2. Payment of value of animals taken.
Costs, etc.

Sect.
3. Value of infected animal.
4. Disposition of certain horses owned by cities or towns.

Section 1. Any officer or agent of any society incorporated under the laws of the commonwealth for the prevention of cruelty to animals or for the care and protection of homeless or suffering animals, provided he is also a special police officer appointed under section ten of chapter one hundred and forty-seven, or a constable, sheriff or deputy sheriff, or a police officer of any town, may take possession of any old, maimed, disabled, diseased or injured animal and apply to a district court, within whose district the animal is taken, for process to cause it to be killed humanely. If the owner is known, and can after reasonable search be found, a copy of such application shall be served upon him in hand with an order of court to appear at a time and place named to show cause
12 why such animal should not be killed and its value determined. If he
13 is unknown, or cannot after reasonable search be found, the court
14 shall order notices to be posted in two public places in the town where
15 the animal was taken, stating the facts of the case, and giving twenty-
16 four hours’ notice of a hearing on said application. At such hearing, if
17 it appears that such animal is so old, maimed, disabled, diseased or in-
18 jured as to be unfit for humane use, the court shall issue process directing
19 any officer designated herein to kill the same humanely, and shall deter-
20 mine its value. If the owner is aggrieved by such determination he may

2 infectious or contagious disease, or, for any reason, might lawfully be
3 destroyed as an abatement of a public nuisance, that fact shall be prima
4 facie evidence that the animal has no value.

1 SECTION 4. Whenever any horses used in any department of any
2 town shall, by reason of disability or disease, become unfit for use therein,
3 the officer in charge of such department, in cities with the approval of
4 the mayor, and in towns with the approval of the selectmen, instead of
5 causing such horses to be sold, may transfer them to the custody of the
6 Red Acre Farm, Incorporated, or any charitable society incorporated
7 in the commonwealth for the prevention of cruelty to animals, or for the
8 care and protection of dumb animals, if the society is willing to accept
9 the custody thereof, to be disposed of as the society may deem best;
10 provided, that the society upon receiving any such horse shall give a
11 written agreement not to sell the horse or let the same for hire. If any
12 horse so received shall thereafter be sold or let for hire, the proceeds of
13 such sale or letting shall be the property of the town, and custody of the
14 horse shall revert thereto.

4. Section 4. Whoever upon credit or upon margin contracts to buy or sell, or employs another to buy or sell for his account, any securities or commodities, intending at the time that there shall be no actual purchase or sale, may recover in contract from the other party to the contract, or from the person so employed, any payment made, or the value of anything delivered, on account thereof, if such other party to the contract.
contract or person so employed had reasonable cause to believe that said intention existed; but no person shall have a right of action under this section if, for his account, such other party to the contract or the person so employed makes, in accordance with the terms of the contract or employment, personally or by agent, an actual purchase or sale of said securities or commodities, or a valid contract therefor. A purchase or sale of securities, or a contract therefor, whether calling for present or future deliveries, made on any stock exchange or board of trade established for a period of at least ten years prior thereto, and recognized as valid and enforceable by the law of the jurisdiction where made, shall be deemed an actual purchase or sale within the meaning of this section.

If a purchase or sale of the securities or commodities ordered to be bought or sold is made by the person so employed on a stock exchange or board of trade, and other purchases or sales of such securities or commodities are made on the same day on such exchange or board by such person for others in due course of business, and the balance of such purchases or sales of securities or commodities is received or delivered by such person by direction of the clearing house of such exchange or board on the day when such purchase or sale or contract therefor is made, or on the regular clearing day of such exchange or board next thereafter, which shall not be more than four days after the making of such purchase or sale, or contract therefor, such purchases and sales shall be deemed actual purchases and sales within the meaning of this section.

**SECTION 5.** If, in a case under the preceding section, the money or property paid or delivered has been stolen, embezzled or fraudulently or wrongfully used by the party entitled to recover under said section, the person to whom it rightfully belongs may in his own name recover it in contract.

**SECTION 6.** In a proceeding under either of the two preceding sections, if the person so employed does not make an actual transaction relieving him from liability under section four, the fact that the seller or the person employing another to sell for his account did not own the securities or commodities at the time of the contract of sale or of the giving of the order to sell, and the fact that settlements were made without completion of the purchase or sale of the securities and commodities bought or sold or ordered to be bought or sold, shall each be prima facie evidence that within the meaning of section four there was an intention that there should be no actual purchase or sale, and that there was reasonable cause to believe that said intention existed; and the parties liable to an action under said section shall be jointly and severally liable.

**SECTION 7.** In the three preceding sections, the word "securities" shall include all evidences of debt or property and options for the purchase and sale thereof, shares in any corporation, joint stock company or association, bonds, coupons, scrip, rights, choses in action and other evidences of debt or property and options for the purchase or sale thereof; and the word "commodities" shall include everything movable that is bought and sold.

1 **Section 3.** Any beverage containing more than two and three
2 quarters per cent of alcohol by weight at sixty degrees Fahrenheit, and
3 distilled spirits, shall be deemed to be intoxicating liquor within the
4 meaning of this chapter.

**Licensing Boards**

1 **Section 4.** In each city which is not exempt by the provisions of
2 section ten there shall be a licensing board appointed by the mayor, con-
3 sisting of three persons, who shall not be engaged, directly or indirectly,
4 in the manufacture or sale of intoxicating liquors or of certain non-
5 intoxicating beverages, who have been residents of the city in which
6 they are appointed for at least two years immediately preceding their
7 appointment, and who shall not hold any other public office except that
8 of notary public and justice of the peace. One member shall be ap-
9 pointed from each of the two leading political parties and the third
10 member may also be appointed from one of said parties. If any member
11 of said board engages directly or indirectly in such manufacture or
12 sale, his office shall immediately become vacant.

1 **Section 5.** The terms of office of the members first appointed shall
2 commence at the date of their appointment, and shall be so arranged as
3 to expire at the end of two, four and six years from the first Monday in
4 June in the year of their appointment, the date of expiration to be speci
5 fied in their respective commissions; and thereafter a member shall be
6 appointed for a term of six years from the first Monday in June of the
7 year in which the previous term expires. All members shall hold office
8 until their respective successors are qualified. They may be removed by
9 the mayor for cause, after charges preferred, reasonable notice thereof,
10 and a hearing thereon; and the mayor shall, in the order of removal, state
11 his reasons therefor. Any member of said board may, within seven days
12 after notice of his removal, apply to the superior court for a review of
13 the charges, of the evidence submitted thereunder, and of the findings
14 thereon by the mayor. Notice of the entry of such application shall be
15 given to the mayor by serving upon him an attested copy thereof. The
16 entry fee, costs, and all proceedings upon such application shall be ac-
17 cording to the rules regulating the trial of civil causes. The court, after
18 a hearing, shall affirm or revoke the order of the mayor removing such
19 member, and there shall be no appeal from the decision.
20 If any member of said board who has been removed from office shall
21 apply to the superior court for the review provided for in this section,
22 the removal shall not take effect until the court shall have affirmed
23 the order removing the member; and until such order is affirmed the
24 member shall continue to exercise the powers and perform the duties of
25 his office.

1 **Section 6.** The mayor shall designate one member as chairman,
2 who shall also act as secretary. Two members shall be a quorum for the
3 transaction of business. If a member ceases to be a resident of the city
4 for which he is appointed or becomes unable to perform his official duties,
5 there shall be a vacancy in the board. All vacancies shall be filled by the
6 mayor for the residue of the unexpired term in the manner provided for
7 an original appointment.
Section 7. Each city which has such a board shall provide it with suitable rooms, properly furnished, heated and lighted, shall pay such salaries as the city council, subject to the approval of the mayor, may from time to time establish, and shall also pay all expenses incurred by said board for blank books, printing and other necessary expenses approved by said board, not exceeding one thousand dollars in any one year.

Section 8. If, at any annual city election, a city in which such board has been appointed shall not vote to authorize the granting of licenses for the sale of certain non-intoxicating beverages, all obligations imposed upon said city by the preceding section shall cease from and after the first Monday in June next following such vote and, from and after said date, the powers and duties granted to and imposed upon said board in respect to third and fourth class licenses and licenses of innholders and common victuallers shall vest in the aldermen of said city. If said city shall, at a subsequent annual city election, again vote to authorize the granting of licenses for the sale of such beverages, the obligations imposed by the preceding section shall be revived and shall attach to said city from and after March first next following such vote and, from and after said date, the powers and duties of the aldermen relative to licenses of the third and fourth classes and licenses of innholders and common victuallers shall re vest in the licensing board appointed in said city.

Section 9. Each board shall keep a record of its doings and hearings and shall make a quarterly report of its doings to the mayor. It may prescribe the forms of applications for licenses, may require any statement which may be made before it and papers which may be filed with it relative to applications for licenses to be sworn to, and for such purpose, any member may administer oaths.

Section 10. The following cities shall be exempt from the operation of the six preceding sections: First, Cities having a licensing board created by special statute or under the provisions of a charter. Second, Cities which have not at any annual city election before this chapter takes effect voted to authorize the granting of licenses for the sale of certain non-intoxicating beverages; but if any such city hereafter, at an annual city election, votes to authorize the granting of such licenses, a board shall, thereupon, in the February following, be appointed for such city as above provided, and the provisions of the six preceding sections shall thereafter apply to said city.

GRANTING OF LICENSES.

Section 11. In a city or town which at its annual election votes to authorize the granting of licenses for the sale of certain non-intoxicating beverages, as hereinafter provided, licenses of the first two classes mentioned in section eighteen may be granted annually to applicants therefor by the licensing boards in cities and by selectmen in towns, and in any city or town, licenses of the third, fourth or fifth class mentioned in said section may be granted annually to applicants therefor by the licensing board in cities having such boards, by the aldermen in other
9 cities, and by the selectmen in towns. Every license shall be signed by 10 the licensing board in cities having such boards, in other cities by the 11 mayor and city clerk, and in towns by the chairman of the selectmen 12 and town clerk, and it shall be recorded in the office of the licensing 13 board in cities having such boards, and in other cities and towns in the 14 office of the city or town clerk, and the licensee shall pay the recording 15 officer one dollar for recording the license. It shall name the person 16 licensed, shall set forth the nature of the license and the building in 17 which the business is to be carried on, and shall continue in force until 18 the first day of the May next ensuing, unless sooner forfeited or rendered 19 void. The aldermen and selectmen, respectively, shall insert in the war- 20 rant for the annual city election or town meeting an article providing for 21 a vote upon the question, "Shall licenses be granted for the sale of cer- 22 tain non-intoxicating beverages in this city (or town)?" The clerk of 23 each city or town shall, within thirty days after such vote is taken, trans- 24 mit a true statement thereof to the state secretary; and shall annually, 25 in November, make a return to said secretary, showing the number of 26 licenses of each class issued, the amount received for the same by classes 27 and the number revoked if any.

1 Section 11A. So much of the preceding section or of any other pro- 2 vision of law as requires the aldermen of a city or the selectmen of a 3 town to insert in the warrant for a city election or town meeting an 4 article providing for a vote upon the question of granting licenses for 5 the sale of certain non-intoxicating beverages, or as requires a vote upon 6 said question and returns thereof to the state secretary, and section 7 nineteen of chapter thirty-nine and so much of any other provision of 8 law as imposes any duty upon any public officer by reason of said vote 9 shall cease to be in effect during such period as the sale of certain non- 10 intoxicating beverages shall be in violation of federal law.

1 Section 12. The licensing board shall certify to the city clerk, the 2 city treasurer and the chief of police or city marshal the name of each 3 applicant for a license, the name of each person to whom a license is 4 issued, the date when each license goes into effect, the premises on which 5 it is to be exercised, the class of the license, each change of location by 6 a licensee and each transfer of a license ordered by it.

1 Section 13. The licensing authorities of a city or town which has 2 voted to authorize the granting of licenses for the sale of certain non- 3 intoxicating beverages may, during March and April, receive applica- 4 tions for such licenses, publish, investigate and act thereon, and may, 5 in April, grant such licenses, to take effect on the first day of May 6 following.

1 Section 14. In cities and towns which vote to authorize the granting 2 of licenses for the sale of certain non-intoxicating beverages the number 3 of places licensed for the sale of such beverages shall not exceed one 4 for each one thousand of the population as ascertained by the last prece- 5 ding national or state census, but one such place may be licensed in any 6 town having a population of less than one thousand. In Boston, one 7 such place may be licensed for each five hundred of the population, but 8 in no event shall the total number of licensed places therein exceed one

thousand. Nowhere in the commonwealth shall a first class license be granted to be exercised upon the same premises with a license of the second class, except that a licensed innholder, who has a license of the first class may likewise be granted a license of the second class for the purpose of supplying said non-intoxicating beverages to guests who have resorted to his inn for food or lodging. No more than one license shall be granted by any one vote of the licensing board. Such licenses shall be numbered in regular order as granted, and any license granted contrary to, or in excess of, the provisions of this section shall be void; but in a town voting as aforesaid at its last annual town meeting which has less than five thousand permanent residents according to the last preceding state or national census but has an increased resident population during the summer months, the selectmen may, on or before May fifteenth in any year, apply to the state secretary to have an enumeration made of the temporary or summer residents of such town. Said secretary shall thereupon make such enumeration, between June twenty-third and twenty-eighth next following, under such rules as he shall establish. A person who has not been a resident of such town for at least twenty six days preceding the enumeration shall not be regarded as a temporary or summer resident thereof. The secretary may employ, for such enumeration, such persons as may be necessary, who shall in all cases be residents of the town if suitable and competent persons can be found; otherwise, non-residents may be employed. The secretary shall report the total number of such temporary or summer residents to the selectmen of the town on or before said June twenty-eighth. The expenses incurred in making such special enumeration shall be paid by the commonwealth. The state treasurer shall thereupon issue his warrant, as provided in section twenty of chapter fifty-nine, requiring the assessors of such towns to assess a tax to the amount of the expense incurred in making this special enumeration, and such amount shall be collected and paid over to the state treasurer in the same manner as other state taxes. The selectmen may, in April, receive applications for such licenses and investigate and publish the same; and may grant one such license for each five hundred of such temporary resident population, not including the permanent inhabitants of such town, as ascertained by said special enumeration, to take effect on July first and to expire on October first next following. And in the towns of Hull and Nahant it is further provided that when either of said towns has voted to authorize the granting of licenses for the sale of certain non-intoxicating beverages at its last annual town meeting, and such special enumeration has been made in the calendar year last preceding said last annual town meeting, the selectmen may, in April, receive applications for such licenses and investigate and publish the same, and may grant one such license for each five hundred of such temporary resident population, not including the permanent inhabitants of the town, as ascertained by said special enumeration taken in said last preceding calendar year, to take effect on May fifteenth and to expire on October first next following. A selectman, member of a licensing board or census enumerator who violates any provision of this section shall be punished by a fine of five hundred dollars.

Section 15. Notice of all applications for licenses, except licenses of the third and fifth classes, shall, at the expense of the applicant, to be paid in advance, be published in the following manner: in Boston by the
4 licensing board in two or more daily newspapers published therein; and
5 in the Charlestown, East Boston, South Boston, Dorchester, Roxbury
6 and Brighton districts of said city, respectively, in at least one weekly
7 newspaper published in the district in which the premises for which the
8 license is asked are situated, if any is there published; in other cities and
9 towns by the licensing authorities thereof, in such newspapers, printed
10 therein and published at least once a week, as they may designate; or
11 if no such newspaper is printed therein, then by posting such notice in
12 a conspicuous place on the premises described in the application for the
13 license and in two or more places in which public notices are usually
14 posted in the neighborhood. Such notice shall set forth the name of
15 the applicant in full, the class of the license applied for, a particular
16 description of the premises on which the license is to be exercised, designat
17 ing the building or part of a building to be used, and, if practicable,
18 the street and number, and shall be published at least ten days before
19 the licensing authorities act thereon. If a license is granted without
20 such previous publication, any citizen of the city or town within which
21 such license is issued may make complaint to the district court having
22 jurisdiction therein; and if, after due hearing, it appears that such
23 notice was not given, the court shall revoke the license and give notice
24 thereof to the authorities which issued it.

1 Section 16. The licensing authorities may at any time refuse to
2 issue a license to a person whom they consider unfit to receive the same;
3 but this chapter shall not be so construed as to compel said licensing
4 authorities to grant licenses.

CONDITIONS OF LICENSES.

1 Section 17. Each license of the first two classes shall be expressed
2 to be subject to the following conditions:

First, That the provisions in regard to the nature of the license, and
4 the building in which the business may be carried on under it, shall be
5 strictly adhered to.

8 delivery, upon the licensed premises.
9 Third, Certain non-intoxicating beverages shall not be sold between
10 the hours of eleven at night and six in the morning, or on the Lord's
11 day or on a legal holiday or any day on which a national, state, city or
12 annual town election is held in the city or town in which the licensed
13 premises are situated; but if the licensee is also licensed as an imm-
14 h. holder, he may, between the hours of six in the morning and eleven at
15 night, on the Lord's day, a legal holiday or such election day, supply
16 such beverages to persons who have resorted to his inn for food or
17 lodging.
18 Fourth, That there shall be no disorder, indecency, prostitution,
19 lewdness or illegal gaming on the licensed premises, or any premises
20 connected therewith by an interior communication.
21 Fifth, That the license, or a copy thereof, certified by the recording
22 officer of the licensing board or by the clerk of the city or town by which
it is issued, shall be displayed on the premises in a conspicuous position, where it can easily be read.

Sixth, That the license shall be subject to forfeiture, as herein provided, for breach of its conditions, and that, if the licensee is convicted of a violation of any of such conditions, his license shall thereupon become void.

Each license of the first class shall be subject to the further condition that the licensee shall hold a license as an innholder or common victualler.

Each license to a common victualler shall specify the room or rooms in which certain non-intoxicating beverages shall be kept or sold, and the holder of such license shall not keep, sell or deliver any such beverages in any room or part of a building not so specified.

Licenses of the third, fourth or fifth classes shall be expressed to be subject to the first, fourth, fifth and sixth paragraphs of this section.

Each license of the third or fourth class shall be subject to the further condition that all spirituous or intoxicating liquors which are sold, exchanged or delivered, or which are exposed or kept for sale, exchange or delivery, shall be of the quality required for their sale as drugs under the laws relative to food and drugs.

### CLASSES OF LICENSES.

#### Section 18. Licenses shall be of the following classes:

**First class.** To sell malt beverages, cider and light wines containing not more than two and seventy-five one-hundredths per cent of alcohol by weight at sixty degrees Fahrenheit, to be drunk on the premises.

**Second class.** To sell, or manufacture and sell, malt beverages, cider and light wines containing not more than two and seventy-five one-hundredths per cent of alcohol by weight at sixty degrees Fahrenheit, not to be drunk on the premises.

**Third class.** Licenses to retail druggists to sell liquors of any kind for medicinal purposes only.

**Fourth class.** To sell, to any person holding a third or fifth class license, or a certificate of fitness under section twenty-seven, or to any person lawfully authorized by the laws of the United States and the regulations made thereunder to purchase intoxicating liquors, intoxicating liquors of any kind for other than beverage purposes, not to be used on the premises.

**Fifth class.** Licenses to dealers in paints or in chemicals to sell alcohol for mechanical, manufacturing or chemical purposes only.

### FEES FOR LICENSES.

#### Section 19. The fees for licenses shall be as follows:

For a license of the first, second or fourth class, not less than two hundred and fifty dollars.

1920, 630, § 10.

For a license of the third or fifth class, one dollar.

#### Section 20. If a licensee of the first, second or fourth class dies before the expiration of the term of his license, or if a license has been surrendered and cancelled, the authorities issuing the license may issue another license of either of such classes, and the two licenses shall count...
5 as one license; and said authorities shall require as a license fee for such 6 second license a part of the license fee required therefor for the whole year 7 proportionate to the unexpired term of the license. Said authorities may 8 in their discretion, in cases where two licenses of the first, second or fourth 9 class have been issued in the same year, give a certificate to the party 10 to whom the first license was issued, or, in case of his death, to his ad- 11 ministrator or executor, stating that a part of the fee paid therefor pro- 12 portionate to the unexpired term of the license is to be refunded to such 13 party, or to such administrator or executor, by the treasurer of the city 14 or town from the fees thereafter received by said treasurer for licenses 15 under this chapter. Said treasurer shall comply with the requirements 16 of such certificate, and shall retain one quarter of the amount so paid 17 from any money thereafter due from him or the city to the common- 18 wealth on account of such licenses. If a licensee dies before the expira- 19 tion of the term of his license, the city or town by which it was granted 20 may refund to his executor or administrator a part of the license fee 21 proportionate to the unexpired term of the license, and the proportionate 22 part of the percentage which has been paid to the commonwealth shall 23 be refunded to the city or town.

REGULATION OF LICENSED PREMISES.

1 Section 21. The authorities which grant a license of the first two 2 classes may require a licensee to close permanently all entrances to the 3 licensed premises except those from the public street or streets upon 4 which said premises are situated, and may so specify in the license. In 5 such case the construction or opening of any such entrance shall of 6 itself make the license void. A licensee holding a license of the first class 7 shall not place or maintain or permit to be placed or maintained, in any 8 public room used by him for the sale of certain non-intoxicating bever- 9 ages under the provisions of his license, any screen, blind, shutter, cur- 10 tain, partition, or painted, ground or stained glass window, or any other 11 obstruction, in such a way as to interfere with a view of the business 12 conducted on the premises, and the placing or maintaining of any of 13 said obstructions shall of itself make the license void, except that the 14 licensing authorities in their discretion may, upon application of a 15 licensed innholder who also holds a license to sell such beverages, per- 16 mit screens, curtains, or such other obstructions as they may designate 17 to be placed at the windows of the dining rooms of the hotel maintained 18 by said innholder and said authorities shall have the power to revoke 19 such privilege.

1 Section 22. No license of the first class shall be granted for the 2 sale of certain non-intoxicating beverages in any building or place on 3 the same street as, and within four hundred feet of, any building occupied 4 in whole or in part by a public school; but this section shall not prevent 5 the granting of such license to be exercised on premises fitted up and 6 occupied as a place for selling such beverages under a license and by a 7 licensee of a corresponding class of the preceding year although said 8 premises are within four hundred feet of a building used temporarily 9 in whole or in part for school purposes, if such use will cease permanently 10 within one year after the granting of said license; nor shall this section 11 prevent the granting of such a license to be exercised in any hotel on the 12 same street as, and having its bar more than four hundred feet from,
a building occupied in whole or in part by a public school; provided, that there is no public bar in such hotel.

**Section 23.** No license of the first two classes shall be granted to be exercised in a dwelling house or in any room or shop having any interior connection or means of communication with a dwelling or tenement of any family, and the opening or maintaining of any such connection or means of communication shall render the license void.

1920, 630, §§ 14, 15. 150 Mass. 270.

**Section 24.** A common victualler who holds a license under this chapter shall keep the licensed premises closed between the hours of twelve at night and five in the morning.

R. L. 100, § 40. 1920, 630, § 16.

**Druggists.**

**Section 25.** Druggists having a third class license may sell pure alcohol and intoxicating liquors or certain non-intoxicating beverages upon the prescription of a registered physician; provided, that the prescription is dated, contains the name of the person prescribed for and is signed by the physician. All such prescriptions shall be retained and kept on file in the manner provided by section twenty-eight.

[Penalty, § 88.]
INTOXICATING LIQUORS, ETC.

1. **Section 28.** In any city or town where licenses of the first two classes are not granted, registered pharmacists to whom a certificate of fitness has been issued as provided by the preceding section may sell pure alcohol and intoxicating liquors or certain non-intoxicating beverages upon the prescription of a registered physician practicing in such city or town, provided that the prescription is dated, contains the name of the person prescribed for, and is signed by the physician. All such prescriptions shall be retained and kept on file in a separate book by the pharmacist filling the same, and shall not be filled a second time. Such prescription book shall be open at all times to the inspection provided by section thirty-two.

1. **Section 29.** A license of the third class shall become null and void without any process or decree, if the registered pharmacist to whom it has been granted ceases to conduct his business in person and on his own account, or upon the revocation of his certificate of registration as a pharmacist, unless the registered pharmacist has been unable to so conduct his business or has died, and his business is continued by his wife, widow, executor or administrator under another registered pharmacist.

1. **Section 30.** [Repealed, 1923, 233, § 4.]

1. **Section 31.** [Repealed, 1923, 233, § 4.]

1. **Section 32.** All prescriptions referred to in sections twenty-five and twenty-eight and the book provided for in section forty-one shall at all times be open to the inspection of the board of registration in pharmacy, the licensing board in cities having such boards and in all other cities and towns, to the inspection of the aldermen, selectmen, boards of public welfare, sheriffs, constables, police officers and justices of the peace.

The said department shall return to such licensing board, selectmen, police or other officers, as soon as may be, a certificate, signed by the analyst or assistant analyst making such analysis, of the percentage of alcohol by weight at sixty degrees Fahrenheit which such samples of liquor contain. Such certificate shall be prima facie evidence of the composition and quality of the liquors to which it relates, and the court may take judicial notice of the signature of the analyst or the assistant analyst, and of the fact that he is such.

SECTION 55. A certificate shall accompany each sample of liquor sent for analysis by an officer to the department of public health stating by whom the liquor was seized, the date of the seizure and the name and residence of the officer who seized said liquor. SECTION 56. The state secretary shall provide and cause officers to be supplied with a suitable number of the forms prescribed by the preceding section. The certificate of the department of public health, given substantially in the form hereinbefore set forth, shall be admitted as evidence on trials for the forfeiture of intoxicating liquors as to the composition and quality of the liquors to which it relates.

SECTION 57. No person shall tamper with samples of liquor taken as provided in section forty-seven or alter the statements made upon the forms or certificates aforesaid.

[Penalty, § 87.]
1 Section 58. Any court or trial justice may cause liquors which have been seized under this chapter to be analyzed by a competent chemist, and the reasonable expense thereof, including a fee of not more than five dollars for each analysis, shall be taxed, allowed and paid like other expenses in criminal cases.

1 Section 59. The delivery of intoxicating liquor in or from a building, booth, stand or other place, except a private dwelling house, or in or from a private dwelling house if any part thereof or its dependencies is used as an inn, eating house or shop of any kind, or other place of common resort, such delivery in either case being to a person not a resident thereof, shall be prima facie evidence that such delivery is a sale.

1 Section 60. If any placard, sign or advertisement is exposed from, maintained in or permitted to remain upon any vehicle, shop, stand, tenement, or any place of common resort, purporting or designed to announce the keeping in or upon said vehicle or any of said premises of spirituous or intoxicating liquors, except in drug stores, it shall be prima facie evidence that such liquors are kept in or upon such vehicle or premises for sale.

1 Section 61. If two persons of full age make complaint to a district court or trial justice that they have reason to believe and do believe that spirituous or intoxicating liquor, described in the complaint, is kept or deposited by a person named therein in a store, shop, warehouse, building, vehicle, steamboat, vessel or place, and is intended for sale contrary to law, such court or justice, if it appears that there is probable cause to believe said complaint to be true, shall issue a search warrant to a sheriff, deputy sheriff, city marshal, chief of police, deputy chief of police, deputy marshal, police officer or constable, commanding him to search the premises in which it is alleged that such liquor is deposited, and to seize such liquor, the vehicles in which it is contained and all implements of sale and furniture used or kept and provided to be used in the illegal keeping or sale of such liquor, and securely keep the same until final action thereon, and return the warrant with his doings thereon, as soon as may be, to a court or trial justice having jurisdiction in the place in which such liquor is alleged to be kept or deposited.

1 Section 62. A warrant shall not be issued for the search of a dwelling house, if no tavern, store, grocery, eating house or place of common resort is kept therein, unless one of the complainants makes oath that he has reason to believe and does believe that such liquor has been therein or taken therefrom for the purpose of being sold by the occupant, or by his consent or permission, contrary to law, within one month next before making such complaint, and is then kept therein for sale contrary to law by the person complained against. Such complainant shall state the facts and circumstances on which such belief is founded, and such allegations shall be recited in the complaint and warrant.

INTOXICATING LIQUORS, ETC. [Chap. 138.

**SECTION 63.** The complaint shall particularly designate the building, structure and place to be searched, the liquor to be seized, the person by whom it is owned, kept or possessed and intended for sale, and shall allege the intent of such person to sell the same contrary to law. The warrant shall allege that probable cause has been shown for the issuing thereof; and the place to be searched, the liquor to be seized, and the person believed to be the owner, possessor, or keeper of such liquor, intending to sell the same contrary to law, shall be designated therein with the same particularity as in the complaint and the complainants shall be summoned to appear as witnesses.

**SECTION 64.** The officer to whom the warrant is committed shall search the premises and seize the liquor described in the warrant, the casks or other vessels in which it is contained, and all implements of sale and furniture used or kept and provided to be used in the illegal keeping or sale of such liquor, if they are found in or upon said premises, and shall convey the same to some place of security, where he shall keep the liquor and vessels until final action is had thereon.

**SECTION 64A.** A sheriff, deputy sheriff, city marshal, chief of police, deputy chief of police, deputy or assistant marshal, police officer or constable who, without a search warrant duly committed to him, searches for or seizes intoxicating liquor in a dwelling shall be punished by a fine of not less than five nor more than fifty dollars.

**SECTION 65.** If, in the opinion of the court or trial justice before whom the warrant is returned, the value of the liquor seized and the vessels containing it does not exceed one thousand dollars, a notice, under seal, and signed by the justice or the clerk of said court, or by the trial justice, shall be issued within twenty-four hours after such seizure, commanding the person complained against as the keeper of the liquor seized and all other persons who claim any interest therein or in the casks or vessels containing the same to appear before said court or trial justice, at a time and place therein named, to answer to said complaint and show cause why such liquor and the vessels containing it should not be forfeited.

**SECTION 66.** The notice shall contain a description of the number and kind of vessels, the quantity and kind of liquor seized, as nearly as may be, and shall state when and where they were seized. It shall, not less than fourteen days before the time appointed for the trial, be served by a sheriff, deputy sheriff, constable or police officer upon the person charged with being the keeper thereof by leaving an attested copy thereof with him personally or at his usual place of abode, if he is an inhabitant of the commonwealth, and by posting an attested copy on the building in which the liquor was seized, if it was found in a building; otherwise in a public place in the city or town in which the liquor was seized.

**SECTION 67.** If, at the time appointed for trial, said notice has not been duly served, or other sufficient cause appears, the trial may be post-
3 poned to some other day and place, and such further notice issued as shall supply any defect in the previous notice; and time and opportunity for trial and defence shall be given to persons interested.
R. L. 100, § 78. 258 Mass. 103.

1 Section 68. At the time and place designated in the notice, the person complained against, or any person claiming an interest in the liquor and vessel seized, or any part thereof, may appear and make his claim verbally or in writing, and a record of his appearance and claim shall be made, and he shall be admitted as a party to the trial. Whether a claim as aforesaid is made or not, the court or trial justice shall proceed to try, hear and determine the allegations of such complaint, and whether said liquor and vessels, or any part thereof, are forfeited. If it appears that the liquor, or any part thereof, was at the time of making the complaint owned or kept by the person alleged therein for the purpose of being sold in violation of law, the court or trial justice shall render judgment that such and so much of the liquor so seized as was so unlawfully kept, and the vessels in which it is contained, shall, except as hereinafter provided, be forfeited to the commonwealth. If a motor vehicle is seized under the provisions of this chapter and is held to be a container or implement of sale of liquor contrary to law, the court or trial justice shall, unless good cause to the contrary is shown, order a sale of such motor vehicle by public auction and the officer making the sale, after deducting the expense of keeping the motor vehicle, the fee for the seizure and the cost of the sale, shall pay all liens, according to their priorities, which are established, by intervention or otherwise, at said trial or in other proceedings brought for said purpose, as being bona fide and as having been created without the licensor having any notice that such motor vehicle was being used or was to be used as a container or implement of sale of liquor contrary to law. The balance, if any, of the proceeds of the sale shall be forfeited to the commonwealth and shall be paid by said officer into its treasury. All liens against any motor vehicle sold under the provisions of this section shall be transferred from said motor vehicle to the proceeds of its sale.

1 Section 69. Any liquor and vessels so forfeited shall, by authority of the written order of the court or trial justice, be forwarded to the commissioner of public safety, who upon receipt of the same shall notify said court or justice thereof. If, in the judgment of the commissioner, it is for the best interests of the commonwealth that such liquor and vessels be destroyed, he shall destroy or cause the destruction of such liquor and vessels, but if, in his judgment it is for the best interests of the commonwealth to sell the same, he shall cause the same to be sold, or he may deliver such liquor to any department or agency of the commonwealth for medical, mechanical or scientific uses; provided, that such sale or delivery shall be in accordance with and subject to such federal laws and regulations as may be applicable. The proceeds of such sales shall be paid into the treasury of the commonwealth. The officer who serves said order of the court or justice shall be allowed therefor fifty cents, but shall not be entitled to receive any traveling fees or mileage on account of the service thereof.

1 Section 70. If it is not proved on the trial that all or part of the liquor seized was kept or deposited for sale contrary to law, the court shall dismiss the complaint.
or trial justice shall issue a written order to the officer having the same in custody to return so much thereof as was not proved to be so kept or deposited and the vessels in which it is contained, to the place as nearly as may be from which it was taken, or to deliver it to the person entitled to receive it. After executing such order, the officer shall return it to the court or trial justice with his doings endorsed thereon.

Section 71. All implements of sale and furniture seized under sections sixty-one and sixty-four shall be forfeited and disposed of in the manner provided for the forfeiture and disposition of intoxicating liquors; but the court or trial justice may, if it is deemed to be for the interest of the commonwealth, order the destruction or sale of said property by any officer qualified to serve criminal process and the proceeds of a sale thereof shall be paid over to the county; and said officer shall make return of the order for such destruction or sale and his doings thereon to the court or justice issuing the same. The provisions of this section shall not apply to a motor vehicle if seized and held to be an implement of sale as aforesaid, but the disposition of such a motor vehicle shall be governed by the provisions of section sixty-eight.

Section 72. If no person appears and is admitted as a party as aforesaid, or if judgment is rendered in favor of all the claimants who appear, the cost of the proceedings shall be paid as in other criminal cases. If only one party appearing fails to sustain his claim, he shall pay all the costs except the expense of seizing and keeping the liquor, and an execution shall be issued against him therefor. If judgment is rendered against two or more claimants of distinct interests in the liquor, the costs shall, according to the discretion of the court or trial justice, be apportioned among such parties, and executions shall be issued against them severally. If such execution is not forthwith paid, the defendant therein named shall be committed to jail, and shall not be discharged therefrom until he has paid the same and the costs of commitment, or until he has been imprisoned thirty days.

Section 73. A claimant whose claim is not allowed as aforesaid, and the person complained against, shall each have the same right of appeal to the superior court as if he had been convicted of crime; but before his appeal is allowed he shall recognize to the commonwealth in the sum of two hundred dollars, with sufficient surety or sureties, to prosecute his appeal to the superior court and to abide the sentence of the court thereon. Upon such appeal, any question of fact shall be tried by a jury. On the judgment of the court after verdict, whether a forfeiture of the whole or any part of the liquor and vessels seized, or otherwise, similar proceedings shall be had as are directed in the five preceding sections.

Section 74. If, in the opinion of the court or trial justice before whom a warrant under which liquor has been seized is returnable, the value of the liquor seized with the vessels containing it exceeds one thousand dollars, a notice shall be issued and served as directed in sections sixty-five and sixty-six, except that it shall be made returnable to the sitting of the superior court for criminal business to be held in the county next after the expiration of fourteen days from the time of issuing the notice. The superior court shall have jurisdiction of the
§ 75. A mayor, alderman, selectman, deputy sheriff, chief of police, deputy chief of police, city marshal, deputy or assistant marshal, police officer or constable, in his city or town, or, in the county of Dukes or Nantucket, the sheriff anywhere within his county, may without a warrant arrest any person whom he finds in the act of illegally selling, transporting, distributing or delivering intoxicating liquor, and seize the liquor, vessels and implements of sale in the possession of such person, and detain them until warrants can be procured against such person, and for the seizure of said liquor, vessels and implements, under this chapter. Such officers shall enforce or cause to be enforced the penalties provided by law against every person who is guilty of a violation of any law relative to the sale of intoxicating liquor of which they can obtain reasonable proof.

§ 76. (Repealed, 1926, 108, § 2.)

§ 77. A complaint or indictment for the violation of any provision of law relative to intoxicating liquors shall not, unless the purposes of justice require such disposition, be placed on file or disposed of except by trial and judgment according to the regular course of criminal proceedings. It shall be otherwise disposed of only upon motion in writing stating specifically the reasons therefor and verified by affidavit if facts are relied on. If the court or magistrate certifies in writing that he is satisfied that the cause relied on exists and that the interests of public justice require the allowance thereof, such motion shall be allowed and said certificate shall be filed in the case.

§ 78. Upon the conviction of a holder of a license for the sale of intoxicating liquors the violation of any law relative to the business he is licensed to pursue, the court in which or the magistrate before whom he has been convicted shall send to the authorities which issued the license a certificate under seal, showing the time and place of such conviction.

§ 79. Upon the conviction of a person of the illegal keeping or sale of intoxicating liquor, the court or magistrate by whom he has been convicted shall issue and cause to be served upon the owner of the building, or agent of such owner in charge of the building, used for such illegal keeping or sale, if he resides within the commonwealth and is not the person so convicted, a written notice that the tenant of said building has been convicted as aforesaid; and a return thereof shall be made to the court or magistrate issuing it. Such notice, so served, shall be deemed to be due and sufficient notice under section twenty of chapter one hundred and thirty-nine.

§ 80. The forms heretofore in use may continue to be used in prosecutions under this chapter, and if substantially followed shall be deemed sufficient to fully and plainly, substantially and formally describe the several offences in each of them set forth, and to authorize the lawful arrest without a warrant in certain cases.
doings of the officers acting by virtue of the warrants issued in substantial conformity therewith; but this section shall not exclude the use of other suitable forms.

SECTION 81. All intoxicating liquors which are kept for sale contrary to law and the implements and vessels actually used in selling and keeping the same are declared to be common nuisances.

accepted corresponding provisions of earlier laws, the aldermen or
selectmen, after written notice to the owner of a burnt, dilapidated or
dangerous building, or his authorized agent, and after a hearing, may
make and record an order adjudging it to be a nuisance to the neighbor-
hood, or dangerous, and prescribing its disposition, alteration or regu-
lation. The city or town clerk shall deliver a copy of the order to an
officer qualified to serve civil process, who shall forthwith serve an attested copy thereof in the manner prescribed in section one hundred and twenty-four of chapter one hundred and eleven, and make return to said clerk of his doings thereon.

Section 2. A person aggrieved by such order may appeal to the superior court for the county where such building is situated, if, within three days after the service of such attested copy upon him, he presents to such court a petition stating his grievance and the order of the board. After such notice to the board as the court shall order, trial by jury shall be had as in other civil causes. The jury may affirm, annul or alter such order, and the court shall render judgment in conformity with said verdict, which shall take effect as an original order. If the order is affirmed, the petitioner shall pay the costs; if it is annulled, he shall recover from the town his damages, if any, and costs; and if it is altered, the court may render such judgment as to costs as justice shall require.

Section 3. The aldermen or selectmen shall have the same power to abate and remove any such nuisance as is given to the board of health of a town under sections one hundred and twenty-three to one hundred and twenty-five, inclusive, of chapter one hundred and eleven.

Section 5. Whoever keeps or maintains such a nuisance shall be punished by a fine of not less than one hundred nor more than one thousand dollars and by imprisonment for not less than three months nor more than three years.

[See cases cited under §§ 4, 14, 15.]

Abatement of nuisance.

Section 6. Whenever there is reason to believe that such a nuisance is kept or maintained or exists in any town, either the district attorney for the district, or the attorney general, in the name of the commonwealth, or a citizen in his own name, may maintain a bill in equity perpetually to enjoin the person conducting or maintaining the same, and the owner, lessee or agent of the building or place in or upon which such nuisance exists and their assignees from directly or indirectly maintaining or permitting such nuisance.

Section 7. The bill of complaint shall join the owner of record of the premises as a party respondent and shall be filed in the superior court for the county where the nuisance is believed to exist, and shall be granted
verified by oath of the complainant unless filed by the attorney general or a district attorney. The bill shall forthwith after filing be presented to the court sitting in equity within the county, or to any justice thereof if the court is not so sitting, and the proceeding shall have precedence over all other matters upon the docket except criminal proceedings, election contests and hearings upon petitions for other injunctions.

**SECTION 8.** If upon a hearing, after at least two days' notice to the respondents of the time and place assigned therefor, the existence of such a nuisance is shown to the satisfaction of the court or justice, either through verified complaint or through evidence in the form of affidavits, depositions, oral testimony or otherwise, a temporary injunction shall be ordered to issue forthwith restraining the maintenance of the nuisance and enjoining the occupants, owner and all other persons from removing fixtures, furniture, musical instruments and all other movable property from the premises until further order of the court.

**SECTION 9.** If upon subsequent hearing the existence of the nuisance shall be established, the court shall enter a decree permanently enjoining the maintenance thereof, including in such decree an order of abatement directing the sheriff of the county or his deputy to enter the building or place where the nuisance existed and to sell all furniture, musical instruments and movable property used in maintaining the nuisance, in the manner provided for the sale of chattels under execution, and to remove the same. If it shall appear that the bill of complaint was filed five or more days after notice to the record owner of the premises, and that he did not proceed forthwith to enforce his rights under section nineteen, such order of abatement shall further direct the effec-

tual closing of the building or the place and the prohibition of its use for any purpose for one year, unless sooner released as provided in section eleven. For the purpose of proving the existence of the nuisance the general reputation of the place shall be admissible as evidence.

**SECTION 10.** For removing and selling the movable property in accordance with the decree of the court the officer shall be entitled to the same fees as for levying upon and selling like property on execution, and for closing the premises and keeping them closed, a reasonable sum shall be allowed by the court. The proceeds shall be applied: first, to the fees and costs of removal and sale; second, to the allowances and costs of so closing and keeping closed the premises; third, to the pay-

ment of the complainants' costs in such proceeding, including a reason-

able attorney's fee to be fixed by the court; fourth, the remainder, if any, to the owner of the property sold.

**SECTION 11.** If the owner of any such premises shall pay all costs of the proceedings, and file with the court a bond with sureties approved by the clerk in the full value of such premises as ascertained by the court, or, when the court is not in session, by the clerk, payable to the court and conditioned that the owner of the premises found to be a nuisance will immediately abate such nuisance and prevent the same from being established or kept therein within one year thereafter, the court or justice may, if satisfied of the owner's good faith, order the premises so closed to be delivered to such owner and the order of abate-

ment to be so modified as to dissolve the order that the premises remain closed for one year; provided, that such modification shall not release such premises from any judgment, lien, penalty or liability to which it may be subject.

Section 12. No bill filed under section six shall be dismissed, except upon a sworn statement made and filed by the complainant and by his attorney setting forth the reasons for dismissal thereof and upon approval of such dismissal by the court in open court. If the court is of opinion that the bill ought not to be dismissed he may direct the district attorney to prosecute the case to a final decree. If a bill brought by a citizen is continued more than one court sitting, any citizen of the county, or the district attorney, or, if public interest so requires, the attorney general, may be substituted for the original complainant and prosecute the case to a final decree. If the bill was brought by a citizen and the court finds that there was no reasonable ground therefor, costs may be awarded against the complainant.

Section 13. All persons found in or upon premises used for prostitution, assignation or lewdness may be required by a justice of a court of record to recognize, with or without sureties, to appear as witnesses at any hearing in an action to punish a person for keeping or maintaining such a nuisance as is described in section four, or for aiding in the maintenance of such a nuisance in the manner set forth in section twenty, or to enjoin or abate such a nuisance, and a warrant may be issued to bring such persons before the justice to recognize as aforesaid.

Upon an information filed by the district attorney for the district, or upon the petition of the board or officer having control of the police of a town or of not less than ten legal voters of a town, stating that a building, place or tenement therein is resorted to for illegal gaming, or is used for the illegal keeping or sale of intoxicating liquors, the supreme judicial or superior court may enjoin or abate the same as a common nuisance.

Proceedings under this section shall be in the manner provided in sections seven to twelve, inclusive, except that the provisions of section nine regulating the closing of a building, place or tenement and the prohibition of its use for any purpose for one year because of the maintenance of such a nuisance shall not apply, and in lieu thereof the court may include in its decree an order for such closing and prohibition, if it appears that prior thereto and within the preceding three years there shall have been three convictions for the illegal sale, or keeping, or manufacture of intoxicating liquors in or upon the premises on which such building, place or tenement is situated, or three decrees for a permanent injunction enjoining the maintenance of such a nuisance. A decree for a permanent injunction or abatement shall include an order that a copy thereof shall be posted in a conspicuous place on the building, place or tenement affected thereby, on or near one or more of its principal entrances and that the removal, defacement, erasure or mutilation of a copy so posted shall be contempt of court. In addition to such posting, a copy of the decree shall be delivered in hand to the person in charge of such building, place or tenement if he may be found upon the premises or to anyone residing therein, and if the decree includes an order for the effecual closing of said building, place or tenement and the prohibition of its use for any purpose for one year, a copy shall be filed forthwith for record in the registry of deeds for the county and registry district within which such building, place or tenement is situated. DEFINITION.

Section 1. "Licensing authorities", as used in this chapter, unless a contrary meaning is required by the context, shall mean the boards in Boston and other cities which by special statutes or city charters have the power to issue licenses for innholders or common victuallers, licensing boards appointed under section four of chapter one hundred and thirty-eight in cities which at the municipal election next preceding the first day of January, nineteen hundred and twenty-five, voted to authorize the granting of licenses for the sale of certain non-intoxicating beverages and also in cities wherein by special statutes said boards are vested with all the powers and duties exercised by licensing boards in cities that vote to grant such licenses, the aldermen in all other cities and the selectmen in towns.

INNHOLDERS AND COMMON VICTUALLERS.

Section 2. Licensing authorities may grant licenses to persons to be innholders or common victuallers. Such license shall not be issued or be valid until it has been signed by a majority of the aldermen in cities where the license is to be granted by the aldermen, by a majority of the licensing board in other cities or by the selectmen in towns. An alderman, any member of the licensing board or a selectman may refuse to sign a license for a person who, in his opinion, has not complied with this chapter. This section shall not require the licensing authorities to grant either of said licenses if, in their opinion, the public good does not require it. A fee of not more than five dollars may be charged for either of said licenses. The licenses shall be recorded in the office of the licensing authorities. An alderman, member of a licensing board or selectman who signs a license granted contrary to this chapter shall be punished by a fine of not more than fifty dollars.

Section 3. All innholders' licenses shall be expressed to be subject to sections twenty-two to thirty-two, inclusive, of this chapter and sections twenty-five to twenty-seven, inclusive, of chapter two hundred and seventy-two.

Section 4. Every license of an innholder or common victualler shall specify the street and number, if any, of the building where the business
3 is to be carried on or give some other particular description thereof, and 4 the license shall not protect a licensee who carries on his business in 5 any other place. Such licenses shall expire on April thirtieth of each 6 year; but they may be granted during April, to take effect on May first 7 following.

1 Section 21A. Cities and towns may provide by ordinance or by-law for the licensing of persons to keep open their places of business for the
2 retail sale of beverages derived wholly or in part from cereals or sub-
3 stitutes therefor and containing less than one half of one per cent of
4 alcohol, unfermented grape juice, ginger ale, root beer, sarsaparilla, pop,
5 artificial mineral waters, carbonated waters or beverages, and other
6 so-called soft drinks, and may fix the fee for said licenses within the
7 limit hereinafter provided, except that in cities having licensing boards
8 the authority to provide for the licensing of such persons and the fixing
9 of fees therefor shall be vested in said licensing boards.
LICENSES.

Section 21B. Licenses granted as aforesaid shall specify the street or place and the number if there be any, and if there is no number, then the location of the place of business in which the license is to be exercised, and the license shall not be valid in any other place. Licenses so issued shall expire on April thirtieth of each year. The fee for a license shall not be more than one dollar, and the license may be suspended or revoked at any time after a hearing by the authorities granting the same.

Section 21C. Whoever not being licensed as aforesaid keeps open his place of business for the retail sale of any such beverage shall be punished by a fine of not more than fifty dollars. This section shall not apply to persons who keep open their places of business on Sunday for the sale of soda water, if they are licensed under section seven of chapter one hundred and thirty-six.

Section 21D. The provisions of the three preceding sections shall not apply to innholders, common victuallers, druggists, nor to dealers whose principal business is the sale of groceries and meats or either of said products, nor to the sale of any or all of such beverages when sold not to be drunk on the premises.

lodging houses.

Section 22. “Lodging house”, as used in sections twenty-two to thirty-one, inclusive, shall mean a house where lodgings are let to five or more persons not within the second degree of kindred to the person conducting it, and shall not include dormitories of charitable, educational or philanthropic institutions.

Section 23. Licensing authorities may grant licenses for lodging houses which shall be for the period provided in section four, and shall charge for each license such fee, not exceeding two dollars, as the city council or selectmen may establish, otherwise the same shall be granted without charge. Said authorities shall enforce sections twenty-four to thirty-one, inclusive, and shall prosecute all violations thereof.

Section 24. Whoever conducts a lodging house without a license shall be punished by a fine of not less than one hundred nor more than five hundred dollars or by imprisonment for not more than three months, or both.

Section 25. Premises occupied, used or controlled by a licensee under sections twenty-two to thirty-one, inclusive, or under an innholder’s license shall be subject to inspection by the licensing authorities and their authorized agents, and by the police on request from the licensing authorities.

Section 26. Whoever, being licensed as a lodging house keeper under sections twenty-two to thirty-one, inclusive, or as an innholder, or being in actual charge, management or control of the premises for which the license is issued, knowingly permits the premises under his control to be used for the purpose of immoral solicitation, immoral bargaining or
6 immoral conduct shall be punished by a fine of not less than five hundred nor more than one thousand dollars or by imprisonment for not less than six months nor more than one year, or both. Evidence that a room in a hotel or lodging house was not actually used for immoral conduct shall not prevent a conviction under this section of a person in actual charge, control or management of the premises who permits the occupation of such a room knowing or having good reason to know that the parties occupying such a room intended to use it for immoral solicitation, immoral bargaining or immoral conduct. If it is required that registers be kept, as provided in sections twenty-seven and twenty-eight, evidence that the person in actual charge, control or management of the premises has knowingly permitted the occupation of a private room of less than four hundred square feet floor area, containing a bed or couch, by the same woman on different occasions within a period of thirty days with different men, or by the same man on different occasions within a period of thirty days with different women, shall be prima facie evidence of a violation of this section.

1 Section 27. Every innholder, and every lodging house keeper required to do under section twenty-eight, shall keep or cause to be kept, in permanent form, a register in which shall be recorded the true name or name in ordinary use and the residence of every person engaging or occupying a private room averaging less than four hundred square feet floor area, excepting a private dining room not containing a bed or couch, or opening into a room containing a bed or couch, for any period of the day or night in any part of the premises controlled by the licensee, together with a true and accurate record of the room assigned to such person and of the day and hour when such room is assigned. The entry of the names of the person engaging a room and of the occupants of said room shall be made by said person engaging said room or by an occupant thereof. Until the entry of such name and the record of the room has been made, such person shall not be allowed to occupy privately any room upon the licensed premises. Such register shall be retained by the holder of the license for a period of at least one year after the date of the last entry therein, and shall be open to the inspection of the licensing authorities, their agents and the police. Whoever violates any provision of this section shall be punished by a fine of not less than one hundred nor more than five hundred dollars or by imprisonment for not more than three months, or both.

1 Section 28. Every person conducting a lodging house shall within twenty-four hours after he is ordered to do so by the licensing authorities keep a register. The said authorities may issue such order at any time, and shall do so upon receipt of an affidavit of a commissioned officer of the United States army or navy or a police officer stating that the affiant knows or believes such lodging house is being used for immoral solicitation, immoral bargaining or immoral conduct.

1 Section 29. No person shall write or cause to be written, or if in charge of a register knowingly permit to be written, in any register in any lodging house or hotel any other or different name or designation than the true name or name in ordinary use of the person registering or causing himself to be registered therein. No person occupying such
room shall fail to register or fail to cause himself to be registered. Who-
ever violates any provision of this section shall be punished by a fine of not less than ten nor more than twenty-five dollars.

Section 30. A license issued under sections twenty-two to thirty-one, inclusive, or an innholder’s license, shall be revoked if at any time the licensing authorities are satisfied that the licensee is unfit to hold the license. They may suspend and make inoperative, for such period of time as they may deem proper, the licenses mentioned herein for any cause deemed satisfactory to them. The revocation and suspension shall not be made until after investigation and a hearing, or after giving the licensee an opportunity to be heard; notice of the hearing shall be left at the premises of the licensee not less than three days before the time thereof.

Section 31. All innholders, and all lodging house keepers who have been ordered to keep a register, shall post in a conspicuous place near the register a notice, to be furnished by the licensing authorities, containing the provisions of sections twenty-seven and twenty-nine relating to the entry of names and residences in the register, together with the penalty provided for their violation.

Section 32. The clerk of a court where any person is convicted of a violation of any provision of sections twenty-two to thirty-one, inclusive, shall forthwith send a copy of the record of the conviction to the licensing authorities in the town where the offence occurred.

PUBLIC LODGING HOUSES.

Section 33. In cities of over fifty thousand inhabitants every building not licensed as an inn, in which ten or more persons are lodged free or for a charge of twenty-five cents or less for each person for a day of twenty-four hours, or for any part thereof, shall be deemed a public lodging house within the meaning of sections thirty-four to forty, inclusive. No building or part thereof erected, altered or converted to be used as such a public lodging house shall have the sleeping compartments arranged on the cubicle plan.

Section 34. No fee shall be charged for such license, and, subject to section forty-nine of chapter one hundred and forty-three when applicable, it shall expire on the thirtieth day of April next after the granting of the same. Every such license shall specify the street and number, if any, of the building where the business is to be carried on or give some other particular description thereof, and the license shall not protect a licensee who carries on his business in any other place.

10 such officer or board may from time to time require such alterations to
11 be made or such additional appliances to be provided as may in his or
12 its judgment be necessary for the protection of life and property in case
13 of fire.

1 Section 36. No such license shall be granted in any such city until
2 the board of health thereof has certified that the building is provided
3 with a sufficient number of water closets and urinals and with good and
4 sufficient means of ventilation; and the said board may from time to
5 time require the licensee thoroughly to cleanse and disinfect all parts of

**1 Section 63.** Every licensee under classes two or three of section 2 fifty-eight shall send daily by mail to the registrar a list, on blanks pre- 3 scribed by him, of the second hand motor vehicles or parts thereof pur- 4 chased or sold by him or stored for the purpose of sale during the preced- 5 ing twenty-four hours. Section 67. A licensee under section fifty-nine, or a clerk, agent or other person in charge of the licensed premises, who refuses to admit thereto an officer authorized to enter the same, or who fails to exhibit to him on demand all such motor vehicles, parts thereof, and books, papers and inventories relating thereto, and any person who willfully hinders, obstructs or prevents such officer from entering the premises or from making the examination authorized in the preceding section, shall be punished by a fine of not more than two hundred dollars or by imprisonment for not more than one year, or both.

1 Section 71. Articles deposited in pawn with a licensed pawnbroker shall, unless redeemed, be retained by him on the premises occupied by him for his business for at least four months after the date of deposit, if not of a perishable nature; and, if perishable, for at least one month after said date. After such date, he may sell the same by public auction, apply the proceeds thereof in satisfaction of the debt or demand and the expense of the notice and sale, and pay any surplus to the person entitled thereto on demand. No article taken in pawn by such pawnbroker exceeding twenty-five dollars in value shall be disposed of otherwise than as above provided, any agreement or contract between the parties thereto to the contrary notwithstanding. Articles of personal apparel shall not be deemed to be of a perishable nature within the meaning of this section.

1 Section 72. The authorities which issue such licenses may fix the rate of interest which such pawnbrokers may receive on loans, and may fix different rates which may be received for different amounts of money lent; and no licensed pawnbroker shall charge or receive a greater rate of interest than that so fixed. Any such pawnbroker who violates any provision of this or the preceding section shall be punished by a fine of not more than fifty dollars.

1 Section 73. The chief of police of a city, the selectmen of a town, any officer authorized by either of them, or a state police officer may at any time enter upon any premises used by a licensed pawnbroker for the purposes of his business, ascertain how he conducts his business, and examine all articles taken in pawn or kept or stored in or upon said premises and all books and inventories relating thereto. Every such pawnbroker, his clerk, agent, servant or other person in charge of the premises shall exhibit to such officer on demand any or all of such articles, books and inventories.

1 Section 74. A licensed pawnbroker, clerk, agent or other person in charge of such premises who refuses to admit the officer or to enter the same, or who fails to exhibit to him on demand all such articles, books and inventories, and any person who wilfully hinders, obstructs or prevents such officer from entering the premises or from making the examination authorized in the preceding section, shall be punished by a fine of not more than two hundred dollars or by imprisonment for not more than one year, or both.

1 Section 75. Whoever, not being licensed, carries on such business or is concerned therein within such town, or, being licensed, carries on such business or is concerned therein in any other place or manner than that designated in his license or after notice to him that his license has been revoked shall be punished by a fine of not more than fifty dollars.

1 Section 76. No person shall, in any city or in any town of ten thousand or more inhabitants, engage in or carry on the business of loaning money upon mortgages, deposits or pledges of wearing apparel, jewelry, ornaments, household goods or other personal property, or of purchasing such property on condition of selling it back again at a stipulated price, unless he is licensed as a pawnbroker; but this and the six [Penalty, §82.]
following sections shall apply only if such property is deposited with the lender, and shall not apply to loans made upon stock, bonds, notes or other written evidences of ownership of property or of indebtedness to the holder or owner of any such securities.

**Section 77.** The fee for a license as a pawnbroker or renewal thereof shall be fifty dollars, but if a license is issued on or after November first in any year the fee shall be twenty-five dollars. The licensee shall, at the time of receiving such license, file with the authorities who issue the license a bond to such city or town, in the sum of three hundred dollars, with two sureties approved by such authorities, and conditioned for the faithful performance of the duties and obligations pertaining to the business so licensed.

**Section 78.** The authorities who grant licenses to pawnbrokers shall establish regulations, to the satisfaction of the commissioner of banks, relative to the business carried on and the rate of interest to be charged by them, and a pawnbroker shall not charge or receive upon any loan a greater rate of interest than that fixed by the licensing authorities.

**Section 79.** Every pawnbroker shall keep a book in which, at the time of making a loan, shall be legibly written in the English language an account and description, including all distinguishing marks and numbers, of the articles pawned, the amount of money loaned thereon, the time of pawning them, the rate of interest to be paid on such loan, and the name and residence of the person pawning such articles, and shall furnish a correct record of such transactions, containing all such information, once a week, or oftener if required, to the licensing authorities or to any person designated by them.

**Section 80.** Every such pawnbroker shall, at the time of making such loan, deliver to the person who pawns any article a memorandum or note signed by him and containing the substance of the entry required by the preceding section. No charge shall be made or required by any pawnbroker for such entry, memorandum or note.

**Section 81.** Said book shall at all reasonable times be open to the inspection of the mayor, of the members of the board of police, of the superintendent of police and deputy superintendents, of the chief inspector of police, of any officer of the state police or of any person authorized by them in writing for that purpose who exhibits such written authority to such pawnbroker.

**Section 82.** Whoever violates any provision of the six preceding sections shall be punished by a fine of not less than fifty nor more than three hundred dollars or by imprisonment for not more than two months, or both.

**Section 83.** When a licensed pawnbroker buys or takes in pawn any tool such as is used by contractors, builders or mechanics, he shall enter in a book kept for that purpose a description of the same and the amount paid for or loaned upon the same, and shall cause the person offering such tool for sale or for pawn to sign his name and address therein. 1 Section 84. Any pawnbroker who knowingly writes the wrong name 5 or address of a person thus offering a tool for sale or for pawn, or know- 6 ingly permits the signing of such wrong name or address, shall be fined 7 one hundred dollars for the first offence, and upon a second offence his 8 license shall be revoked, and he shall not be permitted to conduct the 9 business of pawnbroker in the commonwealth for one year.

LOANS.

1 Section 86. Every person who is engaged in the business of making 2 loans on collateral security represented by household goods, wearing 3 apparel, watches, diamonds, jewelry or other articles of personal use or 4 ornament, or on notes secured by pledge or mortgage of any such prop- 5 erty, and with whom such property is deposited, or who purchases such 6 property on condition of selling it back again at a stipulated price, or 7 who pays or advances money thereon under such circumstances that 8 it may be inferred from the character of the transaction that such prop- 9 erty may afterward be redeemed, shall keep a book in which, for the 10 purpose of identification, shall be recorded at the time of each loan or 11 transaction a full and accurate description of the articles pledged or 12 deposited, with any designating numbers or marks and also the name 13 and residence of the borrower or depositor, and each transaction shall be 14 specifically numbered in said book. He shall also give to each borrower 15 or depositor a receipt, ticket or card, numbered to correspond with the 16 number of the transaction on said book, inscribed with the name of the 17 lender, the article pledged, the description of the property as above 18 required, the name of the borrower or depositor, the amount of the loan, 19 the date when made and the date when payable.

1 Section 87. Said book shall at all times be open to the inspection 2 of the police commissioner and of the superintendent and chief inspector 3 of police of Boston, of the commissioner of public safety, and of the 4 chief of police and selectmen of their respective cities or towns, or of an 5 officer specially authorized by any of them in writing for that purpose, 6 who exhibits such written authority; and the property described in said 7 book shall on demand be exhibited to said officers.

1 Section 88. If it appears to any of the officers mentioned in the 2 preceding section that any articles which have been pledged under sec- 3 tion eighty-six have been stolen, he may give written notice to the 4 pledgee to hold such articles, and they shall thereafter be held by the 5 pledgee for sixty days unless said notice shall be recalled in writing by 6 the officer giving it, and be subject to inspection and examination at all 7 reasonable times; and they shall be produced, upon notice or summons

by the district attorney or other prosecuting officer, before any court or grand jury if the question of the larceny of the same is under investiga-
tion, and said pledgee shall not be liable in damages or otherwise on an account of such detention.

SECTION 89. Every person engaged in the business mentioned in section eighty-six, his agent or other person in charge thereof, who fails or refuses to allow the inspection of the book, or who willfully hinders, obstructs or prevents said officers from inspecting the book or examining the property as provided in section eighty-seven, or who willfully violates any other provision of the three preceding sections, shall be punished by a fine of not more than two hundred dollars or by imprisonment for not more than one year, or both.

SECTION 90. A loan of less than one thousand dollars shall be discharged upon payment or tender by the debtor of the principal sum actually borrowed, with interest at the rate of eighteen per cent per annum from the time said money was borrowed, and a sum not exceeding five dollars for the actual expenses of making and securing the loan; but the lender shall be entitled to interest for six months at said rate if the debt is paid before the expiration of that period. All payments in excess of said rate shall be applied to the discharge of the principal, and the borrower shall be obliged to pay or tender only the balance of the principal and interest, at said rate, due after such application. This section shall not affect any loan made at a less rate than eighteen per cent per annum, nor shall it affect so much of section three of chapter one hundred and seven as provides that if there is no agreement for a different rate the interest of money shall be at the rate of six dollars upon each hundred dollars for a year.

SECTION 91. If a loan of less than one thousand dollars is secured by a mortgage or pledge of personal property, the mortgagor or pledgee shall discharge such mortgage and restore such pledge upon payment or tender to him of the amount legally due under the preceding section, and such payment or tender may be made by the debtor or by a person having an interest in the property mortgaged or pledged.

SECTION 92. A mortgage of household furniture on which interest is charged at the rate of eighteen per cent or more per annum, made to secure a loan of less than one thousand dollars, shall not be valid unless it states with substantial accuracy the amount of the loan, the time for which the loan is made, the rate of interest to be paid, and the actual expense of making and securing the loan, nor unless it contains a provision that the debtor shall be notified, in the manner provided in section five of chapter two hundred and fifty-five, of the time and place of any sale to be made in foreclosure proceedings at least seven days before such sale.

SECTION 93. A notice of intention to foreclose a mortgage of personal property given to secure loans of less than one thousand dollars, under sections five and eight of chapter two hundred and fifty-five, shall not be valid unless it expressly states where such notice is to be recorded, and that the right of redemption will be foreclosed sixty days after such recording.
1 Section 94. Whoever refuses or neglects, after request, to return a note or other evidence of a loan which is discharged or entitled to be discharged under section ninety, or to discharge a mortgage or to restore the property held as a pledge as provided in section ninety-one, shall be liable in tort to the borrower for all damages resulting to him from any violation of this section or section ninety-one.

1 Section 95. The five preceding sections shall not apply to any loan of three hundred dollars or less made by a person who holds a license under sections ninety-six to one hundred and thirteen, inclusive, nor affect section seventy-two of this chapter or section four of chapter two hundred and fifty-five.

1 Section 96. No person shall directly or indirectly engage in the business of making loans of three hundred dollars or less, if the amount to be paid on any such loan for interest and expenses exceeds in the aggregate an amount equivalent to twelve per cent per annum upon the sum loaned, without first obtaining from the commissioner of banks, in sections ninety-six to one hundred and fourteen, inclusive, the commissioner, a license to carry on the said business in the town where the business is to be transacted. When an application for a loan or for an endorsement or guarantee or for the purchase of a note is made by any person within this commonwealth, and the money is advanced or the endorsement or guarantee is made or furnished by any person without this commonwealth, the transaction shall be deemed a loan made within this commonwealth, and such a loan and the parties making it shall be subject to sections ninety-six to one hundred and thirteen, inclusive. The buying or endorsing of notes or the furnishing of guarantee or security for compensation shall be considered to be engaging in the business of making small loans within said sections. In prosecutions under said sections, the amount to be paid upon any loan of three hundred dollars or less for interest or expenses shall include all sums paid or to be paid by or on behalf of the borrower for interest, brokerage, recording fees, commissions, services, extension of loan, forbearance to enforce payment, and all other sums charged against or paid or to be paid by the borrower for making or securing directly or indirectly the loan, and shall include all such sums when paid by or on behalf of or charged against the borrower for or on account of making or securing the loan, directly or indirectly, to or by any person, other than the lender, if such payment or charge was known to the lender at the time of making the loan, or might have been ascertained by reasonable inquiry. Any person directly or indirectly engaging in the business of negotiating, arranging, aiding or assisting the borrower or lender in procuring or making loans of three hundred dollars or less, for which the amount paid or to be paid for interest and expenses, including all amounts paid or to be paid to any other party therefor, exceeds in the aggregate an amount equivalent to twelve per cent per annum, whether such loans are actually made by such person or by another party, shall be deemed to be engaged in the business of making small loans, and shall be subject to sections ninety-six to one hundred and twelve, inclusive.

1 Section 97. The commissioner shall from time to time establish regulations respecting the granting of licenses and the business carried on by licensees under this chapter.

Regulations. Investigations. 1898, 577, § 5.
on by the licensees, and by loan companies and associations established by special charter. He shall either personally or by such assistants as he may designate, at least once a year and oftener if he deems it necessary, investigate the affairs of such licensees, companies and associations, and for that purpose shall have free access to the vaults, books and papers thereof, and shall ascertain the condition of the business and whether it has been transacted in compliance with the law and the regulations made hereunder. The commissioner may cause an examination of the said books and business to be made by an accountant whom he may select, and the cost of any such examination shall be paid by the person whose books are so examined.

Section 98. All persons required by sections ninety-six to one hundred and fourteen, inclusive, to be under the supervision of the commissioner shall annually on November first make a return to him in the form of a trial balance of their books at the close of business on September thirtieth preceding, and shall specify the different kinds of liabilities and the different kinds of assets, with such other information as may be called for by the commissioner in accordance with a blank form to be furnished by him. The commissioner shall make an annual report and shall forward therewith a copy of such returns or so much thereof as he may deem necessary.

Section 99. The commissioner may summon said licensees, companies or associations, or any of their agents or employees, and such other witnesses as he deems necessary, and examine them relative to their transactions and to the condition of their business, and for that purpose may administer oaths. Whoever without justifiable cause refuses to appear and testify when so required, or obstructs the commissioner or his representatives in the performance of their duties, shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than six months, or both.

Section 100. He shall establish the rate of interest to be collected, and in fixing said rate shall have due regard to the amount of the loan, and the nature of the security, and the time for which the loan is made; but the total amount to be paid on any loan for interest and expenses shall not in the aggregate exceed an amount equivalent to three per cent a month on the amount actually received by the borrower, computed on unpaid balances; and no licensee or company or association to which sections ninety-six to one hundred and twelve, inclusive, apply shall charge or receive upon any loan a greater rate of interest than that fixed by the commissioner. No charge, bonus, fee, expense or demand of any nature whatsoever, except as above provided, shall be made upon loans to which said sections relate.

Section 101. Licenses granted by the commissioner shall be for a period of one year from October first. Each license shall plainly state the name of the licensee, and the city or town, with the name of the street, and the number, if any, of the place where the business is to be carried on, and shall be posted in a conspicuous place in the office where the business is transacted.
1. **Section 102.** The fee for all licenses granted under section ninety-six shall be not less than one hundred dollars. If the licensee desires to carry on business at more than one place he shall procure a license for each place where the business is to be conducted.

2. **Section 103.** Any person violating any provision of sections ninety-six to ninety-eight, inclusive, and one hundred to one hundred and nine, inclusive, or any regulation made thereunder, or any rule or order made by the commissioner, shall be subject to a fine of not more than five hundred dollars, and the license may be suspended or revoked by the commissioner. Any loan upon which a greater rate of interest or expense is charged or received than is allowed by sections ninety-six to one hundred and eleven, inclusive, and the regulations made thereunder, may be declared void by the supreme judicial or superior court in equity upon petition by the person to whom the loan was made.

3. **Section 104.** A license under section ninety-six shall not be granted to the applicant has filed with the commissioner a statement on oath, which in the case of a corporation or association may be made by the president or agent thereof in charge of the business, stating the place in the town where the business is to be carried on, the name and the private and business address of the applicant, and in the case of a corporation the state under which it is organized, and the name and private address of the clerk or secretary and of the agent or other officer having charge of its proposed business, nor until the applicant, unless excused by the commissioner, files with him a power of attorney, appointing a person satisfactory to the commissioner to be his attorney, upon whom all lawful process may be served in any action or proceeding arising under sections ninety-six to one hundred and twelve, inclusive, with the same effect as if served upon the licensee. If any change occurs in the name or address of a licensee or of the clerk, secretary or agent aforesaid of any licensed corporation, or in the place where the licensed business is carried on, or in the membership of any partnership licensed under said sections, a true and full statement of such change, sworn to in the manner required by this section in the case of the original statement, shall forthwith be filed with the commissioner, who may after a hearing revoke the license.

4. **Section 105.** No license shall be issued under section ninety-six until the licensee gives to the state treasurer a bond in the sum of five thousand dollars, executed by the licensee and by a surety company approved by the commissioner, conditioned upon the faithful performance by the licensee of the duties and obligations pertaining to the business so licensed and the prompt payment of any judgment recovered against him or for which he may be liable under sections ninety-six to one hundred and eleven, inclusive, but no suit at law or in equity shall be begun against the sureties on such a bond within thirty days after judgment against the licensee. If in any case at law or in equity against the licensee under sections ninety-six to one hundred and eleven, inclusive, it appears that the plaintiff is entitled to judgment or decree, except for proceedings in bankruptcy or insolvency, or the discharge therein of the licensee, the court may, at any time, on motion, enter a special judgment or decree for the plaintiff for the amount of his debt, damages and costs, or for
such other relief as he may be entitled to; and the said bond shall be conditioned upon the payment of any such special judgment and upon compliance with any such decree. Whoever is aggrieved by a breach of the condition of such a bond may sue thereon at his own expense and in his own behalf, but in the name of the obligee; and if judgment shall be entered for the defendant for costs, execution therefor shall issue against the person for whose benefit the suit is brought, as if he were the plaintiff of record, but not against the obligee. In such a suit like proceedings shall be had as in a suit by a creditor on an administration bond. The commissioner may at any time require the licensee to file an additional bond of like nature and with like effect, and to give full information as to all judgments recovered or suits pending on his bond. Upon failure to file any bond so required, the license shall be revoked.

SECTION 106. If a greater rate of interest or amount for expenses than is allowed under sections ninety-six to one hundred and eleven, inclusive, has been paid on any loan to which said sections apply, the person who paid it may file a complaint with the commissioner, who may, after a hearing, order such excess amounts refunded, or may make such other order as he may deem necessary. The filing of the complaint and the decision of the commissioner shall not affect the right of the complainant under section one hundred and three, who may, in an action of contract or suit in equity, recover back the amount of the unlawful interest or expenses, with twice the legal costs, if such action or suit is brought within two years after the time of payment.

SECTION 107. If a loan to which sections ninety-six to one hundred and eleven, inclusive, apply is secured by a mortgage or pledge of personal property or by an assignment of wages, the mortgage shall be discharged, the pledge restored or the assignment released upon payment of the amount legally due under said sections; and such payment or tender may be made by the debtor, by any person duly authorized by him, or by any person having an interest in the property mortgaged or pledged or in the wages assigned. Whoever refuses or neglects, upon request, to discharge a mortgage, release an assignment or restore a pledge to the party entitled to receive the same, after payment of the debt secured thereby or the tender of the amount due thereon as aforesaid, shall be liable in tort to the borrower for all damages thereby sustained by him.

SECTION 108. A mortgage or pledge of personal property, or an assignment of or order for wages or salary to which sections ninety-six to one hundred and eleven, inclusive, apply, shall not be valid unless it states with substantial accuracy the actual amount of the loan, the time for which the loan is made, the rate of interest to be paid, and the expense of making and securing the loan, if any; nor unless it contains a provision that the debtor shall be notified, in the manner provided in section five of chapter two hundred and fifty-five, of the time and place of any sale to be made in foreclosure proceedings at least seven days before such sale. A notice of intention to foreclose under the provisions of section five or section eight of chapter two hundred and fifty-five shall not be valid in such a case unless it expressly states where such notice is to be recorded, and that the right of redemption will be foreclosed sixty

14 days after such recording. At any time after twenty days from the date
15 of any such mortgage, if the same has not been recorded the holder thereof
16 shall forthwith, on demand and payment or tender of one dollar, give to
17 the mortgagor or any person interested in the mortgaged property a
18 copy of the mortgage and of the note or other obligation secured thereby,
19 which such holder shall certify to be a true copy thereof.

1 Section 109. If a payment is made on account of a loan to which
2 sections ninety-six to one hundred and eleven, inclusive, apply, the
3 person who receives the payment, or his principal, shall, when the pay-
4 ment is taken, give to the person paying a receipt setting forth the
5 amount then paid and the amount previously paid, and identifying the

1 Section 110. Whoever, not being duly licensed as provided in sec-
2 tion ninety-six, on his own account or on account of any other person,
3 not so licensed, engages in or carries on, directly or indirectly, either
4 separately or in connection with or as a part of any other business, the
5 business of making loans or buying notes or furnishing endorsements or
6 guarantees, to which sections ninety-six to one hundred and eleven,
7 inclusive, apply, shall be punished by a fine of not more than five hun-
8 dred dollars or by imprisonment for not more than two months, or both.
9 Any loan made or note purchased or endorsement or guarantee furnished
10 by an unlicensed person in violation of said sections shall be void. In
11 prosecutions under said sections the fact that the defendant has made or
12 assisted in the making of two or more loans of three hundred dollars or
13 less, upon which there has directly or indirectly been paid or charged,
14 for interest, brokerage, recording fees, commissions, services, extension
15 of loan, forbearance to enforce payment or other expenses, a sum which
16 exceeds in the aggregate an amount equivalent to twelve per cent per
17 annum upon the amount actually received by the borrower, whether
18 such sum has been paid to or charged by the defendant or paid to or
19 charged by any other person, shall be prima facie evidence that the
20 defendant has engaged in and carried on the business of making loans
21 to which sections ninety-six to one hundred and twelve, inclusive, apply.

1 Section 111. Sections ninety-six to one hundred and eleven, inclu-
2 sive, shall not affect so much of section three of chapter one hundred and
3 seven as provides that, if there is no agreement for a different rate, the
4 interest on money shall be at the rate of six dollars upon each one hun-

Said sections one hundred and twenty-two to one hundred and twenty-nine, inclusive, shall not apply to antique firearms incapable of use as firearms nor to sales of firearms at wholesale.

1 Section 122. The licensing authorities in any town may, in their discretion, grant licenses to persons to sell, rent or lease firearms and may fix a fee for such license. Every such license shall specify the street and number, if any, of the building where the business is to be carried on and the license shall not protect a licensee who carries on his business in any other place.

1 Section 122A. The licensing authorities shall record all licenses issued under the preceding section in books kept for the purpose, shall furnish the licensee with a sales record book to be kept by him as provided in section one hundred and twenty-three and shall, upon the granting of any license, send notice thereof to the commissioner of public safety. The said books shall be supplied by the commissioner, upon application of the licensing authorities, at a price not in excess of the cost thereof.

1 Section 123. The license shall be expressed to be and shall be subject to the following conditions: First, That the provisions in regard to the nature of the license and the building in which the business may be carried on under it shall be strictly adhered to. Second, That every...

The said book shall be open at all times to the inspection of the licensing authorities and of the police. Third, That the license or a copy thereof, certified by the recording officer of the licensing authorities or by the clerk of the town by which it is issued, shall be displayed on the premises in a position where it can easily be read. Fourth, That no firearms shall be displayed in any outer window of said premises or in any other place where they can readily be seen from the outside. Fifth, That the licensee shall, once a week, send a copy of the record of sales, rentals and leases made by him for the preceding seven days to the licensing authorities and to the commissioner of public safety. Sixth, That every firearm shall be delivered securely wrapped and fastened and shall be unloaded when delivered. Seventh, That no delivery of a pistol or revolver shall be made on the day of application for the purchase, rental or lease thereof, except to a person having a license to carry the same issued under section one hundred and thirty-one. Eighth, That no pistol or revolver shall be sold, rented or leased to a person who has not a permit, then in force, to purchase, rent or lease the same issued under section one hundred and thirty-one A, and that no machine gun shall be sold, rented or leased to a person who has not a license to possess the same issued under section one hundred and thirty-one. Ninth, That upon a sale, rental or lease of a pistol or revolver, the licensee under section one hundred and twenty-two shall take up such permit and shall endorse upon it the time and place of said sale, rental or lease, and shall forthwith transmit the same to the commissioner of public safety, and that upon the sale, rental or lease of a machine gun shall endorse upon the license to possess the same the time and place of said sale, rental or lease, and shall forthwith transmit a notice thereof to said commissioner. Tenth, That this license shall be subject to forfeiture as provided in section one hundred and twenty-five for breach of any of its conditions, and that, if the licensee hereunder is convicted of a violation of any such condition, this license shall thereupon become void.

Section 124. Licenses shall expire on April thirtieth of each year; but they may be granted during April to take effect on May first next ensuing.

Section 125. The licensing authorities, after notice to the licensee and reasonable opportunity for him to be heard, may declare his license forfeited, or may suspend his license for such period of time as they may deem proper, upon satisfactory proof that he has violated or permitted a violation of any condition thereof or has violated any law. The pendency of proceedings before a court shall not suspend or interfere with the power to declare a forfeiture. If the license is declared forfeited, the licensee shall be disqualified to receive a license for one year after the expiration of the term of the license so forfeited.
1 Section 126. If any placard, sign or advertisement is exposed from, maintained in or permitted to remain upon any vehicle, shop, stand, tenement, or any place of common resort, purporting or designed to announce the keeping in or upon said vehicle or in or upon any of said premises of firearms, it shall be prima facie evidence that firearms are kept in or upon such vehicle or premises for sale.

1 Section 127. Licensing authorities may transfer licenses from one location to another within the town in which the licenses are in force, but such transfer shall be granted only to the original licensee and upon the same terms and conditions upon which the license was originally granted.

1 Section 128. Any licensee under a license described in section one hundred and twenty-three, and any employee or agent of such a licensee, who violates any provision of said section required to be expressed in the second, fourth, sixth, seventh, eighth or ninth condition of said license, and any person who, without being licensed as hereinbefore provided, sells, rents or leases, or exposes for sale, rental or lease, or has in his possession with intent to sell, rent or lease, a firearm, shall be punished by imprisonment for not less than six months nor more than two years.

1 Section 129. Any person who in purchasing, renting or hiring a firearm gives a false or fictitious name or address shall be punished by a fine of not less than twenty-five nor more than one hundred dollars or by imprisonment for not more than one year, or both.

1 Section 129A. No unnaturalized foreign-born person shall, within the commonwealth, own or have in his possession or under his control a firearm as defined in section one hundred and twenty-one, unless such person has a permit under section one hundred and thirty-one to carry such firearm. Any violation of this section shall be punished by a fine of not less than one hundred dollars or by imprisonment for not more than three months or both.

1 Section 130. Whoever sells or furnishes to a minor under the age of fifteen or to an unnaturalized foreign-born person any firearm, air gun or other dangerous weapon or ammunition therefor, or whoever sells or furnishes to any minor fifteen years of age or over who does not possess and display a license then in force to carry a pistol or revolver issued to him under section one hundred and thirty-one ammunition for any firearm as defined in section one hundred and twenty-one, shall, except as provided by section one hundred and twenty-eight, be punished by a fine of not less than one hundred nor more than five hundred dollars; but instructors and teachers may furnish military weapons to pupils for instruction and drill.

1 Section 131. The justice of a court or a trial justice, the board of police or mayor of a city, the selectmen of a town, or the commissioner of public safety, or persons authorized by them, may, upon the application of any person residing or having a place of business within the jurisdiction of the person or body issuing the license, except an unnaturalized person, a person who has been convicted of a felony or of the unlawful
use or sale of drugs or a minor other than one fifteen years of age or over in the employ of a bank, public utility corporation or business of a similar nature whose application is endorsed by his employer, issue a license to such applicant to carry a pistol or revolver in the commonwealth or to possess therein a machine gun, if it appears that he has good reason to fear an injury to his person or property or for any other proper purpose, and that he is a suitable person to be so licensed. Such license shall be issued for a term not to exceed one year, but may be for a less period, and all such licenses shall be revocable at the will of the person or body issuing the same, who shall forthwith send written notice of such revocation to the commissioner of public safety. Said licenses shall be issued on forms furnished by said commissioner and a copy of every license so issued shall within one week after the granting thereof be sent to the said commissioner. Whoever issues a license in violation of this section shall be punished by imprisonment for not less than six months nor more than two years in a jail or house of correction.

SECTION 131A. A licensing authority under the preceding section, upon the application of a person qualified to be granted a license thereunder by such authority, may grant to such a person, other than a minor, a permit to purchase, rent or lease a pistol or revolver if it appears that such purchase, rental or lease is for a proper purpose, and may revoke such permit at will. Such permits shall be issued on forms furnished by the commissioner of public safety, shall be valid for not more than ten days after issue, and a copy of every such permit so issued shall within one week thereafter be sent to the said commissioner. Whoever issues a permit in violation of this section shall be punished by imprisonment for not less than six months nor more than two years in a jail or house of correction.

If a permit is granted after objection is filed, and without a hearing as aforesaid, or without proper advertisement as herein provided, the owner of such dwelling may apply to the district court within whose jurisdiction the premises are situated for a hearing in the case; and said court, if it appears that said permit was granted without compliance with this and the preceding section, shall revoke the permit, and notice of such revocation shall be sent to the board granting the permit and to the person receiving it.

An officer so designated may apply to the supreme judicial or superior court for an injunction to restrain the further operation of any furnace or steam boiler which is being operated in such a manner as to create a nuisance as above defined; and said court may, after hearing the parties, enjoin the further operation of such furnace or boiler.

Section 136. Whoever commits the nuisance defined in section one hundred and thirty-two, or suffers the same to be committed on any premises owned or occupied by him, or in any way participates in committing the same, shall be punished by a fine of not more than one hundred dollars for each week during any part of which such nuisance exists.

Any person may kill a licensed dog which has been so proved to be mischievous or dangerous if it is again found strolling outside of the enclosure of its owner or keeper and not under his immediate care.

If a dog, after such notice to its owner or keeper, by such assault wounds any person, or worries, wounds or kills any neat cattle, sheep or lambs, or does any other mischief, the owner or keeper shall be liable in tort to the person injured thereby in treble the amount of damages sustained by him.

1915, 296, § 1.
The words "journeyman electrician" as used in this chapter shall mean a person doing any work of installing wires, conduits, apparatus, fixtures and other appliances for hire.

Section 2. The state examiners of electricians, in this chapter called the examiners, may make necessary rules for the proper performance of their duties.

They shall hold frequent examinations in Boston, and, twice in each year, shall hold examinations in at least five other convenient places within the commonwealth, and they may hold annual or occasional examinations in other places. Public notice shall be given of all examinations.

They shall make an annual report of their doings.

In the conduct of the examinations they shall make uniform requirements for all towns, which may be revised from time to time, as circumstances require. Said examinations shall be sufficiently frequent to give ample opportunity for all applicants to be thoroughly and carefully examined, may be written or in practical work, and may be supervised by one or more of the examiners, but no license shall be granted without the sanction of the examiners.

Section 3. Two forms of licenses shall be issued. The first, hereinafter referred to as "Certificate A", shall be known as "master electrician's license", and the second, hereinafter referred to as "Certificate B", shall be known as "journeyman electrician's license".

(1) "Certificate A" shall be issued to any person, firm or corporation engaged in or about to engage in the business of installing electrical wires, conduits, apparatus, fixtures and other electrical appliances, qualified under this chapter. The certificate shall specify the name of the person, firm or corporation so applying, and the name of the person, who in the case of a firm shall be one of its members, and in the case of a corporation, one of its officers, passing said examination, by which he or it shall be authorized to enter upon or engage in business as set forth therein. The holding of "Certificate A" shall not entitle the holder individually to engage in or perform the actual work of installing electrical wires, conduits and appliances as previously described in this chapter, but shall entitle him to conduct business as a master electrician.

(2) "Certificate B" shall be granted to any person who has passed an examination before the state examiners of electricians. It shall specify the name of the person, who shall thereby be authorized to engage in the occupation of a journeyman electrician.

(3) Persons desiring an examination shall make written application therefor, accompanied by the proper fee, which shall be twenty-five dollars for "Certificate A" and five dollars for "Certificate B". An applicant failing in his examination shall not have his fee returned to him, but shall be entitled to one free re-examination. For each subsequent re-examination for "Certificate A", he shall pay fifteen dollars and for "Certificate B", one dollar.

(4) Each "Certificate A" shall expire on July thirty-first in each year, but may be renewed by the same person, or the same firm or corporation, acting by one or more of its members or officers, without further examination, upon payment of a fee of fifteen dollars, application therefor being made during the preceding month.
(5) Each "Certificate B" shall expire on July thirty-first in each year. "Certificate B" shall be renewed upon payment of a fee of one dollar, and upon the same conditions set forth in the preceding paragraph.

(6) Holders of "Certificate A" shall keep their certificate of registration displayed in a conspicuous place in their principal offices or places of business. Holders of "Certificate B" shall be furnished by the examiners with evidence of having been licensed, in card form or otherwise, which shall be carried on the person of the licensee and exhibited on request.

(7) Any certificate expiring while the holder thereof is in the military or naval service of the United States shall be renewed without further examination, upon payment of the prescribed fee, at any time within four months after such person's discharge from the service.

(8) Examination papers and applications for "Certificate A" and "Certificate B" shall be preserved for at least three years, after which time they may, at the discretion of the examiners, be destroyed.

(9) Records of the meetings of the examiners shall be open for inspection at all times, and they shall have printed annually a manual of their regulations, including the names of all licensees.

1. **Section 4.** No certificates issued under this chapter shall be assignable or transferable. They may, after hearing, be suspended or revoked by the examiners upon failure or refusal of the licensee to comply with the rules and requirements of the examiners, or for other sufficient cause.

2. **Section 5.** Any person, firm or corporation, or employee thereof, and any representative, member or officer of such firm or corporation individually, entering upon or engaging in the business and work hereinafter defined, without having complied with this chapter, shall for the first offence be punished by a fine of not less than ten nor more than one hundred dollars, and for a subsequent offence by a fine of not less than fifty nor more than five hundred dollars or by imprisonment in the house of correction for six months, or both.

3. **Section 6.** No person, firm or corporation holding a "Certificate A" shall be liable for work done by his or its employees, unless it appears that such work was done with his or its knowledge or consent or by his authorization.

4. **Section 7.** This chapter shall not apply to the installation, repairing and wiring of elevators or to work in connection with the erection, construction, maintenance or repair of lines for transmission of electricity from the source of supply to the service switch on the premises where used by municipal electric plants, by electric companies as defined in section one of chapter one hundred and sixty-four, by gas companies authorized to make or sell electricity, by electric street railway companies, by electric railroad companies or by railroad companies; nor to the work of such plants or companies on premises owned or controlled by them; nor to the work of said municipal electric plants or of said electric or gas companies in installing, maintaining and repairing, on the premises of customers, service connections and meters and other apparatus and appliances remaining the property of such plants or companies after installation; nor to work in connection with the lighting of public ways, alleys, private ways or private or public parks, areas or squares;
nor to the work of companies incorporated for the transmission of in-
telligence by electricity in installing, maintaining or repairing wires, apparatus, fixtures or other appliances used by such companies and nec-
essary for or incident to their business, whether or not such wires, con-
duits, apparatus, fixtures or other appliances are on its own premises.  

SECTION 8. This chapter shall not forbid the employment of learners or apprentices working with and under the direct personal supervision of licensed journeymen electricians. Electricians employed by theatrical companies may install temporary wiring and appliances required for the purpose of the engagement of any such company, subject to the supervision of a person licensed under this chapter. Electricians regularly employed by firms or corporations other than holders of "Certificate A" may install such electrical wiring, conduits and appliances or make such repairs as may be required only on the premises and property of such firms or corporations; provided, that such electricians hold journeymen's licenses, and have complied with this chapter.

SECTION 9. Any person applying for a journeyman's license and making any misstatement as to his experience or other qualifications, or any person, firm or corporation subscribing to or vouching for any such misstatement, shall be subject to the penalties set forth in section five.

SECTION 10. Fees and fines collected under this chapter shall be paid to the commonwealth.

1 Section 2. Sections one to seven, inclusive, sections eleven and twelve and sections fourteen to sixteen, inclusive, shall apply to all cities, and section thirteen shall apply to all cities except Boston; provided, that any such city except Boston may by vote of its city council exempt from the provisions of said sections any or all of its territory lying outside of the limits of the water supply of such city, or unconnected with a common sewer. Sections one, three, six and seven and sections eleven to sixteen, inclusive, shall apply to all towns which by vote of their inhabitants accept said sections or have accepted corresponding provisions of earlier laws, and said sections, except section thirteen, shall apply to all towns which accept rules formulated by the examiners under sections eight and nine or have accepted them under corresponding provisions of earlier laws.

1 Section 3. No person shall engage in the business of a master plumber or work as a journeyman unless he is lawfully registered, or has been licensed by the examiners as provided in this chapter. given of all examinations. Every application for examination shall be in the handwriting of the applicant who shall be notified by the examiners of the time and place of examination. The examiners may, without payment of any fee, issue a probationary license in force for six months to a person who, having worked as an apprentice, or under a verbal agreement for instruction, for not less than three years, presents an application therefor with the signed endorsement of his employer agreeing to be responsible for all work done under the license and to have the licensee, at the expiration of the license, present himself for examination as a journeyman.

Section 5. The fee for the first license of a master plumber shall be fifteen dollars; for any renewal thereof or an examination therefor, five dollars. The fee for the first license of a journeyman shall be five dollars; for any renewal thereof, two dollars; and for an examination therefor, five dollars.

Section 6. Licenses and certificates issued by the examiners shall be valid throughout the commonwealth, but shall not be assignable or transferable. The examiners shall forward to the board of health of each town, or to the inspector of buildings having control of the enforcement of regulations relative to plumbing in such town, the names and addresses of all persons in such town to whom such licenses have been granted. Licenses shall be issued for one year and may be renewed annually on or before May first upon payment of the required fee. Each holder of a master plumber's certificate or license shall register his name and business address with said inspector of buildings if he has such control, otherwise with the board of health, in the town wherein he desires to engage in business as a master plumber. Any such license or certificate may, after notice and hearing, be suspended or revoked by the examiners upon the violation by the holder thereof of any statute, ordinance, by-law, rule or regulation relative to plumbing, upon failure of the holder thereof to comply with the rules and requirements of the examiners, or for other sufficient cause. In case of failure to renew a license as aforesaid on or before May first in any year, the person named therein may, upon payment of the said fee and a deferred renewal fee of ten dollars, increased by such additional fees as would have been payable had such license been continuously renewed, receive a deferred renewal thereof which shall expire on the ensuing first day of May; provided, that such renewed license shall not constitute its holder a licensee for any period preceding its issue.

Section 7. If in the opinion of such inspector of buildings, if any, otherwise of the board of health, of a town, the holder of a license or certificate violates any statute, ordinance, by-law, rule or regulation relative to plumbing, the said inspector or board of health of the town where such violation is committed shall give notice thereof to the examiners.

Section 8. Upon petition of the board of health of any town which has not prescribed regulations relative to plumbing under section thirteen or corresponding provisions of earlier laws, the examiners shall formulate rules relative to the construction, alteration, repair and in-
58. An inspection of all plumbing work within such town, which rules, when
6 approved by the department of public health and accepted by the said
7 board of health and published once a week for three consecutive weeks
8 in some newspaper published in said town, shall have the force of law.
9 Such rules may be revised by the examiners upon petition of the board
10 of health.

1 Section 9. Within thirty days after rules have taken effect as pro-
2 vided in the preceding section, the local board of health shall appoint
3 an inspector of plumbing having the qualifications and duties specified
4 in sections eleven and twelve to hold office for three years unless, after
5 hearing, sooner removed for cause. He shall receive from the town
6 compensation to be fixed by the appointing board, subject to the ap-
7 proval of the selectmen. Appeal from a decision of such inspector may
8 be made to the examiners within ten days from the date of notice of his
9 decision. The appellant shall deposit five dollars with the examiners
10 to be returned if the appeal is sustained, otherwise to be paid to the
11 commonwealth. The decision of the examiners, a copy of which shall be
12 served on each person interested, shall be subject to the approval of the
13 department of public health and to review by the superior court.

1 Section 10. Two or more towns may unite in forming an inspection
2 district, the expense thereof to be paid on such basis as may be agreed
3 upon by the boards of health thereof.

1 Section 11. The said inspector of buildings, if any, otherwise the
2 board of health, of each city and town, shall, within three months after
3 it becomes subject to sections one to sixteen, inclusive, appoint from the
4 classified civil service list one or more inspectors of plumbing who shall
5 be practical plumbers and shall have had practical experience either as
6 master plumbers or journeymen, continuously, during five years next
7 preceding their appointment; provided, that any time spent in service
8 in the army, navy or marine corps of the United States in time of war
9 or insurrection shall be deemed a part of the period of continuous prac-
10 tical experience so required. Such inspector of buildings or board may
11 remove them for cause shown and shall, subject to approval of the city
12 council or selectmen, fix their compensation which shall be paid by the
13 city or town. Said inspectors of plumbing shall inspect all plumbing in
14 process of construction, alteration or repair for which permits are granted
15 within their respective cities and towns and shall report to their appoint-
16 ing power or board violations of any law, ordinance, by-law, rule or
17 regulation relative to plumbing; they shall perform such other appro-
18 priate duties as may be required. The approval of plumbing by any
19 inspectors other than those provided for by this chapter shall not be a
20 compliance therewith.

