or next of kin, and upon notice, if in its opinion the welfare of the child and the public interest will not be injured thereby, require such department, board, corporation or body of persons to give
12 the information and permit the parent, guardian or next of kin to visit
13 the child at such times and under such conditions as the court orders;
14 and the court may revise its order or make new orders or decrees as the
15 welfare of the child and the public interest may require.

1 Section 38. The department may provide for the maintenance of a
2 child under the age of twenty-one, dependent on public charity, upon
3 written application of the parent or guardian or, if there is no parent or
4 guardian, of a friend, or of the board of public welfare of the town where
5 such child is found.

1 Section 39. Children in the care or custody of the department shall
2 be placed in private families; but in case of illness or change of place, or
3 while awaiting trial, they may be placed in any suitable institution.

1 Section 40. No parents, or surviving parent, of any minor child in
2 the care or under the supervision of the department, or of any state de-
3 partment, or of any state board of trustees, shall be denied the right of any
4 child of theirs to the free exercise of the religious belief of his parents and
5 the liberty of worshipping God according to the religion of his parents,
6 or surviving parent, or of the religion which his parents professed, if
7 they are both deceased; and no minor child in the care, or under the
8 supervision of the department, or of any state department, or state
9 board of trustees, shall be denied the free exercise of the religion of his
10 parents, or of his surviving parent, or of his parents if they are both
11 deceased, nor the liberty of worshipping God according to the religion
12 of his parents, whether living or deceased.

1 Section 41. No person shall convey or cause to be conveyed a
2 neglected or destitute child not convicted or accused of any offence in
3 a patrol wagon from its home or from any other place to any court or
4 institution, but, if a conveyance is necessary, shall convey him in such
5 other suitable vehicle as shall be provided or designated by the institu-
6 tions commissioner in Boston or by the board of public welfare in any
7 other town. Violation of this section shall be punished by a fine of not
8 less than twenty-five nor more than fifty dollars or by imprisonment for
9 not more than three months.

NEGLIGENCE CHILDREN.

1 Section 42. The Boston juvenile court or a district court, except the
2 municipal court of the city of Boston, upon a complaint made by any
3 person that any child under sixteen years of age within its jurisdiction,
4 by reason of orphanage, or of the neglect, crime, cruelty, insanity or
5 drunkenness or other vice of its parents, is growing up without educa-
6 tion, or without salutary control, or without proper physical care, or in
7 circumstances exposing him to lead an idle and dissolute life, or is de-
8 pendent upon public charity, may issue a precept to bring such child
9 before said court, and shall issue a notice to the department, and shall
10 also issue a summons requiring the department or person to whom such
11 notice or summons is directed to appear before said court at the time
12 and place stated therein, to show cause why such child should not be
13 committed to the department or be otherwise provided for. Such sum-
mons shall be issued to at least one of the parents of the child, if either 14 of them is known to reside within the commonwealth, and, if after reason- 15 able search no such parent can be found within the commonwealth, to its 16 lawful guardian, if there is one known to be so resident, and if not, to 17 the person with whom such child last resided, if known; otherwise, to 18 some suitable person to act in behalf of such child.

Section 43. When such child is taken in custody upon said precept 1 and brought before said court, it may then hear said complaint, or said 2 complaint may be continued to a time fixed for hearing, and the court 3 may allow the child to be placed in the care of some suitable person or 4 charitable corporation upon furnishing security for the further appear- 5 ance of said child; or the child may be committed to the custody of the 6 department until security is furnished, pending a hearing on said complaint.

Section 44. If the child is in court at the hearing and it appears that 1 said summons has been duly and legally served upon some person men- 2 tioned as aforesaid, and that said notice has been issued to the depart- 3 ment, the court, if it finds the allegations in said complaint proved, may 4 adjudge that said child is a neglected child, and may further continue 5 said complaint and allow the child to be placed in the care of some suit- 6 able person or charitable corporation upon furnishing security for the 7 further appearance of the child before said court whenever said court 8 may require; and said court may make such further orders with reference 9 to the care and custody of the child as may conduce to his best interests; 10 or said court may commit the child to the custody of the department 11 until he becomes twenty-one years of age, or for a less time; and the 12 department may discharge said child from its custody whenever the 13 object of his commitment has been accomplished.

Section 45. If such child has a settlement, and if the board of 1 public welfare of the place of his settlement so requests, the commit- 2 ment may be to its custody. The department may transfer its custody 3 of any such child who has a settlement to the board of public welfare 4 of the place of settlement, upon the request of said board, and such 5 transfer shall thereafter relieve the commonwealth from further liability 6 for his maintenance.

Section 46. Boards of public welfare shall have the same powers as 1 to children committed or transferred to their custody as are given to the 2 department as to children in its custody; but in Boston the institu- 3 tions department shall have the powers and duties conferred upon boards of 4 public welfare by this and the preceding section.

Section 47. The child, parent, guardian or person appearing in 1 behalf of such child, or the department, may appeal from the adjudica- 2 tion of the court to the superior court sitting for civil business for the 3 county where the hearing is held; and if said parent, guardian or other 4 person appearing on behalf of the child fails to furnish the bail required 5 by the court before which such hearing is held, the child may be com- 6 missioned to the custody of the department or placed in the care of some 7 suitable person or charitable corporation, pending determination of the
9 appeal. Such appeal shall be entered in the superior court by the court
10 from which the appeal is taken, without payment of an entry fee, and the
11 superior court may advance such complaint for speedy trial. The court
12 shall notify the child, parent, guardian or person appearing in behalf of
13 such child of the right of appeal.

1 Section 48. Whenever a child is before any court as a neglected
2 child and has no attorney, any person may, with the court's consent,
3 act for him. 1912, 165.

1 Section 49. Supervisors of attendance and members of boards of
2 public welfare shall, as often as they deem necessary, make diligent
3 search throughout their respective towns for children under sixteen
4 suffering want through poverty, privation or the neglect of their parents
5 or guardians or other persons having them in charge, or from any cause
6 whatsoever.

1 Section 50. Where such children are found without parents or
2 guardians, or in charge of such parents or guardians as such officers
3 deem unfit to care for children by reason of mental incapacity, dissolute
4 habits or poverty, they shall provide for the temporary care of such
5 children until proceedings may be had against them, if necessary, under
6 sections forty-two to forty-seven, inclusive.

1 Section 51. Reasonable expenses incurred by such officers in fur-
2 nishing aid under the two preceding sections shall be paid by the town
3 wherein the persons have legal settlements, or, if they have none, by the
4 commonwealth, after approval by the department; and written notice
5 shall be sent to the place of settlement or, if such persons have no settle-
6 ment, to the department as otherwise provided by law.

DELIBI'IENT CHILDREN.

1 Section 52. The following words as used in the following sections
2 shall, except as otherwise specifically provided, have the following
3 meanings:
4 “Court”, the Boston juvenile court or a district court, except the
5 municipal court of the city of Boston.
6 “Delinquent child”, a child between seven and seventeen who vio-
7 lates any city ordinance or town by-law or commits an offence not pun-
8 ishable by death or by imprisonment for life.
9 “Probation officer”, a probation officer or assistant probation officer
10 of the court having jurisdiction of the pending case.
11 “Wayward child”, a child between seven and seventeen years of age
12 who habitually associates with vicious or immoral persons, or who is
13 growing up in circumstances exposing him to lead an immoral, vicious
14 or criminal life.

1 Section 53. Sections fifty-two to sixty-three, inclusive, shall be lib-
2 erally construed so that the care, custody and discipline of the children
3 brought before the court shall approximate as nearly as possible that
4 which they should receive from their parents, and that, as far as prac-
5 ticable, they shall be treated, not as criminals, but as children in need

1904, 413, § 4.
1917, 326, § 2.

1906, 413, § 4.
1906, 413, § 2.
253 Mass. 444.
of aid, encouragement and guidance. Proceedings against children
under said sections shall not be deemed criminal proceedings.

SECTION 54. If complaint is made to any court that a child between
seven and seventeen years of age is a wayward child or a delinquent
child, said court shall examine, on oath, the complainant and the wit-
nesses, if any, produced by him, and shall reduce the complaint to
writing, and cause it to be subscribed by the complainant.

If said child is under fourteen years of age, said court shall first issue
a summons requiring him to appear before it at the time and place named
therein, and such summons shall be issued in all other cases, instead of a
warrant, unless the court has reason to believe that he will not appear
upon summons, in which case, or if such a child has been summoned and
did not appear, said court may issue a warrant reciting the substance of
the complaint, and requiring the officer to whom it is directed forthwith
to take such child and bring him before said court, to be dealt with
according to law, and to summon the witnesses named therein to appear
and give evidence at the examination.

SECTION 55. If a child has been summoned to appear or is brought
before such court upon a warrant, as provided in the preceding section,
a summons shall be issued to at least one of its parents, if either of them
is known to reside within the commonwealth, and, if there is no such
parent, then to its lawful guardian, if there is one known to be so resident,
and if not, then to the person with whom such child resides, if known.
Said summons shall require the person served to appear at a time and
place stated therein, and show cause why such child should not be ad-
judged a wayward child or delinquent child, as the case may be. If
there is no such parent, guardian or person who can be summoned as
aforesaid, the court may appoint a suitable person to act for such child.

If such child is summoned, the time for appearance fixed in the sum-
tmons to a parent, guardian or other person, as herein provided, shall,
when practicable, be that fixed for the appearance of said child.

A summons required by this and the preceding section, unless service
thereof is waived in writing, shall be served by a constable or police
officer, by delivering it personally to the person to whom addressed, or
by leaving it with a person of proper age to receive the same, at the
place of residence or business of such person; and said constable or officer
shall immediately make return to the court of the time and manner of
the service.

If the court shall be of opinion that the interests of the child require
the attendance at any proceedings of an agent of the department, and
shall request such attendance, such agent shall attend to protect the
interests of said child.

SECTION 56. Hearings upon cases arising under sections fifty-two to
sixty-three, inclusive, may be adjourned from time to time. A child
adjudged a wayward child or delinquent child may appeal to the su-
perior court upon adjudication, and also may appeal to said court at the
time of the order of commitment or sentence in which event the entire
case shall be before said court as if originally commenced therein, and
such child shall, at the time of such adjudication and also at the time
of such order of commitment or sentence, be notified of his right to
appeal. The appeal, if taken, shall be entered, tried and determined in
Proceedings against Children.

Section 57. Every case of a wayward child or a delinquent child shall be investigated by the probation officer, who shall make a report regarding the character of such child, his school record, home surroundings and the previous complaints against him, if any. He shall be present in court at the trial of the case, and furnish the court with such information and assistance as shall be required. At the end of the probation period of a child who has been placed on probation, the officer in whose care he has been shall make a report as to his conduct during such period.

Section 58. At the hearing of a complaint against a child the court shall examine such child and any witnesses that appear, and take such testimony relative to the case as shall be produced. If the allegations against a child are proved, he may be adjudged a wayward child or delinquent child.

If a child is adjudged a wayward child, the court may place him in the care of a probation officer for such time and upon such conditions as may seem proper, or may deal with him in the manner provided for the disposal of the case of a neglected child.

If a child is adjudged a delinquent child, the court may place the case on file, or may place the child in the care of a probation officer for such time and on such conditions as may seem proper. If it is alleged in the complaint upon which the child is so adjudged that a law of the commonwealth has been violated, the court may, with the consent of the department, authorize it to place such child in charge of any person, and, if at any time thereafter such child proves unmanageable, to commit such child, if a boy under fifteen years of age, to the Lyman school, if a boy between fifteen and eighteen years of age, to the industrial school for boys, or if a girl under seventeen years of age, to the industrial school for girls, but not for a longer period than until such child becomes twenty-one. The department may provide for the maintenance, in whole or in part, of any child so placed in charge of any person.

The court may commit such delinquent child to any institution to which it might be committed upon a conviction for such violation of law, excepting a jail or house of correction, and all laws applicable to a child committed upon such a conviction shall apply to a delinquent child committed under this section.

**Section 58A.** Prior to the commitment, by way of final disposition to any public institution or to the department, of a child adjudged to be a delinquent child, the court shall cause such child to receive thorough physical and mental examinations, under rules and regulations prescribed by the commissioner of mental diseases. The court shall cause copies of the reports showing the results of such examinations and of the investigation made by the probation officer to be forwarded to the superintendent of the institution to which such child is committed or to the department, as the case may be, with the warrant of commitment.

**Section 59.** If a child has been placed in care of a probation officer, said officer, at any time before the final disposition of the case, may arrest such child without a warrant and take him before the court, or the court may issue a warrant for his arrest. When such child is before the court, it may make any disposition of the case which it might have made before said child was placed on probation, or may continue or extend the period of probation.

If the court finds that such child has violated the conditions of his probation, it may impose a fine not exceeding five dollars, and if the fine is not paid at once, in whole or in part, may order that said child stand committed to a jail until the same is paid, but not exceeding five days. Said court shall suspend the execution of said order and continue the probation for such time as it fixes, unless in its opinion such child will default. Said fine may be paid to the probation officer, whereupon the order for commitment shall be void. If at the end of the period of such suspension the probation officer reports that said fine is unpaid, the court may extend such period, or place the case on file, or revoke the suspension of the execution of the order of commitment. If the fine or any part thereof is paid to the probation officer, he shall give a receipt therefor, keep a record of the payment, pay the same to the clerk of the court at its next session, and keep on file the clerk’s receipt therefor.

**Section 60.** A disposition of any child under sections fifty-two to sixty-three, inclusive, or any evidence given in such case, shall not, in any proceeding, in any court, be lawful or proper evidence against such child for any purpose, excepting in subsequent criminal proceedings, or subsequent cases of delinquency or waywardness against the same child.

**Section 61.** If it be alleged in a complaint made under sections fifty-two to sixty-three, inclusive, that a child has committed an offence against a law of the commonwealth, or has violated a city ordinance or town by-law, and the court is of opinion that his welfare, and the interests of the public, require that he should be tried for said offence or violation, instead of being dealt with as a delinquent child, the court may, after a hearing on said complaint, order it dismissed.

**Section 62.** If, in adjudging a person a delinquent child, the court finds, as an element of such delinquency, that he has committed an act involving liability in a civil action, and such delinquent child is placed on probation, the court may require, as a condition thereof, that he shall make restitution or reparation to the injured person to such an extent and in such sum as the court determines. If the payment is not made at once, it shall be made to the probation officer, who shall give a receipt
8 therefor, keep a record of the payment, pay the money to said injured 
9 person, and keep on file his receipt therefor.

1 Section 63. Any parent or guardian or person having the custody 
2 or control of a wayward child or delinquent child, who shall be found to 
3 have knowingly or wilfully encouraged, aided, caused or abetted, or con 
4 nived at, or has knowingly or wilfully done any acts to produce, promote 
5 or contribute to the delinquency or waywardness of such child, may be 
6 punished by a fine of not more than fifty dollars or by imprisonment for 
7 not more than six months. The court may release on probation under 
8 section eighty-seven of chapter two hundred and seventy-six, subject to 
9 such orders as it may make as to future conduct tending to produce 
10 or contribute to such delinquency or waywardness, or it may suspend 
11 sentence under section one of chapter two hundred and seventy-nine, or 
12 before trial, with the defendant’s consent, it may allow the defendant to 
13 enter into a recognizance, in such penal sum as the court may fix, con 
14 ditioned to comply with such terms as the court may order for the pro 
15 motion of the future welfare of the child, and the said case may then 
16 be placed on file. The provisions for appeal and recognizance in section 
17 fifty-six shall be applicable to cases arising hereunder. The Boston 
18 juvenile court shall have jurisdiction, concurrent with the municipal 
19 court of the city of Boston, of complaints hereunder.

1 Section 64. The board of probation may supervise the probation 
2 work for wayward and delinquent children, and make necessary inquiries 
3 in regard to the same, and in its annual report may make such recom 
4 mendations as it considers advisable for the improvement of methods of 
5 dealing with such children.

PROVISIONS COMMON TO ALL PROCEEDINGS AGAINST CHILDREN.

1 Section 65. Courts shall designate suitable times for the hearing of 
2 cases of children under seventeen years of age, which shall be called the 
3 juvenile session, for which a separate docket and record shall be kept. 
4 Said session shall be separate from that for the trial of criminal cases, 
5 shall not, except as otherwise expressly provided, be held in conjunction 
6 with other business of the court, and shall be held in rooms not used for 
7 criminal trials; and in places where no separate juvenile court room is 
8 provided, hearings, so far as possible, shall be held in chambers. No 
9 minor shall be allowed to be present at any such hearing unless his 
10 presence is necessary, either as a party or as a witness; and the court 
11 shall exclude the general public from the room, admitting only such 
12 persons as may have a direct interest in the case.

1 Section 66. A child under fourteen years of age shall not be com 
2 mitted to a lockup, police station or house of detention, to a jail or house 
3 of correction, to the state farm, or the house of correction at Deer island 
4 pending an examination, in default of bail or for the non-payment of a 
5 fine, except as provided in sections fifty-nine and sixty-seven or upon 
6 conviction of any offence not punishable by death or imprisonment for 
7 life; provided, that a boy twelve or over, arrested in the act of violating 
8 a law of the commonwealth, or on a warrant, may, in the discretion of 
9 the arresting officer, be committed to a lockup, police station or house 
10 of detention.
Whenever a child under seventeen years of age has been committed to a lockup, police station or house of detention, the probation officer and at least one of his parents, or if there is no parent the person with whom such child resides, shall be notified at once of said commitment. The officer of the place of custody where such child is confined, on the written request of the probation officer, shall release such child to him unless the officer who made the commitment makes a written request for his detention. Said probation officer shall notify such child of the time and place of the hearing of his case.

Section 67. A child under fourteen held for examination or trial, or to prosecute an appeal to the superior court, if unable to furnish bail shall be committed to the care of the department of a probation officer. The person to whose care he is committed shall provide for his safe keeping and for his appearance at such examination or trial, or at the prosecution of his appeal.

A child fourteen years of age or over so held, if unable to furnish bail shall be so committed to the department with its consent or to a probation officer unless the court on immediate inquiry shall be of opinion that, if so committed, such child will not appear at such examination or trial, in which case said child may be committed to jail.

A child so committed to jail to await examination or trial by the court shall be returned thereto within ten days after each such commitment, and not more than twenty days shall elapse after the original commitment before disposition of such case by the court, by adjudication or otherwise. Any child committed to jail under this section, while so confined, be kept in a place separate and apart from all other persons committed thereto who are seventeen years of age or over, and shall not at any time be permitted to associate or communicate with any other such persons committed as aforesaid, except when attending religious exercises or receiving medical attention or treatment.

Said probation officer shall have all the authority, rights and powers in relation to a child committed to his care under this section, and in relation to a child released to him as provided in section sixty-six, which he would have if he were surety on the recognizance of such child.

Section 69. If a warrant is issued by a court or trial justice for a child's arrest, or if a child between seven and seventeen years of age is arrested without a warrant, as provided by law, in order to avoid the incarceration of the child, if practicable, the officer to whom said warrant is delivered, or who has arrested the child without a warrant, may, unless the court or trial justice issuing such warrant has otherwise directed in the warrant, accept the written promise of the parent, guardian or person with whom it is stated that said child resides, or any other reputable person, to be responsible for the presence of said child in court at the
Section 70. At any time during the pendency of any case before a court or trial justice against a child under seventeen years of age, whether pending adjudication or during continuances or probation or after the case has been taken from the files, the court or trial justice may summon any parent or guardian of said child, or any person with whom the child resides, in the manner provided in section fifty-five.

Section 71. If any person to whom a summons is issued under the preceding section or section forty-two or fifty-five fails to appear in response to such summons, the court issuing the summons may issue a capias to compel the attendance of such person, and such capias shall be issued and served in the same manner as a capias to compel the attendance of witnesses who have failed to appear on a subpoena issued in behalf of the commonwealth in a criminal case.

Section 72. Courts may continue to exercise jurisdiction in their juvenile sessions over children who become seventeen years of age or who pass the age limit for bringing the kind of complaint or proceeding before the court, pending adjudication on their cases, or during continuances or probation, or after their cases have been placed on file. Nothing herein shall authorize the commitment of any girl over seventeen years of age to the industrial school for girls, or give any court any power or authority over said children after they become eighteen years of age, except that, on the revocation of the suspension of the execution of a sentence or order of commitment, such sentence or order of commitment may be executed, notwithstanding that the child sentenced or ordered committed has passed the age limit for commitment to the institution to which he was sentenced or ordered committed.

Criminal Proceedings.

Section 73. In criminal proceedings under the following sections, district courts and trial justices may commit boys under fifteen years of age to the Lyman school, boys between fifteen and eighteen years of age to the industrial school for boys, or girls under seventeen years of age to the industrial school for girls, except that the Boston juvenile court shall, subject to the preceding section, commit no boy over seventeen years of age to the industrial school for boys. The municipal court of the city of Boston may commit boys over seventeen years of age to the industrial school for boys.

Section 74. Criminal proceedings shall not be begun against any child between seven and fourteen years of age, except for offences punishable by death or imprisonment for life, unless proceedings against him as a delinquent child have been begun and dismissed as required by section sixty-one.
SECTION 75. Upon complaint against any child between seven and fourteen years of age against whom proceedings have been begun and dismissed as required by section sixty-one or against any child between fourteen and seventeen years of age for any offence not punishable by death or imprisonment for life, such court or trial justice shall examine, on oath, the complainant and the witnesses produced by him, shall reduce the complaint to writing and cause it to be subscribed by the complainant, and may issue a warrant reciting the substance of the accusation and requiring the officer to whom it is directed forthwith to take the person accused and bring him before said court or trial justice, to be dealt with according to law, and to summon such witnesses as shall be named therein to appear and give evidence on the examination. The provisions of section fifty-five shall apply to proceedings under this section except that the summons shall require the person summoned to show cause why the child should not be committed to the Lyman school or an industrial school.

SECTION 76. The court or trial justice before whom a child is brought on a complaint under the preceding section, upon request of the department of public welfare, may authorize said department to place in charge of any person, or, if such child proves unmanageable, to commit the child, if a boy under fifteen years of age, to the Lyman school, if a boy between fifteen and eighteen years of age, to the industrial school for boys, or if a girl under seventeen years of age, to the industrial school for girls, until the child becomes twenty-one years of age. Said department may provide for the maintenance, in whole or in part, of any such child so placed in charge of a person. The department may discharge from custody any child committed to its care under this section.

SECTION 77. At the time named in the summons, such court or trial justice shall examine the child and any person who appears in answer to the summons, and take such testimony relative to the case as may be produced. If the allegations are proved, and it appears that the child is a suitable subject for the Lyman or industrial schools, and that his moral welfare and the good of society require that he should be sent thereto for instruction, employment or training, a warrant of commitment shall be issued in substance as follows:

this chapter called the trustees, shall be a corporation for the purpose
of taking, holding and investing in trust for the commonwealth, subject
4 to section fifteen of chapter ten, any grant or devise of land or any gift or bequest made at any time for the use of any institution of which they are trustees and they shall succeed to and retain the powers, rights and duties formerly held or acquired by the board of trustees and treasurers of the state reform and state industrial or state primary schools except as provided in said section.

1 Section 2. The trustees shall have the management, government and care of the Lyman school for boys at Westborough, the industrial school for girls at Lancaster, the industrial school for boys at Shirley, and of all other institutions, except the Massachusetts reformatory, supported by the commonwealth for the custody, care and training of delinquent or wayward children or juvenile offenders, and of all children committed thereto.

1 Section 3. They shall annually elect a superintendent and a physician of each of said schools. The superintendent of each school shall, with the approval of the trustees, appoint the other officers.

1855, 442, § 2. 1879, 291, § 10. 1908, 639, § 5. 1911, 566, §§ 1, 3.

1857, 75, § 2; 76, § 4. R. L. 86, § 2. 1931, 301, § 90.

1 Section 4. They shall have the control of the land and buildings of said schools. They shall take charge of the general interests of each institution. They shall establish rules, regulations and by-laws for its government, for the direction of its officers and the instruction and discipline of its inmates, and they shall see that its affairs are conducted according to law and to such rules, regulations and by-laws, and that strict discipline is maintained therein. They shall provide employment, education and training for the inmates and parole, discharge or remand them as provided in this chapter. They shall exercise a vigilant supervision over the institutions, their officers and inmates, and prescribe the duties of the officers. The rules, regulations and by-laws may be amended by the assent of seven trustees at a legal meeting; but no amendment shall be valid until approved by the governor and council.

1 Section 5. They shall cause the girls and boys under their charge to be instructed in piety and morality, and in the branches of useful knowledge adapted to their age and capacity; and in some regular course of labor or trade, either mechanical, manufacturing, agricultural or horticultural, for the boys; or mechanical, manufacturing or horticultural, and especially in domestic and household labor and duties, for the girls; or a combination of these, as may be best suited to their age, strength, disposition and capacity; and in such other arts, trades and employments as may seem to the trustees best adapted to secure their reformation, amendment and future benefit.

1 Section 6. One or more of the trustees shall visit each school at least once in every two weeks. At such time the girls and boys shall be examined in the school rooms and workshops and the registers and various departments shall be inspected. A record shall be kept of these visits in the books of the superintendents. Once in every three months, each school in all its departments shall be thoroughly examined by a

majority of the trustees, and a report thereof made to the trustees. On
or before January first of each year or as soon thereafter as possible, the
trustees shall make to the commissioner of public welfare a written report
summarizing the affairs of the institutions in their charge for the preced-
ing fiscal year including full reports of the superintendents, such inven-
tories as the institutions under their supervision are required by law to
make, and such recommendations for legislation as they may have.
The commissioner shall make an annual report covering these matters.

Section 7. The superintendent of each school with the subordinate
officers shall have general charge and custody of the inmates thereof.
He shall be a constant resident at the school, and, under the direction
of the trustees, shall discipline, govern, instruct and employ and use his
best endeavors to reform the inmates in such manner as shall, while
preserving their health and promoting their proper physical develop-
ment, secure the formation of moral, religious and industrious habits,
and of regular and thorough progress and improvement in their studies,
trades and employments.

Section 8. Each superintendent shall before entering upon his duties
give bond to the commonwealth, with sureties approved by the governor
and council, in such sum as the comptroller may prescribe, conditioned
that he shall faithfully perform all his duties and account for all money
received by him as superintendent. The bond shall be filed in the office
of the state treasurer. Each superintendent shall have charge of all the
property of the institution within the precincts thereof. He shall keep
accounts of all his receipts and expenditures, and of all property intrusted

received by him. His books and all documents relative to the school shall
at all times be open to the inspection of the trustees. He shall keep a

early history of each girl or boy, and shall add such facts as come to his
knowledge relative to her or his history while at the institution, and after
leaving it.

Section 9. The superintendent of the industrial school for girls, under
the direction of the trustees, shall purchase books with the income
and profits and according to the terms of the donation of Henry B.
Rogers.

Section 10. Each superintendent shall make all contracts on account
of his institution, except those required to be made by the state pur-
chasing agent, in writing, with the approval of the trustees if their
rules, regulations or by-laws require it; and he or his successor may sue
or be sued thereon to final judgment and execution. No suit shall
abate by reason of the office of superintendent becoming vacant, but
any successor in office may take upon himself the prosecution or defence
thereof; and upon motion of the adverse party and notice he shall be
required so to do.

Section 11. If within thirty days after the order of commitment
of a boy to the Lyman school or the industrial school for boys, or of a
girl to the industrial school for girls, the trustees have reason to believe
that at the time of such order a boy, if committed to the Lyman school,  
5 was more than fifteen, or if committed to the industrial school for boys,  
6 was more than eighteen, or a girl was more than seventeen, they may  
7 apply to the court of commitment for a revision of the order, and if the  
8 court finds that the boy or girl was over the maximum age for com-
9 mitment to such school, it shall make such order as should have been  
10 made.

1 Section 12. A boy committed to the Lyman school or to the indus-
2 trial school for boys or a girl committed to the industrial school for girls,  
3 who has escaped therefrom, or been released on parole and broken the  
4 conditions thereof, may be arrested without a warrant by a sheriff,  
5 deputy sheriff, constable or police officer and may be kept in custody in 
6 a suitable place and there detained until such boy or girl may be removed  
7 to the school from which he or she escaped or was released.

1 Section 13. All boys and girls committed to the Lyman school, the  
2 industrial school for boys or the industrial school for girls shall be there  
3 kept, disciplined, instructed, employed and governed, under the direction  
4 of the trustees, until they become twenty-one or are paroled, legally  
5 transferred or discharged. The trustees may grant an honorable dis-
6 charge to any person in their custody who, in their opinion, for merito-
7 rious conduct is worthy and deserving thereof, and whom they believe  
8 permanently reformed. The court of commitment shall be so notified  
9 in writing and thereupon shall make an entry to the foregoing effect in  
10 its records concerning this particular person. If a person is honorably  
11 discharged by the trustees or becomes twenty-one, he shall be completely  
12 released from all penalties or disabilities incurred in consequence of  
13 commitment.

1 Section 14. The trustees may transfer any boy from the Lyman  
2 school for boys to the industrial school for boys or vice versa. The  
3 department of public welfare may transfer boys between fifteen and  
4 eighteen in its custody to the industrial school for boys.

1 Section 15. With the consent of the trustees the commissioner of  
2 correction may transfer to the industrial school for boys any boy under  
3 seventeen sentenced to the Massachusetts reformatory, or to the indus-
4 trial school for girls any girl under seventeen sentenced to the reforma-
5 tory for women.

1916, 241, § 1. 1918, 100. 1919, 350, § 83.

1 Section 16. The trustees may transfer any person committed or  
2 transferred to the industrial school for boys or to the Lyman school for  
3 boys, still in the custody of said trustees, who has proved unmanageable  
4 or an improper person to remain in either of the said institutions, to the  
5 Massachusetts reformatory; and in the same way may transfer any  
6 person committed or transferred to the industrial school for girls, still  
7 in the custody of the trustees, to the reformatory for women. Upon  
8 application by the trustees, the commissioner of correction may trans-
9 fer any inmate of any of the foregoing schools, whom the trustees con-
10 sider incorrigible or an unfit subject for said schools, to the state farm.
there to be held on the mittimus until the term of sentence expires, but the commissioner may return such person with the mittimus to the school from which such transfer was made, when in his judgment the object of such transfer has been accomplished. Any person transferred under this or the two preceding sections shall be accompanied by all mittimus and processes, a copy of the medical report, and a written statement covering the history and conduct of the person, and the circumstances of the person’s home, so far as they can be ascertained.

Section 17. The legal custody for the remainder of his or her minority of any boy or girl transferred to the Massachusetts reformatory or to the reformatory for women by the trustees is thereby surrendered by them, and shall thereafter be in the institution to which the transfer has been made.

Section 19. Corporal punishment shall be permitted in the Lyman school only under such rules and regulations and by such modes as shall be prescribed by the trustees. No such punishment shall be inflicted except by the direction of the superintendent or assistant superintendent in charge, to whom the offence shall be reported, and who shall designate the nature and extent of punishment to be inflicted. In every case of such punishment, a record of the offence and the mode and extent of the punishment shall be made and presented to the trustees at their next meeting. Such punishment shall not be inflicted until the expiration of twenty-four hours after the same has been authorized as aforesaid, and no inmate shall be subjected to such punishment more than once in one day.

Section 20. The trustees may discharge and return to his parents, guardian or protector any boy who, in their judgment, is physically or mentally unfit to remain in the Lyman school or industrial school for boys, and they shall discharge and return to her parents, guardian or protector, any girl who, in their judgment, ought for any cause to be removed from the industrial school for girls. In such case the trustees shall make an entry upon their records of the name of such boy or girl, the person to whom he or she was returned, the date when he or she was discharged from the custody of the school and a statement of the reasons for his or her discharge. They shall forthwith transmit to the court of commitment a copy of such record signed by their secretary.

Section 21. They may release on parole, and may, subject to section eighteen of chapter one hundred and twenty-one, place children in their custody in their usual homes or in any situation or family which has been investigated and approved by the trustees. They may employ agents for investigating places and for visiting children, and immediately on placing such children shall give notice to the department of public welfare of the name of each child so placed and of the name and residence of the person to whose care he is intrusted. Section 23. The trustees shall make earnest efforts to induce boys and girls, in their charge on parole, to save some portion of their earnings which, under the direction of the trustees, shall be placed in savings banks or savings departments of trust companies and held by them for the benefit of the ward, or when deemed necessary, expended in his behalf, or by direction of the trustees applied on liabilities incurred by him. Unless a different agreement is made by the trustees with the ward, these deposits shall be paid to him when he becomes twenty-one, or to his legal representatives if he dies at any time before such payment.

Section 23A. Annually on or before November thirtieth, the trustees shall pay to the state treasurer all unclaimed money held by them under the provisions of the preceding section or otherwise for the benefit of any former ward of the trustees whose whereabouts are then unknown to them and have been unknown for seven years subsequent to his being of age. At the time of so paying over any such money, the trustees shall certify to the comptroller the amount of such money then held for the benefit of each former ward, his full name, age, if known, and last known address, the names of his parents, if known, and such further information as they deem relevant; and said comptroller shall make and keep a record thereof.

Section 24. They may expend any money given for the purpose in erecting houses or other buildings on the land of the commonwealth at Lancaster, for increasing the accommodation of the industrial school, if the plans therefor are first approved by the governor and council.

4 authorized by said board or said department, and shall provide for them
5 under the rules and regulations made under section two.

R. L. 85, § 7.  1908, 393.  1919, 350, § 87.  1928, 155, § 44.

1 Section 8. The superintendent, with the consent of the trustees,
2 may contract with any person for the employment of any inmate of
the state infirmary in any kind of lawful labor for such wages or on such
terms as the superintendent and trustees approve. If a contract is so
made, such inmate shall be discharged from the infirmary, and, if he
5 refuses to accept the employment offered, shall forfeit all claim to sup-
7 port.

1 Section 9. [Repealed, 1931, 426, § 25.]

1 Section 10. A town where an inmate of the state infirmary is found
2 to have a legal settlement shall be liable to the commonwealth for his
3 support in like manner as one town is liable to another in like cases;
4 and in such case the department shall adopt the measures relative to
5 notice, removal and recovery of expenses prescribed for towns in like
6 cases.

1 Section 11. The kindred liable by law to towns for expenses in
2 supporting such persons shall in like manner be liable to the common-
wealth for any expense incurred for such persons; and the department
3 may adopt the same measures and institute like proceedings for the re-
5 covery of such expenses from the kindred so liable as are prescribed for
6 towns in like cases.

1 Section 12. [Repealed, 1930, 66.]
Section 13. No town shall send to the state infirmary any insane person who would be dangerous if at large.

Section 14. If the state infirmary be full, towns shall support dependent persons who have no legal settlement at the expense of the commonwealth until notice is given by the superintendent that they can be received. The superintendent shall give such notice by mail to towns according to priority of application.

Section 15. Towns may at their own expense send to the state infirmary, to be maintained at the public charge, all persons falling into distress therein and having no settlement within the commonwealth. The town shall be reimbursed by the commonwealth, upon bills approved by the department and subject otherwise to the provisions of section forty-two of chapter one hundred and twenty-one, for the expense of transportation of each person having no settlement so sent, for the excess over thirty miles by the usual route, at a rate not exceeding twelve cents a mile.

Section 16. No town officer or agent having the care and oversight of a sick person shall remove or attempt to remove him or cause him to be removed to the state infirmary unless there is reasonable cause to believe that such removal will not injure or endanger his health; provided, that in case of doubt as to the safety of such removal such officer or agent shall obtain a certificate of a competent physician that at the request of such officer or agent he has examined such person, and that in his opinion such person can so be removed without injury or danger to his health; and provided, also, that such removal shall be made whenever ordered by the department. A town officer or agent who violates this section or a physician who gives a false certificate hereunder shall be punished by a fine of not less than twenty-five nor more than one hundred dollars or by imprisonment for not less than three nor more than twelve months, or both.

