1. **Section 1.** The commissioner of corporations and taxation, in chapters fifty-eight to sixty-five A, inclusive, called the commissioner, may visit any town, inspect the work of its assessors and give them such information and require of them such action as will tend to produce uniformity throughout the commonwealth in valuation and assessments. He shall prepare and issue printed instructions to assessors as a guide to them in carrying out said purpose, which shall be adapted to varying local circumstances and to differences in the character and condition of property subject to local taxation. He may furnish to local assessors blank forms for use in valuing such property. He may cause an assessor to be prosecuted, either in the county where said officer resides or in an adjoining county, for any violation of law relative to assessment of taxes for which a penalty is imposed. He may appear before the superior court or any board of county commissioners sitting for the abatement of taxes. He shall give his opinion to assessors and collectors upon any question arising under any statute relating to the assessment and collection of taxes, and may obtain the opinion of the attorney general upon such question. He may perform his duties under this section himself or by his duly authorized representative.

1. **Section 2.** The commissioner shall annually, on or before April first, forward to each board of assessors a list of all corporations known to him to be liable on said day to taxation under chapters fifty-nine and sixty-three, with such other information as in his judgment will assist them in the assessment of taxes.

1. **Section 3.** The commissioner shall annually, on or before April first, furnish to each board of assessors all the information relating to the assessment, valuation and ownership of property taxable in their town that has come into possession of his department, particularly under chapter sixty-five. He shall give to said assessors any further instruction and supervision as to their duties needed to secure uniform assessment and just taxation, and to equalize the valuation of property for purposes of state, county and local taxation.
### Section 4
Whenever it appears to the commissioner that the property or any part thereof in any town is not valued for taxation in accordance with law, and that such failure to comply with law is the result of inadequate methods in keeping the records of valuation or ownership of property, or is due to failure on the part of its assessors or any of them properly to examine the records of the registry of deeds and probate court, or to make use of the information required to be furnished to assessors by the commissioner, he shall forthwith direct said assessors to adopt such methods of keeping their records or to make such examination of the records of the registry of deeds and probate court, or to make such use of the information that he has furnished to them, as he deems necessary. On failure by any assessor to comply with such directions of the commissioner, he shall forthwith notify the mayor or selectmen of said failure, with any recommendations which he deems necessary or expedient.

### Section 5
The commissioner shall annually give instructions for preparing the notice and bringing in the lists required by section twenty-nine of chapter fifty-nine, and shall prescribe forms therefor so arranged that the statement of the person bringing in such a list will include all assessable property held by him. The commissioner shall cause to be printed and distributed to assessors forms for the lists and statements required therein relative to property held for literary, temperance, benevolent, charitable or scientific purposes.

### Section 6
The commissioner may collect and tabulate information as to the sale price and actual value of real estate in the several towns. For this purpose he may require assessors to furnish him with any information in their possession, may consult persons likely to have knowledge as to the sale price and actual value of separate parcels of real estate, and may examine probate and other records.

### Section 7
The commissioner shall from time to time secure information as to any unpaid taxes in any town, may examine the books, records and papers of collectors and assessors, and of other town officers, and may require them to make reports to him.

### Section 8
Whenever it appears to the commissioner that at the end of two years from the commitment of any warrant to a collector any taxes upon such warrant remain uncollected, or if collected have not been turned over to the town treasurer, the commissioner shall within three months bring the matter to the attention of the attorney general, who may bring or cause to be brought an action of contract in the name of the town against the collector and upon his bond, in the superior court for the county where the town lies. Any amount recovered under this section shall be paid into the treasury of the town in whose name the action is prosecuted; but all reasonable expenses incurred by the attorney general in any such action shall be borne by the town, and may be recovered from it by the commonwealth in contract. If, at any time after the expiration of one year from the commitment of any warrant to a collector, the commissioner is of the opinion that any taxes thereon remaining uncollected should be abated, he may authorize the assessors, in writing, to abate any part or the whole of such taxes, either by items or by abatement of a sum total, stated in such written authorization. The assessors may thereupon
18 make the abatement authorized and enter the same in their record of 19 abatements, making reference in said record to such authorization as the 20 cause or reason for the abatement.

STATE TAX.

1 Section 9. In nineteen hundred and twenty-nine and in every third 2 year thereafter, the commissioner shall, on or before April first report to 3 the general court an equalization and apportionment upon the several 4 towns, of the number of polls, the amount of property, and the propor- 5 tion of every one thousand dollars of state or county tax, including polls 6 at one tenth of a mill each, which should be assessed upon each town.

R. L. 12, § 100. 1909, 490, l, § 100. 1921, 379, § 1. 1928, 330, § 2.

Commissioner to report apportionment of state tax triennially to general court.
1881, 163, § 1.
P. S. 11, § 96.

1 Section 10. To aid in making the equalization and apportionment 2 required by the preceding section, and to assist the general court to 3 determine the amount of state tax to be imposed upon the several towns, 4 the commissioner shall prepare and submit to the general court abstracts 5 showing the amount of the corporate franchise value of domestic corpora- 6 tions, of the excise value as determined by the commissioner of domestic 7 business and domestic manufacturing corporations and of foreign manu- 8 facturing and other foreign corporations, and of the value produced by 9 capitalizing at the state rate taxes paid by banks which are subject to 10 taxation under section two of chapter sixty-three and which have been 11 distributed according to law to each town. He may require from state 12 and town officers such further returns and statements relative to the 13 amount and value of taxable property in the several towns as he deems 14 necessary. He shall to the best of his judgment and discretion prepare 15 said equalization and apportionment upon the basis of the returns and 16 statements provided for and authorized, and of any other information 17 in his possession. He shall give notice of so much of said equalization 18 and apportionment as may be prepared upon the basis of such other 19 information in his possession to the assessors of any town affected thereby, 20 and upon their request shall give his reasons therefor, and such informa- 21 tion as he may properly divulge.

The commissioner, from the returns made by assessors 2 under section eighty-five of chapter fifty-nine, or otherwise, shall deter- 3 mine the total amount of taxes exempted throughout the commonwealth 4 under clauses twenty-second and twenty-third of section five of said 5 chapter, and shall apportion one third of such taxes among the towns 6 according to the basis determined by him for an apportionment of the 7 state tax under section nine of this chapter, and the amount so appor- 8 tioned to each town shall be a charge against it. He shall also determine 9 the amount of taxes so exempted in each town, and one third thereof shall 10 be a credit to the town making the exemption. He shall forthwith give 11 written notice by mail or at their office to the assessors of each town 12 thereby affected of the amounts so charged against and credited to it, 13 and they may within ten days after the date of the notice appeal from his 14 determination to the board of tax appeals.

One third of veterans’ exemption to be credited to cities and 1 towns making it, and charged against all cities and towns.
1910, 293, § 4.
1930, 416, § 3.
SECTION 12. The commissioner, at the expiration of ten days after notice under the preceding section or upon being informed of the decision of the board of tax appeals, if an appeal is taken, shall certify to the state treasurer the amount of charges against and credits to each town as determined thereunder, and the treasurer shall thereupon withhold out of any sums payable by the commonwealth to each town against which a charge is certified, and shall allow or pay over to each town to which a credit is certified, as the case may be, the amount so certified.

REIMBURSEMENT FOR LOSS OF TAXES ON LAND USED FOR PUBLIC INSTITUTIONS, ETC.

SECTION 13. In nineteen hundred and twenty-five and in every fifth year thereafter the commissioner shall between April first and June first determine as of April first the fair cash value of all land in every town owned by the commonwealth and used for the purposes of a public institution, a fish hatchery, game preserve or wild life sanctuary, a state military camp ground or a state forest; and he shall between April first and June first in the year nineteen hundred and twenty-five and in every fifth year thereafter, determine as of April first the fair cash value of all land in every town held by county commissioners for hospital purposes under sections seventy-eight to ninety, inclusive, of chapter one hundred and eleven. This determination shall be in such detail as to lots, subdivisions or acreage as the commissioner may deem necessary, and to assist him in making it he may require oral or written information from any officer or agent of the commonwealth or of any county or town therein and from any other inhabitant thereof, and may require such information to be on oath. Such officers, agents and persons, so far as able, shall furnish the commissioner with the required information in such form as he may indicate, within fifteen days after being so requested by him.

SECTION 14. The commissioner, not later than June tenth of each year in which he makes such determination, shall notify the assessors of each town where the commonwealth owns, or the county commissioners hold, land for the purposes named in the preceding section, of his determination of the value of such land in such town. A board of assessors aggrieved by said determination may, within ten days after the date of the notice, apply for a correction thereof to the board of tax appeals. Said board shall give a hearing to such assessors not later than July fifteenth following, and shall seasonably notify them and the commissioner of the time and place of the hearing. After the hearing said board shall notify said board of assessors and the commissioner of its finding as to the value of the land in question, and its decision shall be conclusive.

SECTION 15. The valuation determined under the two preceding sections shall be in effect for the purposes of sections seventeen and seventeen A during the year in which such valuation is made and the four succeeding years, and until another valuation is made under sections thirteen and fourteen, except that whenever land is acquired by the commonwealth or by county commissioners for the purposes set forth in section thirteen the commissioner shall adopt the assessed valuation of said land made in the year last preceding such acquisition, and such assessed valuation shall be the valuation of the land for the purposes of sections seventeen and seventeen A, until a new valuation is made by the
11 commissioner or by the board of tax appeals under section thirteen or
12 fourteen; provided, that as to land used for a state forest such assessed
13 valuation shall be reduced by deducting therefrom the value of all forest
14 products removed from such land between April first on which it was
15 last assessed and April first in the year for which the reimbursement is
16 to be made, the amount thereof to be certified annually before May first
17 to the commissioner by the state forester.

1 Section 16. In every year, not later than August first, the commis-
2 sioner shall deliver to the state treasurer a statement as to the value of
3 land owned by the commonwealth for the purposes named in section
4 thirteen in each town, and of the amount of money to be paid to each
5 of such towns as determined by the following section.

1 Section 17. The treasurer in every year, not later than November
2 twentieth, shall reimburse each town in which the commonwealth owns
3 land for the purposes named in section thirteen an amount in lieu of
4 taxes upon the value of such land as reported to him by the commissioner
5 under the preceding section, determined by multiplying each thousand
6 dollars of valuation or fractional part thereof by the rate provided for
7 under section fifty-eight of chapter sixty-three.

1 Section 17A. The assessors of any town in which county commis-
2 sioners hold land for the purposes set forth in section thirteen shall assess
3 such land to the county in the annual valuation and tax list at the value
4 determined by the commissioner or the board of tax appeals under sec-
5 tion thirteen or fourteen, or adopted by the commissioner as provided in
6 section fifteen, and at the tax rate of the town for that year. If notifica-
7 tion as provided in said section fourteen is not received by the assessors
8 in time to make the assessment in the manner above provided, the land
9 shall be assessed at said value under the provisions of section seventy-five
10 of chapter fifty-nine. The tax bill for land so assessed shall be sent to
11 the county treasurer who shall pay the same from funds available for
12 carrying out the provisions of section eighty-five of said chapter one
13 hundred and eleven, and such payment shall be deemed a part of the cost
14 of hospital maintenance for said year within the meaning of said section
15 eighty-five.

Distribution of Taxes.

1 Section 18. The state treasurer shall annually on or before Novem-
2 ber twentieth distribute to the several cities and towns, in proportion to
3 the amounts of state tax imposed upon such cities and towns in that year,
4 the proceeds of the taxes collected by the commonwealth on incomes
5 under chapter sixty-two, after deducting a sum sufficient to reimburse
6 the commonwealth for the expenses incurred in the collection and dis-
7 tribution of said income taxes and for such of said taxes as have been
8 refunded under said chapter sixty-two or section twenty-seven of this
9 chapter during said year, together with any interest or costs paid on
10 account of refunds, which shall be retained by the commonwealth, and
11 after deducting also a sufficient sum to be distributed under Part I of
12 chapter seventy.

1 Section 19. [Repealed, 1931, 428, § 1.]
SECTION 20. From the total taxes paid in any state fiscal year by domestic business and domestic manufacturing corporations and foreign manufacturing and other foreign corporations under sections thirty to fifty-one, inclusive, of chapter sixty-three there shall be deducted such taxes paid under said sections as have been refunded under said chapter or section twenty-seven of this chapter during said year, together with any interest or costs paid such corporations on account of refunds. One sixth of the balance shall be retained by the commonwealth, and five sixths shall be distributed, credited and paid to each of the several towns in the proportion that the value of the tangible property owned by all corporations taxable under any provision of sections thirty to fifty-one, inclusive, of chapter sixty-three and situated in each town, bears to the value of the total tangible property owned by all such corporations and situated within the commonwealth, as determined by the commissioner from the returns of the previous taxable year or in such other manner as he may deem just and equitable.

SECTION 21. Such proportion of the tax paid by each corporation, company or association under sections fifty-three to sixty, inclusive, of chapter sixty-three, except railroad, street railway, electric railroad, telephone, telegraph, gas, electric light, gas and electric light and water companies, as corresponds to the proportion of its stock owned by persons residing in this commonwealth, shall be distributed, credited and paid to the several towns in which, from the returns or other evidence, it appears that such persons resided on April first preceding, according to the number of shares so held in such towns respectively. If stock is held by a fiduciary, the beneficiary shall be regarded as the shareholder for the purpose of distribution under this section, and if a town is a shareholder, the distribution shall be the same as if the stock were owned by a resident thereof.

SECTION 22. The tax paid by each electric railroad and street railway company under sections fifty-three to sixty, inclusive, of chapter sixty-three shall be apportioned among the several towns in proportion to the length of tracks operated by such company in said towns respectively. The share of the tax paid by a street railway or an electric railroad company in respect of its tracks upon locations granted by the board having charge of metropolitan parks, of the Wachusett mountain state reservation or of the Greylock reservation shall be apportioned among the commonwealth, and credited by the state treasurer to the sinking fund of the loan to which the expenditure for the road, boulevard, park or reservation in which the tracks are located was charged.

SECTION 23. The corporate franchise tax paid by railroad, telephone and telegraph companies shall be distributed, credited and paid to the towns of the commonwealth or shall be retained by the commonwealth in the manner following: Such part of said tax paid by each of said corporations as is paid on account of shares of its stock owned by non-residents of Massachusetts shall be retained by the commonwealth.
7 The remainder of said tax shall be distributed, credited and paid to 8 the several towns in proportion to the total assessed value of property 9 actually taxed in each town for the preceding year.

1 Section 24. The corporate franchise tax paid by gas, electric light, 2 gas and electric light and water companies shall be distributed, credited 3 and paid to towns of the commonwealth or shall be retained by the com- 4 monwealth in the manner following: Such part of said tax paid by 5 each of said corporations as is paid on account of shares of its stock owned 6 by non-residents of Massachusetts shall be retained by the common- 7 wealth. The remainder of such tax shall be distributed, credited and 8 paid to the town of the commonwealth where the business of the cor- 9 poration is carried on; and if any such corporation carries on its busi- 10 ness in more than one such town, this part of the tax paid by it shall be 11 distributed, credited and paid to such towns in proportion to the value of 12 the works, structures, real estate, machinery, poles, underground con- 13 duits, wires and pipes of the corporation in each of them on April first, 14 as determined from the returns or in any other manner.

1 Section 24A. Interest received by the commonwealth on overdue 2 taxes from corporations under section seventy of chapter sixty-three, 3 shall be distributed, credited and paid to the several towns in the same 4 manner and proportions as the principal of such taxes is distributed, 5 credited and paid. Any sum abated from a tax distributable to the several 6 towns under sections twenty-one to twenty-four, inclusive, and refunded, 7 and any interest or costs paid on account of such refund, shall be deducted 8 from the amount to be distributed, credited or paid.

1 Section 25. The commissioner shall ascertain and determine the 2 amount due to each town under sections twenty to twenty-four A, inclu- 3 sive, notify the treasurer of each town thereof, and certify the amount as 4 determined to the state treasurer, who shall thereupon pay the same. 5 The commissioner in his discretion may from time to time within the 6 fiscal year make partial distributions of taxes paid therein and distribut- 7 able under the provisions of section twenty, withholding such sums as 8 may to him seem proper to provide for refunds and abatements. Any 9 decision made by the commissioner under sections twenty-one to twenty- 10 four A, inclusive, shall be subject to appeal to the board of tax appeals.

1 Section 25A. Annually on or before August first the commissioner 2 shall, upon the basis of the information then in his possession, estimate 3 the amount each town is to receive under section seventeen, and sections 4 eighteen to twenty-five, inclusive, of this chapter and sections five and 5 six of chapter sixty-three and notify the assessors of such town thereof. 6 Said assessors, in determining the rate of taxation to be levied upon 7 taxable property for the year, shall include in the estimated receipts 8 lawfully applicable to the payment of expenditures the aforesaid amount.

1 Section 26. A guardian who holds, or whose ward holds, shares of 2 stock in any corporation the tax on whose shares is distributed in whole 3 or in part according to the residence of the shareholder, including banks Guardians, executors, administrators, trustees and partnerships
to make returns of certain stock held.

Penalty.

Section 27. If it shall appear that an income tax, a legacy and succession tax, or a tax or excise upon a corporation, foreign or domestic, was in whole or in part illegally assessed or levied, or was excessive or unwarranted, the commissioner may, with the approval of the attorney general, issue a certificate that the party aggrieved by such tax or excise is entitled to an abatement, stating the amount thereof. If the tax or excise has been paid, the state treasurer shall pay the amount thus certified in such manner and with or without interest as the certificate shall provide, without any appropriation therefor by the general court. No certificate for the abatement of any tax or excise shall be issued under this section unless application therefor is made to the commissioner within two years after the date of the bill for said tax or excise, or for an amount exceeding the sum which in equity and good conscience ought to be abated under all the circumstances of the case. In issuing certificates hereunder, the commissioner and attorney general may, if they deem it expedient, equalize the burden of repayment by providing in the certificate for postponement of payment, or for payment by instalments. The decision of the commissioner and attorney general shall be final. The state treasurer shall retain from the sums next to be distributed to any city or town under sections eighteen to twenty-four A, inclusive, an amount equal to the sum which has already been paid to such city or town on account of any tax or excise refunded under this section. This section shall be in addition to and not in modification of any other remedies.
ASSessment for Deposits with State Treasurer.

1. Section 28. The commissioner shall annually assess upon every corporation or organization required by law to make deposits in trust with the state treasurer one twentieth of one per cent of the average of such deposits by it for the year last preceding such assessment. Such assessment shall be collected in the same manner as taxes upon corporations.

2. In January a report of the transactions of his office for the preceding year, including tabular statements of the amounts of exempted property returned under section eighty-six of chapter fifty-nine, and an abstract of such particulars from the lists of property held for literary, benevolent, charitable or scientific purposes as he shall deem for the public interest.

1909, 490, III, § 3.

3. A printed compilation of the aggregate returns under section forty-three of chapter fifty-nine from the cities and towns, arranged by counties so as to exhibit the total valuation of the towns, cities, counties, and the commonwealth.

4. A similar compilation of the returns of omitted assessments made under section forty-eight of said chapter. This shall be printed and furnished to the general court as soon as may be after such returns are filed.

5. On or before May first a report of the amount of income assessed under chapter sixty-two, and also an estimate of the probable amount of taxes that will be levied upon incomes thereunder.

DESTRUCTION OF CERTAIN DOCUMENTS.

1. Section 30. The commissioner may, after the lapse of five years from the date of their receipt, destroy returns made to him under section twenty-six of this chapter, copies, returns and statements made under sections forty-nine, eighty-three and eighty-six of chapter fifty-nine, and returns and copies made under sections three, thirteen, seventeen, twenty, twenty-five, thirty-five, forty, fifty-three and fifty-four of chapter sixty-three.

Section 1. There shall be in the department of the state treasurer, but in no manner subject to his control, a board of tax appeals, in this chapter referred to as the board, consisting of three members appointed by the governor, with the advice and consent of the council, who shall be designated in their initial appointments to serve respectively for two, four and six years from December first in the year of appointment. The governor shall designate one of the members as chairman. Upon the expiration of the term of office of a member, his successor shall be appointed in the manner aforesaid for six years. The chairman shall receive a salary of seventy-five hundred dollars and each other member shall receive a salary of seven thousand dollars.

No member of the board shall, while he remains a member, act as attorney, counsellor or accountant in any contested matter of taxation before the department of corporations and taxation, before any board of assessors or before the courts of the commonwealth; but the foregoing shall not be construed to prevent a member of the board from acting as attorney, counsellor or accountant in any tax matters other than those dealing with taxes levied by the commonwealth or by a subdivision thereof. The majority of the members of the board shall constitute a quorum for the transaction of its business. A vacancy in the board shall not impair its powers nor affect its duties. The board shall have a seal which shall be judicially noticed.

Section 2. The principal office of the board shall be in Boston but it may sit at any place within the commonwealth. The time and place of its meetings shall be prescribed by the chairman. The county commissioners shall provide the board with suitable rooms in courthouses or other buildings when necessary for hearings outside the city of Boston. Adequate offices and a hearing room in the state house or elsewhere in said city shall be provided for the board.

Section 3. The board shall provide for the publication and sale or distribution of such of its reports and opinions as are of public interest, in such form and manner as it may deem best adapted for public convenience and use, upon such terms and conditions as may be approved by the governor and council.
Section 4. The board shall make to the general court an annual report containing such suggestions and recommendations for the amendment, alteration and modification of existing laws relative to taxation and related matters, as it may deem desirable, and shall include in such report a statement of the number and type of matters handled by it during the preceding state fiscal year and the number of matters pending at the end of the year.

Section 5. The members and employees of the board shall receive their necessary traveling expenses and their expenses actually incurred for subsistence while traveling outside the city of Boston in the performance of their duties. The board may, subject to the approval of the governor and council, appoint and fix the compensation of such employees, including a clerk, and make such expenditures, including expenditures for law books and publications, as may be necessary in order to execute efficiently the functions vested in said board. All expenditures of the board shall be allowed and paid out of moneys appropriated for the purposes of the board, upon presentation of itemized vouchers therefor, signed by the chairman or a person designated by the board for the purpose.

Section 6. The board shall have jurisdiction to decide appeals under the provisions of sections eleven, fourteen and twenty-five of chapter fifty-eight; of clauses seventeenth and twenty-second of section five of chapter fifty-nine; of sections seven, thirty-nine, sixty-four, sixty-five, seventy-three and eighty-one of said chapter fifty-nine; of section two of chapter sixty A; of sections forty-five and fifty-one of chapter sixty-two; of sections two, five, eighteen A, twenty-eight, fifty-one, sixty and eighty-seven of chapter sixty-three; of section six of chapter sixty-four; of sections five and ten of chapter sixty-four A; of sections twenty-five and twenty-six of chapter sixty-five; of section four of chapter sixty-five A; and under any other provision of law wherein such jurisdiction is or may be expressly conferred. Except as otherwise provided by law, no appeal to the board shall stay the collection of any tax or excise. Whenever the commissioner of corporations and taxation, in this chapter called the commissioner, or a board of assessors before whom or which a petition for the abatement of a tax is or shall be pending fails to act upon said petition, except with the written consent of the petitioner, within four months of the date of the filing of such petition for abatement, the petition shall be deemed to be denied, and the taxpayer shall have the right to take any appeal from such decision to which he may be entitled by law, in the same manner as though the commissioner or board of assessors had in fact denied the said petition. The period limited in any statute for taking an appeal to the board of tax appeals shall not begin to run until such a petition for abatement of a tax is in fact denied by the commissioner or board of assessors.

Section 7. Any party taking an appeal to the board from a decision or determination of the commissioner or a board of assessors, herein referred to as the appellee, shall file a petition with the clerk of the board of tax appeals and serve upon said appellee in the manner provided in section nine a copy thereof. The commissioner shall forthwith furnish a copy of each such petition served upon him to the attorney general. The petition upon such appeal shall set forth specifically the

facts upon which the party taking an appeal, hereinafter called the
appellant, relies, together with a statement of the contentions of law
which the appellant desires to raise. The appellant shall state upon the
petition the address at which service of any pleading, motion, order, notice or process in connection with the appeal can be made upon him. Within twenty days of the date of the filing of such petition upon appeal, the appellee may abate the tax appealed from in whole or in part or change his or its determination. If the portion of the tax in issue is abated only in part, or if abatement is refused, or if the determination in issue is not changed to the satisfaction of the appellant, the appellee shall, unless the appeal is withdrawn by the appellant, file with the board an answer stating fully each finding of fact and ruling of law made with respect to the tax or determination in issue and denying or admitting each and every allegation of fact contained in the petition. A copy of the answer shall be served upon the appellant, in the manner provided in section nine. Within ten days of the filing of the answer, the party taking the appeal shall pay to the clerk of the board an entry fee of ten dollars. The board shall not consider, unless equity and good conscience so require, any issue of fact or contention of law not specifically set out in the petition upon appeal or raised in the answer.

SECTION 8. A hearing shall be granted if any party to an appeal so requests, and, upon motion of any party to an appeal or by direction of the board, any appeal may be set down for a hearing. Hearings before the board shall be open to the public and such hearings and all proceedings before the board shall be conducted in accordance with such rules of practice and procedure as the board may make and promulgate.

SECTION 9. The mailing by registered mail, postage prepaid, to the address of any appellant as given on the petition upon appeal, or to the address of his attorney or agent of record, if any, or to the usual place of business of the commissioner or of the board of assessors, shall be deemed sufficient service of any pleading, motion, order, notice or process so served in respect to proceedings before the board. The board may order that further notice be given in any case.

SECTION 10. At the request of any party or on its own motion, the board shall order that all proceedings in a pending appeal be stenographically reported. The board may contract for the reporting of such hearings at the expense of the commonwealth and in such contract may fix the terms and conditions upon which transcripts will be supplied to the board and to other persons and agencies by the stenographer.

SECTION 11. Any member of the board, or any employee of the board designated in writing for the purpose by the chairman, may administer oaths, and any member of the board may summon and examine witnesses and require, by subpoena signed by the member, the production of all returns, books, papers, documents, correspondence and other evidence, pertinent to the matter under inquiry, at any designated place of hearing, and may require the taking of a deposition before any person competent to administer oaths, either within or without the commonwealth. In the case of a deposition, the testimony shall be reduced to writing by the person taking the deposition or under his direction and shall then be subscribed by the deponent.
Either party may summon witnesses or may require the production of papers in the same manner in which witnesses may be summoned and papers may be required to be produced for the purpose of trials in the courts. Any witness summoned or whose deposition is taken shall receive the same fees and mileage as witnesses in the courts.

Section 12. Witness fees and expenses of service of process, together with the entry fee of ten dollars required in section seven, may be taxed as costs against the unsuccessful party to the appeal, in the discretion of the board. In the event that the commonwealth, or any official thereof, is the unsuccessful party to an appeal, the costs shall be paid from the state treasury upon certificate of a member of the board in such form as the board may prescribe by regulation. In the event that a subdivision of the commonwealth, or any official thereof, is the unsuccessful party to an appeal, the costs shall be paid from the treasury of such subdivision by the treasurer thereof upon certificate of a member of the board in such form as the board may prescribe by regulation. In the event that costs are taxed against an unsuccessful taxpayer, a member of the board shall certify the amount of the same and they may be recovered in an action of contract by the state treasurer, in the case of a tax assessed by the commissioner, or by the treasurer of the subdivision of the commonwealth in behalf of which the tax appealed from was assessed.

Section 13. The board shall make findings of fact and a decision in each case before it, and report thereon, in writing, except that the findings of fact and report thereon may be omitted in case of a decision dismissing any proceeding upon motion of the appellant. Such report may, in the discretion of the board, contain an opinion in writing, in addition to the findings of fact and decision. All reports, findings and opinions of the board and all evidence received by the board, including a transcript of the stenographic record of the proceedings, shall be open to the inspection of the public; except that the originals of books, documents, records, models, diagrams and other exhibits introduced in evidence before the board may be withdrawn from the custody of the board in such manner and upon such terms as the board may in its discretion prescribe. The decision of the board shall be final as to findings of fact. From any decision of the board upon an appeal from a decision or determination of the commissioner, or of a board of assessors, except decisions of the board under sections twenty-five and twenty-six of chapter sixty-five, an appeal as to matters of law may be taken to the supreme judicial court by either party to the proceedings before the board. A claim of appeal shall be filed with the clerk of the board within twenty days after the date of the decision of the board; and within twenty days thereafter, or within such further time as the board may allow, the appealing party shall enter the appeal in said court, in the county where either party lives or has his usual place of business, or in Suffolk county, and shall file with the clerk of said court a copy of the record before the board, shall serve by registered mail upon the adverse party a copy of the claim of appeal and a notice that he has entered said appeal and shall file an affidavit of such service with said clerk. The record in such an appeal shall include copies of the following: — the tax returns and lists, if any, filed by the taxpayer, so far as material to the controversy, the original assessment or other original determination in issue, so far as material, the request for abatement or other petition filed with the commissioner or with the board of

assessors and the decision or determination thereon, the petition upon appeal to the board, the answer to the petition and other pleadings, if any, filed with the board, the report and findings of the board including any opinions filed, all requests for rulings of law and findings of fact and the disposition of each by the board, the claim of appeal to the supreme judicial court and such portion of the stenographic transcript of the evidence before the board as may be necessary for the consideration of any question of law raised before the board, which it is alleged that the board has erroneously decided. Each claim of appeal shall set out separately and particularly each error of law asserted to have been made by the board, with precise references to the portions and particulars of the proceedings before the board in which it is alleged that error of law occurred.

Upon the entry of the appeal it shall be heard and determined by the full court. Within ten days from the entry of the appeal in the supreme judicial court the appealing party shall give the clerk of said court an order in writing to print the record filed with him and the affidavit of service for transmission to the full court, and, thereupon, in the manner provided in the second paragraph of section one hundred and thirty-five of chapter two hundred and thirty-one for carrying questions of law to the full court, the expense shall be estimated, notified to and paid by the appealing party, said record shall be printed and, together with any original papers, transmitted to the full court, and said appeal shall be entered on the docket of the full court. The court shall not consider any issue of law which does not appear to have been raised in the proceedings before the board. The court upon determination of the appeal may make such order as such determination may require including an order for costs.

Upon the entry of such order, with or without an order for costs, a copy thereof shall be transmitted by the clerk of said court to the clerk of said board. If the order grants an abatement of a tax assessed by the commissioner or by the board of assessors of a town and the tax has been paid, the amount abated with interest at the rate of six per cent per annum from the time when the tax was paid, and, if costs are ordered against the commissioner or against a board of assessors, the amount thereof, shall be paid to the taxpayer by the state treasurer or by the town treasurer, as the case may be, and, if unpaid in the latter case, executiontherefor may issue against the town as in actions at law. If costs are ordered against a taxpayer execution shall issue therefor. The appeal to the supreme judicial court under this section shall be the exclusive method of reviewing any action of the board, except action under sections twenty-five and twenty-six of chapter sixty-five. For want of prosecution of an appeal in accordance with the provisions of this section the board, or, if the appeal has been entered in the supreme judicial court a justice of that court, may dismiss the appeal. Upon dismissal of an appeal the decision of the board shall thereupon have full force and effect.

If the property of a person entitled to such exemption is taxable in more than one town, or partly without the commonwealth, only such proportion of the two thousand dollars exemption shall be made in any town as the value of the property taxable in such town bears to the whole of the taxable property of such person. No property shall be so exempt which of the two thousand dollars exemption shall be made in any town as the value of the property taxable in such town bears to the whole of the taxable property of such person. 204 of the taxable property of such person. The certificate of the granting of
205 a pension by the United States to a soldier or sailor for an injury or dis-

222 provided, further, that the combined estate, real and personal, of the
223 person so exempted and of the husband or wife of such person does not

225 of the mortgage interest held by persons other than the person to be
226 exempted in such mortgaged real estate as may be included in said com-
227 bined estate; but if, said combined estate being less than five thousand
228 dollars, the sum total thereof and of such mortgage interest exceeds one
229 thousand dollars, the amount so exempted shall be one thousand dollars.
230 If the property of a person entitled to such exemption is taxable in more
231 than one town, or partly without the commonwealth, only such propor-
232 tion of the one thousand dollars exemption shall be made in any town as
233 the value of the property taxable in such town bears to the whole of the

PAYMENT IN LIEU OF TAX ON PROPERTY HELD FOR CERTAIN MUNICIPAL PURPOSES.

Section 6. Property held by a city, town or district, including the metropolitan water district, in another city or town for the purpose of a water supply, the protection of its sources, or of sewage disposal, if yielding no rent, shall not be liable to taxation therein; but the city, town or district so holding it shall, annually in September, pay to the city or town where it lies an amount equal to that which such city or town would receive for taxes upon the average of the assessed values of the land, which shall not include buildings or other structures except in the case of land taken for the purpose of protecting the sources of an existing water supply, for the three years last preceding the acquisition thereof, the valuation for each year being reduced by all abatements thereon. Any part of such land or buildings from which any revenue in the nature of rent is received shall be subject to taxation.

If such land is part of a larger tract which has been assessed as a whole, its assessed valuation in any year shall be taken to be that proportional part of the valuation of the whole tract which the value of the land so
17 acquired, exclusive of buildings, bore in that year to the value of the
18 entire estate.

1 Section 7. The assessors of a city or town where land is acquired by
2 such other city, town or district for water supply or sewage disposal shall,
3 within one year after such acquisition, determine the average valuation
4 of such land under the preceding section, and certify the amount so
5 determined to such other city, town or district. The mayor or selectmen,
6 the commissioners or prudential committee of a district, or the metro-
7 politan district commission, within six months after receipt of said
8 certificate, may appeal from such determination to the board of tax ap-
9 peals; and said board shall determine the valuation in the manner
10 provided in the preceding section, and section sixty-five, so far as appli-
11 cable, shall govern such appeal.
12 If land within any city or town shall have been taken from it for said
13 purposes, and for any one of the three years prior to the taking shall have
14 been used for any public purpose, and for that reason no taxes shall have
15 been collected thereon, the city or town and the board or officer having
16 charge of the land so taken may within six years after the taking agree
17 as to the value of the land upon which the annual payment is to be made
18 as aforesaid from the time of the taking, and if they cannot agree the
19 board or officer shall notify the city or town thereof, and thereupon the
20 value shall be determined by the board of tax appeals under said section
21 sixty-five, and said notice shall be deemed to be the notice referred to in
22 said section sixty-five. This and the preceding section shall apply to
23 property held for the purposes of the metropolitan water supply, except
24 property situated in Ashland, Boylston, Holden, Hopkinton, Sterling or
25 West Boylston.

EXCISE TAX ON CERTAIN SHIPS OR VESSELS.

1 Section 8. Individuals or partnerships owning an interest in any
2 ship or vessel which has during the period of its business in the year pre-
3 ceding April first been engaged in interstate or foreign carrying trade or
4 engaged exclusively in fishing and documented and carrying "papers"
5 under the laws of the United States shall annually, within thirty days
6 after said date, make a return on oath to the assessors of the town where
7 such individuals reside or where such partnerships are taxable under
8 clause seventh of section eighteen, respectively, setting forth the name
9 of the ship or vessel, their interest therein, and the value of such interest.
10 If the assessors are satisfied of the truth of the return they shall assess
11 an excise tax of one third of one per cent upon such interest; and the
12 person or partnership making such return shall be exempt from any tax
13 upon said interest other than that assessed under this section.

WHERE AND TO WHOM POLLS AND PROPERTY SHALL BE ASSESSED.

1 Section 9. The poll tax shall be assessed upon each person liable
2 thereto in the town of which he is an inhabitant on April first in each
3 year, except in cases otherwise provided for by law. The poll tax of
4 minors liable to taxation shall be assessed to, and in the place of the
5 residence of, the parents or guardians having control of the persons of
6 such minors; but if a minor has no parent or guardian within the com-
7 monwealth, he shall be personally taxed for his poll, as if he were of full
8 age. The poll tax of every other person under guardianship shall be

assessed to his guardian in the place where the guardian is taxed for his own poll. In a city each inhabitant liable to assessment shall be assessed in the ward where he dwells; but no tax shall be invalid by reason of a mistake of the assessors in ascertaining the ward where a person should be assessed.

Section 10. A person liable to a poll tax, who is in a town on April first, and who, when inquired of by the assessors thereof, refuses to state his legal residence, shall for the purpose of taxation be deemed an inhabitant thereof. If he designates another town as his legal residence, said assessors shall notify the assessors of such other town, who shall thereupon tax him as an inhabitant thereof; but he shall not be exempt from the payment of a tax legally assessed upon him in his legal domicile.

Section 11. Taxes on real estate shall be assessed, in the town where it lies, to the person who is either the owner or in possession thereof on April first, and the person appearing of record, in the records of the county, or of the district, if such county is divided into districts, where the estate lies, as owner on April first, even though deceased, shall be held to be the true owner thereof, and so shall the person so appearing of record under a tax deed not invalid on its face. Real estate held by a religious society as a ministerial fund shall be assessed to its treasurer in the town where the land lies. Buildings erected on land leased by the commonwealth under section twenty-six of chapter seventy-five shall be assessed to the lessor or to the assignees, at the value of said buildings. Except as provided in the three following sections, mortgagors of real estate shall for the purpose of taxation be deemed the owners until the mortgagee takes possession, after which the mortgagee shall be deemed the owner.

Section 12. If any person has an interest in real estate, not exempt from taxation under section five, as holder of a duly recorded mortgage given to secure the payment of a fixed and certain sum of money, the amount of his interest as mortgagee shall be assessed as real estate in the town where the land lies; and the mortgagor shall be assessed only for the value of such real estate after deducting the assessed value of the interest therein of such mortgagee. If such estate is situated in two or more towns, the amount of the mortgagee’s interest to be assessed in each town shall be proportioned to the assessed value of the mortgaged real estate in the respective towns, deducting therefrom the taxable amount of prior mortgages, if any, thereon.

5 in the mortgage shall be conclusive as to the extent of such interest; but 6 his interest in such real estate shall not be assessed at a greater sum than 7 the fair cash valuation of the land and the structures thereon or affixed 8 thereto; and the amount of a mortgage interest in an estate divided 9 after the creation of such mortgage need not be apportioned upon the 10 several parts of such estate, except as provided in sections seventy-nine 11 to eighty-one, inclusive. Whenever, in any case of mortgaged real est- 12 tate, such statement is not brought in, no tax on such real estate for 13 the year then current shall be invalidated for the reason that a mort- 14 gagee’s interest therein has not been assessed to him.

1 Section 14. Mortgagors and mortgagees referred to in the two pre- 2 ceding sections shall for the purpose of taxation be deemed joint owners 3 until the mortgagee takes possession; and until such possession is taken 4 by a first mortgagee, an assessor or the collector of taxes, upon application, 5 shall give to any such mortgagee or mortgagor a tax bill showing the 6 whole tax on the mortgaged estate and the amount included in the valua- 7 tion thereof as the interest of each mortgagee and of the mortgagor 8 respectively. If the first mortgagee is in possession, he shall be deemed 9 sole owner; and any other mortgagee in possession shall be deemed joint 10 owner with prior mortgagees.

1 Section 15. If a tenant paying rent for real estate is taxed therefor, 2 he may retain out of his rent the taxes paid by him, or may recover the 3 same in an action against his landlord, unless there is a different agree- 4 ment between them.

P. S. 11, § 17. 189 Mass. 182. 263 Mass. 255.

1 Section 16. The undivided real estate of a deceased person may be 2 assessed to his heirs or devisees, without designating any of them by 3 name, until they have given notice to the assessors of the division of the 4 estate and of the names of the several heirs or devisees; and each heir 5 or devisee shall be liable for the whole of such tax, and when paid by 6 him he may recover of the other heirs or devisees their respective pro- 7 portions thereof.

1 Section 17. The real estate of a person deceased, the right or title 2 to which is doubtful or unascertained by reason of litigation concerning 3 the will of the deceased or the validity thereof, may be assessed in general 4 terms to his estate, and said tax shall constitute a lien upon the land so 5 assessed and may be enforced by sale of the same or a part thereof, as 6 provided for enforcing other liens for taxes on real estate.

The lists shall be preserved by the assessors until the commissioner orders them destroyed.

Section 33. All persons engaged in the business of storing or keeping merchandise in storage warehouses shall, within ten days after a request therefor by the assessors of the town where said property is so stored or kept, permit said assessors to copy from their records a list of the names and addresses of all persons who appear, on April first in such year, to have any such property stored or kept in any such warehouse; but such persons shall not be required to furnish lists of persons having property stored in warehouses which is composed of imported goods in original packages and owned by the importer, or of goods that have been received for export trade. Failure to comply with this section shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than ninety days.

Section 34. A mortgagor or mortgagee of real estate may bring in to the assessors of the town where it lies, within the time prescribed by the notice under section twenty-nine, a sworn statement of the amount secured thereon or on each separate parcel thereof, with the name and residence of every holder of an interest therein as mortgagor or mortgagee. If such property is situated in two or more places, or if a recorded mortgage includes two or more estates or parts of an estate as security for one sum, such statement shall include an estimate of the interest of the mortgagee in each estate or part thereof. The assessors shall, from such statement or otherwise, ascertain the proportionate interests of the ten mortgagor or mortgagee respectively in said estates, and shall assess the same accordingly. If, in any year, such statement is not brought in, the tax for that year on such real estate shall not be invalid merely for the reason that the interest of the mortgagee therein has not been assessed to him.

Section 35. Assessors shall receive as true, except as to valuation, the list brought in by each person, unless, on being thereto required by the assessors, such person refuses to answer on oath all necessary inquiries as to the nature and amount of his property.

Section 36. Assessors shall ascertain as nearly as possible the particulars of the personal estate, and of the real estate in possession or
3 occupation, as owner or otherwise, of any person not bringing in such list, and shall estimate its just value, according to their best information and belief.

1 Section 37. Such estimate shall be entered in the valuation book, and, except as provided in section sixty-one, shall be conclusive upon any person not seasonably bringing in such list, unless he shows a reasonable excuse for the omission.

VALUATION OF PROPERTY.

1 Section 38. The assessors of each city and town shall at the time appointed therefor make a fair cash valuation of all the estate, real and personal, subject to taxation therein, and, in cities, the assessors may, in any year, divide the city into convenient assessment districts.

1 Section 39. The valuation at which the machinery, poles, wires and underground conduits, wires and pipes of all telephone and telegraph companies shall be assessed by the assessors of the respective towns where such property is subject to taxation shall be determined annually by the commissioner, subject to appeal to the board of tax appeals, as hereinafter provided, and shall by him be certified to the assessors on or before June fifteenth. A board of assessors aggrieved by a valuation made by the commissioner under this section may, within ten days after notice of his valuation, apply to said board of tax appeals. Said board shall hear and decide the subject matter of such appeal and give notice of its decision to the commissioner and to the assessors; and its decision as to the valuation of the property shall be final and conclusive, except as provided in section seventy-three, relative to abatements. The assessors shall, in the manner provided by law, assess the machinery, poles, wires and underground conduits, wires and pipes of all telephone and telegraph companies as certified and at the value determined by the commissioner or by the board of tax appeals, and such assessment by a board of assessors shall be deemed to be a full compliance with the oath of office of each assessor and a full performance of his official duty with relation to the assessment of such property, except as provided in the following section.

1 Section 40. Every board of assessors shall, as and when required by the commissioner, furnish him with any and all information in its knowledge or possession relating to any property, the value of which he is required to determine by the preceding section.

1 Section 41. Every telephone or telegraph company owning any property required to be valued by the commissioner under section thirty-nine shall annually, on or before a date determined by the commissioner but in no case later than June first, make a return to the commissioner signed and sworn to by its treasurer. This return shall be in
the form and detail prescribed by the commissioner and shall contain all information which he shall consider necessary to enable him to make the valuations required by section thirty-nine, and shall relate, so far as is possible, to the situation of the company and its property on April first of the year when made. Property returned to the commissioner as herein provided need not be included in the list required to be filed by a telephone or telegraph company under section twenty-nine.

Section 42. If any company, or any treasurer thereof, shall in any year refuse or neglect to make the return required by the preceding section, the commissioner shall estimate the value of the property of the company, and in such case the value determined by the commissioner shall not be less than twice the value determined in the previous year.

Books, Lists, Tables and Returns of Assessors.

Section 43. The assessors shall make, on the books furnished under section forty-five, a list of the valuation and the assessment thereon, in the following manner: In each column provided in the book or books so furnished shall be entered the valuation of that portion, if any, of the personal property of each person and corporation, indicated by the heading thereof. The total amount of the taxable personal property shall be shown, but without other detail or specification than is provided for herein. Before the taxes are committed for collection they shall deposit the books, or an attested copy thereof, in their office or, if there is no office, with their chairman, for public inspection.

Section 44. The list shall exhibit the valuation and assessment of the polls and estates of the inhabitants assessed; and the valuation and assessment of the estates of non-resident owners, and shall contain the names of the non-resident owners of the property assessed, or such description of them as can be given, their places of abode, if known, the description of their estate, the true value of such estate, and the tax thereon.

Section 45. The commissioner shall provide each city and town, on or before April first annually, suitable books for the use of the assessors in the assessment of taxes, which shall contain blank columns, with uniform headings for a valuation list, and blank tables for aggregates, in the following form or in such other form as the commissioner shall from time to time determine; provided, that in lieu of the valuation list provided for in this section and the preceding two sections, the assessors of any city or town may, with the assent of the commissioner, prepare a valuation list upon books furnished by the city or town and in such form as the commissioner shall approve, and that, for the separate listing of poll taxes under section four of chapter sixty, such portion of the books furnished by the commissioner as he shall determine may contain only the first three columns of said form.

### Section 46. The assessors shall enter in the books so furnished the valuation and assessment of the polls and estates of the persons assessed, as directed in the headings of the various columns and shall state the value of each building described, including therein water wheels but excluding land and water power and machinery used in the building.

### Section 47. The assessors shall fill up the table of aggregates by an enumeration of the necessary items included in the lists of valuation and assessments, and shall annually, on or before October first, deposit in the office of the commissioner an attested copy of the same.

### Section 48. Annually on or before January fifteenth, assessors shall report to the commissioner in the form prescribed for tables of aggregates by the two preceding sections the facts as to any and all assessments made between December tenth and twentieth preceding, both inclusive, under section seventy-five.

### Section 49. The assessors, except those of Boston, on or before October first, nineteen hundred and twenty-two, and in every third year thereafter, shall deposit in the office of the commissioner, in books to be by him provided for the purpose, a copy of the assessors' valuation books of those years, to be by them certified under oath. This shall not excise, in such years, the filing of a separate copy of the table of aggregates under section forty-seven.

1 Section 50. The books provided by the commissioner for the use of the assessors shall contain a copy of this section, of the seven preceding sections and of sections eighty-four and ninety-four, and such certificates as are required by law to be signed by the assessors, with such explanatory notes as he considers necessary to secure uniformity of returns under the several headings.

1 Section 51. The assessors shall enter upon the valuation list, in the appropriate columns after the enumeration of the persons and estates liable to taxation therein contained, a statement and description of all the property and estate, with the fair cash value thereof, which is exempted from taxation in their respective towns pursuant to the provisions of the first fifteen clauses of section five, or for the reason that it is owned by a county, city, town or district and put to a public use, with the names of the persons or corporations owning the same and the purpose for which it is used, and with a reference to the law, if any, by which such exemption is allowed.

1 Section 52. The assessors, or other persons authorized to assess taxes, shall, at the end of said valuation list, subscribe the following statement:

We, the assessors (or other persons so authorized, as the case may be), do severally state, that the foregoing list is a full and true list of the names of all persons known to us, who are liable to taxation in (here insert the name of the city or town,) during the present year, and that the real and personal estate contained in said list, and assessed upon each person in said list, is a full and accurate assessment upon all the property of each person, liable to taxation, at its full and fair cash value, according to our best knowledge and belief. This statement is made under the penalties of perjury.

4 Failure to subscribe the foregoing statement shall not invalidate a tax otherwise legally assessed; but whoever assesses taxes in a town without having subscribed the same shall be punished by a fine of ten dollars.

Collectors List and Warrant.

1 Section 53. The assessors shall, within a reasonable time, commit the tax list with their warrant to the collector of taxes, and, if there is a fire, water, light or improvement district in the town, they shall commit to him a separate list and warrant for the district taxes. If no collector has been chosen, they shall commit such list with their warrants, to a constable; or, if there is no constable, to the sheriff or his deputy; but the assessors of a town shall not commit a tax list to the collector until the bonds of such collector and of the town treasurer have been given, and approved as required by law.

1 Section 54. The tax list committed to the collector shall be in a form approved by the commissioner.

1 Section 55. The warrant shall specify the duties of the collector as prescribed by law in the collection of taxes, the times when and the
person to whom he shall pay them, shall be substantially in the form heretofore used, and need not be under seal.

SECTION 56. If a warrant issued for the collection of taxes is lost or destroyed, the assessors may issue a new warrant therefor, which shall have the same force and effect as the original warrant.

INTEREST AND DISCOUNT ON TAXES.

SECTION 57. Taxes shall be payable in every city, town and district in which the same are assessed, and bills for the same shall be sent out, not later than October fifteenth of each year, unless by ordinance, by-law or vote of the city, town or district, an earlier date of payment is fixed. On all taxes remaining unpaid after the expiration of seventeen days from said October fifteenth, or after such longer time as may be fixed by any city, town or district which fixes an earlier date for payment, but not exceeding thirty days from such earlier date, interest shall be paid at the following rates computed from the date on which the taxes become payable: at the rate of six per cent per annum on all taxes and, by way of penalty, at the additional rate of two per cent per annum on the amount of all taxes in excess of two hundred dollars assessed to any taxpayer, in any one city or town, if such taxes remain unpaid after the expiration of three months from the date on which they became payable, but if, in any case, the tax bill is sent out later than the day prescribed, interest shall be computed only from the expiration of such seventeen days or said longer time. In no case shall interest be added to taxes paid prior to the expiration of seventeen days from the date when they are payable, nor shall any city or town so fix an earlier date of payment and longer time within which taxes may be paid without interest as would permit the payment of any taxes without interest after November first of the year in which they are due. Bills for taxes assessed under section seventy-five shall be sent out not later than December twenty-sixth, and such taxes shall be payable not later than December thirty-first. If they remain unpaid after that date, interest shall be paid at the rates above specified, computed from December thirty-first until the day of payment, but if, in any case, the tax bill is sent out later than December twenty-sixth, said taxes shall be payable not later than ten days from the day upon which said bill is sent out, and interest shall be computed from the fifteenth day following the date when the tax becomes due. In all cases where interest is payable it shall be added to and become a part of the tax.

ABATEMENTS.

SECTION 59. A person aggrieved by the taxes assessed upon him may, within one year after April first of the year to which the tax relates, apply to the assessors for an abatement thereof; and if they find him taxed at more than his just proportion, or upon an assessment of any of his property in excess of its fair cash value, they shall make a reasonable abate-
ment. A tenant of real estate paying rent therefor and under obligation to pay more than a moiety of the taxes thereon may apply for such an abatement.

1. Section 60. Every board of assessors shall keep a record of all abatements of taxes. The record of abatement of the whole or any part of any tax shall show plainly the following details, viz.:

First, The name or title in which the tax stands assessed.

Second, The year in which the tax was assessed.

Third, The total amount of the tax.

Fourth, The date when the abatement was made.

Fifth, The sum abated on poll tax.

Sixth, The sum abated on personal estate.

Seventh, The sum abated on real estate.

Eighth, The total sum abated.

Ninth, In case of an abatement to put into effect a statutory exemption, exact reference to the statutory provision under which the exemption is granted and in all other cases a statement of the cause or reason for the abatement.

If the record of an abatement is made as a part of the record of a meeting of the board of assessors it shall be signed by the clerk or secretary of the board for that meeting; otherwise by a majority of the board.

The assessors shall forthwith upon making an abatement furnish the tax collector with a copy thereof.

1. Section 61. A person shall not have an abatement of a tax imposed upon his personal property subject to taxation, except as otherwise provided, unless he has brought in to the assessors a list of his personal estate as required by section twenty-nine. If such a list of his personal estate is not filed within the time specified in the notice required by said section twenty-nine, no part of the tax assessed on the personal estate shall be abated unless the applicant shows to the assessors a reasonable excuse for the delay, or unless such tax exceeds by fifty per cent the amount which would have been assessed on such estate, if the list had been seasonably brought in, and in such case only the excess over such fifty per cent shall be abated. An owner of real estate or a tenant of real estate paying rent and under obligation to pay more than one half of the taxes thereon may have an abatement of any assessment or tax upon real estate although no list of the owner's estate was brought in as required by the said notice; provided, that in any application for an abatement of such an assessment or tax the applicant shall include a sufficient description of the particular real estate as to which an abatement is requested.

SECTION 64. A person aggrieved by the refusal of assessors to abate a tax may, within thirty days after receiving the notice provided in the preceding section, appeal therefrom by filing a complaint with the clerk of the county commissioners, or of the board authorized to hear and determine such complaints, for the county where the property tax lies, and if on hearing the board finds that the property has been overrated, it shall make a reasonable abatement and an order as to costs. If the list of personal property required to be brought in to the assessors was not brought in within the time specified in the notice required by section twenty-nine, no tax upon personal property shall be abated unless the appellate board finds good cause for this delay or unless the assessors have so found as provided in section sixty-one. A tax or assessment upon real estate may be abated whether or not a list of property was brought in within the time specified by the notice required by section twenty-nine; provided, that the application for an abatement of such a tax or assessment included a sufficient description of the particular real estate as to which an abatement is requested.

Upon the filing of a complaint under this section the clerk of the county commissioners or of the board authorized to hear and determine the same shall forthwith transmit a certified copy of such complaint to the assessors and the assessor or the city solicitor or town counsel may within thirty days after receipt of said copy give written notice to said clerk and to the complainant that the town elects to have the same heard and determined by the board of tax appeals. Thereupon, the clerk of the county commissioners or of the board authorized to hear and determine such complaints shall forward all papers with respect to such complaint then in the file of the county commissioners or other such board to the clerk of the board of tax appeals and proceedings with respect to such complaint shall thenceforth be continued as provided in chapter fifty-eight A. If upon hearing the board of tax appeals finds that the complainant is duly entitled to an abatement, it may grant him such reasonable abatement as justice may require, and shall enter an order directing the treasurer of the town to refund said amount, if the tax sought to be abated has been paid, together with all charges and interest on the amount of the abatement from the date of the payment of the tax. The board may make such order with respect to the payment of costs as justice may require.

SECTION 65. A person aggrieved as aforesaid may, instead of pursuing the remedy provided in section sixty-four, but subject to the same conditions, appeal to the board of tax appeals by filing a petition with such board within thirty days of the giving of the notice required by section sixty-three. Such appeal shall be heard and determined by said board in the manner provided by chapter fifty-eight A. The board may enter such order as justice may require in the manner provided in the preceding

1 Section 71. If a collector is satisfied that a poll tax or tax upon per-
2 sonal property, or any portion of said tax, committed to him or to any
3 of his predecessors in office for collection, cannot be collected by reason
4 of the death, absence, poverty, insolvency, bankruptcy or other inability
5 of the person assessed to pay, he shall notify the assessors thereof in
6 writing, on oath, stating why such tax cannot be collected. The as-
7 sessors shall act on such notification within thirty days after its receipt
8 and, after due inquiry, may abate such tax or any part thereof, and
9 shall certify such abatement in writing to the collector; and said certifi-
10 cate shall discharge the collector from further obligation to collect the
11 tax so abated.

1 Section 72. Whenever the commissioner deems any lands to have
2 been assessed at a valuation insufficient to meet the charges and expenses
3 of collecting the tax thereon, he may in writing authorize the assessors
4 to abate the tax of their own motion as a tax which ought not to have
5 been assessed. The authorization shall form a part of the assessors' 6 records of abatements.

1 Section 73. Any company aggrieved by the taxes assessed on it
2 relating to any property valued in accordance with section thirty-nine
3 may, within one year after April first of the year to which the tax relates
4 apply to the commissioner for an abatement thereof; and if the com-
missioner finds that the company is taxed at more than its just proportion, or upon an assessment of any of its said property in excess of its fair cash value, he shall make a reasonable abatement. No company which has not duly filed the return required by section forty-one shall have an abatement unless it shall furnish to the commissioner a reasonable excuse for the delay, or unless such tax exceeds by more than fifty per cent the amount of the tax which would have been assessed on such property if the return had been seasonably filed, and in such case only the excess over such fifty per cent shall be abated. Whenever any application for abatement hereunder is made, the commissioner shall give notice thereof to the assessors of the town in which is located any of the property with reference to which an abatement of the tax is asked for, and such assessors may appear before the commissioner and be heard by him with relation to the subject of the abatement. The commissioner shall, within ten days after his decision on an application for abatement hereunder, give written notice thereof to the applicant and to the assessors. A company aggrieved by the refusal of the commissioner to abate a tax hereunder may prosecute an appeal from his decision in the manner and to the tribunals provided for a person aggrieved by the refusal of assessors to abate a tax, and all laws relating to such an appeal from a refusal of assessors to abate a tax shall apply in proceedings hereunder.

SECTION 74. Whenever an abatement is finally made to any corporation taxable under chapter sixty-three upon any tax assessed by the assessors of any town, upon or in respect of works, structures, real estate, motor vehicles, machinery, poles, underground conduits, wires and pipes, the assessors, commissioners or court granting such abatement shall forthwith notify the commissioner thereof, and shall state in such notice what sum was determined by such assessors, commissioners or court to have been the full and fair cash value of such works, structures, real estate, machinery, poles, underground conduits, wires and pipes on the first day of April on which the tax so abated was originally assessed or to have been the proper value of any such motor vehicle owned by such corporation and assessed under chapter sixty A.

OMITTED ASSESSMENTS.

SECTION 75. If the real or personal estate of a person, to an amount not less than one hundred dollars and liable to taxation, has been omitted from the annual assessment of taxes, the assessors shall between December tenth and twentieth following, both inclusive, assess such person for such estate. The taxes so assessed shall be entered on the tax list of the collector, who shall collect and pay over the same. Such additional assessment shall not render the tax of the town invalid although its amount, in consequence thereof, shall exceed the amount authorized by law to be raised.

SECTION 76. If the commissioner deems any property subject to taxation not properly valued, he may recommend to the assessors a revision of its valuation, and they may make an assessment upon the additional value in the manner and within the time provided by the preceding section and subject to its provisions.
REASSESSMENT OF TAXES.

Section 77. Every tax except a poll tax, which is invalid by reason of error or irregularity in the assessment and which has not been paid, or which has been recovered back, may be reassessed by the assessors for the time being, to the just amount to which, and upon the estate of the person to whom, it ought at first to have been assessed, whether such person has continued an inhabitant of the same city or town or not.

An alienation of the real estate assessed shall not defeat a reassessment, if made within two years after the tax first assessed was committed to the collector; but the lien provided by section thirty-seven of chapter sixteen shall terminate as therein provided.

Section 78. Taxes reassessed under the preceding section shall be committed to, and collected and paid over by, the collector for the time being, in the same manner as other taxes, except that the name of the person to whom they were originally assessed shall be stated in the tax list; and the bond of such collector shall apply to such reassessed taxes.

Apportionment of Taxes on Real Estate Subsequently Divided.

Section 79. If real estate is divided by sale, mortgage, upon a petition for partition or otherwise after a tax has been assessed thereon and such division has been duly recorded in the registry of deeds, the assessors, at any time before said real estate has been advertised for sale for nonpayment of taxes, upon the written request of the owner or mortgagee of any portion thereof, shall apportion said tax, with costs and interest upon the several parcels thereof, in proportion to the value of each, and only the portion of said tax, interest and costs so apportioned upon any such parcel shall continue to be a lien upon it; and the owners or mortgagees shall be liable only for the tax apportioned upon the parcel owned in whole or in part by them respectively.

Section 80. Assessors shall send notice of the request for such apportionment and of the time appointed therefor, by mail, to every person interested in said real estate whose address is known to them.

Section 81. A person aggrieved by any action of the assessors in making such apportionment may within seven days thereafter appeal in like manner as in case of an overassessment, and the decision upon such appeal shall be final.

Illegal Assessments.

Section 82. If, by reason of an erroneous or illegal assessment or apportionment of taxes, a person is assessed more than his due proportion, the tax and assessment shall be valid except as to the illegal excess.

ADDITIONAL DUTIES OF ASSESSORS.

Section 83. Assessors shall annually, on or before the first Monday of July, return to the commissioner the names of all domestic and foreign corporations, except banks of issue and deposit, having a capital stock divided into shares, organized for the purposes of business or profit and established in their respective towns or owning real estate therein, and a detailed statement of the works, structures, real estate, machinery, poles, underground conduits, wires and pipes owned by each of said corporations and situated in such town, with the value thereof, on April first preceding, and the amount at which the same is assessed in said town for the then current year. The assessors shall at the same time return to the commissioner a detailed statement of all motor vehicles owned by each such corporation and the amount at which each such vehicle is assessed under chapter sixty A for said year. An assessor neglecting to comply with this section shall be punished by a fine of one hundred dollars.

1928, 379, § 7. 12 Allen, 75, 391.

Section 84. If the assessors of a town ascertain that the aggregate valuation thereof has been diminished since April first of the preceding year, they shall return with the table of aggregates, or with the books, which they are required by sections forty-seven, forty-eight and forty-nine to deposit in the office of the commissioner, a statement, on oath, of the causes which in their opinion have produced such diminution.

Assessors shall annually, on or before September first, make a return to the commissioner, in such form as he may prescribe, of the value of property exempted from taxation under clauses twenty-second and twenty-third of section five, together with the amount of taxes which would have been assessed on such property but for said exemption.

Section 86. Assessors shall annually, on or before October first, forward to the commissioner a statement showing the whole amount of exempted property entered upon the valuation lists of their respective towns in accordance with section fifty-one, and the amount in each class, and stating separately the aggregate amount belonging to each class embraced in clause third of section five, and shall also forward such lists and statements required by section twenty-nine relative to real and personal property exempt from taxation under said clause as have been received by them.

RESPONSIBILITY AND COMPENSATION OF ASSESSORS.

Section 87. Assessors shall not be responsible for the assessment of a tax assessed by them in pursuance of a vote for that purpose, certified to them by the clerk or other proper officer of a city, town or district, except for the want of integrity and fidelity on their own part.

18 the person in any county. A warrant issued under this section may be
19 signed by the collector or his deputy; and, if the warrant is sealed by
20 an impression seal, a facsimile of the signature of the collector shall have
21 the same validity as his written signature.

1 Section 34A. A person shall not be committed to jail for the non-
2 payment of a tax, nor shall a person so committed be further detained
3 therein, if he gives to the collector or to the officer charged with the
4 service of the collector’s warrant a bond running to the collector suffi-
5 cient in amount to cover the amount of the tax and all interest and other
6 charges and fees which are or may become due thereon, conditioned to
7 pay the same to the collector or officer within thirty days thereafter or
8 within such further time as the collector or officer may fix, and with
9 such surety or sureties as the collector or officer or a master in chancery
10 may approve. A person shall not be committed for such non-payment
11 until he has been given a reasonable time to procure such a bond.
COLLECTION BY SUIT.

Section 35. If a tax remains unpaid for three months after commitment to the collector, he may maintain an action in his own name against the person assessed therefor in the same manner as for his own debt.

Section 36. If a person assessed for a tax dies or becomes insolvent before the payment thereof, or if a tax is assessed upon the estate of a deceased person, the executor, administrator or assignee shall, if a demand has been made on him therefor, forthwith on receipt of any money applicable to the payment of the tax, pay the same, and in default shall be personally liable therefor as for his own tax.

COLLECTION BY SALE OR TAKING OF LAND.

Section 37. Taxes assessed upon land, including those assessed under sections twelve, thirteen and fourteen of chapter fifty-nine, shall with all incidental charges and fees be a lien thereon from April first in the year of assessment. Such lien shall terminate at the expiration of two years from October first in said year, if the estate has in the meantime been alienated and the instrument alienating the same has been recorded, otherwise it shall continue until a recorded alienation thereof; but if while such lien is in force a tax sale or taking has been made, and the deed or instrument of taking has been duly recorded within thirty days, but the sale or taking is invalid by reason of any error or irregularity in the proceedings subsequent to the assessment, the lien shall continue for ninety days after a release, notice or disclaimer, under sections eighty-two to eighty-four, inclusive, has been duly recorded, or for ninety days after the sale or taking has been finally adjudged invalid by a court of competent jurisdiction. There shall be no lien for taxes re-assessed if the property is alienated before the reassessment. Said 16 taxes, if unpaid for fourteen days after demand therefor, may, with said 17 charges and fees, be levied by sale of the real estate, if the lien thereon 18 has not terminated. No tax title shall be held to be invalid by reason 19 of any errors or irregularities in the proceedings of the collector which 20 are neither substantial nor misleading.

Section 38. If a mortgagee of land situated in the place of his residence, before September first of the year in which the tax is assessed, gives written notice to the collector that he holds a mortgage on land, with a description of the land, the demand for payment shall be made on the mortgagee instead of the mortgagor.
1 Section 39. If a mortgagee or an owner of land causes a notice, 
2 designating a place in the town where such land lies at which all papers 
3 relative to taxes on such land which are to be served on him may be 
4 left, to be recorded in January of any year in the office of the clerk of such 
5 town, and, during said month, to be delivered to the collector thereof, 
6 the collector shall serve at such place any notice, summons, demand for 
7 payment or other paper relating to the taxes on such land which is to be 
8 served by him. The collector shall not advertise the sale of such land 
9 for two months after the time of a demand so made.

1 Section 40. The collector shall give notice by publication of the 
2 time and place of sale of land for non-payment of taxes. Such notice 
3 shall contain a substantially accurate description of the several rights, 
4 lots or divisions of the land to be sold, which shall be furnished to the 
5 collector by the assessors upon demand of the collector, the amount of the 
6 tax assessed on each, and the names of all owners known to the collector. 
7 Such notice of the sale of the undivided real estate of a deceased person 
8 assessed to his heirs or devisees or assessed in general terms to his estate 
9 shall contain the names of all the heirs or devisees interested in such real 
10 estate, if the probate records of the county where the land lies disclose 
11 their identity.

[See Form 9 at end of chapter.]

1 Section 41. If land to be sold is situated in a town the name of 
2 which has been changed by law within three years preceding the sale, the 
3 collector shall designate such town in his notices of the sale by both its 
4 former and existing name.

1 Section 42. The collector shall, three weeks before the sale, post a 
2 notice similar to that required by section forty in some convenient and 
3 public place.

[See Form 10 at end of chapter.]
SECTION 44. The collector may adjourn the sale from time to time not exceeding seven days in all, and shall give notice of every adjournment by a public declaration thereof at the time and place appointed for the sale.

112 Mass. 535.

SECTION 45. The collector shall execute and deliver to the purchaser a deed of the land, stating the cause of sale, the price for which the land was sold, the name of the person on whom the demand for the tax was made, the places where the notices were posted, the name of the newspaper in which the advertisement of the sale was published, and the residence of the grantee, and shall contain a warranty that the sale has in all particulars been conducted according to law. The deed shall convey the land to the purchaser, subject to the right of redemption. The title thus conveyed shall, until redemption or until the right of redemption is foreclosed as hereinafter provided, be held as security for the repayment of the purchase price, with all intervening costs, terms imposed for redemption and charges, with interest thereon, and the premises conveyed shall also be subject to and have the benefit of all easements and restrictions lawfully existing in, upon or over said land or appurtenant thereto when so taken. Such deed shall not be valid unless recorded within thirty days after the sale. If so recorded it shall be prima facie evidence of all facts essential to the validity of the title thereby conveyed, whether the deed was executed on or before as well as since July first, nineteen hundred and fifteen. No sale hereafter made shall give to the purchaser any right to possession of the land until the expiration of two years after the date of the sale.

[See Form 10 at end of chapter.]

SECTION 46. If it subsequently appears that, by reason of an error, omission or informality in the assessment or the sale, the purchaser has no claim upon the property sold, he may within six months after the date of the deed, offer by writing given to the collector to surrender and discharge his deed or to assign and transfer to the town all his right, title and interest in the premises, as the collector shall elect. Such offer shall contain a specific statement of the reason why the holder has no claim on the land sold, with the evidence on which he relies, and if such evidence consists of any public record or of facts shown therein, such offer shall contain a specific reference thereto. Upon such surrender and discharge or assignment and transfer, the town shall pay to the purchaser the amount which he paid, with interest at the rate of eight per cent per annum, which payment shall be in full for all damages for any defects in the proceedings or under the warranty in such deed. No town and no treasurer or collector thereof shall pay or be liable for any amount due under this section unless such statement is filed.

SECTION 47. Whoever has a title to land under a sale for non-payment of taxes or other assessment and is a resident of the town where such land lies shall file with the treasurer thereof and in the registry of deeds a statement of his residence and place of business, with the street and number, if any. 6 who removes therefrom, shall appoint an agent residing therein, or in the
town where the tax deed is recorded, authorized to release such land. He
shall also file the statement above required in which he shall also state
the name of such agent and his residence and place of business, with the
street and number, if any. Whenever a person holding a tax title changes
his residence or place of business or agent, he shall file a new certificate.
12 Tender of payment to, and service of process upon, such agent shall be a
sufficient tender to, or service upon, the holder of such tax title.

1 Section 48. If at the time and place of sale no person bids for the
land offered for sale an amount equal to the tax and charges, and if the
sale has been adjourned one or more times, the collector shall then and
there make public declaration of the fact; and, if no bid equal to the tax
and charges is then made, he shall give public notice that he purchases
the town by which the tax is assessed said land as offered for sale at
the amount of the tax and the charges and expenses of the levy and sale.
8 Said amount, together with the cost of recording the deed of purchase,
shall be allowed him in his settlement with such town, provided he has
caused the deed to be duly recorded within thirty days after the purchase
and to be delivered to the town treasurer.

1 Section 49. If the purchaser fails to pay the collector within twenty
days after the sale the amount bid by him, the sale shall be void, and
the town shall be deemed to be the purchaser of the land, under the pre-
ceeding section.

1 Section 50. If the town becomes the purchaser, the deed to it, in
addition to the statements required by section forty-five, shall set forth
the fact that no sufficient bid was made at the sale or that the purchaser
failed to pay the amount bid, as the case may be, and shall confer upon
such town the rights and duties of an individual purchaser. Every such
deed and every instrument of taking described in section fifty-four shall
be in the custody of the town treasurer, and there shall be set up on the
books of the town, whether kept by the treasurer or otherwise, a separate
account of each parcel of land covered by any such deed or instrument,
10 to which shall be charged the amount stated in the deed or instrument,
11 the cost of recording the same, all uncollected taxes assessed to such
12 parcel for any year subsequent to that for the taxes for which such parcel
13 was purchased or taken, with all legal costs and charges, until redemption
14 or foreclosure. The town treasurer, at the expiration of two years from
15 the date of any such purchase or taking, shall institute proceedings for
16 foreclosure.

1 Section 51. If unimproved and unoccupied land does not exceed
2 four thousand square feet in area, or is laid out in lots or parcels no one
3 of which exceeds such area, and the taxes unpaid for any one year do not
4 exceed fifty cents on such land, or on any such lot or parcel thereof, the
5 collector may give notice of the sale by publication of an advertisement
6 stating the name of the owner of record of each lot on April first of the
7 year of assessment, the tax due thereon and the number of such lot on a
8 street, way or plan, without further description thereof. The collector

[See Form 11 at end of chapter.]

[See Form 12 at end of chapter.]
may convey in one deed to the same purchaser or convey to the town any number of the lots so advertised and sold, and said deed shall state the name of said owner of record of each lot conveyed therein, on April first of said year, the amount of the taxes and costs due for each lot, and the number on the street, way or plan of each lot respectively, and need contain no further description of the lot, owner or amount due. The cost of the sale shall be apportioned equally among all the lots sold, and the cost of the deed shall be apportioned equally among all the lots conveyed thereby.

SECTION 52. Cities and towns may make regulations for the possession, management and sale of such land and for the assignment of tax titles, not inconsistent with law or with the right of redemption.

SECTION 53. If a tax on land is not paid within fourteen days after demand therefor and remains unpaid at the date of taking, the collector may take such land for the town, first giving three weeks' notice of his intention to exercise such power of taking, which notice may be served in the manner required by law for the service of subpensas on witnesses in civil cases or may be published, and shall conform to the requirements of section forty. He may also post a similar notice under section forty-two.

SECTION 54. The instrument of taking shall be under the hand and seal of the collector and shall contain a statement of the cause of taking, a substantially accurate description of each parcel of land taken, the name of the person to whom the same was assessed, the amount of the tax thereon, and the incidental expenses and costs to the date of taking. Such an instrument of taking shall not be valid unless recorded within thirty days of the date of taking. If so recorded it shall be prima facie evidence of all facts essential to the validity of the title so taken, whether the taking was made on or before as well as since July first, nineteen hundred and fifteen. Title to the land so taken shall thereupon vest in the town, subject to the right of redemption. Such title shall, until the right of redemption is foreclosed as hereinafter provided, be held as security for the repayment of said taxes with all intervening costs, terms of redemption and charges, with interest thereon.

SECTION 55. If land has been so taken there shall be allowed to the collector and added to the tax the charges and fees fixed by section fifteen, and also the cost of recording the instrument of taking, provided he has caused such instrument to be duly recorded within thirty days after the taking and to be delivered to the town treasurer.

SECTION 56. The assessment, sale or taking may be made in the name of one or more of the record owners at the date of assessment, and if so made, shall, subject to section forty-three, be deemed to be in the name of the owner thereof. Every such sale or taking shall be of the whole estate and not of the undivided interest of any joint owner thereof.
Section 57. The affidavit of the collector, deputy collector or disinterested person reciting the proceedings required by law in the sale of land for taxes, with copies of the advertisement and notices annexed thereto, recorded within three months after such sale in the registry of deeds, shall be competent evidence of demand, notice and service.

Section 58. If proceedings have been commenced for the taking or sale of land for a tax assessed thereon, or if the owner of land has neglected to pay such tax within the year for which it is assessed, the holder of a mortgage thereon or any part thereof remaining unpaid on January first following its assessment may be paid by either party. If a mortgagee pays a tax, interest or costs thereon which by law or by the terms of the mortgage was payable by the mortgagor, the amount so paid shall be added to the mortgage debt. If it is by law or by the terms of the mortgage payable by the mortgagor, and is paid by the mortgagor, the amount so paid shall be deducted from the mortgage debt unless the parties have, in writing, otherwise agreed.

Section 59. If a tax on land is assessed to a mortgagor and mortgagee separately, any part thereof remaining unpaid on January first following its assessment may be paid by either party. If a mortgagee pays a tax, interest or costs thereon which by law or by the terms of the mortgage was payable by the mortgagor, the amount so paid shall be added to the mortgage debt. If it is by law or by the terms of the mortgage payable by the mortgagor, and is paid by the mortgagor, the amount so paid shall be deducted from the mortgage debt unless the parties have, in writing, otherwise agreed.

Section 60. If a person other than the owner of the fee rightfully pays the taxes assessed on land to the collector or treasurer, before a taking or sale, the collector or treasurer shall give him a certificate of such payment stating the name of the person to whom the land is taxed, of the person paying the tax, and a substantially accurate description of the land. Such certificate being recorded in the registry of deeds within thirty days from its date shall be notice to all persons of such payment and of the lien therefor. A person whose tax is paid by another shall upon repaying the same have the same right to recover it from the town, if illegally assessed, which he would have had if the tax had been paid by him under written protest.

Collection of Taxes Subsequent to Sale or Taking.

Section 61. Whenever a town shall have purchased or taken real estate for payment of taxes the lien of the town on such real estate for all taxes assessed subsequently to the assessment for payment of which the estate was purchased or taken shall continue, and it shall be unnecessary for the town to take or sell said real estate for non-payment of said subsequent taxes, costs and interest; and on either redemption from, or foreclosure of, the right of redemption under such taking or purchase, said subsequent taxes, costs and interest shall be paid to the town, and the payment shall be made a part of the terms of redemption.
REDEMPTION.

Section 62. Any person having an interest in land taken or sold for non-payment of taxes, including those assessed under sections twelve, thirteen and fourteen of chapter fifty-nine, or his heirs or assigns, may, at any time prior to the filing of a petition for foreclosure under section sixty-five, redeem the same by paying or tendering to the treasurer, if the estate has been taken or purchased by the town, the amount of the tax, all intervening taxes, charges and fees, and interest on the whole at the rate of eight per cent per annum; or by paying or tendering to the purchaser, or his legal representatives or assigns, the original sum and intervening taxes paid by him and interest on the whole at said rate. In each case he shall also pay for examination of title and a deed of release not more than three dollars in the aggregate; and in addition thereto the actual cost of recording the tax deed or evidence of taking. He may redeem the land by paying to the collector the sum which he would be required to pay to the purchaser, with one dollar additional.

If land taken by or sold to a city or town for non-payment of taxes is redeemed, the city treasurer or acting city treasurer, notwithstanding the provisions of the charter of his city, or the town treasurer, as the case may be, shall sign, execute and deliver on behalf of the city or town a release of all the right, title and interest, which it acquired by such taking or purchase, in and to the land so redeemed. No person shall knowingly collect or attempt to collect for the redemption of any such land a sum of money greater than that authorized by this section.

Nothing in this section nor in sections sixty-five to seventy-five, inclusive, shall be construed to prevent the title of a person or a city or town purchasing land at a sale under section seventy-nine or eighty from becoming absolute without any foreclosure proceedings under said sections sixty-five to seventy-five, inclusive.

Section 63. The collector shall receive any money paid to him instead of the purchaser and give to the person paying it a certificate specifying the amount paid, the name of the person to whom and the real estate on which the tax was originally assessed, and the registry of deeds and the book and page of the records therein where the collector's deed is recorded; and the recording of the certificate in said registry shall extinguish all right and title acquired under the collector's deed. The collector shall on demand pay over all money so paid, to the person entitled thereto as determined by him, except that he shall retain one dollar for the use of the town and shall account to it therefor. If the amount so paid is less than the purchaser was entitled to, the balance with interest at eight per cent per annum may after demand therefor be recovered in contract by the purchaser against the person paying such amount, if the action is commenced within three months after such payment to the collector.
TAX TITLES.

1 Section 64. The title conveyed by a tax collector's deed or by a
2 taking of land for taxes shall be absolute after foreclosure of the right of
3 redemption by decree of the land court as provided in this chapter. The
4 land court shall have exclusive jurisdiction of the foreclosure of all rights
5 of redemption from titles conveyed by a tax collector's deed or a taking
6 of land for taxes, in a proceeding provided for in sections sixty-five to
7 seventy-five, inclusive.

1 Section 65. After two years from a sale or taking of land for taxes,
2 whoever then holds the title thereby acquired may bring a petition in the
3 land court for the foreclosure of all rights of redemption thereunder.
4 Such petition shall be made in the form to be prescribed by said court
5 and shall set forth a description of the land to which it applies, with its
6 assessed valuation, the petitioner's source of title, giving a reference to
7 the place, book and page of record, and such other facts as may be neces-
8 sary for the information of the court. Two or more parcels of land may
9 be included in any petition brought by a town, whether under a taking
10 or as purchaser of such title or titles.

1 Section 66. Upon the filing of such a petition the court shall forth-
2 with cause to be made by one of its official examiners an examination
3 of the title sufficient only to determine the persons who may be inter-
4 ested in the same, and shall upon the filing of the examiner's report
5 notify all persons appearing to be interested, whether as equity owners,
6 mortgagees, lienors, attaching creditors or otherwise, of the pendency
7 of the petition, the notice to be sent to each by registered mail and
8 return of receipt required, the addresses of respondents, so far as may
9 be ascertained, being furnished by the petitioner. Such other and
10 further notice by publication or otherwise shall be given as the court
11 may at any time order. The notice, to be addressed "To all whom it
12 may concern", shall contain the name of the petitioner, the names of
13 all known respondents, a description of the land and a statement of the
14 nature of the petition, shall fix the time within which appearance may
15 be entered, and shall contain a statement that unless the party notified
16 shall appear within the time fixed a default will be recorded, the petition
17 taken as confessed, and the right of redemption forever barred.

1 Section 67. After the return day fixed, to be at least twenty days
2 after the time of the actual issuance of notice, the court shall, if satisfied
3 that the notice has been properly given, on motion of the petitioner
4 enter an order defaulting all persons failing to appear, and decreeing that
5 the petition as to them be taken as confessed.

1 Section 68. Any person claiming an interest, within ten days after
2 entering his appearance or within such further time as may on motion be
3 allowed by the court, shall, if he desires to redeem, file an answer setting
4 forth his right in the premises, and an offer to redeem upon such terms
5 as may be fixed by the court. Thereupon the court shall hear the parties,
6 and may in any case in its discretion make a finding allowing the party to
7 redeem, within a time fixed by the court, upon payment to the petitioner

of an amount sufficient to cover the original sum, costs, interest at the rate of eight per cent per annum, and all subsequent taxes, costs and interest to which the petitioner may be entitled under section sixty-one or sixty-two, together with the costs of the proceeding and such counsel fee as the court deems reasonable. The court may impose such other terms as justice and the circumstances warrant.

Section 69. If a default is entered under section sixty-seven, or on motion for failure to file answer, or if redemption is not made within the time and upon the terms fixed by the court under the preceding section, or if at the time fixed for the hearing the person claiming the right to redeem does not appear to urge his claim, or if upon hearing the court determines that the facts shown do not entitle him to redeem, a decree shall be entered which shall forever bar all rights of redemption.

Section 70. If a person claiming an interest desires to raise any question concerning the validity of such a title, he shall do so by answer filed in the proceeding within ten days after filing his appearance, or within such further time as may on motion be allowed by the court, or else be forever barred from contesting or raising the question in any other proceeding. He shall also file specifications setting forth the matters upon which he relies to defeat the title; and unless such specifications are so filed, all questions of the validity or invalidity of the title, whether in form of deed or proceedings relating to the sale or taking, shall be deemed to have been waived. Upon the filing of the specifications the court shall hear the parties, and shall enter a decree in conformity with the law on the facts found.

Section 71. Any party may claim a jury trial within ten days after filing his answer, but unless so claimed the right to jury trial shall be deemed to have been waived. Upon such a claim issues shall be framed therefor in accordance with the practice in the land court.

Section 72. Questions of law may be reported by the court or taken to the supreme judicial court for revision by any party aggrieved, in the same manner as in other proceedings in the land court.

Section 73. The petitioner, at the time of filing his petition, shall deposit with the recorder a sum sufficient to cover the costs of the proceedings as estimated by the court, and the fees chargeable by the court as the case proceeds shall be computed in accordance with section thirty-nine of chapter two hundred and sixty-two, so far as applicable, except that the charge for examination of title shall be the actual amount allowed the title examiner by the court. The money paid into court as aforesaid by the petitioner shall be disbursed directly by the recorder for necessary expenses incurred, and the balance of fees chargeable in each finished case shall be paid over quarterly to the commonwealth.

Section 74. Notice of filing the petition for foreclosure and notice of the final disposition thereof shall be recorded in the registry of deeds, as provided for in land registration proceedings.

Section 75. Practice and procedure under sections sixty-four to seventy-four, inclusive, not therein otherwise provided for, shall conform as nearly as possible to the land court practice, rules, regulations and procedure in relation to matters of land registration.

Section 76. The superior court shall have jurisdiction as to redemption in all cases of taking or sale of land for non-payment of taxes if relief is sought before proceedings for foreclosure of the right of redemption have been begun in the land court, and may grant such right of redemption or other relief as justice may require, fixing the terms thereof, or may refuse the same. The proceedings shall be begun by a bill as in equity, and memoranda, both of the beginning and of the final disposition thereof, shall be recorded or filed in the registry of deeds, similar to those required by sections fifteen and sixteen of chapter one hundred and eighty-four, in the case of unregistered land, and to those required by sections eighty-six and eighty-seven of chapter one hundred and eighty-five in the case of registered land.

Section 77. After foreclosure by a town of the rights of redemption under a tax title or taking, as hereinbefore provided, the land shall be held and disposed of like any land belonging to it and held for municipal purposes, and shall not while so held be assessed for taxes.

Section 78. Before foreclosure or redemption, taxes on land taken or purchased by a town shall be assessed to the person to whom they would be assessed if the land had not been so taken or purchased. In case of a sale under the following section, such taxes shall be deducted from the proceeds thereof, before any surplus is disposed of as therein provided. In case of foreclosure, any such taxes of which the lien has not expired shall be credited to the collector as if collected by him.

Sale of lands of low value held by city or town under tax titles.

Section 79. After two years from the taking or purchase by a town of any lands for non-payment of taxes, the commissioner may, and on written application of its treasurer shall, inquire into the value of such lands. If the commissioner is of opinion that such lands are of insufficient value to meet the taxes, interest and charges, and all subsequent taxes and assessments thereon, together with the expenses of a foreclosure, he shall make affidavit of such finding, which shall be recorded in the registry of deeds for the district where the town is situated.

Upon the recording thereof the treasurer may sell all the parcels included therein, severally or together, at public auction to the highest bidder, first giving notice of the time and place of sale by posting a notice of the sale in some convenient and public place in the town fourteen days at least before the sale. If the sale under this section shall
not be made within four years from said taking or purchase, it shall be made by the treasurer for the time being when he deems best, or at once upon service on him of a written demand by any person interested therein. The treasurer shall execute and deliver to the highest bidder a deed, without covenant except that the sale has in all particulars been conducted according to law. Title taken pursuant to a sale under this section shall be absolute upon the recording of the deed of the treasurer in the proper registry of deeds within thirty days of its date.

If the amount received from the sale is more than the taxes, interest and charges, and subsequent taxes and assessments, on all lands included in the sale, together with the expenses thereof, the balance shall be deposited with the town treasurer to be paid to the person entitled thereto, if demanded within five years, otherwise it shall enure to the town. If such surplus results from the sale of several parcels for a lump sum, it shall be held as aforesaid for the several owners in proportion to the prices at which the several parcels were originally taken or purchased by the town.

Section 80. If no person bids at such a sale and if the sale has been adjourned one or more times, the treasurer shall then and there make public declaration of the fact, and if no bid is then made he shall give public notice that he purchases for the town by which the tax is assessed; or if the person to whom the land is sold does not within ten days pay to the treasurer the sum bid by him the sale shall be void and the town shall be deemed to be the purchaser of the land. If the town becomes the purchaser hereunder, the treasurer shall execute to it a deed which shall set forth the fact that no bid was made at the sale or that the purchaser failed to pay the amount bid, as the case may be. The title of the town to land conveyed by deed of the treasurer under this section shall be absolute upon the recording of said deed in the proper registry of deeds within thirty days of its date.

Section 81. [Repealed, 1925, 241, § 8.]

Proceedings if tax title is deemed invalid.

Section 82. If a collector has reasonable cause to believe that the title to land sold for non-payment of taxes or of assessments, a lien for which is enforceable by a sale of land, is invalid by reason of an error, omission or informality in the assessment or sale, he may, within two years after the date of the deed of such land, give notice to the record owner thereof, requiring him, within thirty days thereafter, to release any interest which he may have in such land under said deed, and to receive from the town the amount paid therefor with interest at ten per cent or to file with the collector a written statement that he refuses to release such interest. Such statement, if recorded in the registry of deeds, shall release the town from any liability upon the warranty in said deed.

Section 83. If, within thirty days after such notice, such owner does not comply therewith, the collector shall cause a copy thereof, with an affidavit by himself or by a disinterested person of the service thereof and of the facts in the case, to be recorded in the registry of deeds.
5 note of reference to the record of said copy shall be made on the margin
6 of the record of the collector's deed therein referred to; and from the
7 time of such record the interest payable by reason of a breach of war-
8 ranty in such deed shall cease, and all right and title acquired under such
9 deed shall be held to be released. The collector shall give notice of such
10 proceedings to the town treasurer, who shall, on reasonable demand,
11 pay over out of any funds in his hands the amount due in respect of said
12 deed to the person entitled thereto.

1 Section 84. If the invalidity of a title described in section eighty-
2 two was caused by an error, omission or informality in the assessment,
3 the collector, after obtaining from the holder of the deed a release of his
4 interest or after causing a copy of the notice to be filed and recorded as
5 provided in the preceding section, shall forthwith notify the board by
6 which the tax or assessment was laid, which shall forthwith reassess
7 it as provided in section seventy-seven of chapter fifty-nine. If such
8 invalidity was caused by an error, omission or informality in the pro-
9 ceedings of the collector, he shall, after obtaining such release or after
10 filing and recording such copy, forthwith collect the unpaid tax or as-
11 sessment in conformity to law. If the collector has reasonable cause
12 to believe that a tax title, held by a town under a sale or taking for non-
13 payment of a tax, is invalid by reason of any error, omission or informal-
14 ity in the assessment, sale or taking, he may disclaim and release such
15 title by an instrument under his hand and seal, duly recorded in the
16 registry of deeds.

1 Section 84A. If a tax title is for any reason adjudged invalid by a
2 court of competent jurisdiction, said court may order the treasurer of the
3 city or town where the land affected is situated, upon receipt of a release
4 by the holder of said title of all the interest which he may have under his
5 tax deed, to refund to such holder the amount paid therefor but not ex-
6 ceeding the amount received by the city or town, with interest at the rate
7 of ten per cent from the date of the deed. Said order shall specify the
8 cause of the invalidity of the said title. The treasurer shall forthwith
9 record said release in the proper registry of deeds, and thereupon, if the
10 said invalidity was caused by an error, omission or informality in the
11 assessment of the tax, the treasurer shall notify the board by which the
12 tax or assessment was laid, which shall forthwith reassess it as provided in
13 section seventy-seven of chapter fifty-nine; and if such invalidity was
14 caused by an error, omission or informality in the proceedings of the col-
15 ector, the treasurer shall thereupon notify the collector who shall forth-
16 with collect the unpaid tax or assessment in conformity to law.

LIEN OF CO-TENANTS.

1 Section 85. A tenant in common or joint tenant, who pays the
2 entire tax assessed upon land held jointly or in common, shall have a
3 lien upon the interest of each of his co-tenants, to secure the payment to
4 him of the proportion of such tax payable by each of said co-tenants
5 respectively, with the costs of enforcing the same; but any person whose
6 tax has been so paid by his co-tenant shall have the same right to re-
7 cover it back if illegally assessed as he would have had if the tax had
8 been paid under a protest by him in writing.

244 Mass. 1.
Enforcement of lien of co-tenant.

Section 86. Such lien may be enforced in the manner provided in chapter two hundred and fifty-four for enforcing liens on buildings and land under written contracts for the erection, alteration, repair or removal of buildings or structures; but shall be dissolved, unless the person desiring to avail himself thereof, or some one in his behalf, subscribes and makes oath to a certificate setting forth a description, sufficiently accurate for identification, of the property intended to be covered by the lien, the names of the several co-tenants and the interest of each therein, the amount of the tax paid, and the amount due from each co-tenant, and within thirty days after the day of payment of said tax records such certificate in the registry of deeds, and unless a bill in equity to enforce the lien is commenced within sixty days after the date of recording said certificate. Such lien shall have priority over all liens and encumbrances arising after the filing of the certificate required by this section, but shall not be valid against a mortgage actually existing and duly recorded prior to the recording of said certificate, or against any lien existing under section one or section three of chapter two hundred and fifty-four prior to the filing of the certificate. No person except the co-tenant who paid the tax, or a person claiming by, through or under him, shall be made a party plaintiff in a bill brought under this section.

Miscellaneous provisions.

Section 87. A city or town may, by ordinance or by-law, respectively, direct whether its collector shall exercise the power of sale or the power of taking to enforce the lien for taxes; and in default of such ordinance or by-law the collector may exercise either power at his discretion; but the passage of any such ordinance or by-law shall not render invalid any proceedings then pending.

Sheriff or deputy to post list and warrant thirty days before distress.
1783, 70, §§ 3, 4.

Sheriff's fees for collecting.

Section 89. If a person pays his tax within said thirty days, the officer shall receive from him for his fees five per cent on the sum assessed; but if a tax remains unpaid after said thirty days, he shall collect it by distress or imprisonment, or by sale of land as a collector would do. The officer may also levy his fees for service and travel in the collection of each person's tax, as in other cases of distress and commitment, or sale of land.

Treasurer as collector may issue warrants, etc.

Section 90. If a town appoints its treasurer as the collector of taxes, he may issue his warrants to the sheriff of the county, or his deputy, or to any constable of the town, returnable in sixty days, requiring them to collect any or all taxes due. Such warrants shall be substantially in the same form, and shall confer the same powers as warrants by assessors to collectors.

Section 91. When any foreign corporation or non-resident person, doing business in the commonwealth, shall for sixty days neglect, refuse or omit to pay a tax lawfully assessed and payable, any court having jurisdiction in equity may on petition of the collector of taxes of the town where the tax is assessed restrain said corporation or person from doing business until tax is paid.

Section 92. The board of aldermen or selectmen may empower any officer authorized to collect taxes to appoint such deputies as he deems expedient. Any such deputy may be a woman. Section 93. The treasurer or other disburseing officer of any town may, and if so requested by the collector, shall, withhold payment of any money payable to any person whose taxes are then due and wholly or partly unpaid to an amount not exceeding the unpaid tax with interest and costs. The sum withheld shall be paid or credited to the collector who shall, if required, give a written receipt therefor. The person taxed may in such case have the same remedy as if he had paid such tax after a levy upon his goods. The collector's rights under this section shall not be affected by any assignment or trustee process.

Section 94. The aldermen or selectmen may require the collector once in two months to exhibit to them a true account of all money received on the taxes committed to him, and to produce the treasurer's receipts for all money paid into the treasury by him.

Section 95. When a collector is credited with the amount of taxes assessed upon any person committed to jail for the non-payment of his tax, who has not paid his tax, said collector shall also be paid and credited with the fees and charges which have become a part of said taxes and to which he or the officer acting under his warrant is entitled.

If the collector is his own successor, he shall complete the collection of the taxes as a part of the duties of his new term of office and not as a part of the duties of his former term of office.

SECTION 98. 15 Nothing in this section shall be construed to prevent the local assessors
16 from granting an abatement in any case in which the valuation aforesaid
17 is in their opinion excessive.
18 The tax imposed by this section shall not apply to motor vehicles
19 owned and registered by the commonwealth or any political subdivision
20 thereof, or registered by manufacturers, dealers or repairmen under
21 section five of said chapter ninety, or to motor vehicles owned and regis-
22 tered by any corporation other than a domestic business, domestic
23 manufacturing, foreign or public service corporation, or by an association,
24 whose personal property is exempt from taxation under section five of
25 chapter fifty-nine.
26 If a motor vehicle is registered after January thirty-first of any year
27 the tax imposed by this section shall be that proportion of the tax for a
28 full year which the number of months in said year following the last day
29 of the month preceding that in which the motor vehicle is registered bears
30 to twelve. If a registered motor vehicle is sold or its ownership transfer-

35 such sale or transfer occurred bears to twelve shall be abated. If, how-

37 sale or transfer has been received by the local board of assessors, only
38 that proportion of the tax for a full year which the number of months in
39 said year prior to the first day of the month next following the month in
40 which said sale or transfer occurred bears to twelve shall be assessed.

42 no abatement under this section shall reduce the tax collected to less than
43 two dollars.

2 by section one, and commit the same to the collector of taxes with their
3 warrant for the collection thereof. The tax shall be assessed to the owner
4 of the motor vehicle registering the same, and the registrar of motor
5 vehicles shall promptly transmit to the commissioner a notice of each
6 registration of a motor vehicle subject to this tax, giving the name and
7 home address of the owner, if an individual, or the name and principal
8 place of business in this commonwealth, if a corporation, partnership or
voluntary association, the municipality in which the vehicle is customarily to be kept, the name of the maker, the year of manufacture and the model and type of vehicle. The commissioner may require from the owner such further information as may be necessary for the purposes of this chapter. The commissioner shall, as soon as may be, transmit to the local boards of assessors the registrations sent to him by the registrar of motor vehicles, and, under such provisions as he deems best, make available to the local assessors information showing the values as determined under section one. The tax hereunder shall be due and payable at the expiration of thirty days from the date upon which the notice was issued by the collector pursuant to this section. The local tax collector shall seasonably notify the owner of the tax assessed and the due date, but failure to receive notice shall not affect the validity of the tax. The owner may within six months of the date of the issuing of the notice of assessment or of the date of sale or transfer, but not later than January thirty-first of the succeeding year, apply to the local assessors for abatement, and, from their decision upon such application, an appeal may be taken to the county commissioners or to the board of tax appeals, all in accordance with the provisions of section sixty-four or sixty-five of chapter fifty-nine. If an abatement is granted, any overpayment with interest thereon at the rate of six per cent per annum from the date of payment shall be refunded by the city or town treasurer from any available funds, upon certification by the tax collector and approval for payment as required by section fifty-two of chapter forty-one, without any appropriation therefor by the municipality. CHAPTER 61.

TAXATION OF FOREST PRODUCTS AND CLASSIFICATION AND TAXATION OF FOREST LANDS.

Sec. 1. Classification of forest lands.
2. Classified forest land. Certificate, valuation for tax purposes, etc.
3. Taxation.

Sec. 4. Forest products tax on standing timber on certain classified forest land. Withdrawal from classification.
5. Disputes, settlement by state forester.
6. Penalty.

1 Section 1. An owner of forest land, valued on the town tax list of the preceding year for land and growth at not more than twenty-five dollars per acre, and which does not contain more than twenty cords per acre on the average, but which is so stocked with trees as to promise a minimum prospective average yield per acre, exclusive of water, bog or ledge, of twenty thousand board feet for soft woods, or eight thousand board feet for hard woods, or for mixtures of the two, such volume between said limits determinable by the relative percentages of the two classes of growth, may apply in writing to the town assessors to have said land listed as classified forest land, and such application shall contain a description of said land sufficiently accurate for identification.

1 Section 2. Within thirty days after the receipt of said application the assessors shall decide whether the property fulfills the requirements for classification, and shall notify the owner of their decision, giving their valuation of the tract as land alone, and if within ten days of notification the owner accepts their decision the assessors shall give him a certificate containing the name of the owner and a description of the parcel to be classified, and stating that the land described conforms to the requirements for classification under this chapter. Upon the recording of this certificate by the owner in the registry of deeds for the county or district where the land lies, the parcel shall become classified forest land. Each parcel of land so classified shall thereafter be designated in the annual valuation list of the town, in the column provided for the description of each parcel of land, as classified forest land so long as the parcel remains so classified. The valuation and tax annually assessed upon land classified under this chapter shall not include the value of forest trees growing thereon. When classified forest land is sold or otherwise changes title, the obligations and benefits of this chapter shall devolve upon the new holder of the title.

1 Section 3. The standing growth on classified forest land shall not be taxed, but the owner of such land, except as hereinafter provided, shall pay a products tax of six per cent of the stumpage value upon all wood or timber cut therefrom, and one tenth of such taxes collected by the town shall be paid to the state treasurer. Trees standing on such land shall not be included in the town valuation in apportioning the state or county tax among the towns. But an owner of classified forest land may annually cut, free of tax, wood or timber from such land, not exceeding twenty-five dollars in stumpage value; provided, that such wood or timber is for his own use or for that of a tenant of said land only.
Buildings or other structures standing on classified forest land shall be taxed as real estate with the land on which they stand. Classified forest land shall be subject to special assessments and betterment assessments. The owner shall make a sworn return to the assessors before May first in each year of the amount of all wood and timber cut from such land during the year ending on the preceding April first.

Section 4. When in the judgment of the assessors classified forest land contains on the average per acre twenty-five thousand board feet for soft woods, or ten thousand board feet for hard woods, or for mixtures of the two such volume between said limits determinable by the relative percentages of the two classes of growth, they shall notify the owner that two years from date of notification the forest products tax of six per cent of the value of the standing timber based on the above volumes will be levied and that the land and timber will at that time be taken from the classified list and placed in the general property tax list. Should the owner elect to reduce within two years, the volume of timber below the volume mentioned in the preceding sentence the land shall remain classified, but, if at the end of five years from time of cutting, the growing stock on the tract does not meet the requirements for classification contained in section one, the tract may be taken from classification by the assessors, and any taxes due thereon collected. An owner may withdraw his land from classification at any time by the payment of the land tax, and the forest products tax of six per cent on the estimated value of the standing timber. Within thirty days after an owner requests to withdraw his land from classification the assessors shall determine the taxes due thereon, which shall be paid before the land is taken from the classified list. When in the judgment of the assessors classified forest land becomes more valuable for other use than the production of trees, they may, after thirty days' notice, withdraw said land from classification, and any taxes due thereon shall be paid at the time of withdrawal; provided, that the owner may appeal from such withdrawal to the commissioner, whose decision shall be final. Whenever land is withdrawn from classification, the assessors shall record in the registry of deeds for the county or district where the land lies a certificate setting forth such withdrawal, and containing reference by book and page to the record of the certificate under which said land was classified.

Section 5. In case of dispute as to the eligibility of land for classification, or as to the volume of wood or timber contained on such land or cut therefrom, either party may appeal to the state forester, who shall examine the property and hear both parties, and whose decision shall be final.

Section 6. Any owner of classified forest land who fails to comply with the requirements of this chapter shall, upon conviction thereof, be punished by a fine of not less than ten dollars nor more than five hundred dollars, and in addition to said penalty the land may be withdrawn from classification by the assessors.

TAXATION OF INCOMES. [CHAP. 62.

SECTION 1. Income of the classes described in subsections (a), (b), (c) and (e) received by any inhabitant of the commonwealth during the preceding calendar year, shall be taxed at the rate of six per cent per annum.

(a) Interest from bonds, notes, money at interest and all debts due the person to be taxed, except from:

First, Deposits in any savings bank chartered by the commonwealth or in the Massachusetts Hospital Life Insurance Company, or in the savings department of any trust company so chartered, and deposits in any bank situated in the state of New Hampshire, so long as the provisions of chapter one hundred and eighty-nine of the Public Acts of nineteen hundred and seventeen of that state remain in force, and deposits in any bank in any other state which exempts from taxation to its inhabitants similar deposits, and interest and dividends thereon, owned by such inhabitants in banks in this commonwealth.

Second, Bonds, notes and certificates of indebtedness of the United States and such bonds, notes and certificates of indebtedness of the commonwealth and of political subdivisions thereof as are exempted from taxation by clause twenty-fifth of section five of chapter fifty-nine.

Third, Loans secured exclusively by duly recorded mortgage of real estate, taxable as real estate, situated in the commonwealth, to an amount not exceeding the assessed value of the mortgaged real estate less the amount of all prior mortgages.

Fourth, Loans made in the course of business by persons subject to the provisions of sections seventy to eighty-five, inclusive, of chapter one hundred and forty.

(b) Dividends, other than stock dividends paid in new stock of the company issuing the same, on shares in all corporations and joint stock companies organized under the laws of any state or nation other than this commonwealth, except banks which are subject to taxation under section two of chapter sixty-three, and except such foreign corporations as are subject to a tax upon their franchises payable to the commonwealth under section fifty-eight of chapter sixty-three.

(c) Dividends, other than stock dividends paid in new stock of the partnership, association or trust issuing the same, on shares in partner-
36 ships, associations or trusts, the beneficial interest in which is represented by transferable shares, except dividends on shares of the following:

38 First, Partnerships, associations or trusts, which file with the commissioner the agreement hereinafter provided for, and the property of which consists exclusively of one or more of the following specified kinds of property, to wit: real estate wherever situated and supplies therefor and receipts therefrom; stocks of corporations taxable under chapter sixty-three, bonds, notes, loans secured by mortgage of real estate, and certificates of indebtedness, the income of which is exempt from taxation under this section; property the income of which, if any, would be taxable under this section if owned by an inhabitant of the commonwealth; shares in partnerships, associations or trusts, dividends on which are exempt from taxation under this section.

49 Second, Partnerships, associations or trusts, the beneficial interest in which is represented by transferable shares, which file such agreement and furnish satisfactory proof to the commissioner that two thirds, at least, of their taxable property is taxed within the commonwealth and that the remainder, if taxable, is taxed where situated.

54 (d) Partnerships, associations or trusts, the dividends on shares of which are exempt from taxation under this section, shall pay to the commissioner annually a tax of six per cent of the income derived from their property, so far as such income would be taxable under this section if received by an inhabitant of the commonwealth.

59 (e) Dividends on shares of any partnership, association or trust, of the classes designated in paragraphs first and second of subsection (c), shall be subject to taxation under this section unless the trustees or managers thereof file with the commissioner, in such form as he determines, its agreement to pay to the commonwealth annually the tax imposed by subsection (d) and any tax imposed by section five. In case of any breach of the terms of any such agreement, the same may be enforced by information in equity brought by the attorney general at the request of the commissioner in the supreme judicial court for Suffolk county. This remedy shall be in addition to all other means of collection provided by this chapter, and to the penalties hereinafter imposed.

70 (f) For the purposes of this chapter any securities of the classes designated in this section, held in pledge, or on margin or otherwise, by an agent or broker as security for a debt of his principal, whether standing in the name of the principal or any other person, shall be deemed the property of the principal, and the income arising therefrom shall be included in the total income of the principal under this section.

76 (g) No distribution of capital, whether in liquidation or otherwise, shall be taxable as income under this section; but accumulated profits shall not be regarded as capital under this provision.

1 Section 2. From the income taxable under the preceding section, the taxpayer may, under the conditions prescribed in this section and section seven, receive a deduction on account of interest paid by him during the year on debts of the following classes:

5 (a) Debts, except those secured by mortgage or pledge of real estate or tangible personal property, owed by persons engaged in the business of buying, selling, or otherwise dealing in intangible personal property.
provided that such business, if it includes other classes of dealings, does not include buying, selling, improving or otherwise dealing in or with real estate or buying, selling, manufacturing or otherwise dealing in or with tangible personal property other than gold bullion.

(b) Debts owed by other persons, except debts secured by such mortgage or pledge and debts on account of which the taxpayer is entitled to claim a deduction under sections five and six.

Said deduction shall be allowed, in respect of interest on any debt belonging to class (b) above enumerated arising from loans or open accounts directly or indirectly secured by intangible personal property, only to an amount not exceeding eighty per cent of the income returned by the taxpayer for taxation under section one on account of intangible personal property which secured such loans or open accounts.

Persons described in paragraph (a) of this section may, if the deductions allowed by subsections (a), (b), (c), (d), (e) and (f) of section six exceed the total income taxable under subsections (b) and (e) of section five, deduct from their taxable interest and dividends, after deducting the aforesaid interest deduction, an amount of such excess which bears the same proportion to the total excess as their income taxable under section one bears to their total net income as determined under section three.

Section 3. The deduction to be allowed under the preceding section shall be determined in the following manner:

A taxpayer claiming the benefit thereof shall file with the commissioner or the income tax assessor of his district a return, in such form as the commissioner prescribes, of his entire income from all sources, together with such other information as said commissioner deems necessary for the determination of this deduction. The commissioner may, in lieu of such return, accept a sworn duplicate of the annual return of income made under the federal income tax law. He may also, in any case where he deems it necessary, require the taxpayer to file such a sworn duplicate.

From said return and information the commissioner or the income tax assessor shall determine the amount of interest paid during the year by the taxpayer on debts of class (a) or (b) enumerated in the preceding section, for which deduction is authorized by said section, which interest, for the purposes of this section, shall be called the net interest. He shall also determine the total net income of the taxpayer, exclusive of income taxable under section five, as such total net income would be if no deduction were made for interest paid during the year. The taxpayer may deduct from his income taxable under section one an amount of interest paid by him during the year which shall bear the same proportion to the net interest paid as his income taxable under section one bears to his total net income as above determined.

Section 4. A partnership, association or trust, the beneficial interest in which is represented by transferable shares, paying to the commonwealth a tax upon income subject to taxation under section one, as provided in subsection (d) thereof, may receive the deduction authorized by section two on the same terms as an individual inhabitant.
TAXATION OF INCOME FROM ANNUITIES, PROFESSIONS, EMPLOYMENTS, TRADE AND BUSINESS.

2 (a) Income from an annuity shall be taxed at the rate of one and one half per cent per annum. The income of property held in trust shall not be exempted from taxation under section one nor shall payments to beneficiaries be taxed under this section, because of the fact that the whole or any part of the payments to the beneficiaries is in the form of an annuity.

3 (b) The excess over two thousand dollars of the income, as defined in section six, derived from professions, employments, trade or business shall be taxed at the rate of one and one half per cent per annum. In determining such income the rental value of living quarters furnished any individual as part of his compensation shall be included. The wages and salaries of employees and officers of the United States government shall not be taxed. Retirement allowances, however described, from the commonwealth or any county, city, town or district thereof, or from any person, if not exempt by law, and interest received in the course of business by persons subject to the provisions of sections seventy to eighty-five, inclusive, of chapter one hundred and forty, shall be taxed under this subsection.

4 (c) The excess of the gains over the losses received by the taxpayer from purchases or sales of intangible personal property, whether or not said taxpayer is engaged in the business of dealing in such property shall be taxed at the rate of three per cent per annum. When shares of new stock of the company issuing the same received as a stock dividend or shares of stock which were the basis of such stock dividend are sold, the basis of determination of the gain or loss shall be the cost when acquired by purchase or value when acquired by gift of the stock which was the basis of such stock dividend, apportioned over the old and new shares of such company held after the receipt of such stock dividend.

5 For the purposes of this clause, the cost of rights to subscribe to corporate securities and similar rights issued by unincorporated associations shall be taken as zero, except that when acquired by actual purchase in the open market the amount actually paid therefor shall be taken as their cost. Any trustee or other fiduciary may charge any taxes paid under this paragraph against principal in any accounting which he makes as such trustee. If, in any exchange of shares upon reorganization of one or more corporations or of one or more partnerships, associations or trusts, the beneficial interest in which is represented by transferable shares, the new shares received in exchange for the shares surrendered represent the same interest in the same assets, no gain or loss shall be deemed to accrue from the transaction until a sale or further exchange of such new shares is made.

6 (d) Income of the classes enumerated in subsections (a), (b) and (c) received by any partnership, association or trust, the beneficial interests in which are represented by transferable shares, shall be taxed under this section, unless the dividends on the transferable shares issued by such partnership, association or trust are taxable under section one.
(c) Interest and dividends taxable under section one shall not be taxed under this section.

Determination of taxable income from profession, employment, etc. Deductions.

SECTION 6. Income taxable under subsection (b) of section five shall be the gross income from the profession, employment, trade or business, in the year for which the income is computed, not including income exempt from taxation under this chapter or taxable hereunder otherwise than under said subsection (b), but including gains from the sale of capital assets, other than intangible personal property, employed therein; less the following deductions:

(a) Expenses paid within the year in the profession, employment, trade or business, including the cost of ordinary repairs but not including personal or family expenses; provided, that premiums paid for use and occupancy insurance, or rent insurance, shall not be deducted as part of such expenses.

(b) A reasonable allowance for depreciation and obsolescence of property within such year, and for depletion within the year of wasting assets, except such ships and vessels as are described in section eight of chapter fifty-nine, owned by the person taxed and used in the profession, employment, trade or business; provided, that with the approval of the commissioner a taxpayer may, in lieu of the aforesaid allowance for depreciation and obsolescence, be allowed to deduct actual expenses of replacement of capital and extraordinary repairs, and with such approval may in any year defer such deductions in whole or in part to one or more subsequent years.

(c) All taxes paid within the year to the United States or any other nation, or to any state, county, city, town or district, in respect of the profession, employment, trade or business, or the property held or used in connection therewith, but not including assessments for betterments.

(d) Interest paid within the year on indebtedness of the person taxed incurred in connection with his profession, employment, trade or business; but no interest allowed as a deduction under section two shall also be allowed under this section.

(e) Losses from the sale within the year of capital assets other than intangible personal property, and losses of capital assets other than stock in trade sustained within the year by fire, theft or other casualty, or amounts paid within the year on account of claims in law or equity incurred in connection with the profession, employment, trade or business, when such losses or amounts paid are not compensated for by insurance or otherwise.

(f) The amount of any debts receivable arising from the conduct of the profession, employment, trade or business subsequent to December thirty-first, nineteen hundred and fifteen, determined by the person taxed to be worthless and actually charged off during the year; but no debts receivable shall be so charged off and deducted, unless they have been previously included as income in a return made under this chapter or corresponding provisions of earlier laws.

(g) An amount equal to five per cent of the assessed value, less the amount of all mortgages thereon, of the stock in trade and other tangible property, real and personal, except such ships and vessels as are described in section eight of chapter fifty-nine, owned by the person taxed and used or employed in the profession, employment, trade or business. 

Expenses.

Depreciation, etc. of property. 1922, 329, § 1.

Certain losses paid. 272 Mass. 249.

Certain interest paid, except.

Certain losses within the year. 1918, 257, § 62. 1919, 5. 1920, 2.

Certain worthless debts. 1918, 257, § 63. 1919, 5. 1920, 2.

Five per cent of certain tangible property. 1918, 257, § 64. 1919, 5. 1920, 2. 1922, 329, § 2. 272 Mass. 249.
50 within or without the commonwealth, on the day as of which such prop-
erty is assessed in the year for which the income is computed. In case
any such stock in trade or other tangible property located without the
commonwealth is taxed in respect of its income, and not in respect of
its capital value, by the taxing district where located in such year, the
commissioner may determine its value in any other manner, and may
allow a deduction of an amount equal to five per cent of the value so
determined.
58 (b) The sum of five hundred dollars for a husband or wife with whom
the taxpayer lives, and the sum of two hundred and fifty dollars for each
child under the age of eighteen, or parent entirely dependent on the tax-
payer for support. The aforesaid deduction shall not be allowed to both
husband and wife, but may be allowed to either as they shall mutually
agree, or shall be prorated between them in proportion to the net income
of each in excess of two thousand dollars.

1 Section 7. Persons who customarily estimate their income and ex-
penditure on a basis other than their actual cash receipts and disburse-
ments may, with the approval of the commissioner, compute upon a
similar basis their income taxable under this chapter. Persons who cus-
tomarily estimate their income and expenditure on the basis of an estab-
lished fiscal year instead of the calendar year, may, with the approval of
the commissioner and subject to such rules and regulations as he may
establish, return their income taxable under this chapter on the basis of
such fiscal year.
10 In determining gains or losses realized from the sale of capital assets,
the basis of determination in case of property owned on January first,
in nineteen hundred and sixteen, shall be the value on that date or the cost
thereof, whichever is higher, and in case of property acquired by purchase
thereafter, except as otherwise expressly provided, the cost thereof. If
the property other than stock dividends in new stock of the company
issuing the same and rights to subscribe to securities was acquired by gift,
the basis of determination of the gain or loss shall be the value on the date
when it was so acquired.
19 In the case of real or tangible personal property the foregoing basis shall
20 be diminished by the amount of depreciation allowable to the taxpayer
under the provisions of this chapter and corresponding provisions of
earlier laws, and in the case of intangible personal property the foregoing
basis shall be diminished by any amounts received in distribution of
23 capital.

EXEMPTIONS.

1 Section 8. The following income shall be exempt from the taxes
imposed by this chapter:  
(a) One thousand dollars in all of income taxable under section one and
under subsection (a) of section five, received by a person whose total
income from all sources does not exceed one thousand dollars during the
year; but said exemption shall not be given to any married person if the
combined incomes of both husband and wife from all sources exceed
eighty hundred dollars; provided, however, that no tax shall be exacted
upon any income taxable under said section one and said subsection (a)
which shall reduce the total income of the taxpayer, if unmarried, below
one thousand dollars, or which shall reduce the combined income of
husband and wife below fifteen hundred dollars.