1 Section 12. No inspector of plumbing shall inspect or approve any
2 plumbing work done by himself, his employer, employee or one employed
3 with him, but in a city or town subject to sections one to sixteen, inclu-
4 sive, the said inspector of buildings, or the board of health, shall in the
5 manner provided in the preceding section appoint an additional inspector
6 of plumbing as therein provided, who shall inspect plumbing so done.
7 Said additional inspector may act in the absence or disability of the
8 local inspector and for his services shall receive like compensation. This

3. house or other structure more than eight feet in length or breadth and
4. seven feet in height, except detached houses or structures situated more
5. than one hundred feet from any other building and wooden structures
6. erected on wooden wharves, shall be built within such limits as the town
7. may from time to time prescribe, unless made of and covered with an
8. incombustible material, or unless a license is granted therefor by the
9. selectmen for public good or necessity and recorded in the town records.

SECTION 5. A building or structure erected in violation of the preceding section shall be deemed a common nuisance without other proof thereof than proof of its unlawful construction and use; and the selectmen may abate and remove it in the same manner in which boards of health may remove nuisances under sections one hundred and twenty-three to one hundred and twenty-five, inclusive, of chapter one hundred and eleven.

SECTION 6. In a city or town which accepts this and the six following sections or has accepted corresponding provisions of earlier laws, the superintendent of public buildings or such other person as the mayor of such city or the selectmen of such town may designate shall be inspector of buildings, and, immediately upon being informed by report or otherwise that a building or other structure or anything attached to or connected therewith in that city or town is dangerous to life or limb, shall inspect the same; and if it appears to him to be dangerous he shall forthwith in writing notify the owner, agent or any person having an interest therein to remove it or make it safe. If it appears that such structure would be specially unsafe in case of fire, it shall be deemed dangerous within the meaning hereof, and the inspector of buildings may affix in a conspicuous place upon its exterior walls a notice of its dangerous condition, which shall not be removed or defaced without authority from him.

SECTION 7. Any person so notified shall be allowed until twelve o'clock noon of the day following the service of the notice in which to begin to remove such structure or make it safe, and he shall employ sufficient labor speedily to make it safe or remove it; but if the public safety so requires and if the aldermen or selectmen so order, the inspector of buildings may immediately enter upon the premises with the necessary workmen and assistants and cause such unsafe structure to be made safe or taken down without delay, and a proper fence put up for the protection of passers-by.

SECTION 8. If an owner, agent or person interested in such unsafe structure refuses or neglects to comply with the requirements of such notice within the time limited, and such structure is not made safe or taken down as therein ordered, a careful survey of the premises shall be made by a board consisting in a city of the city engineer, the chief engineer of the fire department and one disinterested person to be appointed by the inspector of buildings, and in a town of a surveyor, the chief engineer of the fire department and one disinterested person to be appointed by the inspector of buildings. If there is no city engineer in such city or no chief engineer of the fire department in such city or town, the mayor or selectmen shall designate one or more officers or other suitable persons in place of the officers so named as members of said board. A written report of such survey shall be made, and a copy thereof served on such owner, agent or interested person.

SECTION 9. If such report declares such structure to be dangerous, and if the owner, agent or person interested continues such refusal or neglect, the inspector of buildings shall cause it to be made safe or taken down, and the costs and charges incurred shall constitute a lien upon the land upon which the building is located, and shall be enforced within the
6 time and in the manner provided for the collection of taxes on land; 7 and such owner or interested person shall, for every day's continuance 8 of such refusal or neglect after being so notified, forfeit to the city or 9 town in which the structure is located not less than ten nor more than 10 fifty dollars.

1 Section 10. An owner or interested person aggrieved by such order 2 may have the remedy prescribed by section two of chapter one hun- 3 dred and thirty-nine; but this section shall not prevent the city or 4 town from recovering the forfeiture provided in the preceding section 5 from the date of the service of the original notice, unless the order is 6 annulled by the jury.

1 Section 11. If an owner or interested person lives out of the com- 2 monwealth, the notice required by section six may be served upon him 3 by a notary public, whose certificate of service under his notarial seal 4 shall be sufficient evidence thereof.

1 Section 12. The supreme judicial or superior court may restrain 2 the construction, alteration, repair, maintenance or use of a building or 3 structure in violation of any ordinance or by-law of a city or town and 4 order its removal or abatement as a nuisance; and may restrain the further 5 construction, alteration or repair of a building or structure reported to be 6 dangerous, under a survey authorized by section eight, until the deter- 7 mination of the matter, as provided in section ten.

R. L. 104, § 10. 1913, 655, § 10.

1 Section 13. Any inspector, if called upon by the aldermen of any 2 city or by the selectmen of any town which has not accepted sections 3 six to eleven, inclusive, shall inspect any building or other structure, 4 or anything attached to or connected therewith, in such city or town 5 which has been represented to be dangerous to life or limb.

1 Section 14. If it appears to such inspector that the building or 2 other structure, or anything attached to or connected therewith, is dan- 3 gerous to life or limb in case of fire or otherwise, he shall cause it to be 4 removed or rendered safe in the manner provided by sections six to 5 eleven, inclusive, and may cause proceedings to be instituted under sec- 6 tion twelve.

1 Section 15. Except in Boston, no building which is designed to be 2 used, or in which alteration shall be made for the purpose of using it, or 3 continuing its use, in whole or in part, as a public building, or as a factory. 4 workshop or mercantile or other establishment, and to have accommoda- 5 tions for ten or more employees, and no building more than two stories 6 in height designed to be used above the second story, or in which altera- 7 tion shall be made for the purpose of using it, or continuing its use, in 8 whole or in part, as an office building, dormitory, hotel, family hotel, 9 apartment house, boarding house, lodging house or tenement house, and 10 to have eight or more rooms above said story, shall be erected, and no 11 alteration shall be made therein, until a copy of the plans and specifica- 12 tions thereof has been deposited with the supervisor of plans by the 13 person causing its erection or alteration or by the architect thereof. Such
Section 16. Whoever, except in Boston, erects, constructs or makes alteration in a building, or draws plans or specifications, or superintends the erection, construction or alteration of a building in violation of sections fifteen to sixty, inclusive, shall be punished by a fine of not less than fifty nor more than one thousand dollars.

Section 17. If, in the erection of an iron or steel framed building, the spaces between the girders or floor beams of any floor are not filled or covered by the permanent construction of said floors before another story is added to the building, a close plank flooring shall be placed and maintained over such spaces from the time when the beams or girders are placed in position until said permanent construction is applied; but openings protected by a strong hand railing not less than four feet high may be left through said floors for the passage of workmen or material; provided, that when such flooring cannot be used without serious interference with the work of construction, such provision shall be made to protect the workmen from falling material as the inspector shall direct.

Section 18. In the construction of any iron or steel framed building having a clear story of twenty-five feet elevation or more, a staging with a close plank flooring shall be placed under and not more than ten feet below the under side of the whole extent of the beams, girders or trusses of such story upon which iron or steel workers are working.

Section 19. Violations of any provision of the two preceding sections shall be punished by a fine of not less than fifty nor more than five hundred dollars.
1 Section 20. The openings of hoistways, hatchways and well holes on every floor of a public building, except in Boston, shall be protected by sufficient trapdoors or self-closing hatches or such other safeguards as an inspector directs; and due diligence shall be used to keep such trapdoors closed at all times except when in actual use by the occupant of the building having the use and control of the same. Violations of this section shall be punished by a fine of not more than one hundred eight dollars.

1 Section 21. Except in Boston, any building in whole or in part used as a public building, and any building in which ten or more persons are employed in a factory, workshop, mercantile or other establishment, and an office building, dormitory, hotel, family hotel, apartment house, boarding house, lodging house or tenement house which has eight or more rooms, or in which ten or more persons are accommodated, lodge or reside above the second story, the owner, lessee or mortgagee in possession thereof is notified in writing by an inspector that sections fifteen to sixty, inclusive, apply thereto, shall be provided with proper egresses or other means of escape from fire sufficient for the use of all persons accommodated, assembled, employed, lodged or resident therein; but no owner, lessee or mortgagee in possession of such building shall be deemed to have violated this provision unless he has been notified in writing by an inspector as to what additional egresses or means of escape from fire are necessary, and for thirty days has neglected or refused to provide the same. The egresses and means of escape shall be kept unobstructed, in good repair and ready for use, and, if the inspector so directs in writing, every such egress shall be properly lighted and provided with a sign having on it the word “Exit” in letters not less than five inches in height, and so made and placed as plainly to indicate to persons within the building the situation of such egresses; stairways shall have suitable hand rails; egress doors and windows shall open outwardly, and women or children shall not be employed in a factory, workshop, mercantile or other establishment in a room above the second story from which there is only one egress. The certificate of the inspector shall be conclusive evidence of a compliance with the said requirements. Portable seats shall not be allowed in the aisles or passages of such buildings during any service or entertainment held therein. Stairways on the outside of the building shall have suitable railed landings at each story above the first, accessible at each story from doors or windows, and such landings, doors and windows shall be kept clear of ice, snow and other obstructions.

1 Section 22. Any article placed upon a fire escape or an outside means of egress of any building is hereby declared a common nuisance. Any court authorized to issue warrants in criminal cases may, upon complaint under oath made by any police officer that any article is placed or maintained upon a fire escape or outside means of egress of any building, issue a warrant to bring such article when found before a court having jurisdiction of the same, and all articles seized under the authority of such a warrant shall be disposed of in like manner as gaming implements seized under chapter two hundred and seventy-six. Any owner, lessee, tenant or occupant of any building who maintains or permits to remain upon any fire escape or outside means of egress of any building any
article for more than twenty minutes shall be punished by a fine of not more than one hundred dollars. The existence of any article upon a fire escape or outside means of egress of any building shall be prima facie evidence that such article was so placed, maintained or permitted to remain by the occupant of the premises having access from said building to said fire escape or outside means of egress.

Section 23. Every stairway of every building shall be kept free and unobstructed, and any person who permits any article to remain in any stairway of any building in such a manner as may impede the egress of any person lawfully in said building or the ingress of any person lawfully entitled to enter said building shall be punished by a fine of not more than five hundred dollars. The existence of any article in any such stairway in any building shall be prima facie evidence that it was placed or permitted to remain therein by the owner, lessee, tenant or occupant of the building.

Section 24. Except in Boston, the basement and each story of a building which is subject to section twenty-one shall be supplied with means of extinguishing fire, consisting of a hose attached to a suitable water supply and capable of reaching any part of such basement or story, or of such portable apparatus as the inspector shall direct; and such appliances shall be kept at all times ready for use and in good condition.

Section 25. Except in Boston, no wooden flue or air duct for heating or ventilating purposes shall be placed or remain placed in any building subject to sections fifteen and twenty-one, and no pipe for conveying hot air or steam in such building shall be placed or remain placed within one inch of any woodwork, unless protected to the satisfaction of the inspector by suitable guards or casings of incombustible material.

Section 26. Except in Boston, the audience hall in a building erected or designed to be used in whole or in part as a theatre, or in which any change or alteration shall be made for the purpose of using it as a theatre, shall not be placed above the second floor of such building. The audience hall and each gallery of every such building shall, respectively, have at least two independent exits, as far apart as may be; and if the audience hall is on the second floor, the stairways from said floor to the ground floor shall be enclosed with fireproof walls, and shall have no connection with the basement or first floor of the building. Every such exit shall have a width of at least twenty inches for every one hundred persons which such hall, or gallery from which it leads, is capable of holding; but two or more exits of the same aggregate width may be substituted for either of the two required exits. None of the required exits shall be less than five feet wide; provided, that the exits from a gallery capable of holding not more than one hundred and fifty persons may each be less than five feet but not less than three feet wide.

Section 27. Except in Boston, the wall or partition between the auditorium and stage of every theatre shall be fireproof or fire resisting on the stage side, for the whole width of the auditorium and the whole height of the auditorium or stage, as the inspector shall direct, and all
5 doors in such wall or partition shall be fireproofed and provided with
6 approved self-closing devices. The proscenium or curtain opening shall
7 have a fire resisting curtain of an incombustible material, properly con-
8 structed and operated by approved mechanism. There shall be one or
9 more ventilators near the centre and above the highest part of the stage,
10 equal in area to one tenth of that of the stage floor back of the fire re-
11 sitting curtain, and arranged so as to open automatically from heat, and
12 by a cord or cords from the stage floor, as the inspector shall direct.

1  **SECTION 28.** Except in Boston and as otherwise provided by law,
2 the inspectors shall from time to time examine all buildings within their
3 respective districts which are subject to sections fifteen to sixty, in-
4 clusive. If in the judgment of any such inspector such building con-
5 forms to the requirements of said sections for buildings of its class, he
6 shall issue to the owner, lessee or occupant thereof, or of any portion
7 thereof used in the manner described in section twenty-one, a certificate
8 to that effect, specifying the number of persons for whom the egresses
9 and means of escape from fire are sufficient. Such certificate shall con-
10 tinue in force for not more than five years after its date, but so long as
11 it continues in force it shall be conclusive evidence of a compliance with
12 said section by the person to whom it is issued. It shall be void if a
13 greater number of persons than is therein specified are accommodated or
14 employed, or assemble, lodge or reside within such building or portion
15 thereof, or if such building is used for any purposes materially different
16 from the purpose for which it was used at the time of the granting thereof,
17 or if its interior arrangement is materially altered, or if any egresses or
18 means of escape from fire in such building at the time of granting the
19 said certificate are rendered unavailable or are materially changed.
20 The certificate may be revoked by an inspector at any time upon written
21 notice to the holder thereof or to the occupant of the premises for which
22 it was granted, and shall so be revoked if, in the opinion of the inspector,
23 circumstances have so changed that the existing egresses and means of
24 escape are not proper and sufficient. A copy of said certificate shall
25 be kept posted in a conspicuous place upon each story of such building
26 by the occupant of the premises covered thereby.

1  **SECTION 29.** Except in Boston, upon application to an inspector for a
2 certificate under the preceding section, he shall issue to the applicant an
3 acknowledgment thereof, which for ninety days, pending the granting
4 or refusal of the certificate, shall have the same effect as the certificate,
5 and such acknowledgment may be renewed by him with the same effect
6 for a further period, not exceeding ninety days.

1913, 655, §§ 26, 52.

1  **SECTION 30.** Except in Boston, if any change shall be made upon
2 premises for which such certificate has been issued or in the use thereof
3 which would render the certificate void according to section twenty-eight,
4 the person making such change shall forthwith give written notice thereof
5 to an inspector for the district or to the commissioner of public safety.

1  **SECTION 31.** Except in Boston, if an inspector finds that any building
2 or part thereof subject to sections fifteen to sixty, inclusive, fails to con-
3 form thereto, or if any change is made therein which would render a

certificate void under section twenty-eight, he shall give written notice
to the owner, lessee, occupant or agent in charge thereof, specifying such
additional provisions, egresses or other means of escape from fire as in
his opinion may be necessary to make it conform to said section and to
obtain a certificate; and any such owner, lessee, occupant or agent in
charge thereof failing to comply with such notice for a period of thirty
days shall be punished by a fine of not less than fifty nor more than one
thousand dollars.

R. L. 104, § 11.
1913, 655, § 11.

SECTION 32. If a schoolhouse in any city, except Boston, has not
been provided with a safe and proper egress or other means of escape from
fire, as required by sections fifteen to sixty, inclusive, within six months
after the written notice provided for in the preceding section, the mayor,
for the purpose of conforming to the provisions of this chapter relative
to egresses or other means of escape from fire in schoolhouses, may, upon
petition of one hundred citizens or taxpayers in such city, authorize the
expenditure upon such schoolhouse of not more than fifteen per cent of
the cost thereof, payable from any money in the treasury of that city
which is not otherwise appropriated.

1882, 266, § 1.
1888, 426, § 11.

SECTION 33. Any city, except Boston, may by ordinance provide that
sections fifteen, sixteen, twenty-one to thirty-one, inclusive, forty-seven
and forty-eight shall apply to any building of three or more stories in

Licenses for
theatres, etc.
1901, 450, § 2.
1903, 542,
§§ 1, 2.
1907, 483.
1909, 335, § 1.

1912, 655, §§ 31.
213 Mass. 213.

SECTION 34. In sections thirty-four to thirty-eight, inclusive, the
term "licensing officer" shall mean the mayor of Boston and the com-
mmissioner of public safety. In Boston the mayor and elsewhere the
commissioner of public safety shall issue licenses for theatres, special
halls and public halls. He may require such changes in the structural
or other condition of any building before issuing any license as in his
opinion the public safety requires, but no change shall be ordered in
excess of the requirements for a new building of like character. In
buildings existing on November first, nineteen hundred and thirteen
an equivalent of the conditions required by law may be accepted by the
licensing officer; provided, that such equivalents are set forth in detail in the license. The licenses provided for herein shall be con-
spicuously posted near the main entrance of the theatre, special hall
or public hall. Licenses for theatres, except in Boston, shall expire on
September first, for special halls on August first, and for public halls on
July first of each year.

SECTION 35. The licensee shall be responsible, civilly and criminally,
for non-compliance with the laws applicable to the theatre, special hall
or public hall covered by his license, and for non-compliance with the
conditions thereof. The licensing officer shall cause a complete inspec-
tion of all theatres to be made once in each month, of special halls and
public halls once in every six months, and as much oftener as circum-
stances may require.

SECTION 36. Every inspection of theatres, special halls or public
halls shall cover all details relating to the condition of the building as
regards the safety of life and property. The inspector shall make a
4 signed report as to all such details upon a tabulated inspection blank, the
5 form of which shall be determined by the licensing officer. The forms of
6 such blanks may be adapted to the circumstances of the different classes
7 of buildings, but shall be such as to enable the inspectors to report a
8 rating on the points and in the form hereinafter specified, and shall
9 include a detailed table of legal requirements, with a statement as to
10 compliance or non-compliance with each. All inspectors inspecting
11 theatres, special halls and public halls shall on the first of each week
12 forward to the licensing officer the reports of their inspections of the
13 previous week, and shall rate each theatre, special hall or public hall on
14 the following points in the following form:
15 1. Compliance with existing laws, non-compliance in any particular
16 to be specified.
17 2. The following ratings of each building as to the safety of the audi-
18 ence, in the judgment of the inspectors, in the light of improved methods
19 of insuring safety:

20 And such other points as in the opinion of the licensing officer may be
21 suitable. These reports and ratings shall be signed by the inspectors,
22 and shall give the date of the inspection, with such remarks upon the
23 condition of each theatre, special hall and public hall as may be suitable
24 to give notice of danger or to give confidence in the safety of such build-
25 ings. After each inspection of a theatre, special hall or public hall, the
26 inspector shall post a notice in conspicuous type, near the main entrance
27 thereof, in the following form:

This theatre (or special hall) (or public hall) has been inspected by inspector
(name of inspector) on (date).

1 Section 37. The full inspection reports of theatres, special halls and
2 public halls shall be kept on file by the licensing officer, but, except as
3 hereinafter provided, shall not be open to examination by the public
4 until the expiration of one month from the time when they were rendered,
5 except with the consent of the licensing officer. Every licensee shall be
6 entitled to examine the full reports of his own building at any time.
7 The licensing officer shall make a full report annually of the condition
8 of all theatres, special halls and public halls, which shall be open to
9 examination by the public at all times. The reports of inspectors shall
10 be public records of matters of public interest; and a fair publication of
11 these reports, or parts thereof, or comment thereon, by any person, in
12 newspapers or otherwise, shall be privileged.
Copies of ratings, etc., to be sent to licensee.

1904, 450, § 8.
1906, 105, §§ 2, 3.
1913, 655, § 35.

Section 38. A certified copy of all ratings and conclusions of the inspectors in respect to any licensed theatre, special hall or public hall shall be delivered or mailed by the licensing officer to the licensee at the building. If any inspector shall report that the laws or the conditions of the license are not complied with by any licensee, the licensing officer may notify the licensee, fixing a time within which he shall comply with the law and the conditions of the license. If at the expiration of such time there has not been such compliance, the licensing officer shall give a hearing to the licensee; and if upon investigation he shall find that there is cause, he shall revoke the license. The licensing officer may, if in his opinion the public safety requires it, order any theatre, special hall or public hall to be closed pending a hearing upon the revocation of the license, and any person failing to comply with such order shall be punished by a fine of not less than fifty nor more than one thousand dollars.

Copy of ratings, etc., may be posted.
1904, 450, § 9.
1915, 655, § 36.

Section 39. Any licensee may post upon his premises a certified copy of the complete table of ratings and conclusions relating to the theatre, special hall or public hall covered by his license, but he shall not post an incomplete copy of such table.

Penalty for false statement, etc.
1904, 450, § 13.
1913, 655, § 37.

Section 40. Any person having any duty to perform under this chapter in connection with the licensing or inspection of theatres, special halls or public halls who wilfully makes any false statement or report or any false record of any statement, report or rating as to any such theatre, special hall or public hall shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year.

Penalty for giving or receiving free pass.
1904, 450, § 14.
1913, 655, § 38.

Section 41. Any officer or person having any duty in any way connected with the inspection of theatres, special halls or public halls, who requests for himself or another, or accepts or uses any ticket or pass or privilege of admission, or admission, to any theatre, special hall or public hall for which he is to pay or has paid either nothing or a price less than that demanded of the public generally, and any owner, proprietor, manager, lessee, agent or employee of any theatre, special hall or public hall, or any other person who issues, delivers, offers or allows any such ticket, pass, privilege or admission to any such officer or person, or to any other person, at the request, solicitation, procurement or with the connivance of any such officer or person, shall be punished by a fine of not less than one hundred nor more than one thousand dollars.

Ventilation and sanitation.
Inspection by department of public health.
1913, 655, §§ 46, 41.
1914, 762, § 1.

Section 42. Every public building as defined in section one, except schoolhouses in which public or private instruction is afforded to less than eleven pupils at one time, shall be kept clean and free from effluvia arising from any drain, privy or nuisance, shall be provided with a sufficient number of proper water closets, earth closets or privies, and shall be ventilated in such a manner that the air shall not become so impure as to be injurious to health. If it appears to an inspector that further or different heating, ventilating or sanitary provisions are required in any such public building, in order to conform to the requirements of this section, and that such requirement can be provided without unreasonable expense, he may issue a written order to the proper person or authority, directing such heating, ventilating or sanitary provisions to be provided. A school committee, public officer or person
14. who has charge of, owns or leases any such public building, who neglects
15. for four weeks to comply with the order of such inspector, shall be
16. punished by a fine of not more than one hundred dollars. The district
17. health officers or such other officers as the department of public health
18. may from time to time appoint shall make such examinations of school
19. buildings subject to this section as in the opinion of the department
20. the protection of the health of the pupils may require. This section
21. shall not apply to Boston.

1. **Section 43.** Except in Boston, if a building subject to sections
2. fifteen to sixty, inclusive, is owned, leased or occupied, jointly or in
3. severalty, any owner, lessee or occupant may affix to any part of the
4. outside wall of such building any means of egress or of escape from fire
5. specified and described by an inspector, notwithstanding the objection
6. of any other such owner, lessee or occupant; and such means of egress
7. or of escape may project over the highway, or over a right of way for
8. a distance not exceeding one half the width of the right of way.

1. **Section 44.** The keeper of a hotel, boarding or lodging house or
2. family hotel containing one hundred or more sleeping rooms, and being
3. four or more stories high, shall have therein at least two competent
4. watchmen, each properly assigned, and each on duty between the hours
5. of nine o'clock at night and six o'clock in the morning. The keeper of
6. every hotel, boarding or lodging house or family hotel containing fifty
7. or more sleeping rooms, but less than one hundred, and being three
8. stories high, shall have between said hours at least one competent
9. watchman on duty therein. In all such hotels, lodging houses or family
10. hotels, the halls, corridors and stairways shall be properly lighted at
11. night, and a red light shall be kept during the night at the top and
12. bottom of each flight of stairs; and one or more proper alarms or gongs,
13. capable of being heard throughout the house, shall always remain easy
14. of access and ready for use in every such building to give to the in-
15. mates warning of fire. The keeper of every such hotel, boarding or
16. lodging house or family hotel shall keep a notice descriptive of such
17. means of escape conspicuously posted in every sleeping room.

1. **Section 45.** Except in Boston, the keeper of any such hotel, board-
2. ing or lodging house or family hotel who adopts a system of electric
3. watch clocks which register at the office the movements of the watch-
4. men throughout the house, or who adopts a system of thermostats or
5. fire alarm bells in the rooms, or who provides a watchman’s watch with
6. key stations, the record of which is kept at the office, shall not be re-
7. quired to maintain more than one watchman in addition to the regular
8. night clerk and porters; provided, that the system or device so adopted
9. or provided is approved by the inspector.

1. **Section 46.** The aldermen of any city, except Boston, and the select-
2. men of towns may prescribe additional night watch to be kept and
3. further provision for the prevention of fires and for the better protection
4. of life in case of fire to be made by the keepers of hotels, boarding or
5. lodging houses or family hotels within their cities and towns. Who-
6. ever neglects or refuses to comply with any provision of this or the two
7. preceding sections shall be punished by a fine of not less than fifty nor
8. more than one thousand dollars.
SECTION 47. Such rope, iron hook or eye and fastenings shall be of sufficient strength to sustain a weight of four hundred pounds, and plain directions for the use of such rope or other appliance shall be printed and posted within six inches of the hook or eye to which the rope is fastened. This section shall not apply to Boston.

Whoever violates any provision of this or the preceding section shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than six months, or both. This section shall not apply to Boston.

SECTION 49. Except in Boston, a license which is required by law, ordinance or by-law to authorize any building or part thereof to be used for any purpose specified in section twenty-one shall not be granted until a license by the commissioner of public safety, or a certificate by an inspector, as required by sections fifteen to sixty, inclusive, shall have been issued therefor, and, when granted, shall not continue in force after the expiration of such license or certificate.

14 be sufficient notice hereunder to all members of any firm or corporation  
15 owning, leasing or controlling the building or any part thereof. Such  
16 notice may be served personally or sent by mail.

1 Section 52. No person shall occupy or use any building or part  
2 thereof as a theatre, special hall, public hall, miscellaneous hall, place  
3 of assemblage or place of public resort until a license therefor has been  
4 issued by the commissioner of public safety or the mayor of Boston, or  
5 a certificate therefor by an inspector or an inspector of the building  
6 department of Boston. The certificate of the inspector shall be con-
7 clusive evidence of a compliance with sections fifteen to sixty, inclusive,  
8 for such use of a hall as he shall set forth in detail in the certificate,  
9 and shall be conspicuously posted near the main entrance of the hall.  
10 Violations of this section or of the conditions of a license or certificate  
11 shall be punished by a fine of not less than twenty-five nor more than

3 any provision of sections fifteen to fifty-two, inclusive, for which no  
4 other penalty is specifically prescribed, shall be punished by a fine of  
5 not less than fifty nor more than five hundred dollars.

1 Section 54. Sections fifteen to fifty-two, inclusive, shall, except  
2 when otherwise specifically provided, be enforced by the commissioner

5 necessary for their uniform enforcement. All sections of this chapter  
6 which apply to Boston shall be enforced by the building commissioner.

3 thirty days after the service thereof, appeal to a judge of the superior  
4 court for the county where the building to which such order, require-
5 ment or direction relates is situated for an order forbidding its enforce-
6 ment; and after such notice as said court shall direct to all parties  
7 interested, a hearing may be had before the court at an early and con-
8 venient time and place fixed by it; or the court may appoint three  
9 disinterested persons, skilled in the subject matter of the controversy,  
10 to examine the matter and hear the parties; and the decision of said  
11 court, or the written decision under oath of a majority of said experts,
filed in the office of the clerk of courts in said county within ten days after such hearing, may alter, annul or affirm such order, requirement or direction. Such decision or a certified copy thereof shall have the same authority, force and effect as the original order, requirement or direction of the inspector. If such decision annuls or alters the order, requirement or direction of the inspector, the court shall order the inspector not to enforce his order, requirement or direction, and in every case the certificate required by law shall thereupon be issued by said court or by said experts.

Section 56. The court may award reasonable compensation to such experts, to be paid by the county in which the application for an order of the court was made, if the order, requirement or direction of the inspector is altered or annulled, otherwise by the applicant. If the order, requirement or direction of the inspector is affirmed by the court or the experts, costs shall be taxed against the applicant as in civil cases, and shall be paid into the treasury of the said county.

Section 57. The supreme judicial or superior court may, upon the petition of an inspector or, in Boston, of the building commissioner, temporarily or permanently restrain the erection, construction, alteration, use or occupation of a building in violation of any provision of sections fifteen to fifty-two, inclusive.

Section 58. District courts shall have jurisdiction concurrently with the superior court of prosecutions and proceedings at law under sections three to fifty-two, inclusive.

Section 59. The supreme judicial or superior court may, upon the application of the commissioner of public safety, the chief of inspections of the department or any inspector or, in Boston, of the building commissioner, enforce, by any suitable process or decree, any provision of sections fifteen to fifty-two, inclusive, and any order or requirement of any person made under authority thereof.

Section 60. The supreme judicial or superior court may restrain the illegal placing, maintenance or use of any building, structure or other thing. It may, upon the petition of a city or town for such relief, require the removal of any such building, structure or other thing by the owner, and may authorize the city or town, in default of such removal by the owner, to remove it at his expense. Upon such petition, the defendant shall be presumed to have acted without a license or authority until he proves the contrary.

Section 61. The inspector of buildings in every city and town having such an officer shall give written notice to the assessors thereof of the granting by him of permits for the construction of any building therein or for any substantial alteration therein or addition thereto. Such notice shall be given within seven days after the granting of each permit, and shall state the name of the person to whom the permit was granted and the location of the building to be constructed or altered or to which an addition is to be made.
ELEVATORS.

1 Section 62. In cities and towns not having a building department or an inspector of buildings, the installation and alteration of all elevators shall be under the supervision of the inspectors of the division of inspection of the department. In cities and towns having an inspector of buildings or a person acting as such, the installation and alteration of all elevators shall be under his supervision. No elevator shall be installed or altered until a copy of the plans and specifications of such elevator or of the proposed alterations shall have been filed by the owner of the premises where the elevator is to be installed or altered, or by the manufacturer of the elevator, with the inspector or building inspector having jurisdiction, and a certificate of approval or a specification of requirements shall have been issued by him. The inspectors and inspectors of buildings or the departments of buildings of cities and towns shall enforce the regulations made by the board of elevator regulations as hereafter provided.

1 Section 63. On completion of the work of installation or alteration, the manufacturer of the elevator or the person making the alterations shall make a practical test of the safety devices of the elevator in the presence of the inspector having jurisdiction thereof; and if the test is satisfactory to him, he shall issue a certificate approving the elevator and safety devices thereof.

1 Section 64. All elevators shall be thoroughly inspected and a practical test made of the safety devices required therefor at intervals of not more than one year, and at such other times as may be deemed necessary by the inspector having jurisdiction thereof. Within ten days after the inspection, he shall report the result thereof to the commissioner of public safety, upon forms to be furnished by him. This requirement for the making of inspection reports shall not apply to Boston.

1 Section 65. If in the judgment of any inspector having jurisdiction thereof an elevator is safe, and if the elevator has been constructed in the manner required by law or by the regulations of the board of elevator regulations, the inspector shall issue a certificate to that effect to the owner of the elevator or to the person in charge thereof, who shall post the certificate in a conspicuous place in or near the car or ear of such elevator. Otherwise, the inspector shall immediately post conspicuously upon the entrance or door of the car or car of such elevator, or upon the elevator, a notice of its dangerous condition, and shall prohibit the use of the elevator until it has been made safe to his satisfaction. No person shall remove such notice or operate such elevator until the inspector has issued his certificate as aforesaid.

1 Section 66. Any owner, operator or person in charge of an elevator or any person employed to inspect an elevator shall, if he thinks such elevator is unsafe, make a written report thereof to the inspector having jurisdiction thereof, who shall forthwith inspect such elevator. If any accident occurs to an elevator, the operator, person in charge or owner
having knowledge thereof shall immediately report such accident to the inspector having jurisdiction, who shall forthwith inspect such elevator.

SECTION 67. Any person engaged in the inspection, alteration, construction, repair or operation of elevators may from time to time, by written petition to the commissioner of public safety, request that rules and regulations established by a board of elevator regulations herefore or hereafter appointed be altered or amended. The commissioner may grant public hearings upon such petition, and if he deems it advisable may appoint a new board of elevator regulations as provided in section eleven of chapter twenty-two.

SECTION 68. The board of elevator regulations shall frame amendments to the regulations relating to the construction, installation, alteration and operation of all elevators, and relative to the location, design and construction of shafts or enclosures for elevators, safety devices, gates and other safeguards, protection against the elevator or hoisting machinery, and means to prevent the spread of fire, and also amendments to the regulations designed to make uniform the work of the inspectors of the division of inspection of the department and of inspectors of buildings throughout the commonwealth.

SECTION 69. The board of elevator regulations shall, within three months after its members are appointed, draft amendments to the regulations and submit the same to the governor and council for their approval. Within sixty days after such submission they shall approve the same, with such alterations and amendments and after such public hearings as they may deem proper; and the regulations so altered and amended shall become part of the rules and regulations pertaining to elevators. The commissioner of public safety shall furnish upon application a printed copy of the regulations to all manufacturers of elevators operating in the commonwealth, to all inspectors of buildings in the cities and towns of the commonwealth, and to all others who are concerned. The board shall be dissolved upon the approval of the regulations by the governor and council.

SECTION 70. Whoever, except in Boston, is aggrieved by the order, requirement or direction of an inspector of buildings of a city or town in reference to the installation or alteration of elevators may, within ten days after the service thereof, appeal as provided in section fifty-five; and all the provisions of said section, except as otherwise provided herein, shall apply to the procedure on such appeal. In Boston the right of appeal shall be the same as that provided by section seven of chapter five hundred and fifty of the acts of nineteen hundred and seven.

SECTION 71. Any person violating or failing to comply with any provision of sections sixty-two to seventy, inclusive, or of any regulation established thereunder shall be punished by a fine of not more than five hundred dollars.
CINEMATOGRAHPS.

1 Section 72. No cinematograph or similar apparatus involving the use of a combustible film more than ten inches in length, except one using only an enclosed incandescent lamp and cellulose acetate films not more than one and one quarter inches in width, shall, except as provided by sections eighty-five and eighty-six, be kept or used for the purpose of exhibiting such films in or upon the premises of a public building until such cinematograph or similar apparatus has been inspected and approved by an inspector, who shall have placed thereon a numbered metal tag; nor until a booth or enclosure, which has been inspected and approved by such an inspector and his certificate issued therefor, has been provided for said apparatus; nor until such precautions against fire as the commissioner of public safety may specify have been taken by the owner, user or exhibitor; provided, that no such apparatus shall be operated with oxyhydrogen gas, so-called, or with limelight. In addition, in Boston the location of any booth or enclosure surrounding such apparatus shall be approved by the building commissioner, who may order such additional precautions against fire as he may deem necessary.

1 Section 73. The inspectors shall inspect any such apparatus which is to be kept or used as specified in the preceding section, and any booth or enclosure provided therefor, and the commissioner of public safety shall make such rules and regulations as he may deem necessary for the safe use thereof.

1 Section 74. For the inspection of such apparatus or of a booth or enclosure, as provided by the preceding section, a fee of two dollars shall be paid by the owner or user thereof.

1 Section 75. Except as provided in section seventy-seven, no person shall operate such apparatus in any public building until he has received a special or first class license so to do from an inspector. No such license shall be granted until the applicant has passed an examination proving him to be thoroughly skilled in the working of the mechanical and electrical apparatus or devices used therein or connected therewith, and no person under twenty-one shall be eligible for such examination. Three dollars shall accompany the application for a license. The special or first class license shall be for the term of one year from the date thereof, but may be renewed yearly, without examination, by an inspector upon the payment of a fee of one dollar. A first class license shall apply only to the operation of a hand driven apparatus. A special license shall apply to one driven by hand or motor.

1 Section 76. Any person over eighteen desiring to act as an assistant to a holder of a special or first class license shall register his name, age and address on a form furnished by the commissioner of public safety; and upon the receipt of one dollar the commissioner may issue a permit allowing such person to assist such a licensed operator in a booth or enclosure, but such person shall not himself operate the apparatus. The permit shall be for the term of one year from the date thereof,
but may be renewed yearly by the commissioner upon the receipt of fifty cents.

Section 77. A second class license giving the right to operate a hand driven cinematograph or similar apparatus, but only in the presence of a holder of a special or first class license, may be granted to any person over twenty who has been employed for three months as an assistant under the supervision of a licensee in or upon a public building. The applicant, as a condition of receiving the said second class license, shall pass an examination satisfactory to an inspector, and shall present to the commissioner of public safety an affidavit, signed and sworn to by him, stating that he has so worked for said period. The commissioner may require that the affidavit be corroborated. A fee of two dollars shall accompany the application for the license. The license shall be for the term of one year from the date thereof, but may be renewed yearly by an inspector upon the receipt of fifty cents.

Section 78. Any person over twenty-one who has held a second class license for three months or more and has worked regularly during that period in a booth or enclosure in or upon a public building, upon presenting to the commissioner of public safety an affidavit, signed and sworn to by him, stating that he has operated a cinematograph or similar apparatus in a booth or enclosure in a theatre or hall devoted to public exhibitions of moving pictures outside of the commonwealth for a period of three months or more, shall be eligible for the examination, as provided in section seventy-five, for a special or a first class license.

Section 79. Any person over twenty-one who presents to the commissioner of public safety an affidavit, signed and sworn to by him, stating that he has operated a cinematograph or similar apparatus in a booth or enclosure in a theatre or hall devoted to public exhibitions of moving pictures outside of the commonwealth for a period of three months or more, shall be eligible for the examination, as provided in section seventy-five, for a special or a first class license.

Section 80. The holder of a first class license, or any person designated in the preceding section, who passes an examination satisfactory to the department may be granted a special license.

Section 81. An operator's license or an assistant's permit may be suspended or revoked for cause at any time by an inspector; but the person whose license or permit is so suspended or revoked may appeal to the commissioner of public safety, whose decision in the matter shall be final.

Section 82. Except in Boston, the commissioner of public safety may grant permits for the special exhibition of pictures by the use of a cinematograph or similar apparatus in a public building which in his opinion is in safe condition for such exhibitions, and he may prescribe such regulations as he may deem necessary for the presentation of the same. Two dollars shall accompany the application for each permit.

Section 83. Sections seventy-two to seventy-six, inclusive, shall not apply to any motion picture machine operated with only cellulose acetate films not more than one inch and one fourth in width and requiring not more than five hundred watts of electric current to operate
the arc; provided, that such machines shall not be kept or used in a
public building except under such regulations as the commissioner of
public safety shall prescribe.

1 Section 84. Any person keeping or using a cinematograph or similar
apparatus contrary to any provision of sections seventy-two to eighty-
four, inclusive, or in violation of any rule or regulation made by the
commissioner of public safety, or, in Boston, in violation of any regula-
tion or requirement made by the building commissioner in accordance
with said sections, shall be punished by a fine of not less than fifty nor
more than five hundred dollars.

1 Section 85. Notwithstanding any provision of sections seventy-two
or eighty-four, inclusive, the commissioner of public safety, upon appli-
cation accompanied by a fee of two dollars, may grant special licenses
for operators of motion picture machines in churches, schoolhouses or
public institutions which in his opinion are in safe condition for said
exhibitions, and he may prescribe regulations for the proper conduct of
the same, but no such license shall be valid for use in the city of Boston
unless it also bears the written approval of the building commissioner
of said city.

1 Section 86. Notwithstanding any of the provisions of sections
seventy-two to eighty-five, inclusive, a cinematograph or similar ap-
paratus adapted to the use of standard width films, if specifically licensed
and approved by the commissioner of public safety as evidenced by a tag
attached thereto by his authority, may be used as hereinafter provided,
in connection with a portable projector and without a booth and subject
to such further conditions and regulations as the commissioner may
prescribe, for educational purposes in schools and other institutions of
learning, or for business or demonstration purposes. Said cinematograph
or apparatus shall be used only with cellulose acetate or equally incom-
 bustible films marked in the margin at least once in every linear foot as
safe and incombustible, and tagged or marked as inspected by an in-
spector, and only in connection with an incandescent electric lamp of
not more than six hundred watts. Such approval and license shall be
granted only upon the written application, accompanied by a fee of
two dollars, of the superintendent of schools in a city or town in case
of intended use in a public school, or of the responsible head of the
university, college, technical or private school or county extension service,
as the case may be, or if to be used for business or demonstration pur-
poses, upon the written application of a responsible citizen. The com-
missioner shall also cause to be posted on apparatus so approved and
licensed a statement of the terms and conditions governing its use and
the penalty hereinafter prescribed for their violation. The said com-
missioner, or such local authority as the commissioner may designate,
may, upon payment of a fee of two dollars, grant a license for the term
of one year to operate such a cinematograph or apparatus, under the
conditions herein specified, to any suitable person twenty-one years of
age or over. Said license may be renewed on payment of a like fee.
Any license or approval granted under this section may be revoked by the
commissioner, or the local authority authorized to grant the same.
Violation of any provision of this section or of any rule, regulation, term
or condition imposed by the commissioner of public safety under its
provisions shall be punished by a fine of not more than five hundred thirty dollars or by imprisonment for not less than two nor more than six thirty-four months, or both.

SECTION 87. Whoever sells or leases or offers or exposes for sale or lease, or loans any nitrous or combustible flammable cellulose acetate, incombustible or safety film, or whoever stamps or marks any nitrous or combustible film as cellulose acetate, incombustible or safety film, shall be punished by a fine of not less than one hundred nor more than five hundred dollars or by imprisonment for not less than six months nor more than two years, or both.

SECTION 88. No cinematograph or similar apparatus intended for use as a motion picture machine shall be sold, offered for sale or leased unless and until it has been inspected and approved by an inspector as evidenced by a plate which the inspector shall affix thereto upon which shall be set forth the kind of films which may lawfully be used in operating said cinematograph or apparatus and the penalties prescribed for its unlawful use. Violation of this section shall be punished by a fine of not less than one hundred nor more than five hundred dollars, or by imprisonment for not less than six months nor more than two years, or both.

3. “Acceptance of this chapter” shall include the acceptance of corresponding provisions of earlier laws.

6. “Cellar”, a story more than one half below the level of the curb or adjoining ground.
"Corner lot", a lot situated at the junction or intersection of two streets each not less than sixteen feet in width, but any lot the outer angle of which is over one hundred and twenty-five degrees shall not be considered a corner lot. Any portion of the width of the front of such lot distant more than fifty feet and any portion of the depth of such lot distant more than one hundred feet from such a junction or intersection shall not be regarded as part of a corner lot, but shall be subject to the provisions of this chapter respecting interior lots.

"Court", an open unoccupied space, other than a yard or front yard, on the same lot with a tenement house. A court extending to the street, yard, front yard or side yard is an "outer court". A court not so extending is an "inner court".

73 "Occupied spaces". Porches, platforms, except those on the first story
74 when the basement is not occupied or designed or intended to be occupied
75 for habitation, and outside stairways, except fire escapes and steps leading
76 to the first story, shall be considered as part of the building and not
77 as part of the yard or courts or unoccupied areas.
78 "Public hall", a hall, corridor or passageway not within an apartment.
79 "Rear" of a lot, the side opposite to the front. In the case of a corner
80 lot with streets on three sides, or of a triangular or irregularly shaped
81 lot abutting on two streets at their junction or intersection, the rear shall
82 be a side not bordering on a street.
83 "Second class construction". A tenement house of second class con-
84 struction is one of which the exterior and party walls are fireproof and
85 conform to the requirements of first class construction as defined by
86 law or by ordinance of the city in which it is situated.
87 "Stair hall" includes the stairs, stair landings and those parts of the
88 public halls through which it is necessary to pass in going from the en-
89 trance floor to the roof.
90 "Street" includes any right of way dedicated to public use, any public
91 alley, or railroad right of way sixteen feet or more in width, any ceme-
92 tery or public park.
93 "Tenement house", any house or building, or part thereof, which is
94 rented, leased, let or hired out, to be occupied, or is occupied, or intended,
95 arranged or designed to be occupied as the home or residence of two or
96 more families (a family may consist of one or more persons), living in-
97 dependently of each other and doing their cooking on the premises and
98 having a common right in the halls, stairways, yard, courts, cellar, sinks,
99 water closets or privies, or any of them. Where the occupants of dwelling
100 houses contiguous and vertically divided, each occupied or intended,
101 arranged or designed to be occupied as the home or residence of one
102 family or more, have a common right in or use in common the halls,
103 stairways, yards, cellars, sinks, water closets or privies, or any of them,
104 such dwelling houses shall be deemed to be tenement houses and shall be
105 subject to this chapter.
106 "Thereafter", after the acceptance of this chapter or corresponding
107 provisions of earlier laws.
108 "Third class construction". A tenement house of third class con-
109 struction is one of which the exterior walls or parts thereof are of comb-
110 bustible materials and do not conform to the requirements of first class
111 construction.
112 "Yard", an open unoccupied space on the same lot with the tenement
113 house between the extreme rear line of the house and the extreme rear
114 line of the lot. A "front yard" is an open unoccupied space between
115 the front line of the house and the front line of the lot. A "side yard" is
116 an open unoccupied space between the side line of the main part of the
117 house and the side line of the lot and shall be deemed an outer court on
118 the lot line.
119 Words used in the present tense include the future; words in the
120 masculine gender include feminine and neuter; the word "shall" is al-
121 ways mandatory, and denotes that the house shall be maintained in all
respects according to the mandate so long as it continues to be a tenement house; whenever the words "charter", "ordinances", "regulations", "building department", "building inspector", "health department", "board of health", "department charged with the enforcement of this chapter" or "city solicitor" occur in this chapter they shall be construed as if followed by the words "of the city in which the tenement house is situated"; wherever the words "is occupied" are used in this chapter applying to any building, such words shall be construed as if followed by the words "or is intended, arranged or designed to be occupied".

Section 3. Unless otherwise specifically provided therein, sections nine to forty-nine, inclusive, shall apply only to tenement houses erected after the acceptance of this chapter, and sections fifty to fifty-nine, inclusive, only to tenement houses erected prior to such acceptance.

Section 4. This chapter shall be held to provide the minimum requirements adopted for the protection of the health and safety of the community. Nothing in this chapter shall be construed as prohibiting any city from enacting from time to time supplementary ordinances imposing further restrictions, but no city authority shall have power to minimize, avoid or repeal any provision of this chapter.

Section 5. The provisions of this chapter with reference to sewer connection and water supply shall be deemed to apply only where connection with a sewer and with a water main is or becomes practicable. The questions of the practicability of such sewer and water connections shall be decided by the local board of health, or by the department of public health upon request of the local board.

Section 6. The department of public health may examine into the enforcement of the laws relating to tenement houses in any city. Whenever so required by the governor, it shall make such an examination and shall report the result thereof to the governor within the time prescribed by him.

Section 7. In tenement houses erected prior to the acceptance of this chapter by a city, all improvements specifically required thereby shall be made within one year thereafter, or at such earlier time as may be fixed by the building inspector.

Section 8. A building not a tenement house, if converted or altered to such use after the acceptance of this chapter, shall thereupon become subject to all the provisions thereof affecting tenement houses erected thereafter.

Section 9. No tenement house shall at any time be altered so as to be in violation of any provision of this chapter. If any tenement house, whenever erected, or any part thereof is occupied by a number of families in excess of the number specified in this chapter, or is erected or altered or occupied contrary to law, such tenement house shall be deemed an unlawful structure, and the board of health may cause such building to
be vacated; and it shall not again be occupied until it or its occupation, as the case may be, has been made to conform to the law, and a written permit is obtained from the board of health.

NEW BUILDINGS. LIGHT AND VENTILATION.

Section 10. No tenement house of third class construction shall be erected, enlarged or placed with the side walls, bay windows or other projections, except cornices, belt courses and window sills, nearer than five feet to the line of any adjoining lot, nor shall any lot upon which such a tenement house stands be so changed in size as to bring the side walls or bay windows or other projections, except as aforesaid, nearer than five feet to the line of any adjoining lot. But any such tenement house may be constructed to the lot line if protected by a fire wall as provided in section forty-seven.

If the side walls of any tenement house of first or second class construction are built to the lot line there shall be no windows or any other openings in such walls.

Section 11. No tenement house shall have more than one legally habitable story for each full ten feet of the width of the street, unless such house be set back from the street a distance equal to the excess of its height over that permitted at the street line. On a corner lot the height shall be governed by the width of the wider street, as above, but this height shall not extend along the narrower street a distance greater than twice the width of said street.

Section 12. Behind every tenement house there shall be a yard extending across the entire width of the lot and at every point open from the ground to the sky unobstructed, except as hereinafter provided. Every part of such yard shall be directly accessible from every other part thereof. The depth of said yard shall be measured from the extreme rear of the house toward the rear line of the lot. Where the rear of the lot abuts on a public alley or right of way dedicated to public use for the full width of the lot, the depth of the lot may be measured to the middle line of such alley or right of way; where there is no such alley or right of way the measurements shall be taken to the rear lot line. If the tenement house is three stories or less in height the depth of the yard in the case of interior lots shall be not less than fifteen feet, and the depth of the yard in the rear of corner lots shall be not less than ten feet. If the tenement house exceeds three stories in height, the depths above prescribed in the case of interior lots shall be increased five feet and in the case of corner lots shall be increased two feet for each story above three stories. When a lot upon which a tenement house is built is bounded on every side by a street the yard may be omitted.

Section 13. The sizes of all courts shall be proportionate to the height of the building: No court shall be less in any part than the minimum sizes prescribed in this section. The minimum width of a court for a two story building shall be ten feet, and the width shall increase two feet for each additional story. The length of an inner court shall never be less than twice the minimum width prescribed by this section. The length of an outer court shall never be greater than twice its minimum width unless provided at the inner end with an air intake at the
bottom, as prescribed in section fifteen, which shall communicate di-
rectly with the street or yard or front yard. The minimum width for
an outer court on the lot line extending from the street or front yard to
the yard shall be ten feet for a three story building, and the width shall
increase one foot for each additional story.

Section 14. No court shall be covered by a roof or skylight, but every
court shall be at every point open from the ground to the sky
unobstructed.

Section 15. In every tenement house four stories or under in
height, every inner court shall be provided with one or more horizontal
air intakes at the bottom. Such intakes shall communicate directly
with the street, front yard or yard, and shall consist of a fireproof
passageway not less than three feet wide and seven feet high which
shall be left open, or be provided with an openwork gate at each end,
and such gate shall not be covered over in any way either by glass or
any other material. If the tenement house is over four stories in height
there shall be two or more such intakes, one communicating with the
street or front yard and one with the yard.

Section 16. Extensions or offsets to courts are permitted for the
purpose of lighting bathrooms, water closets and corridors only, but
no such extension or offset shall be less than six feet in width in any part;
such depth may be less than but never greater than its width. Such
dimensions shall be deemed the minimum dimensions for a two story
house, and shall increase one foot for each story above two stories.

Section 17. Nothing in the foregoing sections concerning courts
shall be construed as prohibiting the building of walls across the angles
of said courts to contain windows; provided, that the running length of
the wall containing such windows does not exceed six feet.

Section 18. If any building is thereafter placed on the same lot
with a tenement house, whenever erected, there shall always be main-
tained between the said buildings an open unoccupied space extending
upward from the ground and extending across the entire width of the
lot. Except as otherwise provided by special acts, such space shall
never be less than twenty-five feet in depth, and where either building
exceeds three stories in height the depth of such open space shall be in-
creased five feet for each story above three. No building of any kind
shall thereafter be placed upon the same lot with a tenement house,
whenever erected, so as to diminish the minimum size of courts or yards
as hereinbefore prescribed, except that where an alley not less than ten
feet wide abuts on the rear of the lot, a rear building, if not used for
tenement house or stable or manufacturing purposes, may be built up
at the rear line of the lot; provided, that it does not exceed one story in
height and that the space between it and the front building is maintained
as required by this section. If any tenement house is erected upon any
lot upon which there is already another building, it shall comply with
this chapter, and, in addition, the space between the said building and
the said tenement house shall be of such size and arranged in such
manner as is prescribed in this section, the height of the highest building
on the lot to regulate the dimensions.
Section 19. No tenement house shall be erected upon the rear of a lot where there is a building on the front of the said lot, nor upon the front of any such lot upon the rear of which there is a tenement house whenever erected or a stable or building used for manufacturing purposes. This provision shall not apply to tenement houses abutting on six streets and situated on the outside corner of the lot.

Section 20. Every apartment shall have at least one room with a window opening directly upon the street or yard, and every room shall have at least one window opening directly upon the street or upon a yard or court of the dimensions specified in this chapter, except that five kitchenettes, pantries, water closet compartments and bathrooms may have such window opening upon an offset to a court, as provided in section sixteen, and such window shall be so located as properly to light all parts of such rooms.

Section 21. The total area of the windows between stop beads in each room, including kitchenettes, water closet compartments and bathrooms, shall be at least one seventh of the floor area of the room, and the top of at least one window shall be not less than seven feet six inches above the floor, and the upper half of it shall be made so as to open the full width. No such room shall have less than twelve square feet of window area measured between stop beads, except that in kitchenettes, water closet compartments and bathrooms such windows shall be not less than six square feet in area between stop beads.

Section 22. There shall be in each apartment at least one room containing not less than one hundred and fifty square feet of floor area, and every other room, except kitchenettes, water closet compartments and bathrooms, shall contain not less than eighty-four square feet of floor area. All rooms shall be in every part not less than eight feet six inches from the finished floor to the finished ceiling, except that a half story room need be eight feet six inches in height in but one half of its area.

Section 23. An alcove in any room shall be separately lighted and ventilated as provided for rooms in the foregoing sections. No part of any room in a tenement house, whenever erected, shall be enclosed or subdivided at any time, wholly or in part, by a curtain, portiere, fixed or movable partition, or other contrivance or device so as to make an alcove, unless the part of the room so enclosed or subdivided shall contain a separate rate window, as herein required, and shall have a floor area of not less than eighty-four square feet.

Section 24. In each apartment there shall be access to every living room and bedroom, and to at least one water closet compartment without passing through a bedroom or bathroom or water closet compartment.

Section 25. Every public hall and stair hall shall have at each story at least one window opening directly upon the street or upon a yard or court of the dimensions specified in this chapter. Such window in a public hall shall be at the end of the hall with the natural direction of the light parallel to the hall's axis. Any part of a public hall which is in any way shut off from any other part of the hall shall be deemed a separate hall within the meaning of this section.
Section 26. The windows provided to light and ventilate each public hall and stair hall, or part thereof, shall contain not less than twelve square feet clear opening, measured between stop heads. The top of one such window shall be not less than seven feet six inches above the floor, and the upper half thereof shall be made so as to open the full width. A sash door shall be deemed the equivalent of a window in this and the foregoing section; provided, that said door contains a clear opening of the size prescribed for such windows. In every tenement house of three or more stories, whenever erected, there shall be in the roof directly over each stair well a ridge ventilator having a minimum opening of forty square inches and with fixed or movable louvres.

Sanitation.

Section 27. No room in the cellar or basement shall be constructed, altered, converted, or occupied for living purposes, unless, in addition to the other requirements of this chapter, all of the following conditions are complied with: In a cellar no room shall be so occupied unless it is in every part entirely above the finished grade of the adjoining land. Such occupied cellar shall be counted as a story in determining the size of courts and yard. In a basement no room shall be so occupied unless the ceiling in every part is at least four and one half feet above the curb level of the street in front of such room. Every such room shall be an integral part of an apartment containing a room opening directly upon the street or yard. There shall be appurtenant to every such apartment a separate water closet, constructed and arranged as required by section thirty-two. All walls surrounding such room, and the floor thereof, shall be damp proof.

Section 28. The cellar floor and the walls below the ground level shall be damp proof. All cellars and basements shall be properly lighted and ventilated in all their parts to the satisfaction of the board of health.

Section 29. In any tenement house under any part of which there is no cellar, the first story shall be at least two feet above the ground beneath and that adjacent thereto, and the space beneath such floor shall be kept free and clear and shall be enclosed to prevent the accumulation of rubbish, but provided with ample ventilation and adequate drainage.

Section 30. All courts, areas and yards shall be properly graded and drained and, subject to section five, connected with the street sewer. And when necessary in order to keep such premises in a sanitary condition such courts, areas or yards, or such part thereof as the board of health shall order, shall be properly paved.

Section 31. There shall be a proper sink in each apartment.

Section 32. There shall be within each apartment a separate water closet, located in a bathroom or in a separate compartment; provided, that where there are apartments of but one or two rooms there shall be at least one water closet for every two such apartments, and such water closet shall not open into any apartment but shall be accessible through a public hall, and the door thereof shall be provided with lock.
and keys, and such compartment and water closet shall comply in all other respects with this chapter. Said compartment shall not be less than three feet wide, and shall be enclosed with brick, concrete, stone, tiled or plastered partitions which shall extend to the ceiling. No wooden sheathing or wainscoting shall be permitted. Every such compartment shall have a window opening directly upon the street or upon a yard or court of the minimum size prescribed by this chapter. Every water closet compartment thereafter placed in any tenement house, whenever erected, shall be provided with proper means of lighting the same at night. The floor of every such water closet compartment shall be made waterproof with asphalt, tile, stone or some other non-absorbing waterproof material; and such waterproofing shall extend at least six inches above the floor so that the floor can be washed or flushed out without leaking. When the water closet fixture is located in a bathroom the floor directly beneath the fixture and extending at least one foot beyond it in each direction shall be waterproofed as above provided. No drip trays shall be permitted. No water closet fixtures shall be enclosed with woodwork. No water closet shall be placed out of doors nor in the cellar of any tenement house, whenever erected, except as provided in section twenty-seven or as an appurtenance to an engine or boiler room or laundry and then only in case such cellar closet is lighted and ventilated as required in this chapter for a basement room.

Section 33. Plumbing fixtures shall not be enclosed with woodwork. All plumbing pipes shall be exposed, except as may otherwise be permitted by the board of health. Wherever plumbing or other pipes pass through floors or partitions they shall pass through metal bushings or casings extending entirely through the floor or partition, and the inner diameter of such bushing or casing shall in no case exceed the outer diameter of such pipe by more than one thirty-second of one inch, and such bushings or casings shall be so set in floors or partitions as to be externally air tight. All plumbing work shall be sanitary in every particular and except as otherwise specified in this chapter shall be in accordance with the local plumbing regulations. Pan and long hopper closets shall not be used.

Section 34. All sinks and water closets shall be provided with an adequate supply of running water as approved by the board of health.

Section 35. No privy or privy vault shall be permitted on the same lot with any tenement house.

FIRE PROTECTION.

Section 36. No tenement house of third class construction shall be erected exceeding two and one half stories in height in any part, nor shall it be occupied, nor intended, arranged or designed to be occupied, by more than two families. No tenement house of second class construction shall be erected exceeding four stories in height, nor shall it exceed twenty-five hundred square feet in superficial area between fire walls. Any tenement house which exceeds four stories in height shall be of first class construction. A basement or cellar the ceiling of which extends more than three feet above the curb level shall be a story within the meaning of this section.
Section 37. In every tenement house which exceeds two and one half stories in height in any part, there shall be one or more fire escapes located and constructed as provided in this section.

Such fire escape shall be so located as to permit of unobstructed egress from every apartment on each floor above the ground floor, and in no case shall such egress be through any bathroom, water closet, storage room or public hall, nor shall any opening giving egress to any fire escape be smaller in size than the minimum provided for windows by section twenty-six.

No fire escape shall be placed within or open upon any inner court unless such court measures at least twenty-four feet in its least dimension, and unless the consent of the building department shall have been obtained for such location.

Fire escapes shall, at the option of the owner, be constructed after one of the methods hereinafter specified and described, to wit:

A. A wholly enclosed tower stairway, with an adjacent open air vestibule at each floor. Every such vestibule shall be constructed with brick, terra cotta or concrete walls not less than eight inches thick at any point, and shall have at least one of such enclosing walls formed by an outer wall of the building, and in such outer wall there shall be a permanent opening to the outer air, of an area not less than eighty per cent of the total area of such vestibule wall, and of a height not less than the clear story height. Such opening, if reaching to the floor of the vestibule, shall be provided with a railing of suitable height and strength. The floors of vestibules shall be constructed wholly of incombustible material.

If one apartment on each floor is to be served by this fire escape then one side wall (i.e., a wall at right angles to the outer wall) of each vestibule shall have an approved fire door giving egress from the adjacent apartment; or, if two apartments on any floor are to be served by this fire escape, the vestibule at such floor must be so located as to provide unobstructed egress from each apartment by means of an approved fire door in each side wall of the vestibule. Such fire doors shall be not less than three feet in clear width nor less than six feet and six inches in clear minimum height, and shall not be secured or fastened except upon the apartment side, and then only by means of locking bars or other easily operated device having no removable parts. If there are openings from basement or cellar floors into the vestibule they shall be provided with self-closing fire doors and there shall be a permanent opening in the outer wall, all as hereinbefore described.

On the side of each vestibule opposite the opening to the outer air shall be constructed an approved fire door giving access to the stairway tower. Every such door shall be of the size hereinbefore described, of self-closing pattern but without locks or other fastenings, and shall contain an upper lighting panel of wire glass at least six feet in area. There shall be no openings into such a vestibule other than those hereinbefore described.

The stairway tower shall be not less than six feet six inches in clear width, and shall be constructed with walls of brick, terra cotta, or concrete not less than eight inches thick at any point. Such walls shall extend from the ground to a point not less than two feet above the roof, and shall be so constructed as to be impervious to smoke. There shall be no doorways or other openings of any kind in such walls except the doorways connecting with the above described vestibules, and excepting an egress doorway opening at the ground level, such egress door to open
Within the stairway tower shall be provided a stairway with a landing at the level of each doorway, each landing to extend the full width of the shaft and to be at least six inches wider in clear width than the door opening thereon. Stairs and such intermediate landings as may be required shall be not less than three feet in width measured to the centre of balustrades, and shall be provided with balustrades and wall rails.

Stairs shall be placed at an angle not exceeding forty-five degrees from the horizontal; treads to be not less than eight inches wide, and risers not to exceed nine inches in height. Winders shall not be permitted, nor shall there be less than three steps between any two landings. All such stairways, landings and balustrades shall be of incombustible material, except that wooden hand rails and wall rails may be used.

Every such shaft shall be roofed and provided with a skylight not less than sixteen square feet in area, glazed with wire glass one fourth inch or more in thickness set in metal frame and sash, and shall also have placed centrally in such skylight a suitable ventilator of not less than two hundred and twenty-five square inches area.

The above described type of fire escape may at the option of the owner be used as a regular service stairway.

B. An enclosed tower stairway, similar to the above, except that access to the same shall be provided by means of an outside balcony in each story above the ground floor, instead of by means of the vestibules hereinbefore described. Such balconies shall be constructed wholly of incombustible material, shall be provided with well braced balustrades of proper height on outer side and ends, and shall extend beyond at least one door or window opening into each adjacent apartment. All doors opening into the stairway tower shall be as described for type "A" fire escape.

C. An outside balcony or balconies at each floor above the first floor. Such balconies shall be constructed wholly of incombustible material approved by the building department. They shall be not less than two feet in width at any point, and shall be provided with suitable balustrades and hand rails on outer sides and ends.

Each balcony shall communicate with the balcony next below by permanent stairways placed at an angle of not more than forty-five degrees from the horizontal, treads shall not be less than eight inches wide nor shall risers exceed nine inches in height, and each stairway shall be provided with balustrades and hand rails and shall measure in width not less than twenty-four inches measured from centres of hand rails.

A counterbalanced stairway shall be provided extending from the lowest balcony to the ground, arranged to be lifted and supported when not in use in a manner satisfactory to and approved by the building inspector.

All such balconies shall extend to and include at least one floor or window in every apartment on every floor above the ground floor, exclusive of windows in bathrooms, water closets, storage rooms or public halls.

Floors of all balconies required by this chapter and treads of stairs appurtenant to balconies and fire escapes shall be constructed of grating pattern, and shall have the bars separated by a clear space of not over one inch, and shall be so constructed as safely to sustain a live load of not
less than seventy pounds to the square foot of floor area. Balconies, 109
unless it is otherwise provided by existing building laws or regulations, 110
may project into the public highway for a distance not greater than four 111
feet beyond the established building line. In case of tenements with flat 112
roof, the balconies on the upper floors shall, if required by the building 113
department, be provided with stairs or a gooseneck ladder leading from 114
such balcony to the roof and securely fastened thereto.

All balustrades in this section shall have vertical bars placed not more 116
than six inches on centres.

All balconies forming part of or constituting fire escapes, and all appur- 118
tenances thereof, shall be subject to such supplementary regulations as
are in force or as may hereafter be adopted by any city or by the building
department thereof.

All doors opening upon fire escape balconies within six feet of the stair- 121
ways shall be of self-closing fire resisting pattern.

All windows opening upon fire escape balconies within six feet of the 123
stairways shall be self-closing of wire glass set in metal frames and sash.

SECTION 38. Every tenement house exceeding two and one half 1
stories in height and having a flat roof shall have in the roof a bulkhead 2
or scuttle not less than two feet by three feet in size. Such bulkhead or 3
scuttle shall be covered with metal on the outside and shall be provided
with stairs leading thereto and easily accessible to all tenants of the
building. No bulkhead or scuttle shall be located in a closet or room, but
shall be placed in the ceiling of the public hall on the top floor, and access
through the same to the roof shall be direct and uninterrupted.

SECTION 39. In every tenement house there shall be at least one 1
flight of stairs extending from the entrance floor to the top story. In
every tenement house of third class construction there shall be at least
two independent flights of stairs with separate entrances leading from the
entrance floor to the top story, said flights of stairs being at two points
as far apart as is possible in the opinion of the building department, and
one of said flights of stairs may consist of outside, open stairs and bal- 6
conies. In all cases said stairs shall be directly accessible from each
apartment, without passing through any other apartment. All stairs
and balconies and all public halls shall be at least three feet six inches
wide in the clear. All stairs shall be constructed with a rise of not more
than eight inches and with treads not less than nine inches wide. 12
Winders shall not be permitted in any staircase.

SECTION 40. In every tenement house of second class construction
exceeding two and one half stories in height the stairs and stair halls
shall be constructed of incombustible material throughout, except that
treads may be of hard wood not less than one and three quarters inches
thick. Wooden hand rails shall be permitted. The floors of all such stair
halls shall be constructed of incombustible material, and no wooden
flooring or sleepers shall be permitted. All such stairs and stair halls
shall be enclosed on all sides with brick, terra cotta or concrete walls
not less than eight inches thick. There shall be no transom or sash
opening from any such stair hall to any other part of the house. Each
stair hall shall be shut off from all non-fireproof parts of the building,
on each story, by self-closing fire doors, and if glass is used in such doors
it shall be of wire glass in metal frames and sash.
1 Section 41. Every entrance hall shall be at least four feet wide in clear.
1913, 786, § 40.

1 Section 42. All shafts shall be constructed of incombustible materials throughout, with self-closing fire doors at all openings at each story; and, if they extend to the cellar, shall also be enclosed in the cellar with incombustible walls and self-closing fire doors at all openings. In no case shall any shaft be constructed of materials in which any flammable material or substance enters into any of the component parts. But nothing in this section shall be so construed as to require such enclosures about elevators or dumb-waiters in the well hole of stairs where the stairs themselves are enclosed in brick or stone walls, and are entirely constructed of incombustible materials as provided in this chapter.

1 Section 43. In every tenement house of second class construction the cellar ceiling and the ceiling and side walls of the cellar stairs shall be plastered on metal lath, and the stairs shall be provided at the top with a self-closing fire door.

1 Section 44. No closet of any kind shall be constructed under any staircase leading from the first story to the upper stories.
1913, 786, § 42.

1 Section 45. There shall be an entrance to the cellar or other lowest story from the outside of the building.
1913, 786, § 44.

1 Section 46. Whenever the plaster finish about any chimney is carried on furring, the furring strips shall be of metal, and only metal lathing shall be used. All recesses about funnel holes shall be finished wholly with incombustible material at sides, top and bottom.

1 Section 47. Where non-fireproof tenement houses are built in the form of double houses or terraces or attached or semi-attached rows, there shall be a fire wall of brick, concrete or terra cotta or other hard incombustible material approved by the inspector of buildings, separating every such house from each adjoining house, and such wall shall have six openings therein, and shall extend from the floor of the basement or cellar to not less than one foot above the roof, and out to the boarding of the walls. No wooden beams shall be carried through the fire walls.

1 Section 48. Roofs in all parts and the sides of all dormer windows shall be covered with fire resisting material satisfactory to the building inspector.
1913, 786, § 47.

1 Section 49. In no wooden tenement house shall any story or part thereof above the second story be rented, leased, let or hired out to be occupied for housekeeping, nor shall it be intended, arranged or designed to be occupied for housekeeping, nor shall any provision be made for cooking, nor shall any cooking be done above the second story.
1913, 786, § 48.
IMPROVEMENTS IN OLD BUILDINGS.

Section 50. No room or alcove shall thereafter be occupied for living purposes unless it shall have a window with an area of not less than ten square feet between stop beads opening directly upon the street, or upon a yard not less than ten feet deep, or above the roof of an adjoining building, or upon a court of not less than thirty square feet in area, open to the sky without roof or skylight.

Section 51. Public halls and stairs shall be provided with sufficient light to permit the reading of twelve point type in the daytime in any part thereof. Light and ventilation in such halls shall be from the outer air, except when in the opinion of the building inspector it is impracticable, in which case the lighting and ventilation shall be such as to meet the approval of the board of health.

All new skylights thereafter placed in a tenement house shall be provided with ridge ventilators having a minimum opening of forty square inches, and also with either fixed or movable louvres, or with movable sashes, and shall be of such size as may be determined to be practicable by the building inspector.

Section 52. Woodwork enclosing sinks placed in the public halls or stairs shall be removed and the spaces underneath shall be left open. The floors and wall surfaces beneath and around the sink shall be put in good order and repairs, and if of wood shall be well painted with light colored paint.

Section 53. Woodwork enclosing every water closet fixture shall be removed, and the space underneath the seat shall be left open. The floor and other surfaces beneath and around the closet shall be put in good order and repair, and if of wood shall be well painted with light colored paint.

Section 54. Where a connection with a sewer is possible, all cesspools, school sinks, privy vaults or other similar receptacles used to receive fecal matter, urine or sewage shall within one year thereafter be completely removed and the places where they were located properly disinfected under the direction of the board of health. Such appliances shall be replaced by individual water closets of durable non-absorbent material, properly sewer connected, with individual traps and properly connected flush tanks providing an ample flush of water thoroughly to cleanse the bowl. Each water closet shall be located inside the tenement house in a compartment completely separated from every other water closet, and such compartment shall contain a window of not less than three square feet in area opening directly upon the street or yard, or on a court of which the least dimension is not less than three feet and the area not less than fifteen square feet. The floors of the water closet compartment shall be waterproof, as provided in section thirty-two. There shall be provided at least one water closet for each apartment unless, in the opinion of the building inspector, this shall be impracticable; but in no case shall there be less than one water closet for every two apartments. Such water closets and all plumbing in connection therewith shall be sanitary in every respect, and, except as in this section
21 otherwise provided, shall be in accordance with the laws, ordinances and
22 regulations in relation to plumbing and drainage. Pan and long hopper
23 closets shall not be permitted.

1 Section 55. Any part of a floor or wall below the adjoining grade,
2 and in any case the lowest floor, shall be damp proof, and, when neces-
3 sary, shall be concreted with a finished surface. The cellar ceiling shall
4 be plastered when so required by the building inspector, except where
5 such ceiling is already well covered with a metal ceiling or where the
6 first floor above the cellar is constructed of iron beams and fireproof
7 filling.

1 Section 56. At the bottom of every shaft and court there shall be
2 a door giving sufficient access to such shaft or court to enable it to be
3 properly cleaned out; provided, that where there is already a window
4 giving proper access to such shaft or court, such window shall be deemed
5 sufficient.

1 Section 57. All non-fireproof tenement houses which are three or
2 more stories in height and do not have fireproof stairs and stair halls or
3 adequate fire escapes as required by this chapter, except those of three
4 stories which have two independent means of egress not directly con-
5 nected with each other, approved in writing by the building inspector,
6 and directly accessible to each apartment, shall be provided either with
7 combustible outside stairways or with incombustible fire escapes
8 directly accessible to each apartment without passing through a public
9 hall.
10 All fire escapes thereafter erected shall be located and constructed as
11 prescribed in section thirty-seven.
12 No existing fire escape shall be deemed adequate unless the following
13 conditions are complied with:
14 (1) Each apartment above the ground floor shall have a fire escape
15 balcony directly accessible to it. All balconies shall be capable of sus-
16 taining a live load of seventy pounds per square foot.
17 (2) Each balcony shall be properly connected with one other balcony
18 by adequate stairs or stationary ladders with openings not less than
19 twenty-four by thirty-six inches, unless such balconies connect adjoining
20 houses or adjoining parts of the same house separated from each other
21 by a fire wall in which there are no openings except such as are protected
22 by self-closing fire doors.
23 (3) All fire escapes shall have proper ladders from the lowest balcony
24 of sufficient length to reach a safe landing place beneath.
25 (4) All fire escapes not on the street shall have a safe and adequate
26 means of egress from the yard or court to the street or to adjoining
27 premises.
28 (5) Prompt and ready access shall be had to all fire escapes, which
29 shall not be obstructed in any way.
30 No existing fire escape shall be extended or have its location changed
31 except with the written approval of the inspector of buildings.

1 Section 58. Whenever a tenement house is not provided with
2 sufficient fire escapes or with sufficient means of egress in case of fire, 1913, 786, § 57.
3 the building inspector shall order such additional fire escapes and other
4 means of egress as may be necessary.
ALTERATIONS OF OLD BUILDINGS.

Section 59. No tenement house shall at any time be so altered as to be in violation of the requirements of sections ten to forty-nine, inclusive, except as hereinafter provided:

(1) Any additional room or hall that is thereafter constructed or created in a tenement house shall comply in all respects with said sections, except that such rooms may be of the same height as the other rooms in the same story of the house.

(2) All shafts shall be constructed fireproof throughout; with fireproof self-closing doors at all openings, at each story; and, if they extend to the cellar, shall also be enclosed in the cellar with fireproof walls and fireproof self-closing doors at all openings. In no case shall any shaft be constructed of materials in which any inflammable material or substance enters into any of the component parts. But nothing in this section shall be so construed as to require such enclosures about elevators or dumb-waiters in the well hole of stairs where the stairs themselves are enclosed in brick or stone walls, and are entirely constructed of fireproof materials as provided in this chapter.

(3) No tenement house of third class construction containing more than two apartments shall thereafter be enlarged or extended; except that a wooden extension not exceeding in total area seventy square feet may be added to an existing wooden tenement house, provided that such extension is used solely for bathrooms or water closets.

MAINTENANCE AND USE.

Section 60. In every tenement house where the public halls and stairs are not, in the opinion of the board of health, sufficiently lighted, the owner of the house shall keep a proper light burning in the hallway, near the stairs, upon each floor, as may be necessary, from sunrise to sunset.

Section 61. In every tenement house occupied by more than two families a proper light shall be kept burning by the owner in the public hallways, near the stairs, upon the entrance floor, and upon the second floor above the entrance floor of the house, every night from sunset to sunrise throughout the year, and upon all other floors of the said house from sunset until ten o’clock in the evening.

Section 62. No water closet shall be permitted in the cellar of any tenement house, except as provided in sections twenty-seven and thirty-two.

Section 63. In every existing tenement house, there shall be provided at least one water closet for every two apartments.

Section 64. In existing tenement houses no room in the cellar shall thereafter be occupied for living purposes except as provided in section twenty-seven. And no room in the basement of such houses shall be so occupied unless all the following conditions are complied with: Every such room shall be at least eight feet high in every part from the floor to the ceiling, and the ceiling in every part shall be at least four and one
7 half feet above the curb level of the street or the level of the yard or
court in front of such room. There shall be appurtenant to every such
room the use of a water closet. Every such room shall have a window
opening, as provided in section fifty, of at least twelve square feet in size
clear of the sash frame, which shall open readily for purposes of ventila-
tion. The lowest floor shall be waterproof and damp proof. Every such
room shall have sufficient light and ventilation, shall be well drained and
dry, and shall be fit for human habitation.

1 Section 65. In all tenement houses the floor or other surface be-
nath and around water closets and sinks shall be maintained in good
order and repair, and if of wood shall be kept well painted with light
colored paint.

1 Section 66. Every tenement house and all the parts thereof shall be
kept in good repair, and the roof shall be kept so as not to leak, and all
rain water shall so be drained and conveyed therefrom as to prevent
dampness in the walls, ceilings, yards or areas.

1 Section 67. Every tenement house shall have water furnished in
sufficient quantity at one or more places in each apartment. The owner
shall provide proper and suitable tanks, pumps or other appliances to
receive and distribute an adequate and sufficient supply of water at each
apartment in the said house at all times of the year during all hours of
the day and night. But a failure in the general supply of water furnished
by the city authorities or from the freezing or bursting of pipes shall not
be construed to be a failure on the part of such owner, provided that
proper and suitable appliances to receive and distribute water have been
provided in the said house.

1 Section 68. The owner of every tenement house shall cause every
part thereof to be kept clean and free from any accumulation of dirt,
filth and garbage or other refuse matter in or on the same, or in the
cellars, halls, passages, rooms, areas, yards, courts, and spaces appurte-
nant thereto. The owner shall thoroughly cleanse every part of a tene-
ment house whenever ordered so to do by the board of health.

1 Section 69. The walls of all courts, except those opening on a
street, unless built of a light colored brick or stone, shall be thoroughly
whitened by the owner, or shall be painted a light color by him, and
shall so be maintained. Such whitening or paint shall be renewed when-
ever necessary as may be required by the board of health.

1 Section 70. In all tenement houses the board of health may re-
quire the walls and ceilings of every room that does not open directly
on the street to be whitened or painted with white paint when necessary
to improve the lighting of such room, and may require this to be re-
newed as often as may be necessary.

1 Section 71. No wall paper shall be placed upon the wall or ceiling
of any tenement house unless the wall or ceiling has been thoroughly
cleaned.
Section 72. The owner of every tenement house shall provide and maintain therefor suitable covered water tight receptacles for ashes, rubbish, garbage, refuse and other like matter.

Section 73. No swine shall be kept in a tenement house, or on the same lot therewith. No horse, cow, calf, sheep, goat or fowl shall be kept in a tenement house or on the same lot therewith within twenty-five feet of the tenement house. No tenement house, or the lot upon which it is situated, shall be used for the storage or handling of rags, nor as a place of public assemblage.

Section 74. No tenement house, and no part thereof, or of the lot upon which it is situated, shall be used as a place of storage, keeping or handling of any article dangerous or detrimental to life or health, nor for the storage, keeping or handling of feed, hay, straw, excelsior, cotton, paper stock, feathers, rags or other easily combustible articles.

Section 75. No bakery or place of business in which fat is boiled shall be maintained in any tenement house.

Section 76. There shall be no transom, window or door opening into a hall from any part of a tenement house where paint, oil, spirituous liquors or drugs are stored for the purpose of sale or otherwise.

Section 77. In any tenement house in which the owner thereof does not reside, there shall be a janitor, housekeeper or other responsible person who shall have charge of the same if the board of health shall so require.

Section 78. If a room in a tenement house is overcrowded, the board of health may order the number of persons sleeping or living in said room to be so reduced that there shall not be less than four hundred cubic feet of air to each adult, and three hundred cubic feet of air to each child under twelve occupying the room.

Section 79. No tenement house or part thereof, shall be used for the letting of lodgings unless the person letting the same shall first file a notice in writing of the proposed letting in the office of the board of health, nor shall any person not a member of the family be taken to live within an apartment occupied by any family without such written notice. The owner shall see that this section is at all times complied with, and a failure so to comply on the part of any tenant, after due and proper notice from the owner, shall be deemed sufficient cause for the summary eviction of such tenant and the cancellation of his lease.

Section 80. Whenever any tenement house or building, structure, excavation, business pursuit, matter or thing, in or about a tenement house, or the lot on which it is situated, or the plumbing, sewerage, drainage, light or ventilation thereof, is, in the opinion of the board of health, in a condition or in effect dangerous or detrimental to life or health, the board may declare that the same, to the extent which it may specify, is a public nuisance, and may order the same to be removed, abated, suspended, altered or otherwise improved or purified, as the order shall specify. The board may also order or cause any tenement
10 house or part thereof, or any excavation, building, structure, sewer, 
11 plumbing, pipe, passage, premises, ground, matter or thing, in or about 
12 a tenement house, or the lot on which it is situated, to be purified, 
13 cleansed, disinfected, removed, altered, repaired or improved. If any 
14 order of the board is not complied with, within ten days after the service 
15 thereof, or within such longer or shorter time as the board may designate, 
16 then such order may be executed by said board through its officers, 
17 agents, employees or contractors.

1 Section 81. Whenever it shall be certified by an inspector or officer 
2 or agent of the board of health that a tenement house, or any part thereof, 
3 is infected with contagious disease, or that it is unfit for human habita- 
4 tion, or dangerous to life or health by reason of want of repair, or of 
5 defects in the drainage, plumbing, ventilation or the construction of the 
6 same, or by reason of the existence on the premises of a nuisance likely 
7 to cause sickness among the occupants of said house, the board may 
8 issue an order requiring all persons therein to vacate such house, or part 
9 thereof, within not less than twenty-four hours nor more than ten days, 
10 for the reasons to be mentioned in said order. In case such order is not 
11 complied with within the time specified, the board may cause said tene- 
12 ment house or part thereof to be vacated. The board, whenever it is 
13 satisfied that the danger from said house or part thereof has ceased to 
14 exist, or that it is fit for human habitation, may revoke said order, or 
15 may extend the time within which to comply with the same.

1 Section 82. The owner of every tenement house shall keep all fire 
2 escapes thereon in good order and repair, and whenever they become 
3 rusty shall have them properly painted with two coats of paint. No 
4 person shall at any time place any encumbrance of any kind before or 
5 upon any such fire escape.

1 Section 83. All scuttles and bulkheads, and all stairs or ladders 
2 leading thereto, shall be easily accessible to all tenants of the building, 
3 and kept free from encumbrance, and ready for use at all times. No 
4 scuttle or bulkhead door shall at any time be locked with a key, but 
5 either may be fastened on the inside by movable bolts or hooks.

REQUIREMENTS AND REMEDIES.

1 Section 84. In a city which accepts this chapter, or has accepted 
2 corresponding provisions of earlier laws, and in which the office of build- 
3 ing inspector or a similar office does not exist, the mayor shall annually 
4 appoint an inspector of buildings.

1 Section 85. Before the construction or alteration of a tenement 
2 house, or the alteration or conversion of a building for use as a tenement 
3 house, is begun, and before the construction or alteration of any building 
4 or structure on the same lot with a tenement house, the owner shall sub- 
5 mit to the building inspector a detailed statement in writing, verified by 
6 the affidavit of the person making the same, of the specifications for such 
7 tenement house or building, upon blanks or forms to be furnished by 
8 such inspector, and also full and complete copies of the plans of the work, 
9 together with a plan of the lot on which the same is or is to be situated, 
10 showing the location, character and size of all buildings thereon, and the
TENEMENT HOUSES IN CITIES. [CHAP. 144.

exact dimensions of said lot together with its description by metes and bounds. The said statement shall give in full the name and residence, by street and number, of the owner of the tenement house or other building. If such construction, alteration or conversion is proposed to be made by any other person than the owner of the land in fee, the statement shall contain the full name and residence, by street and number, not only of the owner of the land, but of every person interested in the tenement house, either as owner, lessee or in any representative capacity. The affidavit shall allege that said specifications and plans are true and contain a correct description of such tenement house or other building, structure, lot and proposed work. The statements and affidavit herein provided for may be made by the owner, or by the person who proposes to make the construction, alteration or conversion, or by his agent. No person shall be recognized as the agent of the owner, unless he shall file with the building inspector a written instrument, signed by the owner, designating him as such agent. Any false swearing in a material point in any such affidavit shall be deemed perjury. The said specifications, plans and statements shall be filed in the office of the building inspector and shall be public records, and no such specifications, plans or statements shall be removed from the said office. The building inspector shall cause all such plans and specifications to be examined.

If such plans and specifications conform to the provisions of law they shall be approved in writing by the building inspector, and he may from time to time approve changes in any plans and specifications, provided that the plans and specifications so altered are in conformity with law, but the building inspector shall not approve any plans or specifications or any changes in the same until the board of health has certified that the said plans and specifications conform to the law relative to light, ventilation and sanitation. The construction, alteration or conversion of such tenement house, building or structure or any part thereof, shall not be begun until the filing of the said specifications, plans and statements, and the approval thereof, as above provided. The construction, alteration or conversion of any such house, building or structure, shall be in accordance with the said approved specifications and plans. Any permit or approval which may be issued by the building inspector but under which no work has been done above the foundation walls within one year after the issuance of the permit or approval, shall expire by limitation. Said inspector may revoke or cancel any permit or approval in case of any failure or neglect to comply with any provision of this chapter, or in case any false statement or representation was made in any specifications, plans or statements submitted or filed for such permit or approval.

SECTION 86. No building thereafter constructed as or altered into a tenement house shall be occupied in whole or in part for human habitation until the building conforms in all respects to the requirements of law. Upon notice of the completion of the construction, alteration or conversion of a tenement house, the building inspector and the board of health shall inspect the building forthwith and it shall not be occupied as a place of habitation unless it conforms to the requirements of this chapter.

SECTION 87. Any court having jurisdiction in equity, or any justice thereof may upon the application of the city solicitor, building inspector or the board of health of any city, restrain the construction, alteration,
4 repair, maintenance, use, or occupation of a building or other structure
5 in violation of this chapter and order its removal or abatement as a
6 nuisance, and compel compliance with any provision of this chapter.

1 Section 88. A building or other structure which is erected, altered,
2 maintained or used in violation of this chapter shall be deemed a com-
3 mon nuisance without other proof thereof than proof of such unlawful
4 construction, maintenance or use, and the board of health may, if such
5 violation is of any section of this chapter relative to light, ventilation or
6 sanitation, and the building inspector may, if said violation is of any
7 other provision of this chapter, order the owner of said premises at his
8 own expense to abate or remove said nuisance within twenty-four hours,
9 or within such further time as said board of health or said building in-
10 spector, as the case may be, considers reasonable, after notice to be served
11 in the manner provided in section ninety-five, and if the owner or occu-
12 pant fails to comply with such order, the board may abate or remove the
13 nuisance, and all expenses incurred thereby shall be paid by the person
14 who caused or permitted the same.

1 Section 89. Whoever violates any provision of this chapter shall
2 be punished by a fine of not less than ten dollars. Any person who
3 violates any provision of this chapter, after he has been served with
4 a notice or order as provided by section ninety-five, or who fails to comply
5 with such notice or order within ten days after such service, or continues
6 to violate any provision or requirement of this chapter in the respect
7 named in such notice or order, shall in addition be punished by a fine of
8 not less than five nor more than twenty dollars for each day after the
9 first day during which the violation continues.

1 Section 90. Any person, the value of whose property may be affected
2 by any action of the board of health or of the building inspector, may
3 have the action of said board or inspector reviewed by the superior court
4 by any appropriate process; provided, that proceedings are instituted
5 within twenty days after such action.

1 Section 91. Any person having any duty to perform under this
2 chapter in regard to any building or premises may, if it be necessary for
3 the performance of such duty, enter the same.

1 Section 92. Every fine imposed by judgment under section eighty-
2 nine of this chapter or section fifty-four of chapter one hundred and
3 forty-five upon a tenement house owner shall be a lien upon the house
4 in relation to which the fine is imposed from the time of the filing of a
5 certified copy of the judgment in the office of the register of deeds for
6 the county or district where the tenement house is situated, subject only
7 to taxes, assessments and water rates and other existing lawful encum-
8 brances, and the board of health and the building inspector, upon the
9 entry of said judgment, shall forthwith file the copy aforesaid, and
10 the copy, upon such filing, shall forthwith be properly indexed by the
11 register of deeds.

1 Section 93. In any action or proceeding instituted by the officer
2 or department charged with the enforcement of this chapter, the plain-
3 tiff or petitioner may file in the office of the register of deeds for the

Section 94. Every owner of a tenement house and every lessee of the whole house, or other person having control of a tenement house, shall file with the board of health a notice containing his name and address, and also a description of the property, by street and number or otherwise, as the case may be, in such manner as will enable the said board easily to find the same; and also the number of rooms in each apartment, and the number of families occupying the apartments.

When the owner or agent is not a resident of the city the notice shall contain the name and address of some agent residing within the city for the purpose of receiving service of process, and notice to and service of process upon such agent shall bind the principal. Blanks for the said registration shall be provided by the board of health.

Section 95. Unless otherwise provided in this chapter, every notice or order in relation to a tenement house shall be served ten days before the time for doing the thing in relation to which it is issued. The service of a notice or order as aforesaid shall be made by the delivery of an attested copy in hand to the owner or his agent, or by leaving an attested copy at the last or usual place of abode of the owner or agent, or, if the owner is a non-resident and has no agent duly appointed, it shall be placed in a conspicuous place in said tenement house and a copy thereof mailed by a registered letter, on the same day on which it is posted, to the owner or his agent at his residence.

Section 96. In any action brought by any city official in relation to a tenement house for injunction, vacating of the premises or other abatement of nuisance, or to establish a lien thereon, service of process shall be in the manner provided in the preceding section, except that the service of process shall be made only by a sheriff or one of his deputies or by a constable.

Section 97. The names and addresses filed in accordance with section ninety-four shall be indexed by the board of health in such a manner that all those filed in relation to each tenement house shall be together, and readily ascertainable. The board of health shall provide the necessary books and clerical assistance for that purpose, and the expense thereof shall be paid by the city. GENERAL PROVISIONS.

1 SECTION 1. This chapter shall apply to all towns which accept it or have accepted corresponding provisions of earlier laws by vote of the town at a town meeting.

2 SECTION 2. The following words used in this chapter shall have the following meanings:
“Acceptance of this chapter” shall include the acceptance of corresponding provisions of earlier laws.

“Basement”, a story partly but not more than one half below the level of the adjacent ground.

“Cellar”, a story more than one half below the level of the adjacent ground.

“Corner lot”, a lot situated at the junction of two streets, each not less than twenty feet in width. Any part of the width of such lot distant more than seventy feet from such junction shall not be regarded as part of a corner lot, but shall be subject to the provisions of this chapter respecting interior lots.

"Board", the board of boiler rules appointed under section ten of chapter twenty-two.

"Chief", the chief of inspections of the department of public safety.

"Commissioner", the commissioner of public safety.

"Department", the department of public safety.

"Division", the division of inspection of the department of public safety.

DUTIES OF BOARD OF BOILER RULES.

Section 2. The board shall formulate rules for the construction, installation and inspection of steam boilers, and for ascertaining the safe working pressure to be carried therein; prescribe tests, if it deems it necessary, to ascertain the qualities of materials used in the construction of boilers; formulate rules regulating the construction and sizes of safety valves for boilers of different sizes and pressures, the construction, use and location of fusible safety plugs, appliances for indicating the pressure of steam and the level of water in the boiler, and such other appliances as the board may deem necessary to safety in operating steam boilers; and make a standard form of certificate of inspection. The attorney general shall assist the board in framing the rules. Such rules shall be submitted to the governor and council for their approval, and when approved shall have the force of law, and shall be printed and furnished by the commissioner to those requesting them.

Section 3. The board shall hold public hearings annually on the first Thursday in May and November, and at such other times as it may determine, on petitions for changes in the rules formulated by it. If, after any such hearing, it shall deem it advisable to make changes in said rules, it shall appoint a day for a further hearing, and shall give notice.

10 hearing shall be given and held before the adoption thereof.

1 Section 4. Changes in the rules which affect the construction of
2 new boilers shall take effect six months after the approval of the same
3 by the governor and council: provided, that the board may, upon request,
4 permit the application of such change in rules to boilers manufactured
5 or installed during said six months. When a person desires to manufac-
6 ture a special type of boiler the design of which is not covered by the
7 rules formulated by the board, he shall submit drawings and specifi-
8 cations of such boiler to said board, which, if it approves, shall permit the
9 9 construction thereof.

INSPECTION OF BOILERS.

3 commonwealth for temporary use in times of emergency, nor to boilers
4 used in private residences, nor to those used solely for heating public
5 buildings or apartment houses which carry pressures not exceeding fifteen
6 pounds to the square inch and have less than four square feet of grate
7 surface, nor to boilers of not more than three horse power. The said
8 section shall not apply to boilers under the jurisdiction of the United
9 States nor to those used exclusively for horticultural or agricultural
10 purposes.

2 boiler required by this chapter to be inspected until it has been inspected,
3 and the certificate of inspection required by section twenty-three or
4 twenty-five has been issued and so placed in the engine or boiler room of
5 the plant as to be easily read, or in the case of a portable boiler kept with
6 it and always accessible.

[Penalty, § 33.]
Section 10. Whoever owns, or uses or causes to be used, any such boiler, unless the same is under the periodically guaranteed inspection of an insurance company authorized to insure boilers in the commonwealth, shall report in writing to the chief the location of such boiler, before the work of installation of such boiler is completed, and annually thereafter; provided, that the owner or user of an insured boiler shall report immediately in writing to the chief whenever the insurance company ceases for any cause to inspect the boiler.

Section 11. All such boilers shall be inspected externally at least once each year when in operation, and the inspector shall observe the pressure of steam carried and the general condition of each boiler, and ascertain if the safety valve and the appliances for indicating the pressure of steam and level of the water in the boiler are in proper working order.

Section 12. No person shall remove or tamper with any safety appliance prescribed by the board nor load the safety valve to a greater pressure than that allowed by the certificate of inspection.

Section 13. The inspection of boilers and appurtenances shall be made by the division, under the supervision of the chief, or by inspectors of insurance companies authorized to insure steam boilers in the commonwealth.

Section 14. Every insurance company authorized to insure steam boilers in the commonwealth shall have in its employ at least one inspector who holds a certificate of competency under section sixty-two and resides in the commonwealth. When an inspector holding such a certificate ceases to be employed by an insurance company, it shall notify the commissioner, giving the reasons therefor.

Section 15. No person shall act as an inspector of boilers for an insurance company unless he holds a certificate of competency under section sixty-two.

Section 16. Any insurance company which issues a certificate of inspection signed by an inspector who does not hold a certificate of competency may have its authority to insure steam boilers revoked by the commissioner of insurance.

Section 17. The inspectors of the division shall make reports of all inspections and shall make such recommendations to the chief as they may deem expedient.

Section 18. Every insurance company shall forward to the chief, within fourteen days after each inspection, reports of all boilers inspected.
3 by it. Such reports shall be made on blanks furnished by the chief, and
4 shall contain all orders made by the company regarding such boilers.

[Penalty, § 33.]

1 SECTION 19. Every insurance company shall report immediately to
2 the chief the name of the owner or user and the location of every boiler
3 required by this chapter to be inspected, upon which they have cancelled
4 or refused insurance, giving the reasons therefor.

[Penalty, § 33.]

1 SECTION 20. Boilers and their appurtenances used exclusively for
2 heating purposes, which are not required by this chapter to be inspected,
3 shall be provided with such safety appliances as shall be prescribed by
4 the board, and the division shall inspect such boilers upon application
5 of the owner.