Section 17. No town officer shall send to the state infirmary any person infected with smallpox or other disease dangerous to the public health, or, except as provided in the preceding section, any other sick person whose health would be endangered by removal; but all such persons liable to be maintained by the commonwealth shall be supported during their sickness by the town where they are taken sick, and written notice of such sickness shall be given to the department, which may examine the case and, if found expedient, order the removal of the patient; but such notice in the case of sick persons whose health would be endangered by such removal shall be signed by the members of the 10 board of public welfare or by a person appointed by them by special vote, who shall certify, after personal examination, that in their or his opinion such removal at the time of his application for aid would endanger his health. A town officer who knowingly violates this section shall be punished by a fine of not less than fifty nor more than one hundred dollars.
1 Section 18. Reasonable expenses incurred by a town under the preceding section within five days next before notice has been given in
3 therein required and also after the giving of such notice and until said
d4 sick person is able to be removed to the state infirmary shall be reim-
bursed by the commonwealth. If the department, after investigation,
deems it expedient as an economy in expenditure and in the interest
7 of the patient's health, it may authorize reimbursement for aid rendered
8 after the patient has become able to be so removed, and, in its discretion,
9 until the patient is able to be discharged. If the department considers
10 it expedient to order the removal to the state infirmary of a person
11 whose physical condition is such as to require attendance, reasonable
12 expenses incurred for such attendance as directed by the department
13 shall also be reimbursed by the commonwealth. Bills for such support
14 shall not be allowed unless endorsed with the declaration that, after full
15 investigation, no kindred able to pay the amount charged have been
16 found, and that the amount has actually been paid from the town
17 treasury, nor unless they are approved by the department or by a person
18 designated by it; and not more than ten dollars and fifty cents a week
19 shall be allowed for the support of a person in a town hospital, and no
20 charges of whatever nature in excess of the said ten dollars and fifty
21 cents a week shall be allowed. Reimbursement by the commonwealth
22 under the provisions hereof shall be subject to the provisions of section
23 forty-two of chapter one hundred and twenty-one.

1 Section 19. [Repealed, 1926, 241, § 9.]

1 Section 20. Any inmate of the state infirmary found to be insane
2 may be committed to the state infirmary in the same manner in which
3 commitments of insane persons to insane hospitals are made.

1 Section 21. A justice of the superior court or of a district court or
2 a trial justice, upon complaint of the board of public welfare of any town
3 or of the department, may, by warrant directed to a constable or other
4 person therein designated, cause any person aided under chapter one
5 hundred and seventeen or under this chapter, not born or not having a
6 settlement in the commonwealth, who may conveniently be removed,
7 to be conveyed, at the expense of the commonwealth, to any other
8 state, or, if not a citizen of the United States, to any place beyond sea,
9 where he belongs.

1 Section 22. [Repealed, 1928, 155, § 53.]

1 Section 23. Whoever escapes from the state infirmary and within
2 one year thereafter is found in any town soliciting public charity shall
3 be punished by imprisonment at the state farm.

1 Section 24. Complaints for violations of the preceding section may
2 be made and prosecuted by any member of a board of public welfare or
3 by the institutions department in Boston or by agents, not exceeding
4 two, appointed by the department and designated for such purpose.
5 The district court of Lowell may, at such time as it appoints, hold ses-
sions at Tewksbury for the trial of such complaints against inmates of
7 the state infirmary.

1931, 426, § 231.
Section 25. The district court of Lowell shall have jurisdiction of
said offence concurrent with any other court having jurisdiction thereof
if committed in any part of the county of Middlesex without the district
of said court, and the district court of Lawrence and the first district
court of Essex shall have the same concurrent jurisdiction of said offence
if committed in any part of the county of Essex without their respective
districts.

It shall establish by-laws and regulations, with suitable penalties, for the government of said state hospitals, shall determine the salaries of the officers and employees thereof in accordance with the provisions of sections forty-five to fifty, inclusive, of chapter thirty, and shall provide for a monthly inspection and trial of fire apparatus belonging thereto, and for the proper organization and monthly drill of the officers and employees in use of the apparatus. Section 9. The department and the trustees of the state hospitals, or their representatives, shall meet semi-annually for consultation and to promote harmonious action.

Section 10. All such persons within each district shall be committed to the state hospitals designated for the district; except that persons from any district may be committed to the Westborough state hospital under section fifty-six, or to any state hospital when the expense of their support is paid by themselves or friends or upon the written approval of the department, to the McLean hospital, to any private institution the person having charge of which is licensed under section thirty-three or to an institution established and maintained by the United States government the person having charge of which is licensed under section thirty-four A.

Section 12. The department may establish and maintain free clinics for the feeble minded in the districts established under section ten, which shall be in charge of physicians of the state schools for the feeble minded, or of such other physicians skilled in the care and treatment of the feeble minded as may be designated by it. It may also employ such persons as may be required properly to conduct the said clinics.

Section 13. The department shall establish and maintain a registry of the feeble minded, and may report therefrom such statistical information as it deems proper; but the name of any person so registered shall not be made public except to public officials or other persons having authority over the person so registered, and the records constituting the registry shall not be open to public inspection.

Section 13A. Such of the powers and duties conferred or imposed upon the department, relating to the cause and prevention of mental disease, feeble-mindedness, epilepsy and other conditions of abnormal mentality, as the commissioner may determine may be exercised and performed by the division of mental hygiene. In addition to said powers and duties, said division shall institute inquiries and investigations for the purpose of ascertaining the causes of mental disease, including epilepsy and feeble-mindedness, with a view to its prevention.

Section 14. The department shall visit each institution at least once a year, and oftener if the governor so directs. It shall ascertain by actual examination and inquiry whether the laws relating to the persons in custodry or control therein are properly observed, shall give such directions as will insure correctness in the returns required in respect to such persons, and may use all necessary means to collect all desired information. It shall carefully inspect every part of the institution visited with reference to its cleanliness and sanitary condition, the number of patients in seclusion or restraint, the dietary of the patients and any other matters which it considers material, and shall offer to every patient an opportunity for an interview with its visiting members or agents.

Section 15. The commissioner shall make an annual report containing an accurate account of the receipts and expenditures for each separate state hospital, an inventory of the property thereof on November thirtieth, and a statement of the market value of any products of such state hospital, and of the labor, if any, performed by the inmates thereof. It may also contain information embodying the experience of this and other countries relative to the best and most successful methods of caring for such persons as come under the supervision of the department.

The commissioner shall also make an annual report relative to the condition and needs of each state hospital.
SECTION 16. The department may place at board in a suitable family or in a place in this commonwealth or elsewhere any patient in an institution who is in the charge of the department and is quiet and not dangerous nor committed as a dipsomaniac or inebriate, nor addicted to the intemperate use of narcotics or stimulants. Any such patient in a state hospital may so be placed at board by the trustees thereof, and such boarder shall be deemed to be an inmate of the state hospital. The cost to the commonwealth of the board of such patients supported at the public expense shall not exceed four dollars and fifty cents a week for each patient.

SECTION 16A. The department, or the trustees of state hospitals with the approval of the department, may place at board, under direction, in approved private homes, with provisions for occupational therapy, such patients under supervision as they believe will be benefited from a period of training therein. Any such patient in a state hospital so placed at board by the trustees thereof, shall be deemed to be an inmate of the state hospital. The number of patients so placed shall be approved by the department. The cost to the commonwealth of the board of such patients supported at the public expense shall not be limited by the amount specified in section sixteen.

SECTION 17. The bills for the support of persons who are placed at board in families by the department shall be payable monthly by the commonwealth and shall be audited by said department, which shall, at the end of each month, present to the comptroller a schedule of all such bills incurred, and shall keep a register in such form that the comptroller shall be able to verify the schedule.

SECTION 18. The department shall cause to be removed to an institution used wholly or in part for the care of the insane or to a better boarding place all persons who, upon visitation, are found to be abused, neglected or improperly cared for when placed at board in families. It may permit any boarder temporarily to leave custody as an insane person in charge of his guardian, relatives, friends or by himself, for a period not exceeding one year, and may receive him again into such custody when returned by such guardian, relatives, friends or upon his own application, within such period, without any further order of commitment, and may during such temporary absence assist in his maintenance to an amount not exceeding three dollars and twenty-five cents a week.

SECTION 19. The department shall cause all persons placed at board by it in families at public expense to be visited at least once in three months, and shall cause all persons placed at board in families at public expense by the trustees of any state hospital to be visited once in six months, by an agent of the department.

SECTION 20. The department, subject to the following section, may transfer to and from any institution any inmate thereof who, in its opinion, is a proper subject for admission to the institution to which he is to be transferred; but no such inmate shall be transferred to be de-
5 tained as an insane person unless he has been duly committed as insane
6 by a judge or court. A record of such transfer shall be entered in the
7 registers of the institutions to and from which he is transferred. The
8 commitment papers, together with an abstract of his hospital case record,
9 shall be transmitted with him to the institution to which he is transferred.
10 The department may also remove any inmate in any state hospital to
11 any country, state or place where he belongs, and may enter into an
12 agreement with the corresponding board or commission of any other
13 state for the transfer of any insane person from one state to the other
14 where, after a full investigation of all the facts, he may be deemed equi-
15 tably to belong; but no such person shall be removed outside this com-
16 monwealth if he is subject to the orders of a court of this common-
17 wealth, except that any such person who is subject to such orders may
18 be so removed from Bridgewater state hospital at any time when he
19 would have been entitled to parole if he had not become insane. In
20 making such transfers and removals the department, so far as practi-
21 cable, shall employ nurses or attendants instead of officers of the law,
22 and shall employ female nurses or attendants to accompany female
23 patients.

1 Section 21. The department shall not transfer any person to or from
2 an institution the person having charge of which is licensed under section
3 thirty-three or thirty-four A except upon the application of the super-
4 intendent or manager of such institution and of the legal or natural
5 guardian of such person, nor transfer any voluntary inmate of any institu-

R. L. 87, § 90.

1 Section 22. The department shall have the same authority with re-
2 gard to the transfer of insane inmates of the wards of the state infirmary
3 now or hereafter used for the care of the insane, which it has over the
4 transfer of inmates of state hospitals, under section twenty; but the said
5 wards shall remain under the jurisdiction of the trustees of the state
6 infirmary and the control of its superintendent.

1 Section 22A. The department shall, subject to all provisions of law
2 now or hereafter in effect, have the same supervision over the commitment
3 of insane persons to the Bridgewater state hospital as it has over the
4 commitment of insane persons to other state hospitals under the pro-
5 visions of this chapter; it shall have the same authority to discharge or
6 transfer inmates of said Bridgewater state hospital who are not under
7 sentence, or whose sentences have expired, as it has to discharge or trans-

9 mum and minimum sentence shall be held to have expired at the end of the
10 minimum term, and an indeterminate sentence, at the end of the
11 maximum period fixed by law. But the said Bridgewater state hospital
12 shall remain under the jurisdiction of the department of correction and
13 the control of the superintendent of the state farm. Nothing herein con-
14 tained shall be construed as conferring on the department of mental
15 diseases any authority to change or vary, except as herein provided, the
16 decree or order of a court having competent jurisdiction.
SECTION 23. If the department has reason to believe that an insane, epileptic or feeble minded person who is a proper subject for treatment or custody in an institution, is confined in an infirmary or other place at the public charge or otherwise, it shall cause application to be made to a judge for the commitment of such person to an institution.

1931, 394, § 212.

SECTION 24. The department shall prescribe the forms of application, medical certificate and order of commitment required by law in the commitment and admission of all persons to the institutions under its supervision, which shall be the only forms used in such commitments and admissions. imposed by this chapter:
(a) Except as otherwise provided in this chapter, they shall retain all
powers and duties now conferred or imposed upon them by law, and shall

(b) There shall be thorough visitations of each state hospital by at

(h) They may at any time cause the superintendent or any officer or employee of the state hospital to appear before them and answer any questions or produce any books or documents relative to the state hospital.

(i) They shall consider every proposed taking or purchase of land for the state hospital, the site of every new building and all plans and specifications for the construction or substantial alteration of buildings, the grading of grounds and other substantial improvements, and shall report thereon to the department within such reasonable time as it shall fix. SECTION 30. The trustees of each state hospital shall cause to be given to the nurses, attendants and patients thereof instruction in such arts, crafts, manual training, kindergarten and other branches and lines of occupation as may be appropriate for the patients to undertake, especially such patients as are physically unfit to perform the usual work in or about the hospitals.

PRIVATE HOSPITALS, ETC.

SECTION 33. The department may annually license any suitable person to establish or have charge of an institution or private house for the care and treatment of the insane, epileptic, feeble minded, and persons addicted to the intemperate use of narcotics or stimulants, and may at any time revoke the license. No such license shall be granted for the care and treatment of insane or epileptic persons unless the said department is satisfied, after investigation, that the person applying therefor is a duly qualified physician, as provided in section fifty-three, and has had practical experience in the care and treatment of such patients. No such license shall be granted for the care and treatment of persons addicted to the intemperate use of narcotics or stimulants unless the department is satisfied, after investigation, that the person applying therefor is a physician who is a graduate of a legally chartered medical school or college, and that he has been in the actual practice of medicine for the three years next preceding his application for a license; nor unless his standing, character and professional knowledge of inebriety are satisfactory to the department. Licenses granted hereunder shall expire with the last day of the year in which they are issued, but may be re-
19 newed. The department may fix reasonable fees for said licenses and 20 renewals thereof. All places required by this and the following section 21 to be in charge and under the direct personal supervision of a licensee of 22 the department shall be subject to supervision and visitation by said 23 department, in so far as they are not already subject thereto under any 24 other provision of this chapter.

1 Section 34. Whoever keeps or maintains an institution or private 2 house for the care or treatment of persons mentioned in the preceding 3 section, unless the same is in charge of, and under the direct personal 4 supervision of, a person duly licensed as provided therein, shall be 5 punished by a fine of not more than five hundred dollars.  

1 Section 34A. The department may also license annually physicians, 2 qualified as provided in section fifty-three who have had practical ex- 3 perience in the care and treatment of persons suffering from mental dis- 4 eases, to have charge of institutions established and maintained by the 5 United States government for the care and treatment of persons who 6 have been in the military or naval service of the United States and are 7 suffering from mental disease, and may at any time revoke any such 8 license. Licenses granted hereunder shall expire with the last day of 9 the year in which they are issued, but may be renewed. The depart- 10 ment may fix reasonable fees for said licenses and renewals thereof.

Restraint.

1 Section 35. No restraint in the form of muffs or mitts with lock 2 buckles or waist straps, wristlets, anklets or camisoles, head straps, pro- 3 tection sheets or simple sheets when used for restraint, or other device 4 interfering with free movement, shall be imposed upon any patient in 5 any institution unless applied in the presence of the superintendent, or 6 of the physician or of an assistant physician of the institution, or on his 7 written order, which order shall be preserved in the files or records of the 8 institution. Such devices shall be applied only in cases of extreme vio- 9 lence, active homicidal or suicidal condition, physical exhaustion, in- 10 fections disease, or following an operation or accident which has caused 11 serious bodily injury, except that in cases of emergency restraint may be 12 imposed without the presence of the superintendent, physician or assist- 13 ant physician, and without a written order; but every such emergency 14 case, after the imposition of such restraint, shall immediately be reported 15 to the superintendent or to the physician or assistant physician of the 16 institution, who shall immediately investigate the case, and approve or 17 disapprove the restraint imposed.

1 Section 36. The superintendent or head physician of each institu- 2 tion, or in his absence one of the assistant physicians, shall personally 3 keep under lock and key all implements or devices of restraint not in 4 actual use.

1 Section 37. The superintendent or head physician of each institution 2 shall cause records of all restraint to be kept in a book provided for that 3 purpose. The book shall be open for inspection at all times by the trustees 4 or other persons having control of the institution, the department, the
governor and council, and members of the general court, and shall con-
tain a complete record relative to the restraint, including the cause for
restraint, the form used, the name of the patient, the time when the
patient was placed under restraint and the time when he was released.
"Restraint" in sections thirty-five to thirty-eight, inclusive, shall also
include therapeutic and chemical restraint and confinement in a strong
room, or seclusion in solitary confinement, except when the patients are
placed in their rooms for the night, but shall not include the prolonged
bath, the hot or cold pack, or medication when it is used as a remedial
measure and not as a form of restraint.

Penalty.
1911, 569, § 5.

SECTION 38. Any supervisor, attendant or other employee of any
institution who knowingly violates or willingly permits to be violated
any provision of the three preceding sections shall be punished by a fine
of not less than fifty nor more than three hundred dollars.

MISCELLANEOUS PROVISIONS AFFECTING INSTITUTIONS.

SECTION 39. The superintendent of each state hospital may deposit
in any bank or trust company within the commonwealth funds belonging
to patients and funds deposited by their relatives or friends to be used
for their benefit, in an account entitled "Patients' Funds".

SECTION 39A. So much of any funds known as "Patients' Funds" as
represent monies belonging to, or deposited for the benefit of, patients who
have been discharged or have escaped from any state hospital, which shall
have remained unclaimed for more than ten years, shall be paid by the
superintendent of such state hospital to the state treasurer to be held
subject to be paid to the person establishing a lawful right thereto, with
interest at the rate of three per cent per annum from the time when it was
so paid to the state treasurer to the time when it is paid by him to such
person; provided, that so much of any monies so paid to the state treas-
urer as may be necessary to reimburse the department for any sum due
for the support of the person by whom, or for whose benefit such money
was originally deposited, shall be credited to the department for that pur-
pose. After six years from the date when any such monies were paid to
the state treasurer the same or any balance thereof then remaining in his
hands may be used as a part of the ordinary revenue of the common-
wealth. Any person may, however, establish his claim after the expiration
of the six years above mentioned and any claim so established shall be
paid from the ordinary revenue of the commonwealth. Any person
claiming a right to money deposited with the state treasurer under this
section may establish the same by a petition to the probate court; pro-
vided, that in cases where claims amount to less than fifty dollars, the
claims may be presented to the comptroller who shall examine the same
and allow and certify for payment such as may be proved to his satis-
faction.

SECTION 40. Each institution shall be provided with proper means
of escape from fire and suitable apparatus for the extinguishment of fire,
and no building shall be erected or maintained at such institution with-
out a written certificate of approval from the building inspector of the
department of public safety for the district in which it is to be erected
or maintained.
1 Section 41. The trustees, superintendent or manager of each institution shall furnish all the information required by the department, and shall immediately notify the department if there is any question as to the propriety of the commitment of any person received therein.

1 Section 42. Engineers, firemen and head farmers employed in state hospitals shall be exempt from chapter thirty-one.

1919, 350, § 80.

1 Section 43. The superintendent and the assistant physicians at the Westborough state hospital shall be of the homeopathic school of medicine.

1 Section 44. [Repealed, 1931, 426, § 26.]

1 Section 45. The Walter E. Fernald state school, the Belchertown state school and the Wrentham state school shall each maintain a school department for the instruction and education of feeble minded persons who are within the school age or who in the judgment of the trustees thereof are capable of being benefited by school instruction, and a custodial department for the care and custody of feeble minded persons beyond the school age or not capable of being benefited by school instruction.

1 Section 46. Persons received by the Walter E. Fernald state school, by the Belchertown state school and by the Wrentham state school shall be classified in said departments as the trustees shall see fit, and the trustees may receive and discharge pupils, and may at any time discharge any pupil or other inmate and cause him to be removed to his home.

1892, 410, § 7. 1922, 293, § 5.

1 Section 47. The trustees of either of the state schools mentioned in the two preceding sections may, at their discretion, receive any feeble minded person from any part of the commonwealth upon application being made therefor by the parent or guardian of such person, which application shall be accompanied by the certificate of a physician, qualified as provided in section fifty-three that such person is deficient in mental ability, and that in the opinion of the physician he is a fit subject for said school. The physician who makes the said certificate shall have examined the alleged feeble minded person within five days of his signing and making oath to the certificate. The trustees of either of said state schools may also, at their discretion, receive any person from any part of the commonwealth upon the written request of his parent or legal guardian, and may detain him for observation for a period not exceeding thirty days, to determine whether he is feeble minded.

1 Section 48. The governor, with the advice and consent of the council, shall annually appoint a trustee of the hospital cottages for children, for five years. The appointive trustees shall serve without compensation, and, with the trustees elected by said corporation, shall have the management of the business and property of the corporation and the general supervision of its cottages. The trustees shall annually prepare a report, and the names of the members of the corporation shall be included in such report.
Section 49. The department may send to and keep at the hospital cottages for children such number of children afflicted with epilepsy as shall be approved by the trustees and superintendent thereof, to be maintained at such expense to the commonwealth as shall be determined by said department and said trustees.

Commitments, etc.

Section 50. A justice of the superior court, in any county, and either of the judges of probate for Suffolk county, the judge of probate for Nantucket county, or a justice or special justice of a district court, except the municipal court of the city of Boston, within his county, may commit to any institution for the insane, designated under or described in section ten, any insane person, then residing or being in said county, who in his opinion is a proper subject for its treatment or custody; provided, that commitments to the Gardner state colony may be made only by a justice or special justice of a district court and only when authorized by the department; but such special justice may make such commitment only in case of the incapacity of the justice, his absence from the district, interest, or relationship to the applicant or to the person to be committed, or when specially authorized by the justice to act in the case, or when the justice is absent from the court building and the special justice is holding court in his place.

Order of commitment.

Section 51. No person shall be committed to any institution for the insane designated under or described in section ten, except the Walter E. Fernald state school, the Belchertown state school and the Wrentham state school, unless there has been filed with the judge a certificate in accordance with section fifty-three of the insanity of such person by two properly qualified physicians, nor without an order therefor, signed by a judge named in the preceding section stating that he finds that the person committed is insane and is a proper subject for treatment in a hospital for the insane, and either that he has been an inhabitant of the commonwealth for the six months immediately preceding such finding or that provision satisfactory to the department has been made for his maintenance or that by reason of insanity he would be dangerous if at large. The order of commitment shall also authorize the custody of the insane person either at the institution to which he shall first be committed or at some other institution to which he may be transferred. Said judge shall see and examine the alleged insane person, or state in his final order the reason why it was not considered necessary or advisable so to do. The hearing, unless a jury is summoned, shall be at such place as the judge shall appoint. In all cases he shall certify in what place the insane person resided or was at the time of his commitment; or, if the commitment is ordered by a court under section one hundred or one hundred and one the court shall certify in what place the insane person resided or was at the
23 time of the arrest upon the charge for which he was held to answer before
24 such court. Such certificate shall, for the purposes of the preceding
25 section, be conclusive evidence of the residence of the person committed.

1 Section 52. If in the opinion of the judge additional medical testi-
2 mony as to the mental condition of the alleged insane person is desirable,
3 he may appoint a third physician to examine and report thereon. The
4 fee for making such examination and report shall be four dollars, and
5 twenty cents for each mile traveled one way.

1 Section 53. No physician shall make a certificate of insanity under
2 section fifty-one unless he makes oath that he is a graduate of a legally
3 chartered medical school or college, that he has been in the actual prac-
4 tice of medicine for three years since his graduation and for three years
5 last preceding the making of said oath, and that he is registered as a
6 physician in accordance with chapter one hundred and twelve, nor un-
7 less his standing, character and professional knowledge of insanity are
8 satisfactory to the judge. The physician who makes such certificate shall
9 have examined the alleged insane person within five days of his signing
10 and making oath to the certificate, and shall state therein that in his
11 opinion such person is insane and a proper subject for treatment in a hos-
12 pital for the insane, and the facts upon which his opinion is based. A
13 copy of the certificate, attested by the judge, shall be delivered with the
14 insane person to the superintendent of the institution to which the person
15 shall have been committed, to be kept on file with the order of commit-
16 ment, and said superintendent shall forthwith transmit to the depart-
17 ment copies of such certificate, of the statement required by the following
18 section and of the order of commitment. Any certificate bearing date
19 more than ten days prior to the commitment of any person alleged to be
20 insane shall be void, and no certificate shall be valid or received in evi-
21 dence if signed by a physician holding any office or appointment, other
22 than that of consulting or advisory physician, in an institution for the
23 insane to which such person is committed.

1 Section 54. Upon each application for the commitment or admission
2 of a person as a patient to an institution, a statement in a form prescribed
3 by the department shall be filed with the application, or within ten days
4 after the commitment or admission, giving as nearly as can be ascertained
5 the facts therein required. A copy of the statement shall be transmitted
6 to the superintendent of the institution and filed with the order of com-
7 mitment or the application for admission. In the case of insane persons,
8 the superintendent of the institution shall within two days after the
9 reception of the patient send notice of his commitment or admission by
10 mail, postage prepaid, to all persons whose addresses appear on the said
11 statement, and to any other two persons whom the patient may designate.

1 Section 55. After hearing such evidence as he may consider sufficient,
2 the judge may, either before or after the certificate required by section
3 fifty-one has been filed, issue a warrant for the apprehension and bring-
4 ing before him of the alleged insane person, if in his judgment the con-
5 dition or conduct of such person makes such action necessary or proper.
6 Pending examination and hearing, such order may be made relative to
7 the care, custody or confinement of the alleged insane person as the
8 judge shall see fit.
SECTION 56. In making a commitment of an insane person, the judge shall inquire of the applicant for his commitment whether he desires the insane person to be treated according to homeopathic principles of medicine, and if he does, such insane person shall be committed to the Westborough state hospital in preference to any other place, if that state hospital is capable of receiving him; and any inmate of any other state hospital desiring homeopathic treatment, or for whom such treatment is desired by his family or by the applicant for his commitment, may be transferred by the department to the Westborough state hospital.

SECTION 57. The judge may, in his discretion, issue a warrant to the sheriff or his deputy, directing him to summon a jury of six men to hear and determine whether the alleged insane person is insane.

SECTION 58. The jurors shall be selected in equal numbers from the town where the trial is had and one or two adjoining towns, as the judge shall order, and in Suffolk and Nantucket counties they may all be taken from one town. The officer receiving the warrant shall in writing require the board authorized to draw jurors in such towns to return not less than two nor more than six jurors from each town; and the jurors shall be drawn, summoned, returned and impanelled as provided in chapter two hundred and thirty-four for civil cases, except that they need not be summoned more than twenty-four hours before the time appointed for their attendance. In the superior court the jurors may be selected from such traverse jurors in attendance at any session of said court in the same county as may be available.

SECTION 59. The judge shall preside at such trial and administer to the jury an oath faithfully and impartially to try the issue, and the verdict of the jury shall be final.

SECTION 60. If by reason of challenges or otherwise there is not a full jury of the persons summoned, the judge shall cause the officer who served the summons, or in his absence the officer attending the jury, to return persons to supply the deficiency; and shall have the same authority as the superior court to enforce the attendance of jurors and witnesses and to impose fines for non-attendance.

SECTION 61. The officer who summons and attends the jury shall receive therefor four cents a mile for all necessary travel, and one dollar and fifty cents for each day that he attends upon them; and the jurors and witnesses shall be entitled to such compensation as is prescribed for traverse jurors impanelled to try cases other than murder in the first degree and witnesses in civil actions before the courts, respectively.

Commitment of dispossessories, etc., regulated. Limit of detention.

SECTION 62. Any of the judges named in section fifty, or a judge of the municipal court of the city of Boston, may commit to the state farm, or to any other institution under the department of correction that may be designated by the governor, to the McLean hospital, or to a private licensed institution, by an order of commitment, directed to the trustees, superintendent, or manager thereof, as the case may be, made
7 in accordance with section fifty-one, and accompanied by a certificate, 8 in accordance with section fifty-three, by two physicians qualified as 9 therein provided, any male or female person, who is subject to dipso- 10 mania or inebriety either in public or private, or who is so addicted to 11 the intemperate use of narcotics or stimulants as to have lost the power 12 of self-control. The judge receiving the application for such commit- 13 ment shall examine on oath the applicant and all other witnesses, and 14 shall reduce the application to writing and cause it to be subscribed and 15 sworn to by the applicant. He shall cause a summons and copy of the 16 application to be served upon such person in the manner provided by 17 section twenty-five of chapter two hundred and seventy-six. Such 18 person shall be entitled to a hearing unless after receiving said summons 19 he shall in writing waive a hearing, in which case the judge may issue 20 an order for his immediate commitment as aforesaid, without a hearing, 21 if he is of opinion that the person is a proper subject for custody and 22 treatment in the institution to which he is committed. The commit- 23 ment may be made forthwith, if the examining physicians certify the 24 case to be one of emergency. A person committed as aforesaid may be 25 detained for two years after the date of his commitment, and no longer.

1 Section 63. A person may appeal from the order of commitment as 2 a dipsomaniac or inebriate, or as addicted to the intemperate use of nar- 3 cotics or stimulants, to the superior court sitting for criminal business in 4 the county from which he is committed, in the manner provided by sec- 5 tion twenty-two of chapter two hundred and twelve, but he shall be held 6 in such institution to abide the final order of the court until he recognizes 7 in the manner provided in section eighteen of chapter two hundred and 8 seventy-eight. Upon such appeal the judge who ordered the commitment 9 may bind the witnesses by recognizance as provided in chapter two hun- 10 dred and seventy-six, and shall make a copy of the order of commitment 11 and other proceedings in the case and transmit the same with the recogni- 12 nance, if any, to the clerk of the superior court. If the appellant so 13 requests, an issue or issues shall be framed and submitted to a jury in 14 the superior court.

1 Section 64. If the appellant fails to enter and prosecute his appeal 2 he shall be defaulted on his recognizance, and the superior court may 3 enter an order in like manner as if he had been ordered to be committed 4 by that court; and process may issue, if necessary, to bring him into 5 court to be recommitted.

1 Section 65. At any time before the copy of the proceedings has been 2 transmitted to the superior court, the appellant may be brought or may 3 appear personally before the judge from whose order the appeal was 4 taken, who may in his discretion, at the appellant's request, permit him 5 to withdraw his appeal and abide by the order of said judge. Thereupon 6 the judge shall order that the appellant comply with the order appealed 7 from in the same manner as if it were then imposed.

1 Section 66. Any judge of probate, within his county, upon written 2 application, if he finds that a person residing or being within said county 3 is a proper subject for the Walter E. Fernald state school, the Belclertown 4 state school or the Wrentham state school, may commit him thereto by an 5 order of commitment, directed to the trustees thereof, made in accordance

Commitment to schools for the feeble minded regulated.

R. L. 87, § 118.
with section fifty-one, and accompanied by a certificate in accordance with section fifty-three by a physician, qualified as therein provided, that such person is a proper subject for said school, and all provisions of said section shall apply to such certificate, except that the physician's examination of the alleged feeble minded person shall have occurred within ten days of the signing and making oath of the certificate, which shall bear date not more than twenty days prior to the commitment of such person. The order of commitment shall also direct the sheriff, deputy sheriff, constable, police officer, or other person to apprehend and convey the said person to the school to which he has been committed. Such order shall be void if such person shall not be received at the school named therein within sixty days after the date of such order. Unless the person sought to be committed is present at the time of the hearing, or the application is made by some one legally entitled to his custody, notice of the application and of the time and place of hearing shall be given to the person sought to be committed, and the order of commitment shall state what notice was given or the finding of facts which made notice unnecessary, and shall authorize custody of the person until he shall be discharged by order of a court or otherwise in accordance with law.

SECTION 66A. If an alleged feeble minded person is found, upon examination by a physician qualified as provided by section fifty-three, to be a proper subject for commitment, the judge of probate for the county in which such person resides or is found may upon application commit him to the custody or supervision of the department; but no person shall be so committed unless the approval of the department shall be filed with the application for his commitment. If he is committed to the custody or supervision of the department, the department shall thereafter have power, whenever advisable, to transfer him to a state school for the feeble minded, or may cause an application to be made for his removal to a department for defective delinquents, and such person may be so removed in the manner provided by section one hundred and sixteen. If the alleged feeble minded person is committed to the custody or supervision of the department of mental diseases, the said department may temporarily release him in the manner provided by, and subject to, the provisions of section eighty-eight, or may discharge him under section eighty-nine.

SECTION 67. If an inmate of the Walter E. Fernald state school, the Belchertown state school or the Wrentham state school has reached the limit of school age, or if in the judgment of the trustees he is incapable of being further benefited by school instruction, or if the question of the commitment to or continuance in either of the said schools of any inmate, including inmates who may have been transferred from one department to another of such school, under section forty-six, is in the opinion of the trustees and of the department a proper subject for judicial inquiry, the probate court for Middlesex county, for Hampshire county or for Norfolk county, respectively, upon the written petition of said trustees, or of said department, or of any member of either body, and after such notice as the court may order, may, in its discretion, order such inmate to be brought before the court, and shall determine whether or not he is a feeble minded person, and may commit him to such school or either department thereof, or may order him to be discharged therefrom.
1 Section 68. The provisions relative to the commitment of insane persons to an institution for the insane shall, unless it is otherwise expressed pressly provided in this chapter, apply to and govern commitments under sections sixty-two to sixty-five, inclusive, or any of them, except that when an allegation of mental condition is required it shall be specifically alleged that a person who is committed under said sections is a dipsomaniac or inebriate or is so addicted to the intemperate use of narcotics or stimulants as to have lost the power of self-control.

1 Section 69. A person who is subject to epilepsy, if he is not a criminal, an inebriate, or violently insane, may, if insane, be committed to the Monson state hospital, in accordance with the provisions of this chapter relative to the commitment of other insane persons, or, if dangerous to himself or others by reason of epilepsy, may be committed thereto in the manner provided for the commitment of dipsomaniacs and inebriates.

1911, 71, § 1.

1 Section 70. Except as provided in section sixty-six, an order of commitment of a person to an institution shall be void if such person shall not be received at the institution within thirty days after the date of such order.

1931, 288, § 2.

1 Section 71. Warrants and all other processes issued by a judge for the apprehension or commitment of insane persons, or of dipsomaniacs, inebriates, or persons addicted to the intemperate use of narcotics or stimulants, or of feeble minded persons, or of those subject to epilepsy, may be directed to and served by a court officer, by any sheriff, deputy sheriff, constable or police officer, or by any private person whom the judge may designate; and such warrants and processes may run into any county where any person to be apprehended or committed may be found, and any of the officers or persons to whom such warrants and processes are directed may serve the same in any part of the 11 commonwealth.

1 Section 72. Upon committing a woman to any institution the judge shall designate her father, husband, brother or son, or some woman, to be the attendant or one of the attendants to accompany her to the institution.

1 Section 73. Except as is otherwise provided, the compensation of the judges, physicians and officers taking part in the commitment or admission of persons to institutions in accordance with sections three to one hundred and twelve, inclusive, shall be as follows: The judge, if required to go from his office or place of business to see and examine the person committed or admitted, shall be allowed all necessary expenses of travel. If a special justice hears and determines the application he shall receive compensation at the rate provided in section six of chapter two hundred and eighteen; provided, that he shall not receive more than four dollars and the necessary expense of travel for each commitment. The fee for each physician making a certificate shall be four dollars, and twenty cents for each mile traveled one way. The fees for 13 officers serving process shall be the same as are allowed by law in like 14 cases.

Section 74. All necessary expenses attending the apprehension, examination, trial, commitment or delivery of an alleged insane, epileptic or feeble minded person, dipsomaniac, inebriate or one addicted to the intemperate use of narcotics or stimulants, committed to a state hospital, shall be allowed and certified by the judge and presented as often as once a year to the county commissioners of the county in which such person was committed, who shall examine and audit the same. Necessary expenses attending the apprehension, examination or trial of any person sought to be committed to a state hospital but not so committed, shall be so presented, examined and audited if they have been allowed in the discretion of the judge and certified by him. All necessary expenses of examination and delivery of persons mentioned in section eighty-seven, and of examination of an alleged insane, epileptic or feeble minded person, dipsomaniac, inebriate or one addicted to the intemperate use of narcotics or stimulants in any other case where there is no application for commitment, when allowed in the discretion of a judge authorized to make commitments of such persons if their condition is found to be as alleged and certified by him, shall be presented as often as once a year to the county commissioners of the county, where the judge certifying the expenses was authorized by law to make commitments, who shall examine and audit the same. All expenses certified, examined and audited as provided in this section shall be paid by the proper county. Such expenses shall be repaid to the county paying them by the county, if any, of which the person committed, the person for whose commitment application was made and refused, the person mentioned in section eighty-seven or the person examined for whose commitment no application was made, as the case may be, is an inhabitant; but if the person committed or for whose commitment application was made but refused, or examined as aforesaid, is an inmate of an institution of any department of the commonwealth at the time of his commitment or of the denial of the application for commitment or of his examination as aforesaid, such expenses shall be repaid to the county paying them by the county of which such inmate was an inhabitant at the time of his admission or commitment to such institution, or, if he was not an inhabitant of any county, by the county from which he was sent to such institution. The necessary expenses of returning to a state hospital a person temporarily absent therefrom, under section eighty-eight, shall be paid by such person or his guardian, relative or friend if of sufficient ability, or may be paid by the county where he is found, if the condition of the person returned is such that a new commitment would be necessary if he were not returned; such expenses shall be certified and audited as in the case of a commitment, and shall be repaid as hereinbefore provided by the county of the person’s residence. If application is made for the commitment of a person whose expenses and support are not to be paid by the commonwealth, the said expenses shall be paid by the applicant or by a person in his behalf.