(b) Income received by corporations, except as provided in section thirty-one, 1919, 629, § 5.

(c) Income received from land classified under chapter sixty-one. 1919, 629, § 5.

(d) Such part of the income received by trustees or other fiduciaries as is payable to or accumulated for persons not inhabitants of the commonwealth.

(e) Income of intangible personal property exempt from taxation by virtue of their being deducted from wages as contributions to an annuity, pension or endowment fund. 1916, 269, § 5, 11.

(f) Income from an annuity or pension paid by a town in this commonwealth on account of service in a police or fire department.

(g) Income from an annuity, pension or endowment exempted by section thirty-seven or forty-one of chapter thirty-two, and all sums exempted by either of said sections by virtue of their being deducted from wages as contributions to an annuity, pension or endowment fund. 1911, 332, § 7; 634, § 7. 1913, 832, § 8.

Section 9. The estates of deceased persons who last dwelt in the commonwealth shall be subject to the taxes imposed by this chapter upon all income received by such persons during their lifetime, if assessed within the time limited by section thirty-seven.

The income received by the estates of such deceased persons shall be subject to all the taxes imposed by this chapter to the extent that the persons to whom such income is payable, or for whose benefit it is accumulated are inhabitants of the commonwealth; and such income shall include as and when received by the executor or administrator all income taxable under section one of this chapter which would have been taxable to the decedent if he had survived to receive it, and the taxes upon such income as shall have become a part of the corpus of his estate under the rules of probate accounting, may be charged against principal in any accounting made by the executor or administrator. All taxes under this section shall be assessed to the executor or administrator and before the appointment of an executor or administrator said taxes may be assessed in general terms to the estate of the deceased and the executor or administrator subsequently appointed shall be liable for the taxes so assessed as though they were assessed to him. No person shall be taxed under this chapter for income received from any executor or administrator which income has itself been taxed under this section.

Section 10. The income received by estates held in trust by trustees or other fiduciaries under the will of a person who died an inhabitant of the commonwealth or under a trust created by a person who was either at the time of the creation of the trust or at any time during the year for which the income is computed an inhabitant of the commonwealth, any one of which trustees or other fiduciaries is an inhabitant of the commonwealth or has derived his appointment from a court of the commonwealth, shall be subject to the taxes imposed by this chapter to the extent that the persons to whom the income from the trust is pay-
able or for whose benefit it is accumulated are inhabitants of the commonwealth. Income so received and accumulated for unborn or unascertained persons or persons with uncertain interests shall be taxed as if accumulated for the benefit of a known inhabitant of the commonwealth to the following extent:

(1) Where all or any one of the trustees or other fiduciaries have derived their appointment from a court of the commonwealth or are required to account to a court of the commonwealth, the whole amount of income thus accumulated shall be taxed.

(2) Where all of the trustees or other fiduciaries are inhabitants of the commonwealth, the whole amount of income thus accumulated shall be taxed.

(3) Where any one or more of the trustees is an inhabitant of the commonwealth the proportion of the income accumulated for unborn or unascertained persons or persons with uncertain interests shall be taxed which is represented by the ratio of trustees who are inhabitants of the commonwealth to the total number of trustees. For the purposes of this section and of section nine income shall be deemed to be accumulated for unborn or unascertained persons or persons with uncertain interests when thus accumulated by estates, by trustees or other fiduciaries, who are subject to the provisions of this section or of section nine, for the benefit of any future interest other than a remainder presently vested in a person or persons in being not subject to be divested by the happening of any contingency expressly mentioned in the instrument creating the trust.

No person shall be taxed under this chapter for income received from any trustee or other fiduciary which income has itself been taxed under this section.

The trustees may deduct from the income taxable under section one a proper amount for the amortization, according to any approved method, of premiums paid upon bonds owned by the estate, the income of which is taxable under said section one.

In the computation of the tax, the trustees, in addition to the deduction on account of interest paid, allowed under section two, shall be entitled to the following deductions from income taxable under section one, and under paragraphs (a) and (c) of section five, before the taxable income of the beneficiaries shall finally be determined:

(a) Such proportion of the following items as the amounts of income taxable under section one and subsections (a) and (c) of section five together bear to the total income received by the trustee from all sources, exclusive of income taxable under subsection (b) of section five; (1) amounts paid within the year for rental of safe deposit boxes; and (2) amounts paid within the year for premiums on surety bonds of the trustee.

(b) The compensation actually paid during the year to the trustees upon such income taxable under section one as is payable to or accumulated for inhabitants of the commonwealth, or for unborn or unascertained persons or persons with uncertain interests, to an amount not exceeding six per cent of such taxable income.

Section 11. Any inhabitant of the commonwealth who receives income from one or more trustees or other fiduciaries who are not subject to taxation under this chapter, shall be subject to the taxes imposed by this chapter upon such income according to the nature of the income.
Section 12. A trustee may, at the request of any beneficiary, claim the benefit of the exemption provided by subsection (a) of section eight for each person to whom the income from the trust is payable, or for whose benefit it is accumulated, and an inhabitant of this commonwealth receiving income from one or more trustees, none of whom is an inhabitant of this commonwealth or has derived his appointment from a court of this commonwealth, may also claim the benefit of such exemption; provided, that the commissioner is satisfied by an affidavit from the beneficiary claiming exemption, or for whose benefit the same is claimed, or otherwise, that such beneficiary is not allowed in all trusts or estates under which he may be a beneficiary, and on account of all income on which he is liable to taxation under this chapter, more than the total amount of exemption to which he is entitled under said subsection (a).

Section 13. Sections ten to twelve, inclusive, shall, so far as apt, apply to executors, administrators, guardians, conservators, trustees in bankruptcy, receivers and assignees for the benefit of creditors, to the income received by them and to their beneficiaries, except that clauses (a) and (b) of section ten authorizing certain deductions shall apply to trustees only. All such fiduciaries and their successors in office shall be personally liable for all taxes due under this chapter from them or from their predecessors in office to the value of all property in their hands as such fiduciaries at the time of distribution as provided in section twenty-five.

Section 14. Corporations acting as trustee or in any other fiduciary capacity shall, with respect to the income received by them in that capacity, be subject to this chapter in the same manner and under the same conditions as individual inhabitants of the commonwealth acting in similar capacities, except that no such corporation shall be taxed on account of any property the income of which would be taxable under section one if received by an individual inhabitant, or on account of the income derived from such property, if such property is held by such corporation as mortgagee or pledgee to secure the payment of bonds, notes or other evidences of indebtedness the interest on which is taxable under section one to such individual inhabitants of the commonwealth as receive it, or the principal of which is exempt from taxation under laws other than this chapter.

Section 15. Every corporation liable to taxation under the preceding section shall make the returns, and be subject to the penalties, prescribed by this chapter.

Commissioner, with attorney general, may agree upon taxes of trustees, etc. 1916, 269 § 9. 1918, 207.

Section 16. For the purpose of facilitating the settlement and distribution of estates held by trustees and the other fiduciaries named in section thirteen, the commissioner, with the approval of the attorney general, may on behalf of the commonwealth agree on the amount of taxes at any time due or to become due from such estates under this
6 chapter, and payment in accordance with such agreement shall be full
7 satisfaction of the taxes to which the agreement relates.

**TAXATION OF PARTNERSHIPS.**

1 **Section 17.** Partnerships having a usual place of business in the
2 commonwealth, any member of which is an inhabitant thereof, shall be
3 subject to the taxes imposed by this chapter. If any of the members of
4 the partnership are not inhabitants of the commonwealth, only so much
5 of the income thereof as is proportionate to the aggregate interest of
6 the partners who are inhabitants of the commonwealth in the profits
7 of the partnership shall be taxed. The tax shall be assessed on such a
8 partnership by the name under which it does business, and the partners
9 shall not be taxed with respect to the income derived by them from such a
10 partnership.

1 **Section 18.** A partnership, in computing its taxable income, may
2 deduct at the request of any partner the whole or any part of the amount
3 of the exemptions to which such partner may be entitled under sections
4 five and eight and of the deduction for family to which he may be entitled
5 under clause (h) of section six; provided the commissioner is satisfied by
6 an affidavit from the partner for whose benefit any such exemption or
7 deduction is claimed, or otherwise, that such partner is not allowed, in all
8 partnerships in which he may be a partner and on account of all income
9 on which he is liable to taxation under this chapter, more than the total
10 amount of such exemptions and deductions to which he is entitled. Each
11 amount so deducted shall be set forth in the return of the partnership,
12 and the partner requesting the same shall be allowed no further exemption
13 or deduction on account thereof. The commissioner, in his discretion,
14 may excuse a partnership which has a place of business in the common-
15 wealth from filing a return under this chapter, if its principal place of
16 business is not within the commonwealth, and in such case may require
17 the partners who are inhabitants of the commonwealth to include in their
18 individual returns their shares of the partnership income, and may assess
19 to each partner individually a tax on his share.

1 **Section 19.** An inhabitant of the commonwealth who is a member
2 of a partnership having no usual place of business in the commonwealth,
3 who receives income from such partnership derived from such a source
4 that it would be taxable if received directly by such partner, shall as to
5 such income be subject to the taxes imposed by this chapter.

1 **Section 20.** The provisions of this chapter in respect to the filing
2 of returns, and the assessment, abatement and collection of taxes, and
3 to notices concerning the same, shall apply to partnerships subject to
4 taxation under this chapter.

1 **Section 21.** Sections seventeen to twenty, inclusive, shall not apply
2 to partnerships, associations or trusts, the beneficial interest in which is
3 represented by transferable shares, and nothing in said sections shall
4 affect other provisions of this chapter so far as the same relate to such
5 partnerships, associations or trusts, the beneficial interest in which is
6 represented by transferable shares.
RETURNS.

SECTION 22. Every individual inhabitant of the commonwealth, including every partnership, association or trust, whose annual income from all sources exceeds two thousand dollars shall annually make a return of his entire income, except income derived (a) from real estate, (b) from dividends exempt from taxation under section one, (c) from interest upon bonds or other obligations of the United States, (d) from interest upon such bonds, notes and certificates of indebtedness of the commonwealth and political subdivisions thereof as are exempt from taxation under clause twenty-fifth of section five of chapter fifty-nine, (e) from loans secured exclusively by duly recorded mortgage of real estate, taxable as real estate, situated in the commonwealth, to an amount not exceeding the assessed value of the mortgaged real estate less the amount of all prior mortgages, and (f) from wages or salaries received from the United States. Every other individual inhabitant, including every partnership, association or trust, who receives income taxable under section one or subsection (a) or (e) of section five shall make an annual return of such taxable income.

SECTION 23. Every executor, administrator, trustee, guardian, conservator, trustee in bankruptcy, assignee for the benefit of creditors and receiver, other than a receiver of a domestic corporation, and every other person receiving income taxable under this chapter, shall make an annual return of his taxable income as provided in this chapter.

SECTION 24. Returns under the two preceding sections shall be on oath or accompanied by a written declaration that they are made under the penalties of perjury, and shall be filed with the income tax assessor for the district where the taxpayer resides or has his principal place of business or, at the option of the taxpayer, with the commissioner, shall be made in such form as the commissioner prescribes, and shall contain such further information as he deems pertinent. Except as otherwise provided in this chapter, the return shall be made on or before March first in each year and shall relate to the income received during the year ending on December thirty-first preceding.

SECTION 25. Every individual who while an inhabitant of the commonwealth, and every executor, administrator, trustee or other fiduciary who while such an inhabitant or while acting under an appointment derived from a court of the commonwealth, has received any income taxable under this chapter, and the estate of every deceased inhabitant of the commonwealth, shall be subject to the taxes imposed by this chapter. Every such individual or fiduciary shall file a return under section twenty-two or twenty-three if he has in the preceding year received any such income, and an executor or administrator shall file a return under said section twenty-three if his decedent received any such income not returned by the decedent as to which a tax under this chapter may still be assessed within the time limited by section thirty-seven. If a person has been appointed executor or administrator after January first in any year, the return of such income received by his decedent but not returned by him shall be due and shall be filed within ninety days after the date of such appointment. Every such individual intending to
17 remove his domicile from the commonwealth, and every such fiduciary
18 intending to make final distribution of an estate or trust, before the end
19 of any year shall file immediately prior to such removal or distribution a
20 return under said section twenty-two or twenty-three of all such income
21 received by him and by his decedent during said year and prior to such
22 removal or distribution, and the taxes thereon shall become due and
23 payable forthwith.

1 Section 26. The commissioner shall prepare blanks for the returns Blanks to be
2 required by sections twenty-two and twenty-three and shall cause them
3 to be distributed throughout the commonwealth; but no person shall be
4 excused from making the return by failure of the commissioner to send
5 or give one of the blanks to him.

1 Section 27. The commissioner shall annually give seasonable notice Seasonable
2 of the requirements of sections twenty-two to twenty-five, inclusive, by
3 posting or in any other suitable manner, not later than January fifteenth,
4 in every town in the commonwealth.

1 Section 28. If the commissioner shall, from information derived Omitted or
2 from the return or otherwise, be of opinion that any person whose income
3 is taxable under this chapter may have failed to file a return, or to include
4 in a return filed, either intentionally or through error, all the sources of
5 his taxable income, he may require from such person a return or a supple-
6 mentary return on oath, in such form in each individual instance as the
7 commissioner prescribes, of all the sources from which the taxpayer
8 received any income, whether or not taxable under this chapter in the
9 year for which the return was made. If from a supplementary return or
10 otherwise the commissioner finds that any sources of taxable income have
11 been omitted from the original return, he may require the amount of in-
12 come from each source of taxable income so omitted to be disclosed to
13 him on oath of the person liable for the tax, and added to the original
14 return. Such supplementary return and the correction of the original
15 return shall not relieve the person making the same from any of the
16 penalties to which he may be liable under any provision of this chapter.
17 The commissioner may proceed under any provision of sections thirty
18 and thirty-five to thirty-seven, inclusive, whether or not he requires a
19 return or a supplementary return under this section.

1 Section 29. In case of sickness, absence or other disability, the Commissioner
2 may allow further time for filing any return required by
3 this chapter.

1 Section 30. In order to verify any return made pursuant to this Verification
2 chapter the commissioner may, within two years after September first
3 of the year in which such return was due, if he has reason to believe the
4 return to be fraudulent or incorrect, direct by special authorization a
5 deputy or other agent to verify the return; and for the purpose of such
6 verification the books and papers of the person shall be open to the exam-
7 ining officer, or shall be produced for the purpose upon a summons,
8 which the commissioner, or the examining officer, may issue. The per-
9 son making the return may be examined by such officer on oath.
Section 31. The order of notice on the petition shall be returnable not later than ten days after the filing thereof. The petition shall be heard and determined on the return day or on such day thereafter as the court shall fix, having regard to the speediest possible determination of the cause consistent with the rights of the parties. The judgment shall include costs in favor of the prevailing party. All writs and processes may be issued from the clerk’s office in any county, and, except as aforesaid, shall be returnable as the court orders.

Said returns shall be preserved for two years, and thereafter until the commissioner orders them destroyed. The commissioner shall, on request of any inhabitant of the commonwealth, state whether or not any designated person has filed an income tax return for the current or any prior year.

Information at the Source.

Section 33. Every employer, being an inhabitant of the commonwealth or having a place of business therein, shall file annually with the commissioner a return in such form as he shall from time to time prescribe, giving the names and addresses of all regular employees residing in the commonwealth to whom said employer has paid wages, salary or other compensation in excess of the sum of two thousand dollars during the preceding calendar year, and may give the amount paid to each. In any individual case, upon request of the commissioner, the exact wages, salary or other compensation shall be stated.

Every corporation and every partnership, association or trust the beneficial interest in which is represented by transferable shares, doing business in the commonwealth, unless the dividends paid on its shares are exempt from taxation under section one, shall annually file with the commissioner in such form as he shall from time to time prescribe, a complete list of the names and addresses of its shareholders, as of record on December thirty-first of the preceding year, or on any other date satisfactory to the commissioner, or, in its discretion, of such shareholders as are residents of the commonwealth, together with the number and class of shares held by each shareholder and the rate of dividends paid on each class of stock for such preceding year.

Every corporation, partnership, association or trust doing business in the commonwealth shall report annually to the commissioner, in such form as he shall from time to time prescribe, the names and addresses of all residents of the commonwealth to whom it has paid interest during the year.
25 the preceding calendar year on its bonds, notes or other evidences of in-
26 debtedness, and to whom it has paid any annuities, except, however,
27 interest coupons payable to bearer, and income exempt from taxation
28 under this chapter. In any individual case, any such corporation, part-
29 nership, association or trust shall, upon request of the commissioner,
30 state the respective amounts of interest and annuities so paid by it to
31 any person during any calendar year.
32 The returns, lists and reports required by this section shall be made
33 on or before March first in each year; but the commissioner may author-
34 ize them to be made at any other date and in connection with any other
35 reports or returns that said individuals, partnerships, associations, trusts
36 and corporations may be required to file with him.

1 Section 34. The treasurer of every city, town and county, and the
2 comptroller, shall, annually not later than April tenth, in the form pre-
3 scribed by the commissioner, furnish to him names and addresses of all
4 employees of said cities, towns, counties and of the commonwealth
5 respectively, receiving during the preceding calendar year as salary,
6 wages, or otherwise, amounts exceeding two thousand dollars in each
7 case, together with the amount received by each.

Assessment and Administration.

1 Section 35. The commissioner shall determine from the returns re-
2 quired by this chapter, or in any other manner, the income of every per-
3 son taxable thereunder, and shall assess thereon the tax hereby provided
4 but he shall not determine the income of a person who has filed a return
5 in accordance with sections twenty-two to twenty-five, inclusive, within
6 the time prescribed by law, to be in excess of that disclosed by such return,
7 without notifying such person and giving him an opportunity to explain
8 the apparent incorrectness of his return.

1 Section 36. If any person who has failed to file a return, or has filed
2 an incorrect or insufficient return, and has been notified by the commis-
3 sioner of his delinquency, refuses or neglects within twenty days after
4 such notice to file a proper return, or if any person files a fraudulent re-
5 turn, the commissioner shall determine the income of such person, taxa-
6 ble under this chapter, according to his best information and belief, and
7 assess the same at not more than double the amount so determined.

1 Section 37. If the commissioner finds from the verification of a
2 return, or otherwise, that the income of any person subject to taxation
3 under this chapter or any portion thereof, has not been assessed, he may
4 at any time within two years after September first of the year in which
5 such assessment should have been made, assess the same, with interest
6 at six per cent from the date when such tax was due under section thirty-
7 nine, first giving notice to the person so to be assessed of his intention, and
8 such person shall thereupon have an opportunity within ten days after
9 such notification to confer with the commissioner in person or by counsel
10 or other representative as to the proposed assessment. After the expira-
11 tion of ten days from such notification the commissioner shall assess the
12 income of such person subject to taxation, or any portion thereof, which
13 he believes has not theretofore been assessed, and he shall thereupon give
14 notice under section thirty-nine to the person so assessed, and the tax,
with interest as aforesaid, shall be payable fourteen days after the date of such notice. The provisions of this chapter in respect to the abatement and collection of taxes shall apply to a tax so assessed. Whenever, in the course of a verification of the returns of a taxpayer under section thirty, the commissioner finds that an overpayment of the total amount of taxes due from such taxpayer has been made on any year's return subject to verification, the amount of such overpayment shall be deducted from the amount of any additional tax and interest aforesaid found to be due on any other year's return so verified, and only the net amount thus determined to be due shall be assessed additionally.

Section 38. The commissioner may from time to time make such rules and regulations, not contrary to this chapter, as he deems necessary to carry out its provisions.

Collection.

Section 39. The commissioner, annually on or before September first, shall give written notice to every person taxable under this chapter of the amount of the tax payable by him, and of the date on which the tax is due and payable, which shall, except as otherwise provided in this chapter, be October first. The notice shall be mailed, postage prepaid, addressed to the person assessed at his place of residence or business, or at the address given in his return, or otherwise delivered at such place of residence or business or at such address. All taxes assessed hereunder may be paid at the office of the commissioner in Boston or at the office of the income tax assessor for the district where the taxpayer resides or has his principal place of business, at the option of the taxpayer, and the notice shall state the places at which the tax may be paid. Failure to receive such notice shall not affect the validity of the tax.

Section 40. All taxes received by the income tax assessors shall be accounted for and turned over to the commissioner as often as once in each week.

Section 41. If a tax assessed under this chapter remains unpaid after the expiration of fourteen days from the date when due, interest at the rate of six per cent per annum from the due date shall be added to and become part of the tax. The commissioner shall have for the collection of taxes assessed under this chapter all the remedies provided by chapter sixty for the collection of taxes on personal estate by collectors of taxes of towns. The officer to whom a warrant for the collection of such a tax is given shall collect said tax and interest upon the same at the rate of six per cent per annum from the time when such tax became due and may collect and receive for his fees the sum which an officer would be entitled by law to receive upon an execution for a like amount. Any action of contract brought to recover any such tax shall be brought in the name of the commonwealth.

Section 42. If any income taxable under this chapter, received by executors, administrators, trustees, or other fiduciaries, is duly assessed to them thereunder and they neglect to pay the same, any such fiduciary shall be personally liable therefor to the commissioner in contract, and may be allowed in his account for the amount paid by him.
ABATEMENTS.

1 Section 43. Any person aggrieved by the assessment of a tax under this chapter may apply to the commissioner for an abatement thereof at any time within six months after the date of the notice of the assessment, or, if he dies during said six months his executor or administrator may apply for such abatement within one month after his appointment, and if, after a hearing, the commissioner finds that the tax is excessive in amount or that the person assessed is not subject thereto, he shall abate it in whole or in part accordingly. If the tax has been paid, the state treasurer shall repay to the person assessed the amount of such abatement, with interest thereon at the rate of six per cent per annum from the time when it was paid. The commissioner shall notify the petitioner by registered letter of his decision upon the petition.

2 Section 44. No tax assessed on any person liable to taxation under this chapter shall be abated in any event unless the person assessed shall have filed, at or before the time of bringing his petition for abatement, a return as required by sections twenty-two to twenty-five, inclusive, and if he failed without good cause to file his return within the time prescribed therefor, he may be assessed by law, or he may file a fraudulent return, or he may have filed an incorrect or insufficient return, has failed, after notice, to file a proper return, the commissioner shall not abate the tax below double the amount for which the person assessed was properly taxable under this chapter.

3 Section 45. Any person aggrieved by the refusal of the commissioner to abate, in whole or in part, under section forty-three, a tax assessed under this chapter, may appeal therefrom, within thirty days after the mailing of notice of the decision of the commissioner, by filing a petition with the clerk of the board of tax appeals. If, on hearing, said board finds that the person making the appeal was entitled to an abatement under section forty-three from the tax assessed on him, it shall make such abatement as it sees fit. The decision of the board of tax appeals shall, except as otherwise provided herein, be final and conclusive, and shall be communicated in writing to the petitioner and the commissioner within five days thereafter. Any taxes assessed under this chapter or corresponding provisions of earlier laws, which are unpaid and uncollectible, may be abated by the board of tax appeals, on the recommendation of the attorney general and the commissioner at any time after the expiration of five years from the date when the same became payable.

4 Section 46. If the tax abated has been paid, the state treasurer shall repay to the petitioner the amount of the abatement and interest at the rate of six per cent per annum from the time of payment, upon presentation to him by the petitioner of the notice of the decision of the board.

5 Section 47. [Repealed, 1930, 416, § 2.]

6 Section 48. The remedies provided by sections forty-three to forty-seven, inclusive, shall be exclusive, whether or not the tax is wholly illegal. But the word "exclusive" in this section shall not be construed to deprive any person of a right of action at law in any federal court.

If any person required to file a return under this chapter fails to file the return within the time prescribed therein, the sum of five dollars for every day during which such person is in default shall be added to, and become part of the tax, as an additional tax; but the commissioner may, in his discretion, abate any such additional tax in whole or in part.

Section 56. Whoever files a fraudulent return, and whoever, having failed to file a return or having filed an incorrect or insufficient return without reasonable excuse fails to file a return within twenty days after receiving notice from the commissioner of his delinquency, shall be punishable by a fine of not less than one hundred nor more than ten thousand dollars, or by imprisonment for not more than one year, or both, and shall forfeit his right to hold public office anywhere within the commonwealth for such period, not exceeding five years, as the court determines. 8 not more than one thousand dollars, or by imprisonment for not more
9 than six months, or both, and by disqualification from holding office for
10 such period, not exceeding three years, as the court determines.

1 Section 59. Section thirty-one and the penalties provided by sub-
2 sections fifty-five and fifty-six shall apply to individuals and corporations

4 may be inflicted upon any member of the partnership who is an inhabi-
5 tant of the commonwealth and who has any active part in the manage-
6 ment of the affairs of the partnership, and if there is no such member,
7 upon the persons in charge of its affairs in this commonwealth. In the
8 case of a partnership, association or trust, the beneficial interests in

TAXATION OF BANKS, TRUST COMPANIES, ETC.

1. Section 1. When used in this section, and in sections two to seven inclusive, the following terms shall have the following meanings:

"Bank", Any bank, banking association or trust company doing business within the commonwealth, whether of issue or not, existing by authority of the United States or of a foreign country, or of any law of the commonwealth not contained in chapters one hundred and sixty-eight to one hundred and seventy-one, inclusive, and chapters one hundred and seventy-three to one hundred and seventy-four.

"Net income", The net income for the taxable year as required to be returned by the bank to the federal government under the federal revenue act applicable for the period, adding thereto any net losses, as defined in said federal revenue act, that have been deducted and all interest and dividends not so required to be returned as net income which would be taxable if received by an individual inhabitant of the commonwealth; provided that net income as defined in this section shall not include interest from bonds, notes or certificates of indebtedness of the United States or of any federal instrumentality, if such interest is by the constitution of the United States or by act of congress exempt from taxation under this chapter.

"Taxable year", The fiscal or calendar year for which the bank was required to make its last return to the federal government due prior to April first of the year in which the tax is to be assessed or, if such return was for a fractional period, a full year, including and ending with such fractional period.

1. Section 2. Every bank shall pay annually a tax measured by its net income, as defined in section one, at the rate assessed upon other financial corporations; provided, that such rate shall not be higher than the highest of the rates assessed under this chapter upon mercantile and business corporations doing business in the commonwealth. The commissioner shall determine the rate on or before July first of each year after giving a hearing thereon, and at or prior to such hearing he shall make available to all banks requesting the same a statement showing the aggregates of the income returnable during the preceding calendar year and taxable under this chapter and the aggregates of the taxes under this chapter of such year, with respect to the following classes of corporations: (1) domestic financial corporations, (2) foreign financial corporations, (3) domestic manufacturing corporations as defined in section thirty-eight

Section 3. Every bank shall within the first ten days of April make a return as of April first, sworn to by its cashier or by its treasurer, or in their absence or incapacity by any other principal officer, in such form as the commissioner prescribes, giving: —  

(a) A copy of such parts as the commissioner may designate of the federal return or returns for the year by the income of which the tax is to be measured, provided that if any bank shall have participated in filing a consolidated return of income to the federal government, it shall file with the commissioner a statement of net income in such form as he may prescribe, showing its gross income and deductions in accordance with the law and regulations governing the usual federal returns of corporations not so participating; and such additional information as he may require to determine the net income as defined in section one.  

(b) The name of each shareholder with his residence and the number of shares belonging to him at the close of the business day last preceding April first as the same then appeared on the books of said bank.  

Whenever the time for filing the federal return has been extended, the commissioner may extend the time for filing the return required under this section.

Section 4. All provisions of this chapter relative to the assessment, collection, payment, abatement, verification and administration of taxes, including penalties, applicable to domestic business corporations, as defined in section thirty, shall, so far as pertinent, be applicable to taxes under section two; provided, that any notice required to be given to a national banking association shall be given to the cashier thereof; and provided, further, that no such provisions shall be so applied as to contravene the federal constitution or the federal statutes relating to national banking associations.

Section 5. Such proportion of the tax paid by each bank under the foregoing sections, after deducting any refund and any interest or costs paid on account thereof, as corresponds to the proportion of its stock owned by persons residing in this commonwealth shall be determined by the commissioner and be distributed, credited and paid to the several towns in which from returns or other evidence it appears that such persons resided on April first preceding, according to the number of shares so held in such towns respectively, and the remainder of such tax shall be retained by the commonwealth. The commissioner shall forthwith upon such determination give written notice by mail or at their office to the assessors of each town thereby affected of the aggregate amount so charged against and credited to it; and they may within ten days after notice of such determination appeal therefrom to the board of tax appeals.
Section 6. At the expiration of ten days after said notice, if no appeal is taken or upon being informed of the decision of the board of tax appeals, the commissioner shall certify to the state treasurer the aggregate amount of charges against, and credits to, each town, as so determined; and the treasurer shall thereupon withhold, out of any sums payable by the commonwealth to any town against which a charge is certified, the amount of such charge, and shall allow or pay over to each town to which a credit is certified the amount of such credit.

Section 7. Any taxes assessed upon any bank under the provisions of the foregoing sections shall be in lieu of any and all other taxes under this chapter except taxes levied under the provisions of sections eleven to seventeen, inclusive.

Whenever a bank, as defined in section one of chapter one hundred and sixty-seven, is restrained from doing business by an injunction issued by any court, or is in the hands of the commissioner of banks under said chapter, the tax payable by the bank under section eleven, as computed on May first or November first next ensuing, after the bank is incapacitated from doing business as aforesaid, shall be reduced by the same proportion which the number of business days during the six months next preceding the said May first or November first on which the bank was thus incapacitated bears to the total number of business days in the said six months; and thereafter the bank shall be relieved from paying taxes under said section so long as it continues to be incapacitated from so doing business.

SECTION 17. The Massachusetts Hospital Life Insurance Company shall semi-annually, on or before May tenth and November tenth, make a return, signed and sworn to by a majority of its board of directors, of the full amount of all money and property, in detail, in its possession or charge as deposits, trust funds or for purposes of investment, and shall...
6 pay to the commissioner upon all the same, except upon deposits invested
7 in loans secured by mortgages of real estate taxable in this commonwealth
8 and in bonds or certificates of indebtedness of the United States, a tax at
9 the rate imposed upon savings banks on account of deposits. If said
10 corporation neglects to make such return, it shall forfeit fifty dollars for
11 each day such neglect continues; and if it wilfully makes a false state-
12 ment in any such return, it shall be punished by a fine of not less than five
13 hundred nor more than five thousand dollars.

**TAXATION OF SAVINGS BANK INSURANCE.**

1 Section 18. Savings and insurance banks doing business under
2 chapter one hundred and seventy-eight shall, in respect to all funds held
3 by the insurance department as a part of its insurance reserve or surplus,
4 and the General Insurance Guaranty Fund created by said chapter shall
5 in respect to all funds held by it, pay to the commissioner the same taxes,
6 at the same rate, to the same extent, and in the same manner as taxes
7 under section eleven are payable on deposits held by the savings depart-
8 ment. Savings and insurance banks shall not be taxable on funds held as
9 part of the expense guaranty fund, or of the insurance guaranty fund, nor
10 shall such banks or the General Insurance Guaranty Fund be liable to the
11 commonwealth for any taxes or fees provided to be assessed upon life
12 insurance companies, or for any taxes or fees except as above provided.
13 All insurance policies and annuity contracts issued by such banks shall
14 otherwise be exempt from taxation.

**CORRECTION OF ASSESSMENT OF CERTAIN BANK TAXES.**

1 Section 18A. A bank or company taxable under section eleven,
2 seventeen or eighteen shall be notified by the commissioner of the tax
3 assessed as soon as may be, and within sixty days after the date of notifi-
4 cation may apply to the commissioner for a correction of the assessment,
5 and in default of settlement may, within thirty days of the date of the
6 notice of the commissioner’s decision, appeal therefrom to the board of
7 tax appeals. If abatement of a tax paid is granted, the overpayment
8 with interest thereon at the rate of six per cent per annum from the date
9 of payment shall be refunded to the bank or company by the state treas-
10 urer without any appropriation therefor by the general court.

**TAXATION OF CO-OPERATIVE BANKS.**

1 Section 19. The capital stock, corporate franchises and personal
2 property, but not the real estate, of co-operative banks shall be exempt
3 from taxation.

**TAXATION OF INSURANCE COMPANIES.**

1 Section 20. Every life insurance company, as defined by section one
2 hundred and eighteen of chapter one hundred and seventy-five, author-
3 ized to transact business in the commonwealth shall annually pay an
4 excise of one quarter of one per cent upon the net value of all policies in
5 force on December thirty-first of the year preceding that in which the
6 tax is payable, issued or assumed by such company on the lives of resi-
7 dents of this commonwealth as determined by the commissioner from
8 the return required under this section and such other evidence as he may
obtain. All contingencies of any other character insured against by such company under authority of clause sixth of section forty-seven of chapter one hundred and seventy-five or any other provision of law, contracts for which are required to be in separate and distinct policies, shall be taxable under sections twenty-two and twenty-three of this chapter. Every such company shall annually, on or before May first, make a return to the commissioner, on oath of its president or secretary and its actuary, giving in such detail as the commissioner shall require the total number of policies in force on December thirty-first preceding on the lives of the residents of this commonwealth, the aggregate net value thereof and the aggregate amount insured. Whenever the commissioner deems it for the best interest of the commonwealth he may require in addition to the above information the following details relating to each policy of ordinary business in force on December thirty-first preceding on the lives of a resident of Massachusetts: the number, date and class, the age of the assured, the amount insured and the net value. In respect to ordinary business the aggregate net value so reported shall be the combined aggregate of the mean reserve computed for each policy, or each group of policies requiring a separate computation to determine their net value, on the basis of valuation used or approved by the commissioner of insurance under section nine of chapter one hundred and seventy-five. In respect to industrial business the aggregate net value so reported may be estimated upon the basis of such general averages or otherwise as shall be authorized by the commissioner with the approval of the commissioner of insurance.

Section 21. Every foreign life insurance company shall annually pay with respect to business taxable under the preceding section, in addition to the excise hereby imposed, a sum equal to the excess over such excise of the amount of tax which would be imposed in the same year by the laws of the state or country under which such company is organized, upon a life insurance company incorporated in this commonwealth, or upon its agents, if doing business to the same extent in such state or country.

Section 22. Every domestic insurance company coming within the scope of the definition of a domestic company in section one of chapter one hundred and seventy-five, except life insurance companies with respect to business taxable under section twenty, shall annually pay an excise of one per cent upon the gross premiums for all policies written or renewed, all additional premiums charged, and all assessments made by such company on policyholders during the preceding calendar year; but such premiums for policies written or renewed for insurance of property or interest in other states or countries where a tax is actually paid by such company, or its agents, shall not be so taxed.

Section 23. Every foreign insurance company coming within the scope of the definition of a foreign company in section one of chapter one hundred and seventy-five, except life insurance companies with respect to business taxable under sections twenty and twenty-one, shall annually pay an excise upon the gross premiums for all policies written or renewed, all additional premiums charged, and all assessments made during the preceding calendar year for insurance of property or interests
8 in this commonwealth, or which are subjects of insurance by contracts
9 issued through companies or agents therein, at the rate of two per cent
10 but not less in amount than would be imposed by the laws of the state
11 or country under which such company is organized upon a like insurance
12 company incorporated in this commonwealth, or upon its agents, if
13 doing business to the same extent in such state or country. In case
14 any company discontinues business in this commonwealth and reinsures
15 the whole or part of its risks without making payment of this excise, the
16 company accepting such reinsurance shall pay the same, and if several
17 companies shall make such reinsurance, the tax shall be apportioned
18 among such companies in proportion to the original premiums on the
19 business in this commonwealth so reinsured by each company.

1 Section 24. In determining the amount of the tax payable under
2 sections twenty-one, twenty-two and twenty-three, there shall be de-
3 ducted all premiums on policies written but not taken, or cancelled
4 through default of payment, and all premiums returned or credited to
5 policyholders during the year for which the tax is determined, provided
6 that all such premiums have been included as premium receipts in a
7 return made under the following section and a tax assessed thereon, and
8 all premiums paid to authorized companies for reinsurance, provided that
9 it is shown to the satisfaction of the commissioner that the tax on such
10 premiums has been or will be paid in full by such reinsuring company.

1 Section 25. Every insurance company liable to taxation under sec-
2 tion twenty-one, twenty-two or twenty-three shall annually in January
3 make a return to the commissioner in such form as he shall prescribe,
4 on oath of its secretary or other officer having knowledge of the facts,
5 setting forth: if a domestic company, the total amount of gross pre-
6 miums for all policies written or renewed, of all additional premiums
7 charged and of all assessments made, during the preceding calendar
8 year, and the amount of each class of deductions claimed under any
9 provision of this chapter; if a foreign company, the total amount of
10 gross premiums for all policies written or renewed, of all additional
11 premiums charged and of all assessments made, during the preceding
12 calendar year for insurance of property or interests in this common-
13 wealth, or which are subjects of insurance by contracts issued through
14 companies or agents therein, and the amount of each class of deductions
15 claimed under any provision of this chapter, and in addition to the above
16 any information which the commissioner may require in assessing an
17 excuse under any provision of law.
18 For cause, the commissioner may extend the time within which any
19 such statement may be filed, but not to a date later than March first.

1 Section 26. The books, papers and accounts of every insurance
2 company and of its agents shall be open at all times to inspection and
3 examination by the commissioner and the commissioner of insurance, or
4 their duly authorized representatives, for the purpose of verifying the
5 accuracy of the returns made under sections twenty and twenty-five.

1 Section 27. Every insurance company neglecting to make the return
2 required by section twenty or twenty-five shall forfeit twenty-five dol-
3 lars for every day during which such neglect continues. If any company
4 neglects to make such return for ten days after notice thereof addressed

to it has been deposited in the post office, postage prepaid, it shall further forfeit five hundred dollars, and upon an information by the attorney general at the relation of the commissioner it may be restrained from the further transaction of its business in this commonwealth until it has made such return; but such penalties shall not be incurred if it is proved that the return was duly made and deposited in the post office, postage prepaid, properly directed to the commissioner, and that there was no neglect. If any return required by said section twenty or twenty-five contains a false statement which is known, or by the exercise of reasonable care might have been known, to the officers making it, to be false, such company shall be liable for the amount of tax thereby lost to the commonwealth, and each offending officer shall forfeit not less than five hundred nor more than five thousand dollars.

Section 28. The commissioner, from such returns, and from such other evidence as he may obtain, shall assess upon all insurance companies subject to this chapter the taxes imposed by sections twenty to twenty-three, inclusive, and shall forthwith upon making such assessment give to every such company notice of the amount thereof. Such taxes shall become due and payable to the commissioner thirty days after the date of such notice but not later than July first. All such taxes shall bear interest at the rate of six per cent per annum from the date payable until July first and, whether assessed before or after July first, shall bear interest at the rate of twelve per cent per annum from July first until they are paid. Within sixty days after the date of such notice the company may apply to the commissioner for a correction of said excessive, and in default of settlement may, upon application within thirty days of the date of notification of the commissioner's decision, be heard thereon by the board of tax appeals. If abatement of a tax paid is granted, the overpayment with interest thereon at the rate of six per cent per annum from the date of payment shall be refunded to the corporation by the state treasurer without any appropriation therefor by the general court.

Section 29. Every domestic or foreign insurance company shall be liable for the full amount of all taxes assessed under this chapter upon it or its agents, which, with interest as provided in the preceding section, may be recovered in contract by the commissioner in the name of the commonwealth. It shall further be liable, upon an information, to an injunction restraining it and its agents from the further prosecution of its business until all taxes due with costs and interest are fully paid.

TAXATION OF BUSINESS CORPORATIONS.

Definitions. 1924, 254, § 3; 438, § 5.

Section 30. When used in this section and sections thirty-one to fifty-two, inclusive, the following terms shall have the following meanings:

1. "Domestic business corporations", every corporation organized under or subject to chapter one hundred and fifty-six, except corporations organized under the provisions of section ten of chapter one hundred and fifty-seven, and except domestic manufacturing corporations as defined in section thirty-eight C.
8. "Foreign corporations", every corporation, association or organization established, organized or chartered under laws other than those of the commonwealth, for purposes for which domestic corporations may be organized under chapter one hundred and fifty-six, which has a usual or temporary place of business in this commonwealth, or is engaged here, permanently or temporarily, in the construction, erection, alteration or repair of a building, bridge, railroad, railway or structure of any kind; provided, that such term shall not apply to such corporations, associations or organizations without capital stock as are subject to taxation under section eighteen of chapter one hundred and fifty-seven, or to foreign manufacturing corporations as defined in section forty-two B.

9. "Corporate excess", in the case of a domestic business corporation, except as hereinafter provided, the fair value of its capital stock on the last day of the taxable year as defined in paragraph numbered six of this section, less the value of the following on such date:

(a) The works, structures, real estate, motor vehicles, machinery, poles, underground conduits, wires and pipes owned by it within the commonwealth subject to local taxation, except such part of said real estate as represents the interest of a mortgagee. The term "real estate", as used in this subdivision and in subdivision (a) of paragraph four of this section shall include the corporation's interest as lessee in such buildings on land held under a lease as by the terms of the lease are the property of and may be removed by the lessee, and such buildings, for the purposes of said subdivisions and of sections fifty-five and sixty-eight A, shall not be deemed real estate of the lessor.

(b) Securities, the income of which, if any, if received by a natural person resident in this commonwealth, would not be liable to taxation, except shares in national banks and voluntary associations, trusts and partnerships.

(c) Its real estate, machinery, merchandise and other tangible property situated in another state or country, except such part thereof as represents the interest of a mortgagee.

(d) If any portion of its cash and accounts and bills receivable, excluding notes, is attributable to an office outside the commonwealth, the same proportion of its cash and accounts and bills receivable, excluding notes, which its real estate, machinery and merchandise situated in another state or country bear to its total real estate, machinery and merchandise, to the extent that such proportion fairly represents, in the judgment of the commissioner, the amount which is properly allocable to such other state or country.

If by reason of recent organization, or otherwise, the corporation is not required to make to the commissioner a return of net income for a taxable year, the value of the corporate excess shall be determined as of the first day of April when the return called for by section thirty-five is due.

4. "Corporate excess employed within the commonwealth" by a foreign corporation, except as hereinafter provided, such proportion of the fair value of its capital stock on the last day of the taxable year as is defined in paragraph numbered six of this section, as the value of the assets, both real and personal, employed in any business within the commonwealth on that date, bears to the value of the total assets of the corporation on said date, less the value of the following on such date:

(a) Works, structures, real estate, motor vehicles, machinery, poles, underground conduits, wires and pipes owned by it within the common-
wealth subject to local taxation, except such part of said real estate as 61 represents the interest of a mortgagee.

(b) Securities held in the commonwealth, the income of which, if any, 63 if received by a natural person resident therein, would not be liable to 64 taxation, except shares in national banks, voluntary associations, trusts 65 and partnerships. In determining the proportion of assets employed 66 within the commonwealth, the commissioner may include such bank 67 deposits in other states as are employed principally in the conduct of the 68 business in the commonwealth.

If by reason of recent organization, or otherwise, the corporation is not 70 required to make to the commissioner a return of net income for a taxable 71 year, the value of the corporate excess employed in this commonwealth 72 shall be determined as of the first day of April when the annual return 73 called for by section forty is due.

5. "Net income", except as otherwise provided in sections thirty-four 75 and thirty-nine, the net income for the taxable year as required to be 76 returned by the corporation to the federal government under the federal 77 revenue act applicable for the period, adding thereto any net losses, as 78 defined in said federal revenue act, that have been deducted and all 79 interest and dividends not so required to be returned as net income which 80 would be taxable if received by an individual inhabitant of the common- 81 wealth; provided that net income as defined in this paragraph shall not 82 include interest from bonds, notes or certificates of indebtedness of the 83 United States or of any federal instrumentality, if such interest is by the 84 constitution of the United States or by act of congress exempt from taxa- 85 tion under this chapter.

6. "Taxable year", the fiscal or calendar year for which the corpora- 87 tion was required to make its last return to the federal government due 88 prior to April first of the year in which the tax is to be assessed, or, if 89 such return was for a fractional period, a full year, including and ending 90 with such fractional period.

**Section 31.** In determining the corporate excess of a domestic busi- 1 ness corporation, or the corporate excess employed within the common- 2 wealth by a foreign corporation, the surplus and undivided profits shall 3 be included in estimating the value of the capital stock, and there shall 4 not be deducted the value of shares in national banks and voluntary 5 associations, trusts and partnerships, nor of other securities the income 6 of which, if owned by a natural person resident in this commonwealth, 7 would be liable to taxation, nor shall there be deducted the value of any 8 shares of stock of the corporation itself owned directly or indirectly by 9 it or for its benefit; and the commissioner, in determining for the pur- 10 poses of taxation the value of the corporate excess of, or corporate excess 11 employed within the commonwealth by, any such corporation, shall not 12 take into consideration any debts of the corporation unless he is satisfied 13 that no part of such debts was incurred for the purpose of reducing the 14 amount of taxes to be paid by it, and, in the case of a corporation which is 15 a subsidiary of another corporation or closely affiliated therewith by stock 16 ownership, that such debts represent only the fair value of the property 17 or services given therefor.
**Domestic Corporations.**

1 Section 32. Except as otherwise provided in sections thirty-four and thirty-eight B, every domestic business corporation shall pay annually, with respect to the carrying on or doing of business by it, an excise equal to the sum of the following, provided, that every such corporation shall pay annually a total excise not less in amount than one twentieth of one per cent of the fair value of its capital stock on the day fixed for determination of the value of its corporate excess:—

1. An amount equal to five dollars per thousand upon the value of its corporate excess.

2. An amount equal to two and one half per cent of its net income determined to be taxable in accordance with the provisions of this chapter.

1 Section 32A. Every domestic business corporation deriving its profits principally from the ownership, sale, rental or use of real estate or tangible personal property shall pay annually, with respect to the carrying on or doing of business by it, a total excise under this chapter not less in amount than one twentieth of one per cent of said corporation's gross receipts from business assignable to this commonwealth as defined in clause six of section thirty-eight.

1 Section 33. If a domestic business corporation which is a subsidiary of a foreign corporation or closely affiliated therewith by stock ownership or is so managed that, because of payments made to such other corporation or its officers in excess of the fair value of the property or services given therefor, its books of account will not show its true earnings, it shall pay as a minimum tax under this chapter an amount equal to one tenth of one per cent of the said corporation's gross receipts for the taxable year from business assignable to this commonwealth as defined in clause six of section thirty-eight, unless it shall file, within ten days of a notice by the commissioner of his determination to assess the corporation under this section, a statement of its net income showing to the satisfaction of the commissioner its true earnings for the taxable year, eliminating therefrom all payments to such other corporation or its officers in excess of the fair value of the property or services given therefor.

1 Section 34. If two or more domestic business corporations participated in the filing of a consolidated return of income to the federal government, the tax under paragraph (2) of section thirty-two may, at their option, be assessed upon their combined net income, which tax shall be assessed to all said corporations and collected from any one or more of them. In the case of domestic business corporations thus affiliated and not electing, under the foregoing provision, to be assessed upon their combined net income, and in the further case of one or more domestic business corporations filing with one or more foreign corporations a consolidated return of net income to the federal government, each such domestic business corporation shall file with the commissioner, as a part of its return required by this chapter, a statement of net income in such form as he may prescribe, showing its gross income and deductions in accordance with the law and regulations governing the usual federal returns of corporations not thus affiliated, and the net income thus shown, after making deductions therefrom and additions thereto as provided in
paragraph five of section thirty, shall be the "net income" under this chapter.

Section 34A. [Inserted, 1923, 254, § 1; repealed, 1924, 26, § 1.] 1

Section 35. Every domestic business corporation shall, within the first ten days of April, make a return as of April first, sworn to by its treasurer or assistant treasurer, or in their absence or incapacity by any other principal officer, in such form as the commissioner prescribes, giving (a) a copy of such parts as he may designate of the federal return or returns for the year on the income of which the tax is to be assessed, which it has made singly or with one or more other corporations, (b) such other data as he requires to determine the proportion of net income derived from business carried on within the commonwealth, (c) such information as he requires for the determination of the corporate excess. Whenever the time for filing its federal return has been extended, the commissioner may extend the time for filing such return.

Section 36. If the assessment made by the federal government is based upon a net income greater or less than the net income returned by said corporation, or if an additional assessment is at any time made on the ground that the net income was incorrectly returned in the first instance, or if, after the tax as assessed is paid to the federal government, any part of such tax is refunded, the corporation, within seventy days after the receipt of notice of said fact, shall make return on oath to the commissioner of the amount by which the net income originally returned differs from the net income on which the tax was computed by the federal government upon the latest determination by it of the proper tax, and of the facts giving rise to the difference; provided that in case the corporation appeals from a decision of the commissioner of internal revenue or from a decision of the United States board of tax appeals, the return required by this section shall be made within thirty days after notice of the final determination on such appeal. If upon such facts an additional tax is due the commonwealth, the commissioner shall assess the additional tax, and the corporation shall, within thirty days after receipt of notice from the commissioner of the amount thereof, pay such additional tax with interest at six per cent from October twentieth of the year in which the original return of the corporation was due to be filed. If upon said facts a less tax is due the commonwealth than that paid by the corporation, the state treasurer shall, upon certification of the commissioner, repay within thirty days such difference with interest at the rate of six per cent from the date of the overpayment without any further statutory appropriation therefor. The provisions of this section shall not be construed to authorize the commissioner to make any assessment, the time for making which has by law expired, except assessment, with interest as aforesaid, of such amount of additional tax as is incident to the increase in federal net income, nor to authorize refund in excess of the amount of tax paid with respect to the difference in net income determined by the federal reduction, with interest as aforesaid.

Section 37. The commissioner shall determine, in the manner provided in this and the following section, the part of the net income of a domestic business corporation derived from business carried on within
4 the commonwealth. The following classes of income shall be allocated
5 as follows:
6 (a) Interest and dividends included in net income as defined in sec-
7 tion thirty of this chapter shall be allocated to this commonwealth.
8 (b) Gains realized from the sale of capital assets, if such assets con-
9 sist of intangible property or if they consist of real estate or tangible per-
10 sonal property situated in the commonwealth, shall be allocated to this
11 commonwealth.
12 (c) Gains received from the sale of capital assets, if such assets con-
13 sist of real estate or tangible personal property situated outside the
14 commonwealth, shall not be allocated in any part to this commonwealth.

1 Section 38. Income of the classes described in the preceding section
2 having been allocated, the remainder of the net income as defined in
3 section thirty shall be allocated as follows:
4 1. If the corporation carries on no business outside the commonwealth,
5 the whole of said remainder shall be allocated to this commonwealth.
6 2. If the corporation carries on any business outside the common-
7 wealth, the said remainder shall be divided into three equal parts:
8 (a) Of one third, such portion shall be attributed to business carried
9 on within the commonwealth as shall be found by multiplying said third
10 by a fraction whose numerator is the value of the corporation’s tangible
11 property situated within the commonwealth and whose denominator is
12 the value of all the corporation’s tangible property wherever situated.
13 (b) Of another third, such portion shall be attributed to business
14 carried on within the commonwealth as shall be found by multiplying
15 said third by a fraction whose numerator is the expenditure of the cor-
16 poration for wages, salaries, commissions or other compensation to its
17 employees, and assignable to this commonwealth as hereinafter provided,
18 and whose denominator is the total expenditure of the corporation for
19 wages, salaries, commissions or other compensation to all its employees.
20 (c) Of the remaining third, such portion shall be attributed to busi-
21 ness carried on within the commonwealth as shall be found by multi-
22 plying said third by a fraction whose numerator is the amount of the
23 corporation’s gross receipts from business assignable to this common-
24 wealth as hereinafter provided, and whose denominator is the amount
25 of the corporation’s gross receipts from all its business.
26 3. In a case where only two of the foregoing three rules are applicable,
27 the said remainder of net income of the corporation shall be divided
28 into two equal parts only, each of which shall be apportioned in accord-
29 ance with one of the remaining two rules. If only one of the three rules
30 is applicable, the part of the net income received from business carried
31 on within the commonwealth shall be determined solely by that rule.
32 4. The value of the corporation’s tangible property for the purposes
33 of this section shall be the average value of such property during the
34 taxable year.
35 5. The amount assignable to this commonwealth of expenditure of
36 the corporation for wages, salaries, commissions or other compensation
37 to its employees shall be such expenditure for the taxable year as repre-
38 sents the compensation of employees not chiefly situated at, connected
39 with or sent out from premises for the transaction of business owned or
40 rented by the corporation outside the commonwealth.
41 6. The amount of the corporation’s gross receipts from business as-
42 signable to this commonwealth shall be the amount of its gross receipts
for the taxable year from (a) sales, except those negotiated or effected in behalf of the corporation by agents or agencies chiefly situated at, connected with or sent out from premises for the transaction of business owned or rented by the corporation outside the commonwealth and sales otherwise determined by the commissioner to be attributable to the business conducted on such premises, (b) rentals or royalties from property situated, or from the use of patents, within the commonwealth; provided, that upon application by a corporation which owns or controls substantially all the capital stock of another corporation, or by the corporation so owned or controlled, the commissioner may impose the tax provided for by this chapter upon the income of the two corporations jointly in the same manner as though they were a single corporation, or may, in such other manner as he shall determine, equitably adjust the tax of the applying corporation.

7. If a corporation maintains an office, warehouse or other place of business in a state other than this commonwealth for the purpose of reducing its tax under this chapter, the commissioner shall, in determining the amount of its gross receipts from business assignable to this commonwealth, include therein the gross receipts from sales attributed by the corporation to the business conducted at such place of business in another state.

8. In the case of consolidated returns of net income, the commissioner shall allocate such income, so far as practicable, in accordance with the above rules.

9. A rule shall not be deemed to be inapplicable merely because all the tangible property or the expenditure of a corporation for wages, salaries, commissions or other compensation, or the gross receipts of the corporation, are found to be situated, incurred, or received without the commonwealth.

10. [Repealed, 1926, 338, § 1.]

### Section 38A
The net income of a domestic business corporation allocated to this commonwealth shall be its net income subject to tax under this chapter.

### Section 38B

Every domestic business corporation, which is engaged exclusively in buying, selling, dealing in, or holding, securities on its own behalf and not as a broker, shall pay annually an excise equal to the sum of the following and such a corporation shall not be subject to the excise imposed by section thirty-two:

(a) An amount equal to six per cent of such income, received by the corporation during the preceding calendar year, as would be subject to taxation under section one of chapter sixty-two, if received by a natural person resident in this commonwealth; provided, that the corporation shall receive a deduction on account of interest paid, in the same manner and to the same extent that a natural person is entitled to receive such a deduction under sections two and three of said chapter sixty-two.

(b) An amount equal to one and one half per cent of such income, received by the corporation during the preceding calendar year, as would be subject to taxation under clause (b) of section five of said chapter sixty-two, if received by a natural person resident in this commonwealth, the same to be computed in accordance with the provisions of section six of said chapter sixty-two, so far as applicable, but without...
19 deducting any exemption under authority of said clause \( b \) and without 
20 making any deduction under clause \( g \) or \( h \) of said section six.
21 \( c \) An amount equal to three per cent of the excess of the gains over 
22 the losses received by the corporation during the preceding calendar 
23 year from purchases or sales of intangible personal property.
24 But in no event shall the total excise so payable by such a corporation 
25 be less in amount than one twentieth of one per cent of the fair value of 
26 its capital stock on the last day of the taxable year as defined in para-
27 graph numbered six of section thirty.
28 Such a corporation shall annually on or before April tenth, file a return 
29 in such form as the commissioner shall prescribe giving such informa-
30 tion as he shall require for determination of the excise under this section.
31 The commissioner shall assess and collect said excise, and all provisions 
32 of this chapter relative to the assessment, collection, payment, abate-
33 ment, verification and administration of the excise imposed by said 
34 section thirty-two, including penalties, shall, so far as pertinent, be 
35 applicable to the excise determined under this section.

1 **Section 38C.** Every corporation organized under or subject to 
2 chapter one hundred and fifty-six which is engaged in manufacturing 
3 shall, for the purposes of this chapter, be deemed to be a domestic manufa-
4 cting corporation. Every domestic manufacturing corporation shall 
5 be taxed in the same manner and shall have the same duties under this 
6 chapter as a domestic business corporation, except that from the net 
7 income of a domestic manufacturing corporation, allocated to this 
8 commonwealth, there shall be deducted the same proportion thereof 
9 which the fair cash value of machinery owned by the corporation and 
10 used in manufacturing in the commonwealth bears to the value of its 
11 total assets employed in the commonwealth, and the amount remaining 
12 shall be its net income subject to tax under this chapter. All provisions 
13 of this chapter relative to the assessment, collection, payment, abate-
14 ment, verification and administration of taxes, including penalties, 
15 applicable to domestic business corporations shall, so far as pertinent, 
16 be applicable to taxes upon domestic manufacturing corporations.

**Foreign Corporations.**

1 **Section 39.** Except as otherwise provided herein, every foreign 
2 corporation shall pay annually, with respect to the carrying on or doing 
3 of business by it within the commonwealth, an excise equal to the sum 
4 of the following, provided that every such corporation shall pay annually 
5 a total excise not less in amount than one twentieth of one per cent of 
6 such proportion of the fair value of its capital stock as the assets, both 
7 real and personal, employed in any business within the commonwealth 
8 on the day fixed for determination of the value of the corporate excess 
9 employed within the commonwealth bear to the total assets of the corpo-
10 ration employed in business on said date:
11 (1) An amount equal to five dollars per thousand upon the value of the 
12 corporate excess employed by it within the commonwealth.
13 (2) An amount equal to two and one half per cent of its net income 
14 determined to be taxable in accordance with the provisions of this chapter.
15 If two or more foreign corporations doing business in this common-
16 wealth participated in the filing of a consolidated return of income to the 
17 federal government, the tax under paragraph (2) above may, at their
option, be assessed upon their combined net income, in which case the 18
income shall be assessed to all said corporations and collected from any one 19
more of them. Foreign corporations thus affiliated and doing business 20
in this commonwealth, which do not elect, under the foregoing provision, 21
to be assessed upon their combined net income, and all other foreign 22
corporations doing business in this commonwealth, which have filed with 23
one or more corporations not subject to this section a consolidated return 24
of net income to the federal government, shall each file with the commis-
sioner, as a part of the return required by this chapter, a statement of 25
net income in such form as he may prescribe, showing the gross income 26
and deductions in accordance with the law and regulations governing the 27
usual federal returns of corporations not thus affiliated; and the net 29
income thus shown, after making deductions therefrom and additions 30
thereof as provided in paragraph five of section thirty, shall be the "net 31
income" under this chapter.

SECTION 39A. The provisions of section thirty-three imposing a 1
minimum tax upon domestic business corporations in certain cases shall, 2
in like cases, apply to foreign corporations with respect to the carrying on 3
or doing of business by them in the commonwealth.

SECTION 39B. [INSERTED, 1923, 254, § 2; REPEALED, 1924, 26, § 1.]

SECTION 39C. Every foreign corporation deriving its profits principally 1
from the ownership, sale, rental or use of real estate or tangible 2
personal property shall pay annually, with respect to the carrying on or 3
doing of business by it, a total excise under this chapter not less in amount 4
than one twentieth of one per cent of said corporation’s gross receipts 5
from business assignable to this commonwealth as defined in clause six of 6
section thirty-eight.

SECTION 40. Every foreign corporation shall make returns as pro-
vided in sections thirty-five and thirty-six; and all provisions of said 1
sections shall apply to such corporations, except that the term “corpo-
rate excess” in said section thirty-five shall, in the case of a foreign 2
corporation, mean the corporate excess employed by it within the 3
commonwealth.

SECTION 41. The commissioner shall, except as otherwise provided 1
in section forty-two, determine in the manner provided in this section 2
the part of the net income of a foreign corporation derived from business 3
carried on within the commonwealth.

The following classes of income shall be allocated as follows: —

(a) Gains realized from the sale of capital assets, if such assets consist 6
of real estate or tangible personal property situated in the commonwealth, 7
shall be allocated to this commonwealth.

(b) Interest received from any corporation organized under the laws 9
of the commonwealth, or from any association, partnership or trust 10
having transferable shares and having its principal place of business in 11
the commonwealth, or from any inhabitant of the commonwealth, except 12
interest received on deposits in trust companies or in national banks doing 13
business in the commonwealth, shall be allocated to this commonwealth. 14
(c) Gains realized from the sale of capital assets other than those named in paragraph (a) above shall not be allocated in any part to this commonwealth.

(d) Interest other than that described in paragraph (b) above and dividends shall not be allocated in any part to this commonwealth.

Income of the foregoing classes having thus been allocated, the remainder of the net income as defined in section thirty shall be allocated as follows:

If a foreign corporation carries on no business outside this commonwealth, the whole of said remainder shall be allocated to this commonwealth.

If a foreign corporation carries on any business outside this commonwealth, the remainder of the net income shall be allocated as provided in paragraphs 2 to 9, inclusive, of section thirty-eight.

Section 42. A foreign corporation carrying on part of its business outside the commonwealth may, by notification to the commissioner on or before the time when its return under this chapter is due to be filed, refuse to accept the allocating method set forth in the preceding section.

A foreign corporation, which so refuses, and every such corporation, which is foreign to the United States and which is required to return to the federal government only income from sources within the United States, shall, on or before May tenth, file with the commissioner, under oath of its treasurer, a statement in such detail as the commissioner shall require, showing the amount of its annual net income derived from business carried on within the commonwealth, and such further information as the commissioner may require with reference thereto, and the commissioner shall determine the amount of the net income received from business carried on within the commonwealth. The amount thus determined, after making the deduction provided for by section forty-two, shall be the net income taxable under this chapter and the foregoing determination shall be in lieu of the determination required by the preceding section.

Section 42A. The net income of a foreign corporation allocated to this commonwealth shall be its net income subject to tax under this chapter.

Section 42B. Every corporation, association or organization established, organized or chartered under laws other than those of the commonwealth, which has a usual place of business in the commonwealth and is engaged in manufacturing therein, shall, for the purposes of this chapter, be deemed a foreign manufacturing corporation. Every foreign manufacturing corporation shall be taxed in the same manner and shall have the same duties under this chapter as other foreign corporations, except that from the net income of a foreign manufacturing corporation, allocated to this commonwealth, there shall be deducted the same proportion thereof which the fair cash value of machinery owned by the corporation and used in manufacturing in the commonwealth bears to the value of its total assets employed in the commonwealth, and the amount remaining shall be its net income subject to tax under this chapter. All provisions of this chapter relative to the assessment, collection, payment, abatement, verification and administration of taxes,
including penalties, applicable to other foreign corporations shall, so far as pertinent, be applicable to taxes upon foreign manufacturing corporations.

Section 43. After determining the amount of tax due from any foreign corporation under paragraph (2) of section thirty-nine, the commissioner shall then credit the corporation with a sum equal to five per cent of the dividends paid by it, during the previous calendar year, to inhabitants of this commonwealth, and the amount then remaining due shall be the amount of tax to be levied upon the corporation under said paragraph; provided, that if more than one half of the capital stock of any such corporation is owned by another foreign corporation not subject to taxation under sections thirty to fifty-one, inclusive, but has stockholders who are inhabitants of this commonwealth and are subject to taxation upon their income under section one of chapter sixty-two, such corporation, upon filing with the commissioner such information as he shall deem necessary for the purpose, shall be credited with a sum equal to five per cent of such a proportion of its total dividends as will prevent double taxation of the income of the corporation and of the dividends of such other foreign corporation actually taxed to inhabitants of this commonwealth.

Assessment and Collection.

Section 44. The commissioner shall determine, from the returns required by this chapter and from any other available information, the net income derived from business carried on within the commonwealth and the corporate excess of every domestic business corporation, and the net income derived from business carried on within the commonwealth, and the corporate excess employed within the commonwealth by, every foreign corporation, and shall assess thereon the tax provided for in this chapter. Except as otherwise provided in this chapter, the part of said tax which is based upon the value of the corporate excess, or corporate excess employed within the commonwealth, shall be assessed and collected in the same manner and with the same powers as provided in this chapter for the taxation of corporate franchises, and shall be subject to the other administrative provisions thereof. He shall not determine the income of any such corporation, which has filed a return within the time prescribed by law, to be in excess of the income shown by such return, without notifying the corporation and giving it an opportunity to explain the apparent incorrectness of the return. For the purpose of verifying any such return, the commissioner may, within two years after September first of the year in which such return was due, examine personally or by deputy or agent the books and papers of the corporation, which shall be open to such officer for verification.

Section 45. If the commissioner discovers from the verification of a return, or otherwise, that the full amount of any tax due under sections thirty to fifty-one, inclusive, has not been assessed, he may, at any time within two years after September first of the year in which such assessment should have been made, assess the same, first giving notice to the corporation to be assessed of his intention; and a representative of the corporation shall thereupon have an opportunity, within ten days after such notification, to confer with the commissioner as to the proposed
9 assessment. After the expiration of ten days from the notification the 10 commissioner shall assess the amount of the tax remaining due to the 11 commonwealth, and shall give notice to the corporation so assessed. 12 Any tax so assessed shall be payable to the commissioner fourteen days 13 after the date of the notice.

1 Section 46. If no return, or an incorrect or insufficient return, has 2 been filed, and the corporation so in default refuses or neglects after 3 notice to file a proper return, or if a fraudulent return has been filed, the 4 commissioner shall determine the income of the corporation according 5 to his best information and belief, and shall assess the same at double 6 the amount so determined, which additional tax shall be in addition to 7 the other penalties provided for by this chapter.

1 Section 47. The commissioner shall make from time to time such 2 reasonable rules and regulations, consistent with sections thirty to fifty- 3 one, inclusive, as he may deem necessary for carrying out their provisions.

1 Section 48. Except as provided by section forty-five, the com- 2 missioner shall annually, as soon as may be after the first Monday of 3 August, give notice to the treasurer of each corporation of the amount 4 of any tax levied upon it under sections thirty to fifty-one, inclusive, of 5 the date upon which such amount is payable and of the time within 6 which the corporation may apply for a correction of the tax; but failure 7 to receive said notice shall not affect the validity of the tax. Such 8 taxes shall be payable to the commissioner within thirty days after the 9 date of said notice, but not before October twentieth. In the collection 10 of all taxes under said sections thirty to fifty-one, inclusive, the com- 11 missioner shall have all the remedies provided for by this chapter for the 12 collection of other taxes upon corporations.

1 Section 49. If a corporation fails to file the returns required by 2 sections thirty-five, thirty-six and forty when they are due, there shall 3 be added to and become a part of the tax, as an additional tax, the sum 4 of five dollars for every day during which the corporation is in default; 5 but the commissioner may abate any such additional tax in whole or in 6 part.

1 Section 50. If any return required by section thirty-five, thirty-six 2 or forty contains a false statement which is known or, by the exercise of 3 reasonable care might have been known to the officer making it to be 4 false, such officer and the corporation shall be liable for the amount of 5 tax thereby lost to the commonwealth, and in addition to a penalty of 6 not less than five hundred nor more than five thousand dollars.

1 Section 51. Any corporation aggrieved by the assessment of a tax 2 under sections thirty to fifty, inclusive, may apply to the commissioner 3 for an abatement thereof at any time within sixty days after the date 4 upon which the notice of assessment is sent; and if after a hearing or 5 otherwise the commissioner finds that the tax is excessive in amount or 6 that the corporation assessed is not subject thereto, he shall abate it in 7 whole or in part accordingly. If the tax has been paid the state treasurer 8 shall repay to the corporation assessed the amount of such abatement,
with interest thereon at the rate of six per cent per annum from the time
when it was paid. Any corporation aggrieved by the refusal of the com-
missioner to abate a tax in whole or in part under this section may appeal
in the manner provided by section seventy-one.

Constitutionality.

Section 52. If the provisions of section thirty-two imposing an
excise on domestic business corporations and, by reference in section
thirty-eight C, on domestic manufacturing corporations as therein
defined are declared unconstitutional or inoperative by a final judgment,
order or decree of the supreme court of the United States or of the supreme
judicial court of the commonwealth, such portion of the law relating to
business corporations, and domestic manufacturing corporations as so
defined, as set forth in sections thirty to fifty-one, inclusive, as relates
solely to domestic business corporations, and domestic manufacturing
corporations as so defined, shall be null and void, and such portion of 10
said law as relates in part to domestic business corporations, and domestic
manufacturing corporations as so defined, shall become inapplicable to
such corporations. In such event, all laws applicable to domestic busi-
ness corporations, including domestic manufacturing corporations as so
defined, which were repealed or were made inoperative as to, or inappli-
cable to, such corporations by chapter three hundred and fifty-five of 11
the General Acts of nineteen hundred and nineteen shall thereupon be
revived and become operative and applicable in respect to such corpora-
tions and shall be continued in full force and effect from the first day
of January antedating by three years the first day of January of the calen-
dar year in which such final judgment, order or decree is entered, to the 12
same extent as if said chapter three hundred and fifty-five had not been
enacted. If the provisions of section thirty-nine imposing an excise on
foreign corporations and, by reference in section forty-two B, on foreign
manufacturing corporations as therein defined are declared unconstitu-
tional or inoperative by any such final judgment, order or decree, such 13
portion of the law relating to business corporations, and foreign manu-
factoring corporations as so defined, as set forth in sections thirty to
fifty-one, inclusive, as relates solely to foreign corporations and foreign
manufacturing corporations as so defined shall be null and void, and such 14
portion of said law as relates in part to foreign corporations and foreign
manufacturing corporations as so defined shall become inapplicable to
such corporations. In such event, all laws applicable to foreign corpora-
tions, including foreign manufacturing corporations as so defined, which 15
were repealed, or were made inoperative as to, or inapplicable to, such
16
corporations or to the property thereof by said chapter three hundred and
fifty-five shall thereupon be revived and become operative and applicable
in respect to such corporations and the property thereof and shall be
continued in full force and effect from the first day of January antedating
by three years the first day of January of the calendar year in which such
final judgment, order or decree is entered, to the same extent as if said 17
chapter three hundred and fifty-five had not been enacted. The commis-
sioner and the local assessors shall as soon as may be assess all taxes for
which liability has been incurred under the laws revived, made operative
or applicable or continued in force by the foregoing provisions or any of
them. The time for assessing such taxes shall be extended for a period
of one year from the date of entry of such final judgment, order or decree

49 be extended for a further period after such assessment commensurate
50 with the period which would have obtained under the laws hereby revived
51 and again made operative, applicable and continued in force. Privileges
52 and rights granted shall be correspondingly extended. Excises declared
53 invalid by reason of the foregoing premises, which were assessed on or
54 after the date when the laws repealed or made inoperative or inapplicable
55 by said chapter three hundred and fifty-five are revived, made operative
56 or applicable or continued in force as herein provided, shall, to the extent
57 that such excises have been paid and are unfunded, be credited against
58 the taxes assessed for the same period under the laws revived and again
59 made operative, applicable and continued in force; provided, that if such
60 credit exceeds the taxes due, the excess shall be refunded upon warrant
61 of the commissioner to the state treasurer. There shall be no further or
62 other recovery of the amounts thus credited or refunded. If any part,
63 section or subdivision of said sections thirty to fifty-one, inclusive, other
64 than the provisions in section thirty-two, thirty-eight C, thirty-nine or
65 forty-two B imposing an excise, shall be declared unconstitutional or
66 inoperative, the remaining parts of said sections thirty to fifty-one,
67 inclusive, shall not be affected thereby.

TAXATION OF CORPORATE FRANCHISES.

1 Section 53. Every corporation organized under general or special
2 laws of the Commonwealth for purposes of business or profit, having a
3 capital stock divided into shares, except banks otherwise taxable under
4 this chapter, except insurance companies with capital stock and mutual
5 insurance companies with a guaranty capital or permanent fund whose
6 premiums are otherwise taxable under this chapter, and except corpora-
7 tions taxable under sections thirty to fifty-one, inclusive, in addition to
8 all returns required by its charter, and in addition to all returns other-
9 wise required under this chapter, shall annually, between April first
10 and tenth, make a return to the commissioner, on oath of its treasurer,
11 stating the name and place of business of the corporation, and setting
12 forth as of April first of the year in which the return is made:
13 First. The total authorized amount of its capital stock; the amount
14 issued and outstanding and the amount then paid thereon; the classes,
15 if any, into which it is divided; the par value and number of its shares;
16 the market value of the shares of each class of its stock outstanding.
17 Second. A statement in such detail as the commissioner may require
18 of the assets, both within and without the Commonwealth, belonging to
19 the corporation, with the value thereof, and of the liabilities of the
20 corporation.
21 Third. A statement, in a form prescribed by the commissioner, of the
22 profit or loss resulting from the business of the corporation for the twelve
23 months ending with December thirty-first preceding the year in which
24 the return is made.
25 Fourth. A complete list of the shareholders of the corporation, their
26 residences, by city or town and state, the amount and class of stock,
27 if more than one, belonging to each. If stock is held as collateral secur-
28 ity, the list shall state the name and residence of the pledgor and of the
29 pledgee. In lieu of such list a railroad, street railway, electric railroad,
30 gas, electric, water, telephone or telegraph corporation may file a state-
31 ment of the number of its shares held by non-residents.
TAXATION OF CORPORATIONS. [Chap. 63.

Section 54. In addition to the facts required by the preceding section, the following classes of corporations shall give in their returns the following information:

Railroad, telegraph, street railway and electric railroad corporations shall state the whole length of their lines and the length of their lines without the commonwealth.

Electric railroad corporations shall also state the length of their lines constructed on private land.

Street railway and electric railroad corporations shall also state the length of track operated by them in each town on March thirty-first preceding the return, to be determined by measuring as single track the total length of all tracks operated by them, including sidings and turnouts, and including tracks owned by them, those which they lease and those over which they have trackage rights only, and the amount of dividends paid on their capital stock during the year ending on September thirty-first preceding the return, and during each year from the organization of the company.

Telephone companies incorporated under the general or special laws of the commonwealth, and manufacturing, owning, using, selling or licensing others to use telephones or other apparatus or appliances pertaining thereto wholly or partly within the commonwealth, and all such companies organized without the commonwealth for the purpose of establishing, owning or licensing others to use such telephones, apparatus or appliances, but having in use within it any of their lines or telephones, shall state, in such form as the commissioner may require, the facts necessary to ascertain the deductions authorized by the following section. If the return of a domestic telephone company sets forth the amount and market value of any stocks in other corporations held by the company making the return upon which a tax has been assessed and actually paid either in this or in any other state for the year preceding the date of said return, the commissioner shall examine the books, accounts and papers of such other corporations so far as may be necessary for the verification of said return.

Railroad, street railway and electric railroad corporations or companies organized elsewhere than in the commonwealth, but having lines therein, shall likewise make the returns required by this section.

Every corporation or association chartered or organized without the commonwealth which owns, controls or uses a line of telegraph within the commonwealth, shall make the returns required in this and the preceding section to be made by telegraph companies within the commonwealth, except the list of shareholders, or statement in lieu thereof required by the preceding section; and all telegraph lines within the commonwealth controlled and used by such corporation or association, shall, for the purposes of this chapter, be deemed to be a part of its own lines.

Section 55. The commissioner shall ascertain from the returns or otherwise the true market value of the shares of each corporation required to make a return under section fifty-three or fifty-four, and shall estimate the fair cash value of all the shares constituting its capital stock on April first preceding, which, unless by the charter of a corporation a different method of ascertaining such value is provided, shall, for the purposes of this chapter, be taken as the true value of its

9 ing deductions:

10 First. In case of a railroad, telegraph, street railway or electric
11 railroad corporation or company, whether chartered or organized in
12 this commonwealth or elsewhere, so much of the value of its capital
13 stock as is proportional to the length of that part of its line, if any,

18 Second. In case of a domestic telephone company, the amount and

28 poles, underground conduits, wires and pipes, subject to local taxation
29 within the commonwealth.
30 Fifth. In case of corporations subject to section fifty-three or fifty-
31 four, other than railroad, telegraph, telephone, street railway and electric
32 railroad corporations or companies, the value as found by the commis-
33 sioner of their works, structures, real estate, motor vehicles, machinery,
34 poles, underground conduits, wires and pipes, subject to local taxation
35 wherever situated.
36 Sixth. In case of corporations owning stock of an electric company
37 under section nine A of chapter one hundred and sixty-four as thereto
38 authorized by the department of public utilities, the deduction mentioned
39 in paragraph Fifth above and the fair cash value, as found by the com-
40 missioner, of the stock of such electric companies so owned.
41 For the purposes of this section the commissioner may take the value
42 at which any works, structures, real estate, motor vehicles, machinery,
43 poles, underground conduits, wires and pipes are assessed at the place
44 where they are located as the true value, but such local assessment shall
45 not be conclusive of the true value thereof.
46 The term “real estate”, as used in this section and in section sixty-
47 eight A, shall include the corporation’s interest as lessee in such build-
48 ings on land held under a lease as by the terms of the lease are the
49 property of and may be removed by the lessee, and such buildings, for
50 the purposes of said sections and of subdivision (a) of paragraph three
51 of section thirty and subdivision (a) of paragraph four of said section
52 thirty, shall not be deemed real estate of the lessor.

1 Section 56. [Repealed, 1925, 343, § 4. (But see 1925, 343, § 13,
2 as amended by 1926, 222.)]

1 Section 56A. A foreign telephone company carrying on part of its
2 business outside of the commonwealth may, within the time when its
3 franchise tax return under this chapter is due to be filed, request de-
4 termination of the value of its corporate franchise subject to taxation

Value of corporate franchises of certain foreign telephone companies,
in the commonwealth by a method other than that hereinafter provided and hereinafter referred to as "the statutory method". Such a foreign telephone company shall within thirty days thereafter file with the commissioner, under oath of its treasurer, a statement showing in detail the value of its corporate franchise as aforesaid, and such other information as the commissioner shall require for assessment of the tax.

The commissioner shall in such case ascertain the value of such franchise as aforesaid and to that end may determine such value by a method other than "the statutory method" but nothing herein contained shall be construed to prevent the application of "the statutory method" in case the commissioner shall deem such method equitable.

Section 57. [Repealed, 1928, 13, § 2.]

Section 58. Every corporation subject to section fifty-three or fifty-four shall annually pay a tax upon its corporate franchise, after making the deductions provided for in section fifty-five, at a rate equal to the average of the annual rates for three years preceding that in which such assessment is laid, said annual rates to be determined by an apportionment of the whole amount of money to be raised by taxation upon property in the commonwealth during each of the said three years, as returned by the assessors of the several towns under section forty-seven of chapter fifty-nine, upon the aggregate valuation of all towns for each of the said three years, as returned under said section forty-seven.

Section 58A. [Inserted, 1924, 247, § 1; repealed, 1925, 343, § 6.]

(But see 1925, 343, § 13, as amended by 1926, 222.)

Section 59. When the commissioner has received notice of an abatement of the taxes of any corporation under section seventy-four of chapter fifty-nine, he shall assess upon such corporation an additional tax upon its corporate franchise value, in such amount as shall make the total franchise tax equal that which would have been assessed had the valuation as established by said abatement been adopted by the commissioner when making his original assessment upon the corporate franchise value of such corporation, which additional tax shall be paid and collected as an addition to the franchise tax next to be assessed upon said corporation after such abatement; but such additional tax, when collected, shall be distributed as if it were part of the original tax.

Section 60. The commissioner shall annually, as soon as may be after the first Monday of August, give notice to the treasurer of every corporation, company or association liable to any tax under section fifty-eight, of the amount thereof, the time when due, the right to apply for correction, and the right of appeal, all as herein provided. Said tax shall be due and payable to the commissioner within thirty days after the date of such notice, but not before October twentieth. The taxpayer...
8 may apply to the commissioner, within sixty days after the date of the notice, for the correction of the tax, and in default of settlement may, within thirty days of the date of notification of the commissioner's decision, appeal therefrom to the board of tax appeals. If abatement of a tax paid is granted the overpayment with interest thereon at the rate of six per cent per annum from the date of payment shall be refunded to the taxpayer by the state treasurer without any appropriation therefor by the general court even though such sum is not deductible from a tax or taxes to be distributed to the several towns.

ENCISE ON CORPORATIONS INTERESTED IN SHIPS AND VESSELS.

1 Section 67. The commissioner shall annually assess as of the last day of the taxable year, as defined in paragraph numbered six of section thirty, an excise tax upon the interest of every corporation organized under the laws of this commonwealth and having a place of business therein, in any ship or vessel which has, during the period of its business in the year preceding such day, been engaged in interstate or foreign carrying trade or engaged exclusively in fishing and documented and carrying "papers" under the laws of the United States, which tax shall be one third of one per cent upon the value of such interest as determined by him. Such tax shall become due and shall be collected at the same time and in the same manner as other taxes assessed to such corporations. The president and treasurer of every such corporation owning an interest in any such ship or vessel shall annually, within the first ten days of April, make a return to the commissioner, on oath, setting forth in detail the name of the ship or vessel, the interest of the corporation therein, and the value of such interest. If the commissioner is satisfied of the truth of the return he shall deduct said value from the value of its corporate excess as determined by him, if it is taxable under sections thirty to thirty-eight C, inclusive, or from the value of its corporate franchise, if it is taxable under section fifty-eight.

MISCELLANEOUS PROVISIONS.

1 Section 68. The taxes imposed by this chapter upon any corporation shall not affect or prevent the imposition and collection of any other tax now authorized, or that may hereafter be authorized, upon any especial privilege, franchise or business enjoyed or exercised by such corporation.

1909, 490, III, § 67.
Remedy of certain corporations when assessor's valuation exceeds commissioner's valuation. 1925, 13, § 1.

Section 68A. If the value of the works, structures, real estate, motor vehicles, machinery, poles, underground conduits, wires and pipes owned by a corporation taxable under any provision of this chapter and which are subject to local taxation within the commonwealth, as determined by the commissioner, is less than the value thereof as determined by the assessors of the town where it is situated, he shall give notice of his determination to such corporation; and, unless within one month after the date of such notice it applies to said assessors for an abatement, and, upon their refusal to grant an abatement, prosecutes an appeal under section sixty-four of chapter fifty-nine, giving notice thereof to the commissioner, the valuation of the commissioner shall be conclusive upon said corporation.

Section 69. Every corporation taxable under this chapter, except a foreign corporation taxable under section twenty-one, twenty-three or fifty-eight, shall, when required for the purposes of any tax except that imposed on its income by section thirty-two or thirty-nine, submit its books to the inspection of the commissioner, and its treasurer and directors to examination on oath relative to all matters affecting the determinations to be made by said commissioner.

Section 70. Corporations which neglect to pay taxes assessed by the commissioner under this chapter shall pay interest at the rate of six per cent per annum from the time when such taxes were payable until paid, if such payment is made before the commencement of proceedings for the recovery thereof, and twelve per cent if made after the commencement thereof.

Section 71. Except as otherwise provided, any party aggrieved by any decision of the commissioner upon any matter arising under this chapter from which an appeal is given, may appeal to the board of tax appeals within thirty days after notice of his decision. Any overpayment of tax determined by decision of said board of tax appeals shall be reimbursed by the commonwealth with interest at the rate of six per cent per annum from the time of payment. Taxes, excises, costs or expenses of any kind assessed upon any corporation, company or association, except a municipal corporation, under the provisions of this chapter or corresponding provisions of earlier laws, which are unpaid and are uncollectable, may be abated by the board of tax appeals on the recommendation of the attorney general and commissioner at any time after the expiration of five years from the date when the same became payable.

Section 71A. Returns required by this chapter shall, except in proceedings to collect the taxes or enforce the penalties provided herein, be open only to the inspection of the commissioner, his deputies, clerks and assistants, and such other officers of the commonwealth as may have occasion to inspect them for the purpose of assessing or collecting taxes.
COLLECTION.

1 Section 72. When a tax or excise of any kind remains due to or is
2 claimed by the commonwealth from a corporation, company or associa-
3 tion, whether existing by authority of the commonwealth or otherwise,
4 except a municipal corporation, for ten days after notice given through
5 the mail by the commissioner to its treasurer or other financial agent
6 that such tax or excise is due and unpaid, the commissioner may, in
7 addition to other modes of relief, issue his warrant, directed to the
8 sheriffs of the several counties, or their deputies, or to any constable,
9 commanding the collection of such tax or excise. Such warrant may be
10 substantially in the form of and served in the same manner as those
11 issued by the assessors of towns. The warrant shall run throughout the
12 commonwealth, and any officer to whom it is directed may serve it in
13 any county. The warrant shall not run against the body of any person
14 nor shall any property of such delinquent corporation, company or asso-
15 ciation be exempt from seizure and sale thereon. The officer having
16 such warrant shall collect such tax or excise, and interest upon the same
17 at the rate of twelve per cent per annum from the time when such tax
18 or excise became due, and may collect and receive for his fees the sum
19 which an officer would be entitled by law to receive upon an execution
20 for a like amount. He shall also collect one dollar for the warrant,
21 which he shall pay to the commissioner.

1 Section 73. If a corporation, company or association fails to pay a
2 tax levied under this chapter the commissioner may recover the same
3 in contract in the name of the commonwealth.

1873, 141, § 16. 1902, 523, § 61. 11 Allen, 283.

1 Section 74. The lessee of the works, structures, real estate or ma-
2 chinery of any corporation, company or association taxed under this
3 chapter shall also be liable for the payment of the tax, and upon such
4 payment may, in the absence of an agreement to the contrary, retain it
5 out of the rent of the property, or recover it in an action against the
6 lessor.

1 Section 75. In addition to the methods provided by sections seventy-
2 two and seventy-three, taxes under this chapter may be collected by an
3 information brought in the supreme judicial court by the attorney gen-
4 eral at the relation of the commissioner. The court may issue an injunc-
5 tion upon such information, restraining the further prosecution of the
6 business of the company, association or corporation until such taxes
7 with interest and costs thereon, have been paid; but no telegraph com-
8 pany accepting the provisions of section fifty-two hundred and sixty-three
9 of the Revised Statutes of the United States shall be enjoined from
10 constructing, maintaining or operating a telegraph line over and along
11 any of the military or post roads of the United States within this com-
12 monwealth.

1931, 426, § 190. 125 U. S. 539.

Section 76. The sale or transfer, otherwise than in the ordinary course of trade and in the regular and usual prosecution of the corporation's business, of any part or the whole of the assets of a domestic business corporation, or of any part or the whole of the assets situated in the commonwealth of a foreign business corporation, shall be fraudulent and void as against the commonwealth, unless such corporation shall, at least five days before the sale or transfer, notify the commissioner of the proposed sale or transfer and of the price, terms and conditions thereof, and of the character and location of said assets. Whenever such a corporation shall make such a sale or transfer, the tax imposed by this chapter shall become due and payable at the time when the commissioner is so notified, or, if he is not so notified, at the time when he should have been notified.

This section shall not apply to sales by receivers, assignees under a voluntary assignment for the benefit of creditors, trustees in bankruptcy, or public officers acting under judicial process.

RELIEF FROM UNLAWFUL TAXES.

Section 77. [Repealed, 1930, 416, § 2.]

Section 78. [Repealed, 1930, 416, § 2.]

Penalties and their enforcement.

Section 79. Any corporation, company or association, liable to taxation under section fifty-eight, neglecting to make the returns required by this chapter, or refusing or neglecting, when required, to submit to the examinations provided for therein, shall forfeit such sum not greater than two per cent upon the par value of its capital stock as the court may deem just and equitable.

Penalties and forfeitures imposed by this chapter may be collected by an action of contract under section seventy-three or by an information under section seventy-five. An injunction issued upon such an information may contain a provision continuing it in force until the returns required by this chapter have been filed.

DEFINITION.

Section 81. For the purposes of sections thirty, fifty-five and sixty-eight A, the words "local taxation", or their equivalent, as used in said sections with respect to motor vehicles shall include the excise tax on motor vehicles assessed and levied under chapter sixty A.

1 Section 1. An excise shall immediately accrue and be collected on all sales or agreements to sell or memoranda of sales or deliveries or transfers of shares or certificates of stock in any domestic or foreign corporation, whether made upon or shown by the books of the corporation, or by any assignment in blank, or by any delivery, or by any paper or agreement or memorandum or other evidence of transfer or sale, whether or not entitling the holder in any manner to the benefit of such stock or to secure the future payment of money or the future transfer of any stock, of two cents on each one hundred dollars of face value or fraction thereof, except in cases where the shares or certificates of stock are issued without face value, in which case the excise shall be at the rate of two cents for each and every share of stock. The person making or effectuating the sale or transfer shall procure, affix and cancel the stamps and pay the excise imposed by this section. Said excise shall not apply to the original issue of shares of stock; nor to an agreement evidencing the deposit of stock certificates as collateral security for money loaned thereon, which certificates are not actually sold, nor to such certificates so deposited; nor to the transfer of stock certificates of a deceased person to his executor or administrator; nor to the transfer of stock certificates by a trustee to his successor or co-trustee under the same trust. The payment of said excise shall be denoted by adhesive stamps affixed as follows: in case of sale where the evidence of transfer is shown only by the books of the company, the stamp shall be placed on said books; and where the change of ownership is by transfer of a certificate the stamp shall be placed on the certificate; and in cases of an agreement to sell, or where the transfer is by delivery of the certificate assigned in blank, there shall be made and delivered by the seller to the buyer a bill or memorandum of sale, to which the stamp shall be affixed; and every such bill or memorandum of sale or agreement to sell shall show the date thereof, the name of the seller, the number of shares and the face value, if any, and the matter or thing to which it refers, and no further excise is hereby imposed upon the delivery of the certificate of stock, or upon the actual issue of a
new certificate when the original certificate of stock is accompanied by the duly stamped memorandum of sale or agreement to sell as herein provided.

Section 2. Said excise shall accrue and be collected on all sales or agreements to sell or memoranda of sales or deliveries or transfers of the certificates of participation or shares of all voluntary associations existing under an instrument or declaration of trust the beneficial interest under which is divided into transferable certificates of participation or shares, except such issues, agreements and transfers as are excepted by the preceding section; and all provisions made in this chapter for the regulation and collection of the excise, and all the penalties and forfeitures in connection therewith, shall apply to the excise to be collected under this section.

Section 3. Adhesive stamps for the purpose of paying the excise under this chapter shall be prepared by the commissioner in such form, of such denominations and in such quantities as he may prescribe. He shall make provision for the sale of such stamps in such places and at such times as he deems necessary.

Section 4. The commissioner shall make and execute in behalf of the commonwealth contracts for dies, plates and printing necessary for the manufacture of the stamps required by this chapter. He shall be the custodian of the stamps, dies, plates and other materials and things used in the manufacture of said stamps.

Section 5. Whenever an adhesive stamp is used under this chapter, the person using or affixing it shall write or stamp thereon the initials of his name and the date when the same is affixed or used, and shall cut or perforate the stamp in a substantial manner, so that it cannot be used again.

Section 6. If any stamps have been erroneously affixed, the commissioner, upon presentation of a claim for the amount of such stamps, and upon the production of evidence satisfactory to him that such stamps were affixed erroneously so as to cause loss to the persons making the claim by said amount, or such part thereof as he may allow, shall certify to the comptroller the amount so erroneously paid, and the state treasurer shall pay said amount without any appropriation therefor by the general court. Such claims shall be presented to the commissioner in writing duly verified, shall state the full name and address of the claimant, the date of the erroneous affixing, and the face value of the stamps, shall describe the document to which the stamps were affixed, and shall contain such evidence as may be available upon which the demand for repayment is based. Such claims shall be presented within ninety days after the alleged erroneous affixing. If the commissioner rejects a claim or any part thereof, the claimant may, within thirty days after the date of the rejection, apply to the board of tax appeals, which shall thereupon review the facts in the case, and shall forthwith give a written decision to the claimant and to the commissioner; and if the board grants any repayment to the claimant, the amount of the repayment shall be certified and paid as herein provided.
1 Section 7. The commissioner may make such rules and regulations consistent with this chapter as he deems necessary, and may prescribe such further forms, books, records and papers as he deems essential for carrying out its provisions.

1 Section 8. No transfer of stock made after December first, nineteen hundred and fourteen, on which an excise is imposed by this chapter or corresponding provisions of earlier laws, which excise is not paid at the time of such transfer, shall be made the basis of any action or legal proceeding, nor shall proof thereof be offered or received in evidence in any court in this commonwealth; provided, that nothing contained in this paragraph shall apply to proceedings authorized by this chapter.

1 Where, through accident, mistake or inadvertence, and without any intent to evade this chapter, the said excise is not paid at the time of the transfer, the commissioner may allow the excise to be paid at a later time, under such rules and regulations as he may from time to time establish, and if so paid the penalty provided by section fifteen for failure to pay the excise shall not be enforced, and any transfer on which the excise shall have so been paid shall have the same legal effect as if the excise had actually been paid at the time of the transfer, and shall not be subject to the provisions of the first paragraph of this section.

1 Section 9. The excise imposed by this chapter may be recovered in an action brought in Suffolk county in the name of the commonwealth, or by an information in equity in the name of the attorney general brought in the supreme judicial court for said county.

1 Section 10. Every person, firm, association or corporation making a sale, agreement to sell, delivery or transfer of shares or certificates of stock, or conducting or transacting a brokerage business, shall keep a true book of accounts wherein shall be recorded, plainly and legibly, the date of making every sale, agreement to sell, delivery or transfer of shares or certificates of stock, and every transaction in relation to any stock; and also the number of shares, the face value of the stock, the name of the stock, the name of the seller, the name of the purchaser, and the face value of the stamps affixed to the certificate or bill or memorandum as provided in section one. Such book shall be preserved for two years after the date of the last entry therein.

1 Section 11. Every corporation or association shall keep or cause to be kept at some accessible place within the commonwealth a stock certificate book or transfer ledger or register, wherein shall plainly and legibly be recorded, in separate columns, the date of making every transfer of stock, the name of the stock and the number of shares thereof, the name of the party surrendering the certificates, the name of the party to whom certificates are issued in exchange therefor, and evidence of the payment of the tax imposed by sections one and two, which evidence, however, shall be furnished in one of the following manners, to wit:

10 (a) By attaching to the stock certificate surrendered for transfer the stamps required for such transfer, or
12 (b) If the stamps are not attached to the certificate, but are attached to the bill or memorandum of sale effecting or evidencing the transfer.
of such certificate, by attaching to the certificate said bill or memorandum of sale with stamps attached.

The corporation or association shall retain and keep all surrendered or cancelled shares or certificates of stock and all bills or memoranda relating to the sale or transfer of stock for at least two years after the date of the delivery thereof, and it shall also keep, for at least two years after the date of the last entry thereon, the stock certificate book or transfer ledger provided for by this section.

SECTION 12. The commissioner, at any time after the making of a sale, agreement, memorandum, delivery or transfer, subject to the excise imposed by this chapter, may investigate and ascertain whether said excise was paid. For this purpose the commissioner shall examine the books and papers of any person, firm, association or corporation; and such books and papers, including all those mentioned in the two preceding sections, shall at all times be subject to his inspection or that of any of his representatives between the hours of ten o’clock in the forenoon and three o’clock in the afternoon on any business day except Saturday. The commissioner may enforce by mandamus his right to examine the books and papers of any person, firm, association or corporation.

SECTION 13. Whoever refuses to permit the commissioner, or any of his representatives, to inspect such books or papers or any memorandum or record relating to any such sale, agreement to sell, delivery or transfer, or transaction, as provided in the three preceding sections, or fails to keep said book of account, or stock certificate book or transfer ledger, or to preserve such book for two years after the date of the last entry therein, or fails to preserve for two years after the date thereof all bills and memoranda of sale, or fails to preserve for two years after the delivery thereof all surrendered or cancelled shares or certificates of stock as required, and whoever alters, cancels or obliterates any part of said records, or makes any false entry therein, shall be punished by a fine of not less than five hundred nor more than five thousand dollars or by imprisonment for not less than three months nor more than two years, or both.

SECTION 14. No person, firm, association or corporation, except a corporation organized under the banking laws of this commonwealth or under the national bank act of the United States, or a duly authorized agent of the commissioner, shall sell or offer or expose for sale any stamp issued pursuant to this chapter without first obtaining from the commissioner his written consent, except that in connection with a sale of or agreement to sell stock a broker or agent of the principal making such sale or agreement to sell may supply and affix the stamps required by this chapter. No person shall sell any such stamp for a sum less than the face value thereof without the written consent of the commissioner. Any person violating any provision of this section shall be punished by a fine of not less than two hundred nor more than one thousand dollars.

SECTION 15. Any person liable to pay the excise imposed by this chapter, and anyone who acts in the matter as agent or broker for such person, who makes any sale, transfer or delivery of shares or certificates of stock without paying said excise, and whoever, in pursuance
5 of any sale, transfer or agreement, delivers any stock or evidence of
6 sale or transfer of or agreement to sell any stock or bill or memoran-
7 dum thereof, or transfers or causes the same to be transferred upon
8 the books or records of the association or corporation, without having
9 the stamps required by this chapter affixed thereto, and any associa-
10 tion or corporation whose stock is so sold or transferred which shall
11 transfer or cause the same to be transferred upon its books without
12 having such stamps so affixed, shall be punished by a fine of not less
13 than five hundred nor more than one thousand dollars.

1 Section 16. Whoever wilfully removes or alters or knowingly
2 permits to be removed or altered the cancelling or defacing marks of
3 any stamp provided for by this chapter with intent to use such stamp,
4 or knowingly or wilfully buys, prepares for use, uses, has in possession,
5 or suffers to be used, any washed, restored or counterfeit stamps, and
6 whoever intentionally removes or causes to be removed, or knowingly
7 permits to be removed, any stamp affixed pursuant to this chapter,
8 shall be punished by a fine of not less than five hundred nor more than
9 one thousand dollars or by imprisonment for not more than one year, or
10 both.

1 Section 17. Whoever fraudulently makes use of an adhesive stamp
2 to denote the payment of the excise imposed by this chapter, without
3 effectually cancelling it in accordance with section five, shall be punished
4 by a fine of not less than two hundred nor more than five hundred
5 dollars.

2 shall have the following meanings unless the context otherwise requires:
3 (a) "Commissioner", the commissioner of corporations and taxation.
4 (b) "Motor vehicle" shall include any vehicle propelled by any
5 power other than muscular, except boats, tractors used exclusively for
6 agricultural purposes and such vehicles as run only on rails or tracks.
7 (c) "Distributor" shall include any person who imports or causes to
8 be imported fuel, as herein defined, for use, distribution or sale in the
9 commonwealth; and also any person who produces, refines, manufac-
10 tures or compounds fuel, as herein defined, within the commonwealth.
(d) "Fuel" shall include gasoline, benzol, or other products used in propelling motor vehicles using combustion type engines upon or over the highways of the commonwealth.

(f) "Sale" shall include, in addition to its usual meaning, the transfer of fuel by a distributor into a motor vehicle or into a receptacle from which fuel is supplied by him to his own or other motor vehicles.

(g) "Board of tax appeals", the board established by section one of chapter fifty-eight A.

(h) The verb "to sell" in all of its moods and tenses shall refer to a sale as herein defined.

SECTION 2. The commissioner, upon application of any person, may grant to him a license as distributor permitting him to continue or engage in business as a distributor in the commonwealth. No distributor shall make any sale of fuel in the commonwealth, except a sale which is exempt under the constitution and laws of the United States, without such a license.

SECTION 3. Every distributor shall keep a complete and accurate record of all sales of fuel, including the name and address of the purchaser, the place and date of delivery, and the number of gallons, and a complete and accurate record of the number of gallons imported, produced, refined, manufactured or compounded, and the date of importation, production, refining, manufacturing or compounding. Every distributor shall also deliver with every consignment of fuel to a purchaser within the commonwealth a written statement containing the date of purchase, the names of the purchaser and seller, the number of gallons delivered, and shall retain a duplicate of each such statement. Said records and said written statements shall be in such form as the commissioner shall prescribe, and shall be preserved by said distributors and said purchasers, respectively, for a period of one year and shall be offered for inspection at any time upon oral or written demand by the commissioner or his duly authorized agents.

SECTION 4. Every distributor shall, on or before the fifteenth day of each month, file with the commissioner a return under oath, on forms to be furnished by the commissioner, stating the number of gallons of fuel sold by him in the commonwealth during the preceding calendar month, and said returns shall contain or be accompanied by such further information as the commissioner shall require. On or before the fifteenth day of each month next succeeding the filing with the commissioner of said return, each distributor shall pay to the commissioner for the account of the purchaser an excise of two cents on each gallon of fuel sold by him in the commonwealth during the calendar month covered by the return.

SECTION 5. If a distributor, having failed to file a return, or, having filed an incorrect or insufficient return without reasonable excuse, fails to file an original or corrected return, as the case may require, within twenty days after the giving of notice to him by the commissioner of his delinquency, the commissioner shall determine the amount due, at any
6 time within one year after the making of the earliest sale included in
7 such determination. The distributor may appeal from his decision
8 within ten days thereafter to the board of tax appeals, whose decision
9 shall be final. The commissioner, or, in the case of appeal, the board of
10 tax appeals, having made such determination, shall give notice to the
11 delinquent distributor of the amount determined to be due, and the dis-
12 tributor shall within thirty days after the giving of such notice pay to
13 the commissioner the amount so determined.

1 Section 6. A distributor who fails to file a return to the commis-
2 sioner as required by section four, or a corrected return as required by
3 section five, shall forfeit to the commonwealth, and shall pay to the
4 commissioner on demand the sum of five dollars for each day of delay
5 after written notice by the commissioner of such failure. The commis-
6 sioner may remit a part of said penalty.

1 Section 7. Unless otherwise provided by the rules or regulations of
2 the commissioner made under authority of this section, any person who
3 shall buy any fuel, on which an excise has been paid or is chargeable
4 under this chapter, and shall consume the same in any manner except in
5 the operation of motor vehicles upon or over the highways of the com-
6 monwealth, shall be reimbursed the amount of said excise in the manner
7 and subject to the conditions herein provided. All claims for reimburse-
8 ment shall be made by affidavit in such form and containing such in-
9 formation as the commissioner shall prescribe, and shall be accompanied
10 by original invoices or sales receipts, and shall be filed with the com-
11 missioner within ninety days from the date of purchase or invoice.
12 The commissioner may require such further information as he shall
13 deem necessary for the determination of such claims, and shall within
14 thirty days after receipt transmit all claims approved by him to the
15 comptroller for certification; and the amount approved by the commis-
16 sioner and certified as aforesaid shall be paid forthwith from the proceeds
17 of the excise tax levied under this chapter, without specific appropria-
18 tion. The commissioner shall provide by reasonable rules or regulations
19 for the sale of fuel, free of the excise imposed by this chapter, by any
20 person, to the ultimate purchaser upon the receipt of a written state-
21 ment, signed by such ultimate purchaser, that such fuel is intended to
22 be consumed in some manner other than in the operation of motor vehicles
23 upon or over the highways of the commonwealth, and if such excise has
24 already been paid or is chargeable, for the reimbursement, out of the
25 proceeds of the excise levied under this chapter, of the person so selling
26 such fuel, to the amount of such excise.

1 Section 8. No provision of this chapter shall apply or be construed
2 to apply to foreign or interstate commerce, except in so far as the same
3 may be permitted under the provisions of the constitution and laws of
4 the United States.

1 Section 9. Except as otherwise provided in section seven, the tax
2 in every instance shall be borne by the purchaser, and no person offering
3 fuel for sale shall sell, advertise or offer for sale said fuel separately from
4 the tax imposed by this chapter. For any violation of this section, the
5 license to keep and sell crude petroleum or any of its products, issued

by the licensing authority under chapter one hundred and forty-eight, shall be suspended by the said authority on request of the commissioner for such time as said commissioner deems proper.

Section 10. Sums due to the commonwealth under this chapter as excise or as penalties or forfeitures may be recovered by the attorney general in an action brought in the name of the commissioner. The commissioner may suspend the license of a distributor for violation of any provision of this chapter, but the distributor may appeal from his decision within ten days thereafter to the board of tax appeals, whose decision shall be final.

Section 11. Any distributor or purchaser of fuel who violates any provision of this chapter, or who files any false return, affidavit or statement, shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

Section 12. The supreme judicial court shall have jurisdiction in equity to restrain the collection, upon any sale exempted by the constitution and laws of the United States, of the excise imposed by this chapter. Said bill shall be brought against the commissioner, whether the question of the collection of the excise is in the hands of the attorney general or pending before the board of tax appeals or is still in the hands of the commissioner.

Section 13. All sums received under this chapter as excise, penalties or forfeitures, interest, costs of suit and fines shall be paid into the treasury of the commonwealth, and shall be credited to the Highway Fund.

All property within the jurisdiction of the commonwealth, corporeal or incorporeal, and any interest therein, belonging to inhabitants of the commonwealth, and all real estate or any interest therein and all tangible personal property within the commonwealth belonging to persons who are not inhabitants of the commonwealth except such an interest in such real estate as is represented by a mortgage or by a transferable certificate of participation or share of an association, partnership or trust, which shall pass by will, or by laws regulating intestate succession, or by deed, grant or gift, except in cases of a bona fide purchase for full consideration in money or money's worth, made in contemplation of the death of the grantor or donor or made or intended to take effect in possession or enjoyment after his death, and any beneficial interest therein which shall arise or accrue by survivorship in any form of joint ownership in which the decedent joint owner contributed during his life any part of the property held in such joint ownership or of the purchase price thereof, to any person, absolutely or in trust, except to or for the use of charitable, educational or religious societies or institutions, the property of which is by the laws of the commonwealth exempt from taxation, or for or upon trust for any charitable purposes to be carried out within the commonwealth, or to or for the use of the commonwealth or any town therein for public purposes, shall be subject to a tax at the percentage rates fixed by the following table:

Provided, however, that no property or interest therein, which shall pass or accrue to or for the use of a person in Class A, except a grandchild of the deceased, unless its value exceeds ten thousand dollars, and no other property or interest therein, unless its value exceeds one thousand dollars, shall be subject to the tax imposed by this chapter, and no tax shall be exacted upon any property or interest so passing or accruing which shall reduce the value of such property or interest below said amounts.

All property and interests therein which shall pass from a decedent to the same beneficiary by any one or more of the methods hereinbefore specified and all beneficial interests which shall accrue in the manner hereinbefore provided to such beneficiary on account of the death of such decedent shall be united and treated as a single interest for the purpose of determining the tax hereunder.

SECTION 2. Whenever any person shall exercise a power of appointment, derived from any disposition of property made prior to September first, nineteen hundred and seven, such appointment when made shall be deemed a disposition of property by the person exercising such power, taxable under section one, in the same manner as though the property to which such appointment relates belonged absolutely to the donee of such power, and had been bequeathed or devised by the donee by will; and whenever any person possessing such a power of appointment so derived shall omit or fail to exercise the same within the time provided therefor, in whole or in part, a disposition of property taxable under section one shall be deemed to take place to the extent of such omission or failure in the same manner as though the persons thereby becoming entitled to the possession or enjoyment of the property to which such power related had succeeded thereto by a will of the donee of the power.

Notwithstanding any provision of section one, no tax shall be payable thereunder on account of any deed, grant or gift in contemplation of death made more than two years prior to the death of the grantor or donor, unless made or intended to take effect in possession or enjoyment after such death.

1 Section 7. Taxes imposed by this chapter upon property or interests therein, passing by will or by laws regulating intestate succession, shall be payable to the commissioner by the executors, administrators or trustees at the expiration of one year from the date of the giving of bond by the executors, administrators or trustees first appointed; except that in all cases where there shall be a devise, descent or bequest to take effect in possession or come into actual enjoyment after the expiration of one or more life estates or of a term of years, the taxes thereon shall be payable by the executors, administrators or trustees in office when such right of possession accrues, or, if there is no such executor, administrator or trustee, by the persons so entitled thereto, at the expiration of one year from the date when the right of possession accrues to the persons so entitled.

1 If the probate court, acting under section thirteen of chapter one hundred and ninety-seven, has ordered the executor or administrator to retain funds to satisfy a claim of a creditor, the payment of the tax may be suspended by the court to await the dispossession of such claim.

18 Taxes imposed by this chapter upon property or interests therein, passing by will, gift or grant to take effect in possession or enjoyment after the death of the grantor or donor, or upon beneficial interests arising or accruing by survivorship in any form of joint ownership, shall be payable to the grantee, donee or survivor at the expiration of one year from the date when his right of possession or enjoyment accrues.

19 Taxes imposed by this chapter upon property or interests therein passing by will, gift or grant made in contemplation of death shall be payable by the grantee or donee at the expiration of one year after the death of the grantor or donor.
In case of any deed, grant or gift of a life interest or term of years, the donee for life or years shall pay a tax only on the value of his interest, and the donee of the future interest shall pay his tax when his right of possession or enjoyment accrues.

SECTION 8. [Repealed, 1927, 156, § 2.]

Section 9. Property of which a decedent dies seized or possessed, subject to taxes as aforesaid, in whatever form of investment it may happen to be, and all property acquired in substitution therefor, shall be charged with a lien for all taxes and interest thereon which are or may become due on such property; but said lien shall not attach to any personal property after the same has been sold or disposed of for value by the executors, administrators or trustees, or to real estate after it has been conveyed by the executors, administrators or trustees under license or decree of the probate court, or to real estate which, during the life of the grantor, is conveyed by recorded or registered deed and transferred in possession and enjoyment by him to the grantee, in contemplation of death. The lien charged by this chapter upon any real estate or separate parcel thereof may be discharged by the payment of all taxes due and to become due upon said real estate or separate parcel, or by an order or decree of the probate court discharging said lien and securing the payment to the commonwealth of the tax due or to become due by bond or deposit as hereinafter provided, or by transferring such lien to other real estate owned by the owner or owners of said real estate or separate parcel thereof.

SECTION 10. [Repealed, 1922, 403, § 4.]

Section 11. If taxes imposed by this chapter are not paid when due, interest at the rate of six per cent per annum shall be charged and collected thereon from the time the same became payable.

Section 12. All taxes under this chapter shall be paid out of and chargeable to capital and not income, unless otherwise provided in a will or codicil, or deed or other instrument creating the grant or gift; but this provision shall not affect any right of the commonwealth to collect such tax, or any lien therefor.

VALUE FOR TAXATION.

Section 13. Except as otherwise provided in this and the following section, the tax imposed by this chapter shall be assessed upon the value of the property at the time of the death of the decedent. In case of a devise, descent, bequest or grant to take effect in possession or enjoyment after the expiration of one or more life estates or of a term of years, the tax shall be assessed on the value of the property or interest therein coming to the beneficiary at the time when he becomes entitled to the same in possession or enjoyment. The value of an annuity or a life interest in any such property, or any interest therein less than an absolute interest, shall be determined by the “American Experience Tables” at
11 four per cent compound interest; but when an annuity or a life interest
12 is terminated by the death of the annuitant or life tenant, and the tax
13 upon such interest is not due and has not been paid in advance, the value
14 of said interest for the purposes of taxation under this chapter shall be
15 the amount of the annuity or income actually paid or payable to the
16 annuitant or life tenant during the period for which he was entitled to
17 the annuity or was in possession of the life estate.

SPECIAL PROVISIONS FOR PAYMENT OF TAXES ON FUTURE INTERESTS.

1 Section 14. Any person entitled to a future interest in any property
2 may pay the tax on account of the same at any time before such tax would
3 be due under this chapter, and in such cases the tax shall be assessed upon
4 the value of the interest at the time of payment, and such value shall be
5 determined by the commissioner as provided in this chapter. Whenever
6 it is impossible to compute the present value of any interest, the commis-
7 sioner may, with the approval of the attorney general, effect such settle-
8 ment of the tax as he shall deem to be for the best interests of the common-
9 wealth, and payment of the sum so agreed upon shall be a full satisfaction
10 of such tax.

229 Mass. 140.

1 Section 15. In case of a devise, bequest or grant of real or personal
2 property made or intended to take effect in possession or enjoyment after
3 the death of the grantor, to take effect in possession or come into actual
4 enjoyment after the expiration of one or more life estates or a term of
5 years, whether conditioned upon the happening of a contingency, depend-
6 ing upon the exercise of a discretion, subject to a power of appointment,
7 or otherwise, the taxes upon which have not yet become due, the executor,
8 administrator, trustee or grantee may (a) deposit with the state
9 treasurer bonds or other negotiable obligations of the commonwealth or
10 of the United States of America of such aggregate face amount as the
11 commissioner may from time to time deem necessary to adequately
12 secure payment of such taxes, or (b) deposit with the state treasurer a
13 sum of money sufficient in the opinion of the commissioner to pay all
14 taxes which may become due upon such devise, bequest or grant, or (c)
15 any executor, administrator, trustee or grantee, or any person interested
16 in such devise, bequest or grant may give bond to a judge of the probate
17 court having jurisdiction of the estate of the decedent, in such amount and
18 with such sureties as said court may approve, conditioned that the obligor
19 shall notify the commissioner when said taxes become due and shall
20 then pay the same to the commonwealth. In case of a deposit of money
21 hereunder, the state treasurer shall pay to such executor, administrator,
22 trustee or grantee having the right to the use or income of such real or
23 personal property, interest at the rate of two and one half per cent per
24 annum upon such deposit and, when said taxes shall become due, shall
25 repay to the persons entitled thereto the difference between such part of
26 the tax certified as remains unpaid and the amount deposited. In case of
27 a deposit of bonds or other negotiable obligations with the state treasurer
28 hereunder, he shall pay to such executor, administrator, trustee or grantee
29 as aforesaid or persons entitled thereto the interest accruing thereon and,
30 if such taxes shall be paid in full when due, shall return such bonds or
31 obligations to the persons entitled thereto; but if such taxes shall not be
32 paid when due, the state treasurer may sell all or any part of such bonds or
obligations to satisfy such taxes and shall return to the persons entitled thereto all the proceeds of such sale, and all such bonds or obligations, remaining in his hands after satisfying such taxes.

PROVISIONS AFFECTING ADMINISTRATION OF ESTATES.

Section 16. If a testator gives, bequeaths or devises to his executors or trustees any property otherwise liable to the tax imposed by this chapter in lieu of their compensation, the value thereof in excess of reasonable compensation, as determined by the probate court upon the application of any interested party or of the commissioner, shall be subject to this chapter.

Section 17. An executor, administrator or trustee holding property subject to the tax imposed by this chapter shall deduct the tax therefrom or collect it from the legatee or person entitled to said property; and he shall not deliver property or a specific legacy subject to said tax until he has collected the tax thereon. An executor or administrator shall collect taxes due upon land passing by inheritance or will which is subject to said tax from the heirs or devisees entitled thereto, and he may be authorized to sell said land, in the manner prescribed by section twenty-one, if they refuse or neglect to pay said tax.

Section 18. If a legacy subject to said tax is charged upon or payable out of real estate, the heir or devisee, before paying said legacy, shall deduct said tax therefrom and pay it to the executor, administrator or trustee, and the tax shall remain a lien upon said real estate until it is paid. Payment thereof may be enforced by the executor, administrator or trustee in the same manner as the payment of the legacy itself could be enforced.

Section 19. When provision is made by any will or other instrument for payment of the legacy or succession tax upon any gift thereby made out of any property other than that so given, no tax shall be chargeable upon the sum to be applied in payment of such tax.

Section 20. If a person who has paid to the estate of a deceased person, or to the commonwealth, any tax or part of a tax imposed on such estate by this chapter, afterward refunds to the estate any of the property upon which such tax was paid, or, in the case of a tax or part of a tax paid to the estate of the deceased, or paid to the commonwealth on account of such estate, if it is judicially determined that the whole or any part of such tax ought not to have been paid, such tax, or the due proportion thereof, shall be repaid to him by the executor, administrator or trustee.