1 SECTION 21. The owner or user of a boiler required by this chapter
2 to be inspected shall prepare the boiler for inspection as directed by the
3 inspector. The inspector shall, if requested, give the owner or user at
4 least fourteen days' notice to prepare a boiler for inspection; provided,
5 that no notice shall be required of an external inspection under steam,
6 nor if the boiler is being installed or has not been inspected within one
7 year and a certificate of inspection issued. If, in the judgment of an
8 inspector of the division, any such boiler or its appurtenances is in a
9 defective or dangerous condition, he may immediately forbid the operat-
10 ion of the boiler, whether or not it is under the inspection of an insurance
11 company; and no person shall again operate such boiler, or cause it to
12 be operated, until a certificate of inspection has been issued by an inspec-
13 tor of the division.

1 SECTION 22. The owner or user of a boiler inspected by the division
2 shall pay to the commissioner ten dollars for each boiler internally
3 and externally inspected, and two dollars for each visit for external
4 inspection under steam, and five dollars for each cast iron sectional
5 boiler inspected. The commissioner shall pay to the commonwealth
6 all sums so received.

1919, 133. 1926, 291.

1 SECTION 23. If, upon inspection, the inspector of the division finds
2 the boiler to be in safe working order, with the fittings necessary to safety,
3 and properly set up, and the boiler and its appurtenances conform to the
4 rules of the board, he shall issue to the owner or user thereof a certificate
5 of inspection stating the maximum pressure at which the boiler may be
6 operated, as ascertained by the rules of the board, and thereupon such
7 owner or user may operate the boiler mentioned in the certificate; if the
8 inspector finds otherwise, he shall withhold his certificate until the boiler
9 and its fittings are put in a condition to insure safety of operation, and
10 the boiler and its appurtenances conform to the rules of the board, and
11 the owner or user shall not operate such boiler, or cause it to be operated,
12 until such certificate has been granted.

1 SECTION 24. Every boiler which has been inspected by the division
2 shall be numbered either by stamping the number upon the boiler or by
3 attaching a numbered metal tag by a seal or otherwise to the boiler or

1913, 610, § 4.
Section 25. Insurance companies shall, after each internal and
external inspection, if the boiler and its appurtenances conform to the
rules of the board, and if they deem the boiler to be in safe working
condition otherwise, issue a certificate of inspection stating the maximum
pressure at which the boiler may be operated as ascertained by the rules
of the board.

Section 26. If a boiler is insured which has not previously been
inspected externally and internally and a certificate of inspection issued,
the company so insuring shall forthwith notify the chief to that effect,
and shall inspect such boiler internally and externally within one month
after the insurance is effected. No insurance shall be effected on any
boiler which does not conform to the rules of the board.

Section 27. The certificate of inspection issued by the division, or
by an insurance company, shall state the name of the owner or user, the
location, size and number of the boiler, the date of inspection and the
maximum pressure at which it may be operated, with the signature of
the inspector, and shall contain such extracts from the statutes as shall
be deemed necessary by the board. It shall be so placed in the engine
or boiler room of the plant where the boiler is located as to be easily
read, except that the certificate of inspection for a portable boiler shall
be kept with it and shall be always accessible.

Section 28. [Repealed, 1924, 461.]

Section 29. The owner or user of any boiler required by this chapter
to be inspected shall immediately notify the division or the insurance
company, if the boiler is insured, if a defect affecting the safety of the
boiler is discovered.

Section 30. If the insurance on any boiler required by this chapter
to be inspected expires, or is cancelled because the insurers deem it un-
safe to continue the operation thereof, the owner or user shall cease to
operate it until it has been put in a safe condition, satisfactory to the
insurers, or has been inspected by the division and a certificate of inspec-
tion has been issued.

Section 31. If, in the judgment of the inspector of the division or of
the insurance company, it is advisable to apply a hydrostatic pressure
test to a boiler, the owner or user shall prepare the boiler for such test,
as directed by the inspector of the division or by the insurance company.

Section 32. No person shall prevent or attempt to prevent the
chief or any inspector of the division from entering any premises on which
a boiler is situated.

1 Section 34. No person shall install or use, or cause to be installed
2 or used, any tank or other receptacle, except when attached to loco-
3 motives, street or railway cars, vessels or motor vehicles, for the storing
4 of compressed air at any pressure exceeding fifty pounds per square inch,
5 for use in operating pneumatic machinery, unless the owner or user thereof
6 shall hold a certificate of inspection issued by the division, certifying that
7 the said tank or other receptacle has duly been inspected within two
8 years, or unless the owner or user shall hold a policy of insurance upon
9 the said tank or other receptacle issued by an insurance company authorized
10 to insure air tanks within the commonwealth, together with a certificate
11 of competency of inspection from an insurance inspector who holds a certificate of
12 competency described in section sixty-two.

1 Section 35. The board shall prescribe regulations for the size, shape,
2 construction, gauges, operation, maximum pressure, safety devices, use
3 of oil, and other appurtenances necessary for the safe operation of such
4 tanks or other receptacles.

1 Section 38. Every insurance company authorized to insure air
2 tanks within the commonwealth shall forward to the commissioner,
3 within fourteen days after each inspection of an air tank or other such
4 receptacle, a report of such inspection. The reports shall be made on
5 blanks furnished by the division, and shall contain all orders and regula-
6 tions made by the company regarding the air tanks or other receptacles
7 so inspected.

1 Section 39. The inspection shall consist of a hammer test, and, if
2 required by the inspector, a hydrostatic test the pressure of which shall
3 be one and one half times the pressure allowed on the air tank or other
4 receptacle inspected. The air tank or other receptacle shall be prepared
5 for inspection by the owner or user thereof.

1 Section 40. Three dollars shall be paid to the commissioner by the
2 owner, agent or user of any such tank or other receptacle for every inspec-
3 tion thereof. The commissioner shall pay to the commonwealth all sums
4 so received.
Licensees of engineers and firemen.

Section 41. Whoever violates any provision of sections thirty-four to thirty-nine, inclusive, or any regulation made under authority thereof, shall be punished by a fine of not more than fifty dollars or by imprisonment for not more than one month, or both.

Ammonia compressors.

Section 42. No person shall use an ammonia compressor unless it is equipped with a safety valve.

Penalty, § 55.

Rules.

Section 43. The board shall formulate rules for the size, design, location and piping of safety valves on ammonia compressors.

Rules to have force of law.

Section 44. The rules so formulated shall have the force of law and shall be printed and furnished to those requesting them by the division.

Changes in rules.

Section 45. Any changes in the rules as formulated by the board shall be made in accordance with sections three and four.

Licenses of engineers and firemen.

Section 46. No person shall have charge of or operate a steam boiler or engine or its appurtenances, except boilers and engines upon locomotives, motor vehicles, boilers and engines in private residences, boilers in apartment houses of less than five apartments, boilers and engines under the jurisdiction of the United States, boilers and engines used for agricultural purposes exclusively, boilers and engines of less than nine horse power, and boilers used for heating purposes exclusively which are provided with a device approved by the commissioner limiting the pressure carried to fifteen pounds to the square inch, unless he holds a license as hereinafter provided. The owner or user of a steam boiler or engine, other than boilers or engines above excepted, shall not operate or cause to be operated a steam boiler or engine or its appurtenances for a period of more than one week, unless the person in charge of and operating it is duly licensed; provided, that in manufacturing plants an unlicensed person may operate, under a licensed person on duty, a simple non-condensing engine of not more than one hundred and fifty horse power, and in any plant one unlicensed person may be employed under the personal direction of each licensed person in the plant to operate the appurtenances of a boiler or engine.

Section 47. If such steam engine or boiler or an appurtenance thereof is found to be in charge of, or operated by, a person not duly licensed as an engineer or fireman, and, after a lapse of one week from such time, it is again found to be so operated by an unlicensed person, it shall be deemed prima facie evidence of a violation of the preceding section.

Section 48. The horse power of a boiler shall be ascertained upon a basis of three horse power for each square foot of grate surface or equivalent, when the safety valve is set to blow at a pressure exceeding twenty-five pounds per square inch, and on a basis of one and one half horse power for each square foot of grate surface or equivalent, when the safety valve is set to blow at twenty-five pounds pressure per square inch or less.
The horse power of a reciprocating steam engine shall be ascertained upon the basis of a mean effective pressure of forty pounds per square inch of piston for a simple engine, fifty pounds for a condensing engine, and seventy pounds for a compound engine, calculated upon the area of the high pressure piston. A variable speed engine shall be rated at its designed mean speed.

A steam turbine engine shall be rated at less than nine horse power when the external diameter of the steam supply pipe does not exceed one and three fourths inches, at fifty horse power when it exceeds one and three fourths inches and does not exceed three and one half inches, and at one hundred and fifty horse power when it exceeds three and one half inches and does not exceed five inches.

Section 49. Licenses shall be granted according to the competence of the applicant, and shall be classified as follows: Engineers' licenses:

First class, to have charge of and operate any steam plant.
Second class, to have charge of and operate a boiler or boilers, and to have charge of and operate engines, no one of which shall exceed one hundred and fifty horse power, or to operate a first class plant under the engineer in direct charge thereof.
Third class, to have charge of and operate a boiler or boilers not exceeding in the aggregate one hundred and fifty horse power, and an engine or engines not exceeding fifty horse power each, or to operate a second class plant under the engineer in direct charge thereof.
Fourth class, to have charge of and operate hoisting and portable steam engines and boilers. Portable class, to have charge of or to operate portable boilers and portable engines, except hoisting engines or steam fire engines. Steam fire engine's class, to have charge of or to operate steam fire engines and boilers. Firemen's licenses: Extra first class, to have charge of and operate any boiler or boilers. First class, to have charge of and operate any boiler or boilers where the safety valve or valves are set to blow at a pressure not exceeding twenty-five pounds to the square inch, or to operate high pressure boilers under the engineer or fireman in direct charge thereof. Second class, to operate any boiler or boilers under the engineer or fireman in direct charge thereof. A person holding an extra first class or first class fireman's license may operate a third class plant under the engineer in direct charge thereof. Special licenses: A person who desires to have charge of or to operate a particular steam plant may, if he files with his application for such examination a written request signed by the owner or user of the plant, be examined as to his competence for such service and no other, and, if found competent and trustworthy, he shall be granted a license for such service, and no other;

Section 50. To be eligible for examination for a first class fireman's license, a person must have been employed as a steam engineer or fireman in charge of or operating boilers for not less than one year, or he must have held and used a second class fireman's license for not less than six months. To be eligible for examination for a third class engineer's license, a person must have been employed as a steam engineer or fire-
man in charge of or operating boilers for not less than one and one half years, or he must have held and used a first class fireman's license for not less than one year. To be eligible for examination for a second class engineer's license, a person must have been employed as an engineer in charge of a steam plant or plants having at least one engine of over fifty horse power for not less than two years, or he must have held and used a special license to operate a first class plant for not less than two years; except that anyone who has served three years as apprentice to the machinist or boiler making trade in stationary, marine or locomotive engine or boiler works and who has been employed for one year in connection with the operation of a steam plant, or any person graduated as a mechanical engineer from a duly recognized school of technology who has been employed for one year in connection with the operation of a steam plant, shall be eligible for examination for a second class engineer's license.

To be eligible for examination for a first class engineer's license, a person must have been employed for not less than three years as an engineer in charge of a steam plant or plants having at least one engine of over one hundred and fifty horse power, or he must have held and used a second class engineer's license in a second class or first class plant for not less than one and one half years.

**SECTION 51.** An engineer's or fireman's license shall be so placed in the engine or boiler room of the plant operated by the licensee as to be easily read. The person in charge of a stationary steam boiler upon which the safety valve is set to blow off at more than twenty-five pounds pressure to the square inch, except boilers in private residences, boilers in apartment houses of less than five apartments, boilers under the jurisdiction of the United States, boilers used for agricultural purposes exclusively, and boilers of less than nine horse power, shall keep a daily record of the boiler, its condition when under steam, and of all repairs made and work done on it, upon forms to be obtained upon application to the department. These records shall be kept on file and shall be always accessible to the chief and inspectors of the division.

**SECTION 52.** A license in force on May seventeenth, nineteen hundred and fifteen, shall continue in force until it is suspended or revoked for the incompetency or untrustworthiness of the licensee, except that a special license shall not continue in force after the holder thereof ceases to be employed in the plant specified in the license. A license in force on said date may be exchanged for a license of the same class under section forty-nine at any time thereafter, on application to the division, upon forms to be furnished by said division. The applicant shall make oath to the statements contained in the said application, and the chief or any inspector of the division may administer the oath.

**LICENSES FOR OPERATING HOISTING MACHINERY NOT RUN BY STEAM.**

**SECTION 53.** No person shall operate derricks, cableways, machinery used for discharging cargoes, temporary elevator cars used on excavation work or used for hoisting building material, when the motive power to operate such machinery is mechanical and other than steam, unless he holds a license as hereinafter provided. The owner or user of such hoist-
6 ing machinery shall not operate, or cause to be operated, such machinery
7 for a period of more than one week, unless the person operating it is duly
8 licensed.

1 Section 54. A license to operate such hoisting machinery shall be
2 carried on the person of the holder thereof when operating the same. 1911, 656, § 5.

1 Section 55. Whoever violates any provision of sections forty-two to
2 fifty-four, inclusive, or any rule made thereunder, or prevents or at-
3 tempts to prevent an inspector from entering upon any premises in the
4 discharge of his duty shall be punished by a fine of not less than ten nor
5 more than three hundred dollars or by imprisonment for not more than
6 three months.

1 Section 56. The chief and inspectors of the division shall act, as
2 provided in sections fifty-seven to sixty-seven, inclusive, as examiners
3 of applicants for certificates of competency to inspect boilers, and for
4 licenses as engineers or firemen or operators of hoisting machinery;
5 The chief or any such inspector may administer the oath to applicants.

1899, 368, § 8. 1905, 310, § 3. 1911, 656, §§ 3, 6. 1915, 259, §§ 5, 11.

5 of the applicant. Each such application shall be accompanied by an
6 examination fee, as follows: For a first class or second class engineer's
7 license or for a special license, seven dollars; for a third class, fourth
8 class or portable class engineer's license or a steam fire engine's license,
9 three dollars; for an extra first class, a first class or second class fireman's
10 license, two dollars; and for a license for operating hoisting machinery
11 not run by steam, three dollars. Each such application shall entitle the
12 applicant to one examination only, except in case of an appeal under
13 section sixty-six; provided, however, that no person shall make applica-
14 tion hereunder for a license of any particular class oftener than once in
15 ninety days. The fee for an examination on appeal shall be one dollar.

1 Section 58. In all examinations or appeals the applicant may have
2 one person present who may take notes if he so desires. In case of ap-
3 plicants for certificates of competency to inspect boilers such person shall
4 be a representative of an insurance company employing the applicant or
5 wishing to do so.

The commissioner may, when public exigency requires, 2 with the approval of the governor, call upon the metropolitan district 3 commission for assistance in performing the duties imposed upon him 4 by law; and the said commission shall, when so called upon, assign to duty 5 under said commissioner such of the police force under its control as it 6 and the commissioner shall determine.

1 Section 4A. The commissioner shall provide within the depart- 2 ment for receiving, arranging and keeping proper means for the identi- 3 fication of criminals and for the furnishing of means of identification of 4 criminals to police departments of cities and towns, to the department 5 of correction and to prosecuting officers within the commonwealth. He 6 may in his discretion furnish means of identification of criminals to 7 proper officers in other states and in foreign countries. The commissioner shall, on his own initiative, or 11 upon request of the chief police officer of any city or town, or of any 12 district attorney within the commonwealth, furnish to such chief police 13 officer or district attorney such information as he has in his possession 14 which may tend to assist in the identification of or apprehension of 15 criminals.

1 Section 5. Any person affected by an order of the department or 2 of a division or office thereof, except one made by the state fire marshal 3 under chapter one hundred and forty-eight, may, within such time as 4 the commissioner may fix, which shall not be less than ten days after 5 notice of such order, appeal to the commissioner, who shall thereupon 6 grant a hearing, and after such hearing may amend, suspend or revoke 7 such order. Any person aggrieved by an order approved by the com- 8 missioner, or by an order made by the state fire marshal as aforesaid, 9 may appeal to the superior court; provided, that such appeal is taken 10 within fifteen days from the date when such order is approved or made. 11 The superior court shall have jurisdiction in equity upon such appeal to 12 annul such order if found to exceed the authority of the department or 13 of the marshal, as the case may be, or upon petition of the commissioner 14 to enforce all valid orders issued by the department. The commissioner may after two years destroy or otherwise dispose of applications for approval of entertainments on Sunday, inspection reports of theatres and halls under section thirty-six of chapter one hundred and forty-three, and applications for permits for special exhibitions of pictures under section eighty-two of said chapter. Any proceeds received from their disposal shall be paid to the commonwealth.

Section 6A. If money, goods or other property which has been stolen, lost, abandoned or taken from a person under arrest comes into the possession of an officer or other employee of the department by virtue of his office or employment, he shall deliver the same to the person designated by the commissioner to receive the same and shall thereupon be relieved from further responsibility therefor. If no person proves ownership of such money, goods or other property within six months, the commissioner may cause the same, except money unclaimed, to be sold at public auction at such place and time and by such person as the commissioner may designate. Notice of the time and place of such sale, with a description of the property, shall be given by publishing the same once in a newspaper published in the county where the property was found or taken as aforesaid.

Section 6D. If, within two years and six months after such money has come into the possession of an officer or other employee of said department or within two years after any such sale, the owner claims such property and proves ownership to the satisfaction of the commissioner, the amount of such unclaimed money or the proceeds of the sale of such property, after deducting reasonable expenses, shall be paid to him by the state treasurer.

Section 7. Constables, city marshals, chiefs of police and all other police officers shall, within their respective cities and towns, aid the governor in the performance of his duties whenever called upon, and any such officer who refuses so to do when called upon shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than three months.

persons who are in the employment of the county, who shall, when on

pointed. Such officers may preserve order in any court house or in any
room or building used for county business and upon the adjoining pre-
ises. They may, without a warrant, arrest idle, intoxicated or disorderly

Massachusetts Society for the Prevention of Cruelty to Animals, the
Animal Rescue League of Boston or the Boston Work Horse Relief
Association, duly accredited agents of the corporation so requesting as
special police officers to serve for one year, subject to removal by the
commissioner. Such special police officers shall report to him as to
their official acts at such times and in such manner as he may require.
They shall serve without pay, except their regular compensation as
agents of said corporation. They shall receive no fees for services or
return of any criminal process and shall have throughout the common-
wealth the powers of constables and police officers to arrest and detain
any person violating any law for the prevention of cruelty to animals.

RESERVE POLICE FORCE IN CITIES.

Section 11. Any city, except Boston, in which the city council,
with the approval of the mayor, accepts this and the two following sec-
tions or has accepted corresponding provisions of earlier laws, may estab-
lish a reserve police force; and appointments thereto shall, subject to
chapter thirty-one, be made in the same manner as appointments to the
regular police force of said city.

Section 12. The number of members of such reserve force shall not
exceed five in cities in which the number of members of the regular force
does not exceed fifteen. If the number of members of the regular force
exceeds fifteen, one member may be added to the reserve force for every
three of the regular force above fifteen and not above thirty; one for
every five of the regular force above thirty and not above eighty; and
seven for every ten of the regular force above eighty.

Section 13. The mayor, chief of police or city marshal of a city
in which such reserve force is established may assign the members thereof
to duty in said city whenever and for such length of time as said mayor,
chief of police or marshal may deem necessary; and when on duty the
members of said reserve force shall have all the powers and duties of
members of the regular police force of said city. The compensation of
the members of said reserve force shall be fixed by the city council.

RESERVE POLICE FORCE IN TOWNS.

SECTION 13A. A town having an organized police force or depart-
ment, other than a town in which a reserve police force is established
under special law, which accepts the provisions of this section, may
establish a reserve police force consisting of such number of members as
the town may determine. Appointments to such force shall be made in
the same manner and subject to the same provisions of law as appoint-
ments to its regular police force. Members of said reserve force may
be removed by the selectmen at any time for any reason satisfactory to
them and shall be subject to such rules and regulations as the selectmen
may prescribe. Said members shall, when on duty, have all the powers
and duties of members of the regular police force of said town and shall
be paid by the town such compensation as the selectmen may fix.

DAYS OFF FOR POLICE.

SECTION 14. Members of the police department of every city, except
Boston and such cities as have accepted chapter two hundred and ten
of the acts of nineteen hundred and eleven or chapter one hundred and
sixty-six of the acts of nineteen hundred and twenty, and of every town
which accepted chapter four hundred and seventy-six of the acts of nine-
hundred and eight and afterward did not accept chapter two hundred
and ten of the acts of nineteen hundred and eleven or chapter one hun-
dred and sixty-six of the acts of nineteen hundred and twenty, shall be
excused from duty for one day out of every thirty without loss of pay.

SECTION 15. Except in Boston, members of the police department
of every town which accepted chapter two hundred and ten of the acts
of nineteen hundred and eleven and did not accept chapter one hundred
and sixty-six of the acts of nineteen hundred and twenty shall be excused
from duty for one day out of every fifteen without loss of pay.

SECTION 16. Except in Boston, members of the police department
of every town which accepts or has accepted the provisions of this sec-
tion by vote of its city council or selectmen, or has accepted the corre-
sponding provisions of earlier laws in the manner therein provided,
shall be excused from duty for one day out of every eight without loss
of pay.

SECTION 17. The time and manner of excusing members of police
departments from duty in any town subject to any of the three preceding
sections shall be determined by the chief, superintendent or other officer
or board at the head of the police department. A member so excused
shall be exempt from duty and from attendance at a police station or
other place, but otherwise shall be subject to all laws, rules and regu-
lations relating to members of the department to which he belongs. The
chief, superintendent or other officer or board at the head of the police
9 department of any such town may, in case of any public emergency, or of
10 any unusual demand for the services of the police in that town, prevent
11 any member of the department from taking the day off at the time when
12 he is entitled thereto, or at the time assigned therefor, provided that such
13 day off shall be granted to him as soon thereafter as is practicable. In
14 no case shall the number of such days off be less than twelve in each
15 year in a town subject to section fourteen, or twenty-four in each year
16 in a town subject to section fifteen, or forty-five in each year in a town
17 subject to section sixteen, and they shall be in addition to any annual
18 vacation now or hereafter allowed to members of the said departments,
19 and such annual vacation shall not be diminished on account thereof.

POLICE MATRONS.

1 Section 18. In every city having a population of over thirty thou-
2 sand inhabitants as shown by the latest census, state or national, except
3 Boston, the mayor shall, and in any other city the mayor, and in Boston,
4 the police commissioner, may designate one or more police stations for
5 the detention and confinement of females under arrest, and for the
6 detention and lodging of females not under arrest, within such city. Such
7 mayor or police commissioner may at any time designate additional sta-
8 tions, or may discontinue any stations so designated; but one such
9 station shall always remain so designated, except in Boston. The police
10 commissioner of Boston and the mayor of any other city shall appoint,
11 as soon as may be after any station has been so designated, one or two
12 police matrons to be attached thereto.

1 Section 19. A woman shall not be appointed a police matron unless
2 she is suitable therefor and has been recommended in writing by at least
3 ten women of good standing, residents of the city where the appoint-
4 ment is to be made. A police matron may be removed by the mayor or
5 police commissioner, as the case may be, by written order stating the
6 cause of removal. Upon her death, resignation or removal her successor
7 shall be appointed as soon as may be. She shall receive a reasonable
8 compensation, which shall be fixed, except in Boston, by the city council,
9 and in Boston, by the concurrent action of the city council and of the
10 police commissioner, and shall be paid by the city treasurer upon the
11 requisition of the body fixing her compensation. If only one police
12 matron is attached to a station, she shall reside within a reasonable
13 distance thereof and shall be ready to respond to a call therefrom at any
14 hour of the day or night. If two police matrons are attached to a station,
15 the hours during which they shall respond to calls therefrom, respectively,
16 shall be so fixed by the mayor or police commissioner that one of them
17 shall be ready to respond at any hour of the day and night, and each such
18 matron shall, during the hours so fixed for her, remain within a reason-
19 able distance of such station and be ready to respond to any call there-
20 from. One of such matrons shall remain constantly at the police station
21 to which she is attached, ready for service, so long as any female is
22 detained, lodged or held under arrest therein. A police matron shall
23 have the entire care and charge of all females held under arrest, detained
24 or lodged in the station to which she is attached, and she may call upon
25 the officer in command of such station for assistance. She shall be
26 subject to the authority of the head of the police department of the
27 city where she serves, and to the rules and regulations, consistent with
sections eighteen to twenty, inclusive, which may be prescribed by such 28 authority; but she shall not be subject to the control or direction of 29 any police officer attached to a station except the officer in command 30 thereof at the time. In every station to which a police matron is at- 31 tached, the mayor or police commissioner shall, at the expense of the 32 city, provide sufficient and proper accommodation for females held under 33 arrest, detained or lodged therein.

Section 20. If a female is arrested and taken to a police station to 1 which a matron is attached or, if not under arrest, is detained or lodged 2 therein, the police officer there in command shall cause the matron to be 3 summoned forthwith; and if in a city in which a police matron has been 4 appointed, or in Boston, a female is arrested and taken to a station to 5 which no matron is attached, or is received therein for the purpose of 6 detention or lodging, such officer shall cause her to be removed as soon 7 as possible to the nearest station to which a matron is attached, or in 8 Boston, to the house of detention, and the city treasurer shall pay the 9 reasonable expense of such removal upon the requisition of the head of 10 the police department. Such removal of a female shall not deprive any 11 court of any jurisdiction which it would otherwise have had.

Section 21. The words “police station” or “station” in the three 1 preceding sections shall mean any place in which persons are temporarily 2 confined under arrest.

PRIVATE DETECTIVES. [Chap. 147.

Section 22. No person shall engage in the business of or solicit busi- 1 ness as a private detective, or the business commonly transacted by a 2 private detective, under any name or title whatsoever, without first 3 obtaining a license so to do as provided in sections twenty-three to 4 thirty, inclusive.

Section 23. The said license may be granted by the commissioner 1 to any reputable citizen of the United States, or to any firm or corpora- 2 tion making written application therefor. The persons making the 3 application shall be not less than twenty-one years of age, and shall 4 have had at least three years’ experience as investigators. The holder 5 of a license may employ as many agents, operatives and assistants as 6 may be deemed necessary by the licensee for the conduct of the business.

Section 24. Application for the license shall be made on blank forms 1 to be furnished by the commissioner. The material facts stated in 2 the application shall be verified by the oath of the applicants, or, in the case 3 of corporations, by the oath of the resident manager or superintendent 4 to whom the license may be issued. The application shall contain the 5 certificates of at least three reputable citizens of the commonwealth, 6 residing in the town where the applicant proposes in his application to 7 establish his principal place of business, and said certificates shall be 8 received as evidence of the good repute of the applicants, and as evidence 9 that the representations made in the application are true.
Section 25. The license shall be granted for one year, and shall state therein the name and address of the principal office or place of business of the licensee, and the name under which the licensed business is to be conducted.

Section 26. For each license, the licensee, if an individual, shall pay to the commissioner the sum of one hundred dollars annually, and if a partnership or corporation, the sum of two hundred dollars annually, and shall give to the commissioner a bond in the sum of five thousand dollars, executed by the applicant as principal and by a surety company authorized to do business in the commonwealth as surety. The bond shall be in such form as the commissioner may prescribe, conditioned upon the honest conduct of the business of the licensee, and the right of any person injured by the wilful, malicious or wrongful act of the licensee to bring in his own name an action on the bond.

Section 27. A license may be revoked at any time by the commissioner for good cause shown; provided, that due notice shall have been given to the licensee to appear before the commissioner to show cause why the license should not be revoked.

Section 28. Any person who is or has been an employee of a licensee and who divulges any information gained by him in the said employment except as his employer may direct, or as he may be required by law to do, or who willfully makes a false report to his employer, shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than one year, or both.

Section 29. Any person other than an agent, employee or assistant of a licensee hereunder, and any corporation acting as a private detective without obtaining a license in accordance with sections twenty-three to thirty, inclusive, shall be punished by a fine of not more than five hundred dollars or by imprisonment for a term not exceeding one year, or both; but no corporation shall be liable to the said penalty if its resident manager or superintendent is duly licensed under said sections.

Section 30. Sections twenty-two to twenty-nine, inclusive, shall not apply to any detective or officer belonging to the police force of the commonwealth, or of any subdivision thereof, while engaged in the performance of his official duties; nor to a charitable, philanthropic or law enforcement society or association duly incorporated under the laws of the commonwealth, nor to any agent thereof while engaged in the discharge of his duties as such agent, provided the society or organization is promoted and maintained for the public good and not for private profit; nor to any person employed by any person as an investigator in connection with the business of such employer, and whose services are not let out to another for profit or gain; nor to any regularly established credit reporting or mercantile agency.

List of Police.

Section 31. The clerk of each town in which a chief of police or city marshal is appointed shall, within one week after such appointment, notify the commissioner of the name of the person so appointed; and
the clerk of each town not having a chief of police shall annually, on
October first, send to the commissioner the names of all the police officers
and constables in such town. If he neglects or refuses so to do, he shall
be punished by a fine of fifty dollars.

LICENSED BOXING MATCHES.

SECTION 32. No boxing or sparring match or exhibition for a prize
or a purse, or at which an admission fee is charged, either directly or in-
directly, in the form of dues or otherwise, shall take place or be conducted
in this commonwealth except in pursuance of a license granted as herein-

after provided by the state boxing commission, in sections thirty-two
to forty-seven, inclusive, called the commission. In no case shall any
boxing or sparring match or exhibition occur on Sunday. Applications
for the license shall be accompanied by such fee, not less than twenty-five
nor more than eight hundred dollars, as the commission may establish
on the basis of the population of the city or town in which the match or
exhibition is to be held. Any persons holding, conducting, participating
in or attending a match or exhibition held without a license, as provided
in the following section, shall be punished by a fine not exceeding one
hundred dollars or by imprisonment for a term not exceeding three
months, or both. In the case of exhibitions or bouts held in accordance
with the rules and regulations of such amateur organizations as may be
approved by the commission, the commission may issue special licenses
without the requirement of a bond as provided in section thirty-four or
of payment of the annual fee.

SECTION 33. The commission may, subject to the provisions of sec-
tions thirty-two to forty-seven, inclusive, issue licenses to conduct boxing
or sparring matches and exhibitions, which shall expire on December
thirty-first of the year of issue.

SECTION 34. No license as aforesaid shall be granted unless the
licensee has executed and filed with the commission a bond in a penal
sum of five thousand dollars, with such surety or sureties as shall be
satisfactory to the commission, running to the commission, conditioned
upon the payment to the commonwealth of the sums mentioned in section
forty, and upon faithful compliance by the licensee with the provisions
of sections thirty-two to forty-seven, inclusive, the rules and regulations
of the commission, and with such other laws of the commonwealth as
may be applicable to anything done by the licensee in pursuance of the
license. The bond shall also provide for a forfeiture to the common-
wealth, recoverable at the suit of the attorney general, of such sum, not
exceeding one thousand dollars, as may be stipulated in the bond for
each case of non-compliance.

SECTION 35. No person shall act, except at a purely amateur match
or exhibition, directly or indirectly, as physician, referee, judge, time-
keeper, professional boxer or as manager, trainer or second of such a
boxer, at a boxing or sparring match or exhibition unless licensed by the
commission upon receipt of such classified fee, not exceeding twenty-
five dollars, as the commission may fix. For the purposes of sections
thirty-two to forty-seven, inclusive, a professional boxer is one who
competes for a money prize or teaches or pursues or assists in the practice
of boxing as a means of obtaining a livelihood or pecuniary gain. Phys-
icians who desire to officiate without charge at amateur boxing or
sparring matches or exhibitions shall be licensed without charge.

1 Section 36. At every boxing or sparring match or exhibition there
shall be in attendance a referee, duly licensed under the provisions of
sections thirty-two to forty-seven, inclusive, who shall direct and con-
trol the same. The referee shall have full power to stop the match or
exhibition whenever he deems it advisable because of the physical con-
dition of the contestants or one of them, or when one of the contestants
is clearly outclassed by his opponent, or for other sufficient reason. The
referee shall declare forfeited any prize, remuneration or purse or any
part thereof belonging to the contestants or one of them if, in the judg-
ment of a majority of the judges and the referee, such contestant or con-
testants are not or were not competing in good faith. There shall also
be in attendance two duly licensed judges, and each of said judges and
the referee shall, at the termination of every such match or exhibition,
vote for the contestant in whose favor the decision should, in his opinion,
be rendered, and the decision shall be rendered in favor of the contestant
receiving a majority of said votes. Upon the rendering of said deci-
sion, the vote of each judge and the referee shall be announced from the
ring. The fees of the referee and other licensed officials shall be fixed
by said commission, and shall be paid by the licensed organization prior
to the match or exhibition.

1 Section 37. At any boxing or sparring match or exhibition there
shall be in attendance a duly licensed physician, whose duty it shall be
to observe the physical condition of the boxers and advise the referee or
judges with regard thereto. Any competent physician who has had not
less than three years’ experience as a medical practitioner may be licensed.
No boxer shall be permitted to enter the ring unless, not more than
three hours before, a physician licensed under the provisions of sec-

the boxer is physically fit to engage in the proposed contest. The phy-

1 Section 38. Boxing or sparring matches or exhibitions shall not
exceed ten rounds in length, but if such matches or exhibitions are to
determine championships, they may, in the discretion of the commis-
sion, exceed ten rounds in length but not fifteen. No round in any such
match or exhibition shall exceed three minutes. No contestant, pro-
fessional or amateur, shall, except as aforesaid, participate in more than
ten such rounds during any period of twenty-four hours; and no amateur
contestant shall participate in more than three contests between twelve
o’clock noon of any day and twelve thirty o’clock in the morning of the
next day. All amateur boxing or sparring matches or exhibitions held
on any day shall terminate at or before twelve thirty o’clock in the
morning of the next day. The contestants in professional matches or
exhibitions shall wear, during the contest, gloves weighing at least six
ounces each and in amateur matches or exhibitions, unless otherwise
authorized by the commission, the contestants shall wear, during the
contest, gloves weighing at least eight ounces each. Every boxer par-

**SECTION 39.** No contestant under eighteen shall be permitted to engage in any boxing or sparring match or exhibition. No person under sixteen shall be admitted to or be present at any boxing or sparring match or exhibition.

**SECTION 40.** Every licensee holding or conducting any such boxing or sparring match or exhibition shall, within seventy-two hours after its conclusion, pay to the state treasurer a sum equal to five per cent of the total gross receipts from the sale of tickets or from admission fees; provided, that if such match or exhibition is conducted as an incidental feature in an event or entertainment of a different character, such portion of the total receipts shall be paid to the commonwealth as the commission may determine or as may be fixed by rule adopted under section forty-six. Within said time the licensee shall furnish to the commission a report, duly verified by the treasurer and secretary, showing the exact number of tickets sold and admission fees collected for the contest, and the gross receipts thereof, and such other data as the commission may require.

**SECTION 41.** No licensee under section thirty-three shall sell or cause to be sold or issued more tickets or invitations purporting to admit to any such match or exhibition, or otherwise admit to the same, more persons than are admissible according to the authorized capacity of the building, or part thereof actually used therefor.

**SECTION 42.** Any license may be revoked or suspended by the commission for a violation of any provision of sections thirty-two to forty-seven, inclusive, or of any other law of the commonwealth or of any rule or regulation adopted by the commission or whenever the licensee has, in the judgment of the commission, been guilty of any act or offence detrimental to the public interest.

**SECTION 43.** No licensee under section thirty-three shall have, directly or indirectly, any financial interest in a boxer competing on premises owned or leased by the licensee, or in which the licensee is otherwise interested. No contestant in such a match or exhibition shall be paid for services before the same are rendered.

**SECTION 44.** The commission shall have the same authority to summon and require the attendance and testimony of witnesses as to all matters within its jurisdiction as is conferred upon city councils by section eight of chapter two hundred and thirty-three, and sections nine, ten and eleven of said chapter shall apply to witnesses so summoned.

**SECTION 45.** The superior court shall have jurisdiction in equity upon any information filed by the commission, the attorney general, the district attorney for the district, the police authorities of the city or town where the boxing or sparring match or exhibition is held or is announced to be held, or by any five legal voters of the commonwealth stating that a certain building, tenement or place is used for boxing
7 or sparring matches or exhibitions by an individual, group, partner-
ship, club, corporation or association not licensed under section thirty-
three, or contrary to any provision of sections thirty-two to forty-seven,
inclusive, or that a boxing or sparring match or exhibition is being ad-
vertised or announced, or has been advertised or announced, to take
place in a certain building or place, or that a certain individual, club,
corporation or association is selling, exchanging or giving away tickets,
tokens or symbols purporting to entitle the holder to the right or privi-
lege of attending a certain boxing or sparring match or exhibition not
licensed by the commission and contrary to the provisions of sections
thirty-two to forty-seven, inclusive, to enjoin and abate the same as a
common nuisance.

1 Section 46. The commissioner, in consultation with the other mem-
bers of the commission, may make such rules and regulations for the
administration and enforcement of sections thirty-two to forty-seven,
inclusive, as he may deem necessary, subject to the approval of the gov-
ernor and council. Such rules and regulations may provide for and
regulate the granting of a special permit for exhibitions where no de-
cision is to be rendered and where a skilled boxer or boxers merely dem-
strate the science of boxing. The commissioner shall make an annual
report to the general court of the acts of the commission.

1 Section 47. The remainder of the sums received under section forty,
after paying the expense to the commonwealth of administering sections
thirty-two to forty-seven, inclusive, shall, annually on or before Novem-
ber first, be distributed by the state treasurer to the several towns in
proportion to the amounts collected from licensees acting therein under
said sections.

1 Section 48. Sections thirty-two to forty-seven, inclusive, shall be
in force in any city or town which accepts said sections in the manner
provided in the following section or has accepted corresponding pro-
visions of earlier laws in the manner provided therein and has not on
a resubmission under section fifty voted against said sections.

1 Section 49. Sections thirty-two to forty-seven, inclusive, shall take
effect in a city if accepted by the voters at a city election; provided,
that a petition signed by not less than ten per cent of the registered
voters is filed with the city clerk not less than thirty days before the
election. Said sections shall take effect in a town on their acceptance
by the voters at an annual or special town meeting, the question having
been submitted upon a like petition; and the selectmen shall upon a like
petition call a special town meeting for the purpose of voting upon such
acceptance.

1 Section 50. In any city or town in which the provisions of sections
thirty-two to forty-seven, inclusive, are in force, said sections shall again
be submitted to the voters at any municipal election; provided, that a
petition to that effect signed by not less than ten per cent of the voters
is filed with the city or town clerk not less than thirty days before the
election. If upon such resubmission the voters vote against said sec-
tions, they shall cease to have effect in that city or town until reaccepted
by the voters as provided in the preceding section.
SECTION 51. Sections nine to twelve, inclusive, of chapter two hundred and sixty-five and section twenty-eight of chapter one hundred and eighty shall not apply to any boxing or sparring match or exhibition licensed under section thirty-three and conducted under and in accordance with sections thirty-two to forty-seven, inclusive, and the rules and regulations issued under section forty-six.

SECTION 1. In this chapter the following words, unless a different meaning is required by the context or is specifically prescribed, shall have the following meanings: —

"Commissioner", the commissioner of public safety of the commonwealth.
6 "Department", the department of public safety.
7 "Division", the division of fire prevention of the department of
8 public safety.
9 "Head of the fire department", the fire commissioner, board of fire
10 commissioners or fire engineers, or commissioner of public safety in those
11 cities and towns having such an officer or officers; the chief executive
12 officer of the fire department of each other city, town or fire district; and,
13 in towns not having a fire department, the chief engineer, if any, other-
14 wise the chairman of the board of selectmen.
15 "Inspector", an inspector or police officer of the department of public
16 safety.
17 "Local licensing authority", in towns, the board of selectmen; in
18 Boston, the board of street commissioners; in other cities, the board of
19 aldermen, or the licensing board or commission in cities wherein such a
20 board or commission is authorized to grant licenses under this chapter.
21 In case the board of aldermen or city council constitute such authority.
22 any hearing required by this chapter may be held before a committee
23 thereof.
24 "Marshal", the state fire marshal.

1 Section 2. Heads of fire departments in cities, towns or fire districts
2 shall investigate the cause and circumstances of every fire in their
3 respective jurisdictions by which property has been destroyed or dam-
4 aged, especially to ascertain whether it was caused by carelessness or
5 design. They shall begin such investigation forthwith after such fire,
6 and if it appears to the official making such investigation that the fire
7 is of suspicious origin or is the result of a violation of law, or if he is unable
8 to determine the cause, he shall immediately notify the marshal. All
9 other fires by which a loss is sustained shall, within forty-eight hours,
10 excluding Sundays and holidays, be reported in writing to the marshal.
11 Reports required by this section shall be on forms furnished by the
12 department, and shall contain a statement of all facts relating to the
13 cause and origin of the fire that can be ascertained, the extent of damage
14 thereof, the insurance upon the property damaged, and such other
15 information as may be required. The marshal shall keep in his office a
16 record of all fires occurring in the commonwealth, with the results of
17 such investigations, and such records shall be open to public inspection.

1 Section 3. The marshal shall investigate or cause to be investigated
2 the circumstances of all fires of suspicious origin of which he has notice,
3 except such fires occurring in the city of Boston, and may investigate
4 or cause to be investigated the circumstances of any fire occurring
5 anywhere within the commonwealth. For such purposes the marshal, or
6 some person designated by the commissioner, may summon and examine
7 on oath, administered by the marshal or such person so designated, any
8 person supposed to know or have means of knowing any material facts
9 touching the subject of investigation. Such witnesses may be kept
10 apart and examined separately, and such examination shall be reduced
11 to writing, and false testimony therein shall be perjury. Any justice
12 of a district court or of the superior court, upon application of the mar-
13 shal, or person so designated, may compel the attendance of such wit-
14 nesses and the giving of such testimony in the same manner and to the
15 same extent as before said court. If, upon such investigation, the marshal,
16 or person so designated, believes that the evidence is sufficient to charge
any person with crime, he shall make a complaint therefor, and shall furnish the proper officers with the evidence and names of witnesses obtained by him. The marshal shall, when required, report to the commissioner of insurance his proceedings and the progress of prosecutions instituted hereunder. In respect to fires of suspicious origin occurring in the city of Boston, the fire commissioner of said city shall have and exercise all the powers and duties conferred or imposed by this section on the commissioner or on the marshal, and any person designated by the said fire commissioner shall have and exercise all the powers and duties conferred or imposed as aforesaid on such person as the commissioner is hereinbefore authorized to designate. The fire commissioner shall report to the marshal the results of any investigation as to such fires held by said commissioner or by a person designated by him.

Section 4. The marshal, an inspector, the head of the fire department, or any person to whom the marshal or the head of the fire department may delegate his authority in writing, may, and upon complaint of a person having an interest in any building or premises or property adjacent thereto, shall, at any reasonable hour, enter into buildings and upon premises, which term for the purposes of the remainder of this section shall include alleys adjacent thereto, within their jurisdiction and make an investigation as to the existence of conditions likely to cause fire. They shall, in writing, order such conditions to be remedied, and whenever such officers or persons find in any building or upon any premises any accumulation of combustible rubbish, including waste paper, rags, cardboard, string, packing material, sawdust, shavings, sticks, waste leather or rubber, broken boxes or barrels or other refuse that is or may become dangerous as a fire menace or as an obstacle to easy ingress into or egress from such buildings or premises, they shall, in writing, order the same to be removed or such conditions to be remedied. Notice of such order shall be served upon the owner, occupant or his authorized agent. If said order is not complied with within twenty-four hours, the person making such order, or any person designated by him, may enter into such building or upon such premises and remove such rubbish or abate such condition at the expense of such owner or occupant. Any expense so incurred by or on behalf of the commonwealth or of any city or town, shall be a lien upon such building or premises, effective upon the filing in the proper registry of deeds of a claim thereof signed by such person and setting forth the amount for which the lien is claimed; and the lien shall be enforced within the time and in the manner provided for the collection of taxes upon real estate. Any such owner or occupant who fails or refuses to comply with said order shall be punished by a fine of not more than fifty dollars for each consecutive forty-eight hours.
Section 6. Any city, town or district officer who willfully neglects
or refuses to comply with any duty or requirement imposed upon him
by the preceding sections shall be punished by a fine of not less than
twenty-five nor more than two hundred dollars.

Section 7. The marshal shall submit annually, before February
15th, a detailed report of all official action in relation to fires to the
commissioner of insurance, who shall embody the material portions
thereof in his annual report.
1902, 142, §§ 1, 2. 1919, 395, § 101.
1903, 365, § 1.

Section 8. The marshal shall report to insurance companies, to
owners of property, or to other persons interested in the subject matter
of an investigation of the cause and circumstances of a fire any informa-
tion obtained by such investigation which may in his opinion require
attention from or by such insurance companies, owners of property or
other persons. The fire commissioner of the city of Boston shall make
like reports of fires investigated by him or by a person by him designated
under section three. The marshal shall also report to the head of the
fire department the results of any investigation into fires of suspicious
origin reported to him by such head as required by section two.

Section 9. The department shall make rules and regulations for the
keeping, storage, use, manufacture, sale, handling, transportation or
other disposition of gunpowder, dynamite, crude petroleum or any of
its products, or explosive or inflammable fluids or compounds, tablets,
torpedoes or any explosives of a like nature, or any other explosives,
fireworks, firecrackers, or any substance having such properties that it
may spontaneously, or acting under the influence of any contiguous
substance, or of any chemical or physical agency, ignite, or inflame or
generate inflammable or explosive vapors or gases to a dangerous extent,
and may prescribe the location, materials and construction of buildings
to be used for any of the said purposes, except that cities and towns may
by ordinances or by-laws prohibit the sale or use of fireworks or fire-
crackers within the city or town, or may limit the time within which
firecrackers and torpedoes may be used. Such rules and regulations
shall require persons keeping, storing, using, selling, manufacturing,
handling or transporting dynamite or other high explosives to make
reports to the department in such particulars and in such detail that the
quantity and location thereof will always be a matter of authentic
record in the department. Cities and towns may also make and enforce
ordinances and by-laws, not inconsistent with said rules and regula-
tions, relative to the subject matter of this section, in addition to such
as it may make as aforesaid relative to fireworks and firecrackers.

Section 10. The marshal shall submit to the commissioner rules
and regulations required to be made by the department under any of
the provisions of this chapter and shall, upon request of the commis-

Expert assistants employed under this section shall aid in the enforcement of all laws, rules and regulations which is the duty of the department to administer and enforce, and shall perform such other duties as the commissioner may prescribe. Said expert assistants shall be exempt from chapter thirty-one and the rules and regulations made thereunder.

Section 12. No building shall be used for the manufacture of fireworks or firecrackers without a license from the local licensing authority and a permit from the marshal.

Section 13. No building or other structure shall, except as provided in section fourteen, be used for the keeping, storage, manufacture or sale of any of the articles named in section nine, except fireworks, firecrackers and torpedoes, unless the local licensing authority shall have granted a license therefor after a public hearing, notice of the time and place of which hearing shall have been given, at the expense of the applicant, to the clerk of the city or of the local licensing authority, by publication, not less than seven days prior thereto, in a newspaper published in the representative district, if there is any published in the English language therein, otherwise in the city or town, wherein the land on which such license is to be exercised is situated, and also by the applicant by registered mail, not less than seven days prior to such hearing, to all owners of real estate abutting on said land, and unless the application for such license shall have endorsed thereon the certificate of approval or disapproval of the head of the fire department; provided, that any building or other structure once used under a license granted as aforesaid, or any building or other structure lawfully used for any of said purposes, may be continued in such use from year to year if the owner or occupant thereof shall annually, on or before April thirtieth, while such use continues, file for registration with the clerk of the city or town where such building or other structure is situated, or in Boston, with the fire commissioner, a certificate reciting such use and occupancy; and provided, further, that any building used as a garage for storing not more than three vehicles, when once used under such a license, or lawfully used for such purpose, may be continued in such use from year to year without such annual registration, and continuous use and occupancy thereof for such purpose shall be presumed. The department may by regulation prescribe the amount of ammunition, crude petroleum or any of its products or of any other inflammable fluid or compound, that may be kept for private use in a building or other structure without a license and registration, or either of them. Every license issued hereunder shall expire on April thirtieth following the date of issue, and registrations hereunder shall be effected on or before April thirtieth to

40. may be revoked for cause, after notice and a hearing given to such owner
41. or occupant, by the local licensing authority, or by the marshal. Such
42. building or structure shall always be subject to such alterations in con-

44. against fire or explosion as the department may prescribe.
45. Any person aggrieved by the granting of a license hereunder on the
46. ground that the exercise thereof would constitute a fire or explosion
47. hazard may, within ten days after the granting thereof, appeal to the
48. marshal who, after notice and hearing, shall finally determine whether
49. such a hazard would result. If, in his opinion, such a hazard would

Section 18. The mayor of a city and the selectmen of a town shall annually appoint one or more inspectors of petroleum, who, before entering upon their official duties, shall be sworn, and who shall not be interested in the manufacture, sale or distribution of petroleum or any products thereof. Said inspectors shall enforce in their respective cities and towns the rules and regulations of the department relative to the selling or keeping for sale, for illuminating, heating, power or cooking purposes, of kerosene, petroleum or any product thereof. Their compensation shall be fixed in cities by the aldermen and in towns by the selectmen, and shall be paid by the city or town. Cities and towns may establish reasonable fees for inspections required by said rules or regulations, payable into the city or town treasury unless otherwise provided by ordinance or by-law.

Section 19. Before the issue of a permit to use an explosive in the blasting of rock or any other substance as prescribed by the department, the applicant for the permit shall file with the clerk of the city or town where the blasting is to be done a bond running to the city or town, with sureties approved by the treasurer thereof, for such penal sum, not exceeding ten thousand dollars, as the marshal or the officer granting the permit shall determine to be necessary in order to cover the risk of damage that might ensue from the blasting or its keeping thereafter; provided, that the marshal or the officer granting the permit may determine that a single and blanket bond in a penal sum not exceeding fifteen thousand dollars is sufficient to cover the risk of damage from all blasting operations of the applicant, either under the permit so issued or under future permits to use explosives in blasting operations. The bond shall be conditioned upon the payment of any loss, damage or injury resulting to persons or property by reason of such blasting or keeping.

Section 20. Action on a bond filed under the preceding section may be brought by any person to whom loss, damage or injury has resulted by reason of such blasting or keeping, and shall be brought in the name of, and for the use and at the cost and expense of, such person; but in no event shall action be brought on the bond for personal injury of an employee of the person receiving the permit. If claims on any bond are established to an amount greater than the penal sum thereof, such claims shall be paid pro rata to the amount of the penal sum, and executions shall issue accordingly.

Section 21. The superior court shall have jurisdiction in equity upon the petition of the commonwealth or of a city or town, to enforce the laws of the commonwealth and the regulations of the department relative to the blasting of rock, stone or other substance with any explosive.

3 the commonwealth, or by a county, town or district, or by persons
4 contracting therewith for such construction, addition to and alteration
5 of public works, preference shall first be given to citizens of the common-

23 special appropriations are provided. Any person or contractor who
24 knowingly and willfully violates this section shall be punished by a fine
25 of not more than one hundred dollars.

SECTION 28. A person to whom a debt is due for labor performed in constructing a building, sewer or drain, or water works or other public works owned by a town, under a contract with any person having authority from or rightfully acting for such town in furnishing such labor, shall have a right of action against such town to recover such debt if, within thirty days after he ceases to perform such labor, he files in the clerk's office of the town against which he claims such right of action a written statement under oath of the amount of the debt so due to him, and the names of the persons for whom and by whose employment the labor was performed, and if, within sixty days after he ceases to perform such labor, he commences such action. Such right of action shall not be lost by reason of a mistake in stating the amount due; but the claimant shall not recover as damages a larger amount than is named in said statement as due to him, with interest. No person who has contracted to furnish labor other than his own in such construction shall have such right of action.

SECTION 29. Officers or agents who contract in behalf of any county, city or town for the construction or repair of public buildings or other public works shall obtain sufficient security, by bond or otherwise, for payment by the contractor and sub-contractors for labor performed or furnished and materials used or employed in such construction or repair; but to obtain the benefit of such security the claimant shall file in the office of the county treasurer or of the city or town clerk a sworn statement of his claim within sixty days after the claimant ceases to perform labor or furnish labor or materials, and shall, within one year after the filing of such claim, file a petition in the superior court for the proper county to enforce his claim or intervene in a petition already filed.

The provisions of this section shall not prohibit the employment by the state department of public works, or by any contractor or sub-contractor for said department, of laborers, workmen and mechanics for more than eight hours in any one day in the construction or reconstruction of highways when,

2 one if, in the event of a Saturday half holiday being given to a laborer, 3 workman or mechanic, his hours of labor upon other working days 4 are increased sufficiently to make a total of forty-eight hours for his 5 week’s work.

1916, 240, § 1.

1 Section 34. Every contract, except for the purchase of material or 2 supplies, involving the employment of laborers, workmen or mechanics, 3 to which the commonwealth or any county or any town, subject to 4 section thirty, is a party, shall contain a stipulation that no laborer, 5 workman or mechanic working within the commonwealth, in the employ 6 of the contractor, sub-contractor or other person doing or contracting 7 to do the whole or a part of the work contemplated by the contract, shall 8 be required or permitted to work more than eight hours in any one day 9 or more than forty-eight hours in any one week, except in cases of extraor- 10 dinary emergency, or in case any town subject to section thirty-one is 11 a party to such a contract, more than eight hours in any one day, except 12 as aforesaid; provided, that in contracts entered into by the depart- 13 ment of public works for the construction or reconstruction of highways 14 there may be inserted in said stipulation a provision that said depart- 15 ment, or any contractor or sub-contractor for said department, may 16 employ laborers, workmen and mechanics for more than eight hours in 17 any one day in such construction or reconstruction when, in the opinion 18 of the commissioner of labor and industries, public necessity so requires.
19 Every such contract not containing the aforesaid stipulation shall be 20 null and void.

1 Section 35. Any agent or official of the commonwealth or of any 2 county, city or town, or any contractor or sub-contractor, or any agent 3 of public works, or any person, firm or corporation engaged in the 4 business of contracting for public works, violating § 30, shall be liable 5 to a penalty of one hundred dollars each time of the violation.

In case of a second violation, such minor may be 7 arrested and dealt with as a delinquent child, or, if over seventeen, shall 8 be punished by a fine not exceeding fifteen dollars. Upon the recom- 9 mendation of the principal or chief executive officer of the school which 10 such minor attends, or upon the complaint of any supervisor of attend- 11 ance, police officer or probation officer, the badge of any minor violating 12 any provision of sections seventy to seventy-three, inclusive, or who 13 becomes delinquent or fails to comply with all legal requirements con- 14 cerning school attendance, may be revoked for three months by the 15 officer issuing the same and the badge taken from such minor. If any 16 minor refuses to surrender such badge, or works at any of the occupa- 17 tions mentioned in section sixty-nine after notice of the revocation of 18 such badge, he shall be deemed to have violated section seventy.

1 Section 84. A summons or warrant issued by any court or trial 2 justice having jurisdiction of the violation of any provision of sections 3 sixty to eighty-three, inclusive, or sections ninety to ninety-seven, 4 inclusive, may be served at the direction of the court or justice by an 5 inspector or by a school attendance officer or by any officer qualified to 6 serve criminal process.

No person shall employ a child between fourteen and sixteen or permit him to work in, about or in connection with any factory, workshop, manufacturing, mechanical or mercantile establishment or in any employment as defined in section one, other than street trades as defined in sections sixty-nine to seventy-three, inclusive, unless the person employing him procures and keeps on file, accessible to the supervisors of attendance of the town, to agents of the department of education, and to the department of labor and industries or its authorized agents or inspectors, the employment certificate issued to such child, and keeps a complete list of the names and ages of all such children employed therein conspicuously posted near the principal entrance of the building where they are employed; provided, that pupils in co-operative courses in public schools may be employed by any co-operating factory, manufacturing, mechanical or mercantile establishment or workshop, or any employment as defined in section one, upon securing from the superintendent of schools a special certificate covering this type of employment. Children between fourteen and sixteen employed in private domestic service or service on farms shall be required to secure a special certificate issued by the superintendent of schools covering such employment. On termination of the employment of a child whose employment or special certificate is on file, said certificate shall be returned by the employer within two days after said termination to the office of the superintendent of schools or school committee from which it was issued. Any person who retains an employment certificate contrary to this section shall be punished by a fine of not less than ten nor more than one hundred dollars.

SECTION 87. An employment certificate shall be issued only by the superintendent of schools or by a person authorized by him in writing, or, where there is no superintendent of schools, by a person authorized in writing by the school committee of the town where the child to whom it is issued resides during his employment, or, if the child resides outside the commonwealth, of the town where the child is to be employed; provided, that no member of a school committee or other person authorized as aforesaid shall have authority to issue such certificate for any child then in or about to enter such person's own employment or the employment of a firm or corporation of which he is a member, officer or employee. If an employment certificate is issued to a child under sixteen authorizing employment in a town other than that of his residence, a duplicate thereof shall be sent forthwith to the superintendent of schools of the town where the employment is authorized.

The person issuing an employment certificate shall, before issuing it, receive, examine, approve and file the following papers, duly executed:

(2) The school record of such child, filled out and signed as provided in the following section, except when such record may be waived thereunder.
28 (3) A certificate, signed by a school or family physician, or by a

30 has been thoroughly examined by said physician, and in his opinion
31 is in sufficiently sound health and physically able to perform the work
32 which the child intends to do.
33 (4) Evidence of age, showing that the child is fourteen, which shall
34 consist of one of the following proofs of age:
35 (a) A birth certificate, or a duly attested transcript thereof, made
36 by a registrar of vital statistics or other officer charged with the duty
37 of recording births.
38 (b) A baptismal certificate, or a duly attested transcript thereof,
39 showing the age and date of baptism of the child.
40 (c) If none of the aforesaid proofs of age is obtainable, and only in
41 such case, the person issuing employment certificates may accept in
42 lieu thereof a passport or a duly attested immigration record, or tran-
43 script thereof, showing the age of the child, or other official or religious
44 record of the child's age: provided, that it shall appear to the satis-
45 faction of said person that the same is good and sufficient evidence of
46 the child's age.
47 (d) If none of the aforesaid proofs of age is obtainable, and only in
48 such case, the person issuing employment certificates may accept in
49 lieu thereof a record of age as given on the register of the school which
50 the child first attended in the commonwealth; provided, that such
51 record was kept for at least two years during the time when such child
52 attended school.
53 (e) If none of the aforesaid proofs of age is obtainable, and only in
54 such case, the person issuing employment certificates may receive the
55 signed statement of the school physician, or of the physician appointed
56 by the school committee, stating that after examination it is the opinion
57 of such physician that the child is at least fourteen. Such physician's
58 statement shall be accompanied by a statement signed by the child's
59 parent, guardian or custodian, or, if such child has no parent, guardian
60 or custodian, by the signed statement of the next adult friend. Such
61 signed statement shall contain the name, date and place of birth and
62 residence of the child, and shall certify that the parent, guardian, cus-
63 toodian or next friend signing it is unable to produce any of the proofs
64 of age specified in this section. Such statement shall be so signed in the
65 presence of the person issuing the employment certificate. The person
66 issuing employment certificates may, before issuing a certificate, re-
67 quire the parent, guardian, custodian, or next adult friend of the child
68 to appear and approve in writing the issuance of said certificate.
69 A certificate relating to the age or place of birth of any child or to
70 any other fact sought to be established in relation to school attendance
71 shall be issued, upon request, by a town clerk, and no fee shall be charged
72 therefor by a town clerk or other official.
73 The superintendent of schools or a person authorized by him in
74 writing may revoke the employment certificate or home permit of any
75 child failing to attend a continuation school or course of instruction
76 when so required by sections twenty-two and twenty-five of chapter
77 seventy-one. Whenever such a certificate authorizing employment of a
78 child elsewhere than in his place of residence is held by him the super-
79 intendent of schools of the town of his employment shall forthwith
80 notify the superintendent of schools issuing the certificate of the child's
81 failure to comply with said section twenty-two.
SECTION 88. The school record required by the preceding section shall be filled out and signed by the principal or teacher in charge of the school which the child last attended, and shall be furnished only to a child who, after due examination and investigation, is found to be entitled thereto. Said school record shall state the grade last completed by such child and the studies pursued in completion thereof. It shall state the number of days during which such child has attended school during the twelve months next preceding the time of application for said school record. It shall also give the name, date of birth, and the residence of the child as shown on the records of the school and the name of the parent, guardian or custodian. If the school record is not obtainable from the principal or teacher in charge of the school which such child last attended, the requirement of a school record may be waived.

No such school record shall be issued or accepted and no employment certificate granted unless the child possesses the educational qualifications described in section one of chapter seventy-six; provided, that a child over fourteen who does not possess such qualifications may be granted a limited employment certificate good only during hours when school is not in session.

No such school record shall be issued or accepted unless the child has regularly attended the public or other lawfully approved schools for not less than one hundred and thirty days after becoming thirteen; provided, that the school record may be accepted in the case of a person who has been an attendant at a public day or other lawfully approved school for a period of not less than seven years, if in the opinion of the superintendent of schools such person is mentally incapable of acquiring the educational qualifications herein prescribed; and provided, further, that the superintendent may suspend this requirement in any case when in his opinion the interests of the child will best be served thereby.

SECTION 89. The employment certificate required under this chapter shall state the name, sex, date and place of birth and the place of residence of the child, and describe the color of his hair and eyes and any distinguishing facial marks. It shall certify that the child named in such certificate has personally appeared before the person issuing the certificate and has been examined, and, except in the case of a limited certificate, found to possess the educational qualifications described in section one of chapter seventy-six, and that all the papers required by section eighty-seven have been duly examined, approved and filed and that all the conditions and requirements for issuing an employment certificate have been fulfilled. It shall state the grade last completed by said child. Every such certificate shall be signed in the presence of the person issuing the same by the child in whose name it is issued. It shall state the name of the employer for whom, and the nature of the employment in which, the certificate authorizes the child to be employed. It shall bear a number, show the date of its issue and be signed by the person issuing it. No fee shall be exacted by a town clerk or other official for an employment certificate or for any paper required by sections eighty-seven to ninety-five, inclusive. No duplicate employment certificate shall be issued until it shall appear to the satisfaction of the person authorized to issue certificates that the original has been lost.
A record giving all the facts contained on every employment certificate issued shall be filed in the office issuing the same, together with the papers required by section eighty-seven. A record shall also be kept of the names and addresses of all children to whom certificates have been refused, together with the names of the schools which said children should attend and the reasons for refusal. All the aforesaid records and papers shall be preserved until such children, if living, have become sixteen. Such records and statistics concerning the issuance of employment certificates as may be prescribed by the department of education shall be kept, and shall be open to the inspection of said department, its officers or agents. The blank certificates and other papers required in connection with the issuing of employment certificates and educational certificates under this chapter shall be furnished to the local school committees by the department of labor and industries, by which they shall be prepared after conference with the department of education and the approval of the forms thereof by the attorney general. Said certificates and papers may bear explanatory matter necessary to facilitate the enforcement of this chapter or to comply with future legislative requirements.

Section 90. Whoever employs a child under sixteen, or whoever procures, or, having under his control a child under sixteen, permits him to be employed in violation of section eighty-six, shall be punished by a fine of not less than ten nor more than fifty dollars or by imprisonment for not more than one month; and whoever continues to employ a child under sixteen in violation of said section, after being notified thereof by a supervisor of attendance or by an inspector, shall for every day thereafter while such employment continues be punished by a fine of not less than fifty nor more than two hundred dollars or by imprisonment for not more than two months; and whoever forges, or procures to be forged, or assists in forging a certificate of birth or other evidence of the age of such child, and whoever presents or assists in presenting a forged certificate or evidence of birth to the superintendent of schools or to a person authorized by law to issue certificates, for the purpose of fraudulently obtaining the employment certificate required by section eighty-six, shall be punished by a fine of not less than ten nor more than five hundred dollars or by imprisonment for not more than one year, or both. Whoever, being authorized to sign an employment certificate, knowingly certifies to any materially false statement therein shall be punished by a fine of not less than ten nor more than two hundred dollars. Whoever, without authority, alters an employment certificate after the same is issued shall be punished by a fine of ten dollars.

Section 91. The employer of any minor between fourteen and sixteen who is required by section twenty-two of chapter seventy-one to attend a continuation school or course of instruction shall cease forthwith to employ such minor when notified in writing by the superintendent of schools, or by his representative duly authorized in writing, having jurisdiction over such minor's attendance, of his non-attendance in accordance with said section. An employer failing to comply with this section shall be punished by a fine of not less than ten nor more than one hundred dollars.

Section 92. Supervisors of attendance may visit the factories, workshops, manufacturing, mechanical and mercantile establishments, theatres, and places of public exhibition in their several towns, and ascertain whether any children are employed therein contrary to this chapter, and shall report in writing any cases of such illegal employment to the superintendent of schools or the school committee and to the department or its authorized officers or agents. Inspectors shall visit all factories, workshops, manufacturing, mechanical and mercantile establishments within their respective districts, and ascertain whether any children are employed therein contrary to this chapter, and shall enter complaint against whomever is found to have violated any of its provisions. No inspector shall knowingly or wilfully violate any provision of this section.

Section 93. A supervisor of attendance shall apprehend and take to school, without a warrant, any minor employed in any factory, workshop, manufacturing, mechanical or mercantile establishment, or in any theatre or place of public exhibition contrary to this chapter; and such supervisor of attendance shall forthwith report to the district court or trial justice within whose judicial district the illegal employment occurs the evidence in his possession relating to the illegal employment of any minor so apprehended, and shall make complaint against whomever the court or trial justice may direct. No supervisor of attendance shall knowingly and wilfully violate any provision of this section.

Section 94. Inspectors, agents of the department of education and supervisors of attendance may require that the employment or educational certificates and lists of minors employed in any establishment or occupation for which employment or educational certificates are required shall be produced for their inspection. A failure so to do upon request shall be prima facie evidence of the illegal employment of any minor whose certificate is not produced or whose name is not so listed.

Section 95. No minor over sixteen and under twenty-one shall be employed in a factory, workshop, manufacturing, mechanical or mercantile establishment, or in a public or private bowling alley, pool or billiard room, bootblack stand or establishment, barber shop, or in the construction or repair of buildings, or by an express or transportation company, except as provided for pupils in co-operative courses, unless his employer procures and keeps on file an educational certificate showing the age of the minor and whether or not he meets the requirements for the completion of the sixth grade of the public schools of the town where he resides. Such certificates shall be issued by the person authorized by section eighty-seven to issue employment certificates. The person authorized to issue such educational certificates shall, so far as practicable, require the proof of age stated in said section. He shall examine the minor and certify whether or not he meets the requirements for the completion of the sixth grade as aforesaid. Every such certificate shall be signed, in the presence of the person issuing it, by the minor in whose name it is issued.

Every employer of such minors shall keep their educational certificates accessible to any officer mentioned in section ninety-two and shall return
LABOR AND INDUSTRIES.

20 said certificates to the office from which they were issued within two
21 days after the date of the termination of the employment of said minors.
22 If the educational certificate of any minor over sixteen and under twenty-
23 one fails to show that said minor meets the requirements for the com-
24 pletion of the sixth grade as aforesaid, no person shall employ such
25 minor while a public evening school is maintained in the town where the
26 minor resides or in the town of employment if he is authorized to attend
27 a public evening school therein, unless such minor is a regular attend-
28 ant at such evening school or at a day school and presents to his em-
29 ployer each week a school record of such attendance. When such record
30 shows unexcused absences, such attendance shall be deemed to be ir-
31 regular and insufficient. The person authorized to issue educational
32 certificates, or teachers acting under his authority, may, however, excuse
33 justifiable absence or waive the school attendance requirements of this
34 section if in the opinion of the school physician the physical or mental
35 condition of a minor is such as to render attendance harmful or im-
36 practicable. Whoever retains an educational certificate contrary to this
37 section or fraudulently secures or alters such certificate shall be punished
38 by a fine of not less than ten nor more than one hundred dollars.

1 Section 96. Sections eighty-six to ninety-five, inclusive, shall not
2 prevent children of any age from receiving manual training or indus-
3 trial education in or in connection with any school in the common-
4 wealth duly approved by the local school committee or by the depart-
5 ment of education.

1 Section 97. Whoever employs a minor in violation of section
2 ninety-five shall be punished by a fine of not more than one hundred
3 dollars.

1 1887, 433, § 2. 1894, 568, § 70. 1902, 183.

1 Section 98. A parent, guardian or custodian who permits a minor
2 to be employed in violation of section ninety-five shall be punished
3 by a fine of not more than twenty dollars. Fines imposed under this
4 and the preceding section shall entitle to the use of the evening schools
5 of the town where the violation occurs.

1 Section 99. Women and children, five or more in number, who are
2 employed in the same factory shall be allowed their mealtimes at the
3 same hour, except that any such persons who begin work in such factory
4 at a later hour in the morning than other such persons employed therein
5 may be allowed their mealtimes at a different hour; but no such persons
6 shall be employed during the regular meal hour in tending the machines
7 or doing the work of any other women or children in addition to their
8 own.

1 Section 100. No child or woman shall be employed for more than
2 six hours at one time in a factory or workshop in which five or more

ends not later than one o'clock in the afternoon and if he or she is then
6 dismissed from the factory or workshop for the remainder of the day; or
7 for not more than seven and one half hours at one time if he or she is
8 allowed sufficient opportunity for eating a lunch during the continuance
9 of such employment, and if such employment ends not later than two
10 o'clock in the afternoon, and he or she is then dismissed from the factory
11 or workshop for the remainder of the day. An employer, superintendent,
12 overseer or agent who violates any provision of this or the preceding
13 section shall be punished by a fine of not less than fifty nor more than
14 one hundred dollars.

Section 101. The two preceding sections shall not apply to iron
1 works, glass works, paper mills, letterpress establishments, print works,
2 bleaching works or dyeing works; and the department, if it is proved to
3 its satisfaction that in any other class of factories or workshops it is
4 necessary, by reason of the continuous nature of the processes or of
5 special circumstances affecting such class, to exempt it from the two
6 preceding sections and that such exemption can be made without injury
7 to the health of the women or children affected thereby, may, with the
8 approval of the governor, issue a certificate granting such exemption,
9 public notice whereof shall, without expense to the commonwealth, 10
be given in the manner directed by said department.

Section 102. If a minor or a woman shall, without the orders,
1 consent or knowledge of the employer or of the superintendent, over-
2 see or other agent of the employer, labor in a manufacturing or me-
3 chanical establishment, factory or workshop during a part of any time
4 allowed for meals in such establishment, factory or workshop, according
5 to the notice required by section fifty-six, and if a copy of such notice
6 was posted in a conspicuous place in the room where such labor was
7 performed, with a rule of the establishment, factory or workshop for-
8 biding such minor or woman to labor during such time, neither the
9 employer nor a superintendent, overseer or other agent of the employer
10 shall be held responsible for such labor.

Section 103. Whoever employs women or children in any manu-
1 facturing, mechanical or mercantile establishment shall provide for
2 their use and permit them to use suitable seats whenever they are not
3 necessarily engaged in the active duties of their employment, and shall
4 also provide for their use and permit them to use suitable seats while
5 at work, except when the work cannot properly be performed in a sitting
6 position. Whoever violates this section shall be punished by a fine of
7 not less than ten nor more than thirty dollars.

Section 104. No person shall employ, exhibit or sell, apprentice or
give away, a child under fifteen for the purpose of employing or ex-
hibiting him in dancing on the stage, playing on musical instruments,
singing, walking on a wire or rope, or riding or performing as a gymnast,
contortionist or acrobat in a circus, theatrical exhibition or in any public
place, or cause, procure or encourage such child to engage therein; but
this section shall not prevent the education of children in vocal and
instrumental music or dancing or their employment as musicians in a
church, chapel, school or school exhibition, or prevent their taking part
in any festival, concert or musical exhibition upon the special written
permission of the aldermen or selectmen. Whoever violates this section
shall be punished by a fine of not more than two hundred dollars or by
imprisonment for not more than six months.

1 Section 105. A license shall not be granted for a theatrical exhibi-
tion or public show in which children under fifteen are employed as
acrobats or contortionists or in any feats of gymnastics or equestrianism,
or in which such children attending the public schools are employed or
allowed to take part as performers on the stage in any capacity, or if,
in the opinion of the board authorized to grant licenses, such children
are employed in such a manner as to corrupt their morals or impair
their health; but this section shall not prevent granting the special per-
mission authorized by the preceding section.

PROVISIONS AS TO HEALTH AND SAFETY.

1 Section 106. All industrial establishments shall provide fresh and
drinking water to which their employees shall have access during
working hours. Any person owning, in whole or in part, managing,
controlling or superintending any industrial establishment in which this
section is violated shall, on the complaint of the local board of health,
the selectmen of a town or an inspector, be punished by a fine of one
hundred dollars.

1 Section 107. The water used for humidifying purposes by any
person operating a factory or workshop shall be of such a degree of
purity as not to give rise to any impure or foul odors, and shall be so
used as not to be injurious to the health of persons employed in such
factories or workshops. Whoever violates this section shall be punished
by a fine of not less than ten nor more than one thousand dollars.

1 Section 108. In every weaving and spinning department in a textile
factory wherein water is introduced for humidifying purposes there
shall be provided, maintained and kept in correct working order, for
the purpose of recording and regulating the humidity of the atmosphere
and the temperature, at least one set of standardized wet and dry bulb
thermometers, and, if required by an inspector, two sets of such ther-

mometers, and the following regulations shall be observed in their use:
(a) The thermometers shall be placed as directed or sanctioned by an
inspector, and be plainly visible to the workers. (b) The occupier or
manager or person for the time being in charge of the weaving or spin-
ing department shall read the thermometers thrice in the day, namely,
twelve between seven and eight o'clock in the forenoon, between ten and eleven
o'clock in the forenoon and between three and four o'clock, except in
14 rooms lighted by gas, and then between four and five o'clock, in the
afternoon of every day when persons are employed in any weaving
or spinning department, and he shall record the readings of each ther-

mometer in such department at each of the said times upon a form
provided therefor, which, together with the regulations relating thereto,
shall be furnished by the department of labor and industries. The
records of the readings shall not be destroyed until the inspector in
whose district the factory is situated has examined them and given his
consent to their destruction.
SECTION 109. The preceding section shall not apply to textile factories equipped with such a number and type of standardized self-registering hygrometers, or psychrometers, or such a hygrometric system as the department approves, or using the sling hygrometer frequently to determine the actual moisture and temperature of the weaving or spinning department; provided, that the manner of using all such instruments or such system is approved by the industrial health inspector in whose district the factory is situated, and that the records of the readings from said instruments or system are not destroyed without the knowledge and consent of such inspector.

SECTION 110. No owner, occupier or manager or person for the time being in charge of a textile factory shall permit the relative humidity in a weaving or spinning department in the textile factory under his control to exceed the following limits:

SECTION 111. Water used for humidifying purposes in a textile factory shall be taken either from a public supply of drinking water, or from some other source of pure water, or from a supply of water which, although in the opinion of the department not suitable for drinking purposes, is sufficiently free from impurities to be not dangerous to the health of employees when used for humidifying purposes; and all ducts for the introduction or distribution of humidified air shall be kept clean.

SECTION 112. Whoever fails to comply with any provision of sections one hundred and eight to one hundred and eleven, inclusive, after being requested so to do by an inspector, shall be punished by a fine of not more than fifty dollars.

SECTION 113. Every factory, workshop, manufacturing, mechanical and mercantile establishment shall be well lighted, well ventilated and kept clean and free from unsanitary conditions, according to reasonable rules and regulations adopted by the department with reference thereto.
1 Section 114. The industrial health inspectors shall, when obtaining
2 information concerning the proper lighting of industrial establishments,
3 make such investigation concerning the eye and vision in their relation
4 to occupational diseases, including injuries to the eyes of employees
5 and to the pathological effects produced or promoted by the circum-
6 stances under which the various occupations are carried on, as in the
7 opinion of the department is practicable, and it shall from time to time
8 issue such printed matter containing suggestions to employers and
9 employees for the protection of the eyes of the employees as it may
10 deem advisable.

1 Section 115. If it appears to an inspector that in any industrial
2 establishment, from the nature of the work or the machinery used in
3 connection therewith, or from other circumstances, there is danger of
4 injury to the eyes of employees engaged in such work, and that the
5 danger of injury may be decreased or prevented by any mechanical
6 device or other practicable means, he shall, if the department so directs,
7 order in writing that such device or other means shall be provided
8 therein; and the proprietors and managers of the industrial establish-
9 ment shall comply with the order. Violations of this section shall be pun-
10 ished by a fine of not less than five nor more than two hundred dollars
11 for each week during which the violation continues, but a criminal
12 prosecution for such violation shall not be begun unless a person has for
13 four weeks after the receipt of a written order from an inspector neglected
14 to comply therewith.

1 Section 116. Upon the request of any inspector of the division of
2 inspection of the department of public safety or upon the request of
3 any five employees in a factory or workshop, the department shall
4 investigate and ascertain whether or not such factory or workshop is
5 adequately lighted. If the department is of opinion, after such investi-
6 gation, that the factory or workshop is not properly lighted, it shall
7 notify the owner or person in charge, and shall specify what changes
8 should be made in order to light it properly, and the owner or lessee
9 thereof shall make the changes so specified as soon as it can be done
10 with reasonable diligence. If such owner or lessee fails to comply with
11 any such order he shall be punished by a fine of not more than five hun-
12 dred dollars, provided such failure is not the result of causes beyond
13 his control.

1 Section 117. A factory where five or more persons and a workshop
2 where five or more women or children are employed shall, while work is
3 carried on therein, be so ventilated that the air shall not become so
4 impure as to be injurious to the health of the persons employed therein.
5 A factory or workshop where more than one person is employed shall
6 be so ventilated that all gases, vapors, dust or other impurities injurious
7 to health, generated in the course of the manufacturing process or
8 handicraft carried on therein, shall so far as practicable be rendered
9 harmless.

1 Section 118. If, in such a workshop or factory, any process is car-
2 ried on by which dust is caused which may be inhaled to an injurious
3 extent by the persons employed therein, and it appears to an inspector
4 of factories.
that such inhalation would be substantially diminished without unrea-
sonable expense by the use of a fan or by other mechanical means, such
fan or other mechanical means, if he so directs, shall be provided,
maintained and used.

Section 119. Any person operating a factory or workshop where
emery wheels or belts or buffing wheels or belts injurious to the health
of employees are used shall provide such wheels and belts with a hood
or hopper connected with suction pipes, and with fans or blowers, in
accordance with the following section, which apparatus shall be so
placed and operated as to protect any person using such wheel or belt
from the particles or dust produced by its operation, and to convey
the particles or dust either outside of the building or to some receptacle
so placed as to receive and confine them.

Section 120. Every such wheel shall be fitted with a hood or hopper
of such form and so placed that the particles or dust produced by the
operation of the wheel or of any belt connected therewith shall fall or
will be thrown into such hood or hopper by centrifugal force; and the
fans or blowers shall be of such size and shall be run at such speed as
will produce a volume and velocity of air in the suction and discharge
pipes sufficient to convey all particles or dust from the hood or hopper
through the suction pipes and so outside of the building or to a receptacle
as aforesaid. The hoods or hoppers shall be so constructed and the
suction pipes and connections shall be suitable and efficacious and such
as shall be approved by the department.

Section 121. The two preceding sections shall not apply to grind-
ing machines upon which water is used at the point of grinding con-
tact, nor to solid emery wheels used in sawmills or in planing mills
or in other woodworking establishments, nor to any emery wheel six
inches or less in diameter used in establishments where the principal
business is not emery wheel grinding.

Section 122. Violations of sections one hundred and seventeen to
one hundred and twenty-one, inclusive, shall be punished for the first
offence by a fine of not less than twenty-five nor more than one hundred
dollars, and for a subsequent offence by the fine aforesaid or by impris-
onment in jail for not more than two months, or both. A criminal
prosecution for the violation of section one hundred and seventeen or
one hundred and eighteen shall not be begun unless an employer has
for four weeks after the receipt of a written order from an inspector
neglected to comply therewith.

Section 123. Inspectors, upon receipt of a notice signed by any
person having knowledge of the facts that any factory or workshop
subject to sections one hundred and nineteen and one hundred and
twenty is not provided with the apparatus prescribed thereby, shall
visit and inspect such factory or workshop, and for that purpose may
enter therein during working hours; and if they ascertain that the
owner, proprietor or manager thereof has failed to comply with said
sections, they shall make complaint to a court or trial justice having
jurisdiction, and cause such owner, proprietor or manager to be
prosecuted.
1 Section 124. In every manufacturing establishment where the
machinery is operated by steam, communication shall be provided
between each room where such machinery is placed and the room where
the engineer is stationed by means of speaking tubes, electric bells or
appliances to control the motive power, or such other means as shall
be satisfactory to an inspector, if in his opinion such communication
is necessary.

1 Section 125. An occupant or manager of a manufacturing establish-
ment who violates the preceding section shall forfeit to the common-
wealth not less than twenty-five nor more than one hundred dollars.
No prosecution for such violation shall be begun unless a person has
for four weeks after the receipt of a written order from an inspector
neglected to comply therewith.

1 Section 126. No outside or inside doors of any building where
operatives are employed shall be so locked, bolted or otherwise fastened
during the hours of labor as to prevent free egress. Any person having
charge of a building or room therein any exit door of which shall be
found locked, bolted or otherwise fastened contrary to this section
shall be punished by a fine of not less than twenty-five nor more than
five hundred dollars or by imprisonment for not more than one year,
8 or both.

1914, 506.

1 Section 127. The belting, shafting, gearing, drums and all ma-
chinery having movable parts in all factories, workshops, mechanical
3 and mercantile establishments, if so placed as, in the opinion of the
4 department, to be dangerous to employees while engaged in their ordi-
nary duties, shall be securely guarded so far as practicable. No ma-
chinery except steam engines in a factory, workshop, mechanical or
mercantile establishment shall be cleaned while running if written ob-
servation is made by an inspector.

1919, 350, § 69.
[Penalty, § 180.]

1 Section 128. The owner of a cotton factory erected after May
2 twenty-eighth, eighteen hundred and ninety-six, in which there is any
3 traversing carriage of a self-acting mule installed, or of any cotton fac-
tory erected previously to such date in which thereafter such traversing
5 carriage is installed, who permits such carriage to travel within twelve
6 inches of any pillar, column, pier or fixed structure, shall be punished
7 by a fine of not less than twenty nor more than fifty dollars.

1 Section 129. The openings of hoistways, hatchways and well
holes upon every floor of a factory or mercantile building shall be pro-
tected by sufficient trapdoors or self-closing hatches, or such other
safeguards as an inspector directs; and due diligence shall be used to
keep such trapdoors closed at all times except when in actual use by
the occupant of the building having the use and control of the same.
SECTION 130. Explosive or inflammable compounds shall not be so stored or used in any factory as to obstruct or render hazardous the egress of operatives in case of fire.

R. L. 104, § 47.

[Penalty, § 180.]

SECTION 131. Any person owning, managing or operating a factory where looms are used shall equip them with such guards or other devices as will prevent injury to employees from shuttles falling or being thrown from the looms. Such guards or devices shall be made of such material and be placed in such manner as shall be approved by the department. Whoever violates this section shall be punished by a fine of not more than one hundred dollars for every week during which the violation continues.

SECTION 132. No proprietor of a factory nor any officer or agent or other person shall require or permit the use of suction shuttles, or any form of shuttle in the use of which any part of the shuttle or any thread is put in the mouth or touched by the lips of the operator. Whoever violates this section shall be punished by a fine of not less than fifty dollars.

SECTION 133. In every industrial establishment there shall be provided suitable, adequate and convenient water closets and washing facilities, separate for each sex and plainly so designated, of such number, in such location, and so constructed, lighted, ventilated, arranged and maintained as may be determined by such reasonable rules and regulations as the department may adopt. No person shall be allowed to use a closet or privy provided for the use of persons of the opposite sex. If any such establishment is so located that a connection with a sewer system is, in the opinion of the department, impossible or impracticable, it shall provide such suitable toilet and washing facilities as the department may require.

SECTION 134. The owner, lessee or occupant of every such establishment shall make the changes necessary to conform thereto. If such changes are made upon the order of an inspector by the occupant or lessee, he may, within thirty days after completion, bring an action against any other person having an interest in such premises, and may recover such proportion of the expense of making such changes as the court shall determine. The judges should justly and equitably bear the cost of such action.

SECTION 135. A criminal prosecution shall not be begun against a person for a violation of any provision of the two preceding sections unless he has, for four weeks after the receipt of a written notice from an inspector of the changes necessary to comply with said sections, neglected to make such changes. A notice shall be sufficient under this section if given to one member of a firm, or to the clerk, cashier, secretary, agent or any other officer having charge of the business of a corporation, or to its attorney, or, in case of a foreign corporation, to the officer having charge of such factory or workshop; and such officer shall be personally liable for the amount of any fine if a judgment against the corporation is unsatisfied.
1. **Section 136.** If it appears to an inspector that any act, neglect or fault in relation to any drain, water closet, earth closet, privy, ash pit, water supply, nuisance or other matter in any industrial establishment is punishable or remediable under any law relative to the preservation of the public health, but not under this chapter, he shall give written notice thereof to the board of health of the town where such establishment is situated, and such board of health shall thereupon inquire into the subject of the notice and enforce the laws relative thereto.

2. **Section 137.** The proprietor of every foundry engaged in the casting of iron, brass, steel or other metal, and employing ten or more men, shall establish and maintain, except in towns where it would be impracticable by reason of the absence of public or private sewerage or of any running water system, a toilet room of suitable size and condition for the men to change their clothes therein, and provided with wash bowls, sinks or other suitable set appliances connected with running hot and cold water, and also a water closet connected with running water and separated from the said toilet room. The said water closet and toilet room shall be connected directly with the foundry building, properly heated, ventilated and protected, so far as may be reasonably practicable, from the dust of the foundry. Whoever fails to comply with this section after being requested so to do by an inspector shall be punished by a fine of not more than fifty dollars.

3. **Section 138.** Whoever wilfully destroys, defaces, injures or defiles any toilet appliances provided in any place of employment shall be punished by a fine of not more than fifty dollars.

1914, 164.

4. **Section 139.** In any mercantile or manufacturing establishment or hotel where the nature of the work renders it necessary for any or all employees, before beginning work, to make a substantially complete change of clothing, exclusive of underwear, separate lockers, closets or other receptacles, each with a lock and key, shall be provided for the use of such employees. Whoever violates this section shall be punished by a fine of not less than five nor more than twenty dollars.

5. **Section 140.** Suitable receptacles for expectoration shall be provided in all factories and workshops by the proprietors thereof, the same to be of such form, construction and number as shall be satisfactory to the board of health of the town where the factory or workshop is situated.

of such person or family. Every person hiring, employing or contracting
with a member of a family holding a license hereunder for making, altering, repairing or finishing wearing apparel to be done outside the

WEEKLY PAYMENT OF WAGES.

1 Section 148. Every person engaged in carrying on in a city a hotel
2 or club, and every person engaged in carrying on within the common-
3 wealth a theater, moving picture house, dance hall, factory, workshop,
4 manufacturing, mechanical or mercantile establishment, mine, quarry,
5 railroad or street railway, or telephone, telegraph, express, transporta-
6 tion or water company, or in the erection, alteration, repair or removal
7 of any building or structure, or the construction or repair of any railroad
8 street railway, road, bridge, sewer, gas, water or electric light works,
9 pipes or lines, and every contractor engaged in the business of grading,
10 laying out or caring for the grounds surrounding any building or struc-
11 ture, shall pay weekly each employee engaged in his business, and every
12 person employing musicians, janitors, porters or watchmen shall pay
13 weekly each such employee, the wages earned by him to within six days,
14 of the date of said payment if employed for six days in a week or to
15 within seven days of the date of said payment if employed seven days
16 in the week, or, in the case of an employee who has worked for a period
17 of less than six days, hereinafter called a casual employee, shall, within
18 seven days after the termination of such period, pay the wages earned
19 by such casual employee during such period; but any employee leaving
20 his employment shall be paid in full on the following regular pay day.

163 Mass. 559.
and any employee discharged from such employment shall be paid in full on the day of his discharge, or in Boston as soon as the laws requiring pay rolls, bills and accounts to be certified shall have been complied with; and the commonwealth, its departments, officers, boards and commissions shall so pay every mechanic, workman and laborer employed by it or them, and every person employed by it or them in any penal or charitable institution, and every county and city shall so pay every employee engaged in its business the wages or salary earned by him, unless such mechanic, workman, laborer or employee requests in writing to be paid in a different manner; and every town shall so pay each employee in its business if so required by him; but an employee absent from his regular place of labor at a time fixed for payment shall be paid thereafter on demand. This section shall not apply to an employee of a co-operative corporation or association if he is a stockholder therein unless he requests such corporation to pay him weekly, nor to casual employees as hereinafore defined employed by the commonwealth or by a county, city or town. The department of public utilities, after hearing, may exempt any railroad corporation from paying weekly any of its employees if it appears that such employees prefer less frequent payments, and that their interests and the interests of the public will not suffer thereby. No person shall by a special contract with an employee or by any other means exempt himself from this section or section one hundred and fifty. Whoever violates this section shall be punished by a fine of not less than ten nor more than fifty dollars or by imprisonment in the house of correction for not more than two months, or both.

Section 149. A justice or clerk of a district court, or a trial justice, may upon the application of any employee issue a summons to an employer to appear and show cause why a warrant should not issue against him for a violation of the preceding section. Upon the return of such summons and after a hearing the justice may issue a warrant upon the complaint of any such employee.

Section 150. The department may make complaint against any person for a violation of section one hundred and forty-eight within three months after the date thereof. On the trial no defence for failure to pay as required, other than the attachment of such wages by trustee process or a valid assignment thereof or a valid set-off against the same, or the absence of the employee from his regular place of labor at the time of payment, or an actual tender to such employee at the time of payment of the wages so earned by him, shall be valid. The defendant shall not set up as a defence a payment of wages after the bringing of the complaint. An assignment of future wages payable weekly under section one hundred and forty-eight shall not be valid if made to the person from whom such wages are to become due or to any person on his behalf, or if made or procured to be made to another person for the purpose of relieving the employer from the obligation to pay weekly.

Section 151. Persons carrying on any manufacturing business employing one hundred or more persons shall, on the day chosen as pay day, pay such of their employees as are on that day working in the manufacturing establishment, before the close of the regular working hours.
1 Section 152. There shall not be deducted from the wages of an employee in any factory, workshop, manufacturing, mechanical or mercantile establishment, or from the wages of a mechanic, workman or laborer, on account of the employee's coming late to work, a sum in excess of the proportionate wage which would have been earned during the time actually lost. Whoever violates this or the preceding section shall be punished by a fine of not more than fifty dollars.

1 Section 153. No system used by manufacturers for grading the work of a weaver shall affect or lessen the wages of the weaver except for imperfections in his own work; and in no case shall the wages of those engaged in weaving be affected by fines or otherwise unless the imperfections complained of are first exhibited and pointed out to the person whose wages are to be affected; and a fine shall not be imposed upon any person for imperfect weaving unless this section is first complied with and the amount of the fines is agreed upon by both parties.

1 Section 154. No employer shall impose a fine upon an employee engaged at weaving for imperfections arising during the process of weaving. Whoever violates this or the preceding section shall for the first offence be punished by a fine of not more than one hundred dollars and for a subsequent offence by a fine of not more than three hundred dollars.

1 Section 155. The occupier or manager of every cotton factory shall supply to each person engaged as a weaver in said factory and paid by the piece, cut or yard a printed or written ticket with each warp which shall contain the following specifications as to the work to be done and wages paid: the number of cuts, the number of yards per cut or piece, the price per yard, cut or piece, the number of picks per inch and the number of reeds to the inch. Said occupier or manager shall also supply to each person engaged as a frame tender a specification of the number of roving and price per hank, and to each person engaged as a warper or web drawer a specification of the number of threads in the warp and the rate of compensation, and to each operative paid by the pound a specification of the price to be paid per pound; said specification shall be furnished in each case on a printed or written ticket within three days after said operative begins work.

1 Section 156. The occupier or manager of every textile factory shall post in every room where any employees work by the job, in legible writing or printing, and in sufficient numbers to be easily accessible to such employees, specifications of the character of each kind of work to be done by them, and the rate of compensation. Such specifications in the case of weaving rooms shall state the intended and maximum length of a cut or piece, the count per inch of reed, and the number of picks per inch, width of loom, width of cloth woven in the loom, and the price per cut or piece, or per pound; or, if payment is made per pick or per yard, the price per pick or per yard; and each warp shall bear a designating ticket or mark of identification. In roving or spinning rooms, the number of roving or yarn and the price per hank for each size machine shall be stated; and each machine shall bear a ticket stating the number of the roving or yarn made upon it. In spooling...
rooms the boxes shall bear a ticket stating the number of pounds the box contains and the price per pound. The maximum length of a cut or 16 piece shall not exceed its intended length by more than three per cent; but if it appears that a variation in excess of the amount hereinbefore set forth has been caused in whole or in part by any weaver in the employment of any person charged with the violation of this section, it shall be deemed a sufficient defence to a prosecution. The said specifications shall also contain a detailed schedule of the method of computation of the price of cotton or silk or mixed cotton and silk weaving to be paid by the said occupier or manager, and no particular in the specifications shall be expressed by means of symbols, but every particular shall be sufficiently clear and complete to enable the operative to determine readily the price payable for the cut or piece. Violation of any provision of this section shall for the first offence be punished by a fine of one hundred dollars, for the second offence by a fine of two hundred dollars, and for a subsequent offence by a fine of five hundred dollars or by imprisonment for not more than one month, or both.

**SECTION 157.** Violation of any provision of section one hundred and fifty-five shall for the first offence be punished by a fine of not less than twenty-five nor more than fifty dollars, and for a subsequent offence by a fine of not less than fifty nor more than one hundred dollars. Whoever interferes with an inspector in the discharge of his duties in connection with the two preceding sections shall be punished as provided in this section.

**SECTION 158.** Deductions shall not be made from the wages of women or children paid by the day or hour, and employed in manufacturing or mechanical establishments, while machinery is stopped, if said women or children are refused the privilege of leaving the mill while the damage to said machinery is being repaired; and if they are detained in their workrooms during such time they shall not be compelled to make up time lost by such stopping unless compensated therefor at their regular rates of wages. Whoever violates this section shall be punished by a fine of not more than twenty dollars.

**SECTION 158A.** Whoever requires or permits a woman or a minor, as a condition of securing employment, to work in any factory, workshop, manufacturing, mechanical or mercantile establishment without monetary compensation shall be punished by a fine of not more than fifty dollars.

**SECTION 159.** A person engaged in manufacturing who requires from his employees, under penalty or forfeiture of a part of the wages earned by them, a notice of intention to leave such employ shall be liable to a like forfeiture, if, without similar notice, he discharges an employee.

**FREE EMPLOYMENT OFFICES.**

**SECTION 160.** The department may establish and maintain in such cities as may be selected by it after investigation, with the approval of the governor and council, employment offices for the purpose of bring-
4 ing together those seeking employment and those desiring to employ,
5 and may maintain such offices now established. The commissioner
6 shall make an annual report as to free employment offices.

1 1919, 350, § 69.

1 1 SECTION 161. The commissioner shall appoint for each of the offices
2 provided for in the preceding section a superintendent who shall, under
3 the direction of the commissioner, perform the duties hereinafter set
4 forth or such as he may require. The commissioner may also appoint
5 an assistant superintendent and such clerks as he may deem necessary
6 for the proper conduct of the business of said employment offices. The
7 location of each office established under the preceding section shall be
8 plainly indicated by a proper sign.