Section 75. Each judge shall keep a docket or record of the causes relative to insane persons coming before him, numbered or otherwise properly designated, and the disposition thereof. He shall also receive and keep on file the original application, statement of applicant and certificate of physicians, and the copy of the order of commitment, attested by, and with the return thereon of, the officer or other person serving the same. Said docket or record and other documents required
S to be kept as above shall be transmitted, on the death, resignation or
removal of the judge to his successor in office.

1 SECTION 76. The department may develop, extend and complete a
state wide system of psychopathic hospital service by establishing and
maintaining new hospital and out-patient units in suitable districts in
connection with existing or future state hospitals. The administration of
the separate new district units and the appropriations granted therefor
shall be in accordance with the laws governing the state hospitals to
which the land, buildings and furnishing of said units shall appertain.
8 The direction of the scientific work in such units shall be vested in the
9 department by means of its duly appointed agents.

1 SECTION 77. If a person is found by two physicians qualified as pro-
vided in section fifty-three to be in such mental condition that his com-
mitment to an institution for the insane is necessary for his proper care
or observation, he may be committed by any judge mentioned in section
5 fifty, to a state hospital, to the McLean hospital, or, in case such person
6 is eligible for admission, to an institution established and maintained by
7 the United States government, the person having charge of which is
8 licensed under section thirty-four A, for a period of thirty-five days pend-
ing the determination of his insanity; provided, that such commitments
9 shall be made to Gardner state colony only when legally authorized by the
10 department. Within thirty days after such commitment the superin-
tendent of the institution to which the person has been committed shall
11 discharge him if he is not insane, and shall notify the judge who com-
mited him, or if he is insane he shall report the patient's mental condition
12 to the judge with the recommendation that he shall be committed as an
13 insane person, or discharged to the care of his guardian, relatives or friends
14 if he is harmless and can properly be cared for by them. Within the said
15 thirty-five days, the committing judge may authorize a discharge as afore-
said, or he may commit the patient to any institution for the insane as an
16 insane person if, in his opinion, such commitment is necessary. If, in the
17 opinion of the judge, additional medical testimony as to the mental con-
dition of the alleged insane person is desirable, he may appoint a physician
18 to examine and report thereon.
19 In case of the death, resignation or removal of the judge committing a
20 person for observation, his successor in office, or, in case of the absence or
21 disability of the judge committing a person as aforesaid, any judge or
22 special justice of the same court, shall receive the notice or report pro-
vided for by this section and carry out any subsequent proceedings
23 hereunder.

1 SECTION 78. The superintendent or manager of any institution for
the insane, in the case of Gardner state colony when so authorized by the
department, may without the order of a judge required by sections fifty
and fifty-one, receive into his custody and detain in such institution for
not more than five days any person whose case is certified to be one of
violent and dangerous insanity or of other emergency by two physicians
qualified as provided in section fifty-three by a certificate conforming in
all respects to said section, which certificate may be filed with a judge,
as the certificate required by section fifty-one. The officers mentioned in
section ninety-five or any member of the state police shall, upon the re-
quest of the applicant or of one of the said physicians, cause the arrest and
delivery of such person to such superintendent or manager. The person applying for such admission shall within five days cause the alleged insane person to be committed to or removed from the institution, and failing so to do shall be liable to the commonwealth, in the case of a state hospital, or to the person maintaining the institution, in the case of a private institution, for the expenses incurred and to a penalty of fifty dollars, which may be recovered in contract by the state treasurer, or the person maintaining the private institution, as the case may be.

SECTION 79. The superintendent or manager of any institution for the insane, in the case of the Gardner state colony when so authorized by the department, may, when requested by a physician, member of the board of health, sheriff, deputy sheriff, member of the state police, selectman, police officer of a town or by an agent of the institutions department of Boston, receive and care for in such institution as a patient, for a period not exceeding ten days, any person needing immediate care and treatment because of mental derangement other than delirium tremens or drunkenness. Such request for admission of a patient shall be put in writing and be filed at the institution at the time of his reception, or within twenty-four hours thereafter, together with a statement in a form prescribed or approved by the department, giving such information as it deems appropriate. Any such patient deemed by the superintendent or manager not suitable for such care shall, upon the request of the superintendent or manager, be removed forthwith from the institution by the person requesting his reception, and, if he is not so removed, such person shall be liable to the commonwealth or to the person maintaining the private institution, as the case may be, for all reasonable expenses incurred under this section on account of the patient, which may be recovered in contract by the state treasurer or by such person, as the case may be. The superintendent or manager shall cause every such patient either to be examined by two physicians, qualified as provided in section fifty-three, who shall cause application to be made for his admission or commitment to such institution, or to be removed therefrom before the expiration of said period of ten days, unless he signs a request to remain therein under section eighty-six. Reasonable expenses incurred for the examination of the patient and his transportation to the institution shall be allowed, certified and paid as provided by section seventy-four.

SECTION 80. The superintendent or manager of any institution to which commitments may be made under section sixty-two may, when requested by a physician, by a member of the board of health or a police officer of a town, by an agent of the institutions department of Boston, by a member of the state police, or by the wife, husband, guardian or, in the case of an unmarried person having no guardian, by the next of kin, receive and care for in such institution, as a patient for a period not exceeding fifteen days, any person needing immediate care and treatment because he has become so addicted to the intemperate use of narcotics or stimulants that he has lost the power of self-control. Such request for the admission of a patient shall be made in writing and filed at the institution at the time of his reception, or within twenty-four hours thereafter, together with a statement, in a form prescribed by the department having supervision of the institution, giving such information as it deems appropriate. The trustees, superintendent or manager of such institutions shall cause to be kept a record, in such form as the
17 department having supervision of the institution requires of each case 
18 treated therein, which shall at all times be open to the inspection of such 
19 department and its agents. Such record shall not be a public record, 
20 nor shall the same be received as evidence in any legal proceeding. The 
21 superintendent or manager of such an institution shall not detain any 
22 person received as above for more than fifteen days, unless, before the 
23 expiration of that period, such person has been committed under section 
24 sixty-two, or has signed a request to remain at said institution under 
25 section eighty-six.

1 Section 81. Whenever a patient is received into any institution the 
2 superintendent or manager thereof shall give immediate notice of such 
3 reception to the department, stating all the particulars of the case, ex 
4 except where such information is contained in copies required to be sent 
5 to the department by section fifty-three.

1 Section 82. No person suffering from insanity, mental derangement, 
2 deliriums, or mental confusion, except delirium tremens and drunkenness, 
3 shall, except in case of emergency, be placed or detained in a lockup, po 
4 lice station, city prison, house of detention, jail or other penal institution 
5 or place for the detention of criminals. If, in case of emergency, any such 
6 person is so placed or detained, he shall forthwith be examined by a phy 
7 sician and shall be furnished suitable medical care and nursing and shall 
8 not be so detained for more than twelve hours. Any such person not so 
9 placed or detained who is arrested by or comes under the care or protec 
10 tion of the police, and any other such person who is in need of immediate 
11 care and treatment which cannot be provided without public expense, 
12 shall be cared for by the board of health of the town where such per 
13 son may be. Such board of health shall cause such person to be ex 
14 amined by a physician as soon as possible, shall furnish him with suitable 
15 medical care and nursing, and shall cause him to be duly admitted or 
16 committed to an institution, unless prior to such admission or commitment 
17 he shall recover or be suitably provided for by his relatives or friends. 
18 Reasonable expenses for board, lodging, medical care, nursing, clothing 
19 and all other necessary expenses incurred by the board of health, under 
20 this section, shall be allowed, certified and paid in the same manner as 
21 provided by section seventy-four.

1 Section 83. The governor may cause an inmate of a state hospital 
2 to be removed to another state hospital, as the circumstances or the 
3 necessities of the case may in his judgment require.

1 Section 84. The superintendent of any state hospital for the insane, 
2 except Gardner state colony, or of the McLean hospital, may receive for 
3 care and treatment any person in the military or naval service of the 
4 United States who is suffering from mental disease and cannot properly 
5 be cared for at the army post, naval station or government hospital 
6 where he is stationed or happens to be, upon the written application of the 
7 medical officer in charge thereof, who shall make a full statement of the 
8 case in such form as the department prescribes. Unless otherwise or-
dered by the proper military or naval authority, persons received into an institution under this section may be detained therein for a period not exceeding sixty days, except that further detention, if necessary, may be authorized by the department.

**Section 85.** The department may make contracts with the federal government relative to the support of persons received and cared for under the preceding section on such terms as may be agreed upon.

**Voluntary Inmates.**

**Section 86.** The trustees, superintendent or manager of any institution to which an insane person, a dipsomaniac, an inebriate, or one addicted to the intemperate use of narcotics or stimulants may be committed, in the case of Gardner state colony when so authorized by the department, may receive and detain therein as a boarder and patient any person who is desirous of submitting himself to treatment, and who makes written application therefor and is mentally competent to make the application; and any such person who desires so to submit himself for treatment may make such written application. No such person shall be detained more than three days after having given written notice of his intention or desire to leave the institution.

**Section 87.** The trustees of the Monson state hospital may receive and detain therein as a patient any person who is certified to be subject to epilepsy by a physician qualified as provided in section fifty-three, and who desires to submit himself to treatment and makes written application therefor, and whose age and mental condition are such as to render him competent to make such application, or for whom application is made by a parent or guardian. No such patient shall be detained more than three months after having given written notice of his intention or desire to leave the hospital. Upon the patient’s reception at the hospital, the superintendent shall report the particulars of the case to the department, which may investigate the same.

**Release and Discharge.**

**Section 88.** The superintendent or manager of any institution, after the examination required by section ninety-four has been made, may permit any inmate thereof temporarily to leave such institution in charge of his guardian, relatives, friends, or by himself, for a period not exceeding twelve months, and may receive him when returned by any such guardian, relative, friend, or upon his own application, within such period, without any further order of commitment, but no patient committed under section one hundred and one shall be permitted to temporarily leave the state hospital without the approval of the governor and council, nor shall such permission terminate or in any way affect the original order of commitment. The superintendent or manager may require as a condition of such leave of absence, that the person in whose charge the patient is permitted to leave the institution shall make reports to him of the patient’s condition. Any such superintendent, manager, guardian, relative or friend may terminate such leave of absence at any time and authorize the arrest and return of the patient. The officers mentioned in section ninety-five shall cause such a patient to be arrested and returned upon the request of any such superintendent, manager, guardian, relative or friend. Any
19 patient, unless he has been committed under section one hundred and one, 
20 who has not returned to the institution at the expiration of twelve months 
21 shall be deemed to be discharged therefrom.

1 Section 88A. The trustees of a state school for the feeble minded 
2 may permit any inmate of the school to leave the institution on parole for 
3 such length of time and on such conditions as they may determine and 
4 may from time to time extend the period of such parole or change the 
5 conditions upon which it is granted. They shall cause an investigation 
6 to be made prior to the granting of such parole as to the home into which 
7 such inmate is to go if paroled and other conditions and circumstances 
8 which may affect his welfare and behavior and shall provide such super-
9 vision of paroled inmates as they deem necessary for his welfare. They 
10 shall have such powers as to the revocation of the permit and as to the 
11 return of the inmate to whom it has been granted as are provided by law 
12 for the return of insane and feeble minded persons to the institutions 
13 from which they have been temporarily released. No length of absence 
14 on parole under this section from a state school for the feeble minded shall 
15 be construed as a discharge therefrom.

1 Section 89. The superintendent or manager of a private institution 
2 described in section three, the superintendent of a state hospital and of the 
3 McLean hospital, or of any institution to which commitments may be 
4 made under section sixty-two, when authorized thereto by the trustees of 
5 such institution, the trustees themselves, the department having super-
6 vision of the institution, or, on written application, a judge of probate 
7 for the county where the institution is situated, or where the inmate had 
8 his residence at the time of his commitment or admission, or a justice 
9 of the superior court in any county, after such notice as the said superin-
10 tendedent, manager, trustees, department having supervision, judge or 
11 justice, may consider reasonable and proper, may discharge any inmate 
12 if it appears upon examination that he will be sufficiently provided for by 
13 himself, his guardian, relatives or friends, or that his detention in such 
14 institution is no longer necessary for his own welfare or the safety of the 
15 public. If the legal or natural guardian or any relative of an inmate 
16 opposes such discharge, it shall not be made without written notice 
17 having been given to the person opposing such discharge. This section 
18 shall not apply to persons committed by a court under any provision of 
19 sections one hundred to one hundred and five, inclusive.

1 Section 89A. If at any time, after study and observation, the super-
2 intendent of a state school having custody of a person placed therein 
3 under section sixty-six A is of opinion that such person is not defective, 
4 or that his further detention is not required for his own or the public wel-
5 fare, he shall so report to the department, which may thereupon discharge 
6 such person from further care and custody. Any parent, guardian, rela-
7 tive or friend of a person committed to the custody or supervision of the 
8 department of mental diseases or to a department for defective delin-
9 quents may at any time file a petition for a hearing in the probate court 
10 of the county in which such person resided or was found when first com-
11 mitted, to establish that further custody or supervision is not required for 
12 the welfare of such person or the public; and upon payment of the neces-
13 sary traveling expenses by said petitioner, from the place where such 
14 person is detained to the place of hearing, and the giving of security for
the payment of necessary expenses for a return to such place of detention, if a return shall be ordered, the probate court may by order require the attendance of such person at said hearing. Upon filing with the department of mental diseases or with the commissioner of correction, as the case may be, a certified copy of said order, the department of mental diseases or the commissioner of correction shall authorize and direct the attendance of such person at such hearing in compliance with the terms of said order. Notice of such hearing and proceedings thereupon shall be such as are prescribed by the court.

SECTION 80B. If, at said hearing, the contention of the petitioner is sustained, the probate court may order the immediate discharge of such person and file a copy of such order with the commissioner of mental diseases or the commissioner of correction, as the case may be, and such person shall thereupon be discharged accordingly. If such contention is not sustained, such person shall be remanded to the custody or supervision of the department of mental diseases or to the department for defective delinquents; provided, that the probate court may, in lieu of such immediate discharge or remand, permit such person to remain in the custody of a relative or friend who shall give security, to be approved by the court, for his safe care and custody and for his appearance in court whenever required, until discharged or remanded as herein provided.

SECTION 90. No unrecovered inmate who is known to have committed or attempted to commit violence to others, or who in the opinion of the superintendent or manager is, or is likely to become dangerous to others, shall be discharged from or permitted to leave an institution under either of the two preceding sections by the trustees, superintendent or manager without written approval of the department. The department shall not grant such approval unless the superintendent or manager shall have submitted to it a written report containing a full statement of the case and of the reasons for his opinion whether or not the patient is or is likely to become dangerous to others, and such other information as the department may require, nor unless the department is satisfied by such report or by its own investigation that such inmate is not and is not likely to become dangerous to others, or, if so dangerous, that sufficient precautions will be taken to protect the public safety. The department, if it does not agree with such superintendent or manager, may file a petition for instructions in the probate court for the county where the institution is situated, and such court may in its discretion order such inmate to be brought before it and cause him to be examined by one or more experts in insanity, shall determine whether or not he is or is likely to become dangerous to others, and, if so dangerous, whether sufficient precautions will be taken to protect the public safety, and may order him to be discharged or to be returned to the institution. Copies of all reports, decisions, findings and evidence connected with the case shall be transmitted to the institution and made a part of the case record of the inmate. Reasonable expenses incurred by the probate court in such examination shall be approved by the court and paid by the commonwealth.

SECTION 91. Any person may make written application to a justice of the supreme judicial court at any time and in any county, stating that he believes or has reason to believe that a person named in such
4 application is confined as an insane person in an institution or other place, R. L. 87, § 97.
5 public or private, and ought not longer to be so confined, giving the 1909, 504.

8 wise be made by any inmate of the Walter E. Fernald state school, of 1925, 203, § 9.
9 the Belchertown state school or of the Wrentham state school, or by any
10 person in his behalf.

1 Section 92. If an application is made under the preceding section, the
2 justice, upon reasonable cause shown for a hearing, shall order notice of
3 the time and place thereof to be given to the superintendent or manager
4 of the institution or place of confinement, and to such other persons as
5 he considers proper; and such hearing shall be given as soon as conveni- 1925, 203, § 9.
6ently may be before any justice of the supreme judicial court in any
7 county. The alleged insane or feeble minded person may be brought
8 before the justice at the hearing upon a writ of habeas corpus, if any
9 person so requests and the justice considers it proper. Pending the
10 decision of the court such person shall remain in the custody of the
11 superintendent or manager. An issue or issues may be framed and sub- 1916, 122, § 4.
12 mitted to a jury by direction of the justice or on the request of any
13 person who appears in the case. The jurors may be those in attendance
14 on said court, if in session at the time of the hearing, or may be sum- 1916, 122, § 4.
15 moned for the purpose upon the order of the justice substantially in ac-
16 cordance with chapter two hundred and thirty-four.

1 Section 93. If it appears upon the verdict of the jury, or in the
2 opinion of the justice if the case is not submitted to a jury, that the
3 person so confined is not insane, or that he is not dangerous to himself or
4 others and ought not longer to be so confined, or in case of an inmate of
5 the Walter E. Fernald state school, of the Belchertown state school or
6 of the Wrentham state school, either that such inmate is not feeble
7 minded, or that continued custody of his person is unnecessary and un-
8 reasonable, or that he can be discharged with safety to himself and the
9 public, and will be cared for properly elsewhere, he shall be discharged
10 from confinement.

4 may consider necessary. Inquiry shall be made into the future situation
5 of every patient about to be discharged, and precautionary medical advice
6 shall be given to him. No patient shall be discharged or permitted to be
7 temporarily absent from any institution without a personal examination
8 of his mental condition made by one of the hospital physicians within
9 forty-eight hours of his departure, the result of which shall be entered
10 in his case record.

ESCAPE.

1 Section 95. An inmate of any institution, who escapes therefrom,
2 may be arrested and returned thereto by an officer qualified to serve
3 criminal process in any county, or by any officer or employee of such

manager of such institution of such an escape, shall cause the person so escaping, if he is within such town, to be arrested and returned to the institution at its expense.

SUPPORT.

Section 96. The price for the support of inmates of state hospitals, except the Boston psychopathic hospital, and of insane inmates of the state infirmary and of the Bridgewater state hospital, not under orders of a court, shall be determined by the department at a sum not exceeding ten dollars per week for each person, and may be recovered of such persons or of the husband, wife, father, mother, grandfather, grandmother, child or grandchild if of sufficient ability. The price for the support of inmates of the Boston psychopathic hospital shall be determined by the department and may be recovered as herein provided. A married woman shall be subject to the said liability as though sole. Such action shall be brought by the attorney general in the name of the 11 state treasurer.

Any person making payment for such support may recover the same, by suit in equity in the superior court to which any or all of the classes of persons hereinbefore named may be made parties, regardless of the 13 existence of the marriage relation, from any person primarily liable for such support, or may have the amount so paid apportioned among those 17 who are not primarily liable, in proportion to their respective ability to 18 pay, and may recover such apportionment.

Any guardian or conservator of such an inmate who, having property of his ward in his possession or control exceeding two hundred dollars in 20 value, fails to pay, within three months after receipt of any bill therefor, 22 for his support at the rate determined by the department, shall, upon 23 application of the attorney general, forthwith be removed.

In all proceedings under this section the sworn statement of a person that he is the superintendent of one of said institutions, or keeps or has 25 custody of the records thereof or of the records of the department, and 27 that a certain person has been an inmate of said institution during a certain period of time, or that the price of the support of a certain inmate 29 has been determined at a certain sum by the department, shall be prima facie evidence of the said facts.

PRIVILEGES OF PATIENTS.

Section 97. An attorney at law regularly retained by or on behalf of any person committed to an institution shall be admitted to visit his client at all reasonable times, if in the opinion of the superintendent or manager thereof such visit would not be injurious to such person, or if a justice of the supreme judicial or superior court, in any county, or a judge of probate within his county first orders in writing that such visit be allowed.

Section 98. All patients of any institution shall be allowed to write freely to the department, subject to its regulations. Letters so written shall be forwarded unopened by the superintendent, manager or person.
4 in charge of said institution to said department, and letters or other com-
5 munications by or from the department may be sent to the patient.
6 All other letters to or from the patient may be sent as addressed or to his
7 parent or legal guardian or most interested friend.

EXAMINATION OF PERSONS COMING BEFORE COURTS.

1 Section 99. In order to determine the mental condition of any per-
2 son coming before any court of the commonwealth, the presiding judge
3 may, in his discretion, request the department to assign a member of
4 the medical staff of a state hospital to make such examinations as he
5 may deem necessary. No fee shall be paid for such examination, but
6 the examining physician may be reimbursed for his reasonable traveling
7 expenses.

1 Section 100. If a person under complaint or indictment for any
2 crime is, at the time appointed for trial or sentence, or at any time prior
3 thereto, found by the court to be insane or in such mental condition that
4 his commitment to an institution for the insane is necessary for his
5 proper care or observation pending the determination of his insanity,
6 the court may commit him to a state hospital or to the Bridgewater
7 state hospital under such limitations, subject to the provisions of section
8 one hundred and five as it may order. The court may in its discretion
9 employ one or more experts in insanity, or other physicians qualified as
10 provided in section fifty-three, to examine the defendant, and all reason-
11 able expenses incurred shall be audited and paid as in the case of other
12 court expenses. A copy of the complaint or indictment and of the
13 medical certificates attested by the clerk shall be delivered with such
14 person in accordance with section fifty-three. If reconvoyed to jail or
15 custody under section one hundred and five, he shall be held in accord-
16 ance with the terms of the process by which he was originally committed
17 or confined.

1 Section 100A. Whenever a person is indicted by a grand jury for
2 a capital offense or whenever a person, who is known to have been in-
3 dicted for any other offense more than once or to have been previously
4 convicted of a felony, is indicted by a grand jury or bound over for
5 trial in the superior court, the clerk of the court in which the indict-
6 ment is returned, or the clerk of the district court or the trial justice,
7 as the case may be, shall give notice to the department of mental dis-
8 eases, and the department shall cause such person to be examined with
9 a view to determine his mental condition and the existence of any mental
10 disease or defect which would affect his criminal responsibility. When-
11 ever the probation officer of such court has in his possession or when-
12 ever the inquiry which he is required to make by section eighty-five of
13 chapter two hundred and seventy-six discloses facts which if known
14 to the clerk would require notice as aforesaid, such probation officer
15 shall forthwith communicate the same to the clerk who shall there-
16 upon give such notice unless already given. The department shall
17 file a report of its investigation with the clerk of the court in which
18 the trial is to be held, and the report shall be accessible to the court,
19 the probation officer thereof, the district attorney and to the attorney
20 for the accused. In the event of failure by the clerk of a district
21 court or the trial justice to give notice to the department as aforesaid,
the same shall be given by the clerk of the superior court after entry of the case in said court. Upon giving the notice required by this section the clerk of a court or the trial justice shall so certify on the papers. The physician making such examination shall, upon certification by the department, receive the same fees and traveling expenses as provided in section seventy-three for the examination of persons committed to institutions and such fees and expenses shall be paid in the same manner as provided in section seventy-four for the payment of commitment expenses. Any clerk of court or trial justice who willfully neglects to perform any duty imposed upon him by this section shall be punished by a fine of not more than fifty dollars.

Section 101. If a person indicted for murder or manslaughter is acquitted by the jury by reason of insanity, the court shall order him to be committed to a state hospital or to the Bridgewater state hospital during his natural life. The governor, with the advice and consent of the council, may discharge such a person therefrom when he is satisfied after an investigation by the department that such discharge will not cause danger to others.

INSANE PRISONERS.

Section 102. The department shall designate two persons, experts in insanity, to examine prisoners in the state prison, the Massachusetts reformatory, the prison camp and hospital or the reformatory for women, alleged to be insane. If any such prisoner appears to be insane or in such mental condition that his commitment to an institution for the insane is necessary for his proper care or observation pending the determination of his insanity, the warden or superintendent shall notify one or both of said experts, who shall, with the physician of such penal institution, examine the prisoner and report the result of their investigation to the superior court of the county where such penal institution is situated. For the purposes of this and the following section, "superior court" may, in respect to a prisoner in the Massachusetts reformatory, include the district court of central Middlesex, and, in respect to a prisoner in the reformatory for women, the first district court of southern Middlesex.

Section 103. The superior court upon a report under the preceding section, if it considers the prisoner to be insane or in such mental condition that his commitment to an institution for the insane is necessary for his proper care or observation pending the determination of his insanity, and his removal expedient, shall issue a warrant, directed to the warden or superintendent, authorizing him to cause the prisoner, if a male, to be removed to the Bridgewater state hospital, and, if a female, to be removed to one of the state hospitals for the insane, subject to the provisions of section one hundred and five.

Section 104. If a prisoner under sentence in a jail, house of correction, or prison other than one named in section one hundred and two, appears to be insane or in such mental condition that his com-
mitment to an institution for the insane is necessary for his proper care or observation pending the determination of his insanity, the physician in attendance shall make a report thereof to the jailer or master who shall transmit the same to one of the judges mentioned in section fifty. If the judge finds in accordance with sections fifty and fifty-one that the prisoner is insane, or if he finds that the mental condition of the prisoner is such that his commitment to an institution for the insane is necessary for his proper care or observation pending the determination of his insanity, and that his removal is expedient, he shall order the removal of such prisoner, if a male to Bridgewater state hospital, if a female to one of the state hospitals for the insane, subject to the provisions of section one hundred and five: provided, that if a male prisoner has not been criminal and vicious in his life the judge may order him returned to one of the state hospitals. A physician, other than the physician in attendance at the place of detention, making the certificate, shall be entitled to the compensation provided by section seventy-three.

1 SECTION 105. When in the opinion of the trustees and superintendent of the state hospital to which a prisoner has been committed or removed under section one hundred, one hundred and three or one hundred and four, or of the commissioner of correction and the superintendent of the state farm in case of commitment or removal to the Bridgewater state hospital, the mental condition of the prisoner is such that he shall be returned to custody or to the penal institution from which he was taken, they shall so certify upon the warrant or commitment, and notice, accompanied by a written statement regarding the mental condition of the prisoner, shall be given to the proper custodian or to the warden, superintendent, keeper or master of such penal institution, as the case may be, who shall thereupon cause the prisoner to be conveyed to such custodian, or to such penal institution, there to remain pursuant to the original sentence if committed or removed under section one hundred and three or one hundred and four, computing the time of his detention under confinement in the said hospital as part of the term of his imprisonment under such sentence; provided, that a prisoner committed or removed to a state hospital under section one hundred, one hundred and three or one hundred and four for his proper care or observation pending the determination of his insanity shall, unless found to be insane as hereinafter provided, be returned in the manner hereinbefore provided to the penal institution or custody whence so taken, not later than thirty-five days thereafter, but such prisoner shall in all other respects be subject to the provisions of this section. If a prisoner committed as insane under section one hundred, who has not been restored to sanity, is returned as aforesaid because in the opinion of the trustees and superintendent, or of the commissioner of correction and superintendent, as the case may be, neither the public interest nor the welfare of the prisoner will be promoted by his further retention in the hospital, they shall so certify upon the warrant or commitment and shall append thereto a report relative to the prisoner's mental condition as affecting his criminal responsibility and the advisability of his discharge or temporary release from the penal institution or custody to which he is returned. If a prisoner, committed or removed under section one hundred, one hundred and three or one hundred and four for his proper care or observation as aforesaid, is found by the trustees and superintendent or by the com-
missioner of correction and superintendent, as the case may be, to be insane, the finding shall be certified upon the warrant or commitment, and the superintendent of the institution shall report the prisoner's mental condition to the court or judge issuing the warrant or commitment, or in case of the death, resignation or removal of the judge, to his successor in office, or in case of the absence or disability of the judge, to any judge or special justice of the same court, with the recommendation that the prisoner be committed as an insane person. The court, judge or justice may thereupon commit the prisoner to an institution for the insane, if, in the opinion of the court, judge or justice, such commitment is necessary. The provisions of this section relative to the return to custody or to a penal institution of a prisoner taken therefrom under section one hundred, one hundred and three or one hundred and four, shall apply, so far as apt, to a prisoner committed under this section.

RENDITION.

SECTION 106. The governor may upon demand deliver to the executive of any other state any person who has escaped from an institution for the insane to which he has been committed under the laws of such state, and who may be dangerous to the safety of the public, or may upon application appoint an agent to demand of the executive authority of any other state any person who has escaped from an institution in this commonwealth. Such demand or application shall be accompanied by an attested copy of the commitment and sworn evidence of the superintendent or manager of the institution stating that the person demanded has escaped from such institution, and by such further evidence as the governor may require.

SECTION 107. If the governor is satisfied that the demand made upon him under the preceding section conforms to law and ought to be complied with, he shall issue his warrant under the seal of the commonwealth to an officer authorized to serve warrants in criminal cases, directing him at the expense of the agent who makes the demand, and at a time designated in the warrant, to take and transport such person to the boundary line of the commonwealth and there deliver him to such agent. The officer may require aid as in criminal cases.

SECTION 108. A person arrested upon such a warrant shall not be delivered to the agent of another state until he has been notified of the demand for his surrender and has had an opportunity to apply for a writ of habeas corpus, if he claims such right of the officer making the arrest. If the said writ is applied for, notice thereof and of the time and place of hearing shall be given to the attorney general or to the district attorney for the district where the arrest is made. An officer who delivers such person in his custody upon such warrant to such agent for rendition without having complied with this section shall forfeit not more than one thousand dollars. Pending the determination of the court upon an application for the said writ, the person shall be detained in custody in a suitable institution for the insane.

SECTION 109. If an application made under section one hundred and six for the arrest of a patient escaped from an institution in the common-
3 wealth is granted and an agent is appointed as therein provided, his
4 reasonable expenses shall be paid by the commonwealth from the ap-
5 propriation for expenses of the institution from which the patient escaped.

CERTAIN ACTS FORBIDDEN.

1 Section 110. A physician who wilfully conspires with a person un-
2 lawfully or improperly to commit to an institution for the insane a person
3 who is not insane shall be punished by fine or imprisonment, at the
4 discretion of the court.

1 Section 111. Any person employed in an institution, or having charge
2 of an insane, feeble minded or epileptic person, whether by reason of any
3 contract or of any ties of relationship or marriage or otherwise, who ill-
4 treats or wilfully neglects such person shall be punished by fine or im-
5 prisonment, at the discretion of the court.

1 Section 112. Any person who wilfully permits or assists, or connives
2 at, the escape of a patient from any institution, or secretes a patient who
3 has escaped therefrom, shall be punished by fine or imprisonment, at the
4 discretion of the court.

DEFECTIVE DELINQUENTS AND DRUG ADDICTS.

1 Section 113. At any time prior to the final disposition of a case
2 in which the court might commit an offender to the state prison, the
3 reformatory for women, any jail or house of correction, the Massachu-
4 setts reformatory, the state farm, the industrial school for boys, the
5 industrial school for girls, the Lyman school, any county training school,
6 or to the custody of the department of public welfare, for any offense
7 not punishable by death or imprisonment for life, a district attorney,
8 probation officer or officer of the department of correction, public wel-
9 fare or mental diseases may file in court an application for the com-
10 mitment of the defendant in such a case to a department for defective
11 delinquents established under sections one hundred and seventeen and
12 one hundred and twenty-four, or to a department for the care and
13 treatment of drug addicts, established by the governor and council
14 under authority of said sections. On the filing of such an application the
15 court may continue the original case from time to time to await dis-
16 position thereof. If, on a hearing on an application for commitment
17 as a defective delinquent, the court finds the defendant to be mentally
18 defective and, after examination into his record, character and person-
19 ality, that he has shown himself to be an habitual delinquent or shows
20 tendencies towards becoming such and that such delinquency is or may
21 become a menace to the public, and that he is not a proper subject for
22 the schools for the feeble minded or for commitment as an insane per-
23 son, the court shall make and record a finding to the effect that the
24 defendant is a defective delinquent and may commit him to such a
25 department for defective delinquents according to his age and sex,
26 as hereinafter provided. If, on a hearing on an application for com-
27 mitment as a drug addict, it appears that the defendant is addicted to
28 the intemperate use of stimulants or narcotics, the court may commit
29 him to a department for the care and treatment of drug addicts if and
30 when such a department is provided.
Section 114. If an offender while under commitment to any of the institutions named in the preceding section or to the department of public welfare persistently violates the regulations of the institution or department in whose custody he is, or conducts himself so indecently or immorally, or otherwise so grossly misbehaves as to render himself an unfit subject for retention in said institution or by said department, and it appears that such offender is mentally defective or addicted to the intemperate use of stimulants or narcotics, and is not a proper subject for a school for the feeble minded, a physician in attendance at any institution named in the preceding section or a physician employed by said department shall make a report thereof to the officer in charge of said institution or to the director of child guardianship, who shall transmit the same to one of the judges mentioned in section fifty. The judge shall make inquiry into the facts and, if satisfied that the offender is mentally defective or so addicted, and not a proper subject for a school for the feeble minded, shall order his removal to a department for defective delinquents, or to a department for the care and treatment of drug addicts, as the case may be, according to his age and sex as hereinafter provided.

Section 115. No person shall be committed to a department for defective delinquents or to a department for the care and treatment of drug addicts under either of the two preceding sections unless there has been filed with the judge a certificate by two physicians qualified as provided in section fifty-three that such person is mentally defective or is addicted to the intemperate use of stimulants or narcotics. The fees of the certifying physicians shall be of the amount and paid in the manner provided for like service in sections three to one hundred and twelve, inclusive.

Section 116. If an inmate of a school for the feeble minded persistently violates the regulations of the school, or conducts himself so indecently or immorally, or so grossly misbehaves as to render himself an unfit subject for retention therein, the officer in charge shall make a report thereof to one of the judges mentioned in section fifty. The judge shall make inquiry into the facts and, if satisfied that such inmate is not a fit subject for retention in the school, shall order his removal to a department for defective delinquents, according to his age and sex, as hereinafter provided.

Section 117. At the Massachusetts reformatory, the state farm or such other place or places as may hereafter be approved by the governor and council, there may be maintained departments to be termed departments for defective delinquents, for the custody of persons committed thereto under sections one hundred and thirteen to one hundred and sixteen, inclusive. At any state institution under the supervision of the department of correction, there may be established and maintained, with the approval of the governor and council, departments to be termed departments for drug addicts, for the care and treatment of persons addicted to the intemperate use of stimulants or narcotics and committed thereto under said sections. All men and boys so committed shall be committed to departments for male defective delinquents or for male drug addicts, as the case may be. All women and girls so committed shall be committed to departments for female
15 defective delinquents or for female drug addicts, as the case may be.
16 All such persons committed to departments for defective delinquents
17 or for drug addicts at any institution under control of the department
18 of correction shall be and remain in the custody of the said department
19 until discharged as hereinafter provided.

1 Section 118. The board of parole of the department of correction
2 may parole inmates of the departments for defective delinquents or drug
3 addicts on such conditions as it deems best, and may at any time during
4 the parole period recall to the institution any inmate paroled.

1922, 535, § 11.