Section 21. The probate court may authorize executors, administrators and trustees to sell the real estate of a decedent for the payment of said tax in the same manner as it may authorize them to sell real estate for the payment of debts.
Section 22. A full and complete inventory and appraisal on oath of every estate shall be filed in the probate court or with the commissioner by the executor, administrator or trustee within three months after his appointment, and such inventory shall contain a complete list of all assets within the knowledge of said executor, administrator or trustee. If he neglects or refuses to file such an inventory and appraisal he shall be liable to a penalty of not more than one thousand dollars.

Section 23. Except as provided in the following section, no final account of an executor, administrator or trustee shall be allowed by the probate court unless such account shows, and the judge of said court finds, that all taxes imposed by this chapter upon any property or interest therein belonging to the estate to be settled by said account and already payable have been paid, and that all taxes which may become due on said estate have been paid or settled as hereinbefore provided, or that the payment thereof to the commonwealth is secured by bond or deposit or by lien on real estate. The certificate of the commissioner and his receipt for the amount of the tax therein certified shall be conclusive as to the payment of the tax, to the extent of said certification.

Section 24. The fact that an estate may later become subject to a tax imposed by this chapter, or that a tax hereby imposed is due and the amount thereof cannot be ascertained, shall not prevent the allowance of the final account of the executor, administrator or trustee thereof, if it appears that all taxes imposed by this chapter for which such estate is liable, which are already payable and the amount of which can be ascertained, have been paid, and that such property or interest therein has been transferred to a trustee appointed by a probate court of the commonwealth who has given bond, with sufficient sureties, in such a sum as to insure the payment of all taxes which are or may become due on said estate, unless such trustee is exempted from giving sureties by the probate court appointing him; and such trustee shall be liable for such taxes and the interest thereon in the same manner and to the same amount as if he had been the executor, administrator or trustee originally liable therefor, and the property received by him shall be subject to a lien for said taxes and interest until the same are paid.

Valuation and Appraisal.

Section 25. The value of the property upon which the tax is computed shall be determined by the commissioner and notified by him to the persons by whom the tax is payable, and such determination shall be final unless the value so determined shall be reduced by proceedings and within provided. At any time within three months after such determination, any party interested in the succession, or the executor, administrator or trustee, may appeal from the decision to the board of tax appeals. Said board shall appraise such property at its value as of the date of the death of the decedent, shall give notice of its decision to the commissioner and to the appellant, and shall make return thereof to the probate court. Such return, when accepted by said court, shall be final except that any party aggrieved by such appraisal shall have an appeal on matters of law.
Section 26. At any time within three months after the date of the
determination of value of any estate made by the commissioner under
the preceding section, the commissioner may, at the request or with the
consent of the persons by whom the tax is payable, alter such determina-
tion of value. If any such alteration is made, the commissioner shall
notify the persons by whom the tax is payable of the alteration, and the
period within which an appeal to the board of tax appeals may be taken
as provided by said section shall be three months from the date of said
alteration of value by the commissioner. In all proceedings before the
board of tax appeals or in the probate court under this or the preceding
section the commissioner shall receive notice thereof and may be heard.

Assessment of tax.

Section 27. The commissioner shall determine the amount of tax
due and payable upon any estate or part thereof and shall certify the
amount so due and payable to the persons by whom the tax is payable.
Such determination and certification may be made upon account of the
tax payable upon the estate generally or upon account in full for any
part thereof or any interest therein. Payment of the amount so certify-
d by account shall be a discharge of the tax pro tanto and upon
subsequent determination and certification of the full amount of the
tax payable upon the estate generally or upon any interest therein or
part thereof, payment of the full amount of said tax shall, except as
hereinafter provided, be a discharge of the tax, and if upon such final
certification it shall appear that any payments made on account are in
excess of the tax in full as so determined, the commissioner shall, upon
application duly made within six months from the date when the final
certificate shall have been issued, issue a certificate that the applicant
is entitled to have such excess refunded and the state treasurer shall
without any appropriation therefor by the general court pay the amount
so certified. In determining the amount of any tax under this chapter,
the commissioner shall not be required to consider any payments on
account of debts or expenses of administration which have not been
allowed by the probate court having jurisdiction of said estate. If
after determination and certification of the full amount of the tax upon
an estate or any interest therein or part thereof the estate shall receive
or become entitled to property in addition to that shown in the inventory
or disclosed to the commissioner at or before the time of the certification
of the tax in full, the executor, administrator, trustee or other fiduciary
shall forthwith notify the commissioner who shall upon being thus or
otherwise informed determine the amount of additional tax, if any, due
and payable thereon and shall certify the said amount to the person by
whom such tax is payable, which amount shall be due and payable thirty
days from the date of the certification; provided, that a fiduciary shall
be personally liable to pay only so much of said additional tax as is
computed on the additional property actually received by him and that
a beneficiary receiving any part of such additional property shall be
liable to pay so much of the tax thereon as is not chargeable as aforesaid
to a fiduciary.

An executor, administrator, trustee, grantee, donee, survivor or ben-
eficiary aggrieved by any determination of the commissioner may, within
one year after the payment of any such tax, apply by a petition in
equity to the probate court having jurisdiction of the estate of the

1 Section 28. For the purpose of assessing taxes imposed by this
2 chapter, the commissioner may summon and examine on oath any person
3 supposed to know or have means of knowing any material fact touching
4 the subject of such assessment. The said examination may be reduced
5 to writing, and false swearing therein shall be deemed perjury and be
6 punishable as such. A justice of the superior court, upon application
7 of the commissioner, may compel the attendance of such witnesses and
8 the giving of such testimony before the commissioner in the same manner
9 and to the same extent as before said court.

1 Section 29. Whenever an executor, administrator, trustee, or any
2 person liable to taxation under this chapter, refuses or neglects to furnish
3 to the commissioner any information which in the opinion of the com-
4 missioner is necessary to the proper computation of taxes payable by
5 such executor, administrator, trustee or person, after having been re-
6 quested so to do, the commissioner shall certify such taxes at the highest
7 rate at which they could in any event be computed.

PROCEEDINGS TO DETERMINE AND COLLECT TAXES.

1 Section 30. The probate court having jurisdiction of the settlement
2 of the estate of the decedent shall, subject to appeal as in other cases,
3 hear and determine all questions relative to the tax imposed by this
4 chapter, or by the corresponding provisions of earlier laws, and the
5 commissioner shall represent the commonwealth in any such proceedings.
6 If the court finds that any tax remains due, it shall order the executor,
7 administrator or trustee to pay the same, with interest and costs, and
8 execution shall be awarded against the goods and estate of the deceased
9 in the hands of the executor, administrator or trustee, or, if it appears
10 that there are no such goods or estate in his hands, against the goods and
11 estate of the executor, administrator or trustee, as if for his own debt,
12 but the administrators, executors, trustees and grantees mentioned in
13 this chapter shall be personally liable only for such taxes as shall be
14 payable while they continue in the said offices or have title as such
15 grantees respectively.

1 Section 31. Upon petition of the commissioner the probate court
2 shall, after such notice to the owners of any real estate or separate parcel
3 thereof as said court shall order, determine the amount of taxes imposed
4 by this chapter and by corresponding provisions of earlier laws which
5 have become payable, and of interest on said taxes, for which such real
6 estate or separate parcel thereof is charged with a lien. After such
7 determination said commissioner may collect said taxes and interest by
8 sale in the manner provided by chapter sixty for the collection of taxes
9 by sale by a collector of taxes, so far as applicable.

Section 32. The commissioner shall commence proceedings for the recovery of any of the taxes imposed by this chapter or by corresponding provisions of earlier laws within six months after the same become payable; and also whenever the judge of a probate court certifies to him that the final account of an executor, administrator or trustee has been filed in such court, and that the settlement of the estate is delayed because of the non-payment of said tax. The probate court shall so certify upon the application of any heir, legatee or other person interested therein. Whenever the circumstances of a case require, the probate court may extend the time for payment of said tax, with or without interest. Any taxes assessed under this chapter or corresponding provisions of earlier laws, which are unpaid and uncollectible, may be abated by the board of tax appeals on the recommendation of the attorney general and the commissioner at any time after the expiration of five years from the date when the same became payable.

Section 33. Taxes imposed by this chapter and by corresponding provisions of earlier laws may be recovered by the commissioner in an action of contract brought in the name of the commonwealth, or by an information in equity brought in the supreme judicial court by the attorney general at the relation of the commissioner. In a proceeding under this section for the collection of taxes imposed by this chapter, the determination by the commissioner under section twenty-seven of the amount of the tax shall be final as to such amount; but an executor, administrator, trustee, grantee, donee or survivor may show, in any proceeding brought against him under this section, any facts which would entitle him to an abatement under section twenty-seven, and a judgment or decree shall be entered for the amount of the tax so determined less the amount proved to have been assessed without authority of law, together with interest and costs. If upon an information brought hereunder the court shall find that any tax remains due, it shall order the executor, administrator, trustee, grantee, donee or survivor to pay the same, with interest and costs, and may award execution therefor in the manner and form provided in section thirty.

Section 34. Penalties and forfeitures incurred under this chapter may be recovered by the commissioner in an action of contract brought in the name of the commonwealth, or by an information in equity brought in the supreme judicial court by the attorney general at the relation of the commissioner.

General Provisions.

Section 35. Papers, copies of papers, affidavits, statements, letters and other information and evidence filed with the commissioner in connection with the assessment of taxes upon legacies and successions, except inventories filed with him under section twenty-two, shall be open only to the inspection of persons charged or likely to become charged with the payment of taxes in the case in which such paper, copy, affidavit, statement, letter or other information or evidence is filed, or their representatives, and to the commissioner, his deputies, assistants and clerks and such other officers of the commonwealth and other persons as may, in the performance of their duties, have occasion to inspect the same for the purpose of assessing or collecting taxes. Nothing in this section shall be construed as limiting the duties imposed upon the commissioner.
13 by section three of chapter fifty-eight or as prohibiting the use of such 14 papers, copies, affidavits, statements, letters and other information and 15 evidence in legal proceedings involving the assessment, collection or 16 abatement of taxes.

1 Section 36. He shall give sufficient notice of and attend such meetings, conferences and conventions of teachers of public schools as may be held under his direction, and meetings of members of school committees and of friends of education generally, and shall collect information relative to the condition of the public schools, the performance of their duties by school committees, and the condition of the towns in regard to teachers, pupils, books, apparatus and methods of education.

Section 2. On or before the first Wednesday of January of each year the commissioner shall present to the general court a statement of amounts expended previous to September first preceding by counties, cities and towns for maintenance of approved county, local or district independent vocational schools, or in payment of claims for tuition therein, for which such counties, cities and towns should be reimbursed under chapter seventy-four. He shall make an annual report containing a printed abstract of the returns of school committees under chapter seventy-two and of the schools in charge of the department, and a detailed report of the doings of the department, together with a detailed report of all receipts and expenditures, with observations upon the condition and efficiency of the system of public education and suggestions in regard to the most practicable means of improving and extending it. The records of the doings of the department shall be open to public inspection.

Section 3. The department of education, in this chapter called the department, may receive, in trust for the commonwealth, any grant or devise of land or any gift or bequest of personal property for educational purposes, and shall forthwith transfer any money or securities so received to the state treasurer, who shall administer the same as provided in section sixteen of chapter ten.

Section 4. It shall prepare, with due reference to the requirements of the federal bureau of education, and annually, on or before May tenth, send to every literary, scientific or professional institution of learning in the commonwealth, and every training school or infirmary, blank forms of inquiry for such statistics as it may prescribe, relative to the number of pupils and instructors, courses of study, cost of tuition and the general condition of the institution or school. The trustees, officers or persons in charge thereof shall annually, on or before June first, return the same with the information required.

The department may offer correspondence courses, free of charge, to inmates of county and state hospitals and sanatoria, state correctional institutions, the state infirmary, and federal hospitals situated within the commonwealth. It may, in accordance with rules and regulations established by it, grant to students satisfactorily completing such courses suitable certificates.

3. Section 8. It may also arrange for the use of such other buildings, grounds and facilities, paying such rent therefor, as the conduct of such courses may require.

4. Section 9. The department, with the co-operation of any town applying therefor, may provide for such instruction in the use of English for adults unable to speak, read or write the same, and in the fundamental principles of government and other subjects adapted to fit for American citizenship, as shall jointly be approved by the local school committee and the department. 8 whenever outdoor or indoor aid is granted to families in which there is a
9 blind member, and the director shall report in turn to the said depart-
10 ment and the said board any activity on his part in relation to blind
11 persons who or whose families are known to be receiving or to have
12 received public outdoor or indoor aid.

1 Section 20. He may also register cases of persons whose eyesight is
2 seriously defective or who are likely to become visually handicapped or
3 blind, and take such measures, in co-operation with other authorities,
4 as he may deem advisable for the prevention of blindness or conserva-
5 tion of eyesight, and, in appropriate cases, for the education of children
6 and for the vocational guidance of adults having seriously defective
7 sight.

1 Section 21. The director may provide for the instruction of the
2 adult blind at their homes and may furnish materials and tools to any
3 blind person, and may assist such blind persons as are engaged in home
4 industries in marketing their products. He may pay suitable wages to
5 the employees of schools and workshops established under section four-
6 teen and may devise means for the sale and distribution of the products
7 of such schools and workshops.

1919, 15.

1 Section 22. He may receive in schools established by the divi-
2 sion pupils from other states upon the payment of such fees as it may
3 determine.

1 Section 23. The director may ameliorate the condition of the blind
2 by devising means to facilitate the circulation of books, by promoting
3 visits among the aged or helpless blind in their homes, by aiding indi-
4 vidual blind persons with money or other assistance, or by any other
5 method he may deem expedient; provided, that he shall not undertake
6 the permanent support or maintenance of any blind person.

1 Section 24. There may be advanced annually to the director from
2 the state treasury, from the amount appropriated for the maintenance
3 of the industries established by the director, such sum approved by the
4 governor and council as may be necessary to be used as a working capital
5 for said industries. Said sum when drawn from the treasury shall be
6 deposited in a national bank or trust company to the credit of the director,
7 who shall give a bond in such sum and with such sureties as the governor
8 and council may approve.
Section 25. The state purchasing agent, such officers in charge of state institutions as may be authorized by him to make purchases and supplies, other than products of prison labor, from the division of the blind; provided, that the division has the same for sale and that they were produced by persons under the supervision of the division or in industrial schools or workshops under its supervision.

INSTRUCTION IN SCHOOLS FOR THE DEAF AND BLIND.

Section 26. The department may, upon the request of the parents or guardians and with the approval of the governor, send such deaf and blind persons as it considers proper subjects for education, for a term not exceeding ten years, to the American School, at Hartford, for the Deaf, in the state of Connecticut, to the Clarke School for the Deaf at Northampton, to the Horace Mann School at Boston, to any other school for the deaf in the commonwealth, as the parents or guardians may prefer, or to the Perkins Institution and Massachusetts School for the Blind, as the case may be, and, upon like request and with like approval, it may continue for a longer term the instruction of meritorious pupils recommended by the principal or other chief officer of the school which they attend. With the approval of the governor the department may, at the expense of the commonwealth, make such provision for the care and education of children who are both deaf and blind as it may deem expedient. No such pupil shall be withdrawn from such institutions or schools except with the consent of the authorities thereof or of the department; and the expenses of the instruction and support of such pupils therein, actually rendered or furnished, including their necessary traveling expenses, whether daily or otherwise, but not exceeding ordinary and reasonable compensation therefor, shall be paid by the commonwealth; but the parents or guardians of such children, who are able wholly or in part to provide for their support and care, to the extent of their ability may be required by the department to reimburse the commonwealth therefor.

Section 27. The department shall direct and supervise the education of all such pupils, and the commissioner shall state in his annual report their number, the cost of their instruction and support, the manner in which the money appropriated by the commonwealth therefor has been expended, to what extent reimbursed, and such other information as he deems important.

Section 28. The department may, in cooperation with the school committee, establish in not more than six towns, each having ten or more deaf pupils resident therein or in towns accessible thereto, special day classes for such deaf pupils. Such classes, when established, shall be conducted by the school committee, subject to the approval of the department. In connection with said classes, there shall be provided instruction in lip-reading. The town shall be reimbursed by the commonwealth for the reasonable cost of maintenance of such classes, including the necessary traveling expenses of the pupils.

PART I.

STATE AID FROM INCOME TAX.

1 Section 1. The state treasurer shall annually, on or before November twentieth, pay to the several towns from the proceeds of the tax on incomes, which shall be available therefor without appropriation, the sums required for the purposes of Part I of this chapter, as part reimbursement for salaries paid to teachers, supervisors, principals, assistant superintendents and superintendents for services in the public day schools rendered during the year ending the preceding June thirtieth.

2 Section 2. For each such person employed for full time service for the entire school year, such reimbursement shall be as follows:

3 (1) Two hundred dollars for every person so employed who received as salary not less than nine hundred and fifty dollars and who is a graduate of an approved normal school or college and had taught on full time at least two years previous to said year or whose preparation and teaching experience are accepted as equivalent.

4 (2) One hundred and fifty dollars for every person so employed not included in paragraph (1) who received as salary not less than eight hundred and fifty dollars and (a) has satisfactorily completed one year of professional training in an approved normal school or teachers' training school, and had taught on full time at least three years previous to said year; or (b) is a graduate of an approved normal school or college, and had taught on full time for at least one year previous to said year; or (c) whose preparation and teaching experience are accepted as equivalent.

5 (3) One hundred dollars for every person so employed and not included in paragraphs (1) or (2) who received as salary not less than seven hundred and fifty dollars.
Section 3. For every such person employed for less than full time service for the school year, but otherwise described in the preceding section and receiving a proportionate salary, said reimbursement shall in each case be in such proportion to the reimbursement provided for in said section as his service bears to full time service. No town in a superintendency union shall receive under this chapter reimbursement for the part time employment of a superintendent if entitled to reimbursement therefor under section sixty-five of chapter seventy-one.

Section 4. Every town in which the proportionate amount paid by such town of every million dollars of state tax as established by the last preceding valuation made for the purpose of apportioning such tax, when divided by the net average membership of its public day schools as defined in section five for the year ending on the next preceding June thirtieth, yields a quotient less than ninety-five cents shall, for each person for whom it received reimbursement under section two, receive supplementary reimbursement as follows:

1. Two hundred and fifty dollars if said quotient is less than sixty cents.
2. Two hundred dollars if said quotient is less than sixty-five cents but not less than sixty cents.
3. One hundred and fifty dollars if said quotient is less than seventy cents but not less than sixty-five cents.
4. One hundred and twenty-five dollars if said quotient is less than eighty cents but not less than seventy cents.
5. One hundred dollars if said quotient is less than eighty-five cents but not less than eighty cents.
6. Fifty dollars if said quotient is less than ninety-five cents but not less than eighty-five cents.

For each person for whom any such town received proportionate reimbursement under section three it shall in each case receive as supplementary reimbursement the same proportion of the sums named herein for full time service. No town shall receive under this section in any one year more than fifteen thousand dollars.

Section 5. For the purposes of section four the net average membership of the public day schools of a town for any school year shall be the average membership for such year as shown by the school registers, increased by the number of pupils resident therein whose tuition in the public schools of another town, for not less than half such year, the town has paid, decreased by the number of non-resident pupils attending its schools for not less than half such year.

Section 6. No town shall be entitled to reimbursement under Part I of this chapter on account of salaries paid to teachers whose employment in state aided vocational schools or departments, continuation schools or Americanization classes entitle the town to state reimbursement. For every teacher in a practice school connected with a state normal school, a part of whose salary is paid or reimbursed by the commonwealth, the town’s reimbursement under this chapter shall be based on that part of the salary paid by the town, but shall otherwise be in accordance with this chapter.
1 Section 7. Every superintendent of schools shall file with the com-
2 missioner of education, not later than July twenty-fifth in each year, a
3 sworn statement, upon blanks prepared by the said commissioner, con-
4 taining the data necessary to determine the amounts payable under
5 Part I of this chapter. The said commissioner shall, not later than July
6 twenty-seventh, prepare and transmit to the commissioner of corpora-
7 tions and taxation a list containing an estimate based on the information
8 then in his possession of the amount payable under said Part I to each
9 town for the current year. The commissioner of education shall cause
10 such statements to be examined, and shall certify to the commissioner
11 of corporations and taxation and to the comptroller the amount due
12 each town.

Part II.

School Funds.

1 Section 8. The present school fund of the commonwealth, with
2 future additions, and all funds received by the commonwealth from the
3 federal government, the disposition of which is not otherwise provided
4 for, shall constitute a permanent fund, to be called the "Massachusetts
5 School Fund". The principal thereof shall not be diminished, and the
6 income shall be disbursed as hereinafter provided.

1 Section 9. The commissioner of education and the state treasurer
2 shall be commissioners to invest and manage the fund, and shall make
3 an annual report of the condition and income thereof. All invest-
4 ments shall be made with the approval of the governor and council.

1 Section 10. The accrued income of said fund on December thirty-
2 first annually shall be apportioned by the commissioners thereof, as
3 provided in Part II of this chapter and paid to the towns entitled on
4 the following March tenth.

1 Section 11. For the purposes of Part II of this chapter, the follow-
2 ing word and phrase shall be defined as follows:—
3 "Valuation" shall mean the town's valuation, as determined by the
4 last preceding valuation made for the purpose of apportioning the state
5 tax.
6 "Assured minimum" shall mean the amount by which the sum of the
7 following items for the last preceding town fiscal year exceeded the
8 amount received by the town during said year under Part I and for the
9 tuition of non-resident pupils, including state wards:
10 (1) Salaries paid to full time principals and teachers, not including
11 any amounts by which any such salary was at a rate in excess of eleven
12 hundred dollars.
13 (2) Two hundred and fifty dollars for each teaching position held by
14 a full time principal or teacher.
15 (3) Expenditures for transportation of pupils to the local schools.
16 (4) Expenditures for the tuition in, and transportation to, public
17 elementary schools in adjoining towns.
18 (5) In the case of towns having over five hundred families and ex-
19 empted from the requirement of maintaining a four year high school,
the actual expenditures made during that year for tuition in high schools in other towns.

In computing the "assured minimum", expenditures for state-aided vocational or continuation schools or Americanization classes shall not be included.

**Section 12.** A town in which the proportionate amount paid by such town of every thousand dollars of state tax as established by the last preceding valuation made for the purpose of apportioning such tax is eight cents or less shall receive one half of its assured minimum if said minimum exceeds the sum that would have accrued therein from a tax of ten dollars per thousand dollars valuation. If said minimum is less than the proceeds of such a tax, but more than would have been the proceeds of a tax of five dollars per thousand, the town shall receive the amount by which said minimum exceeds the proceeds of such a five dollar tax.

**Section 13.** A town in which the proportionate amount paid by such town of every thousand dollars of state tax as established by the last preceding valuation made for the purpose of apportioning such tax is more than eight cents but not more than sixteen cents shall be allotted one third of its assured minimum if said minimum exceeds the sum that would have accrued therein from a tax of seven and one half dollars per thousand dollars valuation. If said minimum is less than the proceeds of such a tax, but more than would have been the proceeds of a tax of five dollars per thousand, the town shall be allotted the amount by which said minimum exceeds the proceeds of such a five dollar tax. Said allotments shall be paid in full if their sum does not exceed the amount available after making the payments provided for by the preceding section, otherwise they shall be proportionally reduced and paid.

**Section 14.** A town in which the proportionate amount paid by such town of every thousand dollars of state tax as established by the last preceding valuation made for the purpose of apportioning such tax is more than sixteen cents but not more than forty cents shall be allotted one half the amount by which its assured minimum exceeds the amount that would have accrued therein from a tax of five dollars per thousand dollars valuation. If the total allotments under this and the following section exceed the amount available after the distribution provided for by the two preceding sections, the state treasurer shall add to said amount, from the proceeds of the income tax, without appropriation, the amount required, but not exceeding two hundred and fifty thousand dollars in any one year. If said addition does not permit the payment in full of all allotments under this section, they shall be proportionally reduced and paid.

**Section 14A.** Every town in which the proportionate amount paid by such town of every thousand dollars of state tax as established by the last preceding valuation made for the purpose of apportioning such tax is more than forty cents but not more than fifty cents shall be allotted one half the amount by which its assured minimum exceeds the amount that would have accrued therein from a tax of five dollars per thousand dollars valuation, provided its valuation as established for the purpose
8 of apportioning the state tax, when divided by the net average membership of its public day schools, as defined in section five, for the year ending on the next preceding June thirtieth, yields a quotient which does not exceed seventy-five per cent of the quotient so obtained for the commonwealth as a whole, and provided its expenditures per one thousand dollars of valuation for support of public day schools from funds raised by local taxation for its last preceding fiscal year exceeds by at least twenty-five per cent the average of such expenditures for the commonwealth as a whole for the same year.

17 Allotments under this section shall be paid out of the total amount available for such purposes under the second sentence of section fourteen after payment in full of all allotments due and payable under section twenty-fourteen. If the balance of such total amount remaining after such payment of allotments under section fourteen does not permit the payment in full of allotments under this section, they shall be proportionately reduced and paid.

1 Section 15. If in any year there is a balance from the income of said fund after the distribution provided for by the four preceding sections, the same shall be divided among all towns receiving payments thereunder in proportion to said payments.

1 Section 16. Every superintendent of schools shall annually, not later than February first, file with the commissioner of education, upon blanks prepared by the commissioner, a sworn statement, containing data necessary to determine the amounts payable under Part II of this chapter. Failure to file the same by February fifteenth shall cause the town to forfeit its share of the income accrued during the preceding year. Before filing such statement, the superintendent shall submit it to the chairman of the school committee, who shall countersign it on oath, if, after examination, he finds it correct. The commissioner shall cause such statements to be examined, and shall certify to the comptroller the amount due each town.

1 Section 17. No town shall receive any payment under Part II of this chapter, unless it has complied, to the satisfaction of the department of education, with all laws relating to the public schools.

1 Section 1. Every town shall maintain, for at least one hundred and sixty days in each school year unless specifically exempted as to any one year by the department of education, in this chapter called the department, a sufficient number of schools for the instruction of all children who may legally attend a public school therein. Such schools shall be taught by teachers of competent ability and good morals, and shall give instruction and training in orthography, reading, writing, the English language and grammar, geography, arithmetic, drawing, the history and constitution of the United States, the duties of citizenship, physiology and hygiene, good behavior, indoor and outdoor games and athletic exercise. In connection with physiology and hygiene, instruction as to the effects of alcoholic drinks and of stimulants and narcotics on the human system, and as to tuberculosis and its prevention, shall be given to all pupils in all schools under public control, except schools maintained solely for instruction in particular branches. Such other subjects as the school committee considers expedient may be taught in the public schools.

1 Section 2. In all public elementary and high schools American history and civics, including the constitution of the United States, shall be taught as required subjects for the purpose of promoting civic service and a greater knowledge thereof, and of fitting the pupils, morally and intellectually, for the duties of citizenship.

1 Section 3. The exercises in the public schools may include calisthenics, gymnastics and military drill; but no pupil shall be required to take part in any military exercise if his parent or guardian is of any religious denomination conscientiously opposed to bearing arms, or is himself so opposed, and the school committee is so notified in writing; or if a physician of good standing certifies in writing that in his opinion such exercises would be injurious to the pupil.
Section 4. Every town containing, according to the latest census, state or national, five hundred families or householders, shall, unless specifically exempted by the department and under conditions defined by it, maintain a high school, adequately equipped, which shall be kept by a principal and such assistants as may be needed, of competent ability and good morals, who shall give instruction in such subjects as the school committee considers expedient. One or more courses of study, at least four years in length, shall be maintained in such high school and it shall be kept open for the benefit of all the inhabitants of the town for at least one hundred and eighty days, exclusive of vacations, in each school year, unless specifically exempted as to any one school year by the department because of epidemic or other emergency. Each high school maintained by a town required to belong to a superintendent union shall be conducted in accordance with standards of organization, equipment and instruction approved from time to time by the department.

Section 5. If a town of less than five hundred families or householders, according to such census, maintains a public high school, it shall, subject to section nine, be reimbursed annually by the commonwealth, a sum, not exceeding twelve hundred and fifty dollars, determined as follows: for a principal and for each teacher devoting full time to said school, two hundred and fifty dollars; for a principal and for each teacher devoting part time thereto a part of two hundred and fifty dollars proportional to the amount of time so devoted. But no town shall receive any such reimbursement unless its high school is approved by the department.

Section 6. If a town of less than five hundred families or householders, according to such census, does not maintain a public high school offering four years of instruction, it shall pay the tuition of any pupil who resides therein and obtains from its school committee a certificate to attend a high school of another town included in the list of high schools approved for this purpose by the department. Such a town shall also, through its school committee, provide, when necessary, for the transportation of such a pupil at cost up to forty cents for each day of actual attendance, and it may expend more than said amount. If, however, the distance between a pupil’s residence and the school he is entitled to attend under this section exceeds three miles, the town may, when necessary, be required by the department to expend for transportation for such pupil a sum up to eighty cents in all for each day of attendance. The department shall approve the high schools which may be attended by such pupils, and it may, for this purpose, approve a public high school in an adjoining state. Whenever, in the judgment of the department, it is expedient that such a pupil should board in the town of attendance the town of residence may, through its school committee, pay toward such board, in lieu of transportation, such sum as the said committee may fix.

If the school committee refuses to issue a certificate as aforesaid, application may be made to the department, which, if it finds that the educational needs of the pupil in question are not reasonably provided for, may issue a certificate having the same force and effect as if issued by the said committee. The application shall be filed with the superintendent of schools of the town of residence, and by him transmitted forthwith to the department with a report of the facts relative thereto.
1 Section 7. If the expenditure per thousand dollars valuation from
2 the proceeds of local taxation for the support of public schools, made
3 by any town of less than five hundred families or householders for the
4 three town fiscal years preceding any school year, averaged more than
5 four and not more than five dollars, the commonwealth shall reimburse
6 the town for one half the amount paid by it during said school year for
7 transportation or board in accordance with the preceding section. If
8 said average was more than five and not more than six dollars, the reim-
9 bursement shall be for three fourths of said amount, or if said average
10 was more than six dollars, the reimbursement shall be for the entire sum.
11 Such reimbursement shall not be based on the excess of any amount above
12 forty cents for each day of actual attendance of any pupil. If, how-
13 ever, in order to reach the high school, a pupil must travel three or
14 more miles in some manner other than by steam or electric railroad, or
15 other public conveyance, then the town shall be reimbursed three
16 fourths of the excess, if any, that it expends for such pupil’s transpor-
17 tation or board, or both, above forty cents, but not above eighty cents,
18 for each day of actual attendance. Said excess reimbursement shall be
19 paid only to towns in which said average expenditure per thousand dollars
20 valuation was more than five dollars. All expenditures for which reim-
21 bursement is claimed shall be subject to approval by the department.

1 Section 8. If the valuation of a town of less than five hundred fam-
2 ilies or householders for its fiscal year preceding any school year does not
3 exceed five hundred thousand dollars, the commonwealth shall reimburse
4 it, subject to the following section, for the whole amount paid by it for
5 such school year for tuition under section six; if said valuation exceeds
6 five hundred thousand dollars but not one million dollars, the reim-
7 bursement shall be for three fourths of said amount; and if said valua-
8 tion exceeds one million dollars, the reimbursement shall be one half
9 of said amount.

1 Section 9. No town shall receive any reimbursement for a school
2 year under sections five and eight if its valuation for its fiscal year pre-
3 ceding said school year, divided by the net average membership of its
4 public schools as defined by section five of chapter seventy for the school
5 year preceding the year for which reimbursement is claimed, exceeds the
6 corresponding quotient for the commonwealth.

1 Section 10. If the school committee of a town of less than five hun-
2 dred families or householders not maintaining a public high school offering
3 four years of instruction, pays, with the approval of the department,
4 for the instruction of a pupil who by reason of physical disability is
5 unable to attend a high school in another town, the commonwealth
6 shall reimburse the town therefore under the same conditions and to the
7 same amount as for tuition in such a high school, and for transportation
8 thereto, but not exceeding one hundred dollars a year in lieu of tuition
9 plus one dollar and fifty cents per week of actual instruction in lieu of
10 transportation.

1 Section 11. For the purposes of the six preceding sections, a "high
2 school" is defined as that part of the school system which furnishes in-
3 struction in addition to that offered in the first eight grades and other
4 than vocational instruction directly aided by the commonwealth.

State reimbursement to small towns for such transportation. 1913, 196, 1918, 1921, 1923, § 2.

Certain towns to receive no state reimbursement under §§ 5 and 8. 1902, 433. 1908, 427, § 1. 1911, 537. 1918, 198, §§ 6, 5.

State reimbursement to small towns for tuition of physically disabled pupils. 1918, 198, § 7.

High school defined for purposes of state reimbursement. 1918, 198, § 1.
Section 12. No person shall be eligible to teach in a high school on account of which reimbursement is made by the commonwealth under section five who does not hold a high school teacher's certificate issued by the department as provided in section five of chapter sixty-nine.

Section 13. In every public high school having not less than one hundred and fifty pupils and offering a commercial course of study, commercial Spanish shall be taught upon the written request of the parents or guardians of not less than twenty pupils and the enrolment of not less than twenty properly qualified pupils, provided said request is made, and said enrolment is completed, before the preceding August first.

Section 14. Two or more towns may vote to form a union high school district, subject to the approval of the department, for the purpose of establishing and maintaining a union high school. The management and control of such school shall be vested in a committee, with all the powers of school committees, composed of one member elected by and from the school committee of each constituent town. The committee shall, with the approval of the department, determine the situation of the schoolhouse. The proportion payable by each town for the erection and maintenance of a permanent schoolhouse and for the support of the school, including the transportation of pupils to such school when necessary, unless otherwise agreed, shall be according to its proportion of the county tax.

Section 15. Every town where a union high school is situated shall be reimbursed by the commonwealth for the sums contributed to the support of such school to the same amount and under the same conditions as if said sums had been expended to maintain a local high school. Each other participating town shall so be reimbursed to the same amount and under the same conditions as if its contribution had been expended for the tuition of its pupils in another town.

Section 16. Two or more towns may severally vote to establish union schools for the accommodation of such contiguous portions of each as may be agreed upon. The management and control of such schools, the situation of the schoolhouses therefor, and the apportionment of the expenses of erecting such schoolhouses and of the support and maintenance of said schools, and of all expenditures incident to the same, shall be determined by the school committees of the participating towns.

Section 17. Every town of twenty thousand inhabitants shall maintain the teaching of manual training and household arts as part of both its elementary and its high school program of studies.

Section 18. Any town may, and every town in which there are issued during any year certificates authorizing the employment of twenty or more persons who do not possess the educational qualifications enumerated in section one of chapter seventy-six, shall maintain for not less than forty evenings during the following school year an evening school or schools for the instruction of persons over fourteen years of age in orthography, reading, writing, the English language and grammar,
8 geography, arithmetic, industrial drawing, both free hand and mechanical, 
9 the history of the United States, physiology and hygiene and good be-
10 havior. Such other subjects may be taught as the school committee 
11 considers expedient.

1 Section 19. Every city of fifty thousand inhabitants shall maintain 
2 annually an evening high school, in which shall be taught such subjects 
3 as the school committee considers expedient, if fifty or more residents 
4 fourteen years or over, competent in the opinion of the committee to 
5 pursue high school studies, shall petition in writing for an evening high 
6 school and certify that they desire to attend.

1 Section 20. The school committee shall, two weeks next before the 
2 opening of each term of the evening schools, post in three or more public 
3 places in the town notice of the situation of said schools, the date of the 
4 beginning of the term, the evenings of the week on which they will be 
5 in session, such regulations as to attendance as it deems proper, and the 
6 provisions of section ninety-five of chapter one hundred and forty-nine. 
7 It may require from each student, not bound by law to attend, an 
8 advance payment not exceeding one dollar, which may, at its discretion, 
9 be paid into the town treasury to be credited to the school appropriation, 
10 or be returned wholly or in part at such time and under such conditions 
11 as the committee determines.

CONTINUATION SCHOOLS, ETC.

1 Section 21. Every town which has accepted chapter three hundred 
2 and eleven of the General Acts of nineteen hundred and nineteen, and 
3 in which, in any year, two hundred or more minors under sixteen are 
4 employed not less than six hours per day by authority of employment 
5 certificates or home permits described in section one of chapter seventy-
6 six, exclusive of minors employed only during vacations, shall, except as 
7 otherwise provided in this section, and any other town which has ac-
8 cepted said chapter, may, through its school committee, local board of 
9 trustees for vocational education, or both, establish at the beginning of 
10 the next school year and maintain continuation schools or courses of 
11 instruction for the education of such minors, and for such others as may 
12 be required to attend under section twenty-five. The said schools or 
13 courses shall be in session the same number of weeks in each year as the 
14 local high schools, and the sessions shall be between the hours of eight 
15 in the morning and five in the afternoon of any working days except 
16 Saturday. If in a town required to establish continuation schools or 
17 courses under this section, after examination of the records required to 
18 be kept under sections eighty-six and eighty-nine of chapter one hundred 
19 and forty-nine, it appears that in each of two consecutive years the num-
20 ber of employed minors described above falls below two hundred, the 
21 school committee of said town may apply to the department for exemp-
22 tion from the provisions of this section, and, if specifically exempted by 
23 the department under conditions defined by it, said town shall be deemed 
24 to have come under the permissive provisions of this section and shall 
25 so remain until two hundred or more such minors in any year are em-
26 ployed therein.

1919, 311, § 6.

Section 22. Every minor described in the preceding section shall, subject to the laws relating to the public schools, attend said schools or courses in the town of his employment for not less than four hours per week; but the attendance of minors who have been required to attend continuation schools, and are temporarily out of employment or business, shall be for not less than twenty hours per week, if said schools or courses are so long in session. Instruction in the regular schools may and upon application of the parent or guardian shall be accepted as equivalent to that required by this section and section twenty-five.

Section 23. In the establishment and conduct of said schools or courses, a town may take advantage of established educational agencies, and may utilize any suitable quarters approved by the department; but, when established, the said schools or courses shall be a part of the public school system of the town.

Section 24. Towns maintaining such schools or courses as are approved by the department as to organization, control, situation, equipment, courses of study, qualifications of teachers, methods of instruction, conditions of admission, employment of pupils and expenditures of money, shall be reimbursed by the commonwealth for one half the sum raised by local taxation and expended for their maintenance. The town of residence of a person who is required by section twenty-two to attend a continuation school of another town shall pay to such other town a tuition fee to be fixed by the commissioner of education, and not to exceed the average annual maintenance cost per pupil of continuation schools throughout the commonwealth, as last ascertained. In default of payment, such fee may be recovered in an action of contract. The commonwealth shall pay to towns paying claims for tuition under this section one half the sums so expended.

Section 25. Any minor under sixteen who has been regularly employed in a town other than that of his residence, and who is temporarily unemployed, may be required, under conditions approved by the department, to attend a continuation school or course in the town of his residence.

Section 26. A town required by section twenty-one to establish and to maintain continuation schools or courses which refuses or neglects to appropriate money necessary therefor, shall forfeit from funds due it from the commonwealth a sum equal to twice that estimated by the department as necessary properly to provide for the same. A sum equal to three fifths of such forfeiture shall be paid by the state treasurer to the school committee of the delinquent town, and the committee shall expend the same for such establishment and maintenance to the same extent as if it had been regularly appropriated by the town therefor.

Miscellaneous provisions.

Section 27. The school committee may employ competent persons to deliver lectures on the natural sciences, history, and kindred subjects, and may provide cards or pamphlets giving the titles and authors of books of reference on the subject matter of said lectures contained in the local public libraries.
1 Section 28. The school committee may establish and maintain schools to be kept open for the whole or any part of the summer vacation; but attendance thereon shall not be compulsory or be considered as a part of the school attendance required by law.

1 Section 31. A portion of the Bible shall be read daily in the public schools, without written note or oral comment; but a pupil whose parent or guardian informs the teacher in writing that he has conscientious scruples against it, shall not be required to read from any particular version, or to take any personal part in the reading. The school committee shall not purchase or use in the public schools school books favoring the tenets of any particular religious sect.

Violation of this section shall be punished by a fine of not less than ten nor more than fifty dollars.

SCHOOL COMMITTEES.

Section 35. In cities where no other provision is made in the charter thereof, the term of office of members of the school committee shall begin at the same time with that of the members of the city council. 1

Section 36. The school committee shall appoint a secretary who shall keep a permanent record book, in which all its votes, orders and proceedings shall be recorded. 1

Section 37. It shall have general charge of all the public schools, including the evening schools and evening high schools, and of vocational schools and departments when not otherwise provided for. It may determine, subject to this chapter, the number of weeks and the hours during which such schools shall be in session, and may make regulations as to attendance therein. 1

Section 38. It shall elect and contract with the teachers of the public schools, shall require full and satisfactory evidence of their moral character, and shall ascertain their qualifications for teaching and their capacity for the government of schools. 1

Section 39. No public school committee or official shall inquire concerning, or require or solicit from an applicant for a position in the public schools any information as to, his religious belief, creed or practice, or his political opinions or affiliations; and no appointment to such a position shall be in any manner affected thereby. Violation of this section shall be punished by a fine of not more than fifty dollars. 1

Section 40. The compensation of every teacher employed in any public day school in the commonwealth, except persons in training and those employed as temporary substitutes, shall be at a rate of not less than seven hundred and fifty dollars for the school year in that school. 1

Section 41. Every school committee, except in Boston, in electing a teacher or superintendent, who has served in its public schools for the three previous consecutive school years, other than a union or district superintendent, shall employ him to serve at its discretion; but any school committee may elect a teacher who has served in its schools for not less than one school year to serve at such discretion. 1

1920, 2.
1 Section 42. The school committee may dismiss any teacher, but
2 in every town except Boston no teacher or superintendent, other than a
3 union or district superintendent, shall be dismissed unless by a two thirds
4 vote of the whole committee. In every such town a teacher or superin-
5 tendent employed at discretion under the preceding section shall not be
6 dismissed unless at least thirty days prior to the meeting, exclusive of
7 customary vacation periods, at which the vote is to be taken, he shall
8 have been notified of such intended vote, nor unless, if he so requests,
9 he shall have been given a statement by the committee of the reasons for
10 which his dismissal is proposed; nor unless, if he so requests, he has been
11 given a hearing before the school committee, at which he may be accom-
12 panied by a witness; nor unless, in the case of a teacher, the superinten-
13 dent shall have given the committee his recommendations thereon.
14 Neither this nor the preceding section shall affect the right of a committee
15 to suspend a teacher or superintendent for unbecoming conduct, or to
16 dismiss a teacher whenever an actual decrease in the number of pupils in
17 the schools of the town renders such action advisable. No teacher or
18 superintendent who has been lawfully dismissed shall receive compensa-
19 tion for services rendered thereafter, or for any period of lawful suspension
20 followed by dismissal.

1 Section 43. The salary of no teacher employed in any town except
2 Boston to serve at discretion shall be reduced without his consent except
3 by a general salary revision affecting equally all teachers of the same
4 salary grade in the town. The salary of no superintendent so employed
5 shall be reduced without his consent until at least one year after the
6 committee has so voted.

1 Section 44. No committee shall by rule, regulation, or otherwise,
2 restrict any teacher in, or dismiss him for, exercising his right of suffrage,
3 signing nomination papers, petitioning the general court or appearing
4 before its committees, to the extent that such rights, except voting, are
5 not exercised on the school premises during school hours, or when their
6 exercise would actually interfere with the performance of school duties.

1 Section 45. No person shall demand or accept from any applicant
2 for the position of teacher in the public schools a fee or other compen-
3 sation exceeding two dollars, and no additional sum shall be charged to
4 cover expenses or for any other reason, except that further compensation,
5 not exceeding five per cent of the teacher’s salary for the first year, pro-
6 vided the position is open to the teacher for said period, may be charged
7 for procuring such position. Violation of this section shall be punished
8 by a fine of not less than fifty nor more than five hundred dollars.

1 Section 46. The school committee of every town shall annually
2 ascertain, under regulations prescribed by the department and the
3 department of mental diseases, the number of children three years or
4 more retarded in mental development in attendance upon its public
5 schools, or of school age and resident therein. At the beginning of each
6 school year, the committee of every town where there are ten or more
7 such children shall establish special classes for their instruction accord-
8 ing to their mental attainments, under regulations prescribed by the
9 department. A child appearing to be mentally retarded in any less
degree may, upon request of the superintendent of schools of the town where he attends school, be examined under such regulations as may be prescribed by the department and the department of mental diseases.

No child under the control of the department of public welfare or of the child welfare division of the institutions department of the city of Boston, who is three years or more retarded in mental development within the meaning of this section, shall, after complaint made by the school committee to the department of public welfare or said division, be placed in a town which is not required to maintain a special class as provided for in this section.

Section 46A. The school committee of every town shall annually ascertain, under regulations prescribed by the department and the commissioner of public welfare, the number of children of school age and resident therein who are crippled. In any town where, at the beginning of any school year, there are five or more children so crippled as to make attendance at a public school not feasible, and who are not otherwise provided for, the school committee shall, and in any town where there are less than five such children may, employ a teacher or teachers, on full or part time, who shall, with the approval in each case of the department and the said commissioner, offer instruction to said children in their homes or at such places and under such conditions as the committee may arrange.

Section 47. The committee may supervise and control all athletic and other organizations composed of public school pupils and bearing the school name or organized in connection therewith. It may directly or through an authorized representative determine under what conditions the same may compete with similar organizations in other schools. Expenditures by the committee for the supervision of play and games on land under the committee's control, or for the equipment thereof, shall be deemed to be for a school purpose.

Section 48. The committee shall, at the expense of the town, purchase textbooks and other school supplies, and, under such regulations as to their care and custody as it may prescribe, shall loan them to the pupils free of charge. If instruction is given in the manual and domestic arts, it may so purchase and loan the necessary tools, implements and materials. It shall also, at like expense, procure such apparatus, reference books and other means of illustration, as may be needed.

Section 48A. School committees may make expenditures, from funds appropriated for school purposes, for the purchase of traffic belts, so-called, to be used by pupils aiding in the directing of traffic as a means of providing additional safeguards for pupils in crossing public ways.

Section 49. Pupils in the public schools may, if the committee so votes, purchase from the town, under such regulations as the committee may prescribe, any textbooks which are to be, or have been, used by them in such schools.
1 **Section 50.** A change may be made in the school books used in the
2 public schools by a vote of two thirds of the whole school committee at
3 a meeting thereof, notice of such intended change having been given at a
4 previous meeting.

2 tion, except that in a town required to belong to a superintendency union
3 which votes to compensate the committee, its members shall each be
4 paid two dollars and fifty cents a day for the time actually devoted to
5 their official duties, and such additional compensation as the town may
6 allow. No member of a school committee in any town shall be eligible
7 to the position of teacher, or superintendent of public schools therein,
8 or in any union school or superintendency union or district in which
9 his town participates.

2 physicians and nurses, shall assign them to the public schools within its
3 jurisdiction, shall provide them with all proper facilities for the perform-
4 ance of their duties and shall assign one or more physicians to the exami-
5 nation of children who apply for health certificates required by section
6 eighty-seven of chapter one hundred and forty-nine, but in cities where
7 the medical inspection hereinafter prescribed is substantially provided
8 by the board of health, said board shall appoint and assign the school
9 physicians and nurses. The department may exempt towns having a
10 valuation of less than one million dollars from so much of this section as
11 relates to school nurses.

1 **Section 53A.** A superintendency district formed and conducted
2 under the provisions of section sixty, or a superintendency union formed
3 and conducted under the provisions of sections sixty-one to sixty-four,
4 inclusive, may employ one or more school physicians and may employ
5 one or more school nurses; determine the relative amount of service to
6 be rendered by each in each town; fix the compensation of each person
7 so employed; apportion the payment thereof among the several towns;

1 **Section 53B.** The towns comprised in a superintendency district
2 or union employing, to the satisfaction of the department, one or more

Every such physician who is assigned to perform the duty of examining children who apply for health certificates shall make a prompt examination of every child who wishes to obtain an employment certificate, as provided in section eighty-seven of chapter one hundred and forty-nine, and who presents to said physician the pledge or promise of the employer, as provided in said section; and the physician shall certify in writing whether or not in his opinion such child is in sufficiently sound health and physically able to perform the work described in said pledge or promise. 12

Section 55. The school committee shall cause to be referred to a school physician for examination and diagnosis every child returning to school without a certificate from the board of health after absence on account of illness from infectious or contagious disease. Every child attending school who shows signs of ill health or of suffering from infectious or contagious disease shall be referred to a school physician, unless at once excluded from the school by the teacher. But in the case of schools remotely situated, the committee may make such other arrangements as may best accomplish the purposes of this section.

Section 56. The committee shall cause the parent or guardian to be notified of any disease or defect from which any child is found to be suffering, or of any defect or disability requiring treatment, ascertained under the following section. A child showing symptoms of smallpox, scarlet fever, measles, chicken-pox, tuberculosis, diphtheria or influenza, tonsillitis, whooping cough, mumps, scabies or trachoma, shall be sent home immediately, or as soon as safe and proper conveyance can be found; and the board of health shall at once be notified.

Section 57. The committee shall cause every child in the public schools to be separately and carefully tested and examined at least once in every school year to ascertain defects in sight or hearing, and other physical defects tending to prevent his receiving the full benefit of his school work, or requiring a modification of the same in order to prevent injury to the child or to secure the best educational results, and shall require a physical record of each child to be kept in such form as the department may prescribe. The tests of sight and hearing shall be made by the teachers, directions for which shall be prescribed by the department of public health.

Section 58. The department, after consultation with the department of public health, shall prescribe and furnish to school committees suitable rules of instruction, test cards, blanks, record books and other useful appliances for accomplishing the purposes of sections fifty-three to fifty-seven, inclusive, and may annually expend therefor a sum not exceeding eight hundred dollars, and shall provide for pupils in the normal schools instruction and practice in the best methods of testing the sight and hearing of children.

Section 59. The school committee of a town not in a superintendency union or district shall employ a superintendent of schools and fix his compensation. A superintendent employed under this section or section sixty or sixty-three shall be the executive officer of the committee, and under its general direction, shall have the care and supervision
6 of the public schools, shall assist it in keeping its records and accounts;
7 and in making such reports as are required by law, and shall recom-
8 mend to the committee teachers, textbooks, and courses of study.

1 Section 60. Two or more towns may, by vote of each, form a dis-
2 trict for the purpose of employing a superintendent of public schools
3 therein, who shall annually be appointed by a joint committee composed
4 of the chairman and secretary of the school committee of each of the said
5 towns. The committee shall determine the relative amount of service
6 to be performed by him in each town, fix his salary, apportion the amount
7 thereof to be paid by each town and certify the same to each town
8 treasurer.

1 Section 61. The school committees of two or more towns, each
2 having a valuation less than two million five hundred thousand dollars,
3 and having an aggregate maximum of seventy-five, and an aggregate
4 minimum of twenty-five, schools, and the committees of four or more
5 such towns, having said maximum but irrespective of said minimum,
6 shall form a union for employing a superintendent of schools. A town
7 whose valuation exceeds said amount, may participate in such a union
8 but otherwise subject to this section. Such a union shall not be dis-
9 solved except by vote of the school committees representing a majority
10 of the participating towns with the consent of the department, nor by
11 reason of any change in valuation or the number of schools.

1 Section 62. The department may form or readjust such unions
2 whenever it becomes necessary to include one or more towns otherwise
3 unable to comply with the preceding section, and in so doing may dis-
4 regard the minimum number of schools prescribed therein, but no such
5 readjustment shall deprive a town of its right to aid under section
6 sixty-five.

1 Section 63. The school committees of such towns shall, for the pur-
2 poses of the union, be a joint committee and shall be the agent of each
3 participating town, provided that any school committee of more than
4 three members shall be represented therein by its chairman and two of
5 its members chosen by it. The joint committee shall annually, in April,
6 meet at a day and place agreed upon by the chairmen of the constituent
7 committees, and shall organize by choosing a chairman and a secretary.
8 It shall employ for a three year term, a superintendent of schools, de-
9 termine the relative amount of service to be rendered by him in each
town, fix his salary, which shall not be reduced during his term, apportion
11 the payment thereof in accordance with section sixty-five among the
12 several towns and certify the respective shares to the several town trea-
13urers. He may be removed, with the consent of the department, by a
14 two thirds vote of the full membership of the joint committee.

1 Section 64. The salary of the superintendent in such a union shall be
2 not less than the amounts provided in the following schedule: twenty
3 two hundred dollars for the first year of service, twenty-three hundred
4 dollars for the second year, twenty-four hundred dollars for the third

not in excess of twenty-nine hundred dollars, the union shall, and other-
wise may, reimburse him for his actual traveling expenses incurred in
the discharge of his duties, but such reimbursement may be limited
by the committee to four hundred dollars a year.

Section 65. When the chairman and secretary of the joint commit-
tee certify to the comptroller, on oath, that the towns unitedly have
employed a superintendent of schools for the year ending on June
thirtieth, and have complied with section sixty-three, a warrant shall, upon
the approval of the department, be drawn upon the state treasurer for
the payment of two thirds of the sum of the following amounts: (1) the
amount paid to the superintendent as salary not including any such
amount in excess of twenty-five hundred dollars, and (2) the amount
reimbursed to the superintendent for traveling expenses not including
any such amount in excess of four hundred dollars. The amount stated
in the warrant shall be apportioned and distributed among the towns
forming the union in proportion to the amounts expended by them for
the salary and traveling expenses of the superintendent; provided, that
the amount apportioned to any town whose valuation then exceeds four
million five hundred thousand or to any town whose valuation exceeded
two million five hundred thousand at the time of its entry into a union,
shall be retained by the commonwealth.

Section 66. The department shall not approve the claim to reim-

the entire period of whose service such reimbursement is claimed, held
a certificate of the department certifying to his qualifications as deter-

person a position as teacher in the public schools shall be punished by
a fine of not less than fifty nor more than five hundred dollars.

Schoolhouses.

Section 68. Every town shall provide and maintain a sufficient num-
ber of schoolhouses, properly furnished and conveniently situated for
the accommodation of all children therein entitled to attend the pub-
lic schools. If the distance between a child’s residence and the school
he is entitled to attend exceeds two miles, and the school committee
decides to furnish transportation, the department, upon appeal of the
parent or guardian of the child, may require the town to furnish the
same for a part or for all of the distance. If said distance exceeds three
miles, and the distance between the child’s residence and a school in
an adjoining town giving substantially equivalent instruction is less
than three miles, and the school committee declines to pay for tuition in
such nearer school, and for transportation in case the distance thereto
exceeds two miles, the department, upon like appeal, may require the
town of residence to pay for tuition in, and if necessary provide for
transportation for a part or for the whole of said distance to, such nearer
school. The school committee, unless the town otherwise directs, shall
have general charge and superintendence of the schoolhouses, shall keep
18 them in good order, and shall, at the expense of the town, procure a suit-
able place for the schools, if there is no schoolhouse, and provide fuel
and all other things necessary for the comfort of the pupils.

1 Section 69. The school committee shall provide for each school,
2 house under its control, which is not otherwise supplied, a United States
3 flag of silk or bunting not less than four feet long, and suitable apparatus
4 for its display. The flag shall be displayed, weather permitting, on the
5 school building or grounds on every school day and on every legal holi-
6 day or day proclaimed by the governor or the president of the United
7 States for especial observance. On stormy school days, the flag shall
8 be displayed inside the building. Failure to comply with this section for
9 a period of five consecutive days by the principal or teacher in charge of
10 a school equipped as aforesaid shall be punished for every such period
11 by a fine of not more than five dollars. Failure of the committee to equip
12 a school as herein provided shall subject the members thereof to a like
13 penalty.

Section 1. The county commissioners of each county, except Barnstable, Berkshire, Franklin, Hampshire, Dukes, Nantucket and Suffolk, shall maintain either separately or jointly with the commissioners of other counties as hereinafter provided, in a suitable place, remote from a penal institution, a school for the instruction and training of children committed thereto as habitual truants, absentees or school offenders. The commissioners of two or more counties may, at the expense of said counties, establish and maintain a union school to be controlled by the chairmen of the commissioners of said counties. The chairmen of the commissioners of Norfolk, Bristol and Plymouth counties, having the management of the Norfolk, Bristol and Plymouth union training school, shall each be paid the sum of one hundred dollars annually by their respective counties. The commissioners of Barnstable, Berkshire, 13...
14 Franklin, Hampshire, Dukes and Nantucket counties shall assign a
15 training school established by law as the place for the instruction and
16 training of children so committed within their respective counties, and
17 shall pay for their support in said school such reasonable sum as the
18 commissioners having control of said school may fix. Commitments
19 from Boston, Chelsea, Revere and Winthrop shall be to the training
20 school for Middlesex county. The town from which an habitual truant,
21 absentee or school offender is committed to a county training school
22 shall pay to the county maintaining it two dollars a week toward his
23 support, and reports of the condition and progress of its pupils in said
24 school shall be sent each month to the superintendent of schools of such
25 town; but Boston, Chelsea, Revere and Winthrop shall pay to Middle-
26 sex county, for the support of each child committed to the training
27 school of said county, two dollars and fifty cents a week, and an addi-
28 tional sum for each child sufficient to cover the actual cost of maintenance.

1 Section 2. County training schools shall be subject to visitation by
2 the departments of education and of public welfare, and said depart-
3 ments shall report thereon annually to the general court.

1 Section 3. A child between seven and sixteen who willfully and
2 habitually absents himself from school contrary to section one of chapter
3 seventy-six, shall be deemed an habitual truant, and, unless placed on
4 probation as provided in section seven, may, on complaint of a super-
5 visor of attendance, be committed to a county training school.

1904, 220, § 1.  1913, 779, §§ 6, 25.
1906, 389.  1931, 394, § 141.

1 Section 4. A child between seven and sixteen found wandering
2 about streets or public places, having no lawful occupation, habitually
3 absent from school and growing up in idleness and ignorance, shall be
4 deemed an habitual absentee, and, unless placed on probation as pro-
5 vided in section seven, may, on complaint of a supervisor of attendance
6 or any other person, be committed to a county training school.

1931, 394, § 143.

1 Section 5. A child under sixteen persistently violating reasonable
2 regulations of the school he attends, or otherwise persistently misbe-
3 raging in his vicinity, so as to render himself a fit subject for exclusion there-
4 from, shall be deemed an habitual school offender, and, unless placed on
5 probation as provided in section seven, may, on complaint of a supervisor
6 of attendance, be committed to a county training school.

1931, 394, § 143.

1 Section 6. The court or magistrate by whom a child has been com-
2 mitted to a county training school may make an order relative to the
3 payment by his parents or by his guardian out of the ward's property
4 to the county of the cost of his support while in said school, and may
5 from time to time revise or alter such order or make a new order as the
6 circumstances of the parents or ward may justify.

1 Section 7. A court or magistrate by whom a child has been con-
2 victed of an offence under this chapter may place him on probation
3 under the oversight of a supervisor of attendance of the town where
the child resides, or of a probation officer of said court, for such period
and upon such conditions as the court or magistrate may deem best;
and if, within such period, the child violates the conditions of his proba-

tion, such supervisor of attendance or probation officer may, without
warrant or other process, take the child before the court, who may
thereupon sentence him or may make any other lawful disposition of
the case.

SECTION 8. If the county commissioners deem it for the best interest
of any child committed to a county training school under their control,
after notice and an opportunity to be heard has been given to the super-
intendent of schools, if any, otherwise to the school committee of the
town from which such child was committed, they may permit him to be
at liberty upon such conditions as they deem best; or, with the approval
of the court which imposed the sentence, they may discharge him from
said school. Thereupon they shall enter upon their records his name,
the date of parole or discharge and the reason therefor; and a copy of
such record shall be transmitted to the court by which, and to the school
committee of the town from which, he was committed.

If such child, in the opinion of the commissioners, violates the condi-
tions of his parole at any time before the expiration of the term of his
commitment, the parole may be revoked. If a superintendent or a school
committee furnishes evidence satisfactory to the commissioners of the
child’s violation of said conditions, the commissioners shall revoke such 16
parole, and may thereupon issue an order directed to the supervisors
of attendance or police officers of any town to arrest such child wherever
found and return him to said school. Any such supervisor or officer shall
arrest the child and return him to said school, where he shall be held, 
subject to this chapter, for the residue of the term of the original sentence.

The expense of such arrest and return, so far as approved by the com-
misstioners, shall be paid by the county maintaining said school. A child
who has been committed to a county training school shall be discharged 24
from the custody and care of such school upon his becoming sixteen, 25
whether then confined therein, or on parole.

SECTION 9. If a near relative of a child confined on a sentence as an
habitual truant, habitual absentee or habitual school offender dies or is
seriously ill, any member of the trustees or county commissioners having
charge of the institution may order such child released for a specified time,
either in the custody of the superintendent or other officer or not, and
may revoke, extend or otherwise modify such order. The expenses in-
curred in serving such order shall be approved and paid in the same
manner as other expenses of the institution where the child is confined.

SECTION 10. An inmate of a county training school persistently vi-

ing reasonable regulations thereof, or guilty of indecent or immoral
conduct, or otherwise grossly misbehaving, so as to render himself an
unfit subject for retention therein, may, on complaint of the officer in
control of said school be committed, if a boy, under fifteen, to the Lyman
school for boys, or, if over fifteen, to the industrial school for boys; or, if
a girl, to the industrial school for girls.
Section 11. District courts, except the municipal court of Boston, trial justices and the Boston juvenile court shall have jurisdiction of offences arising under section one of chapter seventy-six and under this chapter. A summons or warrant issued by such court or justice may be served, at the discretion of the court or justice, by a supervisor of attendance or by any officer qualified to serve criminal process. On complaint against a child for any such offence, his parents, guardian or custodian shall be notified as required by section fifty-five of chapter one hundred and nineteen. A child against whom complaint as an habitual absentee is brought by any other person than a supervisor of attendance shall not be committed until notice and an opportunity to be heard have been given to the division of juvenile training in the department of public welfare.

Section 12. Every school committee shall appoint and fix the compensation of one or more supervisors of attendance, who may be either male or female, and shall make regulations for their government. Such supervisors shall not receive fees for their services. The committees of two or more towns may employ the same supervisors of attendance.

Section 13. Supervisors of attendance shall inquire into all cases arising under sections one, two, four to eleven, inclusive, and fifteen of chapter seventy-six, sections three, four, five and eight of this chapter and sections ninety, ninety-two, ninety-three and ninety-five of chapter one hundred and forty-nine, and may make complaints and serve legal processes issued under this chapter. They shall, if the court so orders, have oversight of children placed on probation under section seven; of children suffering want to whom sections forty-nine to fifty-one, inclusive, of chapter one hundred and nineteen apply; of minors licensed by the school committee under section nineteen of chapter one hundred and one; and of children admitted to or attending shows or entertainments contrary to section one hundred and ninety-seven of chapter one hundred and forty. They may apprehend and take to school without a warrant any truant or absentee found wandering in the street or public places.

Section 14. Nothing contained in this chapter shall affect chapter two hundred and two of the acts of nineteen hundred and eleven or chapter thirty-one of the acts of nineteen hundred and fourteen relative to truants, absentees and school offenders in Boston.

1 Section 3. The board of officers by whom an order of taking has
2 been adopted under section one shall within thirty days thereafter cause
3 a copy thereof, signed by them or certified by their secretary or clerk, or
4 in case of a taking by or on behalf of a city by a board of officers having
5 no secretary or clerk, certified by the city clerk, to be recorded in the
6 registry of deeds of every county or district in which the property taken
7 or any of it lies. The copy of an order of taking made under chapter one
8 hundred and fifty-nine in connection with proceedings thereunder to
9 abolish grade crossings by the department of public works, or by the
10 department of public utilities, may be filed and recorded without the pay-
11 ment of any fee therefor. Upon the recording of an order of taking under
12 this section, title to the fee of the property taken or to such other interest
13 therein as has been designated in such order shall vest in the body polit-
14 ic or corporate on behalf of which the taking was made; and the right to
15 damages for such taking shall thereupon vest in the persons entitled
16 thereto unless otherwise provided by law; provided, however, that when
17 a taking is made for the purpose of a highway or town way or for ditches
18 or drains for draining the same, the right to damages shall not vest until
19 such way, drain or ditch has been entered upon or possession thereof has
20 been taken for the purpose of constructing the same, and if such entry
21 is not made or possession taken within two years of the date of the order,
22 the taking shall be void.
23 If the person in possession of property which has been taken in the
24 order, or in which an easement has been taken, by eminent domain under this
25 chapter refuses to permit the body politic or corporate by which the
taking was made to enter thereon and take possession thereof or to exer-
cise its rights under the taking after thirty days' notice in writing sent to

an easement has been so taken, the board of officers having the direction and control of the public improvement in connection with which the taking was made may issue its warrant to the sheriff of the county in which the property is situated or to his deputy directing him to make entry on the property so taken and to take possession thereof or of the easement therein which has been taken, on behalf of said body politic or corporate, and such sheriff or his deputy shall forthwith execute said warrant using such force as he may deem necessary for the purpose.

**Section 4.** If land of a registered owner, or any right or interest therein, is taken by eminent domain, the board of officers by whom the taking is made shall file for registration in the proper registry district a description of the registered land so taken, giving the name of each owner thereof, referring by number and place of registration in the registration book to each certificate of title, and stating what estate or interest in the land is taken, and for what purpose. A memorandum of the right or interest taken shall be made on each certificate of title by the assistant recorder. If the fee simple of part of the registered land is taken a new certificate shall be entered to the owner for the land remaining to him after such taking. All fees on account of any memorandum of registration or entry of new certificates shall be paid by the body politic or corporate which takes the land.

**Section 5.** No portion of a state institution shall be taken for a public way, canal, railroad or railway without leave of the general court specially obtained. No portion of a highway, public building or cemetery shall be taken for railroad purposes outside the limits of the route fixed for such railroad without the consent of the town in which the land sought to be taken is situated. No portion of the land taken for or held as a park by a town under chapter forty-five shall be taken or used for a public way, canal, railroad or railway, or for altering or widening the same, without the approval of the board having control of the public parks of such town. No portion of a common or park dedicated to the use of the public, or appropriated to such use without interruption for a period of twenty years, shall be taken or used for a public way, canal, railroad or railway, or for altering or widening the same, except with the consent of the city or town in which such common or park is situated after public notice, given in the manner provided in cases of the laying out and alteration of highways, stating the extent and limits of the portion thereof proposed to be taken. Such consent shall be expressed by a vote of the inhabitants, if ten or more voters file a request in writing to that effect with the selectmen or aldermen within thirty days after the publication of the notice; in the absence of such request, consent shall be presumed. In a city such vote shall be taken by ballot on a day appointed for the purpose by the aldermen, which may be the day of any election. Notice that such vote is to be taken with a statement of the question to be voted upon shall be given by the aldermen in the manner provided by law for giving notice of city elections, fourteen days at least before the day appointed therefor, and all provisions of law relative to elections consistent
Section 6. When a taking is made on behalf of the commonwealth, or of a county, city, town, or district, the board by whom the taking is made shall, at the time when the order of taking is adopted, award the damages sustained by persons in their property by reason of such taking. Such damages shall be paid by the body politic or corporate on behalf of which the taking was made, unless other provision is made by law; but when a taking is made for the purposes of a highway or town way, or of a ditch or drain for draining the same, or for the purpose of abolishing a grade crossing under chapter one hundred and fifty-nine, the amount awarded shall not be payable until entry is made upon the land within the limits of the taking, or possession thereof is taken for the purpose of constructing such way, ditch or drain or for abolishing such grade crossing.

Section 7. When a taking is made on behalf of a railroad corporation, the damages shall be awarded by the county commissioners of the county in which the land taken lies, upon the petition of such corporation or of any person entitled thereto, if filed within one year of the date when the taking is recorded. When the taking is made on behalf of a private corporation other than a railroad corporation the damages shall be awarded by the aldermen of the city, or the selectmen of the town, in which the land taken lies, upon the petition of such corporation or of any person entitled thereto, if filed within one year of the date when the taking is recorded; provided, that there shall be no award of damages caused by the taking of land or other acts performed in the 12th month above or of alteration of a grade crossing under chapter one hundred and fifty-nine, but the amount of such damages may be agreed upon by the party primarily liable therefor and any person entitled thereto. A petition for an award of damages under this section may be filed in the office of the board having jurisdiction of the subject matter thereof at any time within the period herein limited, but no petition shall be received or damages awarded under this section after a petition with respect to the same subject matter has been filed in the superior court under section twenty four.
SECTION 8. Immediately after the right to damages becomes vested, the board of officers who have made a taking under this chapter shall give notice thereof to every person whose property has been taken or who is otherwise entitled to damages on account of such taking. Such notice shall be in writing and shall describe in general terms the purpose and extent of the taking, and shall state the amount of damages, if any, awarded to the person to whom it is sent, or, if no damages have been awarded, the time within which he may petition for an award of the same, and in either case the time within which he may petition the superior court to determine his damages under section fourteen. Such notice may be served by personal service, or by leaving an attested copy thereof at the last and usual place of abode of the person to be notified if he is a resident of the commonwealth, by any person authorized to serve civil process, or notice may be given to persons within or without the commonwealth, by registered mail or other suitable means. Failure to give notice shall not affect the validity of the proceedings, or the time within which a petition for damages may be filed, except as provided by section sixteen.

SECTION 9. When injury has been caused to the real estate of any person by the establishment, construction, maintenance, operation, alteration, repair or discontinuance of a public improvement which does not involve the taking of private property, and he is entitled to compensation by law for such injury, if such establishment, construction, maintenance, operation, alteration, repair or discontinuance was effected by or in accordance with a formal vote or order of the board of officers of a body politic or corporate duly authorized by law, the damages shall be awarded, determined and collected and notice of the order shall be given in the same manner as if there had been a taking of property on behalf of such body politic or corporate under section one. In case such establishment, construction, maintenance, operation, alteration, repair or discontinuance is an improvement for which betterments may be assessed, such vote or order shall state whether betterments are to be assessed therefor. The damages shall be assessed as of the date when the vote or order is adopted, but the right to damages shall not vest until the damages shall not be paid until the work which caused the injury has been completed, or until the public improvement which has been discontinued has ceased to be open to public use, and if the order does not go into effect, or is rescinded or altered, only so much of the 20 damages shall be paid as has been actually sustained.
Section 10. When the real estate of any person has been taken for
the public use or has been damaged by the construction, mainte-
ance,  
operation, alteration, repair or discontinuance of a public improvement,
or has been entered for a public purpose, but such taking, entry or
damage was not effected by or in accordance with a formal vote or
order of the board of officers of a body politic or corporate duly author-
ized by law, or when the personal property of any person has been
damaged, seized, destroyed or used for a public purpose, and by such
taking, damage, entry, seizure, destruction or use he has suffered an
injury for which he is entitled to compensation, the damages therefor
may be recovered under this chapter. If the injury was caused by or
on behalf of the commonwealth or of a county, city, town or district,
the officer or board of officers under whose direction or control the
injury was caused shall award the damages upon the petition of any
person entitled thereto. If the injury was caused by a railroad corpo-
tion, the county commissioners of the county in the property
taken, damaged, entered upon, seized, destroyed or used was located,
and, if the injury was caused by a private corporation other than a
railroad, the aldermen of the city or the selectmen of the town in which
such property was located, shall award the damages upon the petition
of any person entitled thereto or of the corporation liable therefor. In
the case of a specific taking, entry, seizure or other act causing destruction
or damage or depriving the owner of the use of his property permanently
or for a definite period of time the damages shall be assessed as of
the date of such taking, entry, seizure or other act and the right thereto
shall vest on such date and a petition for an award of damages therefor
under this section may be filed within one year thereafter; otherwise
the damages shall be assessed with respect to any parcel of property as of
the date when such property was first injuriously affected, the right
thereto shall vest upon the completion of the public improvement which
caused the injury, and a petition for an award of damages therefor
under this section may be filed within one year after such completion.

Section 11. If a single parcel of land taken or injured by a private
corporation lies in more than one county or in more than one town, a
petition for an award of damages under section seven may be made to
the appropriate board of officers of either of such counties or of either of
such towns. The board of officers to whom petition is first made shall
have exclusive jurisdiction thereof, and shall award said damages as
though the land lay entirely in one county, or in one town. If land
injured by a public improvement lies outside the commonwealth, the
petition may be made to the board which would have jurisdiction if it
lay in the same county, or in the same town, as such public improvement.

142 Mass. 394.

Section 12. The damages for property taken under this chapter
shall be fixed at the value thereof before the taking, and in case only
of a parcel of land is taken there shall be included damages for all
injury to the part not taken caused by the taking or by the public im-
provement for which the taking is made; and there shall be deducted
the benefit accruing to the part not taken unless it was stated in the
order of taking that betterments were to be assessed. In determining
the damages to a parcel of land injured when no part of it has been
taken, regard shall be had only to such injury as is special and peculiar

Section 13. If there are trees upon or structures affixed to the land taken which are not included in the taking, the owner may remove the same, but the damages shall include the value thereof, so far as they enhance the value of the land, and the value thereof for purposes of removal shall be deducted from the damages. If part of a parcel to which structures are affixed is taken, the damages shall include the value of all structures upon such parcel so far as they enhance the value of the land, deducting therefrom the value of all structures or parts thereof left standing on the part not taken, and if the taking did not include the structures, the value for purposes of removal of the structures upon the part taken. If the owner of trees upon land taken refuses or neglects to remove them within the time specified in the order of taking, he shall be deemed to have relinquished his rights thereto. If the owner of structures upon land taken refuses or neglects to remove them within the time specified in the order of taking, the officers having the direction and control of the public improvement in connection with which the taking was made shall sell such structures at public auction, after five 17 days’ notice of such sale, and hold the proceeds for the benefit of such owner, and the expenses of such sale shall be deducted from the owner’s damages; but if such property is of less value than the estimated expense of such sale no sale need be made. In that case, or if at the sale no person bids for such property, the owner thereof shall be held to have relinquished his right thereto. If the owner of personal property lying upon land taken refuses or neglects to remove it after reasonable notice in writing from the officers having the direction and control of the public improvement in connection with which the taking was made, he shall be held to have relinquished his right thereto.

Section 14. A person entitled to an award of his damages under this chapter or the body politic or corporate bound to pay the same, whether a petition has or has not been filed or award made under sec-
4 tion six, seven, nine or ten, may petition for the assessment of such 5 damages to the superior court of the county in which the property 6 taken or injured was situated. If a single parcel of land so taken or 7 injured lies in more than one county, the petition may be filed in the 8 superior court of either such county, and the court in which such petition 9 is first filed shall have exclusive jurisdiction thereof and shall assess 10 damages as though the land lay entirely in one county; provided, that 11 if a petition for damages has previously been filed under section eleven, 12 the petition to the superior court shall be filed in the same county. If 13 the land injured lies outside the commonwealth, such petition shall be 14 filed in the superior court of the county in which the public improvement 15 which caused the injury is situated.

268 Mass. 329.

Section 18. If a suit, in which the right of a body politic or corporate to effect a particular public improvement or to make a particular taking is drawn in question, is brought within the time for filing a petition to the proper tribunal for an award or assessment of the damages caused by such improvement or taking, or within six months after the determination of an earlier suit involving the same question, brought within the time for filing such petition, which failed for want of jurisdiction, defect of form or other like cause not decisive of the merits of the controversy, the petition may be filed within six months after the final determination of such suit.

Section 19. If the time for locating or constructing a public improvement by a private corporation shall be extended by statute, all unsettled claims against the corporation for damages to land shall be revived, and the claimants for such damages may petition to the proper tribunal within one year after the taking effect of such statute. This section shall not apply to cases in which, by reason of a defect in the original location of a public improvement already constructed, there has been a new location thereof.

Section 20. If damages may be recovered under this chapter for the taking of or injury to property of a person under guardianship or conservatorship or property held in trust, the guardian, conservator or trustee may petition for and recover, and may release all such damages in like manner as if the land or other property were held in his own right.

Section 21. If a person who is entitled to petition for an award or assessment of his damages under this chapter dies without filing such petition within the time limited therefor, his executor or administrator may within one year from the date of his appointment file such petition in the same manner and with the same effect as if filed by the deceased in his lifetime.

Section 22. A petition brought under section fourteen shall name all parties adversely interested known to the petitioner, and process shall issue and service be made as in suits in equity. Any defence to the petition not relating to the amount of damages must be pleaded within thirty days after the return day of the subpoena; but no answer relating solely...
6 to the amount of damages shall be filed by any party and no person shall
7 be defaulted for failure to enter an appearance. The trial shall be by the
8 court unless one of the parties within the time prescribed in actions at
9 law files a notice that he desires a trial by jury; and the court may appoint
10 an auditor. Interrogatories may be filed with the same effect as in actions
11 at law. In case of trial by jury, if either party requests it the jury shall
12 view the premises. Judgment shall be entered and execution issue as in
13 actions at law; and when the commonwealth is liable for the damages the
14 amount found due shall be certified and paid under section three of chap-
15 ter two hundred and fifty-eight.

or not, as may by any possibility be or become interested in said property, appoint a trustee, who shall give to the judge of probate a bond with such sureties and in such sum as the judge may order, conditioned for the faithful performance of his duties.

**SECTION 27.** If there are several parties, who have several estates in the same property at the same time, other than the estates and interests for which provision is made in section twenty-four, and the property is taken in whole or in part or receives injury for which damages are recoverable under this chapter, and one of such parties petitions the superior court to ascertain his damages, the other parties may become parties to the proceedings under such petition, and the damages of all of them may be determined together, in the manner provided in the three following sections.

**SECTION 28.** Upon such petition, the court may order the petitioner to give notice thereof to all the other parties interested, by serving each of them with an attested copy of such petition and the order thereon fourteen days before the next return day, in order that the other parties may appear and become parties to the proceedings under the petition.

**SECTION 29.** If, on such petition, the court or jury find any of the parties entitled to damages, there shall first be found and set forth the total amount of damages sustained by the owners of such property, estimating the same as an entire estate and as if it were the sole property of one owner in fee simple; and such damages shall then be apportioned among the several parties who are found to be entitled thereto, in proportion to their several interests and to the damages sustained by them, respectively, and such apportionment shall be set forth in the finding or verdict; and if it is found that any party has not sustained damage, it shall be set forth in the finding or verdict that he is awarded no damages. The finding or verdict shall be conclusive upon all parties interested who have become parties to the petition.

**SECTION 30.** If it appears in any proceedings under the seven preceding sections that an interest in such property is unrepresented by reason of a contingency or other cause by which the owner thereof is unknown or cannot then be ascertained, or because of the disability of such owner, a guardian ad litem to represent such interest may be appointed by the tribunal in which such proceedings are pending; or the judge of probate for the county in which such proceedings are pending may, upon petition of any party in interest, after such notice as he may order to all persons who, or whose issue unborn may be or may become interested in such apportionment, appoint a trustee, who, upon giving such bond as the judge of probate requires, shall represent such interest, and shall receive, manage and invest any money receivable on
13 account thereof, for the benefit of the parties entitled thereto, and
14 shall pay the principal and interest thereof to such parties when en-
15 titled thereto. Such guardian ad litem or trustee shall be allowed such
16 costs, including counsel fees, as may be ordered by the court in which
17 such proceedings are finally determined, to be paid from the damages
18 apportioned to the interest which he represents.

1 Section 31. The tenant in possession of property which is en-
2 cumbered by a contingent remainder, executory devise or power of ap-
3 pointment may, subject to section sixteen, petition the superior court
4 for the assessment of damages; and if he fails so to petition within the
5 first six months of the year allowed by said section, a trustee under
6 section twenty-four or section twenty-six may within the remaining
7 six months thereof petition therefor.

1919, 5. 1920, 2.

1 Section 32. If property which is taken in whole or in part by
2 eminent domain or receives injury, for which damages are recoverable
3 under this chapter, is mortgaged, both the mortgagor and the mortgagee,
4 in addition to their rights under the mortgage, shall have the same
5 powers, rights and privileges, and be subject to the same liabilities and
6 duties, as are provided in this chapter for owners of property so taken
7 or injured, and all petitions for the award or assessment of such damages
8 shall state all mortgages which are known by the petitioner to exist
9 upon the property. Mortgagors and mortgagees may join in any such
10 petition, or become parties to any proceedings for the award or assess-
11 ment of damages under this chapter, and, if the petition is filed by a
12 mortgagor or mortgagee of property taken or injured, the tribunal to
13 which it is presented shall order the petitioner to give notice thereof
14 to all other mortgagors or mortgagees of the same property by serving
15 on each of them, fourteen days at least before the time of hearing, an
16 attested copy thereof and of the order thereon, that they may become
17 parties to the proceedings.

1 Section 33. If mortgagors or mortgagees begin or become parties to
2 such proceedings, entire damages shall, upon final judgment, be assessed
3 for the property taken, and such portion thereof as is equal to the
4 amount then unpaid thereon shall be ordered to be paid to every mort-
5 gagee who is a party, in the order of his mortgage, and the remainder
6 to the mortgagor; and separate judgment shall be entered accordingly
7 for each mortgagee, who shall hold his judgment in trust, first, with
8 any proceeds realized thereon, to satisfy his mortgage debt, and, after
9 such debt is in any way satisfied, to assign the judgment or pay over
10 any remainder of the proceeds to the mortgagor or other person entitled
11 thereto.

1 Section 34. Upon the filing of a petition under section fourteen by
2 or against the commonwealth or a county, city, town or district, the
3 court shall, at the request of any party to the proceeding, advance the
4 same so that it may be heard and determined with as little delay as
5 possible.

1920, 2.
SECTION 35. The valuation made by the assessors of a town for the purposes of taxation for the three years next preceding the date of the taking of or injury to real estate by the commonwealth or by a county, city, town or district under authority of law may, in proceedings, brought under section fourteen to recover the damages to such real estate, the whole or part of which is so taken or injured, be introduced as evidence of the fair market value of the real estate by any party to the suit; provided, however, that if the valuation of any one year is so introduced, the valuations of all three years shall be introduced in evidence.

SECTION 36. No petition brought under section fourteen shall be discontinued except by leave of court or by agreement of all the parties thereto; and any party thereto may prosecute the same.

SECTION 37. Damages under this chapter shall bear interest at the rate of four per cent per annum from the date as of which they are assessed until paid, except as herein otherwise provided; but an award shall not bear interest after it is payable unless the body politic or corporate liable therefor fails upon demand to pay the same to the person entitled thereto.

SECTION 38. In all proceedings before county commissioners under this chapter, section eighteen of chapter thirty-four shall be applicable. In all proceedings brought under section fourteen, if a petition is filed after an award of damages has been made and the damages are increased, or if no award has been made and the petitioner is found to be entitled to damages, he shall recover costs, which shall be taxed as in actions at law; otherwise he shall pay costs.

SECTION 39. Whenever damages may be recovered under this chapter, the body politic or corporate liable for such damages may after the right to such damages has become vested effect such settlement of the damages with the person entitled thereto as it may deem to be for its best interests, and it may as of one of the terms of the settlement of a claim for damages growing out of the proceedings in respect of which betterments have been or are to be assessed agree in writing with the owner of the land assessed to assume such betterments. Such body politic or corporate may after the right to such damages has become

3 such corporation shall give to the board of officers by whom such damages
4 are to be awarded security to their satisfaction for the payment of all
5 damages and costs which may be awarded by them or by the court for the
6 land or other property taken or injured; and if, upon petition of the
7 owner and notice to the adverse party, any security taken appears to
8 them to have become insufficient, they shall require the corporation to
9 give further security to their satisfaction. If the corporation fails to
10 comply with this section any person entitled to such damages may treat
11 the taking of his property or the proceedings by which the right to inflict
12 injury thereon was acquired as void and any interference by such corpora-
13 tion with the use and enjoyment of his property as unlawful.

time limited, the award of damages shall be final and the amount thereof
shall be paid upon demand, and if not so paid may be recovered in an
action of contract.
3 Mass. 397. 7 Mass. 292. 7 Pick. 217.

Section 42. If a private corporation has erected or laid poles, wires, pipes, rails or other structures in a public way, for the construc-
tion, operation or maintenance of which damages may be recovered from
such corporation under this chapter by the owners of any interest in land
abutting upon such way, and such corporation does not pay such damages
to an owner of any such interest after they have been finally determined
and within thirty days after demand, the mayor of the city or the select-
men of the town in which such structures are located may, upon request
of such owner, remove all the structures of such corporation from that
portion of the public way upon which the land in which such person has
an interest abuts, first leaving a written statement at the office of such
corporation in such city or town of the time when and place from which
they intend to remove such structures, not less than forty-eight hours
prior to such removal. If such corporation has no office in such town, such
notice shall be deposited in the post office, postage prepaid, and directed
to such corporation at its principal office in the commonwealth. The
town so removing any such structures may recover the expense thereof of such corporation. This section shall not prevent such owner from collecting the damages assessed.

**Section 43.** When any easement or other right less than the fee which has been taken by eminent domain has been abandoned in accordance with law before the damages accruing from such taking have been finally determined, the fact of such abandonment may be considered in reduction of damages in any proceedings under this chapter for the award or assessment thereof.

188 Mass. 42.

**Section 44.** If the agents of the United States and the persons owning or interested in any property which is required for any purposes for which the United States is authorized to take property by eminent domain cannot agree upon the price to be paid for the interest of such persons therein, the United States may file a petition in the superior court for the county in which such property lies, praying for the condemnation of such property. Such petition shall contain a description of the property to which it relates, sufficiently accurate for identification, and a statement of the purpose for which it is sought to be taken. If the court, after notice to all parties interested, finds that the United States has the right to take such property by eminent domain, it shall determine the value thereof in accordance with this chapter, so far as it is applicable. If such value with costs and reasonable expenses to be taxed by the court is, within thirty days after final determination thereof, paid or tendered to said owners or parties interested, or in case of their neglect or refusal to receive the same, if it is paid to the commonwealth for their use and subject to their order, a decree of condemnation shall be entered by the court, and, if the property taken consists of real estate, a copy of the decree shall be recorded in the registry of deeds of every county or district in which said property or any of it lies, and the fee of said property shall thereupon vest in the United States.

**Section 45.** No real estate shall be taken for public use by the formal vote or order of any board of officers except under this chapter or chapter eighty A, and no damages shall be assessed for the taking or seizure of property for a public purpose or for injury thereto by authority of law, except under this chapter or chapter eighty A, notwithstanding any general or special act hitherto enacted; provided, that nothing contained in this chapter or in chapter eighty A shall be construed as amending or in any way affecting chapter two hundred and fifty-three.
CHAPTER 80.

BETTERMENTS.

1. Assessment of cost of public improvements.
2. Order, plan and estimate.
3. Surrender of land assessed.
5. Petition for abatement.
7. Appeal to superior court.
8. Death of person entitled to petition for abatement.

Section 1. Whenever a limited and determinable area receives
benefit or advantage, other than the general advantage to the com-
munity, from a public improvement made by or in accordance with
the formal vote or order of a board of officers of the commonwealth or of a
county, city, town or district, and such order states that betterments
are to be assessed for the improvement, such board shall within six
months after the completion of the improvement determine the value of
such benefit or advantage to the land within such area and assess upon
each parcel thereof a proportionate share of the cost of such improve-
ment, and shall include in such cost all damages awarded therefor under
chapter seventy-nine; but no such assessment shall exceed the amount
of such adjudged benefit or advantage. The board shall in the order of
assessment designate as the owner of each parcel the person who was
liable to assessment therefor on the preceding April first under the pro-
vision of chapter fifty-nine.

SECTION 3. An owner of land abutting on a public improvement and liable to assessment therefor under this chapter may give notice in writing to the board, within three months after the award of damages is made, that he elects to surrender his land; and if said board adjudge that the public convenience and necessity require the taking of such abutting estate for the improvement named, they may take the whole thereof, and shall thereupon estimate its value, excluding the benefit or advantage accruing from such improvement; and such owner shall convey the estate to the body politic or corporate on behalf of which the assessment was made and may recover therefrom in contract the value so estimated. The commonwealth, county, city, town or district may sell any portion of said land which is not needed for such improvement.

SECTION 4. Within a reasonable time after making the assessment the board shall commit the list of assessments upon land in each town with their warrant to the collector of taxes thereof, and he shall forthwith send notice in accordance, except as to the date of notice, with section three of chapter sixty, to the person designated under section one as the owner of each parcel assessed, and any demand for the payment of such assessment shall be made upon such person. Except as otherwise herein provided, the collector shall have the same powers and be subject to the same duties with respect to such assessments as in the case of the annual taxes upon real estate, and the law in regard to the collection of the annual taxes, to the sale of land for the non-payment thereof and to redemption therefrom shall apply to assessments made under this chapter, so far as the same are applicable; but the owner of land assessed shall not be personally liable for the assessment thereon. Every collector of taxes receiving a list and warrant from the board shall collect the assessment therein set forth, and at such times as the board shall direct shall pay over to the treasurer of the body politic on behalf of which the assessment was made the amounts collected by him.

SECTION 5. The owner of any real estate upon which betterments 1 have been assessed may, within six months after notice of such assessment has been sent out by the collector, file with the board a petition for an abatement thereof, and the board within sixty days after such filing shall grant such abatement as may be necessary to make such assessment conform to section one. Such petition may be filed with the clerk or secretary of the board, or delivered by mail or otherwise at their office. The board shall within ten days after their decision upon the petition give written notice thereof to the petitioner. If an assessment is abated by the board the assessment so determined shall stand as the assessment upon the land, and if it has not been paid shall be collected in the same manner as the original assessment. If the assessment has been paid, the person by whom it was paid shall be reimbursed by the body politic on behalf of which it was assessed to the amount of the abatement allowed, with interest at the rate of six per cent per annum from the time of payment.

Extension of time for filing petition.

SECTION 6. If a suit in which the validity of an assessment is drawn in question is brought within the time for filing a petition to the board...
3 for the abatement thereof or within six months after the determination
4 of an earlier suit involving the same question, brought within the time
5 for filing such petition, which failed for want of jurisdiction, defect of
6 form or other like cause not decisive of the merits of the controversy,
7 the petition may be filed within six months after the final determination
8 of such suit.

1 Section 7. A person who is aggrieved by the refusal of the board to
2 abate an assessment in whole or in part may within thirty days after
3 notice of their decision appeal therefrom by filing a petition for the abate-
4 ment of such assessment in the superior court for the county in which
5 the land assessed is situated. If a single parcel of land so assessed lies in
6 more than one county the petition may be filed in the superior court for
7 either such county, and the court in which such petition is first filed shall
8 have exclusive jurisdiction thereof.

1 Section 8. If a person who is entitled to petition for an abatement
2 under this chapter dies within the time limited for such petition without
3 having filed the same, his executor, administrator, heir or devisee, if
4 interested, may, within one year after his interest vests, file such petition
5 in the same manner and with the same effect as if filed by the deceased
6 in his lifetime.

1 Section 9. Upon the filing of a petition under section seven, process
2 shall issue and service be made as in suits in equity upon the body
3 politic on behalf of which the assessment was made. Any defence to
4 the petition not relating to the amount of the assessment must be pleaded
5 within thirty days of the return day of the subpoena; but no answer
6 relating solely to the amount of the assessment shall be filed, and there
7 shall be no default for failure to enter an appearance. The trial shall
8 be by the court unless one of the parties within the time prescribed in
9 actions at law files a notice that he desires a trial by jury; and the court
10 may appoint an auditor. Interrogatories may be filed with the same
11 effect as in actions at law. The court, at the request of any party, shall
12 advance the petition so that it may be heard and determined with as
13 little delay as possible. In case petitions have been filed for the assess-
14 ment of damages and for the abatement of betterments with respect to
15 the same parcel of land and the same public improvement, the petitions
16 shall be tried together. In case of trial by jury, if either party requests
17 it the jury shall view the premises. If the assessment is not reduced
18 the respondent shall recover costs and an execution shall issue there-
19 for as in actions at law; but if the assessment is reduced the petitioner
20 shall recover judgment for costs, and the assessment so determined shall
21 stand as the assessment upon the land, and if it has not been paid shall
22 be collected in the manner provided for an original assessment. If the
23 assessment has been paid judgment shall be entered for the petitioner
24 for the amount of the reduction, with interest at the rate of four per
25 cent per annum from the time of payment.
SECTION 10. A person who is aggrieved by the refusal of a board of officers of a city, town or district to abate an assessment may, instead of pursuing the remedy provided by section seven, appeal within the time limited therein to the county commissioners of the county in which the land assessed is situated, and the county commissioners shall hear the parties, and shall have the same powers and duties with respect to the abatement of such assessment as the board by which it was assessed, and may make an order as to costs. The decision of the county commissioners shall be final.

SECTION 11. If an assessment is made upon land the whole or part of which is leased, the owner shall pay the assessment, and may collect of the lessee an additional rent for the portion so leased equal to ten per cent per annum on that proportion of the amount paid which the value of the leased portion bears to that of the whole estate, after deducting from the whole amount any money received for damages to such land in excess of what he has necessarily expended thereon by reason of such damages. A lessee aggrieved by the imposition of this burden may, within six months from the time demand is made upon him for such additional rent, file a petition in the superior court for the county in which the land is situated, to determine the proportion of the assessment which he ought to bear, and the proportion determined upon the petition shall be substituted for the proportion provided by this section. If such proportion is reduced the lessee shall recover costs from the owner; otherwise the owner shall recover costs from the lessee.

SECTION 12. Assessments made under this chapter shall constitute a lien upon the land assessed. The lien shall take effect upon the recording of the order stating that betterments are to be assessed for the improvement, and shall continue for two years from October first in the year in which the assessment is first placed on the annual tax bill under section thirteen, or, if an assessment has been apportioned, for two years after the last portion is payable, unless sooner paid. If the validity of an assessment made under this chapter is called in question in any legal proceeding to which the board which made the assessment or the body politic for the benefit of which it was made is a party, instituted prior to the expiration of the lien therefor, the lien shall continue until one year after the validity of the assessment is finally determined.

SECTION 13. Assessments made under this chapter shall bear interest at the rate of six per cent per annum from the thirtieth day after the assessments have been committed to the collector. The assessors shall add each year to the annual tax assessed with respect to each parcel of land all assessments, constituting liens thereon, which have been committed to the collector prior to April second of such year and which have not been apportioned as hereinafter provided, remaining unpaid when the valuation list is completed, with interest to the date when interest on taxes becomes due and payable. At any time before demand for payment by the collector and before the completion by the assessors of the
valuation list for the year in which such assessments will first appear on
the annual tax bill, the board of assessors may, and at the request of the
owner of the land assessed shall, apportion all assessments made under
this chapter into such number of equal portions, not exceeding ten, as is
determined by said board or as is requested by the owner, as the case
may be, but no one of such portions shall be less than five dollars. The
assessors shall add one of said portions, with interest on the amount re-
main ing unpaid from thirty days after the commitment of the original
assessment to the collector to the date when interest on taxes becomes due
and payable, to the first annual tax upon the land and shall add to the
annual tax for each year thereafter one of said portions and one year's
interest on the amount of the assessment remaining unpaid until all such
portions shall have been so added; all assessments and apportioned parts
thereof, and interest thereon as herein provided, which have been added
to the annual tax on any parcel of land shall be included in the annual
tax bill thereon. After an assessment or a portion thereof has been placed
on the annual tax bill, the total amount of said bill shall be subject to
interest under and in accordance with the provisions of section fifty-seven
of chapter fifty-nine. The amount remaining unpaid of any assessment
may be paid in full at any time notwithstanding a prior apportionment.

1 Section 14. [Repealed, 1923, 377, § 6.]

1 Section 15. If land which is subject to a lien for an assessment
made under this chapter is subsequently divided by sale, mortgage,
partition or otherwise and such division has been duly recorded in the
registry of deeds, the board, before the land has been advertised for sale
for non-payment of the assessment, may, or upon the written request of
the owner or mortgagee of a portion thereof, accompanied by a plan
sufficient for the identification of the division of the whole estate, with
the names of the different owners thereof, shall, divide said assessment or
the amount thereof remaining unpaid, and the costs and interest accrued
thereon, among the several parcels into which said land has been divided,
assessing upon each parcel the part of the original assessment remaining
unpaid proportionate to the special benefit received by such parcel from
the improvement. After such assessment has been so divided, only the
14 part of the assessment, interest and costs assessed upon each parcel shall
constitute a lien upon such parcel. At least seven days prior to making
such division the board shall send by registered mail to all owners of any
interest in the land assessed, whose addresses are known to them, a notice
of their intention to make such division and of the time appointed there-
for, unless such notice has been waived. A person aggrieved by any
action of the board under this section shall have the same remedy as a
person aggrieved by the refusal of the board to abate an assessment.

1 Section 16. If an assessment is invalid and has not been paid in
full or has been paid under such circumstances that it can be recovered
back, it may be reassessed by the board in the amount for which the
original assessment ought to have been made, at any time before the
expiration of two years from the date of the assessment, if the land has
in the meantime been alienated; otherwise at any time before the aliena-
tion thereof. Such assessment shall be a lien upon any sum paid on

SECTION 17. Whenever a formal vote or order for the laying out or construction of a public improvement, or for the taking of land therefor, states that betterments are to be assessed, no betterments shall be assessed except under this chapter or chapter eighty A, and all proceedings relating to such betterments shall be as herein or therein provided, notwithstanding any special act hitherto enacted.

SECTION 1. A board of officers, hereinafter called the board, upon whom authority to take real estate by eminent domain on behalf of the commonwealth or of any county, city, town or district thereof, hereinafter described as the body politic, has been conferred by law, for the purpose of effecting a public improvement, may, at its election, instead of proceeding in accordance with chapter seventy-nine, or in accordance with chapters seventy-nine and eighty if betterments are to be assessed, institute proceedings for the taking of real estate or any interest therein, and for the assessment of betterments, in accordance with this chapter. Section 2. The board, having first complied with all the preliminary requirements prescribed by law, shall adopt an order of intention to take, which shall contain a description of the property to be taken sufficiently accurate for identification, and shall state the interest therein to be taken and the purpose for which such property is to be taken, and, if betterments are to be assessed therefor, shall so state; otherwise, it shall state that no betterments are to be assessed. In case there are trees upon land so to be taken, or structures affixed thereto, the order shall state whether the same are to be included in the taking, and, if they are not to be so included, shall allow the owner a reasonable time after the taking becomes absolute to remove the same, to be specified in the order.

Section 3. The order shall contain an estimate of all damages sustained by every person in his property by reason of such taking as of the date of the adoption of the order, and shall contain an estimate of the cost of the improvement, including such damages, and, if betterments are to be assessed, a description sufficiently accurate for identification of the area which it is expected will receive benefit or advantage, other than the general advantage to the community, from such improvement, and shall refer to a plan of such area, and shall contain an estimate of the betterments that will be assessed upon each parcel of land within such area. Notice of the adoption of such order shall be sent forthwith by registered mail to every person, whose address is known, appearing of record to have an interest in any land to be taken, damaged or assessed, by or on account of the proposed improvement, setting forth all estimates contained in said order in relation to said land, and a like notice shall be posted in a conspicuous place on each parcel thereof. Such order, plan and estimate shall be recorded, within ten days from the adoption of the order, in the registry of deeds of every county or district in which property to be taken or assessed is situated.

Section 4. Within ten days from the recording of such order, plan and estimate, the board shall cause to be filed in the superior court of the county in which such proposed public improvement or the major part thereof is situated a petition on behalf and in the name of the body politic undertaking such improvement, to establish its right to take the property described in the order and, if betterments are to be assessed, to assess the same on account of the special benefits to be derived from the improvement, and to determine the compensation and damages to be paid, the area to be assessed and the amount of the benefits to be made the basis of assessments. The petition shall contain a copy of the order and estimates, and shall designate the registry or registries of deeds in which the order, plan and estimate have been recorded as provided in section three. The proceeding thus instituted shall be in rem against the land to be taken, damaged or assessed, but every person appearing of record to have an interest in any of said land at the time of the adoption of the order shall be made a party respondent. The court shall issue an order of notice to all of said respondents, returnable at any return day which occurs thirty days or more after the filing of the petition, which shall be served upon all respondents who are residents of the commonwealth or can be found therein in the manner prescribed for serving a writ of summons in civil actions, and upon all other parties by posting a copy thereof on each parcel of land to be
taken, damaged or assessed and by sending a copy thereof by registered mail to each of said parties whose address is known, at least twenty days before said return day. Persons not in being, unascertained or unknown who may have an interest in any of such land shall be made parties respondent by such description as seems appropriate, and service may be made on such persons by publication, in such manner as the court may order.

**Section 5.** Any of said respondents, and any other person claiming an interest in any of the land to be taken, damaged or assessed by or on account of said improvement, may appear and file an answer within thirty days after the return day of the petition. In such answer he may (1) deny the right of the petitioner to make the improvement, or to take or damage his land, (2) deny the right of the petitioner to levy an assessment upon his land, (3) impugn the validity or regularity of the proceedings for establishing the improvement, taking property by eminent domain or assessing betterments therefor so far as any absence of such validity or regularity may affect the legality of the taking or damaging of his land, or of the assessment of betterments thereon, in which case he shall specify the invalidity or irregularity relied on, (4) deny the sufficiency of the compensation or damages allotted to him in the estimate of the board, in which case he shall state the amount of compensation or damages claimed by him, (5) deny that his property will receive benefit or advantage, other than the general advantage to the community, from the establishment of the improvement, in the amount stated in the estimate, in which case he shall state the value of such benefit or advantage, if any, which he admits his property will receive.

**Section 6.** The court shall, on motion of the petitioner, enter a default against all persons served with process or who otherwise appear to have seasonably received personal notice of the petition and who have not appeared and answered within the time prescribed. The court shall appoint one or more disinterested persons to act as guardian ad litem for minors, for persons under disability, and for all persons not in being, unascertained, unknown or out of the commonwealth, who have been named or described as parties respondent and for whom no duly authorized person has appeared and answered, and such guardian ad litem shall be allowed thirty days from his or their appointment to appear and answer on behalf of the persons whom he or they represent.

**Section 7.** If any person in his answer denies the right of the petitioner to make the improvement or to take or damage his property, or to levy an assessment thereon, or impugns the validity or regularity of the proceedings, the court shall forthwith hear and determine the issue thus raised, and may order the petition dismissed or may enter an order establishing the right of the petitioner to take the real estate, or interest therein, described in the order for the purpose therein stated and to assess betterments as therein set forth, or may enter such other order as law and justice may require. If the court does not order the petition dismissed, and one or more of the respondents allege exceptions or appeal to the supreme judicial court or the matter is reported to the supreme judicial court, further proceedings shall not be stayed unless the justice who heard and determined the matter so directs. If no such issue is
14 raised by any person in his answer, the court shall, on motion of the
15 petitioner, enter an order establishing the right of the petitioner to take
16 the real estate, or interest therein, described in the order for the purpose
17 therein stated and to assess betterments as therein set forth. An order
18 under this section establishing the right of the petitioner to take prop-
19 erty or to assess betterments shall be final and conclusive as to the valid-
20 ity of the proceedings up to the date of the adoption of such order.

1 Section 8. If the court shall enter an order establishing the right of
2 the petitioner to take the real estate, or interest therein, described in
3 the order for the purpose therein stated and to assess betterments as
4 therein set forth, and any person has in his answer denied the sufficiency
5 of his compensation or damages as estimated in the order under section
6 three or has denied that his property will receive benefit or advantage
7 in the amount estimated therein, the court shall appoint not more than
8 three disinterested persons as commissioners to hear and determine the
9 issues thus raised. The provisions of law in regard to auditors shall so
10 far as apt apply to such hearing, and all controversies as to the amount of
11 compensation, damages and betterments arising out of the same petition
12 shall be referred to the same commissioners. The commissioners shall
13 hear the parties as speedily as may be and shall thereafter file a draft
14 report with the clerk of the court and shall send notice of such filing to
15 the several parties. The commissioners shall not determine the com-
16 pensation or damages to which any person is entitled to be greater than
17 as alleged by him in his answer, nor less than as estimated by the board;
18 nor shall they determine the benefit to any parcel of land to be less than
19 as admitted by the owner in his answer nor more than as estimated by
20 the board.

1 Section 9. Any person aggrieved by the determination of the com-
2 missioners with respect to his compensation or damages may have a
3 redetermination thereof by a jury by making application therefor within
4 twenty days after the sending of the notice of the filing of the commis-
5 sioners' draft report. The application may be placed on the trial list of
6 the next ensuing sitting of the court with jury in the county and heard
7 and determined in the same manner as other civil cases and may be
8 advanced for speedy trial; but if there are two or more such applications
9 with respect to a particular public improvement which cannot be heard
10 forthwith without unduly delaying the trial of other civil cases, the
11 court may direct that a special jury be summoned to hear and determine
12 all such applications. The chief justice of the superior court shall pre-
13 side or designate one of the associate justices of said court to preside
14 over the sittings of such special jury, who shall have in the hearing and
15 determination of such applications all the powers of a justice of that
16 court presiding over the trial of an ordinary civil action. The award of
17 the commissioners shall be prima facie evidence of the compensation or
18 damages to which the applicant is entitled, and the jury shall not award
19 compensation or damages to any person in a greater amount than as
20 alleged by him in his answer nor less than as estimated by the board.
21 If the jury does not agree upon a verdict, or if the verdict is set aside,
22 the applicant shall be entitled to a new jury from time to time until a
23 verdict has been rendered and established; but he may at any time,
24 upon terms, waive his right to a trial by jury and accept the compensa-
25 tion or damages awarded by the commissioners.
SECTION 10. If the verdict of the jury as finally established shall differ from the award of the commissioners with respect to the compensation or damages to which any person is entitled, the report of the commissioners shall be amended accordingly, and, after all applications for redetermination of compensation or damages have been disposed of, the report shall be presented to the court for confirmation. The report of the commissioners as thus amended shall be final and conclusive as to all questions of fact, but the court may hear and determine questions of law arising therefrom and may order the report to be confirmed or to be recommitted to the commissioners to be reconsidered in accordance with law, or may itself make such amendments and alterations as are necessary to render the report consistent with the law. If an appeal to the supreme judicial court or exceptions are taken with respect to the order of the justice of the superior court upon the motion for final confirmation of the commissioners’ report, or if the matter is reported to the supreme judicial court, the same shall be heard and determined without awaiting further proceedings in the superior court. The operation of the order shall be stayed pending the disposition of such appeal, exceptions or report, and the order shall, if necessary, be modified to conform to the decision of the supreme judicial court. After the expiration of thirty days from the final confirmation of the report, or if the same is affirmed by the supreme judicial court, of thirty days from the date of the rescript of said court, if the proceedings have not in the meantime been discontinued, and if it shall be made to appear that all laws requiring appropriations of money, to be raised by loan or otherwise, in cases of taking of property by eminent domain, in so far as applicable, have been complied with, judgment of condemnation shall be entered upon motion of the petitioner which shall be final and conclusive against all the world with respect to the validity and extent of the taking, and the right of the petitioner to assess betterments therefor, and against all parties to the proceedings with respect to the amount of compensation or damages to which any person is entitled and the amount of benefit or advantage which each parcel of land within the designated area will receive from the improvement. If judgment of condemnation is not entered within six months from the confirmation of the commissioners’ report, or from the rescript of the supreme judicial court, the petition shall be dismissed upon motion of any one or more of the parties respondent. The clerk of the court shall forthwith transmit for record to every registry of deeds designated in the petition as provided in section four a certified copy of any judgment of condemnation entered under this section or of any interlocutory judgment of condemnation entered under section eleven.

SECTION 11. The board may at any time before final judgment of condemnation abandon the proposed improvement and discontinue the proceedings, in which case all action taken thereunder and under the proceedings for the laying out or establishment of such improvement shall become void; but in such case, or in case the petition shall be dismissed on motion of a party respondent under section ten, any person who has suffered damage or loss or been put to expense by the proceedings shall be entitled to recover indemnity in full by order of the court and for which execution shall issue. In case of abandonment or dismissal as aforesaid, the clerk of the court shall forthwith transmit for record to every registry of deeds designated in the petition as provided in section four a certificate that all proceedings in relation to such improvement
13 have been discontinued or dismissed. At any time after the right of the 14 petitioner to take the property described in the order for the purpose 15 stated therein and to assess betterments therefor has been established, 16 if it shall be made to appear that all laws requiring appropriations of 17 money, to be raised by loan or otherwise, in cases of the taking of land 18 by eminent domain, in so far as applicable, have been complied with, the 19 court shall on motion of the petitioner enter an interlocutory judgment of 20 condemnation, which shall have the same effect as a final judgment of 21 condemnation, except with respect to compensation, damages and assess- 22 ments for benefits, and the proceedings shall continue as herein provided 23 with respect to compensation, damages, and assessments; but the peti- 24 tioner shall not thereafter have the right to discontinue the proceedings.

1 Section 12. The taking shall become absolute and the right of the 2 body politic to the real estate or interest therein described in the petition 3 and the right of the respondents to compensation or damages shall vest 4 upon the entry of either final or interlocutory judgment of condemnation 5 and it shall have immediate right of entry and possession, subject to the 6 rights of the owners under section two with respect to structures and 7 trees. The compensation or damages shall be payable when vested, or as 8 soon thereafter as they are finally determined, and if not then paid may 9 be recovered in an action of contract. In case two or more persons have 10 appeared in the proceedings as parties respondent with interests adverse 11 to each other with respect to a particular parcel of land, the body politic 12 shall not be bound to pay such compensation until one or more of such 13 persons have established his or their rights thereto in proper judicial 14 proceedings to which the others of such persons are parties; but the 15 proceedings to determine the amount of compensation shall not be stayed 16 pending the establishment of such rights. Compensation and damages 17 shall be assessed as of the date of the adoption of the order, and shall bear 18 interest at the rate of four per cent per annum from the date when the 19 right to damages becomes vested until payable, but shall not bear interest 20 after they are payable unless the body politic fails upon demand to pay 21 the same to the person entitled thereto. The body politic shall not pay 22 compensation or damages to any person in excess of its estimate, except 23 in accordance with an award of the commissioners, nor in excess of the 24 award of the commissioners, except as amended in accordance with a 25 verdict of the jury.

1 Section 13. If the petition is dismissed under section seven, costs, 2 as in actions at law, shall be awarded to the respondents, in addition to 3 indemnity for loss and damages as provided in section eleven. If, upon 4 entry of an interlocutory or final judgment of condemnation it appears 5 that a respondent has been awarded greater compensation or damages 6 than was allotted to him in the estimate contained in the order adopted 7 under sections two and three or if betterments to be assessed on the 8 land of any respondent have been determined to be less than as esti- 9 mated in said order, such respondent shall be entitled to such costs; 10 otherwise, he shall be liable for such costs.

1 Section 14. If the right to assess betterments has been established, 2 the board, within six months after the completion of the improvement, 3 shall assess a proportionate share of the whole or part of the cost thereof 4 upon each parcel of land with respect to which a benefit or advantage
has been determined as herein provided and in the amount so determined, unless the betterments so assessed shall exceed the cost of the improvement, in which case they shall be proportionally reduced; and such assessments shall not thereafter be abated. The lien for such assessments shall take effect upon the recording of the order of intention to take under section three.

Section 15. The provisions of chapters seventy-nine and eighty, and all other provisions of law relative to proceedings under said chapters, shall apply to proceedings under this chapter, and to betterments assessed thereunder, so far as applicable and not inconsistent with the provisions hereof; but no petition for the assessment of compensation or damages or for the abatement of an assessment shall be maintained by any person who has been made a party to the proceedings for condemnation or with respect to property the record owners of which at the time of the adoption of the order under section two have been made parties thereto. Failure to make any person having an interest in the land taken, damaged or assessed a party respondent under section four shall not invalidate the proceedings, but such person shall not be bound by the judgment in the proceedings in respect to compensation, damages or assessments. The court shall determine the compensation of guardians ad litem and commissioners appointed under this chapter, and shall have power to establish and regulate the procedure thereunder, so far as not therein prescribed.

Section 16. In any case where the commonwealth, or a county, city, town or district thereof, has been or shall be authorized by provisions of general or special law to take real estate or any interest therein by eminent domain under chapter seventy-nine, the officer or board of officers thereof authorized to exercise such power may, unless otherwise provided, elect to take such property or interest under this chapter and, if betterments are to be assessed, to assess the same hereunder.

SECTION 1. The department of public works, in this chapter called the department, shall compile statistics relative to the public ways of counties, cities and towns, and make such investigations relative thereto as it considers expedient. It may be consulted by, and shall without charge advise, officers of counties, cities or towns having the care of and authority over public ways as to their construction, maintenance, alteration or repair; but such advice shall not impair the legal duties and obligations of any county, city or town. It shall prepare maps of the commonwealth on which shall be shown county, city and town boundaries, the public ways and the state highways, with their names if practicable, and may sell such maps or other maps prepared by it from time to time in connection with the work under its charge relative to highways at such prices and on such conditions as it may determine. It shall collect and collate information relative to the geological formation of the commonwealth so far as it relates to materials suitable for road building, the location of which it shall, so far as practicable, designate on said maps, which shall be open to the inspection of officers of counties, cities and towns having the care of and authority over public ways. It shall give public notice of and hold at least one public meeting annually in each county for the open discussion of questions relative to the public ways.

SECTION 2. County commissioners and city and town officers who have the care of and authority over public ways shall, on request, furnish the department with any information required by it concerning such ways.

SECTION 3. Steam road rollers and other road machinery, purchased by the department and owned by the commonwealth shall be managed and maintained under the direction of the department, which may engage competent engineers and mechanics to operate and keep said machines in repair, may purchase all needed materials and supplies, and may incur such other expenses as may be necessary to operate, maintain and transport said machines. Upon the application of the selectmen or road commissioners of a town of not more than twelve thousand inhabitants, the department may furnish such road machinery for use by the town in building or repairing ways therein. The expenses incurred under this section shall be paid by the towns using said machines, as apportioned and directed by the department. For the purpose of providing suitable quarters for the storage and repair of steam road rollers and other road machinery and tools and other equipment owned
Laying Out of State Highways.

1 Section 4. If county commissioners, aldermen or selectmen adjudge that public necessity and convenience require that the commonwealth, it shall file in the office of the county commission, the way is situated, or in part, in their county, city or town, they may apply, by a written petition, to the department, requesting that said way be laid out and take charge of by the commonwealth.

1931, 394, § 16. 269 Mass. 16.

1 Section 5. If the department determines that public necessity and convenience require that such way should be laid out or be taken charge of by the commonwealth, it shall file in the office of the county commissioners for the county where the way is situated a certified copy of a plan thereof, a copy of the petition therefor, and a certified copy of a certificate that it has laid out and taken charge of said way in accordance with said plan, and shall file in the office of the clerk of such town or city a copy of the plan showing the location of the portion lying in each town and a copy of the certificate that it has laid out and taken charge of said highway in accordance with said plan, and thereafter said way shall be a state highway, and shall be constructed by the department at the expense of the commonwealth; but any state highway so laid out and constructed may be abandoned or discontinued as provided in sections twelve and fourteen. The width of a state highway shall be such as the department deems necessary. If the width of a state highway be less than that of the way previously existing, that portion of the way which lies between the boundary or location lines of the state highway and the boundary lines of the way previously existing shall remain a public way unless the department determines that it should be abandoned, or the county commissioners of the county, or the city or town in which the way is situated, having jurisdiction of the way, abandon at any time said portion in the manner provided by law for the alteration, relocation or discontinuance of public ways.