1 1 SECTION 162. The superintendents of said employment offices shall
2 receive applications from those seeking employment and from those
3 desiring to employ, and shall register them in such manner as may be
4 prescribed by the commissioner, and shall take such other action as
5 the commissioner may deem best to promote the purposes of said offices.
6 Said superintendents shall also receive applications from alien immi-
7 grants seeking employment in agricultural labor and from those de-
8 siring to employ immigrants in agricultural labor, and shall take such
9 other action as the commissioner may deem best to promote a more
10 general distribution of alien immigrants throughout the agricultural sec-
11 tions of the commonwealth. In directing applicants for employment to
12 an employer in whose establishment a strike is in progress, the com-
13 missioner, superintendents or other departmental employees shall inform
14 the applicant of the strike.

1 1 SECTION 163. No fees shall in any case be taken from those seeking
2 the benefits of said employment offices. Any superintendent or clerk
3 who directly or indirectly charges or receives any fee in the performance
4 of his duties shall be punished by a fine of not more than one hundred
5 dollars or by imprisonment in jail for not more than one month, and
6 shall be disqualified from holding further connection with said office.

1 1 SECTION 164. In registering applications for employment and for
2 employees wanted, preference shall be given to residents of the com-
3 monwealth.

1 1908, 485, § 4.
1 1909, 514, §§ 5, 145.

1 1 SECTION 165. Each superintendent shall make to the commissioner
2 such reports of applications for labor or employment and of other details
3 of the work of his office as the commissioner may require. The com-
4 missioner shall cause reports showing the business of the several offices
5 to be prepared at regular intervals and to be exchanged among the
6 said offices, and shall supply them to the newspapers and to citizens
7 upon request; and the several superintendents shall post such reports
8 in a conspicuous place in their offices so that they may be open to public
9 inspection.

1 1 SECTION 166. There shall be allowed and paid, upon the approval
2 of the commissioner, for salaries and for contingent expenses in con-
3 nection with the establishment and maintenance of free employment
4 offices, such sum as the general court may annually appropriate therefor.

Section 167. The commissioner may furnish weekly to the clerks of all towns in the commonwealth printed bulletins showing the demand for employment, classified by occupations to such extent as may be practicable and indicating the town where the employees are wanted. Such information shall be based upon the applications for employees under this chapter.

Section 168. Every town clerk shall post the lists received as aforesaid in one or more conspicuous places in the town. A town clerk who fails to comply with this section shall be punished by a fine of not more than ten dollars.

Statistics of labor and manufactures.

Commissioner, etc., may require attendance of witnesses, etc. 1869, Res. 102. P. S. 31, § 14. R. L. 107, § 2. 1908, 462, § 1. 1909, 671, §§ 2, 10.

Section 169. For the purpose of compiling statistics as required by the following section, the commissioner or a person in the department designated by him may require the attendance of witnesses and the production of books and documents, and may examine witnesses on oath; and such witnesses shall be examined in the same manner and paid the same fees as in the superior court.

1919, 350, § 69.

Section 170. The commissioner shall make an annual report of the acts of the department relative to statistics. He shall prepare annually for distribution as public documents a report on the statistics of labor which shall embody statistical and other information relating especially to labor affairs in the commonwealth, and a report on the statistics of manufactures to be gathered as provided in the following section. The state secretary shall print for the use of the department and other purposes such numbers of these reports as the division of personnel and standardization may designate. The commissioner may publish, at such intervals as he deems expedient, bulletins or special reports relative to industrial or economic matters.

1912, 560, § 1. 1919, 350, § 69.

Section 171. The commissioner shall prepare a schedule for the collection of such data as may, in his judgment, be desirable for the proper presentation of statistics of manufactures and the promotion of the industrial welfare of the commonwealth; and the said schedule, unless modified by the commissioner, shall embody inquiries as to —

1. Name of person, partnership or corporation.
2. Kind of goods manufactured or business done.
3. Number of partners or stockholders.
5. Principal stock or raw material used, and total value thereof.
7. Average number of persons employed, distinguishing as to sex, adults and children.
8. Smallest number of persons employed and in what month.

18 (11) Proportion that the business of the year bore to the greatest
capacity for production of the establishment.
19 (12) Number of weeks in operation during the year, part time being
21 reduced to full time.
22 The said schedule shall be sent by mail annually, on or before Decem-
23 ber fifteenth, to the owner, operator or manager of every manufactur-
24 ing establishment in the commonwealth; and such owner, operator or
25 manager, or any other person to whom the schedule is sent, shall answer
26 the inquiries thereon and return the same to the department, properly
27 certified as to its accuracy, not later than January twentieth following,
28 but the commissioner may extend the time. The commissioner may
29 suspend the operation of this section, in years when the United States
30 takes a census of manufactures in Massachusetts, to such degree as may
31 be necessary in order to facilitate co-operation between said department
32 and the federal census authorities in the collection and compilation of
33 the statistics of Massachusetts manufactures in such census years, and
34 the avoidance of needless duplication of labor and expense.

1 Section 172. Information so collected shall not be used by the
department, either by publication or in any other manner, so as to dis-
close the private affairs of any person, and the department shall hold
all such information to be strictly confidential. Any officer, agent or
employee of said department who violates this provision shall be pun-
ished by a fine of not more than five hundred dollars or by imprison-
ment for not more than one year; but this section shall not be construed

Section 177. A person may, if his property is in danger, call upon the regular police authorities in the commonwealth for assistance in its protection, and this and the preceding section shall not limit or diminish such right; but no person shall request or authorize any person or body of persons not residents of the commonwealth, except regular employees, to assist such person with arms in the defence of his property, and no such request or authority shall justify an assault or attack with arms by a non-resident. Whoever, being an employer of labor, requests or authorizes assistance in violation of this section, and whoever renders such assistance with arms, shall be severally liable in damages to each person injured in person or property thereby.

Section 177A. No person shall, by a special contract with his employees, exempt himself from liability which he may be under to them for injuries suffered by them in their employment and resulting from the negligence of the employer or of a person in his employ.

Section 178. No owner, superintendent or overseer in any manufacturing, mechanical or mercantile establishment shall employ or permit to be employed therein any person entitled to vote at an election, during the period of two hours after the opening of the polls in the voting precinct, ward or town in which such person is entitled to vote, if he shall make application for leave of absence during such period.

Section 179. The department may require employers to post in conspicuous positions in any place of employment such placards, posters or signs for the information of employees as it may issue.

Section 179A. In the awarding of contracts for public work by the commonwealth or by a county, city or town or by persons contracting therewith to do such work, preference shall be given to persons who are citizens of the United States and to partnerships all of whose members are such citizens. Any person who knowingly and wilfully violates this section shall be punished by a fine of not more than two hundred dollars. Nothing in this section shall require the acceptance of a higher bid in preference to a lower bid.

Section 180. Whoever violates a provision of this chapter for which no specific penalty is provided shall be punished by a fine of not more than one hundred dollars.
CHAPTER 150.

CONCILIATION AND ARBITRATION OF INDUSTRIAL DISPUTES.

Section 1. The board of conciliation and arbitration of the department of labor and industries, in this chapter called the board, shall perform the duties required by this chapter.

Section 2. The department of labor and industries shall from time to time establish rules of procedure for the board.

Section 3. The mayor of a city or the selectmen of a town, having knowledge that a strike or lockout is seriously threatened or has actually occurred therein, shall at once give notice to the board. Notice may be given by the employer or by the employees concerned in the controversy, or strike or lockout. When the board has knowledge that a strike or lockout, which involves an employer and his present or former employees, is seriously threatened or has actually occurred, and such employer at that time is employing, or upon the occurrence of the strike or lockout was employing, not less than twenty-five persons in the same general line of business in any town in the commonwealth, the board shall, as soon as may be, communicate with such employer and employees and endeavor by mediation to obtain an amicable settlement, or endeavor to persuade them to submit the controversy to a local board of conciliation and arbitration established under section nine or to the board. If a settlement is not agreed upon and the parties refuse to submit the matter in dispute to arbitration, the board shall investigate the cause of such controversy and ascertained which of the parties thereto is mainly responsible or blameworthy for the existence or continuance of the same, and shall, unless a settlement of the controversy is reached, make and publish a report finding such cause and assigning such responsibility or blame. The board may employ agents to assist in said investigation. It shall, upon the request of the governor, investigate and report upon a controversy if in his opinion it seriously affects or threatens seriously to affect the public welfare. The board shall have the same powers for the foregoing purpose as are given to it by sections five to eight, inclusive. The board shall by publication or otherwise inform employers and employees of their duty to give notice to the board before resorting to a strike or lockout and of the provisions of this chapter affecting the rights of employers and employees relative to industrial disputes.

Section 4. The provisions of sections twenty-two and twenty-three of chapter one hundred and forty-nine relative to advertising during strikes.
strikes shall cease to be operative when the board shall determine that
the business of the employer, in respect to which the strike or other
labor trouble occurred, is being carried on in the normal and usual man-
ner and to the normal and usual extent. Upon the application of the
employer, this question shall be determined by said board, but only
after a full hearing at which all persons involved shall be entitled to be
heard and represented by counsel. The board shall give at least three
days’ notice of the hearing to the strikers and employees by publication
in at least three daily newspapers published in the commonwealth, and
by mailing a copy of said notice, postage prepaid, to the employers and
to the accredited representatives of the strikers or workmen interested,
when their addresses are known; and in every case the board shall
make every reasonable and diligent effort to give notice to said strikers
or interested workmen.

SECTION 5. If a controversy not involving questions which may be
the subject of an action at law or suit in equity exists between a person
employing not less than twenty-five persons in the same general line of
business and his employees, the board shall, upon application as pro-
vided in the following section, as soon as practicable visit the place
where the controversy exists and make careful inquiry into its cause, and
may, with the consent of the governor, conduct such inquiry outside the
commonwealth. The board shall hear all persons interested who come
before it, advise the respective parties what ought to be done or sub-
mitted to by either or both to adjust said controversy, and make a 10
written decision thereof which shall at once be made public, shall be
open to public inspection and shall be recorded by the board. A short
statement thereof may, in the discretion of the board, be published in
the annual report, and the board shall cause a copy thereof to be filed
with the clerk of the town in which said business is carried on. Said
decision shall for six months be binding upon the parties who join in
said application, or until the expiration of sixty days after either party
has given notice in writing to the other party and to the board of his
intention not to be bound thereby. Such notice may be given to said
employees by posting it in three conspicuous places in the shop or
factory where they work.

SECTION 6. The application shall be signed by the employer or by a
majority of his employees in the department of the business in which
the controversy exists, or by their duly authorized agent, or by both
parties, and if signed by an agent claiming to represent a majority of
the employees, the board shall satisfy itself that he is duly authorized
so to do; but the names of the employees giving the authority shall be
kept secret. The application shall contain a concise statement of the
existing controversy and a promise to continue in business or at work
without any lockout or strike until the decision of the board, if made
within three weeks after the date of filing the application. The board
shall forthwith, after such filing, cause public notice to be given of the
time and place for a hearing on the application, unless both parties join
in the application and present therewith a written request that no public
notice be given. If such request is made, notice of the hearings shall be
given to the parties in such manner as the board may order, and the
board may give public notice thereof, notwithstanding such request. If
the petitioner or petitioners fail to perform the promise made in the

19 written consent of the adverse party.

1 Section 7. In all controversies in which application is made under
2 the preceding section, each party may, in writing, nominate fit persons
3 to act in the case as expert assistants to the board, and the board may
4 appoint one from among the persons so nominated by each party. Said
5 experts shall be skilled in and conversant with the business or trade con-
6 cerning which the controversy exists; they shall be sworn by a member
7 of the board to the faithful performance of their official duties, and a
8 record of their oath shall be made in the case. Said experts shall, if
9 required, attend the sessions of the board, and under its direction shall
10 obtain and report information concerning the wages paid and the
11 methods and grades of work prevailing in establishments within the
12 commonwealth similar to that in which the controversy exists, and they
13 may submit to the board at any time before a final decision any facts,
14 advice, arguments or suggestions which they may consider applicable
15 to the case. No decision of said board shall be announced in a case in
16 which said experts have acted without notice to them of a time and place
17 for a final conference on the matters included in the proposed decision.
18 Such experts shall receive from the commonwealth a sum not exceeding
19 ten dollars each for every day of actual service and their necessary travel-
20 ing expenses. The board may appoint such additional experts as it
21 considers necessary, who shall be qualified in like manner and, under the
22 direction of the board, shall perform like duties and be paid the same
23 fees as the experts who are nominated by the parties.

1 Section 8. In all investigations, and inquiries or proceedings con-
2 ducted by the board, any member thereof may summon witnesses, may
3 administer oaths, take testimony, and require the production of books
4 and documents. Each witness shall certify in writing the amount of his
5 travel and attendance, and the amount due to him shall be paid forth-
6 with by the board.

1 Section 9. The parties to any controversy described in section five
2 may submit it in writing to a local board of conciliation and arbitration,
3 which may be composed either of three members mutually agreed upon,
4 or of a member chosen by the employer, a member chosen by the em-
5 ployees or their authorized representative, and a third, who shall be
6 chairman, chosen by the other two. Such local board shall have and
7 exercise, relative to matters referred to it, all the powers of the state
8 board, and its decision shall have such binding effect as may be agreed
9 upon in the written submission. Such local board shall have exclusive
10 jurisdiction of the controversy submitted to it, but it may ask the advice
11 and assistance of the state board. The decision of such local board
12 shall be rendered within ten days after the close of any hearing held by
13 it, and shall forthwith be filed with the clerk of the city or town where
14 the controversy arose, and a copy thereof shall be forwarded by said
15 clerk to the state board. Each of such arbitrators shall be entitled to
16 receive from the treasury of the city or town where the controversy
17 arose, with the approval in writing of the mayor of the city or the select-
18 men of the town, the sum of three dollars for each day of actual service,
19 not exceeding ten dollars for any one arbitration.
SECTION 10. The commissioner of labor and industries shall make an annual report of the acts of the board in performing the duties required by this chapter.

CHAPTER 151.
THE MINIMUM WAGE.

SECTION 1. The board of conciliation and arbitration of the department of labor and industries in performing the duties required by this chapter shall be known as the minimum wage commission, in this chapter called the commission. It shall investigate the wages paid to female employees in any occupation if it has reason to believe that the wages paid to a substantial number of such employees are inadequate to supply the necessary cost of living and to maintain the worker in health.

SECTION 2. If after such investigation the commission is of the opinion that in the occupation in question the wages paid to a substantial number of female employees are inadequate to supply the necessary cost of living and to maintain the worker in health, it shall establish a wage board consisting of an equal number of representatives of employers in the occupation in question, and of persons to represent the female employees in said occupation, and of one or more disinterested persons appointed by it to represent the public; but the representatives of the public shall not exceed one half of the number of representatives of either of the other parties. The commission shall give notice to employers and employees in said occupation by publication or otherwise of its determination to establish a wage board and of the number of representatives of employers and of employees to be chosen therefor, and shall request that said employers and employees, respectively, nominate such representatives by furnishing names to it.

The representatives of employers and employees shall be selected by the commission from names furnished by the employers and by the employees, respectively; provided, that the same are furnished within ten days after such request; and provided, further, that at least twice as many names, respectively, are furnished as are required. If less than this number of names are furnished for representatives, either of employers or of employees, at least one half the names so furnished shall be...
23 selected, and the remaining places necessary may be filled by the com-
24 mission by appointments made directly from employers, including officers
25 of corporations, associations and partnerships, or from employees in the
26 occupation, as the case may be. The commission shall designate as
27 chairman one of the representatives of the public, and shall make rules
28 and regulations governing the selection of members and the modes of
29 procedure of the wage boards, and shall exercise exclusive jurisdiction
30 over all questions arising with reference to the validity of the procedure
31 and of the determinations of the wage boards. The members of wage
32 boards shall be compensated at the same rate as jurors, and they shall
33 be allowed the necessary traveling and clerical expenses incurred in the
34 performance of their duties, these payments to be made from the appro-
35 priation for the expenses of the commission. The commission may fill
36 vacancies arising in a duly constituted wage board by appointing a suffi-
37 cient number of suitable persons to complete the representation of the
38 employers, employees or public, as the case may be.

1 Section 3. The commission may transmit to each wage board all
2 pertinent information in its possession relative to the wages paid in the
3 occupation in question. Each wage board shall take into consideration
4 the needs of the employees, the financial condition of the occupation
5 and the probable effect thereon of any increase in the minimum wages
6 paid, and shall endeavor to determine the minimum wage, whether by
7 time rate or piece rate, suitable for a female employee of ordinary ability
8 in the occupation in question, or for any or all of the branches thereof,
9 and also suitable minimum wages for learners and apprentices and for
10 minors under eighteen. When a majority of the members of a wage
11 board shall agree upon minimum wage determination, they shall report
12 such determination to the commission, together with the reasons therefor
13 and the facts relating thereto.

1 Section 4. Upon receipt of a report from a wage board, the com-
2 mission shall review the same, and may approve or disapprove any or
3 all of the determinations recommended, or may recommit the subject to
4 the same wage board or to a new one. If the commission approves any
5 or all of the determinations of the wage board it shall, after not less than
6 fourteen days' notice to employers paying a wage less than the mini-
7 mum wage approved, give a public hearing to such employers, and if,
8 after such public hearing, the commission finally approves the de-
9 termination, it shall enter a decree of its findings and note thereon the
10 names of employers, so far as they may be known to it, who fail or refuse
11 to accept such minimum wage and agree to abide by it. The commis-
12 sion shall thereafter publish at such times and in such manner as it may
13 deem advisable a summary of its findings and of its recommendations.
14 It shall also at such times and in such manner as it shall deem advisable
15 publish the facts, as it may find them to be, as to the acceptance of its
16 recommendations by the employers engaged in the industry to which any
17 of its recommendations relate, and may publish the names of employers
18 whom it finds to be following or refusing to follow such recommenda-
19 tions. An employer who files a declaration under oath in the supreme
20 judicial or superior court to the effect that compliance with the recom-
21 mendation of the commission would render it impossible for him to con-
22 duct his business at a reasonable profit shall be entitled to a review of
23 said recommendation by the court under the rules of equity procedure.
The burden of proving the averments of said declaration shall be upon the complainant. If, after such review, the court finds the averments of the declaration to be sustained, it may issue an order restraining the commission from publishing the name of the complainant as one who refuses to comply with its recommendations. But such review, or any order issued by the court thereupon, shall not be an adjudication affecting the commission as to any employer other than the complainant, and shall in no way affect its right to publish the names of those employers who comply with its recommendations. The type in which the employers' names shall be printed shall not be smaller than that in which the news matter of the newspaper is printed. The publication shall be attested by the signatures of at least a majority of the commission.

Section 5. Whenever a minimum wage rate has been established in any occupation, the commission may, upon petition of either employers or employees, or if in its opinion such action is necessary to meet changes in the cost of living may without such petition, reconvene the wage board or establish a new one, and any recommendation made by such wage board shall be dealt with in the same manner as the original recommendation of a wage board.

Section 6. For any occupation in which a minimum time rate only has been established, the commission may issue to any woman physically defective a special license authorizing the employment of the licensee for a wage less than the legal minimum wage; provided, that it is not less than the special minimum wage fixed for that person.

Section 7. The commission may at any time inquire into the wages paid to minors in any occupation in which the majority of employees are minors, and may, after giving public hearings, determine minimum wages suitable therefor. When the commission has made such a determination, it may proceed in the same manner as if the determination had been recommended to it by a wage board.

Section 8. Every employer of women and minors shall keep a register of the names, addresses and occupations of all women and minors employed by him, together with a record of the amount paid each week to each woman and minor, and if the commission shall so require, shall also keep for a specified period, not exceeding six months, a record of the hours worked by such employees, and shall, on request of the commission or of the department of labor and industries, permit the commission or any of its members or agents, or the department or any duly accredited agent thereof, to inspect the said register and to examine such parts of the books and records of employers as relate to the wages paid to women and minors, and the hours worked by such employees. Any employer failing to keep a register or records as herein provided, or refusing to permit their inspection or examination, shall be punished by a fine of not less than five nor more than fifty dollars. The commission may also subpoena witnesses, administer oaths and take testimony, and require the production of books and documents. Such witnesses shall be summoned in the same manner and be paid by the commonwealth the same fees as witnesses before the superior court.
1 Section 9. Upon request of the commission, the department of labor and industries shall cause to be gathered such statistics and other data as the commission may require, and the cost thereof shall be paid out of the appropriation made for the expenses of the commission in reference to the minimum wage.

1 Section 10. No employer shall discharge or in any other manner discriminate against any employee because such employee has testified, or is about to testify, or has served or is about to serve upon a wage board, or is or has been active in the formation thereof, or has given or is about to give information concerning the conditions of such employee's employment, or because the employer believes that the employee may testify, or may serve upon a wage board, or may give information concerning the conditions of the employee's employment, in any investigation or proceeding relative to the enforcement of this chapter. Whoever violates this section shall be punished by a fine of not less than two hundred dollars.

1 Section 11. The commission shall from time to time determine whether employers in each occupation investigated are obeying its decrees, and shall publish, in the manner provided in section four, the names of any employer whom it finds to be violating any such decree.

1 Section 12. Any newspaper refusing or neglecting to publish the findings, decrees or notices of the commission at its regular rates for the space taken shall be punished by a fine of not less than one hundred dollars.

1 Section 13. No member of the commission, and no publisher, proprietor, editor or employee thereof, shall be liable to an action for damages for publishing the name of any employer as provided for in this chapter, unless such publication contains some wilful misrepresentation.

1 Section 14. The commission may require employers in any occupation to post notices of its hearings or of nominations for wage boards, or of decrees that apply to their employees, in such reasonable way and for such length of time as it may direct. Whoever refuses or fails to post such notices or decrees, when so required, shall be punished by a fine of not less than five nor more than fifty dollars. The department of labor and industries shall enforce this section.

1 Section 15. The commissioner of labor and industries shall make an annual report of the acts of the commission in performing the duties required by this chapter.

Section 1. The following words as used in this chapter shall, unless a different meaning is plainly required by the context or specifically prescribed, have the following meanings:

2. (1) "Average weekly wages", the earnings of the injured employee during the period of twelve calendar months immediately preceding the date of injury, divided by fifty-two; but if the injured employee lost more than two weeks' time during such period, the earnings for the remainder of such twelve calendar months shall be divided by the number of weeks remaining after the time so lost has been deducted. Where, by reason of the shortness of the time during which the employee has been in the employment of his employer or the nature or terms of the employment, it is impracticable to compute the average weekly wages, as above defined, regard may be had to the average weekly amount which, during the twelve months previous to the injury, was being earned by a person in the same grade employed at the same work by the same employer, or, if there is no person so employed, by a person in the same grade employed in the same class of employment and in the same district.

3. (2) "Department", the department of industrial accidents.

4. (3) "Dependents", members of the employee's family or next of kin who were wholly or partly dependent upon the earnings of the employee for support at the time of the injury.

5. (4) "Employee", every person in the service of another under any contract of hire, express or implied, oral or written, except masters of and seamen on vessels engaged in interstate or foreign commerce, and except one whose employment is not in the usual course of the trade, business, profession or occupation of his employer. Any reference to an employee who has been injured shall, when the employee is dead, also include his legal representatives, dependents and other persons to whom compensation may be payable.

6. (5) "Employer" includes the legal representative of a deceased employer.

7. (6) "Insured" or "insured person", an employer who has provided by insurance for the payment to his employees by an insurer of the compensation provided for by this chapter.

8. (7) "Insurer", any insurance company authorized so to do which has contracted with an employer to pay the compensation provided for by this chapter.
WORKMEN'S COMPENSATION. [Chap. 152.

1917, 207, § 1. (S) "Reviewing board", the reviewing board designated under section three of chapter twenty-four.

Section 2. The department shall make all necessary inspections and investigations relating to causes of injuries for which compensation may be claimed, and for this purpose any member or employee thereof may at any time enter places of employment when being used for business purposes. It shall also have the powers and duties set forth in this chapter.

Section 3. [Repealed, 1921, 462, § 8.]

Section 4. The department shall make an annual report.

PROCEDURE.

Section 5. The department may make rules consistent with this chapter for carrying out its provisions. Process and procedure shall be as simple and summary as reasonably may be. The department or any member thereof may subpoena witnesses, administer oaths, and examine such parts of the books and records of the parties to a proceeding as relate to questions in dispute. Upon the written request of the department or of any member thereof, together with interrogatories and cross-interrogatories, if any there be, filed with the clerk of the superior court for any county, commissions to take depositions of persons or witnesses residing without the commonwealth, or in foreign countries, or letters rogatory to a court in another state or to a court in a foreign country, shall forthwith issue from the said superior court, as in cases pending therein; and upon the return of the said depositions or answers to letters rogatory the same shall be opened by the clerk of the court issuing the 14 commissions or letters, and the said clerk shall endorse thereon the date when a deposition or answer to letters rogatory was received, and the 16 same shall forthwith be delivered to the department. No entry fee shall be charged in such cases. The fee for attending as a witness before the 18 department shall be one dollar and fifty cents a day; for attending before a member of the department, fifty cents a day; in both cases, five cents a mile for travel out and home. The superior court may enforce by proper proceedings the provisions of this section relating to the attendance and testimony of witnesses and the examination of books and records.

Section 6. If the insurer and the injured employee reach an agreement in regard to compensation, a memorandum thereof shall be filed with the department, and, if approved by it, the memorandum shall for all purposes be enforceable under section eleven. Such agreements shall be approved by said department only when the terms conform to this chapter.

Section 7. If the insurer and the injured employee fail to reach an agreement in regard to compensation, or if they have reached such an agreement, which has been signed and filed in accordance with this chapter, and compensation has been paid or is due in accordance there-
5 with, and the parties thereto then disagree as to the continuance of any 6 weekly payments under such agreement, either party may notify the 7 department, which shall thereupon assign the case for hearing by a 8 member thereof.

1 Section 8. Such member shall make such inquiries and investiga- 2 tions as shall be deemed necessary. The hearing shall be held in the town 3 where the accident occurred or in such other place as the department 4 may designate; and the decision of the member, together with a state- 5 ment of the evidence, his findings of fact, rulings of law, and other matters 6 pertinent to questions arising before him, shall be filed with the depart- 7 ment. Unless a claim for review is filed by either party within seven 8 days, the decision shall be enforceable under section eleven.

1 Section 8A. A party who has by accident, mistake or through other 2 reasonable cause, omitted to claim a review from a decision rendered 3 under section eight within the time limited therein, may, within two 4 years from the filing of such decision with the department, petition the 5 superior court for the county in which the injury occurred, or for the 6 county of Suffolk, for leave to claim such review, and the court may 7 grant such petition and permit such claim to be filed if it finds that 8 justice and equity require it, notwithstanding that a decree has previ- 9 ously been rendered on such decision as provided in section eleven.

1 Section 9. The department or any member thereof may appoint a 2 duly qualified impartial physician to examine the injured employee and 3 to report. The fee for this service shall be five dollars and traveling ex- 4 penses, but the department may allow additional reasonable amounts in 5 extraordinary cases, and the insurer shall reimburse the department for 6 the amount so paid. The report of the physician shall be admissible as 7 evidence in any proceeding before the department or a member thereof; 8 provided, that the employee and the insurer have seasonably been fur- 9 nished with copies thereof.

1 Section 9A. Whenever a medical question is in dispute in any case, 2 and an impartial physician has not, prior to seven days before the date 3 assigned for each hearing thereon, been appointed by the department 4 or a member thereof, the employee may engage his own physician to 5 appear and testify in his behalf and, if the decision of the single mem- 6 ber or of the department is in favor of the employee, a reasonable fee 7 shall be allowed by the member or by the department for such physi- 8 cian's services and shall be added to the amount awarded to the employee 9 and be paid by the insurer under the provisions of this chapter.

1 Section 10. If a claim for a review is filed under section eight, the 2 reviewing board shall hear the parties, and may hear evidence in regard 3 to pertinent matters and may revise the decision in whole or in part, or 4 may refer the matter back to the member for further findings of fact 5 and shall file its decision with the records of the proceedings and notify 6 the parties. If a claim for a review is so filed by the insurer in any case
and the board by its decision orders the insurer to make, or to continue, payments to the injured employee, the cost to the injured employee of such review, including therein reasonable counsel fees, shall be determined by the board and shall be paid by the insurer. No party shall as of right be entitled to a second hearing upon questions of fact.

**SECTION 11.** Any party in interest may present certified copies of an order or decision of the reviewing board, a decision of a member from which no claim for review has been filed within the time allowed therefor, or a memorandum of agreement approved by the department, and all papers in connection therewith, to the superior court for the county in which the injury occurred or for the county of Suffolk, whereupon said court shall render a decree in accordance therewith and notify the parties. Such decree shall have the same effect, and all proceedings in relation thereto shall thereafter be the same, as though rendered in a suit duly heard and determined by said court, except that there shall be no appeal therefrom upon questions of fact or where the decree is based upon a decision of a member or a memorandum of agreement, and except that there shall be no appeal from a decree based upon an order or decision of the reviewing board which has not been presented to the court within ten days after the notice of the filing thereof by said board. Upon the presentation to it of a certified copy of a decision ending, diminishing or increasing a weekly payment under the following section, the court shall revoke or modify the decree to conform to such decision.

**SECTION 12.** Questions as to a weekly payment may be heard and decided by the reviewing board or any member of the department, and the reviewing board or such member may, in accordance with the evidence and subject to this chapter, issue any order deemed advisable. If the case is heard and decided by a member, his decision may be reviewed under sections eight and ten.

When in any case before the board there appears of record a finding that the employee is entitled to compensation, no subsequent finding by the board or by a member thereof of discontinuing compensation on the ground that the employee’s incapacity has ceased shall be considered final as a matter of fact or res judicata as a matter of law, and such employee or his dependents, in the event of his death, may have further hearings as to whether his incapacity or death is or was the result of the injuries for which he received compensation; provided, that if the board shall determine that the petition for such a hearing is without merit and frivolous, the employee or his dependents shall not thereafter be entitled to file any subsequent petition therefor except for cause shown and in the discretion of the member to whom such subsequent petition may be referred, and that, in the event of the death of the employee, such a petition for a rehearing shall be filed within three months from the time of his decease and within one year from the date of the finding terminating his compensation.

**SECTION 13.** Fees of attorneys and physicians and charges of hospitals for services under this chapter shall be subject to the approval of the department. If the insurer and any physician or hospital, or the employee and any attorney, fail to agree as to the amount to be paid for
5 such services, either party may notify the department, which may there-
6 upon assign the case for hearing by a member thereof. The member
7 shall report the facts to the department for decision, and the decision
8 shall be enforceable under section eleven.

1 Section 14. If the reviewing board, any member of the department
2 or any court before which proceedings under this chapter are brought
3 determines that such proceedings have been brought, prosecuted or
4 defended without reasonable ground, the whole cost of the proceedings
5 shall be assessed upon the party who has so brought, prosecuted or de-
6 fended them.

1 Section 15. Where the injury for which compensation is payable
2 was caused under circumstances creating a legal liability in some person
3 other than the insured to pay damages in respect thereof, the employee
4 may at his option proceed either at law against that person to recover
5 damages or against the insurer for compensation under this chapter, but
6 not against both. If compensation be paid under this chapter, the
7 insurer may enforce, in the name of the employee or in its own name and
8 for its own benefit, the liability of such other person; and in case the
9 insurer recovers a sum greater than that paid by it to the employee, four
10 fifths of the excess shall be paid to the employee; but the insurer shall
11 not make any settlement by agreement with such other person without
12 the approval of the industrial accident board. An employee shall not
13 be held to have exercised his option under this section to proceed at
14 law if, at any time prior to trial of an action at law brought by him
15 against such other person, he shall, after notice to the insurer, discon-
16 tinue such action, provided that upon payment of compensation follow-
17 ing such discontinuance the insurer shall not have lost its right to en-
18 force the liability of such other person as hereinbefore provided.

1 Section 15A. If one or more claims are filed for an injury and two
2 or more insurers, any one of which may be held to be liable to pay com-
3 pensation therefor, agree that the injured employee would be entitled
4 to receive such compensation but for the existence of a controversy as
5 to which of said insurers is liable to pay the same, such one of said in-
6 surers as they may mutually agree upon or as may be selected by a single
7 member of the board shall pay to the injured employee the compensation
8 aforesaid, pending a final decision of the board as to the matter in con-
9 troversy, and such decision shall require that the amount of compensa-
10 tion so paid shall be deducted from the award if made against another
11 insurer and be paid by said other insurer to the insurer agreed upon or
12 selected by the single member as aforesaid.

1 Section 16. Questions arising under this chapter, if not settled by
2 agreement by the parties interested therein, shall, except as otherwise
3 provided in this chapter, be determined by the department. The de-
4 cisions of the department shall for all purposes be enforceable under
5 section eleven.

1 Section 17. Orders or decisions of the reviewing board or depart-
2 ment, decrees of the superior court upon such orders, decisions of a

filed within the time allowed therefor, or memoranda of agreements approved by the department shall have effect, notwithstanding an appeal, until it is otherwise ordered by a justice of the supreme judicial court, who may in any county suspend or modify such decree, order or decision, during the pendency of the appeal.

Section 18. If an insured person enters into a contract, written or oral, with an independent contractor to do such person's work, or if such a contractor enters into a contract with a sub-contractor to do all or any part of the work comprised in such contract with the insured, and the insurer would, if such work were executed by employees immediately employed by the insured, be liable to pay compensation under this chapter to those employees, the insurer shall pay to such employees any compensation which would be payable to them under this chapter if the independent or sub-contractors were insured persons. The insurer, however, shall be entitled to recover indemnity from any other person who would have been liable to such employees independently of this section; and if the insurer has paid compensation under this section, it may enforce, in the name of the employee or in its own name and for its benefit, the liability of such other person. This section shall not apply to any contract of an independent or sub-contractor which is merely ancillary and incidental to, and is no part of or process in, the trade or business carried on by the insured, nor to any case where the injury occurred elsewhere than on, in or about the premises on which the contractor has undertaken to execute the work for the insured or which are under the control or management of the insured.

Section 19. Every employer shall hereafter keep a record of all injuries, fatal or otherwise, received by his employees in the course of their employment. Within forty-eight hours, not counting Sundays and legal holidays, after the occurrence of an injury, a written report thereof shall be made to the department on blanks to be procured from it. Upon the termination of the disability of the injured employee, the employer shall make a supplemental report upon blanks to be procured from it. If the disability extends beyond a period of sixty days, the employer shall report to the department at the end of such period that the injured employee is still disabled, and upon the termination of the disability shall file a final supplemental report as provided above.

The said reports shall contain the name and nature of the business of the employer, the situation of the establishment, the name, age, sex and occupation of the injured employee, and shall state the date and hour of any accident causing the injury, the nature and cause of the injury, and other information required by the department.

Employers refusing or neglecting to make the report required by this section shall be punished by a fine of not more than fifty dollars.

Copies of reports of injuries filed by employers with the department and statistics and data compiled therefrom shall be kept available by it, and shall be furnished on request to the department of labor and industries for its own use.

Within sixty days after the termination of the disability of the injured employee, the insurer shall file with the department a statement showing the total payments made or to be made for compensation and for medical services for such injured employee.
1 Section 20. Copies of hospital records kept in accordance with section seventy of chapter one hundred and eleven, certified by the persons in custody thereof to be true and complete, shall be admissible in evidence in proceedings before the department or any member thereof. The department or any member, before admitting any such copy in evidence, may require the party offering the same to produce the original record. All medical records and reports of hospitals, clinics and physicians of the insurer or of the employee shall be open to the inspection of the department so far as relevant to any matter before it.

1 Section 21. Every insured person shall, as soon as he secures a policy, give written or printed notice to all persons under contract of hire with him that he has provided for payment to injured employees by the insurer.

1 Section 22. Every insured person shall give written or printed notice to every person with whom he is about to enter into a contract of hire that he has provided for payment to injured employees by the insurer. An employer ceasing to be insured shall, on or before the day on which his policy expires, give written or printed notice thereof to all persons under contract with him. In case of the renewal of the policy no notice shall be required. He shall file a copy of said notice with the department. The notices required by this and the preceding section may be given in the manner therein provided or in such other manner as may be approved by the department.

1 Section 23. If an employee of an insured person files any claim with or accepts payment from the insurer on account of personal injury, or makes any agreement, or submits to a hearing before a member of the department under section eight, such action shall constitute a release to the insured of all claims or demands at law, if any, arising from the injury.

1 Section 24. An employee of an insured person shall be held to have waived his right of action at common law or under the law of any other jurisdiction in respect to an injury therein occurring, to recover damages for personal injuries if he shall not have given his employer, at the time of his contract of hire, written notice that he claimed such right, or, if the contract of hire was made before the employer became an insured person, if the employee shall not have given the said notice within thirty days of notice of such insurance. An employee who has given notice to his employer that he claimed his right of action as aforesaid may waive such claim by a written notice, which shall take effect five days after it is delivered to the employer or his agent. The notice required by this section shall be given in such manner as the department may approve.

1 Section 25. If an insured person who has complied with the rules, regulations and demands of the insurer is required by a judgment of a court to pay to an employee any damages on account of personal injury sustained by such employee during the period covered by insurance, the insurer shall pay to the insured the full amount of such judgment and the

Section 26. If an employee who has not given notice of his claim of common law rights of action, under section twenty-four, or who has given such notice and has waived the same, receives a personal injury arising out of and in the course of his employment, or arising out of an ordinary risk of the street while actually engaged, with his employer’s authorization, in the business affairs or undertakings of his employer, and whether within or without the commonwealth, he shall be paid compensation by the insurer, as hereinafter provided, if his employer is an insured person at the time of the injury; provided, that as to an injury occurring without the commonwealth he has not given notice of his claim of rights of action under the laws of the jurisdiction wherein such injury occurs or has given such notice and has waived it. For the purposes of this section, any person while operating or using a motor or other vehicle, whether or not belonging to his employer, with his employer’s general authorization or approval, in the performance of work in connection with the business affairs or undertakings of his employer, and whether within or without the commonwealth, and any person who, while engaged in the usual course of his trade, business, profession or occupation, is ordered by an insured person, or by a person exercising superintendence on behalf of such insured person, to perform work which is not in the usual course of such trade, business, profession or occupation, and, while so performing such work, receives a personal injury, shall be conclusively presumed to be an employee.

Section 27. If the employee is injured by reason of his serious and wilful misconduct, he shall not receive compensation.

Section 28. If the employee is injured by reason of the serious and wilful misconduct of an insured person or of any person regularly intrusted with and exercising the powers of superintendence, the amounts of compensation hereinafter provided shall be doubled. In such case the insured shall repay to the insurer the extra compensation paid to the employee. If a claim is made under this section the insured may appear and defend against such claim only.

Section 29. No compensation shall be paid for any injury which does not incapacitate the employee for a period of at least seven days from earning full wages, but if incapacity extends beyond such period, compensation shall begin on the eighth day after the injury, and if incapacity extends beyond a period of four weeks, compensation shall be paid from the day of injury, but except under section thirty-five no compensation shall be paid for any period for which any wages were earned. When compensation shall have begun it shall not be discontinued except with the written assent of the employee or the approval of the department or a member thereof; provided, that such compen-
11. Section 30. During the first two weeks after the injury, and if the employee is not immediately incapacitated thereby from earning full wages, then from the time of such incapacity, and in unusual cases, or cases requiring specialized or surgical treatment, in the discretion of the department, for a longer period, the insurer shall furnish adequate and reasonable medical and hospital services, and medicines if needed, together with the expenses necessarily incidental to such services. The employee may select a physician other than the one provided by the insurer; and in case he shall be treated by a physician of his own selection, or where, in case of emergency, or for other justifiable cause, a physician other than the one provided by the insurer is called in to treat the injured employee, the reasonable cost of his services shall be paid by the insurer, subject to the approval of the department. Such approval shall be granted only if the department finds that the employee was so treated by such physician or that there was such emergency or justifiable cause, and in all cases that the services were adequate and reasonable and the charges reasonable. In any case where the department is of opinion that the fitting of the employee with an artificial eye or limb, or other mechanical appliance, will promote his restoration to industry, it may order that he be provided with such an artificial eye, limb or appliance, at the expense of the insurer.

12. If death results from the injury, the insurer shall pay to the following dependents of the employee, including his children by a former wife, who is wholly dependent upon his earnings for support at the time of his injury, compensation as follows, payable except as hereinafter provided, in the manner set forth in section thirty-two:

To the widow, so long as she remains unmarried, ten dollars a week if and so long as there is no child of the employee, who is under the age of eighteen, or over said age and physically or mentally incapacitated from earning; or for the use of the widow and for the benefit of all children of the employee, twelve dollars a week if and so long as there is one such child, and two dollars more a week for each additional child; provided, that in case any such child is a child by a former wife, the death benefit shall be divided between the surviving wife and all living children of the deceased employee in equal shares, the surviving wife taking the same share as a child. If the widow dies, such amount or amounts as would have been payable to or for her own use and for the benefit of all children of the employee shall be paid in equal shares to all the surviving children of the employee. If the widow remarries, all payments under the foregoing provisions shall terminate and the insurer shall pay each week to each of the children of the employee, if and so long as there are more than five, his or her proportionate share of eighteen dollars and shall pay each of such children, if and so long as there are five or less, three dollars a week. The total amount of payments under this section shall not be more than sixty-four hundred dollars and said payments shall not continue more than four hundred weeks. When weekly payments have been made to an injured employee before his death, compensation under the foregoing provisions of this section shall begin from the date of the death of the employee, but shall not amount to a total of more than sixty-four hundred dollars, including such pay-
ments as were made to the injured employee before his death, and shall not continue for more than four hundred weeks, including weeks during which payments were made to the injured employee before his death.

In all other cases of total dependency, the insurer shall pay the dependents of the employee wholly dependent upon his earnings for support at the time of the injury a weekly payment equal to two thirds of his average weekly wages, but not more than ten dollars nor less than four dollars a week for a period of five hundred weeks; but in no case shall the amount be more than four thousand dollars. If the employee leaves dependents only partially dependent upon his earnings for support, the insurer shall pay such dependents a weekly compensation equal to the same proportion of the weekly payments for the benefit of persons wholly dependent as the amount contributed by the employee to such partial dependents bears to the annual earnings of the deceased at the time of his injury. When weekly payments have been made to an injured employee before his death, the compensation under this paragraph to dependents shall begin from the date of the death of the employee, but shall not continue for more than five hundred weeks.

Section 32. The following persons shall be conclusively presumed to be wholly dependent for support upon a deceased employee:

(a) A wife upon a husband with whom she lives at the time of his death, or from whom, at the time of his death, the department shall find the wife was living apart for justifiable cause or because he had deserted her. The findings of the department upon the questions of such justifiable cause and desertion shall be final.

(b) A husband upon a wife with whom he lives at the time of her death.

(c) Children under the age of eighteen years (or over said age, if physically or mentally incapacitated from earning) upon the parent, with whom they are living at the time of the death of such parent, there being no surviving dependent parent; provided, that in case of the death of an employee who has at the time of his death living children by a former wife or husband, under the age of eighteen years (or over said age, if physically or mentally incapacitated from earning), said children shall be conclusively presumed to be wholly dependent for support upon such deceased employee, and the death benefit shall be divided between the surviving wife or husband and all the children of the deceased employee in equal shares, the surviving wife or husband taking the same share as a child. The total sum due the surviving wife or husband and her or his own children shall be paid directly to the wife or husband for her or his own use and for the benefit of her or his own children, and the sums due to the children by the former wife or husband of the deceased employee shall be paid to their guardians or legal representatives for the benefit of such children.

(d) Children under the age of sixteen years (or over said age but physically or mentally incapacitated from earning) upon a parent who was at the time of his death legally bound to support although living apart from such child or children.

1 (c) A parent upon an unmarried child under the age of eighteen years; provided, that such child was living with the parent at the time of the injury resulting in death.

34 In all other cases of questions of dependency, in whole or in part, shall be determined in accordance with the fact as the fact may be at the time of the injury; and in such other cases, if there is more than one person wholly dependent the death benefit shall be divided equally among them, and persons partly dependent, if any, shall receive no part thereof, and if there is no one wholly dependent and more than one person partly dependent, the death benefit shall be divided among them according to the relative extent of their dependency.

1 Section 33. In all cases the insurer shall pay the reasonable expense of burial, not exceeding one hundred and fifty dollars. If the employee leaves dependents, such sum shall be a part of the compensation payable, and shall to that extent shorten the period of payment.

1922, 368. 215 Mass. 497.

1 Section 34. While the incapacity for work resulting from the injury is total, the insurer shall pay the injured employee a weekly compensation equal to two thirds of his average weekly wages, but not more than eight dollars nor less than nine dollars a week, except that the weekly compensation of the injured employee shall be equal to his average weekly wages in case such wages are less than nine dollars; and the period covered by such compensation shall not be greater than five hundred and eight weeks nor the amount more than forty-five hundred dollars.

1 Section 35. While the incapacity for work resulting from the injury is partial, the insurer shall pay the injured employee a weekly compensation equal to two thirds of the difference between his average weekly wages before the injury and the average weekly wages which he is able to earn thereafter, but not more than eighteen dollars a week; and the amount of such compensation shall not be more than forty-five hundred dollars.

1 Section 36. In case of the following specified injuries the amounts hereinafter named shall be paid in addition to all other compensation.

1 2 (a) For the loss by severance of both hands at or above the wrist, four thirds of the average weekly wages of the injured person, but not more than ten dollars nor less than four dollars a week for a period of six hundred and seventy-five weeks.

7 (b) For the reduction to twenty seventieths of normal vision in both eyes, with glasses, two thirds of the average weekly wages of the injured person, but not more than ten dollars nor less than four dollars a week for a period of one hundred and fifty weeks.

11 (c) For the loss by severance of both feet at or above the ankle, two thirds of the average weekly wages of the injured person, but not more
than ten dollars nor less than four dollars a week for a period of one hundred weeks.

(d) For the loss by severance of the right or major hand at or above the wrist, two thirds of the average weekly wages of the injured person, but not more than ten dollars nor less than four dollars a week for a period of seventy-five weeks.

(e) For the loss by severance of the left or minor hand at or above the wrist, or of either foot at or above the ankle, two thirds of the average weekly wages of the injured person, but not more than ten dollars nor less than four dollars a week for a period of fifty weeks.

(f) For the reduction to twenty seventieths of normal vision in either eye, with glasses, two thirds of the average weekly wages of the injured person, but not more than ten dollars nor less than four dollars a week for a period of fifty weeks.

(g) For the loss by severance at or above the second joint of the thumb of the right or major hand, two thirds of the average weekly wages of the injured person, but not more than ten dollars nor less than four dollars a week for a period of forty weeks.

(h) For the loss by severance at or above the second joint of the index finger of the right or major hand, two thirds of the average weekly wages of the injured person, but not more than ten dollars nor less than four dollars a week for a period of twenty weeks.

(i) For the loss by severance of one phalange of the thumb of the right or major hand, two thirds of the average weekly wages of the injured person, but not more than ten dollars nor less than four dollars a week for a period of twenty weeks.

(j) For the loss by severance at or above the second joint of two or more fingers of the same hand which, in the case of the left or minor hand, may include the thumb, or of two or more toes of the same foot, two thirds of the average weekly wages of the injured person, but not more than ten dollars nor less than four dollars a week for a period of twenty-five weeks, for each hand or foot so injured, but no compensation shall be payable under this paragraph on account of injury to the right or major hand in case one or more phalanges of the thumb of that hand or two or more phalanges of the index finger of that hand are lost by severance.

(k) For the loss by severance of the terminal phalange or phalanges of any finger or fingers, not exceeding three on the same hand, which for the purposes hereof may include the thumb of the left or minor hand but not of the right or major hand, two thirds of the average weekly wages of the injured person, but not more than ten dollars nor less than four dollars a week for a period of twelve weeks in case of the loss by severance of one such terminal phalange, or for a period of twenty-two weeks in case of the loss as aforesaid of two such terminal phalanges on the same hand, or for a period of thirty weeks in case of the loss as aforesaid of three or more such terminal phalanges on the same hand; provided, that no compensation shall be payable under this paragraph for the loss by severance of any phalange for the loss of which compensation is payable under any other paragraph of this section, and provided, further, that compensation shall be payable under this paragraph on account of injury to one hand only for such number of weeks as, together with the number of weeks during which compensation is payable under any other paragraph of this section for injury to the same hand, will...
66 not exceed forty-seven in the case of the left or minor hand or seventy-
67 two in the case of the right or major hand.
68 (k-3) For the loss by severance of at least one phalange of any toe,
69 two thirds of the average weekly wages of the injured person, but not
70 more than ten dollars nor less than four dollars a week for a period of
71 twelve weeks, for each foot so injured.
72 (l) The additional amounts provided for in this section in case of the
73 loss of a particular hand, foot, thumb, finger, toe or phalange shall also
74 be paid for the number of weeks above specified if the injury is such
75 that that hand, foot, thumb, finger, toe or phalange is not lost but so
76 injured as to be permanently incapable of use.

1 Section 37. Whenever an employee who has previously suffered a
2 personal injury resulting in the loss by severance, or the permanent
3 incapacity, of one hand at or above the wrist or one foot at or above the
4 ankle, or the reduction to twenty seventieths of normal vision of one
5 eye with glasses, incurs further disability by the loss or permanent
6 incapacity of a hand or foot or the reduction to twenty seventieths of
7 normal vision in an eye, by reason of a personal injury for which com-
8 pensation is required by this chapter, he, or his dependent, if death results
9 from the injury, shall be paid the compensation provided for by sections
10 thirty-one, thirty-two, thirty-four or thirty-five, in the following manner:
11 One half of such compensation shall be paid by the state treasurer
12 from the fund established by section sixty-five, and the other half by
13 the insurer, but the additional compensation required by section thirty-
14 six shall be paid by the insurer.

1 Section 38. No savings or insurance of the injured employee inde-
2 pendent of this chapter shall be considered in determining the com-
3 pensation payable thereunder, nor shall benefits derived from any other
4 source than the insurer be considered in such determination.

1 Section 39. The compensation payable in case of the death of the
2 injured employee shall be paid to his legal representative; or, if he has
3 no legal representative, to his dependents; or, if he leaves no depend-
4 ents, to the persons to whom payment of the expenses for the last sick-
5 ness and burial is due. If payment is made to the legal representative
6 of the deceased employee, it shall be paid by him to the dependents or
7 other persons entitled thereto under this chapter. When the appoint-
8 ment of a legal representative of a deceased employee, not otherwise
9 necessary, is required to comply with this chapter, the insurer shall fur-
10 nish or pay for legal services rendered in connection with the appoint-
11 ment of such representative, or in connection with his duties, and shall
12 pay the necessary disbursements for such appointment, the necessary
13 expenses of such representative and reasonable compensation to him for
14 time necessarily spent in complying therewith. Said payments shall be
15 in addition to sums paid for compensation.

1 Section 40. If an injured employee is mentally incompetent or is a
2 minor when any right or privilege accrues to him, his guardian or next
3 friend may in his behalf claim and exercise such right or privilege.
WORKMEN'S COMPENSATION.

[Chap. 152.]

**Section 41.** No proceedings for compensation for an injury shall be maintained unless a notice thereof shall have been given to the insurer or insured as soon as practicable after the happening thereof, and unless the claim for compensation with respect to such injury has been made within six months after its occurrence, or, in case of the death of the employee, or in the event of his physical or mental incapacity, within six months after death or the removal of such incapacity, or, in case an action against a third person is discontinued as provided in section fifteen, within thirty days after such discontinuance.

**Section 45.** After an employee has received an injury, and from time to time thereafter during the continuance of his disability he shall, if requested by the insurer or insured, submit to an examination by a registered physician, furnished and paid for by the insurer or the insured. The employee may have a physician provided and paid for by himself present at the examination. If a physician provided by the employee is not present at the examination, it shall be the duty of the insurer to file with the department a copy of the report of his examining physician or physicians if and when such report is to be used as the basis of any order by the department. If the employee refuses to submit to the examination or in any way obstructs it, his right to compensation shall be suspended, and his compensation during the period of suspension may be forfeited.
1 Section 46. No agreement by any employee to waive his rights to
compensation shall be valid, but an employee who is for any reason
peculiarly susceptible to injury or who is peculiarly likely to become
permanently or totally incapacitated by an injury may, at the discretion
of the department and with its written approval within one month of
the beginning of his employment, waive his rights to compensation
under sections thirty-four, thirty-five and thirty-six, or any of them.

1 Section 47. No payment shall be assignable or subject to attach-
ment, or be liable in any way for debts.

1 Section 48. Whenever the department deems it to be for the best
interests of the employee or his dependents, and the parties agree, the
liability for compensation may be redeemed by the payment in whole
or in part by the insurer of a lump sum of an amount to be fixed by the
department, not exceeding the amount provided by this chapter. The
department, in the case of a minor who has received permanently dis-
abling injuries, either partial or total, may, at any time before or after
he attains his majority, provide that he be compensated in whole or in
part by the payment of a lump sum, of an amount to be fixed by the
department, not exceeding the amount provided by this chapter.

1 Section 49. The claim for compensation shall be in writing, and
shall state the time, place, cause and nature of the injury. It shall be
signed by the person injured, or, in the event of his death, by his legal
representative, or by a person to whom payments may be due, or by a
person in behalf of any of them, and shall be filed with the department.
A claim for compensation shall not be held invalid or insufficient by
reason of any inaccuracy in stating the time, place, cause or nature of
the injury unless it is shown that it was the intention to mislead and
that the insurer was in fact misled thereby. Failure to make a claim
within the time fixed by section forty-one shall not bar proceedings under
this chapter if it is found that it was occasioned by mistake or other
reasonable cause, or if it is found that the insurer was not prejudiced
by the delay. In no case shall failure to make a claim bar proceedings
if the insurer has executed an agreement in regard to compensation
with the employee or made any payment for compensation under this
chapter.

1 Section 50. Whenever any question involving the compensation of
an injured employee or his dependents is appealed to the supreme judi-
cial court, and the decision is in favor of the employee or his depend-
ents, interest to the date of payment shall be paid by the insurer on all
sums due as compensation to such employee or dependents.

1 Section 51. Whenever an employee is injured under circumstances
entitling him to compensation, if it be established that the injured em-
ployee was of such age and experience when injured that, under natural
conditions, his wages would be expected to increase, that fact may be con-
sidered in determining his weekly wages.
INSURANCE COMPANIES.

SECTION 52. Any insurance company authorized to transact business in this commonwealth under subdivision (b) or (c) of the sixth clause of section forty-seven of chapter one hundred and seventy-five may, except as provided in clause (c) of section fifty-four of said chapter, insure the payment of the compensation provided for by this chapter, and when any such company insures the payment of such compensation it shall file with the commissioner of insurance its classifications of risks and premiums relating thereto and subsequent proposed classifications or premiums, which shall not take effect until approved by the commissioner of insurance as adequate and reasonable for the risks to which they respectively apply; provided, that upon petition of the company or of any other party aggrieved the opinion of the commissioner shall be subject to review by the supreme judicial court. The commissioner may withdraw his approval.

SECTION 53. Any mutual liability insurance company authorized to do business in this commonwealth may with the approval of the commissioner of insurance distribute its risks into groups in accordance with the nature of the business and the degree of the liability of injury and with like approval fix by and for such groups in accordance with the experience of each group all premiums, assessments and dividends; but all the funds of the company both actual and contingent shall be available for the payment of any claim against the company.

SECTION 54. [Repealed, 1923, 139, § 1.]

SECTION 55. No policy of workmen's compensation insurance shall be issued or delivered until a copy thereof has been filed with the commissioner of insurance at least thirty days prior to such issue or delivery, unless before the expiration of the thirty days the said commissioner shall have approved the form of the policy in writing, nor if the commissioner notifies the company in writing that in his opinion the form of said policy does not comply with the laws of the commonwealth, specifying the reasons for his opinion; provided, that upon petition of the company the opinion of the commissioner shall be subject to review by the supreme judicial court.

Any policy of insurance issued in violation of this section or of section fifty-six or sixty shall be valid and binding upon the company issuing it, and the rights, duties and obligations of the parties thereto shall be determined by this chapter and chapter one hundred and seventy-five.

SECTION 56. Two or more insurance companies authorized to issue such insurance policies in the commonwealth may unite in issuing joint and several workmen's compensation policies which may be headed by the names of all such companies. Such policies shall be subject to approval by the commissioner of insurance.

SECTION 57. The commissioner of insurance may, whenever he deems it expedient, by a written order in such form as he may prescribe, require
3 A domestic insurance company to deposit with the state treasurer the
4 present value, as computed by him under section fifty-eight, of all or any
5 part of its outstanding claims incurred under its contracts or policies
6 providing for the payment of benefits under this chapter, in cash or in
7 securities approved by the said commissioner, and he may, whenever he
8 deems it expedient, require the company, as aforesaid, to make an addi-
9 tional deposit. The order shall specify the amount to be deposited and
10 the time within which the deposit shall be made, which shall be not less
11 than three days from the date on which the company receives the said
12 order. A duplicate or copy of any such order shall be forthwith filed
13 by the said commissioner with the state treasurer and the department,
14 and the state treasurer, upon the expiration of the time specified in said
15 order, shall forthwith notify the commissioner in writing whether or not
16 the company has made the deposit in accordance therewith.

17 Nothing in this section shall affect the powers conferred on the com-
18 missioner of insurance by section six of chapter one hundred and seventy-
19 five.

1 Section 58. The commissioner of insurance shall compute the pres-
2 ent value of outstanding claims on the basis of information furnished by
3 the department, and shall assume a rate of interest not higher than four
4 per cent.

1 Section 59. The state treasurer shall hold any deposit made under
2 section fifty-seven in trust for the payment of claims for benefits under
3 this chapter, including claims accruing after the deposit was made, and
4 he shall make such payments upon the written request and under the
5 direction of the department, or he may, if the company so requests in
6 writing, transfer from time to time to a trustee appointed by the com-
7 pany and approved by the department, any part of any such deposit
8 made with him, reasonably necessary for the prompt payment of said
9 benefits, and the trustee shall make such payments in accordance with
10 the written directions of the department.

11 The state treasurer shall keep a separate account with the company
12 of the amount so received, the amount of interest earned thereon and
13 the payments made. If the amount deposited proves to be larger than
14 required, portions thereof may, from time to time, be refunded to the
15 company by the state treasurer or by such trustee, if any, subject to the
16 written approval of the commissioner of insurance and the department.
17 If any balance remains after the payment of all benefits due to claim-
18 ants under this chapter, the state treasurer or such trustee, if any, shall
19 return the balance to the company upon written notice from the de-
20 partment that there is no likelihood of further payments becoming due
21 on account of such claims.

1 Section 60. The appointment of a receiver of a domestic company
2 under section six of chapter one hundred and seventy-five shall not
3 affect any order of the said commissioner or deposit made under section
4 fifty-seven prior to such appointment, and the state treasurer or trustee
5 appointed and approved as provided in section fifty-nine shall retain
6 any deposit made with him as provided in section fifty-seven or fifty-
nine and make the payments therefrom as provided in section fifty-nine. If a receiver is so appointed prior to compliance by the company with any such order, he shall, as soon as may be after his appointment, make the deposit required by said order, if the assets of the company in his hands are sufficient therefor.

SECTION 60A. Any company, aggrieved by any order of the said commissioner made under section fifty-seven may, within five days from the date of its receipt, file a petition in the supreme judicial court for the county of Suffolk for a review thereof; but the filing of such a petition shall not suspend the operation of the order. The court shall summarily hear the petition and may make any appropriate order or decree. If the court shall order or decree that the amount of the deposit be reduced, the state treasurer or such trustee, if any, shall return to the company so much of the deposit as exceeds the amount fixed by the order or decree, or, if the company has not complied with the order of the said commissioner, it shall forthwith deposit with the state treasurer the amount so fixed.

SECTION 60B. A company making a deposit under section fifty-seven shall pay to the state treasurer a reasonable amount for the expenses of his office, attributable to the custody and disbursement of the deposit. Any such amount may, upon written application of the state treasurer, and, after written notice to the company and a hearing, be determined by the commissioner of insurance, and, with the written approval of the said commissioner, be deducted from any funds of the company on deposit with the state treasurer.

SECTION 60C. Failure of a company to comply with any lawful order of the commissioner of insurance under section fifty-seven shall, without any further action by the said commissioner, terminate its authority to issue policies of workmen's compensation insurance, and in such a case the company shall issue no such policies hereunder until it complies with such order and has received from said commissioner, as evidence of such compliance, a special certificate authorizing it to resume the issue of such policies. The commissioner may, in his discretion, refuse to issue such a certificate.

SECTION 60D. Any company failing to comply with any lawful order of the commissioner under section fifty-seven shall, in addition, forfeit one hundred dollars for each day of its default. Any forfeiture recovered under this section shall be paid to the state treasurer and shall be held and expended by him in like manner as a deposit made under said section fifty-seven. Any company issuing any policy of workmen's compensation insurance while in default of such compliance shall be punished by a fine of not less than one hundred nor more than one thousand dollars, and any officer or agent thereof issuing any such policy on the company's behalf during such default shall be punished by such fine or by imprisonment for not more than three months, or both.

The supreme judicial court for the county of Suffolk shall have jurisdiction in equity, upon an information filed by the attorney general at
14 the relation of the commissioner of insurance, to enforce compliance with
15 any order of the commissioner made under section fifty-seven, and the
16 payment of any fine, forfeiture or penalty prescribed by this section.

1 Section 61. Every foreign insurance company transacting the busi-
2 ness of workmen's compensation insurance in the commonwealth shall
3 furnish a bond running to the commonwealth, with some surety com-
4 pany authorized to transact business in the commonwealth as surety,
5 for such term and such amount and in such form as may be approved
6 by the commissioner of insurance, the bond being conditioned upon the
7 making of the deposits required by the following section. The annual
8 license of such a company shall not be issued or renewed until it has filed
9 with the commissioner a bond as aforesaid covering a future period at
10 least as long as that covered by the license. In place of a bond as afore-
11 said the company may furnish other security, upon a like condition, sat-
12 isfactory to the commissioner.

1 Section 62. Every such foreign insurance company shall, within five
2 days after its withdrawal from the transaction of business in the com-
3 monwealth or after the revocation of its license issued by the commis-
4 sioner of insurance or of his refusal to renew it, deposit with a trustee
5 to be named by the department an amount equal to twenty-five per cent
6 of its obligations incurred or to be incurred under workmen's compen-
7 sation policies issued to employers in the commonwealth; and within
8 thirty days after such withdrawal, revocation of or refusal to renew a
9 license, such company shall deposit with said trustee an amount equal
10 to the remainder of such obligations incurred or to be incurred, the
11 amount of which obligations shall be determined by the department.
12 The amounts so deposited shall be available for the payment of the said
13 obligations of the company to the same extent as if the company had
14 continued to transact business in the commonwealth, and the trustee
15 so receiving said deposits shall pay such obligations at the times and in
16 a manner satisfactory to the department.

1 Section 63. Insurance companies insuring employees under this
2 chapter shall, at the request of the department, furnish it in writing any
3 information required in connection with the administration by said
4 department of this chapter, including any statistics and the names of
5 all employers insured by them.

1 Section 64. The insurer shall make and enforce reasonable rules and
2 regulations for the prevention of injuries on the premises of insured per-
3 sons, and for this purpose inspectors of the insurer shall have free access
4 to all such premises during regular working hours. Insured persons or
5 employees thereof aggrieved by such rules or regulations may petition
6 the department of labor and industries for a review, and it may affirm,
7 amend or annul the rule or regulation.

1 Section 65. For every case of personal injury resulting in death
2 covered by this chapter, when there are no dependents, the insurance
3 company shall pay into the treasury of the commonwealth one hundred
dolars. Such payments shall constitute a special fund in the custody of
the state treasurer who shall make payments therefrom upon the written
order of the department for the purposes set forth in section thirty-seven.

MISCELLANEOUS PROVISIONS.

sustained by an employee in the course of his employment, or for death
resulting from personal injury so sustained, it shall not be a defence —
1. That the employee was negligent;
2. That the injury was caused by the negligence of a fellow employee;
3. That the employee had assumed the risk of the injury.

Section 67. The preceding section shall not apply to actions to re-

an insured person.

and seven to ten, inclusive, of chapter two hundred and twenty-nine shall
not apply to employees of an insured person, nor to laborers, workmen or

arising out of and in the course of their employment, or, in case of death
resulting from such injury, to the persons entitled thereto, the compen-
sation required by this chapter. Compensation payable under this
chapter to an injured employee of the commonwealth who receives full
maintenance in addition to his cash salary or wage, and compensation
payable thereunder to his dependents in case of his death, shall be based
upon his average weekly wages plus the sum of seven dollars per week
in lieu of the full maintenance received by him. Sections seventy to
seventy-five, inclusive, shall apply to the commonwealth and to any
county, city, town or district having the power of taxation which has
accepted said chapter eight hundred and seven. The terms laborers, work-
men and mechanics, as used in sections sixty-eight to seventy-five, in-

1 Section 73. Any person entitled to receive compensation as provided by section sixty-nine from the commonwealth or from such county, city, town or district, who is also entitled to a pension by reason of the same injury, shall elect whether he will receive such compensation or such pension, and shall not receive both. 3 such employer; or

13 Third, The negligence of a person in the service of the employer who
14 was in charge or control of a signal, switch, locomotive engine, elevated
15 train or train upon a railroad or elevated railway;

17 The employee, or his legal representatives, shall, subject to the eight
18 following sections, have the same rights to compensation and of action
19 against the employer as if he had not been an employee, nor in the serv-
20 ice, nor engaged in the work, of the employer.

21 A car in use by or in possession of a railroad corporation, or an ele-
22 vated car in use by or in possession of an elevated railway corporation,
23 shall be considered as a part of the ways, works or machinery of the cor-
24 poration which uses or has it in possession, within the meaning of clause
25 first, whether owned by such corporation or by some other company or
26 person. One or more cars which are in motion, whether attached to an
27 engine or not, shall constitute a train within the meaning of clause third,
28 and whoever, as a part of his duty for the time being, physically con-
29 trolling or directs the movements of a signal, switch, locomotive engine,

31 of a signal, switch, locomotive engine, elevated train or train within the
32 meaning of said clause.

33 This section shall not apply to injuries caused to domestic servants or
34 farm laborers by fellow employees.

SECTION 2. An employee or his legal representatives shall not be
2 entitled under section one of this chapter or under chapter two hun-
3 dred and twenty-nine to any right of action for damages against his
4 employer if such employee knew of the defect or negligence which caused
5 the injury, and failed within a reasonable time to give, or cause to be

given, information thereof to the employer, or to some person superior to himself in the service of the employer who was intrusted with general superintendence.

Section 3. If a defect in the ways, works or machinery of an employer has been reported to the person whose duty it is to remedy said defect, or cause it to be remedied, or to report its existence, and such defect is not remedied within a reasonable time, and by reason of said defect an employee is injured, such employee shall not be held to have assumed the risk of such injury.

Section 4. An employee of a railroad corporation injured by any locomotive, car or train used contrary to any provision of sections one hundred and fifty-five and one hundred and fifty-seven to one hundred and fifty-nine, inclusive, of chapter one hundred and sixty shall not be deemed to have assumed the risk of such injury, although he continues in the employment of such corporation after the unlawful use of such locomotive, car or train has been brought to his knowledge. An employee of a railroad corporation injured by any locomotive, car or train by reason of the negligence of any other employee of the corporation shall not be deemed to have assumed the risk of such injury.

Section 5. The amount of damages awarded in an action under section one for a personal injury to an employee, in which no damages for his death are awarded, shall not exceed four thousand dollars.

Section 6. No action for the recovery of damages for injury under section one of this chapter or for death under section four or seven of chapter two hundred and twenty-nine shall be maintained unless notice of the time, place and cause of the injury is given to the employer within sixty days, and the action is commenced within one year, after the accident which causes the injury or death. Such notice shall be in writing, signed by the person injured or by a person in his behalf. If the person injured dies within the time required for giving the notice, his executor or administrator may give such notice within sixty days after his appointment; and in such case the action may be begun within one year after the appointment of such executor or administrator. If from physical or mental incapacity it is impossible for the person injured to give the notice, he may give it within ten days after such incapacity has been removed, and if he dies within said ten days his executor or administrator may give such notice within sixty days after his appointment. If the employer dies without such notice having been given and before the time for giving such notice has elapsed, the notice may be given to his executor or administrator, and the time within which the notice may be given as herein provided shall run from the appointment of the executor or administrator. A notice given under this section shall not be held invalid or insufficient solely by reason of any inaccuracy in stating the time, place or cause of the injury if it is shown that there was no intention to mislead, and that the employer was not in fact misled thereby. If the employer dies without such action having been brought and before the time for bringing the action has elapsed, the action may be begun against his executor or administrator not less than twenty-six days after his death.
Section 7. If an employer enters into a contract, written or verbal, with an independent contractor to do a part of such employer's work, or if such contractor enters into a contract with a sub-contractor to do all or any part of the work comprised in such contractor's work with the employer, such contract or sub-contract shall not bar the liability of the employer for injuries to the employees of such contractor or sub-contractor caused by any defect in the condition of the ways, works, machinery or plant, if they are the property of the employer or are furnished by him and if such defect arose, or had not been discovered or remedied, through the negligence of the employer or of some person intrusted by him with the duty of seeing that they were in proper condition.

Section 8. An employer who has contributed to an insurance fund created and maintained for the mutual purpose of indemnifying an employee for personal injuries for which compensation may be recovered under section one or to any relief society formed under sections eighty-six, eighty-seven and eighty-eight of chapter one hundred and fifty-nine, or the corresponding provisions of earlier laws may prove in mitigation of the damages recoverable by an employee under said section one, such proportion of the pecuniary benefit received by such employee from any such fund or society on account of such contribution of said employer as the contribution of such employer to such fund or society bears to the whole contribution thereto.

Section 9. A justice of the superior court may, upon petition setting forth in ordinary language that the servant or employee of a certain person, has been injured in the course of his employment, through some defect in the ways, works or machinery owned or used by the employer, and that it is necessary in order to protect the interests of the injured person that an examination should be made of the ways, works or machinery through whose defect the injury occurred, and after such notice to the employer as any justice of said court may direct or approve, and a hearing, grant an order directing the employer or person in control of such ways, works or machinery to permit the person named in said order to make such examination, under conditions to be set forth in the order.

General Provisions.
1 Section 1. The provisions of this chapter, unless expressly limited in their application, shall apply to all corporations created by or organized under the laws of the commonwealth, except so far as they are inconsistent with other provisions of law relative to particular corporations or classes of corporations. In this chapter, unless the context otherwise requires, “commissioner” means the commissioner of corporations and taxation.

2 Section 2. The commissioner shall examine the certificates and reports relative to corporations submitted to him under the provisions of law, and make suitable endorsements upon such as conform to the requirements of law. He shall keep a record of the names of corporations which submit certificates to his inspection, of the date of inspection and of his certificates when given, and of the result in brief of his examination.
inspection. He shall report to the attorney general instances of neglect or omission on the part of corporations to comply with the provisions of law for the enforcement of the penalties therefor.

Section 3. Every act of incorporation passed since March eleventh, eighteen hundred and thirty-one, shall be subject to amendment, alteration or repeal by the general court. All corporations organized under general laws shall be subject to such laws as may be hereafter passed affecting or altering their corporate rights or duties or dissolving them. Corporations shall, notwithstanding such repeal or dissolution, be subject to sections fifty-one and fifty-two. Such laws of amendment, alteration or repeal or such dissolution shall not take away or impair any remedy which may exist by law consistently with said sections against the corporation, its members or officers, for a liability previously incurred.

Section 3A. After December thirty-first, nineteen hundred and twenty-four, all deposits of funds of public service corporations, except common carriers under the supervision of the interstate commerce commission, shall be made by the officers of the corporations in national banks or duly chartered trust companies; but the foregoing provision shall not apply to any deposit for a period of not more than sixty days made for the purpose of meeting obligations maturing within said period or to any deposit for a similar period of time resulting from the sale of obligations or securities.

Section 4. No person owning, holding or controlling shares of stock of any public service corporation shall hereafter use any name or title or other words that, in the opinion of the department of public utilities, might lead the public to believe that such person is a public service corporation or that its business is that of a public service corporation.

Section 5. The department of public utilities may investigate and determine whether any person is violating the preceding section; and any person violating any provision thereof shall forfeit to the commonwealth one hundred dollars a day for every day or part thereof during which such violation continues after the determination aforesaid. Any such violation shall forthwith be reported by the department to the attorney general, after said determination and notice thereof to such person. The said forfeiture may be recovered by an information or other appropriate proceeding brought in the supreme judicial or superior court in the name of the attorney general. Upon such information or other proceeding the court may issue an injunction restraining such person from further prosecution of his business within the commonwealth during the pendency of such proceeding or for all time, and may make such other order or decree as equity and justice may require.

This and the preceding section shall not apply to the continued use by any person of any name or title adopted prior to April seventeenth, nineteen hundred and thirteen.
Section 5A. If, when the department of public utilities, as required by law, approves an issue of stock, bonds, coupon notes or other evidences of indebtedness of a company under its supervision, or passes upon the price, rates, charges or service of such company, it determines that the provision made by such company for the depreciation of its property has been inadequate, the department shall order such company to set aside out of earnings such allowances for depreciation and for such period or periods as the department may from time to time prescribe. All moneys required by such order to be so set aside shall be kept as a separate fund and shall not, without the further order of the department, be used for any other purpose than for renewals other than ordinary repairs, or for extensions, reconstruction and enlargements of and additions to plant, and the department shall prescribe in its order such requirements relative to the creation and maintenance of such fund and its devotion to such aforesaid authorized uses as it may deem advisable. All orders and decisions of the department under the provisions of this section shall be enforced as provided in section sixteen of chapter one hundred and sixty-four.

POWERS OF CORPORATIONS.

Section 6. A corporation may, in its corporate name, sue and be sued, appear, prosecute and defend to final judgment or decree and execution; have a corporate seal, which it may alter at pleasure; elect in such manner as it may determine all necessary officers, fix their compensation and define their duties and obligations; and make by-laws and regulations consistent with law for its own government, the due and orderly conduct of its affairs and the management of its property.

Section 7. Every corporation, except those governed by chapter one hundred and fifty-six, may by its by-laws, except as otherwise expressly provided, determine the manner of calling and conducting its meetings; the number of members which shall constitute a quorum; the number of shares which shall entitle the members to one or more votes; the mode of voting by proxy; the mode of selling shares for the payment of assessments; and the tenure of office of the several officers; and may annex suitable penalties to such by-laws, not exceeding twenty dollars for one offence; but no by-law inconsistent with law shall be made by a corporation.

Section 8. A corporation may convey land to which it has a legal title.

Section 9. A corporation organized under general laws may assume any name which, in the judgment of the commissioner, indicates that it is a corporation; but it shall not assume the name of another corporation established under the laws of the commonwealth, or of a corporation, firm, association or person carrying on business in the commonwealth, at the time of such organization or within three years prior thereto, or assume a name so similar thereto as to be likely to be mistaken for it, except with the written consent of said existing corporation, firm or association or of such person previously filed with the commissioner.
The supreme judicial or superior court shall have jurisdiction in equity, upon the application of any person interested or affected, to enjoin such corporation from doing business under a name assumed in violation of this section, although its certificate or articles of organization may have been approved and a certificate of incorporation may have been issued to it.

SECTION 10. A corporation, except one subject to chapter one hundred and fifty-six or chapters one hundred and sixty to one hundred and sixty-three, inclusive, may at a meeting duly called for the purpose, by vote of two thirds of each class of stock outstanding and entitled to vote, or, in case such corporation has no capital stock, by vote of two thirds of the persons legally qualified to vote in meetings of the corporation, or by a larger vote if its agreement of association or by-laws shall so require, change its name; provided, that no corporation subject to section twenty-six of chapter one hundred and eighty shall change its name until after approval of such change by the state secretary. Articles of amendment signed and sworn to by the president, treasurer and a majority of the directors or other officers having the powers of directors, shall within thirty days after such meeting be prepared, setting forth such amendment and the due adoption thereof. Such articles shall be submitted to the commissioner who shall examine them, and if he finds that they conform to the requirements of law, he shall so certify and endorse his approval thereon. Thereupon the state secretary shall direct the officers of the corporation to publish in such form as he may see fit, in a newspaper published in the county where the corporation has its principal office or place of business, notice of such change of name. When the state secretary is satisfied that such notice has been published as required by him, he shall, upon the payment of a fee of one dollar, grant a certificate of the name which the corporation shall bear, which name shall thereafter be its legal name, and he shall cause the articles of amendment to be filed in his office. In the case of corporations subject to chapter one hundred and seventy-five or one hundred and seventy-six, the approval of the commissioner of insurance shall be required before the commissioner of corporations and taxation approves the articles of amendment. No articles of amendment changing the name of any corporation shall take effect until they have been filed in the office of the state secretary as aforesaid.

SECTION 11. Upon an information in equity by the attorney general at the relation of the commissioner, the supreme judicial court may restrain by injunction any corporation from assuming or exercising any franchise or privilege or transacting any kind of business not authorized by its charter and the laws of the commonwealth.

SECTION 12. Every corporation may, by a vote of a majority of each class of stock outstanding and entitled to vote, appropriate not more than five thousand dollars or an annual sum of not more than five hundred dollars for the support of free beds in one or more hospitals in the commonwealth, for the use of its employees.
ORGANIZATION AND MEETINGS.

1 Section 13. A corporation created by special charter shall, if no time is limited therein, be organized within two years after the passage of its act of incorporation. Within thirty days after the final adjournment of the meeting for organization of any such corporation, the recording officer thereof shall make, sign, swear to and file in the office of the state secretary a certificate stating the date on which the meeting for organization was held, the names of the officers elected at such meeting and the amount of capital stock, if any, fixed under its charter.

1 Section 14. The first meeting of such corporation, unless otherwise provided in its act of incorporation, shall be called by a notice, signed by the person or by a majority of the persons named in such act, setting forth the time, place and purposes of the meeting, and delivered seven days at least before the meeting to each member or published in a newspaper of the county where the corporation is established. If all the persons so named, in writing, upon the charter or a certified copy thereof, waive such notice and fix the time and place of the meeting, no notice shall be required. The persons so named and their associate subscribers to stock before the date of the act shall hold the franchise or privileges granted until the corporation is organized.

1 Section 15. If, by reason of the death or absence of the officers of a corporation, or other cause, there is no person duly authorized to call or preside at a legal meeting, or if the clerk or other officer refuses or neglects to call it, a justice of the peace may, upon written application of three or more of the members or stockholders, issue a warrant to any one of them directing him to call a meeting by giving such notice as is required by law, and may in the same warrant direct him to preside at the meeting until a clerk is duly chosen and qualified if no officer is present legally authorized to preside.

CAPITAL STOCK.

1 Section 16. The par value of the common or preferred shares of a corporation shall be one hundred dollars. Any corporation which may be organized with shares of a par value other than one hundred dollars may at a meeting of stockholders called for the purpose change the par value of its shares to that amount if a certificate of such change shall, within ten days thereafter, be made, sworn to by its president, treasurer and a majority of its directors, or other officers having the powers of directors, and, having been approved as to its form by the 9 commissioner, be filed in the office of the state secretary.

1 Section 17. No corporation shall issue a share for a less amount to be actually paid in thereon than the par value of the shares at the date of issue.

This page contains legal text from an American legal document, specifically from Chapter 155 of the General Provisions relative to Corporations. It appears to deal with the issuance of preferred stock by corporations, including provisions for the organization, governing, and voting rights of preferred stockholders. The text contains numerous references to statutes and sections of law, indicating a detailed and technical legal discussion. The document is likely aimed at providing a comprehensive guide for issuers of preferred stock, ensuring compliance with legal requirements.
neglects to exhibit them or to submit them to examination as aforesaid,
be or the corporation shall be liable to any stockholder for all actual
damages sustained by reason of such refusal or neglect, and the supreme
judicial or superior court shall have jurisdiction in equity, upon petition
of a stockholder, to order any or all of said copies, books or records to
be exhibited to him and to such other stockholders as may become
parties to said petition, at such a place and time as may be designated
in the order, but in an action for damages or a proceeding in equity under
this section for neglect or refusal to exhibit for inspection the stock and
transfer books, it shall be a defence that the actual purpose and reason
for the inspection sought are to secure a list of stockholders for the
purpose of selling said list or copies thereof or of using the same for a
purpose other than in the interest of the applicant, as a stockholder,
relative to the affairs of the corporation.

SECTION 23. A corporation not subject to chapter one hundred and
fifty-six shall within fifteen days after a written request by a stockholder
thereof, made not less than thirty nor more than sixty days prior to the
time fixed for the annual meeting of stockholders, cause a complete list
of the stockholders as of the sixtieth day prior to the time so fixed, with
the residence of and the number of shares belonging to each stockholder,
to be made and filed in the office of the state secretary. The list shall
be in such form as the commissioner shall require or approve, and shall
be signed and sworn to by the treasurer of the corporation or by some
other officer cognizant of the facts specially appointed by the corpora-
tion to make the same. If a corporation and its treasurer or other officer
so specially appointed omits or neglects to cause a list of stockholders to
be so made and filed, they shall each forfeit not more than one thousand
dollars to be recovered in the manner provided in section forty-two of
chapter one hundred and fifty-eight.

TRANSFERS OF STOCK.

SECTION 24. In any case not provided for by sections twenty-five to
forty-four, inclusive, the rules of law and equity, including the law mer-
chant, and in particular the rules relating to the law of principal and
agent, executors, administrators and trustees, and to the effect of fraud,
misrepresentation, duress or coercion, mistake, bankruptcy, or other
invalidating cause, shall govern.

SECTION 25. Sections twenty-four to forty-four, inclusive, shall be
interpreted and construed in such manner as to effectuate their general
purpose to make uniform the law of the states which enact the uniform
stock transfer act.

SECTION 26. (1) In sections twenty-four to forty-four, inclusive,
unless the context or subject matter otherwise requires, the following
words shall have the following meanings:
"Certificate", a certificate of stock in a corporation organized under
the laws of this commonwealth or of another state whose laws are con-
sistent with said sections.
"Delivery", voluntary transfer of possession from one person to
another.
"Person" includes a corporation or partnership or two or more persons 9
having a joint or common interest.

"Purchase" includes to take as mortgagee or as pledgee.

"Purchaser" includes mortgagee and pledgee.

"Shares", a share or shares of stock in a corporation organized under 12
the laws of this commonwealth or of another state whose laws are con-
sistent with said sections.

"State" includes state, territory, district and insular possession of 15
the United States.

"Transfer", transfer of legal title.

"Title", legal title, not including a merely equitable or beneficial 19
ownership or interest.

"Value", any consideration sufficient to support a simple contract. 20
An antecedent or pre-existing obligation, whether for money or not, 22
constitutes value if a certificate is taken either in satisfaction thereof or 23
as security therefor.

(2) A thing is done in "good faith" within the meaning of said sections 25
when it is in fact done honestly, whether it be done negligently or not. 26

SECTION 27. Title to a certificate and to the shares represented 1
thereby shall be transferred only — 2

(a) By delivery of the certificate endorsed either in blank or to a speci-

fied person by the person appearing by the certificate to be the owner of 4
the shares represented thereby; or 5

(b) By delivery of the certificate and a separate document contain-

ing a written assignment of the certificate or a power of attorney to sell, 7
assign or transfer the same or the shares represented thereby, signed 8
by the person appearing by the certificate to be the owner of the shares 9
represented thereby. Such assignment or power of attorney may be 10
either in blank or to a specified person. 11

This section shall be applicable although the charter or articles of 12
organization or code of regulations or by-laws of the corporation issu-
ing the certificate, and the certificate itself, provide that the shares repre-
sented thereby shall be transferable only on the books of the corporation 14
or shall be registered by a registrar or transferred by a transfer agent. 16

SECTION 28. Sections twenty-four to forty-four, inclusive, shall not 1
be construed as enlarging the powers of an infant or other person lack-
ing full legal capacity, or of a trustee, executor or administrator, or other 3
fiduciary, to make a valid endorsement, assignment or power of attorney. 4

SECTION 29. Sections twenty-four to forty-four, inclusive, shall not 1
be construed as forbidding a corporation — 2

(a) To recognize the exclusive right of a person registered on its books 3
as the owner of shares to receive dividends, and to vote as such owner; or 4
(b) To hold liable for calls and assessments a person registered on its 5
books as the owner of shares.

(c) Has died or become legally incapacitated after the endorsement, whether before or after the delivery of the certificate; or

(d) Has received no consideration.

Section 33. If the endorsement or delivery of a certificate (a) was procured by fraud or duress, or (b) was made under such mistake as to make the endorsement or delivery inequitable; or if the delivery of a certificate was made (c) without authority from the owner, or (d) after the owner’s death or legal incapacity, the possession of the certificate may be reclaimed and the transfer thereof rescinded, unless —

(1) The certificate has been transferred to a purchaser for value in good faith without notice of any facts making the transfer wrongful, or

(2) The injured person has elected to waive the injury, or has been guilty of laches in endeavoring to enforce his rights.

Any court of appropriate jurisdiction may enforce specifically such right to reclaim the possession of the certificate or to rescind the transfer thereof and, pending litigation, may enjoin the further transfer of the certificate, or impound it.

Section 34. Although the transfer of a certificate or of shares represented thereby has been rescinded or set aside, nevertheless, if the transferee has possession of the certificate or of a new certificate representing part or the whole of the same shares of stock, a subsequent transfer of such certificate by the transferee, mediatey or immediately, to a purchaser for value in good faith, without notice of any facts making the transfer wrongful, shall give such purchaser an indefeasible right to the certificate and the shares represented thereby.
SECTION 35. The delivery of a certificate by the person appearing by
the certificate to be the owner thereof, without the endorsement requisite
for the transfer of the certificate and the shares represented thereby, but
with intent to transfer such certificate or shares shall impose an obligation,
in the absence of an agreement to the contrary, upon the person so de-
delivering, to complete the transfer by making the necessary endorsement.
The transfer shall take effect as of the time when the endorsement is
actually made. This obligation may be specifically enforced.

SECTION 36. An attempted transfer of title to a certificate or to the
shares represented thereby without delivery of the certificate shall have
the effect of a promise to transfer, and the obligation, if any, imposed
by such promise shall be determined by the law governing the forma-
tion and performance of contracts.

SECTION 37. A person who for value transfers a certificate, including
one who assigns for value a claim secured by a certificate, unless a con-
trary intention appears, warrants —

(a) That the certificate is genuine;

(b) That he has a legal right to transfer it; and

(c) That he has no knowledge of any fact which would impair the
validity of the certificate.

In the case of an assignment of a claim secured by a certificate, the
liability of the assignor upon such warranty shall not exceed the amount
of the claim.

SECTION 38. A mortgagee, pledgee, or other holder for security of a
certificate who in good faith demands or receives payment of the debt for
which such certificate is security, whether from a party to a draft drawn
for such debt, or from any other person, shall not by so doing be deemed
to represent or to warrant the genuineness of such certificate, or the
value of the shares represented thereby.

SECTION 39. Except where a certificate is lost or destroyed, a corpora-

tion shall not be compelled to issue a new certificate for the stock
until the old certificate is surrendered to it.

SECTION 40. There shall be no lien in favor of a corporation upon the
shares represented by a certificate issued by such corporation, and there
shall be no restriction upon the transfer of shares so represented by virtue
of any by-laws of such corporation, or otherwise, unless the right of the
corporation to such lien or the restriction is stated upon the certificate.

SECTION 41. The alteration of a certificate, whether fraudulent or not
and by whomsoever made, shall not deprive the owner of his title to the
certificate and the shares originally represented thereby, and the transfer
of such a certificate shall convey to the transferee a good title to such
certificate and to the shares originally represented thereby.

SECTION 42. If a certificate has been lost or destroyed, a court of
competent jurisdiction may order the issue of a new certificate therefor
on service of process upon the corporation and on reasonable notice by
publication, and in any other way which the court may direct, to all per-
sons interested, and upon satisfactory proof of such loss or destruction
6 and upon the giving of a bond with sufficient surety to be approved by
7 the court to protect the corporation or any persons injured by the issue
8 of the new certificate from any liability or expense, which it or they may
9 incur by reason of the original certificate remaining outstanding. The
10 court may also in its discretion order the payment of the corporation's
11 reasonable costs and counsel fees.
12 The issue of a new certificate under an order of the court as provided
13 in this section, shall not relieve the corporation from liability in damages
14 to a person to whom the original certificate has been or shall be trans-
15 ferred for value without notice of the proceedings or of the issuance of
16 the new certificate.
17 Section thirty-four of chapter one hundred and fifty-six shall apply to
18 railroads and street railways.

1 Section 43. A certificate shall be deemed to be endorsed when an
2 assignment or a power of attorney to sell, assign or transfer the certificate
3 or the shares represented thereby is written on the certificate and signed
4 by the person appearing by the certificate to be the owner of the shares
5 represented thereby, or when the signature of such person is written
6 without more upon the back of the certificate. In either of such cases
7 a certificate shall be deemed to be endorsed though it has not been
8 delivered.

1 Section 44. The person to whom a certificate was originally issued
2 shall be deemed to be the person appearing by the certificate to be the
3 owner thereof, and of the shares represented thereby, until and unless
4 he endorses the certificate to another specified person, and thereupon
5 such other specified person shall be deemed to be the person appearing
6 by the certificate to be the owner thereof until and unless he also endorses
7 the certificate to another specified person. Subsequent special endorse-
8 ments may be made with like effect.

1 Section 45. Stock shall not be transferred on the books of a cor-
2 poration if any instalments thereon remain overdue and unpaid.

UNCLAIMED DIVIDENDS.

Section 47. Every corporation shall, once in every five years, publish three times successively in a newspaper in Boston, and also in a newspaper in the county where the corporation is established, a list of all dividends which have remained unclaimed for two years or more and the names of the persons to whose credit such dividends stand.

FALSE REPORTS OR STATEMENTS CONCERNING CORPORATIONS.

Section 48. Whoever knowingly makes, executes, files or publishes any report or statement required by law to be made, executed, filed or published by a corporation in this commonwealth, whether such corporation is organized under the laws of this commonwealth or elsewhere, or whoever causes the same to be done, which report or statement is false in any material representation, shall be punished by a fine of not more than five thousand dollars or by imprisonment for not more than three years, or both.

1911, 751, IV, § 19. 1914, 661, § 1.

Section 49. Whoever knowingly makes, executes or publishes any report or statement required by the law of another state or country to be made, executed, or published by a corporation, or whoever causes the same to be done, within this commonwealth, which report or statement is false in any material representation, shall be punished by a fine of not more than five thousand dollars or by imprisonment for not more than three years, or both.

DISOLUTION OF CORPORATIONS.

Section 50. A corporation which desires to close its affairs may, unless otherwise provided in the agreement of association, by the vote of a majority of its members if it has no capital stock, otherwise by a vote of a majority of all its stock, or, if two or more classes of stock have been issued, of a majority of each class outstanding and entitled to vote, authorize a petition for its dissolution to be filed in the supreme judicial or superior court setting forth in substance the grounds of the application, or such a petition may be so filed by the holder or holders of not less than forty per cent of the capital stock issued and outstanding and entitled to vote of a corporation subject to chapter one hundred and fifty-six, if the votes of its board of directors and of its stockholders are equally divided on a question affecting the general management of the affairs of the corporation and there appears to be no way of reaching an agreement and breaking such deadlock; and the court, after notice to parties interested and a hearing, may decree a dissolution of the corporation. A corporation so dissolved shall be held to be extinct in all respects as if its corporate existence had expired by the limitation of its charter.

Section 51. Every corporation whose charter expires by its own limitation or is annulled by forfeiture or otherwise, or whose corporate existence for other purposes is terminated in any other manner, shall nevertheless be continued as a body corporate for three years after the time when it would have been so dissolved for the purpose of prosecuting
Section 52. If the charter of the corporation expires or is annulled, or if the corporation is dissolved as provided in section fifty, or if its corporate existence for other purposes is terminated in any other manner, the supreme judicial or superior court, upon application of a creditor, stockholder or member, shall have jurisdiction in equity to appoint one or more receivers to take charge of its estate and effects and to collect its debts and property due and belonging to it, with power to prosecute and defend suits in its name or otherwise, to appoint agents under them, and to do all other acts which might be done by such corporation, if in being, which may be necessary for the final settlement of its unfinished business. The powers of such receivers and the existence of the corporation may be continued as long as the court finds necessary for said purposes.

Section 53. The receivers shall pay all debts due from the corporation if the funds in their hands are sufficient therefor; and if they are not, they shall distribute them ratably among the creditors who prove their debts in the manner directed by any decree of the court for that purpose. If there is a balance remaining after the payment of the debts, the receivers shall distribute and pay it to those who are justly entitled thereto as having been stockholders or members of the corporation, or their legal representatives.

Section 54. If a petition, signed and sworn to by a majority in interest of the stockholders of a railroad or street railway company, organized under general laws or by a majority in number or interest of the members of any other corporation organized under the general laws, except a corporation created for the purpose of business or profit having a capital stock divided into shares or which is under the supervision of the commissioner of insurance, has, with the certificate of incorporation, been filed in the office of the state secretary, stating that such members desire to surrender the certificate of incorporation and to have the corporation dissolved and giving their reasons therefor, the state secretary, if he considers such reasons sufficient, shall require the petitioners to publish a notice in one or more newspapers in the county where the corporation is located stating that, for reasons which appear to him sufficient, the certificate of incorporation of the corporation therein named is annulled. Upon the filing by the petitioner with the state secretary of a copy of each newspaper in which the notice of dissolution was ordered...
to be published, the corporation shall be dissolved, subject to the three preceding sections.

SECTION 55. If a corporation is dissolved or annulled, the clerk of the court in which the decree therefor is entered shall forthwith make return thereof to the state secretary, giving the name of the corporation and the date upon which such decree was entered.

REVIVAL OF CORPORATIONS.

SECTION 56. If the commissioner finds that a corporation has been dissolved subject to the provisions of this section by act of the general court and that such corporation ought to be revived for all purposes or for any limited time or for any specified purpose or purposes with or without limitation of time, he may, not later than three years after the effective date of said act, upon application by any interested party, file in the office of the state secretary a certificate, in such form as the commissioner may prescribe, reviving such corporation as aforesaid. The commissioner may subject the revival of such corporation to such terms and conditions, including the payment of reasonable fees, as in his judgment the public interest may require. Upon the filing of a certificate reviving a corporation for all purposes, said corporation shall stand revived with the same powers, duties and obligations as if it had not been dissolved, except as otherwise provided in said certificate; and all acts and proceedings of its officers, directors and stockholders or members, acting or purporting to act as such, which would have been legal and valid but for such dissolution, shall, except as aforesaid, stand ratified and confirmed. If such a corporation is revived as aforesaid for a limited time or for any specified purpose or purposes, it shall stand revived for such time or for the accomplishment of such purpose or purposes in accordance with the terms of the commissioner’s certificate. For cause shown to his satisfaction, the commissioner may, by certificate filed as aforesaid, extend the time for which a corporation revived for a limited time shall stand revived.

### General Provisions

1. **Section 1.** In this chapter, unless a contrary intention appears, "corporation" shall mean a corporation to which, under section two, this chapter applies, and "commissioner" shall mean the commissioner of corporations and taxation.