1 Section 119. Any person may apply at any time to the justice of
2 the district court in whose jurisdiction a department for defective de-
3 linquents or a department for drug addicts is located, for the discharge
4 of any inmate of said department. A hearing shall thereupon be held,
5 of which notice shall be given to the applicant and to the person in
6 charge of the institution where the inmate is confined. If after the
7 hearing the justice shall find that it is probable that the inmate can be
8 allowed to be at large without serious injury to himself, or damage or
9 injury or annoyance to others, he may order the person having custody
10 of said inmate to parole him. Further action on the application for the
11 inmate’s discharge shall be suspended for one year from the date of his
12 parole. If, at any time prior to the expiration of said year, the justice
13 of the court where the application was filed shall be satisfied that the
14 best interests of said inmate, or of the public, require the recall of the in-
15 mate from parole, he may authorize the person having custody of the
16 inmate to so recall him. If an application is denied, a new application
17 shall not be made within one year after the date of the order denying
18 the previous application. If at the end of said year the justice shall
19 find that said inmate can be allowed to be permanently at large without
20 serious injury to himself, or damage or injury or annoyance to others,
21 he may order the person having custody of said inmate to discharge
22 him. If a person discharged under this section is found by any court
23 to have committed, after his discharge, any offence against the laws of
24 the commonwealth, said court may commit such person to a depart-
25 ment for defective delinquents or to a department for drug addicts, as
26 the case may be, without the certificate of any physician.

1 Section 120. Any special justice, when holding court at the request
2 of the justice, shall have the powers and perform the duties of the justice
3 under sections one hundred and thirteen to one hundred and twenty-four,
4 inclusive. In case of a vacancy in the office of justice and in the case of
5 the illness, absence or other disability of the justice, the special justice
6 who holds the senior commission shall, if no request has been made as
7 aforesaid, have the powers and perform the duties of the justice under
8 said sections.

1 Section 121. A docket for, and a record of all proceedings under
2 sections one hundred and thirteen to one hundred and twenty-four, in-
3 clusive, and all papers in connection therewith, shall be kept by the clerk
4 of the court in which the justice making the commitment under said
5 sections sits. The clerk shall receive and keep on file the original ap-
6 plication, the certificate of physicians and the copy of the order of com-
Commitment attested by and with the return thereon of the officer or other person serving the same.

**Section 122.** All commitments under sections one hundred and thirteen to one hundred and twenty-four, inclusive, shall be made under an order signed by the justice making it. Such order may be served by any person qualified to serve any process issuing out of the court in which the justice making the commitment sits or, in case of transfer, by any officer or attendant of the institution from which the transfer is being made. The officer or other person serving such order shall make return of service on an attested copy thereof.

**Section 123.** All necessary expenses attending proceedings under sections one hundred and thirteen to one hundred and twenty-four, inclusive, shall be allowed, certified and paid in the manner provided in section seventy-four.

**Section 124.** Sections one hundred and thirteen to one hundred and twenty-four, inclusive, shall take effect as to any of the departments named in section one hundred and seventeen when the same is ready for occupancy. The commissioner of correction shall notify the governor when a department is in a suitable condition to receive inmates; and the governor may then issue his proclamation establishing such department as a place for the custody of defective delinquents or for the care and treatment of drug addicts, as the case may be.

Massachusetts reformatory, prison camp and hospital, state prison

2 the jailers and keepers of the houses of correction for the use and occupa-
3 tion of the dwelling houses provided for them by the county.

1 Section 18. The compensation of all officers, assistants and em-

1 Section 20. [Repealed, 1931, 301, § 19.]

1 Section 21. The keeper of a jail or master of a house of correction to
2 which a female has been committed shall forthwith transmit to the commis-
3 sioner of correction such an abstract of the mittimus upon which she
4 has been committed as he may require.

1 Section 22. If a prisoner dies in the jail or house of correction, the
2 sheriff or keeper shall, except as provided in chapter one hundred and
3 thirteen, deliver the body to his relatives or friends if they request it;
4 otherwise, he shall bury it in the common burying ground, and the expense
5 thereof shall be paid by the town where the deceased had a legal settle-
6 ment, if any; otherwise, by the county.

1 Section 23. Upon the expiration of the term of office of a sheriff,
2 or upon his resignation or removal, he shall deliver to his successor all
3 the prisoners in his custody, but he shall retain the keeping of the jails
4 and houses of correction and of the prisoners therein under his care until
5 his successor has qualified.

R. L. 224, § 23.

1 Section 24. Upon the death of a sheriff, the jailer, master or keeper
2 appointed by him shall continue in office and retain the custody and
3 control of the jail or house of correction and of all prisoners therein until
4 a successor to the deceased sheriff has qualified, or until the governor,
5 with the advice and consent of the council, removes him and appoints
6 another. The jailer, master or keeper appointed by the governor shall
7 give bond, with sureties as the governor directs and approves, for the
faithful performance of the duties of his office and shall be reimbursed in the manner provided in section sixteen for any premium paid to a surety company thereon.

SECTION 25. The keeper of each jail and the master of each house of correction shall, at the county's expense, cause it to be constantly kept in as cleanly and healthful a condition as may be. No permanent vault shall be used in any apartment. Every room occupied by a prisoner shall be furnished with a suitable bucket, with a cover made to shut tight, for the necessary accommodation of such prisoner, and such bucket, when used, shall be emptied daily and shall be constantly kept in good order.

SECTION 26. If disease breaks out in a jail or other county prison, which, in the opinion of the inspectors of the prison, may endanger the lives or health of the prisoners to such a degree as to render their removal necessary, the inspectors may designate in writing a suitable place within the same county, or any prison in a contiguous county, as a place of confinement for such prisoners. Such designation, having been filed with the clerk of the superior court, shall be a sufficient authority for the sheriff, jailer, master or keeper to remove all prisoners in his custody to the place designated, and there to confine them until they can safely be returned to the place whence they were removed. Any place to which the prisoners are so removed shall during their imprisonment therein be deemed a prison of the county where they were originally confined, but they shall be under the care, government and direction of the officers of the county where they are confined.

SECTION 27. If a jail or other county prison or any building near thereto is on fire and the prisoners are exposed to danger thereby, the sheriff, jailer or other person in charge of the prison may remove them to a safe place, and there confine them as long as necessary to avoid the danger, and such removal and confinement shall not be deemed an escape of the prisoners.

EXPENSE OF SUPPORTING PRISONS.

SECTION 28. The county commissioners shall, except in Suffolk county, without extra charge or commission to themselves or to any other person, procure or cause to be procured all necessary supplies for the jails and houses of correction, to be purchased and provided under their direction and at the expense of the county.

SECTION 29. The expense of keeping and maintaining convicts sentenced to imprisonment in the jail or house of correction, of the keeping of persons charged with or convicted of crime and committed for trial or sentence, and of prisoners committed on mesne process or execution, so long as the fees for their board are paid by the defendant or debtor, plaintiff or creditor, shall be paid by the county after the accounts of the keeper or master have been settled and allowed by the county commissioners, or, in Suffolk county, by the auditor of Boston; and no allowance therefor shall be made by the commonwealth.
1 Section 30. Masters and keepers of jails and houses of correction authorized or directed to expend money in behalf of the county have money advanced to them from the county treasury in such amounts as the county commissioners may approve, not exceeding the sum of three hundred dollars at any one time.

R. L. 224, § 30.  
1912, 77, § 1.  
1925, 173.

1 Section 31. Every officer applying for such an advance shall certify in writing that the amount asked for is needed for immediate use, and as specifically as may be, the purposes for which it is required. The certificate shall bear the approval of the county commissioners, and when the certificate is filed with the county treasurer payment shall be made by him to such officer.

1 Section 32. Every such officer shall within thirty days after the receipt of an advance file with the county treasurer a detailed statement, bearing the approval of the county commissioners, of the amounts expended subsequent to the preceding accounting, with vouchers therefor if they can be obtained.

1 Section 33. The keeper of the jail and the master of the house of correction in Suffolk county shall, at the expense of the county, provide necessary fuel, bedding and clothing for all prisoners in their custody upon charge or conviction of crime against the commonwealth, and shall present to the auditor of Boston a full account of their charges so incurred or incurred for necessary furniture for said institutions, which, upon the allowance thereof by the auditor, shall be paid by the county.

1 Section 34. If the commissioners, or the mayor of Boston, direct specific rations or articles of food, soap, fuel or other necessaries to be furnished to the prisoners, the keeper or master shall conform to such direction; and if he refuses or neglects to furnish the same, he shall be subject for a first and second offence to the penalties described in section twenty-nine of chapter two hundred and sixty-eight for the offences therein mentioned.

1 Section 35. The county commissioners of any county may, subject to the approval of the commissioner of correction, purchase, take by eminent domain under chapter seventy-nine, or lease, in behalf of the county, a tract of land not exceeding five hundred acres in area for use as a county industrial farm, and may reclaim, cultivate and improve the same. The work of reclaiming, cultivating and improving the said land shall, so far as practicable, be done by prisoners transferred thereto as provided in section thirty-seven. At any time after said land has been reclaimed, cultivated and improved, the same may be sold if the county commissioners determine that it is for the best interest of the county.

1 Section 36. Said commissioners may erect on said land such temporary buildings of inexpensive construction as they consider necessary for the proper housing of prisoners and for other purposes, in no case, however, costing over three thousand dollars. If the land reclaimed, cultivated and improved, as aforesaid, shall be sold, the proceeds shall
be placed in the county treasury and used, so far as possible, for the payment of loans made under section thirty-eight. Any surplus thereof shall be used for general county purposes. The commissioners may appoint, and at any time remove, a superintendent for said farm and such assistants as in their opinion are needed for its proper management.

No building used for housing the prisoners shall be constructed until the commissioner of correction has approved the plans therefor.

**Section 37.** On the request of said commissioners, the sheriff of the county shall remove to said farm such prisoners as in the opinion of the commissioners can advantageously be employed thereon in carrying out sections thirty-five and thirty-six, and on the order of the said commissioners the sheriff shall return any prisoner to the jail or house of correction from which he was taken, or to which he was sentenced. The superintendents of industrial farms shall have the custody of all prisoners removed therefrom, and a prisoner who escapes or attempts to escape therefrom shall be punished the greater part or imprisonment in a jail or house of correction for not more than one year. Permits to be at liberty shall be issued to the inmates of county industrial farms and revoked in the manner provided by law for the issuance or revocation of permits to prisoners in jails and houses of correction.

**Section 38.** To meet the expense of acquiring land in fee under section thirty-five or for constructing buildings under section thirty-six, the county commissioners may borrow from time to time, upon the credit of the county, such sums as may be necessary, not exceeding in the aggregate in any one year the sum of ten thousand dollars, and may issue bonds or notes of the county therefor, which shall be payable in not more than five years from their respective dates. To meet the expense of maintaining industrial farms as authorized under sections thirty-five, thirty-six and thirty-seven, said commissioners may borrow from time to time, upon the credit of the county, such sums as may be necessary, and may issue notes of the county therefor, which shall be payable in not more than one year from their respective dates. Bonds or notes issued under authority of this section shall bear on their face the words, County of County commissioners to provide for payment of loan, etc. 1917, 228, § 5.

**County Industrial Farms.** 1917, 228, § 3. 1918, 156, § 1. 1925, 222.

**Section 39.** The county commissioners, at the time of authorizing each loan, shall provide for the payment thereof in accordance with the preceding section; and a sum sufficient to pay the interest as it accrues and to make such payments on the principal as may be required under said section shall be levied annually thereafter, as a part of the county tax of the county, in the same manner as other county taxes, until the debt incurred by said loans is extinguished.

Section 5. The jailer, keeper or master of each jail and house of correction shall keep in a bound book an exact calendar of all prisoners committed thereto, in which shall be recorded the names of all prisoners, their places of abode and additions, the time, cause and authority of their commitment, and, if they have been committed upon a sentence on conviction of crime, a description of their persons and such facts as, with the entries in the prison book, will enable the sheriff or penal institutions commissioner of Boston to make the reports to the commissioner required by section ten. He shall record in the same book the time and manner for the release of every prisoner released and the time and manner of the escape of a prisoner escaping. A jailer, master or keeper neglecting to keep such calendar or to enter such facts therein shall forfeit one hundred dollars, which shall be recovered by the county commissioners in the name of the county, or, in Suffolk county, by the penal institutions commissioner in the name of the city of Boston, and shall be expended by them for the relief of discharged prisoners.

Section 8. Each jailer and master of a house of correction shall have a prison book, in which he shall keep an account of the value of the labor of the prisoners, of the salaries of officers and of articles furnished for the support of the prisoners, the quantity of such articles, of whom bought and the price paid, classified as follows: cost of provisions, including the portion consumed by the family of the jailer or master; of clothing; of beds and bedding; of medicines; of medical attendance; of religious or secular instruction; of fuel; of light; allowance to discharged prisoners; allowance to witnesses in money or clothing. The prison book, verified by the oath of the jailer or master, shall be exhibited to the county commissioners when his accounts are presented for examination, and at other times when demanded. A jailer or master who neglects to keep such book or to enter therein such facts, or who wilfully makes any false entry therein, shall forfeit one hundred dollars, to be recovered by the county commissioners in the name of the county, or, in Suffolk county, by the penal institutions commissioner in the name of the city of Boston, and it shall be expended by them for the relief of discharged prisoners.
Section 9. The master, keeper, superintendent or other officer having charge of a jail, house of correction, county training school or other county public institution shall keep an invoice book, in which shall be entered, on the day of receipt, all bills for supplies for the maintenance of such institution. Such books shall be as nearly uniform as the character of the institutions will admit, and shall be kept posted up to date so that the footings shall at all times show the actual facts relating to such supplies. Such books shall be county property and remain among the records of the institutions to which they belong.

Section 10. Annually, on or before December fifteenth, the warden of the state prison, the superintendents of the Massachusetts reformatory, of the reformatory for women, of the prison camp and hospital, of the state prison colony and of the state farm, and annually, on or before October fifteenth, sheriffs, county commissioners and the penal institutions commissioner of Boston, shall make a report to the commissioner of the salaries of prison officers, of the number and cost of support of prisoners, and of such other details relative to the management and discipline of the several prisons as the commissioner may prescribe. The warden or superintendent shall also include in his report the amount of liabilities and outstanding claims of said institutions, the names of their debtors and creditors, the amounts due to or from each and when they are payable, detailed accounts of expenditures for the prisons for the year ending the preceding thirtieth day of November, the cost of all changes made in the buildings thereof, the names, position, pay and allowances of every officer or employee thereof, the average cost of the support of each prisoner, the number of volumes in the library of each prison, and such other facts relative to said prisons as the commissioner considers proper. An officer who refuses or neglects to make such report at the time prescribed or who withholds it after said date shall forfeit one dollar for each day's neglect, which shall be deducted from his salary or compensation at the first monthly payment after his default has been reported to the proper auditing or disbursing officer.

Section 11. An officer in a jail or house of correction may be transferred to the state prison, the Massachusetts reformatory, or the prison camp and hospital as a correction officer; and if the place in which he is employed is not in the classified civil service list, he shall be given a non-competitive examination as to his fitness, upon receipt from the warden of the state prison, the superintendent of the Massachusetts reformatory or the superintendent of the prison camp and hospital of a statement that the appointment of such officer is desired, and that he possesses particular qualifications for the work required of him.

Section 12. An officer of the state prison who holds his place at the pleasure of the warden, or an officer or employee of the state prison colony, Massachusetts reformatory, reformatory for women, prison camp and hospital or state farm who holds his place at the pleasure of the superintendent, who is unfaithful or incompetent, or who uses intoxicating liquor as a beverage, shall be forthwith removed by him.

Section 13. The jailer, master or keeper of a jail or house of correction, except in Suffolk county, may be removed by the superior court for neglect of duty or for wasteful or extravagant use of supplies, upon complaint of the county commissioners, after notice to the sheriff and the person complained of and a hearing.

Section 14. The sheriffs of the several counties and the penal institutions commissioner of Boston shall forthwith remove any officer appointed by them, respectively, to any position of trust or authority in a jail or house of correction who is known to use intoxicating liquor as a beverage.

Section 15. The authorities of the state of Vermont shall have the same power and authority to detain and transport through this commonwealth persons convicted of crime in Vermont and sentenced to imprisonment in a penal institution therein as they have to detain and transport them in said state.

Physical and psychiatric examinations of prisoners. 1918, 58, § 1. 1919, 199, § 1. 1924, 309, § 1. [Penalty, § 18.]

Section 16. The warden of the state prison, the superintendents of the Massachusetts reformatory, the reformatory for women, the prison camp and hospital and the state farm, and the keepers and masters of jails and houses of correction shall cause a thorough physical examination to be made by a competent physician of each inmate in their respective institutions committed for a term of thirty days' imprisonment or more. In conducting the examination special attention shall be given to determining the presence of communicable diseases, particularly gonorrhea, syphilis and pulmonary tuberculosis. Keepers and masters of jails and houses of correction shall cause all convicted prisoners serving a sentence of more than thirty days therein, except prisoners sentenced for non-payment of fine or of fine and expenses, and all convicted prisoners serving sentence therein who have been previously committed upon sentence to any penal institution, to be given a thorough psychiatric examination by a psychiatrist appointed under section four of chapter nineteen.

Section 17. Specifications governing the manner and time of such physical examinations and such psychiatric examinations shall be respectively promulgated by the departments of public health and mental diseases. Said departments shall respectively prescribe the medical and psychiatric records to be kept, shall require such laboratory or other diagnostic aids to be used as in their judgment are expedient, and shall forward to the commissioner statements of the results of all such examinations, together with recommendations relative thereto, and the psychiatrists making such examination shall from time to time furnish such other information as the commissioner may request. For the purpose of obtaining further information relative to such prisoners the commissioner may cause inquiry to be made of court physicians and psychiatrists, probation officers and district attorneys, who have made examinations or investigations of such prisoners prior to conviction or who have prosecuted them, and such physicians, psychiatrists and probation officers shall furnish to the commissioner when requested all

17 pertinent information in their possession. The commissioner may cause
18 such further inquiry to be made relative to the offences committed by
19 such prisoners and their past history and environment as he may deem
20 necessary. He shall cause records to be made of such examinations and
21 investigations, and shall transmit copies thereof to the office of the
22 board of probation, which shall cause the same to be filed with its office
23 records.

1 Section 18. Any officer named in section sixteen who neglects or
2 refuses to comply with said section or who violates any rule or regulation
3 of the department of public health or of the department of mental dis-
4 eases made under section seventeen shall forfeit not more than fifty
5 dollars.

1 Section 19. The commissioner may institute a system of physical
2 training, including military drill and organized athletic sports in any
3 penal institution in the commonwealth, to be under the direction of the
4 director of physical training of the department. He may prescribe the
5 powers and duties of the director and may adopt rules and regulations
6 to carry out this section.

1 Section 20. The commissioner may, with the approval of the gov-
2 ernor and council, provide for grading and classifying the prisoners in
3 the state prison, the Massachusetts reformatory and the reformatory for
4 women, and may establish rules for dealing with the prisoners in the
5 state prison according to their conduct and industry and with the pris-
6 oners in the Massachusetts reformatory and the reformatory for women
7 according to their conduct, industry in labor and diligence in study.

1 Section 21. He shall, as far as practicable, so classify prisoners sen-
2 tenced and committed to jails and houses of correction, with reference
3 to their sex, age, character, condition and offenses, as to promote their
4 reformation and safe custody and the economy of their support, and to
5 secure the separation of male and female prisoners. Sheriffs may classify
6 prisoners in houses of correction, subject to revision by the commissioner.
7 The master or keeper of a jail or house of correction shall ascertain
8 whether a prisoner committed thereto upon a sentence of six months or
9 more can read or write.

1 Section 22. Male and female prisoners shall not be put or kept in
2 the same room in a jail or house of correction; nor, unless the crowded
3 state of the institution so requires, shall any two prisoners, other than
4 debtors, be allowed to occupy the same room, except for work. Persons
5 committed for debt shall be kept separate from convicts and from persons
6 who are confined upon a charge of an infamous crime. Conversation
7 between prisoners in different apartments shall be prevented. Minors
8 shall be kept separate from notorious offenders and from persons con-
9 victed of an infamous crime. Persons committed on charge of crime
10 shall not be confined with convicts, and prisoners charged with or con-
11 victed of a crime not infamous shall not be confined with those charged
12 with or convicted of an infamous crime, except while at labor or assem-

Section 23. The officer in charge of a penal institution to which a person is committed under a sentence of imprisonment for larceny or any felony shall, unless the court otherwise orders, take or cause to be taken his name, age, height, weight, photograph and general description and copies of his finger prints in accordance with the finger print system of identification of criminals. The court may order to be taken the photograph and the aforesaid description and finger prints of a person convicted of a felony who is not committed to a penal institution. All such photographs and identifying matter shall be transmitted forthwith to the commissioner of public safety.

Section 24. [Repealed, 1931, 350, § 10.]

Section 25. Whenever the officer in charge of a prison, lockup or other place of detention has received a request from any authority, either by circular or otherwise, to assist in the apprehension of a fugitive from justice, such officer may take an exact description of any person committed to such prison or held in such lockup or other place of detention, and may include in such descriptions copies of the finger prints in accordance with the finger print system of identification. But said officer shall not take a description of a person who, he has reason to believe, is not a fugitive from justice. All descriptions so made shall be forthwith transmitted to the office of the commissioner of public safety.

Section 26. [Repealed, 1931, 350, § 10.]

Section 27. The district attorney who prosecuted such prisoners as are described in section twenty-three shall forward to the officer in charge of the prison to which he is sentenced the criminal history of each prisoner as shown upon the trial, upon blanks to be furnished by the commissioner of public safety.

Record of measurements, etc.

Section 28. The warden of the state prison, the superintendents of the state prison colony, of the Massachusetts reformatory and of the reformatory for women, respectively, and the keepers of jails and houses of correction shall keep a record of such descriptions and finger prints and of the criminal history of prisoners so described and finger printed, as shown by the records of the courts of the commonwealth or of any other state or by any other official records which are accessible, and shall attach to the record, or file in such manner as to be readily found, a photograph of such prisoner.

Section 29. The record required by the preceding section shall not be published except so far as may be necessary for the identification of persons convicted of larceny or any felony after their release from prison; but the officer in charge of a prison shall exhibit the record to any person upon the order of a justice of the superior court or of a district attorney. A copy of the descriptions including copies of finger prints, photographs and criminal histories shall upon request be furnished by the officer in charge of any prison to the commissioner of public safety or to the principal officer of a prison in any other state which requires by law the finger printing and description of convicts.
11 and has provided for furnishing information concerning criminals to 12 other states.

1 **Section 30.** No compensation shall be allowed to an officer for the 2 performance of any services required by sections twenty-three to twenty- 3 nine, inclusive, but he shall be reimbursed by the commonwealth for his 4 actual traveling expenses incurred in the performance of any duties 5 therein required.

1 **Section 31.** [Repealed, 1931, 350, § 10.]

1 **Section 32.** The warden and officers of the state prison shall treat 2 the prisoners with kindness so long as they merit such treatment by their 3 obedience, industry and good conduct.

G. S. 179, § 38.  

1 **Section 33.** The warden shall cause all necessary means to be used 2 to maintain order in the state prison, enforce obedience, suppress insur- 3 rection and prevent escapes, and for that purpose he may at all times 4 require the aid and utmost exertions of all the officers of the prison except 5 the chaplain and the physician.

1 **Section 34.** No communication shall be allowed between prisoners 2 in the state prison and any person without the prison. The prisoners 3 shall be confined in separate cells in the night time, and all intercourse 4 between them in the day time shall, so far as practicable, be prevented; 5 but the warden may, at such times and under such circumstances as he 6 considers expedient, with the consent of the commissioner, allow them 7 to assemble in the yard for recreation and exercise.

1 **Section 35.** All penal and reformatory institutions shall be suitably 2 and sufficiently ventilated. Food, clothes, beds and bedding therein 3 shall be of good quality and of sufficient quantity for the sustenance and 4 comfort of the prisoners, and the bedding shall include mattresses, 5 blankets and pillows. The warden of the state prison, the superintendents 6 of the Massachusetts reformatory, the reformatory for women, the prison 7 camp and hospital and the state farm, respectively, and the keepers and 8 masters of jails and houses of correction shall see that strict attention is 9 constantly given to the personal cleanliness of all prisoners in their 10 custody. They shall, at least once a week, cause the shirt of each prisoner 11 to be washed, each male prisoner to be shaved, and each prisoner to have 12 a bath of cold or tepid water applied to the whole surface of the body if 13 such bath would not, by reason of illness, be hurtful or dangerous. Each 14 prisoner shall be provided daily with as much clean water as he needs 15 for drink or for the purpose of personal cleanliness, and with a clean towel 16 once a week. Clothes shall not be washed or hung out wet in any room 17 which is occupied by a prisoner during the night. All prisoners who are 18 not in solitary confinement shall be served three times each day with a 19 sufficient quantity of wholesome food, well cooked and in good order.

1 **Section 36.** No person, except the governor and council, members 2 of the general court, officers of justice, or other persons having business 3 at the state prison, shall be allowed to visit it without a permit from the 4 commissioner or the warden.

SECTION 37. The warden shall cause a register to be kept of the names and residences of all visitors and of the authority by which they visit, which shall always be open to the commissioner. He may refuse admission to a person having a permit if such admission would be injurious to the best interests of the prison, but he shall forthwith report such refusal to the commissioner.

1919, 350, §§ 82, 83.

SECTION 38. Punishment by the use of the gag shall not be allowed in any penal, reformatory or charitable institution. An officer of any such institution who uses a gag as a punishment shall be punished by a fine of not more than fifty dollars.

SOLITARY CONFINEMENT.

SECTION 39. The officers of a juvenile reformatory school shall not place an inmate in any cell, room or cage in solitary confinement. Whenever restraint or separation from the other inmates is necessary, confinement shall be permitted only in a place where the inmate is under the constant supervision of an officer of the school.

SECTION 40. The warden of the state prison, with the consent of the commissioner, may, for such time as he considers necessary to produce penitence or to promote good order and discipline, confine obstinate and refractory prisoners to solitary labor.

SECTION 41. A prisoner in the state prison sentenced to solitary imprisonment or subjected thereto for a violation of the rules and regulations of the prison shall be confined in a solitary cell and be fed with bread and water only, unless the physician of the prison certifies to the warden that his health requires other diet.

SECTION 42. When a prisoner is sentenced to solitary imprisonment and hard labor in a jail or house of correction, the master or keeper shall execute such sentence by confining him in one of the cells; and during the time of solitary imprisonment he shall be fed with bread and water only, unless other food is necessary for the preservation of his health. No intercourse shall be allowed with a prisoner in solitary imprisonment except for the conveyance of food and other necessary purposes.

SECTION 43. If a prisoner is refractory, or if, during the time for which he is sentenced to hard labor, he refuses or neglects without reasonable cause to labor in a suitable manner when required, he shall be kept in solitary imprisonment and fed on bread and water, as before provided, so long as he is refractory or refuses to labor; but the keeper of a jail or master of a house of correction shall not keep a prisoner in solitary imprisonment for more than three days at one time without informing the sheriff or county commissioners thereof and of the reasons therefor.

SECTION 44. If a person confined in a jail or house of correction upon a conviction or charge of crime is refractory or disorderly, or wilfully or wantonly destroys or injures any article of furniture or other property or any part of such prison, the sheriff or county commissioners
5 or penal institutions commissioner of Boston, respectively, after due inquiry, may cause him to be kept in solitary imprisonment not more than ten days for one offence, and during such imprisonment to be fed with bread and water only unless other food is necessary for the preservation of his health.

1 Section 45. If a person committed to jail on mesne process or execution, or for any cause other than those mentioned in the preceding section, is convicted of any of the offences therein named, he shall be punished by solitary imprisonment, as directed in said section, for not more than ten days for each offence, and shall be liable in an action of tort, to be commenced by the sheriff or county treasurer in the name and to the use of the county, for double the amount of the damage done to the jail, furniture or other property.

1 Section 46. The two preceding sections shall not affect the authority of a sheriff, jailer or master of a house of correction to preserve order and enforce strict discipline among the prisoners in his custody.

1 Section 47. Officers having custody and charge of prisoners in the several prisons and other places of confinement shall see to it that every cell therein which may be used as a place for solitary imprisonment is properly ventilated and furnished with a form of boards, not less than six and one half feet long, eighteen inches wide and four inches high from the floor, and with a sufficient amount of bedding to protect the health of the inmate from injury. The commissioner shall ascertain whether the requirements of this section are observed.

LABOR OF PRISONERS.

1 Section 48. Prisoners in the state prison shall be constantly employed for the benefit of the commonwealth, but no prisoner shall be employed in engraving.

1 Section 48A. At the state prison, the Massachusetts reformatory and the reformatory for women, respectively, there may be established a system of compensation for its inmates, to be paid out of the excess profits from the industries in that institution as hereinafter provided. As a basis for determining such excess profits, the minimum rate of profit on prison industries shall be twenty-five per cent of the cost as hereinafter defined at the state prison, fifteen per cent of such cost at the Massachusetts reformatory and twenty-five per cent of such cost at the reformatory for women. Whenever the rate of profit shall be in excess of such minimum rate at any such institution, the excess profit may be disposed of in the following manner: one half shall be placed to the credit of the prison industries fund of such institution and one half to the credit of such of the inmates of such institution as are entitled thereto in accordance with rules and regulations, which are hereby authorized to be established by the warden or superintendent of said institution to carry out the purposes of this section. Said rules and regulations shall take effect when approved by the commissioner of Penitentiary and Reformatory Institutions.
correction and by the governor and council. No such credits shall be paid directly to any inmate during the term of his imprisonment. One half of all credits so earned by any inmate may be paid over monthly, or at other periods determined by such rules and regulations, to his dependents, if any, directly or through the board of public welfare of the city or town chargeable or likely to become chargeable for the support of such dependents; and, if such credits are paid over directly to such dependents, notice shall be sent by the warden or superintendent of the institution to the board of public welfare of such city or town. An amount not exceeding twenty-five per cent of the credits so earned may be expended on behalf of the inmate for articles for his own use, to be purchased by reference to a list approved from time to time by the warden or superintendent of the institution. The remainder of the credits so earned, after deducting amounts paid over to or for the benefit of his dependents, and amounts expended on behalf of the inmate as aforesaid, shall be accumulated to the credit of the inmate, and shall be paid to him upon his release from such institution in such instalments and at such times as may be prescribed in such rules or regulations. The rates of profit referred to above shall be computed semi-annually or otherwise in accordance with said rules and regulations and credits to the account of prisoners shall be allotted at like intervals following the establishment of such rates. No compensation shall be credited or paid to inmates under this section except out of money earned by them from the prison industries and only when and if the rate of profit is in excess of the minimum rate hereinbefore prescribed. For the purposes of making the computations referred to herein, the profit on prison-made goods shall be the difference between the net sales of all prison-made products for the period in question less the cost; and cost shall be taken to mean the cost of raw materials and current supplies purchased during that period, the salaries of all persons engaged in the manufacture of said prison products whose salaries are properly chargeable against the Prison Industries Funds and the established charge for heat, light and power. Capital expenditures or expenditures taken from said funds under sections fifty-nine and seventy of this chapter shall be chargeable against the said funds and not be taken to reduce the current rate of profit. The payments of compensation under the plan herein provided for shall be graded by the warden or superintendent in accordance with the skill and industry of the inmates and other details of the administration of the scheme shall be provided for by the rules and regulations aforesaid. From and after the expiration of two years following the establishment in any of the institutions hereinbefore named of a system of compensation as provided in this section, no pecuniary aid under sections one hundred and fifty-eight to one hundred and sixty, inclusive, and section one hundred and sixty-two shall be extended to any prisoner discharged from such institution, unless the amount standing to his credit under such system at the time of his discharge is less than ten dollars. From and after the establishment in any of said institutions of any such system the warden or superintendent thereof may prohibit the delivery of any money to its inmates.

Section 49. Prisoners in the state prison and in the reformatory for women may be employed, in the custody of an officer, on any part of the premises of the prison or reformatory, and whoever escapes from said premises shall be deemed to have escaped from the prison or reformatory.
5 Prisoners in the Massachusetts reformatory may be employed, in the 6 custody of an officer, upon any land or building owned by the common- 7 wealth, and whoever escapes from said land or building shall be deemed 8 to have escaped from said reformatory.

1 Section 50. Prisoners in the state prison, Massachusetts reformatory, 2 reformatory for women, prison camp and hospital, state farm, or in any 3 jail or house of correction, may be employed, in the custody of an officer, 4 in caring for public lands and buildings; but no prisoner, except as pro- 5 vided in sections eighty-two to eighty-four, inclusive, shall be employed 6 outside the precincts of the place of his imprisonment in doing work of 7 any kind for private persons.

1 Section 51. The commissioner and the warden of the state prison, 2 the superintendent of the Massachusetts reformatory, reformatory for 3 women, prison camp and hospital, state prison colony or state farm, 4 keepers or masters of jails and houses of correction, shall determine the 5 industries to be established and maintained in the respective institutions 6 under the control of said officers. The prisoners in said institutions 7 shall be employed in said industries under regulations which shall be 8 established by the commissioner; but no contract shall be made for the 9 labor of prisoners, except that, with the approval of the commissioner, 10 prisoners may be employed in cane seating and the manufacture of 11 umbrellas under the “piece price system”, so called.

1 Section 52. The warden, superintendent, master or keeper of any 2 institution named in the preceding section may, with the approval of 3 the commissioner, appoint such superintendents and instructors to 4 instruct the prisoners in said industries as he and the commissioner shall 5 consider necessary. Such superintendents and instructors shall have 6 the same authority relative to the prisoners as the subordinate officers of 7 the institution where they are employed. They may be removed by 8 the warden, superintendent, master or keeper, with the approval of the 9 commissioner.

1 Section 53. The commissioner shall, so far as possible, cause such 2 articles and materials as are used in the offices, departments or institu- 3 tions of the commonwealth and of the several counties, cities and towns 4 to be produced by the labor of prisoners in the institutions named in 5 section fifty-one.

1 Section 54. For the purpose of determining the styles, designs 2 and qualities of articles and materials to be made by the labor of prison- 3 ers for use in the offices, departments or institutions in accordance with 4 section fifty-three, the officers in charge of said offices, departments or 5 institutions shall hold meetings annually in May. The day and place 6 of each of said meetings shall be assigned by the commissioner, who 7 shall give to the officers concerned at least ten days' notice thereof. If 8 an officer in charge is unable to be present at a meeting he may delegate 9 one of his assistants to attend in his behalf. Each meeting shall organize 10 by the choice of a chairman and clerk; and within one week after the 11 meeting, these officers shall formally notify the commissioner of the
styles, designs and qualities adopted by the meeting for use in each class of offices, departments or institutions. The expenses of attending any of said meetings shall be repaid to the respective officers in the same way as other traveling expenses are paid, and any other expense of the meetings shall be paid from the Prison Industries Funds upon the approval of the commissioner.

**SECTION 55.** Annually in September the commissioner shall issue to the officers in charge of the offices, departments and institutions named in section fifty-three a descriptive list of the styles, designs and qualities of said articles and materials. Any difference between the prison officials and the offices, departments or institutions in regard to styles, designs and qualities shall be submitted to arbitrators, whose decision shall be final. One of said arbitrators shall be named on behalf of the prison by the commissioner, one by the principal officer of the other office, department or institution concerned, and one by agreement of the other two. The arbitrators shall be chosen from the official service and shall receive no compensation for performance of any duty under this section; but their actual and necessary expenses shall be paid by the prison or office, department or institution against which their award is given.

**SECTION 56.** Annually in November the officers in charge of all offices, departments and institutions named in section fifty-three shall send to the commissioner an estimate of the quantities of the articles and materials needed for their respective offices, departments or institutions during the ensuing year. Said estimates shall generally observe the styles, designs and qualities named in the descriptive list; and if any special style is desired in considerable quantity, the estimate shall contain a request that the commissioner shall arrange for the manufacture of such special articles as may be needed.

**SECTION 57.** Annually in January the commissioner shall send to the comptroller, to the auditing and disbursing officers of the several counties, and to the auditor and treasurer of each city and town a list of the articles and materials that can be produced by the labor of prisoners for the use of the offices, departments and institutions of the commonwealth and of the counties, cities and towns. The requisitions hereinafter provided for shall conform to said list unless it appears that special style, design or quality is needed and shall be on forms provided by the commissioner. The state purchasing agent or the purchasing agent of a city or town shall make requisition therefor to the commissioner; provided, that in the case of articles or materials needed by a state office, department or institution and not required to be purchased by the state purchasing agent, or needed by a county, or by a city or town not having a purchasing agent, the requisition shall be made by the officer in charge of the state, county, city or town office, department or institution in which such articles or materials are needed. The commissioner shall forthwith inform said state, city or town purchasing agent or other officer in what institutions they are produced, and he shall purchase them from any institution so designated. If they are needed immediately and are not on hand, the commissioner shall forthwith so notify him, and he may purchase them elsewhere. No bill for any such articles or materials purchased for the use of said offices, departments or institutions,
23 otherwise than from a prison or from another penal institution, shall be allowed or paid unless it is accompanied by a certificate from the commissioner showing that a requisition therefor has been made and that the goods cannot be supplied from the prisons. Provisions of any city charter contrary to this section shall be void.