1 Section 6. The department may alter the location of a state highway in a city or town by filing a plan thereof and a certificate that the department has laid out and taken charge of said state highway, as altered in accordance with said plan, in the office of the county commissioners for the county where said highway is situated, and by filing a copy of the plan or location as altered in the office of the clerk of such city or town.

Alteration of location.
1900, 475, § 1. R. L. 47, § 1.

1 Section 7. If it is necessary to acquire land for the purposes of a state highway outside the limits of an existing public way, the department may take the same by eminent domain on behalf of the commonwealth under chapter seventy-nine. When injury has been caused to the real estate of any person by the laying out or alteration of a state highway, he may recover compensation therefor from the commonwealth under chapter seventy-nine. The mayor, if so authorized by the aldermen, or the selectmen, if so authorized by the town, may stipulate Petition for laying out state highways.

Takings.
in writing in behalf of the city or town to indemnify and save harmless the commonwealth against all claims and demands for damages which may be sustained by any persons whose property has been taken for, or has been injured by the laying out or alteration of, any highway which the department proposes to lay out and construct or alter as a state highway, and thereupon such city or town shall be liable ultimately for the amount of any verdict against the commonwealth for such damages, and for costs, and the amount thereof may be recovered by the commonwealth in contract.

Section 8. The department, when about to construct a highway, shall give to each town in which it lies a copy of the plans and specifications therefor and a notice that the department is ready for its construction; and said town may, without advertisement, contract with the department for the construction of so much of such highway as lies within its limits, in accordance with the plans and specifications and under the supervision and subject to the approval of the department, at a price agreed upon between the department and said town. If, within ten days, such town does not elect so to contract, or if it has waived the right to contract, the department shall advertise in two or more newspapers published in each county in which the highway lies, and in three or more daily newspapers published in Boston, for sealed proposals for the construction of such highway, stating the time and place for opening such proposals, and reserving the right to reject any and all proposals. If a proposal is satisfactory, the department, with the approval of the governor and council, shall make a contract in writing on behalf of the commonwealth for such construction. After the proposals have been accepted or rejected they shall be kept by the department, and shall be open to public inspection for three years, and may then be destroyed by the department. The department may, in the same manner and under the same conditions, contract with a town, or, if a town shall not elect so to contract, with a person for the grading of a state highway or for furnishing labor, materials or any other element in its construction. The construction of all state highways shall be under the supervision and subject to the approval of the department and in accordance with plans and specifications furnished by it, shall be fairly apportioned by the department among the different counties, and not more than ten miles of state highway shall be constructed, on petition as aforesaid, in any one county in any one year, without the previous written approval of the governor and council.

Section 9. [Repealed, 1931, 132.]

Section 10. The mayor, selectmen or road commissioners or the board or officer having charge of the maintenance and care of highways, if so authorized by the city council or by the town, may agree in writing, in behalf of such city or town, to contribute money, labor or materials toward the cost of any state highway which the department proposes to lay out and construct within such city or town.

Section 11. The department shall have the same power as aldermen, selectmen or road commissioners in relation to the purchase or taking of land to furnish materials for the construction, repair or improvement of public ways in the manner provided in section thirty-eight.
5 of chapter eighty-two; provided, that all contracts for such purchase
6 and all takings by the department shall first be approved by the governor
7 and council. Such purchases or taking shall not operate in any way to
8 interfere with the control of the police departments of the various
9 municipalities within the land so taken. Land taken under this section
10 shall be held and used for no other purpose than as specified herein;
11 provided, that the department may allow county, city or town officers
12 to use materials from such land for the above specified purposes upon
13 such terms as may be agreed upon. For this purpose the department may
14 expend not more than five thousand dollars in any year. Any person
15 sustaining injury or damage by any taking of land or rights in land
16 under this section may recover compensation therefor from the com-
17 monwealth under chapter seventy-nine.

1 Section 12. The department, with the concurrence of the county
2 commissioners, may discontinue as a state highway any way or section
3 of way laid out and constructed under the provisions of section five by
4 filing in the office of the county commissioners for the county and in the
5 office of the clerk of the town in which such way is situated a certified
6 copy of a plan showing the way so discontinued and a certificate that it
7 has discontinued such way; and thereafter the way or section of
8 way so discontinued shall be a town way. Said department may also abandon
9 any land or rights in land which may have been taken or acquired by
10 it by filing in the office of the county commissioners for the county and
11 in the office of the clerk of the town in which such land is situated a
12 certified copy of a plan showing the land so abandoned and a certificate
13 that it has abandoned such land, and by filing for record in the registry
14 of deeds for the county or district in which the land lies a description
15 and plan of the land so abandoned; and said abandonment shall re vest
16 the title to the land or rights abandoned in the persons in whom it was
17 vested at the time of the taking, or their heirs and assigns.

MAINTENANCE AND REPAIR OF STATE HIGHWAYS.

1 Section 13. State highways shall be maintained and kept in good
2 repair and condition by the department at the expense of the common
3 wealth. The department shall keep all state highways reasonably clear
4 of brush and shall cause suitable shade trees to be planted thereon if
5 practicable.

3 obstacle from lands bordering upon state highways, which in its opinion
4 obstruct the view of persons traveling upon the highway or make travel
5 ing thereon dangerous. If the owner does not desire the material which
6 has been so removed, the department may sell or otherwise dispose of
7 it. The department shall cause all debris resulting from any cutting
8 or trimming done along the state highway, under authority of this or
9 of any other chapter, to be disposed of in such manner that it will not

Such contracts may be made without previous advertisement.

Section 16. [Repealed, 1931, 349.]

Section 17. [Repealed, 1931, 349.]

Section 18. The commonwealth shall be liable for injuries sustained by persons while traveling on state highways, if the same are caused by defects within the limits of the constructed traveled roadway, in the manner and subject to the limitations, conditions and restrictions specified in sections fifteen, eighteen and nineteen of chapter eighty-four, except that the commonwealth shall not be liable for injury sustained because of the want of a railing in or upon any state highway, or for injury sustained upon the sidewalk of a state highway or during the construction, reconstruction or repair of such highway. The amount which may be recovered for any such injury shall not exceed one fifth of one per cent of the valuation of the town in which the injury was received, nor shall it exceed four thousand dollars. Notice of the injury as required by law shall be given to a member of the department.

Section 19. A town shall have police jurisdiction over all state highways within its limits. It shall forthwith give written notice to the department or its employees of any defect or want of repair in such highways; but it may make necessary temporary repairs of a state highway without the approval of the department.

The department shall at the expense of the commonwealth keep such state highways or parts thereof as it may select sufficiently clear of snow and ice to be reasonably safe for travel; and the town in which any such state highway or part thereof lies shall forthwith give written notice to the department or its employees of any failure to keep such highway or part thereof clear of ice and snow as aforesaid. The department shall annually in January certify to the state treasurer the amount of expenditures incurred in each town during the preceding year for keeping such state highways or parts thereof clear of ice and snow as aforesaid. One half of the amount of such expenditures, not exceeding fifty dollars per mile in towns with a valuation of less than two million dollars, not exceeding seventy-five dollars per mile in towns with a valuation of two million dollars and less than five million dollars and not exceeding one hundred dollars per mile in cities and towns with a valuation of five million dollars or over, shall be made a part of the state tax for such cities and towns, respectively. If a city or town elects to keep any such state highways or parts thereof clear of ice and snow as aforesaid upon terms and prices agreed upon by it and the department and under the direction of the department, the department shall repay to it, from the annual appropriation for state highways, the amount expended therefor in excess of the amount which such city or town would have been required to repay in case such expenditures had been made by the department. The department may, upon petition, exempt any town from the whole or any part of
29 any payment required hereunder, if in its judgment it would prove an
30 undue burden.

1 Section 19A. [Inserted, 1924, 428, § 1; repealed, 1928, 357, § 7.]

1 Section 20. The department shall from time to time construct side-
2 walks along such parts of the state highways as it determines public con-
3 venience and necessity require. Sidewalks may also be constructed along
4 state highways and maintained in accordance with sections twenty-five
5 and twenty-six of chapter eighty-three.

1 Section 21. No state highway shall be dug up, nor opening made
2 therein for any purpose, and no tree shall be planted or removed or ob-
3 struction or structure placed thereon or removed therefrom or changed
4 without the written permit of the department, and then only in accord-
5 ance with its regulations, and the work shall be done under its supervi-
6 sion and to its satisfaction, and the entire expense of replacing the high-
7 way in as good condition as before shall be paid by the persons to whom
8 the permit was given or by whom the work was done; but a town may
9 dig up a state highway without the approval of the department in case of
10 immediate necessity; but in such cases it shall forthwith be replaced in as
11 good condition as before at the expense of the town.

1 Section 22. No length of possession, or occupancy of land within
2 the limits of a state highway, by an owner or occupant of adjoining land
3 shall give him any title thereto, and any fences, buildings or other obstruc-
4 tions encroaching upon a state highway shall, upon written notice by the
5 department, be removed forthwith by the owner or occupant of adjoining
6 land, and if not so removed, the department may remove the same
7 to such adjoining land.

1 Section 23. [Repealed, 1925, 288, § 2.]

1 Section 24. The department may, whenever any money is appro-
2 priated by the general court for its use in the construction or improve-
3 ment of any particular way, expend such money in constructing or
4 improving the whole or such part of said way as it deems best, either
5 upon the location of the existing way or upon any new location that
6 may be established by the county commissioners or the selectmen, and
7 no part of the way so improved shall thereby become a state highway or
8 be maintained as such. The department may, however, lay out the
9 whole or any part of any such way as a state highway.

1 Section 25. When any public way has been constructed or improved
2 in whole, or in part, with money furnished by the commonwealth, and
3 the way is not laid out as a state highway, the town in which the way
4 lies shall thereafter keep and maintain in good repair and condition that
5 part of the way which has been so constructed or improved; and the
6 expense thereof shall be borne by the town or county, or both, as may be
7 agreed upon at the time such construction or improvement is undertaken.

1 Improvements of ways not state highways.
2
3 Section 24. The department may, whenever any money is appro-
4 priated by the general court for its use in the construction or improve-
5 ment of any particular way, expend such money in constructing or
6 improving the whole or such part of said way as it deems best, either
7 upon the location of the existing way or upon any new location that
8 may be established by the county commissioners or the selectmen, and
9 no part of the way so improved shall thereby become a state highway or
10 be maintained as such. The department may, however, lay out the
11 whole or any part of any such way as a state highway.

1 Section 25. When any public way has been constructed or improved
2 in whole, or in part, with money furnished by the commonwealth, and
3 the way is not laid out as a state highway, the town in which the way
4 lies shall thereafter keep and maintain in good repair and condition that
5 part of the way which has been so constructed or improved; and the
6 expense thereof shall be borne by the town or county, or both, as may be
7 agreed upon at the time such construction or improvement is undertaken.

1 Maintenance of certain ways improved by state funds.
2
3 Section 24. The department may, whenever any money is appro-
4 priated by the general court for its use in the construction or improve-
5 ment of any particular way, expend such money in constructing or
6 improving the whole or such part of said way as it deems best, either
7 upon the location of the existing way or upon any new location that
8 may be established by the county commissioners or the selectmen, and
9 no part of the way so improved shall thereby become a state highway or
10 be maintained as such. The department may, however, lay out the
11 whole or any part of any such way as a state highway.

1 Section 25. When any public way has been constructed or improved
2 in whole, or in part, with money furnished by the commonwealth, and
3 the way is not laid out as a state highway, the town in which the way
4 lies shall thereafter keep and maintain in good repair and condition that
5 part of the way which has been so constructed or improved; and the
6 expense thereof shall be borne by the town or county, or both, as may be
7 agreed upon at the time such construction or improvement is undertaken.
If the department shall determine at any time that such way is not being maintained in proper condition, it shall so notify the mayor or selectmen having charge of the repairs of said way and the county commissioners, and shall specify in said notice what repairs and improvements are necessary; and the officials in charge of the way shall forthwith proceed to make the specified repairs and improvements. If said officials do not make such repairs or improvements within fifteen days from the receipt of such notice, or within such further time as the department may allow, the department may proceed to have the repairs or improvements made, and may pay for the same from any money which may be available for the repair and maintenance of state highways.

The department shall annually, in January, certify to the state treasurer the amount of such expenditures during the preceding year. So much of the expenditures as by agreement are to be paid by the towns shall be made a part of the state tax for such towns; and so much of the expenditures as by agreement are to be paid by the counties shall be paid by the county treasurers to the state treasurer. The department may embody the provisions of this section in all contracts and agreements for work to be done in the construction or improvement of public ways, other than state highways, constructed or improved in whole, or in part, with money furnished by the commonwealth.

Section 26. There may be expended for the repair and improvement of public ways, other than state highways, in towns having valuations of less than five million dollars, as established by the last preceding valuation made for the purpose of apportioning the state tax, and in which the proportionate amount paid by such towns of every million dollars of such tax as so established, divided by the number of miles of such public ways, hereinafter known as the road mileage ratio, is less than twelve dollars, such sums not exceeding one hundred dollars per mile as the general court may appropriate therefor; provided, that such towns shall contribute or make available for use in connection therewith the following amounts for each mile of such public ways within their respective limits, according to the following schedule based on their road mileage ratio:

1. Less than one dollar and forty cents, fifteen dollars.
2. One dollar and forty cents and less than two dollars, twenty-five dollars.
3. Two dollars and less than two dollars and eighty cents, forty dollars.
4. Two dollars and eighty cents and less than three dollars and fifty cents, fifty dollars.
5. Three dollars and fifty cents and less than five dollars and fifty cents, seventy-five dollars.
6. Five dollars and fifty cents and less than seven dollars, one hundred dollars.
7. Seven dollars and less than nine dollars, one hundred and twenty-five dollars.
8. Nine dollars and less than twelve dollars, one hundred and fifty dollars.

The amounts appropriated as aforesaid and contributed by the towns shall be expended under the direction of the department of public works on such ways as said department and the selectmen of the towns may agree upon.
1. Section 26A. The county commissioners of the county wherein any public way is to be repaired or improved under the provisions of the preceding section may contribute and expend county funds therefor in accordance with such agreements as the commissioners may make with the department and the selectmen of the town. Said county funds may be paid to the department or to the town from time to time as the work progresses, to the extent that the said commissioners are satisfied that the work for which agreements have been made is being done in accordance therewith. Such contributions or expenditures by a county shall not render it liable for defects in any way or for damages to persons traveling thereon, and when the work of repair or maintenance for which such contribution or expenditure is made is completed, there shall be no further obligation on the part of the county as to the repair and maintenance thereof until a further contribution is made by the county commissioners for such purpose.

2. Section 27. Expenditure of state funds under section twenty-six shall be made only upon the written petition of the selectmen, containing such information as the department may require. No work shall be done under said section in any district where dwelling houses or structures devoted to business are situated at intervals averaging less than two hundred feet for the distance of a quarter of a mile.

3. Section 28. The said towns may contract with the department for the performance of the work authorized by section twenty-six; or, if the selectmen so request, the department may have the work done by such persons and in such manner as it may determine, in which event the towns shall pay their proportionate part of the expense when and as ordered by the department. The cost of any materials, machinery or tools purchased by the department for or on account of the work in any town shall be considered as a part of the expenditures in such town under section twenty-six; and such machinery or tools shall belong to the commonwealth.

4. Section 29. The department shall determine, as nearly as possible, the number of miles of such public ways in towns entitled to the benefits of the section, and shall inform the selectmen of such towns of the contributions required from them under said section.

FEDERAL AID.

1. Section 30. The department may make all contracts and agreements and do all other things necessary to co-operate with the United States in the construction and maintenance of rural highways, under an act of congress approved on July eleventh, nineteen hundred and sixty-six, entitled “An Act to provide that the United States shall aid the states in the construction of rural post roads, and for other purposes,” and submit such plans, estimates and programs for the improvement of highways as will meet the requirements of the secretary of agriculture under said act, and it may use therefor any funds which may be available for the construction and maintenance of state highways, and may make any agreements or contracts that may be required to secure federal aid in the construction of highways under the provisions.
of the act of congress aforesaid, and of all other acts in amendment thereof, or in addition thereto, and may, in such agreements or contracts, provide, among other things, for such labor preferences to honorably discharged soldiers, sailors and marines as are made necessary by federal legislation, and may provide that no other preference or discrimination among citizens of the United States shall be made in connection with the expenditure of any money received from the federal government by virtue of the said legislation, and also any money received from the United States on account of the construction of highways.

The department may also, for the purpose of securing federal aid, use any money appropriated by a county, city or town for the construction of a way or any part thereof for which federal aid may be secured, and make contracts or agreements involving the expenditure of said money, provided the county commissioners or the selectmen or duly authorized officials of the city or town have agreed in writing to pay the money thus appropriated upon the order of the department. The department may also maintain the roads constructed under this section or said act of congress, from any money appropriated by the general court for the maintenance of state highways or for the repair or maintenance of other public ways.

**VALUATION.**

Section 31. The valuation of a town for the purposes of this chapter shall be the last preceding valuation made for the purpose of apportioning the state tax.

PROCEDURE OF COUNTY COMMISSIONERS IN RESPECT TO HIGHWAYS.

1 Section 1. County commissioners within their respective counties may lay out, alter, relocate and discontinue highways and order specific repairs thereon in the manner herein provided, unless other provision is made by law. Sections one to thirteen, inclusive, shall apply to city councils or aldermen when authorized by city charters to lay out, alter, relocate and discontinue highways and to order specific repairs thereon, so far as applicable, and any hearing under any provision of said sections required to be held before a city council or board of aldermen so authorized may be held before a duly authorized committee thereof.

2 Section 2. If common convenience and necessity require a new highway, the alteration, specific repair or discontinuance of an existing highway, application therefore shall be made, by petition in writing, to the county commissioners having jurisdiction thereof. The petitioners shall, if so required by the county commissioners, before any action is taken upon such petition, cause a sufficient recognizance to be given to the county, with surety for the satisfaction of the commissioners, for the payment of all costs and expenses to the county which shall arise by reason of the proceedings on such petition, if the petitioners do not prevail.

3 Section 3. Fifteen days at least before the time appointed for a view or hearing, the commissioners shall cause notice of the time and place appointed therefor and a copy of such petition to be served upon the clerk of every town within which such new highway, alteration, specific repair or discontinuance is prayed for. They shall also cause copies of the petition, or abstracts thereof, and of the notice, to be posted in two public places in each of said towns and to be published in such newspaper as they shall order; the posting and the last publication to be seven days at least before any view, hearing or adjudication on such petition.

Notice to towns and publication.
SECTION 4. They shall view the premises if they consider it expedient or if requested by any party interested; and shall hear the parties, either at the time of the view, at a regular or special meeting or at an adjournment thereof, as they determine; and as soon as may be after the hearing, they shall determine whether the laying out, altering, specifically repairing or discontinuing such highway is required by the common convenience and necessity. If they adjudicate that the action prayed for is not required by common convenience and necessity, the petition shall be dismissed; otherwise they shall proceed in the manner prescribed in section five.

SECTION 5. If at the time of the view or hearing upon a petition for laying out, specifically repairing or altering a highway no person interested objects, the commissioners may, within six months thereafter, lay out, order specific repairs upon or alter such highway without further notice. If at such time any person interested objects, the commissioners shall not lay out, order specific repairs upon or alter such highway without another hearing, at which any party interested may be heard with respect to the manner in which the proposed improvement shall be carried out. Notice of such hearing shall be given in the manner prescribed in section three. If at the time of a view upon a petition for discontinuing a highway, the commissioners decide that it ought to be discontinued, they may at the same time adjudge that it be discontinued, without a further or subsequent meeting therefor; and if a return of said proceedings and adjudication is made and accepted at the next regular meeting of the commissioners, it shall be a discontinuance of such highway. The commissioners may adjudicate and decree in respect to a portion of a way described in a petition pending before them, leaving the petition open pending a further or final adjudication and decree in respect to a further portion of said way or a final adjudication and decree as to the remainder of such way.

SECTION 6. They may make such changes between the termini of the highway described in the petition, relative to the direction and course of such highway or to the alteration, specific repair or discontinuance thereof, as in their opinion the public convenience requires, and, in connection with the laying out, alteration or relocation thereof, may establish a building line not more than forty feet distant from the exterior line of such highway, extending for such distance from points where such highway joins an intersecting way, as defined in section one of chapter ninety, as may be necessary to assure the safety of the public, and thereafter no structures shall be erected or maintained between such building line and such highway except steps, windows, porticoes, other usual projections appurtenant to the front wall of a building, embankments, walls, fences and gates, to the extent prescribed by the order establishing such building line. A building line so established may be discontinued in the manner provided for the discontinuance of a highway.

SECTION 7. If it is necessary, for the purpose of laying out, altering or relocating a highway, or establishing a building line in connection therewith, to acquire land, or an easement or right therein, including an ease-
Section 8. The commissioners, in their return, shall determine and specify the manner in which a new highway shall be laid out or an existing one altered, relocated or specifically repaired, and shall specify in sufficient detail the work required so that the same may be completed in accordance with the commissioners' directions, and the time within which it shall be completed, and each town shall perform the work so required within its limits unless other provision is made. They may apportion the expense thereof upon the county and towns, respectively, or they may agree with the towns in which the highway is located or with the department of public works, or both, as to the apportionment of such expense to be paid by the towns, county or state, respectively. The selectmen or mayor shall give notice to said commissioners of the time when the work ordered is begun, and the commissioners or their agents shall examine the work as often as may be necessary during its progress to ascertain that it is well done according to the direction of the commissioners, and in case the town does not perform the work to the acceptance of said commissioners, the provisions of sections fourteen and fifteen shall apply. The commissioners shall transmit to the clerk of each town in which the highway lies a description and plan of the location and bounds thereof within the limits of such towns respectively, which description shall be recorded within ten days by the clerk in a book kept for that purpose.

Section 9. If the commissioners require a culvert, cattle pass or other passageway to be made under a highway, they may order the town to construct the same as a part of the highway, and may order the whole or any part of the expense to be paid by the county.

Section 10. If, upon a petition for the laying out or alteration of a highway, the commissioners, after a view and hearing, are of the opinion that the existing highway between the termini mentioned in the petition can be so far amended as to supersede the necessity of laying out a new highway or of altering the location of existing ways, they may, after notice to the towns interested, direct specific repairs to be made in the existing ways in such manner as the public convenience may require; and may apportion the expense thereof upon the county and towns respectively as in laying out highways. At the time of ordering specific repairs upon a highway, they may direct it to be closed for public travel for a reasonable time. Towns in which specific repairs are ordered shall
make them. Nothing in this chapter with respect to commissioners' orders for specific repairs shall relieve towns from their duties and liabilities with respect to keeping public ways in repair.

Section 11. If application is made to the commissioners by a town, or by five inhabitants thereof, to relocate or order specific repairs on a way within such town, whether it was laid out by authority of the town or otherwise, they may, either for the purpose of establishing the boundary lines of such way or of making alterations in the course or width thereof, or of making specific repairs thereon, relocate it in the manner prescribed for laying out highways in sections two to nine, inclusive. The expense shall be assessed upon the petitioners or upon the county or town, or upon the land benefited by the improvement under chapter eighty, as the commissioners may order. The commissioners may, without petition, after giving notice as provided in section three, relocate any public way for the purpose of establishing its boundaries, or of making specific repairs thereon, in which case no part of the expense shall be assessed upon the town.

The commissioners may adjudicate and decree in respect to a portion of a way described in a petition pending before them, leaving the petition open pending a further or final adjudication and decree in respect to a further portion of said way or a final adjudication and decree as to the remainder of such way.

Section 12. When a highway has been finally laid out, altered, relocated or discontinued, or when specific repairs are ordered on an existing highway by the county commissioners, the county shall be primarily liable for all damages thereby caused, or for all amounts awarded or assessed as indemnity. The commissioners shall determine what proportion if any of the expenses of the proceedings, cost of construction, damages and indemnity shall be assessed upon the land benefited under chapter eighty and whether the remainder, if any, shall be borne by the county, or by the towns in which the parts of the highway are respectively located. The commissioners shall notify each such town of any balance due from such town to the county under this section and may enforce payment as provided in section fifteen.

Section 13. If a highway is not finally laid out, relocated, altered or discontinued, or if specific repairs are not ordered, the expenses of the proceedings shall be paid by the persons who have recognized therefor. If they refuse or neglect, when required by the commissioners, to pay such expenses, such expenses or costs shall be paid by the county; and thereupon the commissioners may collect the same from the persons who so recognized, as provided by section eighteen of chapter thirty-four.

Section 14. If, after a highway has been laid out by the commissioners, a city or town whose duty it is to make such highway, or a part thereof, does not make and complete the same within the time and in the manner prescribed and to the acceptance of the commissioners, they may forthwith cause such highway to be completed as aforesaid, and shall direct the expenses and charges of completing the same to be paid by the county and shall order notice thereof to be given to each delinquent city or town, stating the proportion which it is to pay.
Section 15. If a delinquent city or town does not pay its proportion of such expenses and charges within sixty days after the date of said notice, with interest thereon at the rate of ten per cent a year from the time when the same is paid by the county, the commissioners may, after a hearing, issue a warrant against such city or town for the amount which it was ordered to pay, with interest and the further costs of such notice and warrant, which shall be collected and paid into the county treasury.

Section 16. When a highway which has been laid out, specifically repaired, relocated or altered, is completed, in whole or in part, the commissioners shall view and carefully examine it throughout, and if they find that it has been well made according to their directions, they shall order the proportion of the expense for which the county is liable under section twelve or which has been assessed upon the land benefited to be paid by the county. Said commissioners, before work ordered by them is wholly completed, may pay to the city or town such proportion of the county's share of the expense as they determine, having regard to the amount of work done and the proportion of the expense which they have determined the county shall pay.

PROCEDURE OF CITY AND TOWN OFFICERS IN RESPECT TO HIGHWAYS.

Section 17. The city council of a city and the selectmen or road commissioners of a town may exercise original jurisdiction, concurrent with the county commissioners, of petitions for altering, relocating or making specific repairs upon a highway within the town limits, but except as to such parts thereof as, by such action, become unnecessary for public use, a city or town shall not discontinue any highway or diminish the width thereof, nor shall it assess upon the county any part of the expense of altering, relocating or repairing. The proceedings of cities and towns and their officers hereunder shall be the same as in the laying out of highways or town ways. Nothing in sections seventeen to nineteen, inclusive, shall diminish the powers over highways granted to a city by its charter.

Section 18. Within two weeks after final action relative to the alteration or relocation of a highway or making specific repairs thereon, under the preceding section, the town clerk shall send a certified copy of the record of such final action to the county commissioners, who shall enter it upon their records.

1917, 344, II, § 36, VIII, § 1.

Section 19. An appeal may be taken to the county commissioners from any action under the two preceding sections, and they shall thereupon give a public hearing, with not less than fourteen days' notice thereof, in the manner required in the laying out of highways or town ways and also by publishing in a newspaper a copy of the notice not less than seven days before the hearing. At such hearing the county commissioners may finally decide such appeal.

Section 20. The three preceding sections shall not affect sections fifty-nine to eighty-two, inclusive, of chapter one hundred and fifty-
nine, and sections ninety-five to one hundred and fourteen, inclusive, and section two hundred and fifty-two of chapter one hundred and sixty, relative to railroad corporations and street railway companies.

PROCEDURE OF CITY AND TOWN OFFICERS IN RESPECT TO TOWN WAYS AND PRIVATE WAYS.

SECTION 21. The selectmen or road commissioners of a town or city council of a city may lay out, relocate or alter town ways, for the use of the town or city, and private ways for the use of one or more of the inhabitants thereof; or they may order specific repairs to be made upon such ways; and a town, at a meeting, or the city council of a city, may discontinue a town way or a private way.

SECTION 22. Seven days at least prior to the laying out, relocation or alteration of a town way or private way a written notice of the intention of the selectmen or road commissioners of the town to lay out, relocate or alter the same shall be left by them, at the usual place of abode of the owners of the land which will be taken for such purpose, or delivered to such owner in person or to his tenant or authorized agent. If the owner has no such place of abode in the town and no tenant or authorized agent therein known to the selectmen or if, being a resident in the town, he is not known as such to the selectmen or road commissioners, such notice shall be posted in a public place in the town seven days at least before the laying out, relocation or alteration of such way. This section shall not apply to cities.

SECTION 23. No town way or private way which has been laid out, relocated or altered by the selectmen or road commissioners shall, except as hereinafter provided, be established until such laying out, relocation or alteration, with the boundaries and measurements of the way, is filed in the office of the town clerk and, not less than seven days thereafter, is accepted by the town at a town meeting. This section shall not apply to cities.

SECTION 24. If it is necessary to acquire land for the purposes of a town way or private way which is laid out, altered or relocated by the selectmen, road commissioners or other officers of a town under this chapter, such officers shall within thirty days after the termination of the town meeting at which the laying out, alteration or relocation of such town way or private way is accepted by the town, adopt an order for the taking of such land by eminent domain under chapter seventy-nine or institute proceedings for such taking under chapter eighty A. Any person sustaining damage in his property by the laying out, altera-
Section 25. In a town which accepts the provisions of this section or has accepted corresponding provisions of earlier laws, the selectmen, road commissioners or sewer commissioners may, when a town way is laid out, relocated or altered, enter and lay sewers and water pipes therein before possession is taken for the purpose of constructing such way, in like manner as if it had been actually constructed. Such entry shall not be deemed an entry for the purpose of constructing the way, and until such way has been constructed, sewer assessments shall be levied only upon the estates of persons connecting their drains with such sewers. If such laying out, relocation or alteration becomes void under the provisions of section three of chapter seventy-nine, all sewers or water pipes so laid therein shall be deemed to have been legally laid and placed therein; and damages may be recovered therefor under chapter seventy-nine; and the right to recover the same shall accrue when such laying out, alteration or widening becomes void. This section shall not apply to cities.

Section 26. If the selectmen or road commissioners unreasonably refuse or neglect to lay out, relocate or alter a town way or private way when requested in writing by one or more of the inhabitants of a town, the county commissioners, on the petition in writing of a person aggrieved, filed within one year after such request, may lay out, relocate or alter such way, and may determine its boundaries and measurements, and, if it is necessary to acquire land for the purposes of such way, may take the same by eminent domain on behalf of the town under chapter seventy-nine, and the costs of the proceedings shall be paid by the town. If it is a private way, the damages and costs, or such part thereof,
as the county commissioners consider reasonable, shall be repaid to the town by the persons for whose use it was laid out, relocated or altered, and security for such payment, satisfactory to the county commissioners, shall be given to the town by such persons before the way is entered upon for the purpose of constructing or altering the same.

SECTION 27. If a town unreasonably refuses or delays to accept a town way or private way laid out, relocated or altered by the selectmen or road commissioners, any person aggrieved thereby may within one year thereafter apply by petition in writing to the county commissioners, who, unless sufficient cause is shown against such application, may approve the way as laid out, relocated or altered by the selectmen or road commissioners, and may direct the laying out, relocation or alteration and approval to be recorded by the clerk of such town, which shall have like effect as if accepted by the town.

8 Greenl. 271. 2 Mass. 113. 3 Mass. 188. 9 Met. 423.

SECTION 28. If a town in which a town way or private way has been laid out, relocated, altered or approved in pursuance of the two preceding sections does not make and complete the same in the manner prescribed by the county commissioners, and to their satisfaction, within six months after it has been laid out, relocated, altered or approved, or within the time directed by them, they shall, forthwith, cause such way to be completed, and the expenses, interest and charges thereof shall be determined and paid in the manner provided in sections fourteen and fifteen.

SECTION 29. If the laying out, relocation or alteration of a private way is desired in a town for the use of one or more persons who are not inhabitants thereof, or if the laying out, relocation or alteration of a private way lying partly in one town and partly in another is desired, the county commissioners may cause such way to be laid out, relocated or altered, in the manner provided in section twenty-six.

SECTION 30. Upon the application in writing of a person aggrieved by the refusal of a town to discontinue a town way or private way, the county commissioners may order such way to be discontinued. If a town way has been laid out, relocated or altered by the county commissioners, it shall not within two years thereafter be discontinued, relocated or altered by the town; and if such way has been discontinued by the county commissioners, the town shall not within two years thereafter lay out the same again.

SECTION 31. If an application is made to the county commissioners under sections twenty-six, twenty-seven, twenty-nine or thirty, they may cause a recognizance to be given to the county such as is required in applications for highways; and like proceedings may be had on such recognizance. They shall also cause notice to be given, before they proceed to view or to hear the parties, as in the case of highways.

1 Section 32. When a town way or private way is laid out, relocated or altered by the selectmen or road commissioners or by the county commissioners, they shall in their report or return thereof specify the manner in which such way is laid out, relocated or altered and shall transmit to the town clerk a description of the location and bounds thereof, which shall within ten days be recorded by him in a book kept for that purpose; and no town shall contest the legality of a way laid out by it and accepted and recorded as provided in this chapter. Sections twenty-six to thirty-two, inclusive, shall apply to cities.

1 Section 32A. Upon petition in writing of the board or officers of a town having charge of a public way, the county commissioners may, whenever common convenience and necessity no longer require such a way to be maintained in a condition reasonably safe and convenient for travel, adjudicate that said way shall thereafter be a private way and that the town shall no longer be bound to keep the same in repair, and thereupon such adjudication shall take effect; provided, that sufficient notice to warn the public against entering thereon is posted where such way enters upon or unites with an existing public way. This section shall not apply to ways in cities.

WAYS AND PARTS OF WAYS FOR SPECIAL PURPOSES.

1 Section 33. Cities and towns may lay out footways for the use of the public in the manner provided for the laying out of town ways.

1 Section 34. If the city council of a city, or a town, accepts this section or has accepted the corresponding provisions of earlier laws, the board or officers authorized to lay out highways or town ways may reserve spaces between the side lines thereof for the use of horseback riders, for bicycle paths or for street railways, except such as may be operated by steam, for drains, sewers and electric wires, for trees and grass, and for planting.

1 Section 35. The board or officers authorized to lay out highways or town ways may lay out, construct and maintain bicycle paths under the provisions of law relative to the laying out, construction and maintenance of public ways.

1 Section 36. Whoever trespasses upon bicycle paths named in the two preceding sections by driving thereon with a horse or other animal, except to cross the same, shall be punished by a fine of not more than twenty dollars; but the aldermen or selectmen may prescribe limits within which this section shall not apply.

1 Section 37. If a city by its city council or a town accepts this section or has accepted corresponding provisions of earlier laws, a building line not more than forty feet distant from the exterior line of a highway or town way may be established in the manner provided for laying out ways, and thereafter no structures shall be erected or maintained between such building lines.

building line and such way, except steps, windows, porticos, other usual projections appurtenant to the front wall of a building, embankments, walls, fences and gates, to the extent prescribed in the vote establishing such building line, and except that any structure existing at the time of the establishment of the building line may be permitted to remain and to be maintained to such extent and under such conditions as may be prescribed in the vote establishing such building line. Whoever sustains damage thereby may recover the same under chapter seventy-nine. A building line established under this section may be discontinued in the manner provided for the discontinuance of a highway or town way. Whoever sustains damages by the discontinuance of a building line may recover the same under chapter seventy-nine.

Section 38. The county commissioners, aldermen or selectmen or road commissioners may purchase or select and lay out land within their respective counties, cities or towns, not appropriated to public uses or owned by any other town, from which may be taken materials necessary for the construction, repair or improvement of public ways; and may lay out such ways as they consider necessary for convenient access thereto. All proceedings relative to such land and ways shall be the same as are provided in the laying out of other ways, and if it is necessary to acquire land for the purposes of this section, the same may be taken by eminent domain under chapter seventy-nine.

Filing of petitions.

Section 39. Petitions to the county commissioners relative to highways and town ways may be filed with and the recognizance taken by the clerk of said commissioners, and such filing shall be the commencement of proceedings.

CONSTRUCTION AND MAINTENANCE OF SEWERS AND DRAINS.

1. Section 1. The aldermen of a city or the sewer commissioners, selectmen or road commissioners of a town may lay out all such main drains or common sewers as they adjudge necessary for the public convenience or the public health, in public or private ways or in the land of any person, and may take land by eminent domain under chapter seventy-nine which may be necessary therefor, and may prescribe the manner in which and the materials with which such drains or sewers shall be built; but all such drains or sewers built in public ways shall be built and repaired with brick or stone or in some other substantial manner. They may also lay out particular sewers from common sewers to the boundary of the way. Drains and sewers so laid out shall be built, repaired, maintained and owned by the town.

2. Section 2. Plans and descriptions of all main drains and common sewers belonging to a town, with a true record of the charges of making 1878, 232, § 2.
and repairing said drains and sewers and of all assessments therefor, shall be kept in the office of the town clerk or in such other office of the town as the town by ordinance or by-law may determine.

Section 3. The board or officers of a city or town having charge of the repair and maintenance of sewers may, upon request of the owner of land and payment by him of the actual cost thereof, construct a particular sewer from the street line to a house or building. A town may appropriate money for connecting estates within its limits with common sewers, and no estate shall, in any year in which such an appropriation is made, be connected with a common sewer except in the manner herein-after provided. If bonds or notes are issued to pay the cost of making such connections, the assessments provided for in section twenty-four shall be applied to the payment of such bonds or notes. If the board of health of a town making such appropriation shall order land abutting upon a public or private way in which a common sewer has been laid to be connected with such sewer, or if the owner of such land shall make to the board or officer having charge of the maintenance and repair of sewers application to connect his land with a common sewer, such board or officer shall make such connection.

Section 4. The department of public works, county commissioners, and the officers having charge of highways in any city or town may construct ditches or drains for the purpose of properly draining any highway, and may carry water away from any highway and over or through any land as they may deem necessary for public convenience or for the proper care or construction of such highway, and may purchase or take by eminent domain under chapter seventy-nine, on behalf of the commonwealth, county, city or town, such land or interest therein as may be necessary therefor. Such ditches and drains shall be under the control of said officials, who may enter upon any land for the purpose of constructing, repairing or maintaining the same; but they shall not enter upon or construct any ditches, drains or other works or lay any 12 conduits or pipes or discharge any water within the location of any railroad corporation, except at such time and in such manner as they may agree upon with such corporation, or, in case of failure so to agree, as may be approved by the department of public utilities. The owner or occupant of land through which any ditch or drain has been constructed under this section may, after securing a permit from the officers having control of the ditch or drain, construct and maintain a bridge over the same. The damages sustained by any person in his property by takings or other acts herein authorized may be recovered under chapter seventy-nine. The department, board or officers who have taken an easement under this section may discontinue or abandon the same by filing for record in the registry of deeds a suitable instrument.

Separation, Purification and Disposal of Sewage.

Section 5. In this section surface or storm water and such other waters as shall be specified by the department of public health shall be designated as waters and all other waters and sewage shall be designated as sewage. When a town has provided both a drain for waters
5 and a sewer for sewage in a public way, the owner of every parcel of
6 land abutting on such way or connected with such drain or sewer shall
7 arrange his plumbing so that the waters shall be kept separate from the
8 sewage; and shall make such connections with the drain and sewer re-
9 spectively that the waters shall pass into the drain and the sewage into
10 the sewer in accordance with the directions of the board or officer having
11 charge of the repair and maintenance of sewers in such town.

1 Section 6. A town, with the approval of the department of public
2 health, after a public hearing by said department of all parties inter-
3 ested, of which notice shall be given by publication in one or more
4 newspapers, may purchase land within its limits, or take the same by
5 eminent domain under chapter seventy-nine, for the treatment, purifi-
6 cation and disposal of sewage. Towns or persons owning or operating
7 filter beds or other works for the treatment, purification and disposal of
8 sewage shall provide and maintain works adequate for the treatment of
9 the sewage at all times, and shall operate such works in such manner as
10 will prevent a nuisance therefrom or the discharge or escape of unpurified
11 or imperfectly purified sewage or effluent into any stream, pond or other
12 water, or other objectionable result.

1 Section 7. If the department of public health determines upon
2 examination that a filter bed or other works for the treatment, purifica-
3 tion and disposal of sewage causes the pollution of a stream, pond or other
4 water, or is likely to become a source of nuisance or create objectionable
5 results in its neighborhood by reason of defective construction, inadequate
6 capacity or negligence or inefficiency in maintenance or operation or
7 from other cause, it may issue notice in writing to the town or person
8 owning or operating such works requiring such enlargement or improve-
9 ment in the works or change in the method of operation thereof as may
10 be necessary for the proper maintenance and operation of the works and
11 the efficient purification and disposal of the sewage. If said depart-
12 ment determines after investigation that the unsatisfactory operation
13 of a sewage disposal system is due wholly or partly to the discharge
14 into the system of manufacturing waste or other substance of such
15 character as to interfere with the efficient operation of said works, it
16 may if necessary prohibit the entrance of such waste or other material,
17 or may regulate the entrance thereof into the system, or may require
18 the treatment of such waste or other material in such manner as may
19 be necessary to prevent its interference with the operation of the works.

REGULATIONS AND PENALTIES.

1 Section 8. Whoever digs or breaks up the ground in a public way
2 for the laying, altering or repairing of a drain or sewer, without the
3 written consent of the board or officer having charge of the maintenance
4 and repair of sewers in the town in which such way is situated, shall forfeit
5 five dollars, to the use of such town.

R. L. 49, § 29.

1 Section 9. Whoever, by himself, his agents or servants, deposits
2 in or along any ditch or drain constructed under section four any ma-
3 terial which will obstruct the flow of water therein shall be punished by

Obstruction of ditches.
a fine of ten dollars, and shall be liable in tort to the commonwealth, the county, city or town controlling the ditch or drain for all damages caused thereby, for the cost and expense of removing the obstructing material and of restoring the ditch or drain to its former condition.

Section 10. The aldermen of a city or the sewer commissioners, selectmen or road commissioners of a town may make necessary regulations regarding the use of common sewers to prevent the entrance or discharge therein of any substance which may tend to interfere with the flow of sewage or the proper operation of the sewerage system or disposal works, and may make regulations for the construction and use of particular sewers, and impose penalties not exceeding twenty dollars for their violation.

Section 11. The board of health of a town may require the owner or occupant of any building upon land abutting on a public or private way, in which there is a common sewer, to connect the same therewith by a sufficient drain, and such owner or occupant who fails to comply with such order shall be punished by a fine of not more than two hundred dollars for every day during which such failure continues.

Section 12. If a city council or a town accepts this section or has accepted corresponding provisions of earlier laws, the board of health may require the owner or occupant of an estate which drains into a private drain in a public or private way to put such drain in good repair and condition. If he fails to comply with said order within ten days after notice thereof, he shall be punished by a fine of not more than twenty dollars for every day during which such failure continues.

Section 13. The supreme judicial court and the superior court shall have jurisdiction in equity to restrain the unlawful use of common sewers or the placing or depositing of materials therein or the violation of regulations regarding the use thereof made under section ten, and to enforce the provisions of sections five to seven, inclusive.

SEWER ASSESSMENTS.

Section 14. A person who enters his particular drain into a main drain or common sewer, or who by more remote means receives benefit thereby for draining his land or buildings, shall pay to the town a proportional part of the charge of making and repairing the same, and of the charge, not already assessed, of making and repairing other main drains and common sewers through which the same discharges, which shall be ascertained, assessed and certified by the aldermen, sewer commissioners, selectmen or road commissioners.

Section 15. The city council of a city or a town may adopt a system of sewerage for a part or the whole of its territory, and may provide
3 that assessments under section fourteen shall be made upon owners of
4 land within such territory by a fixed uniform rate, based upon the esti-
mated average cost of all the sewers therein, according to the frontage
5 of such land on any way in which a sewer is constructed, or according
6 to the area of such land within a fixed depth from such way, or according
7 to both such frontage and area; but no assessment in respect to any
8 such land, which by reason of its grade or level or any other cause can-
not be drained into such sewer, shall be made until such incapacity is
9 removed. If the assessment is according to the area within such fixed
10 depth, the lien therefor shall attach to the parcel assessed.

1 Section 16. The aldermen of any city except Boston or the sewer
2 commissioners, selectmen or road commissioners of a town, may from
3 time to time establish just and equitable annual charges for the use of
4 common sewers, which shall be paid by every person who enters his
5 particular sewer therein. The money so received may be applied to the
6 payment of the cost of maintenance and repairs of such sewers or of any
7 debt contracted for sewer purposes.

1 Section 17. The aldermen of any city except Boston or a town in
2 which main drains or common sewers are laid may determine that a
3 person who uses such main drains or common sewers in any manner,
4 instead of paying an assessment under section fourteen, shall pay for the
5 permanent privilege of his estate such reasonable amount as the alder-
6 men or the sewer commissioners, selectmen or road commissioners shall
7 determine.

1 Section 18. The city council of a city or a town which itself is, or
2 the officers of which are, entitled, under sections fourteen to seventeen,
3 inclusive, or under any special act, to assess upon land the whole or a
4 part of the cost of laying, making, maintaining or repairing main drains
5 or common sewers, may determine that such assessments shall be made
6 by two or more of the methods provided in said sections or special acts,
7 and may determine what part of the expense or estimated average cost
8 shall be paid under each method.

1 Section 19. The aldermen of a city or the sewer commissioners,
2 selectmen or road commissioners of a town may extend the time for the
3 payment of such assessments upon land which is not built upon until
4 it is built upon or for a fixed time; but interest at a rate not less than
5 the town pays upon any loan for sewer purposes shall be paid annually
6 upon the assessment from the time it was made, and the assessment
7 shall be paid within three months after such land is built upon or at the
8 expiration of such fixed time.

1 Section 20. The owners of land or parts thereof not liable to assess-
2 ment, or not in fact assessed, may use the common sewers for the dis-
3 posal of their sewage from such land only on payment of such reasonable
4 amount as the aldermen or the sewer commissioners, selectmen or road
5 commissioners shall determine.
SIDewAlks.

SECTION 21. If land abuts upon more than one way, assessments for sewers based wholly or in part upon frontage shall be assessed upon the frontage upon one such way and upon so much of the frontage upon such other way as is not exempted by the board whose duty it is to make the assessment; and such board may exempt from assessment so much of the frontage upon such other way as they consider just and equitable.

SECTION 22. If an ordinance or by-law provides that any drain or sewer laid in any land or way, public or private, which is opened or proposed to be opened for public travel and accommodation shall be a main drain or common sewer, and such drain or sewer is laid in a private way or land at the expense of the owner thereof, his land shall not be assessed for such drain or sewer, except for the cost of connecting it with common drains or sewers already established.

SECTION 23. This chapter shall not prevent a town from providing, by ordinance or otherwise, that a part of the expense of laying out, constructing, maintaining and repairing main drains or common sewers shall be paid by such town; and any city except Boston and any town adopting a system of sewerage which had not, prior to May sixth, eighteen hundred and ninety-two, actually levied assessments for the cost of such system shall pay such portion, not less than one quarter nor more than two thirds, of the cost of laying out, constructing, maintaining and repairing the common sewers as the city council or the sewer commissioners, selectmen or road commissioners may determine.

SECTION 24. The owner of any land benefited by the laying out of a particular sewer from the common sewer to the boundary of the way shall pay to the town for the permanent privilege of using the same such reasonable amount as the aldermen or the sewer commissioners, selectmen or road commissioners determine, which may be fixed at the estimated average cost of all such particular sewers within the territory for which a system of sewers has been built or adopted. The board or officers authorized to lay out sewers shall assess the cost of connecting private land with a common sewer under section three upon the land so connected, and may require that an applicant for a connection of his land with a sewer shall pay in advance an amount equal to the estimated assessment therefor, which shall be applied to the payment of the assessment, and the remainder, if any, shall be repaid to the applicant.

SECTION 25. The aldermen of a city or the selectmen or road commissioners of a town may, in their judgment the public convenience so requires, establish sidewalks in the public ways thereof and determine the grade of each such sidewalk and the materials with which it shall be constructed, and may order the reconstruction of existing sidewalks. No such sidewalk shall be dug up or obstructed without the consent of the board or officer having charge of the maintenance and repair of public ways in a city, or the selectmen or road commissioners in a town.
1 Section 26. In the order for the construction of a new sidewalk or
2 the reconstruction of a sidewalk with material of more permanent
3 character than that with which it was originally constructed, the board
4 making the order may provide for the assessment of a reasonable amount,
5 not exceeding one half the cost, upon the abutting estates. If an ordi-
6 nance or by-law so provides, the total assessed upon any individual
7 estate shall not exceed one per cent of the value thereof as fixed by the
8 last preceding annual assessment for taxes.

GENERAL PROVISIONS RELATING TO ASSESSMENTS.

1 Section 27. Whenever the aldermen of a city or the sewer commis-
2 sioners, selectmen or road commissioners of a town lay out or determine
3 to construct a sewer or drain in a public way, or in a way opened or
4 dedicated to the public use which has not become a public way, or adopt
5 an order for the establishment or reconstruction of a sidewalk for such
6 a way, and assessments may be made or charges imposed under this
7 chapter for the construction of such improvement or the use thereof,
8 they shall forthwith cause to be recorded in the registry of deeds of the
9 county or district in which such city or town is situated a statement of
10 their action, which shall specify the ways in which such sewer, drain or
11 sidewalk is located. All assessments made or charges imposed under
12 this chapter upon any land which abuts upon any such way in which
13 such sewer, drain or sidewalk is located shall constitute a lien upon such
14 land from the time such statement is recorded.

273 Mass. 303.

1 Section 28. The provisions of chapter eighty relative to the appor-
2 tionment, division, reassessment, abatement and collection of assess-
3 ments, and to interest, shall apply to assessments made under this
4 chapter.

CHAPTER 84.

REPAIR OF WAYS AND BRIDGES.

Sect. 1. Highways and town ways shall, unless otherwise provided, be kept in repair at the expense of the town in which they are situated, so that they may be reasonably safe and convenient for travelers, with their horses, teams and carriages at all seasons.

Sect. 2. If two or more towns within the same county which are required by law to maintain or keep in repair a bridge upon a highway or town way, differ as to the mode or time of doing the same, the county commissioners, upon application of either of said towns, after notice to all parties interested and a hearing, may pass such orders relative to the maintenance and repair of such bridge as in their opinion the public good may require.

Sect. 3. If any town does not comply with any orders passed by the county commissioners under the preceding section, within the time and in the manner prescribed in such orders and to the acceptance of the commissioners, the commissioners shall forthwith cause such bridge...
5 to be completed in accordance with such orders and shall direct the
6 expenses and charges of completing the same to be paid in the first
7 instance by the county, and shall order notice thereof to be given to the
8 delinquent town, stating the proportion which it is to pay.

1 Section 4. If a delinquent town does not pay its proportion of such
2 expenses and charges within sixty days after the date of such notice,
3 with interest at a rate to be fixed by the county commissioners, not
4 exceeding ten per cent a year from the time when the same was paid by
5 them, the commissioners, after a hearing, may issue a warrant against
6 such town for the amount which it was ordered to pay, with interest and
7 further costs of such notice and warrant, which shall be collected and
8 paid into the county treasury.

1 Section 5. When a highway runs through two or more towns, they
2 may appropriate money for the construction, repair, maintenance or
3 improvement thereof in common, and may purchase road machinery
4 therefor in common. Money so appropriated shall be expended by
5 such persons and in such manner as the towns concerned shall agree
6 upon.

1 Section 6. Any public way which has been spread with tar, oil or
2 similar substance, shall, within three hours thereafter, be covered with
3 sand, gravel, peastone or other similar material in such manner as to
4 render the way safe for travel. But such way may be so treated without
5 being so covered if the tar, oil or other similar substance is first applied
6 to not more than one half of the traveled width of the way, and such
7 portion becomes safe for travel before the remaining part of the way is
8 similarly treated, or if there is a reasonably safe and convenient alternate
9 route or detour which has not been so treated, or if so treated has been
10 rendered safe for travel as herein provided. Violation of any provision
11 of this section shall be punished by a fine of not less than ten nor more
12 than one hundred dollars.

1 Section 7. Surveyors of highways and road commissioners shall
2 remove whatever obstructs the public ways within their respective
3 towns or districts, or endangers, hinders or incommodes persons travel-
4 ing thereon; and shall forthwith cause snow to be removed or trodden
5 down so as to make such ways reasonably safe and convenient. If a
6 town neglects to vote a sufficient amount for the proper repair of ways
7 therein, or does not otherwise effectually provide therefor, each sur-
8 veyor, in his district, or the road commissioners, may employ persons
9 to make such repairs, who shall be paid by the town; and towns may
10 authorize their surveyors or road commissioners or any other person to
11 enter into contracts for making or repairing the ways therein.

Section 8. No surveyor, road commissioner or other person shall, without an order from the board of health, remove or take down fences, gates or bars which have been placed on a way for the purpose of preventing the spread of a disease dangerous to the public health.

Section 9. A surveyor or road commissioner may cause a water-course occasioned by the wash of a way to be conveyed by the side of the way; but the aldermen or selectmen, upon complaint of a person whose building has been incommoded or whose business has been obstructed thereby, may, after a view, order the surveyor or road commissioner to make alterations in such work.

15 Gray, 486.

Section 10. The selectmen or road commissioners may enter upon, use or survey or take by eminent domain under chapter seventy-nine any land they may deem necessary for the purpose of securing or protecting a public way; and any person thereby injured in his property and any owner of land adjoining a way who has sustained damage in his property by an act done for the purpose of repairing the way may recover such damages under chapter seventy-nine.

State aid for keeping highways open in winter. 1920, 188, §§ 1-3. 1923, 482, § 2.

Section 11. The department of public works may co-operate with the proper officers of cities, towns and counties in keeping open and reasonably passable for vehicles during the winter months such highways as may be selected by said department, having regard to the importance thereof for commercial uses and the co-operation and aid to be rendered by cities, towns and counties and persons in carrying on this work, and for this purpose may expend such sums as may be annually appropriated therefor and may accept financial or other assistance from any city, town, county or person; provided, however, that the work carried on under this section shall be supplemental to work undertaken and performed by cities and towns under other provisions of law, and that nothing in this section shall render the commonwealth liable for damages for which it is not liable under other provisions of law or relieve cities or towns from keeping their highways clear from ice and snow as required by other provisions of law.

Section 11A. When a public way other than a state highway has been constructed or improved in whole or in part by aid of money contributed by a county, the said way shall be kept and maintained in good repair and condition by the town in which the same lies, but the county may aid in such maintenance, and for such purpose the county commissioners may grant sums of money from the county treasury to be paid to the
7 town to aid in such repairs as the commissioners may order. Such money
8 may be paid to the town from time to time as the work progresses to the
9 extent that the commissioners are satisfied that the same is being done in
10 accordance with their directions. Such grants or contributions shall not
11 render a county liable for defects in any way or for damages to persons
12 traveling thereon, and when the work of repair or maintenance for which
13 such grants or contributions are made is completed there shall be no
14 further obligation on the part of the county as to the repair or mainte-
15 nance thereof until a further grant or order is made by the county commis-
16 sioners for such purposes.

PRIVATE WAYS AND BRIDGES.

1 Section 12. If four or more persons are the proprietors and rightful
2 occupants of a private way or bridge, and three of them make application
3 in writing to a justice of the peace to call a proprietors' meeting, the justice
4 may issue his warrant therefor, stating the time, place and purpose of
5 the meeting. The warrant shall be posted in a public place of the town
6 in which such way or bridge is situated, seven days at least before the
7 time appointed for the meeting. The proprietors and occupants so
8 assembled shall choose a clerk and surveyor, who shall be sworn. They
9 may determine the manner of calling future meetings, what repairs of
10 the way or bridge are necessary and the proportion of money and of labor
11 and materials to be furnished by each proprietor and occupant for such
12 repairs. The surveyor shall have the same powers with respect to such
13 way or bridge as are exercised by surveyors of highways.

1 Section 13. A proprietor or occupant who refuses or neglects to
2 comply with such vote, when required by the surveyor, shall be liable
3 to him in contract for the amount of his proportion, with ten per cent
4 interest thereon. If a person chosen clerk or surveyor under the pre-
5 ceding section refuses or neglects to accept that trust and take the oath,
6 he shall forfeit five dollars. Damages and forfeitures recovered under
7 this section shall be applied to the use of the proprietors for repairing
8 said way or bridge.

1 Section 14. The proprietors and occupants may, at a meeting for
2 that purpose, authorize any person to contract for making and keeping
3 in repair such private way or bridge, may vote to raise such amount as
4 they consider necessary for carrying such contracts into effect; and may
5 choose assessors, who shall assess each proprietor and occupant for his
6 proportion of such amount according to his interest in such way or bridge,
7 and shall deliver the lists of such assessments to the surveyor, with proper
8 warrants of distress, in substance as is prescribed by law for collection of
9 town taxes, and the surveyor may levy and collect such taxes in the
10 same manner as collectors of taxes are empowered to collect taxes. If a
11 surveyor neglects or refuses to pay over according to the direction of
12 his warrant the moneys so collected, he shall be liable to such proprietors
13 or occupants in contract for the amount collected, together with twenty
14 per cent interest in addition thereto.
DAMAGES FOR DEFECTS IN WAYS.

SECTION 15. If a person sustains bodily injury or damage in his property by reason of a defect or a want of repair or a want of a sufficient railing in or upon a way, and such injury or damage might have been prevented, or such defect or want of repair or want of railing might have been remedied by reasonable care and diligence on the part of the county, town or person by law obliged to repair the same, he may, if such county, city, town or person had, or by the exercise of proper care and diligence, might have had reasonable notice of the defect or want of repair or want of a sufficient railing, recover damages therefor from such county, city, town or person; but he shall not recover from a county, city or town more than one fifth of one per cent of its state valuation last preceding the commencement of the action nor more than four thousand dollars; nor shall a county, city or town be liable for an injury or damage sustained upon a way laid out and established in the manner prescribed by statute until after an entry has been made for the purpose of constructing the way, or during the construction and repairing thereof, provided that the way shall have been closed, or other sufficient means taken to caution the public against entering thereon. No action shall be maintained under this section by a person the combined weight of whose carriage or vehicle load exceeds six tons.

No liability if load of excessive weight.

SECTION 16. If a person, without the consent of the county, city, town or person required by law to keep a bridge in repair or his or its agent, permits more than twenty neat cattle or horses to be upon a bridge.
Section 17. A county, city or town shall not be liable for an injury
or damage sustained upon a public way by reason of snow or ice thereon,
if the place at which the injury or damage was sustained was at the time
of the accident reasonably safe and convenient for travelers.

1 Section 18. A person so injured shall, within ten days thereafter,
if such defect or want of repair is caused by or consists in part of snow
or ice, or both, and in all other cases, within thirty days thereafter, give
notice of the time, place and cause of the said injury or damage.

12 Section 19. Such notice shall be in writing, signed by the person
injured or by some one in his behalf, and may be given, in the case of a
county, to one of the county commissioners or the county treasurer;
in the case of a city, to the mayor, the city clerk or treasurer; in the case
of a town, to one of the selectmen or to the town clerk or treasurer. If
the person injured dies within the time required for giving the notice,
his executor or administrator may give such notice within thirty days
after his appointment. If by reason of physical or mental incapacity
it is impossible for the person injured to give the notice within the time
required, he may give it within ten days after such incapacity has been
removed, and if he dies within said ten days his executor or administrator may give the notice within thirty days after his appointment. Any form of written communication signed by the person so injured, or by some person in his behalf, or by his executor or administrator, or by some person in behalf of such executor or administrator, which contains the information that the person was so injured, giving the time, place and cause of the injury or damage, shall be considered a sufficient notice.

Section 20. A defendant shall not avail himself in defence of any omission to state in such notice the time, place or cause of the injury or damage, unless, within five days after receipt of a notice, given within the time required by law and by an authorized person referring to the injuries sustained and claiming damages therefor, the person receiving such notice, or some person in his behalf, notifies in writing the person injured, his executor or administrator, or the person giving or serving such notice in his behalf, that his notice is insufficient and requests forthwith a written notice in compliance with law. If the person authorized to give such notice, within five days after the receipt of such request, gives a written notice complying with the law as to the time, place and cause of the injury or damage, such notice shall have the effect of the original notice, and shall be considered a part thereof.

Section 21. The three preceding sections, so far as they relate to notices of injuries resulting from snow or ice, shall apply to actions against persons founded upon the defective condition of their premises, or of adjoining ways, when caused by or consisting in part of snow or ice; provided, that notice within thirty days after the injury shall be sufficient, and that if by reason of physical or mental incapacity it is impossible for the injured person to give the notice within thirty days after the injury, he may give it within thirty days after such incapacity has been removed, and in case of his death without having been for thirty days at any time after his injury of sufficient capacity to give the notice, his executor or administrator may give the notice within thirty days after his appointment. Such notice may be given by posting it in a conspicuous place on said premises and by leaving it with any person occupying the whole or any part of said premises, if there be such a person, and no such notice shall be invalid by reason of any inaccuracy or misstatement in respect to the owner’s name if it appears that such error was made in good faith and did not prevent or unreasonably delay the owner from receiving actual notice of the injury and of the contention that it occurred from the defective condition of his premises or of a way adjoining the same.

Except as otherwise provided in section two, every city and town shall erect and maintain on the ways therein, except state highways and ways under the control of the metropolitan district commission, at such places as are convenient for the direction of travelers and at forks or intersections of ways which lead to adjoining cities or towns, direction signs, upon which shall be stated the name of the city, town or place to which each such way leads, and the distance to the same.

Section 2. The department of public works, in this chapter called the department, shall erect and maintain on state highways and on ways leading thereto, and on all main highways between cities and towns, such direction signs, warning signs or lights, curb, street or other traffic markings, mechanical traffic signal systems and similar devices as it may deem necessary for promoting the public safety and convenience. No such signs, lights, markings, signal systems or devices shall be erected or maintained on any state highway by any authority other than said department except with its written approval as to location, shape, size and color thereof and except during such time as said approval is in effect. No rule, regulation, order, ordinance or by-law of a city or town hereafter made or promulgated relative to or in connection with
Section 3. When the name of any public way, place or section, or
of any public park, is changed by the board or officer having jurisdiction
thereof, if the name changed has been in use for twenty-five years or
more, there shall be a right of appeal from such action to the depart-
ment. Said appeal shall be taken within thirty days after such change,
and shall be by petition of at least twenty-five inhabitants of the town
in which such change has been made, requesting the reversal of such
action. Notice of the filing of such petition shall forthwith be filed by
the department in the office of the clerk of the town in which the change
has been made, and upon the filing of such petition, a public hearing
shall be given by said department, after such public notice as it shall
determine, and unless the department shall approve of such change, the
same shall be of no effect.

Section 3A. No way in any city or town which is open for public
use but has not become a public way shall be given a name unless the
same is first approved by its board of survey, or, if there is no such board,
its board of aldermen or board of selectmen.

Section 3B. When any way in a city or town which is open for pub-
lic use but has not become a public way is known by a name, identical
with the name of another such way or of a public way in the same city
or town, or so similar thereto as, in the opinion of its board of survey, or,
if there is no such board, its board of aldermen or board of selectmen,
lead to confusion, said board, after a public hearing thereon of which
notice shall be given in the manner provided in section seventy-four of
chapter forty-one, may by order change the name of either such way
which has not become a public way. Said board shall cause to be placed
on each way, the name of which is changed hereunder, at or near each
point where any other way enters or unites with it, a suitable sign bear-
ing the name of such way as changed and stating that it is not a public
way, and shall cause to be filed in the registry of deeds of the district
in which such way is located, and also in case such way is in a city, in
the office of the city engineer or, in case it is in a town, in the office of
the town clerk, a copy of the order effecting such change signed by the
chairman of the board ordering the same. Nothing in this or the pre-

Section 4. A person owning or occupying land adjoining a public way in a town may construct a sidewalk within such way and along the line of such land, indicating the width of such sidewalk by trees, posts or curbstones set at reasonable distances apart, or by a railing; and, if a sidewalk is so constructed, whoever rides or drives a horse or team upon and along the same shall forfeit one dollar, to be recovered by such owner or occupant in tort. But this section shall not affect the authority of surveyors of highways or of road commissioners, or any other authority which can legally be exercised over ways, or diminish the liability of any person for unreasonably obstructing ways, nor shall it apply to cities.

Section 5. Cities by ordinance and towns by by-laws may provide for the removal of snow and ice from sidewalks within such portions of the city or town as they consider expedient by the owner or occupant of land abutting upon such sidewalks. Such ordinances and by-laws shall determine the time and manner of removal and shall affix penalties, not exceeding fifty dollars in the case of a city or ten dollars in the case of a town, for each violation thereof.

Section 6. Any town which accepts this section or has accepted corresponding provisions of earlier laws, may cause the snow and ice to be removed from its permanent sidewalks constructed of brick, stone, cement, concrete or asphalt, and may provide that the assessors may assess upon the estates abutting on said sidewalks, from which snow or ice has thus been removed, the whole or any part of the cost of such removal; and the provisions of chapter eighty relative to the abatement and collection of betterments shall apply to such assessments.

Section 7. Any person, or the agent of any person, owning an estate abutting on any sidewalk aforesaid, may, on or before November first in any year, procure the exemption of such estate from the assessment aforesaid for the following year by a stipulation in writing with the selectmen that he will remove snow and ice from the sidewalk on which the estate abuts, at such time and in such manner as the selectmen or road commissioners shall direct; and if he fails to fulfil his stipulation the assessment above provided for shall be made and collected as if no such stipulation had been made.

Section 8. The municipal board or officer having charge of the laying out of public ways may grant permits for the placing and maintaining of signs, advertising devices, clocks, marquees, permanent awnings and other like structures projecting into or placed on or over public ways in its town, and may fix the fees therefor, not exceeding one dollar for any one permit, and may make rules and regulations relating thereto, and prescribe the penalties for a breach of any such rules and regulations, not exceeding five dollars for each day during which any such structure is placed or maintained contrary to the rules and regulations so made, after five days' notice to remove the same has been given by such board or officer, or by a police officer of the town. All such structures shall be constructed, and, when attached to a building, shall be connected there-
13 with, in accordance with the requirements of the inspector of buildings, 
14 building commissioner or other board or officer having like authority 
15 in the town.

1 Section 9. The preceding section shall not apply to signs or other 
2 structures projecting into or over the way a distance of less than six 
3 inches, nor to poles, wires, conduits, and appurtenances of railroad, rail-
4 way, telegraph and telephone, water, gas, electric light, heat and power 
5 companies.

1 Section 10. Towns may make ordinances and by-laws to prevent 
2 the pasturing of cattle or other animals, either with or without a keeper; 
3 relative to the passage and driving of sheep, swine and neat cattle; pro-
4 hibiting persons from riding or driving beasts of burden, carriage or 
5 draught, at a rate of speed inconsistent with public safety or convenience; 
6 regulating the passage of street cars, or other vehicles, or the use of sleds 
7 for coasting; regulating and controlling persons who frequent public 
8 places playing on hand organs, drums, trumpets or other musical instru-
9 ments, upon or through any public way, and may affix penalties of not 
10 more than twenty dollars for each violation thereof. They may, by 
11 ordinance or by-law, regulate the transportation of the offal of slaughtered 
12 animals upon or through any public way and affix a penalty of not more 
13 than one hundred dollars for each violation thereof.

1 Section 10A. Selectmen in towns, and the aldermen or other board 
2 or officer having charge of ways in cities, may by regulation designate 
3 certain ways or parts of ways, other than state highways, upon which 
4 and the hours during which coating may be permitted and may in like 
5 manner regulate the use of such ways by vehicles during such hours.

1 Section 11. Whoever violates an ordinance or by-law prohibiting 
2 persons from riding or driving at a rate of speed inconsistent with public 
3 safety or convenience may be arrested without a warrant by an officer 
4 authorized to make arrests and kept in custody not more than twenty-
5 four hours, Sunday excepted; and within such time he shall be brought 
6 before a proper magistrate and proceeded against according to law.

1 Section 12. No ordinance, by-law or regulation relative to the use 
2 of bicycles or tricycles shall be made by a city or town, except that the 
3 city council or selectmen may by general regulations authorize the use 
4 of velocipedes or similar machines by children on the sidewalks of a 
5 public way, square or park; but the mayor of a city or the selectmen of 
6 a town may, in their discretion, upon special occasions and subject to 
7 reasonable conditions, grant permits to persons to ride bicycles or tri-
8 cycles during a specified time and upon specified portions of the public 
9 ways at any rate of speed.

1 Section 13. Whoever, without such a permit, rides a bicycle in or 
2 upon a public way, square or park or land or driveway appurtenant to 
3 a public reservoir, at a rate of speed exceeding ten miles an hour, or 
4 rides it in or upon any such place without a suitable alarm bell adapted

ished by a fine of not more than twenty dollars, and shall be further liable for all damages occasioned to any persons thereby; provided that proceedings for the enforcement of such penalty shall be commenced not later than sixty days after the offence is committed.

SECTION 14. The term “sidewalk”, as used in the two preceding sections, shall mean a sidewalk laid out as such by a city, town or district, and any walk which is reserved by custom or specially prepared for the use of pedestrians. It shall not include crosswalks, or footpaths on ways lying outside of the thickly settled parts of cities and towns which are worn only by travel and are not improved by such cities or towns or by abutters. The terms “bicycle” and “tricycle”, as used in said sections, shall include all vehicles propelled by foot or hand power of the person riding them. The terms “park” and “square”, as used in said sections, shall not include any spaces under the control of park commissioners, or of a park board or a park department of a city or town having power to make regulations relative to such spaces, and the said sections shall not abridge the powers of such commissioners, board or department, except that they or it shall make no regulations requiring the display of a lamp or lantern upon a bicycle, and such regulation whenever made shall be void.

SECTION 14A. A funeral procession of not more than ten vehicles shall have the right, except on Sundays and legal holidays, to use any parkway, boulevard or other public way to the same extent and subject to the same regulations and restrictions as vehicles commonly known as pleasure vehicles.

SECTION 15. Every vehicle, whether stationary or in motion, on any public way, shall have attached to it a light or lights which shall be so displayed as to be visible from the front and the rear during the period from one half an hour after sunset to one half an hour before sunrise; provided, that this section shall not apply to any vehicle which is designed to be propelled by hand, or to any vehicle designed for the transportation, as its principal freight, of hay or straw while loaded with such freight, and that upon the written application of the owner of a vehicle and the presentation of reasons therefor the department may, in writing, in such form and subject to such requirements as it may elect, and without expense to the applicant, exempt said vehicle from the provisions of this section for such period of time as said department may elect.

SECTION 16. Every person shall while driving or in charge of or occupying a vehicle during the period from one hour after sunset to one hour before sunrise, when requested by a police officer, give his true name and address.

SECTION 17. Whoever violates any of the provisions of the two preceding sections shall be punished by a fine of not more than five dollars. The driver or custodian of a vehicle shall be deemed to be the party responsible therefor and shall be liable to the foregoing penalty. The two preceding sections shall not apply to motor vehicles.
1 Section 17A. Whoever, for the purpose of soliciting any alms, contribution or subscription or of selling any merchandise, except newspapers, or ticket of admission to any game, show, exhibition, fair, ball, entertainment or public gathering, signals a moving vehicle on any public way or causes the stopping of a vehicle thereon, or accosts any occupant of a vehicle stopped thereon at the direction of a police officer or signal man, or of a signal or device for regulating traffic, shall be punished by a fine of not more than fifty dollars.

1 Section 18. No person shall move a building in a public way without written permission from the selectmen or road commissioners, to be granted upon such terms as in their opinion the public safety may require; and the superior court shall have jurisdiction in equity to enjoin this section.

200 Mass. 101, 175.

1 Section 19. Whoever leads or drives a bear or other dangerous wild animal or causes it to travel upon or be conveyed over a public way unless properly secured in some covered vehicle or cage shall be punished by a fine of not less than five nor more than twenty dollars. Any such animal which is found upon a public way not so secured or eaged may be killed by a sheriff, constable or police officer.

1 Section 20. The county commissioners may establish by-laws regulating the speed at which persons may ride or drive over any bridge in their county which has cost not less than one thousand dollars and which was constructed or is maintained in whole or in part by said county, except bridges controlled by the commonwealth, and may affix penalties not exceeding two dollars for a breach thereof.

1 Section 21. A town may establish ordinances or by-laws to prohibit persons from riding or driving horses at a rate faster than a walk over any bridge within its limits which has cost not less than five hundred dollars, and may affix penalties not exceeding one dollar for a breach thereof.

1 Section 22. The proprietors of an incorporated bridge may make by-laws to prohibit persons from riding or driving horses over such bridge at a rate faster than a walk; and may affix penalties not exceeding two dollars for each offence, to be recovered to the use of the corporation.

R. L. 52, § 20. 7 Gray, 457.

1 Section 23. The governor, with the advice and consent of the council, may make by-laws for the regulation of travel on ways belonging to the commonwealth. Whoever violates any such by-law shall be punished by a fine of not more than fifty dollars.

1 Section 24. No person shall be liable to penalty under the four preceding sections for violation of a by-law relating to travel on a bridge, unless a white board containing in black letters the substance of said by-law is kept posted in a conspicuous place at each end of the bridge.

Regulation of speed on state ways. 1864, 163, §§ 1, 2.
SECTION 25. District courts and trial justices, in the towns in which the bridge terminates, shall have jurisdiction of complaints for the violation, on such bridges, of the five preceding sections.

SECTION 26. The department, county commissioners or any city or town in which a draw for the passage of vessels through a bridge used as a way and maintained at the public expense is situated, whichever has control of said bridge, may make ordinances or by-laws regulating the passage of vessels through such draw, not inconsistent with the regulations of the United States on tide water bridges, and may affix penalties not exceeding fifty dollars for each violation thereof; but no such ordinance or by-law shall take effect until approved by the department.

SECTION 27. When such ordinances or by-laws have been approved, the department, county commissioners or the city or town shall place said draw under the direction of a suitable draw tender, and shall post a copy of such ordinances or by-laws in some conspicuous place near by. Such draw tender shall have full control of the passing of vessels through the draw, shall furnish all facilities for such passing, shall allow no detention, having due regard for the public travel, and shall enforce the ordinances or by-laws aforesaid.

SECTION 28. If a vessel, through the negligence of the persons having it in charge, or through their neglect to comply with such ordinances or by-laws, or disregard of the directions of such draw tender, injures a bridge or draw, or a pier or wharf connected therewith, the owner of such vessel shall be liable to the individual or body politic or corporate having control of said bridge, for the damage, to be recovered in tort.

SECTION 29. Such draw tender may remove a vessel which obstructs such draw, or interferes with the passage of other vessels through the same, or is made fast, without his consent, to such draw or bridge or to a pier or wharf connected therewith, or the persons in charge of which willfully violate any such ordinance or by-law; and the expense of such removal may be recovered by the commonwealth, county, city or town.

SECTION 30. No vehicle shall travel or object be moved, on any public way, which has any device attached to or made a part of its wheels or the rollers or other supports on which it rests, which will injure the surface of the way; nor shall any vehicle travel or object be moved, on any public way, which weighs more than fourteen, or, in case of a vehicle equipped with pneumatic tires, more than fifteen, or, in case of a semi-trailer unit, whether or not so equipped, more than twenty, tons, without a permit from the board or officer having charge of such way, or, in case of a way determined by the department of public works to be a through route, from the commissioner of public works; provided, that a vehicle having three axles, of a type other than a semi-trailer unit, when operated on such through routes, may weigh more than fourteen, or, in case of such a vehicle equipped with pneumatic tires, more than fifteen, tons, but not more than twenty tons except when operated under a permit from said commissioner. No vehicle shall travel or object be moved on any public way, outside of the metropolitan parks or sewerage districts, the weight of which resting on the surface of such way exceeds eight hundred pounds.
18 upon any inch of the tire, roller or other support, without such a permit.
19 Such a permit may limit the time within which it shall be in force and the
20 ways which may be used and may contain any provisions or conditions
21 necessary for the protection of such ways from injury. If, in the opinion
22 of the board or officer having charge of any public way, the travel or
23 moving thereon at any season of the year of any vehicle or object which
24 weighs more than ten thousand pounds would cause injury to such way
25 more serious than the ordinary wear and tear which the type of construc-
26 tion of such way is designed to withstand, such board or officer may by
27 regulation prohibit such vehicle or object from passing over such way
28 during such season without a permit therefor. All such regulations shall,
29 when affecting ways which are determined by the department of public
30 works to be through routes, be subject to the approval of such depart-
31 ment. Such regulations shall be published and shall take effect as pro-
32 vided in case of rules and orders under section twenty-two of chapter
33 forty and shall be posted in a conspicuous place at both ends of the part
34 of said way from which traffic is prohibited thereby. Any person driving,
35 operating or moving a vehicle or object in violation of this section or of
36 any regulation adopted hereunder, or the owner thereof, shall be liable
37 in tort to the body politic or corporate having charge of the way for any
38 injury to the way thereby caused. All the aforesaid limitations as to
39 weight shall be inclusive of the load.

1 Section 31. No traction engine, with or without trailers, and no
2 motor truck which with its load weighs more than four tons shall be op-
3 rated upon any public way at a speed greater than fifteen miles an
4 hour; and no vehicle which with its load weighs more than four tons
5 shall travel upon any such way at a speed greater than four miles an
6 hour when equipped with metallic tires, nor greater than twelve miles
7 an hour when equipped with tires of rubber or other similar substance.
8 The board or officer having charge of any bridge may make regulations
9 prohibiting any vehicle to which this or the preceding section applies
10 from passing over such bridge at a speed greater than six miles an hour,
11 which shall be in force if conspicuously posted at each end of such bridge
12 with a statement of the load capacity of such bridge.

1 Section 32. Any person violating any provision of the two preced-
2 ing sections or the regulations made or permits granted under authority
3 thereof shall be punished by a fine of not more than one hundred dollars,
4 to be paid to the commonwealth when state highways are injured, and
5 to the county, city or town when any public way is injured which is
6 under the care of said county, city or town, for use on the public ways
7 of said county, city or town.

1 Section 33. Nothing in the three preceding sections shall affect the
2 liability of the commonwealth or of any county, city or town to pay for
3 any damage or injury to any person or property.
4
5 Section 34. Except as otherwise provided in the following section,
6 the department, person or local authorities having control of any bridge
7 on any road may maintain notices at each end of such bridge legible at a
8 distance of fifty feet, stating the maximum weight of vehicle with load
9 which the bridge will safely carry to be six tons or over.
Section 35. No bridge on a public highway having a span in excess of ten feet, except a bridge constructed under the provisions of chapter one hundred and fifty-nine, shall be constructed or reconstructed by any county or town except in accordance with plans and specifications therefor approved by the department. Said department shall approve or alter to meet its approval all such plans submitted to it and shall determine the maximum load which any such bridge may safely carry, and the department or the local authorities having control of such bridge may maintain notices at each end thereof, legible at a distance of fifty feet, stating the maximum weight of vehicle with load which the bridge will safely carry. The owner of a vehicle operated on any bridge posted under this or the preceding section shall be responsible for all damage resulting therefrom if the weight of the vehicle and load exceeds the maximum load as posted under this or the preceding section, as the case may be, and the amount of the damage may be recovered in an action at law by the person or authorities charged with the maintenance of the bridge. Any person operating a vehicle, the weight of which with its load exceeds the maximum weight as posted under this or the preceding section, that causes damage to a bridge so posted shall be punished by a fine of not more than two hundred dollars.
BOUNDARIES OF HIGHWAYS AND OTHER PUBLIC PLACES, AND ENCROACHMENTS THEREON.

Sect. 1. Erection of monuments.
Sect. 2. Fences taken as boundaries when true boundaries unknown.
Sect. 3. Encroachment on public ways not validated by prescription.

1 Section 1. The county commissioners, aldermen, selectmen or road commissioners shall cause permanent bounds to be erected at the termini and angles of all ways laid out by them. Such bounds shall be of stone, Portland cement or concrete not less than three feet long, two feet of which at least shall be set in the ground, or of stone not less than three feet long with holes drilled therein and filled with lead placed a few inches below the traveled part of the way, or if stone, Portland cement or concrete bounds are impracticable, a heap of stones, a living tree, a permanent rock, or the corner of a building, or such other permanent bounds as said officers may determine. If they neglect to establish such monuments after being notified so to do by an owner of land abutting on such way, the county or city, if it is a highway, or the town if it is a town way, shall forfeit to him fifty dollars for each month during which such neglect continues.

2 Section 2. If buildings or fences have been erected and continued for more than twenty years, fronting upon or against a highway, town way, private way, training field, burying place, landing place, street, lane or alley, or other land appropriated for the general use or convenience of the inhabitants of the commonwealth, or of a county, city, town, or parish, and from the length of time or otherwise the boundaries thereof are not known and cannot be made certain by the records or by monuments, such buildings or fences shall be taken to be the true bounds thereof.

3 Section 3. If the boundaries of a public way are known or can be made certain by records or monuments, no length of possession, or occupancy of land within the limits thereof, by the owner or occupant of adjoining land shall give him any title thereto, unless it has been acquired prior to May twenty-sixth, nineteen hundred and seventeen, and any fences, buildings or other obstructions encroaching upon such way shall, upon written notice from the county commissioners or board or officer having authority over ways in towns, be forthwith removed by the owner or occupant of adjoining land, and if not so removed said commissioners, board or officer may cause the same to be removed upon said adjoining land.

Section 4. If such building, fence or other encumbrance is adjudged a nuisance and ordered to be abated, the materials may be sold at auction and the proceeds applied to the payment of the expenses of the prosecution and removal, and, if insufficient, the court may order the remainder to be raised and levied upon the property of the defendant. 8 Met. 578.

Section 5. Any person may remove gates, rails, bars or fences which are upon or across a public or private way legally laid out, unless they have been placed there to prevent the spread of disease dangerous to the public health, or unless they have been erected or continued by the license of the county commissioners or of the selectmen or road commissioners or of the person for whose use such private way was laid out. A person aggrieved by such removal may apply to the county commissioners, selectmen or road commissioners, respectively, and if upon examination it appears that such gates, rails, bars or fences were erected or continued by such license, they shall order them replaced.

Section 6. Whoever builds or maintains a barbed wire fence within six feet of the ground along a sidewalk located on a public way shall be punished by a fine of not less than twenty nor more than fifty dollars. 173 Mass. 429.

Section 7. The aldermen or selectmen may cause the removal from public ways and places of unused poles, wires, structures or other appliances, at the expense of the owners thereof. 1917, 344, VI, § 5. VIII, § 1. 153 Mass. 200.
CHAPTER 87.
SHADE TREES.

Sect.
1. Public shade trees defined.
2. Powers of tree wardens.
4. Approval of mayor or selectmen required if objection made.
5. Cutting down bushes and small trees. Trimming trees, etc., that obstruct travel.

Sect.
6. Penalty.
7. Planting of shade trees.
8. Trees on state highways.
9. Signs and marks on shade trees.
10. Injury to trees on state highways.
11. Injury to trees of another person.
12. Injury to shrubs, trees and fixtures.
13. Duties of tree wardens in cities.

1 Section 1. All trees within a public way or on the boundaries thereof shall be public shade trees; and when it appears in any proceeding in which the ownership of or rights in a tree are material to the issue, that, from length of time or otherwise, the boundaries of the highway cannot be made certain by records or monuments, and that for that reason it is doubtful whether the tree is within the highway, it shall be taken to be within the highway and to be public property until the contrary is shown.

2 Section 2. The tree warden of a town may appoint and remove deputy tree wardens. He and they shall receive such compensation as the town determines or, in default thereof, as the selectmen allow. He shall have the care and control of all public shade trees, shrubs and growths in the town, except those within a state highway, and those in public parks or open places under the jurisdiction of the park commissioners, and shall have care and control of the latter, if so requested in writing by the park commissioners, and shall enforce all the provisions of law for the preservation of such trees, shrubs and growths. He shall expend all money appropriated for the setting out and maintenance of such trees, shrubs and growths, and no tree shall be planted within a public way without the approval of the tree warden, and in towns until a location thereof has been obtained from the selectmen or road commissioners. He may make regulations for the care and preservation of public shade trees and establish fines and forfeitures of not more than twenty dollars in any one case for violation thereof; which, when posted in one or more public places, and, in towns, when approved by the selectmen, shall have the effect of town by-laws.

3 Section 3. Except as provided by section five, public shade trees shall not be cut, trimmed or removed, in whole or in part, by any person other than the tree warden or his deputy, even if he be the owner of the fee in the land on which such tree is situated, except upon a permit in writing from said tree warden, nor shall they be cut down or removed by the tree warden or his deputy or other person without a public hearing at a suitable time and place, after notice thereof posted in two or more public places in the town and upon the tree at least seven days before such hearing, and after authority granted by the tree warden therefor.

4 Any person injured in his property by the action of the officers in charge of the public shade trees as to the trimming, cutting, removal or retention

of any such tree, or as to the amount awarded to him for the same, may recover the damages, if any, which he has sustained, from the town under chapter seventy-nine.

[Penalty, § 6.]

Section 4. Tree wardens shall not cut down or remove or grant a permit for the cutting down or removal of a public shade tree if, at or before a public hearing as provided in the preceding section, objection in writing is made by one or more persons, unless such cutting or removal or permit to cut or remove is approved by the selectmen or by the mayor.

Section 5. Tree wardens and their deputies, but no other person, may, without a hearing, trim, cut down or remove trees, less than one and one half inches in diameter one foot from the ground, and bushes, standing in public ways; and if ordered by the mayor, selectmen, road commissioners or highway surveyor, shall trim or cut down trees and bushes, if the same shall be deemed to obstruct, endanger, hinder or incommode persons traveling thereon. Nothing contained in this chapter shall prevent the trimming, cutting or removal of any tree which endangers persons traveling on a highway, or the removal of any tree, if so ordered by the proper officers, for the purpose of widening the highway, and nothing herein contained shall interfere with gypsy and brown tail moth suppression, as carried on under the direction of the state forester and the United States department of agriculture, except so much as relates to the cutting and removal of trees, shrubs and growths that are one and one half inches or more in diameter one foot from the ground.

Section 6. Violations of any provision of the three preceding sections shall be punished by forfeiture of not more than five hundred dollars to the use of the city or town.

Section 7. Towns may appropriate money to be expended by the tree warden in planting shade trees in the public ways, or, if he deems it expedient, upon adjoining land, at a distance not exceeding twenty feet from said public ways, for the purpose of improving, protecting, shading or ornamenting the same; provided, that the written consent of the owner of such adjoining land shall first be obtained.

Section 8. The department of public works, in this chapter called the department, shall have the care and control of all trees, shrubs and growths within state highways, and may trim, cut or remove such trees, shrubs and growths, or license the trimming, cutting or removal thereof. No such tree, shrub or other growth shall be trimmed, cut or removed by any person other than an agent or employee of the department, even if he be the owner of the fee in the land on which such tree, shrub or growth is situated, except upon a permit in writing from the department. Any person injured in his property by the action of the department as to the trimming, cutting, removal or retention of any such tree, shrub or other growth, may recover the damages, if any, which he has sustained, from the commonwealth under chapter seventy-nine.
Section 9. Whoever affixes to a tree in a public way or place a notice, sign, advertisement or other thing, whether in writing or otherwise, or cuts, paints or marks such tree, except for the purpose of protecting it or the public and under a written permit from the officer having the charge of such trees in a city or from the tree warden in a town, or from the department in the case of a state highway, shall be punished by a fine of not more than fifty dollars. Tree wardens shall enforce the provisions of this section; but if a tree warden fails to act in the case of a state highway within thirty days after the receipt by him of a complaint in writing from the department, the department may proceed to enforce this section.

Section 10. Whoever without authority trims, cuts down or removes a tree, shrub or growth, within a state highway or maliciously injures, defaces or destroys any such tree, shrub or growth shall be punished by imprisonment for not more than six months, or by a fine of not more than five hundred dollars to the use of the commonwealth.

Section 11. Whoever wilfully, maliciously or wantonly cuts, destroys or injures a tree, shrub or growth which is not his own, standing for any useful purpose, shall be punished by imprisonment for not more than six months or by a fine of not more than five hundred dollars.

Section 12. Whoever wantonly injures, defaces or destroys a shrub, plant or tree, or fixture of ornament or utility, in a public way or place or in any public enclosure, or negligently or wilfully suffers an animal driven by or for him or belonging to him to injure, deface or destroy such shrub, plant, tree or fixture, shall be punished by a fine of not more than five hundred dollars, and shall in addition thereto be liable to the town or any person for all damages to its or his interest in said shrub, plant, tree or fixture caused by such act. Whoever by any other means negligently or wilfully injures, defaces or destroys such a shrub, plant, tree or fixture shall likewise be liable to the town or any person for all damages to its or his interest in said shrub, plant, tree or fixture caused by such act.

Section 13. The powers and duties conferred and imposed upon tree wardens in towns by this chapter shall be exercised and performed in cities by the officers charged with the care of shade trees within the limits of the highway.

Section 5. Whoever without license keeps a ferry and demands or receives pay or toll therefor shall forfeit not more than five dollars for each day during which he keeps such ferry, and shall be liable for all damages caused thereby to any person authorized to keep a ferry.
1 Section 6. If the commissioners determine that it is necessary to establish a ferry, and no person appears to keep it for the profits thereof, the town in which such ferry is required shall provide a person to keep it at such place and seasons as the commissioners order. Such person shall be licensed as aforesaid, and the expense of maintaining such ferry in excess of the amount received for tolls, shall be paid by the town.

[Penalty, § 8.]

1 Section 7. The commissioners may, either when such ferry is established between two towns or thereafter, upon the application of ten voters of either town and after notice to both towns and a hearing, order that such towns shall maintain said ferry either jointly or alternately, and shall adjudge in what proportion they shall bear the expense of such maintenance; and the commissioners may, upon a new application and after notice and a hearing, revise such order. Their determination shall be final.

1 Section 8. A town which neglects to maintain a ferry as provided in the two preceding sections shall forfeit not more than one hundred dollars for each month such neglect continues.

The master of a boat laden with goods, wares or merchandise which enters the waters of a canal to be carried thereon, shall exhibit a certificate signed by him to the collector of tolls, stating the name of the owner of the boat, the name of the place to which it is destined and the quantity or weight of the respective articles laden on board, distinguishing each article, as to quantity or weight, according to the toll which it is liable to pay. A master who neglects or refuses to exhibit such certificate, or knowingly, and with intent to defraud the proprietors of the canal, makes or delivers a false certificate of the kind or quantity of goods, wares or merchandise laden on board such boat, shall forfeit one hundred dollars. The proprietors shall prepare the proper blank forms of certificates of loading; and masters of boats shall be entitled to use them without expense.

1 Section 10. Whoever knowingly and with intent to defraud such proprietors makes or causes to be made a false statement of the quantity or quality of goods, wares or merchandise laden or to be laden on board of a boat used on such canal shall forfeit one hundred dollars.

1 Section 11. A collector of tolls on a canal may detain a boat and cause the goods, wares and merchandise laden on board to be weighed; and if it is found that the loading is greater than the quantity stated in the certificate, the master of the boat, in addition to the penalty hereinafter provided, shall pay the costs and charges of unloading, weighing and reloading such goods, wares or merchandise; otherwise the proprietors of the canal shall pay all such costs and charges, and he liable in tort for all damages caused by such detention.

1 Section 12. The city council of a city or the selectmen of a town may, for the purpose of determining whether a canal or waterway within...
the limits of the city or town is dangerous to the public, give a public
hearing thereon, after notice in writing, to the person owning, operating
or controlling said canal or waterway, and if after such hearing the council
or selectmen shall adjudge said canal or waterway to be dangerous to the
public, they shall order that a suitable fence be erected along said canal
or waterway or any portion thereof. The person so ordered to erect the
fence may within thirty days after written notice of said order, appeal
therefrom to the department of public works, which shall thereupon give
due notice and hear all parties interested, and its decision thereon shall
be final.

Section 13. If such order of the city council or selectmen is not
complied with within sixty days after written notice of it has been given,
or, in the event of an appeal to said department, within sixty days after
written notice of its decision affirming such order, the city council or
selectmen shall cause a suitable fence to be erected and shall recover the
cost thereof in contract from the person required to erect it, who, for
such neglect, shall also be punished by a fine of not less than fifty nor
more than one hundred dollars.

Landing Places.

Section 14. The city council or board of selectmen may, upon peti-
tion in writing by ten or more voters of the city or town, lay out or alter
common landing places therein which shall not, where the tide ebbs and
flows, extend below low water mark; and all the provisions of law relating
to the laying out and alteration of town ways shall apply to the laying
out and alteration of common landing places. Any person who is dam-
aged in his property by such laying out and alteration may recover his
damages under chapter seventy-nine. A city or town may erect on any
such common landing place structures which may extend beyond low
water mark, subject to the provisions of chapter ninety-one, and may
maintain the same. The city council or board of selectmen may make
rules and regulations governing the operation and use of said structures,
and may appoint a custodian thereof and fix his salary, or it may, on
behalf of the city or town, lease said structures.

Section 15. Any person aggrieved by the failure of the selectmen
of a town to lay out suitable landing places therein, after petition there-
for, or by the failure of a town to accept a common landing place laid
out by the selectmen, may, if an inhabitant of such town or of an ad-
joining town, within six months after such petition to the selectmen
or after such failure of the town, appeal by petition in writing to the
county commissioners, who, unless sufficient cause to the contrary is
shown, may lay out suitable common landing places, or may approve a
landing place laid out by the selectmen, and may direct the laying out
of such landing places to be recorded by the clerk of the town, and such
laying out or approval shall have the same effect as a laying out by the
selectmen and an acceptance by the town. The proceedings of the
county commissioners upon such an appeal shall, so far as is practicable,
be the same as those provided by law in regard to the laying out of high-
ways by county commissioners.
Section 16. Upon the representation of ten or more inhabitants of a county to the county commissioners that the exact location of a common landing place in such county cannot be readily ascertained, they shall, after giving the notice required in laying out highways, ascertain the correct location of such landing place, erect the necessary bounds thereof and make a record thereof as in laying out highways.

Section 17. A town at a meeting called for the purpose may discontinue any common landing place laid out under this chapter. Any resident of the town, or of an adjoining town aggrieved by such discontinuance may, within six months thereafter, appeal to the county commissioners, who shall give notice to the clerk of the town in which such landing place is situated, and to the clerks of every adjoining town, of a hearing on such appeal and of the time and place appointed therefor, at least thirty days before the time appointed for the hearing, and they shall also cause copies of the petition, or abstracts thereof, and of the notice, to be posted in two public places in each of said towns, and to be published three weeks successively in such newspaper as they shall order; the posting and the last publication to be fourteen days at least before any view, hearing or adjudication on such appeal. The proceedings of the county commissioners shall, so far as is practicable, be in accordance with the law regarding the discontinuance of a way by county commissioners, and the decision of the county commissioners shall be final.

Section 18. Before any action is taken upon an appeal under section fifteen or seventeen the appellants shall cause a sufficient recognizance to be given to the county, with sureties to the satisfaction of the county commissioners, for the payment of all costs and expenses to the county which shall arise by reason of the proceedings on such appeal, if the appellants do not prevail.

Section 19. The selectmen may make rules and regulations concerning the use of a common landing place laid out under this chapter.

Section 1. When persons traveling with vehicles meet on a way, each shall seasonably drive his vehicle to the right of the middle of the traveled part of such way, so that the vehicles may pass without interference.

Section 2. The driver of a vehicle passing another vehicle traveling in the same direction shall drive to the left of the middle of the traveled part of a way; and, if it is of sufficient width for the two vehicles to pass, the driver of the leading one shall not wilfully obstruct the other.

Section 3. No person shall travel on a way with a sleigh or sled drawn by a horse, unless there are at least three bells attached to some part of the harness.

Section 4. Whenever on any way, public or private, there is not an unobstructed view of the road for at least one hundred yards, the driver of every vehicle shall keep his vehicle on the right of the middle of the traveled part of the way, whenever it is safe and practicable so to do.

Section 5. Whoever violates any of the provisions of the four preceding sections shall, upon complaint made within three months after the commission of the offence, forfeit not more than twenty dollars.
Section 6. In construing rules, by-laws and regulations concerning
the use and operation of vehicles on ways, street railway cars or other
the provisions of the five preceding sections, unless it is expressly so
provided.

Section 6A. Every motorman of a car upon a street railway shall,
upon the approach of any fire apparatus going to a fire or responding to
an alarm, immediately stop said car and keep the same at a standstill
until such apparatus has passed. Violation of any provision of this
section shall be punished by a fine of not more than twenty-five dollars.

Section 7. The members and apparatus of a fire department while
going to a fire or responding to an alarm, police patrol wagons and
ambulances, and hospital ambulances shall have the right of way through
any street, way, lane or alley. Whoever wilfully and maliciously ob-
structs or retards the passage of any of the foregoing in the exercise of
such right shall be punished by a fine of not more than fifty dollars or
imprisonment for not more than three months.

Section 7A. Upon the approach of any fire apparatus which is
going to a fire or responding to an alarm, every person driving a vehicle
on a way shall immediately drive said vehicle as far as possible toward
the right-hand curb or side of said way and shall keep the same at a
standstill until such fire apparatus has passed. No person shall drive a
vehicle over a hose of a fire department without the consent of a mem-
ber of such department. No person shall drive a vehicle within three
hundred feet of any fire apparatus going to a fire or responding to an
alarm, nor drive said vehicle, or park or leave the same unattended,
in the limit of six hundred feet of a fire or within the fire-lines established thereat
by the fire department. Violation of any provision of this section shall
be punished by a fine of not more than twenty-five dollars.

Section 8. Every driver of a motor or other vehicle approaching
an intersection of any ways, which for the purposes hereof shall mean
the area embraced within the extensions of the lateral curb lines, or, if
none, then the lateral boundary lines, of intersecting ways as defined
in section one of chapter ninety, shall grant the right of way to a vehicle
which has already entered such intersection, and every driver of a ve-
icle entering such an intersection shall grant the right of way to a
vehicle so entering from his right at approximately the same instant;
but the foregoing provisions of this section shall not apply at any inter-
section of ways when a driver is otherwise directed by a police officer;
or by a lawful traffic regulating sign, device or signal maintained by
with the written approval of the department of public works and
while said approval is in effect or otherwise lawfully maintained.
SECTION 9. For the purposes of this section, the department of public works may from time to time designate any state or other highway or part thereof as a through way, and may after notice revoke any such designation; and any city or town may, with the approval of said department and while such approval is in effect, designate any way or part thereof within the control of such city or town as a through way and may, after notice and like approval, revoke any such designation. Said department may, after notice, revoke any approval granted under this section. No such designation of a through way shall become effective as to regulation of traffic at any point of intersection with another way until said department or the board or officer having control of other ways in a city or town, as the case may be, shall have caused suitable warning signs and signals to be erected at or near such point. Every vehicle immediately before entering the limits of a through way except at a terminus thereof shall be brought to a full stop except when the driver is otherwise directed by a police officer, or by a lawful traffic regulating sign, device or signal maintained by or with the written approval of said department and while such approval is in effect or otherwise lawfully maintained. For the purposes of this section, a way joining a through way at an angle, whether or not it crosses the same, shall be deemed to intersect it, and the word "way", unless the context otherwise requires, shall include a through or other way.

SECTION 10. The violation by the operator or driver of a motor or other vehicle of any rule, regulation, ordinance or by-law limiting traffic on any specified way to traffic moving in one direction shall not, in respect to any civil liability, render such operator or driver, or such vehicle or any occupant thereof, a trespasser upon said way.

Ambulances, fire engines and apparatus, police patrol wagons and other vehicles used by the police department of any city or town or park board solely for the official business of such department or board (whether or not owned as aforesaid) shall not be subject to the requirements of this section.

Section 2. Application for the registration of motor vehicles and trailers may be made by the owner thereof. The registration of every motor vehicle and trailer registered under this section shall expire at midnight on December thirty-first of each year.

Section 3. Subject to the provisions of section three A and except as otherwise provided in section ten, a motor vehicle or trailer registered in any other state or country and owned by a non-resident who has complied with the laws relative to motor vehicles and trailers, and the operation thereof, of the state or country of registration may be operated...
6 on the ways of this commonwealth without registration under this
7 chapter, to the extent, as to length of time of operation and otherwise,
8 that, as finally determined by the registrar, the state or country of
9 registration grants substantially similar privileges in the case of motor
10 vehicles and trailers duly registered under the laws and owned by resi-
11 dents of this commonwealth; provided, that no motor vehicle or trailer
12 owned by a non-resident shall be so operated beyond the expiration of
13 a period of thirty days except during such time as the owner thereof
14 maintains in full force a policy of liability insurance providing indemnity
15 for or protection to him, and to any person responsible for the operation
16 of such motor vehicle or trailer with his express or implied consent,
17 against loss by reason of the liability to pay damages to others for bodily
18 injuries, including death at any time resulting therefrom, caused by
19 such motor vehicle or trailer, at least to the amount or limits required
20 in a motor vehicle liability policy as defined in section thirty-four A, nor
21 unless the owner or operator of such motor vehicle or trailer, while
22 operating the same during such additional time, has on his person or
23 in the vehicle in some easily accessible place a permit issued by the
24 registrar which then authorizes the operation of such vehicle without
25 registration under this chapter. The registrar or his authorized agents
26 may, upon application, issue to any non-resident owner a permit as
27 aforesaid in such form and subject to such conditions and regulations
28 as the registrar may establish, if such owner satisfies him, by furnishing
29 such evidence as he may require, that such owner is the holder of a
30 policy of liability insurance providing indemnity or protection as afo-
31 said and will continue to maintain the same in full force during the life
32 of the permit. The registrar may suspend or revoke the right of any
33 non-resident operator to operate in this commonwealth, and may sus-
34 pend or revoke the right of any non-resident owner to operate or have
35 operated in this commonwealth any motor vehicle or trailer for the
36 same causes and under the same conditions that he can take such action
37 regarding resident owners, operators, motor vehicles and trailers owned
38 in this commonwealth. Every such vehicle so operated shall have dis-
39 played upon it two number plates, substantially as provided in section
40 six, bearing the distinguishing number or mark of the state or country
41 in which such vehicle is registered, and none other except as authorized
42 by this chapter.

1 Section 3A. The acceptance by a person who is a resident of any
2 other state or country of the rights and privileges conferred by section
3 three, as evidenced by the operation, by himself or agent, of a motor
4 vehicle thereunder, or the operation by such a person, by himself or
5 his agent, of a motor vehicle on a public way in this commonwealth
6 otherwise than under said section, shall be deemed equivalent to an
7 appointment by him of the registrar, or his successor in office, to be his
8 true and lawful attorney upon whom may be served all lawful processes
9 in any action or proceeding against him, growing out of any accident
10 or collision in which such person or his agent may be involved, while
11 operating a motor vehicle on such a way, and said acceptance or opera-
12 tion shall be a signification of his agreement that any such process
13 against him which is so served shall be of the same legal force and va-
14 lidity as if served on him personally. This section shall not authorize
15 the service of process upon any person who has executed a power of
16 attorney under section three D.

Section 3B. The operation by any person, by himself or his agent, of any motor vehicle, whether registered or unregistered, and with or without a license to operate, on any public way in this commonwealth, shall be deemed equivalent to an appointment by such person of the registrar, or his successor in office, to be his true and lawful attorney upon whom may be served all lawful processes in any action or proceeding against him, growing out of any accident or collision in which he or his agent may be involved while operating a motor vehicle on any public way in this commonwealth, and such operation shall be a signification of an agreement by such person that any such process against him which is served upon the registrar or his successor in office shall be of the same force and validity as if served upon him personally. This section shall not apply in case of any cause of action, for the service of process in which provision is made by section three A, nor shall it authorize service of process upon any person who has executed a power of attorney under section three D.

Section 3C. Service of process under section three A or three B shall be made by leaving a copy of the process with a fee of two dollars in the hands of the registrar, or in his office, and such service shall be sufficient service upon a defendant who has thereunder appointed the registrar or his successor his true and lawful attorney therefor; provided, that notice of such service and a copy of the process are forthwith sent by registered mail by the plaintiff to the defendant, and the defendant’s return receipt and the plaintiff’s affidavit of compliance herewith are filed with the papers in the case on or before the return day of the process or within such further time as the court may allow, or that such notice and copy are served upon the defendant, if found within the commonwealth, by an officer duly qualified to serve legal process, or, if found without the commonwealth, by a sheriff or deputy sheriff of any county of this commonwealth or by any duly constituted public officer qualified to serve like process in the state or jurisdiction where the defendant is found, and the officer’s return showing such service to have been made is filed in the case on or before the return day of the process or within such further time as the court may allow. The court in which the action is pending may order such continuances as may be necessary to afford the defendant reasonable opportunity to defend the action.

Section 3D. Every application under sections two to five, inclusive, for the registration of a motor vehicle or trailer or under section eight for a license to operate motor vehicles shall contain an irrevocable power of attorney, in such form as the registrar may prescribe, constituting and appointing, in case the certificate of registration or license applied for is issued, the registrar or his successor in office the true and lawful attorney of the applicant, upon whom may be served all lawful processes in any action or proceeding against him, growing out of any accident or collision in which he or his agent may be involved while operating a motor vehicle within the commonwealth during the period covered by the certificate of registration or by the license as the case may be, and containing an agreement that any process against him which is so served shall, if he is notified of such service as hereinafter provided, be of the same legal force and validity as if served on him personally and that the mailing by the registrar of a copy of such process to him at his last address as appearing
16 on the registrar's records shall be sufficient notice to him of such service.  
17 Service of such process shall be made by leaving duplicate copies thereof  
18 with a fee of two dollars in the hands of the registrar, or in his office, and  
19 the registrar shall forthwith send one of said copies by mail, postage pre-  
20 paid, addressed to the defendant at his last address as appearing on the  
21 registrar's records; and an affidavit of the registrar, or of any person  
22 authorized by him to send such copy, that such copy has been so mailed  
23 shall be prima facie evidence thereof. One of the duplicates of such  
24 process, certified by the registrar as having been served upon him, shall  
25 be sufficient evidence of service upon him under said power of attorney.  
26 The court in which the action is pending may order such continuances as  
27 may be necessary to afford the defendant reasonable opportunity to  
28 defend the action.

1 **Section 3E.** The fee of two dollars paid by the plaintiff under section  
2 three C or three D to the registrar at the time of the service shall be  
3 taxed in his costs if he prevails in the action or proceeding. The registrar  
4 shall keep a record of all processes served upon him under said sections  
5 three C and three D, which shall show the day and hour of service.

1 **Section 3F.** The provisions of sections three A to three E, inclusive,  
2 shall be separable, and if any such provision shall be held to be unconsti-  
3 tutional, such unconstitutionality shall not affect the validity of the  
4 remaining provisions thereof.

1 **Section 4.** [Repealed, 1931, 142, § 3.]

1 **Section 5.** Every manufacturer of or dealer in motor vehicles or  
2 trailers or motor vehicle bodies or tops and every person engaged in the  
3 business of repairing motor vehicles or trailers, instead of registering each  
4 such vehicle owned or controlled by him, may make application for a  
5 general distinguishing number or mark, and the registrar, if satisfied of  
6 the facts stated in the application, may issue to the applicant a certificate  
7 of registration containing the name and business address of the applicant  
8 and the general distinguishing number or mark assigned to him, and made  
9 in such form and containing such further information as the registrar  
10 may determine; and all motor vehicles or trailers owned or controlled by  
11 such manufacturer of or dealer in motor vehicles or trailers or motor  
12 vehicle bodies or tops, or by such person engaged in the business of re-  
13 pairing motor vehicles or trailers, shall be regarded as registered under  
14 such general distinguishing number or mark until sold or let for hire or  
15 loaned for a period of five successive days; provided, that number plates  
16 furnished as hereinafter provided are properly displayed thereon. The  
17 registrar shall, upon payment of the fee provided in section thirty-three,  
18 furnish at his office to every manufacturer of or dealer in motor vehicles or  
19 trailers or motor vehicle bodies or tops, and to every person engaged in  
20 the business of repairing motor vehicles or trailers, whose vehicles are  
21 registered in accordance with this section, such number of pairs of number  
22 plates as he may request in writing of suitable design having displayed  
23 upon them the register number which is assigned to the vehicles of such  
24 manufacturer, dealer or person, with a different letter or letters or mark  
25 on each pair of number plates. Number plates furnished hereunder shall,  
26 except as provided by section nine, be valid only for the year for which
they are issued. Every registration under this section shall expire at 27 midnight on December thirty-first of each year. The word "dealer", for 28 the purposes of the registration of motor vehicles or trailers under any 29 provision of this chapter, may include, in the discretion of the registrar, 30 a person whose principal business is financing the purchase of or insuring 31 motor vehicles, but only in respect to such vehicles as such person may 32 take in possession by foreclosure or subrogation of title and all the pro- 33 visions of this chapter relating to certificates of registration of dealers 34 shall apply to certificates issued to such a person under this provision. 35

SECTION 6. Every motor vehicle or trailer registered under this chap- 1 ter when operated in or on any way in this commonwealth shall have its 2 register number displayed conspicuously thereon on the two number 3 plates furnished by the registrar in accordance with section two or five or 4 on temporary number plates authorized by the registrar as hereinafter 5 provided, one number plate to be attached at the front and the other at 6 the rear of said vehicle, so that the said number plates and the register 7 number thereon shall be always plainly visible. The said number plates 8 shall be kept clean and the numbers legible, and during the period when 9 the vehicle is required to display lights the rear register number shall be 10 illuminated so as to be plainly visible at a distance of sixty feet. No 11 number plates other than such as are procured from the registrar or such 12 as may be authorized by him for temporary use, except as provided in 13 section three, shall be displayed on any motor vehicle or trailer so 14 operated; provided, that a motor vehicle or trailer which by reason of its 15 interstate operation is registered in this commonwealth and elsewhere 16 may display the register number plates of this and any other state or 17 country in which it is registered, if, while being operated on the ways of 18 this commonwealth, the number plates furnished by the registrar, or 19 temporary number plates authorized by him as hereinafter provided, are 20 displayed as required hereby. If any number plate supplied by the regis- 21 trar is lost or mutilated or if the register number thereon becomes illegible, 22 the owner or person in control of the vehicle for which said number plate 23 was furnished shall make application for a new number plate, and there- 24 upon the registrar shall issue to such applicant a permit allowing him to 25 place a temporary number plate bearing his register number on said 26 vehicle until a number plate of the regular design is made and delivered 27 to said applicant; provided, that all such temporary number plates and 28 the register numbers thereon shall conform to the regular number plates 29 and be displayed as nearly as may be as herein provided for said regular 30 number plates.

SECTION 7. Every motor vehicle operated in or upon any way shall 1 be provided with brakes adequate to control the movement of such 2 vehicle and conforming to rules and regulations made by the registrar, 3 and such brakes shall at all times be maintained in good working order. 4 Every automobile shall be provided with at least two braking systems, 5 each with a separate means of application, each operating directly or 6 indirectly on at least two wheels and each of which shall suffice alone to 7 stop said automobile within a proper distance as defined in said rules and 8 regulations; provided, that if said systems are connected, combined or 9 have any part in common, such systems shall be so constructed that a 10 breaking of any one element thereof will not leave the automobile without 11 brakes acting directly or indirectly on at least two wheels. One braking 12
system shall be so constructed that it can be set to hold the automobile stationary. Every motor cycle shall be provided with at least one brake adequate to stop it within a proper distance as defined as aforesaid. Every motor vehicle so operated shall be provided with a muffler or other suitable device to prevent unnecessary noise and with a suitable bell, horn or other means of signalling, and with suitable lamps; and automobiles shall be provided with a lock, a key or other device to prevent such vehicle from being set in motion by unauthorized persons, or otherwise, contrary to the will of the owner or person in charge thereof. Every automobile operated during the period from one half an hour after sunset to one half an hour before sunrise shall display at least two white lights, or lights of yellow or amber tint, or, if parked within the limits of a way, one white light on the side of the automobile nearer the centre of the way, and every motor cycle so operated at least one white light, or light of yellow or amber tint, and every such motor cycle with a side-car attached, in addition, one such light on the front of the side-car, and every motor truck, trailer and commercial motor vehicle used solely as such, having a carrying capacity of three tons or over, in addition, a green light attached to the extreme left of the front of such vehicle, so attached and adjusted as to indicate the extreme left lateral extension of the vehicle or load, which shall in all cases aforesaid be visible not less than two hundred feet in the direction toward which the vehicle is proceeding or facing; and every such motor vehicle shall display at least one red light in the reverse direction; provided, that an automobile need display no light when parked within the limits of a way in a space in which unlighted parking is permitted by the rules or regulations of the board or officer having control of such way. Every automobile so operated shall have a rear light so placed as to show a red light from behind and a white light so arranged as to illuminate and not obscure the rear register number. No headlamp shall be used upon any motor vehicle so operated unless such lamp is equipped with a lens or other device, approved by the registrar, designed to prevent glaring rays. No rear lamp shall be used upon any motor vehicle so operated unless approved by the registrar. Application for the approval of a lens, or other device, or of a rear lamp, accompanied by a fee of fifty dollars, may be made to the registrar by any manufacturer thereof or dealer therein. Every automobile used for the carriage of passengers for hire, and every commercial motor vehicle or motor truck, so constructed, equipped or loaded that the person operating the same is prevented from having a constantly free and unobstructed view of the highway immediately in the rear, shall have attached to the vehicle a mirror or reflector so placed and adjusted as to afford the operator a clear, reflected view of the highway in the rear of the vehicle.

1 Section 7A. The registrar shall include in the rules and regulations prepared by him under section thirty-one, rules and regulations providing for the periodic inspection of all motor vehicles and trailers, for the purpose of determining whether they are properly equipped and maintained in good working order, as required by the preceding section.

1 Section 8. Application for license to operate motor vehicles may be made by any person; but before such a license is granted the applicant shall pass such examination as to his qualifications as the registrar shall require, and no license shall be issued until the registrar or his author.
ized agent is satisfied that the applicant is a proper person to receive it, and no such license shall be issued to any person under sixteen years of age. To each licensee shall be assigned some distinguishing number or mark, and the licenses issued shall be in such form as the registrar shall determine. They may contain special restrictions and limitations concerning the type of motor, horse power, design and other features of the motor vehicles which the licensee may operate. They shall contain the distinguishing number or mark assigned to the licensee, his name, place of residence and address, a brief description of him for purposes of identification, and such other information as the registrar shall deem necessary. A person to whom a license to operate motor vehicles has been issued, unless such license contains a special limitation or restriction, may operate any registered motor vehicle. Special licenses shall be issued to operators of motor-propelled fire apparatus who are members of a municipal fire department. Every person licensed to operate motor vehicles as aforesaid shall endorse his usual signature on the margin of the license, in the space provided for the purpose, immediately upon the receipt of said license, and such license shall not be valid until so endorsed. All licenses issued to operators shall be valid for one year only from the date of issue. Every application for an original license filed under this section shall be sworn to by the applicant before a justice of the peace or notary public.