2. **Section 2.** Except as expressly made applicable by reference in other chapters, this chapter shall not apply to corporations organized for the purpose of carrying on the business of a bank, savings bank, cooperative bank, trust company, credit union, surety or indemnity company, or safe deposit company, or for the purpose of carrying on within the commonwealth the business of an insurance company, railroad, electric railroad, street railway or trolley motor company, telephone or telegraph company, gas or electric light, heat or power company, canal, aqueduct or water company, cemetery or crematory company, or to any other corporation which now have or may hereafter have the right to take land within the commonwealth by eminent domain or to exercise franchises in public ways granted by the commonwealth. Application of chapter regulated. R. S. 58, § 1. G. S. 49, § 1. 1870, 224. §§ 13, 64, 65. R. L. 110, § 2. 1903, 437. §§ 1, 92. 1910, 385. 1912, 586. 1917, 224. 1925, 436, § 1. 1961, 426. §§ 245. 192 Mass. 428. 214 Mass. 79. 246 Mass. 242.
wealth or by any county, city or town. It shall apply to all other do-
13 mestic corporations having a capital stock and heretofore or hereafter 
14 established either by general or special law for the purpose of carrying on 
15 business for profit except as provided in chapter one hundred and fifty-
16 seven and except so far as such application may be inconsistent with 
17 provisions still in force of any special acts of incorporation, enacted before 
18 March eleventh, eighteen hundred and thirty-one, and not subject to 19 
20 amendment, alteration or repeal by the general court, or with provisions 
21 of any special acts of incorporation heretofore enacted; and this chapter 
22 shall govern the amount of real or personal estate which any corporation 
23 subject to it may hold, and the right to increase or decrease its capital 
24 stock, notwithstanding the provisions of any special act of incorporation, 
25 except in the case of corporations empowered to manufacture, store, 
26 transmit, sell or distribute power.

SECTION 3. Corporations which would otherwise be within the appli-
1 cation of this chapter, as defined in section two, but which were created 
2 before March eleventh, eighteen hundred and thirty-one, by any special 
3 act not subject to amendment, alteration or repeal by the general court, 
4 may, at a legal meeting of the stockholders duly called therefor, by vote 
5 of two thirds of each class of stock outstanding and entitled to vote, adopt 
6 the provisions of this chapter and all provisions of chapter one hundred 
7 and fifty-five applicable to corporations subject to this chapter. A copy 
8 of such vote, signed and sworn to by the president, treasurer and a 
9 majority of the directors, shall be submitted to and examined by the 
10 commissioner. If the commissioner finds that it conforms to the re-
11 quirements of law, he shall endorse his approval thereon, and, upon pay-
12 ment of the fee provided in section fifty-five, it shall be filed in the office 
13 of the state secretary; and thereupon such corporation with its mem-
14 bers and officers shall be entitled to all the rights, privileges and im-
15 munities and be subject to all the liabilities set forth in this chapter and 
16 in the provisions of chapter one hundred and fifty-five applicable to 
17 corporations subject to this chapter, and no stockholder in such corpora-
18 tion shall be liable for debts of the corporation contracted after the 
19 filing of the copy of such vote except for the causes and in the manner 
20 provided in this chapter.

SECTION 4. In addition to the powers and privileges given by section 
21 six of chapter one hundred and fifty-five, every corporation shall have 
22 the following powers and privileges:

(a) To have perpetual succession in its corporate name, unless a period 
23 for its duration is limited by any general or special law.

(b) Except as provided in section two, to have a capital stock to such 
24 an amount as may be fixed, as provided in this chapter, in its agreement 
25 of association or articles of organization or of amendment.

(c) To hold, purchase, convey, mortgage or lease within or without

ORGANIZATION.
1 Section 6. Three or more persons may associate themselves by writing a ten agreement of association with the intention of forming a corporation under general laws for any lawful purpose not excluded by section two. The agreement of association shall state:

5 (a) That the subscribers thereto associate themselves with the intention of forming a corporation.
7 (b) The corporate name assumed.
8 (c) The location of the principal office of the corporation in the commonwealth, and elsewhere in the case of corporations organized to do business wholly outside the commonwealth.
11 (d) The purposes for which the corporation is formed and the nature of the business to be transacted.
13 (e) If only shares with par value are to be issued, the total amount of the capital stock of the corporation, which shall not be less than one thousand dollars, to be authorized, and the number of shares into which the capital stock is to be divided, and the par value of the shares, which shall not be less than five dollars, or, in lieu thereof, if any shares without par value are to be issued, the number of shares without par value to be authorized, which shall not be less than ten, and the number of shares having par value to be authorized, if any, and the par value thereof, which shall not be less than five dollars.
22 (f) The restrictions, if any, imposed upon the transfer of shares.

26 (h) Any other lawful provisions for the conduct and regulation of the business of the corporation, for its voluntary dissolution, or for limiting, defining or regulating the powers of the corporation, or of its directors or stockholders, or of any class of stockholders.
30 (i) The subscriber or subscribers by whom the first meeting of the incorporators shall be called.
(j) The names and residences of the incorporators and the amount of stock subscribed for by each.

SECTION 7. The agreement of association of any corporation formed for the purpose of acquiring, holding, managing, improving, leasing, buying and selling real estate, except a corporation formed for the purpose of owning forest land classified under chapter sixty-one, shall state the term of duration of the corporation, which shall not exceed fifty years.

SECTION 8. The first meeting of the incorporators shall be called by a notice signed by such subscriber to the agreement of association as may be designated therein or by a majority of the subscribers to such agreement; and such notice shall state the time, place and purposes of the meeting, which shall be held within the commonwealth. A copy of such notice shall, seven days at least before the day appointed for the meeting, be given to each incorporator or left at his residence or usual place of business, or deposited in the post office, postage prepaid, and addressed to him at his residence or usual place of business, and another copy thereof, and an affidavit of one of the signers that the notice has been duly served, shall be recorded with the records of the corporation. If all of the incorporators shall be in writing, upon the agreement of association, waive such notice and fix the time and place of the meeting, no notice shall be required.

SECTION 9. At the first meeting of a corporation organized under general law or created by special act, or at any adjournment thereof, the incorporators shall organize by the choice, by ballot, of a temporary clerk, who shall be sworn, by the adoption of by-laws and by the election by ballot of directors, of a treasurer, of a clerk and of such other officers as the by-laws require to be elected by the stockholders. The temporary clerk shall make and attest a record of the proceedings, until the clerk has been chosen and sworn, including a record of such choice and qualification.

SECTION 10. A majority of the directors elected at such first meeting shall forthwith make, sign and make oath to articles setting forth:

(a) A true copy of the agreement of association and the names of the subscribers thereto, or, if the corporation is created by special act, a copy of the act of incorporation.

(b) The date of the first meeting and of the successive adjournments thereof, if any.

(c) Subject to section fourteen, the amount of capital stock then to be issued, the amount thereof to be paid for in full in cash, the amount thereof to be paid for in cash by instalments and the instalment to be paid before the corporation commences business, and the amount thereof to be paid for in property. If such property consists in any part of real estate, its location, area and the amount of stock to be issued therefor shall be stated; if any part of such property is personal, it shall be described in such detail as the commissioner may require, and the amount of stock to be issued therefor stated. If any part of the capital stock is issued for services or expenses, the nature of such services or
18 expenses and the amount of stock which is issued therefor shall be clearly
19 stated.
20 (d) The name, residence and post office address of each of the officers
21 of the corporation.
22 The directors who sign such articles and the officers and directors who
23 sign any amendment thereof shall be jointly and severally liable to any
24 stockholder of the corporation for actual damages caused by any state-
25 ment therein which is false and which they know, or on reasonable
26 examination could have known, to be false.

1 Section 11. The articles of organization, the agreement of associa-
2 tion, and the record of the first meeting of the incorporators, including
3 the by-laws, shall be submitted to the commissioner, who shall examine
4 them and who may require such amendment thereof or such additional
5 information as he deems necessary. If he finds that the provisions of law
6 relative to the organization of the corporation have been complied with,
7 he shall endorse his approval on the articles. Thereupon, the articles
8 shall, upon payment of the fee provided by section fifty-three, be filed
9 in the office of the state secretary:

16 1931, 394, § 163.

1 Section 12. Upon the approval and filing as above provided of the
2 articles of organization of a corporation organized under general laws,
3 the state secretary shall issue a certificate of incorporation in the follow-
4 ing form:

COMMONWEALTH OF MASSACHUSETTS.

or others), and have complied with the provisions of the statutes of this com-
monwealth in such case made and provided, as appears from the articles
of organization of said corporation, duly approved by the commissioner of cor-
porations and taxation and recorded in this office: now, therefore, I (the name
of the secretary), secretary of the commonwealth of Massachusetts, do hereby
certify that said (the names of the subscribers to the agreement of association),
their associates and successors, are legally organized and established as, and
are hereby made, an existing corporation under the name of (name of the cor-
poration), with the powers, rights and privileges, and subject to the limitations,
duties and restrictions, which by law appertain thereto.

Witness my official signature hereunto subscribed, and the great seal of the
commonwealth of Massachusetts hereunto affixed, this day of

in the year (the date of filing of the articles of
organization).

5 If such corporation is organized with capital stock without par value,
6 the form of said certificate may be modified to conform thereto.
7 The state secretary shall sign the certificate of incorporation and cause
8 the great seal of the commonwealth to be thereto affixed, and such
9 certificate shall have the force and effect of a special charter. The ex-
10 istence of every corporation organized under general laws shall begin
11 upon the filing of the articles of organization in the office of the state
secretary. The state secretary shall also cause a record of the certificate of incorporation to be made, and such certificate, or such record, or a certified copy thereof, shall be conclusive evidence of the existence of such corporation.

SECTION 13. Every corporation may determine by its by-laws the time and place of holding and the manner of conducting its meetings, and, in accordance with sections twenty-one and twenty-two, of electing its officers, the powers, duties and tenure of its officers, the number of its directors, the number of stockholders and of directors necessary to constitute a quorum, the manner of calling regular and special meetings of the directors, the expediency of providing for an executive committee, the number of members thereof, and the duties which may be delegated to it, the method of making demand for payment of subscriptions to its capital stock, the conditions under which a new certificate of stock may be issued in place of a certificate which is alleged to have been lost or destroyed, the method in general of transacting its business and the manner by which the by-laws may be altered, amended or repealed.

SECTION 14. Every corporation in its agreement of association, or in the case of a corporation created by special law, in its articles of organization, or in an amendment to said agreement or articles which may be adopted as hereinafter provided, may create shares of stock with or without par value and may create two or more classes of stock with such preferences, voting powers, restrictions and qualifications thereof as shall be fixed in said agreement or articles or in such amendment. Subject to any provisions so fixed, every share without par value shall be equal to every other such share.

The provisions of law relating to the issue of shares of capital stock with par value shall apply to the issue of shares without par value, and a corporation may issue its authorized shares without par value for such cash, property, tangible or intangible, services or expenses as may be determined from time to time by the board of directors, subject to the provisions of the agreement of association, articles of organization or amendments thereof and, in the case of an increase of capital stock, subject to the vote of stockholders determining the terms and manner of the disposition of the increased stock pursuant to section forty-one, and when the cash or other consideration for which they are to be issued, as stated in the articles of organization, or certificate of issue, or articles of amendment, made pursuant to section ten, sixteen or forty-four, has been received, said shares shall be fully paid stock and not liable to any further call or assessment thereon, nor shall the subscriber or holder be liable for any further payments, except as provided in section thirty-five.

In any case in which the law requires that the par value of the shares of stock of a corporation be stated, it shall be stated, in respect of shares without par value, that such shares are without par value; and wherever the amount of stock, authorized or issued, is required to be stated, if any shares without par value are authorized, the number of shares authorized or issued of the several classes shall be stated, and it shall also be stated whether such shares are with or without par value and what the par value is of such shares as have par value.

SECTION 15. Capital stock may be issued for cash, at not less than par, if the shares have par value, and may be issued for property, tangible...
3. ble or intangible, or for services or expenses. Stock issued for cash may be
4. paid for in full before it is issued or by instalments. If it is paid for
5. by instalments, the stock certificate shall be legibly stamped with the
6. words "per cent paid up, balance payable (stating manner
7. and time of payment) and shares subject to forfeiture if
8. unpaid", the facts being truly stated; and, as each instalment is de-
9. manded and paid, the certificate shall be stamped accordingly.

1. Section 16. The whole or any part of any unissued balance of the
2. authorized capital stock may be issued, subsequent to the issue of stock
3. certified by the articles of organization, by vote of the directors, under
4. authority of the by-laws or of a general or special vote of the incorporators
5. at the first meeting or of the stockholders at a subsequent meeting, if
6. within thirty days after such vote of the directors, a certificate signed
7. and sworn to by the president, treasurer and a majority of the directors is
8. submitted to the commissioner, setting forth — (a) the total amount of
9. capital stock authorized; (b) the amount of stock already issued for cash
10. payable by instalments and the amount paid thereon; also the amount
11. of full paid stock already issued for cash, property, services or expenses;
12. (c) the amount of additional stock to be issued for cash, property, services
13. or expenses, respectively; (d) a description of said property, and a state-
14. ment of the nature of said services or expenses, in the manner required
15. by section ten. The commissioner shall examine such certificate in the
16. same manner as the original articles of organization. If he finds that it
17. conforms to the requirements of law, he shall endorse his approval
18. thereon, and it shall thereupon be filed in the office of the state secretary
19. upon payment of the fee provided in section fifty-five. No issue of stock
20. subsequent to that certified by the articles of organization shall be
21. lawful until said certificate is filed with the secretary as aforesaid. No
22. stock shall be at any time issued unless the cash, so far as due, or the
23. property, services or expenses for which it was authorized to be issued,
24. has been actually received or incurred by, or conveyed or rendered to,
25. the corporation, or is in its possession as surplus; nor shall any note or
26. evidence of indebtedness, secured or unsecured, of any person to whom
27. stock is issued, be deemed to be payment therefor; and the president,
28. treasurer and directors shall be jointly and severally liable to any stock-
29. holder of the corporation for actual damages caused to him by such issue.

1. Section 17. An issue of stock subsequent to that certified by the
2. articles of organization which is invalid solely for the reason that the
3. certificate is not submitted to the commissioner within thirty days as
4. required by the preceding section may be rendered lawful and valid as
5. of the date of its issue if the certificate is afterward submitted to him,
6. and is examined and approved by him and filed in the office of the state
7. secretary, upon payment of such fee, not exceeding twenty-five dollars,
8. as the commissioner may fix.

1. Section 18. In the case of capital stock authorized to be issued for
2. cash, whether or not to be paid in full before issue, the directors may
3. require payment in such proportions and at such times and places as
they deem proper, by making demand therefor according to the by-laws,
or, in default of such by-law, by notice mailed to each subscriber or
stockholder at least seven days before his subscription or any portion
thereof, or any instalment due upon stock already issued, is payable.

Section 19. If, under the articles of organization, capital stock
issued for cash is to be paid for in full before it is issued, and the sub-
scriber refuses or neglects to pay the amount demanded for thirty days
after the time limited for payment in the demand made under the pre-
ceding section, his rights of subscription may be sold by public auction
by the treasurer of the corporation who, out of the proceeds of such sale,
shall pay to the corporation the amount then due from such subscriber
with interest and incidental charges, first giving notice by mail to such
subscriber, not less than ten days prior to such sale, of the time and place
appointed therefor and of the amount due and payable by him. Upon the
sale of such rights as aforesaid, the directors shall give to the purchaser a
certificate thereof. If the rights of such subscriber do not sell for an
amount sufficient to pay the amount due from him with interest and
charges of sale, he shall be liable to the corporation in an action at law for
the deficiency; if they sell for more, he shall be entitled to the surplus.
At the expiration of thirty days after the time limited for payment as
aforesaid, the directors may waive their right to offer such rights for sale,
and may elect to proceed at law against such delinquent subscriber to
recover all amounts due and payable by him with interest. If said rights
are not sold at said auction, or if a judgment rendered in an action against
a subscriber remains unsatisfied for thirty days, all amounts previously
paid by him shall be forfeited to the corporation.

Section 20. If, under the articles of organization, capital stock is
issued payable by instalments, and a stockholder refuses or neglects to
pay an instalment for thirty days after the time limited for payment in
the demand under section eighteen, the treasurer of the corporation may
sell such stockholder’s shares by public auction, and, out of the proceeds
of such sale, shall pay to the corporation all instalments then due from
such stockholder with interest and incidental charges. A notice stating
the time and place of such sale and the amount of the instalment due and
payable and also the number of the certificate and number of shares of
stock thus offered for sale shall be sent by the treasurer by mail not less
than ten days prior to such sale to such stockholder and also the person
who originally subscribed to the said delinquent stock. Upon the sale of
such stock as aforesaid, the directors shall transfer the shares so sold
to the purchaser, who shall be entitled to a certificate therefor, so stamped
as to indicate the instalments paid, and shall be liable under this section
for all subsequent instalments. Upon the issue of such certificate, the
certificate outstanding shall be void except as provided in sections
twenty-four to forty-six, inclusive, of chapter one hundred and fifty-five. 18
The balance, if any, of the proceeds of such sale shall be held by the cor-
poration for such stockholder, his representatives or assigns, and be paid

The business of every corporation shall be managed and conducted by a president, a board of not less than three directors, a clerk, a treasurer and such other officers and such agents as the corporation shall provide, by its by-laws shall authorize. The treasurer may be required to give a bond for the faithful performance of his duty in such sum and with such sureties as the by-laws may prescribe. The clerk, who shall be a resident of the commonwealth, shall be sworn and shall record all votes of the corporation in a book to be kept therefor.

Section 22. Except as otherwise provided in this and the following sections, the directors, treasurer and clerk shall be elected annually by ballot, by such stockholders as have the right to vote, and the president shall be elected annually by and from the board of directors. All other agents and officers shall be chosen or appointed, and all vacancies filled, in the manner prescribed in the by-laws, or, in default of such by-law, by the board of directors. Every director, unless the by-laws otherwise provide, shall be a stockholder. The directors and other officers shall hold office for one year and until their successors are chosen and qualified, except that a corporation may, by its articles of organization or by an amendment to such articles adopted as provided in this chapter, divide its directors into classes and prescribe the tenure of office of the several classes and the class of stock by which each class of directors shall be elected; but no class shall be elected for a shorter period than one year or for a longer period than five years, and the term of office of at least one class shall expire in each year.
Section 23. A manufacturing corporation may provide by by-law for the nomination and election by its employees of one or more of them as members of its board of directors. All such elections shall be held at the works of the corporation on the day of the annual meeting, and the voting shall be by secret ballot. If less than a majority of those entitled to vote participate in the election there shall be no election, and the vacancy shall be filled as provided in the preceding section. A director elected by the employees shall have the same rights and powers and shall be subject to the same duties and responsibilities as a director elected by the stockholders.

Section 24. Whenever any change is made in the officers of a corporation, except at the annual meeting, the corporation shall forthwith file in the office of the commissioner a certificate of such change, signed and sworn to by the clerk. Any corporation which omits to make and file a certificate as aforesaid within thirty days after such change has been made, or which fails to keep a clerk of the corporation in this commonwealth, shall forfeit not more than five hundred dollars, to be recovered in the manner prescribed by section fifty-two.

Section 25. The board of directors may exercise all the powers of the corporation, except such as are conferred by law, or by the by-laws of the corporation, upon the stockholders.

Section 26. A corporation may, by its by-laws, provide for an executive committee to be elected from and by its board of directors. To such committee may be delegated the management of the current and ordinary business of the corporation, and such other duties as the by-laws may prescribe.

Section 27. Meetings of the board of directors may be held within or without the commonwealth. Any meeting of the board shall be a legal meeting without notice if each director, by a writing filed with the records of the meeting, waives such notice.

Stockholders.

Section 28. There shall be an annual meeting of the stockholders, and the time and place of holding it, and the manner of conducting it, shall be fixed by the by-laws; but it shall be held within ninety days after the end of the fiscal year of the corporation. All meetings of stockholders shall be held in the commonwealth. A written notice, stating the place, day and hour thereof, shall be given by the clerk, at least seven days before the meeting, to each stockholder entitled to vote thereat and to each stockholder who, under the agreement of association or any amendment thereof or under the by-laws, is entitled to such notice, by leaving such notice with him or at his residence or usual place of business, or by mailing it, postage prepaid, and addressed to such stockholder at his address as it appears upon the books of the corporation. Unless the by-laws otherwise provide, a majority in interest of all stock issued and outstanding and entitled to vote shall constitute a quorum. Notices of all meetings of stockholders shall state the purposes for which the meetings are called. No notice of the time, place or purpose of any regular
or special meeting of the stockholders shall be required if every stockholder entitled to notice thereof, or his attorney thereunto authorized, by a writing which is filed with the records of the meeting, waives such notice.

1 Section 29. Whenever any change is made altering the date fixed in the by-laws for the annual meeting of a corporation, the corporation shall forthwith file in the office of the commissioner a certificate of such change, signed and sworn to by the clerk of the corporation. Any corporation which omits to make and file a certificate as aforesaid within thirty days after such a change has been made, shall forfeit not more than one hundred dollars, to be recovered in the manner prescribed by section fifty-two.

1 Section 30. Special meetings of the stockholders may be called by the president or by a majority of the directors, and shall be called by the clerk, or in case of the death, absence, incapacity or refusal of the clerk, by any other officer, upon written application of three or more stockholders who are entitled to vote and who hold at least one tenth part in interest of the capital stock entitled to vote at the meeting, stating the time, place and purpose of the meeting.

Capital stock shall not be voted upon if any installment of the subscription therefor which has been duly demanded under section eighteen is overdue and unpaid. Stockholders may vote either in person or by proxy. No proxy which is dated more than six months before the meeting named therein shall be accepted, and no such proxy shall be valid after the final adjournment of such meeting.

1 Section 33. Each stockholder shall be entitled to a certificate, in form conformable to section fifteen, which shall be signed by the president, or a vice president and either the treasurer or an assistant treasurer of the corporation, shall be sealed with its seal and shall certify the number of shares, and the class thereof, owned by him in such corporation; but when any such certificate is signed by a transfer agent or transfer clerk and by a registrar and the registrar is not the same person, partnership, association, trust or corporation as the transfer agent or transfer clerk, the signature of the president or a vice president, or of the treasurer or an assistant treasurer of the corporation, or both such signatures, or the seal of the corporation, or either or both such signatures and such seal, upon such certificate may be facsimile, and such certificate shall be as valid and effectual for all purposes as if signed by such officer or officers, or sealed with its corporate seal, as

the case may be. Each certificate of stock, which by the agreement of 15
association or amended agreement of association or, in the case of a 16
corporation created by special law, by its articles of organization or by 17
amendment is limited as to its voting rights or is preferred as to its divi-
dend or as to its share of assets upon dissolution, shall have plainly 18
written, printed or stamped thereon either a sufficient statement of such 20
limitation or preference or a notification that its preferences, voting 21
powers, restrictions and qualifications are fixed in the agreement of 22
association or articles of organization or amendments filed in the office of 23
the state secretary.

LIABILITY OF STOCKHOLDERS, OFFICERS AND DIRECTORS.

Section 34. The directors of a corporation may, subject to section 1
forty-two of chapter one hundred and fifty-five and to the by-laws of 2
the corporation, determine the conditions upon which a new certificate 3
of stock may be issued in place of any certificate alleged to have been 4
lost or destroyed. They may, in their discretion, require the owner of 5
a lost or destroyed certificate, or his legal representative, to give a bond 6
with sufficient surety to the corporation in a sum not exceeding double 7
the market value of the stock to indemnify the corporation against any 8
loss or claim which may arise by reason of the issue of a certificate in 9
place of such lost or destroyed stock certificate.

Section 35. The stockholders of a corporation which reduces its 10
capital stock in violation of section forty-five shall be liable for the 11
payment of the debts and contracts of the corporation existing at 12
the time of such reduction to the extent of the amount withdrawn and 13
paid to them respectively. The stockholders of a corporation shall 14
also be liable for all money due to operatives for services rendered 15
within six months before demand made upon the corporation and its 16
neglect or refusal to make such payment. A stockholder who pays on 17
a judgment or otherwise more than his proportion of any debt included 18
in this section shall have a claim for contribution against the other 19
stockholders.

Unless otherwise provided in the agreement of association, articles of 20
organization or amendments thereof, such contribution, in the case of 21
liability based on reduction of capital stock, shall be in proportion to the 22
amounts so withdrawn and paid to them respectively, and in the case 23
of any other liability under this section shall be in proportion to the 24
amounts of stock held by them respectively at the time when their 25
liability accrued, shares of stock with par value to be computed for 26
this purpose at their par value as fixed at that time, and shares without 27
par value to be computed at the value, at the time of issue, of the cash, 28
property, services or expenses for which they were issued, but not in-
cluding paid-in surplus.

Section 36. The president, treasurer and directors of every cor-
poration shall be jointly and severally liable for all the debts and con-
tracts of the corporation contracted or entered into while they are 29
officers thereof if any stock is issued in violation of section fifteen or 30
sixteen, or if any statement or report required by this chapter is made 31
by them which is false, in any material representation and which they 32
know to be false; but directors who vote against such issue, and are
Section 37. The directors of every corporation shall be jointly and severally liable for the debts and contracts of the corporation in the following cases:

1. For declaring or assenting to a dividend if the corporation is, or thereby is rendered, bankrupt or insolvent, to the extent of such dividend.

2. When debts contracted between the time of making or assenting to a loan to a stockholder or director and the time of its repayment, to the extent of such loan.

3. Directors who vote against declaring said dividend or who vote against making said loan shall not be liable as aforesaid.

Section 38. A stockholder of a corporation shall be held liable for its debts and contracts under section thirty-five, and the president or treasurer, or a director of any such corporation, shall be held so liable under section thirty-six or thirty-seven, if the corporation has been duly adjudicated bankrupt. The president or treasurer, or a director, shall also be held so liable under section thirty-six or thirty-seven, if before a suit to enforce such liability is brought by a creditor of said corporation, a written demand by or on behalf of the creditor upon such corporation for the payment of his claim has been made, and said corporation has ten days thereafter neglected to pay it. Except as above provided, no suit shall be maintained against a stockholder or officer for the debts or contracts of the corporation.

After such adjudication of bankruptcy, or after the said demand and neglect to pay the claim, the clerk, or other officer having charge of the records of such corporation, upon request of a creditor of the corporation or of his attorney, shall furnish to him a certified list of the names of all persons who were officers or stockholders in such corporation at the time when the liability to be enforced against them personally accrued.

The supreme judicial or superior court shall have jurisdiction in equity to compel such list to be furnished. After an adjudication of bankruptcy or after the said demand and neglect to pay the claim, any creditor may file a bill in equity in the supreme judicial or superior court in behalf of himself and of such other creditors of the corporation, entitled to enforce their claims against the same defendants, as may join in the bill as plaintiffs, against it and all persons who are liable to the plaintiff as stockholders or officers for the recovery of the money due from the corporation to himself and to such other creditors for which the stockholders or officers may be personally liable by reason of any act or omission.
sion on the part of the corporation or any of the other defendants, setting forth the bankruptcy of the corporation, or the said demand and neglect to pay the claim, and the grounds upon which it is expected to charge the stockholders or officers personally.

**SECTION 39.** Such suit shall not be discontinued by the plaintiff except by order of the court after notice to other creditors. It shall not abate by reason of the non-joinder of persons liable as defendants, unless the plaintiff, after notice by plea or answer of their existence, unreasonably neglects to make them parties; nor shall it abate by reason of the death of a defendant, but his estate shall be liable in the hands of his executor or administrator, who may voluntarily appear, or who may be summoned by the plaintiff, to defend the suit.

**SECTION 40.** Such sums as may be decreed to be paid by the stockholders in such suit shall be assessed upon them in the proportions fixed in section thirty-five with respect to claims for contribution; but a stockholder shall not be liable to pay a larger amount than the amount of stock held by him at the time when his liability accrued, shares of stock with par value to be computed for this purpose at their par value as fixed at that time and shares without par value to be computed at the value, at the time of issue, of the cash, property, services or expenses for which they were issued, but not including paid-in surplus.

**AMENDMENTS AFTER ORGANIZATION.**

**SECTION 41.** Every corporation may, at a meeting duly called for the purpose, by the vote of a majority of all its stock, or, if two or more classes of stock have been issued, of a majority of each class outstanding and entitled to vote, authorize an increase or a reduction of its capital stock and determine the terms and manner of the disposition of such increased stock, or authorize such terms and manner of disposition to be determined in whole or in part by the board of directors or officers of the corporation, may authorize a change of the location of its principal office or place of business in this commonwealth or a change of the par value of the shares of its capital stock, or may authorize proceedings for its dissolution under section fifty of chapter one hundred and fifty-five. Such increased stock may in whole or in part be disposed of without being offered to the stockholders. Any corporation having authorized shares with par value may, at a meeting duly called for the purpose, by the vote of a majority of all its stock, or, if two or more classes of stock have been issued, of a majority of each class outstanding and entitled to vote, including in any event a majority of the outstanding stock of each class affected, change such shares or any class thereof into an equal or greater number of shares without par value, or provide for the exchange thereof pro rata for an equal or greater number of shares without par value; provided, that the preferences, voting powers, restrictions and qualifications of the outstanding shares so changed or exchanged shall not be otherwise impaired or diminished without the consent of the holders thereof.

**SECTION 41A.** Any corporation having authorized shares without par value may, without increasing its capital, at a meeting duly called for
3 the purpose, by vote of a majority of all its stock, or, if two or more classes of stock have been issued, of a majority of each class outstanding and entitled to vote, including in any event a majority of the outstanding stock of each class affected, change such shares or any class thereof into a greater number of shares without par value, or provide for the exchange thereof pro rata for a greater number of shares without par value; provided, that the preferences, voting powers, restrictions and qualifications of the outstanding shares so changed or exchanged shall not be otherwise impaired or diminished without the consent of the holders thereof.

1 Section 42. Every corporation may, at a meeting duly called for the purpose, by vote of two thirds of each class of stock outstanding and entitled to vote, or by a larger vote if the agreement of association or act of incorporation so requires, change its corporate name, the nature and its business, the classes of its capital stock subsequently to be issued and their preferences and voting power, or make any other lawful amendment or alteration in its agreement of association or articles of organization, or in the corresponding provisions of its act of incorporation, or authorize the sale, lease or exchange of all its property and assets, including its good will, upon such terms and conditions as it deems expedient.

1 Section 43. Within thirty days after any meeting at which any amendment or alteration of the agreement of association or articles of any organization has been adopted, articles of amendment, signed and sworn to by the president, treasurer and a majority of the directors, setting forth such amendment or alteration and the due adoption thereof, shall be submitted to the commissioner, who shall examine them with the same powers as in the case of the original articles of organization, and, if he finds that they conform to the requirements of law, shall so certify and endorse his approval thereon. Thereupon the articles of amendment shall be filed, upon payment of the fee provided in section fifty-four of the fifty-five, as the case may be, be filed in the office of the state secretary. No such amendment or alteration shall take effect until such articles of amendment shall have been filed as aforesaid.

1 Section 44. If an increase in the total amount of the capital stock of any corporation shall have been authorized by vote of its stockholders in accordance with section forty-one, the articles of amendment shall also set forth — (a) the total amount of capital stock already authorized; (b) the amount of stock already issued for cash payable by instalments and the amount paid thereon; and the amount of full paid stock already issued for cash, property, services or expenses; (c) the amount of additional stock authorized; (d) the amount of such stock to be issued for cash, property, services or expenses, respectively; (e) a description of said property and a statement of the nature of said services or expenses, in the manner required by section ten.

1 Section 45. If a reduction of the capital stock of any corporation shall have been authorized by its stockholders in accordance with section
forty-one, the articles of amendment shall also set forth — (a) the total
amount of capital stock already authorized and issued; (b) the amount
of the reduction and the manner in which it shall be effected; (c) a copy
of the vote authorizing the reduction. No reduction of capital stock
shall be lawful which renders the corporation bankrupt or insolvent, but
the capital stock may be reduced by the surrender by every stockholder
of his shares and the issue to him in lieu thereof of a proportional decreased
number of shares, if the assets of such corporation are not reduced thereby,
without creating any liability of the stockholders of such corporation in
case of the subsequent bankruptcy of such corporation.

Section 46. A stockholder in any corporation which shall have duly
voted to sell, lease or exchange all its property and assets or to change
the nature of its business in accordance with section forty-two, who, at the
meeting of stockholders, has voted against such action may, within
thirty days after the date of said meeting, make a written demand upon
the corporation for payment for his stock. If the corporation and the
stockholder cannot agree upon the value of the stock at the date of such
sale, lease, exchange or change, such value shall be ascertained by three
disinterested persons, one of whom shall be named by the stockholder,
another by the corporation and the third by the two thus chosen. The
finding of the appraisers shall be final, and if their award is not paid by the
corporation within thirty days after it is made, it may be recovered in
contract by the stockholder from the corporation. Upon payment by
the corporation to the stockholder of the agreed or awarded price of
his stock, the stockholder shall forthwith transfer and assign the stock
certificates held by him at, and in accordance with, the request of the
corporation.

Annual Reports.

Section 47. Every corporation shall annually, within thirty days
after the date fixed in its by-laws for its annual meeting, or within thirty
days after the final adjournment of said meeting, but not more than three
months after the date so fixed for said meeting, prepare and submit to
the commissioner a report of condition which shall be signed and sworn
by its president, treasurer and a majority of its directors stating —
1. The name of the corporation.
2. The location (with street address) of its principal office in this
commonwealth, and elsewhere in the case of a corporation organized to do
business wholly outside the commonwealth.
3. The date of its last preceding annual meeting.
4. The total amount of its authorized capital stock so far as it consists
of shares with par value, and the total number of shares without par
value authorized to be issued; the amount of stock with par value, and the
number of shares without par value, issued and outstanding and the
amount then paid thereon; the class or classes, if any, into which it is
divided; the par value, if any, and number of its shares.
5. The names and addresses of all the directors and officers of the
18 corporation, and the date at which the term of office of each expires.
6. A statement of the assets and liabilities of the corporation as of
the date of the end of its last fiscal year, to be made in such form as the
commissioner shall prescribe.
1 Section 48. The commissioner shall examine such report, and if he finds that it conforms to the requirements of this chapter, he shall endorse his approval thereon; and upon the payment of the fee required by section fifty-five, it shall be filed in the office of the state secretary, who shall receive and preserve it in book form convenient for reference and open to public inspection.

1903, 437, §§ 46, 95. 235 Mass. 79.

1 Section 49. Such report of a corporation which has a capital stock of one hundred thousand dollars or more, for this purpose counting shares without par value as of a par value of one hundred dollars each, shall be accompanied by a written statement on oath by an auditor that such report represents the true condition of the affairs of said corporation as disclosed by its books at the time of making such audit. Such auditor shall be employed for each ensuing fiscal year by a committee of three stockholders who are not directors which shall be selected at each annual meeting of the stockholders, or, if there are not three stockholders other than directors able and willing to serve on such committee, he shall be employed by the directors; but no bookkeeper, treasurer or other officer of the corporation shall be appointed as such auditor. The state auditor shall be filed by him with said report in the office of the state secretary and shall be attached to and form part of it. The auditor shall be duly sworn to the faithful performance of his duties, and the officers of the corporation who sign said report of condition shall certify thereon that the auditor was duly elected and qualified, as herein provided.

1 Section 50. If a corporation fails to file its report of condition within the time required by law, the commissioner shall give notice by mail, postage prepaid, to such corporation of its default. If it omits to file such report within thirty days after such notice of default has been given it shall forfeit to the commonwealth not less than five nor more than ten dollars for each day for fifteen days after the expiration of the said thirty days, and not less than ten nor more than two hundred dollars for each day thereafter during which such default continues, or any other sum not greater than the maximum penalty or forfeiture, which the court may deem just and equitable. If a corporation fails for two successive years to file its annual report of condition, the supreme judicial court upon application by the commissioner, after notice and hearing, may decree a dissolution of the corporation.

Section 53. The fee for filing the articles of organization required by section ten, including the issuing by the state secretary of the certificate of incorporation, shall be one twentieth of one per cent of the total amount of the authorized capital stock with par value, and one cent a share for all authorized shares without par value, as fixed by the articles of organization, but not in any case less than fifty dollars.

For filing and recording a certificate providing for a change of shares with par value to shares without par value, whether or not the capital is changed thereby, one cent for each share without par value resulting from such change, less an amount equal to one twentieth of one per cent of the total par value of the shares so changed; but not in any case less than twenty-five dollars.

CHAPTER 157.

CO-OPERATIVE CORPORATIONS.

CO-OPERATIVE BUSINESS CORPORATIONS.

1 Section 1. A corporation may be organized under chapters one 2 hundred and fifty-five and one hundred and fifty-six, with shares having 3 par value, for the purpose of co-operation in carrying on any business and 4 of co-operative trade.

CO-OPERATIVE AGRICULTURAL, DAIRY OR MERCANTILE ASSOCIATIONS.

1 Section 3. Seven or more persons, residents of the commonwealth, 2 may associate themselves as a corporation, association, society, company 3 or exchange, to conduct within the commonwealth any agricultural, 4 dairy or mercantile business on the co-operative plan. The word “co- 5 operative” shall form a part of the name of the corporation, and, for the 6 purposes of this and the six following sections, the words “association”, 7 “company”, “exchange”, “society” and “union”, shall have the same 8 signification and shall import a corporation. The corporation shall be 9 formed as provided in chapters one hundred and fifty-five and one hun-
dred and fifty-six, with shares having par value, and shall be subject to the provisions thereof so far as consistent with said sections.

Section 4. The capital stock of a co-operative corporation formed under section three shall not be less than one hundred dollars nor more than two hundred thousand dollars. No stockholder shall own shares of a greater par value than one tenth of the total par value of the capital stock, nor shall any member be entitled to more than one vote on any subject arising in the management of the corporation.

1915, 118, § 1.

201, 207.

Section 5. At any regular meeting, or at any duly called special meeting, at which a majority of its stockholders are present, a corporation formed under section three may authorize the investment of its reserve fund or any part thereof, first, in the building where it is doing business, or, second, in a first mortgage of real estate owned and occupied as a dwelling by any of its stockholders.

Section 6. The directors of every corporation formed under section three shall apportion its earnings in the following manner:

1. They shall set aside annually not less than ten per cent of its net profits for a reserve fund until there is accumulated in said reserve fund an amount not less than thirty per cent of its paid-up capital stock.

2. They shall declare and pay dividends on the paid-up capital stock not exceeding five per cent per annum.

3. From the balance of its annual net earnings the directors may appropriate a sum not exceeding five per cent thereof to be used in teaching co-operation.

4. The directors shall distribute the remainder of such earnings or any part thereof by a uniform dividend upon the amount of purchases or sales of shareholders through the corporation, and, if the directors so vote, upon the amount of wages earned and paid to employees, except that in the case of a purchaser not a shareholder, who desires to become such, a dividend of one half the uniform dividend may be declared upon such non-shareholder’s purchases or sales and credited to him on account of the purchase of stock for which he may subscribe. In productive corporations, including creameries, canneries, storages, factories and the like, dividends shall be calculated on raw material delivered to the corporation instead of on goods purchased. If the corporation be both a purchasing and a selling, or a productive, concern, the dividends may be on both raw material and on goods purchased. The profits or net earnings of such corporation shall be distributed to those entitled thereto at such times as the by-laws prescribe, but at least once in every twelve months.

Section 7. Any co-operative association now organized by law in the commonwealth for any of the purposes mentioned in section three, and qualified so to do, may by a majority vote of the stockholders at a meeting called therefor vote to accept sections three to seven, inclusive, and shall thereupon present to the commissioner of corporations and taxation a certificate, signed and sworn to by its clerk or secretary, setting forth a copy of said vote, the date when passed, and such further evidence as the commissioner may require of its legal existence and of its intention to accept said sections. The commissioner shall examine the certificate and evidence of organization, and, if it appears that the law has been com-
11 plied with, shall so certify, and shall approve the certificate by his en-
12 dorsement thereon, and thereupon such corporation shall have the
13 powers and privileges and be subject to the duties and liabilities of cor-
14 porations formed under section three. Upon the payment of one dollar,
15 said certificate shall be filed in the office of the state secretary.

1 Section 8. Any person, partnership, association or corporation,
2 domestic or foreign, except co-operative banks and corporations organ-
3 ized under section ten, transacting business for profit in the common-
4 wealth under any name or title containing the word “co-operative”
5 unless the net earnings thereof are distributed in a manner permitted
6 for a co-operative corporation by this chapter, shall forfeit to the com-
7 monwealth not more than ten dollars for every day or part thereof
8 during which such name or title is so used. Such forfeiture may be
9 recovered by an information brought in the supreme judicial or superior
10 court by the attorney general, at the relation of the commissioner of
11 corporations and taxation. Upon such information, the court may
12 issue a temporary or permanent injunction restraining such person,
13 partnership, association or corporation from doing business in the
14 commonwealth, or from so using such name or title, and may make
15 such other orders and decrees as justice and equity may require.

1 Section 9. The fee for filing the articles of organization required by
2 section three, including the issuing by the state secretary of the certifi-
3 cate of incorporation, shall be one twentieth of one per cent of the total
4 amount of the authorized capital stock as fixed by the articles of organ-
5 ization, but in no case less than five dollars.

AGRICULTURAL AND OTHER CO-OPERATIVE CORPORATIONS WITHOUT
CAPITAL STOCK.

1 Section 10. Agricultural and horticultural associations engaged in
2 any branch of agriculture, horticulture, viticulture, forestry, dairying,
3 the raising of livestock or poultry and any other farming activity or
4 business, if instituted for the mutual benefit of their members and
5 formed for the purpose of doing business without profit to the associa-
6 tion itself may be incorporated without capital stock. Such corporations
7 shall be formed in the manner provided by chapters one hundred and
8 fifty-five and one hundred and fifty-six and shall be subject to the pro-
9 visions of said chapters, so far as applicable. Members of corporations
10 so organized shall have the rights and powers and be subject to the
11 duties and liabilities of stockholders of corporations having capital stock,
12 under the provisions of said chapters, so far as is consistent with this
13 and the eight following sections.

1 Section 11. Any corporation organized under the preceding section
2 shall have power to mortgage or pledge its real or personal property and
3 to issue promissory notes or other evidences of indebtedness. Such
4 corporation shall also have power to establish reserves and invest the
5 funds thereof in such manner as it may deem advisable or as may be
6 provided in its by-laws; and to exercise all other powers, rights and
7 privileges necessary or incidental to the purposes for which said cor-
8 poration was organized or to the activities in which it is engaged; pro-
vided, however, that no such corporation shall handle the products of any non-member, except for storage.

Section 12. The first meeting of the corporation shall be held within six months after the execution of the agreement of association. If the directors of the corporation have been previously chosen in anticipation of its organization, or in connection with a plan for preliminary organization, or in accordance with contracts made in anticipation of such organization, such choice of directors shall be ratified at said meeting. Elections of directors shall thereafter be governed by section twenty-two of chapter one hundred and fifty-six, except as provided in the following section.

Section 13. In addition to the powers granted by section thirteen of chapter one hundred and fifty-six, any corporation organized under section ten may provide in its by-laws for the election of directors by districts; for the election of advisory directors who are not members, the number of whom shall not be greater than one fifth the total number of directors; for voting of members by mail in elections and on questions concerning the operation and business of the corporation; for the admission, withdrawal, suspension or expulsion of members; for dues and assessments to be paid by members and the conditions under which such dues and assessments shall be imposed and collected; for determining the rights and interests of members in the property of the corporation, whether equal or unequal; for establishing the basis of voting by the members, especially whether the votes of all members shall be equal, or in proportion to the land area leased or used by each member for production of the products handled by the corporation, or in proportion to the quantity of such products delivered by each member to the corporation during the preceding year; for an approved or established form of marketing contract; and for fines or other penalties for violation of its by-laws or marketing contract. No by-law shall be amended or repealed nor any new by-law adopted, unless notice of the proposed action is given in the call for the meeting at which the proposal is to be considered, or in the call for the vote if the vote is to be taken by mail.

Section 14. Membership in such corporations shall be limited to persons engaged in the production of products which are handled or to be handled by the corporation, as specified in its articles of organization, including the lessees or tenants of land used for the production of such products and lessors or landlords to whom are due all or any part of such products produced on leased or rented premises in payment for the use of such premises. If a member is a corporation, it may be represented by any officer thereof, duly authorized in writing.

Section 15. Any such corporation may amend or alter its agreement of association or articles of organization in the manner provided by sections forty-one to forty-three, inclusive, of chapter one hundred and fifty-six, so far as applicable; provided, that such amendment or alteration shall require a vote of three fourths of the members present and voting at a meeting of the corporation called to consider such amendment or alteration, or if the vote upon such amendment or alteration is taken by mail, by vote of three fourths of the members who return votes. A vote
9 by mail upon such amendment or alteration shall not be valid unless votes
10 are returned by at least three fifths of the members of the corporation.

1 Section 16. Any such corporation may enter into marketing con-
2 tracts with its members by which the members shall agree to sell, for any
3 period of time not exceeding ten years, all or any specified part of their
4 products or of certain specified products exclusively to or through the
5 corporation or any agency designated by it. If such contract provides
6 for a sale to the corporation, title to the products covered thereby shall
7 pass to the corporation absolutely, except for recorded liens, upon delivery
8 or at any other time specified in said contract, if expressly so agreed
9 therein. Any such contract may, however, provide for sale by the cor-
10 poration of the products of its members with or without acquisition of
11 title to such products by the corporation and may further provide that
12 the corporation shall pay over to the members the resale price after de-
13 ducting all necessary expenses including any allowances, contributions
14 or deductions authorized by its by-laws or by the contract itself. Such
15 contract shall not be construed as a violation of any provision of sections
16 one to seven, inclusive, of chapter ninety-three, unless it results in an
17 undue enhancement of the price of the product to which the contract
18 applies, nor shall any corporation organized under section ten be liable to
19 prosecution for any action reasonable and proper in the exercise of the
20 rights and powers conferred by sections ten to nineteen, inclusive.

1 Section 17. The marketing contract may fix as liquidated damages
2 specific sums to be paid by a member upon breach of the provisions of said
3 contract requiring sale or delivery of products by the member exclusively
4 to or through the corporation or any agency designated by it, and such
5 provision shall be valid and enforceable in the courts of the common-
6 wealth. Any such corporation may be granted a temporary or permanent
7 injunction against a member for breach or threatened breach of such
8 contract with reference to the said provisions for sale or delivery of
9 products.

1 Section 18. A corporation organized under the provisions of section
2 ten, and any corporation, association or organization now or hereafter
3 established, organized or chartered without capital stock for a similar
4 purpose under laws other than those of this commonwealth, shall not be
5 liable to taxation under the provisions of chapter sixty-three, but shall
6 be taxable under the provisions of chapter fifty-nine, in the same manner
7 and to the same extent as an individual or partnership. The fee for filing
8 the articles of organization required by section ten, including the issuing
9 by the state secretary of the certificate of incorporation, shall be fifty
10 dollars.

The annual return required of such corporations by section thirty-seven shall include a true statement of all money, and of the value of any collateral, so held as a guaranty for the payment of charges or tolls, specifying the amount so deposited by the inhabitants of each town. If such corporation fails or neglects to make such return or fails, neglects or refuses to pay such interest it shall be punished by a fine of not less than one hundred nor more than five hundred dollars.

SECTION 17. If the amount due for the rent or use of a box or safe in the vaults of a domestic corporation organized for the purpose of letting vaults, safes and other receptacles shall not have been paid for two years, such corporation may cause to be mailed, postpaid, to the person in whose name such safe or box stands upon the books of such corporation and at his address as stated on said books, a notice stating that if the amount due for the use or rent of such safe or box shall not be paid within sixty days from the date of such notice such corporation will cause such safe or box to be opened in the presence of its president, treasurer or superintendent and of a notary public, and the contents thereof, if any, to be sealed up in a package and placed in one of the storage vaults of such corporation. This section shall not impair any right rela- 37 tive to such safes, boxes or their contents which such corporation would 38 otherwise have.

The par value of the shares of such employees’ stock shall be ten dollars, and the purchasers thereof may pay for them in monthly instalments of one dollar upon each share. The total amount of such employees’ stock outstanding at any time shall not exceed two fifths of the actual capital paid in on the general and employees’ stock.

Section 27. If a dividend is paid by a corporation to its stockholders, the holders of employees’ stock shall receive upon each share which has been paid for in full in time to be entitled to a dividend, an amount which shall bear such proportion to the amount paid as a dividend upon each share of the general stock of such corporation as the par value of the shares of such employees’ stock bears to the par value of the shares of such general stock.

Section 36. If doubts arise as to the legality of the organization of any corporation created by special charter for a purpose mentioned in this chapter, which is in the exercise of its franchise, or as to the regularity or sufficiency of the proceedings of any such corporation, whether created by special charter or formed under general laws, in consequence of failure subsequent to the organization to comply with the directions or requirements of any statute, the stockholders, at a special meeting called for the purpose in the manner provided in section eight of chapter one hundred and fifty-six or by a justice of the peace upon the written request therefor of a majority of the acting directors, may by vote confirm such defective proceedings and all subsequent proceedings of the corporation dependent thereon. The clerk shall thereupon make a 12 certificate on oath setting forth the particular matters especially causing the doubt, and a copy of the call of the meeting and of the vote of the stockholders, and the date of holding the meeting, which he shall present to the commissioner who shall examine the same, and, if he finds that this section has been complied with, shall so certify by endorsement thereon. Upon filing the certificate so endorsed in the office of the state secretary, such proceedings shall be taken to be legal and valid as fully as if the requirements of the statutes had been complied with. 20

Such certificate of a corporation having a 12 capital stock of one hundred thousand dollars or more shall be verified by an auditor as provided in section forty-nine of chapter one hundred and fifty-six.

5 with the requirements of law, he shall certify his approval thereof by
6 endorsement upon the same; but he shall endorse only the date and fact
7 of submission to his inspection upon the copies of votes of corporations;
8 and upon the payment of the fee provided by section forty-three, the

common carriers in general.

section 1. Every common carrier of merchandise or other property shall receive, transport and forward all property offered for such purposes by other such carriers as promptly, faithfully and impartially, at as low rates of charge, and in a manner and on terms and conditions as favorable to the carrier offering such property, as he on the same day and at the same place receives, forwards and transports, in the ordinary course of business, property of a like description offered by persons other than such carriers. Such carrier shall not discriminate against any particular person or subject him to any undue or unreasonable prejudice or disadvantage. The supreme judicial or superior court shall have jurisdiction in equity to enforce this section.

penalty.
1869, 252, § 2.
P. S. 73, § 2.
R. L. 70, § 2.

section 2. Every such carrier who willfully neglects or refuses to comply with the preceding section shall forfeit not less than fifty nor more than five hundred dollars, to the person offering the property for transportation.
Section 3. No common carrier of passengers shall, by rule, regulation, sign or otherwise, require passengers whom it suffers to enter, or who leave by, a door of its car or train, to do so at their own risk; and no such passenger shall be prevented from recovering compensation in damages for any injury by reason of any such rule, regulation, sign or requirement.

Section 4. A corporation engaged in carrying passengers or in transporting freight for hire shall not require or receive from a person who is employed or about to be employed by it a bond or other security, either with or without surety, to indemnify such corporation against loss or damage to other persons or to property resulting from the act or neglect of such person, except a bond to account for money or other property of such corporation. A corporation or a person in its behalf who violates the provisions of this section shall be punished by a fine of not more than fifty dollars for the first offence and of not more than one hundred dollars for a subsequent offence.

Section 5. Every association of persons who are not inhabitants of this commonwealth which does an express business therein shall in writing appoint a person, who is a citizen and a resident thereof, to be a general agent, upon whom all lawful processes against such persons may be served with like effect as if served on said persons; and said writing or power of attorney shall contain an agreement on the part of the persons making it that the service of any lawful process against it or them on said general agent shall be of the same legal force and validity as such service on said persons or any of them. The power of attorney shall be filed in the office of the state secretary, and copies certified by him shall be taken as sufficient evidence and proof thereof. Such agency shall be continued so long as such express business is done in this commonwealth, and the power of attorney shall not be revoked until a similar power is given to another person and filed as aforesaid.

Section 6. Such general agent shall give bond to the state treasurer, with one or more sureties to be approved by him, in the sum of two thousand dollars, conditioned that he will accept service of all lawful process against his principal.

Section 7. No person shall act for more than thirty days as such general agent unless the two preceding sections have been complied with; and whoever so acts without such compliance shall forfeit not more than five hundred dollars.

Section 8. Whoever, with intent to defraud or injure in his business a person licensed by any town as a carrier of goods for hire, takes from the order box of such carrier or effaces or destroys any order to or direction for such carrier to call for and receive goods to be transported by such carrier, or appropriates any such order or direction or makes use of the information derived therefrom for the purpose of executing the same, or for the purpose of transporting any goods or receiving the hire therefor, shall be punished by a fine of not more than twenty-five dollars.
SECTION 9. Sections one hundred and ninety-three, two hundred and six and two hundred and thirty-three of chapter one hundred and sixty shall apply to steamboat lines within the commonwealth and to persons who are engaged or who desire to engage in the express business thereon.

SUPERVISION AND REGULATION.

SECTION 10. The department of public utilities, in this chapter called the department, shall enforce this chapter.

SECTION 11. Every vote, recommendation and order of the department relative to common carriers shall be entered of record.

SECTION 12. The department shall, so far as may be necessary for the purpose of carrying out the provisions of law relative thereto, have general supervision and regulation of, and jurisdiction and control over, the following services, when furnished or rendered for public use within the commonwealth, and all persons, firms, corporations, associations and joint stock associations or companies furnishing or rendering any such service or services, in sections ten to forty-four, inclusive, collectively called common carriers and severally called a common carrier:

(a) The transportation or carriage of persons or property, or both, between points within the commonwealth by railroads, street railways, in this chapter called railways, electric railroads, trackless trolleys and steamships, including express service and car service carried on upon or rendered in connection with such railroads, railways, electric railroads, and trackless trolleys or steamships.

(b) The carriage of passengers for hire upon motor vehicles as provided in chapter one hundred and fifty-nine, in section seventy A of chapter one hundred and sixty and in section forty-four of chapter one hundred and sixty-one, but only to the extent therein provided.

(c) The operation of all conveniences, appliances, facilities or equipment utilized in connection with, or appertaining to, such transportation or carriage of persons or property or such express service or car service, by whomsoever owned or provided, whether the service be common carriage or merely in facilitation of common carriage.

(d) The transmission of intelligence within the commonwealth by 24 electricity, by means of telephone lines or telegraph lines or any other 25 method or system of communication, including the operation of all 26 conveniences, appliances, instrumentalities, or equipment appertaining 27 thereto, or utilized in connection therewith.

SECTION 13. The department may inquire into the rates, charges, regulations, practices, equipment and services of common carriers in this commonwealth, and elsewhere, rendering any service of a kind subject to its jurisdiction.

SECTION 14. Whenever the department shall be of opinion, after a hearing had upon its own motion or upon complaint, that any of the rates,
3 fares or charges of any common carrier for any services to be performed
4 within the commonwealth, or the regulations or practices of such common
5 carrier affecting such rates, are unjust, unreasonable, unjustly discrim-
6 inatory, unduly preferential, in any wise in violation of any provision
7 of law, or insufficient to yield reasonable compensation for the service
8 rendered, the department shall determine the just and reasonable rates,
9 fares and charges to be charged for the service to be performed, and
10 shall fix the same by order to be served upon every common carrier by
11 whom such rates, fares and charges or any of them are thereafter to be
12 observed. Every such common carrier shall obey every requirement of
13 every such order served upon it, and do everything necessary or proper
14 in order to secure absolute compliance with every such order by all its
15 officers, agents and employees. If, upon investigation, the department
16 finds that in any case it is consistent with the public interests to author-
17 ize a common carrier to make its charge for transportation less for a
18 longer than for a shorter distance, the department may grant such author-
19 ization and may from time to time modify or revoke the same.
20 15 If complaint is made to the department concerning any rate, fare or
21 charge demanded and collected by any railroad corporation for any serv-
22 ice performed and the department finds after hearing and investigation
23 that an unjustly discriminatory rate, fare or charge has been collected
24 for any service, the department may order the railroad corporation
25 which has collected the same to make due reparation to the person who
26 has paid the same, with interest from the date of the payment of such
27 unjustly discriminatory amount; but such order of reparation shall cover
28 only payments made within two years before the date of filing the petition
29 seeking to have reparation ordered. Such order may be made without
30 formal hearing whenever the railroad corporation affected shall assent
31 in writing thereto, or file or join in a petition therefor, but in no case
32 shall any such order be made until the department shall be satisfied by
33 such investigation as may be necessary that the rate, fare or charge
34 collected was in fact unjustly discriminatory.

1 15 Section 15. Except as provided by section two hundred of chapter
2 one hundred and sixty, no common carrier shall, directly or indirectly,
3 issue or give any free service, free tickets, free pass or free transportation
4 for passengers or property between points within the commonwealth;
5 but this section shall not prohibit any railroad corporation or railway
6 company from giving free or reduced rate service to policemen, letter
7 carriers and firemen while in uniform or engaged in the discharge of their
8 duties, or prohibit any common carrier from giving free or reduced rate
9 service to its employees, or in cases of public emergency, or for such
10 charitable purposes as may be approved by the department, nor prohibit
11 any telephone or telegraph company, unless the department shall other-
12 wise order, from giving service at reduced rates to the Commonwealth
13 or to any city or town; nor shall this section prohibit the commissioners
14 of the department, its experts, inspectors and counsel from being trans-
15 ported over the railroads and the railways of the commonwealth free of
16 charge while engaged in the performance of their duties; nor shall this
17 section prohibit the giving by any such common carrier of free or reduced
18 rate service to the classes defined and provided for in the act of con-
19 gress entitled “An act to regulate commerce” and acts amendatory
20 thereof.
SECTION 16. If the department is of opinion, after a hearing had upon its own motion or upon complaint, that the regulations, practices, equipment, appliances or service of any common carrier are unjust, unreasonable, unsafe, improper or inadequate, the department shall determine the just, reasonable, safe, adequate and proper regulations and practices thereafter to be in force and to be observed, and the equipment, appliances and service thereafter to be used, and shall fix and prescribe the same by order to be served upon every common carrier to be bound thereby. The department may after such a hearing, order any railway company to build and operate any just and reasonable extensions of its lines for which it may have been or may be granted locations and order from time to time that a railroad company shall operate its lines, of standard gauge, or such parts thereof as the department shall prescribe, by electric power instead of steam power, and in its order shall prescribe the time within which the work of electrification shall be done. Before making such order, the department shall consider the relative importance and necessity of the changes in any specific regulations, practices, equipment and appliances proposed to be included therein and of other changes which may be brought to its attention in the course of the hearing, the financial ability of the carrier to comply with the requirements of the order, and the effect of the carrier's compliance therewith, upon its financial ability to make such other changes, if any, as may be deemed by the department of equal or greater importance and necessity in the performance of the service which the carrier has professed to render to the public. Every such common carrier shall obey every requirement of every such order so served upon it, and do everything necessary or proper in order to secure absolute compliance with every such order by all its officers, agents and employees.

SECTION 17. All charges made, demanded or received by any common carrier for any service rendered or performed, or to be rendered or performed by it or in connection therewith in the conduct of its common carrier business, or made, demanded or received by any two or more common carriers joining in rendering or performing any service shall be just and reasonable, and every such common carrier and any two or more such common carriers joining in rendering or performing any service shall be entitled to make, demand and receive just and reasonable charges for any such service, and every unjust or unreasonable charge is hereby prohibited and declared unlawful; but charges heretofore established and set out in any schedule filed as provided in section nineteen shall be deemed prima facie lawful until changed or modified by the department under the powers conferred upon it by this chapter, but this provision shall not give to such rates any greater weight as evidence of the reasonableness of other rates than they would otherwise have.

SECTION 18. Subject to the powers of the department to regulate and prescribe rates and charges, a common carrier may make commodity, transit or other classes of rates. The furnishing by any common carrier of any service at the rates and upon the terms and conditions provided for in any existing contract executed prior to July first, nineteen hundred and thirteen, shall not constitute a discrimination unless the department so determines. The department shall not be prevented from taking such action as it deems proper by any commitment or...
9 agreement of a common carrier entered into by reason of any require-
10 ment or recommendation of any board or public officers acting under 
11 delegated authority from the general court prior to July first, nineteen
12 hundred and thirteen. Unless the department determines otherwise, 
13 common carriers shall be permitted, whether required to do so by law 
14 or not, to issue mileage, workingmen's, excursion, school or commuta-
15 tion passenger tickets, or reduced rate tickets for the transportation of 
16 children under twelve years of age or of pupils attending school, or 
17 joint interchangeable mileage tickets, with special privileges as to the 
18 amount of free baggage which may be carried under mileage tickets of 
19 five hundred miles or more. All season tickets, before issuance, shall 
20 be subject to the approval of the department as to the form thereof 
21 and the conditions named therein.

1 Section 19. Every common carrier shall file with the department 
2 and shall plainly print and keep open to public inspection schedules 
3 showing all rates, joint rates, fares, telephone rentals, tolls, classifica-
4 tions and charges for any service, of every kind rendered or furnished, 
5 or to be rendered or furnished, by it within the commonwealth, and all 
6 conditions and limitations, rules and regulations and forms of con-
7 tracts or agreements in any manner affecting the same, in such places, 
8 within such time, and in such form and with such detail as the depart-
9 ment may order. In the case of common carriers subject to the inter-
10 state commerce commission the forms prescribed for such schedules 
11 and the requirements relative to the filing and publication thereof shall 
12 conform, as nearly as may be, to the forms prescribed by and the similar 
13 requirements of the said commission. No common carrier shall, except 
14 as otherwise provided in this chapter, charge, demand, exact, receive or 
15 collect a different rate, joint rate, fare, telephone rental, toll or charge 
16 for any service rendered or furnished by it, or to be rendered or fur-
17 nished, from that applicable to such service as specified in its schedule 
18 filed with the department and in effect at the time. Nor shall any 
19 common carrier refund, or remit directly or indirectly, any rate, joint 
20 rate, fare, telephone rental, toll or charge so specified, or any part 
21 thereof, nor extend to any person or corporation any rule, regulation, 
22 privilege or facility except such as are specified in the said schedule and 
23 regularly and uniformly extended to all persons and corporations under 
24 like circumstances for the like, or substantially similar, service. Unless 
25 the department otherwise orders, no change shall be made in any rate, 
26 joint rate, fare, telephone rental, toll, classification or charge, or in any 
27 rule or regulation or form of contract or agreement in any manner af-
28 fecting the same as shown upon the schedules filed in accordance with 
29 this chapter, except after thirty days from the date of filing a statement 
30 with the department setting forth the changes proposed to be made in 
31 the schedule then in force and the time when such changes shall take 
32 effect, and such notice to the public as the department orders, to be 
33 given prior to the time fixed in such statement to the department for 
34 the changes to take effect. The department for good cause shown may 
35 allow changes before the expiration of said thirty days, under such 
36 conditions as it may prescribe, and may suspend the taking effect of 
37 changes under the circumstances and in the manner provided in the 
38 following section. At the time when any changes take effect they shall 
39 be plainly indicated upon existing schedules, or new schedules shall be 
40 printed and filed as the department may order. This section shall not
prevent any telegraph or telephone corporation from continuing to furnish the use of its lines, equipment or service under any contracts in force on July first, nineteen hundred and thirteen, or upon the taking effect of any schedules of rates filed with the department as provided in this chapter, at the rates fixed in such contract; provided, that when any such contracts are or become terminable by notice, the department may direct by order that such contracts shall be terminated by the telegraph or telephone corporation which is a party thereto, and thereupon such contracts shall be terminated by such telegraph or telephone corporation as and when directed by such order.

SECTION 20. Whenever the department receives notice of any changes proposed to be made in any schedule filed under this chapter, it may, either upon complaint or upon its own motion, and after notice, hold a public hearing and make investigation as to the propriety of such proposed changes. Pending any such investigation and the decision thereon, the department may, by order served upon the common carrier affected, suspend the taking effect of such changes, but not for a longer period than ten months beyond the time when the same would otherwise take effect. After such hearing and investigation, the department may, in reference to any new rate, joint rate, fare, telephone rental, toll, classification, charge, rule, regulation or form of contract or agreement proposed, such order as would be proper in a proceeding under section fourteen. At any such hearing involving any proposed increase in any rate, joint rate, fare, telephone rental, toll or charge, the burden of proof to show that such increase is necessary to obtain a reasonable compensation for the service rendered shall be upon the common carrier. If, at a hearing involving any proposed decrease in any rate, joint rate, fare, telephone rental, toll or charge demanded by any common carrier, it shall appear to the department that the said rate, joint rate, fare, telephone rental, toll or charge is insufficient to yield reasonable compensation for the service rendered, the department may determine what will be a just and reasonable minimum to be charged, and make an order that the common carrier shall not thereafter demand or collect less than the minimum so prescribed without first obtaining the consent of the department, after a public hearing.

SECTION 21. Wherever there is no satisfactory through route for the transportation of passengers or freight at a reasonable rate, the department may order, after notice and a public hearing had upon complaint, any two or more railroad or railway companies whose lines, owned, operated, leased, or controlled by stock ownership, or otherwise, form a continuous or connecting line of transportation, or could be made to do so by the construction and maintenance of switch connection or interchange track at connecting points, or by transfer of property or passengers at connecting points, to establish through routes and joint rates, fares and charges for the transportation of passengers and property, and for the operation of the cars and other equipment for such transportation, within the commonwealth, as the department may by order designate; and, if the board of aldermen or selectmen act adversely upon, or fail to act within sixty days from the date of, the filing of a petition, brought by a railway company under section seventy of chapter one hundred and sixty-one for a location of tracks in their city or town upon which the petitioning company may construct the switch connection or inter-
18 change track necessary to the establishment of such through routes or transportation, or to the operation of such cars or other equipment, the petitioner or any interested party may, within sixty days thereafter, file such petition with the department which may, if after notice and a public hearing it is of the opinion that public convenience and necessity so require, grant locations upon which the grantee company may construct the switch connection or interchange track necessary to the establishment of such through routes or transportation, or to the operation of such cars or other equipment; and, if such railroad or railway companies cannot agree as to the division of rates or the conditions under which such through routes or transportation shall be established or such cars or other equipment operated, the department may, after due hearing, determine and prescribe the proportionate parts of such through rates payable to each of such companies, and the conditions under which such through routes or transportation shall be established or such cars or other equipment operated; provided, that a railroad or railway company shall have control of and responsibility for the management and operation of all trains or cars while upon its railroad or railway as fully as if it owned them; and provided, further, that in case of a petition for the establishment of such through routes and transportation by railway companies, or for locations for the construction of the switch connection or interchange track necessary to the establishment of such through routes and transportation by railway companies, the department shall give fourteen days' notice of any public hearing held by it under the foregoing provisions of this section, to the petitioners, to the companies affected and to the board of aldermen of the city or the selectmen of the town where the lines of said companies connect or within which a connection between the lines of said companies is proposed to be made. The department may, upon reasonable terms and conditions, require and order any railroad or railway company which carries freight in carload lots to establish and maintain for the purpose of receiving or delivering freight in carload lots, a switch connection with any private side track constructed on land adjoining the location of any such railroad or railway, if the department is of opinion that such connection is reasonable and practicable, can be put in and used with safety, and will furnish sufficient business to justify its construction and maintenance, and the department may grant to any railway company the necessary locations in public ways and places for any switch connection ordered by the department to be constructed by such railway company.

1 Section 22. The department may from time to time require railroads and railway corporations to install and maintain at such places upon the railroad or railway premises as it shall designate such block or other signals or devices as it shall approve for the purpose of safeguarding public travel.

1 Section 23. If the department is of opinion that repairs are necessary upon any railroad or railway, or that an addition to its rolling stock, or an addition to or change or relocation of its stations or station houses or waiting rooms, or a change in its rates of fares for transporting freight or passengers, or in the mode of operating the railroad or railway, and conducting its business, is reasonable and expedient to promote the security, convenience and accommodation of the public, it shall in writ-
The electricity, given.

Section 24. Upon written complaint, relative to the service or charges for service in, to or from any city or town as rendered or made by any company engaged therein in the transmission of intelligence by electricity, by the mayor or selectmen, or by twenty customers of the company, the department shall grant a public hearing, first giving to the complainants and the company reasonable written notice of the time and place thereof. On written complaint of the mayor, selectmen or twenty legal voters of a city or town within which any railroad or railway is located, alleging grounds of complaint, the department shall examine the condition and operation of such railroad or railway, first giving to the complainants and the corporation or company reasonable written notice of the time and place thereof.

Section 25. The department shall give reasonable notice by mail to any member of the general court of any hearing before the department concerning common carriers upon a matter affecting the interests of the district represented by him.

Section 26. The department may investigate and determine the fair value for any purpose of all the property of any common carrier rendering a public service subject to the supervision of the department, actually used or useful for the convenience of the public, whenever it deems the ascertainment of such value necessary to carry into effect any provision of this chapter, and may at any time make a revaluation of such property. In making any valuation under this section, the department shall have access to and may use any books, documents or records in the possession of any department or board of the commonwealth or any political subdivision thereof.

Section 27. The department may, either through its members or responsible agents, engineers, inspectors or examiners duly authorized by it, enter upon any premises occupied by any common carrier for any purpose consistent with this chapter. It may inspect the property, equipment, buildings, plants, factories, power houses, ducts, conduits and offices of any common carrier. It may, in connection with such inspection, have performed for it such service of the kind rendered by the common carrier as it may reasonably require, including passage upon any locomotive, car or steamship while in service, and upon reasonable notice, the use of an inspection locomotive or car whenever that is necessary, in the opinion of the department, for a physical inspection of all or any of the lines and stations of any railroad or railway under its supervision.

Section 28. Every railroad corporation and railway company shall give immediate notice of an accident on its railroad or railway, resulting in a loss of life, to the medical examiner of the county who resides nearest to the place of accident, and shall also, within twenty-four hours, give notice to the department of any such accident or of any accident of the description of accidents of which it may require notice to be given. For each omission to give such notice, the corporation or company shall forfeit not more than one hundred dollars.
1 Section 29. An inspector shall, under the direction of the depart-
ment, investigate as promptly as may be any accident upon a railroad
or railway, or resulting from the operation thereof, which causes the
death or imperils the life of any person, and shall report thereon to
the department, which shall investigate the cause of any such accident
resulting in loss of life, and may investigate any other accident. The
7 inspector shall attend the inquest held in case of any such death by
8 accident and may cause any person who has knowledge of the facts or
9 circumstances connected with such death to be summoned as a witness
10 to testify at the inquest.

1 Section 30. An employee may make written complaint to the
2 department of a defect in the ways, works, machinery or appliances
3 of a railroad or railway, and the name of the complainant shall not be
divulged.

1906, 463, I, §§ 12, 68.

1 Section 31. The department may, from time to time, prescribe
2 forms of accounts, records and memoranda for the common carriers
3 under its supervision, or for such classes of common carriers as it shall
4 establish. The forms shall conform as nearly as may be to those estab-
lished by the interstate commerce commission. The accounts of such
6 common carriers shall be kept in accordance with the forms prescribed.
7 It shall have access to the list of stockholders of any railroad corpora-
tion or railway company and may cause the said list or any part thereof
9 to be copied for its information or for the information of said stock-
holders. Any railroad corporation or railway company which refuses to
11 submit its books to the examination of the department or unreasonably
12 neglects to keep its accounts in the method prescribed by the depart-
13 ment shall forfeit not more than five thousand dollars.

1 Section 32. The department shall prescribe the forms for the annual
2 returns to be made to it by the several kinds of common carriers, may
3 from time to time make changes and additions in such form, and shall
4 give to such carriers one year’s notice of any changes or additions required
5 by such carrier to keep their accounts. The
6 annual returns required by law to be made to the department shall be
7 returns for the year ending on December thirty-first, and shall be trans-
8 mitted thereto, upon blank forms to be furnished by the department, on
9 or before March thirty-first following, or such subsequent date as in any
10 case, for good cause shown, the department may fix. If a return is de-
11 lective or appears erroneous, the department shall forthwith order the
12 common carrier to amend it within fifteen days. The original of each
13 return or amended return, subscribed and sworn to as required by law,
14 shall be preserved in the office of the department.

1 Section 33. Every person doing an express business upon either a
2 railroad or railway in the commonwealth shall annually transmit to the
3 department a return on oath of his doings setting forth copies of all
4 contracts made during the year with other persons doing a transport-
5 tion or express business upon any railroad or railway in the common-
6 wealth, and shall give complete information in reply to the questions
7 presented in the form for such return which shall be prescribed by the
department. A person neglecting to make such return or, if defective or erroneous, to amend it within fifteen days after a request so to do shall forfeit twenty-five dollars for each day during which such neglect continues.

Section 34. The department, through its commissioners or by employees duly authorized, may examine all books, contracts, records, documents, papers and memoranda of any common carrier, and by subpoena duces tecum compel the production thereof, or of duly verified copies of the same or any of them, and compel the attendance of such witnesses as the department may require to give evidence at any such examination.

1913, 784, § 11.

Section 35. Upon the written application of a director, or of any person owning one fiftieth part of the paid-in capital stock of a corporation or company operating a railroad or railway, or who owns the bonds or other evidences of indebtedness of such corporation or company equal in amount to one fiftieth part of its paid-in capital stock, the department shall examine the books and the financial condition of said corporation or company, and shall cause the result of such examination to be published in one or more daily newspapers in Boston, and in some newspaper published in the county where such applicant resides.

Section 36. The department may provide for an annual audit by employees duly authorized by it of all accounts of any common carrier or class of common carriers.

Section 37. Every order of the department shall be served upon every person or corporation to be affected thereby, either by personal delivery of a certified copy thereof, or by mailing a certified copy thereof, in a sealed package, postage prepaid, to the person to be affected thereby or, in the case of a corporation, to any officer or agent thereof upon whom a summons may be served under the laws of the commonwealth. Every person and corporation shall notify the department forthwith, in writing, of the receipt of the certified copy of every order so served, and in the case of a corporation such notification shall be signed and acknowledged by a person or officer duly authorized by the corporation to admit such service. Within a time specified in the order, every person and corporation upon whom it is served shall, if so required in the order, notify the department in like manner whether the terms of the order are accepted and will be obeyed. Every such order shall take effect at a time therein specified and shall continue in force either for a period designated therein or until changed or abrogated by the department.

Section 38. No request or advice of the department shall in any manner impair the legal duties and obligations of a railroad corporation or railway company or its legal liability for the consequences of its acts or of the neglect or mismanagement of any of its agents or servants.

Section 39. If in the judgment of the department any common carrier violates or neglects in any respect to comply with the provisions of any law, and after written notice by the department continues such
4 violation or neglect, or neglects to make returns as required by law, or
5 to amend the same when lawfully required so to do, the department
6 shall forthwith present the facts to the attorney general for action.

R. L. 111, § 14; 1906, 433, § 6; 463, 1.
157 Mass. 194.

1 Section 40. Whenever the department is of opinion that a common
2 carrier subject to its supervision is failing or omitting or about to fail or
3 omit to do anything required of it by law or by order of the department,
4 or is doing anything or about to do anything or permitting anything or
5 about to permit anything to be done, contrary to or in violation of the
6 law or of any order of the department, it shall direct its counsel to begin
7 subject to the supervision of the attorney general, an action or proceeding
8 in the supreme judicial court in the name of the department for the
9 purpose of having such violations or threatened violations stopped and
10 prevented either by mandamus or injunction.

1 Section 41. The department may be represented at any public
2 hearing before any legislative committee or public board in the com-
3 monwealth, or of any other state or of the United States, with respect
4 to any proposed legislation or action by public authorities within or
5 without the commonwealth affecting any public service within the com-
6 monwealth subject to its supervision, whenever it deems such represen-
7 tation desirable in the interests of the commonwealth. It may apply
8 by petition to the interstate commerce commission for relief, and may
9 present evidence and arguments to the said commission, in any case in
10 which it is of opinion that a common carrier subject to its supervision is
11 violating any provision of the interstate commerce law or any valid order
12 or regulation made under authority thereof. The department may also
13 confer with or appear before boards of other states having powers over
14 any common carrier when in its judgment the interests of the common-
15 wealth will be promoted thereby.

1 Section 42. [Repealed, 1922, 259, § 2.]

1 Section 43. The department shall make an annual report including
2 such statements, facts and explanations as will describe the actual
3 working of the system of carriers under its supervision in its bearing
4 upon the business and prosperity of the commonwealth, with such
5 tables and abstracts of all the returns required and such suggestions
6 as to its general policy or any part thereof, or the condition, affairs or
7 conduct of the activities under its supervision as may seem appropriate,
8 together with a report of any proceeding had under authority of section
9 twenty-three and the result thereof.

1 Section 44. Any employee or agent of the department who divulges
2 any fact or information coming to his knowledge during the course of any
3 examination or audit under this chapter, except in so far as he may be
4 directed by the department, or by a court or judge, or be authorized by
5 law, shall be punished by a fine of not more than one thousand dollars.

ISSUE OF STOCK OR BONDS OF RAILROADS AND STREET RAILWAYS.

Section 50. Any corporation which owns or operates a railroad, railway, electric railroad or elevated railway shall, upon any increase of its capital stock, except as provided in the following section, offer the new shares proportionately to its stockholders at such price, not less than the par value thereof, as may be determined by its stockholders. The directors upon the approval of such increase, as provided in section forty-eight of chapter one hundred and sixty and section twenty-eight of chapter one hundred and sixty-one, shall give written notice of the increase to each stockholder of record upon the books of the company at a date designated by vote of the directors passed after the approval by the department of such issue, stating the amount of the increase, the number of shares to which, according to the proportionate number of his shares at said date designated by vote of the directors, he is entitled, the price at which he is entitled to take them, and fixing a time not less than fifteen days after said date designated by vote of the directors within which he may subscribe for such additional stock. Each stockholder may, within the time limited, subscribe for his portion of such stock, to be paid for in cash before the issue of a certificate therefor. No fractions of shares shall be issued, but stockholders may combine them by purchase or sale of rights to subscribe.

Section 51. If such increase does not exceed four per cent of the existing capital stock of the company, the directors, without first offering the same to the stockholders, may sell the shares by auction to the highest bidder, at not less than the par value thereof, to be actually paid in cash. They may also sell at public auction any shares, which, after the expiration of the time limited in the notice required by the preceding section, remain unsubscribed for by the stockholders entitled to take them. Such shares shall be offered for sale in Boston, or in such other town as may be prescribed by the department; and notice of the time and place of such sale shall be published at least five times during the ten days immediately preceding the sale in each of at least three of such daily newspapers as may be prescribed by the department.
1. Section 52. The determination by the department, under the provisions of section forty-eight of chapter one hundred and sixty and section twenty-eight of chapter one hundred and sixty-one, as to the amount of stock which is reasonably necessary for the purpose for which such stock has been authorized shall, in the case of the corporations described in section fifty, be based upon the price at which such stock is to be issued as fixed by the stockholders; but the department shall refuse to approve any particular issue of stock if, in its opinion, the price fixed by the stockholders is so low as to be inconsistent with the public interest.

2. Section 53. In computing the amount of capital stock of a railroad corporation, electric railroad, railway or elevated railway company in order to determine the maximum amount of bonds, coupon notes or other evidences of indebtedness, payable at periods of more than twelve months after the date thereof, under sections forty-seven, forty-eight and sixty-four of chapter one hundred and sixty or section twenty-nine of chapter one hundred and sixty-one, and under any similar provisions of any special acts limiting the amount of such securities, which a railroad corporation, electric railroad, railway or elevated railway company may issue, there shall be added to the par value of the capital stock all cash premiums paid into the corporation on all shares issued by such corporation or company subsequent to July ninth, eighteen hundred and ninety-four, under chapter four hundred and sixty-two of the acts of eighteen hundred and ninety-four or any similar provisions of law.

TRANSFER OF FRANCHISE OR PROPERTY OF RAILROADS AND STREET RAILWAYS.

1. Section 54. A lease or purchase and sale of the franchise and property of a railroad corporation, or railway company, and a consolidation of two or more railroad corporations, or railway companies, or a contract that either corporation or company shall perform all the transportation upon and over the road of the other, whether authorized by general laws or a special act, shall not be valid or binding until the terms thereof shall, after public notice and a hearing, have been approved by the department, and a certificate signed by it, setting forth the vote of approval, shall have been filed in the office of the state secretary. The department shall announce its decision within thirty days after the final hearing upon the application of any railroad corporation or railway company for permission to lease or sell to, consolidate with or purchase the franchise and other property of, any other railroad corporation or railway company, or to contract with any other railroad corporation or railway company that either corporation or company shall perform all the transportation upon and over the road of the other.

2. This section may be enforced as provided in section two hundred and fifty-two of chapter one hundred and sixty.

1. Section 55. A contract for the sale of railroad or railway rolling stock may stipulate that the title to the property sold or contracted to be sold shall not vest in the purchaser until the purchase price is fully paid, or that the vendor shall have and retain a lien thereon for the unpaid purchase money although possession thereof may be delivered immediately or at any subsequent time, and a contract for the leasing or hiring of such property may stipulate for a conditional sale.
Section 56. A contract authorized by the preceding section shall be recorded by the state secretary in a book kept therefor; and upon payment in full of the purchase money and the performance of the terms and conditions stipulated in such contract, a written declaration thereof may be made by the vendor, lessor or bailee, or his assignee on the margin of the record of the contract, attested, or it may be made by a separate instrument, acknowledged by the vendor, lessor or bailee, or his assignee, and recorded as aforesaid. The minimum fee for recording such a contract or declaration shall be five dollars, and if it contains more than twelve pages there shall be an additional fee of forty cents for each page in excess of twelve. The fee for noting such declaration on the margin of the record shall be one dollar.

CROSSINGS AT GRADE BETWEEN RAILROADS AND STREET RAILWAYS.

Section 57. A railway shall not be constructed across the tracks of a railway nor shall a railroad be constructed across the tracks of a railway at the same level therewith without the consent of the department.

Section 58. In any case in which the consent or approval of the department required by law for any crossing at grade is given, it may, after notice to the parties interested and a hearing, impose conditions, limitations, restrictions and regulations relative to such crossing, its construction and use, and may change and modify them.

ALTERATION OF CROSSINGS.

Section 59. If a public way and a railroad cross each other, and the board of aldermen of the city or the selectmen of the town where the crossing is situated, or the division of highways of the department of public works, if the crossing and its approaches are in direct continuation of a state highway, or the directors of the railroad corporation, or the directors of a railway company having tracks on said way, deem it necessary for the security or convenience of the public that an alteration not involving the abolition of a crossing at grade should be made in the crossing, the approaches thereto, the location of the railroad or way, or thereof at the termination of such contract, and that the rentals or amounts to be received thereunder, may, as paid, be applied and treated as purchase money, and that the title to the property shall not vest in the lessee or bailee until the purchase price is paid in full and until the terms of the contract are performed, notwithstanding delivery to and possession by such lessee or bailee. No such contract shall be valid, as against any subsequent attaching creditor or any subsequent bona fide purchaser for value and without notice, unless it is in writing executed by the parties and acknowledged by the vendee, lessee or bailee in the same manner as deeds are acknowledged, and recorded in the office of the state secretary: nor unless each locomotive, engine or car so sold, leased or hired, or contracted to be sold, leased or hired as aforesaid, shall have the name of the vendor, lessor or bailee plainly marked on each side thereof, followed by the word "owner", "lessor", or "bailee", as the case may be. Chapter two hundred and fifty-five shall not apply to such contract.

or, if the crossing is situated, in whole or in part, in Boston, to the dec-
partment, who shall, after public notice, hear all parties interested, and, 
if they decide that such alteration is necessary, shall prescribe the manner 
and limits within which it shall be made, and shall forthwith certify their 
decision to the parties and to said department. This proceeding may 
include any case where there is need of the rebuilding of a highway 
bridge or any structural change or renewal in order to strengthen or 
improve it. If any railway company is authorized to lay and use tracks 
upon the said way, the said company shall bear such part of the expense 
of building, rebuilding, changing, renewing, repairing or improving a 
bridge forming a part of said way, or of altering or improving the ap-
proaches thereto, as the commission provided for in sections sixty-one 
and sixty-two deem just.

1 Section 60. If it is decided that the location of the railroad or of 
the way shall be changed, land or other property may be taken therefor 
by eminent domain on behalf of the railroad corporation or the town, as 
the case may be, under chapter seventy-nine, and damages may be re-
covered therefor under said chapter.

1 Section 61. A commission of three disinterested persons, appointed 
as provided in the following section, shall determine which party shall 
carry such decision into effect and which party shall pay the charges and 
expenses of making such alteration and the future charges for keeping such 
bridge or crossing and the approaches thereto in repair, as well as the 
costs of the application to the county commissioners, or the department, 
and of the hearing before said commission; and it may apportion all 
such charges, expenses and costs between the railroad corporation, the 
9 railway company having tracks on said way, and the counties, cities or 
towns where said crossing is situated and other cities and towns which 
may be specially benefited; and if the crossing and its approaches are 
direct in continuation of a state highway, the commonwealth may be 
included in such apportionment and its share shall be paid from the 
anual appropriation for maintenance and repair of state highways. If 
a railroad company is authorized to lay and use tracks upon any bridge 
in a highway built, repaired or altered as above provided for, or the 
approaches to which are altered or improved as above provided for, the 
said commission shall determine what part of the charges and expenses 
of making such changes or improvements, or of keeping such bridge or 
crossing and approaches in good condition, shall be paid by said railroad 
9 company.

1 Section 62. Upon application of the county commissioners, the 
deptartment, the division of highways of the department of public works, 
the board of aldermen, the selectmen or the directors of the railroad 
corporation or of the railway company for the appointment of such 
commission, the superior court shall cause notice thereof to be given to 
the other parties interested fourteen days at least before the time fixed 
for the hearing; and thereupon, after hearing, shall appoint such com-
mission, one member of which shall be a member of and designated by 
the department. The commission shall meet as soon as may be after

Section 63. A party aggrieved by said award may, within fourteen days after the return thereof, apply to the court for a jury to revise and determine any matter of fact found therein; and thereupon the court, after notice to all parties interested, shall order a trial by jury in the same manner as civil cases are tried by jury. The decree of the court upon said award or upon the verdict of a jury shall be final and binding, and said court may in equity enforce compliance therewith, and also issue and enforce such interlocutory decrees and orders as justice may require.

Abolition of Grade Crossings.

Section 65. The department of public works shall proceed to make an investigation of crossings where a public or private way and a railroad cross each other at grade, in sections sixty-five to eighty-two, inclusive, referred to as grade crossings. Said department shall annually on or before October first file with the department of public utilities lists of grade crossings the abolition of which it suggests for early consideration. Such lists shall state the names of the grade crossings, the names of the corporations operating the railroads crossed and the counties, cities and towns in which such crossings are located. The department of public works shall receive all petitions for the abolition of grade crossings from the aldermen of the city, the selectmen of the town, or the county commissioners of the county, where such a crossing exists, or the board of directors of the railroad corporation operating the railroad crossed, and after a hearing, due notice of which shall have been given to said railroad corporation, city or town and county, may in its discretion place said crossing on one of said lists. The department of public utilities, after due notice to the department of public works, the counties and municipalities in which such crossings are located and the railroad corporations operating the railroads crossed, shall proceed to hold public hearings upon such lists and such additional grade crossings as the department of public works shall have notified it to include. Upon the completion of such hearings the department of public utilities by order shall designate a program of grade crossings the abolition of which shall be considered; provided, that such program order may be amended or revised from time to time by the department of public utilities on request of the department of public works. In establishing such program the department of public utilities shall take into consideration the relative security and convenience of the public likely to result from the abolition.
20 of each particular grade crossing included therein as compared with the
30 abolition of other grade crossings. Such program order shall state with
31 respect to each grade crossing the name of the crossing, the name of the
32 railroad corporation operating the railroad crossed, and the names of
33 the counties, cities and towns in which the crossing is located. A copy
34 of such program order and amendments and revisions thereof shall be
35 filed in the office of the department of public utilities and of the depart-
36 ment of public works.

1 Section 68. [Repealed, 1930, 417, § 2.]
1 Section 69. [Repealed, 1930, 417, § 2.]

1 Section 70. The department of public works shall proceed to con-
2 sider the abolition of grade crossings in the order established by the
3 program orders as adopted and amended or revised under section sixty-
4 five, and shall hold public hearings on each such grade crossing abolition,
5 due notice of which shall be given to such railroad corporations, counties,
6 cities and towns as may be required by law to bear part of the cost of
7 abolition. After hearing as aforesaid, it shall by order determine the
8 manner and limits of the grade crossing abolition, what part, if any, of
9 an existing public or private way shall be discontinued, and whether or
10 not a new way shall be substituted therefor, the grade for the railroad
11 and the way, the changes to be made in the location and grades of a
12 street railway having a location in the part of such public way where
13 the crossing exists or in ways connecting therewith, the general method
14 of construction, and what land or other property it considers necessary
15 to be taken, including, in its discretion, an easement in land adjoining
16 the location of a public or private way, or of a railroad, consisting of a
17 right to have the land of the location protected by having the surface
18 of such adjoining land slope from the boundary of the location in a man-
19 ner specified by it; provided, that so much of any such order as relates
20 to the foregoing shall not be effective unless the consent of the depart-
21 ment of public utilities thereto shall first be obtained, but no consent
22 shall be given by said department to an order requiring a change in the
23 grade of a railroad or street railway until the carrier interested, if it so
24 requests, has been given an opportunity to be heard before said depart-
25 ment on the sole question of such change. The department of public
26 works shall determine in such order when the work shall be commenced,
27 who shall do the work and how much shall be done by each. All such
28 work not done in whole or in part by the department of public works
29 shall be done under its general supervision. Except as otherwise provided
30 in this section and section eighty, the railroad corporation shall pay fifty
31 per cent of the total actual cost of the alterations aforesaid, including
32 therein, in addition to the cost of construction, all damages on account
33 thereof, but excluding the actual cost to a street railway company of
34 changing its railway and location to conform to the order of abolition,
35 which shall be borne by it. The remainder of said total cost shall be
36 apportioned by said department of public works between the common-
37 wealth and the city or town where the crossing is situated, and in making
said apportionment said department shall take into account the benefits to the city or town and shall assess upon the city or town such percentage of the total cost, not more than ten per cent nor less than five per cent thereof, as may in the judgment of said department be just; provided, that if less than ten per cent of such total cost is assessed upon the city or town, the difference between the amount so assessed and said ten per cent shall be assessed upon the county in which such crossing exists; and provided, further, that if in the judgment of said department it shall be deemed just, the forty per cent of said total cost thereby due to be apportioned to the commonwealth may be reduced by an amount equal to not more than five per cent of the said total cost, which amount shall be assessed upon said county and shall be in addition to any amount which may be assessed upon it as hereinbefore provided. If the crossing is of a railroad and a private way, and no crossing of a public way is abolished in connection therewith, the total cost as aforesaid shall be paid by the parties affected by the abolition in such proportion as said department may establish. Said department shall equitably apportion the amount assessed as herein provided to be paid by the railroad corporations between the several railroads which are affected by the abolition. Said department may require the railroad corporation or corporations and the cities, towns and counties affected by any such grade crossing abolition, or any of them, to cause to be prepared and submitted to it plans, specifications and estimates of the cost of such abolition. A copy of any order made under this section, after so much thereof as is required hereby to be consented to by the department of public utilities has been consented to as hereinbefore provided, shall be filed in the office of the department of public works and of the department of public utilities, and a copy thereof shall be served on the state comptroller, the railroad corporation or corporations, the county and city or town affected by such abolition. The department of public works shall include in its budget estimate in each year a sum sufficient to meet the cost of such portion of any abolition or abolitions of grade crossings, to be undertaken during the following year, as is to be paid by the commonwealth, counties and municipalities.

Section 72. Whenever a grade crossing is abolished upon a state highway, county way, or way which has been petitioned for as a state highway, the said highway or way shall be so constructed that there shall be a clear view in each direction for at least one hundred and fifty feet from the center of said highway or other way where the same passes over or under the railroad, except in any particular case, when compliance with said requirement is deemed by the department of public works to be unnecessary and unreasonable under all the circumstances.

Section 73. The amount of any expenditure under section eighty by a street railway company toward the cost of abolishing a grade crossing shall be deemed and taken in all proceedings thereafter as a part of the value of its property for street railway purposes; and such company may issue stock or bonds to such amount as the department of public utilities shall, subject to the laws relating to the issue of stocks and bonds by street railway companies, approve as reasonably necessary to provide for the payment of such expenditure.
SECTION 74. If in an order of abolition under section seventy it is determined that the location of the railroad or of the public or private way shall be changed, such order when a copy thereof is filed with the department of public utilities shall establish the location as thus changed, and if it is necessary to take land or an easement therein to provide such new location, the department of public works shall take the same by eminent domain under chapter seventy-nine, and in such case the order of taking shall be included in said order of abolition under section seventy. Said taking shall be on behalf of the commonwealth if the land or easement is to be used for or in connection with a state highway or on behalf of the city or town if the land or easement is to be used for or in connection with any other public way, or on behalf of the railroad corporation if the land or easement is to be used for or in connection with a private way or by the railroad corporation.

If in an order of abolition under section seventy it is determined that the location of a street railway shall be changed, such order when a copy thereof is filed with the department of public utilities shall establish the location as thus changed.

The department of public works may in any order entered under said section seventy, or from time to time thereafter with the approval of the department of public utilities, order the removal or relocation of any surface street railway tracks, and of any conduits, pipes, wires, poles or other property located in public ways or places which it deems required therefor, and may grant new locations for such structures so removed or relocated. Such orders, to the extent specified therein, shall be deemed a revocation of the right or license to maintain such tracks, conduits, pipes, wires, poles or other property in such public ways or places, and the owner of any such structures shall comply with said orders without expense to the commonwealth or any party which said department of public works has determined shall do the whole or any part of the work. If any such owner shall fail to comply with the order of the department of public works within a reasonable time, to be fixed in the order, said department may discontinue and remove such tracks, conduits, pipes, wires, poles or other property or relocate the same, and the cost of such discontinuance, removal or relocation shall be repaid by the owner, and if not repaid may be recovered by the commonwealth in an action of contract. No such discontinuance, removal or relocation shall entitle the owner of the property thus affected to any damages on account thereof. Any structures in or upon private lands may be removed and relocated by the department of public works as a part of the cost of the abolition, or if removed and relocated by the owner thereof the reasonable expense shall be paid to him by the commonwealth as a part of the cost of the abolition. If in any order hereunder or under said section seventy any location shall be changed, such order when a copy thereof is filed with the department of public utilities shall establish the location as thus changed. In this section and in sections seventy-five, seventy-seven, seventy-eight and eighty, the words "state highway" shall include any public way and part thereof in direct continuation of a state highway and not more than one hundred feet from the end thereof.

SECTION 75. All damages sustained by any person in his property by the taking of land for or by the alterations of the grade of a public way.
Section 76. In any case arising under the preceding section, where any person sustaining damage to his property in the manner therein specified fails to bring a petition within the time limited by chapter thirty-nine, the attorney general may join with the other parties interested in a settlement of the claim of such person; and the proportion of the amount agreed upon in settlement thereof which would be chargeable to the commonwealth under section seventy shall be paid by the commonwealth as if it were a part of the actual cost of the work required to be done under said section.