1 Section 58. The price of all articles and materials supplied by the prisons to the commonwealth, counties, cities and towns shall conform as nearly as may be to the wholesale market rates for similar goods manufactured outside of the prisons. Any difference of opinion in regard to price may be submitted to arbitration in the manner provided in section fifty-five.

1 Section 59. With the approval of the governor and council, the commissioner may expend from the Prison Industries Funds any sums needed to rearrange or enlarge the shops for the purpose of carrying out the provisions of this chapter relative to making goods for public use. He may also employ such additional help as the governor and council shall approve to make the needed arrangements with the offices, departments and institutions named in sections fifty-three and fifty-seven.

1 Section 61. The commissioner and the superintendent of the Massachusetts reformatory shall endeavor to establish in said reformatory such industries as will enable prisoners employed therein to learn valuable trades.

1 Section 62. The number of prisoners in all the institutions named in section fifty-one who may be employed in manufacturing the following articles and in the industries hereinafter named, shall be limited as follows: brushes, not more than eighty; cane chairs with wood frames, not more than eighty; clothing other than shirts or hose, not more than three hundred and seventy-five; harnesses, not more than fifty; mats, not more than twenty; rattan chairs, not more than seventy-five; rush chairs, not more than seventy-five; shirts, not more than eighty, and they shall be women; shoes, not more than three hundred and seventy-five; shoe heels, not more than one hundred and twenty-five; trunks, not more than twenty; in stone cutting, not more than one hundred and fifty; in laundry work, not more than one hundred.

1 Section 64. The two preceding sections shall not apply to prisoners engaged in the manufacture of goods for use in the offices, departments and institutions named in section fifty-three.
SECTION 65. If the commissioner and the warden, superintendent, master or keeper of any institution named in section fifty-one consider the employment of prisoners or a part of them upon the piece price plan expedient, they shall advertise for bids therefor, which shall be opened publicly, and a copy and record thereof shall be kept by the commissioner. If said officers consider it inexpedient to accept any of such bids, contracts may be made with other persons. Copies of all contracts for the employment of prisoners shall be kept by the commissioner, and shall at all times be open to public inspection.

SECTION 66. The tools, implements and materials required for use in manufacturing in any institution named in section fifty-one, and such necessary machinery to replace any which becomes unfit for use, or is destroyed by fire or by malicious acts of prisoners, or to establish new trades or industries, may be purchased by the warden, superintendent, master or keeper thereof, under the supervision of the commissioner, after estimates or requisitions, in such form as he shall require, have been approved by him.

SECTION 67. Goods manufactured in any of the institutions named in section fifty-one shall, with the approval of the commissioner, be sold by the warden, superintendent, master or keeper thereof at not less than the wholesale market price prevailing at the time of sale for goods of the same description and quality. The proceeds of such sales shall be paid to the purchasers to the respective institutions from which the goods are delivered.

SECTION 68. The warden, superintendent, master or keeper of any institution named in section fifty-one may, with the approval of the commissioner, appoint agents who, under such regulations as the commissioner shall establish, shall purchase tools, implements, materials and machinery and sell manufactured goods as aforesaid. They may be removed at the pleasure of the officer by whom they were appointed. The commissioner shall have no authority to purchase or sell any articles for any institution.

SECTION 69. The warden, superintendent, master or keeper of each institution named in section fifty-one shall make a full report to the commissioner relative to the labor of the prisoners whenever he requires it.

SECTION 70. There may be expended from the Prison Industries Funds such amounts as the commissioner shall authorize to provide upon prison premises storage room needed in connection with the work of making goods for the use of the offices, departments or institutions described in section fifty-three.

SECTION 71. At least once in each month the receipts from the labor of prisoners in the state prison, the Massachusetts reformatory, the reformatory for women, the prison camp and hospital and the state farm shall be paid to the commonwealth, and the receipts from the
5 labor of prisoners in a jail or house of correction to the county, and so
6 much thereof as is necessary to pay the expenses of maintaining the in-
7 dustries in said institutions shall be expended from the state or county
8 treasury for that purpose, but not until schedules of such expenses have
9 been sworn to by the warden or superintendent and approved by the
10 commissioner. Whenever, in the opinion of the comptroller, the ac-
11 cumulated funds in the state treasury from the receipts from the labor of
12 prisoners in the state prison, Massachusetts reformatory, the re-
13 formatory for women, the prison camp and hospital and the state farm
14 exceed the sums necessary to pay the expense of maintaining the indus-
15 tries by which they were produced, the comptroller shall direct that the
16 surplus be transferred from these accounts into the general fund or
17 ordinary revenue of the commonwealth. Receipts from any one of the
18 institutions shall be applied to paying the bills of that institution only.
19 The warden or superintendent of the state prison, Massachusetts re-
20 formatory, reformatory for women or state farm shall, as often as he has
21 in his possession money to the amount of ten thousand dollars which he
22 has received under the provisions of sections fifty-three to sixty-seven,
23 inclusive, and the superintendent of the prison camp and hospital shall,
24 as often as he has in his possession money to the amount of five thousand
25 dollars which he has received under the provisions of said sections, pay
26 it to the commonwealth; and the master or keeper of a jail or house
27 of correction shall, as often as he has in his possession such money to the
28 amount of five thousand dollars, pay it into the county treasury.

1 Section 72. Bills for tools, implements, machinery and materials
2 purchased by, and the salaries of persons employed in, the state prison,
3 the Massachusetts reformatory, the reformatory for women, prison camp
4 and hospital and the state farm, under sections fifty-one to seventy,
5 inclusive, shall be paid monthly by the commonwealth, upon schedules
6 prepared and sworn to by the warden or superintendent and approved by
7 the commissioner. Bills for tools, implements, machinery and materials
8 purchased by, and the salaries of persons employed in, the jails and houses
9 of correction under said sections shall be paid monthly by the county,
10 upon schedules prepared and sworn to by the master or keeper and
11 approved by the commissioner. The schedule of bills for tools, imple-
12 ments and machinery and of bills for materials and salaries shall be kept
13 separate from each other and from the schedules of bills incurred for
14 the maintenance of the prison, reformatory, jail or house of correction.

1 Section 73. The warden, superintendent, master or keeper of any
2 institution named in section fifty-one may sue or be sued upon any con-
3 tract of purchase or sale made by him under sections fifty-one to seventy,
4 inclusive. No suit shall abate by reason of a vacancy in any such office,
5 but the successor of any such officer may, and upon motion of the adverse
6 party shall, prosecute or defend it. The warden or superintendent,
7 master or keeper may submit a controversy relative to such contract or
8 an action thereon to the final determination of arbitrators or referees,
9 who shall, if the claim or suit is made or brought by or against the war-
10 den or superintendent, be approved by the governor, or, if made or
11 brought by or against the master or keeper, be approved by the county
12 commissioners.
Section 74. The commissioner may cause the prisoners in any jail or house of correction to be employed within the precincts of the prison in preparing material for road making; but no machine except such as is operated by hand or foot power shall be used in connection with such employment.

Section 75. The department of public works shall, at the request of the commissioner, give him such information and instructions as will enable him to direct said employment in a manner which will furnish suitable and proper material for road building.

Section 76. Material so prepared may be sold to the county commissioners or to town officers having the care of public roads. All material not so sold shall be purchased by the department of public works, at such price as it determines is fair and reasonable, for use on state highways; but the commissioner may cause any of said prisoners to be employed upon material furnished by said department, which shall then pay for the labor of preparation such price as may be agreed upon by the commissioner and the department.

Section 77. All money received under the three preceding sections shall be paid to the county, and the expense of employing prisoners thereunder shall be paid by the county in the manner provided in section seventy-one. Payment for material sold or labor performed thereunder shall be made to the master or keeper of the jail or house of correction where it is prepared or performed.

Section 78. Land reclaimed or improved by prisoners at the prison camp and hospital may be applied to the use of the commonwealth or may be disposed of by the governor and council at public or private sale. Any road material prepared by the prisoners may be sold by the superintendent, with the approval of the commissioner, to the authorities of the commonwealth or of any county, city or town.

Prison Camp and Hospital.

Section 79. The commissioner may remove to the prison camp and hospital any male prisoner in the state prison, the Massachusetts reformatory, the state farm, or in any jail or house of correction appearing by the certificates of the prison physician to be suffering from any disease of a tubercular nature. He may at any time return to the original place of imprisonment any prisoner so removed. A prisoner shall be held in the place to which he is so removed or returned according to the terms of his original sentence.

Section 80. A prisoner removed to the prison camp and hospital shall be held in the custody of the superintendent thereof, and shall be governed, employed and treated according to rules and regulations to be established by the commissioner, with the approval of the governor and council.
1 Section 81. The superintendent of the prison camp and hospital may, with the approval of the commissioner, employ the prisoners confined in the camp section of the said prison camp and hospital in the preparation of road material, and may use therefor such machinery as the commissioner may consider necessary. The department of public works and the department of agriculture shall, at the request of the commissioner, give such information as may enable him to prosecute to the best advantage the work of reclaiming and improving waste land and of preparing material for road building.

1 Section 82. The commissioner may purchase or lease land, with funds specifically appropriated therefor by the general court, for the purpose of improving and cultivating the land by the labor of prisoners from the prison camp and hospital; and the commissioner may make arrangements with officials of the commonwealth and officials of towns to employ the said prisoners on any unimproved land and in the construction, repair and care of public institutions and public ways adjacent thereto. When prisoners are so employed they shall be in the custody of the superintendent of the prison camp and hospital. There shall be paid to the commonwealth monthly, for the labor of any prisoners employed as above provided, such sums as may be agreed upon between the commissioner, the superintendent of the prison camp and hospital, and the other parties in interest. Expenditures from any appropriation to carry out the purposes of this section shall be made upon schedules, with vouchers, approved by the superintendent and the commissioner; but the expenditures in any year shall not exceed the amount of the receipts during that year from the employment of prisoners as aforesaid.

Outdoor Labor.

1 Section 83. During all times when outdoor labor is practicable, inmates of penal institutions required to labor shall be employed, so far as is possible, in the reclamation of waste places and in cultivating lands for raising produce to be used in public institutions, and in the reforestation, maintenance or development of state forests. Prisoners so employed shall be at all times in the custody and under the direction of the 7 prison officers.

1 Section 84. The county commissioners of any county may purchase or lease land, with funds specifically appropriated therefor by the general court, for the purpose of improving and cultivating the land by the labor of prisoners from a jail or house of correction; and the said commissioners may also make arrangements with the department of public works or with the officials of a town to employ said prisoners on any highway or unimproved land, or with the state forester for the reforestation, maintenance or development of state forests, or with a private owner to improve waste or unused land, or land used for agricultural or domestic purposes, by means of such prison labor. When prisoners are so employed they shall be in the custody of the sheriff of the county. When land that is not the property of the county or is a public way or state forest is so improved, the owners thereof or those having the way
or forest in charge shall pay to the county such sums as may be agreed upon between the county commissioners, sheriff, and the other parties in interest for the labor of any prisoners employed thereon.

EMPLOYMENT OF FEMALE PRISONERS.

Section 85. The commissioner may, with the consent of a woman serving a sentence in the reformatory for women or in a jail or house of correction, and with the consent of the county commissioners if she is in a jail or house of correction, contract to have her employed in domestic service for such term, not exceeding her term of imprisonment, and upon such conditions, as he considers proper with reference to her welfare and reformation. If in his opinion her conduct at any time during the term of the contract is not good, he may order her to return to the prison from which she was taken.

Section 86. If she leaves her place of service, or if, having been ordered by the commissioner to return to prison, she neglects or refuses so to do, she shall be held to have escaped from prison, and may be arrested and returned to the prison from which she was taken, or if she had escaped therefrom, and shall, upon conviction of such escape, be punished by imprisonment in jail or in a house of correction for not less than three months nor more than one year or in the reformatory for women. The expense of her arrest and return to prison shall be paid in the same manner as the expenses of the arrest and return of a prisoner escaping from prison.

PRIVILEGES.

Section 87. Every inmate of a penal or reformatory institution shall be allowed to write letters to the principal officer or to any supervising officer thereof. A locked letter box, accessible to the inmates, shall be placed in each institution, in which they may deposit such letters, and such letters shall be duly delivered according to the address thereon. The keys of the boxes in the state prison, Massachusetts reformatory, reformatory for women, prison camp and hospital and state farm shall be kept by the commissioner, and of those in each of the other institutions by the principal officer thereof.

Section 88. An inmate of any prison or other place of confinement or public charitable or reformatory institution shall not be denied the free exercise of his religious belief and the liberty of worshipping God according to the dictates of his conscience in the place where he is confined; and he shall not be required to attend any service or religious instruction other than that of his own religious belief, if religious services and instructions of his own belief are regularly held at the institution; and he may, in illness, upon request to the warden, superintendent, keeper or master, receive the visits of any clergyman whom he may wish. The officers having the management and direction of such institutions shall make necessary regulations to carry out the intent of this section. This section shall not be so construed as to impair the discipline of any such institution so far as may be needful for the good government and safe custody of its inmates, nor prevent the assembling of all the inmates, who do not attend a regularly held religious service of their own belief, in the chapel thereof for such general religious instruction, including the
reading of the Bible, as the officer having charge of the institution considers expedient.

1. **Section 90.** The warden of the state prison, with the consent of the commissioner, may cause a sabbath school to be maintained in the prison for the instruction of the prisoners in their religious duties, and may permit such persons as he considers suitable to attend it as instructors, under such regulations as the commissioner may establish. The warden may also, subject to the restrictions and regulations of the commissioner, maintain schools of instruction for the prisoners at such times, except on Sunday, as he, with the approval of the commissioner, may determine, and for such purpose may expend, from the appropriation made for the support of the prison, not more than two thousand dollars annually.

2. **Section 90A.** An inmate of a penal institution may, in the discretion of the officer in charge of such institution, be allowed to attend, in the custody of an officer thereof, the funeral of his or her spouse or any next of kin.

4. **Section 92.** The county commissioners, or, in the county of Suffolk, the mayor of Boston, with the sheriff of the county, may, at the expense of their county or city, furnish instruction in reading and writing for one hour each evening, except Sunday, to prisoners in the jails and houses of correction who may be benefited thereby and who wish to receive it.

5. **Section 93.** The keeper or master of a jail or house of correction shall at the expense of the county, provide a copy of the Bible or of the New Testament for each prisoner under his charge who is able and wishes to read, which may be used by him at proper seasons during his confinement. He may, at the expense of the county, provide books and papers for such prisoners, but not exceeding in cost one hundred dollars a year.

All permits shall be issued by the board or officer granting them.

Board of parole to grant permits to be at liberty, etc.

Section 129. The commissioner shall furnish to the board of parole all information in his possession relating to any prisoner whose case is under consideration. No permit to be at liberty authorized by section one hundred and thirty-one, and no permit to be at liberty from the Massachusetts reformatory, the reformatory for women, or the prison camp and hospital, shall be granted until the prisoner has been seen by the board. The superintendent of the reformatory for women and the resident physician, or, in the absence of either of them, an official of said reformatory designated by the superintendent, shall be present at all meetings of the board held for examination of the inmates thereof.

Section 130. Every officer in charge of a prison or other place of confinement, except the Massachusetts reformatory, the reformatory for women and the state farm, shall keep a record of the conduct of each prisoner in his custody whose term of imprisonment is four months or more. Every such prisoner, except a prisoner sentenced to the state prison for a crime committed on or after January first, eighteen hundred and ninety-six, whose record of conduct shows that he has faithfully observed all the rules and has not been subjected to punishment shall be entitled to a deduction from the term of his imprisonment, which shall be estimated as follows: upon a sentence of not less than four months and less than one year, one day for each month; upon a sentence of not less than one year and less than three years, three days for each month; upon a sentence of not less than three years and less than five years, four days for each month; upon a sentence of not less than five years, four days for each month; upon a sentence of not less than five
15 years and less than ten years, five days for each month; upon a sentence
16 of ten years or more, six days for each month. If a prisoner has two or
17 more sentences, the aggregate of his several sentences shall be the basis
18 upon which the deduction shall be estimated. A prisoner who is entitled
19 to such deduction from the term of his imprisonment shall receive a
20 written permit to be at liberty during the time so deducted, upon such
21 terms as the board which grants the permit shall prescribe. If a prisoner
22 violates any of the rules of his prison or other place of confinement, the
23 board authorized to grant permits shall decide what portion of the
24 time, which would otherwise be deducted from the term of his imprison-
25 ment, shall be forfeited by such violation.

1 Section 131. The board of parole may grant a special permit to be
2 at liberty from the state prison to a prisoner held therein or transferred
3 therefrom to the Massachusetts reformatory upon a sentence with a
4 minimum term of more than two and one half years, when he has served
5 two thirds of such minimum term, if it appears to the board that the
6 prisoner is likely to lead an orderly life, and they have a reasonable
7 assurance that he will not become a charge upon public or private
8 charity; but no such permit shall be granted to any prisoner until he has
9 served at least two and one half years. A prisoner held in the state
10 prison upon two or more sentences may be eligible for release under
11 this section when he has served two thirds of the aggregate of the mini-
12 mum terms of his sentences. Such permits shall be granted on terms
13 and conditions prescribed by the board.

1 Section 132. Any prisoner eligible for a release in accordance with
2 the preceding section may apply for a permit to be at liberty as therein
3 provided. The application shall be transmitted to the board of parole
4 by the warden of the state prison or the superintendent of the Massa-
5 chusetts reformatory, who shall send with it a report of the prisoner's
6 conduct and industry, a statement concerning the prisoner's health, and
7 any other information respecting the case which the warden or superin-
8 tendent can supply; and the board shall not entertain any other form
9 of application or petition for the release of a prisoner under the preceding
10 section.

1 Section 133. If the record of a prisoner sentenced to the state prison
2 for a crime committed on or after the first day of January in the year
3 eighteen hundred and ninety-six shows that he has faithfully observed
4 all the rules of the prison and has not been subjected to punishment, the
5 board of parole shall, upon the expiration of his minimum term of sen-
6 tence, grant him a permit to be at liberty therefrom during the unexpired
7 portion of the maximum term of his sentence, upon such terms and
8 conditions as it shall prescribe. If the record shows that he has violated
9 the rules of the prison, he may be given a like permit at such time after
10 the expiration of the minimum term of his sentence as the board shall
determine. If the prisoner is held in the prison upon two or more sen-
tences, he shall be entitled to receive such permit when he has served a
13 term equal to the aggregate of the minimum terms of the several sen-
tences, and he shall be subject to all the provisions of this section until
15 the expiration of a term equal to the aggregate of the maximum terms
16 of said sentences.
SECTION 134. If it appears to the governor and council that a prisoner sentenced to the state prison as an habitual criminal has reformed, they may issue to him a permit to be at liberty during the remainder of his term of sentence, upon such terms and conditions as they prescribe.

SECTION 135. If it appears to the board of parole that a prisoner in the Massachusetts reformatory, except one transferred thereto from the state prison, or a prisoner who has been removed from the Massachusetts reformatory to a jail or house of correction, has reformed, it may grant him a permit to be at liberty during the remainder of his term of sentence, upon such terms and conditions as it shall prescribe.

SECTION 136. If it appears to the board of parole that a prisoner in the reformatory for women or a prisoner who has been removed therefrom to a jail or house of correction has reformed, it may grant her a permit to be at liberty during the remainder of the term for which she might be held therein.

SECTION 137. The board of parole in its discretion may grant any prisoner held at the prison camp and hospital a permit to be at liberty, upon such terms and conditions as it shall prescribe.

SECTION 137A. The board of parole in its discretion may grant any prisoner removed to the state prison colony under section one hundred and nine A a permit to be at liberty upon such terms and conditions as it shall prescribe.

SECTION 138. If it appears to the board of parole that a person at the state farm or removed therefrom to a jail or house of correction has reformed, it may grant him a permit to be at liberty during the remainder of the period for which he might be held.

SECTION 139. The power to grant a permit to be at liberty to any person sentenced or transferred to the state prison, the Massachusetts reformatory, the reformatory for women, the prison camp and hospital or the state farm, and to revoke, revise, alter or amend the same, shall remain in the board of parole until the expiration of the maximum term of the sentence for the service of which the person was so committed or transferred, notwithstanding the subsequent transfer of such person to any other institution.

SECTION 140. If it appears to the county commissioners, or, in the county of Suffolk, to the penal institutions commissioner of Boston, that a prisoner in a jail or house of correction convicted of an offence named in section fifty-three of chapter two hundred and seventy-two or of drunkenness, and sentenced for a term or for non-payment of a fine,
6 has reformed and is willing and desirous to return to an orderly course
7 of life, they may issue to him a permit to be at liberty during the re-
8 mainder of his term of sentence.

1 Section 141. A probation officer may, with the consent of the
2 county commissioners, or, in Suffolk county, of the penal institutions
3 commissioner of Boston, investigate the case of any person imprisoned
4 in a jail or house of correction upon a sentence of not more than six
5 months, or upon a longer sentence of which not more than six months
6 remain unexpired, or for failure to pay a fine, for the purpose of ascer-
7 taining the probability of his reformation if released from imprisonment.
8 If after such investigation he recommends the release of the prisoner,
9 and the court which imposed the sentence, or, if the sentence was imposed
10 by the superior court, the district attorney, certifies a concurrence in
11 such recommendation, the county commissioners or the penal institu-
12 tions commissioner may, if they consider it expedient, release him on
13 parole, upon such terms and conditions as they may prescribe, and may
14 require a bond for their fulfilment. The surety upon any such bond
15 may at any time take and surrender his principal, and the county com-
16 missioners or the penal institutions commissioner may at any time
17 order any prisoner released by them to return to the prison from which
18 he was released. This section shall not apply to persons held upon
19 sentences of the courts of the United States.

1 Section 142. Whenever, in the opinion of the physician of any
2 prison or other place of confinement in which is imprisoned a woman
3 who is about to give birth to a child during the term of her imprisonment
4 the best interests of the woman or of her unborn child require that she be
5 granted a permit to be at liberty or discharged, he may so certify to the
6 board or officer empowered to grant permits to be at liberty or discharges
7 from the institution in which she is imprisoned, and such board or officer
8 may, subject to such terms and conditions as appear necessary, grant the
9 permit to be at liberty or the discharge.

1 Section 143. The county commissioners, or, in Boston, the penal
2 institutions commissioner, subject to the approval of a justice of the
3 court which imposed the sentence, after six months from the time of
4 sentence, may discharge a person sentenced to the house of correction,
5 upon a conviction under the provisions of section sixty-two of chapter
6 two hundred and seventy-two of being a common nightwalker, if they
7 are satisfied that the prisoner has reformed.

2 for non-payment of a fine or a fine and expenses shall be given a credit of
3 fifty cents on such fine or fine and expenses for each day during which
4 he shall be so confined, and shall be discharged at such time as the said
5 credits, or such credits as have been given and money paid in addition
6 thereto, shall equal the amount of the fine or the fine and expenses; and
7 in such case no further action shall be taken to enforce payment of said
8 fine or fine and expenses.

Discharge of poor prisoners. 1821, 109; R. 8, 87, § 16; G. S. 180, § 8; 1866, 284; P. S. 222, § 116; R. L. 225, § 125.

Section 145. Justices of district courts and trial justices may discharge from jail persons confined for the non-payment of fine, or of fine and expenses not exceeding ten dollars, if they are of opinion that such persons are not able to pay the same or that it is otherwise expedient; but no fees shall be allowed to any person for such service.

Section 146. If a poor prisoner has been confined in a jail or house of correction for three months for fine or fine and expenses only, the jailer, master or keeper shall make a report thereof, to the municipal court of the city of Boston, and in other counties to a district court. The court shall inquire into the truth of the report, and may require the jailer or keeper to bring the prisoner into court. If the court finds that the report is true, and that the prisoner since his conviction has not had any property, real or personal, with which he could have paid the amount for which he was committed, and that he is held for no other cause, the court shall order the sheriff, master or keeper to discharge the prisoner. A person under guardianship may have the benefit of this section, although it appears that he has property held under guardianship, if it also appears that such property is beyond his actual control; and if he is discharged the commonwealth may, in an action of tort brought within one year after the discharge, recover from his guardian, if he has assets, the amount of fine or fine and expenses remaining unpaid.

Section 147. The violation by the holder of a permit to be at liberty of any of the terms or conditions of his permit or the violation of any law of the commonwealth shall render his permit void.

Section 148. The board or officer granting to a prisoner a permit to be at liberty may revoke it at any time previous to its expiration.

Section 149. The board of parole, the county commissioners or, in Suffolk county, the penal institutions commissioner of Boston, if a permit to be at liberty granted or issued by them, respectively, has become void or has been revoked, or if a prisoner on parole under section one hundred and forty-one has been ordered to return to the prison from which he was released, may order the arrest of the holder of such permit or of such prisoner on parole by any officer qualified to serve civil or criminal process in any county, and the return of such holder or of such prisoner on parole to the prison from which he was released. The governor, if a permit to be at liberty issued to an habitual criminal under section one hundred and thirty-four has become void or has been revoked, shall issue his warrant authorizing the arrest of the holder thereof by any officer qualified to serve criminal process, and his return to state prison. A prisoner who has been so returned to his place of confinement shall be detained therein according to the terms of his original sentence. In computing the period of his confinement, the time between his re-
17 lease upon a permit or on parole and his return to prison shall not be considered as any part of the term of his original sentence. If at the time of the order to return to prison or of the revocation of his permit he is confined in any prison, service of such order shall not be made until his release therefrom.

1 Section 150. A prisoner whose term expires on Sunday shall be discharged if term ends on Sunday.

1 Section 151. A prisoner who, at the expiration of his sentence, is in such condition from bodily infirmity or disease as to render his removal impracticable shall be suitably cared for in the prison or other place of confinement until he is in a condition to be removed. The expense of his support, not exceeding three dollars and fifty cents a week, shall be paid by the town where he has a legal settlement, after notice to the board of public welfare thereof, or, if he has no legal settlement, to the department of public welfare, of the expiration of his sentence and of his condition.

PARDONS.

1 Section 152. In a case in which the governor is authorized by the constitution to grant a pardon, he may, with the advice and consent of the council, and upon the petition of the prisoner, grant it, subject to such conditions, restrictions and limitations as he considers proper, and he may issue his warrant to all proper officers to carry such pardon into effect.

Such warrant shall be obeyed and executed, instead of the sentence originally awarded. The governor shall annually transmit to the general court a list of the pardons granted by him with the advice and consent of the council during the preceding year.

1 Section 153. In all cases of petitions for pardons referred to the executive council by the governor, where the petitioner is serving a sentence in the state prison, the executive secretary shall notify the attorney general, and also the district attorney who prosecuted the case, and they or their representatives may be present at the hearing on the petition by the pardon committee of the executive council, examine the petitioner's witnesses, and present to the pardon committee full information as to the case of the commonwealth against the petitioner on which he stands convicted of the crime for which he is serving sentence.

1 Section 154. The board of parole, acting as the advisory board of pardons, shall consider carefully and thoroughly the merits of all petitions for pardon or commutation of sentence referred to it by the governor, and it shall make to him, without publicity, a written report containing its conclusions and recommendations. No such report shall be made without the concurrence of a majority of its members. Before considering any petition for pardon or commutation of sentence, if the conviction of the prisoner was had in the superior court, the advisory board of pardons shall notify the district attorney, who shall report the facts of the case as they appeared at the trial, or, if the conviction was upon a plea...
of guilty, the facts as he understands them, the names of all witnesses in the case, and his recommendation. If the petitioner is serving a sentence in the state prison the attorney general shall also be notified. If the conviction was in a district court the justice thereof shall make to said board a similar report and recommendation. The attorney general, district attorney or justice, as the case may be, shall be notified of the hearing upon the petition for pardon, and they or their representatives may be present at the hearing, examine the petitioner's witnesses, and be heard. The said board shall not review the proceedings of the trial court, and shall not consider any questions regarding the correctness, regularity or legality of such proceedings, but shall confine itself solely to matters which properly bear upon the propriety of the extension of clemency to the petitioner. Said board from time to time may make rules relative to the calling of meetings and to the proceedings thereat. The board or any member of it may summon witnesses and administer oaths or affirmations. The fees of witnesses before the board shall be the same as for witnesses before the superior court, and shall be paid from the appropriation for the expenses of the board of parole.

Section 155. If a prisoner who has been pardoned upon conditions to be observed and performed by him violates such conditions, the warden, superintendent or keeper, respectively, of the institution in which the prisoner was confined shall forthwith cause him to be arrested and detained until the case can be examined by the governor and council; and the officer who makes the arrest shall forthwith give written notice thereof to the governor and council.

Section 156. The governor and council shall, upon receiving such notice, examine the case of such prisoner: and if it appears by his own admission or by evidence that he has violated the condition of his pardon, the governor, with the advice and consent of the council, shall order him to be remanded and confined for the unexpired term of his sentence, said confinement, if the prisoner is under any other sentence of imprisonment at the time of said order, to begin upon the expiration of such sentence. In computing the period of his confinement, the time between the conditional pardon and subsequent arrest shall not be taken to be part of the term of his sentence. If it appears to the governor and council that he has not broken the conditions of his conditional pardon, he shall be discharged.

Section 157. If a prisoner is pardoned or his punishment is commuted, the officer to whom the warrant for such purpose is issued shall, as soon as may be after executing it, make return thereof, signed by him, with his doings thereon, to the secretary's office, and shall file in the office of the clerk of the court in which the offender was convicted an attested copy of the warrant and return, and the clerk shall subjoin a brief abstract thereof to the record of the conviction and sentence.

Section 158. The male agents employed to aid discharged male prisoners shall endeavor to secure employment for prisoners who have been permanently discharged or released on permit from the state prison, the Massachusetts reformatory, the state farm or the prison camp and hospital, provide said prisoners with needed assistance, and perform such
6 other duties relative to discharged or released prisoners as the com-
missioner requires. They shall also obtain information for the commis-
sioner relative to prisoners committed to institutions under his super-
vision, especially as to the details of their offences and their previous
character and history. They may for that purpose require of the police
authorities any facts in their possession relative to such prisoners if the
communication thereof will not, in the opinion of said authorities, be
detrimental to the public interest.

1920, 334.

1 Section 159. The women agents employed for the purpose shall
2 counsel and advise female prisoners discharged from prisons in the com-
3 monwealth, or released on permit from the reformatory for women,
4 assist them in obtaining employment, and, under the direction of the
5 commissioner, render them pecuniary aid.

5 to which they were removed therefrom.

Section 165. The master or keeper of a jail or house of correction may, with the approval of the county commissioners, expend such amount, not exceeding ten dollars, in aiding a prisoner discharged from his custody as in his opinion will assist such prisoner in his endeavor to reform. He may in his discretion pay it to the prisoner, or to some person selected by the master or keeper, to be expended by him in behalf of the prisoner or for providing the prisoner with board, clothing, transportation or tools. It may co-operate with the department of public health and with inspectors of milk, but it shall not interfere with the duties of such department or officers.

Section 13. The division shall report to the director of animal industry each case brought to its attention where any barn, stable or other enclosure, where neat cattle, other ruminants or swine are kept, is found in an unsanitary condition.

DIRECTOR OF THE DIVISION OF PLANT PEST CONTROL.

1 Section 16. The director of the division of plant pest control, and
2 his assistants, may at all times enter any public or private grounds in
3 the performance of any duty required by sections seventeen to thirty-
4 one, inclusive.

[Penalty, § 20.]

1 Section 17. The said director, either personally or through his as-
2 sistants, shall inspect at least once each year each nursery or place
3 where nursery stock is grown, and if no dangerous insects or fungous
4 pests are found therein, he shall give a certificate to that effect. If
5 such pests are found therein the owner of the stock shall take such
6 measures to suppress the same as the director shall prescribe, and no
7 certificate shall be given until he has satisfied himself by a subsequent
8 inspection that all such pests have been suppressed. He shall deter-
9 mine the season for inspecting nurseries and the form of certificates
10 to be given but in no case shall he issue a certificate to continue in force
11 after July first next following the date of inspection.

1 Section 18. Each agent or other person, except a grower, who sells
2 nursery stock shall make application to the director for an agent's li-
3 cense, and shall file with him the names and addresses of all persons
4 or nurseries from which he purchases his stock. On receipt of such
5 application, the director shall issue an agent's license, valid for one
6 year, in such form and with such provisions as the department pre-
7 scribes. The license may be revoked at any time for failure to report
8 the names and addresses of persons or nurseries from which stock is
9 purchased, or for such other cause as may be deemed sufficient by the
10 director and the commissioner. Each person except a grower who sells,
11 or who takes or solicits orders for, nursery stock shall be regarded as a
12 nursery agent for the purposes of sections eighteen to thirty-one, inclusive.

1 Section 19. No person shall sell, exchange, give, deliver or ship
2 within the commonwealth any tree, shrub or plant commonly known as

4 section seventeen or an agent's license under the preceding section, and
5 unless a copy of such certificate or license, or such other evidence as the
6 department prescribes, shall accompany each car, box, bundle or pack-

exchanging of trees, plants or shrubs by any person who is not a grower of, dealer in, or agent for nursery stock.

**Section 20.** No nursery stock shall be brought into the commonwealth unless it bears an unexpired certificate of inspection. Each person bringing into the commonwealth, or receiving for transportation to a point within the commonwealth from outside thereof, any car, box, bundle, package or consignment in any form, of living trees, shrubs or plants commonly known as nursery stock, shall immediately notify the director of the fact that such consignment has been received by him and give the name and address of the consignee, together with such further report as may be lawfully required by the director.

**Section 21.** The director, either personally or through his assistants, may inspect at its point of destination all nursery stock coming into the commonwealth, and if such stock is found to be infested with injurious insects or plant disease he may cause it to be destroyed, treated or returned to the consignor at the consignor's expense. He may, either personally or through his assistants, inspect all fruits brought into the commonwealth from outside thereof which were grown on plants, shrubs or trees of any kind which also grow out of doors in this commonwealth, and, if such fruits are found to be infested with injurious insects or plant disease likely to become established herein, he may cause such fruits to be destroyed, treated or returned to the consignor at the consignor's expense.

Each person, except a common carrier, who receives, brings or causes to be brought into this commonwealth any such fruits from such states, provinces or countries as may be designated by the commissioner, shall immediately after the arrival of such fruits notify the director of such arrival, and hold the same until they have been duly inspected.

**Section 22.** If the director, either personally or through his assistants, finds ribes, that is, any variety of currants or gooseberries, whether wild or cultivated, or five leafed pines, which are either infected with white pine blister rust, or so situated that in his opinion they are likely to become so infected, he or his assistants may destroy or cause to be destroyed such ribes or five leafed pines. In carrying out his duties under this section the director shall as far as practicable co-operate with the state forester, local tree wardens, moth superintendents, city foresters and forest wardens.