Section 9. No person shall operate any motor vehicle or draw any trailer, and the owner or custodian of such a vehicle shall not permit the same to be operated upon or to remain upon any way except as authorized by section three, unless such vehicle is registered in accordance with this chapter and carries its register number displayed as provided in section six, and, in the case of a motor vehicle, is equipped as provided in section seven, except that any motor vehicle or trailer may, if duly registered, be operated or remain upon any way between the hours of twelve o'clock noon on December thirty-first of one year and twelve o'clock noon on January first of the following year if it carries its register number of either year displayed as provided in section six, and except that a tractor or trailer may be operated without such registration upon any way for a distance not exceeding one half mile, if said tractor or trailer is used exclusively for agricultural purposes, or for a distance not exceeding three hundred yards, if such tractor or trailer is used for industrial purposes other than agricultural purposes, for the purpose of going from property owned or occupied by the owner of such tractor or trailer to other property so owned or occupied; but in violation of this section shall not constitute a defence to actions for injuries suffered by a person, or for the death of a person, or for injury to property, unless it is shown that the person injured in his person or property was the owner or operator of the motor vehicle in the operation of which was in violation of this section, or unless it is shown that the person so injured or killed, or the owner of the property so injured, knew or had reasonable cause to know that this section was being violated. A motor vehicle or trailer shall be deemed to be registered in accordance with this chapter notwithstanding any mistake in so much of the description thereof contained in the application for registration or in the certificate required to be filed under section thirty-four B as relates to the engine, serial or maker’s number thereof.
1 Section 9A. No person shall operate for the carriage of persons for hire any automobile with a wind shield of glass, and the owner or custodian of such an automobile shall not permit the same to be operated for such purpose, unless such glass is of a type known as non-scatterable glass and approved by the department. The term "non-scatterable glass", as used herein, shall include any glass designed to minimize the likelihood of personal injury from its scattering, when broken.

1 Section 10. No person shall operate a motor vehicle upon any way unless licensed under this chapter, except as is otherwise herein provided; but this section shall not prevent the operation of motor vehicles by unlicensed persons if riding with or accompanied by a licensed operator, excepting only persons who have been licensed and whose licenses are not in force because of revocation or suspension, persons whose right to operate is suspended by the registrar, and persons less than sixteen years of age; but such licensed operator shall be liable for the violation of any provision of this chapter, or of any regulation made in accordance herein-with, committed by such unlicensed operator; provided, that the examiners of operators, in the employ of the registrar, when engaged in their official duty, shall not be liable for the acts of any person who is being examined. The motor vehicle of a non-resident may be operated on the ways of the commonwealth in accordance with section three by its owner or by his chauffeur or employee without a license from the registrar if the operator is duly licensed under the laws of the state or country where such vehicle is registered, or has complied fully with its laws respecting the licensing of operators of motor vehicles and has such license or evidence of such compliance on his person or in the vehicle in some easily accessible place; and a non-resident who holds a license to operate motor vehicles under the laws of the state or country in which he resides, and has the license on his person or in the vehicle in some easily accessible place, may at any time operate, without a license from the registrar, any type of motor vehicle which he is licensed to operate under said license, irrespective of the ownership of such vehicle; provided, that the laws relative to registration are complied with and that, as finally determined by the registrar, his state or country grants substantially similar privileges to residents of this commonwealth and prescribes and enforces standards of fitness for operators of motor vehicles substantially as high as those prescribed and enforced by this commonwealth; but if any such non-resident or his chauffeur or employee be convicted by any court or trial justice of violating any provision of the laws of the commonwealth relating to motor vehicles or to the operation thereof, whether or not he appeals, he shall be there-after subject to and required to comply with all the provisions of this chapter relating to the registration of motor vehicles owned by residents of the commonwealth and the licensing of the operators thereof. A record of the trial shall be sent forthwith by the court or trial justice to the registrar.

1 Section 11. Every person operating a motor vehicle shall have the certificate of registration for the vehicle and of the trailers, if any, and his license to operate, upon his person or in the vehicle in some easily accessible place, except that the certificates of registration of dealers need not so be carried. If for any reason the registrar or his agents are excepting glass and required. 1930, 354, § 1.
unable to issue promptly to an applicant the certificate of registration or the license applied for, they may issue a receipt for the fee paid, and said receipt shall be carried in lieu of the certificate or license as the case may be, and for the period of thirty days from the date of its issue said receipt shall have the same force and effect given to the certificate or license by this chapter. If, in compliance with a written demand of the registrar or any of his authorized agents, a certificate of registration or license to operate is returned for inspection or for any other purpose, except for suspension or revocation, such written demand shall be carried in lieu of the certificate or license, as the case may be, and for the period of thirty days from its date said demand shall have the same force and effect given to the certificate or license by this chapter.

SECTION 12. No person shall employ for hire as an operator any person not licensed in accordance with this chapter. No person shall allow a motor vehicle owned by him or under his control to be operated by any person who has no legal right so to do, or in violation of this chapter.

SECTION 13. No chauffeur or operator, when operating a motor vehicle, shall have or permit to be on or in such vehicle or on or about his person anything which may interfere with or impede the proper operation of the vehicle or of any of the machinery or appliances by which the vehicle is operated or controlled. No person having control or charge of a motor vehicle shall allow such vehicle to stand in any way and remain unattended without first locking or making it fast or effectively setting the brakes thereon, and stopping the motor of said vehicle.

SECTION 14. Every person operating a motor vehicle shall bring the vehicle and the motor propelling it immediately to a stop when approaching a horse or other draft animal being led, ridden or driven, if such animal appears to be frightened and if the person in charge thereof shall signal so to do; and, if traveling in the opposite direction to that in which such animal is proceeding, said vehicle shall remain stationary so long as may be reasonable to allow such animal to pass; or, if traveling in the same direction, the person operating shall use reasonable caution in thereafter passing such animal. In approaching or passing a car of a street railway which has been stopped to allow passengers to alight from or board the same, the person operating a motor vehicle shall not drive such vehicle within eight feet of the running board or lowest step of the car then in use by passengers for the purpose of alighting or boarding, except by the express direction of a traffic officer or except at points where passengers are protected by safety zones. Upon approaching a pedestrian who is upon the traveled part of any way and not upon a sidewalk, every person operating a motor vehicle shall slow down. The person operating a motor vehicle on any way upon approaching an intersecting way or a curve or a corner in said way where his view is obstructed shall slow down and upon approaching any junction of said way with an intersecting way before turning into the same shall slow down and keep to the right of the intersection of the center lines of both ways or extensions thereof, when turning to the right, and shall pass to the right of the intersection of the center lines of said ways or extensions thereof before turning to the left.
1 Section 15. Every person operating a motor vehicle, upon approaching a railroad crossing at grade, shall reduce the speed of the vehicle to a reasonable and proper rate, and shall proceed cautiously over the crossing. Whoever violates any provision of this section shall be punished by a fine of not less than ten nor more than fifty dollars.

1 Section 16. No person shall operate a motor vehicle, nor shall any owner of such vehicle permit it to be operated, in or over any way, public or private, whether laid out under authority of law or otherwise, which motor vehicles are prohibited from using, provided notice of such prohibition is conspicuously posted at the entrance to such way.

6 No person operating a motor vehicle shall in a thickly settled or business district open the muffler cut-out or sound a bell, horn, or other device for signalling so as to make a harsh, objectionable or unreasonable noise, or at any time permit such motor vehicle to make any unnecessary noise, by opening the muffler cut-out, or otherwise, or permit any unreasonable amount of smoke to escape from such vehicle. No person shall use on or in connection with any motor vehicle a spot light, so called, the rays from which shine more than two feet above the road 14 at a distance of thirty feet from the vehicle, except that such a spot light may be used for the purpose of reading signs, and as an auxiliary light in cases of necessity when the other lights required by law fail to operate.

1 Section 17. No person operating a motor vehicle on any way shall run it at a rate of speed greater than is reasonable and proper, having regard to traffic and the use of the way and the safety of the public. It shall be prima facie evidence of a rate of speed greater than is reasonable and proper as aforesaid if a motor vehicle is operated on any way outside of a thickly settled or business district at a rate of speed exceeding thirty miles per hour for the distance of a quarter of a mile, or inside a thickly settled or business district at a rate of speed exceeding twenty miles per hour for the distance of one eight of a mile, or in any place where the operator's view of the road traffic is obstructed either upon approaching an intersecting way, or in traversing a crossing or intersection of ways, or in going around a corner or a curve in a way, at a rate of speed exceeding fifteen miles per hour.

[Penalty, § 20.]

1 Section 18. The city council or the selectmen and park commissioners, on ways within their control, may make special regulations as to the speed of motor vehicles and as to the use of such vehicles upon particular ways, and may prohibit the use of such vehicles altogether on certain ways; provided, that no such special regulation shall be effective unless it shall have been published in one or more newspapers, if there be any, published in the town in which the way is situated, otherwise in one or more newspapers published in the county in which the town is situated; nor unless notice of the same is posted conspicuously by the town or park commissioners making the regulation at points where any way affected thereby joins other ways; nor until after the department of public works shall have certified in writing, after a public hearing, that such regulation is consistent with the public interests; and no regulation shall be valid which excludes motor vehicles from any

other; provided, that nothing herein contained shall be construed as
affecting the right of the metropolitan district commission to make rules
and regulations governing the use and operation of motor vehicles on
lands, roadways and parkways under its care and control. The alder-
men or the selectmen may, after a public hearing, upon special occa-
sions and subject to such regulations concerning the closing, use and con-trol of the way as they deem necessary for public convenience and
safety, grant permits to persons to drive motor vehicles in hill-climbing
contests during a specified time and upon specified parts of a public way
at any rate of speed.

SECTION 19. No motor vehicle or trailer, the outside width of which
is more than ninety-six inches or the extreme over-all length of which is
more than twenty-eight feet, shall be operated on any way without a
special permit so to operate from the board or officer having charge of
such way or, in case of a state highway or a way determined by the de-
partment of public works to be a through route, from said department;
provided, that such width may be exceeded by the lateral projection of
pneumatic tires beyond the rims of the wheels for such distance on
either side of the vehicle or trailer as will not increase its outside width
above one hundred and two inches; and provided, further, that the 10
extreme over-all length of a semi-trailer unit, wherever used, may ex-
ceed twenty-eight feet but not forty feet, and such length of any other
motor vehicle, or any trailer, when used in localities or on ways desig-
nated by the said department may exceed twenty-eight feet but not
thirty-three feet, except in either case as authorized by a special permit
granted as aforesaid, and that, when used for the transportation of poles
or single units of lumber or metal, such length may exceed twenty-
eight feet but not sixty feet, except as authorized by a special permit
granted as aforesaid. The aforesaid dimensions of width and length
shall be inclusive of the load. No semi-trailer unit shall be operated on
any way to draw any trailer or other vehicle except as authorized by a
special permit granted as aforesaid or except in localities or on ways
designated by said department, and in such localities or on such ways
not more than one trailer or other vehicle shall be so drawn except as
authorized by a special permit granted as aforesaid; and no other motor
vehicle shall be operated on any way to draw more than one trailer or
other vehicle.

SECTION 20. Any person convicted of a violation of any provision
of this chapter the punishment for which is not otherwise provided, or
of a violation of any rule or regulation of the registrar made under au-
thority of section thirty-one, or of a violation of a special speed regu-
lawfully made under authority of section eighteen, shall be punished
by a fine of not more than twenty-five dollars for the first offence, not
less than twenty-five nor more than fifty dollars for a second offence,
and not less than fifty nor more than one hundred dollars for subsequent
offences committed during any period of twelve months; provided, that
any person convicted of using a spot light, as prohibited by section six-
teen, shall be punished by a fine of not less than twenty nor more than
one hundred dollars, and that any person convicted of operating a motor
vehicle or trailer in violation of the preceding section or of the terms of
any permit granted thereunder shall be punished by a fine of not more
than one hundred dollars. A complaint against a person for the violation
of section eleven or seventeen or of a regulation made under section
eighteen may be placed on file at the discretion of the court or trial justice
if the violation appears to have been unintentional or if no person or
property could have been endangered thereby. Upon a third or sub-
sequent conviction in the same year of a violation of section seventeen
or of a regulation made under section eighteen the registrar shall forth-
with revoke the license of the person so convicted, and no new license
shall be issued to such person for at least thirty days after the date of
such conviction, nor thereafter except in the discretion of the registrar.

Section 21. Any officer authorized to make arrests may arrest with-
out warrant and keep in custody for not more than twenty-four hours,
unless Sunday intervenes, any person operating a motor vehicle on any
way who does not have in his possession a license to operate motor ve-
cicles granted to him by the registrar, and who violates any statute,
by-law, ordinance or regulation relating to the operation or control of
motor vehicles; and at or before the expiration of said period of time
such person shall be brought before a magistrate and proceeded against
according to law. An investigator or examiner appointed under section
twenty-nine, may arrest without warrant, keep in custody for a like
period, bring before a magistrate and proceed against in like manner,
any person operating a motor vehicle while under the influence of in-
toxicating liquors, irrespective of his possession of such a license. Any
person operating a motor vehicle who is arrested as aforesaid and solely
because he has violated a provision of section seventeen or a regulation
under section eighteen shall be admitted to bail for his appearance in
court upon the deposit of one hundred dollars in cash with any person
authorized to take bail, in lieu of furnishing a surety or sureties.

Section 22. The registrar may suspend or revoke any certificate of
registration or any license issued under this chapter, after due hearing,
for any cause which he may deem sufficient, and he may suspend the
license of any operator or the certificate of registration of any motor
cycle in his discretion and without a hearing, and may order the license
or registration certificate to be delivered to him, whenever he has reason
to believe that the holder thereof is an improper or incompetent person
or to operate motor vehicles, or is operating improperly or so as to endanger
the public; and neither the certificate of registration nor the license
shall be reissued unless, upon examination or investigation, or after a
hearing, the registrar determines that the operator should again be
permitted to operate. The registrar, under the same conditions and
for the same causes, may also suspend the right of any person to operate
motor vehicles in the commonwealth under section ten until he shall
have received a license from the registrar.

Section 23. Any person convicted of operating a motor vehicle
after his license to operate has been suspended or revoked or after notice
of the suspension of his right to operate a motor vehicle without a license
has been issued by the registrar and received by such person or by his
agent or employer and prior to the restoration of such license or right to
operate or to the issuance to him of a new license to operate, and any
person convicted of operating or causing or permitting any other person

Section 24. Whoever upon any way, or in any place to which the public has a right of access, operates a motor vehicle recklessly, or while under the influence of intoxicating liquor, or negligently so that the lives or safety of the public might be endangered, or upon a bet or wager or in a race, or whoever operates a motor vehicle for the purpose of making a record and thereby violates any provision of section seventeen or any regulation under section eighteen, or whoever without stopping and making known his name, residence and the number of his motor vehicle goes away after knowingly colliding with or otherwise causing injury to any other vehicle or property, or whoever uses a motor vehicle without authority knowing that such use is unauthorized, or whoever looms or knowingly permits his license to operate motor vehicles to be used by another person, or whoever makes false statements in an application for such a license or falsely impersonates the person named in such an application, or procures such false impersonation, whether of himself or of another, shall be punished by a fine of not less than twenty nor more than two hundred dollars or by imprisonment for not less than two weeks nor more than two years, or both; except that for an offence of operating a motor vehicle while under the influence of intoxicating liquor committed within a period of six years immediately following his final conviction of a like offence by a court or magistrate of the commonwealth, a person shall be punished by imprisonment for not less than one month nor more than two years. Before a magistrate or other officer authorized to receive complaints in criminal cases reduces a complaint to writing, or before a prosecuting officer presents evidence to the grand jury, charging a person with having operated a motor vehicle while under the influence of intoxicating liquor, he shall communicate with the office of the registrar, and shall inquire as to whether there is in said office any record or other information tending to show that such person has been finally convicted of a like offence by a court or magistrate of the commonwealth within a period of six years immediately preceding the commission of the offence with which he is charged, and if it shall appear to such magistrate or other officer, or to the grand jury, as the case may be, that such person has so been convicted, the complaint or indictment shall contain an averment to that effect which shall specify such court or magistrate and the date of such conviction. the public has a right of access, and who, without stopping and making
known his name, residence and the number of his motor vehicle, goes
away after knowingly colliding with or otherwise causing injury to any
person, shall be punished by imprisonment for not less than two months
nor more than two years. A conviction of a violation of this section
shall be reported forthwith by the court or magistrate to the registrar,
who may in any event and shall, unless the court or magistrate recom-
mends otherwise, revoke immediately the license of the person so con-
victed, and no appeal from the judgment shall operate to stay the rev-
ocation of the license. If it appears by the records of the registrar that
the person so convicted is the owner of a motor vehicle or has exclusive
control of any motor vehicle as a manufacturer or dealer, the registrar
may revoke the certificate of registration of any or all motor vehicles so
owned or exclusively controlled. The registrar in his discretion may issue
a new license to any person acquitted in the appellate court, or after
an investigation or upon hearing may issue a new license to a person
convicted in any court; provided, that no new license shall be issued
by the registrar to any person convicted of operating a motor vehicle
while under the influence of intoxicating liquor until one year after the
date of final conviction, if for a first offence, or five years after any sub-
quient conviction, and to any person convicted of violating any other
provision of this section until sixty days after the date of final conviction,
if for a first offence, or one year after the date of any subsequent con-
viction; and provided, further, that notwithstanding the foregoing, no
new license shall be issued by the registrar to any person convicted of
operating a motor vehicle while under the influence of intoxicating
liquor, until ten years after the date of final conviction, in case the
registrar determines, upon investigation and after a hearing, that the
action of the person so convicted in committing such offence caused an
accident resulting in the death of another, nor at any time after a sub-
quient final conviction of a like offence, in case the registrar determines
in the manner aforesaid that the action of such person so subsequently
convicted in committing such subsequent offence caused an accident
resulting in the death of another. The prosecution of any person for
operating a motor vehicle while under the influence of intoxicating
liquor, if the offence is committed within a period of six years immedi-
ately following his final conviction of a like offence by a court or magis-
trate of the commonwealth, shall not in any event be placed on file or
otherwise disposed of except by trial, judgment and sentence according
77 to the regular course of criminal proceedings, nor shall the execution of
the sentence for such later offence be suspended under section one of
chapter two hundred and seventy-nine. The prosecution for the viola-
tion of any other provision of this section, if a second or subsequent
offence, shall not, unless the interests of justice require such disposition,
be placed on file or otherwise disposed of except by trial, judgment and
sentence according to the regular course of criminal proceedings; and
such a prosecution shall be otherwise disposed of only on motion in
writing, stating specifically the reasons therefor, and verified by affidavit
if facts are relied on. If the court or magistrate certifies in writing that
he is satisfied that the reasons relied upon are sufficient and that the
interests of justice require the allowance of the motion, the motion shall
be allowed, and the certificate shall be filed in the case. A copy of the
motion and certificate shall be sent by the court or magistrate forthwith
to the registrar.
SECTION 24A. If a motor vehicle is used in connection with the commission of a felony, of any larceny, or of any offence punishable under any provision of sections twenty-two, one hundred and thirteen to one hundred and seventeen, inclusive, and one hundred and twenty of chapter two hundred and sixty-six, of which a person is convicted, the material facts relative to such use, including the registration number of the vehicle, so far as disclosed in the proceedings, shall be reported forthwith to the registrar by the clerk of the court in which or by the trial justice before whom the conviction occurs.

SECTION 25. Any person who, while operating or in charge of a motor vehicle, shall refuse, when requested by a police officer, to give his name and address or the name and address of the owner of such motor vehicle, or who shall give a false name or address, or who shall refuse or neglect to stop when signalled to stop by any police officer who is in uniform or who displays his badge conspicuously on the outside of his outer coat or garment, or who refuses, on demand of such officer, to produce his license to operate such vehicle or his certificate of registration, or to permit such officer to take the license or certificate in hand for the purpose of examination, or who refuses, on demand of such officer, to sign his name in the presence of such officer, and any person who on the demand of an officer of the police or other officer mentioned in section twenty-nine or authorized by the registrar, without a reasonable excuse fails to deliver his license to operate motor vehicles or the certificate of registration of any motor vehicle operated or owned by him or the number plates furnished by the registrar for said motor vehicle, or who refuses or neglects to produce his license when requested by a court or trial justice, shall be punished by a fine of not less than twenty-five nor more than one hundred dollars.

SECTION 26. Every person operating a motor vehicle which is in any manner involved in an accident in which any person is killed or injured shall forthwith report in writing to the registrar. The registrar may revoke or suspend the license of any person violating this section.

SECTION 27. A full record shall be kept by every court and trial justice of every case in which a person is charged with a violation of any provision of this chapter, and an abstract of such record shall be sent forthwith by the court or trial justice to the registrar. Said abstracts shall be made upon forms prepared by the registrar, and shall include all necessary information as to the parties to the case, the nature of the offence, the date of the hearing, the plea, the judgment and the result; and every such abstract shall be certified by the clerk of the court or by the trial justice as a true abstract of the record of the court. The registrar shall keep such records in his main office, and they shall be open to the inspection of any person during reasonable business hours. Courts and trial justices shall, upon their own initiative or upon the request of the registrar or his agents, furnish to the registrar the details of all particularly flagrant cases which may be heard before them; and they may make such recommendations to the registrar as to the suspension or revocation of the licenses and certificates of registration of the defendants in such cases as they may deem necessary.
1 Section 28. Any person aggrieved by a ruling or decision of the registrar may, within ten days thereafter, appeal from such ruling or decision to the department of public works, which may, after a hearing, order such ruling or decision to be affirmed, modified or annulled, but no such appeal shall operate to stay any ruling or decision of the registrar.

2 In the administration of the laws and regulations relative to motor vehicles, the commissioner or an associate commissioner of the department, or an employee thereof, if duly authorized by a writing filed in the office of the department, or the registrar, may summon witnesses in behalf of the commonwealth and may administer oaths and take testimony. The department or the registrar may also cause depositions to be taken, and may order the production of books, papers, agreements and documents. Any person who swears or affirms falsely in regard to any matter or thing respecting which an oath or affirmation is required by the department or by the registrar or by this chapter shall be deemed guilty of perjury. The fees for the attendance and travel of witnesses shall be the same as for witnesses in civil actions before the courts, and shall be paid by the commonwealth upon the certificate of the department or the registrar filed with the comptroller. The supreme judicial or superior court may, upon the application of the department or the registrar, enforce all lawful orders of the department or the registrar under this section.

1 Section 29. The registrar shall appoint competent persons to act as investigators and examiners, may remove them for cause, and may define their duties. He may also appoint, and for cause remove, a deputy registrar and an assistant to the registrar, and may delegate to such deputy and assistant the performance of any duty imposed upon the registrar by any provision of this chapter. Said investigators and examiners, with respect to the enforcement of the laws relating to motor vehicles, shall have and exercise throughout the commonwealth all the powers of constables, except the service of civil process, and of police officers, including the power to arrest any person who violates any provision of this chapter, and they may serve all processes lawfully issued by the courts, the department in the exercise of its functions under this chapter or the registrar. The registrar may investigate the cause of any accident in which any motor vehicle is involved, and for this purpose may send his investigators into other states. The selectmen of any town and the mayor of any city of less than one hundred thousand inhabitants where there is no police commission or police commissioner, and the police commission or police commissioner, when such exist, of any such city, may appoint special constables, who shall serve without cost to such city or town and who shall have all the powers of police officers and constables in relation to the enforcement of all laws and regulations concerning motor vehicles. The chief officer of the police department of every city and town and the chairman of the selectmen of such towns as have no regular police department shall notify the registrar forthwith, upon blanks furnished by him, of the particulars of every accident referred to in section twenty-six which happens within the limits of his city or town in which a motor vehicle is involved, together with such further information relative to such accident as the registrar may require, and shall also, if possible, ascertain the name of the person operating such vehicle and notify the registrar of the same. Every such officer, upon the request of
the registrar, shall demand forthwith the license of any operator and the certificate of registration and number plates of any motor vehicle situated within the city or town where such officer resides when said license or certificate has been suspended or revoked by the registrar, and shall forward the same to the registrar. Whenever the death of any person results from any such accident, the registrar shall suspend forthwith the license of the person operating the motor vehicle involved in said accident, and shall order the said license to be delivered to him; and the registrar shall revoke the same unless, upon investigation and after a hearing, he determines that the accident occurred without serious fault upon the part of the operator or chauffeur of such motor vehicle. No operator whose license is revoked under this section shall be licensed again within six months after the date of the suspension, nor thereafter except in the discretion of the registrar.

Section 30. A proper record of all applications and of all certificates and licenses issued shall be kept by the registrar at his main office, and such records shall be open to the inspection of any person during reasonable business hours. The registrar may issue a certified copy, attested by him or his authorized agent, of any certificate of registration or of any license to operate motor vehicles which may have been lost or mutilated, upon the written request of the person entitled thereto; and such certified copies shall have the same force and effect as the originals. Certified copies of such records of the registrar, attested by the registrar or his authorized agent, shall be admissible as evidence in any court of the commonwealth to prove the facts contained therein. The registrar may destroy applications under this chapter and copies of the licenses and certificates of registration issued by him, and all letters reporting accidents or papers relating thereto, excepting those of the then current year and the four years next preceding. He may destroy or dispose of any obsolete number plates and forms which, in his opinion, are no longer of any value to the commonwealth, and may destroy examination papers or the answers given by the applicants for licenses when the same have become of no value or when the licenses applied for have been granted. He may also destroy all records of convictions of persons charged with violation of the laws relating to motor vehicles unless such convictions are final convictions under section twenty-four, excepting those of the then current year and the two years next preceding.

Section 31. The registrar may prepare rules and regulations governing the use and operation of motor vehicles and the conduct of operators and chauffeurs, and may alter, rescind or add to any rules and regulations previously made by him. The rules and regulations of the registrar and any changes therein shall be subject to approval, and shall take effect, in the manner provided by section six of chapter sixteen. A copy of such rules and regulations attested by the registrar shall be prima facie evidence that they have been made and approved as provided by law. This section shall not be construed as giving the registrar power to regulate the speed at which motor vehicles may be operated on the public ways.

Section 31A. The department after a public hearing may make, and may alter, rescind or add to, rules and regulations for the reasonable and proper control and regulation of the transportation by motor
4 vehicle of personal property over the ways of this commonwealth, except ways under the control of the metropolitan district commission.

6 Said rules and regulations shall cover, among other matters which the department may deem necessary or desirable, the fixing of routes with respect to the physical capacity of such ways to carry traffic; the establishment of the maximum weight of loads per commercial motor vehicle and per inch of tire in contact with the surface of such ways; the maximum dimensions of loads; and the regulation of the rate of speed of such vehicles over such ways. Said rules and regulations and any changes therein shall be subject to approval, and shall take effect, in the manner provided by section six of chapter sixteen. Any person convicted of a violation of any rule or regulation made under this section shall be punished by a fine of not more than twenty-five dollars, and in case of a second or subsequent offence the registration of the vehicle or vehicles involved shall be suspended for such length of time as the department may determine.

1 Section 32. Every manufacturer of and dealer in motor vehicles, and every owner, proprietor, person in control or keeper of a garage, and in the city of Boston, every owner, proprietor, person in control or keeper of an open air parking space kept open with attendants day and night for the storage or keeping for hire of motor vehicles, shall keep or cause to be kept in a book a proper record of every motor vehicle which enters and which leaves his garage, stable, shop or place of business. Said book shall have columns and headings substantially as follows:

<table>
<thead>
<tr>
<th>DATE</th>
<th>Register Number and Letter, if Any</th>
<th>TIME OF ENTERING GARAGE OR OTHER PLACE</th>
<th>TIME OF LEAVING GARAGE OR OTHER PLACE</th>
<th>Operator's or Chauffeur's Name</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>A.M. P.M.</td>
<td>A.M. P.M.</td>
<td></td>
</tr>
</tbody>
</table>

9 All entries in said book shall be made legibly in ink or with an indelible pencil. The said book shall be kept in some convenient place and shall be open at all times to the inspection of the registrar and his agents and of any police officer or constable.

1 Section 32A. When the serial number of a motor vehicle or of the engine of a motor vehicle has been removed, defaced, altered, changed destroyed, obliterated or mutilated, the registrar may issue to any person applying therefor a certificate authorizing the restoration upon such motor vehicle or upon the engine of such motor vehicle of its original serial number, or the substitution therefor of a number designated by the registrar which shall thereafter be regarded as the number properly to be used for purposes of registration and identification of said motor vehicle. In this section, the phrase "serial number" shall mean, when used with reference to a motor vehicle, the number affixed by the maker thereof and, when used with reference to the engine of a motor vehicle, the engine number, both as required to be contained in an application for registration of a motor vehicle by section two.
Records of motor vehicles leased upon a mileage basis. 1928, 25.

Section 32B. Every owner, proprietor, person in control or keeper of an establishment leasing motor vehicles for compensation computed upon a mileage basis shall keep or cause to be kept in a book a proper record of every motor vehicle so leased by him. Said record shall contain the registration number and the name of the maker of the motor vehicle so leased, the time the motor vehicle left the establishment and the time of its return, and the signature in full of the lessee in his own handwriting, his residence and the number of his operator's license. Said record shall be open at all times to the inspection of the police.

Section 33. The registrar or his authorized agents shall collect fees as follows:

For the registration of every motor cycle, one dollar and fifty cents.

For the registration of every motor truck, motor bus, trailer and semitrailer unit owned by a city or town in the commonwealth, and used solely for municipal business, and for the registration of every motor bus not so owned but used exclusively under contract for the transportation of school children, two dollars; provided, that any such motor bus not municipally owned may also be used for the transportation of persons to and from church and Sunday school services without the payment of additional registration fee; and this paragraph shall apply to the registration of such vehicles regardless of whether they are designed to be propelled otherwise than by fuel as defined in section one of chapter sixty-four A, in this section referred to as "non-gasoline driven", or designed to be propelled by fuel as so defined, in this section referred to as "gasoline driven".

For the registration of every ambulance, fire engine or apparatus, police patrol wagon or other vehicle used by the police department of any city or town or park board solely for the official business of such department or board, no fee shall be collected hereunder.

1 Section 34C. Any person applying for the registration of more than
2 one motor vehicle under section two, three or four, or any manufacturer
3 or dealer applying for registration of motor vehicles under section five,
4 may, in lieu of procuring a separate policy or bond covering each motor

6 motor vehicles owned or controlled by him, in which the amounts or
7 limits of indemnity as provided in section thirty-four A for a motor
8 vehicle liability policy or bond shall apply to each motor vehicle covered
9 thereunder.

36 provided when a cash deposit has been made. Any payment upon an

38 section shall discharge its members from all official and personal liability

SECTION 34F. The registrant of a motor vehicle who deposits cash or securities as provided in this section or in section thirty-four D or the person responsible for the operation of the registrant’s motor vehicle with his express or implied consent shall immediately upon the service of any writ or summons in any action the payment of the judgment in which is secured by such deposit, give written notice to the registrar and the department of the bringing of such action in such form as it may prescribe, and thereupon it may require the giving, at the option of the registrant, of a motor vehicle liability bond or policy or may require the deposit of further cash or securities as additional security for the payment of judgments in any other such actions. Whoever fails to give the notice required by this section shall be punished by a fine of not less than one hundred nor more than one thousand dollars or by imprisonment for not more than one year or both.

SECTION 34G. If a judgment rendered against the principal on a motor vehicle liability bond or against any person responsible for the operation of the principal’s motor vehicle with his express or implied consent is not satisfied within thirty days after its rendition, the judgment creditor may for his use and benefit and at his sole expense bring an action in the name of the commonwealth against the surety company executing the bond.

SECTION 34H. In the event that the registrar receives written notice, in conformity with section one hundred and thirteen A of chapter one hundred and seventy-five, from the owner of a motor vehicle cancelling the motor vehicle liability policy or bond covering the same, he shall...

17 in an order of the board of appeal on motor vehicle liability policies and
18 bonds affirming such cancellation under said section one hundred and
19 thirteen D in case the owner does not claim an appeal thereunder, or
20 as specified in a decree of the superior court or a justice thereof affirming
21 such cancellation on such appeal, unless not later than two days prior
22 to such effective date as finally specified the registrar shall have received
23 a new certificate covering the same motor vehicle.
24 The registrar shall forthwith upon receipt of a notice under section
25 thirty-four F of the failure of the owner of a motor vehicle to maintain

29 vehicle liability policies or bonds in the commonwealth, send written
30 notice to the owner of the motor vehicle covered by such deposit or to
31 every owner of a motor vehicle covered by a motor vehicle liability
32 policy or bond issued or executed by such a company that the registration
33 thereof will be revoked, unless within five days after the sending of said
34 notice he shall file with the registrar a new certificate.
35 Upon failure of the owner of a motor vehicle to file a new certificate
36 as required by this section, the registrar shall immediately revoke the
37 registration thereof; provided, that if a new certificate as aforesaid is
38 filed prior to the final effective date of the cancellation of the existing
39 policy or bond, he may in his discretion rescind such revocation.
40 Any notice required by this section to be given by the registrar shall
41 be deemed sufficient if mailed by the registrar, or any person authorized
42 by him to send such notice, postage prepaid, to the address given on
43 the application for registration, and an affidavit of the registrar or such
44 person that such notice has been mailed as aforesaid shall be prima facie
45 evidence thereof.

Definitions.
1922, 534, § 1.
1928, 388, § 1.
[For further definitions see §§ 1, 5, 34A.]

Section 35. The following words and phrases used in sections thirty-five to fifty-nine, inclusive, shall have the following meanings, unless a different meaning is clearly apparent from the language or context or unless such construction is inconsistent with the manifest intention of the general court:

"Aircraft", any contrivance now or hereafter used in, or designed for the purpose of, navigation of or flight in the air, except a parachute or other contrivance so designed but used primarily as safety equipment.

"Commercial flying", any flight or attempted flight in which passengers or merchandise are carried, or in which any other service is performed by the pilot or aircraft, for compensation or hire.

"Private flying", all flying other than commercial flying or flying conducted by a department or other agency of the United States or of this or another state thereof.

Section 36. Every application for a license or registration, or renewal thereof, under sections thirty-five to fifty-nine, inclusive, shall be under oath or verified by a written declaration that it is made under the penalties of perjury, shall be accompanied by the proper fee and shall be made to the registrar, who may license any competent person as an aircraft pilot and may register suitable aircraft, in accordance with said sections. Except as authorized under federal law and except as hereinafter provided, no person shall operate or attempt to operate any aircraft within the commonwealth unless licensed so to do by the registrar and unless such aircraft is properly registered by him. No pilot's license shall be issued until the registrar or his authorized agent is satisfied that the applicant is a proper person to receive it.

Licenses.

Section 37. The registrar shall appoint an advisory board of aeronautical experts, which shall consist of at least three members, to hold office at his pleasure. Such board shall ascertain whether applicants are competent to receive the licenses for which they apply and whether aircraft are suitable for the purposes for which registration thereof is sought.

Section 38. Any person applying for a pilot's license shall, if requested by the advisory board, make one or more flights in an aircraft furnished by the applicant at a time and place approved by the board. The board shall determine the competency of the applicant as a pilot.

Section 39. Each pilot's license shall be designated as either private or commercial. A commercial license shall entitle the licensee to engage in commercial flying and in private flying. A private license shall entitle the licensee to engage in private flying only. In addition to the
5 above designation, each license shall contain a statement of any limitation or restriction on the size or type of types of aircraft which may be operated thereunder. A commercial license may also contain a statement of any limitation or restriction as to the areas within which persons may be carried for compensation or hire.

1. **Section 40.** A pilot’s license shall expire one year from the date of its issue. Applications for renewal may be made before the date of expiration in such manner as the registrar directs. The fee for a license or for a renewal thereof shall be five dollars, except that the fee for a license limited to the operation of gliders shall be three dollars, and for a renewal thereof, two dollars. Each initial application for a license, except a license limited to the operation of gliders, shall also be accompanied by a fee of five dollars for examination. If the applicant is not licensed the license fee, but not the examination fee, shall be refunded. The fee for every subsequent examination shall be five dollars. The fee for every additional copy of a certificate of registration, license or permit to replace one that has been lost or mutilated shall be one dollar. The fee for every certified copy of an application, certificate of registration, license or permit shall be one dollar.

2. **Section 41.** No such license shall be required of any aviator while flying in line of duty in the service of the United States or of this or another state thereof or of a foreign country. A person holding any class of pilot’s license issued after proper examination by authority of the United States or of another state thereof or of a foreign country may, without further license, operate aircraft within the commonwealth for not exceeding ten days in any one calendar year. No such person shall engage in flying within the commonwealth for more than ten days in any calendar year without having previously filed with the registrar a statement in writing containing his name, his address in this commonwealth, the authority as aforesaid issuing his license, the number thereof, if any, and an appointment of the registrar and his successor in office to be his true and lawful attorney upon whom may be served all lawful processes in any action or proceeding against him growing out of any accident or collision in which he may be involved while operating within the commonwealth, and also containing his agreement that any lawful process against him which is served upon the registrar or his successor in office as such attorney shall be of the same legal force and validity as if served on him personally, and that the registrar and his successor in office shall continue to be his said attorney so long as any liability on account of such an accident or collision remains outstanding against him. Sections three A to three E, inclusive, shall apply to such service.

3. A person not licensed or authorized under any provision of this and the six foregoing sections may operate an aircraft if accompanied by a pilot licensed or authorized to operate such aircraft; but such licensed or authorized pilot shall be liable for a violation of any provision of sections forty-nine to fifty-nine, inclusive, or of any rule or regulation made thereunder, committed by such unlicensed or otherwise unauthorized person while so accompanied; provided, however, that nothing in this section shall be construed to impose any liability upon a passenger in a commercial aircraft who did not know that the pilot was unlicensed or unauthorized.
For the purposes of instruction in flying, an unlicensed pilot may, with the consent of and under the observation of his instructor, who shall be a licensed pilot, operate an aircraft over a field approved by the registrar or over open water. No unlicensed person shall accompany such unlicensed pilot in the same aircraft. The term aircraft, as used in this section, shall mean aircraft registered by the registrar or authorized to be operated without such registration in this commonwealth under section forty-seven.

**Registration.**

Section 42. Every application for the registration of an aircraft shall be made by the owner thereof. The application shall contain, in addition to such other particulars as are required by the registrar, a statement of the name, place of residence and local address, if any, of the applicant, together with a brief description of the aircraft sought to be registered.

Section 43. Upon application for the registration of any aircraft, the applicant shall, at the request of the advisory board, have the aircraft operated by a pilot provided by the applicant. In addition, the aircraft shall be exhibited to the board, on the ground, in such manner and at such time and place as shall be required by the board in order to make possible a careful examination of its construction. The board shall thereupon determine whether such aircraft is suitable for registration.

Section 44. Each aircraft registered shall be designated as either private or commercial. A commercial registration shall entitle the aircraft to be used in commercial flying, and, unless specifically restricted therefrom, in private flying. A private registration shall entitle the aircraft to be used in private flying only.

Section 45. Except as hereinafter provided, each aircraft registered by the registrar shall be designated by a symbol consisting of a combination of letters or numbers, or both. The symbol of each aircraft shall be determined by the registrar at the time of registration. Before any registered aircraft is operated, the symbol of such aircraft shall be painted upon both vertical sides of the fuselage and upon the lower wing surface, in such color and shade as to be easily legible. On the lower wing surface the height of each letter shall be not less than three feet, except where the chord of the lower wing is less than three feet and nine inches, in which case the height shall be at least four fifths of the chord. On the fuselage, the height of the letters shall be not less than two feet and six inches. The exact form and arrangement of the letters and numbers shall be as specified by the registrar from time to time. If such designation is impracticable, the symbol shall be displayed in any other manner approved by the registrar. In the discretion of the registrar, no such designation shall be required of any aircraft already bearing a symbol designated by the federal government or by that of another state of the United States or of any foreign country.

Section 46. All registrations shall expire upon the last day of each calendar year unless previously revoked by the registrar. Applications for renewal may be made before the date of expiration in such manner as
the registrar directs. The fee for each registration or renewal shall be
5 fifteen dollars, except that the fee for the registration of a glider, or for
6 the renewal thereof, shall be three dollars.

1 Section 47. No such registration shall be required as to (1) aircraft
2 belonging to the United States or to this or another state thereof under
3 whose laws aircraft belonging to this commonwealth are exempt from
4 registration; (2) aircraft registered under federal law; or (3) aircraft
5 used for private flying only, registered by authority of another state of the
6 United States or of a foreign country. No aircraft not registered by the
7 registrar shall, except as otherwise provided by federal law, engage in
8 flying in the commonwealth for more than ten days in any calendar year,
9 unless the owner or operator thereof has previously filed with the registrar
10 a statement in writing containing the make, model and year of manu-
11 facture of the aircraft, a replica of the symbol carried by it, the authority
12 as aforesaid whereby registered, the registration number and the name
13 and address in this commonwealth of said owner or operator.

1 Section 48. Unregistered aircraft may be operated over approved
2 flying fields or large bodies of open water for the purpose of testing the
3 machines or for experimental purposes; provided such aircraft remain
4 at all times close enough to such flying field or open water to return thereto
5 by a glide having a mean slope of one foot descent for every five feet of
6 horizontal travel. No unregistered experimental aircraft shall be op-
7 erated at any altitude whatever over any thickly settled or business dis-
8 trict or over any assemblage of persons.

1 Section 49. The registrar may suspend, or after due hearing, revoke,
2 a pilot’s license or right to operate,
3 (a) If, in the opinion of the registrar, the pilot is not a proper person to
4 operate aircraft, or has operated any aircraft in a manner dangerous to
5 any person or has not used due care and caution while flying with pas-
6 sengers, even though not then engaged in commercial flying, or
7 (b) If the pilot exceeds his authority under his license, or
8 (c) Upon the use by the pilot of an unregistered aircraft, except as
9 provided in section forty-seven or forty-eight, or
10 (d) For violation of any provision of sections fifty-two to fifty-four,
11 inclusive, or
12 (e) For operating an aircraft after the damage or deterioration referred
13 to in section fifty has occurred and before full compliance with the pro-
14 visions of said section.
15 The registrar shall suspend for at least three months, and may after due
16 hearing revoke, the license or right to operate of a pilot who has been
17 found guilty of operating an aircraft while under the influence of liquor.
18 The registrar may suspend, or after due hearing, revoke, the regis-
19 tration or right of operation of an aircraft,
20 (a) If it is used for any purpose not authorized by its registration, or
21 (b) Upon violation of any provision of section fifty or fifty-three.
22 Action by the registrar under this section shall not relieve the licensee
23 from further liability or penalty.
**General Provisions.**

**SECTION 50.** Every person operating any aircraft which is in any manner involved in an accident in which any person is killed or injured shall forthwith report in writing to the registrar. When any aircraft shall have been damaged in any structural part other than the engine or tires, such damage shall forthwith be reported in writing to the registrar by the person operating the same, and such aircraft shall not again be operated until the damaged part has been replaced in whole by a suitable new part, or, if it is not so replaced, until the aircraft has been approved by the advisory board.

Where such damage occurs while the aircraft is outside the commonwealth, it must be reported before the aircraft is again operated within the commonwealth.

When any registered aircraft shall, in the opinion of the advisory board, have become unfit for operation through deterioration or otherwise, notice thereof shall be given to the owner and such aircraft shall not again be operated until it has been repaired and has been approved by the advisory board.

**SECTION 51.** No aircraft shall be operated over any open air assembly of persons, except by special permission of the registrar. No heavier-than-air aircraft shall be operated over such an assembly at an altitude of less than one thousand feet, or at an altitude which does not allow at least one thousand feet of vertical drop to every mile of horizontal distance required to reach a proper landing place in case of engine failure.

**SECTION 52.** No aircraft engaged in commercial flying shall, while carrying passengers, be looped, deliberately spun, or otherwise caused to perform aerial acrobatics. This prohibition shall not apply to an aircraft while used for giving instruction in flying and shall not prevent an instructor from teaching acrobatic flying to a pupil, but in no case shall such flying be engaged in over thickly settled or business districts or where it might reasonably be expected to cause personal injury or fear thereof to persons below.

**SECTION 53.** No aircraft shall be used in the commonwealth for the purpose of giving a public exhibition in which any person attempts a transfer from one aircraft to another while in flight or between any aircraft in flight and any other vehicle or the ground, or in which any person leaves the cockpit of an aircraft to perform any feat of daring, or uses any part of an aircraft in a manner other than that intended by its designer; nor shall any pilot licensed or authorized in the commonwealth take part in such an exhibition. No person shall throw or drop any missile or other article from any aircraft in flight except over grounds temporarily or permanently reserved for such purpose or over open water. Nothing in this section shall be construed to prohibit the use of parachutes as a means of safe descent or the release of fine sand or liquid without containers by a lighter-than-air craft over thinly settled areas.

**SECTION 54.** The load carried by a registered aircraft shall not exceed that recommended by the manufacturer, except by permission of the registrar.
Section 55. No pilot shall operate an aircraft over any thickly settled or business district except at a height sufficient to permit of a reasonably safe emergency landing. Such height in no case shall be less than one thousand feet, except when necessary for the purpose of embarking or landing.

Section 56. No person shall land any aircraft in a public way or public park without permission from the authorities in charge thereof. No person shall land any aircraft on any field in which there are ten or more persons unless such field contains a space free from persons and at least three hundred yards long in the direction of landing and at least one hundred yards wide, and in such case the landing shall be so made that the aircraft shall not at any time while on or within twenty feet of the ground pass within fifty yards of any person; provided, however, that this section shall not apply to fields regularly designated for use by aircraft as specified in section fifty-seven nor to fields the proper policing of which has been previously arranged.

Section 57. Landing places for aircraft may from time to time be established and may be maintained by the department of public works or by other public officials in charge of any land owned or controlled by the commonwealth or by any city, town or district thereof. Rules and regulations governing the use of such landing places may be made by said department or officials establishing or having charge of the same, but the department, of its own motion or upon petition of any interested party, may at any time alter, amend or revoke any such rule or regulation and establish other rules and regulations governing said use. The department may likewise make, and may alter, amend or revoke, rules and regulations governing the use of any landing place established otherwise than by public authority. The said department, after public hearing, may issue an order permitting the use of any landing field already in use or proposed to be established, or prohibit such use if in its opinion it would be inconsistent with the public interest. The registrar, with the approval of the commissioner of public works, may by order prohibit aircraft flying from or landing on any place other than an established landing field which the registrar deems unsafe for such flying or landing.

Section 58. The registrar may from time to time prepare rules and regulations consistent with sections thirty-five to fifty-nine, inclusive, governing the use, operation and registration of aircraft and the licensing of pilots thereof. Such rules and regulations shall be subject to approval, and shall take effect, in the manner provided by section six of chapter sixteen. Any person aggrieved by any regulation, ruling or decision of the registrar, relative to the use, operation and registration of aircraft or the licensing of pilots thereof, or by any order of the registrar made under section fifty-seven, may appeal as provided in section twenty-eight and the provisions of said section shall apply to such appeal.

Section 59. Whoever violates any provision of sections thirty-five to fifty-eight, inclusive, or any rule or regulation made thereunder, or any order of the registrar made under section fifty-seven, shall be punished by a fine of not less than ten nor more than five hundred dollars,
or by imprisonment for not less than one month nor more than six months, or both. Whoever operates an aircraft while under the influence of intoxicating liquor shall be punished by imprisonment for not less than one month nor more than two years.

SECTION 60. The superior court shall have jurisdiction in equity to enforce the provisions of sections thirty-five to fifty-nine, inclusive, and rules, regulations and orders made thereunder, and to restrain the violation thereof.

Section 2. The department shall, except as otherwise provided, have charge of the lands, rights in lands, flats, shores and rights in tide waters belonging to the commonwealth, and shall, as far as practicable, ascertain the location, extent and description of such lands; investigate the gate the title of the commonwealth thereto; ascertain what parts thereof have been granted by the commonwealth; the conditions, if any, on which such grants were made, and whether said conditions have been complied with; what portions have been encroached or trespassed on; and the rights and remedies of the commonwealth relative thereto; prevent further encroachments and trespasses; ascertain what portions of such lands may be leased, sold or improved with benefit to the commonwealth and without injury to navigation or to the rights of riparian owners; and may lease the same. It may sell and convey, or lease, any of the islands owned by the commonwealth in the great ponds. It may make contracts for the improvement, filling, sale, use or other disposition of the lands at and near South Boston known as the Commonwealth flats, may lease any portion thereof with or without improvements thereon, may regulate the taking of material from the harbor and fix the lines thereon for filling said lands. All conveyances and contracts, and all leases for more than five years, made under this section shall be subject to the approval of the governor and council.

Section 2A. The department, having charge under section two of the lands, pier, structures and other property in the town of Plymouth belonging to the commonwealth which were acquired, built or improved by the Pilgrim tercentenary commission under chapter one hundred and eighty-seven of the Special Acts of nineteen hundred and nineteen, may dispose thereof.
repair, alter and maintain said pier and other structures, and if it deems it advisable remove said pier, or may equip, operate and administer the same for the benefit of the commonwealth, and may from time to time make such rules and regulations, and may charge such reasonable rates for the use of said pier and equipment, as shall be approved by the governor and council. All receipts hereunder shall be paid into the state treasury. The town of Plymouth shall have police jurisdiction over said lands, pier and other property. Subject to appropriation and with the approval of the governor and council, the department may arrange with said town or with any appropriate memorial or historical society for the care, maintenance and use of said lands, pier and other property or any part or parts thereof, and said town is hereby authorized to appropriate money to pay the costs and expenses of such care and maintenance. With the approval of the governor and council, the department may sell and convey or lease said pier.

Section 3. The department shall have all the rights, powers and duties transferred to the directors of the port of Boston under section four of chapter seven hundred and forty-eight of the acts of nineteen hundred and eleven in respect to lands, rights in lands, flats, shores, waters and rights belonging to the commonwealth in tide waters and land under water in Boston harbor, or which adjoin the same or are connected therewith, and shall have the same powers and duties relative thereto as it has with respect to the Commonwealth flats under section two. It may, in accordance with such plans as it adopts, excavate and dredge in Boston harbor wherever public convenience and necessity require. It shall at all times have access to any maps, charts, plans and documents in the custody of any public board, commission or officer relating to waters and lands in charge of the department, shall have immediate charge of lands owned or acquired by the commonwealth upon or adjacent to the Boston harbor front, except lands under control of the metropolitan district commission, and shall have charge of the construction of piers and other public works in said harbor, shall administer all terminal facilities under control of the department and shall secure and keep full information as to the present and probable future requirements of steamships and shipping and the best means which can be provided at the port of Boston for the accommodation of steamships, railroads, warehouses and industrial establishments.

Section 4. The department shall undertake such work for the improvement, development, maintenance and protection of Boston harbor as it deems reasonable and proper. It may, with the approval of the governor and council, grade and suitably surface any railroad locations or traffic ways which are or may be located on lands, flats or rights therein, owned or acquired by the commonwealth in Boston harbor, and may carry said ways or railroads over or under any railroad or railway location or public way in order to eliminate crossings at grade, and may provide suitable and convenient track connections between the rails serving any pier or piers and those of any existing or proposed railroad that now reaches or hereafter may reach Boston. All piers controlled by the department shall be accessible and open to all teaming and lighterage traffic, subject to such regulations as the department may from time to time make. Upon application to the department, any railroad company that now reaches or hereafter may reach Boston, 15
either by its own rails or under trackage or traffic contract or agreement
with any other railroad company, shall be provided by the department
with a track connection with the tracks serving such pier or piers.

Section 5. With the consent of the governor and council, the depart-
ment may take by eminent domain under chapter seventy-nine or acquire
by purchase or otherwise, and hold, such real property and such rights
and easements therein as the department may from time to time consider
necessary for the purpose of constructing, or securing the constructing
or utilizing of, piers and, in connection therewith, highways, waterways,
railroad connections, storage yards and sites for warehouses and industrial
establishments, and may lay out and build thereon, and upon such other
lands within its jurisdiction under section three, such piers, with build-
ings and appurtenances, docks, highways, waterways, railroad connec-
tions, storage yards and public warehouses as the department deems
desirable; provided, that if general plans bearing the signed approval of
the department, given after due notice and a hearing, describing the
property and showing the location and character of any proposed docks,
piers, wharves, warehouses, factories, power plants, and industrial termi-
inals, of adequate and proper design and general suitability for the pur-
poses for which they are to be used, shall be filed with the department,
together with a notice signed by the owners or lessees or by others having
legal rights in the premises stating that they propose to construct upon
the property described the improvements shown by said plans and claim-
ing exemption from the taking by eminent domain as herein authorized
of any of such property, including the lands upon which said improve-
ments are to be constructed, then said land and said improvements shall
not be taken by the department by right of eminent domain without au-
thorization of the general court granted within forty years after the date
of filing of said plans, if substantial construction in general accordance
with such plans is actually begun in good faith within one year after the
date of approval by the department of the plans, and if said improvements
are finished substantially in accordance therewith within five years after
the beginning of construction of said improvements unless the department
shall extend the time within which said improvements shall be completed;
and provided, that after completion, said improvements during said
period of forty years are kept in suitable repair and are used for the pur-
poses to which said approval applied, and provided, that if general plans
bearing the signed approval of the department, given after due notice and
a hearing, and describing the property, and the location and character
of any existing docks, piers, wharves, warehouses, factories, power plants,
and industrial terminals, and certifying that they are of proper design
and adequate and suitable for the purposes for which they are to be used,
and that they are in proper condition and in thorough repair, shall be filed
with the department, together with a notice signed by the owners or
lessees, or others having legal rights in the premises and claiming excep-
tion from the taking by eminent domain as authorized by this section of
any such property, including the lands upon which said improvements
have been constructed, then said land and said improvements shall not
be taken by the department by the right of eminent domain without
authorization of the general court granted within forty years after the
date of the approval by the department, if during that time such property
is kept in suitable repair and is used for the purposes to which said ap-
proval applied; and provided, that none of the exemptions from the right

SECTION 6. The department may lease for a period not exceeding twenty years, under such covenants and conditions as it prescribes, storage facilities, wharves, piers, bulkheads, docks, sheds, warehouses, foreshores and industrial locations in Boston harbor within its charge. It may lease sites for warehouses and industrial locations for a longer period, but every lease of such sites for a period exceeding twenty years shall provide for a readjustment of the rental at intervals of not more than twenty years. No lease for a term exceeding five years shall be valid until approved by the governor and council. The income from all wharfage and storage rates, use of cranes, lightering, docking and other charges, and from the leases of lands, storage structures, wharves, piers, docks, sheds, warehouses and industrial sites, all moneys received by the commonwealth under section twenty-one for tide water displacements in Boston harbor, and all moneys hereafter received which on May twenty-eighth, nineteen hundred and twelve, were required to be paid into the Commonwealth's Flats Improvement Fund, shall be collected by the department and paid to the commonwealth, to the credit of the Port of Boston Fund. Said fund may be invested by the state treasurer at his discretion from time to time as provided for the investment of the commonwealth's funds; and all income from such investments shall be added to the fund. The department may expend the Port of Boston Fund to operate, maintain, repair and preserve the property in Boston harbor in the control of the department, and such sums as the legislature may appropriate annually for salaries, office expenses, and general engineering expenses in connection with the work of the department in Boston harbor shall be paid so far as possible from said fund; any balance remaining from said fund after the aforementioned expenses have been paid shall be applied to the payment of interest and to the annual payments on account of principal of any securities which may have been or may be issued to raise money to be expended by the department for the development of the port of Boston.

SECTION 7. All piers and other similar structures in Boston harbor built by the department or its predecessors shall be equipped, either by the department or by the lessees thereof, with fireproof sheds, railway tracks, cranes and other machinery and accommodations for the convenient, economical and speedy loading and discharge of freight; and the department may acquire, hold and operate such lighters and other vessels as it deems convenient and needed therefor. The department shall make such reasonable rules and regulations and charge such reasonable rates for the use of such structures and equipment as it may from time to time deem wise.

SECTION 8. The department shall take all proper measures to obtain from Boston, without expense to the commonwealth, a conveyance of all the present right, title and interest of said city in and to Apple island,
4 and the flats appurtenant thereto, and in and to any other flats and rights
5 of said city on the easterly side of East Boston, which the department
6 deems are required for the development contemplated by section four, and
7 said Boston may make such conveyance, and in furtherance of the de-
8 velopment of the port make conveyance to the department or others, but
9 only for maritime or commercial improvement, of any shore lands owned
10 by it elsewhere, acquired either by purchase or taking.

1 Section 9. The department shall make, and, so far as practicable,
2 put into execution, comprehensive plans providing, on the lands now
3 owned or hereafter acquired by the commonwealth in Boston harbor,
4 adequate piers, capable of accommodating the largest vessels, and in
5 connection with such piers suitable highways, waterways, railroad con-
6 nections and storage yards, and sites for warehouses and industrial
7 establishments.

1 Section 10. The department shall have general care and supervision
2 of the harbors and tide waters within the commonwealth, of the flats
3 and lands flowed thereby, of the waters and banks of the Connecticut
4 river and the banks and waters of the non-tidal portion of the Merrimack
5 river and of all structures therein, in order to prevent and remove unau-
6 thorized encroachments and causes of every kind which may injure said
7 Connecticut river or said part of Merrimack river or interfere with the
8 navigation of such harbors, injure their channels or cause a reduction of
9 their tide waters, and to protect and develop the rights and property of
10 the commonwealth in such waters, flats and lands; and it may make such
11 surveys, examinations and observations as it deems necessary therefor.

1 Section 11. Outside of Boston harbor, the department shall under-
2 take such work for the improvement, development, maintenance and
3 protection of rivers, harbors, tide waters and foreshores as it deems
4 reasonable and proper, and for this purpose shall have the same powers,
5 conferred upon it by section thirty-one. In selecting the places to do
6 such work, the department shall consider the general public advantage
7 of the proposed work, the local interest therein as manifested by munici-
8 pal or other contributions therefor, the importance of the industrial or
9 commercial and other interests to be especially served thereby, and any
10 other material considerations affecting the feasibility, necessity or ad-
11 vantage of the proposed work or the expenditure therefor. No work
12 authorized by this section shall be begun until after a public hearing has
13 been held and a survey and an estimate of the cost has been made.

1 Section 12. The department may license and prescribe the terms for
2 the construction or extension of a dam, road, bridge, or other structure
3 or the filling of land, the driving of piles, or the making of excavations
4 in, over, or upon the waters below high water mark of the Connecticut
5 river or of that part of the Westfield river, in the towns of West Springs,
6 field and Agawam, lying between the confluence of said river with the
7 Connecticut river and the bridge across said river at Suffield street in the
8 said town of Agawam, and in, over and upon the waters of the non-tidal
9 part of the Merrimack river below high water mark; and the provisions
10 of this chapter shall apply to all such licenses. Every erection made, and
11 all work done on or within the banks of the Connecticut river, of said part
12 of the Westfield river or of said part of the Merrimack river, below high
water mark, not authorized by the general court or by the department, or made or done in a manner not sanctioned by the department, without a license as hereinbefore provided, shall be considered a public nuisance. The attorney general and the district attorneys within their respective districts shall, at the request of the department, institute proceedings to enjoin or abate any such nuisance. This section and any such license shall not impair the legal rights or remedies of any person.

Section 13. The department may license any person to construct and maintain booms in or across the Connecticut river, for periods of not more than five years, in such locations and upon such terms as it prescribes, or to build and extend a wharf, pier or shore wall below high water mark in said river, or to build or extend a wharf, pier, dam, wall, road, bridge or other structure, or to drive piles, fill land or excavate in or over the waters of any great pond below natural high water mark, or at or upon any outlet thereof, upon such terms as the department prescribes; but such license shall not validate acts beyond the line of riparian ownership or affecting the level of the waters in such pond, unless approved by the governor and council.

Section 14. The department of public works may license and prescribe the terms for the construction or extension of a wharf, pier, dam, sea wall, road, bridge or other structure, or for the filling of land or flats, or the driving of piles in or over tide water below high water mark, but not, except as to a structure authorized by law, beyond any established harbor line, nor, unless with the approval of the governor and council, beyond the line of riparian ownership. A license shall not be granted for the construction of a bridge across a river, cove or inlet, except in a location above a bridge, dam or similar structure authorized by law over such tide water, in which no draw actually exists or is required by law, and not then, if objection is made by the aldermen or selectmen of the town where the bridge is to be built.

The said department may license and prescribe the terms for the construction or extension of a pipe line, conduit or cable under tide water beyond any established harbor line; provided, that such pipe line or conduit is entirely imbedded in the soil and does not in any part occupy, or project into such tide water, and provided also that said department may at any time require any pipe line, conduit or cable to be moved or relocated if channel changes or alterations demand the same.

Section 15. Every authority or license granted since eighteen hundred and sixty-eight or hereafter granted by the commonwealth to any person to build a structure or do other work in, over and under the Connecticut river or the non-tidal part of the Merrimack river or in, over or under the waters of any great pond or at any outlet thereof below high water mark, or upon ground over which the tide ebbs and flows, or to fill up or to enclose the same, whether such ground is above or below low water mark, or within or beyond one hundred rods from high water mark, or whether private property or property of the commonwealth, shall be subject to the following conditions, whether expressed in the act, resolve or license granting the same or not: such authority or license shall be revocable at the discretion of the general court and shall expire in five years from its date, except as to valuable structures, fillings or enclosures actually and in good faith built or made
15 under the authority or license during the term thereof; but if compen-
sation has been paid to the commonwealth under section twenty-two
or under any similar provision of law, the rights and privileges for which
it has been paid shall not so terminate or be revoked unless provision is
made for repayment of such compensation.

1 Section 16. Every authority or license granted since eighteen
2 hundred and sixty-eight by the general court or by the department of
3 its predecessors to any person to build or extend a wharf or other struc-
ture upon, or to drive piles in, or to fill or otherwise occupy, land in tide
5 or navigable water, within Boston harbor, which is revocable at the
6 discretion of the general court, and every other similar right or privilege
7 within Boston harbor which is so revocable, whether or not compensation
8 has been paid under any provision of law or otherwise, shall hereafter
9 cease and determine, or be subject to forfeiture, in case of non-use of the
10 same for an unreasonable time without reasonable cause, and it shall be
11 prima facie evidence that the same is held unused in restraint of trade
12 when the tendency of such non-use is to prevent competition in its
13 broad and general sense, unless such person has, prior to July twenty-
eighth, nineteen hundred and twelve, made reasonable and substantial
15 use of structures, or has reasonably and substantially occupied land in
16 tide or navigable waters, for the purposes for which the authority or
17 license was granted; and thereupon, every such authority or license
18 and every similar right and privilege shall cease and determine on repay-
19 ment, or tender of repayment, by the commonwealth of compensation
20 therefor to the amount which shall have been paid to the commonwealth
21 in accordance with the terms of such authority or license; and the de-
22 partment and the attorney general shall cause a proper certificate of the
23 revocation of such authority or license to be recorded forthwith in the
24 registry of deeds for the county where such structure was built or work
25 done.

1 Section 17. No license or other authority to build structures upon
2 or to fill up or enclose any ground mentioned in the two preceding sections
3 shall be construed to interfere with or impair the right of any person
4 affected thereby to equal proportional privileges of approaching low
5 water mark or one hundred rods from high water mark, or harbor lines
6 established by law, or to impair the right to obtain a license or authority
7 so to approach of persons having interests in lands or flats which may be
8 affected thereby, or to impair the legal rights of any person. All things
9 done under such license or authority shall be subject to the approval
10 of the department. If the general court establishes a harbor line within
11 the outer line covered by such license or authority, the same shall be
12 limited by and not extend beyond such harbor line. This section, so
13 far as may be, shall apply to licenses granted under section fifteen to
14 erect structures on great ponds.

1 Section 18. Every license granted under this chapter shall be
2 signed by the department, shall state the terms on which it is granted
3 and specify by metes, bounds and otherwise the location, dimensions
4 and limits and the mode of performing the work authorized thereby.

The department shall keep a record of each license and a plan of the work or structure. Such license shall be void unless, within one year after its date, it and the accompanying plan are recorded in the registry of deeds for the county or district where the work is to be performed.

SECTION 18A. Upon petition of ten citizens of the commonwealth that in their opinion public necessity requires a right of way for public access to any great pond within the commonwealth, the department and the attorney general or a representative designated by him sitting jointly shall hold a public hearing and receive such evidence thereon as may be presented to them. The joint board may make such additional investigation as it deems desirable and if it appears to said board that such a right of way exists it shall present a petition to the land court for registration of the easement. If it appears that no right of way exists it shall submit a report, together with recommendations thereon, to the general court on or before January first of the following year. This section shall not apply to any body of water used as a source of water supply by the commonwealth or by any town or district, or water company, nor shall it affect the right of the commonwealth or any town or district or water company to the use and control of the waters of any such pond for the purposes of a water supply, nor shall it affect or diminish any existing right to the use of the water of any such pond for mercantile or manufacturing purposes.

SECTION 19. Except as authorized by the general court and as provided in this chapter, no structure shall be built or extended, or piles driven or land filled, or other obstruction or encroachment made, in, over or upon the waters of any great pond below the natural high water mark; nor shall any erection or excavation be made at any outlet thereof whereby the water may be raised or lowered.

SECTION 20. Whoever is authorized by the general court to build over tide waters a bridge, wharf, pier or dam, to fill flats or drive piles below high water mark, or to build any structures in the Connecticut river, or in the non-tidal part of the Merrimack river, or to build or extend any structure or to do any other work mentioned in the preceding section in, over or upon the waters of any great pond, shall not commence such work until he has given written notice thereof to the department and submitted plans of any proposed structure, the flats to be filled, and the manner in which the work is to be performed, and the same has been approved in writing by the department, which may alter such plans and prescribe any direction, limits and manner of doing the work consistent with the legislative grant. Such works shall be supervised by the department.

SECTION 21. The amount of tide water displaced by any structure below high water mark, or any filling of flats, shall be ascertained by the department, which shall require the persons who cause such displacement to make compensation therefor by excavating, under its direction, between high and low water mark in some part of the same harbor a
6 basin for a quantity of water equal to that displaced; or by paying to
7 the commonwealth, in lieu of such excavation, an amount assessed by
8 the department, not exceeding thirty-seven and one half cents per cubic
9 yard of water displaced; or by improving the harbor in any other manner
10 satisfactory to the department. An assessment for tide water which
11 has been displaced may be recovered in contract in the name of the
12 state treasurer.

1 Section 22. If authority or a license is granted by the general court
2 or by the department to a person to build a wharf or other structure
3 upon, or to fill or otherwise occupy, land in tide water, or to build or
4 extend any structure or drive piles, fill land or make any obstruction,
5 encroachment or excavation in, over or upon the waters of any great
6 pond, he shall, before the work is begun, pay to the commonwealth such
7 compensation for the rights granted in any land the title to which is in
8 the commonwealth as shall be determined by the governor and council.
9 This section shall not apply to authority granted to a county, city or
town for the construction, widening or maintenance of a bridge con-
11 stituting a part of a highway.

1 Section 23. Every erection made and all work done within tide
2 water, or within the waters of a great pond or outlet thereof, or on or
3 within the banks of the Connecticut river, or the Merrimack river, be-
4 low high water mark, not authorized by the general court or by the
5 department, or made or done in a manner not sanctioned by the de-
6 partment, if a license is required as hereinafore provided, shall be con-
7 sidered a public nuisance. The attorney general or the district at-
8 torneys within their respective districts shall, at the request of the
9 department, institute proceedings to enjoin or abate such nuisance, or
to restrain the removal of material from any bar or breakwater of any
11 harbor.

1 Section 24. Except as is provided in section six, all moneys received
2 in payment for tide water displaced and for rights and privileges granted
3 in tide water land of the commonwealth and in the commonwealth’s
4 land in great ponds, under licenses and permits granted under this chap-
er 5 ter for structures and other work, shall be paid into the general fund or
6 ordinary revenue.

1925, 196, § 1.

1 Section 25. The department shall have general supervision of so
2 much of the province lands at Provincetown as lies north and west of a
3 line beginning at a point at or near the shore of Provincetown harbor,
4 in latitude north forty-two degrees, two minutes, and longitude west
5 seventy degrees, eleven minutes, forty-five seconds; thence northwesterly
6 to a point in latitude north forty-two degrees, three minutes, eight
7 seconds, and longitude west seventy degrees, twelve minutes, forty-
8 eight seconds; thence northeasterly to a point in latitude north forty-
9 two degrees, three minutes, twenty-eight seconds, and longitude west
10 seventy degrees, eleven minutes, thirty-three seconds; thence due north
11 to a point in latitude north forty-two degrees, three minutes, forty-eight
12 seconds; thence due east to a point in the eastern boundary of the
13 province lands.
Section 26. Section two of this chapter, chapter two hundred and sixty-one of the acts of eighteen hundred and fifty-four, chapter one hundred and forty-four of the acts of eighteen hundred and eighty-six, so much of section one of chapter eleven of the province laws of seventeen hundred and twenty-seven as is contained in the following words "saving always the right and title of this province to the said lands which is to be in no wise prejudiced", and all other acts or parts of acts which refer to the province lands at Provincetown, except the act incorporating said town, shall not apply to that portion of said province lands lying east and south of the line fixed in the preceding section.

Section 27. The department shall fix and mark the bounds of the province lands within its jurisdiction and establish regulations for the care thereof.

Section 28. This chapter shall not legalize any structure, filling or other occupation or encroachment, made or done without authority, upon the waters in or the land under any great pond prior to May ninth, eighteen hundred and eighty-eight, or in or upon the Connecticut river, below high water mark, prior to April thirtieth, eighteen hundred and ninety-one, or as waiving or impairing any rights or remedies of the commonwealth or of any person relative thereto.

Section 29. A town may appropriate money for the improvement of rivers, harbors, tide waters and foreshores within its jurisdiction, and the money so appropriated shall be paid to the state treasurer and be expended by the department for said purposes within the limits of such town; and the town may also assume liability for all damages to property suffered by any person by any taking of land, or of any right, interest or easement therein, within the town made by said department for the purposes hereinbefore authorized.

Section 30. If it appears to the department that the digging or removal of stones, gravel, sand or other material, upon or from any beach, shore, bluff, headland, island or bar, in or bordering on tide waters, or the destruction of any trees, shrubs, grass or other vegetation growing thereon, is, or is likely to prove, injurious to any harbor or other navigable tide waters, the department may, by written notice, prohibit such digging or removal, or the doing of any acts injurious to such trees or other vegetation, upon or from any such beach or other place aforesaid specified in such notice. Whoever, after receiving such notice, wilfully does any act or thing prohibited therein, and which is authorized to be so prohibited by this section, or, being the owner or having the control of any land specified in such notice, wilfully suffers or permits such act or thing to be done thereon, shall be punished by a fine of not less than twenty nor more than two hundred dollars.

Section 31. The department may make surveys and improvements for the preservation of harbors and may repair damages occasioned by storms or other destructive agencies along the coast line or river banks of the commonwealth, and may take by eminent domain under chapter seventy-nine, or acquire by purchase or otherwise, in the name and behalf of the commonwealth, any land or materials necessary for making such
7 improvements or repairs. No contract made under the authority of this
section shall be valid until approved in writing by the governor and
9 council.

1 Section 32. The department shall, as funds are appropriated there-
for, cause that portion of the Connecticut river lying within the common-
wealth to be surveyed and plotted, and a copy of such survey within the
limits of Hampden, Hampshire and Franklin counties, respectively, to
be prepared, attested by them and deposited in the registry of deeds
for the county to which it relates, as a public record.

1 Section 33. The department may make such surveys and do such
other work as may be required by any order of the land court, to re-
establish and permanently mark certain triangulation points and stations
previously established in connection with the topographical survey of the
Connecticut river to be surveyed, etc. 1885, 344, §§ 5, 6.
commonwealth, and the town boundary survey, which have been lost or
destroyed, and to obtain the geographical position of such new points and
stations as may be required from time to time by the court. The depart-
ment may sell at such prices and on such conditions as it may prescribe
9 maps prepared by it from time to time in connection with its functions
under this chapter in respect to waterways and public lands.

1 Section 34. The department of public works may, after hearing the
parties interested, prescribe lines in any harbor of the commonwealth and
make report thereof to the general court, not later than the next session,
for its action thereon. If such lines are established by the general court
as the harbor lines of said harbor, no wharf, pier or other structure shall
thereafter be extended into said harbor beyond such lines, except as pro-
vided by section fourteen. Notice of the hearing shall be published three
weeks successively in a newspaper published in Boston and in one or more
published in the county or counties where such harbor lies, the first publi-
cation to be at least thirty days before the hearing.

1 Section 35. The provisions of this chapter relative to great ponds
shall apply only to ponds containing in their natural state more than ten
acres of land, and shall be subject to any rights in such ponds which have
been granted by the commonwealth.

1 Section 36. The department may apply to congress for approipa-
tions for the protection and improvement of any harbor in the common-
wealth.

1919, 350, § 113.  1931, 394, § 77.

1 Section 37. If the commonwealth has the right under stipulations
in a deed given in its name to enter upon premises and, at the expense
of the party at fault, to remove or alter a building, any of its grantees
under similar deeds, their heirs, legal representatives or assigns may in-
stitute proceedings in equity to compel the department to enforce such
6 stipulations.

1 Section 38. The department shall take charge of any wrecked vessel
or other shipwrecked property, on any of the shores or waters of the
commonwealth, except the Charles river basin, and not in the custody

of the owner or his agent or of any other person lawfully authorized to
take possession of it, if the value thereof is one hundred dollars or more,
and may take charge of any such vessel or property if it is of less than said
value. The department may make rules and regulations necessary for
taking charge of such vessel, or property, for restoring it to its owners
upon payment of the expense incurred by the commonwealth in the
taking and care thereof, or for otherwise disposing of such property.

SECTION 39. If a wrecked, sunken or abandoned vessel, or any
unlawful or unauthorized structure or thing, is deposited or suffered to
remain in the tide waters of the commonwealth, except the Charles
river basin, and if the department deems it is, or is liable to cause or
become, an obstruction to the safe and convenient navigation or other
lawful use of such waters, the department shall remove it or cause it to
be removed.

SECTION 40. If any person in the United States is known to the
department as the owner of such vessel or of any interest therein, or as
having or exercising any control over it as master, agent, insurer or
otherwise, or as having alone or with others built, deposited or caused
any other unlawful obstruction, or as owning, maintaining or using the
same in whole or in part, the department shall give him written notice
to remove such vessel or other obstruction within a time therein specified.
Such notice shall be deemed a sufficient notice to all such owners and
other persons if served on one or more of them by the department, or
by its order, by delivering the same in hand, by leaving it at the usual
place of business or abode or duly mailing it to the post office address
of the owner or other person upon whom it is to be served.

SECTION 41. If such vessel or other obstruction is not removed within
the time specified in such notice, and in a manner and to a place satis-
factory to the department, or if no such owner or other person upon
whom notice can be served is known to the department, it may remove
such vessel or other obstruction, or complete the removal thereof, or
cause the removal to be made in such manner and to such place as it
deems best; and the necessary cost and expenses of such removal, if
not paid by some owner or other person liable therefor, shall, when
certified by the department and approved by the governor and council,
be paid by the commonwealth.

SECTION 42. Whoever owns a vessel or an interest in a vessel wil-
fully or maliciously wrecked, sunk or abandoned as aforesaid and removed
as provided in the preceding section, either when such vessel became an
obstruction or at any time before such removal is completed, and who-
ever has or exercises any control over such vessel or any part thereof,
and the persons originally building, depositing or causing any other
obstruction so removed, or owning, maintaining or using the same in
whole or in part at the time of such removal or at any time prior thereto,
shall be liable for the cost and expenses of such removal, or to repay the
same when paid by the commonwealth; and such costs and expenses
may be recovered in an action of contract brought by the department
in the name of the commonwealth against such owners or other persons,
SECTIONS 43, 44, 45, 46, 47.

1. Section 43. If the cost and expenses of removing a vessel or other obstruction as aforesaid are not paid or repaid by some owner or other person liable therefor within ten days after such removal has been completed, the department may sell such vessel or other obstruction, or the materials and appurtenances thereof, at public or private sale, and the net proceeds of such sale shall be paid to the commonwealth and deducted from the amount to be repaid or recovered as provided for in the preceding section.

2. Section 44. An insurer of a vessel who has paid the loss thereon shall not, by reason of such insurance, be held liable to remove such vessel, or to pay the cost and expenses of such removal, unless he has exercised some act of ownership or control over such vessel or some part or appurtenances thereof or received the proceeds of the sale thereof.

3. Section 45. The department shall make application to the government of the United States for reimbursement of any amounts expended under any provision of the seven preceding sections, which, in the opinion of the department, might properly be paid by the United States.

4. Section 46. The owners of any vessel, scow, lighter or similar floating structure lying within the limits of any harbor of the commonwealth shall not, without first obtaining a license therefor from the department, cause or permit the same to be broken up or altered to such an extent that it will not keep afloat with ordinary care, nor shall they ground any such craft within any such harbor or permit other persons so to do, or to remove any part thereof.

5. Section 47. Upon the application of the owner of any vessel, scow, lighter or similar floating structure, the department may issue a license authorizing him to break up such vessel or other floating structure upon the following conditions: first, that the written consent of the owner of the premises where the work is to be done shall first be obtained and filed with the department; second, that all the material composing the vessel or other structure shall be removed wholly from tide water, to the satisfaction of the department; third, that the work shall be completed within a certain fixed time, which may be extended by the department; fourth, if the work is not completed at the time fixed in the license or as so extended, the department may cause the work to be completed at the expense of the licensee; and fifth, such other conditions as the department deems proper in any case. Before receiving the license, the licensee shall file a bond with the department in a sum fixed by it, with satisfactory sureties, in which the commonwealth is obliged, conditioned to perform the provisions of the license and to pay to the commonwealth such sums as it may expend in connection with the work licensed.
SECTION 48. Whenever a licensee under either of the two preceding
sections fails to comply with the terms of his license, the department
may proceed to complete the work and remove from tide water all
materials composing the vessel or other structure, and the cost thereof
shall, in the first instance, be paid from the appropriation made therefor.
If not repaid to the commonwealth by the licensee, upon demand, it
may be recovered by the state treasurer in contract, brought by him
in behalf of the commonwealth in the superior court against the licensee
or the sureties on his bond.

SECTION 49. Whoever intentionally grounds any vessel, scow, lighter
or similar floating structure within the limits of any harbor of the com-
monwealth or permits other persons so to do shall be punished by a fine
of not less than fifty nor more than five hundred dollars. Whoever
fails to obtain the license required by section forty-seven, before be-
ginning the work of breaking up or altering any vessel, scow, lighter
or similar floating structure, as described in section forty-six, shall be
subject to a penalty of not less than five dollars nor more than five hun-
dred dollars to the use of the commonwealth, to be recovered by an
information in equity brought by the attorney general, at the relation
of the state treasurer, in the supreme judicial court.

SECTION 50. No foreign corporation shall engage in the business of
wrecking or salvaging in the navigable waters of the commonwealth
without first obtaining a license therefor from and filing a bond with
the department. The license, effective for one year from the date of
its issue, shall be granted upon payment of a fee, not exceeding twenty-
five dollars, to be fixed by the department. The bond shall run to the
state treasurer in a sum and with security satisfactory to the depart-
ment, and shall be conditioned upon payment by the licensee of such
amounts as shall lawfully be due to any person for damage to person or
property caused by any act of the corporation, its agents or servants, in
the commonwealth. Whoever violates this section shall be punished
by a fine of not less than fifty nor more than three hundred dollars.

SECTION 51. The preceding section shall not impair any right or
authority derived from, or exercised under, any law of the United
States, or any right, license or privilege lawfully granted by any de-
partment thereof.

1917, 305, § 3.

SECTION 52. The department shall supervise the transportation and
dumping of all material dredged in the tide waters of the commonwealth,
or of any other material which may be placed in scows or boats to be
transported and dumped in tide water, and may employ necessary ins-
spectors therefor, who shall accompany the material while in transit,
either upon the scows containing the material or upon the boat towing
them, upon which they shall be provided with proper and suitable
quarters and board by the owner of the boat. The cost of such super-
vision and also of the supervision under licenses and permits authorizing
such transportation or dumping granted by the department, shall in the
first instance be paid from such appropriation as may be available, if
the material is taken outside of Boston harbor, and from the Port of
13 Boston Fund if taken in said harbor, and shall be repaid to the common-wealth monthly by the owners of the dredges or other machines doing the excavating when the material is dredged in tide water and credited respectively to the general fund or ordinary revenue or to said Port of Boston Fund, and, in the case of other material, by the owners of the scows in which it is transported, the monthly amount due from each owner to be determined and certified to the state treasurer by the de-20partment.

1 Section 53. Every license or permit issued to any person to dredge in the tide waters of the commonwealth shall contain a provision that the transportation and dumping of the dredged material shall be done under the supervision of the department as provided in the preceding section, and that the licensee shall be held liable to pay the cost of said supervision whenever the owner of the dredge or excavating machine fails to pay for the same within ten days after written notification from the state treasurer that the same is due.

1 Section 54. Every contractor or other person shall, at least three days before commencing any piece of dredging in tide water, give written notice to the department of the location and amount of the proposed work, and the time at which it is expected work will begin and, except with the written assent of the department, no dredged or other material which it is proposed to dump in tide water, shall be transported or dumped within the tide waters of the commonwealth, unless there is present on board the scows containing the material, or on the boat towing the same, an inspector employed for that purpose by the department; and no such material shall, in any event, be dumped within the limits of any channel which has been deepened by dredging, nor in any other part of the tide waters of the commonwealth, unless the same is duly authorized. The state treasurer may recover in contract from such contractor or person the cost of supervision determined as provided in the two preceding sections.

1 Section 55. Whoever violates any provision of the three preceding sections or of any license or permit granted under said sections shall, upon complaint by the department or its agent to the superior court, be subject to a fine of not more than five hundred dollars, to be paid to the commonwealth, upon the judgment or order of the court.

1 Section 56. The four preceding sections shall not apply to the dredging, transporting and dumping of material by the United States, its officers or other duly authorized agents.

1 Section 57. The supreme judicial court shall have jurisdiction in equity, upon information filed by the attorney general, of violations of this chapter.

111, 748, § 15.

1 Section 58. Any officer qualified to serve criminal process may, within his jurisdiction, arrest without a warrant any person found in the act of committing a misdemeanor or upon any of the rivers, harbors, bays or sounds within the commonwealth.
Section 59. Whoever pumps, discharges or deposits, or causes to be pumped, discharged or deposited, into or on the waters of any lake or river or into or on tidal waters and flats, any crude petroleum or any of its products or any other oils or any bilge water or water from any receptacle containing any of the said substances, in such manner and to such extent as to be a pollution or contamination of said waters or flats or a nuisance or be injurious to the public health, shall be punished by a fine of not more than five hundred dollars; but this section shall not be construed to prohibit the use of oil for the extermination of mosquitoes or other insects. The provisions of this section shall be enforced by the department of public safety and by all other officers authorized to make arrests.

METROPOLITAN SEWER DISTRICTS.

Section 1. The metropolitan district commission, in this chapter called the commission, shall construct, maintain and operate such main sewers and other works as shall be required for a system of sewage disposal for Arlington, Belmont, Boston, Cambridge, Chelsea, Everett, Lexington, Malden, Medford, Melrose, Reading, Revere, Somerville, Stoneham, Wakefield, Winchester, Winthrop and Woburn, known as the north metropolitan sewerage system, and for Boston, Braintree, Brookline, Canton, Dedham, Milton, Needham, Newton, Norwood, Quincy, Stoughton, Walpole, Waltham, Watertown, Wellesley and Weymouth, known as the south metropolitan sewerage system. The commission may contract with any other town for the extension thereto of either of said systems of sewage disposal, and for the reception and disposal of sewage therefrom.

166 Mass. 480.

Section 2. Any town, within the limits of which any main sewer under the control of the commission is situated, shall connect its local sewers with such main sewer except as hereinafter provided, subject to the direction, control and regulation of the commission, and any person may, subject thereto and subject to such terms, conditions and regulations as each town may prescribe, connect private drains with such main sewer; provided, that the commission shall, without expense to Quincy, make all connections and take and construct intercepting sewers necessary to enable Quincy to drain by gravity its territory into the metropolitan sewer. The sewerage systems of all drainage areas not now drained by the south metropolitan system shall be constructed in accordance with the so-called separate system of sewage.

Section 3. Whoever wantonly or maliciously destroys or injures any sewer or other property, held or used by the commission for the purpose of constructing, operating or maintaining said systems of sewage disposal, shall forfeit and pay to the commonwealth three times the amount of the damages assessed therefor, to be recovered by any proper action, and on conviction thereof shall be punished by fine not exceeding one thousand dollars and by imprisonment not exceeding one year.

Section 4. Any money collected or received by the state treasurer from checks deposited with the commission by bidders for work on the systems of sewage disposal and by it declared forfeited, and for breach of any condition of any contract made with it in relation to the construction, maintenance or operation of the systems of sewage disposal, shall be applied to the payment of interest upon the loan issued for the construc-
7 tion, maintenance or operation of said systems known as the Metropolitan Sewerage Loan.

1919, 350, § 123.

1 Section 5. The proportions in which each of the towns belonging in whole or in part to the north metropolitan and south metropolitan sewerage districts, respectively, shall annually pay money to the Commonwealth to meet interest and sinking fund requirements for each year, as estimated by the commission, and certified by the state treasurer, and to meet any deficiency in the amount previously paid in, as found by him, shall be based upon the taxable valuations of the property of said towns, as last established by the general court as a basis of apportionment for state and county taxes.

1898, 180, §§ 3, 4; 1899, 241, §§ 3, 4; 1901, 168, §§ 1, 5; 1918, 350, § 123.

2 Section 6. The proportions in which each of the towns belonging in whole or in part to either sewerage district shall annually pay money into the treasury of the Commonwealth to meet the cost of maintenance and operation of the respective sewerage systems, as estimated by the commission and certified by the state treasurer, and to meet any deficiency in the amount previously paid in, as found by him, shall be based upon the respective populations of said towns as ascertained by the last preceding state or national census. If less than the whole area of any town is included in either of said metropolitan sewerage systems, the valuation and population only of that part of the town included in either of said systems, as determined by the commission, shall be used as a basis in determining the proportion and amount which it shall pay as its share of interest and sinking fund requirements and the cost of maintenance and operation of works as required by this 15 and the preceding section.

1 Section 7. The commission shall annually, in accordance with the two preceding sections, determine for each system the proportion in which each of the towns belonging in whole or in part to such system shall annually pay money to the Commonwealth to meet interest and sinking fund requirements and the cost of maintenance and operation of such system, and shall transmit its determinations to the state treasurer.

1898, 180, §§ 2, 3; 1899, 241, §§ 3, 4; 1901, 165, §§ 1, 5.

2 Section 8. The amount of money required each year from every such town to meet the interest and sinking fund requirements and the cost aforesaid for that system in which it is included, and the deficiency, if any, shall be estimated by the state treasurer in accordance with the proportions as determined aforesaid by the commission, and shall be included and made a part of the sum charged to such town, and shall be paid by the town to the Commonwealth at the time required for payment of its proportion of the state tax.

1898, 180, §§ 2, 3; 1899, 241, §§ 3, 4; 1901, 165, §§ 1, 5.

2 Section 9. In this section surface or storm water and such other waters as shall be specified by the department of public health shall be designated as waters and all other waters and sewage shall be designated as sewage. The owner of every estate whose sewage is to be taken into any metropolitan sewer shall, in plumbing his estate, so arrange Plumbing of states.

the plumbing as to keep the waters separate from the sewage, and shall, as directed by the officer having charge of the maintenance of sewers in the town, make connections for, and conduct, the waters into the drain and the sewage into the sewer; but where only one conduit shall have been provided in the street by the town, such owner shall, as directed by said officer, construct said connections into the street and connect them with the conduit so provided, and the town shall provide the other conduit and all necessary connections with either conduit.

Any town, except Boston, using any metropolitan sewer may, in any year, and shall, in any year specified by the officer or board having charge of sewers, expend one twentieth of one per cent of its taxable valuation, to be met by loan outside the debt limit, in the construction, in connection with said sewers, of branch intercepting sewers, connections of existing sewers with intercepting sewers, branch drains, sewers or drains in any street where one thereof only shall have been built, and the necessary connections aforesaid.

The supreme judicial and superior courts may enforce this section.

**METROPOLITAN WATER DISTRICT.**

Section 10. The commission shall construct, maintain and operate a system of metropolitan water works and shall provide thereby a sufficient supply of pure water for the following named towns and the inhabitants thereof: Arlington, Belmont, Boston, Brookline, Chelsea, Everett, Lexington, Malden, Milton, Medford, Melrose, Nahant, Newton, Quincy, Revere, Somerville, Stoneham, Swampscott, Watertown and Winthrop, which shall be the metropolitan water district; shall secure and protect the purity of said water; shall on application furnish water to any town aforesaid that at the time of application owns its water pipe system; shall on application admit any other town, any part of which is within ten miles of the state house, into said water district, and furnish water to the same on the terms prescribed by this chapter for the towns aforesaid, and on payment of such sum or sums upon such terms as the commission may determine; shall on application furnish water to any water company owning the water pipe system in any town within said ten miles, on such water company assuming the assessments of the town, if any, and making such payment as the commission may determine; and in case of fire or other emergency may furnish water to any town or water company, on such payment as the commission may determine; provided, that any such town last referred to shall first have acquired the works of any water company therein situated, constructed for the purpose of supplying said town or its inhabitants with water. The commission shall furnish water to the town or company, by delivering it into a main water pipe, reservoir or tank of the town or company, under sufficient pressure for use without local pumping, unless delivered in some other manner by mutual agreement between the parties interested; and shall have the direction and control of the connections between the metropolitan and local systems.

The commission may furnish water to any town or water company owning the water pipe system in a section of a town, for the supply of such section, although the town, or a part thereof, is within ten miles of the state house, and the town has not been admitted into the metropolitan water district, on payment by the town or water company of such sum as the commission may determine; provided, that the sum so determined in any case shall, in the opinion of the commission, exceed the proper
proportion of the entire assessment which would be imposed upon the
town were it a part of said district.

37 The commission may, subject to all the provisions relating to the con-
struction, operation and maintenance by said commission of a water
supply system set forth in this chapter, sell and deliver water from any of
the reservoirs or aqueducts of the metropolitan water system to any con-
centration camp established in the commonwealth by the United States,
and lay and maintain such pipe lines and other works necessary therefor,
upon terms and conditions to be agreed upon by the duly authorized
officer or representative of the United States government and said com-
mission.

46 All payments made as aforesaid for admission of towns and for fur-
ishing water to water companies and to towns or water companies for
the supply of sections of a town, and for selling and delivering water to
any concentration camp shall be appropriated to the payment of the cost
incurred by the district in connecting such town or section of a town,
water company or concentration camp with the metropolitan water
system, and the balance after such cost is paid, as well as all other pay-
ments for furnishing water to a town or water company in case of fire or
other emergency, or as otherwise authorized, except payments as annual
assessments by towns or water companies, shall be applied by the state
treasurer to the sinking fund established for the payment of bonds, or
to the payment of serial bonds, issued on account of the metropolitan
water district. All payments made as annual assessments either by towns
or water companies shall be applied as provided in section twenty-five.

1 Section 11. The commission and any town or water company in-
cluded in section ten may agree with each other for the storing or pumping
of water, or the furnishing of the same as provided in said section, by
either party to any town or company; and any such town or company
may sell to the commission and the commission may purchase any prop-
erty of such town or company, whether taken by eminent domain or
otherwise, that the commission may deem desirable for use in furnishing
as aforesaid, water to any town or water company.

1 Section 12. The commission may utilize the fall of water at any
dam under its charge, and may thereby produce power or electricity,
and may transmit such power or electricity by pipes, wires or other suit-
able means, and sell the same, or the right to use such water, by written
or other contract, to run for a term not exceeding fifteen years. Any
person authorized by the commission shall have all the powers relating to
the production, sale and transmission of power and electricity given by
this chapter to said commission. In the sale or disposal of electricity
generated in Clinton or Southborough for power or manufacturing pur-
poses, preference shall be given to persons proposing to use all of such
electricity in the town where generated; provided, that there are re-
sponsible persons so proposing to use all the electricity in the town who
shall offer to purchase the same on terms as advantageous as shall be
offered by others not so proposing to use the same; and the commission
shall, at least ten days before making a contract for the sale of such
electricity, cause to be printed in some newspaper published in the town
where the electricity is to be generated a request for proposals for the
purchase of electricity to be sold by the commission.
May license maintenance of poles and wires for transmission of electricity. 1890, 473, 1919, 350, § 123.

To furnish water for Lancaster mills. 1885, 488, § 4. 1901, 168, §§ 1, 5. 1919, 350, § 123.

Section 13. The commission may, by lease, license or other agreement, permit the construction and maintenance, on any land under its control for water supply and water works purposes, of towers, poles, wires and other structures for the purpose of transmitting electric power over lands and waters of the commonwealth held for water supply purposes; provided, that, in the opinion of the commission, such lease, license or agreement will not affect or interfere with the metropolitan water supply, and provided, further, that no lease, license or agreement shall be given or made for a period of more than fifteen years.

Section 14. The commission shall allow not less than twelve million gallons of water to flow from the reservoir above the dam of the Lancaster mills in Clinton in each week, and such further quantity, not exceeding twelve million gallons a week, as the owner of said mills shall from time to time certify to be necessary for use therein and in other buildings now or hereafter owned by him, for domestic or manufacturing purposes, other than the production of water power, and said commission, in regulating the flow of said quantities, shall, as far as practicable, conform to any reasonable written request of the owner of said mills.

Section 15. The commission shall keep all water works constructed or maintained by it and all bridges built by it across the reservoir upon the Nashua river safe, and shall have charge of, use, maintain and operate the same, and the commonwealth shall be exclusively responsible for all damages caused thereby or by any defect or want of repair therein. The commission shall have the exclusive right and control over all ponds and reservoirs used by it in supplying water, and may order all persons to keep from entering in, upon or over the waters thereof and the lands of the commonwealth or towns surrounding the same; may inspect the water works and fixtures in any town supplied wholly or in part from the works under the charge of the commission, and may take all proper measures to determine the amount of water used and wasted and to prevent the improper use or waste of water. The commission may construct and maintain such works and provide such other means as it may deem necessary for measuring the water supplied to each of the towns in the metropolitan water district, and the expenses thereof shall be considered as a part of the expenditure required for the construction and maintenance, respectively, of the metropolitan water works.

Section 16. No town, except Hingham and Hull, any part of which is within ten miles of the state house, or water company owning a water pipe system in any such town shall, except in case of emergency, use for domestic purposes water from any source not now used by it except as provided in this chapter. If any town or towns in the metropolitan water district shall take the franchise, works and property in such town or towns of any water company, the compensation to be allowed and paid therefor shall not be increased or decreased by reason of this chapter. No town in said water district now supplied with water by a water company owning the water pipe system in such town shall introduce water from the metropolitan water works until it shall first have acquired the works of such company. No water company owning a water pipe system in the towns of Hingham or Hull shall charge more for water than a reasonable sum measured by the price ordinarily
charged for a similar service in other towns in the metropolitan district. The selectmen of either of said towns or any persons deeming themselves aggrieved by the price charged for water by any such company in either of said towns may, in nineteen hundred and twenty-three and every fifth year thereafter, apply by petition to the supreme judicial court, asking to have the rate fixed at a reasonable sum measured by the standard above specified; and two or more judges of said court, after hearing the parties, shall establish such maximum rates as they shall deem proper; and said maximum rates shall be binding upon said water company until the same shall be revised or altered by said court pursuant to this section.

1 Section 17. The department of public health shall make rules and regulations for the sanitary protection of such waters used by the commission for the water supply of any town or water company aforesaid. The commission shall cause such rules and regulations to be posted at or near the waters to which they respectively apply, and shall also cause the same to be published at least once in a newspaper published in the county where said waters are in whole or in part situated, and such posting and publication shall be sufficient notice to all persons. The sworn certificate of any member of the commission or of its secretary of such posting and publication, or of the posting or publication of an order made by the commission, shall be prima facie evidence thereof. A copy of any such rule, regulation or order, attested by any member of the commission or by its secretary, shall be prima facie evidence that said rule, regulation or order was made by the department of public health or by the commission, as the case may be.

1 Section 18. No person shall take or divert any water of a water supply of any town in said metropolitan water district from any water source, reservoir, conduit or pipe used for supplying such water to or in any such town, or occupy, injure or interfere with any such water, or any land, building, aqueduct, pipe, drain, conduit, hydrant, machinery or other work or property so used, and no person shall corrupt, render impure, waste or improperly use any such water.

1 Section 19. The preceding section shall not apply to any person in taking or diverting any such water or interfering with or occupying any water, land or works therein described, by permission of the commission, or the water board, water commissioners or superintendent of any town having charge of the land, water or works; nor to the individual inhabitants of any town within the watershed of any water supply used by the commission, or by any town aforesaid, in taking from the part of the supply or from the tributaries of the supply within their respective town limits so much of the water thereof as they shall need for their ordinary domestic household purposes, for extinguishing fires or for generating steam.

1 Section 20. The commission, and its employees designated for the purpose, shall enforce sections ten to nineteen, inclusive, and the rules, regulations and orders made thereunder, and may enter into any building, and upon any land for the purpose of ascertaining whether sources of pollution there exist, and whether said sections and the rules, regulations and orders made thereunder, have been appropriately and properly enforced.
Section 21. The supreme judicial or superior court or any justice of either court shall, on petition of the commission or of any town or person interested, have jurisdiction in equity or otherwise to enforce sections ten to nineteen, inclusive, and any rule, regulation or order made thereunder, and to prevent any violation of said sections, rules, regulations or orders.

Section 22. Whoever violates any provision of sections ten to nineteen, inclusive, or violates or refuses to comply with any rule, regulation or order made thereunder, shall be punished by a fine of not more than five hundred dollars or by imprisonment not exceeding one year in the house of correction, or both. Any such fine shall be to the use of the commonwealth.

Section 23. All general laws relating to the water supplies of towns or the lands and other property used for such supplies shall, so far as consistent with the provisions of this chapter relating to the metropolitan water system, apply to and be observed in carrying out said provisions.

Section 24. The commission in making contracts for the construction of metropolitan water works shall require every employer of labor engaged therein to give to each town where such labor may be employed a bond in the penal sum of three thousand dollars, conditioned to save harmless and indemnify such town against any loss, expense or charges that said town may legally incur because of indigent employees brought to said town and having no settlement therein. This section shall not deprive any town of any other rights or remedies.

Section 25. The state treasurer shall apply the proceeds from the sale or exchange of property of the metropolitan water system and the proceeds from the sale of bonds of the Metropolitan Water Loan, exclusive of the amounts received from premiums, to the payments for waters or other property taken or purchased for said system, damages sustained by any person in the construction, maintenance and operation of said system of metropolitan water works, and payments for the expenses of construction thereof; and shall apply any assessments provided for in section twenty-six paid by towns of the metropolitan water district, and the proceeds from the operation by the commission of said system, exclusive of said proceeds from sales or exchanges of property, to the payment of the interest, sinking fund requirements, and expenses of maintenance and operation of said system.
SECTION 26. The state treasurer, for the purpose of making the
apportionment to the towns in the metropolitan water district of the
amount required in each year to pay the interest, sinking fund required,
ments and expenses of maintenance and operation of the metropolitan
water system, shall, in each year, apportion such amount to the towns
in said district, one third in proportion to their valuations for the pre-
ceeding year and the remaining two thirds in proportion to their con-
sumption, in said year, of water received from all sources of supply as
determined by the commission and certified to said treasurer; provided,
that there shall be included in reckoning such proportion only one fifth
of the total valuation, and nothing for consumption of water, for any
town which has not reached the safe capacity of its present sources of
supply or of the sources of supply of the water company by which it is
supplied, determined as aforesaid, or which has not made application to
said commission for water; and provided, further, that any town as-
essed upon its full valuation which obtains a part of its water supply
from its own works or receives a supply from a water company shall be
allowed and credited in its apportionment with a sum equal to twelve
dollars for each million gallons of water furnished as aforesaid, as deter-
mined by said commission and certified to said treasurer. The state
treasurer shall annually notify each town of the amount of its assess-
ment, and the same shall be paid by the town to the commonwealth at
the time required for the payment of and as part of its state tax.
Any town belonging to the metropolitan water district which is
assessed upon its total valuation, or which shall be admitted to the
district, and which shall agree with the commission to furnish from its
own works a constant and fixed quantity of water of proper quality for
a term of five or more years, as a part of its own water supply, such
quantity to be not greater than the safe capacity of its sources in a dry
year as determined by said commission, shall be allowed and credited
in its apportionment with such sum for every million gallons furnished
in accordance with the agreement so made, as shall be determined in
accordance with the terms thereof in each year by the said commission
and certified by it to the state treasurer; provided, that the said sum
shall not be less than twenty-four dollars per million gallons and shall
not exceed the average cost to the metropolitan water district of water
furnished from the metropolitan water system during the year preceding
that in which the assessment is made.
Arlington and Quincy shall not be required to pay to the common-
wealth any money toward the interest, sinking fund requirements, and
expenses of maintenance and operation of the metropolitan water system,
or on any account whatsoever, for any water from their respective reser-
voirs in Arlington, Braintree and Lexington which Arlington may sell or
distribute in any year exclusively for mechanical, manufacturing or
agricultural purposes, or Quincy may sell or distribute in any year ex-
clusively for mechanical or manufacturing uses and purposes, and the
water so sold shall not be considered by the commission in determining,
under this section, the amount of water consumed by either of them
during said year, and Arlington and Quincy shall be exempt from any
 provision of this section which authorizes the state treasurer to assess a
town on account of water from its own supply which it may so sell or
distribute; provided, that the commission certifies to the treasurer that
the water so sold and distributed has been used in the case of Arlington
for mechanical, manufacturing or agricultural purposes only and in the case of Quincy for mechanical or manufacturing purposes only.

Section 27. The water board, water commissioners or superintendent of any town in the metropolitan water district shall for their town have the charge and control of the water sources, water and water works owned and used by said town and not taken or used by the commission. Said board, commissioners or superintendent shall distribute and control the use of the water so furnished, and apply meters and extend the pipes and other work as they may deem expedient; shall keep the pipes, fixtures and other works under their charge in good condition and repair, but shall not expend in any year more than the amount appropriated by the town therefor. Said board, commissioners or superintendent, with the approval of the mayor or selectmen, shall determine the rate to be paid for water by the owner of the premises to which the water is furnished, or by the persons using the water; provided, that the minimum rates to be paid for water, and the premises to which the high service supply shall be furnished, shall be subject to the approval of the commission. Any board, commission or superintendent shall for the water works under their charge do all the acts and things relating to buildings, machinery, roads, conduits, aqueducts, pipes and drains, which the commission is authorized to do for the water works under its charge, and may take lands thereon for the benefit of the town by eminent domain under chapter seventy-nine, in fee or otherwise, and shall do all such acts and things in the manner in which the commission is authorized to do similar things. The income received in each town from the water works under the charge of its water board, water commissioners or superintendent, shall be applied to the payment of the expenses of maintenance and operation incurred by the said board, commissioners or superintendent; the interest and sinking fund requirements of all bonds, notes, or script of the town issued on account of the water works of such town; the assessment of the town to be paid to the state treasurer as provided in section twenty-six; the expenses of the extension of the works; and the balance, if any, as the town may determine. If such income in any year shall not be sufficient for said payments the balance required therefor shall be raised by taxation or by loan, as the town may determine; and the town may assess such taxes and make such loans without further authority from the general court.

Section 28. All towns, districts or corporations which derive all or any part of their water supply from the metropolitan system or from sources used by or under the control of the commission shall equip with water meters all water services installed for them, and shall also annually equip with water meters five per cent of the water services which were unmetered on December thirty-first, nineteen hundred and seven, until all are metered; and shall charge each consumer having a meter service in proportion to the amount of water used; provided, that no town or district shall, in any one year, contract for more than the number of meters to be installed by it during that year under this section; and provided, also, that a minimum rate may be fixed for which the consumer shall be entitled to a stated quantity of water.

Section 29. If a town, district or water company in any year neglects or refuses to comply with any provision of the preceding section,
3 it shall forfeit to the commonwealth for the use of the metropolitan water
4 district not less than twenty nor more than one hundred dollars for each
5 day after the expiration of said year during which such violation or neglect
6 continues, to be recovered in an action of contract brought in the county
7 of Suffolk in the name of the commonwealth, or by an information in
8 equity in the name of the attorney general at the relation of the commis-
9 sion, brought in the supreme judicial court for said county.

1 Section 30. Meters shall receive the necessary care and maintenance
2 to secure proper efficiency and shall be tested or replaced by the town,
3 district or water company whenever there is reason to believe that the
4 records furnished by them are inaccurate, or whenever the service fur-
5 nished is in other respects inefficient. Towns, districts and water com-
6 panies may make rules and regulations relative to the care, maintenance
7 and protection of meters, and for properly ascertaining and recording the
8 amount of water actually used during specified periods by each water
9 consumer. The commission shall supervise and promote the enforcement
10 of this and the two preceding sections; and if any town, district or water
11 company violates or neglects in any respect to comply with a provision
12 of said sections, the commission shall forthwith give written notice of
13 such violation or neglect, together with the facts relative thereto, to the
14 attorney general. The supreme judicial court may have jurisdiction,
15 upon an information in equity filed by the attorney general, to enforce
16 all the terms and provisions of said sections.

1 Section 31. The three preceding sections shall not apply to the
2 water service for fire purposes only of any town, fire district or person,
3 nor shall such service be taken into consideration in computing metered
4 water service. All water used for the supply of public buildings or other
5 premises under the control of a town or district, and all water used from
6 the public works for the flushing of sewers, watering of streets and all
7 other purposes, except for the extinguishment of fires, may be paid for
8 by the town or district.

1 Section 32. The commission, in constructing, maintaining and oper-
2 ating the water and sewerage systems, water supply and sewage dis-
3 posal, may construct and maintain buildings, machinery, roads, con-
4 ducts and aqueducts; may lay and maintain pipes, drains, sewers and
5 wires; may alter or change grades or directions of watercourses; may
6 carry and conduct any aqueduct, conduit, pipe, drain, sewer or wire under
7 or over any watercourse, or any railroad, or way, in such manner as not
8 unnecessarily to obstruct or impede travel thereon; may dig up any such
9 way, and lay, maintain and repair aqueducts, conduits, pipes, wires,
10 sewers and other works beneath the surface thereof, conforming to any
11 reasonable regulations made by the aldermen or the selectmen of the town
12 where such works are performed, and restoring, so far as practicable, any
13 such way to as good order and condition as the same was in when such
14 digging was commenced. The commission may enter upon and use the
15 lands of others; may take down dams to such an extent as it may deem
16 necessary for prosecuting its works, and shall rebuild such dams whenever
17 the necessity for keeping them down ceases; shall use such lands and do
18 all work relating to such dams, in a reasonable manner with regard to the
19 interests of the owners thereof, and, so far as practicable, shall heed all
20 reasonable requests made by such owners; and in general may do any
other act or thing necessary or proper for carrying out the powers and duties conferred upon it. Any person injured in his property by the entry upon or use of his land by the commission under this section may recover his damages under chapter seventy-nine.

The commonwealth shall indemnify and save harmless the several towns where such ways may be against all damages recovered against them, and shall reimburse them for all expenses incurred by reason of any defect or want of repair in any way caused by the construction, maintenance or repair of any of said works; provided, that the commission shall have due and reasonable notice of all claims for such damages or injury and opportunity to make a legal defense thereto.

The commission may, with the consent of the aldermen or selectmen, alter or change the location or grade of any way crossed by any sewer, water pipe, aqueduct or conduit constructed by it or in which the works may be located.

The commission, and the water board, water commissioners or superintendent of any town in the metropolitan water district, in exercising the powers or discharging the duties conferred or imposed by this chapter, may carry and conduct any aqueduct, conduit, pipe, drain or wire under or over tide waters or the waters of Boston harbor by such methods and in such manner as the department of public works shall approve.

PARKS.

SECTION 33. The commission may acquire, maintain and make available to the inhabitants of Arlington, Belmont, Boston, Braintree, Brookline, Cambridge, Canton, Chelsea, Dedham, Dover, Everett, Hingham, Hull, Lynn, Malden, Medford, Melrose, Milton, Nahant, Needham, Newton, Quincy, Revere, Saugus, Somerville, Stoneham, Swampscott, Wakefield, Waltham, Watertown, Wellesley, Weston, Westwood, Weymouth, Winchester, Winthrop and Woburn, which shall constitute the metropolitan parks district, open spaces for exercise and recreation, in this chapter called reservations; and, for the purposes set forth in this section, the jurisdiction and powers of the commission shall extend to, and be exercised in, said district.

The commission may preserve and care for such public reservations, and also, in its discretion and upon such terms as it may approve, such other open spaces within said district as may be intrusted, given or devised to the commonwealth for the general purposes of this section or for any one or more of such purposes as the donor may designate.

The commission may, for the purpose of making the rivers and ponds within said district more available as open spaces for recreation and exercise, regulate the use of certain spaces along or near said rivers and ponds, and care for and maintain spaces so regulated, and plant, care for, maintain or remove trees, shrubs and growth of any kind within said regulated spaces.

This section shall not limit existing rights of any town in relation to water supply purposes or in any way obstruct its taking advantage of such rights.

SECTION 34. The state treasurer may, with the approval of the governor and council, receive and hold in trust for the commonwealth, exempt from taxation, any grant or devise of lands or rights in land, and any gift or bequest of money or other personal property, made for the purposes of...
5 the preceding section, and shall preserve and invest the proceeds thereof
6 in notes or bonds secured by good and sufficient mortgage or other se-
7 curities. Said trust property shall be known as the Metropolitan Parks
8 Trust Fund, and shall be used and expended under the direction of the
9 commission and subject to its orders. Subject to the terms of any such
10 grant, gift, devise or bequest, the commission may expend such funds,
11 whether principal or income.

1 Section 35. The commission may connect any way, park or other
2 public open space with any part of the towns of the metropolitan parks
3 district under its jurisdiction by suitable roadways or boulevards, in
4 this chapter called boulevards, and for this purpose exercise any of the
5 rights and powers granted the commission in respect to reservations, and
6 may construct and maintain along, across, upon or over lands acquired
7 for such boulevards or for reservations, a suitable roadway or boulevard.
8 The commission shall have the same rights and powers over and in regard
9 to said boulevards as are or may be vested in it in regard to reservations
10 and shall also have such rights and powers in regard to the same as, in
11 general, counties, cities and towns have over public ways under their
12 control.

1 Section 36. The commonwealth shall be liable for injuries sustained
2 by persons while traveling on any boulevard maintained by the com-
3 mission under authority of the preceding section, if the same be
4 caused by defects within the limits of the constructed traveled roadway, in the
5 manner and subject to the limitations, conditions and restrictions speci-
6 fied in sections fifteen, eighteen and nineteen of chapter eighty-four,
7 except that the commonwealth shall not be liable for injury sustained
8 because of the want of a railing in or upon any boulevard, or for injury
9 sustained upon the sidewalk of a boulevard or during the construction,
10 reconstruction or repair of such boulevard. Actions seeking to enforce
11 such rights and remedies shall be brought against the commission as
12 such, but there shall never be any personal liability on the part of them
13 or of any person injured as aforesaid by reason of such
14 defect. Notices required to be served upon the defendant in proceed-
15 ings hereunder shall be served upon the commissioner or the secretary.
16 All sums recovered against said commission under the foregoing pro-
17 visions, together with any costs of suit and counsel fees, expenses and
18 interest, shall be deemed expenses of care and maintenance of boulevards.

1 Section 37. Except as provided in the two following sections, the

No grant of a location to a gas or electric company under 9 the provisions of this and the following section shall affect the rights of 10 parties under sections eighty-six, eighty-seven and eighty-eight of 11 chapter one hundred and sixty-four in cases involving locations in 12 public ways of a town other than locations upon, under, along or across 13 such boulevards or reservations, but such rights shall be determined 14 without reference to the provisions of this and the four following sections 15 or to the grant of any location thereunder.

1 Section 44. Subject to the provisions of section forty-three, the 2 commission, upon petition of a duly authorized official or representative 3 of a street railway, electric railroad, gas or electric company for such 4 location, shall give notice to all parties interested of the time and place 5 at which the commission will give a hearing upon such petition, at least 6 fourteen days before the hearing, by publication in one or more news- 7 papers published in each town where the location petitioned for would 8 lie, and if none such is published, then by publication in one or more 9 newspapers published in each county where the locationpetitioned for 10 would lie; and after hearing, if in the opinion of the commission public 11 convenience and necessity so require, it may grant such location, or 12 any part thereof, upon such terms, conditions and obligations, and for 13 such compensation, as the public interest and a due regard for the rights 14 of the commonwealth may require. Any such location shall be void 15 unless written acceptance by a duly authorized official or representative 16 of the company is filed with the commission within sixty days after such 17 company receives notice of the granting of the same. No order of the 18 department of public utilities or of the commission shall be required for, 19 but the commission may make rules and regulations governing the 20 renewing, repairing or replacing of poles, wires, cables or pipes for the 21 transmission of electricity for light, heat or power or for the distribution 22 of gas, once erected or constructed in accordance with law, or the making 23 of house connections or connections between duly located pipes, conduits 24 and distributing poles.

1 Section 45. The commission may by order alter, extend or revoke 2 any such location whenever in its opinion the public interest or the 3 rights of the commonwealth so require; provided, that before so doing 4 notice and hearing shall be given to the company and all persons inter- 5 ested, as provided in the preceding section; and provided, further, that 6 any such company or any persons interested in any such order may 7 appeal therefrom to the governor and council, within fourteen days 8 after the filing of a copy of such order, as provided in the following 9 section.

1 Section 46. The commission, within fourteen days after making 2 any order granting a location, or an extension, alteration or revocation 3 of a location, referred to in sections forty-three and forty-four, shall 4 deposit a copy of such order in the office of the clerk of the town where
the location is granted, altered, extended or revoked, and the clerk of that town shall receive and record the same.

**SECTION 47.** All companies operating under the four preceding sections shall remain subject to the duties and liabilities imposed by other provisions of law consistent with said sections, and shall have the powers, duties and rights therein authorized, all of which shall be in addition to and in amendment of any charter or special provision of law or of the general laws under which they are organized.

**SECTION 48.** All sums of money collected or received by the commission in the exercise of its functions in relation to reservations or boulevards, including current receipts from the bath houses and sums received in the exercise of said functions for rentals, sales or use of property under its charge, and all fines recovered for violation of rules and regulations made by the commission, or for violation of the laws of the commonwealth within the limits of said reservations or boulevards, shall be accounted for and paid to the state treasurer, who shall receive the same and hold and invest the same, together with money collected or received by him in payment of betterments assessed by the commission in its exercise of said functions, as a fund known as the Metropolitan Parks Expense Fund. The commission may expend said fund and any proceeds therefrom for the maintenance and improvement of the reservations and boulevards under its care, in addition to any loans or appropriations authorized for such purposes. This section shall not apply to any moneys received by the commission from admissions, souvenir privileges or from any other source, in connection with the Bunker Hill monument; but all moneys so received shall be paid into the general revenue of the commonwealth.

**SECTION 50.** The commission shall give the railroad corporation thirty days' written notice of the proposed work, accompanied by a plan thereof; and if the commission is unable to agree with the railroad corporation across whose land or location it desires to lay out, extend and construct a boulevard, it may have its right to cross and the manner of crossing determined by the department of public utilities; provided, that no crossing of such boulevard shall be at a level with the railroad tracks and that no such boulevard shall be laid out, extended and constructed across a railroad in such manner as to injure or obstruct the railroad.

4 shall be paid out of the funds available for use by the commission for
5 boulevard or reservation purposes, unless otherwise determined by an
6 agreement between the commission and any such railroad corporation.