Section 77. After the completion of the work, the expense of maintenance and repair shall be paid as follows: if the public way crosses the railroad by an overhead bridge, the superstructure and subflooring of the bridge and its abutments or other supports shall be maintained and kept in repair by the railroad corporation, but the approaches of the bridge and the pavement or wearing surface over the subflooring shall be maintained and kept in repair by the city or town where situated, or, in case such public way is a state highway, by the commonwealth; if the public way passes under the railroad, the bridge and its abutments or supports shall be maintained and kept in repair by the railroad corporation, and the public way and its approaches shall be maintained and kept in repair by the city or town where situated, or, in case such public way is a state highway, by the commonwealth; if several railroads cross a public way at or near a given point, the department of public works shall apportion and award in what manner and proportion each of said railroad corporations shall maintain and keep in repair the superstructure and subflooring of the bridge and its abutments or supports if the public way crosses the railroad by an overhead bridge, and the bridge and its abutments or supports if the public way passes under said railroads.
1 Section 78. All accounts of expense incurred by the railroad corporations or the city or town shall from time to time be submitted to the department of public works which shall audit the same, including any expense incurred by the commonwealth for or in connection with a state highway, and report thereon to the state comptroller. Said department shall upon request of any of the parties to the proceeding investigate the amounts presented for allowance by the commonwealth or any city or town or any railroad corporation as expended in the payment of damages for land taken or affected by reason of the proposed alteration, which have been paid by the party primarily liable therefor, as provided in section seventy-five, unless it appears that all the parties to the proceeding for the abolition of the grade crossing have assented in writing to the payment or settlement so made by the party primarily liable; and if said department determines that the amount so paid is in excess of what in its opinion should have been properly paid therefor, it shall allow only such portion of the amount so paid as it may deem to be just and reasonable. In case of any dispute as to the propriety or reasonableness of the whole or a part of any account of expense, the department of public utilities, upon application of any party to the proceeding, shall determine the amount thereof, if any, to be allowed, and its determination shall be final. The department of public works shall, from time to time, issue its orders for payments on the part of each railroad corporation, not exceeding the amount apportioned to it by said department, and for the payment of the commonwealth of a sum not exceeding the amounts apportioned to it and to the county and city or town; and such county and city or town shall repay to the commonwealth the amount apportioned to it, with interest thereon at the rate of four per cent per annum in such instalments and at such times within ten years thereafter as said department, with the approval of the state comptroller, having regard to the financial condition of the county, city or town, shall determine.

3 Section 79. The superior court shall have jurisdiction in equity to enforce compliance with sections sixty-five to eighty-two, inclusive, and with the orders and agreements made thereunder. The supreme judicial court shall have jurisdiction in equity to review, modify, amend or annul any order of the department of public works or the department of public utilities made under authority of said sections, but only to the extent of the unlawfulness of such order.

4 Section 80. If the board of aldermen of a city or the selectmen of a town where a public way and a railroad cross each other and the directors of the railroad corporation deem it necessary for the security and convenience of the public that alterations should be made in such crossing, or in the approaches thereto, in the location of the railroad or public way or in the grades thereof, or in a bridge at such crossing, or that such crossing should be discontinued with or without building a new way in substitution therefor, and they agree as to the alterations to be made, a written instrument signed, in behalf of a city, by the mayor, authorized by the board of aldermen, or in behalf of a town, by the chairman of the selectmen, authorized by vote of the town, and by the president of the railroad corporation, authorized by its directors, specifying the

manner and limits within which the alterations shall be made, and by which party the work shall be done, or how it shall be apportioned between the city or town and the railroad corporation, the general method of construction, the grades for the railroad and the public way, and also what land or other property it is necessary to take, and what portion, if any, of an existing public way is to be discontinued, and how the cost thereof shall be apportioned between the city or town and the railroad corporation, shall be valid and binding on the city or town and the railroad corporation, respectively, and have the same force and effect as an order of the department of public works under section seventy, if the department of public utilities, after notice to all parties interested by advertisement and a public hearing, approves of the alterations set forth in the agreement as necessary for the convenience and security of the public; provided, that the department of public works, acting on behalf of the commonwealth, may, if in its judgment it seems advisable, join in such an agreement to abolish any grade crossing, thereby engaging the commonwealth to pay to the parties entitled thereto under the agreement, such amount, not exceeding, in case of an abolition of a crossing of a railroad and a public way other than a state highway, forty per cent of the total cost of the alterations, as defined in section seventy, as said department deems just, and such an agreement in which the commonwealth so joins shall be valid and binding on the commonwealth as well as the other parties thereto, and shall have the same force and effect as an order of said department under said section seventy, after approval as aforesaid by the department of public utilities. Said agreement, when approved by the department of public utilities and filed in its office, shall establish the locations as thus altered, and if it is necessary to take land or an easement therein to provide such new locations, the department of public works, in case of the abolition of a grade crossing to the cost of which the commonwealth is to contribute, otherwise the department of public utilities, shall take the same by eminent domain on behalf of the commonwealth, of the city or town, and of the railroad corporation, respectively, under chapter seventy-nine. Except as otherwise provided in this section, so much of section seventy-four as relates to the taking of land, and so much of section seventy-five as relates to the right of any person to recover damages sustained in consequence of such taking or of the alterations made in pursuance of said order shall apply to the taking of land and to damages sustained under an agreement made pursuant to this section. The crossing and approaches shall be maintained and kept in repair as provided in section seventy-seven. If the agreement provides for the abolition of a grade crossing to the cost of which the commonwealth is to contribute, the department of public works shall keep itself informed of the progress and character of the work and of the amounts reasonably expended for work done or for damages, so far as rendered necessary for the abolition of the grade crossing; and for that purpose it may employ any necessary agents, and, from time to time, as it may consider proper, shall issue certified statements of the amount legally and properly expended for such abolition of a grade crossing. A street railway company or county or other party which would be affected by the alteration of a crossing as aforesaid may join in any agreement under this section.

Section 81. [Repealed, 1930, c. 417, § 2.]
Section 82. Sections fifty-nine to sixty-four, inclusive, of this chapter and sections one hundred and eight, one hundred and eleven, one hundred and twelve, one hundred and thirteen and two hundred and forty-two of chapter one hundred and sixty, so far as they relate to proceedings for the abolition of grade crossings, shall not apply to cities, towns, or other places, as defined in the general laws, within the provisions of the preceding seventeen sections.

Railroad and Street Railway Bridges.

Section 83. Every railroad corporation and railway company shall, upon request of the department, at least once in two years, cause an examination of its bridges and of the approaches thereto to be made by a competent engineer, who shall report the result of his examination, and his conclusions and recommendations to the corporation or company, and it shall forthwith transmit a copy of the report to the department. Before a railway company builds a bridge, it shall first submit the plans thereof to the department for approval. Upon the completion of a new bridge, the railroad corporation or railway company shall forthwith cause such examination and report to be made and transmitted to the department. The report shall furnish such information, in such detail and with such drawings or prints, as may be requested in writing by the department. The department may make further examination of the bridge structure if necessary or expedient. This section shall not exempt a corporation from making other and more frequent examination of its bridges and the approaches thereto.

Section 84. If the county commissioners of a county, the board of aldermen of a city or the selectmen of a town where a bridge at the crossing of a public way and a railroad, or a bridge upon which a highway company is authorized to lay and use tracks, is located in whole or in part, or the directors of a corporation owning or operating such railroad, or the directors of a company owning or operating such railway, are of the opinion that such bridge is in need of maintenance or repair, they may apply to the department, which shall, after public notice, hear all persons interested, and, if it decides that the work of maintenance or repair is necessary, shall prescribe the manner in and the limits within which it shall be done, and shall forthwith certify its decision to the parties.

Section 85. If railroad corporations, railway companies, counties, cities, towns, or any of them, jointly or severally, are charged with the duty of maintaining or repairing any such bridge under any provision of law, agreement, or decree of court, and if the parties so charged with such duty refuse or neglect to carry into effect such decision within a reasonable time, any other such party may apply to the superior court, which may in equity enforce such decision.

Railroad, Street Railway and Steamboat Relief Corporations.

Section 86. Seven or more persons, a majority of whom are residents of the commonwealth, being employees of any railroad, railway or steamboat corporation, organized under the laws of the commonwealth, may form a corporation under chapter one hundred and eighty for the purpose of receiving, managing and applying such property and funds as it may receive by contribution, assessment or otherwise for the im
provenment and benefit of its members, and for their relief and the relief
of their families in case of sickness, injury, inability to labor, or other
cases of need.

Section 57. The by-laws of such corporation shall be approved by
the department, and shall prescribe the manner in which, and the officers
and agents by whom, the purpose of its incorporation may be carried out,
and also the manner in which its property may be invested. Such cor-
poration shall annually, and as often as may be required by the depart-
ment, render to it such statements of its membership and financial trans-
actions and such other information relative thereto as the department
may consider necessary for a proper exhibit of its business and standing.
The department may verify such statement by an examination of the
books and papers of the corporation; and whoever, having charge or
custody of such books and papers, neglects to comply with this section
shall be punished by a fine of not more than five hundred dollars.

Section 58. A railroad corporation operating a railroad or portion
of the commonwealth, or a railway company, may, by vote of
its directors, associate itself with seven or more of its employees in
forming a corporation under section eighty-six, or may, upon the invi-
tation of any such corporation, become a member thereof, and may from
time to time aid such corporation by contributions to its funds or other-
wise. The by-laws of such corporation shall provide for the manner in
which the railroad corporation or railway company shall vote and be
represented in said corporation. The funds of such corporation shall
not be liable to attachment by trustee process, or be liable to be taken
on execution or on any other process, legal or equitable, to satisfy any
debt or liability of the railroad corporation or railway company or of
any member of the corporation.

Railroad, street railway and steamboat police.

Section 59. The mayor of a city, or the selectmen of a town, upon
the petition of a railroad corporation having a passenger station therein,
or of a railway company operating a railway therein, or of a common
carrier of passengers by water for hire having a usual place of receiving
or discharging passengers therein, may appoint as many of the persons,
designated in said petition, as police officers as they may deem proper
for the purposes and with the powers hereinafter set forth.

Section 60. An attested copy of the record of all such appointments
shall be filed by the petitioner with the clerk of every city or town, other
than the city or town of appointment, where the railroad corporation or
railway company operates its cars, or such carrier is accustomed to
receive or discharge passengers, and where it is intended that such police
officers shall act; and the filing of such attested copy shall constitute
the persons named therein railroad, railway or steamboat police, respec-
tively, within such city or town, and upon the boats or vessels of such
carriers by water, while within the boundaries of the commonwealth,
and shall be conclusive evidence of the regularity of their appointment.
1 Section 91. Such police officers shall be sworn before a justice of the peace or notary public, and shall hold their offices until their appointment is revoked by the mayor of the city or the selectmen of the town where they are appointed; but such petitioner, upon ceasing to require the services of any of such officers, shall file a notice to that effect with the clerk of the city or town where he is appointed, and with the clerks of the several cities and towns where notice of such appointment has been filed, and thereupon the power of such officer shall cease. 1920, 2. 1931, 394, § 185.

1 Section 92. Such police officers shall, when on duty except as detectives, wear in plain sight a metallic badge, inscribed with the words, "Railroad Police", "Street Railway Police", or "Steamboat Police", as the case may be, and the name or initials of the corporation or company for which they are appointed; and the presence of any such officer on the cars, steamboats or premises of the corporation or company upon whose petition he was appointed, wearing such badge, shall be prima facie evidence that he is lawfully upon duty.

1 Section 93. Railroad, railway or steamboat police officers may serve order on the premises, cars, vessels and boats of the corporation or company upon whose petition they are appointed and at the wharves and landing places owned or used by such carrier by water; may, without a warrant, arrest an idle, noisy, intoxicated or disorderly person upon such premises, cars, vessels or boats; or a passenger upon such cars, vessels or boats who refuses to pay his fare, and remove him to the baggage or other suitable car or place; may, without a warrant, arrest any person committing any of the offences specified in section one hundred and four; and railway police officers may, without a warrant, arrest any person committing any of the offences specified in section ninety-four of chapter one hundred and sixty-one.

1 Section 94. The person so arrested by railroad or railway police officers shall be taken to the police station or other place of lawful detention in the city or town where the arrest is made, or in the city or town where the car, boat or vessel next stops, or in any city or town of the same or adjoining county through which the car passes after the arrest; he may be placed in charge of a police officer or constable in either of such cities or towns, to be taken to a lawful place of detention within twenty-four hours after the time of such arrest, Sunday excepted. Complaint shall be made against the person arrested by the officer taking him to the place of detention, for the offence for which he was arrested, to a district court, or trial justice having jurisdiction of such offences committed in the city or town where such person is detained, and such court or justice shall have jurisdiction of the case.

1 Section 95. Railroad, railway and steamboat police officers shall be paid by the corporation or company upon whose petition they are appointed. Such corporation or company shall be liable for any official misconduct of such officers to the same extent as for torts of agents or servants in their employ.
COMMON CARRIERS.

[CHAP. 159.]

ACTIONS AGAINST RAILROADS AND STREET RAILWAYS FOR LABOR AND MATERIALS.

Section 96. A person to whom a debt is due for labor performed or for materials furnished and actually used in constructing a railroad or railway under a contract with a person other than the railroad corporation or railway company, who has authority from or is rightfully acting for such corporation or company in furnishing such labor or materials, shall have a right of action against such corporation or company to recover such debt with costs, except as provided in the four following sections.

121 Mass. 510. 204 Mass. 494.

Section 97. A person who has contracted to construct the whole or a specified part of such railroad or railway shall not have such right of action.

Section 98. A person shall not have such right of action for materials furnished, unless, before beginning to furnish them, he files in the office of the clerk of the city or town where any of the materials are to be furnished a written notice of his intention to claim such right, in the manner provided for filing the statement named in the following section.

1906, 463, II, §§ 221, 258, III, §§ 120, 158.

Section 99. A person shall not have such right of action for labor performed, unless, within thirty days after ceasing to perform it, he files in the office of the clerk of a city or town where any of said labor was performed a written statement, on oath, of the amount of the debt so due him and of the name of the persons for whom and by whose employment the labor was performed. Such right of action shall not be lost by a mistake in stating the amount due; but the claimant shall not recover as damages a larger amount than is named in said statement as due to him, with interest thereon.

Section 100. Such action shall not be maintained unless begun within sixty days after the plaintiff ceased to perform such labor or to furnish such materials.

1904, 373. 1906, 463, II, §§ 222, 258, III, §§ 121, 158.

OFFENCES RELATING TO RAILROADS AND STREET RAILWAYS.

Section 101. Whoever fraudulently evades or attempts to evade the payment of a toll or fare lawfully established by a railroad corporation or railway company, either by giving a false answer to the collector of the toll or fare, or by traveling beyond the point to which he has paid the same, or by leaving the train or car without having paid the toll or fare established for the distance traveled, or otherwise, shall forfeit not less than five nor more than twenty dollars. Whoever does not upon demand first pay such toll or fare shall not be entitled to be transported for any distance, and may be ejected from a railway car; but no person
10 shall be removed from a car of a railroad corporation except as provided in section ninety-three, nor from a train except at a regular passenger station.

1 **Section 102.** No railroad corporation or railway company or any officer or employee thereof shall use or deposit a torpedo or other explosive substance on or near the tracks of any railroad or railway for the purpose of signaling or otherwise, unless there is plainly and conspicuously stamped thereon in a manner approved by the department a word or words indicating that such torpedo or other explosive is dangerous.

1 **Section 103.** Whoever unlawfully and intentionally injures, molests, or destroys any signal of a railroad corporation or railway company, or any line, wire, post or other structure or mechanism used in connection with such signal, or prevents or in any way interferes with the proper working of such signal, shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than two years, or both.

1 **Section 104.** Whoever wilfully throws or shoots a missile at a locomotive engine, or railroad or railway car or train, or at a person on such engine, car or train, or in any way assaults or interferes with a conductor, engineer, brakeman, or motorman, while in the performance of his duty on or near such engine, car or train, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than one year, or both. A person so offending may be arrested without a warrant by an officer authorized to serve criminal process, and kept in custody in jail or other convenient place not more than twenty-four hours, Sundays and legal holidays excepted, at or before the expiration of which time he shall be taken before a proper court or magistrate, and proceeded against according to law.

**General Jurisdiction and Powers of the Department.**

1 **Section 105.** The jurisdiction, powers, authority and discretion delegated to the department by sections ten to twenty-six, inclusive, of this chapter and section one hundred and eighty-five of chapter one hundred and sixty shall not be limited by other provisions of law contained in chapters one hundred and fifty-nine to one hundred and sixty-three, inclusive, or in chapter one hundred and sixty-six, nor shall such provisions prevent the department from exercising to the fullest extent such jurisdiction, powers, authority and discretion.
CHAPTER 159A.

COMMON CARRIERS OF PASSENGERS BY MOTOR VEHICLE.

SECTION 1. No person shall, except as otherwise provided in this chapter, operate any motor vehicle upon any public way in any city or town for the carriage of passengers for hire, in such a manner as to afford a means of transportation similar to that afforded by a railway company, by indiscriminately receiving and discharging passengers along the route on which the vehicle is operated or may be running, or for transporting passengers for hire as a business between fixed and regular termini, without first obtaining a license for such operation from the city council of such city or the selectmen of such town, in this chapter called the licensing authority; provided, that, in respect to any boulevard or way under the jurisdiction of the metropolitan district commission, such commission shall constitute the licensing authority. Any such license issued by a city council under this section shall be subject to the approval of the mayor. The fee for any such license shall not exceed ten dollars. Such license may limit the number of vehicles to be operated thereunder. Any person, receiving a license under this section and operating a vehicle or vehicles thereunder, shall, in respect to such operation, be subject to such orders, rules or regulations as shall be adopted by the licensing authority under this chapter. No license, certificate or permit shall be required under this chapter in respect to such carriage of passengers as is exclusively interstate.

SECTION 2. Every such license shall specify the route or routes over which the motor vehicles used thereunder may be operated. A licensee shall not operate motor vehicles for the purposes specified in the preceding section otherwise than upon routes specified in the license or licenses issued to him, provided that in the event of the closing of the whole or a portion of such a route by public authority or of interference with operation thereon by street repairs, fire, accident, unusual and severe traffic congestion or other emergency, a licensee may temporarily operate such vehicles by a reasonably direct and convenient detour.

SECTION 3. If a person desiring to operate any motor vehicle for the purposes and in the manner aforesaid over a route covering at least
Section 4. Each license issued after July eighteenth, nineteen hundred and twenty-seven, under the provisions of general law applicable thereto or under this chapter, and not since revoked, shall remain in force and effect as to the routes and for the number of vehicles specified in such license or operated thereunder, notwithstanding any limitation therein contained as to the time it shall remain in effect, until revoked as hereinafter provided. After public notice and hearing, the licensing authority may, for good and sufficient reasons to be stated in the order of revocation, revoke in whole or in part such a license issued by such authority, but unless within thirty days after any such order of revocation, except an order made by the department or by the metropolitan district commission acting as such licensing authority, the licensee consents thereto in writing, such order shall not be valid until approved by the department after public notice and hearing.

Section 5. The department may, in order to provide for unusual, sudden or unforeseen transportation needs, or to avoid interruption of existing transportation facilities, issue such temporary licenses as it deems that public convenience and necessity may require over such route or routes as it shall specify. All temporary licenses issued under the provisions of this section shall be limited to such period as the department shall specify, not exceeding sixty days. No such license shall be renewed, nor shall more than one such license for substantially the same route be granted to the same person because of the same emergency.

Section 6. No motor vehicle shall be operated under any license issued under this chapter until the licensee, in addition to complying with all orders, rules and regulations of the licensing authority, shall have deposited with the state treasurer a bond, running to him in such sum as the department may reasonably require, with a surety or sureties or other security approved by the state treasurer and by the department, conditioned to pay any final judgment obtained against the principal named in the bond for any injury to person or property or for damage in the operation of such motor vehicle.

ages for causing the death of any person by reason of any negligent or unlawful act, on the part of said principal, his or its agents, employees or drivers, in the use or operation of any such motor vehicle. Any person so injured or damaged, or his executor or administrator, or the executor or administrator of any person whose death was so caused, may enforce payment of such judgment by suit on said bond in the name of the state treasurer, and in such suit the court may make any appropriate order for the application of any security deposited as aforesaid. If any liability insurance policy filed as security for any such bond, or any such bond with a surety company as surety, shall be cancelled or a renewal policy or bond is not filed prior to the expiration thereof, or if the state treasurer or the department at any time after notice and hearing shall determine that the sureties on any such bond or the security therefor is not sufficient, or if the department shall in its discretion determine and notify the licensee that a larger bond is required, no such motor vehicle shall thereafter be operated until the licensee has furnished other or additional security approved by the state treasurer and by the department. No security other than as herein provided shall be required of any such licensee.

SECTION 7. No person shall operate a motor vehicle under a license issued as aforesaid unless he has also obtained from the department a certificate declaring that public convenience and necessity require such operation. The department may, after public hearing, issue or refuse to issue such a certificate, or may issue the same for the partial exercise only of the privilege sought. Such certificate shall specify the route or routes over which the motor vehicles to be used thereunder may operate, and may prescribe the period during which the rights granted therein or in such license may be exercised, and may attach to the exercise of said rights such terms and conditions as the department shall deem that public convenience and necessity may require. The department, after notice and hearing, may revoke any such certificate for cause, and may, in like manner, revise any provisions thereof and any of the terms and conditions of such certificate or license. Upon such revocation, or upon the termination of the period covered by such certificate, the right of any person to operate thereunder shall immediately terminate. The department may adopt rules prescribing the manner and form in which applications for certificates or for any modification of outstanding certificates shall be made.

SECTION 8. No motor vehicle shall be operated under a license issued under the provisions of this chapter without a permit from the department. Such permit shall not be issued until an inspector of the department finds that such motor vehicle, in respect to type, construction, equipment and operating condition, conforms to the rules and regulations promulgated by the department under the provisions of this chapter. The department may charge for such permit such reasonable fee not exceeding ten dollars as it may fix. Such permit may be revoked or suspended by the department at any time when it appears to the department that the motor vehicle covered by such permit does not conform to said rules and regulations. No other permit, license or registration shall be required for any such motor vehicle, except as provided in chapter ninety.

1. Section 9. No person shall drive any motor vehicle under authority of this chapter unless he shall, in addition to holding an unlimited license to operate motor vehicles from the registrar of motor vehicles, be licensed by the department. No license shall be issued by the department except to persons at least twenty-one years of age. The department may charge a fee of one dollar for each such license, and may revoke or suspend such a license at any time for such cause as may seem to it sufficient. No other license or permit than as specified or referred to in this section shall be required for any such driver.

1. Section 10. Any person engaged in the operation of motor vehicles under a license and certificate as provided in this chapter is hereby declared to be a common carrier. The department shall have general supervision and regulation of, and jurisdiction and control over such common carriers to the same extent as it has over railway companies, except as to the issue of securities by persons whose securities are not subject to the jurisdiction of the department. The department may, from time to time, prescribe forms of accounts, records and memoranda for such common carriers and their accounts shall be kept in accordance with the forms prescribed.

258 Mass. 498.

1. Section 11. If the department after notice and hearing finds that any motor vehicle subject to this chapter has been operated in violation of any provision thereof, it may notify the registrar of motor vehicles of its findings, and the registrar may thereupon revoke the registration of such motor vehicle or the license of the driver thereof, or both, as may be recommended by the department.

1. Section 12. The licensing authority in any city or town may, in respect of matters not treated of in the provisions of law governing the operation of motor vehicles under this chapter or rules established by the department, adopt rules and regulations governing such operation. After the adoption of any such rules and regulations, any person operating such a motor vehicle as authorized by this chapter, or a railway or railroad company operating a railway or railroad in such city or town, or any twenty residents thereof, may petition the department for the alteration, amendment or revocation of any such rule or regulation. The department, upon such petition, after notice to the licensing authority and a hearing, may alter, amend or revoke such rule or regulation and establish in place thereof rules and regulations thereafter to be observed in such city or town. Thereafter the department, upon its own initiative or upon petition of the mayor of such city or the selectmen of such town, or of any person so operating any such motor vehicle in such city or town, or of a railway or railroad company operating a railway or railroad in such city or town, or of any twenty residents thereof, after notice to the licensing authority of such city or town, may alter, amend or revoke any rule or regulation established by the department, and may adopt rules and regulations in substitution thereof. Rules and regulations prescribed by the department under this section shall not be subject to amendment or repeal by a city or town or by the licensing authority thereof.
Section 13. Nothing contained in this chapter shall lessen or affect the authority or powers of the department of public works or of the registrar of motor vehicles under chapter ninety.

Section 14. The provisions of this chapter shall not apply to transportation by the system known as trolleymotor or trackless trolley under the provisions of chapter one hundred and sixty-three.

Section 15. Whoever violates any provision of this chapter, or any order, rule or regulation adopted or established thereunder, or any requirement, condition, limitation or restriction contained in any license, certificate or permit issued under authority of this chapter, shall be punished by a fine of not more than one hundred dollars or by imprisonment in the house of correction for not more than two months, or both; and the supreme judicial and superior courts shall have jurisdiction in equity to restrain any such violation upon petition of the department, any licensing authority, ten citizens of any city or town affected by such violation, or any interested party.

Section 16. Whoever fraudulently evades or attempts to evade the payment of a fare lawfully established by a common carrier duly licensed under the provisions of this chapter, either by giving a false answer to the collector of the fare, or by travelling beyond the point to which he has paid the same, or by leaving the motor vehicle without having paid the fare lawfully established for the distance travelled, or otherwise, shall forfeit not less than five nor more than twenty dollars. Whoever does not upon demand first pay such fare shall not be entitled to be transported for any distance, and may be ejected from such a motor vehicle.

INCORPORATION UNDER GENERAL LAWS.

1 Section 13. Fifteen or more persons may associate themselves by a
2 written agreement with the intention of forming a railroad
3 corporation.

1 Section 14. The agreement of association shall state:
2 (a) That the subscribers thereto associate themselves with the inten-
3 tion of forming a railroad corporation.
4 (b) The corporate name assumed, which shall be one not in use by any
5 other railroad corporation in the commonwealth, or, in the judgment of
6 the department, so similar thereto as to be likely to be mistaken for it,
7 and which shall contain the words, “railroad corporation”, at the end
8 thereof.
9 (c) The termini of the railroad.
10 (d) The length of the railroad, as nearly as may be.
11 (e) The name of each county, city and town where the railroad is to be
12 located.
13 (f) The gauge of the railroad, which shall be either four feet eight and

17 four feet eight and one half inches, and not less than five thousand dollars
18 for each mile, if the gauge is three feet.
19 (h) The par value of the shares, which shall be one hundred dollars.
20 (i) The names and residences of at least five persons, who shall be sub-
21scribers to the agreement of association, to act as directors until others
22 are chosen and qualified in their stead.
23 Each associate shall subscribe to the agreement of association his name,
24 residence, post office address, and the number of shares of stock which
25 he agrees to take; but no subscriber shall be bound to pay more than
26 ten per cent of the amount of his subscription unless a corporation is
27 incorporated.

1 Section 15. The associates may from time to time, at a meeting called
2 therefor, reduce the amount of the capital stock, but not below the limit
3 prescribed in the preceding section; and they may, in like manner, change
4 the gauge of their railroad to the other gauge allowed by said section.
5 The directors shall appoint a clerk and a treasurer, who shall hold their
6 respective offices until a clerk and a treasurer of the corporation are chosen
7 and qualified in their stead. The directors shall fill any vacancy in their
8 board, or in the office of clerk or treasurer, before the organization of the
9 corporation.

1 Section 16. The directors, before fixing the route of the railroad as
2 hereinafter provided, shall publish a copy of the agreement of association
3 in a newspaper, if any, published in each of the cities and towns where
4 the railroad is to be located, and if, in any county, a newspaper is pub-
5 lished in none of said cities and towns therein, in such newspaper pub-

lished in said county as shall be designated by the department, at least once in each of three successive weeks; and, three weeks before fixing said route, shall also post a copy of said agreement in two or more public places in each of said cities and towns where said railroad is to be located; and the sworn certificate of the clerk shall be conclusive evidence of such publication and posting.

SECTION 17. After compliance with the provisions of sections thirteen to sixteen, inclusive, and within thirty days after the first publication of notice of the agreement of association therein required, the directors therein named shall apply to the department for a certificate that public convenience and necessity require the construction of a railroad as proposed in such agreement. If the department refuses to issue such certificate, no further proceedings shall be had, but the application may be renewed after one year from the date of such refusal.

SECTION 18. The directors shall prepare a map of the route on an appropriate scale, with a profile thereof on a vertical scale of ten to one as compared with the horizontal scale, and shall procure the report of a competent engineer, based on actual examination and survey, showing the kind and amount of excavation, filling, bridging and masonry required, the grades, the number of public ways and of other railroads, and of navigable streams and tide waters, to be crossed, and the manner of crossing the same, the general profile of the surface of the country through which the railroad is to pass, the feasibility of the route, the manner of constructing the railroad, and a detailed estimate of the cost of construction.

SECTION 19. The directors shall submit said map and report to the board of aldermen of every city and to the selectmen of every town named in the agreement of association, who shall thereupon appoint a time and place for a hearing, of which notice shall be given by publication in a newspaper published in said city or town, or if none is published therein, in such newspaper published in the county where said city or town is situated as shall be designated by the department, at least once in each of two successive weeks, the last publication to be at least two days before the hearing; and by posing copies of said notice in two or more public places in said city or town at least two weeks before such hearing.

If the board of aldermen of a city or the selectmen of a town named in the agreement of association, after such notice, exhibition of the map and the hearing, agree with the directors as to the said route or as to any route of the railroad in said city or town, they shall in such agreement fix the route, and sign and give to the directors a certificate setting it forth.

SECTION 21. If they fail so to agree, the directors may petition the department to fix the route in said city or town; and the department, after notice to said board of aldermen or selectmen, shall hear the parties, and fix the route in such city or town, and make a certificate setting forth the route as fixed by it, which shall be certified by its clerk to the directors. The costs of the petition shall be paid by the
7 directors. All variations from the route first proposed shall be made
8 upon the map.

1 Section 22. The route fixed under the two preceding sections may
2 include such spurs, branches and connecting and terminal tracks in any
3 city or town as may be necessary to enable the corporation conveniently
4 to collect and deliver passengers and freight therein; but no such
5 branches, spurs or connecting or terminal tracks shall be laid longitudi-
6 nally within the limits of a public way without the consent of the
7 board of aldermen or the selectmen, who, in giving such consent, may
8 impose such conditions as to the location, construction and use thereof
9 as may be agreed upon between themselves and the directors. A cor-
10 poration which owns or operates any such tracks so laid longitudinally
11 in a public way shall, in respect to the same, be liable to the city or town
12 for all loss or damage caused to it by the construction and use of such
13 tracks and by the negligence or default of the agents or workmen of
14 such corporation on such way.

1 Section 23. When the amount of capital stock named in the agree-
2 ment of association has been subscribed in good faith by responsible
3 persons, and ten per cent of the par value of each share has been actu-
4 ally paid in cash to the treasurer, the directors, clerk and treasurer shall
5 annex to the agreement of association their certificate setting forth
6 these facts, and that it is intended in good faith to locate, construct,
7 maintain and operate the railroad upon the route fixed, shall also annex
8 to said agreement the certificate of publication specified in section six-
9 teen, and the several certificates fixing the route, shall present the same
10 for inspection to the department, and shall at the same time deposit in
11 the office of the department the report of the engineer and the map.

1 Section 24. When it is shown to the satisfaction of the department
2 that the requirements of this chapter preliminary to the incorporation
3 of a railroad corporation have been complied with, the clerk of the de-
4 partment, upon its order, shall annex to the agreement of association a
5 certificate stating that such requirements have been complied with.
6 The directors shall thereupon file the agreement of association, with all
7 the certificates annexed thereto, in the office of the state secretary, who,
8 upon the payment to him of a fee of fifty dollars, shall receive and pre-
9 serve the same in form convenient for reference and open to public in-
10 spection, and shall thereupon issue a certificate of incorporation sub-
11 stantially in the following form:

Commonwealth of Massachusetts.

Be it known that whereas (names of the subscribers to the agreement of

It may, at a meeting called therefor, reduce the amount of the capital stock, but not below the limit prescribed in section fourteen. It may, also, in like manner, change the gauge to the other authorized gauge; but a corporation organized to construct its railroad on a gauge of three feet shall not change such gauge to four feet eight and one half inches without complying with all provisions of law relative to the capital stock of railroads of the broad gauge; and the fact that such provisions have been complied with shall be shown to the satisfaction of the department, and endorsed by its clerk upon the certificate of such change of gauge before it is filed in the office of the state secretary. A certificate of the increase or reduction of capital or change of gauge shall, within thirty days thereafter, be filed in the office of the state secretary.

SECTION 26. The agreement of association, and all proceedings thereunder, including the fixing of the route, shall be void, unless the certificate of incorporation is issued within one year after the time the route is fixed as provided in section twenty or twenty-one.

SECTION 27. If a corporation does not begin the construction of its railroad and expend thereon at least ten per cent of the amount of its original capital stock within two years after the date of its certificate of incorporation, and does not complete and open its railroad for use within four years after said date, its corporate powers and existence shall cease.

SECTION 28. A corporation which has a railroad of the gauge of three feet shall not begin running its trains, until its paid-up capital stock is equal to one half of its cost, including equipment.

MEETINGS.

1 Section 33. There shall be an annual meeting of the stockholders, 2 and the time and place of holding it, and the manner of conducting it, 3 shall be fixed by the by-laws. All meetings of stockholders shall, unless 4 the by-laws otherwise provide, be held in the commonwealth; and shall 5 be called, and notice thereof given, in the manner provided in the by-laws 6 of the corporation; or, if the by-laws make no provision therefor, shall 7 be called by the president, and a written notice, stating the place, day 8 and hour thereof, given by the clerk, at least seven days before such 9 meeting, to each stockholder by leaving such notice with him or at his 10 residence or usual place of business, or by mailing it, postage prepaid, and 11 addressed to each stockholder at his address as it appears upon the books 12 of the corporation. Unless the by-laws otherwise provide, a majority in 13 interest of all stock issued and outstanding and entitled to vote shall 14 constitute a quorum, but if at any annual meeting or at any other meet- 15 ing held for the purpose of electing officers less than a majority of the 16 stock is represented, no election of officers shall take place.

17 Notices of all meetings of stockholders shall state the purposes for 18 which the meetings are called. No notice of the time, place or purpose
of any regular or special meeting of the stockholders shall be required, if every stockholder, or his attorney thereunto authorized, by a writing filed with the records of the meeting, waives such notice.

Section 34. A special meeting of the stockholders shall be called, and a written notice thereof, stating the time, place and purpose of the meeting, given by the clerk, upon written application of three or more stockholders entitled to vote, and holding at least one tenth of the capital stock.

Section 35. A railroad corporation shall not, directly or indirectly, vote upon any share of its own stock.

Section 36. Stockholders entitled to vote shall have one vote for each share of stock owned by them. Stockholders may vote either in person or by proxy. No proxy dated more than six months before the meeting named therein shall be accepted, and no such proxy shall be valid after the final adjournment of such meeting.

Section 37. Meetings of the board of directors may be held within or without the commonwealth. Any meeting of the board of directors shall be a legal meeting without notice, if each director, who is absent, by a writing filed with the records of the meeting, waives such notice.

CAPITAL STOCK.

Section 38. Each stockholder shall be entitled to a certificate, which shall be signed by the president and by the treasurer of the corporation, or by such other officers authorized by the by-laws, shall be sealed with its seal, and shall certify the number of shares owned by him in such corporation.

Section 39. The directors may from time to time assess upon each share such amounts, not exceeding in all one hundred dollars on a share, or the price fixed under section fifty of chapter one hundred and fifty-nine, as they think proper, and may direct the same to be paid to the treasurer, who shall give notice thereof to the subscribers. If a subscriber has made no payment upon his shares, the directors, thirty days after an assessment has become due, may declare them forfeited, and may transfer them to any responsible person who subscribes for them and pays the assessments then due. If a subscriber neglects, for thirty days after notice from the treasurer, to pay an assessment upon his shares, the directors may order the treasurer, after giving notice of the sale, to sell such shares by public auction to the highest bidder, and, upon the payment by him to the corporation of the unpaid assessments, of interest to the date of sale and of the charges of sale, the shares shall be transferred to him. If within thirty days after the sale the purchaser does not make said payment to the corporation, the sale shall be cancelled, and the subscriber shall be liable to the corporation for the unpaid assessments, interest thereon and charges of sale. If the amount so paid by the purchaser to the corporation is more than the amount for
which the shares were sold, the subscriber shall be liable to the purchaser for the deficiency; if it is less, the purchaser shall be liable to the subscriber for the surplus.

Section 40. If a subscriber neglects to pay his assessment for thirty days as provided in the preceding section, the directors may elect to proceed at law against said delinquent subscriber to recover all amounts due and payable by him with interest. If a judgment rendered in an action against a subscriber remains unsatisfied for thirty days, all amounts previously paid by him shall be forfeited to the company and the directors may offer such shares for sale as provided in said section.

Section 41. A railroad corporation, for the purpose of building a branch or extension, or of aiding in the construction of another railroad, of taking stock in a grain elevator corporation in the organization of which it is an associate, or of erecting and operating grain elevators within the commonwealth, or of building depots, or of abolishing grade crossings, or of making permanent investments or improvements, or of funding its floating debt, or of refunding its funded debt, or of the payment of money borrowed for any lawful purpose, or for other necessary and lawful purposes, may, from time to time, in accordance with sections forty-seven and forty-eight, increase its capital stock or bonds beyond the amounts fixed and limited by its agreement of association or its charter, or by any special law.

Section 42. If a railroad corporation owning a railroad in this commonwealth and consolidated with a corporation owning a railroad in another state increases its capital stock, or the capital stock of such consolidated corporation, except as authorized by this chapter or chapter one hundred and fifty-nine, without authority of the general court, or without such authority extends its line of railroad, or consolidates with any other corporation, or makes a stock dividend, the charter and franchise of such corporation shall be subject to forfeiture.

Section 43. A railroad corporation organized under the laws of this commonwealth, or organized under the laws of this commonwealth and of any other state or states may, by vote of two thirds in interest of its common stockholders, at a meeting duly called therefor, with the approval of the department, issue and from time to time increase preferred stock of one or more classes for any lawful purposes for which railroad corporations are authorized to issue or increase their capital stock. Each class of preferred stock shall be entitled to the preferences and rights and shall be subject to the restrictions and limitations fixed by such vote, as approved by the department. Such stock shall be issued subject to all the provisions of the laws of this commonwealth governing the issue of capital stock by railroad corporations.

Section 44. Each class of preferred stock issued under authority of the preceding section shall be designated by a name approved by the department to distinguish it from all other classes of stock of the corporation. A certified copy of the vote creating, and of the order of the department approving the creation of, any class of preferred stock shall be filed in the office of the department and in the office of the commis-
sioner of corporations and taxation. Every certificate of stock issued by a railroad corporation after the approval by the department of the creation by it of preferred stock shall contain a reference to all votes creating preferred stock and a brief description of the respective preferences, rights and restrictions of each class of said stock.

Section 45. Any preferred stock issued under authority of section forty-three shall have the same voting power as the common stock, except that, in any case, there may be such limitations of the voting power of the preferred stock as the department approves and finds to be consistent with the adequate protection of the public interest. The aggregate amount at par of preferred stock of all classes issued by a railroad corporation shall at no time exceed twice the amount at par value of its outstanding common stock, and no class of preferred stock shall be created which is not, in a manner approved by the department, made subordinate in respect to dividends or to participation in the proceeds of liquidation to the preferences of every previously created class of preferred stock.

Section 46. Upon any issue of preferred stock the new shares shall, unless the common stockholders shall, with the approval of the department, otherwise provide, first be offered to the common stockholders in the manner prescribed in sections fifty and fifty-one of chapter one hundred and fifty-nine, including the holders of such of its evidences of indebtedness outstanding as on their face entitle the holders thereof to participate in the right to subscribe to such shares; and any shares of the preferred stock which shall not have been duly subscribed and paid for by the common stockholders or their assigns and by holders of such evidences of indebtedness, and all of the preferred shares, if the common stockholders so determine and the department approves, may be sold in the manner and subject to section fifty-one of chapter one hundred and fifty-nine, or in any other manner, at not less than par, which the department may approve. In case of any increase in the common stock of the corporation, holders of preferred stock shall be entitled to have offered to them shares of the new stock in the manner provided in sections fifty and fifty-one of chapter one hundred and fifty-nine, whenever the vote creating such preferred stock as approved by the department shall so provide.

**ISSUE OF STOCK, BONDS, ETC.**

Section 47. A railroad corporation may issue shares of capital stock, bonds, notes or other evidences of indebtedness, for the purpose of funding its floating debt or for any other lawful purpose, and may mortgage or pledge as security for the payment of such indebtedness a part or all of its railroad, equipment and franchise and a part or all of its real and personal property, including property to be afterward acquired. Any mortgage executed by a railroad company shall secure, on equal terms with any other indebtedness secured by such mortgage, all bonds, notes and other evidences of indebtedness previously issued and then outstanding of which such corporation is the maker or which it has assumed through merger or consolidation with the original and principal obligor, except outstanding bonds, notes or other evidences of indebtedness while and so long as the same are, in accordance with any promise con-

14 tained therein, secured by another direct mortgage; but the term
15 "mortgage" as used herein shall not include or apply to the pledge of
16 securities deposited with a trustee as collateral to secure the repayment
17 of a loan. Its bonds, notes or other evidences of indebtedness, payable
18 at periods of more than one year from the date thereof, may be issued
19 by any such corporation to an amount which, when added to the amount
20 of all its then outstanding bonds, notes or other evidences of indebted-
21 ness, payable at periods of more than one year from the date thereof, of
22 which it is the maker or which it has assumed, shall not cause the aggre-
23 gate amount of all such bonds, notes and other evidences of indebted-
24 ness to exceed the amount of the capital stock of the corporation actually
25 paid in at the time, as determined under section fifty-three of chapter
26 one hundred and fifty-nine, unless any excess above such amount shall
27 have been previously approved by the department as consistent with the
28 public interest, taking into consideration the fixed charges of such cor-
29 poration, the amount and character of its contingent liabilities and other
30 pertinent conditions; but in no event shall the aggregate amount of all
31 bonds, notes or other evidences of indebtedness of which it is the maker
32 or which it has assumed exceed twice the amount of said capital stock as
33 determined as aforesaid; but such of the bonds issued or to be issued
34 under a mortgage as are deposited to retire, at or before maturity, bonds
35 or other evidences of indebtedness previously issued and outstanding at
36 the date of such mortgage, while so deposited, shall not be taken into
37 account in applying these limitations. No bonds, coupon notes or other
38 evidences of indebtedness payable at periods of more than one year from
39 the date thereof shall be issued unless authorized by a vote of the stock-
40 holders at a meeting called for the purpose, and no such bonds, coupon
41 notes or other evidences of indebtedness shall be issued unless counter-
42 signed and authenticated by a person or trust company appointed by
43 the corporation for that purpose.

1 SECTION 48. Before any railroad corporation shall issue any shares of capital stock or any bonds, notes or other evidences of indebtedness payable at periods of more than one year after the date thereof, it shall apply to the department for its approval of the proposed issue to such amount as the department shall determine to be reasonable and proper for the purpose of funding its floating debt properly incurred for lawful purposes, or reasonable and proper for any other lawful purpose set forth in the application for such approval. The department shall render a written decision assigning its reasons therefor upon such an application within thirty days after the final hearing thereof. Any order of the department approving any such issue of stock, bonds, notes or other evidences of indebtedness may provide for the application of the proceeds thereof to such particular uses as the department shall by that order or by some subsequent order specify, and the corporation shall not apply such proceeds otherwise than as thus specified in such orders. The decision of the department as to the amount of stock reasonably necessary for the purpose for which such stock is proposed to be issued shall be based upon the price at which such stock is to be issued, and the department shall refuse to approve any particular issue of stock, if, in its opinion, the price at which it is proposed to be issued is so low as to be inconsistent with the public interest. This section shall not require a railroad corporation incorporated under the laws of one or more other states or foreign countries, as well as under the laws of this common-

wealth, to apply to the department for approval of the issue of shares of capital stock or of bonds, notes or other evidences of indebtedness for the sole ultimate purpose of providing funds for additions to or improvements of property of such corporation or of any corporation controlled by it through lease or stock ownership, if such property has a situs in another state or country by the laws of which such railroad corporation is authorized to operate a railroad therein and to make such additions to or improvements of such property, nor to apply to the department for approval of the issue of shares of capital stock, bonds, notes or other evidences of indebtedness for paying, funding or refunding indebtedness incurred for such ultimate purpose; but all such proposed issues and the authority therefor shall, before the issue of such securities, be reported to the department. Except for such ultimate purpose, such a railroad corporation shall not, without the approval of the department, issue any shares of capital stock, or any bonds, notes or other evidences of indebtedness payable at periods of more than one year after the date thereof, in exchange for or to pay for shares of capital stock, notes, bonds or other evidences of indebtedness of any other corporation which are acquired or contracted for; but if the acquisition or holding of such securities by such railroad corporation shall be authorized by the laws of any state or country where it has been incorporated, and shall also be permitted by the laws of the state or country where such other corporation has been incorporated, the department may authorize the acquisition of such securities by such railroad corporation, and may approve the issue of shares of capital stock, bonds, notes or other evidences of indebtedness by such railroad corporation in exchange for or to pay for such securities, provided that the department shall find that such acquisition and the terms thereof are consistent with the public interest. A director, treasurer or other officer or agent of a railroad corporation, who knowingly votes to authorize the issue of, or knowingly signs, certifies or issues stock or bonds contrary to this or the preceding section, or who knowingly votes to authorize the application, or knowingly applies the proceeds of such stock or bonds contrary to any provision of said sections, or who knowingly votes to assume or incur, or knowingly assumes or incurs in the name or behalf of such corporation, any debt or liability except for the legitimate purposes of the corporation, shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

BONDS AND MORTGAGES.

Section 49. At the request of the owner or holder of any coupon bonds lawfully issued, the railroad corporation issuing them may issue registered bonds in exchange therefor, upon such terms and under such regulations as its directors may prescribe, and with the consent and approval of the trustees, if any, to whom a mortgage or pledge has been executed; and such registered bonds shall, with the exception of the coupons, correspond in all respects with the coupon bonds for which they are exchanged, and shall be in conformity with all laws authorizing the issue of said coupon bonds. Such exchange shall not affect a mortgage or pledge given as security for the payment of such coupon bonds, and such mortgage or pledge shall remain in full force as security for such registered bonds; and the coupon bonds shall be cancelled and destroyed at the same time that the registered bonds are issued in exchange therefor.
1 Section 50. All bonds or notes issued by a railroad corporation shall
2 be valid and binding, although negotiated and sold by it or its agents at
3 less than par.

1 Section 51. If a railroad corporation, having executed a mortgage
2 of its property, rights and privileges, or of a part thereof, to trustees for
3 the benefit of its general creditors, or of a particular class of creditors,
4 makes default in the performance of the condition of the mortgage, so
5 that the trustees or their successors are entitled to the actual possession
6 and usufruct of the property, rights and privileges therein conveyed, in
7 trust for the purposes specified in the mortgage, the trustees, after entry,
8 instead of retaining actual possession of the mortgaged premises and
9 operating the railroad, may contract with the corporation or other competen
10 t party to take or retain for them the possession of the mortgaged
11 premises, and to use and operate the same on its own responsibility,
12 accounting with the trustees for the earnings and income, and paying
13 over the profits and net income periodically, when and as far as necessary
14 for the performance of the conditions of the mortgage, if a majority
15 in interest of the bondholders or creditors under the mortgage shall so
16 vote, in person or by proxy, at a meeting called therefor, notice of which
17 shall be published ten days before said meeting in two or more daily news-
18 papers published in Boston, and in at least one newspaper published in
19 each county where the railroad is located. All liabilities incurred by the
20 corporation or other party in operating the railroad under such contract
21 shall be held as claims against and be paid out of the income, in the same
22 manner and to the same extent as if the property had remained in the
23 actual possession of the trustees and been operated by them.

1 Section 52. Trustees in possession of a railroad under a mortgage
2 shall annually call a meeting of the bondholders or creditors for whose
3 security they hold the railroad in trust, to be held in December, of which
4 notice shall be given by publication, at least ten days before such meeting,
5 in two or more daily newspapers in Boston, and in at least one news-
6 paper in each county where the railroad is located; and at such meeting
7 they shall submit a report for the year, similar to the annual report of
8 railroad directors to stockholders. If they fail to call such a meeting,
9 five or more bondholders or creditors, whose claims secured by the
10 mortgage amount to not less than ten thousand dollars, may in the same
11 manner call such meeting, to be held in the January following said
12 December.

1 Section 53. At the annual meeting held under the preceding section,
2 the bondholders or creditors, by a majority in interest vote, may, in
3 person or by proxy, elect three trustees under the mortgage for the ensuing
4 year, and until others are chosen and qualified. And the trustees or
5 any of them or a bondholder or creditor may submit the proceedings of
6 the meeting for confirmation to a justice of the supreme judicial court,
7 in court or at chambers, first giving notice of their intention so to do to
8 the former trustees under the mortgage, to the trustees of all other existing
9 mortgages upon the railroad, and to the corporation, seven days at
10 least before the hearing thereon; which notice may be served by an of-
11 ficer or disinterested person. The justice may hear the parties, ratify
the election, and enter such decree as he may find necessary to transfer the property to the new trustees; which decree shall be filed in the office of such clerk of the court as the justice may direct.

SECTION 54. The supreme judicial court shall have jurisdiction in equity of all cases arising under the two preceding sections, and of all questions arising out of railroad mortgages, and may summarily remove a trustee under a railroad mortgage, whether he is in possession of the railroad or not, and appoint a new trustee in his stead.

SECTION 55. A purchaser of a railroad at a sale under a valid foreclosure of a legal mortgage thereof, and his successors in title, shall, relative to the construction, maintenance and operation of said railroad, be subject to all the duties, liabilities and restrictions, and have all the powers and rights, which the mortgagor was subject to and had at the time of said sale.

STOCK AND SCRIP DIVIDENDS.

SECTION 56. A railroad corporation shall not declare any stock or scrip dividend or divide the proceeds of the sale of stock or scrip among its stockholders; nor shall any such corporation issue any share of stock to any person unless the par value of the shares so issued is first paid in cash to its treasurer; nor shall it without authority of the general court increase its capital stock beyond the maximum amount fixed by its act of incorporation, or fixed under sections forty-one, forty-seven and forty-eight.

SECTION 57. A certificate of stock or scrip issued in violation of the preceding section shall be void; and each director of the corporation issuing it shall be liable to a penalty of one thousand dollars, to be recovered by indictment in the county where he resides, or, if he resides in no county, in the county where he is commorant, or the offence was committed; but if any such director proves, that, before such issue, he filed his written dissent thereto with the clerk, and at no time voted therefor, he shall not be so liable.

CONNECTING RAILROADS.

SECTION 58. If a railroad constructed after April eighth, eighteen hundred and seventy-two, meets another railroad which terminates in the same city or town, or lawfully crosses another railroad at the same level therewith, the corporation by which either of said railroads is owned may enter its railroad upon, unite the same with and use the railroad of the other; if a railroad constructed after said date meets another railroad which passes through the same city or town, the corporation by which either of said railroads is owned may, with the written consent of the department and upon such terms as the department may prescribe, enter its railroad upon, unite the same with and use the railroad of the other: and if a railroad corporation whose railroad was constructed prior to said date is specially authorized to enter its railroad upon, unite the same with and use the railroad of another cor-
Section 59. If two corporations are authorized as in the preceding section each to enter its railroad upon, unite the same with and use the railroad of the other, each of them shall at reasonable times and for a reasonable compensation draw over its railroad the passengers, merchandise and cars of the other, and each of them shall for a reasonable compensation provide upon its railroad convenient and suitable station accommodations for the passengers and merchandise of the other corporation. If portation passing to and over it, and shall receive and deliver the same in the manner in which it receives and delivers its own passengers and freight.

Section 60. If the corporations cannot agree upon the stated periods at which the cars of one shall be drawn over the railroad of the other, and upon the compensation to be paid therefor, or upon the terms and conditions upon which accommodations shall be furnished for the passengers and merchandise of the other, or if two corporations operating railroads of different gauges cannot agree as to the requisite terminal accommodations, or as to the manner in which freight and passengers shall be transferred from one railroad to the other and forwarded, the department, upon the petition of either party and after notice to the other, shall hear the parties, and determine, having reference to the convenience and interest of the corporations and of the public to be accommodated thereby, the stated periods for drawing cars, the compensation therefor, the terms and conditions for passengers and merchandise, or the requisite terminal accommodations and manner of transferring passengers and freight as aforesaid; and, upon the application of either party, shall determine all questions between the parties relative to the transportation of freight and passengers and other business upon and connected with said railroads in which they are jointly interested and the manner in which the business shall be done, and shall apportion to the corporations their respective shares of the expenses, receipts and income of the same; and the award of the department shall be binding upon the respective corporations for one year and thereafter until the department revises the same; and the compensation of the department for services and expenses under this section shall be paid by the respective corporations in such proportions as the department shall determine and set forth in its award. Upon the written request of a party affected thereby, filed with the department within thirty days after the rendering thereof, the award shall be filed in the supreme judicial court which shall have jurisdiction to revise it as if it had been made by a commission appointed by said court.

Section 61. A railroad corporation created by the laws of another state shall have all the rights and privileges relative to connecting railroads, under the three preceding sections, of a corporation created by the laws of this commonwealth.
Section 62. Two railroad corporations, incorporated under the laws of the commonwealth, and whose railroads enter upon or connect with each other, may contract that either corporation shall perform all the transportation upon and over the railroad of the other; and any such corporation may lease its railroad to any other such corporation; but the facilities for travel and business on either of the railroads of said corporations shall not thereby be diminished. Such leases shall be upon such terms as the directors agree, and as a majority in interest of the stockholders of both corporations at meetings called therefor approve, subject to section fifty-four of chapter one hundred and fifty-nine.  

The income arising from such contracts or leases shall be subject to the 11 provisions of law relative to the right of the commonwealth to purchase the railroads of the railroad corporations or to reduce their tolls, in the same manner as that arising from the use of the railroads. Copies of such contracts or leases shall be deposited with the department, and full statements of the facts shall be set forth in the next annual return of such corporations. This section shall not authorize a lease or contract between two railroad corporations, each of which has a terminus in Boston. The railroads of two railroad corporations shall be considered to enter upon or connect with each other, within the meaning of this section, if one of such railroads enters upon, connects with, or intersects a railroad leased to the other or operated by it under a contract as herein authorized.

Section 63. A railroad corporation shall not lease or contract for the operation of its railroad for a period of more than ninety-nine years without the consent of the general court; but this section shall not render invalid a lease approved by the stockholders of a corporation before July first, eighteen hundred and eighty.

Taking securities of other corporations.

Section 64. A railroad corporation, unless authorized by the general court or by the six following sections, shall not directly or indirectly subscribe for, take or hold the stock or bonds of or guarantee the bonds or dividends of any other corporation; and the amount of the bonds of one or more other corporations subscribed for and held by a railroad corporation, or guaranteed by it conformably to special authority of the general court or the authority given in said sections, with the amount of its own bonds issued in conformity with sections forty-seven and forty-nine, shall not exceed at any time the amount authorized by said section forty-seven, computed as provided in section fifty-three of chapter one hundred and fifty-nine.

Section 65. A railroad corporation may hold stock in a telegraph company, whose telegraph connects two or more places on the railroad, to an amount not exceeding two hundred dollars for each mile of railroad so connected.

Guarantee of bonds of steamship companies.

Section 66. A railroad corporation may guarantee, to an amount not exceeding five per cent of its capital stock, the bonds of any corporation incorporated in the commonwealth for the purpose of carrying
Section 67. A railroad corporation may become an associate under chapter one hundred and fifty-six in the formation of a corporation for the purpose of erecting and operating a grain elevator within the commonwealth, and may take stock in any elevator corporation so organized, and, at all meetings, and in all transactions of such elevator corporation, the president of the railroad corporation, or in his absence any officer appointed by its board of directors, may represent, act and vote in the name of such railroad corporation.

Section 68. If two corporations own and operate connecting railroads, which are wholly constructed, either corporation may guarantee the bonds of the other, upon such terms and to such an extent as may be authorized at a meeting called therefor, if the bonds so guaranteed are issued in conformity with law.

Section 69. A railroad corporation may aid in the construction of any branch or connecting railroad within the limits of the commonwealth, whether connecting by a railroad or steamboat line, by subscribing for shares of stock in such corporation, or by taking its notes or bonds secured by mortgage or otherwise, and may vote on all shares of a stock so subscribed for and held; but a corporation shall not so subscribe to an amount in excess of two per cent of its paid-up capital stock, or mortgage its property to secure the loans or subscriptions made by any other corporation under this section, except by a vote of a majority in interest of the stockholders at a meeting called therefor.

Section 70. A railroad corporation may acquire, hold, vote, sell and negotiate the stock and securities of terminal companies organized under the laws of the commonwealth, and of express companies operating in whole or in part on its lines, and may guarantee the bonds of such companies.

Auxiliary Services.

Section 70A. A railroad corporation may acquire, hold, maintain and operate steamship companies, ferries, ferryboats and docks and with the approval of the department, motor vehicles not running upon rails or tracks, for the transportation of passengers or freight, to be operated upon such routes as public convenience and necessity, in the opinion of the department, may require, subject, in respect to the transportation of freight, to the provisions of section thirty-one A of chapter eighty-nine. Any such railroad corporation, in maintaining and operating such vehicles, shall be subject to all other provisions of chapter ninety and to all other laws applicable to motor vehicles and the operation thereof; to the provisions of chapter one hundred and fifty-nine in respect to rates, fares and charges for services performed, and, in respect...
CONSOLIDATION OF RAILROAD COMPANIES RESTRAINED.

Section 71. No corporation owning, leasing or operating a railroad wholly or partly in the commonwealth, nor any person or corporation acting in its interest shall, directly or indirectly, acquire, or attempt to acquire by purchase, exchange of shares, or in any other way, any shares of the capital stock of any domestic railroad company not lawfully leased, owned or operated by it prior to May first, nineteen hundred and seven, except under specific authority provided by law. No such domestic railroad company, or any officer, director, servant or agent thereof, shall permit or suffer the said corporation or any of its officers or agents to exercise any control whatsoever over the corporate acts of such domestic company, except as hereinafter provided.

Section 72. The presidents, or a majority of the boards of directors, or the holders of not less than one third in interest of the capital stock of two or more railroad corporations, may apply to the department for its determination as to whether the consolidation of the railroads of such corporations is consistent with the public interest. If the department, after public notice and hearing, shall find that such consolidation is consistent with the public interest, it shall report its findings to the general court, together with drafts of a law or laws to authorize such consolidation upon the agreement of the corporations to be consolidated, and after ratification by a vote of not less than two thirds in interest of the stockholders in each, and under terms and conditions which will effectually prevent any decrease in the facilities for transportation on the railroad of either of such corporations or any increase in the rates for passengers or freight by the said consolidation, and which will, in the opinion of the department, secure to the commonwealth adequate control over the organization, conduct, and management of the said corporations and railroads, and upon such other terms and conditions as may seem to the department desirable and proper.

Section 73. In case of any lease, purchase and sale or consolidation as authorized by the preceding section, no rate, fare or charge for transportation of passengers or property shall be increased, and no facilities for transportation shall be diminished thereby, nor in connection therewith or as a result thereof shall there be any increase in the aggregate outstanding capital stock or indebtedness of the contracting companies.

Section 74. A railroad corporation, which violates any provision of section seventy-one or seventy-two, shall be punished by a fine of ten thousand dollars; and any officer or agent of such railroad corporation who procures, aids or abets such corporation in any violation of said sections, and any partnership, trustee or other person who procures, aids or abets in any violation thereof, shall be punished by a fine of one thousand dollars or by imprisonment for not less than six months nor more than one year, or both.
LOCATION AND CONSTRUCTION OF RAILROAD.

Conditions Precedent.

1 Section 75. No railroad corporation shall purchase or take by eminent domain or enter upon or use, except for making surveys, any land or other property for the construction of its railroad or of any branch or extension thereof until the county commissioners of the county where such land or other property is situated, after hearing the parties, have determined the manner in which the railroad shall cross the highways and other ways within such county, nor until it has obtained from the department the consent required by sections ninety-seven and one hundred and two in all cases in which the county commissioners adjudge that public necessity requires the crossing at the same level; and notice of such hearing shall be given by publication for three successive weeks in one or more newspapers published in such county, the last publication to be at least seven days before the hearing.

1 Section 76. No railroad corporation shall take by eminent domain or enter upon or use, except for making surveys, land or other property for the construction of its railroad or any branch or extension thereof until a sworn estimate of the total cost of constructing the same, prepared by its chief engineer, has been submitted to the department and approved by it; nor until the department is satisfied that an amount of the capital stock of the corporation equal to at least fifty per cent of such estimated cost has been actually subscribed by responsible parties without any condition which invalidates the subscription, and that twenty per cent of the par value of each share has been actually paid in, and that the authority and consent required by the preceding section have been obtained; nor until the clerk of the department, upon its order, has filed a certificate with the state secretary that this section has been complied with; nor until the corporation has paid to the state secretary a fee of fifty dollars for filing such certificate. The certificate of a master in chancery, or a justice of a court of record for the county where a subscriber resides that he owns property in his own name equal in value, above all encumbrances, to the amount of his subscription shall be conclusive evidence of his responsibility. If the department refuses its approval to an estimate or a subscription list so submitted, it shall in writing state its reasons therefore in detail at the time and shall include them in its next annual report.

1 Section 77. No railroad or part thereof which is operated by steam power shall be located or constructed within three miles of the state house without the previous written consent of the department, and of the board of aldermen of any city or of the selectmen of any town where the location is sought.

Purchase of Land.

1 Section 78. A railroad corporation may purchase land for the location of its railroad within the limits of the route fixed under section twenty or twenty-one, and may also purchase so much more land as may be reasonably necessary for the proper construction and security of the railroad and the convenient operation thereof, for one or more new tracks establishing method for crossing highways.

SECTION 79. The corporation may, within one year after it has purchased land for railroad purposes, file with the commissioners of each county where such land is situated a description thereof, defining the courses, distances and boundaries of such land and certified by the clerk of the department in such form and with such other particulars as the rules of the department may require.

Taking by Eminent Domain.

SECTION 80. If a railroad corporation is not able to obtain by agreement with the owner any land necessary for the location of its railroad, it may file with the department a description of such location, which shall not be more than five rods wide unless authorized by the department under section eighty-three. Such description shall define the courses, distances and boundaries and shall be in such form and shall contain such plans and particulars as may be required by the rules of the department. Within ten days after the filing of such description with the department, the corporation shall submit to the board of aldermen of every city, and to the selectmen of every town through which the route of the proposed railroad passes, a copy, duly certified by the clerk of the department, of so much of the said location as applies to that part of the railroad which lies within the limits of such city or town. The board of aldermen or the selectmen shall thereupon appoint a time and place for a hearing in the manner provided by section nineteen.

If the board of aldermen or the selectmen, after notice and hearing as aforesaid, shall agree with the directors as to said location, or as to any location of the said railroad in their city or town, they shall in such agreement fix the location, and sign and give to the directors a certificate setting it forth, and shall make report of their action to the department within sixty days after the said copy has been submitted to them as hereinbefore provided. If they fail so to agree within sixty days after said corporation has submitted the location to the board of aldermen or to the selectmen, the directors shall, within sixty days, petition the department to fix the location in that city or town, and the department, after notice to the board of aldermen or to the selectmen, shall forthwith hear the parties and, within ninety days, fix the location in that city or town, and shall make a certificate setting forth the location so fixed, which shall be certified by its clerk to the board of directors. The costs of the petition shall be paid by the corporation. The department shall by order finally fix the location of the said railroad in accordance with the original location as varied in the said certificate, subject to the provisions of the following section.

SECTION 81. If a railroad corporation is not able to obtain by agreement with the owner any land necessary for the location of its railroad, it shall furnish a plan of the land to the owner. An owner of land aggrieved by the location of a railroad crossing his land in such manner
as to be of grievous damage, which could be avoided without serious injury to others, may, within thirty days after receiving the plan of his land, as provided herein, petition the department, who shall give notice and hear the parties. If it appears that such location will greatly and unnecessarily damage the petitioner, and that it can be so changed as entirely or partly to avoid such damage without material detriment to the line of the railroad and without great injury to other parties, the department shall change such location accordingly. It shall give to each party a certificate of its determination within sixty days after receiving the petition. The necessary expenses of the department and the costs of the petition shall be paid by the corporation; but if the department decides that the petition was frivolous, such expenses and costs shall be paid by the petitioner.

1. **Section 82.** After the location of the railroad has been finally determined under the two preceding sections, the corporation may take any land within such location by eminent domain under chapter seventy-nine.

1. **Section 84.** A railroad corporation may purchase, or take in the manner provided in the preceding section, from time to time, any lands or rights belonging to any other railroad or other public service corporation not necessary for the business of such corporation at such time or in the reasonably near future, provided that this section shall not authorize it to acquire by eminent domain any part of the location or right of way of any other railroad or street railway company except such lands or rights as the department adjudges necessary for the support, construction and repair of bridges or other methods of crossing such rail-road or street railway.

**Change of Location.**

1. **Section 85.** A railroad corporation, with the written approval of the department, obtained upon petition, and after notice to all persons interested, and a hearing, may, for the purpose of improving the alignment of its railroad, change its location, subject to the provisions of this chapter relative to the fixing of the route of railroads, and may take land for such new location by eminent domain under chapter seventy-nine.

limits of the route fixed under section twenty or twenty-one, without the
written consent of the board of aldermen or selectmen, if it was fixed
under section twenty, or of the department, if it was fixed under section
twenty-one. If the board of aldermen or the selectmen, whose consent
is required to such change of direction, shall neglect or refuse to give
such consent within sixty days after the railroad company has in writ-
ing requested the same, the directors may petition the department for
leave to make such change of direction.

The corporation may take land for such new location by eminent
domain under chapter seventy-nine, and in so far as said new location
as finally fixed shall differ from the location originally taken, the original
location shall be held to be abandoned, and the rights of all persons
interested in so much of the original location as is included within the
abandoned part shall revive as if no taking had been made. Any person
who has suffered loss or been put to expense by having his lands, build-
ings, rights or other property included in the original taking, but not
included in the final taking, shall be entitled to have his damages there-
for assessed under chapter seventy-nine, but the value to him of the 21
use of the land between the time of said taking and the abandonment
thereof shall be taken into consideration in determining the sum to
which he is entitled.

roads shall be made, the particulars to be contained therein and the
manner in which such descriptions shall be uniformly kept for preserva-
tion and convenient reference in the offices of the clerks of the commis-
sioners of the several counties. No such description shall be filed until
the clerk of the department certifies thereon that it has been prepared
in conformity with the rules of the department.

Embankments, Fences, etc.

SECTION 90. After a railroad corporation has taken land in the man-
er hereinbefore authorized, it shall, before constructing the railroad,
and, upon request of the owner or occupant, fence it.

R. L. 111, § 106.
1906, 463, II, §§ 90, 258.
1 Section 91. At the time of awarding damages to land owners under chapter seventy-nine, the county commissioners shall in addition thereto order the corporation to construct and maintain such embankments, culverts, walls, fences or other structures as they judge reasonable for the security and benefit of such owners, and shall prescribe the time and manner of making or repairing them, and it shall not be competent for a jury to reverse such order.

1 Section 92. If the corporation neglects to comply with such order, the supreme judicial court, upon application of the land owner interested in its execution, or his assigns, shall have jurisdiction in equity to enforce the specific performance thereof. Or if the corporation, for more than forty-eight hours after written notice of such neglect, given to the president or superintendent, fails to begin the work required to be done, or thereafter unreasonably delays to complete it, the person so interested may recover in tort double the damages sustained by him by reason of the neglect.

1 Section 93. Every railroad corporation shall erect and maintain suitable fences, with convenient bars, gates or openings therein, upon both sides of the entire length of its railroad, except at the crossings of a public way or in places where the convenient use of the railroad would be thereby obstructed, and except at places where, and so long as, it is specially exempted from so doing by the department. Such an exemption granted prior to August first, eighteen hundred and eighty-two, shall not be revoked except upon new proceedings had under this section.

1 Section 94. If a person other than a railroad corporation is required by law or contract to erect or maintain fences along a part of the line of the railroad, the corporation shall erect such fences or keep them in repair as provided in the preceding section, and may recover in contract the reasonable cost thereof from such person. If he is an owner of land adjoining such line, the corporation shall also have a lien upon said land for labor performed and furnished and all materials furnished and used by it in erecting and repairing such fences upon such land, and for the costs which may arise in enforcing it; and it shall be enforced in the manner provided for enforcing liens for labor in chapter two hundred and fifty-four.

Crossings.

1 Section 95. If two or more railroad corporations whose tracks cross each other at the same level agree to separate the grades, they may apply to the department which shall thereupon determine when, in what manner, and at what cost of fencing, how recovered from person liable.

Separation of grade crossings by agreement.

1881, 120. P. S. 112, § 117.

RAILROADS.

Section 96. A railroad shall not be constructed across another railroad at the same level without the written consent of the department, nor across navigable or tide waters without the written consent of the department of public works, and in such manner as said departments, respectively, shall prescribe, nor across any portion of the deep channel of Boston harbor below the bridges existing on March thirty, eighteen hundred and eighty-one, without special legislative authority. Any littoral proprietor whose access to the sea is obstructed or interrupted by the location and construction, after said date, of any railroad across tide water, otherwise than by a bridge with a suitable draw, may recover of the corporation whose railroad is so located all damages, caused by such location and construction, under chapter seventy-nine, but this provision as to damages shall not apply to any railroad constructed under chapter two hundred and fifty-two of the acts of eighteen hundred and forty-eight. Associates for the purpose of constructing a railroad under section thirteen, or a corporation which proceeds to construct its railroad or branch or extension thereof, shall not take proceedings which involve a new crossing of one railroad by another at the same level, unless such crossing is first approved in writing by the department; and every preliminary approval of a plan for such crossing shall be subject to revision by the department.

Section 97. A railroad laid out across a public way shall be so constructed as not to obstruct the same; and, unless the county commissioners and the department authorize a crossing at the same level as provided in section one hundred and two, it shall be constructed so as to pass either over or under the way, as prescribed in the following section, and conformably to any decree which may be made by the county commissioners under section one hundred.

Section 98. If the railroad is constructed to pass over the way, a sufficient space shall be left under the railroad conveniently to accommodate the travel on the way. If the railroad is constructed to pass under the way, the railroad corporation shall build such bridges, with their abutments and suitable approaches thereto, as will accommodate the travel upon the way; but no bridge for any purpose shall be constructed over a railroad at a height less than eighteen feet above the track of such railroad, except with the written consent of the department.
1 Section 99. Cities and towns may make agreements with railroad 
corporations in regard to the kind of material, form of construction and 
payment of the cost of the wearing surface of bridges and approaches 
over or under a public way, wherever the railroad company is required 
by law to maintain such surface.

1 Section 100. A railroad corporation may raise or lower a public way 
to permit its railroad to pass over or under the same; but before pro-
ceeding to cross or to alter or excavate for the purpose of crossing the 
way, it shall obtain from the county commissioners a decree prescribing 
what alterations may be made in the way, and what structures erected 
at the crossing, and the manner and time of making or erecting the 
same; and before entering upon, excavating or altering the way, it shall 
give to the city or town where the crossing is situated security, sat-
sfactory to the commissioners, that it will faithfully comply with the 
requirements of the decree to their acceptance, and will indemnify the 
city or town against all damages and charges by reason of a failure 
so to do.

1 If, upon the petition of the board of aldermen or selectmen, it appears 
that such corporation has excavated or altered a public way without 
obtaining the decree and giving the security required by this section, or 
has neglected for fifteen days to give security as required by section one 
hundred and six, the supreme judicial court may enjoin it from entering 
upon, altering, excavating or crossing the way until such decree has been 
obtained or such security given.

1 Section 101. A railroad corporation may alter the course of a public 
way to facilitate the crossing thereof by its railroad or to permit its rail-
road to pass at the side thereof without crossing, if, after notice to the 
city or town where the way is situated, and a hearing, the county com-
missoners decide that such alteration will not essentially injure the way 
and make a decree prescribing the time and manner of such alteration. 
If it is necessary to take land for such alteration, the county commis-
sioners shall take the same by eminent domain under chapter seventy-
nine on behalf of the county, city or town having jurisdiction over the 
alteration of such way, and before entering upon, excavating or altering 
such way the corporation shall give to such county, city or town security 
satisfactory to the commissioners that it will indemnify such county, city 
or town for all damages and charges which it is obliged to pay by reason 
of such taking.

1 Section 102. If a railroad is laid out across a public way, the county 
corresponding to the kind of material, form of construction and 
payment of the cost of the wearing surface of bridges and approaches 
over or under a public way, wherever the railroad company is required 
by law to maintain such surface.

**Section 103.** A railroad corporation whose railroad is crossed by a public way at the same level shall, at its own expense, so guard or protect its rails by planks, timber or otherwise as to secure a safe and easy passage across its railroad; and if, in the opinion of the county commissioners, any subsequent alteration of the highway or other way or additional safeguards are required at the crossing, they may make a decree ordering the corporation to establish the same as provided in section one hundred.

They may further order the corporation to give security, as provided in section one hundred, for the faithful performance of the requirements of the decree and for the indemnity of the city or town upon a failure in such performance.

2 consent of the owner thereof separates a portion of such land from an-
3 other or from a public way, and the owner, having a right to cross the
4 railroad, cannot agree with the corporation as to the place or manner in
5 which he shall cross, or if a crossing is inconvenient, either party, in a
6 case which does not involve the abolition of a crossing at grade, may
7 apply to the county commissioners, who, after taking a recognizance
8 from the applicant to the county, with sureties to their satisfaction, for
9 the payment of costs and expenses according to their order, and after
10 notice to the other party and a hearing, may make an order relative to
11 such crossing and to the costs of the application; but they shall not
12 order the corporation to construct or maintain a crossing without its
13 consent, unless it is liable by law or by agreement to construct a crossing
14 for the owner of the land, or is the applicant.

1 Section 110. If by the laying out of a railroad, or the widening
2 thereof, a person is cut off from access to land owned by him, and has
3 neither received compensation nor made an agreement with the corpora-
4 tion relative thereto, the department, after notice to the parties and a
5 hearing, may order a crossing to be made and maintained at the expense
6 of the railroad corporation, specifying definitely the character thereof

8 days after the date of such order to comply therewith, it shall forfeit

a decision, within ten days after the expiration of sixty days from the first day fixed for a hearing thereon. The proceedings before the county commissioners in which the appeal is taken shall thereupon be stayed.

Section 112. The appellant, to perfect the appeal, shall, within twenty days after filing the notice thereof, file with the clerk of the department a petition stating the reasons for the appeal, and shall, within ten days after filing the petition, cause a certified copy thereof to be served upon the county commissioners. An appeal may be waived at any time before a hearing thereon by written agreement of the parties, filed with the county commissioners and the department. If the appellant fails to perfect the appeal, or if the appeal is waived, the matter may proceed before the county commissioners as if no appeal had been taken.

Section 113. The department shall hear the appeal in the county where it is taken, unless the parties in writing otherwise agree. Upon such appeal, the department shall have the same powers and perform the same duties as county commissioners in like matters and proceedings, and shall be governed by the provisions of law relative to hearings and determinations by, and decisions and orders of, the county commissioners in such matters and proceedings.

Section 114. No right of way across any railroad track or location which is in use for railroad purposes shall be acquired by prescription. This section shall not apply to rights of way which existed on June fifth, eighteen hundred and ninety-two.

Branches and extensions.

Switch connections.

BRANCHES AND EXTENSIONS.

Section 115. A railroad corporation, after having finished the construction of its railroad and put it in operation, may build a branch or extension thereof in accordance with this chapter, if an amount of additional capital stock, applicable solely to the construction of such branch or extension, has been subscribed, and a certificate of the department that public necessity and convenience require the construction of the branch or extension has been obtained, and a certificate of the clerk of the department has been filed according to section seventy-six; and it may build such branch or extension without additional capital stock, if its indebtedness is not thereby increased; but this section shall not invalidate a lease or contract between railroad corporations made pursuant to law. Upon the filing of such certificate, fifty dollars shall be paid to the state secretary. If the construction of such branch or extension is not begun, and ten per cent of the additional capital stock is not expended thereon within two years after the date of the certificate required by section seventy-six and the branch or extension completed and put in operation within four years after said date, the power of the railroad corporation to construct the same shall cease.

Section 116. A railroad corporation, upon the application of any shipper tendering freight for transportation, shall construct, maintain and operate upon reasonable terms switch connections with a lateral
4 line of railroad or private side track owned, operated or controlled by
5 such shipper and shall, upon the application of any shipper, provide
6 upon its own property a side track and switch connection with its line
7 of railroad, whenever such side track and switch connection are reason-
8 ably practicable, can be put in with safety, and the business therefor is
9 sufficient to justify the same.

1 Section 117. If any railroad corporation fails to install or operate
2 any such switch connection with a lateral line of railroad or any such
3 side track and switch connection as aforesaid, after written application
4 therefor has been made to it, any person interested may present the
5 facts to the department by written petition, and the department shall
6 investigate the matters stated in such petition, and give such hearing
7 thereon as it may deem necessary or proper. If the department deems
8 it safe and practicable to have a connection, substantially as prayed for,
9 established or maintained, and that the business to be done thereon
10 justifies the construction and maintenance thereof, it shall make an
11 order directing the construction and establishment thereof, specifying
12 the reasonable compensation to be paid for the construction, establish-
13 ment and maintenance thereof, and may in like manner upon the applica-
14 tion of the railroad corporation order the discontinuance of such switch
15 connection.

OPENING RAILROAD FOR USE.

1 Section 118. A railroad or branch or extension thereof shall not be
2 opened for public use until the department, after an examination, certi-
3 fies that all laws relative to its construction have been complied with,
4 and that it appears to be in a safe condition for operation.

1 Section 119. When a railroad or a branch or extension thereof is
2 finished and opened for public use, the corporation by which it was con-
3 structed shall, within one year, file in the office of the state secretary
4 a map and profile thereof, with tables of grade and curvature and a
5 statement of the other characteristics of the railroad, certified by its
6 president and engineer in such form as the department may prescribe.

1906, 463, II, §§ 128, 258.

EQUIPMENT AND OPERATION.

Drawbridges.

1 Section 120. Every railroad corporation shall provide for each
2 drawbridge upon the line of its railroad an experienced draw tender, who
3 shall have full control of the passing of vessels through the draw; and
4 the corporation shall make and enforce regulations for each drawbridge
5 conformable to the seven following sections.

1 Section 121. Every such drawbridge shall be kept closed at all times,
2 except while open for the actual passage of vessels. The draw tender
3 shall at all hours of the day and night be ready to open the draw; shall
4 decide, having regard to the convenient and secure passage of engines,
5 and trains and the state of the tide, when and in what order vessels may
RAILROADS.

Section 122. The master of a vessel applying to pass such draw shall give to the draw tender a true report of his vessel's draught, and of anything projecting below such vessel's draught, and shall be governed by him as to priority of right if two or more vessels apply at the same time to pass. In passing, he shall, unless otherwise directed by the draw tender, go to the right according to the tide, if practicable, and shall so place his warping-lines, anchors, cables and other rigging and equipment as neither to interfere with other vessels nor obstruct or injure the bridge; and he shall be allowed a reasonable time for his vessel to pass.

A railroad train shall be allowed fifteen minutes to cross a draw before and after it is due by its time table, and any approaching train shall be allowed a further reasonable time to pass.

Section 123. Every drawbridge shall be equipped with conspicuous day and night signals, which shall be displayed at all times in such manner as clearly to indicate to the engineer of an approaching train whether the draw is open or closed.

Section 124. The railroad corporation may erect, at a distance of five hundred feet from every drawbridge, or at such other distance as may on its application be prescribed by the department, and on each side thereof, a substantial barrier, so constructed and connected with the draw by suitable mechanism, that the draw, when in position for the passage of trains, cannot be opened or moved until the barriers have been closed across the track in such manner as to be a warning to any train which approaches in either direction.

Section 125. If a drawbridge is not furnished with such barriers, and in all cases if by reason of darkness or otherwise the barriers or signals connected with a drawbridge are not visible from the engine of an approaching passenger train, the engineer of such train shall bring it to a full stop at a distance of not less than three hundred nor more than eight hundred feet from the drawbridge, and, before proceeding, shall positively ascertain that the draw is properly closed for the passage of trains; except that if the drawbridge is between two railroad crossings at grade, within six hundred feet of each other, one stop only shall be required for such crossings and drawbridge.

Section 126. A railroad corporation which neglects to comply with sections one hundred and twenty-three and one hundred and twenty-five shall forfeit one hundred dollars for each day such neglect is continued; and an engineer or draw tender who violates any provision of said sections or any regulation established in conformity therewith for such drawbridge by the corporation by which he is employed shall forfeit one hundred dollars for each offence, which shall be recovered in the county where the offence is committed, to the use of the informer.

Section 127. Whoever violates any provisions of the seven preceding sections, shall, unless otherwise therein provided, forfeit not less than
3 three nor more than fifty dollars. Whoever wilfully injures or defaces
4 any such drawbridge or wharf or pier appurtenant thereto, or any rail-
5 road bridge, wharf or pier, shall forfeit not less than three nor more than
6 fifty dollars. Whoever, without the consent of the draw tender, opens
7 or wilfully obstructs the draw, or wilfully makes fast or moors any scow,
8 raft or other vessel in such manner as to obstruct passage to or through
9 said draw, or wilfully hinders a draw tender in the performance of his
10 duties, shall forfeit not less than fifty nor more than one hundred dollars.

Stations.

1 § 128. A railroad corporation which has established and
2 maintained a passenger station throughout the year for five consecutive
3 years at any point upon its railroad shall not abandon such station, unless
4 it is relocated under the following section, nor substantially diminish the
5 accommodation furnished by the stopping of trains thereat as compared
6 with that furnished at other stations on the same railroad, except with
7 the written approval of the department after notice posted in and on said
8 station for a period of thirty days immediately preceding a public hearing
9 thereon.

1 § 129. A railroad corporation may relocate passenger sta-
2 tions and freight depots, with the written approval of the department
3 and of the board of aldermen of the city or the selectmen of the town
4 where such stations or depots are situated.

1 § 130. Every railroad corporation shall indicate to its pas-
2 sengers the name of each way station by placing at or near the station a
3 proper and conspicuous sign or signs, and shall forfeit fifty dollars for
4 each violation of this section.

1 § 131. If one railroad corporation occupies or uses, or has a
2 right to occupy, enter upon and use, a station, railroad or grounds of
3 another, or any portion thereof, the department, upon petition of either
4 party, and after notice to the other, and a hearing, shall determine the
5 compensation to be paid for such occupancy and use. Its award shall
6 be binding upon the parties thereto for five years, and thereafter until
7 it is revised or altered by the department, and upon the written request
8 of a party affected thereby, filed within thirty days after the rendering
9 thereof, the award shall be filed in the supreme judicial court which shall
10 have jurisdiction to revise the same as if the award had been made by a
11 commission appointed by said court.

Switches, Bridge Guards, etc.

1 § 132. Every switch laid in a railroad track used by passen-
2 ger or mixed trains shall be a safety switch of a type approved in writing
3 by the department. For each switch laid in violation of this section,
4 the railroad corporation shall forfeit two hundred dollars, and the further
5 sum of five dollars for each day such switch is maintained.

1906, 463, H, §§ 141, 258.
SECTION 133. The frogs, switches and guard rails, except guard rails on bridges, which are in or connected with the railroad tracks operated or used by any railroad corporation shall be kept so blocked by some method approved by the department as to prevent employees from being caught therein. A railroad corporation which violates this section shall be punished by a fine of not less than ten nor more than one hundred dollars.

SECTION 134. Every railroad corporation, at every bridge or other structure, any portion of which crosses the railroad above the track, shall erect and maintain, in a manner prescribed by the department, suitable bridge guards, of a type approved by the department, except at places where, and so long as, it is specially exempted from so doing by the department. A corporation which neglects to comply with this section shall forfeit fifty dollars for each month's neglect. Whoever willfully destroys or breaks any such bridge guard shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than one month.

Signals, etc., at Crossings.

SECTION 135. If two railroads cross each other at the same level, the engineer of every freight train and, if both railroads are used for passenger traffic, of every passenger train, upon approaching such crossing, shall stop his engine within five hundred feet therefrom, and shall not resume his course until signalled so to do, when he shall pass slowly over the crossing; but one stop shall be sufficient for all such crossings within six hundred feet of each other upon the same railroad. Every engineer who fails so to stop his engine shall forfeit one hundred dollars; and the corporation on whose railroad the offence is committed shall forfeit the further amount of three hundred dollars.

SECTION 136. The department shall make general regulations for all such crossings or special regulations for such particular crossing as it may designate, and in such detail as it may consider expedient; and the supreme judicial court may issue any processes necessary to secure the enforcement of such regulations, or, upon the petition of the department, may enjoin the running of trains on a railroad upon which any regulation relative to such crossing is not exactly observed. The approval of the department shall be required for a system of signals to be established and maintained in concert by corporations operating railroads which cross each other; but no such regulation or system of signals shall exempt a railroad upon or across which passenger trains are run from the requirements of the preceding section, unless a system of interlocking or automatic signals, approved in writing by the department, is adopted by both corporations.

SECTION 137. The department may, on the application of a railroad corporation whose railroad crosses another railroad at the same level, after notice to the parties and a hearing, authorize the applicant at its own expense, to establish and maintain a system of interlocking or automatic signals at any crossing of said railroad, and to erect and maintain the necessary wires, rods, signal posts and signals, in such manner as the department shall prescribe. Such corporation, after the system has been
RAILROADS.

§ 8 established and approved in writing by the department, shall be exempt
9 as to such crossing from the requirements of section one hundred and
10 thirty-five so long as the department continues its approval. Upon pay-
11 ment to such corporation by the corporation owning or operating the
12 other railroad at such crossing of so much of the cost of establishing such
13 system of signals as, upon petition of the latter corporation and a hearing,
14 is awarded by the department, both railroad corporations shall, as to that
15 crossing, be exempted from the requirements of said section. Until such
16 payment the latter corporation shall semi-annually contribute toward
17 the expense of operating said signals an amount equal to the cost to it
18 of operating the signals used by it at said crossing before the establish-
19 ment of the signals herein provided for. After the payment of such
20 award, the expense of maintaining and operating such system of signals
21 shall be borne by the two railroad corporations according to the propor-
22 tions fixed by the award for paying the original cost of the signals. So
23 much of the award as relates to the cost of maintaining and operating
24 said signals may, at the request of either party, be revised at the expiration
25 of five years from the original award or from any revision thereof.

1 Section 138. Every railroad corporation shall cause a bell of at
2 least thirty-five pounds in weight, and a steam whistle, to be placed on
3 each locomotive engine passing upon its railroad; and such bell shall be
4 rung or at least three separate and distinct blasts of such whistle sounded
5 at the distance of at least eighty rods from the place where the railroad
6 crosses upon the same level any public way or traveled place over which a
7 signboard is required to be maintained as provided in sections one hun-
8 dred and forty and one hundred and forty-one; and such bell shall be
9 rung or such whistle sounded continuously or alternately until the engine
10 has crossed such way or traveled place. This section shall not affect
11 the authority conferred upon the department by the following section.

1 Section 139. The department, upon petition, and after notice to
2 the railroad corporation and a public hearing, may, for good cause shown,
3 recommend to such railroad corporation such changes as it considers
4 proper in the manner of making up and shifting freight trains or freight
5 cars, and of sounding of whistles on locomotives, and it may by written
6 order forbid or regulate the sounding of whistles on the locomotives of
7 such corporation at any specified grade crossings of the tracks of such
8 corporation with any public way. The corporation which is subject to
9 such order shall, until the order has been modified or annulled by the
10 department, conform in all respects to the terms thereof.

1 Section 140. Every railroad corporation shall cause boards, sup-
2 ported by posts or otherwise at such height as to be easily seen by trav-
3 ers, and not obstructing travel, containing on each side in capital
4 letters at least nine inches long the following inscription, — RAILROAD
5 CROSSING — LOOK OUT FOR THE ENGINE, — to be placed and constantly
6 maintained across each public way where it is crossed by the railroad
7 at the same level; or the corporation may substitute therefor warning

The board of aldermen of a city or the selectmen of a town where a traveled place is crossed by a railroad at the same level, if of opinion that it is necessary for the better security of the public that boards such as are described in the preceding section should be maintained at such traveled place, may in writing request the railroad corporation to erect and maintain them. If it refuses or neglects so to do, they may apply to the department. If the department, after public notice and a hearing, decides that such erection is necessary for the better security of the public, the corporation shall comply with such decision.

170 Mass. 430.
[Penalty, § 148.]

Section 142. Every county, city and town shall, except as hereinafter provided, and the department of public works shall, unless in any case it deems it unnecessary or impracticable so to do, place and maintain warning signs on every public way subject to its jurisdiction, where the way crosses the tracks of a railroad at grade. The signs shall consist of a metal disc twenty-four inches in diameter, the field thereof to be enamelled yellow, with an enamelled black border line one inch wide, and with an enamelled black perpendicular and horizontal crossline two and one half inches wide; the reverse side of the disc to be colored yellow. In each of the upper quarterings shall appear, in black enamel, the letter “R”, five inches high, three and three quarter inches wide, the lines to be of one inch stroke. The said signs shall be placed in conspicuous situations beside the public way, on each side of the crossing, and at a distance of not less than three hundred feet from the nearest rail of the crossing.

Section 143. Every railroad corporation shall, within four months after receiving a written request therefor, furnish to any county, city or town in the commonwealth, or to the department of public works, as the case may be, a sufficient number of such warning signs to enable such county, city or town, or the said department, from time to time to comply with the preceding section. The said signs shall be furnished, as aforesaid, without charge, unless they are to be used for replacement purposes, in which case the railroad corporation may require the payment of the net cost thereof.

Section 144. When it appears that the placing of the signs prescribed by section one hundred and forty-two is impracticable or unnecessary, the department of public utilities, on petition, may release the county, city or town, as the case may be, from compliance with said section.

Section 145. If any county, city or town shall neglect, for sixty days, to comply with the requirements of section one hundred and forty-two, unless released therefrom by order of the department of public utilities, or unless prevented by the failure of any railroad corporation to comply with the requirements of section one hundred and forty-three, or if any railroad corporation shall neglect, for sixty days after the expiration of the four months prescribed in section one hundred and forty-three, to
8 comply with the requirements thereof, it shall forfeit one dollar for each 9 day during which such neglect continues, to be recovered in an action of 10 tort brought in the name and for the use of the commonwealth by the 11 attorney general or by the district attorney of the district where the 12 violation occurred.

1 Section 146. Any person who unlawfully removes, throws down, 2 injures or defaces any such sign shall be punished by a fine of not more 3 than ten dollars, to the use of the county, city or town placing and main- 4 taining the sign, or of the commonwealth, if the sign is placed and main- 5 tained by the department of public works.

1 Section 147. The department, after notice to a railroad corporation 2 whose railroad crosses a public way or traveled place at the same level, 3 and a hearing, may direct in writing that gates shall be erected at said 4 crossing across said way or place and that an agent be stationed thereat 5 to open and close such gates when an engine or train passes, or that a 6 flagman be stationed at the crossing, who shall display a flag when an 7 engine or train passes, or that such crossing shall be provided with such 8 an electric signal as the department determines the better security of 9 human life or the convenience of public travel requires, and the corpo- 10 ration shall comply with such order.

1 Section 148. A railroad corporation which unreasonably neglects to 2 comply with an order or decision made under section one hundred and 3 forty-one one hundred and forty-seven shall forfeit not more than one 4 thousand dollars.

1 Section 149. The department may require a railroad corporation 2 whose railroad crosses a highway by a crossing above the level of the 3 highway to give such signal as the department may designate of the 4 approach of trains to such crossing. The department may in each case 5 determine the nature of the signal to be given, and, in its discretion, 6 may require an automatic signal.

1 Section 150. If the view of a railroad crossing or highway at grade 2 is obstructed by standing wood in woodlands, the railroad corporation 3 or ten citizens of a town may petition the county commissioners for the 4 county where such crossing is situated for the removal of such standing 5 wood; and the commissioners, after notice and a hearing, shall make such 6 orders as to such removal as the public safety demands. They shall also 7 prescribe the limits within which such standing wood shall be taken, and 8 shall determine the damage sustained. Such damage and the expense 9 incident thereto may be recovered from the railroad corporation under 10 chapter seventy-nine.

1 Section 151. A railroad corporation, or receiver or assignee thereof, 2 or its or his servant or agent, shall not willfully or negligently obstruct or 3 unnecessarily or unreasonably use or occupy a public way, or in any case
railroads.

Section 152. Upon an application to the department, according to section twenty-four of chapter one hundred and fifty-nine, stating that a crossing of a railroad with a public way at the same level is improperly used by a railroad corporation with its freight engines, freight cars or freight trains to the unreasonable inconvenience or danger of the public, the department, after notice, shall hear the parties; and, if public convenience or safety so requires, it may direct that after a date to be fixed by it such railroad corporation shall not use such crossing or any part thereof for making up, connecting or disconnecting freight trains, or the engines or cars of such trains, or for the purpose of distributing freight or freight cars; and to prevent the same may prescribe such changes to be made in the construction of side tracks, branches and connections, in proximity to such crossings, and such regulations limiting the use of such crossings, as may be necessary. The department may at any time modify its order after a hearing and for cause shown.

Equipment of engines and cars.

Section 153. A railroad corporation may operate its railroad by electricity, or by such other power as may duly be approved by the department.

Section 154. Every railroad corporation shall cause a sufficient brake to be attached to every car used upon its railroad for the transportation of passengers, and to every car used for the transportation of freight, except four-wheel cars used only for freight; and shall cause at least one brakeman for every two cars in a passenger train to be stationed thereon, and one brakeman for the last car of every freight train to be stationed thereon. A corporation which violates this section shall forfeit not more than one hundred dollars.

Section 155. A railroad corporation, in moving traffic between points in the commonwealth, shall not use any locomotive not equipped with a power driving wheel brake and appliances for operating the train brake system; nor run any train in such traffic unless a sufficient number of cars in it are so equipped with power or train brakes that its speed can be controlled by the engineer of the locomotive which is drawing such train, without the use of the common hand brakes by the brakeman. When such corporation has equipped a sufficient number of its cars with such power or train brakes, it may lawfully refuse to receive from con-
10. Necting lines of railroad any cars used in such traffic which are not suf-
11. ficiently equipped with such power or train brakes as will work and
12. readily interchange with the brakes in use on its own cars.

1 Section 156. A railroad corporation shall cause to be placed upon
2 both ends of every freight car owned by it and which it may lawfully
3 use such automatic or other safety coupler as the department, after an
4 examination and test, may prescribe, and the department may annul
5 any such requirement made by it.

1 Section 157. A railroad corporation, in moving traffic between
2 points in the commonwealth, shall not haul or use, or permit to be hauled
3 or used, on its lines any car which is not equipped with couplers coupling
4 automatically by impact, and which do not require men to go between
5 the cars to uncouple them.

1 Section 158. A railroad corporation, in moving traffic between points
2 in the commonwealth, until otherwise ordered by the department, shall
3 not use any car, except flat cars equipped with automatic couplers, which
4 is not provided with secure grab irons or hand holds on the ends and sides
5 for greater security to men in coupling and uncoupling cars.

[Penalty, § 160.]

1 Section 159. The standard height of draw bars for freight cars,
2 measured perpendicularly from the level of the top of the rails to the
3 centres of the draw bars, shall be thirty-four and one half inches for
4 standard gauge railroads and twenty-six inches for narrow gauge railroads,
5 with a maximum variation from such standard height, in either case, of
6 three inches between the draw bars of empty and loaded cars; and no
7 freight car with draw bars which do not comply with the above standard,
8 whether loaded or unloaded, shall be used in moving traffic between
9 points in the commonwealth.

1 Section 160. A railroad corporation which violates any provision of
2 sections one hundred and fifty-five, one hundred and fifty-seven, one hun-
3 dred and fifty-eight and one hundred and fifty-nine, shall forfeit one
4 hundred dollars, to be recovered in an action of tort brought in the
5 name and for the use of the commonwealth by the attorney general or
6 the district attorney for the district where the offense was committed.