**Section 23.** The owner of any cultivated berry-bearing shrubbery destroyed by the director or his assistants under the two preceding sections shall receive compensation therefor from the commonwealth, provided that he has given written notice thereof to the director within thirty days after the accrual of his claim to compensation. The director or an assistant shall thereupon investigate the same, and if the director does not agree with the claimant as to the validity of his claim or as to the amount thereof, the question at issue shall be determined by three arbitrators who shall be the commissioner, the state forester, and an assistant attorney general to be designated by the attorney general. Any award of damages made by said arbitrators, together with the cost of the appraisal, shall be certified to the comptroller, and shall thereupon be paid by the commonwealth in the same manner as other claims.
1 Section 24. The director, either personally or through his assistants, may inspect any orchard, field, garden, roadside or other place where trees, shrubs or other plants exist, whether on public or private property, which he may know or have reason to suspect is infested with the San José scale or any serious insect pests or plant disease, when in his judgment such pests or disease are likely to cause loss to adjoining owners, and may serve upon the owner, occupant or person in charge of trees, shrubs or other plants thus infested, written notice of the presence of such pests or plant disease, with a statement that they constitute a public nuisance, together with directions to abate the same, giving the methods of treatment for the abatement thereof, and stating a time within which the nuisance must be abated in accordance with the methods given therein. If the person so notified refuses or neglects so to treat or destroy such trees, shrubs or other plants within the time prescribed, the director may cause such property to be so treated or destroyed, and may employ all necessary assistants for this purpose, who may enter upon any public or private property, if such entry is necessary for this purpose. Upon the completion of said treatment the director shall certify in writing to the owner or person in charge of the treated property the amount of the cost of such treatment, and if this be not paid to the commissioner within ninety days thereafter, the same may be recovered by suit, together with the cost of the suit.

1 Section 25. In case of objection to the proposed action of the director or his assistants in executing any provision of sections sixteen to thirty-one, inclusive, an appeal in writing may be taken within ten days to the commissioner, and the appeal shall operate as a stay of proceedings until it has been heard and decided by the commissioner, whose decision shall be final.

1 Section 26. When the commissioner has heard an appeal and has rendered a decision that the action of the director from which the appeal was taken is sustained, the director shall notify in writing the owner, occupant or person in charge of the trees, shrubs or other plants concerned, of the decision, and shall direct him to treat or destroy the trees, shrubs or other plants within a given time in accordance with a method prescribed in the notice. If the person so notified refuses or neglects so to treat or destroy such trees, shrubs or other plants within the time prescribed, the director may cause such property to be so treated or destroyed, and the cost thereof to be recovered as provided in section twenty-four.

1 Section 27. The director, with the approval of the commissioner, after a duly advertised public hearing with notice to interested parties, may prohibit for such periods and under such conditions as he may impose, the delivery within the commonwealth of nursery stock from outside thereof when in his opinion such nursery stock is likely to be infested with insect pests or disease or is likely to act as a carrier thereof. With the approval of the commissioner, he may make and issue such regulations as may be needed to carry out sections sixteen to thirty-one, inclusive, and may publish information about such insects and disease as come within his observation.
Section 28. Sections sixteen to twenty-seven, inclusive, twenty-nine
and thirty, shall not apply to gypsy or brown tail moths in any stage of
development except upon places where nursery stock is grown and upon
property adjoining the same.
1911, Res. 103. 1912, 507, §§ 13, 16. 1925, 58, § 3.

Section 29. Whoever violates any provision of sections sixteen to
twenty-seven, inclusive, or offers any hindrance to the carrying out of
any part thereof, or after receipt of written request from the director
or any of his assistants unreasonably refuses or neglects to comply with
any order or regulation lawfully made under any of said sections, shall
be punished by a fine of not less than ten nor more than one hundred
dollars to the use of the commonwealth.

Section 30. All prosecutions under sections sixteen to twenty-seven,
inclusive, section thirty-one and section thirty-one A shall be instituted
and directed by the commissioner or by a person or persons specially
designated for the purpose by him.
1919, 350, § 35. 1923, 147, § 1. 1927, 67.

Section 31. Whenever the director finds that any town or part
thereof is infested with the European corn borer or other insect pest,
extcept the gypsy and brown tail moth, or with a plant disease which in
his opinion is likely to spread to other parts of the commonwealth or
to other states, he may, after a duly advertised public hearing, and with
the approval of the commissioner, issue an order stating the insect pest
or plant disease to be guarded against, and prohibiting, for such periods
and under such conditions as he deems necessary, the transportation to
or from such town or part thereof, of any specified trees, plants, shrubs
or other vegetable growths or products, and any specified containers or
other articles by means of which such an insect pest or plant disease is or
is likely to be carried. The order aforesaid shall be advertised in a news-
paper published in each town where it is to be effective, or, if no newspaper
is published in such town, then in a newspaper of general circulation
in the county where the town is situated. Whoever violates any order
issued under this section or whoever offers any hindrance to the carry-
ing out of such order shall be punished by a fine of not less than twenty-
five nor more than three hundred dollars.

Section 31A. In any town or part thereof in which an order issued
under the preceding section in connection with the suppression of the
European corn borer shall be in effect, every person in possession of
land on which corn of any kind has been grown, shall, not later than
December first of the year of its growth, plow or cause to be plowed the
field in which it was grown, so as to bury the stubble to a depth of at
least six inches, or pull up said stubble or cause it to be pulled up and
destroy it, or cause it to be destroyed, by burning, and every person
having in his possession corn stalks shall, not later than April tenth of
the year following that of their growth, completely dispose of such corn

With the approval of the commissioner, the inspector of apiaries shall prepare and distribute from time to time such literature upon the subject of bee culture as he deems advisable, shall annually make or cause to be made through his assistants such inspection of the apiaries throughout the commonwealth as he deems necessary to discover and suppress all bee diseases of a contagious nature, and may make and issue reasonable regulations for carrying out this and the six following sections.

Section 33. No person shall keep a colony of bees affected with foul brood, black brood, or any other infectious or contagious disease harmful to honey bees in the egg, larval, pupal or adult stage, except as provided in the following section, and each beekeeper, when he becomes aware of the existence of such a disease among his bees, shall at once notify the inspector to that effect. No person, knowing that a contagious or infectious disease exists among his bees, shall sell, barter, give, or in any other way dispose of the same in whole or in part, or any product of the same, or any hive, super, frame, section or other appliance used about the diseased bees, in such manner as to cause the spread of the disease.

Section 34. The inspector or his assistants, upon the discovery of foul brood, black brood or any other infectious or contagious disease, in any apiary or colony, shall give instruction to the owner or caretaker thereof as to the treatment of the diseased bees, and shall also send to the owner or caretaker a written order that such bees be held in quarantine until released by written permit from the inspector, and bees so quarantined shall not be removed from the premises.

If upon subsequent inspection the disease is still found to exist the inspector or his assistants may cause the diseased colonies to be destroyed in such manner as to prevent the spread of the disease.

Section 35. No colony of bees shall be shipped or transported into or delivered in this commonwealth from a state or country having an inspector of apiaries, or other officer charged with similar duties, without a certificate stating that such officer has inspected said colony and that it is free from infectious or contagious disease. No transportation company or common carrier shall accept for transportation into the commonwealth, nor shall it deliver to any consignee herein, any such colony from such state or country, unless such colony is accompanied by such certificate. In the absence of such a certificate, the consignee upon the receipt of said colony shall forthwith notify the inspector, who shall forthwith inspect the same. No transportation company or common carrier shall be liable in damages for refusing to receive, transport or deliver any colony of bees when not accompanied by a certificate as above provided. This section shall not prevent the transportation or delivery of queen bees when not accompanied by brood or comb.

Section 36. The inspector and his assistants shall have access to each place where bees, bee products or supplies or appliances used in apiaries are kept.
SECTION 37. The inspector shall keep a detailed record of the number and location of all apiaries visited by him or his assistants, the number and location of all colonies found diseased, the treatment thereof, and the expenditure incurred in the performance of the duties of his office. He shall report to the commissioner annually, and at such other times as he requests.

SECTION 38. Whoever violates any provision of sections thirty-two to thirty-six, inclusive, or after receipt of written request from the inspector or any of his assistants unreasonably refuses or neglects to comply with any regulation lawfully made and issued under said section thirty-two, shall be punished for the first offence by a fine of not more than ten dollars, for the second offence by a fine of not more than twenty-five dollars and for a subsequent offence by a fine of not more than fifty dollars.

The trustees may enter into agreements, arrangements or undertakings with any such departments, commissions, boards and institutions, relative to extension work with adults and with boys and girls in agriculture, homemaking and country life.

1 Section 43. The trustees shall maintain one or more agents or instructors in agriculture, homemaking and country life, who shall meet the residents of the county individually and in groups for the purpose of teaching and demonstrating better practice in agriculture and homemaking, the benefits to be derived from co-operative efforts, better methods of marketing farm products and the organization of communities to build up country life.

1 Section 44. The trustees shall annually prepare and submit to the county commissioners, not later than the first Wednesday in December, a budget containing detailed estimates of all sums required by them for carrying out sections forty to forty-five, inclusive, during the ensuing year. The county commissioners shall include in their annual estimate of county expenses to be appropriated by the general court and raised by the annual county tax levy at least one half of such sums as they deem necessary to carry out said purposes.

appropriation for the extermination of contagious diseases among domestic animals. The director may appoint persons to make appraisals on live stock and other property the destruction of which is ordered under this section, and fifty per cent of the full value of such live stock and other property, as determined by the appraisal, may be paid from the annual appropriation aforesaid. If the United States government makes an appropriation for payment of a certain portion of the value of any animals and property destroyed under this section, the payment by the commonwealth for such animals or property shall be limited to the difference between such portion and the full value thereof determined as herein provided, which shall not be in excess of fifty per cent of such value.

SECTION 15. The mayor in cities, except Boston, and the selectmen in towns shall annually, in March, nominate one or more inspectors of animals, and before April first shall send to the director the name, address and occupation of each nominee. Such nominee shall not be appointed until approved by the director. In cities at least one such inspector shall be a registered veterinary surgeon.

SECTION 16. A town shall, for each refusal or neglect of its officers to comply with the requirements of the preceding section, forfeit not more than five hundred dollars. The director may appoint one or more inspectors for such town, and may remove an inspector who refuses or neglects to be sworn or who, in the opinion of the director, does not properly perform the duties of his office and may appoint another inspector for the residue of his term.

SECTION 17. Each inspector shall be sworn to the faithful performance of his official duties, and shall receive from the town for which he is appointed reasonable compensation, if appointed by the town, or such compensation as shall be fixed by the director, but not in excess of five hundred dollars a year, if appointed by the director. Towns having a valuation of less than two thousand dollars shall be reimbursed by the commonwealth, upon certificate of the selectmen, approved by the director, for one half of such compensation, not exceeding two hundred and fifty dollars for each inspector in any one year.
1 Section 18. Each inspector shall comply with and enforce all orders and regulations directed to him by the director. If he refuses or neglects so to do, he shall be punished by a fine of not more than five hundred dollars.

Section 19. Inspectors shall make regular and thorough inspections of all neat cattle, sheep and swine found within the limits of their respective towns. Such inspections shall be made at such times and in such manner as the director shall from time to time order. They shall also from time to time make inspections of all other domestic animals within the limits of their respective towns if they know, or have reason to suspect, that such animals are affected with or have been exposed to any contagious disease, and they shall immediately inspect all domestic animals and any place where any such animals are kept whenever directed so to do by the director; but this section shall not apply to the inspection of sheep or swine slaughtered in wholesale slaughtering establishments, or to the obtaining of a license for the slaughtering of such sheep or swine.

1 Section 20. An inspector who is satisfied, upon an examination of any neat cattle, sheep or swine, that they are free from contagious disease, shall deliver to the owner or to the person in charge thereof a written certificate of their condition, in such form as the director shall prescribe, signed by the inspector, and shall enter a copy of said certificate upon his records.

1919, 350, §§ 40, 44.

Section 21. An inspector who, upon an examination of a domestic animal, suspects, or has reason to believe, that it is affected with a contagious disease shall immediately cause it to be quarantined or isolated upon the premises of the owner or of the person in whose charge it is found, or in such other place as he may designate, and shall take such other sanitary measures to prevent the spread of such disease as may be necessary or as shall be prescribed by any order or regulation of the director. He shall also deliver to the owner or person in charge of such animal or to any person having an interest therein, a written notice or order of quarantine signed by him, in such form as the director shall prescribe, and shall enter a copy of said notice upon his records.

1 Section 22. Such notice or order may be served by an inspector or officer qualified to serve civil process, by delivery in hand to, or leaving at the last and usual place of abode of, the owner or person having an interest in or in charge of the animal concerned, or by posting upon the premises where said animal is quarantined or isolated. A copy thereof, with the return of said officer or inspector thereon that such service has been made, shall be competent evidence in any court that such quarantine has been imposed. If an animal has been so quarantined, it shall remain in quarantine until the further order of the director.

1 Section 23. Inspectors shall, in addition to their inspections of animals for contagious diseases, examine the places in which neat cattle are kept, with reference to their situation, cleanliness, light, ventilation and examination of barns, etc. 1899, 408, § 29.

water supply, and the general condition and cleanliness of the said neat cattle, and shall make a detailed report, with names and residences of owners, to the director.

Section 24. An inspector who has caused a domestic animal to be quarantined, as provided in section twenty-one, shall immediately give a written notice thereof, with a copy of the order of quarantine, to the director, and shall give such information to no other person.

Section 25. Each inspector shall keep a record of all inspections made by him and of his doings therein, and shall make regular returns thereof to the division, but such returns need not be retained for more than two years, and may then be destroyed or disposed of by their lawful custodian, and any proceeds received in the course of their disposal shall be paid to the commonwealth. The director shall prescribe the form in which and the times at which such records and returns shall be made, and may at any time inspect them and make copies thereof.

Section 26. The provisions of this chapter relative to the duties of inspectors shall apply to persons officially performing the functions of inspectors in Boston.

Section 26A. Whoever ships, drives or transports into the commonwealth cattle to be used for dairy purposes, unless they have been inspected and passed as healthy by a veterinary inspector of the United States Bureau of Animal Industry or a veterinarian of the state of origin authorized by the state and approved by said bureau, shall be punished by a fine of not more than two hundred dollars.

Section 27. Animals brought into this commonwealth from places which in the opinion of the director are infected, may be seized and quarantined by the director at the expense of their owners or consignees, so long as the public safety requires; and, if in his opinion safety so requires, he may cause such animals to be killed without appraisal or payment.

Section 28. The board of health of a town, any member or agent thereof or any other person who has knowledge of or reason to suspect the existence of any contagious disease among any domestic animals in the commonwealth, or that any domestic animal is affected with a contagious disease, whether such knowledge is obtained by personal examination or otherwise, shall immediately give written notice thereof to the director, or to an inspector for the town where the animal is kept. Whoever fails to give such notice shall be punished by a fine of not more than one hundred dollars. Upon the receipt of such notice by said inspector, he shall proceed as provided in sections twenty-one, twenty-two, twenty-four and twenty-nine. Upon receipt of such notice by the director he shall inspect or cause his agent to inspect such animal, and thereby shall proceed as provided in section eleven or fourteen, as the case may be.

Section 29. If animals have been quarantined, collected or isolated upon the premises of the owner or of the person in possession of them at the time such quarantine is imposed, the expense thereof shall be paid by
4 such owner or person; but if specific animals have been quarantined or
5 isolated under section eight or twenty-one for more than ten days upon
6 such premises, as suspected of being affected with a contagious disease,
7 and the owner is forbidden to sell any of the product thereof for food, or
8 if animals have been quarantined, collected or isolated on any premises
9 other than those of such owner or person in possession thereof, the ex-
10 pense of such quarantine shall be paid by the commonwealth.

1 Section 30. An animal which has been quarantined or isolated by
2 order of the director or of his agent, or of an inspector, shall, during the
3 continuance of such quarantine or isolation, be deemed to be affected with
4 a contagious disease. Whenever an animal has been released from quar-
5 antine by order of the director the same animal shall not again be quar-
6 antined or isolated by an inspector during the period of thirty days
7 immediately following such release except upon order of the director.
8 Whoever knowingly breaks or authorizes or causes to be broken a quar-
9 antine so imposed, or whoever, contrary to such order of quarantine or
10 isolation, knowingly removes an animal or authorizes or causes it to be
11 removed from a building, place or enclosure where it is quarantined or
12 isolated, or whoever, contrary to an order or notice of quarantine, know-
13 ingly places or causes or authorizes to be placed any other animals within
14 a building, place or enclosure where an animal is quarantined, or in
15 contact therewith, or whoever knowingly conceals, sells, removes or trans-
16 ports, or knowingly causes or authorizes to be concealed, sold, removed
17 or transported, an animal, knowing or having reasonable cause to be-
18 lieve that it is affected with a contagious disease, or whoever knowingly
19 authorizes or permits such animal to go at large upon any public way
20 within the commonwealth, or whoever knowingly brings or authorizes
21 or permits to be brought from another country, state, district or territory
22 into this commonwealth, an animal which is affected with or has been
23 exposed to a contagious disease, or whoever disobeys a lawful order or
24 regulation of the director or of any of his agents or of inspectors in the
25 performance of their duty under this chapter, shall be punished by a
26 fine of not more than five hundred dollars or by imprisonment for not
27 more than one year, or both.

1 Section 31. If an owner is entitled to compensation for the killing
2 of an animal or the destruction of other property under this chapter,
3 and cannot agree with the director as to its value, the director and the
4 owner may each select an arbitrator, and if the owner neglects or refuses
5 to select an arbitrator within twenty-four hours after notice that the
6 director has selected one, the arbitrator selected by the director may
7 select another. In each case if the two arbitrators cannot agree as to
8 the value, they may select a third. The arbitrators shall be sworn to
9 the faithful performance of their duties and shall determine the value
10 within the limits provided by sections eleven to fourteen, inclusive, and
11 the amount so fixed shall be paid to the owner.
12 If the owner's right to compensation is in dispute, if either party pre-
13 fers to submit the amount of damages to judicial determination, or if
14 the award of the arbitrators is unsatisfactory to either party, the owner
15 or the director may, within thirty days after the killing of such animal
16 or the destruction of such property, or, if arbitrators have been ap-
17 pointed, within thirty days after the date of their award, file a petition
18 for the assessment of damages in the superior court for Suffolk county

or for the county where the killing or destruction occurred. A copy of the petition shall be served upon the adverse party. If upon such petition it appears that the owner is entitled by law to compensation, the damages shall be assessed under chapter seventy-nine within the limits provided by sections eleven to fourteen, inclusive, of this chapter. The damages, costs and expenses incurred by the director in prosecuting or defending the petition shall be paid by the commonwealth.

Section 31A. Every person who, himself or by his servant or agent, ships from a place within the commonwealth or otherwise delivers any tuberculin to a person within the commonwealth shall forthwith file with the director a written statement containing the name and address of the person to whom the same was shipped or delivered and the quantity thereof. Every person receiving tuberculin for use in connection with domestic animals shall forthwith after such use file with the director a written statement containing the name and address of the person whose cattle have been tested with such tuberculin and of the person from whom the same was received, together with records of said test upon blanks furnished by the director. Whoever violates any provision of this section shall be punished for the first offence by a fine of not less than twenty-five nor more than one hundred dollars and for a subsequent offence by a fine of not less than fifty nor more than five hundred dollars. This section shall not apply to common carriers, their servants or agents.

Section 32. Tuberculin as a diagnostic agent for the detection of tuberculosis in domestic animals shall be used only upon cattle brought into the commonwealth and upon cattle in quarantine stations at Brighton, Watertown and Somerville; but it may be used as such diagnostic agent on any animal in any other part of the commonwealth, with the written consent of the owner or person in possession thereof, and upon animals which have been reported as tuberculous upon physical examination by a competent veterinary surgeon, and also as provided in section thirty-three B. Such tests by the use of tuberculin shall be made without charge to citizens of the commonwealth, and in all other cases the expense of such tests shall be paid by the owner of such animals or by the person in possession thereof.

Section 33. Except as otherwise provided, a person who has animals tested with tuberculin shall not be entitled to compensation from the commonwealth for any animals which react to the tuberculin test unless they have been tested by the director or qualified veterinarians acting under his authorization and have been owned and kept by the owner applying for the test on the premises where tested for a period of not less than sixty days next prior to the date of said test or have been admitted to the herd on a test approved by the director. The director may prescribe rules and regulations for the inspection of cattle by the application of the tuberculin test and for the segregation or slaughter of reacting animals; but no inspection by the application of such test shall be made unless an agreement has previously been entered into for such inspection and application with the owner of the animals, except as provided in section thirty-three B. If, in the opinion of the director, any of the animals react to the test and are slaughtered in consequence thereof, the owner shall be reimbursed by the commonwealth in the
Section 33A. Any bovine animal which reacts to a tuberculin test shall immediately be tagged for identification by the veterinarian, who has applied such test, by inserting into the external ear of the reacting animal a special metal tag provided by the director. Any person who removes any such tag attached as above provided, or who in any way disposes of any animal which has reacted to a tuberculin test except for the purpose of immediate slaughter, or who neglects or refuses to have slaughtered a reacting animal sold to him for that purpose, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than thirty days.

Section 33B. The director may, upon application to him by not less than seventy-five per cent of the cattle owners owning cattle permanently kept in any city or town in a county other than Barnstable, or upon like application by the owners of eighty-five per cent of such cattle, declare said city or town a quarantine area and may proceed to test by the tuberculin test or otherwise all bovine animals within said area. If the director finds and declares that said city or town is substantially free from bovine tuberculosis, he may proclaim it to constitute a modified accredited area and may prescribe rules and regulations, subject to the approval of the governor and council, prohibiting the shipment or transportation into the same of any bovine animal without a permit and health certificate issued by the director or some officer designated by the director for the purpose. Whoever violates the terms and conditions of any such quarantine or any such rule or regulation shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than one year, or both.

Section 34. No compensation shall be allowed by the commonwealth to an owner of condemned cattle who has failed to comply with the reasonable regulations of the director relative to cleanliness, ventilation, light, disinfection and water supply. An owner of cattle who refuses to comply with any such regulation shall be punished by a fine of not more than fifty dollars.
SECTION 35. Texan, Mexican, Cherokee, Indian or other cattle, which the director has reason to believe may spread contagious disease, shall not be driven on any public way or road, or outside the stockyards connected with any railroad in the commonwealth, contrary to an order of the director, and they shall be kept in different pens from those in which other cattle are kept in all stockyards in the commonwealth. Whoever violates any provision of this section shall be punished by a fine of not less than twenty nor more than one hundred dollars.

SECTION 36. Whoever kills an animal or causes it to be killed, with the consent of the owner or person in possession thereof, upon suspicion that it is affected with or has been exposed to a contagious disease, and who, upon the inspection of the carcass thereof, finds or is of opinion that it is affected with a contagious disease, shall forthwith notify such owner or person in possession thereof, and the director or an inspector for the town where such animal was kept, of the existence of such disease, and of the place where the animal was found, the name of the owner or person in possession thereof and of the disposal made of such carcass. Whoever violates any provision of this section shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than two months, or both.

1902, 116, § 3.

SECTION 37. The superior court shall have jurisdiction in equity to enforce this chapter and restrain violations thereof.

1899, 408, § 41. R. L. 90, § 34.

SECTION 38. The commissioner of conservation shall make an annual report of the acts of the director, including therein the information obtained from inspectors under section twenty-three.

SECTION 81. No person shall take more than ten bushels of scallops including shells in one day.

SECTION 82. The provisions of the two preceding sections in respect to the open and close season and in respect to the number of scallops that may be taken may be modified if, on petition of the aldermen or selectmen to the supervisor, the supervisor, after investigation, determines that, owing to unusual circumstances, such modification is expedient. The aldermen or selectmen, if so instructed by their cities or towns, may, except as provided in sections seventy-nine to eighty-three, inclusive, control, regulate or prohibit the taking of eels, soft-shelled clams, quahagos, razor fish, so-called, and scallops within the same; and may grant permits prescribing the times and methods of taking eels and such shellfish within such cities and towns and make such other regulations in regard to said fisheries as they deem expedient. But an inhabitant of the commonwealth, without such permit, may take eels, soft-shelled clams, quahagos, razor fish, and, from October first to the following April first, both dates inclusive, scallops, for his own family use from the waters of his own or any other city or town, not exceeding one half bushel of quahagos and of soft-shelled clams, including shells, in any one day, or one bushel of each, including shells, in any one week, and not exceeding one and one half bushels of scallops, including shells, in any one week, and may take from the waters of his own city or town any of such shellfish for bait, subject to the general rules of the aldermen and selectmen, respectively, as to the times and methods of taking such fish; provided, that no person shall take scallops exceeding in quantity one and one half bushels, including shells, in any one week from the waters of any city or town by dredging without first obtaining a written permit from the aldermen or selectmen of such city or town. 36 commonwealth.

1 Section 84A. No permit for the taking of shellfish for commercial
2 purposes shall be issued under the preceding section to an unnaturalized
3 foreign born person unless he has been a resident of the county, wherein
4 the city or town to the officials of which he applies for a permit is situ-

6 therefore, or has taken shellfish as an article of commerce for said period.
7 This section shall not prohibit any such person from taking for his own
8 family use the shellfish allowed for such use to all inhabitants of the
9 commonwealth under the preceding section.

1 Section 85. Upon written application, the aldermen or selectmen
2 may grant a written license subject to such rules and regulations as are
3 approved by the city council of a city, or by the voters of a town at a
4 town meeting, for the purpose of planting and cultivating quahags
5 upon and in the flats and creeks of their respective cities and towns
6 below mean low water mark and within the limits to be specified in the
7 license, for a term of not less than five nor more than ten years, to any
8 person who has resided in the commonwealth or has been a taxpayer
9 in the city or town for not less than one year preceding the date of his
10 application; and all such licenses may, with the written consent of the
11 aldermen or selectmen, be assigned by the licensee to any person who
12 has been a resident of the commonwealth or a taxpayer in the city or
13 town for not less than one year preceding the date of the assignment.

1 Section 86. The aldermen or selectmen may grant a licensee under
2 the preceding section an additional license for the purpose of bedding
3 quahags and of gathering the seed from the same between high and low
4 water mark for such period, not exceeding five years, and under such
5 conditions as they deem proper. The territory to be covered by the said
6 license shall not include more than one half acre.

1 Section 87. The licenses provided for in the two preceding sections
2 shall not be granted if their exercise would materially obstruct navigable
3 water. No license shall be granted under said sections, until after a
4 public hearing, due notice of which has been posted in three or more
5 public places, and published in a newspaper, if any, published in the city
6 or town where the premises are situated, at least ten days before the time
7 fixed for the hearing, stating the name and residence of the applicant,
8 the date of the filing of the application, and the location, area and de-
9 scription of the grounds applied for. Such a license shall describe by
10 metes and bounds the waters, flats and creeks to which the license is
11 applicable, and shall have no force until recorded with the clerk of the
12 city or town granting the same, and the licensee shall pay annually to
13 the city or town a fee of not less than one nor more than five dollars per
14 acre for the license, as the aldermen or selectmen determine. A record-
15 ing fee of fifty cents shall be paid to the city or town clerk for recording
FISHERIES.

Section 88. No person, except the licensee or his agents or assignees, shall dig or take quahaug seed within or remove the same from territory covered by such a license.

Section 89. If it appears to the aldermen or selectmen granting a license that the licensee or his assignee does not actually occupy and use in good faith for the purposes specified in sections eighty-five and eighty-six the territory covered by the license, they shall petition the superior court of the county where the territory is situated to appoint a commission of one or more persons to investigate and report to the court as to the use and occupancy of such territory; and the court shall appoint a commission of one or more persons who, after twelve days' notice to the petitioners and the respondent, shall hear the petitioners and respondent and shall transmit their findings to the court. If the court finds that the said territory is not used and occupied in good faith for the purpose stated in the license, the court may order that use of the territory shall revert to the city or town and that all stakes or buoys or other appliances marking the same shall be removed. The costs upon said petition shall be assessed as the court may direct.

Section 90. The licensee, his heirs or assigns shall for the purposes described in the license have the exclusive use of the territory described therein during the term of the license and may in tort recover treble damages of any person who, without his or their consent, digs or takes quahaug or other shellfish in the territory covered by the license or removes the same therefrom. Whoever so digs, takes or removes quahaug or other shellfish shall, in addition, be punished by a fine of twenty dollars.

CRABS.

Section 90A. No person, either as principal, agent or employee, shall at any time catch crabs in, or take them from, any waters within the jurisdiction of the commonwealth, or place, set, keep, maintain, supervise, lift, raise or draw in or from the said waters, or cause to be placed, set, kept, maintained, supervised, lifted, raised or drawn in or from the said waters any pot, trap or other contrivance designed for, or adapted to, the taking of crabs, unless licensed so to do as provided in the following section, nor unless he is a citizen of the commonwealth or is an alien residing in the commonwealth who, prior to June first, nine-
10  teen hundred and thirty, has filed his declaration of intention to become
11  a citizen of the United States; provided, that if any such alien shall not
12  become a citizen of the United States within the term of five years and
13  ninety days next subsequent to such filing he shall not thereafter be
14  entitled to receive or to act under a license issued under authority of the
15  following section. Nothing in this or the following section shall be con-
16  strued to prohibit or regulate the taking of crabs solely for bait purposes,
17  or the taking thereof by a person for his own family use.

1  Section 90B. The clerk of any town in Essex, Middlesex, Suffolk,
2  Norfolk, Plymouth, Barnstable, Bristol, Dukes or Nantucket county,
3  situated on the shores of the commonwealth, shall grant licenses in the
4  form prescribed and upon a blank furnished by the supervisor, to catch
5  or take crabs from the waters of the commonwealth within three miles
6  of the shores of the county where the town lies. Licenses hereunder shall
7  expire on December thirty-first next succeeding the granting of the same
8  unless sooner made void as provided in the following section. The
9  town clerk granting a license shall collect therefor a fee of five dollars,
10  which, less fifteen cents to be retained by him, shall be forwarded to the
11  supervisor on the first Monday of the following month, together with
12  coupons to be provided by the supervisor for a description of the licensee
13  and his buoys, and for such other information as may be required. All
14  books of forms furnished to town clerks under this section shall be re-
15  turned to the supervisor on January first of each year. Each applicant
16  for a license shall state the color scheme or other special markings of the
17  buoys to be used by him which shall be set forth in his license, and all
18  buoys used by him shall be marked accordingly and also with the li-
19  censee's initials or name which shall be branded or cut into the surface
20  of the buoy. A licensee under this section shall at all times, while acting
21  in pursuance of the license, exhibit his license upon demand of any officer
22  qualified to serve criminal process.

1  Section 90C. If a licensee under the preceding section is convicted
2  a second or subsequent time within a period of three years of violation
3  of the same or any other provision of the fish and game laws he shall
4  immediately surrender his license to the officer who secured the second
5  or subsequent conviction, and the license shall be void, and the licensee
6  shall not receive another such license until after the expiration of one
7  year from the date of the second or subsequent conviction.

1  Section 90D. Violation of any provision of section ninety A or
2  ninety B shall be punished by a fine of not less than ten dollars.

1  Section 91. Whoever at any time takes or has in possession with
2  intent to sell, or sells, any female lobster bearing eggs shall be punished
3  by a fine of not less than ten nor more than one hundred dollars or by
4  imprisonment for not less than one nor more than three months; but a
5  person who takes any such lobster and immediately returns it alive to
6  the waters from which it was taken shall not be subject to such penalty.
7 This section shall not apply to lobsters spawning in lobster cars if they
8  are immediately returned alive to the waters from which they were
9  taken nor to the taking, possession or sale of lobsters as provided in the

following section. Exposure for sale or possession otherwise than as herein provided shall be prima facie evidence of an intent to sell. Aldermen, selectmen, police officers and constables shall enforce this section in their respective cities and towns.

Section 92. The supervisor, with the approval of the director, shall, except as provided in the following section, purchase to the extent of the money provided therefor, and at a rate not above the wholesale market price of other lobsters, lobsters with eggs attached taken along the shores of the commonwealth. Whoever takes or handles any such lobsters with eggs attached which are not marked as provided in the following section may safely store the same in lobster cars or sections of cars used for such purpose only, and shall keep them separate from other lobsters until such time as the supervisor or his agents gather and pay for the same. The supervisor or his agents shall liberate said lobsters in the vicinity of their place of purchase. The commissioner of conservation in his annual budget estimates, filed pursuant to section three of chapter twenty-nine, shall include a statement of appropriation or appropriations recommended by him for the purpose of carrying out the provisions of this section.

Section 95. No person shall sell, give away, ship or buy lobster meat after the same has been taken from the shell, except as provided in section ninety-eight. Whoever violates this section shall be punished by a fine of not more than twenty-five dollars.

Section 96. No common carrier shall carry from one place to another any lobster meat unless the same has been legally taken from the shell; and whoever knowingly violates this section shall be punished by a fine of not more than fifty dollars.

Section 97. Any lobster meat unlawfully sold, given away, shipped, bought or transported shall be liable to seizure and may be confiscated.

Sections 94 and 95 not to affect sale of certain lobsters, etc. Penalty. 1915, 643, § 5. 1919, 350, § 43. 1928, 141. 1929, 372, § 17.

Section 98. Sections ninety-four and ninety-five shall not prohibit the sale of lobsters legally canned, or of lobsters sold for food by licensed victuallers, or of lobsters removed from the shell on the premises where they are eaten. Said sections shall not prohibit the sale of lobster meat by wholesale or retail dealers in lobsters; provided, that the meat is
6 removed from the shell at their regular place of business where lobsters
7 are bought and sold, and that said dealers have a written permit for such
8 sale from the supervisor, and that the lobster meat is so removed and
9 sold under such conditions and regulations as he prescribes; and pro-
10 vided, that the premises where the meat is so removed or sold are at all
11 times open to the inspection of the director, supervisor, wardens and
12 deputies. Such a permit may be granted for the period of one year upon
13 written application to the supervisor and the payment of a fee of ten
14 dollars, and may be revoked by him for the violation by the holder thereof
15 of any provision of the fish and game laws.

1 Section 99. Whoever sells or offers for sale or has in possession an
2 uncooked lobster less than nine inches in length, or a cooked lobster less
3 than eight and three quarters inches in length, measuring from the end
4 of the bone protruding from the head to the end of the bone of the middle
5 flipper of the tail of the lobster, extended on its back its natural length,
6 shall be punished by a fine of not less than two nor more than five dollars
7 for every such lobster, one half to the use of the town where the offence
8 is committed and one half to the commonwealth; and in all prosecutions
9 under this section any mutilation of a lobster, cooked or uncooked, which
10 affects its measurement shall be prima facie evidence that the lobster is
11 less than the required length and the possession of any lobster, cooked
12 or uncooked, not of the required length shall be prima facie evidence of
13 violation of this section. This section shall not apply to common carriers
14 having lobsters in possession for the purpose of transportation.

1 Section 100. Whoever, before a lobster is cooked, mutilates it by
2 severing the tail from the body, or has such tail in possession, shall be
3 punished by a fine of five dollars; and in all prosecutions under this
4 section the possession, by any person, of the tail of any uncooked lobster
5 so severed from the body shall be prima facie evidence of violation of
6 this section.

1 Section 101. The commissioner of public safety, upon written re-
2 quest of the commissioner, may detail one or more of the state police to
3 enforce section ninety-nine.

1 Section 102. To enforce section ninety-nine, the supervisor, a
2 warden, deputy, or member of the state police may search in suspected
3 places for, seize and remove lobsters unlawfully taken, held or offered
4 for sale.

1 Section 103. No person either as principal, agent or employee shall
2 at any time catch lobsters in, or take them from any waters within the
3 jurisdiction of the commonwealth, or place, set, keep, maintain, supervise,
4 lift, raise, or draw in or from the said waters, or cause to be placed, set,
5 kept, maintained, supervised, lifted, raised or drawn in or from the said
6 waters any pot, trap, or other contrivance designed for, or adapted to
7 the taking of lobsters, unless licensed so to do as provided in the fol-
8 lowing section.
SECTION 104. The clerk of any town in Essex, Middlesex, Suffolk, Norfolk, Plymouth, Barnstable, Bristol, Dukes or Nantucket county, situated on the shores of the commonwealth, shall grant licenses in the form prescribed and upon a blank furnished by the supervisor, to catch or take lobsters from the waters of the commonwealth within three miles of the shores of the county where the town lies. Except as hereinafter provided, such licenses shall be granted only to individuals who are citizens of the commonwealth and who have resided therein for at least one year next preceding the date of the same. The clerk of any such town may grant such a license to any individual who is an alien and who resides in the county where the town lies; provided, that such alien has resided in said county, and has been actually engaged in lobster fishing in the waters of any of the aforesaid counties, for five years next preceding December first, nineteen hundred and twenty. A non-resident citizen of the United States temporarily residing in any town granting such licenses may, during June, July, August and September in each year, upon payment of the fee required by this section procure a license to take lobsters for consumption by the licensee and his family only. Licenses, except those granted to non-residents, shall expire on December thirty-first next succeeding the granting of the same unless sooner revoked as provided in the following section. The town clerk granting a license shall collect therefor a fee of five dollars, which, less fifteen cents to be retained by him, shall be forwarded to the supervisor on the first Monday of the following month, together with coupons provided by the supervisor for a description of the licensee and his buoys, and for such other information as may be required. All books of forms furnished to town clerks under this section shall be returned to the supervisor on January first of each year. Each applicant for a license shall state the color scheme or other special markings of the buoys to be used by him which shall be set forth in his license, and all buoys used by him shall be marked accordingly and also with the licensee’s initials or name which shall be branded or cut into the surface of the buoy. A licensee under this section shall at all times, while acting in pursuance of the license, exhibit his license upon the demand of any officer qualified to serve criminal process.