1 Section 53. The commission may provide band concerts in such
2 parks, parkways or other places under its control for boulevard or
3 reservation purposes, and at such times, as it may select. Said com-

4 the commonwealth to meet the interest, sinking fund and serial or other
5 bond requirements for each year and any deficiency in the amounts pre-
6 viously paid in, as estimated by the state treasurer, shall be as follows:
7 Boston shall pay as a special assessment sixteen and two thirds per cent
8 of the money so required on account of the amount expended for con-
9 struction of the marginal conduit on the Boston side of the Charles river
10 basin as heretofore determined by the apportionment commission ap-
11 pointed by the supreme judicial court in the year nineteen hundred and
12 ten; Cambridge shall pay as a special assessment sixteen and two thirds
13 per cent of the money so required on account of the amount expended
14 for construction of the marginal conduit on the Cambridge side of the
15 Charles river basin as heretofore determined by the said apportionment
16 commission; and the payment of the balance shall be based upon the
17 respective taxable valuations of the property of said towns of the metro-
18 politan parks district.

1 Section 55. The proportion in which each town of said district shall
2 annually pay money into the treasury of the commonwealth to meet the
3 cost of maintenance of reservations, exclusive of Nantasket beach res-
4 ervation and the Charles river basin, and any deficiency in the amounts
5 previously paid in, as found by said treasurer, shall be apportioned ac-
6 cording to the average percentage of valuation and population, deter-
7 mined as to any town by adding together the percentage which the

MISCELLANEOUS PROVISIONS.

SECTION 60. The expense of the salaries of the metropolitan district commissioners, and such expense of maintenance of the general office and otherwise as the commission shall determine are not clearly or wholly incurred in the maintenance work of any one of the metropolitan parks, boulevards, water or sewerage systems or districts, shall be paid: one fourth as maintenance of reservations by the metropolitan parks district; one fourth as maintenance of boulevards by said district and the commonwealth in equal parts; one fourth by the metropolitan water district; and one fourth in equal parts each by the north and south metropolitan sewerage districts. The state treasurer shall include the amounts required of each town of said districts and of the commonwealth to meet said expenses in the sums assessed upon said towns in the annual state tax.

SECTION 61. The police appointed or employed by the commission, except special women police officers, shall have within the metropolitan parks district, and within the towns outside said district wherein any of
4 the property of the metropolitan water and sewerage districts is situated,
5 all the powers of police officers and constables of towns of this common-
6 wealth, except the power of serving and executing civil process, and when
7 on duty may carry such weapons as the said commission shall authorize.
8 Such special women police officers shall have all said powers, except in
9 relation to the service of civil process and to the carrying of weapons, but
10 only within said parks district.

1 Section 62. Members of the police force of the commission shall be
2 excused from duty without loss of pay for a number of days in each year
3 equal to one day in every thirty days, such days off to be assigned by the
4 commission or by the chief of said force acting under its direction.

1 Section 63. The commission may appoint and employ as a call officer
2 for temporary police duty any member of the reserve police force of any
3 town within the metropolitan parks district, or any person on the list of
4 the department of civil service and registration of eligibles for appoint-
5 ment to any such reserve police force or to the permanent police force of
6 any such town; provided, that the assent of the chief of police of the
7 town shall first be obtained for the employment of any member of its
8 reserve police force of such town as herein provided. Employment by
9 the commission of any such reserve police officer shall not prevent his
10 employment by the town where he resides whenever his services may be
11 required by its chief of police. Any such call officer shall, while on duty,
12 have all the powers and authority conferred upon police officers of the
13 commission by section sixty-one.

1 Section 63A. The commission may authorize the payment, out of
2 the metropolitan parks or boulevard maintenance funds, of the reason-
3 able hospital, medical and surgical expenses of any permanent member
4 of its police department or of any call officer thereof disabled, either

6 in the actual performance of his duty, for useful service in the depart-
7 ment either temporarily or permanently.

1 Section 64. The wages paid by the commission to laborers tem-
2 porarily employed shall be not less than the wages paid to laborers
3 permanently employed.

1 Section 65. Laborers and mechanics in the service of the commis-
2 sion, except those employed at the bath houses under the control of the
3 commission, shall be given a half holiday each week without loss of
4 pay, and, if practicable, the half holiday shall be on Saturday. If
5 however, the public service so requires, the commission may at any time
6 during the year give to the laborers and mechanics in its service, in lieu
7 of the said half holidays, days off duty, without loss of pay, equivalent
8 in time to the half holidays which would otherwise be given under this
9 section.

1 Section 66. In the state bath houses under the care of the commis-
2 sion the women attendants shall receive the same scale of wages as the
3 men attendants, when performing similar work.
Section 67. The commission may enter into an agreement with any electric light, power or gas company within the metropolitan park district, for a period not exceeding ten years, for the lighting of any part of the boulevards or reservations under the control of the commission, upon such terms as said commission deems most advantageous to the commonwealth.

Section 68. The commission and a gas or electric light company, parties to any such contract, shall, upon complaint of the commission or application of the company to the department of public utilities, have the right to have any question of the quality or price of gas or electric light sold and delivered or of the service rendered determined by said department, and the provisions of sections ninety-three and ninety-four of chapter one hundred and sixty-four shall, as far as applicable, apply to the determination of such questions.

Section 69. The commission may replace or rebuild any bridge over the Charles river within the metropolitan parks district whenever funds for the purpose shall become available by gift under the provisions of this section; provided, that no such bridge shall be replaced or rebuilt unless the consent of the city council and of the selectmen of any town in which any part of the bridge is situated shall first be obtained. Any such bridge may be replaced or rebuilt without a draw for the passage of vessels, and may be of no greater height above the water than, in the judgment of the commission, the architectural appearance of the bridge would require, except that every such bridge over the Charles river basin shall be so constructed as to leave a clear height of at least twelve feet above the ordinary level of the water in the basin over the main ship channel, and the piers and other obstructions to the flow of the river shall be constructed in such form and in such places as the secretary of war of the United States shall approve. When the work of replacing or rebuilding any such bridge is completed, the bridge shall be maintained and policed under and in accordance with the laws governing such main-

rance and policing at the time when the work was begun. The state treasurer may receive, hold, manage and invest any funds given or bequeathed to him in trust by any person, upon such terms, conditions and limitations as the donor may impose, for the purpose of enabling the commission to carry out the provisions of this section, and the com-

mission, whenever it shall deem that the public interests so require, may expend, under authority of this section and of any other provision relating to the requirement and maintenance of reservations or boule-

vards by the commission, any such funds in accordance with the terms, conditions or limitations aforesaid. Any owner or lessee of property abutting on the Charles river above any drawless bridge built under the authority of this section and under authority of the act of congress entitled "An Act to authorize the construction of drawless bridges across a certain portion of the Charles river in the State of Massachusetts", approved February twenty-seven, nineteen hundred and eleven, shall be entitled to adequate compensation for damages, if any, caused to said property or leasehold interests therein, by reason of the interference with access by water to said property due to the construction of any such drawless bridge, in accordance with provisos contained in said act of congress. Upon petition of any such owner or lessee entitled to such damages, filed in the supreme judicial court within one year after any
Section 70. No person shall deface or injure any part of the Charles river dam, or any wharf, wall or other structure or any mechanism connected therewith, or unnecessarily open any drawbridge connected therewith or obstruct the passage thereof; nor shall any person, without the consent of the person in charge of the drawbridge, make fast to the dam, bridge, draw, guard, pier or any appurtenance thereof any vessel, scow, raft or float, or remain inside of the draw gates or on any pier, or wharf, fender or appurtenance of the draw while the gates are closed; nor shall any person having charge of a vessel passing through the draw of such bridge refuse or neglect to comply with the directions of the person in charge relating to such passing. Whoever violates any provision of this section shall be punished by a fine of not more than twenty dollars.

Section 71. No person shall permit or suffer any vessel, scow, raft or float to come in contact with either of the gates of the lock of the Charles river dam. Whoever violates this section shall be punished by a fine of not more than fifty dollars.

Section 72. The commission shall have the same authority relative to wrecked vessels or other shipwrecked property on the shores or waters of the Charles river basin as is given the department of public works by section thirty-eight of chapter ninety-one relative to such vessels or property on other shores or waters of the commonwealth; and the commission shall have the same authority relative to the removal from said basin of wrecked, sunken or abandoned vessels, or of any unlawful or unauthorized structure or thing deposited or suffered to remain in the waters of said basin and obstructing safe and convenient navigation therein, as is given said department by sections thirty-nine to forty-five, inclusive, of chapter ninety-one, relative to such removal from the tide waters of the commonwealth, and said sections, so far as applicable, shall apply to such removals by the commission.

Section 73. The commission shall have the same authority relative to the breaking up and disposing of old vessels and other floating structures in said Charles river basin that is given to the department of public works by sections forty-six to forty-nine, inclusive, of chapter ninety-one in relation to the harbors of the commonwealth.

Section 74. The commission may license the maintenance of those parts of buildings and of the foundations of buildings which on July third, nineteen hundred and ten, projected into, upon or over the embankment of the Charles river basin. Said licenses shall be granted upon such terms, conditions, restrictions and agreements, and for such period of years, not exceeding twenty-five, as the commission may deem best; provided, that licenses shall be revocable at any time by the commission. The granting of such a license shall in no event be
construed to create in the licensee any title to the land into, upon or over which any licensed encroachment shall project, and no person shall by the maintenance of parts of buildings or foundations of buildings herein described, with or without such license, acquire any rights by prescription or adverse possession in any part of the Charles river embankment.

Section 74A. The commission may from time to time grant licenses to cities and towns, educational institutions, clubs and responsible persons for the construction and maintenance of boat landings, boat houses and landings, floats, wharves, breakwaters and other structures in connection therewith, playgrounds, swimming pools and other recreational facilities at such locations along the Charles river basin for such rental, if any, and upon such terms and conditions as it may deem advisable. For the foregoing purposes the commission may grant suitable locations by lease or otherwise with the right to erect buildings and to project landings and floats upon the waters of the said basin upon such terms, conditions, restrictions and agreements and for such period of 11 years not exceeding twenty-five as the commission may deem expedient. In carrying out the provisions of this section the commission shall encourage rowing and boating on the basin in every reasonable way and, in that connection, shall give consideration to the fact, if it appears to be a fact, that any club or educational institution has for many years owned or occupied a boat house on the basin, the point on the bank at which such boat house was formerly situated and the length of time during which it had been owned or maintained there.

Section 75. The commission may appoint from its police force a harbor master and assistant harbor masters who shall respectively have and exercise within the Charles river basin all the powers and authority which now appertain by law to the officers of harbor master and assistant harbor masters for the port of Boston appointed by the police commissioner of Boston. The commission may require such further duties of these officers, including the duties of officers and members of the police force appointed by the commission, consistent with the provisions of law, as the commission may deem expedient. The harbor master and assistant harbor masters appointed hereunder shall receive the pay which may be established for the grade or rank which they respectively hold in the police force of the commission.

Section 76. The commission may order the removal of all sewage and other polluting matter or factory waste as a common nuisance from the Charles river and its tributaries below Waltham and from the Charles river basin; and no sewer, drain or overflow or other outlet for factory or house drainage or for any other drainage shall hereafter be connected with said basin or the river below Waltham without the approval of the commission.

Section 76A. The metropolitan district commission, after a public hearing notice of which shall be sent to the state department of public health and to all cities and towns bordering on the Charles river basin, as defined by section two of chapter five hundred and twenty-four of the acts of nineteen hundred and nine and acts in amendment thereof and in addition thereto, and subject to the approval of said department of
Section 76B. Any such permit shall be upon the condition that water taken thereunder for purposes other than fire protection shall be supplied only to such manufacturers as can use it in a system of closed pipes without opening at any point within their premises; that it is to be discharged through a special system of outlet pipes into the basin or the canals thereof in a manner approved by the commission; and that no oil, refuse, or other substance which would be harmful to the water in the basin shall be added to the water before its return to the basin. Upon violation of any condition in the permit, or if in the opinion of the commission the use of water under the permit impairs the quality or, except for water used for fire protection, reduces the quantity of the water of the basin, the commission shall revoke the permit; and no new permit shall be granted unless the commission finds that there is no danger of future breach of condition of a permit when granted, or that the quality of the water of the basin will not be impaired.

Section 76C. No manufacturing establishment shall be supplied with water taken from the basin under a permit granted under the two preceding sections until proper and suitable connections have been made for use of city or town water, so that, in case of revocation of the permit, the manufacturing establishments affected may be supplied with water for cooling and condensing purposes from the water system of the city or town, but in such case the water after use shall not be discharged into the basin.

Section 76D. No permit granted under sections seventy-six A and seventy-six B shall authorize the taking of water from said basin to such an extent as substantially to affect the maintenance of the water level in
said basin at the height required by chapter four hundred and sixty-five of the acts of nineteen hundred and three and acts in amendment thereof or in addition thereto, or in quantities, or in a manner, inconsistent with the purposes and provisions of the laws establishing and governing the maintenance of said basin.

Section 76E. For the purpose of meeting the expenses of constructing such works and of laying such mains and pipes, a city or town receiving a permit as aforesaid may borrow money, subject to the provisions of section eight of chapter forty-four.

Section 77. The commission, on behalf of the commonwealth, may take by eminent domain under chapter seventy-nine, or acquire by purchase or otherwise, any lands, watercourses, rights of way or easements, and may take by eminent domain under chapter seventy-nine, or acquire by purchase or otherwise, or enter and use, any existing sewers or parts of sewers necessary for carrying out the provisions of this chapter relative to the construction, maintenance and operation of systems of sewage disposal authorized by section one.

272 Mass. 457.

Section 78. The commission, on behalf of the commonwealth, may take by eminent domain under chapter seventy-nine, or acquire by purchase or otherwise, lands in fee, easements, rights and other property that it deems necessary or desirable for carrying out the powers and duties conferred upon it by the provisions of this chapter relative to the construction, maintenance and operation of a system of metropolitan water works.

Section 79. For the purposes set forth in section thirty-three, the commission, acting so far as may be in consultation with the proper local boards, on behalf of the commonwealth, may take in fee or otherwise, by purchase, gift, devise, or eminent domain under chapter seventy-nine, lands and rights in land for reservations within the metropolitan parks district, or take bonds for the conveyance thereof; and may take by eminent domain under said chapter, or acquire by agreement or otherwise, the right forever, or for such period of time as the commission deems expedient, to plant, care for, maintain or remove trees, shrubs and growth of any kind within certain spaces regulated by the commission along or near rivers and ponds within said district; and may take or impose by eminent domain under said chapter, or acquire the benefit of, by agreement or otherwise, such restrictions upon such regulated spaces as it deems expedient; provided, that no private property shall be taken or restrictions imposed by eminent domain hereunder without the concurrence of a majority of the commission and of the board of park commissioners, if any, of the town where said property is situated.

Section 80. For the purpose of carrying out section thirty-five, the commission may take or acquire, in fee or otherwise, on behalf of the commonwealth, by purchase, gift, devise, or eminent domain under chapter seventy-nine, any land or easements or interests in land within the metropolitan parks district, although the land so taken, or any part thereof, be already a public way; provided, that the concurrence of the city council in Boston for Suffolk county or the concurrence of each other county or city or town outside of Suffolk county, wherein any
9 portion of any public way, land or rights in land is taken by eminent
10 domain, be obtained to the taking of said portion by vote of its county
11 commissioners, city council or selectmen, respectively.

1 Section 81. The commission may, at public or private sale, dispose
2 of any property, real or personal, no longer needed for the construction,
3 maintenance or operation of sewers, under section one, provided that
4 such sale shall not impair the maintenance and operation of said sewerage
5 systems. Real estate so sold may be conveyed, subject to such easements,
6 reservations and restrictions as the commission deems necessary to secure
7 the maintenance, renewal and operation of said sewers, by deed duly
8 executed by the commission on behalf of the commonwealth, with or with-
9 out warranty. The net proceeds of any such sales, after deducting all
10 necessary expenses incurred thereby, shall be paid to the commonwealth
11 and shall be credited to and form a part of the fund to be used in the
12 construction or maintenance of said sewers.

1 Section 82. The commission may sell, at public or private sale, any
2 property, real or personal, whether taken by eminent domain or otherwise,
3 no longer needed for the water works under its charge, or may from time
4 to time lease any property not so needed. In any case where the com-
5 mission may sell such real estate, it may convey it and receive therefor
6 in exchange other real estate, the title of the same to be taken in the
7 name of the commonwealth, and may cause money to be paid or received
8 to make the exchange equal. And the commission may make grants or
9 conveyances of easements and receive therefor in exchange other eas-
10 ements, money or such considerations as may be deemed suitable by it,
11 the title of such easements to be taken in the name of the common-
12 wealth. All money received under this section shall be paid to the
13 commonwealth and applied to the payments for the property taken
14 by the commission for water works purposes, the payment of damages
15 caused by such takings, and of expenses of construction of said water
16 works.

1 Section 83. The commission may, for all purposes consistent with
2 the purposes specified in sections thirty-three and thirty-five, erect,
3 maintain and care for buildings, and grant easements, rights of way or
4 other interests in land, including leases, in any portion of the lands taken
5 or acquired by it for the purposes of said sections, and may accept and
6 assent to any deed containing reservations of such easements or other
7 interests in land, all for such considerations or rentals, and upon such
8 terms, restrictions, provisions or agreements, as the commission may
9 deem best. The commission may sell at public or private sale surplus
10 earth, rock, ice, wood, hay, standing grass, old buildings, and mate-
11 rials no longer needed for the maintenance of boulevards or reservations
12 under its charge and may collect the money due from such sales and
13 sue to recover or enforce the collection thereof in the courts of the
14 commonwealth.

1 Section 84. The commission may, with the concurrence of the park
2 commissioners, if any, of the town where the property is situated, by deed
3 recorded in the county where the land lies, accompanied by plan or sur-
4 vey, abandon any easement or other right in land less than the fee taken
5 by the commission by right of eminent domain for reservation or boule-
yard purposes, and said abandonment shall vest title thereof, as if never taken, in the persons, their heirs and assigns, in whom vested at the time of the taking.

Section 85. The commission, with the concurrence of the park commissioners, if any, in the town where the property is situated, may sell at public or private sale any portion of the lands or rights in land the title to which has been taken or received or acquired and paid for by it for the purposes set forth in sections thirty-three and thirty-five, and may, with the concurrence of such park commissioners, execute a deed thereof, with or without covenants of title and warranty, all in the name and behalf of the commonwealth, to the purchaser, his heirs and assigns, and deposit said deed with the state treasurer, together with a certificate of the terms of sale and price paid or agreed to be paid at said sale, and, upon receipt of said price and upon the terms agreed in said deed, he shall deliver the deed to said purchaser. The state treasurer may, by the attorney general, sue for and collect the price and enforce the terms of any such sale.

If the commission votes, under this or the preceding section, to abandon or sell any portion of the lands or rights in land so taken or acquired by it, and the park commissioners in any town where said property or right in property is situated refuse or fail to concur with the commission within fourteen days from the giving of written notice of such vote to said park commissioners, the commission, upon written notice of not less than seven days to said park commissioners, may appear before the governor and council and ask their concurrence in such sale or abandonment; and if the governor and council, after hearing, concur in such sale or abandonment, it shall have full force and effect.

Section 86. Whenever, by reason of a taking by the commonwealth through the commission for reservation or boulevard purposes, a public way is so affected that the public rights therein might otherwise be abridged, either by being wholly or partly included within the taking, any and all exceptions and reservations made in said taking in favor of any municipality within which said way or part thereof lies, and of the public, and of persons, shall be valid, effectual and binding; and in order to insure to the parties concerned the full and perfect enjoyment of the uses thereby reserved the commission may make grants of or convey easements, enter into agreements, issue licenses, and generally conclude arrangements to that end; but no such grant, agreement, license or arrangement shall be taken or held to abrogate or abridge the control of the commission over the land included in said taking except as in said exceptions and reservations provided, or the right of the commission to make rules and regulations for the government and use of any boulevard or crossway which may be laid out and maintained over said land or over any portion thereof, not inconsistent with such exceptions and reservations.

Section 87. The commission may transfer, for care and control, including police protection, any lands or rights or easements or interest in land held by it under sections thirty-three and thirty-five to any city, town, county, or local board of a city or town within the metropolitan parks district, with the consent of such city, town, county or board, and upon such terms and for such period as may mutually be

9 such lands or rights therein, and also for laying out, constructing and 
10 maintaining ways into or across any such lands; and any city, town, or 
11 county, or any local board within the metropolitan parks district, may 
12 transfer, for care and control, including police protection, any land, 
13 rights, easements or interest in land in its control, although the same be 
14 already a part of a public way owned or controlled by it, to the commis-
15 sion for such period and upon such terms as may mutually be agreed 
16 upon, and may enter into an agreement with the commission for the 
17 joint care and control, including police protection, of such land or public

19 any public way within the limits of such land as may be transferred, for 
20 care and control under this section, to the commission, to the same 
21 extent as though such way were a boulevard maintained by the com-
22 mission under section thirty-five.

1 Section 88. The commission may join with any city, town or county 
2 in the laying out, improvement, relocation, widening, repairing, main-
3 taining and caring for any public way, bridge or stream which lies along 
4 or connects any reservation or boulevard, or any sewer, water pipe or 
5 other conduit in such public way or bridge, or in or across any park, 
6 boulevard or reservation owned or controlled by the commission, and 
7 in the expense of such work, and for such purposes or any of them, may 
8 make contribution to such city, town or county by a grant of land or 
9 rights in land, although the same be already a boulevard, or by payment 
10 of money for its portion of such expense.

1 Section 89. If money, goods or other property which has been 
2 stolen, lost, abandoned or taken from a person under arrest comes into 
3 the possession of a police officer or other employee of the commission 
4 by virtue of his office or employment, he shall deliver the same to the 
5 person designated by the commission to receive the same, and he shall 
6 thereupon be relieved from further responsibility therefor.

1 Section 90. If no person proves ownership of such money, goods 
2 or other property within six months, the commission may cause the 
3 same, excepting money unclaimed, to be sold at public auction at such 
4 place and time and by such person as the commission may designate.

1 Section 91. Notice of the time and place of such sale, with a descrip-
2 tion of the property, shall be given by publishing the same once in a 
3 newspaper published in Boston.

1 Section 92. Such property, if perishable or liable to deteriorate 
2 greatly in value by keeping, or the value of which will probably be less 
3 than the expense of keeping, may be sold at public auction at such 
4 place and at such time within six months and by such person as the 
5 commission may designate, such notice of the time and place of sale 
6 as the commission may deem reasonable and proper first being given.

1 Section 93. The proceeds of such sales, together with such unclaimed 
2 money, after deducting all reasonable charges and expenses incurred on 
3 account of such property, shall be accounted for and paid to the com-

Section 94. If within two years after any such sale the owner claims such property and proves ownership to the satisfaction of the commission, the amount of such unclaimed money or the proceeds of the sale of such property, after deducting reasonable expenses, shall be paid to him by the state treasurer out of said Metropolitan Parks Expense Fund.

Section 95. The commission may grant permits, upon such terms and conditions as it deems proper, for the projection of eaves, cornices or ornaments of buildings, beyond the line of restriction or setback established for the benefit of the commonwealth, upon the land of a private owner which abuts on lands under the control of the commission, and also for the projection of eaves, cornices or ornaments of buildings over land under the control of the commission; provided, that no grant hereunder shall be made for any projection of more than three feet, nor for a projection over land of the commonwealth held or in the opinion of the commission likely to be required for a boulevard or driveway, at a height less than thirty feet above the grade which the commission may determine as that established or likely to be established as the grade of such boulevard or driveway adjacent to said private land.

Section 96. No person shall acquire any rights by prescription or adverse possession in any lands or rights in lands of the commonwealth under the control of the commission for reservation or boulevard purposes.

Section 97. If any apportionment for assessment upon the towns of either the metropolitan water, sewerage or park districts shall not have been finally determined by July first of any year, the last apportionment thereof shall remain in force for the purpose of assessment during such current year. Any difference between such apportionment when finally made by the commission for such year, and the pre-existing apportionment above referred to, shall be adjusted with such town by the state treasurer in the assessment of the succeeding year by a deduction therefrom or an addition thereto, as may be required to give effect to the said apportionment when made as aforesaid.

Section 98. Annual appropriations shall be made for the maintenance of reservations and boulevards, of the north and south metropolitan systems of sewerage, and of the metropolitan water system under the control of the commission, and such appropriations shall be apportioned and assessed by the state treasurer as provided in this chapter. Of the amount so assessed and collected, any balance remaining on November thirtieth in any year shall be carried forward to the next year, and shall be taken into account in making the assessments for that year.

Section 99. There may be advanced by the commonwealth to such person as the commission shall designate such sums of money, not exceeding thirty thousand dollars at any one time, as the comptroller may certify to the state treasurer as necessary to enable the commission to
5 make direct payments upon its pay rolls and other accounts. The person
6 so designated shall give a bond, with sufficient sureties to be approved
7 by the state treasurer, in the sum of thirty thousand dollars. Said sums
8 may be advanced from any loan or appropriation under the control of the
9 commission. The person to whom this money is advanced shall within
10 thirty days from the receipt of any sum file with the comptroller a de-
11 tailed statement of the money expended, approved by the commission,
12 and, where it is practicable to obtain them, receipts or other like vouchers
13 of the persons to whom the payments have been made.

1 Section 100. The commission shall keep full, accurate and separate
2 accounts of its receipts, expenditures, disbursements, assets and liabili-
3 ties, and shall, on or before the third Wednesday in January in each
4 year, report to the general court an abstract of the same for the pre-
5 ceding fiscal year, together with all recommendations for legislation
6 which it deems desirable, and shall, in the month of February, present
7 a more detailed statement of its doings for the calendar year next pre-
8 ceding, the same to be printed as its annual report for the year. Section
9 thirty-three of chapter thirty shall apply to such recommendations
10 whether the same are contained in such abstract or in such detailed
11 statement.

1 Section 101. The commission may, whenever it deems advisable,
2 destroy brown tail moths, gypsy moths and other insect pests on lands
3 near or adjoining lands under its control and to a distance of one thou-
4 sand feet therefrom; provided, that the commission shall first have been
5 requested in writing by the owner of any such land to do said work, and
6 that such owner shall either have advanced to the commonwealth for the
7 purpose the cost of such work as estimated by the commission, or, if the
8 commission shall so require, shall have given a bond to the commonwealth
9 to an amount, and with surety or sureties satisfactory to the commission,
10 to reimburse the commonwealth for the cost of such work. The state
11 treasurer may maintain an action of contract in his own name against
12 any owner of land upon which work has been done by the commission as
13 herein authorized, or against the surety or sureties on any bond given as
14 aforesaid, for the expenses incurred by the commission in doing such work.

1 Section 102. The commission shall have over the property of the
2 metropolitan water and sewerage systems all the general power and
3 authority which it has over reservations so far as the same may be
4 exercised consistently with the purposes for which the metropolitan
5 water and sewerage systems are maintained.

RESTRAN ST OF TRADE.

1 Section 1. No person, firm, association or corporation doing business in the commonwealth, shall make it a condition of the sale of goods, wares or merchandise that the purchaser shall not sell or deal in the goods, wares or merchandise of any other person, firm, association or corporation; but this section shall not prohibit the appointment of agents or sole agents for the sale of, nor the making of contracts for the exclusive sale of, goods, wares or merchandise. Whoever, as principal or agent, violates this section shall be punished for the first offence by a fine of not less than fifty nor more than one hundred dollars, and for a subsequent offence by a fine of not less than one hundred nor more than five hundred dollars or by imprisonment for not more than one year, or both.

2 Section 2. Every contract, agreement, arrangement, combination or practice in violation of the common law whereby a monopoly in the manufacture, production, transportation or sale in the commonwealth of any article or commodity in common use is or may be created, established or maintained, or whereby competition in the commonwealth in the supply or price of any such article or commodity is or may be restrained or prevented, or whereby for the purpose of creating, establishing or maintaining a monopoly within the commonwealth of the manufacture, production, transportation or sale of any such article or commodity, the free pursuit in the commonwealth of any lawful business, trade or occupation is or may be restrained or prevented; or whereby the price of any article or commodity in common use is or may be unreasonably enhanced within the commonwealth, is hereby declared to be against public policy, illegal and void.
Section 3. The attorney general, or, by his direction, a district attorney, may bring an action in the name of the commonwealth against any person, trustee, director, manager or other officer or agent of a corporation, or against a corporation, to restrain the doing in the commonwealth of any act forbidden or declared to be illegal by the preceding section, or any act in, toward or for the making or consummation of any contract, agreement, arrangement, combination or practice prohibited by said section, wherever the same may have been made. The superior court shall have jurisdiction to restrain and enjoin any act forbidden or declared to be illegal by said section.

Section 4. Upon written complaint on oath of the complainant filed in the supreme judicial or superior court, alleging that any person, co-partnership or corporation has, in the county where such complaint is filed, entered into any contract, agreement, arrangement, combination or practice declared illegal and void under section two, the court shall hear on oath the complainant and any witnesses produced by him. If it appears to the court that such contract, agreement, arrangement, combination or practice exists, the court shall issue an order of notice to the respondents to appear and show cause why the court should not appoint a master to hear and make report on said complaint; and thereafter, if such cause be not shown, the court shall appoint a master who shall, in accordance with the established practice and rules in equity, hear the complainant and the respondents and their evidence upon the allegations of said complaint; and upon motion of the complainant, other persons, co-partnership or corporations within the jurisdiction of the court and appearing to the court to be necessary parties to the full examination of the allegations of said complaint, may upon proper notice be cited to appear as parties respondent. After such hearing the master shall make and file his report, and said parties may present their objections and exceptions thereto and prosecute the same in accordance with the rules of procedure in equity. Said report of the master shall be filed by him within thirty days after the close of the hearings, unless further time is allowed by order of the court.

Section 5. A master may append to such report such recommendations to the parties as may be pertinent to, and warranted by, his findings of fact or rulings of law, and as may tend to remove restraint or to prevent any ground of complaint alleged in said complaint and found by him to be proved; but such recommendations may, upon motion of any party, and upon order of the court, be disaffirmed and expunged from the records of the case. The report, if affirmed by the court, shall be transmitted by the clerk to the attorney general, who shall forthwith cause such further proceedings, either civil or criminal, to be instituted as such report may warrant.

Section 6. Masters appointed under section four shall have all the powers conferred upon masters in equity procedure. Their fees shall be fixed by the court and paid by the commonwealth. Upon request of such master rooms for hearings shall be provided in the state house, if the cause is pending in Suffolk, Middlesex or Norfolk county; if elsewhere, in some county court house within the county where the cause is pending. Upon approval by the court, such masters may employ suit-
8 able clerical or stenographic assistants to report the evidence taken and
9 the findings. Such assistants shall be paid by the commonwealth.

1 Section 7. In any action under section three or at any hearing under
2 section four, no person shall be excused from answering any questions
3 put to him in such action or material to the proof of the allegations of
4 the complaint at such hearing, or from producing any books, papers or
5 documents which are material to such proof, on the ground that the tes-
6 timony or evidence, documentary or otherwise, so required of him, tends
7 to incriminate him; but no person shall be prosecuted in any criminal
8 proceeding, or subjected to any penalty or forfeiture for or on account
9 of any transaction, matter or thing concerning which he may testify or
10 produce evidence, documentary or otherwise, in any such action or hear-
11 ing. Upon objection of a party at such hearing, no book, paper or docu-
12 ment, or part thereof, produced by him at the request of any other party,
13 shall be examined by the party making the request or his attorney, or
14 offered in evidence, unless it is so ordered by the master, after examina-
15 tion thereof and a hearing thereon, and a ruling by the master that such
16 evidence is material and competent.

1 Section 8. No person, firm, association or corporation doing business
2 in the commonwealth and engaged in the production, manufacture of
3 distribution of any commodity in general use, shall maliciously, or for the
4 purpose of destroying the business of a competitor and of creating a
5 monopoly in any locality, discriminate between different sections, com-
6 munities, towns or cities of the commonwealth or between purchasers by
7 selling such commodity at a lower rate for such purpose in one section,
8 community, town or city than is charged for such commodity by the
9 vendor in another section, community, town or city in the commonwealth,
10 after making due allowance for the difference, if any, in the grade or
11 quality and in the cost of transportation, and such acts are hereby de-
12 clared to be unfair discrimination, and all contracts or agreements made
13 in violation of any provision of this or either of the two following sections
14 shall be void.

1 Section 9. No person, firm, association or corporation shall com-
2 bine with any other person, firm, association or corporation for the pur-
3 pose of destroying the trade or business of any person, firm, association
4 or corporation engaged in selling goods or commodities and of creating a
5 monopoly within the commonwealth. Violation of any provision of
6 this or the preceding section shall, if the offender is an individual, be
7 punished by a fine of not less than five hundred nor more than five thou-
8 sand dollars or by imprisonment for not less than one month nor more
9 than one year, or both; or, if the offender is a corporation, by a fine as
10 aforesaid.

1 Section 10. Whoever, in his individual capacity, or acting in behalf
2 of any firm, association or corporation for the purpose of evading any
3 provision of sections eight and nine, shall appoint agents, secure or hold
4 the control of corporate stock, or by agreement with any other person,
5 firm, association or corporation, cause any of the commodities mentioned
6 in section eight to be sold for the purpose of such evasion or attempt to

There shall not be used in bakery products or in the ingredients thereof any ingredient or material, including water, which is spoiled or contaminated or which may render the product unwholesome; unfit for food or injurious to health, nor shall there be used in any bakery product any ingredient likely to deceive the consumer or which lessens the nutritious value of such product unless the product is plainly so labelled, branded or tagged, or has thereon a sign making plain to the purchaser or consumer the actual ingredients thereof; provided, that in the case of unwrapped bread to be sold by the loaf such labelling, branding or tagging shall be placed upon the label required under section eight, showing the name of the manufacturer and the net weight of the loaf. No label, atta- 9 ched to an unwrapped loaf, shall be larger than provided herein, nor 10 shall any such label be affixed in any manner or with any gum or paste 11 which is unsanitary or unwholesome. When an inspection of bread is 12 made at any bakery by the director or any inspector of standards or sealer 13 of weights and measures, the manufacturer of such bread, or his servants 14 or agents, shall, upon request of the official making such inspection, inform 15 him whether such bread is manufactured for sale in any of the standard 16 unit weights prescribed by the preceding section and, if not so manu- 17 factured for sale in such standard unit weights, shall furnish such official 18 with samples of the labels or wrappers intended to be used on all such 19 loaves of other than standard unit weights.

The said 6 director, and under his direction the local sealers of weights and measures, 7 shall cause this section to be enforced. They may seize without warrant 8 any bread which they may deem necessary to be used as evidence of viola- 9 tion of law, giving a receipt therefor, and such bread shall be returned 10 to the owner or forfeited as the court may direct. 1 **SECTION 14.** The board of health of a town, upon application of a person desiring to sell or exchange milk therein as "Grade A, Massachusetts Milk", shall test, as provided in the preceding section, the milk produced or to be sold or exchanged by such applicant, and if upon such test the milk so produced or to be sold or exchanged by the applicant is found to comply with the requirements of "Grade A, Massachusetts Milk", such board shall issue without charge to the applicant a written permit to keep for sale, exchange or delivery, or to sell, exchange or deliver in such town, milk graded, designated and labelled under the preceding section as "Grade A, Massachusetts Milk".

Said department shall, before submitting such rules, regulations and standards to the governor and council for approval, hold a public hearing thereon and shall give notice of the time and place of such hearing by publication for two successive weeks in a newspaper published in each county, the first publication to be at least fourteen days prior to the date of the hearing. Said department shall also publish its proposed rules, regulations and standards in a newspaper published in each county, at least fourteen days before submitting the same for the approval of the governor and council. Any person objecting to said rules, regulations and standards may, within seven days after such publication, petition the governor and council for a hearing before approval of the same, and the governor and council shall hear the petitioner, after giving due notice to said department of public health and to all parties appearing at the hearing before the department whose attendance appears of record. SECTION 15. If any grade or classification of milk other than “Grade A, Massachusetts Milk” or “Grade A Milk” is established, permits for the sale of such other milk shall be granted and may be revoked in accordance with section fourteen with respect to “Grade A, Massachusetts Milk”, but such permits shall not be granted until the milk to be sold thereunder has been tested in such manner as the local board of health to whom application for the permit is made shall determine. The formula for the extension of said evaporated, concentrated or condensed skimmed milk shall be such that the resulting milk product shall not be below the Massachusetts standard of milk solids for skimmed milk, and shall be in the following form: “By adding parts of water to one part of the contents of this can a resulting milk product will be obtained which will not be below the legal standard for skimmed milk”.

SECTION 17A. No person himself or by his servant or agent shall, for the purposes of sale or exchange, add any fat or oil other than milk fat to, or blend or compound the same with, any milk, cream or skimmed milk, whether or not condensed, evaporated, concentrated, powdered, dried or desiccated, so that the resulting product is in imitation or semblance of milk, cream or skimmed milk whether or not condensed, evaporated, concentrated, powdered, dried or desiccated, nor shall any person himself or by his servant or agent sell, exchange or deliver, or have in possession with intent to sell, exchange or deliver, or expose or offer for sale or exchange, any milk, cream or skimmed milk in any of the aforesaid forms to which has been so added or with which has been so blended or compounded any fat or oil other than milk fat. 7. milk or cream as a basis for payment in buying or selling, until such
8. measuring glass or utensil has been tested for accuracy and verified by
9. the director, or by his duly designated deputy. Each such bottle, pipette
10. or other measuring glass or utensil shall be submitted to the said di-
11. rector by the owner or user thereof, to be tested for accuracy, before the
12. same is used for such purposes. As a fee for making the test, the owner
13. or user shall pay to the said director a sum not exceeding five cents for
14. each bottle, pipette or other measuring glass or utensil tested. Each
15. measuring glass or utensil so tested and verified or found inaccurate shall
16. be marked accordingly by the director or by his said deputy. No such
17. measuring glass or utensil so marked inaccurate shall be used in deter-

2. inspector of milk or by a person in a milk inspection laboratory for de-
3. termining the composition of milk or cream for purposes of inspection, or
4. by a person in any place for determining the composition or milk-fat
5. content of milk or cream as a basis for payment in buying or selling, shall
6. be inspected at least once in each year by the director or by his inspector
7. or deputy. The owner or user of any such centrifugal machine shall
8. pay to the director as a fee for making each such annual inspection the
9. actual cost thereof.
10. Each Babcock or other centrifugal machine used as aforesaid which,
11. in the opinion of the director, his inspector or deputy is not in condition
12. to give accurate results, may be condemned by him. No Babcock or
13. other centrifugal machine so condemned shall be used for determining
14. the composition or milk-fat content of milk or cream as aforesaid, unless
15. such machine is corrected to the satisfaction of the director, his inspector
16. or deputy, and approved by him.

8. tent to do such work. The fee therefor shall be two dollars, and shall
9. be paid to the director. If a holder of a certificate is notified by the
10. director, or by his duly designated deputy, to correct his use of such a
11. centrifugal machine, the actual cost of an inspection to ascertain if such
12. person has corrected his use of the said machine shall be paid by him or
13. by his employer to the director.

7. deputy or inspector, is not correctly manipulating a machine as aforesaid,
or is using dirty or otherwise unsatisfactory glassware or utensils in connection therewith. No holder of such certificate whose authority has been so revoked shall thereafter manipulate any such machine for the purposes mentioned in the preceding section.

Section 29. The director shall test or cause to be tested all bottles, pipettes and other measuring glasses or utensils submitted to him under section twenty-five, and shall inspect or cause to be inspected at least once each year each Babcock or other centrifugal machine used by an inspector of milk, or by a person in any milk inspection laboratory, for purposes of inspection, or by any person in any place to determine the composition or milk-fat content of milk or cream as a basis for payment in buying or selling, and shall collect the fees or actual cost of tests and inspections under this and the four preceding sections. The director, his inspectors and deputies, may enter upon premises where tests of milk or cream are made in order to inspect any apparatus used in making such tests and to ascertain whether this and the four preceding sections are complied with.

Section 29A. The director shall, after reasonable notice and a hearing, and with the approval of the governor and council, prescribe, and may from time to time in like manner modify or amend, rules and regulations to govern the methods and frequency of making tests for determining the composition or milk-fat content of milk or cream as a basis for payment in buying or selling. The director, his inspectors and deputies, may enter upon premises where tests of milk or cream are made to determine whether rules and regulations made hereunder are being observed.

Section 30. The director shall enforce sections twenty-five to thirty-one, inclusive, and the rules and regulations made thereunder, and may prosecute or cause to be prosecuted any person violating any provision of said sections or of said rules and regulations. Sections twenty-five to thirty-one, inclusive, and the rules and regulations made thereunder, shall not affect any person using any centrifugal or other machine or test to determine the composition or milk-fat content of milk or cream if such use or test is made for the information of such person only, and not for purposes of inspection or as a basis for payment in buying or selling.

Section 31. Whoever hinders or obstructs the director, his inspector or deputy, in the discharge of any authority or duty imposed upon him by any provision of sections twenty-five to thirty, inclusive, whoever violates any provision of said sections, and whoever knowingly violates any provision of the rules and regulations made thereunder shall be punished by a fine of not less than fifteen nor more than fifty dollars.

Section 32. The board of health of a city, and of a town of ten thousand or more inhabitants, when it deems it advisable for the public health, may establish one or more stations for the distribution of milk, either free of charge in cases of necessity, or at such charge and under such conditions, rules and regulations as it establishes; but this section shall not permit any such board to engage in a general milk business.
1 Section 33. The board of health of a city shall, and the board of health or the selectmen acting as such board of a town may, appoint one or more inspectors of milk and one or more collectors of samples of milk, who shall have the powers, and perform the duties, conferred and imposed by law upon such inspectors and collectors, who shall be under the control of, and whose compensation shall be fixed by, the board appointing him or them; but no person whose business, in whole or in part, is the buying or selling of milk, or who is an officer, agent or employee of any person engaged in the sale thereof, shall be appointed as such inspector. Each person so appointed shall be sworn before entering upon his official duties and each such inspector shall publish a notice of his appointment for two successive weeks in a newspaper published in his town, if any; otherwise he shall post such notice in two or more public places therein. Such inspectors may be removed in the manner provided in sections forty-three and forty-five of chapter thirty-one, and in towns at any time, by the appointing board.

1 Section 34. Any board mentioned in the preceding section may designate and employ any member of the board or any agent or employee thereof as a collector of samples of milk.

1909, 405, § 2.

1 Section 35. Each inspector of milk shall enforce in his town the laws as to the milk supply, and shall make complaint for a violation of any provision of sections nineteen to twenty-eight, inclusive, thirty-three, thirty-eight to forty, inclusive, and forty-three, upon the information of any person laying before him satisfactory evidence whereby to sustain such complaint. He shall keep an office and shall record, in books kept for the purpose, the name and place of business of each person engaged in the sale of milk within such town. Each inspector of milk or collector of samples of milk may enter each place where milk is produced, stored or kept for sale and each vehicle used for its conveyance, and take therefrom for analysis. Upon request made when any sample is taken, he shall seal and deliver to the owner or person from whose possession the milk is taken a portion of each sample, and a receipt therefor shall be given to him. Each inspector of milk shall cause each sample to be analyzed or otherwise satisfactorily tested, and shall record and preserve as evidence the results thereof; but no evidence of the result of such analysis or test shall be received if such inspector or collector refuses or neglects to seal and deliver, upon request as above provided, a portion of such sample to the owner or person from whose possession it is taken. This section shall not apply to milk in the course of interstate commerce.

1 Section 36. An officer of the department of public health or of the division of dairying and animal husbandry of the department of agriculture, an inspector of milk or collector of samples of milk, or other officer of the commonwealth or of a city or town who obtains a sample of milk for analysis shall, within ten days after obtaining the result of the analysis, send it to the person from whom the sample was taken or to the person responsible for the condition of such milk.

SECTION 40. No person, except a producer selling milk to other than consumers, or selling not more than twenty quarts per day to consumers, shall deliver, exchange, expose for sale or sell or have in his custody or possession with intent so to do any milk, skimmed milk or cream in any town where an inspector of milk is appointed, without obtaining from such inspector a license which shall contain the number thereof, the name, place of business, residence, number of vehicles used by the licensee and the name of each driver or other person employed by him in carrying or selling milk. A license issued to a partnership or corporation shall be issued in the business name of said partnership or corporation and shall contain the names in full of the partners and managers of said partnership or officers of said corporation. The license shall, for the purposes of sections forty to forty-two, inclusive, be conclusive evidence of ownership and shall not be sold, assigned or transferred. Whoever in such a town, engages in the business of selling milk, skimmed milk or cream from any vehicle shall display conspicuously on the outside of each vehicle so used, his license number in figures not less than one and one half inches in height, and the name and place of business of the licensee in gothic letters not less than one and one half inches in height. Whoever in such town engages in the business of selling milk, skimmed milk or cream in a store, booth, stand or market place shall have his license conspicuously posted therein.
Section 41. An inspector of milk in any town, for the purposes mentioned in the preceding section and subject to the regulations established by the board of health of such town, may grant licenses to suitable persons, and shall receive for each license so granted a fee of fifty cents for the use of such town, and all license fees collected by him shall be paid over monthly to the town treasurer. Such licenses shall remain in force until June first following, unless previously suspended or revoked. An inspector of milk may declare any license granted by him suspended or forfeited upon a conviction of the licensee in any court of the commonwealth for violation of his license. If the applicant for a license fails to comply with any regulation of the board of health of the town where the application is made, a license may be refused until he has complied with such regulation; and a license granted under this section may be revoked at any time for failure to comply with any such regulation. If a license is so refused or revoked, an appeal may be taken to the department of public health, whose decision shall be final.

Every inspector of milk shall annually during the month of June, and at any other time upon special request of the commissioner of agriculture, furnish to him a list of dealers holding licenses for the sale of milk, skimmed milk or cream who purchase the same directly from producers in the commonwealth. If any inspector revokes such a license or reinstates such a license previously revoked, he shall, within ten days after the effective date of such revocation or reinstatement, notify said commissioner in writing to that effect.

Section 42. Whoever violates any provision of section forty shall be punished for the first offence by a fine of not less than ten nor more than one hundred dollars, for the second offence by a fine of not less than fifty nor more than three hundred dollars, and for a subsequent offence by a fine of fifty dollars and by imprisonment for not less than one nor more than two months.

Any licensee neglecting to make such report or, if defective or erroneous, to amend it within fifteen days after a request so to do, shall be punished by a fine of twenty-five dollars for each consecutive period of twenty-four hours during which such neglect continues.

Section 43. No producer of or dealer in milk shall sell or deliver for sale in any town any milk produced or dealt in by him without first obtaining from the board of health of such town a permit authorizing such sale or delivery. Said board of health may issue such permit after an inspection of the milk, and of the place where and the circumstances under which it is produced and handled, and has been made by it or its authorized agent. Any permit so granted may contain such reasonable conditions as said board deems suitable for protecting the public health.
and may be revoked for failure to comply with any of such conditions.
No charge shall be made to the producer for such permit. After a permit has been revoked, it may be reissued in the same manner in which the original permit was issued. The board revoking or reissuing said permit shall immediately send notice thereof to the department of public health, which may enforce this provision. The department shall at once from the board of health of any other town where, in its judgment, milk produced by the person to whom the permit relates would be likely to be sold or delivered for sale, and it shall also give notice of such revocation to any dealer in milk who in its judgment would be likely to purchase milk from such person; and after receipt of notice of revocation no dealer so notified shall sell or offer for sale such milk. If the board of health of any town refuses to issue a permit under this section or a permit previously issued is revoked by it, an appeal may be taken to the said department, whose decision shall be final. Violation of any provision of this section shall be punished by a fine of not more than one hundred dollars.

**SECTION 44.** No fee for making any inspection or test of live stock, or any inspection of any dairy, barn or stable, under authority of law, for the purpose of protecting the milk supply of any town, shall be requested or accepted by any official or other person making or assisting to make such test or inspection. Whoever violates this section shall be punished by a fine of not more than fifty dollars.

**SECTION 45.** No licensed milk dealer shall sell, or have in his possession with intent to sell, milk not contained in clean vessels bearing his own name, or the name under which his business is conducted, and bearing no other name; but this section shall not apply to a person using clean vessels bearing the name of another person whose written permission for such use has been obtained previously and registered in the office of the inspector of milk, in towns having such officer, and in other towns registered in the office of the town clerk. Whoever violates this section shall be punished by a fine of ten dollars.

**SECTION 46.** Each vessel used as a container in the holding, handling or sale of milk intended for sale, and each appliance, implement, utensil, strainer or material used in milking and in the treatment or mixing of such milk, shall be clean and free from foreign deposits.

**SECTION 47.** Whoever himself or by his servant or agent sells, exchanges or delivers or has in his custody or possession with intent to sell, exchange or deliver, milk in vessels used as containers which are unclean upon the inside, or have foreign deposits therein, or milk obtained, treated or mixed by the use of appliances, implements, utensils, strainers or materials unclean or not free from foreign deposits, shall be punished by a fine of not more than fifty dollars.

**SECTION 48.** Whoever himself or by his servant or agent having custody of any vessel used as a container for milk intended for sale, places or causes or permits to be placed therein offal, swill, kerosene, vegetable matter or any article other than milk, skimmed milk, buttermilk, cream, or water or other agent used for cleansing said vessel, or sends, ships,
6 returns, or delivers, or causes or permits to be sent, shipped, returned or 7 delivered to any producer of milk any vessel used as a container for milk 8 and containing any offal, swill, kerosene, vegetable matter or other 9 offensive material, shall be punished by a fine of not more than ten dol- 10 lars for each such vessel.

1 Section 48A. No person shall maintain an establishment for the 2 pasteurization of milk without a license from the board of health of the 3 town where the establishment is to be located. Any person desiring 4 such a license may make written application to such board, stating the 5 location of the establishment and such other information as may be 6 required by rules and regulations for the enforcement of this section, 7 which the department of public health is hereby authorized to make. 8 Upon receipt of the application the said board shall cause an examina- 9 tion of the sanitary condition of the establishment to be made, and if it 10 is found to be in a sanitary condition, and in accordance with the require- 11 ments of said rules and regulations, and otherwise properly equipped for 12 the business of pasteurizing milk, said board, upon receipt of a license 13 fee of ten dollars, shall issue a license authorizing the applicant to carry 14 on such establishment for the pasteurization of milk for one year. Section 107. The commissioner of agriculture and his duly authorized assistants shall have authority to enforce sections one hundred to one hundred and five, inclusive, and one hundred and eight, and to prosecute all violations thereof. Before any prosecution is begun by the commissioner of agriculture or any of his duly authorized assistants the parties concerned shall be given an opportunity to be heard before the said commissioner or a person designated by him for such purpose. The parties concerned shall be given reasonable notice of the hearing, specifying the day, hour and place thereof and accompanied by a description of the alleged violation. Such hearings shall be governed by rules and regulations prescribed by said commissioner.

Whoever, himself or by his servant or agent, misbrands apples within the meaning of section one hundred and five, or packs, repacks, sells, distributes or offers or exposes for sale or distribution apples which are misbranded, or packs, repacks, sells, distributes or offers for sale or distribution apples in closed or open packages so packed or repacked that the faced or shown surface gives a false representation of the color, size or quality of the other apples in the package, or packs, repacks, sells, distributes, offers or exposes for sale or distribution apples otherwise in violation of any provision of sections one hundred and one to one hundred and eight, inclusive, or wilfully alters, effaces or removes, or causes to be altered, effaced or removed, wholly or partly, any brands or marks put upon any package of apples under authority of said sections, shall be punished for the first offence by a fine of not more than fifty dollars, and for a subsequent offence by a fine of not more than two hundred dollars. Whoever obstructs or hinders the commissioner of agriculture or any of his assistants in the performance of his duties under sections one hundred and one to one hundred and seven, inclusive, shall be punished by a fine of not less than ten nor more than one hundred dollars.

Section 109. No person who sells or distributes or offers or exposes for sale or distribution apples misbranded within the meaning of section one hundred and five, or apples in closed or open packages so packed or repacked that the faced or shown surface gives a false representation of the contents of the package, shall be deemed to have violated the provisions of sections one hundred and one to one hundred and eight, inclusive, relative thereto, if it appears that he acted in good faith solely as a distributor and that he was not a party to the packing and grading of the apples in question, or if he furnishes a guaranty signed by the person from whom he received the apples, together with the address of such person, that the apples are not misbranded within the meaning of said section one hundred and five and that they are not so packed or repacked that the faced or shown surface gives a false representation of the contents of the package. In such case, the person from whom the distributor received the apples shall be liable for the acts of the distributor, if he relied upon the guaranty, to the same extent that the distributor would have been liable under said sections one hundred and one to one hundred and nine, inclusive.
CRANBERRIES.

1 Section 115. The legal and standard barrel for cranberries shall measure not less than twenty-five and one fourth inches between the heads, inside; the length of the staves shall be twenty-eight and one half inches; the diameter of the head shall be not less than sixteen and one fourth inches, including the bevelled edge; the outside bulge circumference shall measure not less than fifty-eight and one half inches; the thickness of the staves shall be not greater than four tenths of an inch.

2 The legal and standard crate for cranberries shall measure seven and one half inches, by twelve inches, by twenty-two inches, inside, exclusive of any interior partition or support, and shall have an interior capacity of one thousand nine hundred and eighty cubic inches; but any square or oblong crate or box of different form, but of as great interior capacity, shall be considered a legal and standard crate.

1 Section 116. Each barrel, crate, one half crate or one quarter crate used for the sale or delivery of cranberries shall be of the standard measure prescribed in this or the preceding section, and shall be marked as therein required. No person shall use any barrel, crate, one half crate or one quarter crate for such sale or delivery, the capacity of which is less than that of the corresponding standard package prescribed in the preceding section. Sealers of weights and measures shall enforce this and the preceding section. Whoever violates any provision of this or the preceding section shall be punished by a fine of not more than one hundred dollars.

11 It shall be lawful to use for the sale and delivery of cranberries, square or oblong packages which contain one half crate or one quarter crate, provided that such packages have an interior capacity, exclusive of any partition or support, of nine hundred and ninety and of four hundred and ninety-five cubic inches, respectively. No barrel, crate, one half crate or one quarter crate, intended to be used for the sale or delivery of cranberries, except of the standard measure specified in this section, and plainly marked with the words "Massachusetts Standard Measure", shall be manufactured or sold. No person shall mark any barrel or other package so used, or intended to be used, unless its interior capacity is as great as the capacity herein specified for such package.

22 Nothing in this or the preceding section shall prohibit the use of third, half and three quarter barrels, as provided by United States law.

The commissioner of agriculture, in this and the five following sections called the commissioner, may establish and promulgate official grades and standards for farm products, except apples and milk, produced within the commonwealth for the purposes of sale, and may from time to time amend or modify such grades and standards. Before establishing, amending or modifying any such grades or standards the commissioner shall hold public hearings in such places within the commonwealth as he shall deem proper. Notice of such hearings shall be advertised in a newspaper or newspapers of general circulation within the county where the hearing is to be held for three successive weeks prior thereto, and shall specify the date and place of each hearing and that it is to be held for the purpose of obtaining information with a view to establishing grades or standards for such farm products, if deemed advisable. The commissioner may determine or design brands or labels for identifying such farm products packed in accordance with official grades and standards established as aforesaid, and may cause to be printed said brands or labels and may dispose of or cause the disposition of the same at reasonable prices. A written application to the commissioner requesting permission to use said brands or labels and a written authorization thereof by the commissioner or a duly authorized assistant shall be a condition precedent to the use of such brands or labels. The commissioner may revoke or suspend the right to use such brands or labels determined as aforesaid whenever it appears on investigation and after a subsequent hearing before said commissioner or authorized assistant that such brands or labels have been used to identify such farm products not in fact conforming to the grade or standard indicated.

Section 117B. Upon the establishment of such grades or standards and upon the proper determination of brands or labels, all in accordance with the provisions of section one hundred and seventeen A, notice thereof shall be published for three successive weeks in three newspapers stating the grades and standards so established and the brands or labels so determined, and the date on which such establishment or determination is to take effect. The commissioner shall distribute information relative to the grades and standards so established and the brands or labels so determined.

Section 117C. After notice of the establishment of grades and standards and the determination of brands or labels as provided in the two preceding sections, it shall be unlawful to use an official grade designation in connection with the sale of such farm products without using the brand or label determined as aforesaid for such grade and standard, or to use such a brand or label unless the farm product bearing the brand or label is in fact of the grade or standard so established, or to use such a brand or label before the authorization of the use of, or after the revocation or during suspension of the right to use, such brand or label, by the commissioner. Any violation of this section shall be punished for a first offence by a fine of not more than fifty dollars and for a subsequent offence by a fine of not more than two hundred dollars. 1 **Section 143.** No person shall manufacture, sell, or offer or expose for sale, sausages or sausage meat containing any material or substance which would render the same adulterated within the meaning of this section one hundred and forty-two. they are presented to said department for approval, may appeal to said 29
department for a further hearing, and said department shall not grant 30
its approval to rules and regulations concerning which such an appeal 31
has been taken until it has held a public hearing thereon, advertised in 32

MARKING OF PACKAGES CONTAINING FOOD.

SECTION 181. Subject to the variations, tolerances and exemptions provided for by the following section, no person shall himself or by his agent or servant sell or offer for sale food in package form unless the net quantity of the contents is plainly and conspicuously marked on the outside of the package in terms of weight, measure or numerical count. This section shall not apply to retail sales of food made from bulk if the quantity is weighed, measured or counted at the time of such sale by the retailer, nor to the sale of milk, cream or buttermilk in glass jars, as provided by section fifteen of chapter ninety-eight.

The director of standards shall enforce this and the three following sections.

SECTION 182. The director of standards shall adopt the variations, tolerances and exemptions established, or hereafter established, by rules and regulations provided for by section three of the act of congress mentioned in section one hundred and ninety-two, with such further reasonable variations, tolerances and exemptions not covered by the rules and regulations of said section as he deems expedient.

SECTION 183. Whoever violates any provision of section one hundred and eighty-one shall for the first offence be punished by a fine of not less than ten nor more than fifty dollars, and for a subsequent offence by a fine of not less than twenty-five nor more than one hundred dollars.

SECTION 184. Prosecutions under the preceding section shall not be commenced until the party concerned is notified and given an opportunity to be heard before the director of standards. No dealer shall be prosecuted thereunder if he establishes a guaranty, signed by the wholesaler, jobber, manufacturer, dealer or other person residing in the United States, from whom he purchased such articles, that they are correctly marked or labelled under section one hundred and eighty-one, designating it, and containing the name and address of such vendor, but in that case such guarantor shall be liable to prosecution and to the penalties provided by section one hundred and eighty-three. If section one hundred and eighty-one has been violated and the guarantor is without the commonwealth, no action shall be brought, but the director of standards shall report the facts to the proper national authorities.

SECTION 184A. Upon each package, bottle or other receptacle holding any proprietary or patent medicine, or proprietary or patent food preparation, containing alcohol, morphine, codeine, opium, heroin, chloroform, cannabis indica, chloral hydrate or acetaldehyde, or any derivative or preparation of any such substance, there shall be a label upon which shall be printed, in type not smaller than eight point (brevier) capitals, a

1927, 278, § 2.

Section 186. For the purposes of sections one hundred and eighty-six to one hundred and ninety-five, inclusive, an article shall be deemed to be adulterated:

1 In the case of a drug: First, If a drug sold under or by a name recognized in the United States pharmacopoeia or national formulary differs from the standards of strength, quality or purity, as determined by the test, if any, laid down in the United States pharmacopoeia or national formulary official at the time of investigation; provided, that no drug defined in the United States pharmacopoeia or national formulary shall be deemed to be adulterated hereunder if the standard of strength, quality or purity thereof is plainly stated upon the bottle, box or other container thereof delivered to the customer, although such standard may differ from that determined by the test, if any, laid down in the United States pharmacopoeia or national formulary. Second, If its strength or purity falls below the professed standard or quality under which it is sold.

16 In the case of confectionery: If it contains terra alba, barytes, paraffin, dye, chrome yellow or other mineral substance or poisonous color or flavor, or other ingredient deleterious or detrimental to health, or any vinous, malt or spirituous liquor or compound or narcotic drug.

20 In the case of food: First, If any substance has been mixed and packed with it so as to reduce or lower or injuriously affect its quality or strength. Second, If any substance has been substituted wholly or in part for the article. Third, If any valuable constituent of the article has been wholly or in part abstracted. Fourth, If it is mixed, colored, powdered, coated or stained in a manner whereby damage or inferiority is concealed. Fifth, If it contains any added poisonous or other deleterious ingredient which may render such article injurious to health; provided, that when in the preparation of food products for shipment they are preserved by any external application applied in such manner that the preservative is necessarily removed mechanically, or by maceration in water, or otherwise, and directions for the removal of said preservative are printed on the covering of the package, sections one hundred and eighty-six to one
hundred and ninety-five, inclusive, shall be construed as applying only when said products are ready for consumption. Sixth, If it consists in whole or in part of a filthy, decomposed, or putrid animal or vegetable substance, or any portion of an animal which is unfit for food, whether manufactured or not, or if it is the product of a diseased animal, or one that has died otherwise than by slaughter. Seventh, If the carcass or parts of the carcass of any animal shall be inflated with gas or air.

SECTION 187. The term “misbranded” as used in sections one hundred and eighty-six to one hundred and ninety-five, inclusive, shall apply to each drug, or article of food, or article which enters into the composition of food, the package or label of which bears any statement, design or device regarding such article or the ingredients or substance contained therein, which is false or misleading in any particular, and also to any food or drug product which is falsely branded as to the state or country where it was manufactured or produced.

For the purposes of said sections an article shall also be deemed to be misbranded:

In the case of a drug: First, If it is an imitation of or offered for sale under the name of another article. Second, If the contents of the package as originally put up have been removed, in whole or in part, and other contents placed therein, or if the package fails to bear a statement on the label of the quantity or proportion of any alcohol, morphine, opium, codeine, cocaine, heroin, alpha or beta eucaine, chloroform, cannabis indica, chloral hydrate, or aceta-nilide, or any derivative thereof, or any such substances contained therein. Third, If it is packaged or labeled bears or contains any false and fraudulent statement, design or device regarding the curative or therapeutic effect of such article, or of any of the ingredients or substances contained therein.

In the case of food: First, If it is an imitation of or offered for sale under the distinctive name of another article. Second, If it is labelled or branded so as to deceive or mislead the purchaser, or purports to be a foreign product when not so, or if the contents of the package as originally put up have been removed in whole or in part, and other contents placed therein, or if it fails to bear a statement on the label of the quantity or proportion of any morphine, opium, codeine, cocaine, heroin, alpha or beta eucaine, chloroform, cannabis indica, chloral hydrate, or aceta-nilide, or any derivative or preparation of any such substance, contained therein; provided, that nothing in this paragraph shall apply to the repacking of highly perishable foodstuffs, such as fresh fruit, fresh vegetables or eggs. Third, If the package containing it or its label bears any statement, design or device regarding the ingredients or the substances contained therein which is false or misleading in any particular; provided, that an article of food which does not contain any added poisonous or deleterious ingredients shall not be deemed to be adulterated or misbranded in the following cases: (1) In the case of articles which are mixtures or compounds which are now or hereafter may be known as articles of food under their own distinctive names and not an imitation of or offered for sale under the distinctive name of another article, if the name be accompanied on the same label or brand with a statement of the place where said article was manufactured or produced. (2) In the case of articles labelled, branded or tagged so as to indicate plainly that they are compounds, imitations, or blends, if the word “compound”, “imitation”, or “blend”, as the case may be,
is plainly stated on the package in which it is offered for sale; provided,
that the term "blend" as used herein shall be construed to mean a
mixture of like substances, not excluding harmless coloring or flavoring
ingredients used for the purposes of coloring and flavoring only; and
provided, that nothing in sections one hundred and eighty-six to one
hundred and ninety-five, inclusive, shall be construed as requiring or
compelling proprietors or manufacturers of proprietary foods which
contain no unwholesome added ingredient to disclose their trade formu-
las, except in so far as any provision of said sections may require in
order to secure freedom from adulteration or misbranding.

1 Section 188. The collection of samples under sections one hundred
and eighty-six to one hundred and ninety-five, inclusive, and three
hundred and four may be made by authorized agents of the depart-
ment of public health or of boards of health of towns. Samples may be
purchased in the open market, and if in bulk and the sample is taken
from the original package, carton, wrapper or other container in the
presence of such authorized agent, the marks, brands or tags upon such
container, and the accompanying printed or written matter shall be
noted by such agent, who shall also note the name of the vendor by
whom the sale was made, together with the date of the purchase. If
practicable, samples shall be collected in duplicate, or divided into two
substantially equal parts, and each part shall be labelled with identify-
ing marks. One of such parts or samples shall be delivered to the person
from whom they were taken, or, if a guaranty has been given, such part
or sample shall be sent to the guarantor. The other part or sample
shall be sent to the laboratory of the department or board taking the
sample, if said board maintains a laboratory. Parts of samples divided
as hereinbefore provided shall be sealed by said agent, at the time of
the taking thereof, as provided by the regulations of the department of
public health, with a seal provided for that purpose. Whenever it is
impracticable either to collect more than one sample or to divide the
same, such sample shall be sent to the laboratory of the department or
board taking the sample, if said board maintains a laboratory.

1 Section 189. Examination of samples of food and drugs in order to
determine by analysis or test whether such articles are adulterated or
misbranded within the meaning of sections one hundred and eighty-six
to one hundred and ninety-five, inclusive, shall be made under the direc-
tion and supervision of the department or board taking such samples
as provided in the preceding section; and if it shall appear from such
examination that any of the samples are so adulterated or misbranded,
the commissioner of public health or the local board of health need not
cause formal complaint to be entered at once, but shall in the case of
misbranding, and may in the case of adulteration, cause reasonable
notice thereof, together with a copy of the results of such analysis or
test, to be given to the party from whom the sample was obtained, to
the guarantor, if any, and to the party, if any, whose name appears upon
the label as manufacturer, packer, producer, wholesaler, retailer or
other dealer. Before any formal complaint is entered, any person so
notified shall be given an opportunity to be heard before any person
notified by the commissioner of public health or local board of health
taking the sample, under such rules and regulations as the department
of public health prescribes. Such notice shall specify the date, hour

and place of hearing, and the parties interested therein may appear in 20 person or by attorney. If it is decided that the party whose name ap- 21 pears upon the label, or the guarantor, shall be notified, and such party 22 or guarantor resides without the commonwealth, the notice shall be sent 23 by mail to such address as, with due diligence, may be obtained. If 24 after such opportunity to be heard it appears that any provision of sec- 25 tions one hundred and eighty-six to one hundred and ninety-five, in- 26 clusive, has been violated, the department of public health or local board 27 of health may make or authorize to be made a formal complaint to a 28 court or justice having jurisdiction in such cases, but no evidence of the 29 result of such analysis or test shall be received if the agent described in 30 the preceding section has refused or neglected to seal and deliver the 31 sample, or part thereof, if and as required in the preceding section. 32

SECTION 190. Whoever manufactures any article of food or any 1 drug which is adulterated or misbranded within the meaning of sections 2 one hundred and eighty-six and one hundred and eighty-seven, or 3 which does not comply with the rules, regulations and standards pro- 4 vided in sections one hundred and eighty-six to one hundred and ninety- 5 five, inclusive, shall be punished by a fine of not less than fifteen nor 6 more than five hundred dollars or by imprisonment for not more than 7 six months.

SECTION 191. Except as otherwise provided in sections one hundred 1 and eighty-six to one hundred and ninety-six, inclusive, whoever for 2 pay or otherwise delivers or offers to deliver to any person any article 3 of food or drug adulterated or misbranded, or which does not comply 4 with the rules, regulations and standards provided for in sections one 5 hundred and eighty-six to one hundred and ninety-five, inclusive, shall 6 in the case of misbranding or non-compliance with said rules, regulations 7 and standards be punished by a fine of not more than two hundred dol- 8 lars, and shall in the case of adulteration be punished by a fine of not 9 less than twenty-five nor more than two hundred dollars; but no article 10 shall be deemed misbranded or adulterated under sections one hundred 11 and eighty-six to one hundred and ninety-five, inclusive, or not to 12 comply with the rules, regulations and standards provided for in said 13 sections, if it is intended for export to any foreign country and is pre- 14 pared or packed according to the specifications or directions of the 15 foreign purchaser; provided, that no substance is used in the prepara- 16 tion or packing thereof in violation of the laws of the foreign country 17 to which the article is intended to be shipped; but if the article is sold 18 or offered for sale for domestic use or consumption then it shall not be 19 exempt from said sections.

SECTION 192. The department of public health and local boards of 1 health shall enforce sections one hundred and eighty-six to one hun- 2 dred and ninety-five, inclusive, and, except as to standards fixed by 3 law, the said department shall adopt rules and regulations, consistent 4 with said sections, standards, tolerances and definitions of purity or 5 quality, conforming to the rules and regulations, standards, tolerances 6 and definitions of purity or quality adopted or that may hereafter be 7 adopted for the enforcement of the act of congress approved June thir- 8 tieth, nineteen hundred and six, and the amendments thereof, the said 9
10 act being entitled "An Act for preventing the manufacture, sale or trans-
11 portation of adulterated or misbranded or poisonous or deleterious
12 foods, drugs, medicines, and liquors, and for regulating traffic therein
13 and for other purposes"; or now or hereafter adopted by the United
14 States department of agriculture under any other federal law.

1 SECTION 193. Except as provided in the following section, no dealer
2 shall be prosecuted under sections one hundred and eighty-six to one
3 hundred and ninety-five, inclusive, for selling or offering for sale any
4 article of food or drug in the original unbroken package in which it was
5 received by him, if he can establish a guaranty by the wholesaler, jobber,
6 manufacturer or other person residing in the United States, from whom
7 he purchased the article, to the effect that the same is not adulterated or
8 misbranded within the meaning of the laws of this commonwealth. Such
9 guaranty, to afford protection, shall contain the name and address of
10 the person making the sale of this article to the dealer, and in that case
11 such person shall be amenable to the prosecutions, fines and other pen-
12 alties which would attach in due course to the dealer under sections one
13 hundred and eighty-six to one hundred and ninety-five, inclusive. If
14 it shall appear that any provision of said sections has been violated, and
15 the party giving said guaranty is without the commonwealth, no action
16 shall be brought except as is provided therein, but the department of
17 public health or the local board taking the sample shall present the
18 facts to the proper national authorities for their action.
19 Under the authority given by section one hundred and ninety-two the
20 department of public health shall adopt rules and regulations which shall
21 be observed by the said department and by local boards of health in
22 ascertaining whether there is such a guaranty which may be relied upon
23 by the dealer.

1 SECTION 194. After a sample of an article of food or drug which is
2 adulterated or misbranded has been taken from a person who estab-
3 lishes a guaranty, as provided in the preceding section, and the guar-
4 antor resides without the commonwealth, the dealer may nevertheless
5 be prosecuted for a subsequent sale of such adulterated or misbranded
6 article; provided, that the department of public health or local board
7 which took the sample has presented the facts to the proper national
8 authorities for their action, that the person from whom the sample was
9 taken has been notified by said department or board that the facts have
10 so been presented, and that such person continues to sell such articles
11 after he has been notified by said department or board as to the particu-
12 lars of the adulteration or misbranding and warned to desist from further
13 sales or distribution of the article. Upon conviction in any such case
14 the penalties provided in section one hundred and ninety-one may be
15 imposed.
16 In case of adulteration, if the department of public health or a board
17 of health in a city having a population exceeding one hundred thousand,
18 finds that the same when analyzed is plainly a gross violation of any
19 of sections one hundred and eighty-six to one hundred and ninety-five,
20 inclusive, or that the article is distinctly injurious to the health of the
21 community, even though the case has not as yet been adjudicated, said
22 department may cause notice of these facts to be published in its monthly
23 bulletin and in such other ways as it establishes by rules and regulations;
24 provided, that the guarantor has been notified and has been afforded
an opportunity to be heard as provided in section one hundred and eighty-nine. Said notice shall contain a warning to all dealers to desist from further sale or distribution of such article. Whoever sells such article after said notice and warning shall be amenable, for each subsequent sale, to the penalties provided in section one hundred and ninety-one.

SECTION 194A. In any prosecution in which it is alleged that the defendant for pay or otherwise delivered or offered to deliver to any person shellfish which are adulterated within the meaning of clause six of section one hundred and eighty-six, or however otherwise the offence may be described, it shall be a defense if the defendant shows that such shellfish were taken from an area not designated as contaminated by the department of public health or have passed a shellfish treatment plant approved by said department unless it appears from all the evidence that he knew or ought to have known of such adulteration or that he caused or contributed to the same.

SECTION 195. When construing and enforcing sections one hundred and eighty-six to one hundred and ninety-five, inclusive, the act, omission or failure of any officer, agent or other individual acting for or employed by any individual, corporation, company, society or association within the scope of his employment or office, shall in each case be deemed to be the act, omission or failure of such corporation, company, society or association as well as that of the individual.

SECTION 196. If the standard of strength or purity of any drug has been raised since the issue of the last edition of the United States pharmacopoeia or national formulary, no prosecution relative to it shall be maintained until after such change of standard has been published throughout the commonwealth.

SALE AND DISTRIBUTION OF NARCOTIC DRUGS.

SECTION 197. The following words as used in sections one hundred and ninety-seven to two hundred and thirteen, inclusive, and in section thirty-eight of chapter two hundred and seventy-seven and schedule of forms at end of said chapter, unless the context otherwise requires, shall have the following meanings:

"Druggist", "apothecary" or "pharmacist", a person duly registered under chapter one hundred and twelve, and actively engaged as a practitioner, or employed in an established and fixed place of business for the sale, compounding and dispensing of drugs.

"Narcotic drug", coca leaves, cocaine, alpha or beta eucaine, or any synthetic substitute for them or any salts, compound or derivative thereof except decocainized coca leaves and preparations thereof, opium, mor- phine, heroin, codeine, or any preparation thereof or any salt, compound or derivative of the same; and, subject to section two hundred and six, cannabis indica and cannabis sativa.

"Opium", "morphine", "heroin", "codeine" and "coca", as used in statutes or in complaints or indictments include any synthetic substitute for such drugs or any salts, compounds, derivatives or preparations thereof, except decocainized coca leaves and preparations thereof.
“Physician” or “practitioner of medicine”, “veterinarian” and
dentist”, a person duly registered and authorized to practice medicine,
and dentist and dentistry, respectively.

Section 198. Except as otherwise provided in sections one hundred
and ninety-nine and two hundred, no person shall sell, furnish, give or
deliver any narcotic drug except upon the written order of a manufacturer
or jobber in drugs, wholesale druggist, registered pharmacist actively
engaged in business as such, physician, dentist or veterinarian regis-
tered under the laws of the state where he resides, or an incorporated
hospital, college or scientific institution through its superintendent or
official in immediate charge, or upon the written prescription of a physi-
cian, dentist or veterinarian registered as above provided, such order
bearing his legal signature, the date of the signature, his office address,
the registry number given him under the act of congress approved
December seventeenth, nineteen hundred and fourteen, and the name,
age and address of the patient for whom it is prescribed. The prescrip-
tion, when filled, shall show the date of filling and the legal signature
of the person filling it, written across the face of the prescription, and
the prescription shall be retained on file for at least two years by the
druggist filling it. No prescription shall be filled except in the manner
indicated therein and at the time when it is received, and the full quantity
of each substance prescribed shall be given. No order or prescription
shall be either received for filling or filled more than five days after its
date of issue as indicated thereon. Each pharmacist who fills a pre-
scription for a narcotic drug shall securely attach to the container thereof
a label giving the name and address of the store where the prescription
is filled, the date of filling, the name of the person for whom it is pre-
scribed, the name of the physician, dentist or veterinarian who issued
it; and the narcotic drug so delivered shall always be kept in its cont-
tainer until used. No prescription shall be refilled, nor shall a copy
of the same be made except for the purpose of record by the druggist
filling the same, such record to be open at all times to inspection by the
officers of the department of public health, the board of registration in
pharmacy, the board of registration in medicine, authorized agents of
drugstores and boards, and by the police authorities and police
officers of towns; provided, that sections one hundred and ninety-seven
to two hundred and thirteen, inclusive, shall not apply to prescriptions,
nor to the sale, distribution, giving, dispensing or possession of prepara-
tions or remedies, if such prescriptions do not call for, or such preparations
and remedies do not contain, more than two grains of opium or more than
one quarter of a grain of morphine, or more than one eighth of a grain
of heroin or more than one grain of codeine, in one fluid ounce, or, if a
solid or semi-solid preparation, in the avoirdupois ounce; nor shall they
apply to liniments, ointments or other preparations which are prepared
for external use only, except liniments, ointments and other preparations
containing cocaine or alpha or beta eucaine; provided, that such prepara-
tions, remedies or prescriptions are sold, distributed, given, dispensed
or held in possession in good faith as medicines and not for the purpose
of evading any provision of the last named sections, and provided that
the possession of any narcotic drug, except in the form of prescriptions
and preparations or remedies especially exempted in this section, by
any one not being a manufacturer or jobber of drugs, or wholesale
druggist, registered pharmacist actively engaged in business as such, or

a physician, dentist or veterinarian registered as above provided, or 51
superintendent or official in charge of an incorporated hospital, college 52
or scientific institution shall, except as provided in section two hundred 53
and five, be presumptive evidence of an intent to violate sections one 54
hundred and ninety-eight to two hundred and ten, inclusive. This section 55
shall not apply to a person having in his possession any of the above 56
mentioned articles by virtue of a legal prescription legally issued under 57
any provision of sections one hundred and ninety-eight to two hundred 58
and ten, inclusive, and not obtained by any false representation made 59
to the physician, dentist or veterinarian issuing it, or to the pharmacist 60
who filled it; nor shall such sections apply to decocainized coca leaves 61
or preparations made therefrom or to other preparations of coca leaves 62
which do not contain cocaine.

Section 199. No practitioner of veterinary medicine shall prescribe 1
any narcotic drug for the use of a human being or in such manner that 2
it may be used subcutaneously by such person, nor shall any physician 3
or dentist prescribe, dispense, administer, sell, give or deliver any narcotic 4
drug to any person except when the drug is obviously and in good 5
faith then and there needed for the treatment and cure of a disease or 6
ailment, and not needed for any condition or disease directly due to any 7
drug habit or resulting solely from the failure of an habitual user of 8
narcotic drugs to procure the particular narcotic drug to the use of which 9
he is addicted.

Section 200. A physician may personally administer any narcotic 1
drug at such time and under such circumstances as he, in good faith 2
and in the legitimate practice of medicine, believes to be necessary for 3
the alleviation of pain and suffering or for the treatment or alleviation 4
of disease.

Section 201. Subject to section two hundred and sixteen, any manu-
facturer or jobber of drugs, wholesale druggist, registered pharmacist 1
actively engaged in business as such, and any physician, dentist or veter-
inarian registered under the laws of the state where he resides may sell 2
a narcotic drug to any of the persons aforesaid or to any incorporated 3
hospital, college or scientific institution, but such substances or prepara-
tions, excepting such preparations as are included within the exemptions 4
set forth in section one hundred and ninety-eight, shall be sold only upon 5
the written order of such hospital, college or institution, duly signed by 6
its superintendent or official in immediate charge, or upon a written order 7
duly signed by any manufacturer or jobber in drugs, wholesale druggist, 8
registered pharmacist actively engaged in business as such, or physician, 9
dentist or veterinarian registered as above provided, and the order shall 10
state the articles ordered, the quantity ordered and the date. Said 11
orders shall be kept on file in the laboratory, warehouse, pharmacy or 12
store in which they are filled, by the proprietor thereof or his successor, 13
for not less than two years after delivery, and shall at all times be open 14
to inspection by the department of public health, the board of registra-
tion in pharmacy, the board of registration in medicine, authorized agents 15
of said department and boards, and by the police authorities and police 16
officers of towns.
1 Section 202. Any person or institution mentioned in the preceding
section giving an order for any narcotic drug in accordance therewith
shall preserve a duplicate thereof for two years after giving the same.
The duplicate shall at all times be open to inspection by the department
of public health, the board of registration in pharmacy, the board of
registration in medicine, authorized agents of said department and
boards, and by the police authorities and police officers of towns. The
order required by the commissioner of internal revenue under and by
virtue of the act of congress approved December seventeenth, nineteen
hundred and fourteen, shall be deemed to be a sufficient order to comply
with this and the preceding section.

1 Section 203. Whoever, for the purpose of evading or assisting in the
evasion of any provision of sections one hundred and ninety-eight to two
hundred and ten, inclusive, falsely represents that he is a physician,
dentist or veterinarian, or that he is a manufacturer of or jobber in drugs
or wholesale druggist or pharmacist actively engaged in business as such,
or that he is superintendent or official in immediate charge of an incor-
porated hospital, college or scientific institution, or a person registered
under the act of congress mentioned in the preceding section, or whoever,
not being an authorized physician, dentist or veterinarian, makes or alters
a prescription or written order for a narcotic drug, or knowingly issues or
utters a prescription or written order falsely made or altered, or whoever
makes any false representation or statement as to his name, age, address
or any other matter, either in writing or orally, to any physician, dentist,
pharmacist or veterinarian for the purpose of procuring a prescription
for, or the delivery of, a narcotic drug, shall be punished as provided in
section two hundred and thirteen. Each prescription or order which is
altered, or is obtained by a false representation, shall be void and of no
effect.

1 Section 204. The possession by any person of a federal certificate
issued under and by virtue of the act of congress mentioned in section
one hundred and two and two shall be prima facie evidence of an intent to sell,
furnish, give or deliver a narcotic drug.

1 Section 205. Sections one hundred and ninety-eight to two hundred
and thirteen, inclusive, shall not apply to common carriers engaged in
transporting narcotic drugs or to any employee, acting within the scope
of his employment, of any person who is lawfully in possession, for the
purpose of delivery, of any such drug, or to any person who delivers any
such drug, which has been prescribed or dispensed by a physician, dentist
or veterinarian registered under the laws of the state where he resides
who has been employed to prescribe for the particular patient receiving
such drug, or to a nurse under the supervision of a physician, dentist or
veterinarian having possession or control by virtue of his employment or

eight to two hundred and thirteen, inclusive, except such as require the
ordering of narcotic drugs on an official order blank and the keeping of
the same on file, and the keeping of the record relative thereto, shall apply
to cannabis indica and cannabis sativa, except that such provisions
shall not apply to prescriptions, preparations or remedies which do not
contain more than one half grain of extract of cannabis indica or more

22 ing such syringe, needle or instrument, which shall give the date of the
23 sale, the name and address of the purchaser and a description of the
24 instrument. This record shall at all times be open to inspection by the

5 mon nuisance shall be punished by imprisonment for not less than three
6 months nor more than two years.

1922, 535, § 2.

1 Section 211. Whoever, not being a manufacturer or jobber of drugs,
2 wholesale druggist, registered pharmacist, registered physician, regis-

SECTION 214. If a person makes complaint under oath to a district
court, or to a trial justice or justice of the peace authorized to issue war-
rants in criminal cases, that he has reason to believe that opium, mor-
phine, heroin, codeine, cannabis indica, cannabis sativa, peyote or any
other hypnotic drug, or any salt, compound or preparation of said sub-
stances, or any cocaine, alpha or beta eucaine, or any synthetic substi-
tute for them, or any preparation containing the same, or any salts or
compounds thereof, is kept or deposited by a person named therein in a
store, shop, warehouse, building, vehicle, steamboat, vessel or any place
whatever, such person being other than a manufacturer or jobber of
drugs, wholesale druggist, registered pharmacist, registered physician,
registered veterinarian, registered dentist, registered nurse, employee of
an incorporated hospital, or a common carrier or messenger when trans-
porting any drug mentioned herein between parties hereinbefore men-
tioned, such court or justice, if it appears that there is probable cause
to believe that said complaint is true, shall issue a search warrant to a 16
sheriff, deputy sheriff, city marshal, chief of police, deputy marshal,
police officer or constable, commanding him to search the premises where
it is alleged that any of the above mentioned drugs is kept or deposited,
and to seize and securely keep the same until final action, and to arrest
the person in whose possession such drug is found, together with all 20
persons present where such drug is found, and to return forthwith with
the warrant with his doings thereon, to a court or trial justice having juris-
diction in the town where said drug is alleged to be kept or deposited. 24
Whoever is so present where any of the aforesaid drugs is found shall 25
be punished by a fine of not more than fifty dollars or by imprisonment
in the house of correction for three months.

SECTION 215. If after such notice as the court or trial justice orders
it appears that any drug seized under the preceding section was, at the
time of the making of the complaint, unlawfully in the possession of the
person alleged therein, the court or trial justice shall order that such
article or drug so seized be forfeited to the commonwealth and shall 5
order such article or drug sent to the department of public health. Poss-
ession of such drug shall be prima facie evidence that such possession
was in violation of law. Said department may destroy such article or drug
or cause it to be destroyed or to be disposed of in any way not prohibited
by law, and, after paying the cost of the transportation and disposition
of the same, it shall pay over the net proceeds to the commonwealth. 11
Section eight of chapter two hundred and seventy-six shall apply to all 12
judgments rendered and orders made under this and the preceding section.

SECTION 216. No person shall manufacture any so-called catarrh
powder or catarrh cure, or any patent or proprietary preparation con-
taining cocaine, or any of its salts, or alpha or beta eucaine, or any of
their salts, or any synthetic substitute for them.

SECTION 217. The department of public health shall cause the prose-
cution of all persons violating any provision of sections one hundred and
ninety-eight, one hundred and ninety-nine and two hundred and one, but
4 no prosecution shall be brought for the sale at retail or for the gift or exchange of any patent or proprietary medicine or food preparation containing any drug or preparation the sale of which is prohibited by sections seven hundred and ninety-eight and two hundred and one, or against any wholesale or retail druggist for the sale, gift or exchange of any patent or proprietary preparation containing cocaine or alpha or beta eucaine, or any synthetic substitute for them unless said department, prior to such sale, gift or exchange, has given public notice in some trade journal that the gift, exchange or sale at retail of such medicine or food preparation, or the gift, sale or exchange of such patent or proprietary preparation, as the case may be, naming it in each instance, would be contrary to law.

GRAIN AND MEAL.

1 Section 218. [Repealed, 1922, 355, § 8.]

1 Section 219. Mayors and selectmen shall annually appoint one or more weighers of grain, who shall be sworn to the faithful performance of their duty; and if only one is appointed by them, they may authorize him to appoint deputy weighers.

1 Section 220. [Repealed, 1922, 355, § 8.]

1 Section 221. The fees of weighers of grain and their deputies, if any are authorized, shall be prescribed by the aldermen or selectmen of the several towns where they are appointed. One half of such fee shall be paid by the seller and one half by the purchaser.

1 Section 222. If any wheat, corn, rye, oats, barley, buckwheat, cracked corn, ground corn or corn meal, ground rye or rye meal, or feed, or any other meal, is sold by the central or hundredweight, the weight thereof and shall give a certificate of the number of centals or hundredweight of the same; and whoever sells and delivers a quantity of either of said articles exceeding one cental or hundredweight, if it has not been weighed by such weigher or his deputy, shall forfeit to the purchaser ten dollars for each lot purporting to be a central or hundredweight which contains less than one hundred pounds.

1 Section 223. [Repealed, 1922, 355, § 8.]

1 Section 224. If a weigher or deputy weigher uses, or has in his possession with intent to use, for the purposes provided in sections two hundred and nineteen to two hundred and twenty-two, inclusive, any false weight, scale, balance or other instrument for weighing, or colludes with the purchaser or seller with intent to defraud the other party, or makes and utters a false and fraudulent certificate under sections two hundred and nineteen to two hundred and twenty-two, inclusive, he may be removed from office by the aldermen or selectmen, and shall also on conviction thereof be punished by a fine of not more than five hundred dollars or by imprisonment for not more than six months.
COMMERICAL FEEDING STUFF.

Section 225. Each package, lot or parcel of commercial feeding stuff sold or offered, exposed or kept for sale or distributed shall have affixed thereto in a conspicuous place, as provided in the following section, a tag or label containing a legible and plainly printed statement in the English language clearly and truly certifying:

(a) The weight of the contents of the package, lot or parcel;  
(b) The name, brand or trade mark;  
(c) The name and principal address of the manufacturer or person responsible for placing the commodity on the market;  
(d) The minimum per cent of crude protein;  
(e) The minimum per cent of crude fat;  
(f) The maximum per cent of crude fibre;  
(g) The specific name of each ingredient used in its manufacture.

Section 226. When any feeding stuff is sold or offered, exposed or kept for sale or distributed in packages, the tag or label shall be affixed in a conspicuous place on the outside thereof. When any feeding stuff is offered, exposed or kept for sale in bulk, the tag or label shall be affixed in a conspicuous place on the bin or other enclosure where the feeding stuff is contained, but need not state the number of pounds thereof. When any feeding stuff is sold or distributed in bulk the tag or label shall be affixed in a conspicuous place on the vehicle in which the feeding stuff is shipped, delivered or distributed and shall state the number of pounds thereof. When any feeding stuff is sold in packages furnished by the purchaser the seller shall furnish the tags or labels therefor. The provisions required by the preceding section to be printed on the tag or label relating to the constituents contained in any commercial feeding stuff shall be known and recognized as the guaranteed analysis of such feeding stuff.

Section 227. No manufacturer, importer or other person shall sell or offer, expose or keep for sale or distribute any commercial feeding stuff, until he has filed with the director or his authorized deputy for registration, a copy certified by him to be a true copy of the tag or label required by the two preceding sections, excepting the item as to the number of pounds, for each brand of feeding stuff to be sold or offered, exposed or kept for sale or distributed and has paid to said director or his authorized deputy a registration fee of twenty dollars for each such brand. No agent or other person shall be obliged to file a copy of the tag or label of, or pay a registration fee for, any brand of feeding stuff, for which a copy of the tag or label has been filed and the registration fee paid by the manufacturer or importer of such brand and for which a certificate of registration has been issued.

Section 228. A certified copy of the tag or label required by any provision of sections two hundred and twenty-five to two hundred and thirty-five, inclusive, shall be filed for registration with the director or his authorized deputy, and said registration fee paid to him, prior to January first in each year for each brand of commercial feeding stuff to be sold or offered, exposed or kept for sale or distributed during the
7 year beginning with said January first. The director or his author-
ized deputy may thereafter permit a manufacturer, importer or other
person to file a copy of the tag or label of a brand of feeding stuff, and,
upon payment to him of said registration fee, may register the same for
said year in accordance with the rules and regulations which are pre-
scribed by the director.

1 Section 229. When the certified copy of the tag or label of any
brand of commercial feeding stuff has been filed as provided in the two
preceding sections and said registration fee has been paid, the director
or his authorized deputy shall register such tag or label if he finds the
same to be in accordance with the requirements of sections two hundred
and twenty-five to two hundred and thirty-five, inclusive, and shall
issue, or cause to be issued, a certificate of such registration. The
certificate shall authorize the sale of the brand of feeding stuff for which
it is issued, up to and including December thirty-first of the year for
which it is issued. All registration fees received under this and the
preceding section by the director or his authorized deputy shall be paid
to the commonwealth.

1 Section 230. The director or his authorized deputy may refuse to
register any commercial feeding stuff under a name, brand or trade
mark which, in his opinion, would be misleading or deceptive, or which
would tend to mislead or deceive as to the materials of which the feeding
stuff is composed. He may refuse to register more than one feeding
stuff under the same name or brand, or to register any feeding stuff under
a name or brand to the use of which the applicant for registration is not
lawfully entitled. If any feeding stuff is registered and it is afterward
discovered that any provision of sections two hundred and twenty-five to
two hundred and thirty-five, inclusive, was violated in obtaining such
registration or that such registration is in any respect in violation of any
provision thereof, the director or his authorized deputy may cancel such
registration and the certificate issued therefor. No person shall sell or
offer or expose or keep for sale or distribute any commercial feeding stuff,
whereof has been cancelled by the director or by his author-
ized deputy.

1 Section 231. Each commercial feeding stuff and cattle feed, or brand
thereof, sold or offered, exposed or kept for sale or distributed shall be
subject to analysis by the director or by his duly authorized deputy, and
the said director shall make or cause to be made in each year one or more
analyses of each brand of feeding stuff sold or offered, exposed or kept for
sale or distributed, and he or his deputy shall have free access to each
place of business, mill, building, vehicle, vessel and other receptacle used
in the manufacture, sale, storage or delivery of any feeding stuff or cattle
feed, or in the importation or transportation of any feeding stuff or cattle
feed for sale or distribution in the commonwealth. He or his deputy may
open any receptacle containing or supposed to contain any feeding stuff
or cattle feed for sale or distribution as aforesaid and may take samples
for analysis. The methods of making analyses of all feeding stffs and
cattle feeds shall be those in force by the Association of Official Agricul-
tural Chemists of North America.

Section 232. The director may publish or cause to be published in reports, bulletins, special circulars or otherwise the results obtained by such analyses, and said reports, bulletins, circulars or other publications may contain such additional information in relation to the character, composition, value and use of the feeding stuffs or cattle feed analyzed as he may include. The said director may at any time make or cause to be made for consumers a free analysis of any brand of feeding stuff or cattle feed sold or offered or exposed or kept for sale or distributed in the commonwealth; but all samples for such free analysis shall be taken and submitted in accordance with the rules and regulations which are prescribed by him. The results of any analysis of a commercial feeding stuff made in accordance with the preceding section, except a free analysis as above provided, shall be sent by the director, at least fifteen days before any publication thereof, to the person named on the tag or label of the feeding stuff analyzed.

Section 233. All samples for analysis of any commercial feeding stuff or cattle feed shall be taken, whenever the circumstances conveniently permit, in the presence of at least one witness, and no action shall be maintained for any violation of sections two hundred and twenty-five to two hundred and thirty-five, inclusive, based upon an analysis of a sample, parts of which are taken from less than five separate original packages, unless there are less than five separate original packages in the lot, in which case parts of the official sample shall be taken from each original package. If the feeding stuff or cattle feed is in bulk, parts of the sample shall be taken from not less than five different places in the lot; provided, that this shall not exclude sampling from bulk when the feeding stuff or cattle feed is not exposed sufficiently to take parts from five different places, in which case parts shall be taken from as many places as practicable. All samples thus taken shall be placed in suitable vessels, marked and sealed. A part of each sample shall be held by the director or his deputy, at the disposal of the person named on the tag or label of the feeding stuff sampled, for fifteen days after the results of the analysis have been reported as provided in the preceding section.

Section 234. Whoever sells, offers, exposes or keeps for sale or distributes any commercial feeding stuff without the tag or label required, or with a tag or label that has not been registered or the registration of which has been cancelled by the director or by his authorized deputy, or whoever files with the said director or with his authorized deputy for registration a false copy of the tag or label of any feeding stuff or brand of feeding stuff, or whoever impedes, obstructs or hinders the director or any of his deputies in the discharge of the authority or duty conferred or imposed by any provision of section two hundred and twenty-five to two hundred and thirty-five, inclusive, or whoever sells, offers, exposes or keeps for sale or distributes any feeding stuff which contains a smaller per cent of crude protein or crude fat, or a larger per cent of crude fibre, than is certified in the tag or label of such feeding stuff to be contained therein, or whoever fails properly to state the specific name of each ingredient used in its manufacture, or whoever sells, offers or keeps for sale or distributes any feeding stuff or cattle feed or brand thereof which has been mixed or adulterated with any substance injurious to the health of live stock or poultry, shall for the first offence be punished by a fine of not more than one hundred dollars and for a sub-
20 subsequent offence shall be punished by a fine of not less than one hundred
21 dollars.

1 Section 235. The director shall enforce sections two hundred and
2 twenty-five to two hundred and thirty-four, inclusive, and may pre-
3 scribe and enforce such rules and regulations relative to the sale of
4 commercial feeding stuff or cattle feed as he deems necessary to enforce
5 said sections. He may prosecute or cause to be prosecuted any person
6 violating any provision of said sections, and no complaint shall be made
7 or prosecuted for any such violation except with his authorization or
8 approval.

Hay.

1 Section 236. If a town or the city council of a city accepts this sec-
2 tion or has accepted corresponding provisions of earlier laws, the mayor
3 or selectmen may from time to time appoint, for a term not exceeding
4 one year, and may at any time remove, weighers of hay, who shall be
5 sworn to the faithful performance of their duty and who shall have the
6 superintendence of the hay scales belonging to such city or town, and
7 shall weigh hay offered for sale therein and any other article offered to
8 be weighed. Cities and towns may establish ordinances and by-laws
9 for the regulation of hay scales and of the compensation of weighers of
10 hay. Whoever, not having been so appointed, sets up hay scales in a
11 city or town for the purpose of weighing hay or other articles offered
12 to be weighed shall forfeit to the use of such city or town twenty dollars
13 a month, so long as such scales are maintained.

Timothy or Herdsgrass Seed.

1 Section 237. Except as otherwise provided in chapter ninety-nine,
2 all contracts for the sale and delivery of timothy or herdsgrass seed
3 shall be made by avoirdupois weight. Whoever violates this section
4 shall be punished by a fine of not more than twenty dollars.

Coal, Coke, Charcoal and Kindling Wood.

1 Section 238. The mayor or selectmen shall annually appoint, and
2 may remove, weighers of coal, one of whom at least shall not be engaged
3 in the business of selling coal, who shall be sworn to the faithful per-
4 formance of their duty, and by whom all coal shall be weighed. No
5 person shall be ineligible for appointment in a town because of the fact
6 that he is not a resident thereof, notwithstanding any provisions to the
7 contrary in any city charter. Women shall be eligible for appointment
8 as weighers of coal.

Section 240. Coal shall be sold by weight, and, except when sold by cargo, two thousand pounds avoirdupois shall be the standard for the ton. Coke and charcoal in any quantities shall be sold only by weight or measure.

Section 241. Coal in quantities of one hundred pounds or less shall be sold by weight, and coke and charcoal in quantities of one hundred pounds or less shall be sold by weight or measure, in bags, sacks or baskets, and until delivered shall be kept in the same bags, sacks or baskets in which they were weighed or measured; and coal, coke and charcoal thus sold shall be exempt from section two hundred and forty-four. When sold by weight, such bags, sacks or baskets shall be plainly marked with the name and business address of the person who puts up the same, and with the weight of the coal, coke or charcoal therein in letters and numerals, respectively, of bold uncondensed type at least one inch in height. Paper bags or sacks used in the sale of coal shall contain and shall be sold as containing twenty-five pounds, avoirdupois weight, and, in addition to the marking hereinafter required, such bags or sacks shall be plainly and conspicuously marked with the classification of such coal, whether anthracite, semi-anthracite, bituminous containing less than twenty-three per cent volatile matter or bituminous containing more than twenty-three per cent volatile matter, and with the size of the coal contained therein.

Section 242. Baskets or similar receptacles used in selling coke, charcoal or unpacked kindling wood by measure shall be of one bushel or multiple thereof, Massachusetts standard dry measure, shall have their capacity plainly marked thereon, shall be sealed by a sealer of weights and measures of the town or district where the vendor resides or conducts his business, and shall be filled at least level full when well shaken.

Section 243. Paper bags or sacks used or intended to be used in the sale of coke, charcoal or kindling wood by measure shall be not less than twenty-five inches in height, not less than thirteen and one half inches in width, and the bottoms shall not be less than four and three quarters inches wide. They shall be filled to a point not more than six inches from the upper end. Bags of unpacked kindling wood or of coke or charcoal sold or offered for sale by measure shall contain, and shall be sold as containing, one half bushel, Massachusetts standard dry measure. Bags and sacks shall be plainly marked with the name and business address of the person putting up the same, and the words “one half bushel” in bold, uncondensed, capital letters at least one inch in height. Whoever himself or by his servant or agent or as the servant or agent of another sells or offers for sale a paper bag or sack to be used in the sale of coke, charcoal or kindling wood by measure which does not conform in every particular to the requirements of this section shall be punished by a fine of not more than one hundred dollars.

Section 244. Whoever, except as provided in section two hundred and forty-one, sells coke, charcoal or coal by weight shall without cost to
3 the purchaser cause the goods to be weighed by a sworn weigher of the
town where they are weighed, and shall cause to be signed by the weigher
5 a certificate stating the name and place of business of the seller, and
6 either the identifying number, of which a permanent record shall be kept,
7 or the name of the person taking charge of the goods after the weighing
8 as given to the weigher on his request, the tare weight, and the quantity
9 of the goods. Such certificate shall be given to said person and shall be
given by him only to the owner of the goods or his agent when he unloads
11 the same; and each such person, on request and without charge therefor,
12 shall permit any scaler of weights and measures of any town to examine
13 the certificate and to make a copy thereof.

1 Section 245. A scaler of weights and measures of a town where any
2 quantity of coke, charcoal or coal for delivery is found may direct the
3 person in charge of the goods to convey the same without delay or charge
4 to scales designated by such scaler, who shall there determine the
5 quantity of the goods, and, if they are not in baskets or bags as required
6 by section two hundred and forty-one, shall determine their weight to-
7 gether with the tare weight, and shall direct said person to return to such
8 scales immediately after unloading the goods; and upon such return, the
9 scaler shall determine the tare weight. The scales designated by the
10 scaler as aforesaid may be the public scales of the town or any other scales
11 therein which have been duly tested and sealed, and shall be such scales
12 as in his judgment are most convenient.

1 Section 246. Each scaler of weights and measures of a town and
2 each sworn weigher shall keep in a book used by him solely for that pur-
3 pos a record of all baskets sealed by him as aforesaid, and of all weigh-

5 him as aforesaid. Such record shall be made at the time of measuring or
6 weighing, and shall state the day and hour of the measuring or weigh-

8 of the baskets or of the purchaser of the goods as given to him on his
9 request by the person taking charge of the baskets or goods after weighing

11 determined, and the name of said person; and, in the case of a reweighing
12 as provided in the preceding section, shall state the weight as given in
13 the certificate and as determined by him. No charge shall be made by
14 any such scaler for anything done under this and the two preceding
15 sections.

The department of public health, local boards of health, the director of standards and local sealers of weights and measures, by themselves or by their authorized agents, may enter each place where coal is stored or kept for sale and each railroad train or car or any vehicle used for its conveyance and may inspect said coal or take therefrom samples for analysis or inspection. Said department or board shall cause each sample taken to be analyzed, inspected or otherwise satisfactorily tested and shall record and preserve as evidence the results thereof. If, in the opinion of said department or board, upon inspection, analysis or other satisfactory test, said coal is unfit for ordinary use, said department, or said board with the approval of said department, may condemn, seize and cause the same to be destroyed forthwith or disposed of otherwise than for ordinary use. All money received by said department or board for coal disposed of as aforesaid, after deducting the expenses of said seizure and disposal, shall be paid to the owner of such coal.

SECTION 249B. Any person who hinders, obstructs or interferes with the department of public health, local boards of health, the director of standards, local sealers of weights and measures, or their authorized agents, in the performance of their duty under the preceding section, shall be punished by a fine of not less than one hundred nor more than one thousand dollars or by imprisonment for not less than one month nor more than one year, or both.

SECTION 249C. Whoever, by himself, or by his servant, agent or employee, sells, exposes or offers for sale, or has in his custody or possession with intent to sell, coal condemned under the provisions of section two hundred and forty-nine A shall be punished by a fine of not less than one hundred nor more than one thousand dollars or by imprisonment for not less than one month nor more than one year, or both.
CHAPTER 94. INSPECTION AND SALE OF VARIOUS ARTICLES.

1. SECTION 249D. Whoever, by himself, or by his servant, agent or employee, sells, exposes or offers for sale, or has in his custody or possession with intent to sell, coal unfit for ordinary use shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

2. SECTION 249E. Whoever, by himself, or by his servant, agent or employee, in placing or packing coal in any basket, bag, sack or other receptacle, places or causes to be placed therein any foreign substance, or sells, or exposes or offers for sale, or has in his custody or possession with intent to sell, coal placed or packed in a basket, bag, sack or other receptacle containing an unreasonable amount of any foreign substance shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

3. SECTION 249F. The department of public health, local boards of health, the director of standards and local sealers of weights and measures shall cause the five preceding sections to be enforced.

COMMERCIAL FERTILIZERS.

1. SECTION 250. No commercial fertilizer shall be sold or offered or exposed for sale without a plainly printed label accompanying it, displayed in the manner hereinafter set forth, and truly stating the following particulars:

2. 1. The number of pounds of the fertilizer sold or offered or exposed for sale.

3. 2. The name, brand or trade mark under which the fertilizer is sold, and, in the case of agricultural lime, its particular form.

4. 3. The name and principal address of the manufacturer, importer or other person putting the fertilizer on the market in the commonwealth.

5. 4. The minimum percentage of each of the following constituents which the fertilizer contains: (a) nitrogen, (b) phosphoric acid soluble in distilled water, (c) available phosphoric acid, (d) total phosphoric acid, (e) potash soluble in distilled water; except that when undissolved bone, untreated phosphate rock, tankage, pulverized natural manures, the ground seeds of plants, or wood ashes are sold unmixed with other substances, the minimum percentage of total phosphoric acid therein may be stated in place of the percentages of soluble and available phosphoric acid; and except that in the case of agricultural lime the label shall truly state the following: (a) minimum and maximum percentage of total lime, (b) minimum and maximum percentage of total magnesia, (c) minimum percentage of lime and magnesia combined as carbonates, (d) minimum percentage of lime sulphate in gypsum or land plaster.

6. 5. If any part of the nitrogen contained in the fertilizer is derived from pulverized leather, raw, roasted or steamed, or from untreated hair, wool waste, peat, garbage tankage, or from any inert material whatsoever, the label shall truly state the specific materials from which such part of the nitrogen is derived.

7. SECTION 251. When any fertilizer is sold or offered or exposed for sale in packages, the label shall be affixed in a conspicuous place on the outside thereof. When any fertilizer other than the product of gas houses, known as gas house lime, is offered or exposed for sale in bulk the label...
shall be affixed in a conspicuous place to the bin or other enclosure where
the fertilizer is contained but need not state the number of pounds
thereof, and when such fertilizer is sold in bulk the label shall be affixed
in a conspicuous place to the vehicle in which the fertilizer is shipped or
delivered, and shall state the number of pounds thereof. When any
fertilizer is sold in packages furnished by the purchaser the seller shall
furnish the labels therefor.

Section 252. The provisions of the printed label required under the
two preceding sections relating to the constituents contained in any
fertilizer shall be known and recognized as the guaranteed analysis of
such fertilizer, and the available phosphoric acid in basic phosphatic
slag shall be stated in the label thereof.

Section 253. No person shall sell, offer or expose for sale a commer-
cial fertilizer or brand of commercial fertilizer, any constituent part of
which is of a smaller percentage than as stated on the label of said
fertilizer, and no person shall sell, offer or expose for sale a fertilizer or
brand thereof with a label which is untrue in any particular.

Section 254. No person shall sell or offer or expose for sale any
commercial fertilizer until he has filed with the director a copy certified
by him to be a true copy of the label required by section two hundred
and fifty, excepting as to the item as to the number of pounds, for each
brand of fertilizer to be sold, offered or exposed for sale and has paid to
the said director an analysis fee for each brand aforesaid as follows: eight
dollars for nitrogen, eight dollars for phosphoric acid, eight dollars for
potash, contained or stated to be contained in any such brand of
fertilizer, and twelve dollars for each brand of agricultural lime except
gas house lime; nor unless he holds a valid and uncancelled certificate
issued under section two hundred and fifty-six. Any person desiring in
any year to sell or to offer or expose for sale any brand of commercial
fertilizer in respect of which the requirements of this section as to the
filing of a copy of the label thereof and the payment of the analysis fee
therefor have not been complied with before January first of said year,
may offer or expose for sale and sell the said brand upon filing a certified
copy of the label thereof and paying the full analysis fee therefor. No 17
person shall be obliged to file a copy of the label of, or to pay an analysis
fee for, any brand of fertilizer for which a certified copy of the label
has been filed and the analysis fee paid by the manufacturer or importer
of such brand.

No person shall file with the director a false copy of the label of any
fertilizer or brand of fertilizer

Section 255. In addition to the requirements of the preceding sec-
tion, each person who sells or offers or exposes for sale any commercial
fertilizer shall, on or before January first and July first in each year, file
with the director a sworn statement in such form as he prescribes setting
forth the number of net tons of fertilizer sold by him in the commonwealth
during the preceding six months, stating in each case the number of tons
of each brand sold, together with a permit allowing the director or his
authorized deputy to examine the books of the person filing the statement,
for the purpose of verifying the same, and shall thereupon pay to the
10 director a fee of six cents a ton of two thousand pounds for the fertilizers
11 so sold; except that no such statement, permit or fee shall be required in
12 respect of agricultural lime. The director or his authorized deputy may
13 cancel the certificate for any brand of fertilizer in respect to which the
14 requirements of this section have not been complied with. Whoever sells,
15 offers or exposes for sale a fertilizer or brand of fertilizer without having
16 filed the statement and permit and paid the fee required by this section
17 shall be punished by a fine of not more than five hundred dollars. But
18 no person shall be obliged to file a statement or permit, or to pay the fee
19 required by this section, for any brand of fertilizer for which the state-
20 ment and permit have been filed and for which the fee has been paid by
21 the manufacturer or importer of such brand.

1 Section 256. When the certified copy of the label of any brand of
2 fertilizer has been filed, and the proper fees have been paid, the director
3 shall issue a certificate to that effect; and the certificate shall authorize
4 the sale, in compliance with sections two hundred and fifty to two hun-
5 dred and sixty-one, inclusive, of the brand of fertilizer for which the
6 certificate is issued, up to and including December thirty-first of the year
7 for which it is issued. The said director or his authorized deputy may
8 refuse to issue a certificate for any fertilizer or brand of fertilizer which
9 does not contain at least one half of one per cent of nitrogen, or one half
10 of one per cent of potash soluble in distilled water, or one per cent of
11 phosphoric acid, or five per cent of lime, or five per cent of magnesia, or
12 which contains its potash, phosphoric acid, lime or magnesia in forms
13 substantially insoluble by the methods of analysis for commercial ferti-
14 lizers prescribed by the Association of Official Agricultural Chemists of
15 North America, or which does not possess substantial properties as a
16 fertilizer. The director or his authorized deputy may also refuse to issue
17 a certificate for any fertilizer under a name, brand or trade mark which
18 is untrue in any particular, or which, in his opinion, would be misleading
19 or deceptive in any particular, or would tend to mislead or deceive as to
20 the constituents or properties of said fertilizer, and may refuse to issue
21 more than one certificate for any fertilizer under the same name or brand,
22 or to issue a certificate for any fertilizer under a name or brand to the use
23 of which the person seeking it is not lawfully entitled. If a certificate is
24 issued for any fertilizer and it is afterward discovered that the certificate
25 itself, or the granting of it, or the manner of procuring it, was in any
26 respect in violation of any provision of sections two hundred and fifty to
27 two hundred and sixty-one, inclusive, the director or his authorized
28 deputy may cancel the certificate. Whoever sells, offers or exposes for
29 sale any fertilizer or brand of fertilizer for which no certificate has been
30 issued by the director or his authorized deputy, or the certificate for which
31 has been cancelled, shall be punished by a fine of not more than two
32 hundred dollars.

1 Section 257. Each commercial fertilizer and brand of commercial
2 fertilizer sold or offered or exposed for sale shall be subject to analysis
3 by the director or by his duly designated deputy. The said director shall
4 make or cause to be made in each year one or more analyses of each fer-
5 tilizer and brand of fertilizer sold or offered or exposed for sale in the
6 commonwealth, and shall collect the annual analysis fee provided for by
7 section two hundred and fifty-four; and he, his inspectors and deputies,
8 may enter upon any premises where any commercial fertilizer is sold or

to two hundred and sixty-one, inclusive, are complied with, and to take
10 samples for analysis. The analysis of all fertilizers shall be made by the
11 methods adopted by the Association of Official Agricultural Chemists of
12 North America, except that basic phosphatic slag may be analyzed by the
13 Wagner method, so called, until a method of analysis therefor is adopted
14 by said association. The said director may publish or cause to be pub-
15 lished in reports, bulletins, special circulars or otherwise, the results
16 obtained by said analyses, and in connection therewith shall, in each case,
17 state the cost of equivalent amounts of nitrogen, phosphoric acid and
18 potash in unmixed materials when bought for cash on the market at
19 retail. Said publications shall also contain such additional information
20 in relation to the character, composition, value and use of the fertilizers
21 analyzed as the director sees fit to include. He may make or cause to
22 be made for any person a free analysis of any commercial fertilizer or
23 brand of commercial fertilizer sold or offered or exposed for sale in the
24 commonwealth, but he shall not be obliged to make such free analysis,
25 or to cause the same to be made, unless the samples therefor are taken
26 and submitted in accordance with the rules and regulations which he
27 prescribes. The results of any analysis made in accordance with the
28 aforesaid sections, except a free analysis as aforesaid, shall be sent by
29 the director to the person named in the printed label of the fertilizer
30 analyzed at least fifteen days before any publication of such results.
31

Section 258. Each sample of commercial fertilizer taken for analy-
1 sis shall be of not less than substantially one and one half pounds in
2 weight, and each sample shall be taken, whenever the circumstances con-
3 veniently permit, in the presence of the person selling or offering or
4 exposing for sale the fertilizer sampled, or of a representative of such
5 person. Broken packages shall not be sampled, and all samples shall be
6 taken from substantially ten per cent of the fertilizer to be sampled,
7 except that if fertilizer is sold or offered or exposed for sale in bulk ten
8 single samples shall be taken from as many different portions of the lot.
9 All samples taken shall be thoroughly mixed and divided into two nearly
10 equal samples, placed in suitable vessels, and marked and sealed. Both
11 shall be retained by the director, but one shall be held intact by him for
12 one year at the disposal of the person named in the label of the fertilizer
13 sampled.

2 enforce such rules and regulations as to the sale of commercial fertilizers
3 as he deems necessary to enforce said sections, and may prosecute or
4 cause to be prosecuted any person violating any provision of said sections.
5 No complaint based upon an analysis of samples shall be made for any
6 violation of any provision of said sections, if samples are taken otherwise
7 than as provided therein. No complaint shall be made for the failure
8 of any fertilizer or brand of fertilizer to meet the guaranteed analysis
9 thereof if the analysis made by the director of such fertilizer or brand
10
11 shows the amounts of its constituents to be substantially equivalent to
12 the percentages stated in the label.

1 Section 261. Whoever hinders or obstructs the director, his inspector
2 or deputy, in the discharge of any authority or duty conferred or imposed
3 by any provision of sections two hundred and fifty to two hundred and
4 sixty-one, inclusive, and, except as otherwise provided in section two

2 more, except as otherwise provided in sections two hundred and
3 sixty-one B to two hundred and sixty-one L, inclusive, shall have affixed
4 thereto, in a conspicuous place, on the exterior of the container of such
5 agricultural seeds, a plainly written or printed tag or label in the English
6 language, stating:

17 subdivision (1) or (3) of this paragraph; (3) in excess of one seed in each
18 hundred grams of wheat, oats, rye, barley, buckwheat, vetches, soybeans,
19 cowpeas and other seeds as large or larger than wheat.
20 (e) The approximate percentage of germination of such agricultural
21 seed together with the month and year said seed was tested.
22 (f) Name and address of the vendor of such agricultural seed.