1 Section 161. Sections one hundred and fifty-five and one hundred
2 and fifty-seven to one hundred and sixty, inclusive, shall not apply to
3 trains composed of four-wheel cars, or to locomotives used in hauling
4 such trains.

1906, 463, II, §§ 165, 258.

1 Section 162. The department may from time to time, after hearing
2 and for good cause, exempt, until a date fixed by it, any railroad corpo-
3 ration from the requirements of sections one hundred and fifty-five, one
4 hundred and fifty-seven, one hundred and fifty-eight and one hundred
5 and fifty-nine.
RAILROADS. [Chap. 160.]

Section 163. Every railroad corporation shall equip each of its trains and cars owned or operated by it, for use in case of accident and for safety purposes, with such tools and devices as the department in writing shall order. A corporation which violates this section shall forfeit five hundred dollars.

Section 164. [Repealed, 1930, 211, § 2.]

Section 165. A passenger, mail or baggage car shall not be heated by a stove or furnace kept in the car or suspended therefrom unless it is temporarily necessary by reason of an accident or other emergency, and no method of heating such cars nor heater shall be used until it shall have been approved in writing by the department; but the department may from time to time grant such exemptions from the requirements of this section as may seem to it necessary or reasonable, and may grant permission to any railroad corporation to make such experiments in heating its passenger cars as the department determines is proper. A corporation which violates this section shall forfeit not more than five hundred dollars.

Section 166. A passenger car on a railroad shall not be lighted by naphtha, nor by an illuminating oil or fluid made in part of naphtha or which will ignite at a temperature of less than three hundred degrees Fahrenheit. A corporation which violates this section shall forfeit not more than five hundred dollars.

Section 167. Every passenger, baggage, mail and express car, owned or regularly used on any railroad in the commonwealth shall be provided at each end thereof with platform gates of a pattern approved by the department. A railroad corporation which hauls or uses, or permits to be hauled or used, on its railroad any car in violation of this section shall forfeit one hundred dollars to the use of the commonwealth, and the attorney general or the district attorney for the district where such violation occurred shall bring an action therefor.

Section 168. The department may make and revise regulations for testing boilers of locomotives used by railroad corporations, by other corporations, and by persons, firms or associations upon any railroad or railway within the commonwealth, and every person, firm, association and corporation other than a railroad corporation, so using a locomotive, shall inform the department in writing on or before June thirtieth of each year of the number of locomotives so used by him or it, together with the length of track of such railroad or railway, its location and uses, and such other information as the department may require. This section shall apply to railroads for private use authorized by section two hundred and forty-five of this chapter. A corporation, association, firm or person using a locomotive in the commonwealth the boiler of which has

6 only, for not more than thirty days, but not upon more than two loco-
7 motives of the same corporation at any one time. Every application
8 to the department for approval of such appliances shall be in writing;
9 and such approval may be revoked by the department by written notice
10 to the corporation.

1 Section 170. A railroad corporation using upon its locomotives a
2 pop or other safety valve shall provide and use therewith a suitable and
3 sufficient appliance for deadening the sound made by steam escaping
4 therefrom, and, if it materially retards the escape of steam or increases
5 the pressure upon the boiler, the corporation shall use an additional
6 safety valve without such appliance, set at a higher point than the other
7 but below the point at which explosion is likely to occur.

1 Section 171. A corporation which violates any provision of the two

6 in the car as will be convenient for the passengers, and with individual

SECTION 178. A railroad corporation shall not employ any person 1 or keep him in its employ in a position requiring the employee to distin- 2 guish form or color signals, unless he has been examined for color blind- 3 ness or other defective sight by a competent person employed by the 4 corporation and has received a certificate that he is not disqualified for 5 such position by color blindness or other defective sight. A railroad cor- 6 poration which violates this section shall forfeit one hundred dollars.

SECTION 179. No person shall act as a locomotive engineer unless he 1 has been employed two years as a locomotive fireman or as an engineer’s 2 helper, or was employed as a locomotive engineer before June tenth, 3 nineteen hundred and eleven.

1 Section 182. The three preceding sections shall not apply to the
2 operating of locomotive engines by engine hostlers in or around engine
3 houses, or to any railroad other than a standard gauge railroad. In the
4 event of the disability of an engineer or conductor on the road, railroad
5 companies may employ persons without the qualifications prescribed by
6 sections one hundred and seventy-nine and one hundred and eighty,
7 but only for the purpose of reaching a terminal station.

1 Section 183. Any violation of any provision of the four preceding
2 sections shall be punished by a fine of not more than five hundred dollars
3 or imprisonment for not more than one year, or both, and each day's
4 violation shall constitute a separate offence.

1 Section 184. Every person employed as signalman, towerman, lever-
2 man, agent, train despatcher, telegrapher or telephone operator in a rail-
3 road signal tower or railroad station, and every other person employed
4 by a railroad in the operating of trains by the use of the telegraph, tele-
5 phone or signal and interlocking switching machines shall be allowed two
6 days of twenty-four hours each in every month for rest with regular
7 compensation, except in a case of extraordinary emergency caused by
8 accident, fire, flood, or danger to life or property, when the said period
9 of rest shall be allowed after the emergency is past. Any violation of
10 this section shall be punished by a fine of not less than one hundred
11 dollars.

1 Section 185. Whenever the department is of opinion, after a hear-
2 ing had upon its own motion or upon complaint, that the number of
3 men forming a train crew of any train is not sufficient to operate said
4 train for the safety of the public and the employees of the railroad, it
5 shall thereupon order such changes as it deems necessary.

FARES, TOLLS, CHARGES, ETC.

1 Section 186. A railroad corporation may establish for its sole bene-
2 fit fares, tolls and charges upon all passengers and property conveyed or
3 transported on its railroad, at such rates as may be determined by its
4 directors, and may from time to time by its directors regulate the use
5 of its railroad; but such fares, tolls and charges, and such regulations
6 shall be subject to revision and alteration by the general court, or by

TRANSPORTATION OF PASSENGERS.

1 Section 187. A railroad corporation may make contracts for the
2 conveyance of passengers upon designated trains for a specific distance
3 at fixed times, at such reduced rates of fare as the parties may agree
4 upon. Tickets may be issued for such passengers, upon which shall be
5 plainly printed the terms upon which they may be used. Such tickets
6 shall not be transferable without the consent of the corporation, nor shall
7 they entitle the holder to ride upon a train not therein designated.

Section 188. A railroad corporation shall not demand or receive for any single ticket bought or fare paid on a train or elsewhere than at its ticket offices more than ten cents in excess of the tariff rates charged at its ticket offices. When such excess is received, the conductor or other person receiving it shall give to the passenger a printed certificate which shall entitle him to receive the excess so paid at any station of the corporation in exchange for such certificate. A railroad corporation violating any provision hereof shall be punished by a fine of not less than ten nor more than fifty dollars.

Section 189. Every railroad corporation issuing mileage tickets shall, upon presentation of such a ticket by a passenger, detach therefrom one coupon and no more for each mile and fraction thereof actually traveled; provided, that for distances less than three miles three coupons may so be detached. Distances to or from the station known as Back Bay on the New York, New Haven and Hartford railroad, and the stations known as Trinity Place and Huntington Avenue on the Boston and Albany railroad, shall be computed as if to or from the Boston terminal station.

Section 192. All railroads issuing season tickets between points within the commonwealth shall, at the request of a holder of a season ticket, reimburse said holder for the cost of the fares paid by said holder between the stations named on the ticket whenever said holder fails to present the season ticket for fare. The holder of a season ticket in order to be entitled to reimbursement must, within one week, present to the proper officer of the railroad company the certificate given at the time of paying the fare together with the coupon from the season ticket.

Section 193. Every railroad corporation shall sell to an express messenger or to a person conducting a local express business, as provided in section two hundred and six, in its trains or cars within the commonwealth, a season ticket for his personal transportation, at a price not exceeding that at which similar tickets are sold to passengers, upon receiving from him a release of all right, to whomsoever accruing, to damages
7 or compensation for death or for any personal injury received by him
8 while riding on such ticket.

The pass shall state the nature of the injury, shall not be transferable, and shall be forfeited if used, or attempted to be used, in violation of the conditions of the pass, or if it was obtained by misrepresentation.

TRANSPORTATION OF MAILS.

SECTION 201. Every railroad corporation shall, upon request of the postmaster general or of an authorized agent of the post office department, carry the mails at such times and upon such trains as may be desired by him upon the terms provided in the two following sections.

SECTION 202. A corporation which cannot agree with the postmaster general or other proper officer of the United States as to the compensation to be paid for such transportation may notify the postmaster general of its unwillingness to carry the mails upon the terms proposed; and after the expiration of three months from the depositing of such notice in a post office in the commonwealth, addressed to the postmaster general, such corporation shall be absolved from the duty imposed in the preceding section, unless he or some officer or agent of the post office department within that time has filed a petition in the supreme judicial court in any county, praying for the appointment of three commissioners to fix the price to be paid to the corporation for such service; and the court, after notice to the corporation, shall appoint three commissioners to hear the parties and determine such compensation, the award of a majority of whom, being made to and confirmed by said court, shall be final as to all past service and for a period of two years after such confirmation.

Section 203. Upon application to said court by either party to such proceedings at any time after the expiration of two years from the confirmation of such award, the matter may be reopened, and the same or other commissioners shall reweigh the parties, and the award of said commissioners or of a majority of them, when made to and confirmed by said court, shall be binding on the parties for two years after such confirmation, when like proceedings may again be had on petition of either party.

TRANSPORTATION OF MERCHANDISE.

Section 204. A railroad corporation shall, upon request, without additional charge, give a receipt describing articles, packages or commodities not extra hazardous delivered to it for transportation. A corporation which refuses to give such receipt shall forfeit fifty dollars to the person entitled thereto.

Section 206. The preceding section shall apply to all persons engaged only in a local express business for the forwarding of express matter between points within the commonwealth in the trains or cars of any railroad corporation, and to persons desiring to engage therein who obtain the recommendation of the department therefor, and who agree in writing to indemnify the corporation against all loss of and damage to any property carried by them on its trains. Such recommendation shall be given only after notice to all parties interested and a hearing thereon, and with regard, among other considerations, to the public interest. Such corporation may contract with one or more persons for the express service over its railroad or system, subject to the rights of such persons as may then be engaged in, or shall have obtained the recommendation aforesaid to conduct such local express business thereon between points within the commonwealth under this section; and the terms, facilities and accommodations provided for such last named persons shall not be unreasonable or unequal, having regard to the amount and character of the service and also to such reasonable regulation of said business as may be for the public interest and the efficient operation of the railroad. This section shall not deprive any railroad corporation of any right which it has under its charter or under general laws, to perform all the transportation of property upon its railroad.

Section 208. A railroad corporation shall not charge or receive for the transportation of freight to any station on its railroad a greater amount than is at the time charged or received for the transportation of the like class and quantity of freight from the same original point of departure to a station at a greater distance on its railroad in the same direction. Two or more railroad corporations whose railroads connect shall not charge or receive for the transportation of freight to any station on the railroad of either of them a greater amount than is at the time charged or received for the transportation of the like class and quantity of freight from the same original point of departure to a station at a greater distance on the railroad of either of them in the same direction. In construing this section, the amount charged or received for the transportation of freight shall include all terminal charges; and the railroad of a corporation shall include all the railroad in use by it, whether owned or operated under a contract or lease.

Section 209. A railroad corporation violating any provision of the four preceding sections, in addition to liability for all damages sustained by reason of such violation, shall forfeit two hundred dollars, to be recovered in tort to his own use by the party aggrieved, or to the use of the commonwealth by the attorney general or the district attorney of the district where such violation was committed; but no such action shall be maintained unless brought within one year after the date of such violation.

A railroad corporation shall not, at any time, charge, demand or receive a greater sum for transportation by it of freight from any point of origin, for the same distances and under like conditions, on any lines operated by it or in connection with it, to the port of Boston for export to foreign countries, than is at the time received by it for transportation of the like class and quantity of freight to any other port reached by its lines for export to foreign countries; or charge, demand or receive, a greater sum for transportation for the same distance and under like conditions from the port of Boston of freight from foreign countries through said port of Boston to any point on any lines operated by it or in connection with it than is at the time received by it for transportation of the like class and quantity of freight through any other port on its lines to the same point; provided, that if the aforesaid provisions of this section shall conflict with any regulations made by act of congress this section shall be null and void so far as it conflicts there with; and provided, further, that nothing herein contained shall justify the charging of the same rate for freight for export or import through any other port reached by its lines where the mileage from the point of receipt or delivery is less to the port of Boston than to the port in question, in which case the rate through Boston shall be proportionately less.

Section 211. A railroad corporation shall not in its charges for the transportation of freight or in the conduct of its freight business, make or

2 Section 213. Upon the petition of one or more persons who desire to forward milk by the can over any railroad or any portion thereof, the department, after notice to the railroad corporation and a hearing, shall ascertain and compare the tariff established as aforesaid for milk by the can with the rate charged or received as aforesaid for milk in large quantities over such railroad or such portion thereof; and if the former is, in the judgment of the department, higher than the latter, the department shall revise said tariff and shall fix such rate for milk by the can as it finds to be the rate for milk in large quantities, including in both cases the same care and preservation of the milk and the return of the empty cans, as aforesaid; and shall notify the corporation in writing of the rate by the can so fixed over such railroad or such portion thereof; but the rates by the can so fixed shall not be higher than the rates charged by the same railroad corporation for a longer distance on any part of its system.

3 Section 214. A railroad corporation which refuses or neglects to receive, forward or deliver milk by the can over its railroad or any portion thereof at the tariff rate therefor, as provided in the preceding section, shall forfeit to the person tendering the same five dollars for every can of milk which it so refuses to receive or neglects to forward and deliver at the said tariff rate.

CHANGE OF NAME.

1 Section 215. On application of any railroad corporation, authorized by a vote of two thirds of the shares present and voting at a meeting called therefor, the department may, after public notice and a hearing, authorize such corporation to change its name.

3 Section 216. A certified copy of such authorization and a certificate of the vote of the corporation, signed and sworn to by the president, treasurer and a majority of the directors, shall be filed in the office of the state secretary. The department shall require public notice to be given of the change so authorized; and, upon receipt of proof thereof, the state secretary may grant a certificate of the name which the corporation shall bear, which, subject to the provisions of section fourteen, shall thereafter be its legal name.

R. L. 111, § 266. 1906, 463, II, §§ 244, 258.

Section 232. If a person is injured in his person or property by collision with the engines or cars or rail-borne motor cars of a railroad corporation at a crossing such as is described in section one hundred and thirty-eight, and it appears that the corporation neglected to give the signals required by said section or to give signals by such means or in such manner as may be prescribed by orders of the department, and that such neglect contributed to the injury, the corporation shall be liable for all damages caused by the collision, or to a fine recoverable by indictment as provided in section three of chapter two hundred and twenty-nine, or, if the life of a person so injured is lost, to damages recoverable in tort, as provided in said section three, unless it is shown that, in addition to a mere want of ordinary care, the person injured or the person who had charge of his person or property was, at the time of the collision, guilty of gross or wilful negligence, or was acting in violation of the law, and that such gross or wilful negligence or unlawful act contributed to the injury.

Section 233. A railroad corporation shall not be liable to any person for personal injuries caused by the acts or omissions of any persons or companies doing an express business over its railroad or of their servants or agents.

Section 234. Every railroad corporation shall be liable in damages to a person whose buildings or other property may be injured by fire communicated by its locomotive engines, and shall have an insurable interest in the property upon its route for which it may be so held liable, and may procure insurance thereon in its own behalf. If held liable in damages, it shall be entitled to the benefit of any insurance effectuated upon such property by the owner thereof, less the cost of premium and expense of recovery. The money received as insurance shall be deducted from the damages, if recovered before they are assessed; and if not so recovered, the policy of insurance shall be assigned to the corporation held liable in damages, and it may maintain an action thereon.

1 Section 235. Every corporation operating a steam railroad shall, Spark
subject to the approval of the department, install and maintain a spark
arrester on every engine in its service in which wood, coke or coal is used
as fuel, and shall, between April first and December first in each year,
keep the full width of all of its locations over which such engines are
operated, to a point two hundred feet distant from the centre line on
each side thereof, clear of dead leaves, dead grass, dry brush or other
inflammable material, and shall not at any time leave any deposit of
9 hot ashes or live coals upon its locations in the immediate vicinity
of woodlands or grass lands, and shall post in stations and other con-
spicuous places within its location and right of way such notices and
warning placards as are furnished to it for the purpose by the state
forester; provided, that this section shall not prohibit any railroad cor-
poration from piling or keeping upon its location or right of way cross-ties
or other material necessary for the maintenance and operation of its
railroad.

1 Section 236. Any railroad corporation may, upon giving notice as
herein provided, enter upon unimproved land adjoining any location or
right of way upon which it operates engines burning wood, coke or coal,
and may there, at its own expense and subject to the direction of the
5 forest warden, or the officer or board having his powers, in the city or
town where the land lies, clear such land of dead leaves, dead grass and
dead wood to a distance of one hundred feet from the tracks, without
8 thereby becoming liable for trespass; provided, that no railroad corpo-
9 ration shall, under this section, do any acts on unimproved land outside
10 its location or right of way, unless it has within two months given four-
11 teen days' written notice by mail or otherwise to the occupant of the
land, and to the owner thereof, if he resides or has a usual place of busi-
13 ness in the city or town where it lies, and if the land is unoccupied and
14 the owner does not reside or have a usual place of business in the city or
15 town, then, unless the railroad corporation has within two months pub-
lished notice of its purpose once in three successive weeks in a news-
paper published in the county where the land lies, and unless it has
18 within three days given at least twenty-four hours' notice to the forest
19 warden, or the officer or board having his powers, in the city or town
20 where the land lies of the location of the land which it intends to enter
21 under this section, and of the time at which it intends to enter the same;
22 and provided, further, that no notice hereby required shall be valid
23 unless it sets forth the provisions of this section.

1 Section 237. Any engineer, conductor or other employee on a train
discovering a fire burning uncontrolled on lands adjacent to the tracks
shall forthwith cause a fire signal to be sounded from the engine, which
shall consist of one long and three short whistle blasts repeated several
times, and shall notify the next sectionmen whom the train passes, and
the next telegraph station, of the existence and location of the fire.
This section shall not affect the authority conferred upon the depart-
ment by section one hundred and thirty-nine.

1 Section 238. Sectionmen or other employees of a railroad corpo-
ration receiving notice of the existence and location of a fire burning on
land adjacent to the tracks shall forthwith proceed to the fire and shall

Cities and towns may recover in contract in the superior court sums to which they are entitled under this section.

Books and Returns.

Section 242. A railroad corporation shall at all times submit its books to the inspection of any committee of the general court authorized to inspect them. The directors of every railroad corporation shall annually within the time prescribed by section thirty-two of chapter one hundred and fifty-nine transmit to the department a return of the corporation for the year ending on December thirty-first preceding which shall be sworn to by the treasurer and the chief accounting officer of the corporation. Such return shall state whether any fatal accident or serious injury has occurred to a passenger or other person upon the railroad during the year, and, if so, the cause of such accident or injury and the circumstances under which it occurred; shall set forth copies of all contracts or leases made with other railroad corporations during the year, and specify the receipts and expenditures under the same; and shall include a detailed statement of all particulars relative to the railroad, its business, receipts and expenditures during the year, in the form to be prescribed by the department under said section thirty-two. The 16 books of each corporation shall be so kept that returns may be made in exact conformity with the form so prescribed; and the accounts shall be closed on December thirty-first in each year, so that a balance sheet of that date can be taken therefrom and included in the return. Every railroad corporation, neglecting to make said annual return within the time prescribed as aforesaid, or to amend said return within fifteen days, when required by the department as provided in said section thirty-two, shall forfeit fifty dollars for each day during which such neglect continues; and if such corporation unreasonably refuses or neglects to make said return, it shall forfeit not more than five thousand dollars.

Section 243. Every railroad corporation shall, within fifty days after the expiration of each quarter of the year, transmit to the department a quarterly statement of its business and financial condition, in such form and with such detail as the department requires, which shall at reasonable
5 times be open to public inspection. A railroad corporation neglecting to
6 comply with this section shall forfeit fifty dollars for each day during
7 which such neglect continues.

1 Section 244. Every railroad corporation shall, during the continu-
2 ance of any lease which it has taken of the railroad of another cor-
3 poration, make all the returns required of the lessee; and during the
4 continuance of such lease, the lessor shall not be required to make
5 such returns, if, when requested by the lessee, the lessor furnishes all
6 the information in its possession needed to make such returns; but if a
7 railroad in this commonwealth is leased to a lessee in another state,
8 the lessors in this commonwealth shall make the annual return.

Railroads for Private Use.

1 Section 245. A person or corporation may construct a railroad for
2 private use in the transportation of freight; but shall not take or use
3 lands or other property therefor without the consent of the owner thereof.
4 No such railroad shall be connected with the railroad of another corpo-
5 ration without its consent; nor shall it be constructed across or upon a
6 public way or traveled place without the consent of the board of alder-
7 men or selectmen, nor except in a place and manner approved by them.
8 If the board of aldermen or selectmen consent, they shall from time to
9 time make such regulations relative to motive power, rate of speed,
10 and time and manner of using the railroad over and upon such way or
11 traveled place, as in their judgment the public safety and convenience
12 require, and they may order such changes to be made in the track as are
13 rendered necessary by the alteration or repair of such way. If they allow
14 steam power to be used on such railroad, the provisions of this chapter
15 and chapter one hundred and fifty-nine relative to the crossing of ways
16 and traveled places by railroad corporations shall apply to such rail-
17 road, and to the person constructing or operating the same.

1 Section 246. If the consent of the department is required for the
2 crossing of a way or traveled place by a railroad for private use, it may
3 limit the number of tracks, and may impose other conditions relative to
4 the use of the crossing by said railroad, and may modify such limitations
5 and conditions. The department may, upon the complaint of any party
6 interested, or upon its own motion, exercise supervisory powers over all
7 railroads for private use with regard to the character and condition of
8 the roadbed, tracks, crossings, rolling stock, machinery, equipment and
9 appliances used in or in connection with the operation of such railroads,
10 so far as is reasonable and expedient to promote the security of persons
11 employed in the maintenance and operation of the same and of the
12 public.

Corporations to construct Railroads in Foreign Countries.

1 Section 247. Fifteen or more persons, a majority of whom are in-
2 habitants of this commonwealth, may associate themselves by a written
3 agreement of association, with the intention of forming a corporation to
4 construct and operate a railroad, or railroad and telegraph, in any foreign
5 country, but in accordance with the laws of such country; and, upon
6 complying with section two hundred and forty-nine, shall, with their
associates and successors, be a corporation for the purpose aforesaid, with the powers necessary and incident thereto, and with such powers and privileges, and subject to such duties, liabilities and restrictions, as to the location, construction, maintenance and operation of its railroad, or railroad and telegraph, and the transfer of its property by mortgage, lease or otherwise, as may be fixed by such country.

SECTION 248. The agreement of association shall state:

(a) That the subscribers thereto associate themselves with the intention of forming a railroad corporation, or a railroad and telegraph corporation.

(b) The corporate name assumed.

(c) The terminus of the railroad, or the railroad and the telegraph.

(d) The total amount of the capital stock of the corporation.

(e) The names and residences of at least five persons, who shall be subscribers to the agreement of association, to act as directors until others are chosen and qualified in their stead.

Each associate shall subscribe to the agreement of association his name, residence, post office address, and the number of shares of stock which he agrees to take; but no subscriber shall be bound to pay more than ten per cent of the amount of his subscription, unless a corporation is chartered.

SECTION 249. When it is shown to the satisfaction of the department that the requirements of the two preceding sections have been complied with, the clerk of the department, upon its order, shall annex to the agreement of association a certificate setting forth that fact. The directors shall thereupon file the agreement of association and certificate in the office of the state secretary, who, upon receipt of fifty dollars, shall receive and preserve the same in form convenient for reference and open to public inspection; and shall thereupon issue a certificate of incorporation substantially in the following form:

COMMONWEALTH OF MASSACHUSETTS.

Be it known, that whereas (names of the subscribers to the agreement of association) have associated themselves with the intention of forming a corporation, under the name of (the name of the corporation), for the purpose of locating, constructing, maintaining and operating a railroad (or railroad and telegraph) (description of the railroad or railroad and telegraph as in the agreement of association), and have complied with the statutes of this commonwealth in such cases made and provided: Now, therefore, I, , secretary of the commonwealth of Massachusetts, do hereby certify that the persons aforesaid, their associates and successors, are legally established as a corporation, under the name of the (name of the corporation), with all the powers and privileges, and subject to all the duties, liabilities and restrictions, set forth in the general laws applicable to such corporations.

In witness whereof, I have hereunto subscribed my official signature, and affixed the great seal of said commonwealth, this day of , in the year .

The state secretary shall sign the certificate of incorporation and cause the great seal of the commonwealth to be thereto affixed, and such certificate shall have the force and effect of a special charter. The state secretary shall also cause a record of the certificate of incorporation to be made, and such certificate, or such record, or a certified copy thereof, shall be conclusive evidence of the existence of such corporation.
1 Section 250. The corporation may from time to time, at a meeting of directors called therefor, reduce the amount of the capital stock, or increase it for the purpose of constructing and equipping its railroad and extensions or branches thereof. If such increase or reduction is made, a certificate of the fact, signed by the president of the corporation, shall be filed in the office of the state secretary. Such corporation may, by vote at a meeting of its directors, purchase, acquire or lease the property, stocks, bonds or securities of any railroad corporation whose line is located in the foreign country named in the original agreement of association of such corporation or any amendment thereof made as hereinafter provided, or of any steamship company associated in transportation or business with such corporation, upon such terms and for such consideration as shall be determined by such vote, and in like manner may appoint an executive committee from the members of its board, and delegate to such committee such power and authority as by such vote shall be provided, and in like manner may divide the directors into classes as nearly equal as possible for the prescribed number of classes, and prescribe the tenure of office of the several classes, but no class shall be elected for a shorter period than one year or for a longer period than five years, and the term of office of at least one class shall expire at the next annual meeting and thereafter at the end of each year, and at each annual meeting after such division directors shall be elected only to fill the place of those whose terms of office shall then expire as so provided and shall hold office for the period so prescribed, and all directors shall hold office until their successors are chosen and qualified; and such corporation may, by vote at an annual or a special meeting of its stockholders, called therefor, amend its agreement of association to provide for constructing and operating a railroad in any other foreign countries in accordance with the laws of such countries, and shall file such amendment in the office of the state secretary and pay him fifty dollars, and thereupon such corporation shall have the same powers and privileges, and be subject to the same duties, liabilities and restrictions, in all respects, as if its agreement of association had originally contained such amendment.

1 Section 251. Such corporation shall be subject to sections twenty-nine to forty, inclusive, and sixty-five, except as otherwise provided in the four preceding sections.

192 Mass. 129.

1 Section 252. The supreme judicial court shall have jurisdiction in equity on petition of the attorney general, of the railroad corporation, of any public body or of any other party interested to compel the observance of and to restrain the violation of all laws which govern railroad corporations and all orders, rules and regulations made in accordance with the provisions of this chapter by any public body or by the department and to review, annul, modify or amend the rulings of any state department relative to such corporations as law and justice may require.

"Extension", any railway constructed by a street railway company in a city or town in addition to that authorized by its original location therein.

"Location", as applied to a street railway, the grant to a street railway company of the right to construct, maintain and operate a street railway in a public way or place.

Companies which have been specially chartered shall continue to exercise and enjoy the powers and privileges granted and be subject to all the liabilities imposed by their respective charters, except as modified and controlled by amendments thereof, or by this chapter or chapter one hundred and fifty-nine. All street railway companies whether organized under general or special laws shall be subject to any other general laws applicable thereto.
SECTION 3. Fifteen or more persons may associate themselves by a written agreement of association with the intention of forming a company. 1874, 29, § 2; P. S. 115, § 2. R. L. 112, § 2. 1906, 463, III, §§ 3, 158. 261 Mass. 556.

1. (a) That the subscribers thereto associate themselves with the intention of forming a street railway company.
2. (b) The corporate name assumed, which shall be one not in use by any other such company in the commonwealth, or, in the judgment of the department, so similar thereto as to be likely to be mistaken for it, and which shall contain the words, “street railway company”, at the end thereof.

They shall also give like notice in writing of the time and place of such hearing to all members of the general council representing the district or districts in which such city or town lies, but the validity of the proceedings shall not be affected by failure to give notice to such members. If, after a hearing, they deem that public necessity and convenience so require, they may grant said location, or any portion thereof, and may prescribe how the tracks shall be laid, and the kind of rails, poles, wires and other appliances which shall be used, and, in addition to the general provisions of law governing such companies, and in respect of matters not treated of in such provisions, impose such other terms, conditions and obligations, incidental to and not inconsistent with the objects of a street railway company, as they deem the public interests may require; but no such location shall be valid, until the department after public notice and a hearing shall certify that such location is consistent with the public interest.

If the department requires an alteration in such location before certifying that the same is consistent with the public interest, it shall notify the board of aldermen or selectmen granting such location of such alteration; and thereafter said board of aldermen or selectmen may amend such location accordingly; provided, that, if such alteration involves a change in the route of the railway, public notice and a hearing shall be given as provided in the case of an original application for a location; and thereafter the department may, as a part of the original proceedings before it, certify that such location so amended is consistent with the public interest. A location so certified to be consistent with public interest, shall be the true location, if, within sixty days after the issue of notice of said certification to the company, it shall file a written acceptance of such location, executed in accordance with its by-laws or a vote of its directors, with the board of aldermen or selectmen. A 38 location granted by a board of aldermen or selectmen, but refused certification hereunder by the department, or not accepted as herein provided, shall be void. Such location shall also be void, if the certificate of incorporation of the street railway company is not issued, and its organization is not completed, within eighteen months after the issue of notice of certification, or if application for said certification is not made to the department within thirty days after the grant of said location by the board of aldermen or selectmen. If in any city or town the original location of a company expires, is revoked, or otherwise becomes void, this section shall apply to a new petition for an original location therein.

SECTION 8. When the amount of capital stock named in the agreement of association has been subscribed in good faith by responsible persons, and ten per cent of the par value of each share has been paid in cash to the treasurer, the directors, clerk and treasurer shall annex to the agreement of association their certificate setting forth these facts, and that it is intended in good faith to locate, construct, maintain and operate...
7 the railway as described in said agreement, shall annex to said agree-
ment the certificate of publication specified in section six and the several
9 certificates of location, and shall present the same for inspection to the
10 department.

1 SECTION 9. When it is shown to the satisfaction of the department
2 that the requirements of this chapter preliminary to the incorporation
3 of a company have been complied with, and that locations have been
4 obtained for a railway between the termini and substantially over the
5 route set forth in the agreement of association, the clerk of the depart-
6 ment, upon its order, shall annex to the agreement of association a
7 certificate stating such fact. The directors shall thereupon file the
8 agreement of association, with all the certificates annexed thereto, in-
9 cluding the plan, if any, required by the department, in the office of the
10 state secretary, who, upon receipt of fifty dollars, shall receive and
11 preserve the same in form convenient for reference and open to public
12 inspection; and shall thereupon issue a certificate of incorporation sub-
13 stantially in the following form:

COMMONWEALTH OF MASSACHUSETTS.

Be it known that whereas (names of the subscribers to the agreement of as-
sociation) have associated themselves with the intention of forming a corpora-
tion under the name of the (name of company), for the purpose of locating,
constructing, maintaining and operating a street railway (description of the
railway as in the agreement of association), and have complied with the statutes
of this commonwealth in such cases made and provided: Now, therefore, I,
secretary of the commonwealth of Massachusetts, do hereby

certify that the persons aforesaid, their associates and successors, are legally
established as a corporation under the name of the (name of the company),
with all the powers and privileges, and subject to all the duties, liabilities and
restrictions, set forth in all general laws which now are or hereafter may be in
force relating to street railway companies.

In witness whereof, I have hereunto subscribed my official signature, and
affixed the great seal of said commonwealth, this day of

in the year

14 The state secretary shall sign the certificate of incorporation, and
15 cause the great seal of the commonwealth to be thereto affixed, and
16 such certificate shall have the force and effect of a special charter. He
17 shall also cause a record of the certificate of incorporation to be made,
18 and such certificate, or such record, or a certified copy thereof, shall be
19 conclusive evidence of the existence of such corporation.

ORGANIZATION.

1 SECTION 10. Upon the issue of such certificate of incorporation, the
2 first meeting of the incorporators shall be called by a notice, signed by a
3 majority of the directors, stating the time, place and purposes of the
4 meeting. A copy of such notice shall, seven days at least before the day
5 appointed for the meeting, be given to each incorporator or left at his
6 residence or usual place of business, or deposited in the post office, postage
7 prepaid, and addressed to him at his residence or usual place of business,
8 and another copy thereof, and an affidavit of the clerk that the notice
9 has been duly served, shall be recorded with the records of the company.
10 If all the incorporators shall in writing waive such notice and fix the time
11 and place of the meeting, no notice shall be required.
Section 11. At such first meeting, or at any adjournment thereof, the incorporators shall organize by the adoption of by-laws, and by the election, by ballot, of not less than five directors. The clerk appointed by the directors under section five shall make and attest a record of the proceedings until the clerk of the company has been chosen and sworn, including a record of such choice and qualification.

Section 12. The business of every company shall be managed and conducted by a president, a board of not less than five directors, a clerk, a treasurer and such other officers and such agents as the company by its by-laws shall authorize.

Section 13. The directors shall be elected annually by the stockholders by ballot, and the president shall be elected annually by and from the board of directors, and the treasurer and the clerk annually by said board. Every director, unless the by-laws otherwise provide, shall be a stockholder. The treasurer may be required to give a bond for the faithful performance of his duty in such sum and with such sureties as the by-laws may prescribe. The clerk, who shall be a resident of the commonwealth, shall be sworn, and shall record all votes of the company in a book kept therefor. The officers of a company shall hold office for one year and until their successors are qualified. All other agents and officers shall be chosen or appointed, and all vacancies filled, in the manner prescribed by the by-laws, or, in default of such by-law, by the board of directors. Any requirement in the general laws of action to be taken or instruments to be signed by the president, directors, or a majority of the directors, of a company, relative to grants, extensions, alterations, and revocations of location, abolition of grade crossings and rights in state highways, shall be sufficiently and legally complied with if such action is taken by a vote, or if such instrument is executed in accordance with, and by the persons designated in, a vote of the directors of such company, at a meeting duly and properly held, at which a quorum of the board is present.

Meetings of stockholders.

Section 14. There shall be an annual meeting of the stockholders, and the time and place of holding it, and the manner of conducting it, shall be fixed by the by-laws. All meetings of stockholders shall be held in the commonwealth, and shall be called, and notice thereof given, in the manner provided in the by-laws of the company; or, if the by-laws make no provision therefor, shall be called by the president, and a written notice, stating the place, day and hour thereof, shall be given by the clerk, at least seven days before such meeting, to each stockholder by leaving such notice with him or at his residence or usual place of business, or by mailing it, postage prepaid, and addressed to each stockholder at his address as it appears upon the books of the company. Unless the by-laws otherwise provide, a majority in interest of all stock issued and outstanding and entitled to vote shall constitute a quorum. Notices of all meetings of stockholders shall state the purposes for which the meetings are called. No notice of the time, place or purpose of any regular or special meeting of the stockholders shall be required if every stockholder, or his attorney thereunto authorized, by a writing filed with the records of the meeting, waives such notice.
1 Section 15. A special meeting of the stockholders shall be called 2 and a written notice thereof, stating the time, place and purpose of the 3 meeting, given, by the clerk upon written application of three or more 4 stockholders entitled to vote, holding at least one tenth part in interest of 5 the capital stock.

141 Mass. 496.  

1 Section 20A. Every corporation subject to this chapter may, at a 2 meeting duly called for the purpose, by the vote of a majority of all of 3 its stock or, if two or more classes of stock have been issued, of a major- 4 ity of each class outstanding and entitled to vote, authorize a change of 5 the par value of the shares of its capital stock in accordance with para- 6 graph (h) of section four or paragraph (i) of section one hundred and 7 thirty-six; but such change shall not be effective unless the department 8 shall approve the same on an application of the corporation filed within 9 thirty days after the passage of such vote. The aggregate par value of 10 the outstanding shares shall not be increased by a change in the par 11 value thereof.

1 Section 21. The directors may assess upon all the shares subscribed, 2 but not paid in, such amounts, not in excess of their par value, as they 3 think proper, and may direct the same to be paid to the treasurer, who 4 shall give written notice thereof to the subscribers. If a subscriber fails 5 to pay his assessment for thirty days after such notice, the directors may 6 transfer the rights under such subscription to any person who subscribes 7 for the same and pays the assessments due, or may order the treasurer,
after giving notice of the sale, to sell such shares by public auction to the
highest bidder, and, upon the payment by him to the company of the
unpaid assessments, of interest to the date of sale and of the charges of
the sale, the shares shall be transferred to him. If, within thirty days
after the sale, the purchaser does not make said payment to the company,
the sale shall be cancelled, and the subscriber shall be liable to the com-
pány for the unpaid assessments, the interest thereon, and the charges of
sale. If the amount so paid by the purchaser to the company is more
than the amount for which the shares were sold, the subscriber shall be
liable to the purchaser for the deficiency; if it is less, the purchaser
shall be liable to the subscriber for the surplus.

Section 22. If a subscriber fails to pay his assessment for thirty
days, as provided in the preceding section, the directors may elect to pro-
cceed by an action at law against said delinquent subscriber to recover all
amounts due and payable by him with interest. If a judgment rendered
in an action against a subscriber remains unsatisfied for thirty days, all
amounts previously paid by him shall be forfeited to the company, and
the directors may offer such shares for sale as above provided.

Section 23. A company shall not begin to build its railway until it
shall have filed in the office of the state secretary a certificate, signed
and sworn to by its president, treasurer, clerk and a majority of its di-
rectors, stating that the amount of its capital stock has been uncondi-
tionally subscribed for by responsible parties, and that fifty per cent of
the par value of each share thereof has been paid in cash.

141 Mass. 496.

Section 24. The directors of a company shall be jointly and severally
liable, to the extent of its capital stock, for all its debts and contracts,
until the whole amount of its capital stock as originally fixed by its
agreement of association, or if a chartered company, by its directors,
and authorized by the department, shall have been paid in, and until
a certificate stating the amount thereof so fixed and paid in shall have
been signed and sworn to by its president, treasurer, clerk and a majority
of its directors, and filed in the office of the state secretary.

Section 25. A company, for the purpose of building an extension, or
acquiring land for pleasure resorts, or acquiring or building power houses
or car houses or park buildings, or acquiring or equipping additional roll-
ing stock, or changing its motive power, or furnishing electricity to a town
for light, or abolishing grade crossings, or paying betterment assessments
for widening or otherwise altering streets, or complying with any require-
ments lawfully imposed, or making permanent investments or improve-
ments, or acquiring any additional real or personal property necessary
or convenient for its corporate objects, or refinancing its funded debt, or
paying money borrowed or indebtedness incurred for any of the foregoing
purposes, or other similarly necessary and lawful purposes, may, in ac-
cordance with sections twenty-eight and twenty-nine of this chapter,
sections fifty to fifty-two, inclusive, of chapter one hundred and fifty-
ine and sections forty-seven to fifty-five, inclusive, of chapter one
hundred and sixty, increase its capital stock or issue bonds, secured
by mortgage or otherwise, to such an amount, beyond the amounts fixed
Section 26. In addition to the purposes for which a company may increase its capital stock or issue bonds, as provided in the preceding section, a company to supply itself with working capital may, in accordance with sections twenty-eight, twenty-nine and thirty-one of this chapter or sections fifty to fifty-two, inclusive, of chapter one hundred and sixty-nine, in the case of companies to which said last named sections are applicable, and of sections forty-seven to fifty-five, inclusive, of chapter one hundred and sixty, increase its capital stock to an amount not exceeding five per cent of the par value thereof then outstanding, or may issue bonds, secured by mortgage or otherwise, to such an amount, beyond the amounts fixed and limited by its agreement of association, or by any general or special law, and not more than the department shall determine will be properly required therefor, as the department shall approve as being consistent with the interest of the public and of the stockholders of such company and as not unreasonably reducing the security of any bond previously issued.

Section 27. On petition of a company for authority to reduce its capital stock, presented in accordance with a vote of the stockholders at a meeting called therefor, the department may, after a hearing and such examination of the financial condition of the company as it considers necessary, authorize such reduction, if it appears to be consistent with the public interest and with the limitations imposed by general or special laws. A certificate of the amount of the reduction and of any terms and conditions imposed shall be forthwith filed by the department in the office of the state secretary. When such reduction is made, no money or other property shall be paid or transferred to the stockholders unless specially authorized by the department, and by vote of the directors of the company taken by yeas and nays at a meeting called therefor. The directors voting therefor shall be jointly and severally liable for the debts or contracts of the company existing when the capital stock is reduced, to the extent of the money or property paid or transferred to the stockholders.
Issue of capital stock, bonds, coupon notes and other evidences of indebtedness.

Section 28. A company shall issue only such amounts of stock and bonds, coupon notes and other evidences of indebtedness payable at periods of more than one year after the date thereof, as the department may from time to time determine to be reasonably necessary for the purpose for which such issue of stock or bonds has been authorized. The department shall render a written decision upon an application for such issue within thirty days after the final hearing thereon, assigning the reasons therefor, and shall, if authorizing such issue, specify the respective amounts of stock, bonds, coupon notes or other evidences of indebtedness as aforesaid, which are authorized to be issued for the respective purposes to which the proceeds thereof are to be applied, and the decision shall, within seven days after it has been rendered, be filed in the office of the department. A certificate of the decision shall, within three days after it has been rendered and before the stock, bonds, coupon notes or other evidences of indebtedness as aforesaid are issued, be filed in the office of the state secretary, and a duplicate thereof delivered to the company. Such company shall not apply the proceeds of such stock, bonds, coupon notes or other evidences of indebtedness as aforesaid to any purpose not specified in such certificate.

Section 29. A company, unless expressly authorized by its charter or by special law, shall not issue bonds, coupon notes or other evidences of indebtedness payable at periods of more than one year after their date to an amount which, including the amount of all such securities previously issued and outstanding, computed as provided in section fifty-three of chapter one hundred and fifty-nine, exceeds in the whole the amount of its capital stock at the time actually paid in; but this limitation shall not apply to an issue of bonds for the purpose of paying and refunding at maturity bonds lawfully issued prior to June second, eighteen hundred and ninety-seven; nor shall it apply to such of the bonds issued or to be issued under a mortgage as are deposited to retire at or before maturity bonds or other evidences of indebtedness previously issued and outstanding at the date of such mortgage, and as do not exceed the par value of the funded or other debt so to be retired; nor shall it apply to bonds, coupon notes or other evidences of indebtedness payable at periods of more than one year after their date, in addition to, and not exceeding twenty per cent of, the amount so computed, which shall be authorized as consistent with the public interest by the department, and which shall be subject to such requirement as to a sinking fund or other method of retiring said evidences of indebtedness within a period not exceeding ten years, as the department may prescribe, to provide means for, or to fund, the actual cost of replacement or reconstruction of any existing property; and such company shall not issue the securities specified in this section unless authorized by a vote of its stockholders at a meeting called therefor.

Section 30. The supreme judicial or superior court shall have jurisdiction in equity, upon the application of the department, the attorney general, any stockholder, or any interested party, to enforce the two preceding sections and all lawful orders and decisions, conditions or requirements of said department made in pursuance thereof.

Section 31. A director, treasurer or other officer or agent of a company who knowingly votes to authorize the issue of, or knowingly signs,
3 certifies or issues, stock or bonds contrary to any provision of section 1906, 463, III, 4 twenty-eight or twenty-nine, or who knowingly votes to authorize the 5 application, or knowingly applies the proceeds, of such stock or bonds 6 contrary to any provision of said sections, or who knowingly votes to 7 assume or incur, or knowingly assumes or incurs in the name or behalf of 8 such company, any debt or liability except for legitimate purposes of 9 the company shall be punished by a fine of not more than one thousand 10 dollars or by imprisonment for not more than one year, or both.

1 Section 32. A company organized under the laws of the common- 2 wealth may, by vote of two thirds in interest of its common stockholders 3 at a meeting duly called therefor, with the approval of the department, 4 and subject to section twenty-eight of this chapter and section fifty- 5 two of chapter one hundred and fifty-nine, issue, and from time to time 6 increase, preferred stock of one or more classes, for any lawful purposes 7 for which such companies may issue or increase their capital stock.

8 Each class of preferred stock shall be entitled to the preferences and 9 rights and subject to the restrictions and limitations fixed by such vote 10 as approved by the department.

1 Section 33. Any such company may, upon such terms and in such 2 manner as shall be determined by vote of two thirds in amount of its 3 outstanding common capital stock and as shall be approved by the 4 department, issue in lieu of outstanding common shares preferred shares 5 to such number, of such par value and with such preferences, rights, 6 restrictions and limitations and entitled to such rate of preferred divi- 7 dend as shall be determined and approved; provided, that the aggregate 8 par value of such preferred stock shall not exceed the aggregate 9 par value of the common stock in exchange for which it is issued.

1 Section 34. Each class of preferred stock issued under sections 2 thirty-two to thirty-five, inclusive, shall be designated by a name ap- 3 proved by the department to distinguish it from all other classes of 4 stock of the company. A certified copy of the vote creating, and of the 5 order of the department approving, the creation of any class of preferred 6 stock shall be filed in the office of the department and in the office of the 7 commissioner of corporations and taxation. Every certificate of stock 8 issued by such company after the approval by the department of the 9 creation by it of preferred stock shall contain a reference to all votes 10 creating preferred stock and a brief description of the respective pref- 11 erences, rights and restrictions of each class of such stock.

1 Section 35. Preferred stock issued under sections thirty-two to 2 thirty-five, inclusive, shall have the same voting power as the common 3 stock, except that, in any case, there may be such limitations of the voting 4 power of said preferred stock as the department approves and finds con- 5 sistent with public interest. The aggregate amount at par of preferred 6 stock of all classes issued by a company shall at no time exceed twice the 7 amount at par value of its outstanding common stock, and no class of 8 preferred stock shall be created which is not, in a manner approved by the 9 department, made subordinate in respect to dividends or to participa- 10 tion in the proceeds of liquidation to the preferences of every previously 11 created class of preferred stock. Upon any issue of preferred stock the 12 new shares shall, unless the common stockholders with the approval of
the department otherwise provide, first be offered to the common stockholders in the manner prescribed in sections fifty to fifty-two, inclusive, of chapter one hundred and fifty-nine, and any shares of the preferred stock not duly subscribed and paid for by the common stockholders or their assigns shall be offered in the same manner to the holders of preferred stock of the same class; and any of such preferred shares then remaining untaken, and all of the preferred shares if the common stockholders so determine and the department approves, may be sold in the manner provided by and subject to section fifty-one of chapter one hundred and fifty-nine. In case of any increase in the common stock of the company, holders of preferred stock shall be entitled to have offered to them shares of the new stock in the manner provided in sections fifty to fifty-two, inclusive, of chapter one hundred and fifty-nine, whenever the vote creating such preferred stock as approved by the department shall so provide.

STOCK AND SCRIP DIVIDENDS.

Section 36. A company shall not declare any stock or scrip dividend or divide the proceeds of the sale of stock or scrip among its stockholders.

Section 37. A certificate of stock or scrip issued in violation of the preceding section shall be void; and each director of the company issuing it shall be liable to a penalty of one thousand dollars, to be recovered by indictment in the county where he resides, or, if he resides in no county in the commonwealth, in the county where he is commorant, or the offence was committed; but if any such director proves that, before such issue, he filed his written dissent thereto with the clerk, and at no time voted therefor, he shall not be so liable.

CORPORATE POWERS.

Section 38. A company, incorporated under the laws of the commonwealth, may, subject to this chapter and chapter one hundred and fifty-nine, construct, maintain and operate a street railway, but, if such company does not build and put in operation its railway within eighteen months after the date of its certificate of incorporation, its corporate powers shall cease, unless the department, after public notice and a hearing, shall extend said time by a certificate, stating that in its judgment due diligence has been exercised by the company, and that public necessity and convenience require such extension.

Section 39. A company, which, by its charter or certificate of incorporation, or by special act, is authorized to construct, maintain and operate a street railway in any city or town in the commonwealth, and which has constructed its railway therein, may, subject to the provisions of the general laws relative to the location, construction and operation of street railways, extend its railway into such other cities and towns in the commonwealth as the department shall, on application of such company, and after public notice and a hearing, certify that the public necessity and convenience require. An attested copy of such certificate
10 shall, within three days after it is granted, be filed by the department in
11 the office of the state secretary.

1. Section 40. A company whose petition for a location, necessary, in
2 the judgment of the department, to furnish proper transportation facil-
3 ties between two cities, or two towns, or a city and town, has in whole or
4 in part been granted or refused, or has been neither granted nor refused
5 within three months after the filing thereof, may, within thirty days of
6 such grant or refusal of a location, or the expiration of said three months,
7 apply to the department for such location. If it shall appear at a hearing
8 on such application, after such notice to the board of aldermen or the
9 selectmen, and to all persons who own real estate abutting upon any way
10 in which such location was asked for, by publication or otherwise, as the
11 department orders, that the company has already been granted and has
12 accepted locations for a street railway in two cities, or two towns, or a
13 city and town, adjoining the city or town where such location has been
14 asked for, or has already been granted and has accepted locations for a
15 street railway in two adjoining cities, or two adjoining towns, or an ad-
16 joining city and town, and that a location is necessary to connect such
17 existing locations, the department may, if it finds that public necessity
18 and convenience so require, enter a decree granting a connecting location.
19 In granting the location the department may prescribe the appliances
20 and impose the conditions and obligations which are specified or referred
21 to in section seven relative to the granting of original locations. Such
22 location shall be the true location, if, within thirty days after the issue of
23 notice to the company of the entry of said decree, the directors shall file
24 a written acceptance of such location with the department; otherwise,
25 said location shall be void.

1. Section 41. A company may purchase and hold real and personal
2 estate necessary or convenient for the operation of its railway; but it
3 shall not, except as provided in section sixty-four, directly or indirectly,
4 subscribe for, take or hold stock or bonds of any such company organized
5 under general laws unless specially so authorized by the general court.

P. 8, 115, § 18. 1895, 463, III, §§ 33, 158.

1. Section 42. A company may, except in Boston, acquire, hold, main-
2 tain and equip land for purposes of recreation and for pleasure resorts,
3 provided that the department shall find that the acquisition, equipment
4 and maintenance of such land for such purposes and the cost thereof and
5 other circumstances relating thereto are consistent with the public inter-
6 est. Such recreation and pleasure resorts shall be subject in the same
7 manner as other places of amusement to the supervision and regulation of
8 the local authorities of the cities or towns where situated, and shall be
9 subject to such further restrictions as the department may from time to
10 time impose. No company shall sell intoxicating liquors or allow them to
11 be sold within the limits of any resort held or maintained by it; nor shall it
12 sell without the approval of the department any land so acquired. No
13 company shall contribute, directly or indirectly, by payment of money
14 or otherwise, except in such cases and to such extent as the department
15 shall first approve, to the establishment, equipment or maintenance of
16 any recreation park or pleasure resort not owned by such company.

The department may also recommend such joint rates, fares and charges as are consistent with the provisions of any special charter of any company, specifying at the same time and in every instance the part of the joint rate, fare or charge to which each company affected thereby shall be entitled, and may make such other recommendations as seem appropriate to the circumstances of each particular case.

Section 48. A company, with the consent of a railroad corporation owning tracks, may, to such extent and subject to such terms and regulations as the department may approve or prescribe, operate cars upon and over such tracks of said railroad corporation as are equipped for opera-
Section 49. A company may allow street sprinkling cars or similar apparatus to be used upon its tracks, may furnish the motive power and use of tracks or other facilities, and may make contracts therefor: but this section shall be operative only to such extent and subject to such regulations and restrictions as the department, having regard to the necessities of public travel, may approve.

Section 50. A company may, with the consent of the board of aldermen or the selectmen, convey in cars over its tracks snow, ice, stones, gravel, dirt, or street sweepings, taken from any street or way over or through which its tracks are located, in order to keep said street or way in proper condition for travel, or may convey to any point on its line or deliver to any connecting line or any other such company, necessary material for use in constructing, grading, repairing or improving any street or way in any city or town, or any state highway, whether on the line of any such company or not, and may make contracts with cities, towns, the department of public works, and with other such companies for the transportation of such material.

Section 51. A company may convey in cars over its tracks coal and other supplies for its own use.

Section 52. A company may carry the United States mail.

Section 53. A company, on petition of any interested party, may become a common carrier of newspapers, baggage, express matter and freight, upon such parts of its railway and subject to such orders, rules or regulations as may from time to time be made, established or prescribed by the board of aldermen or the selectmen, in this section called the licensing authorities. Any such petitioner or any company, aggrieved by such orders, rules or regulations, or in case of failure of the licensing authorities of any city or town to act upon such petition within thirty days of its presentation, may appeal to the department, whose decision, after public notice and hearing, shall be made within thirty days of the said appeal and shall be final. All orders, rules or regulations made, established or prescribed as aforesaid shall be enforced in the manner provided in section forty of chapter one hundred and fifty-nine. Any company acting under the authority herein granted shall be subject to all laws relating to common carriers in so far as consistent herewith. The authority conferred upon any company by said licensing authorities by virtue of this section may be revoked at any time by said licensing authorities if, after public notice and hearing, they determine that the public interest so requires; provided, that any company or interested party, aggrieved at such revocation, may appeal to the department, whose decision, after public notice and hearing, shall be made within thirty days of the said appeal and shall be final and shall be enforceable as provided in section forty of chapter one hundred and fifty-nine.
LAND.

Section 54. Except as provided in this chapter or chapter one hundred and fifty-nine or one hundred and sixty, and except for the purpose of reaching its car barns or repair shops, and of reaching and providing convenient terminals in parks and pleasure resorts situated upon the line of its railway, and of reaching its freight yards and terminals, and of maintaining spurs and sidings, and for other purposes incident to performing the business authorized by the preceding section, a company shall not, unless authorized by special act of the general court, construct or operate any part of its railway outside the limits of a public way or bridge; but such a company which, prior to June fourteenth, nineteen hundred and one, without special legislative authority therefor constructed any part of its railway upon private land, with the consent of the owners thereof, or upon land leased or purchased by such company, or which prior to said date purchased or leased land for the purpose of constructing its railway thereon, or which prior to said date after public notice and a hearing obtained the approval of the board of aldermen of a city or of the selectmen of a town to the construction of a part of its railway upon private land within such city or town, and prior to said date actually with the consent of the owners of the land began, or obtained their consent to begin, such construction, may construct, maintain and operate its railway upon such private land, subject to the provisions of this chapter conferring upon the department control over street railways constructed upon private land.

Section 55. A company, organized, or in process of organization, under the laws of the commonwealth, having first obtained the approval of the board of aldermen of the city or of the selectmen of the town where private land is situated to the construction of its railway thereon, may, for the purpose of avoiding grades and curves in public ways, and for such other purposes incidental to the use of such ways, as the department may in the manner hereinafter provided approve, petition the department for authority to construct and maintain parts of its railway or extension thereof upon such private land outside the limits of such ways. The company in such petition shall set forth the purpose for which such authority is desired in each case, and shall file with the petition a plan, in such form and upon such scale as the department prescribes, of the railway or extension, and of the localities where it is desired to construct the same upon private land, and the department, after public notice and a hearing, if satisfied that public necessity and convenience demand that parts of the railway or extension should be built outside the limits of such ways, substantially on the private land selected, and that the approval of the board of aldermen or the selectmen of the city or town where the land is situated has been obtained as aforesaid, may authorize the petitioner to construct and operate its railway or extension upon and over private land, and for that purpose to purchase or lease private land or rights therein and thereover, in such cases and to such extent as the department deems public necessity and convenience in the construction and operation of the railway or extension require. The department in granting such authority may determine the kind of construction to be used, the grade and alignment of the tracks, and may order such special appliances to be furnished and such safeguards to be adopted in the con-
28 struction and operation of the railway or extension upon private land as
29 it deems public necessity, convenience and safety demand.

1 Section 56. A street railway constructed upon private land shall not
2 be opened for public use until the department, after examination, certifies
3 that all laws relative to its construction and all requirements of the de-
4 partment have been complied with, and that it appears to be in a safe
5 condition for operation. The department may, at any time after the
6 opening of a street railway for public use, order such changes and im-
7 provements to be made in the construction and operation of any
8 part thereof upon private land as it deems necessary for public safety
9 in the use thereof; and such order shall be complied with by such
10 company.

1 Section 57. A company, whose railway is constructed in part outside
2 the limits of public ways, shall, in respect of the equipment, use and
3 operation of its railway and transportation thereon, be subject to the laws
4 relative to street railway companies, as fully as if its railway were located
5 wholly within the limits of public ways.

1 Section 58. A domestic company may apply to the board of aldermen
2 of a city or to the selectmen of a town where it desires to take land, for
3 an adjudication that public necessity and convenience require that cer-
4 tain land, or interests in land, as described in its petition, and for the
5 specific purpose therein stated, be taken by such company, to enable it,
6 in constructing its street railway, or extension thereof, to avoid dangerous
7 curves or grades existing in the highways, or for other similar purposes
8 incident to and not inconsistent with its corporate franchise of operating
9 a railway to accommodate public travel in public ways. If the board to
10 which such application is made finds in favor of the petitioner, after the
11 notice and hearing required by law in the case of the grant of locations for
12 street railways in public ways, the company may, upon complying with
13 the provisions prescribed for railroad corporations by section eighteen
14 of chapter one hundred and sixty, apply to the department for a certificate
15 that public necessity and convenience require the construction of the
16 railway between the termini and substantially upon the route fixed by
17 the agreement of association in case of a company organized under the
18 general laws and by the charter of a company created by special statute,
19 or of the extension substantially on the locations already granted therefor,
20 and for approval of the adjudication of the board of aldermen or of the
21 selectmen as to the necessity and reasons for taking land or rights in land
22 in every city or town where such adjudication has been made. If the
23 department, after public notice and a hearing, at which all persons or
24 corporations alleging that they would be injured by the construction of
25 the railway shall be deemed to be interested parties and entitled to be
26 heard, grants the certificate as prayed for, the petitioner may take by
27 eminent domain under chapter seventy-nine any land or rights in land
28 the taking of which has so been approved by the department.

1 Section 59. A company acting under authority of the preceding
2 section shall be subject to sections seventy-five, seventy-six, eighty-
3 eighty-one, eighty-six, ninety to ninety-three, inclusive, ninety-six and
4 two hundred and fifty-two of chapter one hundred and sixty, and, if its
5 railway crosses a public way or another street railway, except where its
railway is constructed within the limits of another public way crossing such way or street railway, it shall also be subject to sections ninety-seven to one hundred and three, inclusive, one hundred and forty, one hundred and forty-one, and one hundred and forty-seven to one hundred and fifty, inclusive, of said chapter; provided, that wherever by said sections any jurisdiction is conferred upon a board of county commissioners, the same shall in the case of a company be exercised by the board of aldermen of the city or by the selectmen of the town where the land or other property proposed to be taken is situated.

SECTION 60. A company authorized to construct its railway at grade across a public way in any place where such crossing is not a part of the crossing of such way by another public way, and incident to the construction of the street railway longitudinally within the limits of such other public way, shall, in any proceedings for the abolition of such grade crossing, be considered as a railroad corporation under sections sixty-five to eighty-two, inclusive, of chapter one hundred and fifty-nine if such company has taken any land or other property under authority of the two preceding sections; and it may bring a petition, or be made a respondent to any petition brought by any of the other parties named in said sections, in the same way and be subject to the same liabilities as if it were a railroad corporation.

SECTION 61. The three preceding sections shall not enlarge the extent or purposes for which a street railway may be constructed or operated outside the limits of public ways as defined and limited in sections fifty-four and fifty-five.

LEASE OR SALE OF RAILWAY.

SECTION 62. A company shall not lease or contract for the operation of its railway for a period of more than ninety-nine years without the consent of the general court, nor, except as provided in the three following sections and in section one hundred and twenty-three, shall it sell its railway unless authorized so to do by its charter or by special act of the general court.

SECTION 63. A domestic company may sell and convey the whole or a part of its franchise and property to, or may consolidate with, any other such company whose railway connects with, intersects or forms a continuous line with its own, if the facilities for travel on the railway of each of said companies shall not be thereby diminished, or the rates of fare increased, and such other company may purchase of or consolidate with it as aforesaid; but such purchase and sale or consolidation shall not be valid or binding until its terms have been agreed to by a majority of the directors, and have been approved, at meetings called therefor, by a vote of two thirds in interest of the stockholders of each of the contracting companies, and by the department as required by section fifty-four of chapter one hundred and fifty-nine. Whenever a company sells and conveys the whole or a part of its franchise and property to, or consolidates with, any other company, every stockholder of both the purchasing or consolidated company and of the selling company shall be deemed
16 to assent to the terms of purchase and sale or of consolidation, when
17 approved by the department in accordance with any provisions of law
18 requiring such approval, unless, within thirty days after the date of such
19 approval, he shall file with the clerk of the department a writing, declar-
20 ing his dissent from said terms and stating the number of shares held by
21 him and the number of the certificates evidencing the same; provided,
22 that, as against any stockholder under any legal incapacity to act for
23 himself and having no legal guardian, said period of thirty days shall not
24 begin to run until the removal of such incapacity by the appointment of
25 a legal guardian, or otherwise. The shares of any stockholder so dissent-
26 ing shall be acquired by the purchasing or consolidated company, and
27 shall be valued, and the value thereof paid or tendered to, or deposited
28 to or for the account of, such stockholder in the manner following: Within
29 sixty days after the filing as aforesaid of his dissent from the terms of such
30 sale or consolidation, the said dissenting stockholder or the purchasing
31 or consolidated company shall file a petition with the supreme judicial
32 court, sitting within and for the county where said stockholder resides
33 or in any county in which said company operates any part of its railway,
34 which petition, if filed by the company in a county other than that of the
35 stockholder's residence, may upon his application be removed to the
36 county where the said stockholder resides, setting forth the material
37 facts and praying that the value of such dissenting stockholder's shares
38 may be determined. Thereupon, after such notice to all parties con-
39 cerned as it deems proper, said court shall make an order requiring such
40 dissenting stockholder's certificates of stocks to be deposited with the
41 clerk of said court, and shall appoint three commissioners to ascertain
42 and report the value of such dissenting stockholder's shares on the day
43 of the approval by the department of the terms of the agreement of
44 purchase and sale or consolidation. Said report shall be made to the
45 court as soon as practicable, and, after due notice to the parties in in-
46 terest, shall be accepted by the court, unless before such acceptance
47 either of the parties to said proceedings shall claim a trial by jury, in
48 which case the court shall order the value of said shares to be tried and
49 determined by a jury in the same manner as other civil cases are tried
50 in said court. The said commissioners' report, or the verdict, when ac-
51 cepted by the court, shall be final and conclusive as to the value of such
52 dissenting stockholder's shares, and the amount so ascertained as such
53 value shall at once be paid or tendered to such stockholder; or, if such
54 payment or tender be impracticable for any cause, shall be paid into
55 court. Upon such payment, tender or deposit, the shares of such dis-
56 senting stockholder and the certificates thereof shall become the property
57 of the purchasing or consolidated company, whose right and title thereto
58 may be enforced by the court by any appropriate order or process. Ex-
59ceptions may be taken to any ruling or order of said court, to be heard
60 and determined by the full court as in other civil cases; and said court
61 may make all such orders for the enforcement of the rights of any party
62 to the proceedings, for the consolidation of two or more petitions and
63 their reference to the same commissioners, for the consolidation of claims
64 for a jury trial and the trial of two or more cases by the same jury, and
65 for the payment of interest upon the value of a stockholder's share
66 as determined, and the payment of costs by one party to the other, as
67 justice and equity and the speedy settlement of the matters in contro-
68 versy may require.
SECTION 64. The purchasing or consolidated company may, subject to section twenty-eight, increase its capital stock and issue bonds to an amount necessary for the purposes authorized in the preceding section, and may exchange its securities for those of the selling or merged company, if the aggregate amount of the capital stock and debt of the two contracting companies shall not by reason of such purchase and sale or consolidation be increased.

SECTION 65. Such purchasing or consolidated company shall have the powers and privileges, and be subject to the duties, liabilities and restrictions, of the company selling or merged, but, except as provided in this chapter or chapter one hundred and fifty-nine, no right to conduct an express business or to be a common carrier of merchandise shall, by reason of any such sale or consolidation, be allowed over any location where it had not been granted prior to April tenth, eighteen hundred and ninety-seven.

SECTION 66. Two domestic companies, whose railways connect with or intersect each other or together form a continuous line, may contract that either company shall perform all the transportation upon and over the whole or any part of the railway of the other; or any such company may lease its franchise, property and railway to any other such company; but the facilities for travel on either of the railways of said companies shall not be thereby diminished or the rates of fare increased. Such contract or lease shall not be valid or binding until its terms have been agreed to by a majority of the directors, and have been approved, at meetings called therefor, by a vote of a majority in interest of the stockholders of each of said companies, and by the department as required by section fifty-four of chapter one hundred and fifty-nine. The income arising from such contracts or leases shall be subject to the provisions of law relative to the reduction of fares in the same manner as that arising from the use of the railways. Such railways shall be considered as connecting with or intersecting each other, or forming a continuous line, if one of them connects with or intersects or forms a continuous line with a railway leased to or operated by the other under a contract authorized by this section.

SECTION 67. A company which contracts for the operation, or takes a lease, of another railway shall, subject to the terms of such contract or lease, have and enjoy the powers and privileges, and be subject to the duties, liabilities and restrictions of the company owning it; but no right to carry on an express business or to be a common carrier of merchandise shall be allowed, except as provided in this chapter or chapter one hundred and fifty-nine, over any location where it had not been granted prior to March twenty-ninth, eighteen hundred and ninety-seven.

SECTION 68. A company shall not appropriate for the payment of dividends any money received from the sale of any portion of its railway, unless it first reduces its capital stock issued, by an amount which, at its par value, is equal to the amount which such portion of its railway cost said company.
SECTION 69. A domestic company may purchase from a street railway company incorporated under the laws of another state so much of the railway; franchise and property of such other company as is located or used and exercised within this commonwealth when the railway of such other company connects with, intersects, or forms a continuous line with that of the purchasing company; provided, that the facilities for travel on the railway of each of said companies within this commonwealth shall not thereby be diminished, or the rates of fare increased; and provided, that no such purchase shall be valid or binding until the terms thereof have been approved by the department as required by section fifty-four of chapter one hundred and fifty-nine.

SECTION 70. The board of aldermen of a city or the selectmen of a town, on petition of fifty legal voters, or on petition executed in accordance with the by-laws or a vote of the directors of a company whose tracks are located in said city or town, after public notice and a hearing, as provided in section seven, may grant a location for the extension of the tracks of such company, and prescribe how said tracks shall be laid and the kind of rails, poles, wires and other appliances to be used; but they shall impose no terms or conditions to such grant in addition to those imposed by general laws on such companies in force on October first, eighteen hundred and ninety-eight, or as such may have been imposed in the grant of original location to such company in such city or town subsequent to said date. No such extension of a location shall be valid, until the department, after public notice and a hearing, shall certify that such extension is consistent with the public interest. If the department requires an alteration in such extension before so certifying, it shall notify the board of aldermen or selectmen, granting such extension, of such alteration; and thereafter said board of aldermen or selectmen may amend such extension in accordance with such alteration; provided, that, if such alteration involves a change in the route of the railway, public notice and a hearing shall be given as provided in the case of the original application for an extension; and thereafter the department may, as a part of the original proceedings before it, certify that such extension so amended is consistent with the public interest. An extension, so certified, shall be a valid location, if, within sixty days after the issue of notice of said certification to the company, it files a written acceptance of such extension, executed in accordance with its by-laws or a vote of its directors, with the board of aldermen or selectmen. An extension granted by a board of aldermen or selectmen, but refused certification hereunder by the department, or not accepted as hereinbefore provided, shall be void.

SECTION 71. The board of aldermen of a city or the selectmen of a town, on petition executed in accordance with the by-laws or a vote of the directors of a company whose tracks are located in said city or town, or on petition of any interested party, after public notice and a hearing, as provided in section seven, may alter the location of the tracks in the manner prescribed in, and subject to, the preceding section. Such alteration shall be made by such company within such time, and the expense
thereof shall be borne by such parties and in such proportions, as the board of aldermen or selectmen may determine. No such alteration of a location shall be valid, until the department, after public notice and a hearing, shall certify that such alteration is consistent with the public interest. If the department requires an amendment to such alteration before so certifying, it shall notify the board of aldermen or selectmen of such amendment; and thereafter the board of aldermen or selectmen may amend such alteration in accordance with the said amendment; provided, that, if the amendment involves a change in the route of the railway, public notice and a hearing shall be given as provided in the case of the original application for an alteration; and thereafter the department may, as a part of the original proceedings before it, certify that such alteration so amended is consistent with the public interest. An alteration, so certified, shall be a valid location, if, within sixty days after the issue of notice of said certification to the company, it files a written acceptance of such alteration, executed in accordance with its by-laws or a vote of its directors, with the board of aldermen or selectmen.

TEMPORARY LOCATIONS.

Section 72. The several boards, departments and commissions authorized by law to grant locations to companies may, to enable any such company to avoid interruption of its service, on petition of such company or of any interested party, grant temporary locations for the tracks of the company in any public place or way, or may approve temporary locations upon private land without notice and hearing. The body granting or approving such temporary locations may place a limit of time upon their use, and if unlimited as to time such use shall terminate after such reasonable time as, in the opinion of such body, will permit, without interruption, the restoration of service upon the locations of the company. The department may approve such temporary locations without notice and hearing.

Section 73. If a bridge upon which a company is authorized to lay and use tracks is being or is to be altered, rebuilt, improved or repaired, the board of aldermen of a city or the selectmen of a town on petition of the president or a majority of the directors of such company may grant a temporary location for the extension of the tracks of such company in any public way in such city or town so as to provide such connection between the existing tracks of such company upon either side of such bridge as will prevent any interruption of proper transportation facilities by reason of such alteration, improvement, rebuilding or repair, and may prescribe how said tracks shall be laid and the kind of rails, poles, wires and other appliances to be used. Such location shall not be valid unless the board of aldermen or selectmen file with the clerk of the city or town concerned a certificate that the granting of the location is consistent with the public interest. In no case shall a location be valid unless, within thirty days after the filing of the said certificate or after the entering of a decree by the department, a majority of the directors of the company shall file with the body granting the location a written acceptance thereof.

Section 74. A company whose petition for such temporary location has been refused in whole or in part, or has been neither granted nor...
3 refused, within fourteen days after the filing thereof, may apply to the 4 department for such temporary location. If the department deems public 5 necessity and convenience require such temporary location, it may enter 6 a decree granting the same, and may prescribe the use of such appliances 7 and impose such conditions and obligations as it deems proper.

1 Section 75. A company which is granted such temporary location 2 for the extension of its tracks shall not maintain them nor operate cars 3 over them beyond the period during which the operation of its cars over 4 such bridge is interrupted by reason of such alteration, improvement, re- 5 building or repair, and at the end of such period shall remove its tracks 6 from the public ways upon and over which such temporary location has 7 been granted.

1 Section 76. If such bridge is altered, rebuilt, improved or repaired 2 under sections fifty-nine to sixty-four, inclusive, of chapter one hundred 3 and fifty-nine, the cost of construction of the tracks upon and over such 4 temporary location shall be reckoned as a part of the charges and expenses 5 of the alteration, improvement or repair of the crossing, to be apportioned 6 by the special commission as provided thereunder.

REVOCATION OF LOCATION.

1 Section 77. The board of aldermen or selectmen, after the expiration 2 of one year from the opening for use of a street railway in their city or 3 town, and after public notice and a hearing as provided in section seven, 4 if public necessity and convenience in the use of the public ways so re- 5 quire, may, for good and sufficient reasons to be stated in the order there- 6 for, revoke the location of a street railway in any public way therein; but 7 unless, within thirty days after such order of revocation, the company 8 consents thereto in writing, such order shall not be valid until approved 9 by the department after public notice and a hearing. Upon the approval 10 of such order of revocation, the company shall remove the railway in con- 11 formity with such order and shall put the surface of said ways disturbed 12 by such removal into as good condition as the adjacent surface of said 13 ways. If the company fails to comply with such order after thirty days' 14 notice of the approval thereof, the board of aldermen or selectmen may 15 cause it to be executed and the work to be done at the expense of the 16 company, and such expense shall be recovered in tort.

WIDENING OF PUBLIC WAY.

1 Section 78. If application is made for a location in a public way 2 where no street railway tracks are located, and such way is widened 3 under chapter eighty or eighty-two by an order declaring the widening 4 to be necessary for public convenience for the purpose of granting such 5 location of street railway tracks therein, a proportionate share of the 6 expense of such widening may be assessed upon a company accepting a 7 location in the way so widened; but the amount of such assessment, in 8 addition to the amounts assessed on real estate, shall not exceed one half 9 of the total cost of such widening.

1 Section 79. If a public way where the tracks of a company have 2 been located for a period of five years is altered, or if the grade thereof is 3 changed under chapter eighty or eighty-two, the company shall pay such

proportionate share of the expense thereof, including therein the necessary cost of changing its railway to conform to such alteration or change of grade, as may be assessed upon it, provided that, if betterments are assessed, no such assessment on the company shall exceed the aggregate amount of all the betterments assessed upon real estate, and that in no case shall such assessment exceed one quarter of the total cost of such alteration or change of grade.

STATE HIGHWAYS.

SECTION 81. If the board of aldermen of a city or the selectmen of a town and a company having a location in a way which said board of aldermen or said selectmen or the county commissioners of the county where said city or town lies have in writing requested the commonwealth to take charge of, make application to the department of public works, and with the application submit satisfactory plans, profiles and cross sections of said way, said department shall indicate on such plans, profiles and cross sections a location and grade for the tracks of said company. If said department considers said way suitable for a state highway, and said department and the company by vote of its directors agree as to the proportionate part of the cost of construction which shall be paid by the commonwealth and by the company, said department may pay, out of the appropriations for the construction and repair of state highways, said proportionate part of the damages sustained by a person whose property may be injured by the construction of such state highway, and of the cost of grading it to the lines established by said department. A way graded under this section shall remain a town way or a highway, subject to all laws relative thereto, until said way is taken charge of as a state highway by the commonwealth.

SECTION 82. If a public way in which a street railway location has been granted shall be thereafter laid out, taken charge of or constructed by or under the authority of said department of public works, it shall thereafter, relative to the location and maintenance of a street railway upon such state highway, have the authority conferred by sections seven, seventy, seventy-one, seventy-seven and eighty-nine upon boards of aldermen and selectmen, and shall exercise such authority in the same manner, and subject to the same rights and limitations, except that subject to the approval of the department of public utilities an order of said department of public works for the alteration of a location may be made without the written acceptance of alterations required by said section seventy-one. If the company fails to comply with such order so approved within the time specified therein, said department of public works may carry out the work at the expense of the company, and such expense shall be recovered in contract.

OPERATION.

SECTION 83. No street railway or portion or extension thereof shall be opened for public use until the department, after an examination,
Section 84. The board of aldermen or the selectmen may, subject to the approval, revision or alteration of the department, establish such regulations as to the rate of speed, the manner and extent of use of tracks, and the number and routes of cars which run over such tracks, within their city or town, as public interest and convenience require; and a street railway company whose servants or agents wilfully or negligently violate any such regulations shall forfeit not more than five hundred dollars.

Section 85. The department of public works, in respect to state highways, and the superintendent of streets of cities or towns exercising like authority therein and the selectmen in towns in respect to all other public ways, shall establish regulations for the clearance of snow from its tracks by any street railway company operating therein, and for the removal of such snow by said company from the public ways in which such tracks are located; provided, that no such company shall be compelled to remove from the public ways in which its tracks are located an amount of snow greater than it has cleared from between its rails and between its tracks and from a space eighteen inches wide on either side of its tracks.

A Section 86. If a company voluntarily discontinues the use of any part of its tracks for a period of six months, the public ways occupied thereby shall, upon order of the board of aldermen or the selectmen forthwith, at the expense of the company, be cleared of said tracks, and be put into as good condition for public travel as they were in immediately before being so occupied. If a company without right or lawful excuse disconnects the use of any track and when requested by the board of public works, or its duly authorized officers, or the selectmen of towns, or the department of public works, to clear tracks, or to remove snow, ice or other obstructions from tracks, or to comply with any rule or rate of speed, or to comply with any other condition as may be required by said department, shall fail to do so, the board of aldermen or the selectmen may, upon written demand, compel such company by legal process to comply with such conditions as aforesaid.

Section 87. Any company using railroad or electric track in the city or town of Boston shall, within ten days after the receipt of any order from the board of aldermen, selectmen, or the department of public works, to clear any tracks, to remove snow or ice therefrom, or to comply with any condition of this act or any rule or rate of speed, to comply with such order or demand.

Section 88. The board of aldermen or the selectmen may, in case of default of any railroad or electric company, compel it, by legal process, to comply with any order or demand issued under the provisions of this act.

Section 89. Any railroad or electric company which shall violate any of the provisions of this act, or any rule or rate of speed, shall be subject to a fine of one thousand dollars for each offense, and for each subsequent offense not exceeding seventy-five dollars, which fine may be imposed by the board of aldermen or the selectmen as the case may be.

Section 90. Each railroad or electric company which shall violate any of the provisions of this act, or any rule or rate of speed, shall be subject to a fine of one thousand dollars for each offense, and for each subsequent offense not exceeding seventy-five dollars, which fine may be imposed by the board of aldermen or the selectmen as the case may be.
aldermen of the city or by the selectmen of the town where such track is located refuses to operate the same, the mayor of such city, if duly authorized by vote of the city council or the selectmen of such town if duly authorized by vote of the town, may petition the supreme judicial court to compel said company to resume the use of such track and to perform all its corporate duties relating thereto. Such petition shall set forth the facts upon which the petitioner relies and the relief sought, but shall not be defeated for informality, and may be amended at any stage; and said court shall have jurisdiction in equity to determine the cause and enforce its decrees and orders relative thereto. Upon the filing of any such petition said court shall order due notice to be served upon the company and shall advance the cause to speedy hearing and final decision. In case the track, the use of which has been discontinued, is located in two or more cities or towns, any or all of such cities or towns, acting by the officials above named and authorized as hereinbefore provided, may join in such petition. This section shall not be deemed a legislative construction of any existing law or an impairment of any existing right of a company to discontinue the use of tracks.

SECTION 87. The aldermen or selectmen may order a company to discontinue temporarily the use of any tracks within the limits of their city or town, if they determine that public safety or convenience so requires.

R. L. 112, § 37.

1906, 463, III, §§ 77, 158.

SECTION 88. A city or a town which, for any lawful purpose, takes up, alters or discontinues public ways in which the tracks of a company are located, shall not be liable in damages therefor to said company.

R. L. 112, § 43.

1906, 463, III, §§ 78, 158.

SECTION 89. A company shall not be required to keep any portion of the surface material of public ways and bridges in repair, but it shall remain subject to all legal obligations imposed in original grants of locations, and may, as incident to its corporate franchise, and without being subject to the payment of any fee or to any other condition precedent, open any such way or bridge in which any part of its railway is located, in order to make repairs or renewals of the railway, or of any part thereof, and the superintendent of streets or other officer exercising like authority, or the board of aldermen or selectmen shall issue the necessary permits therefor in a city or town where such are required. If, during the original construction or subsequent alteration or extension or the making of any such repairs or renewals of any railway or a portion thereof, said surface material is disturbed, the company which owns or operates such railway shall, at its own cost, except as provided in sections seventy-one and eighty-two, replace to the reasonable satisfaction of the said superintendent, or other officer, said surface material with the same form of construction as that which was disturbed, or, if by first obtaining the approval thereof by such officer, with a different material and form of construction, and shall restore said way or bridge to as good condition as existed at the time of such disturbance. Such company shall be liable for any loss or injury sustained by any person in the management and use of its tracks and during the construction, alteration, extension, repair or renewal of its railway, or while replacing the surface of any way dis-
24 turbod aforesaid, and resulting from the carelessness, neglect or mis-
25 conduct of its agents or servants who are engaged in the prosecution of
26 such work, if notice of such loss or injury is given to the company and
27 an action therefor is commenced in the manner provided by section
28 eighteen of chapter eighty-four. This section shall not affect the obli-
29 gations of any company in respect of the construction or maintenance of
30 any bridge or part thereof which any private person or corporation may
31 be liable, in whole or in part, to construct or maintain.

1 Section 90. If, upon the trial of an action against the common-
wealth, a city, town, railroad corporation or bridge corporation, the
3 plaintiff recovers damages for an injury to his person or property caused
4 by reason of a defect in a public way or bridge occupied by the tracks
5 of a company, and such company is liable for such damages under the
6 preceding section, and has had reasonable notice to defend the action,
7 the commonwealth, city, town, railroad corporation or bridge corpora-
8 tion may recover the damages, and all the costs of both plaintiff and
9 defendant in the action from said company.

1 Section 91. Every company shall, in a manner satisfactory to the
2 department, erect and maintain guards or railings upon every bridge,
3 or draw of a bridge, crossed by its tracks, to prevent its cars from running
4 off. If, for sixty days after service on it of an order of the department
5 relative to such guards or railings, it fails to comply therewith, it shall,
6 for each month of such failure subsequent to said sixty days, forfeit two
7 hundred dollars, to the use of the city or town.

1 Section 92. If a street railway crosses at the same level a steam
2 railroad where locomotive engines are in daily use, every motorman of
3 a car upon the street railway shall, when approaching the point of inter-
4 section, stop his car within one hundred feet of the crossing; but the
5 department may, for such term and under such restrictions as it may
6 from time to time prescribe, modify or suspend the requirements of this
7 section with respect to any such crossing by a street railway of a rail-
8 road built for private use under section two hundred and forty-five of
9 chapter one hundred and sixty, or of a branch, spur or siding of a rail-
10 road built or used only for the transportation of freight to the premises
11 of manufacturing or other industrial plants. For each violation of this
12 section, the motorman shall forfeit ten dollars, and the company em-
13 ploying him shall forfeit twenty dollars.

1 Section 93. The board of aldermen or the selectmen may, subject
2 to the approval of the department, establish such regulations, requiring
3 the motorman or conductor to give notice or warning of the approach of
4 street cars, as they deem will best secure the unobstructed use of the
5 tracks and the free passage of the cars.

1 Section 94. Whoever wilfully obstructions a company in the legal use
2 of a railway track, or delays the passing of its cars thereon, or aids or
3 abets in such obstruction or delay, shall be punished by a fine of not
4 more than five hundred dollars or by imprisonment for not more than
5 three months. Whoever commits any of said acts in such manner as to
6 endanger the life or safety of persons conveyed in or upon said cars, or
aids or abets therein, shall be punished by a fine of not more than one thousand dollars or by imprisonment in the state prison for not more than ten years.

Section 95. Whoever without right loiters or remains within a station or waiting room of a company, or upon the platform, stairs, grounds or other property owned or controlled by a company, adjacent to such station or waiting room, after being requested to leave the same by a special or other police officer, shall forfeit not less than two nor more than twenty dollars.

Section 96. If a company, its agents or servants, wilfully or negligently obstructs a public way or bridge, or hinders the passing of vehicles over the same, or wilfully detains the cars of another company having the lawful right to pass thereon, such company shall be punished by a fine of not more than five hundred dollars; and any such agent or servant shall be punished by a fine of not more than ten dollars or by imprisonment for not more than three months.

Section 97. If a company, its agent or servant, allows a child under ten years to enter upon or into any of its cars for the purpose of selling newspapers or other articles therein or offering them for sale, it shall forfeit fifty dollars, to be recovered by any person by an action brought within three months after the offence has been committed.

Section 98. A company shall equip its cars, when in use, with such headlights, fenders, wheel guards, brakes, and other safety devices, and shall provide such protection, human or otherwise, at its station platforms, as may be required from time to time by the department.

Section 99. All street railway cars operated in the commonwealth shall be equipped with an emergency lifting jack and with such other emergency tools as may be approved by the department. Any company, its officers or employees, operating a street railway car in the use of which this section is violated, shall be punished by a fine of not less than fifty nor more than one hundred dollars.

Section 100. The department shall require every street railway company to heat its cars, when in use for the transportation of passengers, at such times, by such means, and to such extent, as the department shall determine, and the company shall forfeit twenty-five dollars for each trip run by any of its cars not so heated, except in case of accident to the heating process or apparatus, or other unavoidable cause. The state police shall cause this section to be enforced.

Section 101. Every street car in use for the transportation of passengers in December, January, February and March, which, while in motion, requires the constant care or service of an employee upon its platforms or upon one of them, shall have said platforms enclosed in such manner as to protect the motormen, conductors or other employees operating such car from exposure to wind and weather in such manner as the department shall approve.
1 Section 102. A company failing to comply with the preceding section shall be punished by a fine of not more than one hundred dollars for each day during which such failure continues.

1 Section 103. A day's work for all conductors, guards, drivers, motormen, brakemen, despatchers, and gate men employed by or on behalf of a street railway or elevated railway company shall not exceed nine hours and shall be so arranged by the employer that it shall be performed within eleven consecutive hours. No officer or agent of any such company shall require from said employees more than nine hours' work for a day's labor. Threat of loss of employment or threat to obstruct or prevent the obtaining of employment by the employees, or threat to refrain from employing any employee in the future shall be considered "requiring," within the meaning of this section. But this section shall not prevent an employee of the character mentioned herein, if he so desires, from working more hours than those prescribed herein for extra compensation. A company violating any provision of this section shall forfeit not less than one hundred nor more than five hundred dollars.

FARES AND ACCOMMODATIONS.

1 Section 104. Every company shall furnish reasonable accommodations for the conveyance of passengers, and for every willful neglect to provide such accommodations shall forfeit not less than five nor more than twenty dollars; and may establish the rates of fare for all passengers and property conveyed or transported in its cars, subject to the limitations of its charter or other provisions of law.

1 Section 105. If the department deems additional accommodations including waiting rooms, stations, water closets and other sanitary conveniences for the traveling public are required upon any street railway, it may, after due notice to the company and a hearing, make an order for such additional accommodations, and may alter, renew or revoke the order. A company which, for more than one week after receiving written notice of such order, fails to comply therewith, shall forfeit to the use of the city or town where such additional accommodations are to be used, or if they are to be used in more than one city or town, to the use equally of such cities or towns, one hundred dollars for each day thereafter during which such failure continues.

1 Section 106. No company shall by rule or otherwise require passengers whom it permits to ride upon the platform to do so at their own risk, and no such passenger shall be prevented from recovering compensation in damages for any injury by reason of the fact that he is so riding.

1 Section 107. A company may provide cars for special service, and may make special rates therefor; and may make special rates for working men and working women on week days between the hours of five and seven in the morning and five and seven in the evening, and for children attending school.
A company shall not give free tickets or passes to any state, county, city or town official, or to any person in the employ of the commonwealth or of any county, city or town, except policemen, firemen and letter carriers in uniform; but it may give them to a director of the company or to any person who is connected with it in any executive capacity. A company which violates any of the provisions of this section shall forfeit not less than one hundred nor more than five hundred dollars.

SECTION 108. The rates of fare charged by street or elevated railway companies for the transportation of pupils of the public day schools or public evening schools, of vocational schools subject to chapter seventy-four, or of private schools, between a given point from or to which it is necessary for them to ride in traveling to or from the schoolhouses in which they attend school and their homes, whether such schoolhouses are located in the city or town where the pupils reside or in another city or town, shall not exceed one half the regular fare charged by such street or elevated railway company for the transportation of other passengers between said points, and tickets for the transportation of pupils as aforesaid, good during the days or evenings on which said schools are in session, shall be sold by said companies in lots of ten each. Upon application of any company alleging abuses in the use of such tickets, the department may impose terms and regulations, not inconsistent herewith, relative to the sale and use of such tickets, and the furnishing of tickets by such company in accordance with the terms and regulations imposed shall be a compliance with the provisions of this section. A railway company violating any provision of this section shall forfeit twenty-five dollars.

SECTION 109. All laws relative to changes and regulation of fares upon railroads shall apply to changes and regulation of fares upon street railways.

SECTION 110. A company shall not withdraw or discontinue the use of any free checks or free transfers from one car or line of cars to another without the approval of the department, but may regulate the use thereof to conform to rates of fare established under authority of section one hundred and four.

SECTION 111. All companies shall furnish the public with full information, by notice posted for seven consecutive days prior to the date when the same are to take effect in the cars on the lines affected, of any intended change in the running of cars, or the discontinuance of any line, or any change in the general public service of said companies.

The department shall give notice to all such companies of the foregoing provisions.

SECTION 112. The department shall forthwith, upon the filing of a petition or schedule for any change in the tariff or rates of any company, give written notice of the proposed change to the mayor or selectmen of all cities and towns where the street railway is operated, or which, in the opinion of the department, would be affected by the proposed change.
1. **Section 113.** Every company shall cause to be printed on the transfer tickets issued by it to passengers the conditions under which such tickets may be used. Whoever uses a transfer ticket in violation of any such condition, or whoever uses or attempts to use a transfer ticket not issued to him, or whoever for value disposes of or attempts to dispose of to any other person a transfer ticket issued to him, or whoever for value delivers or attempts to deliver a transfer ticket not issued to him to any person, shall be punished by a fine of not more than fifty dollars or by imprisonment for not more than one month.

2. **Section 114.** All companies may transport milk and cream over and upon their respective lines of railway and from and to any point thereon, subject only to the supervision of and to such regulations as may be imposed by the department.

3. **Service at Cost.**

   1. **Section 115.** Any company, except the Boston Elevated Railway Company and the Eastern Massachusetts Street Railway Company, and the successors of either of the said companies, which accepts sections one hundred and fifteen to one hundred and twenty-eight, inclusive, as provided in section one hundred and twenty-six, or has accepted corresponding provisions of earlier laws, shall thereafter furnish service to the public at cost, and shall be subject to said sections, inclusive, with reference to the matters specified therein, but in all other respects shall be subject to the general laws relating to street railway companies. The words "the company" as used in said sections, inclusive, shall mean any street railway company which has accepted said sections or corresponding provisions of earlier laws.

   2. **Section 116.** The cost of the service shall include operating expenses, taxes, rentals, interest on all indebtedness as hereinafter defined, dividends on preferred stock, an interest return at the rate of six per cent per annum upon the stock investment as determined by the department under this section and such allowances for depreciation, obsolescence, and losses in respect to property sold, destroyed or abandoned as may be fixed from time to time in the case of each company by the department, and all other expenditures and charges which, under the classification of accounts of the interstate commerce commission and under the laws of the commonwealth, are properly chargeable against income or surplus. The words "stock investment" as used in said sections shall mean the capital investment, as hereinafter defined, less the amount paid in for outstanding preferred stock, bonds and other evidences of funded indebtedness.

   3. The words "capital investment" as used in said sections shall mean the amount of cash or fair value of the property paid in for stock, bonds and other evidences of funded indebtedness and properly expended for capital purposes, such amount to be determined by the department; provided, that if it has approved the issue of any such securities, no further determination in regard to the capital investment represented by such securities shall be necessary.

4. **Section 117.** No company may accept sections one hundred and fifteen to one hundred and twenty-eight, inclusive, until it has provided a reserve fund of not less than six, nor more than twelve per cent, of the

gross earnings of the preceding year, except as otherwise provided in this section. Such reserve fund may be provided by the issue of either bonds or stock or preferred stock issued under the laws regulating such issues. The reserve fund shall at all times be kept separate and distinct and shall be used only for the purpose of making up a deficiency of income where the income of the company is insufficient to pay the cost of service as provided in the preceding section. Until so used, the reserve fund may be invested in bonds of the United States, or of this commonwealth or any city or town thereof. The reserve fund shall be fully subscribed for upon acceptance of said sections by the company, but shall be paid in over a period not exceeding two years, at such times and in such amounts as shall be directed by the department. Any company may furnish a larger reserve fund or increase it with the approval of the department. The reserve fund as originally provided for or as later increased shall be considered the normal reserve fund.

Section 118. Any company desiring to accept said sections shall, at the time of its application to the department to determine the amount of its stock investment, apply to it to determine the status of its then unfunded debt. The department shall thereupon disallow any amount thereof which it deems was improperly incurred. Interest charges upon the debt so disallowed shall be borne by the company and charged to the amount which would otherwise be available as a return upon the stock investment. Interest charges upon the residue of the unfunded debt shall be included in the cost of service. Interest charges upon the unfunded debt incurred by the company after its acceptance of said sections shall be included in the cost of service unless the department determines any portion of such debt to be unreasonable or improper. Interest charges upon any portion disallowed shall thereafter be deducted from the return upon the stock investment.

Section 119. Whenever the income of the company is insufficient to meet the cost of service as defined in section one hundred and sixteen, the reserve fund shall be used, so far as necessary, to make up the deficiency, but when the income exceeds the cost of the service, the excess shall be transferred to and become a part of the reserve fund.

Section 120. A company accepting said sections shall file with its acceptance a schedule of nine different grades of fare and of transfer privileges. One such grade it shall designate as the initial grade which it desires to establish and which will, in its opinion, enable it to earn income sufficient to meet the cost of service. Four of the other grades shall provide for progressive increases and four for progressive decreases in revenue, and each interval of increase or decrease shall be calculated to increase or decrease the reserve fund by thirty per cent of the normal reserve fund. Within thirty days thereafter, after notice and a public hearing, the department shall either approve the schedule so filed or shall establish a schedule similarly designed in place thereof; provided, that if, during any period of sixty days, more than one company shall file its acceptance of said sections and a schedule of proposed grades of fare, the department shall not be required to approve or establish the grades of fare for any such company until thirty days after it has passed upon all schedules previously filed in accordance with this section. Whenever, by reason of any change in the existing rate of fare, there are less

than four grades either above or below the rate of fare then in force, the
compagny shall forthwith file with the department a schedule of additional
grades of fare, so that there will always be both above and below the
existing rate of fare not less than four grades of fare, and the department
shall thereupon, within sixty days thereafter, either approve the schedule
so filed or itself establish in lieu thereof the necessary additional grades of
fare.
25 If at any time it shall appear to be in the interest of the public or of
the company that the said schedule should be changed either with regard
27 to the method or basis upon which the fares and transfer privileges are
28 established, or because the steps between the different grades are too
small or too great, or for any other reason, the company, with the ap-
proval of the department, may change the said schedule.
31 Except as above provided, the department may modify such schedule
32 only after it has been in effect for a period of one year; provided, that
33 no modification of the schedule which diminishes the rate of return on the
34 stock investment shall be continued in effect for a period exceeding four
35 months.

1 SECTION 121. If, as of the last day of any March, June, September
2 or December, the reserve fund shall exceed by thirty per cent or more the
3 normal reserve fund, and during the three preceding months the income
4 shall have exceeded the cost of the service, the company shall, within
5 thirty days thereafter, put into effect the next lower grade of fare adopted
6 as aforesaid; and if, as of the last day of any March, June, September or
7 December, the reserve fund shall be less than seventy per cent of the
8 normal reserve fund, and during the three preceding months the income
9 has been less than the cost of service, the company shall, within thirty
10 days thereafter, put into effect the next higher grade of fare, and the fare
11 shall continue to be decreased or to be increased, if the amount of the
12 reserve fund is above or below said limits, as of such quarterly dates.
13 The company, with the consent of the department, may put into effect
14 the next higher or lower grade of fare at any time when the reserve fund
15 is below or above the normal amount.