SECTION 105. If a licensee under the preceding section is convicted a second or subsequent time within a period of three years of violation of the same or a different provision of the fish and game laws he shall immediately surrender his license to the officer who secured the second conviction, and the license shall be void, and the licensee shall not receive another such license until after the expiration of one year from the date of the second conviction; provided, that a conviction of having short lobsters in possession shall not be counted as a conviction under this section unless more than two per cent in count of the lobsters in possession by the licensee were short lobsters.

SECTION 106. A licensee under section one hundred and four shall, before receiving a new license, file on or before October twentieth of that year, a report of his catch with the supervisor as provided in section one hundred and forty-eight. Any person refusing, or knowingly or wilfully neglecting, to make the said report shall not receive a new license until the report is made. The commissioner of conservation shall state in his
7 annual report the number of licenses granted under section one hundred
8 and four.

1 Section 107. No person shall tend, lift, raise or draw a lobster pot
2 or trap or take lobsters from such pots or traps except during the period
3 from one half hour before sunrise until one half hour after sunset except
4 that traps may be taken up by the owner at any time when they are
5 endangered by storms.

1 Section 108. Violation of any provision of sections one hundred and
2 three to one hundred and seven, inclusive, shall be punished by a fine of
3 not less than ten dollars.

1 Section 109. The supervisor may occupy and use any small estu-
2 aries or creeks within the commonwealth, not exceeding six, for the
3 scientific investigation of the habits, propagation and distribution of
4 lobsters, if such occupation and use does not impair the private rights
5 of any person or materially obstruct any navigable waters. Notice of
6 such occupation shall be conspicuously posted and maintained by the
7 supervisor at the nearest points to said estuaries and creeks, and
8 shall be recorded in the registry of deeds in the county where they are
9 situated.
10 Whoever, after the posting and recording of such notice, takes any
11 lobster from any estuary or creek so occupied as aforesaid shall be
12 punished as provided in section ninety-one.

1 Section 110. All barrels, boxes or other packages in transit con-
2 taining lobsters shall be marked with the word "LOBSTERS" in capital
3 letters at least one inch in length, together with the full name of the
4 shipper. Said marking shall be placed in a plain and legible manner on
5 the outside of such barrels, boxes or other packages, and in case of seizure
6 by any duly authorized officer of any barrels, boxes or other packages in
7 transit, containing lobsters, which are not so marked, or in case of seizure
8 by any such officer of barrels, boxes or other packages in transit con-
9 taining lobsters less than the prescribed length, such lobsters as are
10 alive and less than the prescribed length shall be liberated, and all such
11 lobsters as are of the prescribed length found in such barrels, boxes or
12 packages shall be held and disposed of as provided in section one hundred
13 and thirteen.

1 Section 111. Whoever ships lobsters without having the barrels, Penalties.
2 boxes or other packages in which the same are contained marked as pre-
3 scribed in the preceding section shall for a first offence be punished by a
4 fine of not more than twenty-five dollars, and for a subsequent offence
5 by a fine of not more than fifty dollars; and any common carrier who
6 knowingly carries from place to place lobsters in barrels, boxes or other
7 packages not so marked shall be punished by a fine of not more than
8 fifty dollars, and lobsters shipped in violation of this or the preceding
9 section shall be forfeited to the commonwealth.

1 Section 112. In order to enforce the two preceding sections, the Enforcement
2 supervisor, a warden, deputy, or state police officer may, without a
3 and 111.
warrant, search any boat, car, box, locker, crate or package and any building where he has reason to believe any lobsters are being transported or held for transportation in violation of law, and may seize and hold any lobsters illegally transported; provided, that this section shall not authorize the entering of a dwelling house, and shall not apply to lobsters passing through this commonwealth under authority of the laws of the United States.

Section 113. When any lobsters are seized by virtue of the three preceding sections, the officer making the seizure shall immediately notify the shipper thereof, if known, and shall forthwith proceed to enforce, in accordance with chapter two hundred and fifty-seven, the forfeiture of such lobsters, so seized, as he is not required to liberate. He shall cause the appraisal required by section thirteen of said chapter to be made within twenty-four hours after the time of such seizure, and after said appraisal may sell the said lobsters at such time or in such manner as he deems proper. He shall pay the proceeds thereof into the court before which the libel for forfeiture is pending, and the court may decree a forfeiture of said proceeds, or payment thereof to a claimant, or any other appropriate disposition thereof.

Fishing for lobsters, tautog, etc., in certain waters.

Section 114. No person living without this commonwealth shall take any lobsters, tautog, bass or other fish within the harbors, streams, or waters of Fairhaven, New Bedford, Dartmouth or Westport for the purpose of carrying them thence in vessels or smacks of any size whatever owned without this commonwealth, nor in any of more than fifteen tons burden owned within this commonwealth, under a penalty of ten dollars for each offence and a forfeiture of all fish and lobsters so taken.

Section 115. For the purposes of the preceding section, the waters and shores of the places therein mentioned shall be deemed to extend from the line of the state of Rhode Island to the line of Plymouth county, and to include all the waters, islands and rocks lying within one mile of the main land.

Section 116. If, within the harbors, streams, or waters of any town on the sea coast which accepts this section or has accepted corresponding provisions of earlier laws, a person who lives without the commonwealth takes, for the purpose of carrying thence, any lobsters, tautog, bass, bluefish or scuppaug, or if a person who lives in this commonwealth takes and carries away from such place any such fish or lobsters in vessels or smacks of more than fifteen tons burden, he shall forfeit not more than twenty dollars, and all the fish and lobsters so taken.

Section 117. No person shall take lobsters within the waters and shores of Provincetown for the purpose of carrying them from said waters in a vessel or smack of more than fifteen tons burden, or for the purpose of putting them on board of such vessel or smack to be transported to any place, unless a permit is first obtained therefor from the selectmen of said town, who may grant the same for such amount, to be paid to the use of the town, as they deem proper. Whoever violates this section shall forfeit ten dollars; and a further amount of ten dollars...
9 for every hundred lobsters over the first hundred taken or found on board
10 of any such vessel or smack, and in that proportion for any smaller
11 number. For the purposes of this section, the waters and shores of
12 Provincetown shall be deemed to be as follows: beginning at Race
13 Point, one half mile from the shore, and thence running by said shore to
14 the end of Long Point which forms the harbor of Provincetown, and
15 from the end of Long Point one half mile and including the harbor
16 within the town of Provincetown.

OYSTERS.

1 Section 118. Whoever takes oysters from their beds, or destroys
2 them or wilfully obstructs their growth therein, except as is provided in
3 the following sections, shall forfeit two dollars for every bushel of oysters,
4 including the shells, so taken or destroyed.
5

1 Section 119. The aldermen of a city or selectmen of a town where
2 there are oyster beds may grant a written permit to any person to take
3 oysters from their beds at such times, in such quantities and for such
4 uses as they shall express in their permit; but every inhabitant of such
5 city or town, except Yarmouth, may, without such permit, take oysters
6 from the beds therein for the use of his family, from September first to
7 June first, not exceeding in any week two bushels, including the shells.

9 7 Met. 458. 221 Mass. 323.

1 Section 120. The aldermen of any city, or the selectmen of any
2 town, in Barnstable, Bristol, Dukes or Nantucket county, may, after a
3 public hearing, grant to any inhabitant of such city or town, or to a
4 firm composed of inhabitants thereof, or to a domestic corporation, a
5 license for a period of fifteen years to plant, grow and dig oysters, or to
6 plant shells for the purpose of catching oyster seed upon and in any
7 territory below mean low water mark, within the limits of the city or
8 town, and within the limits specified in the license, on such terms and
9 conditions as they deem proper, not, however, so as materially to ob-
10 struct navigable waters. Such license, when granted, may be trans-
11 ferred to any person to whom it might originally have been granted,
12 subject to the approval of the authorities granting it. Any such license
13 may, within two years before the expiration of the same, be renewed for
14 a further term of fifteen years, after a public hearing. All territory for
15 which a license is granted shall be designated by suitable bounds, con-
16 sisting of stakes or buoys, one at each of the several corners of every
17 grant, so that the boundaries thereof may be evident at high and low
18 tide; and the said bounds shall be maintained by the licensee under
19 penalty of forfeiture of the license. The aldermen and selectmen shall
20 keep at their offices records open to public inspection of each license,
21 describing by metes and bounds the waters, flats and creeks so licensed,
22 and a map or chart of all such licensed property.

1 Section 121. Every licensee shall be required to submit on oath
2 to the aldermen, or selectmen, or to a duly authorized inspector appointed
3 by them, an annual report of the total number of bushels of oysters
4 planted or produced upon the territory covered by the license, and an
5 estimate of the total number of bushels of oysters at that time planted

or growing upon said territory, and if the total amount falls below fifty bushels per acre, on any grant less than six acres, or if said inspector, after due examination, finds that the quantity of oysters planted or growing is less than fifty bushels per acre on any grant less than six acres, or less than five hundred bushels on any grant over six acres, for three consecutive years, then the license may be declared forfeited and the grant shall revert to the place where situated.

Section 122. Any inhabitant, firm or corporation, qualified as provided in section one hundred and twenty and desiring to obtain a license thereunder, shall present to the aldermen or selectmen a written application setting forth the name and address of the applicant, a reasonably definite description of the desired territory, and shall petition that the applicant be registered, that the territory be surveyed, that a plan or map be made, and that such license be granted to the applicant. When such license is granted, the authorities granting it shall, after the survey is made, locate the corners for the licensee without charge, but the relocation of corners shall be at his expense.

Section 123. Every such licensee shall pay an annual fee per acre, the amount of which shall be fixed for the term of five years according to a just and equitable valuation by the authorities granting such license or by their duly appointed agents, under penalty of forfeiture of the license if the rental is not paid within six months after it becomes due. The money received from the annual fees may be expended, so far as may be necessary, for the protection and surveying of the grants, and the remainder shall be paid to the city or town.

Section 124. Every such licensee shall have the number of his license painted in letters at least two inches in height in a conspicuous place on his buoys, or on flags attached to stakes.

Section 125. No licensee or other person shall dig, take or carry away any oysters or shells from any waters, flats or creeks, between one hour after sunset and one hour before sunrise, by any method whatever.

Section 126. Whoever wilfully injures, defaces, destroys or removes any mark or bound used to define the extent of any such license or grant, or places any unauthorized mark thereon, or ties or fastens any boat or vessel thereto, shall be punished by a fine of not less than three nor more than twenty dollars and shall be liable in tort for double damages and costs to the licensee injured by such act.

Section 127. Whoever works a dredge, oyster tongs or rakes, or any other implement for the taking of oysters upon any territory officially designated as licensed, or in any way disturbs the growth of planted oysters, without the consent of the licensee during the continuance of such license, or discharges any substance which may directly or indirectly injure the planted oysters, shall for the first offense be punished by a fine of not less than five nor more than one hundred dollars, and for a subsequent offense by a fine of not less than one hundred nor more than two hundred dollars or by imprisonment for not more than six months, or both.
1 Section 128. Whoever wilfully breaks up, damages or injures any bed of oysters, or any tract of land leased from the commonwealth or licensed by any town for an oyster bed, by depositing thereon earth, stones or dredging, or scoopings, shall be punished by a fine of not less than twenty-five nor more than five hundred dollars.

1 Section 129. The supervisor, a warden, deputy, police officer or constable witnessing the commission of any act prohibited by the nine preceding sections shall, without a warrant, arrest the offender and detain him until an application for a warrant may be made.

1 Section 130. To protect the purity of oysters, no territory in polluted water shall be granted for the growing of oysters for market. The licensing authorities and inspectors appointed under section one hundred and twenty-one may make examinations necessary to ascertain the sanitary condition of the waters over and adjacent to the oyster producing area, and may give written certificates of the sanitary condition thereof.

1 Section 131. In cities and towns in counties not mentioned in section one hundred and twenty, the aldermen or selectmen may grant a written license for a term not exceeding fifteen years to any inhabitant thereof to plant, grow and dig oysters at all times of the year, or to plant oyster shells for the purpose of catching oyster seed, upon and in any waters, flats and creeks therein, at any place where there is no natural oyster bed; not, however, impairing the private rights of any person, nor materially obstructing any navigable waters. Such license shall describe by metes and bounds the waters, flats and creeks so appropriated and shall be recorded by the city or town clerk before it shall have any force, and the licensee shall pay to the aldermen or selectmen, to the use of the city or town, two dollars, and to the clerk fifty cents. The shore line of such licensed premises shall be the line of mean low water for the planting and growing of oysters, and the line of high water for the planting of oyster shells, but this section shall not authorize the placing of such shells upon the land of a riparian owner between high and low water mark without his written consent. Such license shall not be granted until after a public hearing, due notice of which shall have been posted in three or more public places in the city or town where the premises are situated at least seven days before the time fixed for such hearing, and shall be granted, assigned or transferred only to inhabitants of the city or town where the licensed premises are situated, and shall not be assigned or transferred without the written consent of the aldermen or selectmen. The licensee, his heirs and assigns shall, for the purposes aforesaid, have the exclusive use of the waters, flats and creeks described in the license during the time therein specified; and may, in tort, recover treble damages of any person who, without his or their consent, digs or takes oysters or oyster shells from such waters, flats or creeks during the continuance of the license. But the aldermen of a city or selectmen of a town may at any time give a written permit to any person to take such shellfish from their beds therein, at such times, in such quantities and for such uses as they shall express in their permit; but every inhabitant of each of said places may, without such permit, take such other shellfish from the beds therein for the use of his family.

Section 136. Sections one hundred and eighteen, one hundred and nineteen and one hundred and thirty-five shall not deprive native Indians of the privilege of digging shellfish for their own consumption, or prevent a fisherman, an inhabitant of the commonwealth, from taking shellfish which he may need for bait, not exceeding at any one time seven bushels, including the shells.

The provisions of this section shall be enforced, under the direction of the supervisor, by fish and game wardens and deputy fish and game wardens of the division of fisheries and game of the department of conservation assigned to enforce the shellfish laws and by all other officers authorized to make arrests. The superior court shall have jurisdiction in equity to enforce the provisions of this section and section one hundred and thirty-nine and of the rules and regulations of the department of public health made under said section one hundred and thirty-nine, and to restrain the violation thereof. In any prosecution for a violation of the provision of this section prohibiting the digging or taking, without the written approval of the supervisor, of shellfish from areas determined to be contaminated, possession, except by a common carrier, of shellfish apparently so dug or taken shall be prima facie evidence of a violation of such provision.

Section 139. Subject to such rules and regulations as it may promulgate, the department shall issue certificates relative to the condition of the tidal waters and flats and shellfish taken therefrom, in respect to contamination, and, upon the request of and the payment of a fee of ten dollars by a person who buys shellfish or maintains an establishment for packing shellfish and desires to ship the same outside the commonwealth, and, upon the request of and the payment of a fee of two dollars by a person who digs or takes shellfish and desires to ship the same outside the commonwealth, the department may annually issue certificates relative to the condition of the establishment or equipment of such person. after a hearing by the said commissioner or some person design-

or regulation or any provision of this or the preceding section, or upon
a change in the facts and conditions set forth in such certificate. Pend-

selectmen of a town, the supervisor may appoint from a list of names to
be submitted to him by said city council or selectmen one or more
deputy fish and game wardens who shall supervise the digging, taking
and purification of shellfish provided for by section one hundred and
forty-two A and enforce all laws, rules and regulations relative to shell-
fish, and for such purpose they shall have all the powers of deputy fish
and game wardens appointed under section seven of chapter twenty-

without compensation from the commonwealth, but may be paid by the
city or town for which they are appointed such compensation as shall
be determined by it.

8 powers of the state where such grounds are situated states that such
9 grounds are free from contamination and also a paper approved as
10 aforesaid in which such state board or department of health or other
11 board or officer having like powers states that the establishment and
12 equipment of the person shipping the same into the commonwealth are
13 in good, sanitary condition; provided, that the foregoing provisions
14 relative to transportation shall not apply to common carriers, their
15 servants or agents. No such paper shall be approved by the depart-

LICENSES.

SECTION 5. Except as provided in section ninety-one, ninety-two, ninety-six, ninety-nine or one hundred and eight, no person shall hunt any bird or mammal, and no person, unless he is under fifteen years of age, shall fish, except as hereinafter provided, in any of the inland waters of the commonwealth, and no person shall use, set, tend or maintain any trap, or take or attempt to take any mammal by means thereof, without first having obtained a sporting or a trapping license, as the case may be, authorizing him so to do, as provided in the three following sections; provided, that nothing in sections five to twelve, inclusive, shall be construed as affecting in any way the general laws relating to trespass, or as authorizing the hunting, or the possession of, birds or mammals, contrary to law, or the taking of fish, or the possession thereof, contrary to law. But said last mentioned sections shall not prohibit any person who is a legal resident of the commonwealth or any member of his immediate family, residing on land owned or leased by him, from hunting or trapping on such land or from fishing in any inland waters bordering by such land; provided, that he is or they are actually domiciled therein, and that the land is used exclusively for agricultural purposes, and not for club, shooting or fishing purposes; and provided, further, that the burden of proof shall rest upon the person claiming such exemptions to show that he is entitled thereto.

SECTION 6. Upon the application of any person entitled to receive a sporting or a trapping license and upon payment of the fee hereinafter specified therefor and the furnishing of an affidavit by any non-resident desiring to be classified under clause (2) of section eight, the director or the clerk of any town shall issue to such person a sporting license or a trapping license, as the case may be, in the form prescribed upon a blank furnished by the division. A sporting license shall authorize the licensee to hunt birds and mammals and to fish, subject to existing laws; provided, that a sporting license to fish only issued to a minor between the age of fifteen and eighteen shall authorize the licensee to fish only. A trapping license shall authorize the licensee to trap mammals, subject to existing laws. Each license issued hereunder shall bear, in addition to any other data, the name, place of residence, citizenship, birthplace, signature and identifying description, and, in the case of a male person, the age, of the licensee, a statement that the holder has not been convicted of a violation of this chapter or any provision thereof, or of any corresponding provision of earlier laws, within one year of the date of the license, and each applicant shall furnish such information to the director or the town clerk issuing such license. Each license shall be valid for use to and including the following December thirty-first. No person holding a sporting or trapping license shall transfer or loan such license, and every holder thereof shall, while fishing, hunting or trapping, carry upon his person his license and shall produce it for examination upon the demand of any warden, deputy warden or other officer.
25 qualified to serve criminal process, or upon the demand of an owner or
26 lessee of land upon which the licensee is fishing, hunting or trapping,
27 or upon the demand of the agents of such owner or lessee. Whoever,
28 upon such demand, fails or refuses to produce a license or whoever for
29 the purpose of procuring a license falsely makes any representation or
30 statement required by this section, shall be punished by a fine of not
31 less than ten nor more than fifty dollars, or by imprisonment for not
32 more than one month, or both.

1 Section 7. Except as herein provided, any citizen of the United
2 States and any unnaturalized foreign born person resident in this com-
3 monwealth for at least ten consecutive days and owning real estate in
4 the commonwealth assessed for taxation at not less than five hundred
5 dollars may be granted a sporting license and/or a trapping license. No
6 sporting license or trapping license shall be granted to a minor under
7 the age of fifteen, nor, as a matter of right, shall a sporting license or a
8 trapping license be granted to a minor between the ages of fifteen and
9 eighteen, but the director or any town clerk may issue a sporting license
10 to any minor between the ages of fifteen and eighteen, if such minor has
11 been a resident in this commonwealth for at least six months and is a
12 citizen of the United States, and a trapping license to any minor between
13 the ages of fifteen and eighteen, if such minor has been a resident in this
14 commonwealth for at least six months. Every application for a license
15 hereunder from a minor under the age of eighteen shall be in writing and
16 shall be accompanied by the written consent thereto of the parent or
17 guardian, which shall be preserved by the town clerk or by the director,
18 as the case may be.

13 resided requires a resident of this commonwealth to pay a larger fee,
14 for a similar privilege in such state, the fee for such a non-resident shall
15 be equal to that charged by such state. If such non-resident comes
16 within one of the four following classes and resides or last resided in a
17 state extending like privileges to citizens of this commonwealth, the fee
18 shall be three dollars and twenty-five cents for a sporting license and five
19 dollars and twenty-five cents for a trapping license: Class A. Owner
20 of real estate in the commonwealth assessed for taxation at not less
21 than fifty dollars. Class B. Member of any club or association

Class C. Class D. A citizen of the United States, not a resident of this commonwealth for at least six months, who desires to fish only.

(3) An unnaturalized foreign born person, resident in this commonwealth for at least ten consecutive days, provided that he is the owner of real estate in the commonwealth assessed for taxation at not less than five hundred dollars, for which the fee shall be fifteen dollars and twenty-five cents.

The fee for a trapping license, or a sporting license to fish only, issued to a minor between the ages of fifteen and eighteen, if he is a resident of this commonwealth for at least six months, shall be one dollar and forty-five cents.

No person shall be granted a sporting or trapping license unless he files with the town clerk or the director a written report upon blanks furnished by the director stating the number of birds or mammals, if any, taken by him in the preceding calendar year. The town clerk shall on the first Monday of each month forward such reports to the director.

Section 9. Any town clerk issuing any license under authority of this chapter may, except as otherwise provided by law, retain for his own use twenty-five cents from the fee for each such license.

Section 10. Whoever loses or by mistake or accident destroys his license may, upon application to the director or to the clerk of the town wherein it was issued, and upon payment of a fee of fifty cents, receive a duplicate license; provided, that such application is accompanied by an affidavit setting forth the circumstances of said loss and also, in case application is made to the director, by a statement from the person who issued the original license or his successor in office, which statement shall contain the number and form of the license, the date of its issue and a personal description of the licensee.

Section 11. The director and the clerk of every town shall make a record, in books kept therefore, of all licenses issued by them, and shall
3 date each license as of the date of issue; and no other date shall be placed on such license. Such books shall be supplied by the division, and shall be the property of the commonwealth, shall be open to public inspection during the usual office hours of the town clerk or the director, as the case may be, and shall be subject at all times to audit and inspection by the director, by the state auditor or by his or their agents.

9. Every such clerk shall, on the first Monday of every month, pay to the division all moneys received by him for licenses issued during the month preceding, except the fees retained under section nine. All remittances shall be by check, United States post office money order, express money order, or in lawful money of the United States; and every such clerk shall, within thirty days next succeeding January first in each year, return to the division all license books received during the year preceding, including all stubs and void and unused licenses. Any such clerk violating any provision of this section shall be punished by a fine of not less than fifty nor more than five hundred dollars, or by imprisonment for not less than one month nor more than one year, or both.

1 Section 12. Except as prohibited or limited by federal legislation or regulation, any person who holds a sporting or trapping license issued to him as a non-resident may carry from the commonwealth such fish, birds or mammals as have been legally taken within the commonwealth.

1 Section 13. Whoever violates any provision of this section or of sections five to twelve, inclusive, for which no specific penalty is provided, or is in any way directly or indirectly a party to any such violation, shall be punished by a fine of not less than ten nor more than fifty dollars or by imprisonment for not more than one month, or both. Every section of this chapter, provided, or is in any way directly or indirectly a party to any such violation, shall be punished by a fine of not less than ten nor more than fifty dollars or by imprisonment for not more than one month, or both. Every person found guilty of a violation of any provision of this chapter, shall be void, and shall immediately be surrendered to the officer the act. The officer shall forthwith forward such void licenses to the director. No person shall be given a license under authority of said sections during the period of one year from the date of his being found guilty as aforesaid, and any such license so issued shall be void and shall be surrendered on demand of any officer authorized to enforce this chapter. No fee received for a license made void under this section shall be returned to the holder of such license.

experiments or investigations or for propagation after the director or supervisor has caused printed notices of such occupation and use and the purposes thereof to be placed in a conspicuous position adjacent to any such areas of land or water or upon any such building or other structure, and whoever injures or defaces any such building or other structure or any notice posted as aforesaid, or injures or destroys any property used for such purposes, or otherwise interferes therewith, shall be punished by a fine of not less than fifty nor more than two hundred dollars or by imprisonment for not more than six months.

SECTION 28. The director or supervisor, or their agents when so authorized by him or them, may take fish, birds or mammals at any time or in any manner for purposes connected with propagation or scientific observation.

SECTION 29. If the director determines that the fisheries of any inland waters of the commonwealth are of sufficient value to warrant the prohibition or regulation of the discharge or escape of sawdust, shavings, garbage, ashes, acids, sewage, dyestuffs, and/or other waste material from any sawmill, manufacturing or mechanical plant, or dwelling house, stable or other building, which may, directly or indirectly, materially injure such fisheries, he shall by a written order to the owner or tenant thereof prohibit or regulate the discharge or escape therefrom of sawdust, shavings, garbage, ashes, acids, sewage, dyestuffs, and/or other waste material into such inland waters. Such order may be revoked or modified by him at any time. Before any such order is made the director shall, after reasonable notice to all parties in interest, give a public hearing in the county where the sawmill, manufacturing or mechanical plant, dwelling house, stable or other building to be affected by the order is located, at which hearing any person shall be heard. Upon petition of any party aggrieved by such order, filed within six months after its date, the superior court may, in equity, after such notice as it deems sufficient, hear all interested parties and annul, alter or affirm the order. If such petition is filed by the party aggrieved within ten days after the date of said order, said order shall not take effect until altered or affirmed as aforesaid. Whoever, having so been notified, discharges sawdust, shavings, garbage, ashes, acids, sewage, dyestuffs, and/or other waste material, or suffers or permits it to be discharged or to escape from said plant under his control, into inland waters of the commonwealth in violation of the order of the director, or of said court, if an appeal is taken, shall be punished by a fine of not less than fifty nor more than two hundred dollars.

SECTION 30. Whoever puts or throws into any of the inland waters of the commonwealth any oil, or any poisonous substance, whether simple, mixed or compound, which may directly or indirectly materially injure the fish therein, or takes any such fish by such means, or whoever kills or destroys fish in inland waters by the use of dynamite or other explosives, or takes any such fish by such means, or explodes dynamite or powder in such waters, shall be punished by a fine of not less than fifty nor more than five hundred dollars or by imprisonment for not more than one year. This section shall not apply to operations of the United...
10 States, or of the commonwealth or a political subdivision thereof, nor 11 to the use of explosives for raising the body of a drowned person.

1 Section 31. The director, supervisor, wardens, deputies and mem- bers of the state police may seize and remove, summarily if need be, at 12 the expense of the owner using and maintaining the same, all illegal 13 obstructions, except dams, mills or machinery, to the passage of salt 14 water fish coming into fresh water to spawn. The director may ex- 15 amine all dams or obstructions upon brooks, rivers and streams where 16 the law requires fish ways to be maintained, or where in his judgment 17 8 fish ways are needed, and he shall determine whether the fish ways, if 18 any, are suitable and sufficient for the passage of such fish in such brooks, 19 rivers and streams or whether a fish way is needed for the passage of such 20 fish over such dam or obstruction; and shall prescribe by written order 21 what changes or repairs, if any, shall be made therein, and where, how 22 and when a new fish way shall be built, and at what times the same 23 shall be kept open, and shall serve a copy of such order upon the owner of the 24 dam or obstruction. A certificate of the director that service has been so 25 made shall be sufficient proof thereof. The supreme judicial or superior 26 court shall, on petition of the director, have jurisdiction in equity or other- 27 wise to enforce any such order and to restrain any violation thereof.

2 Section 32. Any owner of such a dam or obstruction who refuses 2 or neglects to keep open or maintain a fish way at the times prescribed 3 by the director shall forfeit fifty dollars for each day of such refusal or 4 neglect.

1741-2, 16, §§ 1, 3. 1745-6, 29, § 4. 1811, 175, § 4. 1869, 258, § 15.

1867, 344, § 2. 1920, ed. of 1920, G. L. 130, §§ 2, 18. 1930, 303, §§ 1, 2. 1950, 383, §§ 1, 2. 10 Pick. 383.

1 Improvement or construction of fish ways, etc. 1735-6, 21, § 2. 1741-2, 16, § 4. 1743-4, 26. 1811, 175, § 4. 1866, 258, §§ 7, 8, 12. 1869, 384, § 4. 1876, 50. 1884, 212, § 3. 1897, 288, § 1. 1899, 103. R. L. 91, §§ 3, 9, 10. 1904, 365.

3 or 4 Section 33. If the director deems that a passage for fish should be 2 provided or if he finds that there is no fish way or an insufficient fish 3 way in or around a dam where a fish way is required by law to be main- 4 tained, he may enter with workmen and materials upon the premises 5 of the person required to maintain a fish way there and may, at the ex- 6 pense of the commonwealth, if in his opinion the person required by 7 law to construct or maintain such fish way is unable to afford such 8 expense, otherwise at the expense of the owner of such dam, improve 9 an existing fish way, or cause one to be constructed if none exists, and 10 may, if necessary, take the land of any other person who is not obliged 11 by law to maintain said fish way; and if a fish way has been constructed 12 in accordance with this section, he shall not require the owner of the 13 dam to alter such fish way within five years after its completion.

1 Section 34. All damages caused by taking land under the pre- 2 ceding section shall, upon the application of either party, be recovered 3 from the commonwealth under chapter seventy-nine. The amount so 4 recovered shall be a charge against the person required by law to con- 5 struct and maintain such fish way and shall be recovered in contract in 6 the name of the commonwealth, with costs and with interest at the rate 7 of twelve per cent per annum.

1930, 393, §§ 1, 2.
SECTION 35. The director may screen such ponds, brooks and streams of the commonwealth not used as sources of water supply by towns as he deems necessary for the protection of fish therein. This section shall not affect any right existing on April thirtieth, nineteen hundred and twenty, to use such waters for mercantile or manufacturing purposes.

SECTION 36. A great pond shall be public, except as hereafter provided, for the purpose of fishing, hunting and boating thereon and all persons shall be allowed reasonable means of access thereto for such purpose.

SECTION 37. The director may occupy, manage and control not more than six great ponds for the purpose of propagating fish and of distributing them within the commonwealth; and may occupy not more than one tenth part of each such pond with enclosures and appliances for such cultivation; but this privilege shall not affect any public rights to such ponds, other than the right of fishing, and the appliances and enclosures shall be so placed as not to interfere with or prevent ingress to or egress from such ponds at proper places.

SECTION 38. If the director determines so to occupy and improve any such pond, he shall post a notice of such purpose in a public place in each of the towns where said pond is situated and file a like notice in the office of the clerk of each of said towns and in the office of the state secretary. The affidavit of an officer qualified to serve civil process that such notice has been posted shall be deemed full proof thereof.

SECTION 39. After such notice has been so filed and posted, any violation of any of the rights of said director under section thirty-seven shall be punished by a fine of not less than ten nor more than twenty-five dollars.

SECTION 40. The director may cause any great pond, except in Dukes and Nantucket counties, to be stocked with such fish as he judges best suited to the waters thereof and, on petition of the aldermen of any city or the selectmen of any town where a great pond or a part thereof is situated, shall cause the pond to be so stocked; provided, that a public hearing upon the matter has previously been given within such city or town by the mayor and aldermen, or by the selectmen, notice of which hearing has been posted, at least ten days before the day of the hearing, in three or more public places, and published in a newspaper, if any, in such city or town. If a town at a meeting has instructed the selectmen to file such petition, such hearing need not be given. When a great pond is not situated wholly within a city or town, the director shall not proceed under this section with respect to such pond unless a majority of the cities and towns bordering upon such pond have filed petitions as aforesaid. In every such instance the director shall thereupon prescribe, for a period not exceeding three years, and enforce, such reason- able regulations relative to fishing in the pond and its tributaries, with
18 such penalties, not exceeding twenty dollars for each offence, as he deems for the public interest; but this section shall not apply to ponds used as sources of public water supply. The director may restock such ponds and may extend such reasonable regulations, for periods not exceeding three years each, and shall so restock and extend whenever he receives a petition therefor as herein provided.

1 Section 41. The director may, except in Dukes and Nantucket counties, and shall on petition of the aldermen of any city or the selectmen of any town where a great pond not used as a source of public water supply is situated, or, in case such pond is not wholly within a single city or town, on petition of the aldermen or selectmen of a majority of the cities and towns wherein such pond is situated, cause not exceeding twenty-five per cent of the area of any such pond to be set apart, for such period of years as he may determine, as a breeding area for such fish as he may judge best suited to its waters. The provisions of the preceding section relative to public hearings and notice thereof in the petitioning cities and towns shall apply to proceedings under this section.

12 Whoever fishes in a breeding area while set apart as aforesaid shall forfeit his license and shall be punished as provided in section seventy-two.

1 Section 42. The director may occupy and control Mill pond, in Yarmouth, for the purpose of cultivating fish for distribution within the commonwealth. Whoever, without his written consent, fishes in said pond in any other manner than by angling, shall be punished as provided in section seventy-two.

1 Section 43. The state department of public works shall annually, in July, upon the request and at the expense of any person claiming to be interested in a pond, cause a measurement thereof to be made which shall be recorded in the office of the city or town clerk of each city or town within the limits of which any part of such pond is situated; and no arm or branch shall be included as a part of such a pond unless such arm or branch is at least fifty feet in width and one foot in depth.

1919, 5. 1920, 2. G. L. (ed. of 1920) 130, §§ 30, 31. 1930, 393, §§ 1, 2.

1 Section 44. Except as provided in the following section and in section fifty-one, the riparian proprietors of any pond, other than a great pond, and the proprietors of any pond or parts of a pond created by artificial flowing, shall have exclusive control of the fisheries therein.

R. L. 91, § 23. 1930, 393, §§ 1, 2.

1 Section 45. The director may cause any natural or artificial pond, other than a great pond, or any brook or stream, to be stocked with such fish as he judges best suited to the waters thereof; provided, that in respect to all privately owned ponds such stocking shall only be with the written consent of the owner or lessee thereof, and shall not prevent such owner or lessee from drawing down or making such use of said waters for commercial or other purposes as appear to him to be advisable; and provided, further, that such stocking shall not prohibit such owner or lessee from excluding the public from such waters if and when this action appears to him necessary for the proper control and utilization thereof.

Section 46. A pond other than a great pond, bounded in part by land belonging to the commonwealth or to a county, city or town, shall become the exclusive property of the other proprietors as to the fisheries therein upon only payment to the state treasurer, or to the county, city or town treasurer, as the case may be, of a just compensation for their respective rights therein, to be determined by three arbitrators, of whom one shall be appointed by the director, one shall be an individual riparian proprietor of said pond or an officer of a corporation which is such proprietor, and one shall be the chairman of the county commissioners of the county where the pond, or the largest part of the area thereof, is situated, if the riparian proprietors include the commonwealth, or one or more counties, or two or more cities or towns, or one or more cities and one or more towns, or the mayor or chairman of the board of selectmen, respectively, if only one city or town is such part proprietor. 

Section 47. Whoever, without the written consent of the proprietor or lessee of a natural pond which is not a great pond, or of an artificial pond of any size, where fish are lawfully propagated or maintained, takes any fish therefrom, shall be punished as provided in section seventy-two.

G. L. (ed. of 1920) 130, § 34. 1930, 393, §§ 1-2.

Section 48. Except as permitted by law, whoever draws, sets, stretches or uses a fish trap, gill net, drag net, set net, purse net, seine or trawl or sets or uses more than ten hooks for fishing in any inland water, or aids in so doing, shall be punished by a fine of not less than twenty nor more than fifty dollars. This section shall not affect any rights conferred by section forty-four or the corporate rights of any fishing company.