1 Section 261B. Mixtures of agricultural seeds of ten pounds or
2 more which contain not more than two kinds of such seeds which are
3 present in excess of five per cent by weight of each kind, shall have
4 affixed thereto, in a conspicuous place on the exterior of the container
5 of such mixture of seeds, a plainly written or printed tag or label, in the
6 English language, stating:
7 (a) That such seed is a mixture.
8 (b) The name and approximate percentage by weight of each kind
9 of agricultural seed present in such mixture in excess of five per cent by
10 weight of the total mixture.
11 (c) Approximate total percentage by weight of weed seeds.
12 (d) The name and approximate number per ounce of noxious weed
13 seeds which are present singly or collectively in excess of one seed in
14 each fifteen grams of such mixture.
15 (e) Approximate percentage of germination of each kind of agricul-
16 tural seed present in such mixture in excess of five per cent by weight,
17 together with the month and year said seed was tested.
18 (f) Name and address of the vendor of such mixture.
Section 261C. Mixtures of agricultural seeds, except as specified in section two hundred and sixty-one B, shall have affixed thereto in a conspicuous place on the exterior of the container a plainly written or printed tag or label in the English language stating:

(a) That such seed is a mixture.
(b) The name of each kind of agricultural seed which is present in excess of five per cent or more by weight of the total mixture.
(c) The approximate total percentage by weight of weed seeds.
(d) The approximate percentage by weight of inert matter.
(e) The name and approximate number per ounce of each kind of noxious weed seeds which are present singly or collectively in excess of one seed in each fifteen grams of such mixture.
(f) Name and address of the vendor of such mixture.

Section 261D. Every lot of vegetable seeds shall have affixed thereto in a conspicuous place on the exterior of the container a plainly written or printed tag or label in the English language stating:

(a) The kind of seed and variety.
(b) Name and address of the vendor of such vegetable seeds.

Section 261E. Agricultural seeds or mixtures thereof may be marked "not tested" and seeds so marked or labelled shall have affixed thereto in a conspicuous place on the exterior of the container of each lot of such "not tested" seeds, a plainly written or printed tag or label in the English language stating:

(a) That such seed is "not tested".
(b) The name and address of the vendor of such "not tested" seeds.

Section 261F. Agricultural seeds or mixtures thereof shall be exempt from the provisions of sections two hundred and sixty-one A to two hundred and sixty-one L, inclusive:

(b) When in storage for the purpose of recleaning or not possessed, sold or offered for sale for use for seeding purposes within the commonwealth.

Section 261G. The commissioner of agriculture and his duly authorized assistants shall have authority to enforce sections two hundred and sixty-one A to two hundred and sixty-one L, inclusive, and to prosecute all violations thereof. Before any prosecution is begun by said commissioner or any of his duly authorized assistants, the parties concerned shall be given an opportunity to be heard before said commissioner or a person designated by him for such purpose. The parties concerned shall be given reasonable notice of the hearing, specifying the day, hour and place thereof, and accompanied by a description of the alleged violation.

Section 261H. The commissioner of agriculture, either in person or by his assistants, shall have free access at all reasonable hours to each building or other place where agricultural seeds or mixtures thereof are stored, sold or offered or exposed for sale for the purpose of inspection of such seeds and, upon tendering the market price, may take samples of such agricultural seeds or mixtures thereof for tests and
7 analyses. Such samples shall be thoroughly mixed and two official
8 samples taken therefrom; each official sample shall be securely sealed.
9 One of these official samples shall be held by the commissioner or his
10 authorized agent at the disposal of the person named on the label as
11 the vendor of the agricultural seed sampled, for six months after the
12 results of the analysis have been reported as provided in the following
13 section, and the other sample retained by said commissioner or agent for
14 analysis.

1 Section 261I. The commissioner of agriculture shall cause such
2 tests and analyses as he may specify to be made of samples collected
3 under the preceding section in order to determine the quality of the
4 seeds contained in such samples. To enable said commissioner to de-
5 termine the trueness to type or variety of vegetable and other seeds he
6 shall provide that field tests be made of such samples of seeds as he may
7 designate and may publish the results of all such tests and analyses as

5 city or town at the time when a cask is filled at the kiln, and all lime
6 imported or sold in such city or town.

1 Section 263. Each cask of lime so inspected shall be branded with
2 the word "inspected", with the name of the inspector and with the

P. S. 60, § 40.
R. L. 57, § 47.

1809, 62, § 6.
SECTION 264. An inspector of lime shall receive four cents for the inspection and branding of each cask of such manufactured lime, which shall be paid by the manufacturer or owner; and the same amount for the inspection of each cask of lime so imported or sold, which shall be paid by the purchaser.

SECTION 266. WEIGHING AND MEASURING DEVICES.

Section 12. The director may at any time inspect and test any clinical thermometer in the possession of any manufacturer or dealer in this commonwealth and for this purpose may remove the same to such place as he may deem most convenient. Whenever he inspects and tests such a thermometer and finds it to be correct he shall seal, mark or otherwise certify it as correct. Whenever he inspects and tests such a thermometer and finds it to be incorrect he may condemn, seize and destroy it; or he may return it to the owner upon a satisfactory guarantee that it will not be sold or used.

The following fees for testing clinical thermometers shall be paid to the director for the use of the commonwealth: (a) one to eight thermometers, inclusive, twenty-five cents for the first and ten cents for each additional one; (b) any number from nine to eleven, inclusive, total fee one dollar; (c) one dozen to six dozen, inclusive, one dollar per dozen; (d) more than six dozen and not more than twelve dozen, seventy-five cents per dozen; (e) more than twelve dozen, sixty cents per dozen.

Section 13. The director shall prescribe rules and regulations governing the manufacture and sale of clinical thermometers and may authorize the sealing of such thermometers by any manufacturer thereof upon his agreement to conform to said rules and regulations and the filing of a surety bond in such sum and upon such terms as the director may require.

When representative samples of any clinical thermometer have been submitted by the manufacturer to the director and approved by him, he shall assign a designating mark which shall thereafter be permanently engraved by the manufacturer upon all clinical thermometers which are intended for sale and which conform to the samples which have been so approved. Clinical thermometers sealed by the manufacturer shall be marked with the name, initials or trade mark of the manufacturer, and with such other marks as the director may authorize or require. The director may revoke the authority given by him to any manufacturer under the provisions of this section upon proof that the authorized seal or designating mark has been affixed to a thermometer not conforming to the approved sample or that the prescribed rules and regulations have not been complied with.

Section 14. Whoever, himself or by his servant or agent, or as the servant or agent of another person, keeps for the purpose of sale, offers or exposes for sale, or sells any clinical thermometer not sealed, marked or certified as correct by the director, or by the manufacturer as provided by the preceding section, shall be punished by a fine of not more than ten dollars for each thermometer so sold, or kept, offered or exposed for sale, and whoever violates any rule or regulation prescribed by the director under authority of said section shall be punished by a fine of not more than fifty dollars.

Section 14A. Glass bottles or jars intended to be used in the sale of lubricating oil shall be made of clear, uncolored glass and shall be manufactured only in the following capacities: two quarts, one quart, or one pint, Massachusetts standard liquid measure. Each bottle or jar shall
5 have its capacity clearly blown in the glass and shall be sealed by the manufacturer thereof, as hereinafter provided, or by a sealer of the town where the user resides or has a usual place of business. The director shall prescribe regulations, including specifications and tolerances, governing the sealing of such bottles or jars by the manufacturer and may authorize such sealing by any manufacturer upon his written agreement to comply with such regulations. The director may at any time, for cause, revoke the authority so given by him to any manufacturer. When sealed by the manufacturer, such bottles or jars shall have clearly blown therein his name, initials or trade mark, and any other designating marks which the director may authorize or require. The sealing of such bottles or jars by the manufacturer shall not exempt the user from the laws relating to the giving of false or insufficient measure, the using of a false measure, or having in his possession a false measure with intent to use. Sealers of the town where the user resides or has a usual place of business shall at least annually inspect bottles or jars marked and sealed in accordance with this section and shall make a record of such inspections. When once sealed as herein required, such bottles and jars need not again be sealed while in the same condition as when first sealed.

1 Section 15. Glass bottles or jars used for the distribution of milk or cream to consumers, and holding, when filled to a level with the bottom of the cap or stopple or other definite filling point, not less than three ounces and seven drams and not over four ounces and two drams; not less than seven ounces and six drams and not over eight ounces and two drams; not less than fifteen ounces and five drams and not over sixteen ounces and four drams; not less than thirty-one ounces and four drams; not less than forty-seven ounces and three drams and not over forty-eight ounces and five drams; not less than sixty-three ounces and two drams and not over sixty-four ounces and six drams, shall be sealed as measures under section forty-one or by the manufacturer. Dealers in milk or cream using glass bottles or jars for the distribution of milk or cream to consumers, not sealed by the manufacturer, shall bring them into the office of the sealer in their town, to be sealed; but no fee shall be charged or received for sealing them. If a bottle or jar has once been sealed by a sealer or manufacturer, it need not be sealed again while used for the distribution of milk or cream to consumers. Glass bottles or jars sealed hereunder shall be legal measures only for the distribution of milk or cream to consumers. Bottles or jars sealed by the manufacturer shall be marked with his name, initials, or trade mark, and by any other mark required by the director. The sealing of such bottles or jars by the manufacturer shall not affect any law relating to the giving of false measure or the using, or having in possession, of false measures with intent to use the same. The director, on approval by the commissioner of labor and industries, may revoke the authority given by him to any manufacturer under this section, on proof that the authorized seal or designating mark has been affixed to any bottle or jar not conforming to the respective capacities provided for in this section.

1 Section 16. Paper or fibre bottles and jars used for the distribution of milk or cream to consumers, and holding, when filled to a level with the bottom of the cap or stopple, not less than eight, sixteen, thirty-two, forty-seven, and sixty-four ounces, shall be sealed as measures under section forty-one or by the manufacturer. Dealers in milk or cream using paper or fibre bottles or jars for the distribution of milk or cream to consumers, not sealed by the manufacturer, shall bring them into the office of the sealer in their town, to be sealed; but no fee shall be charged or received for sealing them. Section 17. Whoever re-uses any such paper or fibre bottle or jar for distributing milk, cream or other liquid used for food after such bottle or jar has been once used therefor, shall be punished by a fine of not more than twenty-five dollars.

Section 18. All cans or containers sold for use in the purchase or sale of milk or cream at wholesale shall have their capacity plainly, conspicuously and indelibly marked thereon in terms of liquid quarts. They shall be sealed by the manufacturer thereof, as hereinafter provided, or by a sealer of the town where the user resides or has a usual place of business. The director shall prescribe regulations governing the sealing of such cans or containers by the manufacturer and may authorize such sealing by any manufacturer upon his agreement to conform to said regulations. The director may at any time, for cause, revoke the authority so given by him to any manufacturer. When sealed by the manufacturer, such cans or containers shall be marked with his name, initials or trade mark and with any other designating marks which the director may require. The sealing of such containers by the manufacturer shall not exempt the user from the laws relative to giving a false or insufficient measure, using a false measure, or having the same in possession with intent to use. Sealers of the town where the user resides or has a usual place of business shall at least annually inspect all cans or containers marked and sealed in accordance with this section and shall make a record of such inspections. When once sealed as herein required, a can or container need not again be sealed while in the same condition as when first sealed.

Whoever, by himself or by his servant or agent, or as the servant or agent of another person, sells any can or container to be used in the purchase or sale of milk or cream at wholesale that is not marked and sealed as required by the preceding section, shall be punished by a fine not exceeding ten dollars for each can or container so sold. Whoever, by himself or by his servant or agent, or as the servant or agent of another person, uses any can or container in the purchase or sale of milk or cream at wholesale that is not marked and sealed as required by the preceding section, shall be punished by a fine not exceeding ten dollars for each offence. The director, inspectors and sealers shall enforce the provisions of this and the preceding section.

Section 20. All cans, moulds or other containers used in the sale of ice cream by measure shall be of the capacity of Massachusetts standard liquid measure. Such cans, moulds or other containers shall be sealed, as hereinafter provided, by the manufacturer thereof, or by a sealer, and shall not be legal measures except for ice cream. When sealed by the manufacturer, such containers shall be marked with his name, initials or trade mark. They may also be marked with any other designating mark assigned to him by the director; provided, that he
9 has agreed to conform to the regulations made by the director relative
10 thereto. When such containers have not been sealed by the manu-
11 facturer, they shall be sealed, before they are used, by a sealer, and the
12 dealer who intends to use them shall bring such containers to the office
13 of such sealer for that purpose, but no fee shall be charged for sealing
14 them. The sealing of such containers by the manufacturer shall not
15 be held to exempt the user from the laws relating to the giving of false
16 or insufficient measure, or the using of a false measure, or having in his
17 possession a false measure with intent to use.

1 Section 21. Sealer shall inspect at least semi-annually all cans,
2 moulds or other containers sealed in accordance with the preceding
3 section, and shall make a record of such inspection. If a container has
4 once been sealed as aforesaid, it shall not be necessary to have it sealed
5 again while it is used for the sale of ice cream as long as it remains in the
6 same condition as when first sealed.

1 Section 22. Paper or fibre cartons which are used for the sale by
2 measure of viscous or semi-solid commodities or mixtures of solids and
3 liquids shall contain and shall be sold as containing one quart, one pint,
4 one half pint or one gill, Massachusetts standard liquid measure. Such
5 cartons shall be of such shape and dimensions as may be approved by
6 the director. Whenever the shape and dimensions of any such carton
7 have been so approved, the director may authorize the manufacturer
8 to have printed thereon a statement of its capacity in terms of Massa-
9 chusetts standard liquid measure, with the words “Approved by the
10 Director of Standards for Massachusetts”, and with such other mark-
11 ing as the director may require. Such cartons shall be legal measure
12 only for such commodities as may be designated by the director and
13 shall be exempt from the laws requiring the sealing of measures.

1 Section 23. A sealer or deputy of any city or town or the director
2 or an inspector may, if he so desires, and shall, upon complaint, test
3 the capacity of any container which is used or intended to be used as
4 a measure under sections twenty to twenty-four, inclusive; and if the
5 same does not conform to the law, he shall seize it and enter com-
6 plaint. The director may, at any time, for due cause, revoke any
7 authority or permit granted by him to any manufacturer under said
8 sections.

1 Section 24. Whoever violates any provision of sections twenty to
2 twenty-three, inclusive, and whoever marks a container or other measure

measure the same, if such sale is made in good faith and the purchaser 6  
is not injured thereby.
7

POWERS AND DUTIES OF DIRECTOR OF STANDARDS AND INSPECTORS.

Section 29. The director shall enforce the laws relating to the use 1  
of weighing and measuring devices and the giving of false or insufficient 2  
weight or measure and shall keep a detailed record of his work in con- 3  
nection therewith. He shall also from time to time establish units of 4  
measurement to be observed in the sale of wooden shingles in the com- 5  
monwealth. He may also, if he deems it desirable, and shall, upon 6  
request of the manufacturer of any weighing or measuring device or of 7  
any scaler of weights and measures, examine such device to determine 8  
whether or not its construction is such as to insure reasonably perma- 9  
nent accuracy and whether or not it may be used to facilitate the per- 10  
petration of fraud, approving or disapproving it accordingly. When 11  
any weighing or measuring device has been so approved or disapproved 12  
by him, he shall notify all scalers of weights and measures, who shall 13  
thereafter act in accordance with such approval or disapproval when 14  
devices of that type are submitted to them for test.
15

Section 30. The inspectors shall aid the director in the performance 1  
of his duties and shall have all necessary powers therefor.
2

Section 31. The director and town and district scalers shall keep 1  
seals for their use. The seal of the director shall bear the letters “C. M.” 2  
and those of the scalers shall be of a type approved by the director. Any 3  
scaler neglecting to keep such a seal shall forfeit not more than twenty
4
5 dollars, and whoever, without being duly authorized thereto, imperson-

possession an imitation or counterfeit of the seal used by a sealer or
deputy shall be punished by a fine of not more than fifty dollars.

3 town treasurers and at least once in ten years, or oftener if the director
4 deems it necessary, the other standard weights, measures and balances of
5 each town shall be tested, adjusted and sealed or certified under his direc-
tion. He shall also see that such standards are kept in good order and
condition, and may at any time, and shall on request of a town treasurer,
cause an inspection of the standards to be made. The director and his
9 inspectors may also inspect any weighing or measuring devices used for
10 buying, selling or exchanging goods, wares, merchandise or other com-
11 modity, or for public weighing in a town, and, if found inaccurate, shall
12 forthwith inform the mayor or selectmen, who shall cause the law relating
13 thereto to be enforced. If the director or an inspector discovers a vio-
lation of law, he may make and prosecute a complaint and shall have
15 therefor the same statutory powers relative to the enforcement of laws
16 pertaining to weights and measures as are vested in local sealers. WHO-
ever hinders, obstructs or in any way interferes with him in the perform-
ance of duty hereunder shall be punished by a fine of not more than three
19 hundred dollars, or by imprisonment for not more than two months.
20 Every treasurer neglecting to have the standards in his care sealed as
21 provided in this section shall forfeit not more than fifty dollars.

1 \textbf{Section 33.} The director or his inspectors under his direction, shall
2 at least once in each year test all weighing and measuring devices used
3 in checking the receipt or disbursements of supplies in each state insti-

5 results of such tests. He shall report in writing his findings to the execu-
tive officers of the institution or department; and at their request
7 shall appoint in writing one or more employees, then in the actual service
8 of such institution or department, as special deputies to check the receipt
9 or disbursement of supplies.

\textbf{SEALERS OF WEIGHTS AND MEASURES.}

2 and the selectmen of each town of over ten thousand inhabitants shall
3 appoint a sealer, and may appoint one or more deputies to act under
4 the direction of the sealer. The sealer and deputies shall enforce the laws
5 pertaining to weighing and measuring devices and to the giving of false
6 or insufficient weight or measure. Sealers and deputies appointed here-

199 Mass. 503.

Section 44. Devices used for determining the measurement of leather bought, sold or offered for sale shall be tested as to the correctness of measures indicated by them by a sealer of the town where they are used, and the director may make such rules and regulations as he deems necessary to insure the greatest possible accuracy in the use of said devices.

1913, 503, §§ 1, 2.

Section 45. All devices used upon vehicles for determining the cost of transportation shall be tested as to the correctness of measures and values indicated by them, and the director may make rules and regulations to insure accuracy in the use thereof. Any owner or operator of a taxicab or other vehicle who refuses or neglects to comply with any rule or regulation so made by the director shall be punished by a fine of ten dollars.

1917, 98, § 1.

SECTION 46. The director may, if he deems it desirable, and shall, upon request, test any weights, measures, instruments or mechanical devices of any kind used or intended to be used in standardizing the production of any manufactured article by controlling processes or by determining the dimensions, proportions or properties of materials or products, in determining wages or compensation for labor performed, in determining the dimensions or capacity of any tank, can or other container, or in determining the accuracy of any automatic weighing or measuring device. When any such weight, measure, instrument or mechanical device has been tested and found correct by the director, he may seal the same. If he finds it inaccurate, he may, in his discretion, either condemn it or he may furnish the owner or user with a certificate indicating the amount and direction of any errors found by him. This section shall not give to the said director or to his inspectors the power to seal any of the devices which, on April twenty-ninth, nineteen hundred and twenty, were required by law to be sealed by the local sealers throughout the commonwealth.

SECTION 47. Apothecaries and other persons dealing in or dispensing drugs, medicines or merchandise sold, dispensed or given away by apothecaries' weights or by apothecaries' liquid measure, shall, at least annually, cause the weights and measures so used to be tested and sealed by the director in the town where they do business; provided, that a graduated glass measure once sealed by a sealer, or by the manufacturer, need not be again sealed while remaining in the same condition as when first sealed. The director shall establish specifications for graduated glass measures. When a representative sample of a graduated glass measure has been submitted to the director and approved by him, as conforming to specifications, he shall assign a designating mark or number to be thereafter permanently affixed to such measures of the particular kind so approved. Graduated glass measures sealed by the manufacturer shall be marked with his name, initials or trade mark and by other marks required by the director. The director may revoke the authority so given to any manufacturer under this section on proof that the authorized seal or designating mark has been affixed to a measure not conforming to the approved sample.

SECTION 48. Whoever sells or dispenses drugs, medicines or merchandise requiring the use of apothecaries' weights or apothecaries' liquid measures or in the sale of which they are commonly used, and does not have such weights and measures tested under this chapter shall be punished by a fine of not less than five nor more than fifty dollars.

SECTION 49. Sealers shall go once a year, and oftener if necessary, to each hay and coal scale and other weighing or measuring device in their towns not easily or conveniently removed, and shall test, adjust and seal or condemn them.

SECTION 50. Whoever uses any weighing or measuring devices may have them tested by the sealer at any time upon request and the sealer shall seal or condemn the same in accordance with the results of his tests.
Section 51. When notified by a dealer in milk or cream using glass bottles or jars for the distribution thereof that he has in his possession not less than six gross of such bottles or jars not sealed, sealers shall forthwith seal them as provided in section fifteen, at a suitable place provided by the dealer.

Section 52. If a person informs a sealer that he has reasonable cause to believe, or if such sealer has reasonable cause to believe, that any weighing or measuring device used in the sale of a commodity in his town is incorrect, said sealer shall go where it is and shall test and mark it according to the result of the test; and if it is incorrect and cannot be adjusted, he shall attach thereto a notice of that fact forbidding its use until it conforms to the authorized standard. If a sealer has reasonable cause to believe that any weighing or measuring device has been altered since last adjusted and sealed, he shall enter the premises where it is kept or used and examine it. Whoever uses a weighing or measuring device after refusing permission to a sealer to test it shall be punished by a fine of not less than ten nor more than one hundred dollars.

Section 53. If a sealer cannot seal any weighing or measuring device in the usual manner, he may mark it with a stencil or by other suitable means, showing that it has been inspected; and if a weighing or measuring device is so small as to render it impracticable to seal it in the usual manner, he shall give a certificate in a form approved by the director, specifying each such weighing or measuring device so tested; but he shall in no case seal or mark as correct weighing or measuring devices not conforming to the standards. If such weighing or measuring device can be readily adjusted by means at hand, he may adjust and seal it; but if not, he shall affix thereto a notice forbidding its use until he is satisfied that it conforms to the standards; and whoever removes said notice without the consent of such officer shall forfeit not more than fifteen dollars, to be equally divided between the town and the complainant.

Section 54. A sealer or deputy may seize without a warrant weighing or measuring devices necessary to be used as evidence in cases of violation of the laws relative to the sealing thereof; and they shall be returned to the owners or forfeited, as the court directs.

Section 55. A sealer or deputy may seize weighing or measuring devices not conforming to legal standards or not sealed as required by law; and a person having in his possession such weighing or measuring devices, with intent to use them in violation of law, shall be punished by a fine of not more than fifty dollars; and such devices, upon order of a court, shall be destroyed. Possession thereof shall be prima facie evidence of intention to use them in violation of law.

Section 56. Except as otherwise provided, sealers shall receive the following fees for sealing the following weighing or measuring devices:—

(a) Each scale with a weighing capacity of more than five thousand pounds, one dollar.

(b) Each scale with a weighing capacity of one hundred to five thousand sand pounds, fifty cents.
(c) All other scales, balances, and measures on pumps, ten cents each. 7
(d) Each taximeter, or measuring device used upon vehicles for 8
determining the cost of transportation, one dollar. 9
(e) Each machine or other device used for determining the measure- 10
ment of leather, one dollar. 11
(f) Milk bottles or jars, fifty cents per gross. 12
(q) Vehicle tanks used in the sale of commodities by liquid measure 13
and having a capacity of one hundred gallons or less, one dollar. For 14
each additional one hundred gallons or fraction thereof, an additional 15
fee of fifty cents shall be received. When a vehicle tank is subdivided 16
into two or more compartments, each compartment shall, for the pur- 17
poses of this section, be considered as a separate tank. 18
(h) All weights and other measures, three cents each. 19
They shall also receive reasonable compensation for necessary repairs, 20
alterations and adjustments made by them. 21

1909, 221.

SECTION 2. The licensing authority of any town may, upon payment of a license fee of two dollars to such town, license any suitable inhabitant thereof, who has resided therein during the six months next preceding the application for such license, to be an auctioneer therein for one year, and may for any cause deemed satisfactory, and without a hearing, revoke or suspend such license. Such license shall be signed, in Boston by the police commissioner, elsewhere by the town clerk, and shall be recorded in a book kept for that purpose.

1906, 291, § 10. 1909, 221.
1 Section 3. Each auctioneer shall, if required, give bond, in a reason-

to the laws relative to auctioneers.

1 Section 4. Each auctioneer shall keep a fair and particular account

not consist of goods, wares or merchandise which have been brought
into a town by persons engaged in the business of traveling and carrying
stocks of goods, wares or merchandise from one town to another within
the commonwealth for the purpose of selling the same by auction. An
auctioneer selling by auction in a town where he is not authorized to
sell shall forfeit fifty dollars. If an auctioneer makes a sale by auction

If he is a non-resident of the town where he has his place of business, he
shall obtain from the licensing authority thereof a permit to hold such
sales by auction therein, and a special license fee may be required there-
for. Violation of this section shall be punished by a fine of not more
than one hundred dollars.

1 Section 7. Any tenant or occupant of a house or store, having the
actual possession and control of the same, who knowingly permits a

this chapter, shall forfeit not more than five hundred dollars.

1 Section 8. Licenses may be granted upon such conditions relative
to the hours and places of selling goods and chattels within a town as
the licensing authority thereof deems expedient; and if an auctioneer
makes a sale by auction at a time or place within said town not au-
thorized by his license, he shall be liable to like penalties as if he had
sold without a license.

5 a violation of any condition thereof or of any provision of any law, by-
6 law or ordinance. The pendency of proceedings before a court shall
7 not suspend or interfere with the power to declare a forfeiture. If the

TRANSIENT VENDORS.
Section 1. “Transient vendor” for the purposes of this chapter shall mean and include any person, either principal or agent, who engages in a temporary or transient business in the commonwealth, either in one locality or in traveling from place to place selling goods, wares or merchandise.

“Temporary or transient business” for the purposes of this chapter shall mean and include any exhibition and sale of goods, wares or merchandise which is carried on in any tent, booth, building or other structure, unless such place is open for business during usual business hours for a period of at least nine months in each year.

Section 2. The provisions of this chapter relative to transient vendors shall not apply to sales by commercial travelers or by selling agents to dealers in the usual course of business, or to bona fide sales of goods, wares or merchandise by sample for future delivery, or to sales of goods, wares or merchandise by any person, whether principal or agent, who engages in temporary or transient business in any town in which taxes have been assessed upon his stock in trade during the current year, or to hawkers and pedlers as defined in section thirteen, nor shall they affect the right of any town to pass ordinances or by-laws authorized by law relative to transient vendors. No transient vendor shall be
11 relieved or exempted from the provisions and requirements of this chap-
12 ter relative to transient vendors by reason of associating himself tempo-
13 rally with any local dealer, trader or merchant, or by conducting such
14 temporary or transient business in connection with or as a part of the
15 business of, or in the name of any local dealer, trader or merchant.

1 Section 3. Every person before commencing business in the com-
2 monwealth as a transient vendor, whether as principal or agent, shall
3 make written application, under oath, for a state license to the director
4 of standards, in this chapter called the director, stating the names and
5 residences of the owners or parties in whose interest said business is to
6 be conducted, and shall make a special deposit of five hundred dollars
7 with the director or shall give a bond in the sum of five hundred dollars,
8 payable to the director and his successors, with sureties approved by the
9 director, conditioned upon (1) compliance with the provisions of this
10 chapter relative to transient vendors, (2) payment of all fines or penalties
11 incurred by him through violations of such provisions, and (3) payment
12 or satisfaction of any judgment obtained against him in behalf of any
13 creditor whose claim arises in connection with the business done under the
14 licensee’s state license and who, before the expiration of sixty days from
15 the return or surrender of said license or the filing of an affidavit of its
16 loss, shall have given due notice of his claim to the director. Thereupon,
17 upon the payment of a fee of twenty-five dollars, the director shall issue
18 to him a state license authorizing him to do business as a transient vendor.
19 Such license shall expire one year from the date thereof or on the day of
20 its surrender or of the filing of an affidavit of its loss, if it is earlier sur-
21 rendered or if such affidavit is earlier filed. Such license shall contain
22 a copy of the application therefor and of any statements required under
23 section seven, and shall not be transferable. It shall not authorize more
24 than one person to sell goods, wares or merchandise as a transient vendor
25 either by agent or clerk or in any other way than in his own proper
26 person, but a licensee may have the assistance of one or more persons
27 in conducting his business who may aid him but not act for or without
28 him.

1 Section 4. The director shall keep on file all applications for such
2 licenses and a record of all licenses issued thereon. All files and records
3 of the director and of the respective town clerks shall be in convenient
4 form and open to public inspection.

1 Section 5. Every transient vendor, before making any sales of
2 goods, wares or merchandise in a town, shall make application to the
3 aldermen or selectmen or other board authorized to issue such licenses
4 and, unless the fee therefor is fixed as hereinafter provided, shall file
5 with them a true statement, under oath, of the average quantity and
6 value of the stock of goods, wares and merchandise kept or intended to
7 be kept or exposed by him for sale. Said board shall submit such state-
8 ment to the assessors of the town, who, after such examination and
9 inquiry as they deem necessary, shall determine such average quantity
10 and value, and shall forthwith transmit a certificate thereof to said
11 board. Thereupon the board shall authorize the town clerk, upon the
12 payment by the applicant of a fee equal to the taxes assessable in said

State license, bond or deposit, and fee.

transient vendors.

Section 6. Any transient vendor who neglects or refuses to file the statement described in the preceding section, if required by the aldermen, selectmen or other like board, or makes a false or fraudulent representation therein, shall be punished by a fine of not less than five nor more than twenty dollars for each day on which he keeps or exposes for sale any goods, wares or merchandise.

Section 7. No transient vendor shall advertise, represent or hold forth any sale as an insurance, bankrupt, insolvent, assignee's, trustee's, executor's, administrator's, receiver's, wholesale, manufacturers' wholesale or closing out sale, or as a sale of any goods damaged by smoke, fire, water or otherwise or in any similar form, without first making a sworn statement to the director, either in the original application for a state license or in a supplementary application, of all the facts relating to the reasons for and character of such special sale so advertised or represented, and of the names of the persons from whom the goods, wares or merchandise were obtained, the date of delivery to the person applying for or holding the license, the place from which said goods, wares or merchandise were last taken, and all details necessary to exactly locate and fully identify all such goods, wares or merchandise.

Section 8. No transient vendor shall sell or expose for sale, at public or private sale, any goods, wares or merchandise without state and local licenses therefor, properly endorsed, nor shall any person, either principal or agent, advertise by circular, handbill, newspaper or in any other manner any such unlicensed sales. No transient vendor shall file any application, original or supplementary, containing any false statement.

Section 9. Violations of section seven or eight shall be punished by a fine of not more than fifty dollars or by imprisonment for not more than two months, or both.

Section 10. If a person liable for the license fee required by section five refuses or neglects to pay the same after demand by the clerk of the town in which he intends to sell goods, wares and merchandise, the
4 clerk may maintain an action of contract therefor in his own name for
5 the benefit of such town.

1 Section 11. Upon the expiration and return, or surrender before
2 expiration, of each state license, the director shall cancel the same,
3 endorse the date of return or surrender thereon, and place the same on
4 file. If a license is lost he may accept in lieu of the return or surrender
5 thereof an affidavit to that effect, which shall be so endorsed and filed.
6 He shall hold the special deposit of the licensee for sixty days after the
7 return or surrender of the license or the filing of such affidavit and, after
8 satisfying or making provision in accordance with the following section
9 for all claims made upon the same under said section, shall return the
10 surplus, if any, to said licensee; or, if said licensee has given a bond in
11 lieu of said deposit, the director shall, after said sixty days and after all
12 claims made under the following section have been satisfied or settled,
13 cancel said bond and notify said licensee and the surety on said bond.

1 Section 12. Each deposit made with the director shall, during the
2 term of the licensee's license and for sixty days after the return or sur-
3 render thereof or the filing of an affidavit of its loss, be subject to attach-
4 ment and execution in behalf of any creditor of the licensee whose claim
5 arises in connection with the business done under his state license and
6 who gives notice of such claim to the director during such period, and the
7 director may be held to answer as trustee, under the trustee process, in
8 any civil action in contract or tort brought against said licensee for such
9 claim and shall pay over upon execution such amount of money as he
10 may be chargeable with upon his answer. Said deposit shall also be sub-
11 ject to the payment of any fine or penalty imposed on the licensee for
12 violation of any provision of the eleven preceding sections; provided,
13 that written notice of the name of said licensee and of the amount of such
14 fine or penalty is given during such period to the director by the clerk of
15 the court in which, or the trial justice by whom, such fine or penalty was
16 imposed. No payment of any part of said deposit shall be made to the
17 licensee unless so much thereof is retained as is required to discharge all
18 claims, fines and penalties of which notices have been given to the director
19 as herein provided and which remain undecided or unpaid. Upon the
20 giving of notice as herein provided, a bond given in lieu of such deposit
21 may be put in suit by any such creditor to recover the amount of such
22 claim or by any such clerk of court or trial justice to recover the amount
23 of such fine or penalty. If the licensee has made a deposit, the director
24 shall, until said deposit is exhausted, pay or make provision for the pay-
25 ment of all such claims, fines and penalties in the order in which notices
26 thereof were received by him. If the licensee has given a bond, the order
27 in which persons entitled to all such claims, fines and penalties shall
28 recover on the bond shall, until the penal sum of the bond is exhausted,
29 be determined by the order in which notices thereof were received by the
30 director.

HAWKERS AND PEDLERS.

1 Section 13. Except as hereinafter expressly provided, the terms
2 "hawker" and "pedler" as used in this chapter shall mean and include
3 any person, either principal or agent, who goes from town to town or
4 from place to place in the same town selling or bartering, or carrying for

1 Section 19. The aldermen or selectmen may make regulations con-
sistent with the general laws relative to the exercise of the trade of boot-
blacking by minors, and to the sale or barter by minors of any goods,
wares or merchandise the sale of which is permitted without a license by
section seventeen, and may prohibit such trade or such sales, or may
require a minor to obtain from them a permit therefor to be issued on
terms and conditions prescribed in such regulations; provided, that in
the case of girls under the age of eighteen years and of boys under the
age of sixteen years the foregoing powers in cities shall be vested in and
exercised by the school committee. No permit issued to a minor under
this section nor badge issued to him under sections sixty-nine to seventy-
three, inclusive, of chapter one hundred and forty-nine shall authorize
the sale by a minor of any article, other than those which may be sold
without a license under section seventeen. A minor who sells such
article or exercises such trade without a permit, if one is required, or
who violates the conditions of his permit or any provision of said regu-
lations, shall be punished by a fine of not more than ten dollars.

1 Section 20. No person, having a minor under his control, shall
knowingly permit him to violate any provision of section nineteen, nor
shall any person procure or employ a minor to commit any such viola-
tion, nor shall any person, either for himself or as agent of any other
person, furnish or sell to a minor any article the sale of which is per-
mitted without a license by section seventeen, with knowledge that
he intends to sell it in violation of section nineteen, or after having
received written notice to that effect from the school committee or any
officer charged with the enforcement of said section nineteen. Violation
of this section shall be punished by a fine of not more than two hundred
dollars or by imprisonment for not more than six months.

1 Section 21. Whoever employs a minor in, or, having the care or
custody of a minor, permits him to engage in, hawking or peddling
without a permit or license, if one is required, or, for himself or as agent
of any other person, furnishes or sells to a minor any article with knowl-
edge that he intends to sell such article in violation of the provisions
of this chapter relative to hawkers and peddlers, shall be punished by
a fine of not more than two hundred dollars, to be equally divided be-
 tween the commonwealth and the town in which the offence was com-
mitted, or by imprisonment for not more than six months.

1 Section 22. The director may grant a license to go about carrying
for sale or barter, exposing therefor and selling or bartering any goods,
wares or merchandise, the sale of which is not prohibited by section
sixteen, to any person who files in his office a certificate signed by the
mayor or by a majority of the selectmen, stating that to the best of his
or their knowledge and belief the applicant therein named is of good
repute as to morals and integrity, and is, or has declared his intention
to become, a citizen of the United States. The mayor or selectmen,
before granting such certificate, shall require the applicant to make
an oath that he is the person named therein, and that he is, or has declared
his intention to become, a citizen of the United States. The oath
shall be certified by an officer duly qualified to administer oaths and
shall accompany the certificate. The director shall cause to be inserted
in every such license the amount of the license fee and the name of the

town for which it is issued. The licensee may go about carrying for sale or barter, exposing therefor and selling or bartering in any town mentioned in his license any meats, butter, cheese, fish, fruits, vegetables or other goods, wares or merchandise, not prohibited in section sixteen, upon payment to the director of the following fees: for each town containing not more than one thousand inhabitants, according to the then latest census, state or national, four dollars; for each town containing more than one thousand and not more than two thousand inhabitants, seven dollars; for each town containing more than two thousand and not more than three thousand inhabitants, nine dollars; for each town containing more than three thousand and not more than four thousand inhabitants, eleven dollars; and for each city and each other town, eleven dollars, and one dollar for every one thousand inhabitants thereof over four thousand; but the fee shall in no case exceed twenty-six dollars, and the amount paid shall be certified on the face of the license. The director shall retain one dollar for every city and town named in each of the above described licenses, and shall pay over to the treasurers of the respective cities and towns at least semi-annually the balance of said fees so received. The director may grant, as aforesaid, special state licenses upon payment by the applicant of fifty dollars for each license; and the licensee may go about carrying for sale or barter, exposing therefor and selling or bartering in any city or town in the commonwealth any meats, butter, cheese, fish, fruits, vegetables, or other goods, wares or merchandise, the sale of which is not prohibited by statute. A hawker or pedler licensed under this section need not be licensed under section seventeen or twenty-three within the territorial limits for which the license under this section is issued.

Section 23. The director may also grant as aforesaid special county licenses for each county mentioned therein; and the licensee may go about carrying for sale or barter, exposing therefor and selling or bartering within such county any goods, wares or merchandise manufactured by himself or by his employer and not prohibited by section sixteen, upon paying to the director the amounts following: for Suffolk, Essex, Middlesex and Worcester, each, ten dollars; for Norfolk, Plymouth, Bristol, Berkshire and Hampden, each, eight dollars; for Franklin, Hampshire and Barnstable, each, six dollars; and for Dukes county and Nantucket, each, four dollars. The license shall describe the manufactured articles to be sold or bartered under it, and shall not authorize the sale or barter of any other article by the licensee. In case the licensee is selling or bartering goods, wares or merchandise manufactured by his employer, the name of such employer shall be stated upon the license. The director shall retain one dollar for every county named in each of the above described licenses, and shall pay over to the treasurers of the respective counties at least semi-annually the balance of said fees so received. A hawker or pedler licensed under this section need not be licensed under section twenty-two within any city or town embraced within the territorial limits for which the license under this section is issued.

Section 24. The director may grant without fee, on proof of identity, a special state or county license to act as hawker or pedler, subject otherwise to this chapter, to any soldier or sailor resident in the commonwealth who served in the army or navy of the United States during the...
5 world war and received an honorable discharge or a release therefrom,
6 and who is wholly or partly disabled by reason of wounds or injury re-
7 ceived, or disease contracted, during such service.

1 Section 25. A license granted under section twenty-two or twenty-
2 three may be transferred by the director, upon application therefor,
3 accompanied by a fee of one dollar and upon evidence furnished by
4 the applicant like that required for the original granting of such license,
5 and the transferee of a license granted under said section twenty-three
6 may go about carrying for sale or barter, exposing therefor and selling
7 or bartering any articles described therein within the county therein
8 set forth. The director may make rules and regulations consistent
9 with law covering the transfer of licenses granted under said section
10 twenty-three.

1 Section 26. The director shall keep a record of all licenses to hawkers
2 and pedlers granted by him, with the number of each, the name and resi-
3 dence of the licensee, and the counties, cities and towns, if any, mentioned
4 therein, and of all transfers of licenses; and all such records shall be
5 open to public inspection. The provisions of this chapter relating to
6 hawkers and pedlers, or a synopsis thereof, shall be printed on every
7 such license. All such licenses shall bear the date of their issue and shall
8 continue in force for one year from that date.

1 Section 27. Every person licensed as a hawker or pedler shall
2 endorse his usual signature upon his license. He shall produce his
3 license for inspection whenever demanded by a mayor, alderman,
4 selectman, director or inspector of standards, sealer or deputy sealer
5 of weights and measures, city or town treasurer or clerk, constable,
6 police officer or justice of the peace; and if he fails so to do, he shall be
7 subject to the same penalty as if he had no license. The director shall,
8 at the expense of the licensee, provide a badge for each pedler and plates
9 or tags for each pack, parcel or vehicle used in hawking or peddling,
10 Such badges, plates or tags shall bear the number of the license, the
11 word "pedler", and such other information as the director may deem
12 necessary. Each pedler shall wear his badge in a conspicuous place.
13 Each wagon or other vehicle shall have attached to the front or side
14 thereof, in a place where it may readily and plainly be seen, and each
15 pack or parcel carried by a pedler traveling on foot shall have conspicu-
16 ously displayed thereon, the plate or tag provided by the director with
17 the license number attached thereto.

1 Section 28. No license issued to a hawker or pedler shall defeat or
2 bar a prosecution against the licensee, if it is proved that he sold or
3 bartered, carried for sale or barter or exposed therefor, any articles,
4 except such as are permitted without a license by section seventeen, in a
5 place in which he was not licensed to sell.

1 Section 29. No hawker or pedler, holding an auctioneer’s license,
2 shall sell or expose for sale by public auction any goods, wares or mer-
3 chandise in any town other than that from whose authorities such license
4 was obtained, nor in any place in such town not expressly described
5 therein.
Section 30. The red and green lights shall be fitted with inboard screens.

(c) A white light at the stern plainly visible above any deck-house or other obstruction.

1 Section 25. If the master or other person in charge of a vessel occupying a berth at a wharf or pier fails, after notice from the wharfinger thereof or his agent, to remove his vessel from such berth within such time as the harbor master adjudges reasonable, the harbor master shall cause such vessel to be moved to some other berth or anchored in the stream, and may recover the expense thereof in contract from the master or owners thereof, to the use of the town where the harbor is situated.

District two shall include all landing places accessible to vessels from the sea situated between the New Hampshire state line on the north and Egg Rock on the south, including rivers, bays and sounds adjacent thereto.

District three shall include all landing places accessible to vessels from the sea situated between Point Allerton on the north and the Rhode Island state line on the west, with all such landing places on the Elizabeth Islands and in the counties of Nantucket and Dukes, including rivers, bays and sounds adjacent thereto, and the Cape Cod canal.

On or before December first in any year when their terms of office expire, their successors shall be appointed by the governor, with the advice and consent of the council, for terms of three years. A deputy commissioner of pilots for any district shall be a resident of a town having a landing place accessible to vessels from the sea situated within that district. In this chapter, the word "commissioners" shall be held to mean, as to dis-

The commissioners also, in accordance with such rules and regulations, 7. shall grant commissions as pilots for their districts or for special locations 8. therein, to such persons as they consider competent; provided that for 9. district one such persons shall first be approved by said trustees. The 10. commissioners may, upon satisfactory evidence of his misconduct, care- 11. lessness or neglect of duty, suspend any such pilot until the next meeting 12. of said trustees and may thereafter continue such suspension until the 13. close of the next stated meeting of said trustees, but no longer for the same 14. offense. If said trustees decide at either of said meetings that the com- 15. mission of such pilot ought to be revoked, the commissioners may revoke 16. it at any time after said decision is rendered and before it is reversed. 17. The commissioners shall cause the laws and regulations for pilotage within 18. their district to be duly observed and executed, and shall receive, hear 19. and determine complaints by and against the officers for said district.

The trustees of the Boston 7. Marine Society shall fix the compensation of the commissioners and their 8. allowance for office rent, clerk hire and incidental expenses, which shall 9. be paid out of the amounts so paid to the commissioners, and the surplus, 10. if any, shall be paid to said society.

ance of the duties of his office and the payment of all damages accruing from his negligence, unskilfulness or unfaithfulness.

Section 7. [Repealed, 1923, 390, § 1.]

Section 8. [Repealed, 1923, 390, § 1.]

A surety upon the bond of a pilot desiring to be discharged from liability thereon shall give notice thereof to the commissioners, and shall also give written notice to such pilot, which may be served by a constable, and shall, with the return of the constable thereon, be filed with the state treasurer, and at the expiration of thirty days therefrom, the liability of such surety for the subsequent acts of said pilot shall cease. If a pilot so notified fails to furnish a new bond before the expiration of said thirty days, his commission shall be void.

Section 16. A pilot, in case of the decease, insolvency or bankruptcy of a surety upon his bond, shall give notice thereof to the commissioners. In such a case, or whenever a pilot's bond appears to the commissioners to be insufficient, he shall give a new bond.

Every inward bound vessel shall, except as provided in sections twenty-five and twenty-eight, receive the first pilot holding a commission for her port of destination offering his services, and such vessels shall, except as provided in sections twenty-six and twenty-seven, be held to pay such pilot the regular fees for pilotage, whether his services are accepted or not.

1 Section 24. Every outward bound vessel, except vessels under three hundred and fifty tons register, shall, unless exempt from compulsory pilotage by a commission, receive the first pilot offering his services at any port where forty-eight vessels are registered on the port roll, and be held to pay the regular fees for pilotage, unless the pilot is brought into port or to some other pilot of the same boat, if he offers his services before she gets under way; or if such pilot does not offer, or if such vessel was not piloted into port, then to the pilot who first offers his services.

1 Section 25. Every pilot shall take charge, within the limits of his commission, of any vessels, not exempt from compulsory pilotage by a section twenty-eight, and of vessels not bound from one port to another within the commonwealth, unless they are in the completion of a voyage from a port out of the commonwealth.

1 Section 26. Vessels of not more than two hundred tons burden, or vessels under three hundred and fifty tons register bound into the port of Boston, which decline the services of a pilot, shall, if otherwise liable under this chapter to the payment of pilotage fees, be liable to one half of the regular fees; but if they request and receive such services, they shall pay the regular rates.

1 Section 27. If steam towage is taken by the desire of the master, the vessel shall pay full pilotage fees; but if taken by direction of the pilot in charge, such vessel shall pay to the pilot seventy-five per cent of the regular fees.

All coastwise steam vessels not sailing under register, national vessels, vessels bound in or out of any port other than their ports of departure and destination, vessels regularly employed in the coasting trade, fishing vessels other than whalers, vessels of less than seven feet draught of water, vessels otherwise liable to pilotage bound into the harbor of Boston and arriving within a line drawn from Harding's Ledge to the Graves and thence to Nahant Head before the services of a pilot have been offered, and vessels under three hundred and fifty tons register bound out of the port of Boston, shall be exempt from compulsory payment of pilotage, but if any such vessel requests the aid of a pilot, he shall, when permitted by the laws of the United States, serve the same in like manner as vessels not exempt, and shall be entitled to the regular compensation therefor, except as provided in the preceding section.

SECTION 29. [Repealed, 1923, 300, § 5.]

SECTION 30. If a vessel is anchored for twelve hours or more under any regulation relative to quarantine or to alien passengers, the pilot in charge, upon piloting such vessel to her port of destination, shall be entitled to an addition of twenty-five per cent to the regular fees.

SECTION 35. No person unless he holds a commission as a pilot shall, if a commissioned pilot offers his services or can be obtained within a reasonable time, assume or continue to act as pilot in the charge
4 or conduct of any vessel within the waters of this commonwealth, unless he is actually employed on such vessel for the voyage. Whoever violates the provisions of this section shall be punished by a fine of not less than twenty nor more than fifty dollars.

Sect. 3. Same subject. Sect. 4. Lien for advances to consignee.

1. Section 1. A factor or other agent intrusted with the possession of merchandise or of a bill of lading consigning merchandise to him or authority to sell the same shall be deemed the true owner of such merchandise, so far as to give validity to any bona fide contract of sale made by him.

1. Section 2. A shipper in lawful possession of merchandise at the time of shipment and in whose name it is shipped for sale shall be deemed the true owner thereof so far as to entitle the consignee to a lien thereon for money advanced or for securities given to the shipper for or on account of such consignment, unless the consignee, at or before the time when he made the advances or gave the securities, had notice by the bill of lading or otherwise that the shipper was not the actual and bona fide owner.

1. Section 3. If a person intrusted with merchandise has authority to sell or consign the same, a consignee to whom he consigns it shall have a lien thereon for any money or merchandise advanced or for any negotiable security given by him on the faith of such consignment, to or for the use of the person in whose name the consignment or delivery was made, and for any money, negotiable security or merchandise received for the use of such consignee by the person in whose name the consignment or delivery was made, if such consignee had, at the time of such advance or receipt, probable cause to believe that the person in whose name the merchandise was shipped, transmitted or delivered was the actual owner thereof or had a legal interest therein to the amount of said lien.

such loan, advance or exchange in good faith and with probable cause to believe that the agent making the deposit or pledge had authority so to do and was not acting fraudulently against the owner of such merchandise, shall, notwithstanding he has notice of such agency, acquire the same interest in and authority over such merchandise and documents as he would have acquired if the agent had been the actual owner thereof. 12

SECTION 5. If such merchandise or document is accepted in deposit or pledge for an antecedent debt due from such consignee or factor, the person receiving the same shall thereby acquire no other or further right or interest in or authority over or lien upon the same than the consignee or factor might have enforced against the actual owner. 1

SECTION 6. The three preceding sections shall not affect the lien of a consignee or factor for expenses and charges attending the shipment, transportation and care of merchandise intrusted to him; nor prevent the actual owner of merchandise from recovering it, previous to any pledge thereof, from the consignee or factor or from his assignee in case of his insolvency; nor prevent such owner from recovering any merchandise or document so deposited or pledged, on tender of the money and restoration of the negotiable security or property so advanced to such consignee or factor, and on tender of such further amount of money and restoration of such negotiable instrument or property advanced or given by the consignee or factor to the owner, or upon tender of an amount of money equal to the amount or value of such merchandise; nor prevent him from recovering from a person with whom such merchandise has been so deposited or pledged any balance of money remaining in his hands as the proceeds of the sales thereof, after deducting the amount or value of the money or negotiable security so advanced thereon. 16

The governor, with the advice and consent of the council, may license suitable persons, or corporations established under the laws of, and having their places of business within, the commonwealth, to be public warehousemen. Such warehousemen may keep and maintain public warehouses for the storage of goods, wares and merchandise. They shall give bond to the state treasurer for the faithful performance of their duties in an amount and with sureties approved by the governor, and may appoint one or more deputies, for whose acts they shall be responsible. A railroad corporation licensed as a public warehouseman shall not be required as such to receive any property except such as has been or is forthwith to be transported over its road or to give sureties on its bond.

Section 2. Whoever keeps and maintains a public warehouse for the storage of goods, wares and merchandise without procuring a license and giving a bond, as provided in the preceding section, shall be punished by a fine of not more than one thousand dollars, and may be enjoined by the supreme judicial court from maintaining such a public warehouse, upon an information in equity brought by the attorney general at the relation of any person.
Section 3. Whoever is injured by the failure of a licensed warehouseman to perform his duty or by his violation of any provision of this chapter may bring an action for his own benefit, in the name of the commonwealth, on the bond of such warehouseman. The writ shall be endorsed by the person in whose behalf such action is brought, or by some other person satisfactory to the court; and the endorser shall be liable to the defendant for any costs which he may recover in such action, but the commonwealth shall not be liable for any costs.

Section 4. A licensed warehouseman shall, upon written request by a party placing property with him on storage, cause such property to be insured for whom it may concern. A railroad corporation acting as warehouseman may itself be the insurer.  

R. L. 69, § 3.

Section 5. Such warehouseman shall keep books in which shall be entered an account of all his transactions relative to the storing and insuring of goods, wares and merchandise, to the issuing of receipts therefor and to the disposition of proceeds of sales thereof under this chapter. Such books shall be open to the inspection of any person interested in the property to which the entries relate.

Section 6. The state secretary shall, at the expense of each warehouseman, give notice of his license and qualification, of the amount of the bond given by him and also of the discontinuance of his license by publishing the same for not less than ten days in one or more newspapers, if any, published in the county or town where the warehouse is located; otherwise, in one or more newspapers published in Boston.

ISSUE OF WAREHOUSE RECEIPTS.

"Action" includes counter-claim, set-off and suit in equity.

"Delivery", voluntary transfer of possession from one person to another.

"Fungible goods", goods of which any unit is, from its nature or by mercantile custom, treated as the equivalent of any other unit.

"Goods", chattels or merchandise in storage, or which have been or are about to be stored.

"Holder" of a receipt, a person who has both actual possession of such receipt and a right of property therein.

"Order", an order by endorsement on the receipt.

An antecedent or pre-existing obligation, whether for money or not, constitutes value where a receipt is taken either in satisfaction thereof or as security therefor.
23 "Public warehouse", any building, or part thereof, kept and maintained for the storage of goods, wares and merchandise as a business.

25 "Warehouseman" or "public warehouseman", a person, corporation, partnership, association or trustees keeping and maintaining a public warehouse.

28 (2) A thing is done "in good faith" when it is in fact done honestly, whether or not done negligently.

1 Section 8. Every warehouseman shall give to each person depositing property with him for storage a receipt therefor which shall conform to the following section.

1 Section 9. Warehouse receipts need not be in any particular form, but every such receipt shall embody within its written or printed terms —

(a) The location of the warehouse wherein the goods are stored;

(b) The date of issue;

(c) The consecutive number;

(d) A statement whether the goods received will be delivered to the bearer, to a specified person, or to a specified person or his order;

(e) The rate of storage charges;

(f) A description of the goods or of the packages containing them;

(g) The signature of the warehouseman, which may be made by his authorized agent;

(h) If the receipt is issued for goods of which the warehouseman is owner, either solely or jointly or in common with others, the fact of such ownership; and

(i) A statement of the amount of advances made and of liabilities incurred for which the warehouseman claims a lien. If the precise amount of such advances made or of such liabilities incurred is, at the time of the issue of the receipt, unknown to the warehouseman or to his agent who issues it, a statement of the fact that advances have been made or liabilities incurred and the purpose thereof will be sufficient.

21 A warehouseman shall be liable to any person injured thereby for all damage caused by the omission from a negotiable receipt of any provision required by this section.

1 Section 10. A warehouseman may insert in a receipt, issued by him any other terms and conditions, provided that they shall not —

(a) Be contrary to any provision of this chapter, or

(b) In any wise impair his obligation to exercise at least that degree of care in the safe keeping of the goods intrusted to him which a reasonably careful man would exercise relative to similar goods of his own.

1 Section 11. A receipt stating that the goods will be delivered to the depositor, or to any other specified person, is a non-negotiable receipt.

1 Section 12. A receipt stating that the goods received will be delivered to the bearer, or to the order of any person named in such receipt, is a negotiable receipt.

4 Any provision in such a receipt stating that it is non-negotiable shall be void.
SECTION 13. When more than one negotiable receipt is issued for the same goods, the word "duplicate" shall be plainly placed upon the face of every such receipt except the one first issued. A warehouseman shall be liable for all damage caused by his failure so to do to any one who purchased the subsequent receipt for value, supposing it to be an original, even though the purchase be after the delivery of the goods by the warehouseman to the holder of the original receipt.

SECTION 14. A non-negotiable receipt shall have plainly placed upon its face by the warehouseman issuing it "non-negotiable," or "not negotiable." In case of the warehouseman's failure so to do, a holder of the receipt who purchased it for value, supposing it to be negotiable, may, at his option, treat it as imposing upon the warehouseman the same liabilities which he would have incurred had the receipt been negotiable.

OBLIGATIONS AND RIGHTS OF WAREHOUSEMEN UPON THEIR RECEIPTS.

SECTION 15. A warehouseman, in the absence of a lawful excuse provided by this chapter, is bound to deliver the goods upon a demand made either by the holder of a receipt for the goods or by the depositor, if such demand is accompanied by —

(a) An offer to satisfy the warehouseman's lien;

(b) An offer to surrender properly endorsed the receipt, if negotiable; and

(c) A readiness and willingness to sign, when the goods are delivered, an acknowledgment that they have been delivered, if such signature is requested by the warehouseman.

If the warehouseman refuses to deliver the goods in compliance with a demand by the holder or depositor so accompanied, the burden shall be upon the warehouseman to establish the existence of a lawful excuse for such refusal or failure.

SECTION 16. A warehouseman is justified, subject to the three following sections, in delivering the goods to one who is —

(a) The person lawfully entitled to their possession, or his agent;

(b) A person either himself entitled to delivery by the terms of a non-negotiable receipt issued for the goods, or who has written authority from the person so entitled either endorsed upon the receipt or written upon another paper; or

(c) A person in possession of a negotiable receipt by the terms of which the goods are deliverable to him or order or to bearer, or which has been endorsed to him or in blank by the person to whom delivery was promised by the terms of the receipt or by his mediate or immediate endorsee.

SECTION 17. If a warehouseman delivers the goods to one not in fact lawfully entitled to their possession, the warehouseman shall be liable as for conversion to all having a right of property or possession in the goods if he delivered them otherwise than as authorized by paragraph (b) or (c) of the preceding section, and though he delivered the goods as authorized by either of said paragraphs, he shall so be liable if prior to such delivery he had —

PUBLIC WAREHOUSES. 1215

(a) Been requested, by or on behalf of the person lawfully entitled to
9 a right of property or possession in the goods, not to make such delivery;
10 or
11 (b) Had information that the delivery about to be made was to one
12 not lawfully entitled to their possession.

SECTION 18. Except as provided in section thirty-nine and except
2 when compelled by legal process, when a warehouseman delivers goods
3 for which he had issued a negotiable receipt, the negotiation of which
4 would transfer the right to the possession of the goods, and fails to take
5 up and cancel the receipt, he shall be liable to any one who purchases
6 for value in good faith such receipt, for failure to deliver the goods to
7 him, whether such purchaser acquired title to the receipt before or after
8 the delivery of the goods by the warehouseman and notwithstanding
9 delivery was made to the person entitled thereto.

SECTION 19. Except as provided in section thirty-nine and except
2 when compelled by legal process, if a warehouseman delivers part of the
3 goods for which he had issued a negotiable receipt and fails either to
4 take up and cancel such receipt, or to place plainly upon it a statement
5 of what goods or packages have been delivered, he shall be liable to any
6 one who purchases for value in good faith such receipt, for failure to
7 deliver all the goods specified in the receipt, whether such purchaser
8 acquired title to the receipt before or after the delivery of any portion
9 of the goods by the warehouseman.

SECTION 20. The alteration of a receipt shall not excuse the ware-
2 houseman who issued it from any liability if such alteration was —
3 (a) Inmaterial;
4 (b) Authorized; or
5 (c) Made without fraudulent intent.
6 If authorized, the warehouseman shall be liable according to the terms
7 of the receipt as altered. If unauthorized, but made without fraudulent
8 intent, the warehouseman shall be liable according to the terms of the
9 receipt before alteration.
10 Material and fraudulent alteration of a receipt shall not excuse the
11 warehouseman who issued it from liability to deliver, according to the
12 terms of the receipt as originally issued, the goods for which it was issued,
13 but shall excuse him from any other liability to the person who made the
14 alteration and to any person who took with notice thereof. Any pur-
15 chaser of the receipt for value without notice of the alteration shall ac-
16 quire the same rights against the warehouseman which such purchaser
17 would have acquired if the receipt had not been altered at the time of
18 the purchase.

SECTION 21. If a negotiable receipt has been lost or destroyed, a
2 court of competent jurisdiction may order the delivery of the goods upon
3 satisfactory proof of such loss or destruction, and upon the giving of a
4 bond with sufficient sureties to be approved by the court to protect the
5 warehouseman from any liability or expense which he or any person
6 injured by such delivery may incur by reason of the original receipt re-
7 maining outstanding. The court may also in its discretion order the
8 payment of the warehouseman's reasonable costs and counsel fees.
The delivery of the goods under such an order of the court shall not relieve the warehouseman from liability to a person to whom the negotiable receipt has been or may be negotiated for value, without notice of the proceedings or of the delivery of the goods.

**SECTION 22.** A receipt upon the face of which the word "duplicate" is plainly placed is a representation and warranty by the warehouseman that such receipt is an accurate copy of an original receipt properly issued and uncancelled at the date of the issue of the duplicate, but shall impose upon him no other liability.

**SECTION 23.** No title or right to the possession of the goods, on the part of the warehouseman, unless such title or right is derived directly or indirectly from a transfer made by the depositor at the time of or subsequent to the deposit for storage, or from the warehouseman's lien, shall excuse the warehouseman from liability for refusing to deliver the goods according to the terms of the receipt.

**SECTION 24.** If another than the depositor or person claiming under him has a claim to the title or possession of the goods, and the warehouseman has information of such claim, he shall be excused from liability for refusing to deliver them, either to the depositor or person claiming under him or to the adverse claimant, until he has had a reasonable time to ascertain the validity of the adverse claim, or to bring legal proceedings to compel all claimants to interplead.

**SECTION 25.** Except as provided in the preceding section and in sections sixteen and forty-one of this chapter and section forty-one of chapter two hundred and thirty-one, no right or title of a third person, unless enforced by legal process, shall be a defence to an action brought by the depositor or person claiming under him against the warehouseman for failure to deliver the goods according to the terms of the receipt.

**SECTION 26.** A warehouseman shall be liable to the holder of a receipt for damages caused by the non-existence of the goods, or by their failure to correspond with the description thereof in the receipt at the time of its issue. If, however, the goods are described in a receipt merely by a statement of marks or labels upon them, or upon packages containing them, or by a statement that the goods are said to be goods of a certain kind, or that packages containing them are said to contain goods of a certain kind, or by words of like purport, such statements, if true, shall not render the warehouseman issuing the receipt liable, although the goods are not of the kind which the marks or labels upon them indicate, or of the kind they were said to be by the depositor.

**SECTION 27.** A warehouseman shall be liable for any loss or injury to the goods caused by his failure to exercise such care in regard to them as a reasonably careful owner of similar goods would exercise; but not, in the absence of an agreement to the contrary, for any loss or injury to the goods which could not have been avoided by the exercise of such care.

**SECTION 28.** Except as provided in the following section, a warehouseman shall keep the goods so far separate from goods of other depositors, and from other goods of the same depositor for which a separate
4 receipt has been issued, as to permit at all times their identification and 5 re-delivery.

1 Section 29. If authorized by agreement or by custom, a warehouse- 2 man may mingle fungible goods. In such case the various depositors of 3 the mingled goods shall own the entire mass in common, and each deposi- 4 tor shall be entitled to such proportion thereof as the amount deposited 5 by him bears to the whole.

1 Section 30. The warehouseman shall be liable severally to each 2 depositor for the care and re-delivery of his share of such mass to the 3 same extent and under the same circumstances as if the goods had been 4 kept separate.

1 Section 31. A creditor whose debtor is the owner of a negotiable 2 receipt shall be entitled to such aid from courts of appropriate jurisdic- 3 tion, by injunction and otherwise, in attaching such receipt or in satisfy- 4 ing the claim by means thereof as is allowed at law or in equity, in regard 5 to property which cannot readily be attached or levied upon by ordinary 6 legal process.

1 Section 32. Subject to section thirty-four, a warehouseman shall 2 have a lien on goods deposited or on the proceeds thereof in his hands, 3 for all lawful charges for their storage and preservation; also for all law- 4 ful claims for money advanced, interest, insurance, transportation, labor, 5 weighing, coopering and other charges and expenses in relation thereto; 6 also for all reasonable charges and expenses for notice, and advertise- 7 ments of sale, and for sale thereof where default has been made in satis- 8 fying his lien.

1 Section 33. Subject to the provisions of the following section, such 2 lien may be enforced —
3 (a) Against all goods, whenever deposited, belonging to the person who 4 is liable as debtor for the claims to secure which the lien is asserted; and 5 (b) Against all goods belonging to others which have been deposited 6 at any time by the person who is liable as debtor for the claims to secure 7 which the lien is asserted, if such person had been so intrusted with the 8 possession of the goods that a pledge of the same by him at the time of 9 the deposit to one who took the goods in good faith for value would have 10 been valid.

1 Section 34. A warehouseman loses his lien —
2 (a) By surrendering possession; or 3 (b) By refusing to deliver the goods when a demand is made with 4 which he is bound to comply under this chapter.

1 Section 35. If a negotiable receipt is issued for goods, the ware- 2 houseman shall have no lien thereon, except for charges for storage and 3 preservation of those goods subsequent to the date of the receipt, unless 4 the receipt expressly enumerates other charges for which a lien is claimed. 5 In such case there shall be a lien for the charges enumerated, so far as 6 they are within the terms of section thirty-two although the amount 7 of the charges so enumerated is not stated in the receipt.
SECTION 36. A warehouseman having a lien valid against the person demanding the goods may refuse to deliver them to him until the lien is satisfied.

273 Mass. 293.

SECTION 37. Whether a warehouseman has a lien upon the goods or not, he is entitled to all remedies allowed by law to a creditor against his debtor, for the collection from the depositor of all charges and advances which the depositor has expressly or impliedly contracted with the warehouseman to pay.

SECTION 38. A warehouseman's lien for a claim which has become due may be satisfied as follows:

He shall give a written notice to the person on whose account the goods are held, and to any other person known by him to claim an interest in the goods by delivery in hand or by registered letter addressed to the last known place of business or abode of the person to be notified. The notice shall contain —

(a) An itemized statement of the warehouseman's claim, showing the sum due at the time of the notice and the date when it became due;

(b) A brief description of the goods against which the lien exists;

(c) A demand that the amount of the claim as stated in the notice, and of such further claim as shall accrue, shall be paid on or before a day mentioned, not less than ten days after the delivery of the notice if it is personally delivered, or after the time when the notice should reach its destination, according to the due course of post, if the notice is sent by mail; and

(d) A statement that unless the claim is paid within the time specified the goods will be advertised for sale and sold by auction at a specified time and place.

In accordance with the terms of a notice so given, a sale of the goods by auction may be had to satisfy any valid claim of the warehouseman for which he has a lien. The sale shall be had in the place where the lien was acquired, or, if such place is manifestly unsuitable, at the nearest suitable place. After the time for the payment of the claim specified in the notice to the depositor has elapsed, an advertisement of the sale, describing the goods to be sold, and stating the name of the owner or person on whose account the goods are held and the time and place of the sale, shall be published once a week for two consecutive weeks in a newspaper published in the place where such sale is to be held. The sale shall be held not less than fifteen days after the time of the first publication. If there is no newspaper published in such place, the advertisement shall be posted at least ten days before such sale in not less than six conspicuous places therein.

From the proceeds of such sale the warehouseman shall satisfy his lien, including the reasonable charges of notice, advertisement and sale. The balance, if any, of such proceeds shall be held by the warehouseman and delivered on demand to the person to whom he would have been bound to deliver or justified in delivering the goods.

At any time before the goods are so sold, any person claiming a right of property or possession therein may pay the warehouseman the amount necessary to satisfy his lien and to pay the reasonable expenses and liabilities incurred in serving notices and advertising and preparing for the sale up to the time of such payment. The warehouseman shall deliver
the goods to the person making such payment, if he is a person entitled, 
under this chapter, to their possession on payment of charges thereon;
otherwise, the warehouseman shall retain possession of the goods accord-
ing to the terms of the original contract of deposit.

Section 39. If goods are perishable, or by keeping will deteriorate
greatly in value, or by their odor, leakage, inflammability or explosive
nature will be likely to injure other property, the warehouseman may
give such notice to the owner, or to the person in whose name the goods
are stored, as is reasonable and possible under the circumstances, to sat-
ify the lien upon such goods and to remove them from the warehouse;
and in the event of the failure of such person to satisfy the lien and to
remove the goods within the time so specified, the warehouseman may
sell the goods at public or private sale without advertising. If after a
reasonable effort he is unable to sell such goods, he may dispose of them
in any lawful manner, and shall incur no liability by reason thereof.
The proceeds of any sale made under this section shall be disposed
of in the same way as the proceeds of sales made under the preceding
section.

Section 40. The remedy for enforcing a lien herein provided shall
not preclude any other remedies allowed by law for the enforcement of
a lien against personal property, nor bar the right to recover so much
of the warehouseman’s claim as shall not be satisfied from the proceeds
of the sale of the property.

Section 41. After goods have been lawfully sold to satisfy a ware-
houseman’s lien, or have been lawfully sold or disposed of because of
their perishable or hazardous nature, the warehouseman shall not there-
after be liable for failure to deliver the goods to their depositor or owner,
or to a holder of the receipt given for them when they were deposited,
even if such receipt is negotiable.

Negotiation and transfer of receipts.

Section 42. A negotiable receipt may be negotiated by delivery —
(a) If, by its terms, the warehouseman undertakes to deliver the
goods to the bearer; or
(b) If, by its terms, the warehouseman undertakes to deliver the
goods to the order of a specified person, and such person or a subsequent
drawee of the receipt has endorsed it in blank or to bearer.
If, by the terms of a negotiable receipt, the goods are deliverable to
bearer, or if a negotiable receipt has been endorsed in blank or to bearer,
any holder may endorse the same to himself or to any other specified
person; and in such case the receipt shall thereafter be negotiated only
by the endorsement of such endorsee.

Section 43. A negotiable receipt may be negotiated by the endorse-
ment of the person to whose order the goods are, by its terms, deliverable.
Such endorsement may be in blank, to bearer or to a specified person. If
endorsed to a specified person, it may be again negotiated by the endorse-
ment of such person in blank, to bearer or to another specified person.
Subsequent negotiation may be made in like manner.
Section 44. A receipt which is not in such form that it can be negotiated by delivery may be transferred by the holder by delivery to a purchaser or donee.

A non-negotiable receipt may not be negotiated, and the endorsement of such a receipt gives the transferee no additional right.

Section 45. A negotiable receipt may be negotiated by any person in possession of the same, however such possession may have been acquired if, by its terms, the warehouseman undertakes to deliver the goods to the order of such person, or if at the time of the negotiation the receipt is in such form that it may be negotiated by delivery.

Section 46. A person to whom a negotiable receipt has been duly negotiated acquires thereby —

(a) Such title to the goods as the person negotiating the receipt to him had or had ability to convey to a purchaser in good faith for value, and also such title to the goods as the depositor or person to whose order the goods were to be delivered by the terms of the receipt had or had ability to convey to a purchaser in good faith for value; and

(b) The direct obligation of the warehouseman to hold possession of the goods for him according to the terms of the receipt as fully as if the warehouseman had contracted directly with him.

Section 47. A person to whom a receipt has been transferred, but not negotiated, acquires thereby, as against the transferor, the title to the goods, subject to the terms of any agreement with the transferor.

If the receipt is non-negotiable, such person also acquires the right to notify the warehouseman of the transfer, and thereby to acquire the direct obligation of the warehouseman to hold possession of the goods for him according to the terms of the receipt.

Prior to the notification of the warehouseman by the transferor or transferee of a non-negotiable receipt, the title of the transferee to the goods and the right to acquire the obligation of the warehouseman may be defeated by attachment by trustee process or otherwise or by execution upon the goods by a creditor of the transferor, or by a notification to the warehouseman by the transferor or a subsequent purchaser from him of a subsequent sale of the goods by him.

Section 48. If a negotiable receipt is transferred for value by delivery, and the endorsement of the transferor is essential for negotiation, the transferee acquires a right against the transferor to compel him to endorse the receipt, unless a contrary intention appears. The negotiation shall take effect as of the time when the endorsement is actually made. This obligation may be specifically enforced.

Section 49. A person who for value negotiates or transfers a receipt by endorsement or delivery, including one who assigns for value a claim secured by a receipt, unless a contrary intention appears, warrants —

(a) That the receipt is genuine;

(b) That he has a legal right to negotiate or transfer it;

(c) That he has knowledge of no fact which would impair the validity or worth of the receipt; and

(d) That he has a right to transfer the title to the goods, and that they are merchantable or fit for a particular purpose whenever such
10 warranties would have been implied, if the contract of the parties had
11 been to transfer without a receipt the goods represented thereby.

1 Section 50. The endorsement of a receipt shall not make the en-
2 dorsor liable for any failure on the part of the warehouseman or pre-
3 vious endorsers of the receipt to fulfill their respective obligations.

1 Section 51. A mortgagee, pledgee or holder for security of a receipt,
2 who in good faith demands or receives payment of the debt for which such
3 receipt is security, whether from a party to a draft drawn for such debt
4 or from any other person, shall not by so doing be deemed to represent or
5 to warrant the genuineness of such receipt, or the quantity or quality of
6 the goods therein described.

1 Section 52. The validity of the negotiation of a receipt is not im-
2 paired by the fact that such negotiation was a breach of duty on the
3 part of the person making the negotiation, or that the owner of the re-
4 ceipt was induced by fraud, mistake or duress to intrust its possession
5 or custody to such person, if the person to whom the receipt was negoti-
6 ated, or a person to whom the receipt was subsequently negotiated, paid
7 value therefor, without notice of the breach of duty, or fraud, mistake
8 or duress.

1 Section 53. If a person having sold, mortgaged or pledged goods
2 which are in a warehouse, for which a negotiable receipt has been issued,
3 or having sold, mortgaged or pledged the negotiable receipt representing
4 such goods, continues in possession of the negotiable receipt, the sub-
5 sequent negotiation thereof by that person under any sale or other dis-
6 position thereof to any person receiving it in good faith, for value, and
7 without notice of the previous sale, mortgage or pledge, shall have the
8 same effect as if the first purchaser of the goods or receipt had expressly
9 authorized the subsequent negotiation.

1 Section 54. If a negotiable receipt has been issued for goods, no
2 seller’s lien or right of stoppage in transit shall defeat the rights of any
3 purchaser for value in good faith to whom such receipt has been negoti-
4 ated, whether such negotiation is prior or subsequent to the notification
5 to the warehouseman who issued such receipt of the seller’s claim to a
6 lien or right of stoppage in transit. Nor shall the warehouseman be
7 obliged to deliver or be justified in delivering the goods to an unpaid
8 seller unless the receipt is first surrendered for cancellation.

PENALTIES.

1 Section 55. A warehouseman, or any officer, agent or servant of a
2 warehouseman, who issues or aids in issuing a receipt, knowing that the
3 goods for which such receipt is issued have not been actually received
4 by such warehouseman, or are not under his actual control at the time
5 of issuing such receipt, shall be punished by a fine of not more than five
6 thousand dollars or by imprisonment in the state prison for not more
7 than five years, or in a jail or house of correction for not more than two
8 and one half years, or both.
SECTION 56. A warehouseman, or any officer, agent or servant of a warehouseman, who fraudulently issues or aids in fraudulently issuing a receipt for goods, knowing that it contains any false statement, shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

SECTION 57. A warehouseman, or any officer, agent or servant of a warehouseman, who issues or aids in issuing a duplicate or additional negotiable receipt for goods, knowing that a former negotiable receipt for the same goods or any part of them is outstanding and uncancelled, without plainly placing upon the face thereof the word “Duplicate”, except in the case of a lost or destroyed receipt after proceedings as provided for in section twenty-one, shall be punished by a fine of not more than five thousand dollars or by imprisonment in the state prison for not more than five years or in a jail or house of correction for not more than two and one half years, or both.

SECTION 58. If there are deposited with or held by a warehouseman goods of which he is owner, either solely or jointly or in common with others, such warehouseman, or any of his officers, agents or servants, who, knowing such ownership, issues or aids in issuing a negotiable receipt for such goods which does not state such ownership, shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

SECTION 59. A warehouseman, or any officer, agent or servant of a warehouseman, who delivers goods out of the possession of such warehouseman, knowing that a negotiable receipt the negotiation of which would transfer the right to the possession of such goods is outstanding and uncancelled, without obtaining the possession of such receipt at or before the time of such delivery, shall, except as provided in sections twenty-one and forty-one, be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

SECTION 60. Whoever deposits goods to which he has no title, or upon which there is a lien or mortgage, and takes for such goods a negotiable receipt which he afterwards negotiates for value with intent to deceive, and without disclosing his want of title or the existence of the lien or mortgage, shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

SECTION 61. Whoever, with intent to deceive, negotiates or transfers for value a receipt, knowing that any or all of the goods which by the terms thereof appear to have been received for storage by the warehouseman issuing the receipt, are not in the possession or control of such warehouseman, without disclosing this fact, shall be punished by a fine of not more than five thousand dollars or by imprisonment in the state prison for not more than five years or in a jail or house of correction for not more than two and a half years, or both.

SECTION 62. Whoever, with intent to injure or defraud, unlawfully sells, pledges, lends or in any other way disposes of, or permits or is a party to the unlawful selling, pledging, lending or other disposition of,
any property stored in a public warehouse, without the authority of the person in whose name the same is stored, shall be punished by a fine of not more than five thousand dollars and by imprisonment in the state prison for not more than three years.

1 Section 65. Whoever falsely makes, utters, forges or counterfeits, or whoever permits or is a party to the false making, uttering, forging or counterfeiting of, a warehouse receipt, certificate or other instrument, or of the signature of a warehouseman or of an endorser or other person to an instrument used to pass or to give title to property stored in a public warehouse, shall be punished by a fine of not more than five thousand dollars and by imprisonment in the state prison for not more than three years.

INTERPRETATION.

1 Section 65. In any case not provided for in this chapter, the rules of law and equity, including the law merchant, and in particular the rules relating to the law of principal and agent, and to the effect of fraud, misrepresentation, duress or coercion, mistake, bankruptcy or other invalidating cause, shall govern.

1 Section 66. Sections seven to sixty-five, inclusive, of this chapter may be cited as the warehouse receipts act, and shall be so interpreted and construed as to accomplish its general purpose to make uniform the law of those states enacting like laws.

SECTION 1. The sale in bulk of any part or the whole of a stock of merchandise, otherwise than in the ordinary course of trade and in the regular and usual prosecution of the seller's business, shall be fraudulent and void as against the creditors of the seller, unless the seller and purchaser, at least five days before the sale, make a full, detailed inventory, showing the quantity and, so far as possible with the exercise of reasonable diligence, the cost price to the seller of each article to be included in the sale; and unless the purchaser demands and receives from the seller a written list of names and addresses of creditors of the seller,
10 with the amount of indebtedness due or owing to each and certified by
11 the seller, on oath, to be, to the best of his knowledge and belief, a full
12 accurate and complete list of his creditors and of his indebtedness; and
13 unless the purchaser, at least five days before taking possession of such
14 merchandise, or paying therefor, notifies personally, or by registered
15 mail, every creditor whose name and address are stated in said list, of
16 the proposed sale and of the price, terms and conditions thereof.

1 Section 2. The words "seller" and "purchaser" as used in section
2 one shall include a corporation, association and a co-partnership, but
3 said section shall not apply to a sale by an executor, administrator,
4 receiver, assignee under a voluntary assignment for the benefit of credi-
5 tors, trustee in bankruptcy or any public officer under judicial process.

FORMATION OF THE CONTRACT.

1 Section 3. (1) A contract to sell goods is one whereby the seller
2 agrees to transfer the property in goods to the buyer for a consideration
3 called the price.
4 (2) A sale of goods is an agreement whereby the seller transfers the
5 property in goods to the buyer for a consideration called the price.
6 (3) A contract to sell or a sale may be absolute or conditional.
7 (4) There may be a contract to sell or a sale between one part owner
8 and another.

1 Section 4. Capacity to buy and sell shall be determined by the gen-
2 eral law concerning capacity to contract and to transfer and acquire
3 property.
4 Where necessaries are sold and delivered to an infant, or to a person
5 who by reason of mental incapacity or drunkenness is incompetent to
6 contract, he shall pay a reasonable price therefor.
7 Necessaries in this section mean goods suitable to the condition in
8 life of such infant or other person, and to his actual requirements at the
9 time of delivery.

FORMALITIES OF THE CONTRACT.

1 Section 5. A contract to sell or a sale may be in writing, either
2 with or without seal, or by word of mouth, or partly in writing and
3 partly by word of mouth, or may be inferred from the conduct of the
4 parties.

1 Section 6. (1) A contract to sell or a sale of any goods or choses
2 in action of the value of five hundred dollars or more shall not be en-
3 forceable by action unless the buyer shall accept part of the goods or
4 choses in action so contracted to be sold, or sold, and actually receive
5 the same, or give something in earnest to bind the contract, or in part
6 payment, or unless some note or memorandum in writing of the con-
7 tract or sale be signed by the party to be charged or his agent in that
8 behalf.
9 (2) This section shall apply to every such contract or sale, notwith-
10 standing that the goods may be intended to be delivered at some future
11 time, or may not at the time of such contract or sale be actually made,
12 procured, or provided, or fit or ready for delivery, or some act may be

the full agreed price if the sale was indivisible or to pay the agreed price for the goods in which the property passes if the sale was divisible.

Section 10. (1) If the contract is to sell specific goods, and subsequently, but before the risk passes to the buyer, without any fault on the part of the seller or the buyer, the goods wholly perish, the contract is thereby avoided.

(2) If the contract is to sell specific goods, and subsequently, but before the risk passes to the buyer, without any fault of the seller or the buyer, the goods in whole or material part of the goods so deteriorate in quality as to be substantially changed in character, the buyer may at his option treat the contract —

(a) As avoided, or

(b) As binding the seller to transfer the property in all of the existing goods or so much thereof as have not deteriorated, and as binding the buyer to pay the full agreed price if the contract was indivisible, or to pay the agreed price for so much of the goods as the seller, at the buyer's option, is bound to transfer if the contract was divisible.

THE PRICE.

Section 11. (1) The price may be fixed by the contract, or may be left to be fixed in such manner as may be agreed, or may be determined by the course of dealing between the parties.

(2) The price may be made payable in any personal property.

(3) Where transferring or promising to transfer any interest in real estate constitutes the whole or part of the consideration for transferring or for promising to transfer the property in goods, sections three to sixty-five, inclusive, shall not apply.

(4) Where the price is not determined under paragraphs (1) or (2) of this section the buyer must pay a reasonable price. What is a reasonable price is a question of fact dependent on the circumstances of each particular case.

Section 12. (1) Where there is a contract to sell or a sale of goods at a price or on terms to be fixed by a third person, and such person, without fault of the seller or the buyer, can not or does not fix the price or terms, the contract or the sale is thereby avoided; but if the goods or any part thereof have been delivered to and appropriated by the buyer he must pay a reasonable price therefor.

(2) Where such third person is prevented from fixing the price or terms by fault of the seller or the buyer, the party not in fault may have such remedies against the party in fault as are allowed by sections forty-one to fifty-nine, inclusive.

CONDITIONS AND WARRANTIES.

Section 13. (1) Where the obligation of either party to a contract to sell or a sale is subject to any condition which is not performed, such party may refuse to proceed with the contract or sale or he may waive performance of the condition. If the other party has promised that the condition should happen or be performed, such first mentioned party
may also treat the non-performance of the condition as a breach of warranty.

(2) Where the property in the goods has not passed, the buyer may treat the fulfillment by the seller of his obligation to furnish goods as described and as warranted expressly or by implication in the contract to sell as a condition of the obligation of the buyer to perform his promise to accept and pay for the goods.

**SECTION 14.** Any affirmation of fact or any promise by the seller relating to the goods is an express warranty if the natural tendency of such affirmation or promise is to induce the buyer to purchase the goods, and if he purchases the goods relying thereon. No affirmation of the value of the goods, nor any statement purporting to be a statement of the seller’s opinion only, shall be construed as a warranty.

**SECTION 15.** In a contract to sell or a sale, unless a contrary intention appears, there is —

(1) An implied warranty on the part of the seller that in the case of a sale he has a right to sell the goods, and that in the case of a contract to sell he will have a right to sell the goods at the time when the property is to pass.

(2) An implied warranty that the buyer shall have and enjoy quiet possession of the goods as against any lawful claims existing at the time of the sale.

(3) An implied warranty that the goods shall be free at the time of the sale from any charge or encumbrance in favor of any third person not declared or known to the buyer before or at the time when the contract or sale is made.

(4) This section shall not, however, render liable a sheriff, auctioneer, mortgagee or other person professing to sell by virtue of authority in fact or law goods in which a third person has a legal or equitable interest.

**SECTION 16.** Where there is a contract to sell or a sale of goods by description, there is an implied warranty that the goods shall correspond with the description and if the contract or sale be by sample, as well as by description, it is not sufficient that the bulk of the goods corresponds with the sample if they do not also correspond with the description.

**SECTION 17.** There is no implied warranty or condition as to the quality or fitness for any particular purpose of goods supplied under a contract to sell or a sale, except as follows:

(1) Where the buyer, expressly or by implication, makes known to the seller the particular purpose for which the goods are required, and it appears that the buyer relies on the seller’s skill or judgment, whether he be the grower or manufacturer or not, there is an implied warranty that the goods shall be reasonably fit for such purpose.

(2) Where the goods are bought by description from a seller who deals in goods of that description, whether he be the grower or manufacturer or not, there is an implied warranty that they shall be of merchantable quality.
(3) If the buyer has examined the goods, there is no implied warranty as regards defects which such examination ought to have revealed.
(4) In the case of a contract to sell or a sale of a specified article under its patent or other trade name, there is no implied warranty as to its fitness for any particular purpose.

Section 18. In the case of a contract to sell or a sale by sample

(a) There is an implied warranty that the bulk shall correspond with the sample in quality.
(b) There is an implied warranty that the buyer shall have a reasonable opportunity of comparing the bulk with the sample, except as otherwise provided in section thirty-six (3).
(c) If the seller is a dealer in goods of that kind, there is an implied warranty that the goods shall be free from any defect, rendering them unmerchantable, which would not be apparent on reasonable examination of the sample.

Section 19. If the contract is to sell unascertained goods no property therein passes to the buyer unless and until the goods are ascertained, but property in an indivisible share of ascertained goods may pass as provided in section eight.

Section 20. (1) If the contract is to sell specific or ascertained goods, the property therein passes to the buyer at such time as the parties to the contract intend.
(2) For the purpose of ascertaining the intention of the parties, regard shall be had to the terms of the contract, the conduct of the parties, usages of trade, and the circumstances of the case.

Section 21. Unless a different intention appears, the following rules for ascertaining the intention of the parties as to the time when the property in the goods is to pass to the buyer shall govern:

Rule 1. If there is an unconditional contract to sell specific goods, in a deliverable state, the property in the goods passes to the buyer when the contract is made, and it is immaterial whether the time of payment or the time of delivery, or both, be postponed.

Rule 2. If there is a contract to sell specific goods and the seller is bound to do something to the goods for the purpose of putting them into a deliverable state, the property does not pass until such thing be done.

Rule 3. (1) When goods are delivered to the buyer "on sale or return", or on other terms indicating an intention to make a present sale but to give the buyer an option to return the goods instead of paying the price, the property passes to the buyer on delivery, but he may revest the property in the seller by returning or tendering the goods within the time fixed in the contract, or if no time has been fixed, within a reasonable time.
(2) When goods are delivered to the buyer on approval or on trial or on satisfaction, or other similar terms, the property therein passes to the buyer —

(a) When he signifies his approval or acceptance to the seller or does any other act adopting the transaction.

(b) If he does not signify his approval or acceptance to the seller, but retains the goods without giving notice of rejection, then, if a time has been fixed for the return of the goods, on the expiration of such time, or, if no time has been fixed, on the expiration of a reasonable time. What is a reasonable time is a question of fact.

Rule 4. (1) If there is a contract to sell unascertained or future goods by description, and goods of that description and in a deliverable state are unconditionally appropriated to the contract, either by the seller with the assent of the buyer, or by the buyer with the assent of the seller, the property in the goods thereupon passes to the buyer. Such assent may be expressed or implied, and may be given either before or after the appropriation is made.

(2) Where, in pursuance of a contract to sell, the seller delivers the goods to the buyer, or to a carrier or other bailee, whether named by the buyer or not, for the purpose of transmission to or holding for the buyer, he is presumed to have unconditionally appropriated the goods to the contract, except in the cases provided for in rule five and in the following section. This presumption is applicable, although by the terms of the contract, the buyer is to pay the price before receiving delivery of the goods, and they are marked with the words “collect on delivery” or their equivalent.

Rule 5. If a contract to sell requires the seller to deliver the goods to the buyer, or at a particular place, or to pay the freight or cost of transportation to the buyer, or to a particular place, the property does not pass until the goods have been delivered to the buyer or have reached the place agreed upon.

Section 22. If there is a contract to sell specific goods, or if goods are subsequently appropriated to the contract, the seller may, by the terms of the contract or appropriation, reserve the right of possession or property in the goods until certain conditions have been fulfilled. The right of possession or property may thus be reserved notwithstanding the delivery of the goods to the buyer, or to a carrier or other bailee for the purpose of transmission to the buyer.

Section 23. In a sale by auction —

(1) Where goods are put up in lots, each lot is the subject of a separate contract of sale.

(2) Such sale is complete when the auctioneer announces its completion by the fall of the hammer, or in other customary manner. Until such announcement is made any bidder may retract; and the auctioneer may withdraw the goods from sale unless the auction has been announced to be without reserve.

(3) A right to bid may be reserved expressly by or on behalf of the seller.

(4) If notice has not been given that such sale is subject to a right to bid on behalf of the seller, it shall be unlawful for the seller to bid himself or to employ or induce any person to bid on his behalf, or for the
14 auctioneer to employ or induce any person to bid on behalf of the seller
15 or knowingly to take any bid from the seller or any person employed by
16 him. Any sale contravening this paragraph may be treated as fraudulent
17 by the buyer.

1 Section 21. Unless otherwise agreed, the goods remain at the seller's
2 risk until the property therein passes to the buyer, but when the prop-
3 erty therein has so passed the goods are at the buyer's risk whether
4 delivery has been made or not, except that —
5 (a) If delivery of the goods has been made to the buyer, or to a bailee
6 for the buyer, in pursuance of the contract and the property in the goods
7 has been retained by the seller merely to secure performance by the
8 buyer of his obligations under the contract, the goods are at the buyer's
9 risk from the time of such delivery.
10 (b) If delivery has been delayed through the fault of either buyer or
11 seller, the goods are at the risk of the party in fault as regards any loss
12 which might not have occurred but for such fault.

TRANSFER OF TITLE.

1 Section 25. (1) If goods are sold by a person who is not the owner
2 thereof, and who does not sell them under the authority or with the con-
3 sent of the owner, the buyer acquires no better title to the goods than
4 the seller had, unless the owner of the goods is by his conduct precluded
5 from denying the seller's authority to sell.
6 (2) Nothing in this chapter, however, shall affect —
7 (a) Any law relating to factors or the recording of instruments, or
8 enabling the apparent owner of goods to dispose of them as if he were
9 the true owner thereof.
10 (b) The validity of any contract to sell or sale under any special com-
11 mon law or statutory power of sale or under the order of a court of
12 competent jurisdiction.

1 Section 26. If the seller of goods has a voidable title thereto, but
2 his title has not been avoided at the time of the sale, the buyer ac-
3 quires a good title to the goods; provided, that he buys them in good
4 faith, for value, and without notice of the seller's defect of title.

1 Section 27. If a person having sold goods continues in possession
2 thereof, or of negotiable documents of title thereto, the delivery or
3 transfer by such person, or by an agent acting for him, of the goods or
4 documents of title under any sale, pledge, or other disposition thereof,
5 to any person receiving and paying value for the same in good faith and
6 without notice of the previous sale, shall have the same effect as if the
7 person making the delivery or transfer were expressly authorized by the
8 owner of the goods to make the same.

1 Section 28. If a person having sold goods continues in possession
2 thereof, or of negotiable documents of title thereto, and such retention of
3 possession is fraudulent in fact or is deemed fraudulent under any rule
4 of law, a creditor of the seller may treat the sale as void.

person named in such document, is a negotiable document of title. If
such a document is a bill of lading, it shall be subject to chapter one
hundred and eight; if a warehouse receipt, dock warrant, or however
otherwise described, it shall be subject to chapter one hundred and five,
and for the purposes of this section, the word, “receipt” as used in said
chapter shall mean document of title, and the word “warehouseman”,
as so used, shall mean bailee.

PERFORMANCE OF THE CONTRACT.

Section 30. It shall be the duty of the seller to deliver the goods,
and of the buyer to accept and pay for them, in accordance with the
terms of the contract to sell or sale.
263 Mass. 391.

Section 31. Unless otherwise agreed, delivery of the goods and
payment of the price are concurrent conditions; that is to say, the seller
must be ready and willing to give possession of the goods to the buyer in
exchange for the price, and the buyer must be ready and willing to pay
the price in exchange for possession of the goods.

Section 32. (1) Whether it is for the buyer to take possession of the
goods or for the seller to send them to the buyer, depends in each case on
the contract, express or implied, between the parties. Apart from any
such contract, express or implied, or usage of trade to the contrary, the
place of delivery is the seller’s place of business, if he has one, and if not,
his residence; but in case of a contract to sell or a sale of specific goods,
which to the knowledge of the parties when the contract or the sale was
made were in some other place, then that place is the place of delivery.
(2) If by a contract to sell or a sale the seller is bound to send the
goods to the buyer, but no time for sending them is fixed, the seller is
bound to send them within a reasonable time.
(3) If the goods at the time of sale are in the possession of a third per-
son, the seller does not fulfil his obligation to deliver to the buyer unless
and until such third person acknowledges to the buyer that he holds the
goods on the buyer’s behalf; but as against all others than the seller the
buyer shall be regarded as having received delivery from the time when
such third person first has notice of the sale. Nothing in this section,
however, shall affect the operation of the issue or transfer of any docu-
ment of title to goods.
(4) Demand or tender of delivery may be treated as ineffectual unless
made at a reasonable hour. What is a reasonable hour is a question of
fact.
(5) Unless otherwise agreed, the expenses of and incident to putting
the goods into a deliverable state shall be borne by the seller.

Section 33. (1) If the seller delivers to the buyer a quantity of
goods less than he contracted to sell, the buyer may reject them, but if
the buyer accepts or retains the goods so delivered, knowing that the
seller will not perform the contract in full, he shall pay for them at the
contract rate. If, however, the buyer has used or disposed of the goods
delivered before he knows that the seller will not so perform, the buyer
shall not be liable for more than the fair value to him of the goods so
received.
9 (2) If the seller delivers to the buyer a quantity of goods larger than he contracted to sell, the buyer may accept the goods included in the contract and reject the rest, or he may reject the whole. If the buyer accepts the whole of the goods so delivered he shall pay for them at the contract rate.

14 (3) If the seller delivers to the buyer the goods which he contracted to sell mixed with goods of a different description not included in the contract, the buyer may accept the goods which are in accordance with the contract and reject the rest, or he may reject the whole.

18 (4) The provisions of this section are subject to any usage of trade, special agreement, or course of dealing between the parties.

1 Section 34. (1) Unless otherwise agreed, the buyer of goods is not bound to accept delivery thereof by instalments.

2 (2) If there is a contract to sell goods to be delivered by stated instalments, which are to be separately paid for, and the seller makes defective deliveries in respect of one or more instalments, or the buyer neglects or refuses to take delivery of or pay for one or more instalments, it depends in each case on the terms of the contract and the circumstances of the case whether the breach of contract is so material as to justify the injured party in refusing to proceed further and suing for damages for breach of the entire contract, or whether the breach is severable, giving rise to a claim for compensation, but not to a right to treat the whole contract as broken.

1 Section 35. (1) If, in pursuance of a contract to sell or a sale, the seller is authorized or required to send the goods to the buyer, delivery of the goods to a carrier, whether named by the buyer or not, for the purpose of transmission to the buyer, is deemed a delivery of the goods to the buyer, except in the cases provided for in rule five of section twenty-one, or unless a contrary intent appears.

2 (2) Unless otherwise authorized by the buyer, the seller shall make such contract with the carrier on behalf of the buyer as may be reasonable, having regard to the nature of the goods and the other circumstances of the case. If the seller omits so to do, and the goods are lost or damaged in course of transit, the buyer may decline to treat the delivery to the carrier as a delivery to himself, or may hold the seller responsible in damages.

14 (3) Unless otherwise agreed, if goods are sent by the seller to the buyer under circumstances wherein the seller knows or ought to know that it is usual to insure, the seller shall give such notice to the buyer as may enable him to insure them during their transit, and, if the seller fails so to do, the goods shall be deemed to be at his risk during such transit.

1 Section 36. (1) If goods which he has not previously examined are delivered to the buyer, he is not deemed to have accepted them unless the purpose of ascertaining whether they conform to the contract.

5 (2) Unless otherwise agreed, when the seller tenders delivery of goods to the buyer, he is bound, on request, to afford the buyer a reasonable opportunity of examining the goods for the purpose of ascertaining whether they conform to the contract.

9 (3) If goods are delivered to a carrier by the seller, in accordance with an order from or agreement with the buyer, upon the terms that they

shall not be delivered by the carrier to the buyer until he has paid the price, whether such terms are indicated by marking the goods with the words "collect on delivery", or otherwise, the buyer is not entitled to examine the goods before payment of the price in the absence of an agreement permitting such examination.

SECTION 37. The buyer is deemed to have accepted the goods when he intimates to the seller that he has accepted them, or when the goods have been delivered to him and he does any act in relation thereto which is inconsistent with the seller's ownership, or when, after the lapse of a reasonable time, he retains the goods without intimating to the seller that he has rejected them.

SECTION 38. In the absence of an express or implied agreement of the parties, acceptance of the goods by the buyer shall not discharge the seller from liability in damages or other legal remedy for breach of any promise or warranty in the contract to sell or the sale. But, if, after acceptance of the goods, the buyer fails to give notice to the seller of the breach of any promise or warranty within a reasonable time after the buyer knows, or ought to know of such breach, the seller shall not be liable therefor.

SECTION 39. Unless otherwise agreed, if goods are delivered to the buyer, and he refuses to accept them, having the right so to do, he is not bound to return them to the seller, but it is sufficient if he notifies the seller that he refuses to accept them.

SECTION 40. When the seller is ready and willing to deliver the goods, and requests the buyer to take delivery, and the buyer does not do so within a reasonable time after such request, he is liable to the seller for any loss caused by his neglect or refusal so to do, and also for a reasonable charge for the care and custody of the goods. If the neglect or refusal of the buyer to take delivery amounts to a repudiation or breach of the entire contract, the seller shall have the rights against the goods and on the contract hereinafter provided in favor of the seller when the buyer is in default.

RIGHTS OF UNPAID SELLER AGAINST THE GOODS.

SECTION 41. (1) The seller of goods is deemed to be an unpaid seller within the meaning of this chapter —

(a) When the whole of the price has not been paid or tendered.

(b) When a bill of exchange or other negotiable instrument has been received as conditional payment, and the condition on which it was received has been broken by reason of the dishonor of the instrument, the insolvency of the buyer, or otherwise.

(2) In sections forty-one to fifty-one, inclusive, the term "seller" includes an agent of the seller to whom the bill of lading has been endorsed, or a consignor or agent who has himself paid, or is directly responsible for, the price, or any other person who is in the position of a seller.

SECTION 42. (1) Notwithstanding that the property in the goods may have passed to the buyer, the unpaid seller of goods, as such, has —
3 (a) A lien on the goods or right to retain them for the price while in possession of them.
5 (b) In case of the insolvency of the buyer, a right of stopping the goods in transit after he has parted with their possession.
7 (c) A right of re-sale as hereinafter limited.
8 (d) A right to rescind the sale as hereinafter limited.
9 (2) If the property in goods has not passed to the buyer, the unpaid seller has, in addition to his other remedies, a right to withhold delivery similar to and co-extensive with his rights of lien and stoppage in transit where the property has passed to the buyer.

UNPAID SELLER'S LIEN.

1 Section 43. (1) The unpaid seller of goods in possession of them is entitled to retain such possession until payment or tender of the price in the following cases:
2 (a) If the goods have been sold without any stipulation as to credit.
3 (b) If the goods have been sold on credit, but the term of credit has expired.
4 (c) If the buyer becomes insolvent.
5 (2) The seller may exercise his right of lien notwithstanding that he is in possession of the goods as agent or bailee for the buyer.

1 Section 44. If an unpaid seller has made part delivery of the goods, he may exercise his right of lien on the remainder, unless such part delivery was made under such circumstances as to show an intent to waive the lien or right of retention.

1 Section 45. (1) The unpaid seller of goods loses his lien thereon —
2 (a) When he delivers the goods to a carrier or other bailee for the purpose of transmission to the buyer without reserving the property in the goods or the right to the possession thereof.
3 (b) When the buyer or his agent lawfully obtains possession of the goods.
4 (c) By waiver thereof.
5 (2) The unpaid seller of goods, having a lien thereon, does not lose his lien by reason only that he has obtained a judgment or decree for the price of the goods.

STOPPAGE IN TRANSIT.

1 Section 46. When the buyer of goods is or becomes insolvent, the unpaid seller who has parted with the possession of the goods has the right of stopping them in transit; that is to say, he may resume possession of the goods at any time while they are in transit, and he will then become entitled to the same rights relative to the goods which he would have had if he had never parted with the possession.

1 Section 47. (1) Goods are in transit within the meaning of the preceding section —
2 (a) From the time when delivered to a carrier by land or water, or other bailee, for the purpose of transmission to the buyer, until the buyer, or his agent in that behalf, takes delivery of them from such carrier or other bailee.
(b) If the goods are rejected by the buyer, and the carrier or other bailee continues in possession of them, even if the seller has refused to receive them back.

(2) Goods are no longer in transit within the meaning of the preceding section —

(a) If the buyer, or his agent in that behalf, obtains delivery of the goods before their arrival at the appointed destination.

(b) If, after the arrival of the goods at such destination, the carrier or other bailee acknowledges to the buyer or his agent that he holds the goods on his behalf and continues in their possession as bailee for the buyer or his agent; and it is immaterial that a further destination for the goods may have been indicated by the buyer.

(c) If the carrier or other bailee wrongfully refuses to deliver the goods to the buyer, or his agent in that behalf.

(3) If goods are delivered to a ship chartered by the buyer, it depends on the circumstances of the particular case whether they are in the possession of the master as a carrier, or as agent of the buyer.

(4) If part delivery of the goods has been made to the buyer, or his agent in that behalf, the remainder of the goods may be stopped in transit, unless such part delivery has been made under such circumstances as to show an agreement with the buyer to give up possession of the whole of the goods.

Section 48. (1) The unpaid seller may exercise his right of stoppage in transit either by obtaining actual possession of the goods, or by giving notice of his claim to the carrier or other bailee in possession thereof.

Such notice may be given either to the person in actual possession of the goods or to his principal. In the latter case the notice, to be effectual, must be given at such time and under such circumstances that the principal, by the exercise of reasonable diligence, may prevent a delivery to the buyer.

(2) When notice of stoppage in transit is given by the seller to the carrier or other bailee in possession of the goods, he must re-deliver them to, or according to the direction of, the seller, at the latter’s expense. If, however, a negotiable document of title representing the goods has been issued by the carrier or other bailee, he shall not be obliged to deliver, or be justified in delivering, the goods to the seller unless such document is first surrendered for cancellation.

Re-sale by the seller.

Section 49. (1) If the goods are perishable, or if the seller expressly reserves the right of re-sale in case the buyer makes default, or if the buyer has been in default in the payment of the price an unreasonable time, an unpaid seller having a right of lien or having stopped the goods in transit may re-sell the goods. He shall not thereafter be liable to the original buyer upon the contract to sell or upon the sale, or for any profit made by such re-sale, but may recover from the buyer damages for any loss occasioned by the buyer’s breach.

(2) If a re-sale is made, as authorized by this section, the buyer acquires a good title as against the original buyer.

(3) It is not essential to the validity of a re-sale that notice of an intention to re-sell the goods be given by the seller to the original buyer. But if the right to re-sell is not based on the perishable nature of the goods...
14 goods or upon an express provision of the contract or of the sale, the 
15 giving or failure to give such notice shall be relevant in any issue involving 
16 the question whether the buyer had been in default an unreasonable 
17 time.
18 (4) It is not essential to the validity of a re-sale that notice of the 
19 time and place thereof be given by the seller to the original buyer.
20 (5) The seller is bound to exercise reasonable care and judgment in 
21 making a re-sale, and subject to this requirement may make a re-sale 
22 either by public or private sale.

RESCISSON BY THE SELLER.

1 Section 50. (1) An unpaid seller having a right of lien or having 
2 stopped the goods in transit, may rescind the transfer of title and resume 
3 the property in the goods, if he expressly reserved the right to do so in case 
4 of the buyer’s default, or if the buyer has been in default in the payment 
5 of the price an unreasonable time. The seller shall not thereafter be 
6 liable to the buyer upon the contract to sell or the sale, but may recover 
7 from the buyer damages for any loss occasioned by the buyer’s breach.
8 (2) The transfer of title shall not be held to have been rescinded by 
9 an unpaid seller until he has manifested by notice to the buyer or by 
10 some other overt act an intention to rescind. Such overt act need not 
11 be communicated to the buyer, but the giving or failure to give notice to 
12 the buyer of the intention to rescind shall be relevant in any issue in- 
13 volving the question whether the buyer had been in default an unreason- 
14 able time.

1 Section 51. Subject to section fifty-four of chapter one hundred 
2 and five and section forty of chapter one hundred and eight, the unpaid 
3 seller’s right of lien or stoppage in transit is not affected by any sale or 
4 other disposition of the goods which the buyer may have made, unless 
5 the seller has assented thereto.

Actions for Breach of the Contract.

1 Section 52. (1) If, under a contract to sell or a sale, the property in 
2 the goods has passed to the buyer, and the buyer wrongfully neglects or 
3 refuses to pay therefor according to the terms of the contract or the sale, 
4 the seller may maintain an action against him for the price.
5 (2) If, under a contract to sell or a sale, the price is payable on a day 
6 certain, irrespective of delivery or of transfer of title, and the buyer wrong- 
7 fully neglects or refuses to pay such price, the seller may maintain an 
8 action for the price, although the property in the goods has not passed, 
9 and the goods have not been appropriated to the contract. But it shall 
10 be a defence to such an action that the seller at any time before judgment 
11 in such action has manifested an inability to perform the contract or the 
12 sale on his part or an intention not to perform it.
13 (3) Although the property in the goods has not passed, if they cannot 
14 readily be re-sold for a reasonable price, and if the provisions of paragraph 
15 (4) of the following section are not applicable, the seller may offer to 
16 deliver the goods to the buyer, and, if the buyer refuses to receive them, 
17 may notify the buyer that the goods are thereafter held by the seller as 
18 bailee for the buyer. Thereafter the seller shall treat the goods as the 
19 buyer’s, and may maintain an action for the price.

**Section 53.** (1) If the buyer wrongfully neglects or refuses to accept and pay for the goods, the seller may maintain an action against him for damages for non-acceptance.

(2) The measure of damages shall be the estimated loss directly and naturally resulting, in the ordinary course of events, from the buyer’s breach of contract.

(3) If there is an available market for the goods in question, the measure of damages, in the absence of special circumstances showing proximate damage of a greater amount, shall be the difference between the contract price and the market or current price at the time when the goods ought to have been accepted, or, if no time was fixed for acceptance, then at the time of the refusal to accept.

(4) If, while labor or expense of material amount are necessary on the part of the seller to enable him to fulfill his obligations under the contract to sell or the sale, the buyer repudiates the contract or the sale, or notifies the seller to proceed no further therewith, the buyer shall be liable to the seller for no greater damages than the seller would have suffered if he did nothing toward carrying out the contract or the sale after receiving notice of the buyer’s repudiation or countermand. The 19 profit which the seller would have made if the contract or the sale had been fully performed shall be considered in estimating such damages.

**Section 54.** If the goods have not been delivered to the buyer, and the buyer has repudiated the contract to sell or sale, or has manifested his inability to perform his obligations thereunder, or has committed a material breach thereof, the seller may totally rescind the contract or the sale by giving notice of his election so to do to the buyer.

**Section 55.** If the property in the goods has passed to the buyer and the seller wrongfully neglects or refuses to deliver them, the buyer may maintain any action allowed by law to the owner of goods of similar kind wrongfully converted or withheld.

**Section 56.** (1) If the property in the goods has not passed to the buyer, and the seller wrongfully neglects or refuses to deliver them, the buyer may maintain an action against the seller for damages for non-delivery.

(2) The measure of damages shall be the loss directly and naturally resulting, in the ordinary course of events, from the seller’s breach of contract.

(3) If there is an available market for the goods, the measure of damages, in the absence of special circumstances showing proximate damages of a greater amount, shall be the difference between the contract price and the market or current price of the goods at the time when they ought to have been delivered, or, if no time was fixed, then at the time of the refusal to deliver.

**Section 57.** If the seller has broken a contract to deliver specific or ascertained goods, a court having the powers of a court of equity may, if it thinks fit, on the application of the buyer, by its judgment or decree direct that the contract shall be performed specifically, without giving the seller the option of retaining the goods on payment of damages. The judgment or decree may be unconditional, or upon such
7 terms and conditions as to damages, payment of the price and other-
8 wise, as the court may deem just.

1 Section 58. (1) If there is a breach of warranty by the seller, the
2 buyer may, at his election —
3 (a) Accept or keep the goods and set up against the seller the breach
4 of warranty by way of recoupment in diminution or extinction of the
5 price.
6 (b) Accept or keep the goods and maintain an action against the
7 seller for damages for such breach.
8 (c) Refuse to accept the goods, if the property therein has not passed,
9 and maintain an action against the seller for damages for such breach.
10 (d) Rescind the contract to sell or the sale and refuse to receive the
11 goods, or if they have already been received, return them or offer to re-
12 turn them to the seller and recover the price or any part thereof which
13 has been paid.
14 (2) When the buyer has claimed and has been granted a remedy in
15 any one of these ways, no other remedy shall thereafter be granted.

16 (3) If the goods have been delivered to the buyer, he cannot rescind
17 the sale if he knew of the breach of warranty when he accepted them, or
18 if he fails to notify the seller within a reasonable time of the election
19 to rescind, or if he fails to return or to offer to return the goods to the
20 seller in substantially as good condition as they were in at the time when
21 the property passed. But if deterioration or injury of the goods is due
22 to the breach of warranty, such deterioration or injury shall not pre-
23 vent the buyer from returning or offering to return the goods to the
24 seller and rescinding the sale.

25 (4) If the buyer is entitled to rescind the sale and elects so to do, the
26 buyer shall cease to be liable for the price upon returning or offering to
27 return the goods. If the price or any part thereof has already been
28 paid, the seller shall be liable to repay so much thereof as has been paid,
29 concurrently with the return of the goods, or immediately after an offer
30 to return them in exchange for repayment of the price.

31 (5) If the buyer is entitled to rescind the sale and elects so to do, and
32 the seller refuses to accept an offer of the buyer to return the goods, the
33 buyer shall thereafter be deemed to hold the goods as bailee for the
34 seller, but subject to a lien to secure the repayment of any portion of
35 the price which has been paid, and with the remedies for the enforce-
36 ment of such lien allowed to an unpaid seller by section forty-two.

37 (6) The measure of damages for breach of warranty shall be the loss
38 directly and naturally resulting, in the ordinary course of events, from
39 such breach.

40 (7) In case of breach of warranty of quality, such loss, in the absence
41 of special circumstances showing proximate damage of a greater amount,
42 shall be the difference between the value of the goods at the time of de-
43 livery to the buyer and the value they would have had if answering to
44 the warranty.

1 Section 59. Nothing in this chapter shall affect the right of the
2 buyer or of the seller to recover interest or special damages in any case
3 where by law recoverable, or to recover money paid where the consider-
4 ation for the payment has failed.
INTERPRETATION.

Section 60. If any right, duty or liability would arise under a contract to sell or a sale by implication of law, it may be negatived or varied by express agreement or by the course of dealing between the parties, or by custom, if the custom is such as to bind both parties to the contract or sale.

Section 61. If any right, duty or liability is declared by sections three to fifty-nine, inclusive, it may, unless otherwise herein provided, be enforced by action.

Section 62. In any case not provided for in said sections, the rules of law and equity, including the law merchant, and in particular the rules relating to the law of principal and agent and to the effect of fraud, misrepresentation, duress or coercion, mistake, bankruptcy, or other invalidating cause, shall continue to apply to contracts to sell and to sales of goods.

Section 63. Said sections shall be so interpreted and construed, if possible, as to effectuate their general purpose to make uniform the law of those states which enact them, and may be cited as the sales act.

Section 64. The provisions of said sections relating to contracts to sell and to sales shall not apply, unless so stated, to any transaction in the form of a contract to sell or a sale which is intended to operate by way of mortgage, pledge, charge or other security.

Section 65. (1) The following words, as used in sections three to sixty-four, inclusive, unless the context or subject matter otherwise requires, shall have the following meaning:

"Action" includes counter-claim, set-off and suit in equity.

"Buyer", a person who buys or agrees to buy goods, or any legal successor in interest of such person.

"Defendant" includes a plaintiff against whom a right of set-off or counter-claim is asserted.

"Delivery", voluntary transfer of possession from one person to another.

"Divisible contract to sell" or "divisible sale", a contract to sell or a sale wherein by its terms the price for a portion or portions of the goods less than the whole is fixed or ascertainable by computation.

"Document of title to goods" includes any dock warrant, or order for the delivery of goods, or any other document used in the ordinary course of business in the sale or transfer of goods as proof of the possession or control of the goods, or authorizing or purporting to authorize the possessor of the document to transfer or receive, either by endorsement or by delivery, goods represented by such document.

"Fault", wrongful act or default.

"Fungible goods", goods of which any unit is from its nature or by mercantile usage treated as the equivalent of any other unit.

"Future goods", goods to be manufactured or acquired by the seller after the making of the contract of sale.
"Goods" include all chattels personal other than things in action and
money, emblements, industrial growing crops, and things attached to or
forming part of the land which are agreed to be severed before sale or
under the contract of sale.

"Order" in such of said sections as relate to documents of title means
an order by endorsement on the document.

"Person" includes a corporation or partnership or two or more persons
having a joint or common interest.

"Plaintiff" includes defendant asserting a right of set-off or counter-
claim.

"Property", the general property in goods, and not merely a special
property.

"Purchaser" includes mortgagee and pledgee.

"Purchases" includes taking as a mortgagee or as a pledgee.

"Quality of goods" includes their state or condition.

"Sale" includes a bargain and sale as well as a sale and delivery.

"Seller", a person who sells or agrees to sell goods, or any legal suc-
cessor in interest of such person.

"Specific goods", goods identified and agreed upon at the time a con-
tact to sell or a sale is made.

"Value", any consideration sufficient to support a simple contract.
An antecedent or pre-existing claim, whether for money or not, consti-
tutes value where goods or documents of title are taken either in satis-
faction thereof or as security therefor.

(2) A thing is done "in good faith" when it is in fact done honestly,
whether it be done negligently or not.

(3) A person is insolvent who either has ceased to pay his debts in the
ordinary course of business or cannot pay his debts as they become due,
whether he has committed an act of bankruptcy or not, and whether he
is insolvent within the meaning of the federal bankruptcy law or not.

(4) Goods are in a "deliverable state" when they are in such a state
that the buyer would, under the contract, be bound to take delivery of
them.

Section 1. The money of account of the commonwealth shall be the dollar, cent and mill. Proceedings in court, accounts in the public offices and other public accounts shall be had and kept in accordance herewith.

Section 2. The preceding section shall not vitiate or affect any account, charge or entry made, or a note, bond or other instrument expressed in any other money of account; but in a suit thereon such other money shall be reduced to dollars and fractions thereof.

R. L. 73, § 2.

INTEREST.