Section 49. Whoever, except as otherwise permitted by law, takes any fish which at any season frequent fresh water, in any other manner than by angling, shall be punished by a fine of not less than twenty nor more than fifty dollars; but towns may permit the use of nets and seines for taking herring and alewives or of pots for the taking of eels. This section shall not prohibit spearing eels, carp or those species of fish commonly known as "suckers". The possession by any person in or upon inland waters or upon the banks of the same, except as allowed by law, of any net, trap, trawl, or other device adapted for taking fish shall be prima facie evidence of a violation of this section. This section shall not apply to ponds or waters now or hereafter held under lease from the department.

Section 50. Whoever uses a sweep seine or combination of sweep seines in such a manner as at any moment to close or seriously obstruct more than two thirds of the width of a brook or stream at the place used, or delays or stops in paying out or hauling a sweep seine, or hauls a sweep seine within one half mile of a point where such seine has been hauled within an hour, shall be punished by a fine of not less than twenty nor more than fifty dollars; but this section shall not apply to seines lawfully used in the smelt fisheries, or to the fisheries for shad or alewives.

1 Section 51. The director, upon written application to him, may 2 issue a permit to any person to have in possession, buy, sell or otherwise 3 dispose of, at any season of the year, fish artificially propagated and 4 maintained, under such rules and regulations, approved by the governor 5 and council, as may be made by the director.

1 Section 52. A riparian proprietor of a non-navigable brook or 2 stream may, within the limits of his own premises, enclose the waters 3 thereof for the propagation of fish if he furnishes a suitable passage for 4 salt water fish naturally frequenting such waters to spawn.

1 Section 53. Fish artificially propagated or maintained shall be the 2 property of the person propagating or maintaining them. A person 3 legally engaged in their culture and maintenance may take them in his 4 own waters at pleasure or authorize others so to do.

1 Section 54. Whoever, without the permission of the proprietors, 2 fishes in that portion of a pond, stream or other water where fish are 3 lawfully cultivated or maintained shall be punished as provided in 4 section seventy-two.

1 Section 55. The riparian proprietor on a non-navigable tidal brook 2 or stream, enclosed or unenclosed, in which fish are lawfully cultivated 3 or maintained shall have the control of the fishery thereof within his 4 own premises and opposite thereto to the middle of the stream, and a 5 riparian proprietor at the mouth of such stream shall also have control 6 of the fishery thereof beyond and around the mouth of the stream so far 7 as the tide ebbs, if it does not ebb more than eighty rods; and whoever 8 fishes within such limits without permission of the owner shall be punished 9 as provided in section seventy-two.

1 Section 56. No person shall buy, sell, offer or expose for sale, or 2 have in possession for the purpose of sale, any trout, black bass, horned 3 pout, yellow perch, pickerel, white perch, great northern pike or mus- 4 callonge, or wall-eyed pike or pike perch, taken from the waters of this 5 commonwealth. Nothing in this section shall be construed to prohibit 6 the sale of white perch taken from the coastal waters of the common- 7 wealth or from the waters of Dukes or Nantucket counties, or from 8 waters now or hereafter held under lease from the department. Nothing 9 in this section shall be deemed to prohibit the director from issuing per-

Such instructions shall specify the number of such birds that may be taken, the times and places of taking, the persons to whom the same shall be delivered for such investigation and the manner in which the carcasses shall be finally disposed of.

Section 81. Whenever it shall appear to the governor that by reason of extreme drought there is danger of fires resulting from hunting,
trapping, fishing or other cause, he may, with the advice and consent of the council, by proclamation suspend the opening or continuance of any or all open seasons established by this chapter, or any authorized extension thereof, and proclaim a close season on any or all birds, fish or mammals, for such time as he may therein designate, and may therein prohibit hunting, trapping, fishing and the possession of firearms on any property of another during the same time, and he may, by the same or another proclamation and with like advice and consent, proclaim that any or all sections of the woodlands in the commonwealth where danger of fire might exist shall be closed for such time as he may therein designate to hunters, trappers, fishermen and such other persons as he deems proper under the circumstances, except the owners or tenants of such property and their agents and employees, or persons holding written permission from any such owner or tenant to enter thereon for any lawful purpose other than hunting, trapping or fishing. As soon as the fire hazard is deemed to be over the governor, for the purpose of providing just and reasonable facilities for hunting, trapping and fishing, in like manner and with like advice and consent, may extend any such open season for a period or periods not exceeding, in the aggregate, the time of such suspension, and if by reason of any such extension such open season in whole or in part coincides with any other open season in such manner as to cause any conflict in the laws relating thereto, he may in like manner and with like advice and consent postpone such other open season for such time as may be necessary to avoid such conflict.

Every such proclamation shall take effect as therein stated. A proclamation issued under this section shall be published in such newspapers or posted in such places and in such manner under the direction of the department as the governor may order; but failure to comply with the provisions of this paragraph shall not in any way invalidate any proclamation made under authority of this section.

Whoever violates any provision of a proclamation issued under authority of and in accordance with the preceding section shall, if no penalty is otherwise provided, be punished by a fine of not less than twenty nor more than one hundred dollars.

SECTION 83. Sunday shall be close season on all wild birds and mammals. No person on Sunday shall set traps or hunt any bird or mammal of any kind or carry on that day upon his person a rifle or shotgun in any place where birds or mammals might be found, except that mammals caught in traps may be removed.

This section shall not prohibit the killing or attempted killing of a bird or mammal actually damaging or likely to damage property, subject, however, to the same conditions and restrictions as would render such killing or attempted killing lawful on a secular day; nor shall it render unlawful the possession or carrying of a rifle or shotgun for such purpose or for the purpose of using the same in a sport or game lawfully conducted under the provisions of law authorizing sports and games on Sunday.
SECTION 84. Except as provided in section seventy-eight or section ninety-two, no person, except between the twentieth of October and the twentieth of November, both inclusive, shall hunt a ruffed grouse, commonly called partridge.

The director may, in his discretion, issue such a permit and may include therein reasonable conditions as to the importation, inspection and liberation of birds or mammals; and he may at any time revoke such a permit. He may make reasonable rules and regulations relative to the issue of such permits and to the importation, inspection and liberation of birds and mammals.

1 Section 91. A person may hunt, upon land owned or occupied by him, a pheasant which he finds in the act of doing damage to any crop on cultivated land, or may authorize a member of his family or person permanently employed by him on such land so to do. The person by whom or under whose direction a pheasant is so hunted shall within twenty-four hours thereafter make a written report to the director, stating the time, place and the number of pheasants so killed. Failure to make such report shall be punished as provided in section one hundred and thirty-six.

**Section 113.** Whoever suffers loss by the eating, browsing or trampling of his fruit or ornamental trees, vegetables, produce or crops by deer or moose, if the damage is done in a city may inform the officer of police thereof who shall be designated to receive such information by the mayor, and if the damage is done in a town may inform the chairman of the selectmen of such town, declaring the amount of such damage as nearly as he can determine the same. If the amount so declared does not exceed twenty dollars, the officer or chairman shall proceed to the premises and determine whether the damage was inflicted by such deer or moose, and, if so, appraise the amount thereof and within ten days after such appraiser is made return to the director a certificate of the damages fixed by such appraisal. If the amount of said damage is declared by the owner of the damaged property to exceed twenty dollars, the said owner shall notify the director of said damage. The director, within fourteen days after receiving such notice, shall determine whether the damage was inflicted by such deer or moose, and, if so, he shall at once proceed to have an appraisal made under oath by three persons, one of
whom shall be designated by the owner of the damaged property, one by
the director and the third by the trustees for county aid to agriculture
or for the county agricultural school of the county in which the damage
occurred. Within ten days after such appraisal is made, the appraiser
designated by the director as aforesaid shall return to the director a
certificate of the damages fixed by such appraisal. The director shall,
within thirty days after receiving such certificate, if he finds the claim
to be just and the appraisal correct, endorse his approval thereon and
transmit the same, with the cost of appraisal added, to the comptroller,
and the amount so certified shall be paid by the commonwealth; pro-
vided, that if any doubt exists, the director may summon the appraisers
and all parties interested and make such examination as he thinks proper
and may cause the appraisers to review their appraisal or cause a new

nated and proceeding in the same manner as the original appraisers.
Each appraiser, except when a paid official or employee of the common-
wealth or of a county, shall receive compensation from the common-
wealth at the rate of sixty-five cents per hour for not more than eight
hours in any one day while acting as such and ten cents a mile for his
necessary travel.
Any tree appraised in the manner above referred to as having been
totally damaged, and for which compensation has been paid by the
commonwealth under this section, may thereafter be removed by the
director without further compensation therefor, or the director may
mark or cause to be marked in a suitable manner trees for which com-
pensation has been paid.

SECTION 114. No person shall hunt, or in any manner molest or
destroy any bird or mammal within the boundaries of any state reserva-
tion, park, common or any land owned or leased by the common-
wealth or any political subdivision thereof or any land held in trust for
public use, except that the authorities or persons having the control
and charge of such reservations, parks, commons or other lands may,
with such limitations as they may deem advisable, authorize persons to
hunt within said boundaries any of the birds named in section seventy-
seven, or the fur-bearing mammals, except muskrats, mentioned in
section ninety-seven, or foxes, weasels or wildcats, and except that
deer may be hunted in any state forest reservation subject to this section
during the open season for deer, if the commission with the approval
of the governor and council declares such open season effective therein.
Such authorizations, except for hunting deer on state forest reservations
as aforesaid, shall be by written license, revocable at the pleasure of the
authorities or persons granting it. The boards, officials and persons
having charge of such reservations, parks, commons or lands owned or

Section 116. In respect to any territory mentioned in the two preceding sections, the director may make such use of the land, water or shore within the territory as he deems best for the purpose of improving the feeding and nesting environment of birds or mammals, and may from time to time make such rules and regulations relating to such use as he deems proper, and such rules and regulations, when approved by the governor and council, shall have the force of law. The director may liberate birds within the limits of the said territories, and, when in his opinion such action is advisable, co-operate with land owners within such territory in experiments in the propagation of birds or mammals. Whoever violates any provision of such rules or regulations shall be punished by a fine of not less than twenty nor more than one hundred dollars or by imprisonment for not more than two months, or both.

Section 116A. For the purpose of providing public shooting grounds, the director may acquire by gift, and shall in his discretion acquire by leases not to exceed five years, lands and waters, except a brook or stream which is a source of or a tributary to a public water supply, within the commonwealth, or either of them, or shooting rights thereon or therein, together with such rights of ingress to and egress from such lands or water as may be necessary and proper. Said director may, subject to the provisions of section thirty-seven of chapter thirty, make rules and regulations relative to hunting in any lands or waters acquired under authority of this section, may provide a penalty, to consist of a fine not to exceed twenty dollars, for any violation of any such rule or regulation, and may from time to time close or open such lands or waters, or any part thereof, for hunting.

Section 117. The director may authorize in writing any warden or deputy or the owner or occupant of any land within any such territory or any other responsible person to hunt or trap within the said territory and under the direction of the director any mammals or birds which he may consider harmful to other birds and mammals or to agriculture, or to take or remove the nests or eggs of any such first mentioned birds.

Section 118. If an order is made by the commissioner establishing a wild life sanctuary, as provided in section one hundred and fifteen, he shall cause a copy of the order to be published once a week for two successive weeks in one or more newspapers published in the counties embracing the territory, and shall cause copies of the order to be posted in conspicuous places within the towns where the territory is situated, and also within the limits of the territory itself. If a great pond or any part
8 thereof, or any seashore, is included within the territory, a copy of the order shall be filed in the office of the clerk of any town bordering upon the pond or seashore, and also in the office of the state secretary. An order made by the commissioner in accordance herewith shall take effect when posted as above provided, and shall contain a full description of the territory so established and the period for which it is closed.

1 Section 119. Whenever such wild life sanctuary has been established by an order as above provided, no person, except as provided in section one hundred and seventeen, shall hunt or trap any bird or mammal within the said territory, or disturb or injure any nest, eggs or young of such bird or mammal, or remove the eggs or young from the nest. Whoever violates any provision of this section shall be punished by a fine of not less than twenty nor more than one hundred dollars or by imprisonment for not more than two months, or both.

1 Section 120. Except as provided in section one hundred and seventeen, no person shall enter with a firearm or any device adapted for killing or injuring birds or mammals or with a trap or snare upon any territory established in accordance with section one hundred and fifteen as a wild life sanctuary. Whoever violates any provision of this section shall be punished as provided in the preceding section.

1 Section 120A. Consent of the commonwealth of Massachusetts is hereby given to the acquisition by the United States, by purchase, gift, devise or lease, of such areas of land or water, or of land and water, in Massachusetts, as the United States may deem necessary for the establishment of migratory bird reservations in accordance with the act of congress approved February eighteenth, nineteen hundred and twenty-nine, known as the migratory bird conservation act, reserving, however, to the commonwealth of Massachusetts full and complete jurisdiction and authority over all such areas not incompatible with the administration, maintenance, protection and control thereof by the United States under the terms of said act of congress.

1 Section 121. No person shall transport or cause to be transported out of the commonwealth any bird or mammal protected by this chapter which has illegally been taken or killed therein.

1 Section 122. Officers in charge of public buildings in cities and such officers as the selectmen designate and appoint in towns may take such reasonable means and use such appliances, except poison, as in their judgment will effectively exterminate the English sparrow and starling in such cities and towns, but nothing herein shall authorize an officer to enter on private property without the consent of the owner or occupant thereof. Whoever wilfully resists such officers while engaged in such duties or knowingly interferes with the means used by them for such purpose shall be punished by a fine of not less than twenty nor more than fifty dollars.

1 Section 123. Whoever fishes, hunts or traps on private land without permission of the owner or tenant thereof, after such owner or tenant
has conspicuously posted thereon notices, bearing thereon the name of such owner or tenant, stating that fishing or hunting thereon is prohibited, shall be punished by a fine of not more than twenty dollars.

Section 124. No person, except as provided in section one hundred and twenty-five, one hundred and twenty-six, one hundred and seventy, one hundred and twenty-nine, one hundred and twenty-nine A or one hundred and thirty, shall buy, sell, barter, exchange, or in any way deal in or trade with respect to, the dead or living bodies of birds or mammals, protected by the law in this commonwealth, whenever and wherever taken or killed. Whoever violates any provision of this section shall be punished by a fine of not less than fifty nor more than one hundred dollars.

Section 125. Hares or rabbits taken outside of the state, sale prohibited.

Hares or rabbits taken outside of the state, sale regulated.

Buying, selling, etc., of skins of minks, otters, muskrats, skunks and other mammals regulated.

G. L. (ed. of 1920) 131, § 52. 1950, 393, § 2.

Possession, sale, etc., of protected live birds or mammals regulated.

Section 126. The skins of minks, otters, muskrats, skunks and other raccoons which have been legally taken or legally propagated in the commonwealth or legally taken and transported from any other state or country which does not prohibit their sale or export may be bought or sold at all times, but the burden of proof that such skins were lawfully taken shall be upon the person possessing them.

Section 127. Except as otherwise provided, no person shall have in his possession at any time a live bird or mammal which is protected by this chapter; but a permit to possess within an enclosure such a bird or mammal may be issued by the director in his discretion to any person. Birds and mammals in possession under any such permit may be sold at any time, except that if sold for food they shall be killed, and shall be tagged as follows: To the carcass of each bird and to each quarter of each mammal shall be affixed a numbered tag, to be supplied by the director at a cost of five cents each; and an accurate account of birds and mammals so killed and tagged shall be kept by the licensee and submitted to the director on or before December thirty-first of each year, together with the names of any persons to whom they were sold or transported. Every package containing birds or mammals killed under this section shall be plainly labelled with the name of the holder of a permit by whom such birds or mammals were killed, with the name of the consignee, and with a statement of the number and kind of birds or mammals contained therein. All carcasses or parts thereof shall remain entire and unplecked until the time when they are prepared for consumption as food. The sale of any carcass, or part thereof, not nineteen years old, shall be prohibited.
20 having at the time affixed thereto the tag required by this section, shall 21 be punished as provided in section one hundred and thirty-six.
22 Nothing herein shall be construed to permit the possession of a live 23 bird or mammal by a person purchasing or receiving such bird or mam- 24 mal from a holder of a permit unless such purchaser or receiver shall also 25 hold a permit under this chapter or be otherwise authorized by this 26 chapter to so possess.

1 Section 128. Any person holding a permit or license under section 2 one hundred and twenty-seven or one hundred and thirty, convicted of 3 any violation of this chapter or of corresponding provisions of earlier 4 law, shall forfeit such permit or license and be debarred from securing 5 a new permit or license for a period of one year from the date of con- 6 viction, in addition to being subject to the penalties provided in sections 7 one hundred and thirty-one and one hundred and thirty-six. No person 8 shall be eligible to hold such a permit or license if he has been convicted 9 of any violation of this chapter or of corresponding provisions of earlier 10 law within one year prior to application therefor.

1 Section 129. Any person licensed under section one hundred and 2 thirty may have in possession and sell the unplucked entire bodies of 3 the following species of birds imported from without the United States, 4 namely, pheasants, mallard ducks, Scotch grouse, European black game, 5 European black plover, European or gray partridge, red-legged partridge, 6 and Egyptian or migratory quail; provided, that such birds were legally 7 killed in the country whence they were imported. Any such person may 8 buy, sell and have in possession deer, moose, caribou and elk legally 9 killed outside of the commonwealth and legally transported therein; 10 provided, that there is attached to some part of the body of such deer, 11 moose, caribou or elk the game warden’s tag allowing the same to be 12 shipped from the state or country in which it was killed; and provided, 13 further, that before any such bird or mammal is sold in the common- 14 wealth, there shall be affixed to each carcase or body, or part thereof, a 15 numbered tag, to be supplied at a cost of five cents each by the director, 16 and said tag shall be affixed to said body or carcase upon its entry into 17 the commonwealth and be kept thereon while the same is within the 18 commonwealth.

1 Section 129A. Any person may sell to a person licensed under 2 section one hundred and thirty to deal therein the whole or any part of 3 a deer, moose, caribou or elk legally killed by him outside of the com- 4 monwealth and legally transported therein; provided, that there is 5 attached to some part of the body of such deer, moose, caribou or elk 6 the game warden’s tag allowing the same to be shipped from the state 7 or country in which it was killed.

1 Section 130. The director may in his discretion grant to any person 2 a dealer’s license authorizing the holder thereof to engage in the business 3 of selling and offering for sale the dead bodies of birds or mammals pro- 4 tected by this chapter and tagged in accordance with section one hun- 5 tard and twenty-seven or imported under section one hundred and 6 twenty-nine; but a person holding a permit issued under authority of 7 said section one hundred and twenty-seven may sell or offer for sale
birds or mammals, alive or dead, in accordance with said section without procuring a license hereunder. No license shall be required of any person purchasing any such dead body, or part thereof, from a person holding a license hereunder or a permit under section one hundred and twenty-seven.

1919, 330, §§ 39, 40, 43. 1930, 393, § 2. 1931, 393, § 17.

Penalties for violations of §§ 125-130. 1817, 103, § 1. R. S. 53, § 1. 1837, 170, § 1. 1844, 165, § 1. 1855, 197, § 1. G. S. 82, §§ 1, 6, 8. 1869, 246, §§ 1, 3.

Section 131. Whoever violates any provision of sections one hundred and twenty-five to one hundred and thirty, inclusive, or counterfeits or uses again any tags used as therein provided, shall for the first offence be punished as provided in section one hundred and thirty-six and for a subsequent offence by imprisonment for not more than three months.

Section 132. Section one hundred and twenty-four shall not apply to natural history associations and museums nor to holders of the certificates provided for in section seventy-seven, and sections one hundred and twenty-four to one hundred and thirty, inclusive, shall not apply to the sale of feathers or fur.

Section 133. Whoever in any town kills a wildcat, Canada lynx or loupe cervier not being in captivity shall, upon producing satisfactory evidence of such killing, be entitled to receive from the treasury of the town the sum of ten dollars; and all sums so paid out shall be repaid to the town treasurer by the treasurer of the county where the town is situated; provided, that a sworn statement thereof shall be transmitted by the town treasurer to the county treasurer.

Section 134. No person shall conduct or maintain a gunning stand or blind unless it is registered as hereinafter provided. For the purposes of this section, a gunning stand or blind shall mean any building or blind, so called, conducted and maintained for the purpose of taking anatidae by the use of live duck and goose decoys on the shore of any body of water or on any tidal marshes, flats or beaches. Whoever violates any provision of this paragraph shall be punished by a fine of not less than twenty nor more than one hundred dollars.

The director shall, upon application of any person, issue a certificate of registration of a gunning stand or blind. Such application shall be signed by the applicant, or, if the applicant is an association or corporation, by all the members thereof, shall be made upon a blank furnished by the director, shall contain such information as may be required by the director and shall be accompanied by a fee of two dollars and seventy-five cents. The certificate of registration shall bear the name and address of the person conducting or maintaining such stand or blind and its location. Said certificate shall be valid for use and including the
18 following December thirty-first, shall not be transferable and shall be
19 produced for examination upon the demand of any authorized person.
20 The director may, after a hearing, revoke any such certificate of regis-
21 tration if it appears to him that there has been any violation of this
22 chapter upon the registered premises, and shall not restore such a certifi-
23 cate for a period of one year following its revocation. Any person who
24 loses or by mistake or accident destroys any certificate issued under
25 authority of this section may, upon application to the director, accom-
26 panied by an affidavit setting forth the circumstances of such loss,
27 receive a duplicate certificate upon the payment of a fee of fifty cents.

1 Section 135. Nothing in this chapter shall be construed to prohibit
2 the training of hunting dogs, so called, between September first in any
3 year and the following April first; provided, that no firearms may be
4 carried, except during the open seasons provided by this chapter, by the
5 person so training such dogs. Nothing in this chapter shall be construed
6 to prevent the holding of field trials for such dogs, during any part of
7 the year, if authorized by a permit from the director and conducted in
8 accordance with such rules and regulations as he may prescribe. Author-
9 ity is hereby granted to the director to issue such permits and to make
10 such rules and regulations.

1 Section 136. Unless the context otherwise requires, a violation of
2 any provision of sections seventy-four to one hundred and thirty-five,
3 inclusive, or of any rule or regulation made under authority thereof, for
4 which no other penalty is provided, shall be punished by a fine of not
5 less than twenty nor more than fifty dollars for each fish, bird or mammal
6 in respect to which such violation occurs or each provision, rule or regu-
7 lation in respect to which such violation occurs. Any net, trap, snare,
8 jacklight or other similar device used by any person in violation of any
9 provision of said sections or of any such rule or regulation and any bird
10 or mammal taken in violation of any provision of said sections or of any
11 such rule or regulation shall, upon a finding of guilty, be forfeited to the
12 commonwealth and shall be disposed of as the director shall determine.

[Note: In the revision of the fish and game laws made by chapter 393 of the acts
of 1930 certain penalty provisions appearing in sections 22, 25, 32 to 34, 36 to 44, 44A,
45, 48, 49, 57, 60, 66, 68 and 77 of chapter 131 of the General Laws (as existing immedi-
ately prior to such revision) were omitted and are now covered by the general penalty
 provision in the foregoing section. For the history of the earlier penalty provisions so
 omitted see the marginal references opposite the several sections above referred to.]

Section 3. The forester shall from the money appropriated annually for the expenses of his office recompense the forest wardens for the time spent by them in making investigations under his direction, as required by section thirty-seven of this chapter and section twenty-five of chapter forty-eight; provided, that he shall not be liable to make any such payment except upon the presentation of a duly itemized account or to pay such investigations at a rate greater than that approved by him or in excess of the appropriation available for such payment. He may also expend such sums as are annually appropriated in making necessary arrangements for conventions of forest wardens to be held at a place within the commonwealth and in paying wholly or in part the traveling expenses to and from their towns of such forest wardens who attend these conventions; provided, that no money shall be expended in paying the traveling expenses of any one warden to or from more than one convention in one year.

Section 4. The commissioner shall make an annual report of the acts of the forester. The report shall separate so far as practicable the expenditures on work against the gypsy moth from those on work against the brown tail moth in each town. It shall include the account of all money invested in each state forest and of the annual income and expense thereof, and the report of the state fire warden required by section twenty-eight of chapter forty-eight.

Section 5. The forester shall replant or otherwise manage all land acquired by the commonwealth and held by it under section ten in such manner as will produce the best forest growth both as to practical forestry results and protection of water supplies.

Section 6. The forester may give to any person owning or controlling forest lands aid or advice in the management thereof. Any recipient of such aid or advice shall be liable to the commonwealth for the necessary expenses of travel and subsistence incurred by him or his assistants. The forester may publish the particulars and results of any investigation made by him or his assistants as to any lands within the commonwealth, and the advice given.

Section 7. The forester, in the reforestation, maintenance and development of lands purchased under section thirty or thirty-three, shall, so far as practicable, obtain the labor necessary therefor under sections eighty-three and eighty-four of chapter one hundred and twenty-seven.

Section 8. The clerks, assistants and agents employed by the forester may, for the purpose of carrying out the provisions of this chapter...
ter relative to the suppression of gypsy and brown tail moths, enter
upon any land; and any local superintendent appointed as provided in
section thirteen or any agent or employee of such superintendent may
if such land is infested with said moths or the extent to which such
land is so infested.

Section 9. The forester may establish and maintain nurseries for
the propagation of forest tree seedlings upon such lands of the com-
monwealth at any state institution as the superintendent or trustees
thereof may set apart for this purpose and upon such other lands as may
be acquired under this section. Superintendents of institutions where
land is set apart therefor may furnish without charge the labor of their
inmates necessary to establish and maintain said nurseries. Seedlings
from these nurseries shall be furnished to the commonwealth without
expense for use upon reservations set aside for the propagation of forest
growths for other than park purposes. All stock grown in nurseries
established under this section shall be used within the commonwealth and
shall be furnished to state institutions without charge. The forester
can distribute seeds and seedlings to land owners, citizens of the com-
monwealth, under such conditions and restrictions as he may determine,
subject to the approval of the governor and council. The forester, with
the advice and consent of the governor and council, may expend from
time to time such sums as is appropriated therefor by the general court
in purchasing, for the establishment of nurseries provided for by this
section, lands situated within the commonwealth and adapted to the
propagation of forest tree seedlings.

Section 10. [Repealed, 1931, 126, § 4.]

Section 11. The forester may, subject to the approval of the gov-
ernor, make rules and regulations governing all operations by towns or
persons for the purpose of suppressing the gypsy and brown tail moths,
their pupae, nests, eggs and caterpillars, which are hereby declared public
nuisances. He may make contracts on behalf of the commonwealth;
may act in co-operation with any person, any other state, the United
States, or any foreign government; may conduct investigations and gather
and distribute information concerning said moths; may use and require
the use of all other lawful means of suppressing said moths; may lease
real estate when he deems it necessary, and, with the approval of the
authority in charge, may use any real or personal property of the com-
monwealth; may at all times enter upon any land, and may use all reason-
able means in suppressing said moths; and, in the undertakings aforesaid,
may, in accordance with this chapter, expend the funds appropriated or
donated therefor; but no expenditure shall be made or liability incurred
in excess of such appropriations and donations. No owner or occupant
of an estate infested by the aforesaid nuisances shall by reason thereof be
civilly or criminally liable except to the extent and in the manner and
form set forth in this chapter.

Section 12. Whoever wilfully resists or obstructs the forester or any
officer of a town, or a servant or agent duly employed by said forester or
by any of said officers while engaged in suppressing the gypsy and brown
tail moths, elm leaf beetle, or any other tree or shrub destroying pest,
or knowingly fails to comply with any of the rules or regulations issued by the forester, shall be punished by a fine of not more than twenty-five dollars.

Section 13. The mayor in cities and the selectmen in towns shall annually in the month of January appoint a local superintendent for the suppression of gypsy and brown tail moths. Said superintendents shall, under the advice and general direction of the forester, destroy the eggs, caterpillars, pupae and nests of the gypsy and brown tail moths within their limits, except in parks and other property under the control of the commonwealth, and except in private property, save as otherwise provided herein. The appointment of a local superintendent shall not take effect unless approved by the forester; and when so approved notice of the appointment shall be given by the mayor or the selectmen to the person so appointed.

Section 14. When any city or town in which one twenty-fifth of one per cent of the valuation is more than five thousand dollars shall have expended within its limits city or town funds to an amount in excess of five thousand dollars in any one year ending November thirtieth in suppressing gypsy or brown tail moths, the commonwealth shall reimburse such city or town to the extent of fifty per cent of such excess above said seven thousand dollars.

Cities or towns in which one twenty-fifth of one per cent of the valuation is less than five thousand dollars, and in which such valuation is greater than six million dollars, shall be reimbursed by the commonwealth to the extent of eighty per cent of the amount expended by such cities or towns of city or town funds in suppressing said moths in any one such year, in excess of said twenty-fifth of one per cent.

In towns in which the valuation is less than six million dollars, after they have expended in any one such year town funds to an amount equal to one twenty-fifth of one per cent of their valuation, the commonwealth shall expend within the limits thereof for the suppression of said moths such an amount in addition as the forester, with the advice and consent of the governor, shall determine. The commonwealth shall reimburse cities and towns every sixty days.

No city or town shall be entitled to any reimbursement from the commonwealth until it has submitted to the comptroller itemized accounts and vouchers showing the definite amount expended by it for the purpose of suppressing said moths, nor shall any money be paid out of the state treasury to cities or towns until said vouchers and accounts have been approved by the forester and the comptroller, nor unless said expenditure shall have been duly authorized and approved by the forester.

For the purposes of this section and section sixteen, the valuation of a city or town shall mean the valuation of such city or town, as determined by the last preceding valuation made for the purpose of apportioning the state tax.

Section 15. Every city or town in rendering the account required by the preceding section shall deduct from such amount as it has expended the total amount it has assessed for work performed under section eighteen during the term covered by the account, if such work was performed...
under such conditions as require reimbursement in whole or in part by
the commonwealth.

Section 16. When, in the opinion of the forester, any city or town
is not expending a sufficient amount for the abatement of said nuisance
or is not conducting the necessary work in a proper manner, the forester
shall, with the advice and consent of the governor, order such city or
town to expend such an amount as the forester shall deem necessary, and
in accordance with such methods as the forester, with the consent of the
governor, shall prescribe; provided, that no city or town where the
valuation exceeds six million dollars shall be required to expend, ex-
sclusive of any reimbursement received from the commonwealth, during
any one full year more than one fifteenth of one per cent of such valua-
tion, and that no town where the valuation is less than six million dollars
shall be required to expend, exclusive of any reimbursement received
from the commonwealth, during any one full year more than one twenty-
fifth of one per cent of such valuation.

Section 17. Any city or town failing to comply with the directions
of the forester in the performance of said work within the date specified
by him shall pay a fine of one hundred dollars a day for failure so to do,
said fine to be collected by information brought by the attorney general
in the supreme judicial court for Suffolk county.

In case of emergency, or where there is great or immediate danger of
the increase or spread of moths due to the neglect of any city or town
to comply with the provisions of this chapter relating to the suppression
of gypsy and brown tail moths, the forester, with the consent of the
governor, may initiate or continue the work of suppression within such
town or town for such a period as he may deem necessary. The cost of
such work, including that done on private estates, less any sum due from
the commonwealth by way of reimbursements on account of said work, 13
shall be certified by the forester to the state treasurer, and be collected
by him as an additional state tax upon the city or town so failing to
comply with the requirements of the law. The forester may also in case
of emergency, subject to the approval of the governor, carry on wholly
or in part such operations as may be necessary to check the spreading of
the gypsy or brown tail moth in parks not under the control of the com-
monwealth, and in cemeteries, woodlands and other places of public
resort. The amount to be so expended in any one year shall not exceed
21 ten per cent of the appropriations made for the year by the commonwealth
for the purpose of suppressing said moths. The forester may also take
complete control of the work of suppressing the gypsy and brown tail
moths in such cities and towns as may through the proper officials request
it. The cost of such work shall be certified by the forester to the state
treasurer, and shall be collected by him as an additional state tax upon the
city or town wherein such work is performed; provided, that no city or
28 town shall be required to pay more for such work than would have been
29 its liability as defined by section sixteen.

Section 18. The mayor of every city and the selectmen of every
town shall, on or before November first in each year, and at such other
times as he or they shall see fit or as the forester may order, cause a notice
to be sent to the owner, so far as can be ascertained, of every parcel of land
therein which is infested with said moths; or, if such notification appears
to be impracticable, by posting such notice on said parcels of land, requiring that the eggs, caterpillars, pupae and nests of said moths be destroyed within a time specified therein. The publication of the notice in newspapers published or circulated in the city or town at least three times during the month of October shall be deemed a compliance with the law, if in the opinion of the mayor or selectmen such publication will be a sufficient notice.

When, in the opinion of the mayor or selectmen, the cost of destroying such eggs, caterpillars, pupae or nests on land contiguous and held under one ownership in a city or town shall exceed one half of one per cent of the assessed value thereof, a part of said premises on which said eggs, caterpillars, pupae or nests shall be destroyed may be designated in such notice, and such requirement shall not apply to the remainder of said premises. The mayor or selectmen may designate the manner in which such work shall be done, but all work done under this section shall be subject to the approval of the forester.

If the owner shall fail to destroy such eggs, caterpillars, pupae or nests as required by said notice, the city or town, acting by the local superintendent appointed under section thirteen, shall, subject to the approval of the said forester, destroy the same, and the amount actually expended thereon, not exceeding one half of one per cent of the assessed valuation of said lands, as heretofore specified in this section, shall be assessed upon the said lands; and such an amount in addition as shall be required shall be apportioned between the city or town and the commonwealth in accordance with section fourteen. The amounts to be assessed upon private estates as herein provided shall be assessed and collected, and shall be a lien on said estates, in the same manner and with the same effect as in the case of assessments for street watering.

Section 19. If, in the opinion of the assessors of a city or town, any land therein has received, by reason of the abatement of said nuisances thereon by said forester or by said city or town, a special benefit beyond the general advantage to all land in the city or town, then the said assessors shall determine the value of such special benefit and shall assess the amount thereof upon said land; provided, that no such assessment on lands contiguous and held under one ownership shall exceed one half of one per cent of the assessed valuation of said lands; and provided, that the owner or owners shall have deducted from such assessment the amount paid and expended by them during the twelve months last preceding the date of such assessment toward abating the said nuisances on said lands, if, in the opinion of the assessors, such amount has been expended in good faith. Such assessment shall be a lien upon the land for three years from the first day of January next after the assessment has been made, and shall be collected under a warrant of the assessors to the collector of taxes of such city or town, in the manner and upon the terms and conditions and in the exercise of the powers and duties, so far as they may be applicable, prescribed by chapter sixty, and real estate sold under such warrant shall be subject to the provisions of said chapter relative to land sold for taxes.

Section 20. A person aggrieved by such assessment may appeal to the superior court for the county where the land lies, by entering a complaint in said court within thirty days after he has had actual notice of the assessment, which complaint shall be determined as other causes...
by the court without a jury. The complaint shall be heard at the first sitting of said court for trials without a jury after its entry; but the court may allow further time, or may advance the case for speedy trial, or may appoint an auditor as in other cases. The court may revise the assessment, may allow the recovery of an amount wrongfully assessed which has been paid, may set aside, in a suit begun within three years from the date thereof, a collector’s sale made under an erroneous assessment, may award costs to either party, and may render such judgment as justice and equity require.

SECTION 21. If, in the opinion of the assessors, the owner of an estate upon which an assessment has been made is, by reason of age, infirmity or poverty, unable to pay the assessment, they may upon application abate the same.

SECTION 22. A person aggrieved by the taxes assessed upon him for the suppression of gypsy and brown tail moths, pursuant to section eighteen or nineteen, may, within six months after the date of the first tax bill issued on account of the taxes complained of, apply to the assessors for the abatement thereof, who may make such abatement as they deem reasonable.

SECTION 23. The assessors shall not abate a tax under the preceding section except upon the written recommendation of the local superintendent who certified the assessment in question to the assessors or provided them with the information as to the work performed, upon which such tax was assessed, unless the error or excess complained of originated in the work of the assessors who laid the tax.

1 Section 5. The amount of money required each year from every
such city and town to meet the expenses and cost aforesaid, and the