Section 3. If there is no agreement or provision of law for a different rate, the interest of money shall be at the rate of six dollars on each hundred for a year, but, except as provided in sections seventy-eight, ninety, ninety-two, ninety-six and one hundred of chapter one hundred and forty, it shall be lawful to pay, reserve or contract for any rate of interest or discount. No greater rate than that before mentioned shall be recovered in a suit unless the agreement to pay it is in writing.

REGISTRATION OF BONDS AND OTHER SECURITIES.

Section 4. A county, city, town or district or any corporation organized under the laws of the commonwealth may, at the request of the owner or holder of a bond, promissory note or certificate of indebtedness issued by it payable to bearer, at any time more than one year before maturity thereof, issue in exchange therefor a bond, note or certificate of the same effect, payable to the owner or holder by name. Coupon or registered bonds, notes or certificates of a city, town or district may be surrendered to the city, town or district treasurer for cancellation and in exchange therefor one or more registered bonds, notes or certificates having the same maturity and rate of interest, may be issued to the same or to a new owner or owners. In cities, such new bonds, notes or certificates shall be signed by the treasurer and countersigned by the
Obligations not to be issued or redeemed in numerical order.

1 Section 7. No person shall issue, negotiate or sell any bonds, certificates or obligations of any kind, which are by the terms thereof to be redeemed in numerical order or in any arbitrary order of precedence without reference to the amount previously paid thereon by the holder thereof, whether they are sold on the instalment plan or otherwise, nor shall any person redeem any bonds, certificates or obligations in such order, whether they are sold on the instalment plan or otherwise.

1 Section 8. Violations of the preceding section shall be punished by a fine of not more than two thousand dollars or by imprisonment for not more than one year. Any such violation, if by a domestic corporation, shall operate as a forfeiture of its franchise and, if by a foreign corporation, association or organization, as a discontinuance of its right to do business in the commonwealth; and the supreme judicial or superior court, upon the application of the commissioner of corporations and taxation, may enjoin such foreign corporation, association or organization from further continuing its business in the commonwealth. The court may appoint a receiver to take possession of the property of such corporation, association or organization, and to close up the business, subject to the order of the court.

Bills of exchange and other contracts.

1 Section 9. When a bill of exchange, drawn or endorsed within this commonwealth and payable beyond the limits of the United States, is duly protested for non-acceptance or non-payment, the party liable for damages on such instrument is liable for the sum so due the payee, as if the instrument had been drawn and negotiated within this commonwealth.
Section 10. In an action on a contract, other than a bill of exchange, for the payment of money beyond the limits of the United States, the amount to be recovered by the creditor shall be determined by the current rate of exchange on the date when such contract becomes due, with interest from such date.

Section 11. The rates of damages to be allowed upon a bill of exchange duly protested for non-acceptance or non-payment, if drawn or endorsed within this commonwealth and payable at a place beyond its limits but within the United States, shall, in addition to the principal thereof with interest and costs, be as follows: if payable in Maine, New Hampshire, Vermont, Rhode Island, Connecticut or New York, two per cent; in New Jersey, Pennsylvania, Maryland or Delaware, three per cent; in Virginia, West Virginia, North Carolina, South Carolina or Georgia, or in the District of Columbia, four per cent; and in any other of the United States or in any territory thereof, five per cent.

Section 12. The rate of damages upon a bill of exchange or order for the payment of not less than one hundred dollars, drawn or endorsed within the commonwealth and payable therein at a place not less than seventy-five miles distant from the place where it is drawn or endorsed, when such bill or order is not duly accepted or paid, shall be one per cent in addition to the principal thereof, with interest thereon.

General Provisions.

Section 13. The protest of a bill of exchange, promissory note or order for the payment of money certified by a notary public under his hand and official seal shall be prima facie evidence of the facts stated in such protest, and of the giving of notice to the drawer or endorser.

Section 14. A non-negotiable order or draft for money payable within the commonwealth in which no time of payment is expressed, shall be payable on demand. Section one hundred and eight shall apply to all non-negotiable instruments and contracts, except that non-negotiable contracts other than non-negotiable bills of exchange, drafts, promissory notes, checks and orders for the payment of money shall be payable or performable on Saturday when they fall due on that day, unless it is a holiday. Section one hundred and fifty-nine shall apply to non-negotiable bills of exchange and drafts.

Section 15. Except as provided in the preceding section, sections eighteen to two hundred and twelve, inclusive, shall apply to negotiable instruments only.
Section 16. A person becoming a party to a non-negotiable promissory note payable on time, by a signature in blank on the back thereof, shall be entitled to notice of non-payment the same as an endorser.

Section 17. A depositary of funds subject to withdrawal by check or demand draft may pay a check or demand draft drawn on it by a depositor having funds on deposit to pay the same, notwithstanding his death, upon presentation within ten days after its date.

3 “Bank” includes any person carrying on the business of banking, whether incorporated or not.

4 “Bearer”, the person in possession of a bill or note payable to bearer.

NEGOTIABLE INSTRUMENTS IN GENERAL.

Form and Interpretation.

SECTION 23. An instrument to be negotiable must conform to the following requirements:

124 Mass. 149.

1. It must be in writing and signed by the maker or drawer;

2. Must contain an unconditional promise or order to pay a sum certain in money;

3. Must be payable on demand or at a fixed or determinable future time;

4. Must be payable to order or to bearer; and

5. Where the instrument is addressed to a drawee he must be named or otherwise indicated therein with reasonable certainty.

3. Must be payable on demand or at a fixed or determinable future time;

Unconditional order or promise to pay. 1888, 533, § 3. R. L. 73, § 20. 4 Cash. 606. 137 Mass. 361.

SECTION 24. The sum payable is a sum certain within the meaning of sections eighteen to two hundred and twelve, inclusive, although it is to be paid:

1. With interest; or

2. By stated installments; or

3. By stated installments, with a provision that, upon default in payment of any installment or of interest, the whole shall become due; or

4. With exchange, whether at a fixed rate or at a current rate; or

5. With costs of collection or an attorney's fee, in case payment shall not be made at maturity.

SECTION 25. An unqualified order or promise to pay is unconditional within the meaning of sections eighteen to two hundred and twelve, inclusive, though coupled with:

266 Mass. 239.

1. An indication of a particular fund out of which reimbursement is to be made, or a particular account to be debited with the amount; or

2. A statement of the transaction which gives rise to the instrument. But, except as otherwise expressly provided by law, an order or promise to pay only out of a particular fund is not unconditional.

SECTION 26. An instrument is payable at a determinable future time, within the meaning of sections eighteen to two hundred and twelve, inclusive, which is expressed to be payable:

243 Mass. 218. 266 Mass. 239.

1. At a fixed period after date or sight; or

2. On or before a fixed or determinable future time specified therein; or
7 3. On or at a fixed period after the occurrence of a specified event, 8 Met. 12.
8 which is certain to happen, though the time of happening is uncertain.
9 An instrument payable upon a contingency is not negotiable, and the
10 happening of the event does not cure the defect.

1 Section 27. An instrument which contains an order or promise to
2 do any act in addition to the payment of money is not negotiable. But
3 the negotiable character of an instrument otherwise negotiable is not
4 affected by a provision which:
   R. L. 73, § 22. 266 Mass. 239. 271 Mass. 186.
5 1. Authorizes the sale of collateral securities in case the instrument is
6 not paid at maturity; or
7 2. Authorizes a confession of judgment if the instrument is not paid
8 at maturity; or
9 3. Waives the benefit of any law intended for the advantage or pro-
10 tection of the obligor; or
11 4. Gives the holder an election to require something to be done in
12 lieu of payment of money.
13 But nothing in this section shall validate any provision or stipulation
14 otherwise illegal.

1 Section 28. The validity and negotiable character of an instru-
2 ment are not affected by the fact that:
3 1. It is not dated; or
4 2. Does not specify the value given, or that any value has been given
5 therefor; or
6 3. Does not specify the place where it is drawn or the place where it
7 is payable; or
8 4. Bears a seal; or
9 5. Designates a particular kind of current money in which payment
10 is to be made.
11 But subdivision two shall not apply in cases where by statute the
12 nature of the consideration is required to be stated in the instrument.

1 Section 29. An instrument is payable on demand:
2 1. Where it is expressed to be payable on demand, at sight, or on
3 presentation; or
4 2. In which no time for payment is expressed.
5 Where an instrument is issued, accepted or endorsed, when overdue,
6 it is, as regards the person so issuing, accepting or endorsing it, payable
7 on demand.

1 Section 30. The instrument is payable to order where it is drawn
2 payable to the order of a specified person or to him or his order. It 1898, 533, § 8.
3 may be drawn payable to the order of:
4 1. A payee who is not maker, drawer or drawee; or
5 2. The drawer or maker; or
3. The drawee; or
4. Two or more payees jointly; or
5. One or some of several payees; or
6. The holder of an office for the time being.

Where the instrument is payable to order the payee must be named or otherwise indicated therein with reasonable certainty.

Section 31. The instrument is payable to bearer:

1. When it is expressed to be so payable; or
2. When it is payable to a person named therein or bearer; or
3. When it is payable to the order of a fictitious or non-existing person, and such fact was known to the person making it so payable; or
4. When the name of the payee does not purport to be the name of any person; or

11 Met. 276.
156 Mass. 508.

Section 32. The instrument need not follow the language of this chapter, but any terms are sufficient which clearly indicate an intention to conform to the requirements hereof.

Section 33. Where the instrument or an acceptance or any endorse-ment thereon is dated such date is deemed prima facie to be the true date of the making, drawing, acceptance or endorsement, as the case may be.

Section 34. The instrument is not invalid for the reason only that it is ante-dated or post-dated, provided this is not done for an illegal or fraudulent purpose. The person to whom an instrument so dated is delivered acquires the title thereto as of the date of delivery.

Section 35. Where an instrument expressed to be payable at a fixed period after date is issued undated, or where the acceptance of an instrument payable at a fixed period after sight is undated, any holder may insert therein the true date of issue or acceptance, and the instrument shall be payable accordingly. The insertion of a wrong date does not avoid the instrument in the hands of a subsequent holder in due course; but as to him the date so inserted is to be regarded as the true date.

Section 36. Where the instrument is wanting in any material particular the person in possession thereof has a prima facie authority to complete it by filling up the blanks therein. And a signature on a blank paper delivered by the person making the signature, in order that the paper may be converted into a negotiable instrument, operates as a prima facie authority to fill it up as such for any amount. In order, however, that any such instrument when completed may be enforced against any person who became a party thereto prior to its completion.
9 it must be filled up strictly in accordance with the authority given, and 10 within a reasonable time. But if any such instrument, after completion, 11 is negotiated to a holder in due course, it is valid and effectual for all 12 purposes in his hands, and he may enforce it as if it had been filled up 13 strictly in accordance with the authority given, and within a reasonable 14 time.

1 SECTION 37. Where an incomplete instrument has not been deliv- 2 ered it will not, if completed and negotiated without authority, be a 3 valid contract in the hands of any holder, as against any person whose 4 signature was placed thereon before delivery.

1 SECTION 38. Every contract on a negotiable instrument is incom- 2 plete and revocable until delivery of the instrument for the purpose of 3 giving effect thereto. As between immediate parties, and as regards 4 a remote party other than a holder in due course, the delivery, in order 5 to be effectual, must be made either by or under the authority of the 6 party making, drawing, accepting or endorsing, as the case may be; and 7 in such case the delivery may be shown to have been conditional, or 8 for a special purpose only, and not for the purpose of transferring the 9 property in the instrument. But where the instrument is in the hands 10 of a holder in due course a valid delivery thereof by all parties prior to 11 him so as to make them liable to him is conclusively presumed. Where 12 the instrument is no longer in the possession of a party whose signature 13 appears thereon a valid and intentional delivery by him is presumed 14 until the contrary is proved.

1 SECTION 39. Where the language of the instrument is ambiguous, 2 or there are omissions therein, the following rules of construction apply: 1874, 401. P. S. 77, § 15. 1898, 533, § 17. R. L. 73, § 34. 3 1. Where the sum payable is expressed in words and also in figures 4 and there is a discrepancy between the two the sum denoted by the 5 words is the sum payable; but if the words are ambiguous or uncertain 6 reference may be had to the figures to fix the amount; 7 2. Where the instrument provides for the payment of interest, with- 8 out specifying the date from which interest is to run, the interest runs 9 from the date of the instrument, and if the instrument is undated, from 10 the issue thereof; 11 3. Where the instrument is not dated it will be considered to be 12 dated as of the time it was issued; 13 4. Where there is a conflict between the written and printed provi- 14 sions of the instrument the written provisions prevail; 15 5. Where the instrument is so ambiguous that there is doubt whether 16 it is a bill or note the holder may treat it as either at his election; 17 6. Where a signature is so placed upon the instrument that it is not 18 clear in what capacity the person making the same intended to sign he 19 is to be deemed an endorser; 133 Mass. 284. 168 Mass. 537. 173 Mass. 122. 216 Mass. 521. 20 7. Where an instrument containing the words "I promise to pay" 21 is signed by two or more persons they are deemed to be jointly and 22 severally liable thereon. 7 Mass. 58. 223 Mass. 325. 267 Mass. 361.
### Section 40. No person is liable on the instrument whose signature does not appear thereon, except as herein otherwise expressly provided.

But one who signs in a trade or assumed name will be liable to the same extent as if he had signed in his own name.

Negotiable instruments.

Consideration.

1 Section 47. Every negotiable instrument is deemed prima facie to have been issued for a valuable consideration, and every person whose signature appears thereon to have become a party thereto for value.

2 Section 48. Value is any consideration sufficient to support a simple contract. An antecedent or pre-existing debt constitutes value, and is deemed such whether the instrument is payable on demand or at a future time.

3 Section 49. Where value has at any time been given for the instrument, the holder is deemed a holder for value in respect to all parties who became such prior to that time.

4 Section 50. Where the holder has a lien on the instrument, arising either from contract or by implication of law, he is deemed a holder for value to the extent of his lien.

5 Section 51. Absence or failure of consideration is matter of defence as against any person not a holder in due course; and partial failure of consideration is a defence pro tanto, whether the failure is an ascertainable and liquidated amount or otherwise.

6 Section 52. An accommodation party is one who has signed the instrument as maker, drawer, acceptor or endorser, without receiving a value therefor, and for the purpose of lending his name to another person. Such a person is liable on the instrument to a holder in due course, notwithstanding such holder at the time of taking the instrument knew him to be only an accommodation party.

Negotiation.

1 Section 53. An instrument is negotiated when it is transferred from one person to another in such manner as to constitute the transferee the holder thereof. If payable to bearer it is negotiated by delivery; if payable to order it is negotiated by the endorsement of the holder completed by delivery.

Value. 1808, 533, § 25. R. L. 73, § 42. R. L. 73, § 45. 3 Mass. 162.

Holder for value. 1808, 533, § 26.

Holder for value to extent of lien. 1808, 533, § 27.

Absence of consideration a defence. 1808, 533, § 28.

1920, 2. 3 Pick. 5.

SECTION 54. The endorsement must be written on the instrument itself or upon a paper attached thereto. The signature of the endorser, without additional words, is a sufficient endorsement.

271 Mass. 292.

SECTION 55. The endorsement must be an endorsement of the entire instrument. An endorsement which purports to transfer to the endorsee a part only of the amount payable, or which purports to transfer the instrument to two or more endorsee severally, does not operate as a negotiation of the instrument. But where the instrument has been paid in part it may be endorsed as to the residue.

SECTION 56. An endorsement may be either special or in blank; and it may also be either restrictive, or qualified, or conditional.

1898, 533, § 33.  R. L. 73, § 50.

SECTION 57. A special endorsement specifies the person to whom, or to whose order, the instrument is to be payable; and the endorsement of such endorsee is necessary to the further negotiation of the instrument. An endorsement in blank does not specify any endorsee, and an instrument so endorsed is payable to bearer and may be negotiated by delivery.

SECTION 58. The holder may convert a blank endorsement into a special endorsement by writing over the signature of the endorser in blank any contract consistent with the character of the endorsement.

R. L. 73, § 52.  8 Pick. 47.

11 Mass. 288.  10 Pick. 373.

SECTION 59. An endorsement is restrictive, which either:

1. Prohibits the further negotiation of the instrument; or
2. Constitutes the endorsee the agent of the endorser; or
3. Vests the title in the endorsee in trust for or to the use of some other person.

But the mere absence of words implying power to negotiate does not make an endorsement restrictive.

SECTION 60. A restrictive endorsement confers upon the endorsee the right:

1. To receive payment of the instrument;
2. To bring any action thereon that the endorser could bring;
3. To transfer his rights as such endorsee, where the form of the endorsement authorizes him to do so.

But all subsequent endorsee acquire only the title of the first endorsee under the restrictive endorsement.

SECTION 61. A qualified endorsement constitutes the endorser a mere assignor of the title to the instrument. It may be made by adding to the endorser's signature the words "without recourse", or any words
of similar import. Such an endorsement does not impair the negotiable 5 character of the instrument.

2 Allen, 434. 218 Mass. 376.

1 SECTION 62. Where an endorsement is conditional a party required 2 to pay the instrument may disregard the condition and make payment 3 to the endorser or his transferee, whether the condition has been ful- 4 filled or not. But any person to whom an instrument so endorsed is 5 negotiated will hold the same, or the proceeds thereof, subject to the 6 rights of the person endorsing conditionally.

1 SECTION 63. Where an instrument payable to bearer is endorsed 2 specially it may nevertheless be further negotiated by delivery; but 3 the person endorsing specially is liable as endorser only to such holders 4 as make title through his endorsement.

1898, 533, § 40. R. L. 73, § 57. 4 Allen, 356.

1 SECTION 64. Where an instrument is payable to the order of two or 2 more payees or endorsees who are not partners, all must endorse, unless 3 the one endorsing has authority to endorse for the others.

1898, 533, § 41. R. L. 73, § 58. 9 Mass. 334.

1 SECTION 65. Where an instrument is drawn or endorsed to a person 2 as "cashier," or other fiscal officer of a bank or corporation, it is deemed 3 prima facie to be payable to the bank or corporation of which he is such 4 officer, and may be negotiated either by the endorsement of the bank 5 or corporation, or by the endorsement of the officer.

17 Mass. 94. 18 Pick. 63. 21 Pick. 486. 1 Cush. 228. 9 Cush. 46. 212 Mass. 92. 217 Mass. 370.

1 SECTION 66. Where the name of a payee or endorsee is wrongly 2 designated or misspelled he may endorse the instrument as therein 3 described, adding, if he thinks fit, his proper signature.

R. L. 73, § 60. 11 Cush. 320. 141 Mass. 231.

1 SECTION 67. Where any person is under obligation to endorse in a 2 representative capacity he may endorse in such terms as to negative 3 personal liability.

1898, 533, § 44. R. L. 73, § 61.

1 SECTION 68. Except where an endorsement bears date after the 2 maturity of the instrument every negotiation is deemed prima facie to 3 have been effected before the instrument was overdue.

1898, 533, § 45. R. L. 73, § 62. 1 Met. 369. 10 Gray, 343. 3 Allen, 233.

1 SECTION 69. Except where the contrary appears every endorsement 2 is presumed to have been made at the place where the instrument is 3 dated.

R. L. 73, § 63. 238 Mass. 62.

1 SECTION 70. An instrument negotiable in its origin continues to be 2 negotiable until it has been restrictively endorsed or discharged by pay- 3 ment or otherwise.

R. L. 73, § 64.
Section 71. The holder may strike out any endorsement which is not necessary to his title. The endorser whose endorsement is struck out and all endorsers subsequent to him are thereby relieved from liability on the instrument.

245 Mass. 402.

Section 72. Where the holder of an instrument payable to his order transfers it for value without endorsing it the transfer vests in the transferee such title as the transferor had therein, and the transferee acquires, in addition, the right to have the endorsement of the transferor. But for the purpose of determining whether the transferee is a holder in due course the negotiation takes effect as of the time when the endorsement is actually made.

Section 73. Where an instrument is negotiated back to a prior party, such party may, subject to sections eighteen to two hundred and twelve, inclusive, reissue and further negotiate the same. But he is not entitled to enforce payment thereof against any intervening party to whom he was personally liable.

Rights of the Holder.

Section 74. The holder of a negotiable instrument may sue thereon in his own name, and payment to him in due course discharges the instrument.

1. **Section 77.** Where the transferee receives notice of any infirmity in the instrument or defect in the title of the person negotiating the same before he has paid the full amount agreed to be paid therefor he will be deemed a holder in due course only to the extent of the amount thereof paid by him.

2. **Section 78.** The title of a person who negotiates an instrument is defective within the meaning of sections eighteen to two hundred and twelve, inclusive, when he obtained the instrument, or any signature thereto, by fraud, duress, or force and fear, or other unlawful means, or for an illegal consideration, or when he negotiates it in breach of faith, or under such circumstances as amount to a fraud.

3. **Section 79.** To constitute notice of an infirmity in the instrument or defect in the title of the person negotiating the same the person to whom it is negotiated must have had actual knowledge of the infirmity or defect, or knowledge of such facts that his action in taking the instrument amounted to bad faith.

4. **Section 80.** A holder in due course holds the instrument free from any defect or title of prior parties, and free from defences available to prior parties among themselves, and may enforce payment of the instrument for the full amount thereof against all parties liable thereon.

5. **Section 81.** In the hands of any holder other than a holder in due course a negotiable instrument is subject to the same defences as if it had not been negotiable. But a holder who derives his title through a holder in due course, and who is not himself a party to any fraud or illegality affecting the instrument, has all the rights of such former holder in respect of all parties prior to the latter.

6. **Section 82.** Every holder is deemed prima facie to be a holder in due course; but when it is shown that the title of any person who has negotiated the instrument was defective the burden is on the holder to prove that he or some person under whom he claims acquired the title as holder in due course. But the last mentioned rule does not apply in favor of a party who became bound on the instrument prior to the acquisition of such defective title.

But the drawer may insert in the instrument an express stipulation negating or limiting his own liability to the holder.

8 validity of the instrument or render it valueless.
9 But when the negotiation is by delivery only the warranty extends
10 in favor of no holder other than the immediate transferee.

Section 103. Presentment for payment is not required in order to charge an endorser where the instrument was made or accepted for his accommodation, and he has no reason to expect that the instrument will be paid if presented.

Section 104. Delay in making presentment for payment is excused when the delay is caused by circumstances beyond the control of the holder, and not imputable to his default, misconduct or negligence. When the cause of delay ceases to operate presentment must be made with reasonable diligence.

Section 105. Presentment for payment is dispensed with:

Section 106. The instrument is dishonored by non-payment when:

Section 107. Subject to sections eighteen to two hundred and twelve, inclusive, when the instrument is dishonored by non-payment, an immediate right of recourse to all parties secondarily liable thereon accrues to the holder.

Section 108. Every negotiable instrument is payable at the time fixed therein without grace, except that three days of grace shall be allowed upon a draft or bill of exchange made payable within the commonwealth at sight, unless there is an express stipulation to the contrary. When the day of maturity falls upon Saturday, Sunday or a holiday, the instrument is payable on the next succeeding business day which is not a Saturday. Instruments payable on demand may, at the option of the holder, be presented for payment before twelve o'clock noon on Saturday when the entire day is not a holiday; provided, that no person receiving any check, draft, bill of exchange or promissory note payable on demand shall be charged with any neglect or omission of duty, or incur any liability, for not presenting it for payment or collection on a Saturday; provided, also, that it shall be duly presented for payment or collection on the next succeeding business day.

Section 109. Where the instrument is payable at a fixed period after date, after sight or after the happening of a specified event, the time of payment is determined by excluding the day from which the time is to begin to run, and by including the date of payment.

Section 110. Where the instrument is made payable at a bank it is equivalent to an order to the bank to pay the same for the account of the principal debtor thereon.

Section 111. Payment is made in due course when it is made at or after the maturity of the instrument to the holder thereof in good faith and without notice that his title is defective.

Notice of Dishonor.

Section 112. Except as otherwise provided in this chapter, when a negotiable instrument has been dishonored by non-acceptance or non-payment, notice of dishonor must be given to the drawer and to each endorser, and any drawer or endorser to whom such notice is not given is discharged.

Notice, how given.

Section 113. The notice may be given by or on behalf of the holder, or by or on behalf of any party to the instrument who might be compelled to pay it to the holder, and who, upon taking it up, would have a right to reimbursement from the party to whom the notice is given.

Section 114. Notice of dishonor may be given by an agent either in his own name or in the name of any party entitled to give notice, whether that party is his principal or not.

270 Mass. 539.
**Section 115.** Where notice is given by or on behalf of the holder it ensures for the benefit of all subsequent holders and all prior parties who have a right of recourse against the party to whom it is given.

Effect of notice given on behalf of holder.

**Section 116.** Where notice is given by or on behalf of a party entitled to give notice it ensures for the benefit of the holder and all parties subsequent to the party to whom notice is given.

Effect of notice.

1898, 533, § 93. R. L. 73, § 110.

**Section 117.** Where the instrument has been dishonored in the hands of an agent he may give notice to the parties liable thereon or to his principal. If he gives notice to his principal he must do so within the same time as if he were the holder, and the principal upon the receipt of such notice has himself the same time for giving notice as if the agent had been an independent holder.

**Section 118.** A written notice need not be signed and an insufficient written notice may be supplemented and validated by verbal communication. A misdescription of the instrument does not vitiates the notice unless the party to whom it is given is in fact misled thereby.

Form and manner of giving notice.

**Section 119.** The notice may be in writing or merely oral, and may be given in any terms which sufficiently identify the instrument and indicate that it has been dishonored by non-acceptance or non-payment. It may in all cases be given by delivering it personally or through the mails.

**Section 120.** Notice of dishonor may be given either to the party himself or to his agent in that behalf.

Notice to whom given.

**Section 121.** When any party is dead, and his death is known to the party giving notice, the notice must be given to a personal representative, if there is one, and if with reasonable diligence he can be found. If there is no personal representative notice may be sent to the last residence or last place of business of the deceased.

Notice in case of death.

1898, 533, § 98. R. L. 73, § 115. 22 Pick. 206. 10 Cush. 557. 122 Mass. 79.

**Section 122.** Where the parties to be notified are partners notice to any one partner is notice to the firm, even though there has been a dissolution.

Notice to partners.

**Section 123.** Notice to joint parties who are not partners must be given to each of them, unless one of them has authority to receive such notice for the others.

1898, 533, § 100. R. L. 73, § 117.

**Section 124.** Where a party has been adjudged a bankrupt or an insolvent, or has made a general assignment for the benefit of creditors, notice may be given to the party himself or to his trustee or assignee.

Notice if party is bankrupt, etc.

1898, 533, § 101.
Section 125. Notice may be given as soon as the instrument is dishonored; and unless delay is excused as hereinafter provided must be given within the times fixed by sections eighteen to two hundred and twelve, inclusive.

Section 126. Where the person giving and the person to receive notice reside in the same place notice must be given within the following times:

270 Mass. 559.

1. If given at the place of business of the person to receive notice it must be given before the close of business hours on the day following; 4
2. If given at his residence it must be given before the usual hours of rest on the day following; 6
3. If sent by mail it must be deposited in the post office in time to reach him in usual course on the day following. 9

Section 127. Where the person giving and the person to receive notice reside in different places the notice must be given within the following times:

1. If sent by mail it must be deposited in the post office in time to go by mail the day following the day of dishonor, or if there is no mail at a convenient hour on that day, by the next mail thereafter; 4
2. If given otherwise than by mail, then within the time that notice would have been received in due course of mail if it had been deposited in the post office within the time specified in the preceding subdivision. 6
3. Section 128. Where notice of dishonor is duly addressed and deposited in the post office the sender is deemed to have given due notice, notwithstanding any miscarriage in the mails.

R. L. 73, § 122. 11 Gray, 387.

Section 129. Notice is deemed to have been deposited in the post office when deposited in any branch post office or in any letter box under the control of the post office department.

Section 130. A party receiving notice of dishonor has, after receipt thereof, the same time for giving notice to antecedent parties that the holder has after the dishonor.

Section 131. Where a party has added an address to his signature notice of dishonor must be sent to that address; but if he has not given such address then the notice must be sent as follows:

1 1. Either to the post office nearest to his place of residence, or to the post office where he is accustomed to receive his letters; or 4
3 5 Met. 352. 16 Pick. 392.
217 Mass. 98.

1. If he lives in one place, and has his place of business in another, to either place; or
2. If he is sojourning in another place, to the place where he is so sojourning.
10 But where the notice is actually received by the party within the
11 time specified in sections eighteen to two hundred and twelve, inclusive,
12 it will be sufficient, though not sent in accordance with the requirements
13 of this section.

1 Section 132. Notice of dishonor may be waived, either before the
2 time of giving notice has arrived, or after the omission to give due
3 notice, and the waiver may be express or implied.

3 Section 138. Notice of dishonor is not required to be given to an
2 endorser in any one of the following cases:
3 1. Where the drawer is a fictitious person or a person not having
4 capacity to contract;
2. Where the endorser is the person to whom the instrument is presented for payment;  
3. Where the instrument was made or accepted for his accommodation.

Section 139. Where due notice of dishonor by non-acceptance has been given, notice of a subsequent dishonor by non-payment is unnecessary, unless in the meantime the instrument has been accepted.

Section 140. An omission to give notice of dishonor by non-acceptance does not prejudice the rights of a holder in due course subsequent to the omission.

Section 141. Where any negotiable instrument has been dishonored it may be protested for non-acceptance or non-payment as the case may be; but protest is not required, except in the case of foreign bills of exchange.

Discharge.

Section 142. A negotiable instrument is discharged:

1. By payment in due course by or on behalf of the principal debtor;  
2. By payment in due course by the party accommodated, where the instrument is made or accepted for accommodation;  
3. By the intentional cancellation thereof by the holder;  
4. By any other act which will discharge a simple contract for the payment of money;  
5. When the principal debtor becomes the holder of the instrument at or after maturity in his own right.

Discharge of person secondarily liable:

Section 143. A person secondarily liable on the instrument is discharged:

1. By any act which discharges the instrument;  
2. By the intentional cancellation of his signature by the holder;  
3. By the discharge of a prior party;  
4. By a valid tender of payment made by a prior party;  
5. By a release of the principal debtor, unless the holder’s right of recourse against the party secondarily liable is expressly reserved;  
6. By any agreement binding upon the holder to extend the time of payment, or to postpone the holder’s right to enforce the instrument, unless made with the assent of the party secondarily liable, or unless the right of recourse against such party is expressly reserved.
1. **Section 144.** Where the instrument is paid by a party secondarily liable thereon it is not discharged; but the party so paying it is remitted to his former rights as regards all prior parties, and he may strike out his own and all subsequent endorsements, and again negotiate the instrument, except:

1. Where it is payable to the order of a third person, and has been paid by the drawer; and

2. Where it was made or accepted for accommodation, and has been paid by the party accommodated.

2. **Section 145.** The holder may expressly renounce his rights against any party to the instrument, before, at, or after its maturity. An absolute and unconditional renunciation of his rights against the principal debtor made at or after the maturity of the instrument discharges the instrument. But a renunciation does not affect the rights of a holder in due course without notice. A renunciation must be in writing, unless the instrument is delivered up to the person primarily liable thereon.

3. **Section 146.** A cancellation made unintentionally, or under a mistake, or without the authority of the holder, is inoperative; but where an instrument or any signature thereon appears to have been cancelled the burden of proof lies on the party who alleges that the cancellation was made unintentionally, or under a mistake or without authority.

4. **Section 147.** Where a negotiable instrument is materially altered without the assent of all parties liable thereon it is avoided, except as against a party who has himself made, authorized or assented to the alteration, and subsequent endorsers. But when an instrument has been materially altered and is in the hands of a holder in due course, not a party to the alteration, he may enforce payment thereof according to its original tenor.

1. **Section 148.** Any alteration which changes:

2. 1. The date;

3. 2. The sum payable, either for principal or interest;

112 Mass. 315. 123 Mass. 196. 121 Mass. 119. 120 Mass. 47.

4. 3. The time or place of payment;

119 Mass. 209.

5. 4. The number or the relations of the parties;

6. 5. The medium or currency in which payment is to be made;

12 Pick. 399. 13 Pick. 165. 98 Mass. 12.

7. Or which adds a place of payment where no place of payment is specified, or any other change or addition which alters the effect of the instrument in any respect, is a material alteration.

BILLS OF EXCHANGE.

Form and Interpretation.

Section 149. A bill of exchange is an unconditional order in writing addressed by one person to another, signed by the person giving it, requiring the person to whom it is addressed to pay on demand or at a fixed or determinable future time a sum certain in money to order or to bearer.

Section 150. A bill of itself does not operate as an assignment of the funds in the hands of the drawee available for the payment thereof and the drawee is not liable on the bill unless and until he accepts it.

137 Mass. 351.

Section 151. A bill may be addressed to two or more drawees jointly whether they are partners or not; but not to two or more drawees in the alternative or in succession.

Section 152. An inland bill of exchange is a bill which is, or on its face purports to be, both drawn and payable within this commonwealth. Any other bill is a foreign bill. Unless the contrary appears on the face of the bill the holder may treat it as an inland bill.

Section 153. Where in a bill drawer and drawee are the same person, or the drawee is a fictitious person, or a person not having capacity to contract, the holder may treat the instrument, at his option, either as a bill of exchange or a promissory note.

Section 154. The drawer of a bill and any endorser may insert thereon the name of a person to whom the holder may resort in case of need, that is to say, if the bill is dishonored by non-acceptance or non-payment. Such person is called the referee in case of need. It is in the option of the holder to resort to the referee in case of need, or not, as he may see fit.

Acceptance.

Section 155. The acceptance of a bill is the signification by the drawee of his assent to the order of the drawer. The acceptance must be in writing and signed by the drawee. It must not express that the drawee will perform his promise by any other means than the payment of money.

Section 156. The holder of a bill presenting the same for acceptance may require the acceptance to be written on the bill and, if such request is refused, may treat the bill as dishonored.

Section 157. Where an acceptance is written on a paper other than the bill itself it does not bind the acceptor except in favor of a person to whom it is shown and who, on the faith thereof, receives the bill for value.
Section 158. An unconditional promise in writing to accept a bill before it is drawn is deemed an actual acceptance in favor of every person who, upon the faith thereof, receives the bill for value.

Section 159. The drawee is allowed twenty-four hours after presentment in which to decide whether or not he will accept the bill; but the acceptance, if given, dates as of the day of presentation.

1888, 335, § 136. R. L. 73, § 133.

Section 160. Where a drawee to whom a bill is delivered for acceptance destroys it, or refuses within twenty-four hours after such delivery, or within such other period as the holder may allow, to return it accepted or non-accepted to the holder, he shall be deemed to have accepted it.

Section 161. A bill may be accepted before it has been signed by the drawer, or while otherwise incomplete, or when it is overdue, or after it has been dishonored by a previous refusal to accept, or by non-payment. But when a bill payable after sight is dishonored by non-acceptance and the drawee subsequently accepts it, the holder, in the absence of any different agreement, is entitled to have the bill accepted as of the date of the first presentment.

Section 162. An acceptance is either general or qualified. A general acceptance accepts without qualification to the order of the drawer. A qualified acceptance in express terms varies the effect of the bill as drawn.

Section 163. An acceptance to pay at a particular place is a general acceptance unless it expressly states that the bill is to be paid there only and not elsewhere.

Section 164. An acceptance is qualified which is:

1. Conditional, that is to say, which makes payment by the acceptor dependent on the fulfillment of a condition therein stated;
2. Partial, that is to say, an acceptance to pay part only of the amount for which the bill is drawn;
3. Local, that is to say, an acceptance to pay only at a particular place;
4. Qualified as to time;
5. The acceptance of one or more of the drawees, but not of all.

Section 165. The holder may refuse to take a qualified acceptance, and, if he does not obtain an unqualified acceptance, he may treat the bill as dishonored by non-acceptance. Where a qualified acceptance is taken the drawer and endorsers are discharged from liability on the bill, unless they have expressly or impliedly authorized the holder to take a qualified acceptance, or subsequently assent thereto. When the drawer or an endorser receives notice of a qualified acceptance he must within a reasonable time express his dissent to the holder, or he will be deemed to have assented thereto.
Presentment for Acceptance.

SECTION 166. Presentment for acceptance must be made:
1. Where the bill is payable after sight, or in any other case where presentment for acceptance is necessary in order to fix the maturity of the instrument; or
2. Where the bill expressly stipulates that it shall be presented for acceptance; or
3. Where the bill is drawn payable elsewhere than at the residence or place of business of the drawee.

In no other case is presentment for acceptance necessary in order to render any party to the bill liable.

SECTION 167. Except as otherwise provided in this chapter the holder of a bill which is required by the preceding section to be presented for acceptance must either present it for acceptance or negotiate it within a reasonable time. If he fails to do so the drawer and all endorsers are discharged.

SECTION 168. Presentment for acceptance must be made by or on behalf of the holder at a reasonable hour, on a business day and before the bill is overdue, to the drawee or some person authorized to accept or refuse acceptance on his behalf; and
1. Where a bill is addressed to two or more drawees not partners presentment must be made to them all, unless one has authority to accept or refuse acceptance for all, in which case presentment may be made to him only;
2. Where the drawee is dead presentment may be made to his personal representative;
3. Where the drawee has been adjudged a bankrupt or an insolvent, or has made a general assignment for the benefit of creditors, presentment may be made to him or to his trustee or assignee.

SECTION 169. A bill may be presented for acceptance on any day on which negotiable instruments may be presented for payment under sections ninety-five and one hundred and eight, and no person receiving any draft or bill of exchange payable on demand shall be charged with any neglect or omission of duty, or incur any liability, for not presenting it for acceptance on a Saturday, provided that it shall be duly presented for acceptance on the next succeeding business day.

SECTION 170. Where the holder of a bill drawn payable elsewhere than at the place of business or the residence of the drawee has not time with the exercise of reasonable diligence to present the bill for acceptance before presenting it for payment on the day that it falls due, the delay caused by presenting the bill for acceptance before presenting it for payment is excused and does not discharge the drawers and endorsers.

SECTION 171. Presentment for acceptance is excused and a bill may be treated as dishonored by non-acceptance, in any one of the following cases:

2. Where, after the exercise of reasonable diligence, presentment cannot be made;
3. Where, although presentment has been irregular, acceptance has been refused on some other ground.

1 Section 172. A bill is dishonored by non-acceptance:

1898, 533, § 149. R. L. 73, § 166. 5 Met. 216.

1. When it is duly presented for acceptance and such an acceptance as is prescribed by sections eighteen to two hundred and twelve, inclusive, is refused or cannot be obtained; or
2. When presentment for acceptance is excused and the bill is not accepted.

1 Section 173. Where a bill is duly presented for acceptance and is not accepted within the prescribed time the person presenting it must treat the bill as dishonored by non-acceptance or he loses the right of recourse against the drawer and the endorsers.

7 Mass. 449. 5 Pick. 50. 3 Gray, 334.

1 Section 174. When a bill is dishonored by non-acceptance an immediate right of recourse against the drawers and endorsers accrues to the holder and no presentment for payment is necessary.

Protest.

1 Section 175. Where a foreign bill appearing on its face to be such is dishonored by non-acceptance it must be duly protested for non-acceptance, and where such a bill which has not previously been dishonored by non-acceptance is dishonored by non-payment it must be duly protested for non-payment. If it is not so protested the drawer and endorsers are discharged. Where a bill does not appear on its face to be a foreign bill protest thereof in case of dishonor is unnecessary.

1 Section 176. Protest may be made by:

1898, 533, § 154. R. L. 73, § 171.

1. A notary public; or
2. By any respectable resident of the place where the bill is dishonored, in the presence of two or more credible witnesses.

1 Section 177. The protest must be annexed to the bill, or must contain a copy thereof, and must be under the hand and seal of the notary making it, and must specify:

1. The time and place of presentment;
2. The fact that presentment was made and the manner thereof;
3. The cause or reason for protesting the bill;
4. The demand made and the answer given, if any, or the fact that the drawee or acceptor could not be found.
SECTION 178. When a bill is protested such protest must be made on the day of its dishonor, unless delay is excused as provided in this chapter. When a bill has been duly noted the protest may be subsequently extended as of the date of the noting.

SECTION 179. A bill must be protested at the place where it is dishonored, except that when a bill drawn payable at the place of business or residence of some person other than the drawee has been dishonored by non-acceptance it must be protested for non-payment at the place where it is expressed to be payable, and no further presentment for payment to, or demand on, the drawee is necessary.

SECTION 180. A bill which has been protested for non-acceptance may be subsequently protested for non-payment.

SECTION 181. Where the acceptor has been adjudged a bankrupt or an insolvent, or has made a general assignment for the benefit of creditors, before the bill matures, the holder may cause the bill to be protested for better security against the drawee and endorsers.

SECTION 182. Protest is dispensed with by any circumstances which would dispense with notice of dishonor. Delay in noting or protesting is excused when delay is caused by circumstances beyond the control of the holder and not imputable to his default, misconduct or negligence. When the cause of delay ceases to operate the bill must be noted or protested with reasonable diligence.

SECTION 183. Where a bill is lost or destroyed or is wrongly detained from the person entitled to hold it protest may be made on a copy or written particulars thereof.

Acceptance for Honor.

SECTION 184. Where a bill of exchange has been protested for dishonor by non-acceptance or protested for better security and is not overdue, any person not being a party already liable thereon may, with the consent of the holder, intervene and accept the bill supra protest for the honor of any party liable thereon for the honor of the person for whose account the bill is drawn. The acceptance for honor may be for part only of the sum for which the bill is drawn; and where there has been an acceptance for honor for one party there may be a further acceptance by a different person for the honor of another party.

SECTION 185. An acceptance for honor supra protest must be in writing and indicate that it is an acceptance for honor, and must be signed by the acceptor for honor.

SECTION 186. Where an acceptance for honor does not expressly state for whose honor it is made it is deemed to be an acceptance for the honor of the drawer.
1 Section 187. The acceptor for honor is liable to the holder and to all parties to the bill subsequent to the party for whose honor he has accepted.

1898, 533, §164. R. L. 73, §181.

1 Section 188. The acceptor for honor by such acceptance engages that he will on due presentment pay the bill according to the terms of his acceptance, provided it shall not have been paid by the drawee, and provided also, that it shall have been duly presented for payment and protested for non-payment and notice of dishonor given to him.

Same subject 1898, 533, §164. R. L. 73, §182. 19 Pick. 220.

1 Section 189. Where a bill payable after sight is accepted for honor its maturity is calculated from the date of the noting for non-acceptance and not from the date of the acceptance for honor.

1898, 533, §166. R. L. 73, §183.

1 Section 190. Where a dishonored bill has been accepted for honor supra protest or contains a reference in case of need it must be protested for non-payment before it is presented for payment to the acceptor for honor or referee in case of need.

Bill accepted for honor protested when supra protest or contains a reference in case of need it must be protested for non-payment before it is presented for payment to the acceptor for honor or referee in case of need.

1 Section 191. Presentment for payment to the acceptor for honor must be made as follows:

1. If it is to be presented in the place where the protest for non-payment was made it must be presented not later than the day following its maturity;

2. If it is to be presented in some other place than the place where it was protested it must be forwarded within the time specified in section one hundred and twenty-seven.

Presentment for payment to the acceptor for honor 1898, 533, §168. R. L. 73, §185.

1 Section 192. Section one hundred and four shall apply when there is delay in making presentment to the acceptor for honor or referee in case of need.

Certain provisions to apply 1898, 533, §169. R. L. 73, §186.

1 Section 193. When the bill is dishonored by the acceptor for honor it must be protested for non-payment by him.

Payment for Honor.

1 Section 194. Where a bill has been protested for non-payment any person may intervene and pay it supra protest for the honor of any person liable thereon or for the honor of the person for whose account it was drawn.

Payment for honor 1898, 533, §171. R. L. 73, §188.

1 Section 195. The payment for honor supra protest in order to operate as such and not as a mere voluntary payment must be attested by a notarial act of honor which may be appended to the protest or form an extension to it.

Such payment to be attested by notarial act of honor 1898, 533, §172.

R. L. 73, §189.

1 Section 196. The notarial act of honor must be founded on a declaration made by the payer for honor or by his agent in that behalf declaring his intention to pay the bill for honor and for whose honor he pays.

Section 197. Where two or more persons offer to pay a bill for the honor of different parties the person whose payment will discharge most parties to the bill is to be given the preference.

Section 198. Where a bill has been paid for honor all parties subsequent to the party for whose honor it is paid are discharged, but the payer for honor is subrogated for, and succeeds to, both the rights and duties of the holder as regards the party for whose honor he pays and all parties liable to the latter.

Section 199. Where the holder of a bill refuses to receive payment supra protest he loses his right of recourse against any party who would have been discharged by such payment.

Section 200. The payer for honor, on paying to the holder the amount of the bill and the notarial expenses incidental to its dishonor, is entitled to receive both the bill itself and the protest.

Bills in a Set.

Section 201. Where a bill is drawn in a set, each part of the set being numbered and containing a reference to the other parts, the whole of the parts constitutes one bill.

Section 202. Where two or more parts of a set are negotiated to different holders in due course the holder whose title first accrues is as between such holders the true owner of the bill. But nothing in this section affects the rights of a person who in due course accepts or pays the part first presented to him.

Section 203. Where the holder of a set endorses two or more parts to different persons he is liable on every such part, and every endorser subsequent to him is liable on the part he has himself endorsed, as if such parts were separate bills.

Section 204. The acceptance may be written on any part and it must be written on one part only. If the drawee accepts more than one part, and such accepted parts are negotiated to different holders in due course, he is liable on every such part as if it were a separate bill.

Section 205. When the acceptor of a bill drawn in a set pays it without requiring the part bearing his acceptance to be delivered to him, and that part at maturity is outstanding in the hands of a holder in due course, he is liable to the holder thereon.

Section 206. Except as otherwise provided in this chapter, where any one part of a bill drawn in a set is discharged by payment or otherwise the whole bill is discharged.
PROMISSORY NOTES AND CHECKS.

1 Section 207. A negotiable promissory note within the meaning of sections eighteen to two hundred and twelve, inclusive, is an unconditional promise in writing made by one person to another signed by the maker, engaging to pay on demand, or at a fixed or determinable future time, a sum certain in money to order or to bearer. Where a note is drawn to the maker's own order it is not complete until endorsed by him.

1 Section 208. A check is a bill of exchange drawn on a bank payable on demand. Except as otherwise provided in this chapter, the provisions of sections eighteen to two hundred and twelve, inclusive, applicable to a bill of exchange payable on demand, shall apply to a check.

256 Mass. 281. 265 Mass. 182.

1 Section 209. A check must be presented for payment within a reasonable time after its issue or the drawer will be discharged from liability thereon to the extent of the loss caused by the delay.

1 Section 210. Where a check is certified by the bank on which it is drawn the certification is equivalent to an acceptance.

1 Section 211. Where the holder of a check procures it to be accepted or certified the drawer and all endorsers are discharged from liability thereon.

1 Section 212. A check of itself does not operate as an assignment of any part of the funds to the credit of the drawer with the bank, and the bank is not liable to the holder unless and until it accepts or certifies the check.

**Issue of Bills of Lading.**

**Section 1.** Bills of lading issued by any common carrier shall be governed by this chapter, except as otherwise provided by federal law.

**Terms to be contained in bill:**

- The date of issue,
- The name of the person from whom the goods have been received,
5 (c) The place where the goods have been received,
6 (d) The place to which the goods are to be transported,
7 (e) A statement whether the goods received will be delivered to a specified person, or to the order of a specified person,
8 (f) A description of the goods or of the packages containing them which may be in such general terms as are described in section twenty-two, and
9 (g) The signature of the carrier.
10 A negotiable bill shall have the words "order of" printed thereon immediately before the name of the person upon whose order the goods received are deliverable.
11 A carrier shall be liable to any person suffering damage caused by the omission from a negotiable bill of any provision required by this section.

1 Section 3. A carrier may insert in a bill, issued by him, any other terms and conditions, provided that they shall not be contrary to law or public policy, or
2 (a) Be by any wise impair his obligation to exercise at least that degree of care in the transportation and safe keeping of the goods intrusted to him which a reasonably careful man would exercise relative to similar goods of his own.

1 Section 4. A bill wherein it is stated that the goods are consigned or destined to a specified person is a non-negotiable or straight bill. 211 Mass. 148. 223 Mass. 224.

1 Section 5. A bill stating that the goods are consigned or destined to the order of any person named in such bill is a negotiable or order bill. Any provision in such a bill that it is non-negotiable shall be void. 1919, 5. 1920, 2. 214 Mass. 196.

1 Section 6. Negotiable bills issued in this commonwealth for the transportation of goods to any place in the United States on the continent of North America, except Alaska, shall not be issued in parts or sets.
2 If so issued, the carrier issuing them shall be liable for failure to deliver the goods described therein to any one who purchases a part for value in good faith, even though the purchase be after the delivery of the goods by the carrier to a holder of one of the other parts.

1 Section 7. When more than one negotiable bill is issued in this commonwealth for the same goods to be transported to any place in the United States on the continent of North America, except Alaska, the word "duplicate" or some other words indicating that the document is not an original, shall be placed plainly upon the face of every such bill, except the one first issued. A carrier shall be liable for all damage caused by his failure so to do to any one who has purchased the bill for value in good faith as an original, even though the purchase be after the delivery of the goods by the carrier to the holder of the original bill.

1 Section 8. A non-negotiable bill shall have placed plainly upon its face by the carrier issuing it "non-negotiable" or "not negotiable". This section shall not apply to memoranda or acknowledgments of an informal character.
Effect of insertion of name of person to be notified.
1910, 214, § 9.

Effect of failure to object to terms of a bill on receipt.
1910, 214, § 10.
223 Mass. 224.

OBLIGATIONS AND RIGHTS OF CARRIERS UPON THEIR BILLS OF LADING.

Section 9. The insertion in a negotiable bill of the name of a person to be notified of the arrival of the goods shall not limit the negotiability of the bill, or constitute notice to a purchaser thereof of any rights or equities of such person in the goods.

Section 10. Except as otherwise provided in this chapter, if a consignor receives a bill and makes no objection to its terms or conditions at the time of receipt neither the consignor nor any person who accepts delivery of the goods, nor any person who seeks to enforce any provision of the bill, shall be allowed to deny that he is bound by such terms and conditions, so far as they are not contrary to law or public policy.

Carrier's obligation to deliver.
1910, 214, § 11.

216 Mass. 165.
232 Mass. 162.

Section 11. A carrier, in the absence of a lawful excuse, is bound to deliver goods upon a demand made either by the consignee named in the bill for the goods, or if the bill is negotiable, by the holder thereof, if such demand is accompanied by

(a) An offer in good faith to satisfy the carrier's lawful lien upon the goods,

(b) An offer in good faith to surrender, properly endorsed, the bill, if negotiable, and

(c) A readiness and willingness to sign, when the goods are delivered, an acknowledgment that they have been delivered, if such signature is requested by the carrier.

If the carrier refuses or fails to deliver the goods in compliance with a demand by the consignee or holder so accompanied, the burden shall be upon the carrier to establish the existence of a lawful excuse for such refusal or failure.

Section 12. A carrier is justified, subject to the three following sections, in delivering goods to one who is

(a) Lawfully entitled to their possession, or

(b) The consignee named in a non-negotiable bill for the goods, or

(c) A person in possession of a negotiable bill for the goods by the terms of which they are deliverable to his order, or which has been endorsed to him or in blank by the consignee or by the mediate or immediate endorsee of the consignee.

Section 13. If a carrier delivers goods to one not lawfully entitled to their possession, the carrier shall be liable to any one having a right of property or possession therein if he delivered them otherwise than as authorized by paragraphs (b) or (c) of the preceding section; and, though he delivered the goods as authorized by either of said paragraphs, he shall so be liable if prior to such delivery he

(a) Had been requested, by or on behalf of a person having a right of property or possession in the goods, not to make such delivery, or

(b) Had information at the time of the delivery that it was to a person not lawfully entitled to their possession.

A request or information to be effective under this section must be given to an officer or agent of the carrier, the actual or apparent scope of whose duties includes action upon such a request or information, and in time to enable him, acting with reasonable diligence, to stop delivery.
SECTION 14. Except as provided in section twenty-five, and except when compelled by legal process, if a carrier delivers goods for which a negotiable bill has been issued, the negotiation of which would transfer the right to the possession of the goods, and fails to take up and cancel the bill, he shall be liable for failure to deliver the goods to any one who for value and in good faith purchases the bill, whether such purchaser acquired title to it before or after the delivery of the goods by the carrier, and notwithstanding delivery was made to the person entitled thereto.

SECTION 15. Except as provided in section twenty-five, and except when compelled by legal process, if a carrier delivers part of the goods for which a negotiable bill had been issued and fails either (a) To take up and cancel the bill, or (b) To place plainly upon it a statement that a portion of the goods has been delivered, with a description, which may be in general terms, either of the goods or packages that have so been delivered or of the goods or packages which still remain in the carrier's possession, he shall be liable for failure to deliver all the goods specified in the bill, to any one who for value and in good faith purchases it, whether such purchaser acquired title to it before or after the delivery of any portion of the goods by the carrier, and notwithstanding such delivery was made to the person entitled thereto.

SECTION 16. Any alteration, addition or erasure in a bill after its issue, without authority from the carrier issuing it either in writing or noted on the bill, shall be void, whatever the nature or purpose of the change, and the bill shall be enforceable according to its original tenor.

SECTION 17. If a negotiable bill has been lost or destroyed, a court of competent jurisdiction may order the delivery of the goods upon satisfactory proof of such loss or destruction and upon the giving of a bond with sufficient surety, to be approved by the court, to protect the carrier or any person injured by such delivery from any liability or loss incurred by reason of the original bill remaining outstanding. The court may also in its discretion order the payment of the carrier's reasonable costs and counsel fees.

The delivery of the goods under an order of the court as herein provided shall not relieve the carrier from liability to a person to whom the negotiable bill has been or may be negotiated for value without notice of the proceedings or of the delivery of the goods.

SECTION 18. A bill, upon the face of which the word "duplicate" or some other words indicating that the document is not an original bill are plainly placed, shall impose upon the carrier issuing the same the liability of one who represents and warrants that such bill is an accurate copy of an original bill properly issued, but no other liability.

SECTION 19. No title or right to the possession of the goods, asserted by a carrier for his own benefit, shall excuse him from liability for refusing to deliver the goods according to the terms of a bill issued for them, unless such title or right is derived directly or indirectly from a transfer made by the consignor or consignee after the shipment, or from the carrier's lien.
SECTION 20. If another than the consignee or person in possession of
the bill has a claim to the title or possession of the goods, and the carrier
has information of such claim, he shall be excused from liability for re-
fusing to deliver them either to the consignee or person in possession of
the bill, or to the adverse claimant, until the carrier has had a reason-
able time to ascertain the validity of the adverse claim or to bring legal
proceedings to compel all claimants to interplead.

SECTION 21. Except as provided in section twelve or twenty of this
chapter, or in section forty-one of chapter two hundred and thirty-one,
no right or title of a third person, unless enforced by legal process, shall
be a defence to an action brought by the consignee of a non-negotiable
bill, or by the holder of a negotiable bill, against the carrier for failure
to deliver the goods on demand.

SECTION 22. If a bill of lading has been issued by a carrier or on his
behalf by an agent or employee the scope of whose actual or apparent
authority includes the issuing thereof, the carrier shall be liable to
(a) The consignee named in a non-negotiable bill, or
(b) The holder of a negotiable bill, either of whom has given value in
good faith relying upon the description therein of the goods, for damages
caused by the non-receipt by the carrier or a connecting carrier of all or
part of the goods, or their failure to correspond with the description
thereof in the bill at the time of its issue.

If, however, the goods are described in a bill merely by a statement of
marks or labels upon them or upon packages containing them, or by a state-
ment that the goods are said to be goods of a certain kind or quantity,
or in a certain condition, or if it is stated in the bill that packages are
said to contain goods of a certain kind or quantity or in a certain condition,
or that the contents or condition of the contents of packages is unknown,
or words of like purport are contained in the bill, such statements, if
ture, shall not make liable the carrier issuing the bill, although the goods
are not of the kind or quantity or in the condition which the marks or
labels upon them indicate, or of the kind or quantity or in the condition
in which they were said to be by the consignor. The carrier may, also,
by inserting in the bill the words "shipper's load and count", or other
words of like purport, indicate that the goods were loaded by the shipper
and that the description of them was made by him; and if such state-
ment is true, the carrier shall not be liable for damages caused by the
improper loading or by the non-receipt or by the misdescription of the
goods described in the bill.

SECTION 23. A creditor whose debtor is the owner of a negotiable bill
shall be entitled to such aid from courts of appropriate jurisdiction by in-
junction and otherwise in attaching the bill, or in satisfying the claim
by means thereof, as is allowed at law or in equity in regard to property
which cannot readily be attached or levied upon by ordinary legal
process.

SECTION 24. If a negotiable bill is issued the carrier shall have no
lien on the goods therein mentioned, except for charges thereon for freight,
storage, demurrage and terminal charges, and expenses necessary for
their preservation or incident to their transportation subsequent to the
date of the bill, unless the bill expressly enumerates other charges for
6 which a lien is claimed. In such case there shall also be a lien for the
7 charges enumerated so far as they are allowed by law and by the con-
8 tract between the consignor and the carrier.

1 Section 25. After goods have lawfully been sold to satisfy a carrier’s
2 lien, or because unclaimed, or because perishable or hazardous, the
3 carrier shall not thereafter be liable for failure to deliver them to the
4 consignee or owner thereof, or to a holder of the bill given therefor when
5 they were shipped, even if such bill is negotiable.

NEGOTIATION AND TRANSFER OF BILLS.

1 Section 26. A negotiable bill may be negotiated by delivery if, by
2 its terms, the carrier undertakes to deliver the goods to the order of a
3 specified person, and such person or a subsequent endorsee has endorsed
4 it in blank.

1 Section 27. A negotiable bill may be negotiated by the endorsement
2 of the person to whose order the goods are deliverable by its tenor. 1910, 214, § 29.
3 Such endorsement may be in blank or to a specified person. If to a
4 specified person, it may be negotiated again by the endorsement of such
5 person in blank or to another specified person. Subsequent negotiation
6 may be made in like manner.

1 Section 28. A bill may be transferred by the holder by delivery, 1910, 214, § 30.
2 accompanied by an agreement, express or implied, to transfer the title
3 to the bill or to the goods represented thereby.
4 A non-negotiable bill cannot be negotiated, and the endorsement of
5 such a bill gives the transferee no additional right.

1 Section 29. A negotiable bill may be negotiated by any person in
2 possession of the same, however such possession may have been acquired
3 if, by its terms, the carrier undertakes to deliver the goods to the order
4 of such person, or if at the time of negotiation the bill is in such form
5 that it may be negotiated by delivery.

1 Section 30. A person to whom a negotiable bill has duly been nego-
2 tiated acquires thereby
3 (a) Such title to the goods as the person negotiating the bill to him
4 had, or had ability to convey to a purchaser in good faith for value, and
5 also such title to the goods as the consignee and consignor had, or had
6 power to convey to a purchaser in good faith for value, and
7 (b) The direct obligation of the carrier to hold possession of the goods
8 for him according to the terms of the bill as fully as if the carrier had
9 contracted directly with him.

1 Section 31. A person to whom a bill has been transferred but not
2 negotiated acquires thereby, as against the transferor, the title to the
3 goods, subject to the terms of any agreement with the transferor. If
4 the bill is non-negotiable, such person also acquires the right to notify
5 the carrier of the transfer to him of the bill, and thereby to become the
6 direct obligee of whatever obligations the carrier owed to the transferor
7 immediately before the notification.
Prior to the notification of the carrier by the transferor or transferee of a non-negotiable bill, the title of the transferee to the goods and the right to acquire the obligation of the carrier may be defeated by attachment by trustee process or otherwise, or by execution upon the goods by a creditor of the transferor, or by a notification to the carrier by the transferor or by a subsequent purchaser from him, of a subsequent sale of the goods by him.

A carrier has not received notification under this section unless an officer or agent of the carrier, the actual or apparent scope of whose duties includes action upon such a notification, has been notified; and no notification shall be effective until the officer or agent to whom it is given has had time with the exercise of reasonable diligence to communicate with the agent having actual possession or control of the goods.

SECTION 32. If a negotiable bill is transferred for value by delivery, and the endorsement of the transferor is essential for negotiation, the transferee acquires a right against the transferor to compel him to endorse the bill, unless a contrary intention appears. The negotiation shall take effect as of the time when the endorsement is actually made. This obligation may be specifically enforced.

SECTION 33. A person who negotiates or transfers for value a bill by endorsement or delivery, including one who assigns for value a claim secured by a bill, unless a contrary intention appears, warrants

(a) That the bill is genuine,

(b) That he has a legal right to transfer it,

(c) That he has knowledge of no fact which would impair the validity or worth of the bill, and

(d) That he has a right to transfer the title to the goods, and that they are merchantable or fit for a particular purpose, whenever such warranties would have been implied if the contract of the parties had been to transfer without a bill the goods represented thereby.

In the case of an assignment of a claim secured by a bill, the liability of the assignor shall not exceed the amount of the claim.

SECTION 34. The endorsement of a bill shall not make the endorser liable for any failure on the part of the carrier or previous endorsers of the bill to fulfill their respective obligations.

SECTION 35. A mortgagee or pledgee, or other holder of a bill for security who in good faith demands or receives payment of the debt for which the bill is security, whether from a party to a draft drawn for such debt or from any other person, shall not be deemed by so doing to represent or to warrant the genuineness of such bill or the quantity or quality of the goods therein described.

SECTION 36. The validity of the negotiation of a bill is not impaired by the fact that such negotiation was a breach of duty on the part of the person making the negotiation, or that the owner of the bill was deprived of its possession by fraud, accident, mistake duress or conversion, if the person to whom the bill was negotiated, or a person to whom it was subsequently negotiated, gave value therefor, in good faith, without notice of the breach of duty, fraud, accident, mistake, duress or conversion.
Section 37. If a person having sold, mortgaged, or pledged goods in a carrier's possession for which a negotiable bill has been issued, or having sold, mortgaged, or pledged the negotiable bill representing such goods, continues in possession of the negotiable bill, the subsequent negotiation thereof by that person under any sale, pledge, or other disposition thereof to any person receiving it in good faith, for value and without notice of the previous sale, shall have the same effect as if the first purchaser of the goods or bill had expressly authorized the subsequent negotiation.

Section 38. If goods are shipped by the consignor in accordance with a contract or order for their purchase, the form in which the bill is taken by the consignor shall indicate the transfer or retention of the property or right to the possession of the goods as follows:

(a) If by the bill the goods are deliverable to the buyer or to his agent, or to the order of the buyer or of his agent, the consignor thereby transfers the property in the goods to the buyer.

(b) If by the bill the goods are deliverable to the seller or to his agent, or to the order of the seller or of his agent, the seller thereby reserves the property in the goods. But if, except for the form of the bill, the property would have passed to the buyer on shipment of the goods, the seller's property in the goods shall be deemed to be only for the purpose of securing performance by the buyer of his obligations under the contract.

(c) If by the bill the goods are deliverable to the order of the buyer or of his agent, but possession of the bill is retained by the seller or his agent, the seller thereby reserves a right to the possession of the goods, as against the buyer.

(d) If the seller draws on the buyer for the price, and transmits the draft and bill together to the buyer to secure acceptance or payment of the draft, the buyer is bound to return the bill if he does not honor the draft, and if he wrongfully retains the bill he acquires no added right thereby. If, however, the bill provides that the goods are deliverable to the buyer, or to the order of the buyer, or is endorsed in blank or to the buyer by the consignee named therein, one who purchases in good faith, for value, the bill or goods from the buyer, obtains the title to the goods, although the draft has not been honored, if such purchaser has received delivery of the bill endorsed by the consignee named therein, or of the goods, without notice of the facts making the transfer wrongful.

Section 39. If the seller of goods draws on the buyer for the price of the goods, and transmits the draft and a bill of lading for the goods either directly to the buyer or through a bank or other agency, unless a different intention on the part of the seller appears, the buyer and all other parties interested are justified in assuming:

(a) If the draft is by its terms or legal effect payable on demand or presentation or at sight, or not more than three days thereafter, whether such three days be termed days of grace or not, that the seller intended to require payment of the draft before the buyer should be entitled to receive or retain the bill.

(b) If the draft is by its terms payable on time, extending beyond three days after demand, presentation or sight, whether such three days be termed days of grace or not, that the seller intended to require acceptance, but not payment of the draft before the buyer should be entitled to receive or retain the bill.
This section shall apply whether by the terms of the bill the goods are consigned to the seller, or to his order, or to the buyer, or to his order, or to a third person, or to his order.

**SECTION 40.** If a negotiable bill has been issued for goods, no seller's lien or right of stoppage in transit shall defeat the rights of any purchaser for value in good faith to whom such bill has been negotiated, whether such negotiation is prior or subsequent to the notification to the carrier who issued such bill of the seller's claim to a lien or right of stoppage in transit; nor shall the carrier be obliged to deliver, or be justified in delivering, the goods to an unpaid seller unless such bill is first surrendered for cancellation.

**SECTION 41.** Except as provided in the preceding section, this chapter shall not limit the rights and remedies of a mortgagee or lien holder whose mortgage or lien on goods would be valid, apart from this chapter, as against one who for value and in good faith purchased from the owner, immediately prior to the time of their delivery to the carrier, the goods subject to the mortgage or lien, and obtained possession thereof.

**CRIMINAL OFFENCES.**

**SECTION 42.** An officer, agent, or servant of a carrier, who with intent to defraud issues, or aids in issuing, a bill knowing that all or any part of the goods for which it is issued have not been received by the carrier, or by an agent of such carrier or by a connecting carrier, or are not under the carrier's control at the time of issuing the same, shall be punished by a fine of not more than five thousand dollars or imprisonment in the state prison for not more than five years or in a jail or house of correction for not more than two and one half years, or both.

**SECTION 43.** An officer, agent, or servant of a carrier, who with intent to defraud issues, or aids in issuing, a bill for goods, knowing that it contains a false statement, shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

**SECTION 44.** An officer, agent, or servant of a carrier, who with intent to defraud issues, or aids in issuing, a duplicate or additional negotiable bill for goods in violation of section seven, knowing that a former negotiable bill for the same goods or any part of them is outstanding and uncancelled, shall be punished by a fine of not more than five thousand dollars or by imprisonment in the state prison for not more than five years or in a jail or house of correction for not more than two and one half years, or both.

**SECTION 45.** A person who ships goods to which he has not title, or upon which there is a lien or mortgage, and who takes for such goods a negotiable bill which he afterward negotiates for value with intent to deceive, and without disclosing his want of title or the existence of the lien or mortgage, shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.
1 Section 46. A person who with intent to deceive negotiates or transfers for value a bill, knowing that any or all of the goods which by its terms appear to have been received for transportation by the carrier, which issued the bill, are not in the possession or control of such carriers, or of a connecting carrier, without disclosing this fact, shall be punished by a fine of not more than five thousand dollars or by imprisonment in the state prison for not more than five years or in a jail or house of correction for not more than two years or one half years, or both.

1 Section 47. A person who with intent to defraud secures the issue by a carrier of a bill, knowing that at the time of such issue, any or all of the goods described in such bill as received for transportation have not been so received by such carrier, or by an agent of such carrier or a connecting carrier, or are not under the carrier’s control, by inducing an officer, agent, or servant of such carrier falsely to believe that such goods have been so received or are under the carrier’s control, shall be punished by a fine of not more than five thousand dollars or by imprisonment in the state prison for not more than five years or in a jail or house of correction for not more than two years or one half years, or both.

1 Section 48. A person who with intent to defraud issues, or aids in issuing, a non-negotiable bill without the words “not negotiable” placed plainly upon the face thereof, shall be punished by a fine not exceeding five thousand dollars or by imprisonment in the state prison for not more than five years or in a jail or house of correction for not more than two years or one half years, or both.

1919, 5. 1920, 2.

INTERPRETATION.

In any case not provided for in this chapter, the rules of law and equity including the law merchant, and in particular the rules relating to the law of principal and agent, executors, administrators and trustees, and to the effect of fraud, misrepresentation, duress or coercion, accident, mistake, bankruptcy, or other invalidating cause, shall govern.

“Bill”, bill of lading.

“Consignee”, the person named in the bill as the person to whom delivery of the goods is to be made.

“Consignor”, the person named in the bill as the person from whom the goods have been received for shipment.

“Goods”, merchandise or chattels in course of transportation, or which have been or are about to be transported.

“Holder” of a bill, a person who has both actual possession of such bill and a right of property therein.

“Order”, an order by endorsement on the bill.

“Owner” does not include mortgagee or pledgee.

“Person” includes a corporation or partnership or two or more persons having a joint or common interest.

To “purchase” includes to take as mortgagee and to take as pledgee.

“Purchaser” includes mortgagee and pledgee.
“Value”, any consideration sufficient to support a simple contract. An antecedent or pre-existing obligation, whether for money or not, constitutes value where a bill is taken either in satisfaction thereof or as security therefor.

A thing is done “in good faith”, within the meaning of this chapter, when it is in fact done honestly, whether or not it be done negligently.

Section 51. This chapter may be cited as the uniform bills of lading act, and shall be so interpreted and construed as to accomplish its general purpose to make uniform the laws of those states enacting like laws.

(2) A person has "notice" of a fact within the meaning of this chapter when the person who claims the benefit of the notice states the fact to such person, or delivers through the mail, or by other means of communication, a written statement of the fact to such person or to a proper person at his place of business or residence.

(2) The law of estoppel shall apply under this chapter.

(3) The law of agency shall apply under this chapter.

(4) This chapter shall be so interpreted and construed as to effect its general purpose to make uniform the law of those states which enact it.

(5) This chapter shall not be construed so as to impair the obligations of any contract existing on January first, nineteen hundred and twenty-three, nor to affect any action or proceedings begun or right accrued before said date.

Section 5. In any case not provided for in this chapter the rules of law and equity, including the law merchant, shall govern.

Nature of Partnership.

Section 6. (1) A partnership is an association of two or more persons to carry on as co-owners a business for profit.

(2) But any association formed under any other statute of this state, or any statute adopted by authority, other than the authority of this state, is not a partnership under this chapter, unless such association would have been a partnership in this state prior to January first, nineteen hundred and twenty-three; but this chapter shall apply to limited partnerships except in so far as the statutes relating to such partnerships are inconsistent herewith.

Section 7. In determining whether a partnership exists, these rules shall apply:

(1) Except as provided by section sixteen persons who are not partners as to each other are not partners as to third persons.
(2) Joint tenancy, tenancy in common, tenancy by the entirety, joint property, common property, or part ownership does not of itself establish a partnership, whether such co-owners do or do not share any profits made by the use of the property.

(3) The sharing of gross returns does not of itself establish a partnership, whether or not the persons sharing them have a joint or common right or interest in any property from which the returns are derived.

(4) The receipt by a person of a share of the profits of a business is prima facie evidence that he is a partner in the business, but no such inference shall be drawn if such profits were received in payment:

(a) Of a debt by instalments or otherwise,

(b) As wages of an employee or rent to a landlord,

(c) As an annuity to a widow or representative of a deceased partner,

(d) As interest on a loan, though the amount of payment vary with the profits of the business,

(e) As the consideration for the sale of the good will of a business or other property by instalments or otherwise.

Section 8. (1) All property originally brought into the partnership stock or subsequently acquired, by purchase or otherwise, on account of the partnership is partnership property.

(2) Unless the contrary intention appears, property acquired with partnership funds is partnership property.

(3) Any estate in real property may be acquired in the partnership name. Title so acquired can be conveyed only in the partnership name.

(4) A conveyance to a partnership in the partnership name, though without words of inheritance, passes the entire estate of the grantor unless a contrary intent appears.

Relations of Partners to Persons Dealing with the Partnership.

Section 9. (1) Every partner is an agent of the partnership for the purpose of its business, and the act of every partner, including the execution in the partnership name of any instrument, for apparently carrying on in the usual way the business of the partnership of which he is a member binds the partnership, unless the partner so acting has in fact no authority to act for the partnership in the particular matter, and the person with whom he is dealing has knowledge of the fact that he has no such authority.

(2) An act of a partner which is not apparently for the carrying on of the business of the partnership in the usual way does not bind the partnership unless authorized by the other partners.

(3) Unless authorized by the other partners or unless they have abandoned the business, one or more but less than all the partners have no authority to:

(a) Assign the partnership property in trust for creditors or on the assignee’s promise to pay the debts of the partnership,

(b) Dispose of the good will of the business,

(c) Do any other act which would make it impossible to carry on the ordinary business of the partnership,

(d) Confess a judgment,

(e) Submit a partnership claim or liability to arbitration or reference.
(4) No act of a partner in contravention of a restriction on his authority shall bind the partnership to persons having knowledge of the restriction.

Section 10. (1) Where title to real property is in the partnership name, any partner may convey title to such property by a conveyance executed in the partnership name; but the partnership may recover such property unless the partner's act binds the partnership under the provisions of paragraph (1) of section nine, or unless such property has been conveyed by the grantee or a person claiming through such grantee to a holder for value without knowledge that the partner, in making the conveyance, has exceeded his authority.

(2) Where title to real property is in the name of the partnership, a conveyance executed by a partner, in his own name, passes the equitable interest of the partnership, provided the act is one within the authority of the partner under the provisions of paragraph (1) of section nine.

(3) Where title to real property is in the name of one or more but not all the partners, and the record does not disclose the right of the partnership, the partners in whose name the title stands may convey title to such property, but the partnership may recover such property if the partners' act does not bind the partnership under the provisions of paragraph (1) of section nine, unless the purchaser or his assignee is a holder for value, without knowledge.

(4) Where the title to real property is in the name of one or more of all the partners, or in a third person in trust for the partnership, a conveyance executed by a partner in the partnership name, or in his own name, passes the equitable interest of the partnership, provided the act is one within the authority of the partner under the provisions of paragraph (1) of section nine.

(5) Where the title to real property is in the names of all the partners a conveyance executed by all the partners passes all their rights in such property.

Section 11. An admission or representation made by any partner concerning partnership affairs within the scope of his authority as conferred by this chapter is evidence against the partnership.

Section 12. Notice to any partner of any matter relating to partnership affairs, and the knowledge of the partner acting in the particular matter, acquired while a partner or then present to his mind, and the knowledge of any other partner who reasonably could and should have communicated it to the acting partner operate as notice to or knowledge of the partnership, except in the case of a fraud on the partnership committed by or with the consent of that partner.

Section 13. Where, by any wrongful act or omission of any partner acting in the ordinary course of the business of the partnership, or with the authority of his co-partners, loss or injury is caused to any person, not being a partner in the partnership, or any penalty is incurred, the partnership is liable therefor to the same extent as the partner so acting or omitting to act.
Section 14. The partnership is bound to make good the loss:

(a) Where one partner acting within the scope of his apparent authority receives money or property of a third person and misapplies it; and

(b) Where the partnership in the course of its business receives money or property of a third person and the money or property so received is misapplied by any partner while it is in the custody of the partnership.

Section 15. All partners are liable:

(a) Jointly and severally for everything chargeable to the partnership under sections thirteen and fourteen.

(b) Jointly for all other debts and obligations of the partnership; but any partner may enter into a separate obligation to perform a partnership contract.

Section 16. (1) When a person, by words spoken or written or by conduct, represents himself, or consents to another representing him to any one, as a partner in an existing partnership or with one or more persons not actual partners, he is liable to any such person to whom such representation has been made, who has, on the faith of such representation, given credit to the actual or apparent partnership, and if he has made such representation or consented to its being made in a public manner he is liable to such person, whether the representation has or has not been made or communicated to such person so giving credit by or with the knowledge of the apparent partner making the representation or consenting to its being made.

(a) When a partnership liability results he is liable as though he were an actual member of the partnership.

(b) When no partnership liability results he is liable jointly with the other persons, if any, so consenting to the contract or representation as to incur liability, otherwise separately.

(2) When a person has been thus represented to be a partner in an existing partnership, or with one or more persons not actual partners, he is an agent of the persons consenting to such representation to bind them to the same extent and in the same manner as though he were a partner in fact, with respect to persons who rely upon the representation. Where all the members of the existing partnership consent to the representation, a partnership act or obligation results; but in all other cases it is the joint act or obligation of the person acting and the persons consenting to the representation.

Section 17. A person admitted as a partner into an existing partnership is liable for all the obligations of the partnership arising before his admission as though he had been a partner when such obligations were incurred, except that this liability shall be satisfied only out of partnership property.

Relations of Partners to One Another.

Section 18. The rights and duties of the partners in relation to the partnership shall be determined, subject to any agreement between them, by the following rules:

(a) Each partner shall be repaid his contributions, whether by way of capital or advances to the partnership property, and share equally in
6 the profits and surplus remaining after all liabilities, including those to
7 partners, are satisfied; and must contribute towards the losses, whether
8 of capital or otherwise, sustained by the partnership according to his
9 share in the profits.
10 (b) The partnership must indemnify every partner in respect of pay-
11 ments made and personal liabilities reasonably incurred by him in the
12 ordinary and proper conduct of its business, or for the preservation of its
13 business or property.
14 (c) A partner, who in aid of the partnership makes any payment or
15 advance beyond the amount of capital which he agreed to contribute,
16 shall be paid interest from the date of the payment or advance.
17 (d) A partner shall receive interest on the capital contributed by him
18 only from the date when repayment should be made.
19 (e) All partners have equal rights in the management and conduct of
20 the partnership business.
21 (f) No partner is entitled to remuneration for acting in the partner-
22 ship business, except that a surviving partner is entitled to reasonable
23 compensation for his services in winding up the partnership affairs.
24 (g) No person can become a member of a partnership without the
25 consent of all the partners.
26 (h) Any difference arising as to ordinary matters connected with the
27 partnership business may be decided by a majority of the partners; but
28 no act in contravention of any agreement between the partners may be
29 done rightfully without the consent of all the partners.

1 Section 19. The partnership books shall be kept, subject to any
2 agreement between the partners, at the principal place of business of
3 the partnership, and every partner shall at all times have access to and
4 may inspect and copy any of them.

1 Section 20. Partners shall render on demand true and full infor-
2 mation of all things affecting the partnership to any partner or the legal
3 representative of any deceased partner or partner under legal disability.

1 Section 21. (1) Every partner must account to the partnership for
2 any benefit, and hold as trustee for it any profits derived by him without
3 the consent of the other partners from any transaction connected with
4 the formation, conduct or liquidation of the partnership or from any use
5 by him of its property.
6 (2) This section applies also to the representatives of a deceased partner
7 engaged in the liquidation of the affairs of the partnership as the personal
8 representatives of the last surviving partner.

1 Section 22. Any partner shall have the right to a formal account as
2 to partnership affairs:
3 (a) If he is wrongfully excluded from the partnership business or pos-
4 session of its property by his co-partners,
5 (b) If the right exists under the terms of any agreement,
6 (c) As provided by section twenty-one,
7 (d) Whenever other circumstances render it just and reasonable.

1 Section 23. (1) When a partnership for a fixed term or particular
2 undertaking is continued after the termination of such term or particular.
PARTNERSHIPS.

undertaking without any express agreement, the rights and duties of the partners remain the same as they were at such termination, so far as is consistent with a partnership at will.

(2) A continuation of the business by the partners or such of them as habitually acted therein during the term, without any settlement or liquidation of the partnership affairs, is prima facie evidence of a continuation of the partnership.

PROPERTY RIGHTS OF A PARTNER.

SECTION 24. The property rights of a partner are (1) his rights in specific partnership property, (2) his interest in the partnership, and (3) his right to participate in the management.

SECTION 25. (1) A partner is co-owner with his partners of specific partnership property holding as a tenant in partnership.

(2) The incidents of this tenancy are such that:

(a) A partner, subject to the provisions of this chapter and to any agreement between the partners, has an equal right with his partners to possess specific partnership property for partnership purposes; but he has no right to possess such property for any other purpose without the consent of his partners.

(b) A partner’s right in specific partnership property is not assignable except in connection with the assignment of the rights of all the partners in the same property.

(c) A partner’s right in specific partnership property is not subject to attachment or execution, except on a claim against the partnership. When partnership property is attached for a partnership debt the partners, or any of them, or the representatives of a deceased partner, cannot claim any right under the homestead or exemption laws.

(d) On the death of a partner his right in specific partnership property vests in the surviving partner or partners, except where the deceased was the last surviving partner, when his right in such property vests in his legal representative. Such surviving partner or partners, or the legal representative of the last surviving partner, has no right to possess the partnership property for any but a partnership purpose.

(e) A partner’s right in specific partnership property is not subject to dower, curtesy, or allowances to widows, heirs, or next of kin.

SECTION 26. A partner’s interest in the partnership is his share of the profits and surplus, and the same is personal property.

SECTION 27. (1) A conveyance by a partner of his interest in the partnership does not of itself dissolve the partnership, nor, as against the other partners in the absence of agreement, entitle the assignee, during the continuance of the partnership, to interfere in the management or administration of the partnership business or affairs, or to require any information or account of partnership transactions, or to inspect the partnership books; but it merely entitles the assignee to receive in accordance with his contract the profits to which the assigning partner would otherwise be entitled.

(2) In case of a dissolution of the partnership, the assignee is entitled to receive his assignor’s interest and may require an account from the date only of the last account agreed to by all the partners.
Chap. 108A.] Partnerships. 1293

1 Section 28. (1) On due application to the superior court by any
development creditor of a partner, such court may charge the interest of the
3 debtor partner with payment of the unsatisfied amount of such judgment
4 debt with interest thereon; and may then or later appoint a receiver of
5 his share of the profits, and of any other money due or to fall due to him
6 in respect of the partnership, and make all other orders, directions, ac-
7 counts and inquiries which the debtor partner might have made, or which
8 the circumstances of the case may require.
9 (2) The interest charged may be redeemed at any time before fore-
10 closure, or in case of a sale being directed by the court may be purchased
11 without thereby causing a dissolution:
12 (a) With separate property, by any one or more of the partners, or
13 (b) With partnership property, by any one or more of the partners with
14 the consent of all the partners whose interests are not so charged or sold.
15 (3) Nothing in this chapter shall be held to deprive a partner of his
16 right, if any, under the exemption laws, as regards his interest in the
17 partnership.

Dissolution and Winding Up.

1 Section 29. The dissolution of a partnership is the change in the
2 relation of the partners caused by any partner ceasing to be associated in
3 the carrying on as distinguished from the winding up of the business.

268 Mass. 365.

1 Section 30. On dissolution the partnership is not terminated, but
2 continues until the winding up of partnership affairs is completed.

268 Mass. 365.

1 Section 31. Dissolution is caused:
2 (1) Without violation of the agreement between the partners,
3 (a) By the termination of the definite term or particular undertaking
4 specified in the agreement,
5 (b) By the express will of any partner when no definite term or partic-
6 lar undertaking is specified,
7 (c) By the express will of all the partners who have not assigned their
8 interests or suffered them to be charged for their separate debts, either
9 before or after the termination of any specified term or particular under-
10 taking,
11 (d) By the expulsion of any partner from the business bona fide in ac-
12 cordance with such a power conferred by the agreement between the
13 partners;
14 (2) In contravention of the agreement between the partners, where the
15 circumstances do not permit a dissolution under any other provision of
16 this section, by the express will of any partner at any time;
17 (3) By any event which makes it unlawful for the business of the
18 partnership to be carried on or for the members to carry it on in partner-
19 ship;
20 (4) By the death of any partner;
21 (5) By the bankruptcy of any partner or the partnership;
22 (6) By decree of court under section thirty-two.

1 Section 32. (1) On application by or for a partner the court shall
2 decree a dissolution whenever:
3 (a) A partner has been declared a lunatic in any judicial proceeding or
4 is shown to be of unsound mind,
(b) A partner becomes in any other way incapable of performing his part of the partnership contract,  
(c) A partner has been guilty of such conduct as tends to affect prejudicially the carrying on of the business,  
(d) A partner wilfully or persistently commits a breach of the partnership agreement, or otherwise so conducts himself in matters relating to the partnership business that it is not reasonably practicable to carry on the business in partnership with him,  
(e) The business of the partnership can only be carried on at a loss,  
(f) Other circumstances render a dissolution equitable.  
(2) On the application of the purchaser of a partner's interest under section twenty-seven or twenty-eight:  
(a) After the termination of the specified term or particular undertaking,  
(b) At any time if the partnership was a partnership at will when the interest was assigned or when the charging order was issued.

**SECTION 33.** Except so far as may be necessary to wind up partnership affairs or to complete transactions begun but not then finished, dissolution terminates all authority of any partner to act for the partnership,  
(1) With respect to the partners,  
(a) When the dissolution is not by the act, bankruptcy or death of a partner; or  
(b) When the dissolution is by such act, bankruptcy or death of a partner, in cases where section thirty-four so requires;  
(2) With respect to persons not partners, as declared in section thirty-five.

**SECTION 34.** Where the dissolution is caused by the act, death or bankruptcy of a partner, each partner is liable to his co-partners for his shares of any liability created by any partner acting for the partnership as if the partnership had not been dissolved unless  
(a) The dissolution being by act of any partner, the partner acting for the partnership had knowledge of the dissolution; or  
(b) The dissolution being by the death or bankruptcy of a partner, the partner acting for the partnership had knowledge or notice of the death or bankruptcy.

**SECTION 35.** (1) After dissolution a partner can bind the partnership except as provided in paragraph (3)  
(a) By any act appropriate for winding up partnership affairs or completing transactions unfinished at dissolution;  
(b) By any transaction which would bind the partnership if dissolution had not taken place, provided the other party to the transaction had no knowledge or notice of the dissolution; or  
(I) Had extended credit to the partnership prior to dissolution and  
(II) Though he had not so extended credit, had nevertheless known of the partnership prior to dissolution, and, having no knowledge or notice of dissolution, the fact of dissolution has not been advertised in a newspaper of general circulation in the place (or in each place if more than one) at which the partnership business was regularly carried on.  
(2) The liability of a partner under paragraph (1 b) shall be satisfied out of partnership assets alone when such partner had been prior to dissolution.
17 (a) Unknown as a partner to the person with whom the contract is made; and
18 (b) So far unknown and inactive in partnership affairs that the business reputation of the partnership could not be said to have been in any degree due to his connection with it.
19 (3) The partnership is in no case bound by any act of a partner after dissolution
20 (a) Where the partnership is dissolved because it is unlawful to carry on the business, unless the act is appropriate for winding up partnership affairs; or
21 (b) Where the partner has become bankrupt; or
22 (c) Where the partner has no authority to wind up partnership affairs, except by a transaction with one who had no knowledge or notice of his want of authority; or
23 (II) Had not extended credit to the partnership prior to dissolution and had no knowledge or notice of his want of authority; or
24 (3) Had extended credit to the partnership prior to dissolution and the partner has no knowledge or notice of his want of authority; or
25 and, having no knowledge or notice of his want of authority, the fact of his want of authority has not been advertised in the manner provided for advertising the fact of dissolution in paragraph (1 b II).
26 (4) Nothing in this section shall affect the liability under section sixteen of any person who after dissolution represents himself or consents to another representing him as a partner in a partnership engaged in carrying on business.

1 Section 36. (1) The dissolution of the partnership does not of itself discharge the existing liability of any partner.
2 (2) A partner is discharged from any existing liability upon dissolution of the partnership by an agreement to that effect between himself, the partnership creditor and the person or partnership continuing the business; and such agreement may be inferred from the course of dealing between the creditor having knowledge of the dissolution and the person or partnership continuing the business.
3 (3) Where a person agrees to assume the existing obligations of a dissolved partnership, the partners whose obligations have been assumed shall be discharged from any liability to any creditor of the partnership who, knowing of the agreement, consents to a material alteration in the nature or time of payment of such obligations.
4 (4) The individual property of a deceased partner shall be liable for all obligations of the partnership incurred while he was a partner but subject to the prior payment of his separate debts.

1 Section 37. Unless otherwise agreed the partners who have not wrongfully dissolved the partnership or the legal representative of the last surviving partner, not bankrupt, has the right to wind up the partnership affairs; provided, that any partner, his legal representative, or his assignee, upon cause shown, may obtain winding up by the court.

1 Section 38. (1) When dissolution is caused in any way, except in contravention of the partnership agreement, each partner, as against his co-partners and all persons claiming through them in respect of their interests in the partnership, unless otherwise agreed, may have the partnership property applied to discharge its liabilities, and the surplus applied to pay in cash the net amount owing to the respective partners. But if dissolution is caused by expulsion of a partner bona fide under the
partnership agreement, and if the expelled partner is discharged from all partnership liabilities, either by payment or agreement under section thirty-six (2), he shall receive in cash only the net amount due him from the partnership.

(2) When dissolution is caused in contravention of the partnership agreement the rights of the partners shall be as follows:

(a) Each partner who has not caused dissolution wrongfully shall have —

I. All the rights specified in paragraph (1) of this section, and

II. The right, as against each partner who has caused the dissolution wrongfully, to damages for breach of the agreement.

(b) The partners who have not caused the dissolution wrongfully, if they all desire to continue the business in the same name, either by themselves or jointly with others, may do so during the agreed term for the partnership, and for that purpose may possess the partnership property, provided they secure the payment by bond approved by the court, or pay to any partner who has caused the dissolution wrongfully the value of his interest in the partnership at the dissolution, less any damages recoverable under clause (2a II) of this section, and in like manner indemnify him against all present or future partnership liabilities.

(c) A partner who has caused the dissolution wrongfully shall have —

I. If the business is not continued under the provisions of paragraph (2b), all the rights of a partner under paragraph (1), subject to clause (2a II) of this section.

II. If the business is continued under paragraph (2b) of this section, the right as against his co-partners and all claiming through them in respect of their interests in the partnership, to have the value of his interest in the partnership, less any damages caused to his co-partners by the dissolution, ascertained and paid to him in cash, or the payment secured by bond approved by the court, and to be released from all existing liabilities of the partnership; but in ascertaining the value of the partner’s interest the value of the good will of the business shall not be considered.

Section 39. Where a partnership contract is rescinded on the ground of the fraud or misrepresentation of one of the parties thereto, the party entitled to rescind is, without prejudice to any other right, entitled —

(a) To a lien, or right of retention of, the surplus of the partnership property after satisfying the partnership liabilities to third persons for any sum of money paid by him for the purchase of an interest in the partnership and for any capital or advances contributed by him; and

(b) To stand, after all liabilities to third persons have been satisfied, in the place of the creditors of the partnership for any payments made by him in respect of the partnership liabilities; and

(c) To be indemnified by the person guilty of the fraud or making the representation against all debts and liabilities of the partnership.

Section 40. In settling accounts between the partners after dissolution, the following rules shall be observed, subject to any agreement to the contrary:

(a) The assets of the partnership are —

I. The partnership property.

II. The contributions of the partners necessary for the payment of all the liabilities specified in clause (b) of this section.
partnerships.

8 (b) The liabilities of the partnership shall rank in order of payment, as follows:
10 I. Those owing to creditors other than partners.
11 II. Those owing to partners other than for capital and profits.
12 III. Those owing to partners in respect of capital.
13 IV. Those owing to partners in respect of profits.
14 (c) The assets shall be applied in the order of their declaration in clause
15 (a) of this section to the satisfaction of the liabilities.
16 (d) The partners shall contribute, as provided by section eighteen (a),
17 the amount necessary to satisfy the liabilities; but if any, but not all, of
18 the partners are insolvent, or, not being subject to process, refuse to
19 contribute, the other partners shall contribute their share of the liabili-
20 ties, and, in the relative proportions in which they share the profits, the
21 additional amount necessary to pay the liabilities.
22 (e) An assignee for the benefit of creditors or any person appointed by
23 the court shall have the right to enforce the contributions specified in
24 clause (d) of this section.
25 (f) Any partner or his legal representative shall have the right to
26 enforce the contributions specified in clause (d) of this section, to the
27 extent of the amount which he has paid in excess of his share of the
28 liability.
29 (g) The individual property of a deceased partner shall be liable for the
30 contributions specified in clause (d) of this section.
31 (h) When partnership property and the individual properties of the
32 partners are in the possession of a court for distribution, partnership
33 creditors shall have priority on partnership property and separate
34 creditors on individual property, saving the rights of lien or secured
35 creditors as heretofore.
36 (i) Where a partner has become bankrupt or his estate is insolvent,
37 the claims against his separate property shall rank in the following
38 order:
39 I. Those owing to separate creditors.
40 II. Those owing to partnership creditors.
41 III. Those owing to partners by way of contribution.

1 Section 41. (1) When any new partner is admitted into an existing
2 partnership, or when any partner retires and assigns, or dies and his
3 representative assigns, his rights in partnership property to two or more
4 of the partners, or to one or more of the partners, and one or more third
5 persons, if the business is continued without liquidation of the partnership
6 affairs, creditors of the first or dissolved partnership are also creditors of
7 the partnership so continuing the business.
8 (2) When all but one partner retire and assign, or die and their repre-
9 sentatives assign, their rights in partnership property to the remaining
10 partner, who continues the business without liquidation of partnership
11 affairs, either alone or with others, creditors of the dissolved partnership
12 are also creditors of the person or partnership so continuing the business.
13 (3) When any partner retires or dies and the business of the dissolved
14 partnership is continued as set forth in paragraph (1) or (2) of this sec-
15 tion, with the consent of the retired partners or the representative of the
16 deceased partner, but without any assignment of his right in partnership
17 property, rights of creditors of the dissolved partnership and of the
18 creditors of the person or partnership continuing the business shall be as
19 if such assignment had been made.

Same subject. Continuation of business by new or surviving partners, rights of creditors. 1922, 486, § 1.
(4) When all the partners or their representatives assign their rights in partnership property to one or more third persons, who promise to pay the debts and who continue the business of the dissolved partnership, creditors of the dissolved partnership are also creditors of the person or partnership continuing the business.

(5) When any partner wrongfully causes a dissolution and the remaining partners continue the business under the provisions of section thirty-eight (2 b), either alone or with others, and without liquidation of the partnership affairs, creditors of the dissolved partnership are also creditors of the person or partnership continuing the business.

(6) When a partner is expelled and the remaining partners continue the business either alone or with others, without liquidation of the partnership affairs, creditors of the dissolved partnership are also creditors of the person or partnership continuing the business.

(7) The liability of a third person becoming a partner in the partnership continuing the business, under this section, to the creditors of the dissolved partnership shall be satisfied out of partnership property only.

(8) When the business of a partnership after dissolution is continued under any conditions set forth in this section, the creditors of the dissolved partnership, as against the separate creditors of the retiring or deceased partner or the representative of the deceased partner, have a prior right to any claim of the retired partner or the representative of the deceased partner against the person or partnership continuing the business, on account of the retired or deceased partner's interest in the dissolved partnership or on account of any consideration promised for such interest or for his right in partnership property.

(9) Nothing in this section shall be held to modify any right of creditors to set aside any assignment on the ground of fraud.

(10) The use by the person or partnership continuing the business of the partnership name, or the name of a deceased partner as part thereof, shall not of itself make the individual property of the deceased partner liable for any debts contracted by such person or partnership.

Section 42. When any partner retires or dies, and the business is continued under any of the conditions set forth in section forty-one (1) (2) (3) (5) (6), or section thirty-eight (2 b), without any settlement of accounts as between him or his estate and the person or partnership continuing the business, unless otherwise agreed, he or his legal representative as against such persons or partnership may have the value of his interest at the date of dissolution ascertained, and shall receive as an ordinary creditor an amount equal to the value of his interest in the dissolved partnership with interest, or, at his option or at the option of his legal representative, in lieu of interest, the profits attributable to the use of his right in the property of the dissolved partnership; provided, that the creditors of the dissolved partnership as against the separate creditors, or the representative of the retired or deceased partner, shall have priority on any claim arising under this section, as provided by section forty-one (8).

Section 43. The right to an account of his interest shall accrue to any partner, or his legal representative, as against the winding up partners or the surviving partners or the person or partnership continuing the business, at the date of dissolution, in the absence of any agreement to the contrary.
Chapter 109. Limited Partnerships.

Section 1. A limited partnership is a partnership formed by two or more persons under the provisions of section two, having as members one or more general partners and one or more limited partners. The limited partners as such shall not be bound by the obligations of the partnership.

Section 2. (1) Two or more persons desiring to form a limited partnership shall
(a) Sign and swear to a certificate, which shall state
I. The name of the partnership,
II. The character of the business,
III. The location of the principal place of business,
IV. The name and place of residence of each member; general and limited partners being respectively designated,
V. The term for which the partnership is to exist,
VI. The amount of cash and a description and the agreed value of the other property contributed by each limited partner,
VII. The additional contributions, if any, agreed to be made by each limited partner and the times at which or events on the happening of which they shall be made.
VIII. The time, if agreed upon, when the contribution of each limited partner is to be returned.

IX. The share of the profits or the other compensation by way of income which each limited partner shall receive by reason of his contribution.

X. The right, if given, of a limited partner to substitute an assignee as contributor in his place, and the terms and conditions of the substitution.

XI. The right, if given, of the partners to admit additional limited partners,

XII. The right, if given, of one or more of the limited partners to priority over other limited partners, as to contributions or as to compensation by way of income, and the nature of such priority,

XIII. The right, if given, of the remaining general partner or partners to continue the business on the death, retirement or insanity of a general partner, and

XIV. The right, if given, of a limited partner to demand and receive property other than cash in return for his contribution.

(b) File the certificate in the office of the state secretary.

(2) A limited partnership is formed if there has been substantial compliance in good faith with all requirements of paragraph (1).

SECTION 3. A limited partnership may carry on any business which a partnership without limited partners may carry on.

1923, 112, § 1.

SECTION 4. The contributions of a limited partner may be cash or other property, but not services.

1923, 112, § 1.

SECTION 5. (1) The surname of a limited partner shall not appear in the partnership name, unless

(a) It is also the surname of a general partner, or

(b) Prior to the time when the limited partner became such the business had been carried on under a name in which his surname appeared.

(2) A limited partner whose name appears in a partnership name contrary to the provisions of paragraph (1) is liable as a general partner to partnership creditors who extend credit to the partnership without actual knowledge that he is not a general partner.

SECTION 6. If the certificate contains a false statement, one who suffers loss by reliance on such statement may hold liable any party to the certificate who knew the statement to be false.

(a) At the time he signed the certificate, or

(b) Subsequently, but within a sufficient time before the statement was relied upon to enable him to cancel or amend the certificate, or to file a petition for its cancellation or amendment as provided in section twenty-five (3).

SECTION 7. A limited partner shall not become liable as a general partner unless, in addition to the exercise of his rights and powers as a limited partner, he takes part in the control of the business.

1923, 112, § 1.
Section 8. After the formation of a limited partnership additional limited partners may be admitted upon filing an amendment to the original certificate in accordance with the requirements of section twenty-four.

Section 9. (1) A general partner shall have all the rights and powers and be subject to all the restrictions and liabilities of a partner in a partnership without limited partners, except that without the written consent or ratification of the specific act by all the limited partners, a general partner or all of the general partners have no authority to:
   (a) Do any act in contravention of the certificate,
   (b) Do any act which would make it impossible to carry on the ordinary business of the partnership,
   (c) Confess a judgment against the partnership,
   (d) Possess partnership property, or assign their rights in specific partnership property, for other than a partnership purpose,
   (e) Admit a person as a general partner,
   (f) Admit a person as a limited partner, unless the right so to do is given in the certificate,
   (g) Continue the business with partnership property on the death, retirement or insanity of a general partner, unless the right so to do is given in the certificate.

Section 10. (1) A limited partner shall have the same rights as a general partner to:
   (a) Have the partnership books kept at the principal place of business of the partnership, and at all times to inspect and copy any of them,
   (b) Have on demand true and full information of all things affecting the partnership, and a formal account of partnership affairs whenever circumstances render it just and reasonable, and
   (c) Have dissolution and winding up by decree of court.
   (2) A limited partner shall have the right to receive a share of the profits or other compensation by way of income, and to the return of his contribution as provided in sections fifteen and sixteen.

Section 11. A person who has contributed to the capital of a business conducted by a person or partnership erroneously believing that he has become a limited partner in a limited partnership, is not, by reason of his exercise of the rights of a limited partner, a general partner with the person or in the partnership carrying on the business, or bound by the obligations of such person or partnership; provided, that on ascertaining the mistake he promptly renounces his interest in the profits of the business, or other compensation by way of income.

Section 12. (1) A person may be a general partner and a limited partner in the same partnership at the same time.
   (2) A person who is a general, and also at the same time a limited partner, shall have all the rights and powers and be subject to all the restrictions of a general partner; except that, in respect to his contribution, he shall have the rights against the other members which he would have had if he were not also a general partner.
Section 13. (1) A limited partner also may loan money to and transact other business with the partnership, and, unless he is also a general partner, receive on account of resulting claims against the partnership, with general creditors, a pro rata share of the assets. No limited partner shall in respect to any such claim

(a) Receive or hold as collateral security any partnership property, or

(b) Receive from a general partner or the partnership any payment, conveyance, or release from liability, if at the time the assets of the partnership are not sufficient to discharge partnership liabilities to persons not claiming as general or limited partners.

(2) The receiving of collateral security, or a payment, conveyance or release in violation of the provisions of paragraph (1) is a fraud on the creditors of the partnership.

Section 14. Where there are several limited partners the members may agree that one or more of the limited partners shall have a priority over other limited partners as to the return of their contributions, as to their compensation by way of income, or as to any other matter. If such an agreement is made it shall be stated in the certificate, and in the absence of such a statement all the limited partners shall stand upon equal footing.

Section 15. A limited partner may receive from the partnership the share of the profits or the compensation by way of income stipulated for in the certificate; provided, that after such payment is made, whether from the property of the partnership or that of a general partner, the partnership assets are in excess of all liabilities of the partnership except liabilities to limited partners on account of their contributions and to general partners.

Section 16. (1) A limited partner shall not receive from a general partner or out of partnership property any part of his contribution until

(a) All liabilities of the partnership, except liabilities to general partners and to limited partners on account of their contributions, have been paid or there remains property of the partnership sufficient to pay them,

(b) The consent of all members is had, unless the return of the contribution may be rightfully demanded under the provisions of paragraph (2), and

(c) The certificate is cancelled or so amended as to set forth the withdrawal or reduction.

(2) Subject to the provisions of paragraph (1) a limited partner may rightfully demand the return of his contribution

(a) On the dissolution of a partnership, or

(b) When the date specified in the certificate for its return has arrived,

or

(c) After he has given six months' notice in writing to all other members, if no time is specified in the certificate either for the return of the contribution or for the dissolution of the partnership.

(3) In the absence of any statement in the certificate to the contrary or the consent of all members, a limited partner, irrespective of the nature of his contribution, has only the right to demand and receive cash in return for his contribution.

(4) A limited partner may have the partnership dissolved and its affairs wound up when
25 (a) He rightfully but unsuccessfully demands the return of his con-
26tribution, or
27 (b) The other liabilities of the partnership have not been paid, or the
28partnership property is insufficient for their payment as required by
29paragraph (1 a) and the limited partner would otherwise be entitled to
30the return of his contribution.

1 Section 17. (1) A limited partner is liable to the partnership
2(a) For the difference between his contribution as actually made and
3that stated in the certificate as having been made, and
4(b) For any unpaid contribution which he agreed in the certificate to
5make in the future at the time and on the conditions stated in the cer-
6tificate.
7(2) A limited partner holds as trustee for the partnership
8(a) Specific property stated in the certificate as contributed by him,
9but which was not contributed or which has been wrongfully returned,
10and
11(b) Money or other property wrongfully paid or conveyed to him on
12account of his contribution.
13(3) The liabilities of a limited partner as set forth in this section can
14be waived or compromised only by the consent of all members; but a
15waiver or compromise shall not affect the right of a creditor of a part-
16nership, who extended credit or whose claim arose after the filing and
17before a cancellation or amendment of the certificate, to enforce such
18liabilities.
19(4) When a contributor has rightfully received the return in whole or
20in part of the capital of his contribution, he is nevertheless liable to the
21partnership for any sum, not in excess of such return with interest,
22necessary to discharge its liabilities to all creditors who extended credit
23or whose claims arose before such return.

1 Section 18. A limited partner’s interest in the partnership is personal
2property.

1923, 112, § 1.

1 Section 19. (1) A limited partner’s interest is assignable.
2(2) A substituted limited partner is a person admitted to all the rights
3of a limited partner who has died or has assigned his interest in a part-
4nership.
5(3) An assignee, who does not become a substituted limited partner,
6has no right to require any information or account of the partnership
7transactions or to inspect the partnership books; he is only entitled to
8receive the share of the profits or other compensation by way of income,
9or the return of the contribution, to which his assignor would otherwise
10be entitled.
11(4) An assignee shall have the right to become a substituted limited
12partner if all the members, except the assignor, consent thereto or if the
13assignor, being thereunto empowered by the certificate, gives the as-
14signee that right.
15(5) An assignee becomes a substituted limited partner when the
16certificate is appropriately amended in accordance with section twenty-
17five.
18(6) The substituted limited partner has all the rights and powers,
19and is subject to all the restrictions and liabilities of his assignor, except
those liabilities of which he was ignorant at the time he became a limited partner and which could not be ascertained from the certificate.

(7) The substitution of the assignee as a limited partner does not release the assignor from liability to the partnership under sections six and seventeen.

**SECTION 20.** The retirement, death or insanity of a general partner dissolves the partnership, unless the business is continued by the remaining general partners, (a) under a right so to do stated in the certificate, or (b) with the consent of all members.

**SECTION 21.** (1) On the death of a limited partner his executor or administrator shall have all the rights of a limited partner for the purpose of settling his estate, and such power as the deceased had to constitute his assignee a substituted limited partner.

(2) The estate of a deceased limited partner shall be liable for all his liabilities as a limited partner.

**SECTION 22.** (1) On due application to the superior court by any creditor of a limited partner, the court may charge the interest of the indebted limited partner with payment of the unsatisfied amount of such claim; and may appoint a receiver, and make all other orders, directions, and inquiries which the circumstances of the case may require.

(2) The interest may be redeemed with the separate property of any general partner, but may not be redeemed with partnership property.

(3) The remedies conferred by paragraph (1) shall not be deemed exclusive of others which may exist.

(4) Nothing in this chapter shall be held to deprive a limited partner of his statutory exemption.

**SECTION 23.** (1) In settling accounts after dissolution the liabilities of the partnership shall be entitled to payment in the following order:

(a) Those to creditors, in the order of priority as provided by law, except those to limited partners on account of their contributions and to general partners,

(b) Those to limited partners in respect to their share of the profits and other compensation by way of income on their contributions,

(c) Those to limited partners in respect to the capital of their contributions,

(d) Those to general partners other than for capital and profits,

(e) Those to general partners in respect to profits,

(f) Those to general partners in respect to capital.

(2) Subject to any statement in the certificate or to subsequent agreement, limited partners share in the partnership assets in respect to their claims for capital, and in respect to their claims for profits or for compensation by way of income on their contributions, respectively, in proportion to the respective amounts of such claims.

**SECTION 24.** (1) The certificate shall be cancelled when the partnership is dissolved or all limited partners cease to be such.

(2) A certificate shall be amended when

(a) There is a change in the name of the partnership or in the amount or character of the contribution of any limited partner,
6 (b) A person is substituted as a limited partner,
7 (c) An additional limited partner is admitted,
8 (d) A person is admitted as a general partner,
9 (e) A general partner retires, dies or becomes insane, and the business
10 is continued under section twenty,
11 (f) There is a change in the character of the business of the partner-
12 ship,
13 (g) There is a false or erroneous statement in the certificate,
14 (h) There is a change in the time as stated in the certificate for the
15 dissolution of the partnership or for the return of a contribution,
16 (i) A time is fixed for the dissolution of the partnership, or the return
17 of a contribution, no time having been specified in the certificate, or
18 (j) The members desire to make a change in any other statement in
19 the certificate in order that it shall accurately represent the agreement
20 between them.

1 Section 25. (1) The writing to amend a certificate shall
2 (a) Conform to the requirements of section two (1 a) as far as neces-
3 sary to set forth clearly the change in the certificate which it is desired to
4 make, and
5 (b) Be signed and sworn to by all members, and an amendment sub-
6 stituting a limited partner or adding a limited or general partner shall be
7 signed also by the member to be substituted or added, and when a limited
8 partner is to be substituted, the amendment shall also be signed by the
9 assigning limited partner.
10 (2) The writing to cancel a certificate shall be signed by all members.
11 (3) A person desiring the cancellation or amendment of a certificate,
12 if any person designated in paragraphs (1) and (2) as a person who must
13 execute the writing refuses to do so, may petition the superior court to
14 direct a cancellation or amendment thereof.
15 (4) If the court finds that the petitioner has a right to have the writing
16 executed by a person who refuses to do so, it shall order the cancellation
17 or amendment of the certificate, as the case may be, setting forth in its
18 order, in the case of an amendment, the terms thereof, and shall cause a
19 certified copy of such order of cancellation or amendment to be filed in the
20 office of the state secretary.
21 (5) A certificate is amended or cancelled when there is filed in the office
22 of the state secretary
23 (a) A writing in accordance with the provisions of paragraph (1) or
24 (2), or

28 tion, the amended certificate shall thereafter be for all purposes the
29 certificate provided for by this chapter.

CHAPTER 109A.

FRAUDULENT TRANSFERS OF REAL AND PERSONAL PROPERTY.

SECTION 1. In this chapter "Assets" of a debtor means property not exempt from liability for his debts. To the extent that any property is liable for any debts of the debtor, such property shall be included in his assets.
§ 2. (1) A person is insolvent within the meaning of this chapter when the present fair salable value of his assets is less than the amount that will be required to pay his probable liability on his existing debts as they become absolute and matured.

(2) In determining whether a partnership is insolvent within the meaning of this chapter there shall be added to the partnership property the present fair salable value of the separate assets of each general partner in excess of the amount probably sufficient to meet the claims of his separate creditors, and also the amount of any unpaid subscription to the partnership of each limited partner, provided the present fair salable value of the assets of such limited partner is probably sufficient to pay his debts, including such unpaid subscription.

§ 3. Fair consideration is given for property or obligation —

(a) When in exchange for such property or obligation, as a fair equivalent therefor, and in good faith, property is conveyed or an antecedent debt is satisfied, or

(b) When such property or obligation is received in good faith to secure a present advance or antecedent debt in amount not disproportionately small as compared with the value of the property or obligation obtained.

§ 4. Every conveyance made and every obligation incurred by a person who is or will be thereby rendered insolvent is fraudulent as to creditors without regard to his actual intent if the conveyance is made or the obligation is incurred without a fair consideration.

§ 5. Every conveyance made without fair consideration when the person making it is engaged or is about to engage in a business or transaction, for which the property remaining in his hands after the conveyance is an unreasonably small capital, is fraudulent as to creditors and as to other persons who become creditors during the continuance of such business or transaction, without regard to his actual intent.

§ 6. Every conveyance made and every obligation incurred without fair consideration when the person making the conveyance or entering into the obligation intends or believes that he will incur debts beyond his ability to pay as they mature is fraudulent as to both present and future creditors.

§ 7. Every conveyance made and every obligation incurred with actual intent, as distinguished from intent presumed in law, to hinder, delay or defraud either present or future creditors, is fraudulent as to both present and future creditors.
Section 8. Every conveyance of partnership property and every partnership obligation incurred when the partnership is or will be thereby rendered insolvent, is fraudulent as to partnership creditors, if the conveyance is made or obligation is incurred —

(a) To a partner, whether with or without a promise by him to pay partnership debts, or

(b) To a person not a partner without fair consideration to the partnership as distinguished from consideration to the individual partners.

Section 9. (1) Where a conveyance or obligation is fraudulent as to a creditor, such creditor, when his claim has matured, may, as against any person except a purchaser for fair consideration without knowledge of the fraud at the time of the purchase, or one who has derived title immediately or mediately from such a purchaser —

(a) Have the conveyance set aside or obligation annulled to the extent necessary to satisfy his claim, or

(b) Disregard the conveyance and attach or levy execution upon the property conveyed.

(2) A purchaser who without actual fraudulent intent has given less than a fair consideration for the conveyance or obligation may retain the property or obligation as security for repayment.

Section 10. Where a conveyance made or obligation incurred is fraudulent as to a creditor whose claim has not matured, he may proceed in the supreme judicial or superior court against any person against whom he could have proceeded had his claim matured, and the court may —

(a) Restrain the defendant from disposing of his property,

(b) Appoint a receiver to take charge of the property,

(c) Set aside the conveyance or annul the obligation, or

(d) Make any order which the circumstances of the case may require.

Section 11. In any case not provided for in this chapter the rules of law and equity, including the law merchant, and in particular the rules relating to the law of principal and agent, and the effect of fraud, misrepresentation, duress or coercion, mistake, bankruptcy or other invalidating cause shall govern.

Section 12. This chapter shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states which enact it.

Section 13. This chapter may be cited as the uniform fraudulent conveyance law.

1 Section 8. A person may adopt a label, not previously owned or adopted by any other person, and file such label for record, by depositing two copies or facsimiles thereof in the office of the state secretary, one of which copies or facsimiles shall be attached by the secretary to the certificate of record hereinafter referred to. The applicant shall file with the label a certificate specifying the name of the person filing it, his residence or place of business, the kind of merchandise to which such label has been or is intended to be appropriated, and the length of time, if any, during which it has been in use. If such label has not been and is not intended to be used in connection with merchandise, the particular purpose or use for which it has been or is intended shall be stated in the certificate. Such certificate shall be accompanied by a written declaration, sworn to by the person or by a member of the firm or by an officer of the association, union or corporation by which it is filed, that the party so filing such label has a right to use the same, and that no other party has the right to such use, either in the identical form or in any such near resemblance thereto as may be calculated to deceive, and that the copies or facsimiles filed therewith are true. The secretary shall file the certificate in his office and issue to the party depositing it a certificate of record under the seal of the commonwealth. Such certificate of record or a certified copy of its record shall in all suits and prosecutions under this section and sections ten to fifteen, inclusive, be sufficient proof of the recording of such label and of the existence of the person named in the certificate. The fee for filing the certificate and declaration and issuing the certificate of record shall be twenty-five dollars. No label shall be recorded which could reasonably be mistaken for a label already on record.

28 If a label duly recorded as aforesaid is assigned by an instrument in writing under seal, such assignment may be filed. Upon the filing of an assignment the secretary shall issue to the assignee a certificate thereof. The fee for filing the assignment and issuing such certificate shall be twenty-five dollars.

1 Section 9. The state secretary may make regulations, and prescribe forms for the filing of labels, under the preceding section. This and the preceding section, so far as applicable, shall apply to the insignia, ribbons, badges, rosettes, buttons and emblems of any society, association or labor union.

1 Section 10. The supreme judicial or superior court shall have jurisdiction in equity to restrain the manufacture, use or sale of counterfeits or imitations of a label, recorded as provided in section eight, shall award damages resulting from such wrongful manufacture, use or sale and shall require the defendant to pay the owner of such label the profits derived from such wrongful manufacture, use or sale; and may also order that all such counterfeits or imitations in his possession or control be delivered to an officer of the court or to the complainant, to be destroyed. If the complainant is not incorporated, suits under sections eight and ten to fourteen, inclusive, may be commenced and prosecuted by an officer thereof, on behalf of and for the use of the complainant. Every member of the complainant firm, association or union shall be liable for costs in any such proceeding.