1 SECTION 122. The company shall provide an improvement fund of
2 an amount required by the department but not exceeding five per cent
3 of the capital investment. Such fund may be raised by the issue of
4 bonds or stock or preferred stock. It shall be fully subscribed within
5 sixty days after determination of the capital investment of the company,
6 and shall be paid in from time to time, as required, by a plan of gradual
7 improvement to be approved by the department.

1 SECTION 123. Any company accepting said sections shall be bound
2 thereby to sell its entire property and franchises as a going concern to
3 the commonwealth or to any city or town at any time for an amount
4 in cash equal to the stock investment, and the amount of cash paid in
5 for preferred stock, and the purchaser shall in addition assume all out-
standing bonds, contracts, leases and other liabilities of the company.
7 Said sections shall not affect the right of the commonwealth or of any
8 city or town to acquire at any time, by eminent domain under chapter
9 seventy-nine, the property and franchises of any company accepting
10 said sections.
Section 124. The governor, with the advice and consent of the council, shall appoint for terms of three years each three persons to be members of the board of directors of any company which accepts said sections, of whom at least two shall be residents of a city or town served by the company, and none shall be an owner of its stocks or bonds. They shall have and exercise all the power and privileges of the other directors of the company, and shall receive such fees as are paid to the other directors. The by-laws of the company shall be modified so as to permit of the appointment of such persons as directors, and shall also provide for monthly meetings of the board. If any such board shall have an executive committee or a finance committee, or any other standing committee, at least one of the persons appointed by the governor shall be a member of every such committee.

Section 125. In order that the department may at all times be in a position to take such action as the public interest requires, the companies shall furnish it each month with such statements as it requires, showing the condition of the reserve fund, the income and expenditures of the previous month and such other information as the department may desire. The commonwealth shall be divided by the department into street railway districts, and for each district within which one or more companies has accepted said sections the department shall appoint one or more resident supervisors for terms of three years, their salaries and expense allowance to be fixed by the department and paid by the company as an operating expense, or, if their duties extend to more than one company, their salaries and expenses shall be apportioned among the several companies in respect to which they act, in such manner as the department may determine. Said supervisors shall keep in constant touch with the operation of the companies and inform the department of all complaints and criticism of the service rendered.

If the department deems any special investigation of any company necessary it may order the same at the expense of the company.

The department may require such changes in the management and operation of any company which has accepted said sections as it deems necessary for the efficient conduct of the business of the company in the public interest.

Any foreign company furnishing electric light or power to any street railway company operating under said sections shall file annually with the department a schedule of all rates charged to all its customers for power where the electricity is furnished by a central plant to others than the said railway company and with such other information in such form as the department requires. The department may prohibit the transmission of electricity for either light or power unless such information is filed as requested and the prices charged therefor are determined by it to be fair and reasonable.

Section 126. Any company desiring to accept said sections shall apply to the department to determine the amount of its capital investment and of its stock investment, and upon such determination the company may accept said sections by filing with the department its election so to do, authorized by a vote of not less than a majority of its capital stock, and evidence satisfactory to the department that it has provided or will provide the reserve and improvement funds mentioned in sections one hundred and seventeen and one hundred and twenty-two.
The department may permit any company desiring to operate under said sections to begin operations before the determination of its capital investment and of its stock investment; provided, that the company has met all the other requirements of said sections, but no dividends shall be disbursed to the holders of any common stock until after said determination has been made.

**Section 127.** The department may order any company accepting said sections to dispose of any property no longer of service to the company. Any loss thereby incurred it may, with the approval of the department, distribute over such period, not exceeding ten years, as the department shall designate, instead of charging the entire amount of such loss against its earnings or surplus for the year in which such loss may accrue.

**Section 128.** If a majority of the state directors of a company believe that a particular order or decision of the department would impair the ability of the company to pay the six per cent interest return on the stock investment as provided in section one hundred and sixteen, they shall so advise the department in writing, and if, after reconsideration, the department insists upon the order or decision the company may apply by petition to the supreme judicial court for a reversal or modification thereof. The court may appoint three commissioners to determine the facts and questions at issue, and their report, if confirmed by the court, shall be final.

**Railroad Crossings.**

**Section 129.** For the purpose of avoiding or abolishing a crossing of a railroad by the tracks of a street railway company at grade, the company may purchase or take by eminent domain under chapter seventy-nine land necessary therefor, not exceeding fifty feet in width, outside the limits of a public way; but no land shall be so taken which cannot lawfully be taken for the laying out of a railroad, nor shall it be so taken until a plan on an appropriate scale, showing by metes and bounds the land, and the names of the owners thereof, has, after notice to such owners, and after such public notice and hearing as is required by section seven, been approved in writing by the board of aldermen of the city or the selectmen of the town where such land is situated; nor shall the land of a railroad corporation or of another street railway company be so taken without its consent, except with the approval of the department after notice and a hearing.

**Section 130.** A company, which has acquired land for such purpose, may construct its railway over or under a railroad, in the manner agreed upon by the companies, or, if they do not agree, in the manner prescribed by the department; but no overhead structure shall be built at a height of less than eighteen feet above the railroad track without the written consent of the department.

**Section 131.** The board of aldermen of a city or the selectmen of a town, if a public way, and the department of public works, if a state highway, may authorize structures or alterations within, or partly within,
the limits thereof, which are necessary for carrying a street railway over
or under a railroad, if such way is not thereby made unsafe for other
public travel.

CHANGE OF NAME.

SECTION 132. Upon the application of any company, authorized by
a vote of two thirds of the shares present and voting at a meeting called
therefor, the department may, after public notice and a hearing, author-
ize such company to change its name.

SECTION 133. A certified copy of such authorization and a certificate
of the vote of the company, signed and sworn to by the president, treas-
urer and a majority of the directors, shall be filed in the office of the
state secretary. The department shall require public notice to be given
of the change so authorized; and upon receipt of proof thereof the state
secretary shall grant a certificate of the name which the company shall
bear, which, subject to the restrictions of section four, shall thereafter
be its legal name.

SECTION 134. A company shall have the same rights, powers and
privileges, and be subject to the same duties, obligations and liabilities,
under its new name as before its name was changed, and may sue and be
sued by its new name; but any action brought against it under its former
name shall not be defeated on that account, and, on motion of either
party, the new name may be substituted therefor.

SALE BY RECEIVERS.

SECTION 135. A receiver of the property of a company may, by order
of the court, sell and transfer the railway and property of such company,
its locations and franchises, on such terms and in such manner as the
court orders. The purchasers from such receiver, and a company organ-
ized under the following section, if such railway has been transferred to
it, shall hold and possess said railway, all its rights and franchises
and all property acquired in connection therewith, with the same rights
and privileges and subject to the same duties and liabilities as the original
company; but no action shall be brought against such purchasers or
such new company, to enforce any liability incurred by said original
company, except debts and liabilities owing from said original company
to any city or town where the railway is operated and taxes and assess-
ments for which said original company is liable under the laws relating
to street railways, which shall be assumed and paid by said new company.
This section shall not impair the powers of the holders of an outstanding
mortgage to enforce their rights by suit or otherwise.

SECTION 136. The purchasers at such sale shall, with their associates,
to the number of at least fifteen, within sixty days after such sale, organ-
ize for a company for the purpose of holding, owning and operating the
street railway purchased, by filing in the office of the state secretary a
written agreement of association, which shall state:

(a) That the subscribers thereto associate themselves with the inten-
tion of forming a street railway company.
8  (b) The corporate name assumed, which shall be one not in use by
9  any other street railway company in the commonwealth, or, in the
10  judgment of the department, so similar thereto as to be likely to be mis-
11  taken for it, and which shall contain the words, "street railway com-
12  pany", at the end thereof.
13  (c) The corporate name of the company whose property and fran-
14  chises have been purchased.
15  (d) The termini of the railway.
16  (e) The length of the railway, as nearly as may be.
17  (f) The name of each city and town where the railway is located.
18  (g) The name of the court by which the sale was ordered, the date of
19  such order, and date of sale.
20  (h) The total amount of the capital stock of the company, which shall
21  be fixed at an amount approved by the department, but which shall not
22  exceed the fair cost, as determined by the department, of replacing the
23  railway and property so acquired, less the amount of any outstanding
24  mortgages to which said railway and property may be subject in the
25  hands of the new company.
26  (i) The par value of the shares, which may be one hundred dollars,
27  fifty dollars or twenty-five dollars as the department shall authorize.
28  (j) The names and residences of at least five persons, who shall be
29  subscribers to the agreement of association, to act as directors until
30  others are chosen and qualified in their stead.
31  Each associate shall subscribe to the agreement of association his
32  name, residence, post office address, and the number of shares of stock
33  which he agrees to take.

Section 137. The state secretary shall receive the agreement of as-
1  sociation, and preserve it in form convenient for reference and open to
2  public inspection, and shall issue a certificate of incorporation in the form
3  authorized by section nine. Thereupon, the company shall organize in
4  the manner provided in this chapter for the organization of a company.
5  Such company may begin business as soon as it is organized, and shall
6  have all the rights and be subject to all the duties of a street railway
7  company, except as otherwise provided in this and the preceding section.
8  If said purchasers fail to organize a company as hereinbefore provided,
9  all rights and powers to operate said railway shall thereupon cease.

Books, Returns and Reports.
1  Section 138. The directors of every street railway company shall
2  annually within the time prescribed by section thirty-two of chapter
3  one hundred and fifty-nine transmit to the department a return of the
4  company for the year ending on December thirty-first preceding which
5  shall be sworn to by the treasurer and the chief accounting officer of the
6  company. Such return shall set forth copies of all leases and contracts
7  made during the year with other street railway companies, and shall
8  contain full and complete information upon the several items contained
9  in the form prescribed by the department. A company owning a leased
10  railway shall be responsible for the completeness and correctness of its
11  annual return to the same extent as if the railway were in its own pos-
12  session. A company which fails to make a return, or to amend it when
13  notified so to do, shall forfeit twenty-five dollars for each day during
14  which such failure continues.
SECTION 139. The department shall prepare tables and abstracts of the returns of the several companies, and may include in its annual report such of them as it deems expedient.

SECTION 140. The lessee of a street railway shall make to the company which owns it the same annual return on oath of the operations and business of the railway as is required of the company which owns it; and, for failure so to do, shall be liable in tort to said company for all the penalties prescribed by law for failure by it to make its annual return.

SECTION 141. Every state department and commission shall keep a record of its proceedings in any matter considered by it under any laws affecting street railways in which it shall enter every request, made by any party before it, for a ruling of law and of its action upon such request, and the neglect either to grant or refuse such request shall, subject to section five of chapter twenty-five, be taken in any judicial review of such proceedings as a refusal.

ADDITIONAL REMEDY.

SECTION 142. The supreme judicial or superior court shall have jurisdiction in equity, on petition of a company, or of the board of aldermen of a city or the selectmen of a town where the street railway is located, or of any interested party, to compel the observance and to restrain the violation of all laws which govern street railway companies, and of all orders, rules and regulations made in accordance with this chapter by the board of aldermen, selectmen or the department, and to review, annul, modify or amend the rulings of any state department or commission relative to street railways as law and justice may require.

TRANSPORTATION AREAS.

SECTION 143. A city or town may establish, or two or more cities or two or more towns, or two or more cities and towns, may unite for the purpose of establishing, transportation areas for the operation of freight or passenger service, or both, on street railways existing therein. Upon the approval of such an agreement by the department and by the voters, as provided in section one hundred and forty-five, such a transportation area shall be a body corporate or politic, and may become vested with all the rights and powers and shall be subject to all the duties and obligations hereinafter conferred or imposed. All the laws and penalties relating to privately operated street railways within the commonwealth, and such rules and regulations as may from time to time be prescribed by the department shall apply to such an area. The area shall be given a distinctive name by the trustees, hereinafter provided for, which shall include the words “Transportation Area.”

SECTION 144. A city, by vote of its city council, subject to the provisions of its charter, or a town by vote of its board of selectmen, may make preliminary agreements with one or more companies operating within its territory for the lease or purchase and operation of the prop-

5 eries of said company. For the purposes of this section, a company
6 shall act by a majority of its board of directors.

1 Section 145. Upon the acceptance of such a preliminary agreement
2 by a majority in interest of all classes of stock in such a company entitled
3 to vote, and approval by the department after a public hearing of which
4 due notice shall be given, the agreement shall thereupon be binding
5 upon the company, subject to acceptance by the voters as hereinafter
6 provided. The department shall make an appraisal of the property to
7 which the agreement relates, and shall determine the value thereof and
8 the price or rental to be paid therefor by the transportation area. The
9 appraisal shall be on the basis of the actual value at the time of appraisal
10 and not of the cost of replacement. Thereupon the said agreement and
11 appraisal shall be advertised in a newspaper published in every city
12 and town within said area, or in the county as the department may
13 determine, and shall, within sixty days, be submitted to the voters in
14 every such city at a regular or special municipal election, and in every
15 such town at a town meeting called for the purpose, in the form of the
16 following question to be placed upon the official ballot: “Shall the
17 agreement with the (or town of
18 ) company, providing for the operation
19 of its property by a transportation area under sections one hundred
20 and forty-three to one hundred and fifty-eight, inclusive, of chapter one
21 hundred and sixty-one of the General Laws to which the city of
22 shall be a party, be accepted?”
23 If approved by a majority of the voters voting thereon by ballot in every
24 such city and town, except such as may have been excluded by the depart-
25 ment, acting under section one hundred and fifty-four, the said agreement
26 shall thereupon be binding, but not otherwise, and the mayor and city
27 council and the selectmen shall have authority to execute such further
28 agreements, contracts or leases as may be necessary to effect the purposes
29 and terms of the preliminary agreement.

1 Section 146. The management and control of a transportation area
2 shall be vested in a board of trustees of whom two shall be chosen by the
3 mayor of each city concerned, with the approval of the city council, and
4 two by the selectmen of each town concerned. The initial appointees
5 shall serve for terms of one and two years, respectively, and their suc-
6 cessors for terms of two years. If a transportation area is established
7 by a single city, or town, its board of trustees shall consist of five members,
8 of whom the initial appointees shall serve for one, two, three, four and
9 five years, respectively, and their several successors for five years each.
10 Each trustee shall be sworn to the faithful performance of his duty, and
11 a certificate thereof shall be recorded in the records of the secretary of
12 the area, and shall serve until his successor is qualified. A trustee may
13 be removed for cause by the appointing authority, and any vacancy shall
14 be filled in the same manner as an original appointment. The trustees
15 shall not be deemed public officers within the meaning of section forty
16 of chapter two hundred and seventy-one, nor shall they incur any personal
17 liability as such. Together with their agents and employees, they shall
18 be deemed agents of the transportation area. The trustees shall receive
19 no stated salaries, but may be paid not more than ten dollars each for
20 every meeting attended, but no trustee shall receive in the aggregate more
21 than three hundred dollars annually. No stockholder in a street railway
company the property of which is leased to a transportation area shall act as a trustee for such area.

Section 147. The board of trustees of a transportation area shall have full power to operate the street railway property leased or acquired thereby, or to lease or sublease the same, subject to such conditions as may be approved by the department, and may appoint and remove and fix the compensation of such officers, managers and assistants as may be necessary.

Section 148. At the first meeting of the said trustees, and at each annual meeting thereafter, they shall elect from their number a chairman, vice chairman, treasurer and a secretary who shall perform such duties as the trustees shall prescribe. The treasurer shall give a surety company bond in such amount as the trustees shall fix, and the premium thereon shall be paid as an expense of the area. Each trustee shall be entitled to one vote on all matters calling for the determination of the board. The trustees shall hold such meetings and transact such business as may be necessary for the efficient operation of the transportation area. A majority of the board shall constitute a quorum for the transaction of business and the action of a majority of those present at any meeting shall be deemed the action of the trustees. The trustees shall annually, before February first, report, with a detailed statement of the finances of the area, to the several cities and towns of the area, and the treasurer shall, once in every three months, make a financial report to said cities and towns in such form as the trustees prescribe.

Section 149. Upon the request of the board of trustees of a transportation area established under this chapter the department shall take by eminent domain under chapter seventy-nine on behalf of such transportation area the whole property, or any part thereof, of a street railway which the company has ceased, for more than ninety days, to operate, provided that the department has determined that public necessity and convenience require the operation of such street railway, or part thereof and approves the taking, and provided also that the proposed taking has been approved by a majority of the voters, voting thereon, substantially in the manner provided by section one hundred and forty-five, in every city and town included within the transportation area.

Section 150. The cities and towns comprising a transportation area shall contribute to the discharge of its liabilities and obligations on the basis of one third part according to the single track street railway mileage running in or through their respective limits, one third part according to their population, and one third part according to their assessed valuation. The department shall establish the said basis at least once in three years.

Section 151. The financial year of a transportation area shall end on the last day of each calendar year. The cities and towns comprising the area shall, in proportion to their respective interests, as defined in the preceding section, contribute to make up any financial deficit resulting from the operation of the area for any financial year, and the board of assessors of any such city or town, upon receipt from the trustees of a certificate showing the amount so found to be due, shall include said amount in the annual tax levy of the city or town for the year following
9 the said financial year. If there is a surplus from such operation for any
10 financial year, eighty-five per cent thereof shall be distributed by the
11 trustees among the cities and towns comprising the area in proportion
12 to their respective interests, and fifteen per cent thereof shall be held
13 by the trustees to be applied to reduce any deficit in any succeeding year.
14 In reckoning a profit or a deficit, the trustees shall first charge off as
15 depreciation not less than three per cent and not more than five per cent
16 of the book value of the property.

1 Section 152. For the purpose of acquiring street railway property
2 under sections one hundred and forty-three to one hundred and fifty-
3 eight, inclusive, of operating the same, or of contributing toward the
4 sums expended by the transportation area for capital purposes, cities
5 and towns may, with the approval of the department, borrow money in
6 excess of the statutory limit, but not exceeding the sum of two per cent
7 of their respective assessed valuation. Boards of trustees of transportation
8 areas may for current expenses issue from time to time short term
9 notes for terms not exceeding one year, provided that the notes shall
10 first have the approval of the department.

1 Section 153. No extension of lines or trackage shall be made or
2 additional equipment purchased by a transportation area without the
3 consent of the department.

1 Section 154. The department may exclude from a transportation
2 area any city or town, but such exclusion shall not prevent the operation
3 of street railways in or through its territory. The department may
4 also exclude any city or town or part thereof, the inclusion of which
5 would, in its opinion, handicap the efficient operation of a transportation
6 area. The department may permit the operation of street railways
7 without the commonwealth by any transportation area which borders
8 on the boundary line of another state.

1 Section 155. The amount to be paid as rental under a lease of a
2 street railway property shall not exceed seven per cent of the price fixed
3 in any option to purchase the property. Rentals shall be paid to the
4 owners of street railway property by a transportation area at least once
5 in six months. No lease shall be made for a term of more than five or
6 less than two years, but a lease may be renewed if public necessity and
7 convenience, in the opinion of the department, so require. A renewal
8 of a lease shall be made in the same manner as a new lease, except that
9 the transportation area shall give written notice to the owners of the
10 property at least four months in advance of such renewal. A lease may
11 be terminated by the consent of a majority in interest of all classes of
12 stock in such company entitled to vote, and of a majority of the voters
13 of each city and town comprising the transportation area, voting there-
14 on upon submission at a regular or special city election or town meeting
15 upon petition of ten per cent of the registered voters of each city or town
16 filed with the city or town clerk within thirty days of such election or
17 meeting.

1 Section 156. Subject to the approval of the department, the trustees
2 shall establish such fare zones and shall fix such rates of fare to be charged
3 by a transportation area as will reasonably assure sufficient income to
meet the cost of the service, including operating expenses, taxes, rental, interest and the allowance for depreciation required by section one hundred and fifty-one.

SECTION 157. The trustees shall maintain the street railway property in good operating condition. At the expiration of any lease which is not renewed, a transportation area shall return the property to the owners in as good condition as it was when first taken over, ordinary wear and tear to be taken into consideration. All leases shall be subject to a provision that any question of damages shall, within ninety days from the date of expiration of a lease, be submitted to the department, and its decision or award shall be final, it being understood that fluctuations in the value of the property and equipment shall not be taken into consideration.

SECTION 158. Nothing contained in sections one hundred and forty-three to one hundred and fifty-seven, inclusive, shall affect the right of the commonwealth or any subdivision thereof to tax the property owned or leased by a transportation area in the same manner and to the same extent as if the same were under private management, but cities and towns may abate in whole or in part the taxes thereon.

SECTION 159. Sections one hundred and forty-three to one hundred and fifty-eight, inclusive, shall not apply to any territory served by the Boston Elevated Railway Company.

SECTION 160. Sections one hundred and forty-three to one hundred and fifty-nine, inclusive, so far as applicable, shall apply to any transportation area now established under chapter five hundred and ninety-nine of the acts of nineteen hundred and twenty or now in process of establishment thereunder.

SECTION 161. Any city, except Boston, by vote of its city council, and any town by majority vote of the voters thereof present and voting thereon at a town meeting, may, from time to time, for the purpose of avoiding a reduction or discontinuance of service, enter into an agreement with a street railway company operating a street railway therein to pay any part or all of any excess of the cost of the service on the lines of the company operated in such city or town above the amount of the receipts from such lines arising from the rates and fares in effect thereon during the period covered by any such agreement; provided, that no contribution under said agreement shall in any year exceed in such a city the sum of one dollar, or in such a town the sum of two dollars, for each one thousand dollars of the assessed valuation of the year preceding the date of such agreement, and in no event shall it exceed one thousand dollars in any year unless the payment of any such excess is first approved by the department. The department shall, upon application of any city or town agreeing as aforesaid, determine any question relating to the character or extent of the service rendered or facilities furnished in such city or town in pursuance of said agreement, in the event of differences arising between the street railway company and such city or town in relation thereto. Any such city or town may raise by taxation such amounts as may be necessary to carry out the provisions of this section. This section shall not apply to the Boston Elevated Railway Company.

tude.

Section 1. In this chapter, unless the context otherwise requires, the
"department" means the department of public utilities. An "interested
party", in any proceeding under this chapter before the department, the
board of aldermen of any city or the selectmen of any town, shall in-
clude any person whose land is to be taken or whose estate abuts upon
any highway through which the electric railroad is to pass, and any rail-
road corporation or street railway company having a location in any
city or town included within the proposed route of the electric railroad
company.

Section 2. This chapter, so far as applicable, except sections twelve
and thirteen, and laws relative to the taxation of companies organized
under this chapter, shall apply to the form of railway known as the
Boynton bicycle railway.

Section 3. Fifteen or more persons may associate themselves by a
written agreement of association with the intention of forming an electric
railroad company.

Section 4. Such company may, subject to this chapter, construct,
operate and maintain a railroad or railway, including poles, wires, or
other appliances and equipment connected therewith, of the class oper-
ated by electricity or by any power other than steam, which the depart-
ment approves, and constructed wholly upon private land purchased or
taken by said company under this chapter; or constructed partly upon
such private land and partly upon public ways and places, but at least
one half of which is constructed upon such private land. Such company
shall have all the powers and privileges, and be subject to all the duties,
liabilities and restrictions, relative to railroad corporations, set forth in
chapters one hundred and fifty-nine and one hundred and sixty, except
as is otherwise specially provided in this chapter.

Section 5. The agreement of association shall state —
(a) That the subscribers thereto associate themselves with the inten-
tion of forming an electric railroad company;
(b) The corporate name assumed, which shall be one not in use by any other electric railroad company in the commonwealth, or, in the judgment of the department, so similar thereto as to be likely to be mistaken for it, or for any railroad corporation or street railway company in this commonwealth, and which shall contain the words, "electric railroad company", at the end thereof;

(c) The termini of the railroad;

(d) The length of the railroad, as nearly as may be;

(e) The name of each county, city and town in which the railroad is to be located;

(f) The gauge of the railroad, which shall be four feet eight and one half inches;

(g) The total amount of the capital stock of the company, which shall be not less than ten thousand dollars for each mile;

(h) The par value of the shares, which shall be one hundred dollars;

(i) The names and residences of at least five persons, who shall be subscribers to the agreement of association, to act as directors until others are chosen and qualified in their stead.

Each associate shall subscribe to the agreement of association his name, residence, post office address, and the number of shares of stock which he agrees to take, but no subscriber shall be bound to pay more than ten per cent of the amount of his subscription unless a company is incorporated.

Section 6. The directors, before applying to the department as hereinbefore provided, shall publish a copy of the agreement of association as provided in section six of chapter one hundred and sixty-one, and the sworn certificate of the clerk shall be conclusive evidence thereof.

Section 7. After compliance with section three and the two preceding sections, and within thirty days after the first publication of notice of the agreement of association therein required, the directors therein named shall apply to the department for a certificate that public convenience and necessity require the construction of a railroad as proposed in such agreement. With such application said directors shall file a map of the railroad showing the cities and towns through which it will pass, the principal highways, railways, railroads, navigable streams and tide waters to be crossed, and the extent to which the route of the railroad will be fixed upon private land or will be located longitudinally upon public ways and places, together with a general profile of the railroad showing the grades, and an estimate showing in reasonable detail the cost of construction. The directors shall also furnish such additional maps and information as the department may require. Prior to the decision of the department the directors may change or modify the route in any city or town in whole or in part either at the suggestion of the department or otherwise. If the department refuses to issue such certificate, no further proceedings shall be had, but the application may be renewed after one year from the date of such refusal.

Section 8. If the department grants the certificate specified in the preceding section, the directors may, within sixty days after the granting thereof, apply to the board of aldermen of each city and to the selectmen of each town where the railroad is to be located to fix the route of the railroad in such city or town, and with such application the directors
6 shall file a copy of the maps and general profile, and, upon request, the
7 other information presented to the department. The board of aldermen
8 and the selectmen shall give fourteen days' notice of the time and place
9 for a hearing on such application by publication thereof in one or more
10 newspapers. if any, published in said city or town; otherwise in such
11 newspaper or newspapers published in the county where the city or town
12 is situated as shall be designated by the department; and written notice
13 of the time and place at which such hearing will be held shall be mailed
14 at least seven days before said hearing by the clerk of the city or town,
15 where the application for locations has been filed, to the owners as
16 determined by the last preceding assessment for taxation of real estate
17 along the public ways or parts of ways upon which it is proposed to con-
18 struct said line and to the owners of private land upon which the route
19 of the railroad is to be fixed; and said clerk shall make and deliver to
20 the directors at the hearing a certificate setting forth the fact that such
21 notice was published and mailed as herein provided, and such certificate
22 shall be conclusive evidence thereof.

1 Section 9. If the route designated in the application is agreed to by
2 the board of aldermen or the selectmen, and all requirements in respect
3 of the part of said route located longitudinally upon public ways and
4 places are assented to by the directors, and thereafter are approved in
5 writing by the department, the board of aldermen or the selectmen shall
6 make a certificate setting forth the route as fixed by them, which shall be
7 certified by said board or their clerk to the directors, and no further pro-
8 ceedings shall be necessary, but the route so agreed to shall be the route
9 of said railroad in such city or town, except as hereinafter provided. If
10 the board of aldermen or the selectmen agree with the directors upon a
11 route different from that designated in the application, or fail within
12 ninety days after the date of the filing of the application to agree with
13 the directors upon a route, or as to requirements in respect of the part of
14 the route located longitudinally upon public ways and places which meet
15 with the approval of the department, the directors or the board of alder-
16 men or selectmen, within one hundred days after the date of the filing of
17 the application, may apply to the department, which may, in its discri-
18 mination, after notice to the directors and board of aldermen or selectmen,
19 and after public notice and a hearing, fix the route and determine the
20 grades and method of constructing said railroad in such city or town, and
21 no change shall thereafter be made by the directors in the grades or method
22 of construction so determined without the written approval of the de-
23 partment after notice to the board of aldermen or selectmen and after
24 public notice and a hearing. The department shall thereupon make a cer-
25 tificate setting forth the route as fixed by it, which route shall be certified
26 by its clerk to the directors. In fixing such route the department shall
27 not locate it longitudinally upon any public way or place in such city or
28 town without the consent of the board of aldermen or the selectmen.
29 That part of the route consisting of a location longitudinally upon a
30 public way or place shall not be deemed to be fixed until all require-
31 ments imposed in respect of it by the board of aldermen, or the selectmen,
32 are approved in writing by the department. If the route in any city or
33 town, as fixed either by the board of aldermen or selectmen, or by the
34 department, in the manner hereinafore provided, is different from the
35 route designated in the application of the directors and if said change of
36 route in the opinion of the directors makes it desirable to change the
route of said railroad in any of the other cities or towns through which the route of said railroad passes, or if the directors deem it desirable to change the route of the railroad so as to pass through any cities or towns not named in the agreement of association of said railroad company or to change the route so as no longer to pass through certain cities or towns where the directors have applied to have the route fixed, then the directors may at any time before the route in all the cities and towns is finally fixed, or within thirty days thereafter, apply to the department for leave to apply again to the board of aldermen or selectmen of any cities or towns to fix a new route other than that originally applied for within such cities or towns or to apply to the board of aldermen or selectmen of any cities or towns not named in the agreement of association of said railroad company to fix a route of the railroad passing through such cities or towns, or for leave to abandon the route in any cities or towns where the directors have applied, as aforesaid, to have the route fixed.

With such application to the department the directors shall file a map and general profile showing the change in the route as proposed, which map and general profile shall be in the same form as those filed under section seven, and the directors shall also furnish such additional information as the department may require. The department shall give a public hearing upon such application after giving such notice to the directors and to the board of aldermen or selectmen of such cities or towns as it deems requisite. If the department authorizes the directors to apply to any cities or towns to fix a route other than that designated in the original application, then all proceedings theretofore taken in regard to fixing the route in such cities or towns shall become null and void, and the directors shall, within sixty days thereafter, again apply to the board of aldermen of such cities and to the selectmen of such towns to fix anew the route of the railroad in such cities or towns, and with such application shall file a copy of the maps and general profile of such proposed altered route, and, upon request, the other information presented to the department. The proceedings thereafter upon such application shall be as provided for an original application. If the department authorizes the directors to apply to any cities or towns not named in said agreement of association to fix a route of the railroad passing through said cities or towns, then the directors shall, within sixty days after the granting of such authority, apply to the board of aldermen or selectmen to fix the route of the railroad in such cities or towns. Said application shall be made in the same manner and the proceedings thereon shall be the same as in an application to fix the route of the railroad to the board of aldermen or selectmen of a city or town originally named in the agreement of association of such railroad company. If the department authorizes the directors to abandon entirely the route in any cities or towns where the directors have applied, as aforesaid, to have the route fixed, then any action taken in regard to fixing the route in such cities or towns shall become null and void, and the railroad company shall be under no obligation to construct its railroad therein. The order of the department authorizing the directors to apply for a route of the railroad in any city or town not named in the agreement of association or the order of the department under which the route in any cities or towns is abandoned, shall operate as an amendment to the clauses in said agreement of association which name the cities or towns where the railroad is to be located, and the termini thereof, and a certified copy of said order shall be attached to the agreement of association.
Section 10. If the board of aldermen or the selectmen deem public convenience and necessity require the railroad to be constructed in part longitudinally upon a public way or place, they may, in granting or agreeing to a location thereon, prescribe how the tracks shall be laid, the kind of wires, poles, rails and other appliances which shall be used, and may impose such terms, conditions and obligations incidental to and not inconsistent with the objects of a street railway company as the public interests may require, and the department approves.

Section 11. The certificate of incorporation issued by the state secretary to the company shall contain the words, "electric railroad companies", instead of the words, "railroad corporations".

Section 12. If an electric railroad company, incorporated under this chapter, does not begin the construction of its railroad and expend thereon at least ten percent of the amount of its original capital stock within two years after the date of its certificate of incorporation, and does not complete and open its railroad for use within four years after said date, its corporate powers and existence shall cease, unless the department, after public notice and a hearing, extends said time by a certificate, stating that it deems due diligence has been exercised by the corporation, and that public necessity and convenience require such extension.

Section 13. If an electric railroad company, incorporated under this chapter, does not complete and open for use an extension within four years after the date of the authorization of the extension by the department, the power of the company to construct and operate the same shall cease unless the department after public notice and a hearing, extends said time by a certificate stating that it deems due diligence has been exercised by the corporation, and that public necessity and convenience require the said extension of time.

Section 14. An electric railroad company shall act as a common carrier of baggage, express matter and freight in such cases, upon such parts of its railroad, and to such extent, in any city or town as, after public notice and a hearing upon the petition of the president or a majority of the directors of the company or any interested party, the board of aldermen or the selectmen, or those exercising the powers of such board or selectmen, in such city or town, shall by order approve; provided, that a company shall actually engage in the business of a common carrier under this chapter only in such cases, upon such parts of its railroad, and to such extent, approved as aforesaid, as the department shall certify, after public notice and a hearing upon said petition, that public necessity and convenience require; and provided, that any company acting under authority hereof shall be subject to such regulations and restrictions as may from time to time be made by the local authorities aforesaid, with the approval of the department, and shall also be subject to all laws relating to common carriers so far as consistent herewith and with said regulations and restrictions.

Section 15. An electric railroad company shall be subject to sections twenty-five, forty, forty-two, forty-six, forty-nine, fifty, seventy, seventy-one, seventy-seven to ninety-eight, inclusive, one hundred to one hundred and three, inclusive, one hundred and twenty-nine to one hundred and sixty-four of the general railroad law applicable.
and thirty-one, inclusive, and one hundred and forty-one of chapter one hundred and sixty-one and section one hundred and two of chapter two hundred and sixty-six.

**SECTION 16.** An electric railroad company shall not be subject to the following provisions of law relative to railroad corporations contained in chapter one hundred and sixty: so much of section twenty-two as refers to tracks laid longitudinally within the limits of a public way; so much of section forty-one as applies to grain elevators; sections sixty-five to sixty-seven, inclusive, and sections one hundred and thirty-eight, one hundred and fifty-one, one hundred and fifty-two, one hundred and sixty-eight to one hundred and seventy-one, inclusive, and two hundred and twenty-seven; but the department shall prescribe rules and regulations relative to the equipment of cars, the ringing of bells, the sounding of whistles and the giving of signals, for the prevention of accidents.

**SECTION 17.** The location, construction, maintenance or operation of said lines of railroad in so far as the same are located longitudinally upon an elevated structure upon a public way or place shall be deemed an additional servitude, and shall entitle parties having an estate in such public ways or places, or in premises which abut thereon, and who are damaged by reason of such location, construction, maintenance and operation, to recover such damages from the electric railroad company under chapter seventy-nine.

**SECTION 18.** Whoever without right knowingly stands or walks on an electric railroad track not within the limits of a highway shall forfeit not less than five nor more than fifty dollars.

that its construction would result in a competitive service injurious to the public and to such street railway company; provided, that the latter is ready and willing and offers to construct and does construct, within such reasonable time as the department may fix, a line of street railway or a line of trolley motor or trackless trolley in the public way described in the petition, which the department deems will serve the public as well as would the proposed line described in the petition; and no such approval shall be granted in any event if the department deems that the granting of the same would be unduly injurious to any street railway or trackless trolley line covering the same or substantially the same territory.

SECTION 7. Every corporation undertaking to perform the kind of public service authorized by this chapter shall thereupon become a common carrier, with all the duties and liabilities of common carriers, and the department shall have the same jurisdiction over the operation and the service rendered that it has over street railway companies, except that no corporation shall be required, without its consent, to extend its trackless trolley service beyond that described in its petition under the preceding section or in its offer to the department thereunder, and the department may permit the suspension or curtailment in whole or in part of the trackless trolley service of any corporation operating under authority of this chapter whenever, by reason of weather or traffic conditions, or of the condition of the highways, or the season of the year, such suspension or curtailment may be desirable for the safety of the traveling public or to avoid loss in operation.

SECTION 8. Every corporation doing business under this chapter shall be subject to general laws governing street railway companies in respect to the future issue of stocks and bonds, consolidation, leases, revocation of permits and locations; and shall also be subject to the same regulation and supervision, and shall file with the department the same reports and information required of street railway companies, so far as such regulation, supervision and requirements are applicable to corporations doing business under this chapter and are consistent with its provisions.

SECTION 10. Any corporation doing business under this chapter may purchase electricity from any person, city or town, engaged in its manufacture or distribution from any street railway company, on such terms and conditions as the department approves, and, with like approval, may make contracts with any corporation having poles, wires, conduits or other structures or appliances within the limits of public ways or on private lands for the purchase or for the use of such poles, wires, conduits or other structures.

SECTION 11. Any corporation doing business under this chapter may purchase and hold personal and real estate necessary or convenient for the operation of its lines.

two of chapter one hundred and fifty-eight, in so far as applicable, shall apply. The aggregate par value of the outstanding shares shall not be increased by a change in the par value thereof.

Section 9. An electric company which owns or operates an hydro-electric plant may, subject to all laws governing the issue of capital stock by electric companies, issue preferred stock of one or more classes to such amount, not exceeding twice the amount of the general or common stock then outstanding, as the department may from time to time approve; and, in approving, under section fourteen, the issue of stock or bonds by an electric company which has theretofore issued and has outstanding stock or bonds for which the approval of the department or its predecessors was not required, the department may direct that such new stock or bonds shall bear some distinctive designation. An electric company which owns an hydro-electric plant in this commonwealth may for the purpose of securing refunding mortgage bonds, with the consent of the department and to such extent and upon such terms as the department may approve, pledge, or cause to be pledged, bonds secured by prior liens upon the property mortgaged to secure such refunding mortgage bonds, and prior lien bonds so pledged shall not be counted in applying any limitations of law upon the amount of its outstanding bonds. An electric company may, with the consent of the department and to such extent and upon such terms as the department may approve, acquire the stocks, bonds or other obligations of a corporation, association or person owning a storage reservoir in the states of Vermont or New Hampshire, the operation of which will be beneficial to an hydro-electric plant in this commonwealth owned by such company, or owning an electric system completed or under construction in another state from which such electric company derives or has contracted for an amount of electrical energy which in the opinion of the department is a substantial amount.

Section 9A. An electric company may, in its agreement of association or, in case of a company already organized, at any time and from time to time, by vote of two thirds in amount of all its stockholders at a meeting duly called for the purpose, state that it is organized for, or that thereafter its corporate purpose shall be, the generating and buying of electricity and the transmitting and selling of the same to two or more corporations specified in said agreement or vote as engaged in the electric light or electric power business, or both, in this commonwealth or adjoining states, including other purposes incidental thereto. Upon the approval of said statement by the department, such company shall be limited, in respect to its rights and obligations to transmit and sell electricity, to the transmission and sale thereof to the corporations specified as aforesaid upon such terms as the department shall approve; provided, that such corporations become stockholders in said company as hereinafter provided. With the consent of the department and to such extent and upon such terms as it may approve, any corporation specified as aforesaid may subscribe for, acquire, own and dispose of stock, bonds or other securities of such electric company, and may, with the consent of the department and upon such terms as it may prescribe, and in compliance with all provisions of law relative thereto, issue and sell its own stock, bonds or other securities to obtain the capital necessary to acquire the same.
SECTION 10. Every corporation subject to this chapter, unless otherwise expressly provided, at a meeting called therefor may increase its capital stock from time to time by such amounts as may be authorized by the department in accordance with section fourteen, and may reduce its capital stock, and the number of shares therein, subject to the provisions of this chapter and of chapter one hundred and fifty-eight.

SECTION 11. No gas or electric company shall declare any stock or serip dividend or divide the proceeds of the sale of stock or serip among its stockholders; nor shall any gas or electric company except as provided in this chapter issue any share of stock to any person unless the par value of the shares so issued or the price thereof as fixed and determined under sections eighteen and nineteen is first paid in cash to its treasurer. The conveyance to such company of real or personal property shall be deemed a sufficient paying in of its original capital stock to such amount as may be approved by the department under the provisions of section fourteen.

SECTION 12. All certificates of stock or serip issued in violation of the preceding section shall be void; and the directors of the corporation which issues them shall be liable to a penalty of one thousand dollars each, to be recovered by indictment in any county where any of them reside; but if any such director proves that, before such issue, he filed his written dissent thereto with the clerk, and at no time voted therefor, he shall not be so liable.

SECTION 13. A corporation subject to this chapter may, by vote of a majority in interest of its stockholders at a meeting called therefor, and subject to the limitations and restrictions of the following section, issue bonds, at not less than par, to an amount not exceeding its capital stock actually paid in at the time of such issue and applied to the purposes of the corporation, increased by all cash premiums paid to the corporation thereon and likewise so applied, and bearing interest at such rate as the department shall approve, and, if issued under a mortgage existing on June second, nineteen hundred and twenty, by the provisions of which the rate of interest on bonds issued thereunder is fixed, at a price and with provisions for amortization of any discount approved by the department as consistent with the public interest; provided, that the terms of the mortgage so permit; and may secure the payment of the principal and interest of said bonds by a mortgage of its franchise and property. All persons who acquire any mains, conduits, poles, wires, fixtures or other apparatus in, over, under or across public ways by virtue of such mortgage shall have the same rights and be subject to the same obligations relative to their erection, care, maintenance and operation as the corporation would have had, or would have been subject to, if the mortgage had not been made.

SECTION 14. Gas and electric companies shall issue only such amount of stock and bonds, and of coupon notes and other evidences of indebtedness payable at periods of more than three years after the date thereof, as the department may from time to time vote is reasonably necessary for the purpose for which such issue of stock, bonds, coupon notes or
6 other evidences of indebtedness has been authorized. The department
7 may take into consideration any resources of the companies available
8 or which might have been available for said purpose. The department
9 shall render a decision upon an application for such issue within thirty
10 days after the final hearing thereon. The decision shall be in writing.
11 shall assign the reasons therefor, shall, if approving such issue, specify the
12 respective amounts of stock, bonds, coupon notes or other evidences of
13 indebtedness which are approved to be issued for the respective purposes
14 to which the proceeds thereof are to be applied, and shall, within seven
15 days after it has been rendered, be filed in the office of the department.
16 A certificate of the vote of the department shall, within three days after
17 such decision has been rendered and before the stock, bonds, coupon
18 notes or other evidences of indebtedness are issued, be filed in the office
19 of the state secretary, and a duplicate thereof delivered to the corpora-
20 tion, which shall enter the same upon its records. A company subject
21 to this section shall not apply the proceeds of such stock, bonds, coupon
22 notes or other evidences of indebtedness to any purpose not specified in
23 such certificate. No application for the approval of an issue of stock
24 shall be made unless authorized by vote of the incorporators, if an
25 original issue, or of the stockholders if an increase of stock, passed not
26 more than four months prior to such application; but a vote of the
27 stockholders to increase the capital stock may be passed before or after
28 the decision of the department.

1 Section 15. A gas or electric company, under the supervision of
2 the department, issuing bonds under the two preceding sections, shall
3 invite proposals for the purchase thereof by advertisements in two or
4 more newspapers published in the city or town where it is situated, if
5 there be such, and in two or more newspapers published in Boston. It
6 may, however, reserve the right to reject any and all bids. If no such
7 proposal is accepted, it may sell the whole or any part of the bonds to
8 any persons or corporations in such manner, at such times, and upon
9 such terms, but in no case at less than the par value thereof to be ac-
10 tually paid in cash, as its directors shall determine.

1 Section 16. If, when the department approves an issue of new stock,
2 bonds or other securities by a gas or electric company, it determines
3 that the fair structural value of the plant and of the land of such
4 company is less than its outstanding stock and debt, it may prescribe
5 such conditions and requirements as it deems best adapted to make
6 good within a reasonable time the impairment of the capital stock; or
7 before allowing an increase, it may require the capital stock to be
8 reduced by a prescribed amount, not exceeding the amount of such im-
9 pairment. The amount of impairment and the conditions and require-
10 ments imposed shall be stated in the annual report of the department.
11 The supreme judicial or superior court shall have jurisdiction in equity,
12 on application of the department, the attorney general, any stockholder
13 or any interested party, to enforce this section and section fourteen and
14 all orders and decisions, conditions or requirements of the department
15 made in pursuance thereof.

votes to authorize the application of, or knowingly applies, the proceeds
of such stock, bonds or other securities contrary to any said provision, or
who knowingly votes to assume or incur, or knowingly assumes or incurs
in the name or behalf of such corporation, any debt or liability except for
the legitimate purposes of the corporation, shall be punished by a fine
of not more than one thousand dollars or by imprisonment for not more
than one year, or both.

Section 18. If a gas or electric company increases its capital stock, 1
such new shares shall, except as provided in the following section, be
offered proportionately to its stockholders at such price, not less than par, 3
as its directors may fix. The vote of the department, as provided in sec-
section fourteen, as to the amount of stock reasonably necessary for the pur-
pose for which such increase has been authorized, shall be based on the
price fixed by the directors, unless the department deems that such price
is so low as to be inconsistent with the public interest, in which case it
may fix the price at which such shares may be issued. If it deems that
such new shares cannot be disposed of to the stockholders or others at 10
above the par value thereof, it may, notwithstanding the provisions of 11
this or any other section, authorize the issue of such new shares at a 12
price less than the par value thereof and with such requirements for the 13
amortization of the discount as it may deem necessary in the public 14
interest. Its determination shall be made part of the vote of the depart-
ment as provided in section fourteen, and shall be certified and recorded 16
as therein prescribed. The directors, upon the approval of such increase
17 as provided in section fourteen and the fixing of the price as herein pro-
vided, shall cause written notice of such increase to be given to every 18
stockholder who was such at the date of the vote to increase, stating the
amount of such increase, the number of shares or fractions of shares 21
which he, according to the proportionate number of his shares at the date
of such vote, is entitled, the price at which he may take them, and fixing
a time, not less than fifteen days after the date of such determination, 23
within which he may subscribe for such additional stock; provided, 24
that when the capital stock of the corporation consists of preferred and 25
common stock, the agreement or amended agreement of association or 26
the by-laws or amended by-laws of the corporation may provide that 27
the holders of preferred stock only shall be entitled to subscribe for new 29
or additional preferred stock and that the holders of common stock only 30
shall be entitled to subscribe for new or additional common stock, and 31
that notice of such increase as aforesaid need be given only to the stock-
holders so entitled to subscribe. Every stockholder entitled to subscribe 33
as aforesaid may, within the time limited, subscribe for his portion of 34
the stock, which shall be paid for in cash before the issue of a certificate 35
therefor. All votes and proceedings relative to the increase, and all 36
rights of stockholders to subscribe for the new shares, shall be void 37
unless the directors, after the vote to increase and within sixty days 38
after final action of the department, shall cause written notice of such 39
increase to be given as herein provided, or, if such increase is within the 40
provisions of the following section, shall dispose of the same as therein 41
provided.

Section 19. If an increase subject to the preceding section does not
exceed four per cent of the existing stock of the company, the directors, 2
3 without first offering the shares to the stockholders, may sell them by
4 auction or by tender to the highest bidder in such manner, at such times
5 and upon such terms, not less than par to be paid in cash, as the directors
6 shall determine, or may sell them to customers or employees of the
7 company upon such terms and subject to such conditions as may be
8 approved by the department. Any shares heretofore or hereafter
9 authorized, which, under the provisions of the preceding section, remain
10 unsubscribed for by the stockholders entitled to take them may be sold
11 by the directors at public auction, or may be disposed of to customers
12 or employees of the company or others at such price, not less than par,
13 or at such price less than par as may have been authorized by the depart-
14 ment as provided in section eighteen, and upon such terms and in such
15 manner as the directors may deem advisable, subject to the approval of
16 the department. Such shares as are sold by auction shall be offered for
17 sale in Boston or in such other city or town as the department prescribes,
18 and notice of the time and place of the sale shall be published at least
19 five times, during the ten days immediately preceding the sale, in each
20 of three, at least, of such daily newspapers as the department may
21 prescribe.

1 Section 20. A corporation subject to this chapter shall not begin
2 business until the whole amount of its capital stock, or such part thereof
3 as may have been approved by the department, has been paid in and a
4 certificate of that fact, and of the manner in which it has been paid in,
5 and, at the time of making the certificate, been invested or voted by the
6 corporation to be invested, signed and sworn to by the president, treasurer
7 and a majority of the directors, has been filed in the office of the state
8 secretary.

1 Section 22. A corporation subject to this chapter may, by a vote of
2 all its stockholders at a meeting duly called for the purpose, alter, add to
3 or change the business for which it was incorporated, but it shall not be
4 empowered thereby to engage in any business not authorized by this
5 chapter, and if a gas company, it shall not engage in the business of
6 making or selling electricity unless duly authorized to engage therein
7 as provided in the following section, and if an electric company, it shall
8 not engage in the business of making or selling gas. A certificate setting
9 forth such alteration, addition or change, signed and sworn to by the
10 president, treasurer and a majority of the directors, shall be filed in the
11 office of the state secretary.

1 Section 23. The department, upon written application of a gas com-
2 pany, may, after notice and a hearing, authorize said company to engage
3 in the business of generating and furnishing electricity in the territory, R. L. 121, § 14.
or any such part thereof as the department may designate, in which it is authorized to supply gas; but it shall not engage in said business unless authorized by vote of two thirds of the stockholders, representing not less than two thirds of the stock, at a meeting duly called therefor. Said company shall file in the office of the state secretary a certificate as provided in the preceding section.

Section 24. The department, when granting such authority, shall prescribe the time, not exceeding six months, within which said company shall acquire a plant for generating the electricity required in the specified territory, and shall designate the minimum capacity of the plant; and if the company fails to acquire said plant within the time prescribed, said authority shall be void and no such authority shall be again granted to it within two years thereafter. The department may, for cause shown, extend the time for erecting and equipping said plant for not more than three months after the expiration of the time first prescribed.

Section 25. At the expiration of such time or of any extension thereof, the department shall, after such examination as it deems proper, make, in a book kept therefor, a record that its orders relative to the acquisition of said plant have or have not been complied with, which record shall be conclusive evidence of the truth of the matters stated therein.

Section 26. Such gas company may, subject to the provisions of sections ninety-six, ninety-eight and ninety-nine, purchase or lease and use the property, licenses, rights, privileges and franchises of any electric company engaged in the business of furnishing electricity in the territory where such gas company may be authorized to furnish such electricity.

Section 27. Except as otherwise expressly provided in this chapter, such gas company shall, in exercising the powers conferred by the four preceding sections, have all the powers and privileges and be subject to all the duties, restrictions and liabilities of an electric company.

Section 28. If a corporation subject to this chapter changes its name, as provided in section ten of chapter one hundred and fifty-five, the new name shall contain, at the end thereof, the words "gas company", or "electric company", as the case may be.

Section 29. Whenever any change is made in the officers of a corporation subject to this chapter, except at the annual meeting, a certificate of such change, signed and sworn to by the clerk, shall forthwith be filed in the offices of the commissioner of corporations and taxation of the department. Any such corporation failing to file such certificate within thirty days after such change has been made, or which fails to keep a clerk of the corporation in the commonwealth, shall forfeit not more than five hundred dollars, to be recovered in the manner prescribed by section forty-two of chapter one hundred and fifty-eight.

Section 30. The department may, after notice and a public hearing, authorize a gas or electric company to carry on its business in any town in the commonwealth other than the town named in its agreement
4 of association or charter, subject to sections eighty-six to eighty-eight, 1910, 197.

MUNICIPAL LIGHTING PLANTS.

1 Section 34. A town may, in accordance with this chapter, construct, 1501, 370, § 1.
2 purchase or lease, and maintain within its limits, one or more plants for 1894, 535.
3 the manufacture or distribution of gas or electricity for municipal use or 1901, 370, § 1.
4 for the use of its inhabitants. Such plants may include suitable land, 1906, 463, 111.
5 structures and machinery and other apparatus and appliances for manufac-
6 turing, using and distributing gas or electricity for said purposes.
1897, 205, § 2.
SECTION 35. A city shall not acquire such a plant until authorized by a two thirds vote of its city council, or of a majority of the commissioners if the city government consists of a commission, passed in each of two consecutive municipal years and thereafter ratified by a majority of the voters at an annual or special city election. If such a vote is not ratified, no similar vote shall be submitted for ratification within one year thereafter.

SECTION 36. A town shall not acquire such a plant until authorized by a two thirds vote, taken by ballot with the use of the voting list, at each of two town meetings called therefor and held at intervals of not less than two nor more than thirteen months. If the first of such votes is favorable and the second unfavorable, or if both such votes are unfavorable, no similar vote shall be passed within two years thereafter.

SECTION 37. After a city or town has voted under section thirty-five or thirty-six, the city or town clerk shall forthwith transmit to the department a certified copy of so much of the records of the city council or of the town as relates to the result of the vote.

SECTION 38. If a city or town which has authorized the acquisition of such a plant subsequently votes to establish, purchase, reconstruct, extend or enlarge a plant, or to issue bonds, notes or certificates of indebtedness on account thereof, or to regulate the management or conduct thereof, or to adopt an ordinance or by-law relative thereto, the city or town clerk shall, within ten days after such vote, transmit to the department a certified copy thereof.

SECTION 39. A city or town clerk failing to comply with any provision of the two preceding sections shall forfeit not more than twenty-five dollars.

SECTION 40. A city or town which has duly voted to acquire a municipal lighting plant may incur debt as provided in section eight of chapter forty-four for the purpose of establishing, purchasing, extending or enlarging it within its territorial limits.

SECTION 41. A city or town owning such a plant shall not, except by a vote taken in the manner prescribed in section eight of chapter forty-four, reconstruct, enlarge or extend the same beyond the necessary and ordinary maintenance, repair and replacement thereof, or the provision of increased appliances necessary to distribute gas or electricity to new consumers.

SECTION 42. If, when a town votes to establish a municipal lighting plant, any person or municipality was, at the time of the first vote required by section thirty-five or thirty-six, engaged in generating or distributing gas or electricity for sale for lighting purposes in such town, the town may purchase of him or it, at such price and on such terms as may be agreed upon, such portion of his or its plant and property within the limits of such town as such town desires for its use and as can be
§ 8 agreed upon, provided, however, that no such purchase shall be con-
cluded by a city unless approved by vote of its city council, or of its
commissioners if the city government consists of a commission, or by a
town unless ratified by the voters at a town meeting.

1. **SECTION 43.** If a town which votes to establish a municipal lighting
plant fails, within one hundred and fifty days from the passage of the
final vote required by section thirty-five or thirty-six, to agree, as to price,
or as to the property to be included in the purchase, with any person or
municipality engaged at the time of the first vote required by said section
thirty-five or thirty-six in generating or distributing gas or electricity
for sale for lighting purposes in such town and electing to sell, either such
town or such person or municipality may apply to the department within
thirty days after the expiration of said one hundred and fifty days for a
determination as to what property ought in the public interest to be
included in the purchase and what price should be paid, having in view
the cost of the property less a reasonable allowance for depreciation and
obsolescence, and any other element which may enter into a determina-
tion of a fair value of the property so purchased, but such value shall be
estimated without enhancement on account of future earning capacity
or good will, or of exclusive privileges derived from rights in the public
ways; and thereupon the department, after notice to the parties, shall
give a hearing thereon and make the determination aforesaid. Such
property shall include such portion of the property of such person or
municipality within the limits of such town as is suitable for, and used
in connection with, the generation or distribution of gas or electricity
within such limits; provided, that such purchase shall include both a gas
and electric lighting plant only if a single corporation owns or operates
both such plants. Such price shall include damages, if any, which the
department finds would be caused by the severance of the property pro-
posed to be included in the purchase from other property of the owner.
If any such property is subject to any mortgages, liens or other encum-
brances, the department in making its determination shall provide for the
deduction or withholding from the purchase price, pending discharge, of
such sum or sums as it deems proper.

2. If within thirty days after such determination shall have been made
by the department, the owner shall notify the town of its acceptance of
the determination as made by the department, and within a further period
of thirty days shall tender a good and sufficient deed of conveyance to the
city or town clerk of the property required by the department to be pur-
chased, and shall then place said deed in escrow, the town shall have
sixty days in which to accept or reject said tender, and if it accepts shall
have a further period of sixty days in which to pay to the owner the price
deemed as hereinbefore provided. Such acceptance or rejection in
case of a city shall be by vote of its city council, or its commissioners if its
government consists of a commission, and in case of a town shall be by
vote at a town meeting. A rejection of the tender shall operate as a
rescission of all votes theretofore passed for the establishment of a
municipal lighting plant.

3. Should the owner not file such acceptance and tender within the time
so limited, the town may proceed to construct or otherwise acquire a
municipal plant without further attempt to acquire the plant of such
owner or any part thereof, provided, however, that in case of a city such
action is authorized by vote of its city council, or of its commissioners if
its government consists of a commission, and that in case of a town such action is authorized by vote at a town meeting.

SECTION 44. [Repealed, 1929, 379, § 3.]

Section 45. If a town purchases a gas or electric lighting plant having mains, poles, wires or other distributing apparatus in an adjoining town where there is no private gas or electric lighting company, it may also purchase such mains, poles, wires or other distributing apparatus therein, subject to sections forty-two and forty-three.

Section 46. A town which has acquired, as hereinbefore provided, mains, poles, wires or other distributing apparatus in an adjoining town may thereafter manufacture, sell and distribute gas or electricity to said adjoining town or to its inhabitants, and shall thereafter have therein the same rights and franchises and be subject to the same limitations and obligations as the vendor from whom such outlying plant was purchased would have had or to which he would have been subject had such purchase not been made.

Section 47. The department may, after notice and a public hearing, authorize a town which has acquired a municipal lighting plant to extend its mains or lines into an adjoining town in order to distribute and sell gas or electricity therein, if such town or a private corporation therein is not then supplying such town with gas or electricity, as the case may be. Such authorization shall be upon such terms and with such limitations and restrictions as the department deems for the public interest. A town so authorized shall thereafter have in such adjoining town the same rights and privileges, and be subject to the same limitations and obligations, as it has within its own territorial limits.

SECTION 48. [Repealed, 1929, 379, § 7.]

SECTION 49. [Repealed, 1929, 379, § 7.]

SECTION 50. [Repealed, 1929, 379, § 7.]

Section 51. A town which has acquired a plant for the manufacture or distribution of gas may purchase gas from another town authorized to sell the same or from any corporation selling gas; and a town which has acquired a plant for the manufacture or distribution of electricity may purchase electricity from another town authorized to sell the same or from any corporation selling electricity, except as provided in the following section.

Section 52. A town in which no person or corporation is engaged in generating or distributing electricity for sale and which has voted or shall vote to construct one or more plants for the manufacture or distribution of electricity for municipal use or for the use of its inhabitants, or for both purposes, may make contracts, for terms not exceeding ten years, with any street railway company operating a street railway in such town, for the purchase of electricity from such company in order to furnish electricity for municipal use or for the use of its inhabitants, or both; and street railway companies may make contracts to furnish
10 electricity as aforesaid to a town, but the contracts shall not become
11 operative unless the department shall, after a public hearing, approve
12 the terms thereof as consistent with the public interest. This and the
13 three following sections shall not apply to cities.

1 Section 53. Electricity supplied by a street railway company to a
town shall be delivered to the distributing system of said town at
specified place or places therein, and the meter or meters by which such
electricity is measured shall be a part of the distributing system.

1914, 742, §§ 110, 199.

1 Section 54. If a town voting to purchase electricity from a street
railway company is unable to agree with such company at the expira-
tion of a contract, made in accordance with section fifty-two, upon the
price to be paid for electricity by, or upon the manner in which elec-
tricity is to be furnished to, said town in the future, its selectmen may
apply to the department to fix the price which it shall pay for said elec-
tricity to, and the manner in which electricity shall be furnished by,
said company; and thereupon the department shall set a date for a
public hearing upon such application, giving said company reasonable
notice thereof; and after the hearing the department shall, if it deems
the furnishing of such electricity consistent with the interest of public
travel upon the railway of such company, fix the price which said town
shall pay for electricity to, and the manner in which electricity shall be
furnished by, said company; and said company shall thereupon furnish
to said town electricity at the price and in the manner fixed by the
16 department.

1 Section 55. A town which has established or votes to establish a gas
or electric plant may elect a municipal light board consisting of three
citizens of the town, one of whom shall be chosen for one year, one for
two years, and one for three years, and at each annual meeting thereafter
one for a term of three years, who shall have authority to construct, pur-
chase or lease a gas or electric plant in accordance with the vote of the
town and to maintain and operate the same.

1 Section 56. The mayor of a city, or the selectmen or municipal light
board, if any, of a town acquiring a gas or electric plant shall appoint a
manager of municipal lighting who shall, under the direction and control
of the mayor, selectmen or municipal light board, if any, and subject to
this chapter, have full charge of the operation and management of the
gas or electric plant, the manufacture and distribution of gas or electricity, the purchase
of supplies, the employment of agents and servants, the method, time,
price, quantity and quality of the supply, the collection of bills, and the
keeping of accounts. His compensation and term of office shall be fixed in
cities by the city council and in towns by the selectmen or municipal light
board, if any; and, before entering upon the performance of his official
duties, he shall give bond to the city or town for the faithful performance
thereof in a sum and form and with sureties to the satisfaction of the
mayor, selectmen or municipal light board, if any, and shall, at the
end of each municipal year, render to them such detailed statement of
his doings and of the business and financial matters in his charge as
the department may prescribe. All moneys payable to or received by
the city, town, manager or municipal light board in connection with the
operation of the plant, for the sale of gas or electricity or otherwise, shall 19
be paid to the city or town treasurer. All accounts rendered to or kept 20
in the gas or electric plant of any city shall be subject to the inspection 21
of the city auditor or officer having similar duties, and in towns they shall 22
be subject to the inspection of the selectmen. The auditor or officer 23
having similar duties, or the selectmen, may require any person presenting 24
for settlement an account or claim against such plant to make oath before 25
him or them, in such form as he or they may prescribe, as to the accuracy 26
of such account or claim. The wilful making of a false oath shall be 27
punishable as perjury. The auditor or officer having similar duties in 28
cities, and the selectmen in towns, shall approve the payment of all bills 29
or pay rolls of such plants before they are paid by the treasurer, and may 30
disallow and refuse to approve for payment, in whole or in part, any claim 31
as fraudulent, unlawful or excessive; and in that case the auditor or 32
officer having similar duties, or the selectmen, shall file with the city or 33
town treasurer a written statement of the reasons for the refusal; and the 34
treasurer shall not pay any claim or bill so disallowed. This section shall 35
not abridge the powers conferred on town accountants by sections fifty 36
five to sixty-one, inclusive, of chapter forty-one. The manager shall at 37
any time, when required by the mayor, selectmen, municipal light board, 38
if any, or department, make a statement to such officers of his doings, 39
business, receipts, disbursements, balances, and of the indebtedness of the 40
town in his department.

Section 57. At the beginning of each fiscal year, the manager of 1
municipal lighting shall furnish to the mayor, selectmen or municipal 2
light board, if any, an estimate of the income from sales of gas and elec- 3
tricity to private consumers during the ensuing fiscal year, and of the 4
expense of the plant during said year, meaning the gross expenses of 5
operation, maintenance and repair, the interest on the bonds, notes or 6
certificates of indebtedness issued to pay for the plant, an amount for 7
depreciation equal to three per cent of the cost of the plant exclusive 8
of and any water power appurtenant thereto, or such smaller or larger 9
amount as the department may approve, the requirements of the sinking 10
fund or debt incurred for the plant, and the loss, if any, in the operation 11
of the plant during the preceding year, and of the cost, as defined in sec- 12
tion fifty-eight, of the gas and electricity to be used by the town. The 13
town shall include in its annual appropriations and in the tax levy not less 14
than the estimated cost of the gas and electricity to be used by the town 15
as above defined and estimated. By cost of the plant is intended the 16
total amount expended on the plant to the beginning of the fiscal year for 17
the purpose of establishing, purchasing, extending or enlarging the same. 18
By loss in operation is intended the difference between the actual income 19
from private consumers plus the appropriations for maintenance for the 20
preceding fiscal year and the actual expense of the plant, reckoned as 21
above, for that year in case such expenses exceeded the amount of such 22
income and appropriation. The income from sales and the money ap- 23
propriated as aforesaid shall be used to pay the annual expense of the 24
plant, defined as above, for the fiscal year, except that no part of the sum 25
therein included for depreciation shall be used for any other purpose than 26
renewals in excess of ordinary repairs, extensions, reconstruction, enlarge- 27
ments and additions. The surplus, if any, of said annual allowances for 28
depreciation after making the above payments shall be kept as a sepa- 29
rate fund and used for renewals other than ordinary repairs, extensions, 30
reconstruction, enlargements and additions in succeeding years; and no
debt shall be incurred under section forty for any extension, reconstruction
or enlargements of the plant in excess of the amount needed therefor in
addition to the amount then on hand in said depreciation fund. Said
depreciation fund shall be kept and managed by the town treasurer as
a separate fund, subject to appropriation by the city council or select-
men or municipal light board, if any, for the foregoing purpose. So
much of said fund as the department may from time to time approve
may also be used to pay notes, bonds or certificates of indebtedness
issued to pay for the cost of reconstruction or renewals in excess of or-
dinary repairs, when such notes, bonds or certificates of indebtedness
come due. All appropriations for the plant shall be either for the
annual expense defined as above, or for extensions, reconstruction, en-
largements or additions; and no appropriation shall be used for any pur-
pose other than that stated in the vote making the same. No bonds,
notes or certificates of indebtedness shall be issued by a town for the
annual expenses as defined in this section.

1 Section 57A. Any city or town having a municipal light plant may
appropriate money for the maintenance and operation of such plant, speci-
fying that the same shall be taken from the receipts of the department;
and where such appropriations are made, the city or town treasurer may,
in advance of the collection of said receipts, pay bills on account of the
said appropriations, and any sum so advanced shall be repaid to the city
or town from such receipts, when collected, and shall be applied as reim-
bursement to the city or town, or to the payment of any temporary loan
made by the city or town in anticipation of revenue of that year.

1 Section 58. There shall be fixed schedules of prices for gas and
electricity, which shall not be changed oftener than once in three months.
Any change shall take effect on the first day of a month, and shall first
be advertised in a newspaper, if any, published in the municipality. No
price in said schedules shall, without the written consent of the depart-
ment, be fixed at less than production cost as it may be defined by
the city or town, or order of the department. Such schedules of prices shall
be fixed to yield not more than eight per cent per annum on the cost of
the plant, as it may be determined from time to time by order of the
department, after the payment of all operating expenses, interest on the
outstanding debt, the requirements of the serial debt or sinking fund
established to meet said debt, and also depreciation of the plant reckoned
as provided in section fifty-seven, and losses; but any losses exceeding
three per cent of the investment in the plant may be charged in succeed-
ing years at not more than three per cent per annum. The gas and
electricity used by the municipality for any purpose except street light-
ing shall be charged for in accordance with the prices in the fixed sched-
ules. The gas and electricity used by the municipality for street lighting
shall be charged for at a cost to be determined as follows: the sum of all
operating expenses, interest on the outstanding debt, the requirements
of the serial debt or sinking fund established to meet said debt, and also
depreciation of the plant reckoned as provided in section fifty-seven,
and losses, shall be the dividend; the kilowatt hours sold including those
supplied for street lighting shall be the divisor, and the resulting quotient
multiplied by the kilowatt hours supplied for street lighting shall be the
cost to be charged to the municipality for street lighting.
MANUFACTURE and SALE of GAS and ELECTRICITY. [CHAP. 164.

**SECTION 58A.** A sufficient deposit to secure the payment for gas or electricity for three months may be required in advance from any consumer, and if such advance deposit is retained for a longer period than six months, interest at the rate of four per cent per annum shall be paid annually to said consumer or credited to his account. The supply may be shut off from any premises until all arrears for gas or electricity furnished thereon to such consumer shall have been paid. After three months default in the payment of such arrears, all appliances for distribution belonging to the municipality on the premises may be removed and shall not be restored except on payment of all such arrears and the expenses of removal and restoration.

**SECTION 59.** When a town fixes or changes a price, the manager of municipal lighting shall send a certified copy of the notice thereof to the department and for a failure so to do shall forfeit not more than twenty-five dollars.

**SECTION 60.** A town shall not be compelled to furnish gas or electricity to any person or corporation except upon order of the department, to whom any person aggrieved by the refusal of a town to furnish gas or electricity may appeal, stating the facts in such detail as the department directs.

**SECTION 61.** A town acquiring a plant may provide by ordinance or by-law for the equitable assessment upon the owner or occupant of any premises of the cost, or any part thereof, of laying and maintaining pipes, conduits, conductors or other appliances thereon. Payment of such assessments shall not be compulsory, but it shall be a condition precedent to the supplying of gas or electricity to the occupant of such premises, and may be required before providing appliances therefor.

**SECTION 62.** A town operating a plant may pass ordinances or by-laws, imposing penalties not exceeding fifty dollars, to protect the plant, control its use and prevent accidents from gas or electricity supplied by it, and to govern consumers in their use thereof.

1914, 742, §§ 119, 199.

**SECTION 63.** A town manufacturing or selling gas or electricity for lighting shall keep records of its work and doings at its manufacturing station, and in respect to its distributing plant, as may be required by the department. It shall install and maintain apparatus, satisfactory to the department, for the measurement and recording of the output of gas and electricity, and shall sell the same by meter to private consumers when required by the department, and, if required by it, shall measure all gas or electricity consumed by the town. The books, accounts and returns shall be made and kept in a form prescribed by the department, and the accounts shall be closed annually on the last day of the fiscal year of such town, and a balance sheet of that date shall be taken therefrom and included in the return to the department. The mayor, selectmen or municipal light board and manager shall, at any time, on request, submit said books and accounts to the inspection of the department and furnish any statement or information required by it relative to the condition, management and operation of said business. The department
Section 64. A town owning or operating a gas or electric plant shall be liable for any injury or damage to persons or property, or for the death of a person who is in the exercise of due care, caused by its maintenance or operation, in the same manner and to the same extent as a private corporation, but shall not be liable for damages caused by competition with an existing gas or electric plant therein.

Section 65. A town authorized by special act to construct, purchase, lease, establish or maintain a gas or electric plant shall be subject to this chapter, so far as the same may be applicable.

Section 66. This chapter, and all ordinances or by-laws of any town acting under its provisions relative to the manufacture, use or distribution of gas or electricity, or to the quality thereof, or to the plant or the appliances therefor, shall apply to such town, so far as applicable.

Section 67. No town having within its limits the main gas works or the central electric station, or the major portion of the wires, poles, etc., shall be liable for injury or damage.

City or town owning plant, subject to general laws, etc. 1891, 370, § 17. R. L. 34, § 30.

duits or pipes used in connection with any such works or plant, shall, except for a violation of the terms or conditions upon which the same were granted or for a violation of law respecting the exercise thereof, revoke any rights granted to any person or corporation engaged in manufacturing or distributing gas or electricity for sale after the introduction of the first vote authorizing the establishment of a gas or electric plant in a city council under section thirty-five or after the calling of a town meeting under a warrant including an article on the passage of such vote, until the proceedings so begun have been finally determined by granting or denying authority to establish such plant. After the ratification of the votes required by section thirty-five and the passage of both votes required by section thirty-six, no town, except as hereinafter provided, shall revoke any rights, locations or licenses granted to any such person.

**SECTION 68.** A town which has acquired a municipal lighting plant shall not sell it for the purpose of abandoning the distribution of gas or electricity to its inhabitants until such sale has been authorized in the manner and by the votes prescribed for the acquisition of such plants by sections thirty-five and thirty-six. No sale of such a plant shall be made for any purpose until the department, after notice and a public hearing, has determined that the facilities for furnishing and distributing gas and electricity in the territory served by such plant will not thereby be diminished, and that such sale and the terms thereof are consistent with the public interest.

**SECTION 69.** The supreme judicial court for the county where the town is situated shall have jurisdiction on petition of the department or of twenty taxable inhabitants of the town to compel the fixing of prices by the town in compliance with sections fifty-seven and fifty-eight, to prevent any town from purchasing, operating or selling a gas or electric plant in violation of any provision of this chapter, and generally to enforce compliance with the terms and provisions thereof relative to the manufacture or distribution of gas or electricity by a town.

**DISTRIBUTION OF GAS AND ELECTRICITY.**

**SECTION 70.** A gas company may, with the written consent of the aldermen or the selectmen, dig up and open the ground in any of the streets, lanes and highways of a town, so far as necessary to accomplish the objects of said corporation; but such consent shall not affect the right or remedy to recover damages for an injury caused to persons or property by the acts of such corporation. It shall put all such streets, lanes and highways in as good repair as they were in when opened; and upon failure so to do within a reasonable time, shall be guilty of a nuisance.

**SECTION 70A.** Any gas company desiring to lay a main for the transmission of gas which will of necessity pass through one or more cities or towns to connect the termini of such main, whose petition for the location necessary for such main has been refused, or has not been granted within three months after the filing thereof by the board of aldermen of a city or the selectmen of a town through which said company intends to construct such main for the purpose aforesaid, may apply to said
8 department for such location. The department shall give a public 9 hearing thereon after notice to the board of aldermen or selectmen refusing 10 or neglecting to grant such location, and to all persons owning real 11 estate abutting upon any way in the city or town where such location is 12 sought, as such ownership is determined by the last assessment for tax- 13 ation. The department shall, if requested by the board of aldermen or 14 selectmen, hold said hearing in the city or town where the location is 15 sought. If it appears at the hearing that the company has already been 16 granted and has accepted a location for such main in two cities, or in 17 two towns, or in a city and town, adjoining the city or town because of 18 the refusal or neglect of whose board of aldermen or selectmen to grant 19 a location therefor the application is made, and if the department deems 20 the location necessary for public convenience, and in the public interest, 21 it may by order grant a location for such main in the city or town with 22 respect to which the application is made, and shall have and exercise 23 relative thereto the same powers and authority conferred by section 24 seventy upon the board of aldermen or selectmen, and in addition to the 25 provisions of law governing such company may impose such other terms, 26 limitations and restrictions as it deems public interest may require. The 27 department shall cause an attested copy of its order, with the certificate 28 of its clerk, endorsed thereon, that the order was adopted after due notice 29 and a public hearing as hereinbefore prescribed, to be forwarded to the 30 city or town clerk, who shall record the same and furnish attested copies 31 thereof upon the terms and in the manner specified in section twenty- 32 two of chapter one hundred and sixty-six.

1 Section 71. A corporation subject to this chapter may, as provided 2 in chapter one hundred and sixty-six, construct lines for the transmission 3 of electricity.

1 Section 72. An electric company may petition the department for 2 authority to construct and use or to continue to use as constructed or 3 with altered construction a line for the transmission of electricity for 4 distribution in some definite area or for supplying electricity to itself or 5 to another electric company or to a municipal lighting plant for distribu- 6 tion and sale, or to a railroad, street railway or electric railroad, for the 7 purpose of operating it, and shall represent that such line will or does 8 serve the public convenience and is consistent with the public interest. 9 The company shall file with such petition a general description of such 10 transmission line and a map or plan showing the towns through which 11 the line will or does pass and its general location. The company shall 12 also furnish an estimate showing in reasonable detail the cost of the line 13 and such additional maps and information as the department requires. 14 The department, after notice and a public hearing in one or more of the 15 towns affected, may determine that said line is necessary for the purpose 16 alleged, and will serve the public convenience and is consistent with the 17 public interest. If the company shall file with the department a map or 18 plan of the transmission line showing the towns through which it will or 19 does pass, the public ways, railroads, railways, navigable streams and 20 tide waters in the town named in said petition which it will cross, and 21 the extent to which it will be located upon private land or upon, under
or along public ways and places, the department, after such notice as it may direct, shall give a public hearing or hearings in one or more of the towns through which the line passes or is intended to pass and may by order authorize the company to take by eminent domain under chapter seventy-nine such lands, or such rights of way or widenings thereof, or other easements therein necessary for the construction and use or continued use as constructed or with altered construction of such line along the route prescribed in the order of the department. The department shall transmit a certified copy of its order to the company and the clerk of each such town. The company may at any time before such hearing change or modify the whole or a part of the route of said line, either of its own motion or at the instance of the department or otherwise, and, in such case, shall file with the department maps, plans and estimates as aforesaid showing such changes. If the department dismisses the petition at any stage in said proceedings, no further action shall be taken thereon, but the company may file a new petition after the expiration of a year from such dismissal. When a taking under this section is effected, the company may forthwith, except as hereinafter provided, proceed to erect, maintain and operate thereon said line. If the company shall not enter upon and construct such line upon the land so taken within one year thereafter, its right under such taking shall cease and determine. No lands or rights of way or other easements therein shall be taken by eminent domain under the provisions of this section in any public way, public place, park or reservation, or within the location of any railroad, electric railroad or street railway company except with the consent of such company and on such terms and conditions as it may impose; and no electricity shall be transmitted over any land, right of way or other easement taken by eminent domain as herein provided until the electric company shall have acquired from the board of aldermen or selectmen or from such other authorities as may have jurisdiction all necessary rights in the public ways or public places in the town or towns, or in any park or reservation, through which the line will or does pass.

Section 72A. The department may upon petition authorize an electric company to enter upon lands of any person or corporation for the purpose of making a survey preliminary to eminent domain proceedings. The company so entering upon any such lands shall be subject to liability for any damages occasioned thereby, to be recovered under chapter seventy-nine.

Section 73. A corporation subject to this chapter, to the extent that it is authorized to make, sell or distribute gas or electricity or both, may, for the purposes of such sale or distribution, lay, erect and maintain pipes, mains, wires and conduits under, over or across the location on private land of any railroad, electric railroad or street railway corporation at such places, in such manner and on such terms and conditions as it may agree upon with such corporation, or, in case of failure so to agree, then with the consent of the department and at such places, in such manner, with such safeguards, and upon such terms and conditions as it may specify; but no pole, tower or similar structure shall be located within the location of any such railroad, electric railroad or street railway corporation without its consent. The department may, from time to
13 time, specify such changes in the manner of laying, erecting and main-
14 taining such pipes, mains, wires and conduits and in the terms and con-
15 ditions thereof as it deems advisable.

1 Section 74. If a person injured in his person or property by a defect
2 in a public way caused by the operations of a corporation subject to this
3 chapter, in laying down or repairing its pipes, or in laying, erecting, main-
4 taining or repairing its lines of wires, or in otherwise obstructing such way,
5 recovers damages therefor in an action against the town where such
6 injury is received, such town shall, if said corporation is liable for said
7 damages and has had reasonable notice to appear and defend the original
8 action, recover of said corporation the damages so recovered from it,
9 with the taxable costs of both parties in such original action.

1 Section 75. The aldermen or selectmen may regulate, restrict and
2 control all acts and doings of a corporation subject to this chapter which
3 may in any manner affect the health, safety, convenience or property of
4 the inhabitants of their towns.

1878, 350, § 6.
1914, 742, §§ 132, 199.

1 Section 75A. No gas company or municipality distributing gas
2 shall, after January first, nineteen hundred and thirty-two, install or
3 replace a meter for the purpose of measuring gas supplied to premises
4 for illuminating or other purposes unless there shall have been attached
5 to the intake pipe leading to the meter, in accordance with regulations
6 to be prescribed and enforced by the department, an automatic device
7 designed to prevent or retard the escape of gas in case of fire, and ap-
8 proved as to design and construction by the department.

STATE SUPERVISION.

1 Section 76. The department shall have the general supervision of
2 all gas and electric companies and shall make all necessary examination
3 and inquiries and keep itself informed as to the condition of the respective
4 properties owned by such corporations and the manner in which they
5 are conducted with reference to the safety and convenience of the public,
6 and as to their compliance with the provisions of law and the orders
7 and requirements of the department.

1 Section 77. The department shall make an annual report of its
2 doings under this chapter, with such suggestions as to the condition of
3 affairs or conduct of corporations and companies subject to this chapter
4 as may be appropriate, with such abstracts of the returns required by
5 section eighty-three as it deems expedient, but including the names and
6 addresses of the principal officers and of the directors.

1 Section 78. If any corporation engaged in the manufacture and sale
2 or distribution of gas or electricity violates or fails to comply
3 with the provisions of law, or violates or fails to comply with any lawful
4 order of the department, it shall give written notice thereof to such
5 corporation and to the attorney general.

Section 79. The supreme judicial or superior court shall have jurisdiction in equity, upon application of the department, to enjoin its lawful orders and all laws relative to cities, towns or corporations engaged in the manufacture and sale or distribution and sale of gas or electricity.

Section 80. Gas and electric companies shall have an office in a town where their works are located and, unless otherwise authorized by the department, shall keep in said office all books and papers required by law to be kept within the commonwealth, and also such books as may be required to show their receipts, expenditures, indebtedness and financial condition; and shall at all times, upon application, submit their books to the inspection of the department and its duly authorized employees. The department may from time to time, by its members or its duly authorized employees, examine all books, records, contracts, documents, papers and memoranda of such corporations, and shall have free access thereto for such purpose at any and all reasonable times.

Section 81. Gas and electric companies or persons engaged in the manufacture and sale or distribution of gas or electricity shall keep their books and accounts in a form to be prescribed by the department, and the accounts shall be closed annually, so that a balance sheet can be taken therefrom. Manufacturing companies in which the manufacture of gas or electricity is a minor portion of their business shall be required to keep accounts of the expenses and income of their gas or electric business only.

Section 82. Gas and electric companies and manufacturing companies or persons engaged in the manufacture or sale of gas or electricity shall keep such records of their work at their manufacturing station, and in respect to their distributing plant, and in such form as the department may from time to time require.

Section 83. Gas and electric companies and manufacturing companies and persons engaged in the manufacture and sale or distribution and sale of gas or electricity shall annually, on or before such date as the department fixes, make to the department, in a form prescribed by it, a return for the year ending on such date as the department may from time to time require, signed and sworn to by the president or vice president, and treasurer or assistant treasurer, and a majority of the directors, of the amount of their authorized capital, their indebtedness and financial condition, on the said date, their income and expenses during the preceding year, their dividends paid and declared, a list of the names of all their salaried officers and the amount of the salary paid to each, and the balance sheet of their accounts as of said date. Such companies and persons shall at all times, upon request, furnish any information required by the department or its duly authorized employees relative to their condition, management and operation, and shall comply with all lawful orders of the department; but manufacturing companies in which the manufacture and sale of gas or electricity is a minor portion of their business shall be required to include in their annual returns the income and expenses and other data relative to their gas and electric business only.
Section 84. Each such gas or electric company or manufacturing company or person neglecting to make the annual return required by the preceding section shall, for the first fifteen days or portion thereof during which such neglect continues, forfeit five dollars a day; for the second fifteen days or any portion thereof, ten dollars a day; and for each day thereafter not more than fifteen dollars a day. If any such company or person unreasonably refuses or neglects to make such return, it or he shall, in addition thereto, forfeit not more than five hundred dollars. If a return is defective or appears to be erroneous, the department shall notify the company or person to amend it within fifteen days. A company or person neglecting to amend said return within the time specified in the notice, when notified to do so, shall forfeit fifteen dollars for each day during which such neglect continues. All forfeitures incurred under this section may be recovered by an information in equity brought in the supreme judicial court by the attorney general, at the relation of the department, and when so recovered shall be paid to the commonwealth.

Section 85. The officers and employees of the department may be authorized by it to examine the books, contracts, records, documents and memoranda or the physical property of any company subject to this chapter, and of any affiliated company with respect to any transactions or dealings, direct or indirect, between such affiliated company and any company so subject, and, for any examination so authorized, shall be entitled to full access to the subject matter thereof. No such officer or employee shall divulge any fact or information coming to his knowledge during the course of such an examination unless directed by the department or by the court, or authorized by law.

For the purposes of this section, the words "affiliated company" shall include any corporation, society, trust, association, partnership or individual (a) controlling a company subject to this chapter, either directly, by ownership of a majority of its voting stock or of such minority thereof as to give it substantial control of such company, or indirectly, by ownership of such a majority or minority of the voting stock of another corporation or association so controlling such company; or (b) so controlled by a corporation, society, trust, association, partnership or individual controlling as aforesaid, directly or indirectly, a company subject to this chapter; or (c) standing in such a relation to a company subject to this chapter that there is an absence of equal bargaining power between the corporation, society, trust, association, partnership or individual and the company so subject, in respect to their dealings and transactions.

Section 86. In a town where a gas company exists in active operation, or where a person owns or operates works for the manufacture and sale of gas, no other gas company, nor any other person, shall dig up and open the streets, lanes and highways of such town in order to lay gas pipes therein, without the consent of the aldermen or selectmen, granted after notice by publication or otherwise to all parties interested and a public hearing.

Section 87. In a town where a person is engaged in the manufacture or sale of electricity, no other person shall lay, erect, maintain or use, over or under the streets, lanes and highways of such town, any wires Entry of gas company restricted. 1885, 314, § 19. 1886, 346, § 7. for the transmission of electricity except wires used by street railway companies for heat or power, without the consent of the aldermen or selectmen granted after notice to all parties interested and a public hearing.

Section 88. Any person aggrieved by the decision of the aldermen or selectmen, under either of the two preceding sections, may, within thirty days after notice of said decision, appeal therefrom to the department, which shall thereupon give due notice and hear all parties interested, and its decision shall be final.

Section 89. A town which has duly acquired a municipal lighting plant and is authorized to supply gas or electricity in any other town shall have all the rights which a private corporation supplying gas or electricity in said other town would have under the three preceding sections.

Section 90. In consenting to the laying, erecting, maintaining or using by an electric company, for the sole purpose of supplying electricity in bulk, of any wires for the transmission of electricity over or under streets, lanes and highways, as provided in section eighty-seven, the aldermen or selectmen may, in addition to the laws governing such companies, impose such other terms as they deem public interest requires, and upon an appeal under section eighty-eight, the department may, in addition to its authority under said section, affirm, amend, alter or add to the terms so imposed as it deems public interest requires.

Section 91. The supreme judicial or superior court shall have jurisdiction in equity, on application of the department or of the mayor of any city or the selectmen of any town where electricity is distributed and sold under the preceding section, to compel the observance and to restrain the violation of any provision thereof and of the general laws relating to electric companies and of all lawful orders, decisions and terms made or imposed by the department or by the aldermen or selectmen under said section.

Section 92. On written petition of any person, having a residence or place of business in a town where a corporation is engaged in the manufacture, transmission or sale of gas or electricity, aggrieved by its refusal or neglect to supply him with gas or electricity, the department may, after notice to the corporation to appear at a time and place therein named to show cause why the prayer of such petition should not be granted, issue an order directing and requiring it to supply the petitioner with gas or electricity, upon such terms and conditions as are legal and reasonable; provided, however, that if such corporation is engaged in such town solely in the transmission of electricity or gas such order shall not be made where it appears that compliance therewith would result in permanent financial loss to the corporation.

Grants of locations in the streets, lanes and highways of such town for the pipes or lines necessary to the supplying of gas or electricity in pursuance of such an order by a corporation solely engaged as aforesaid shall be subject to the provisions of sections eighty-six to ninety-one, inclusive.
Section 92A. On written petition of any person, corporation or municipality aggrieved by the refusal or neglect to supply gas or electricity in bulk at reasonable rates by any person, corporation or municipality, or by such corporation or municipality engaged, subject to the provisions of this chapter, in the manufacture, transmission or sale of gas or electricity, the department may, after notice to such last-mentioned person, corporation or municipality, to appear at a time and place therein named to show cause why the prayer of such petition should not be granted, issue an order directing and requiring him or it to supply the petitioner with gas or electricity, upon such terms and conditions as are legal and reasonable; provided, that such order shall not be made where it appears that compliance therewith would result in permanent financial loss to such person, corporation or municipality.

Grants of locations in streets, lanes and highways for pipes or lines necessary to the supplying of gas or electricity in pursuance of such order shall be subject to the provisions of sections eighty-six to ninety-one, inclusive.

Section 93. On written complaint of the mayor of a city or the selectmen of a town where a gas or electric company is operated, or of twenty customers thereof, either as to the quality or price of the gas or electricity sold and delivered, the department shall notify said company by leaving at its office a copy of such complaint, and shall thereupon, after notice, give a public hearing to such petitioner and said company, and after said hearing may order any reduction or change in the price or prices of gas or electricity or an improvement in the quality thereof, and a report of such proceedings and the result thereof shall be included in the report required by section seventy-seven. Such an order may likewise be made by the department, after notice and hearing as aforesaid, upon its own motion. The price or prices fixed by any such order shall not there- after be changed by said company except as provided in section ninety-four.

Section 94. Gas and electric companies shall file with the department schedules, in such form as the department shall from time to time prescribe, showing all rates, prices and charges to be thereafter charged or collected within the commonwealth for the sale and distribution of gas or electricity, together with all forms of contracts thereafter to be used in connection therewith. Rates, prices and charges in such a schedule may, from time to time, be changed by any such company by filing a schedule setting forth the changed rates, prices and charges, but until the effective date of any such change no different rate, price or charge shall be charged, received or collected by the company filing such a schedule from those specified in the schedule then in effect; provided, that a company may continue to charge, receive and collect rates, prices and charges in accordance with a contract heretofore lawfully entered into, or, until the department otherwise orders, after notice to the company and a hearing and determination that public interest so requires, may sell and distribute gas or electricity under a special contract hereafter made at rates or prices differing from those contained in a schedule in effect, providing a copy of the contract in each instance is filed with the department, except that a contract of a company whose sole business in the commonwealth is the supply of electricity in bulk need not be filed except as may be required by the department. Unless the department otherwise authorizes, the supply of gas or electricity in bulk need not be made. 1930, 353.
rates, prices and charges set forth in such a schedule shall not become effective until the first day of the month next after the expiration of fourteen days from the filing thereof. Such rates, prices and charges shall apply to the consumption shown by meter readings made after the effective date of such rates, prices and charges, unless the department otherwise determines. So much of said schedules shall be printed in such form and distributed and published in such manner as the department may require.

The department may investigate the propriety of any proposed rate, price or charge and may, pending such investigation and decision thereon, by order served upon the company affected thereby, suspend the taking effect thereof, but not for a period longer than six months beyond the time when such rate, price or charge would otherwise become effective. An order by the department directing a change in any schedule filed shall have the same effect as if a schedule with such changes were filed by the company, and shall become effective from such time as the department shall order.

The department may, upon its own initiative, where a company has been serving the consumer for more than three years under a special contract or contracts, after notice and a hearing, make such orders relative to the rates, prices and charges covered by such a contract as it deems the public interest requires. Any order made under the provisions of this section or of section ninety-three may be enforced as provided in section seventy-nine. This section shall not apply to contracts for the sale of electricity to an electric company made in accordance with the provisions of section ninety-four A except as therein provided.

Section 94A. No gas or electric company shall hereafter enter into a contract for the purchase of gas or electricity covering a period in excess of two years without the approval of the department, unless such contract contains a provision subjecting the price to be paid thereunder for gas or electricity to review and determination by the department in any proceeding brought under section ninety-three or ninety-four; provided, that nothing herein contained shall be construed as affecting a contract for the purchase of gas or electricity from a person or corporation engaged in manufacturing, where the manufacture, sale or distribution of gas or electricity by such person or corporation is a minor portion of his or its business, and which contract is made in connection with a contract to supply such person or corporation with gas or electricity.

In any such proceeding the department may review and determine the price to be thereafter paid for gas or electricity under a contract containing said provision for review. Any contract covering a period in excess of two years subject to approval as aforesaid, and which is not so approved or which does not contain said provision for review, shall be null and void.

Section 94B. No gas or electric company shall, without the approval of the department, hereafter enter into a contract with a company related to it as an affiliated company, as defined in section eighty-five, covering a period in excess of two years, by virtue of which any compensation is to be paid by the said gas or electric company in whole or in part for services rendered by such affiliated company, unless such contract contains a provision subjecting the amount of compensation to be paid thereunder to review and determination by the department in any proceeding brought under section ninety-three or ninety-four. In any
such proceeding the department may review and determine the amount
of compensation to be thereafter paid under a contract containing such
provision for review, and, if it appears that the amount agreed on is
excessive, the department may declare the said contract to be terminated
forthwith, even if no bad faith be found. Any contract covering a period
in excess of two years, subject to approval as aforesaid, and which is not
so approved or which does not contain such provision for review, shall
be null and void.

1 Section 95. Corporations, persons and municipalities engaged in
the manufacture or sale of gas or electricity shall, within twenty-four
hours after every accident caused by gas or electricity manufactured or
supplied by them, whereby an employee or other person is injured, ren-
dered insensible, or killed, report in writing to the department, stating
the time, place and circumstances of the accident and such other facts
relative thereto as the department may require. The chief of police of
the town, and the medical examiner of the district, where such accident
occurs, shall, in writing, report the same to the department. The chief
of police shall so report within twenty-four hours, and the medical
examiner within seven days, after he has notice thereof. The members
of the department shall personally investigate all such cases requiring
investigation.

1 Section 96. A gas company may purchase the property of another
gas company whose mains are in the same or contiguous municipal-
ities, or may consolidate with such other gas company, and such other
gas company may sell and convey its property to, or may consolidate,
with, such first mentioned gas company; and an electric company may
purchase the property of another electric company whose lines are in
the same or contiguous municipalities, or of a combined gas and electric
company whose gross receipts for the preceding financial year from the
sale of electricity are at least three times its gross receipts from the sale
of gas and whose lines are in the same or contiguous municipalities, or
may consolidate with such other electric company or such gas company,
and such other electric company or such gas company may sell and con-
vey its property to, or may consolidate with such first mentioned electric
company; but no such purchase and sale or consolidation shall be valid
or binding until the terms thereof have been approved, at meetings called
therefor, by a vote of at least two thirds in interest of the stockholders
of each of the contracting companies, and until the department, after
notice and a public hearing, has determined that the facilities for furnis-
ing and distributing gas or electricity will not thereby be diminished and
that such purchase and sale or consolidation and the terms thereof are
consistent with the public interest. This section shall not authorize an
electric company engaged in supplying electricity in bulk to consolidate
with, or to purchase the property of, or to sell its own property to,
another electric company in whose territory the first named company is
engaged in supplying electricity in bulk to private customers.

1 Section 97. An electric company may, subject to the four following
sections, from time to time purchase or acquire any or all of the property
of any domestic or foreign corporation or association owning or operating
a water storage reservoir or hydro-electric plant with which the lines of
the said first mentioned electric company are actually connected, or
owning and operating lines for the transmission of electricity within or without the commonwealth with which the lines of said first named electric company are actually connected; and any such domestic or foreign corporation or association may, subject to the four following sections, the charter thereof and the laws of the state under which such corporation or association, if a foreign corporation or association, is organized, so far as applicable, sell any or all of its property to said first mentioned electric company, or consolidate or merge with said first mentioned electric company, or merge and consolidate its capital stock and property with said first mentioned electric company; but no such purchase and sale or merger and consolidation shall be valid or binding until the same and the terms thereof shall have been approved, at meetings called therefor, by vote of at least two thirds in interest of the stockholders of each of the contracting parties, and until the department, after notice and a public hearing, shall have approved the same and the terms thereof as consistent with the public interest; provided, that such electric company shall not exercise in this commonwealth any powers, rights, locations, licenses or privileges or any franchise so acquired which cannot be lawfully exercised by electric companies under this chapter.

SECTION 98. The purchasing or consolidated company shall, except as provided in the preceding section, have and enjoy all the powers, rights, locations, licenses, privileges and franchises, and be subject to all the duties, liabilities and restrictions, of the company selling or merged as aforesaid, so far as they are applicable to the purchasing or consolidated company.

SECTION 99. The purchasing or consolidated company may, for the purposes authorized by sections ninety-six and ninety-seven, increase its capital stock and issue bonds in the manner and subject to the limitations provided in sections thirteen, fourteen, eighteen and nineteen; and may, for the same purpose and subject to the same limitations and notwithstanding any special law applicable thereto, exchange its securities for those of the selling or merged company upon such terms as the department approves; but the aggregate amount of the capital stock and the aggregate amount of the debt, respectively, of the consolidated companies shall not, by reason of such consolidation, be increased.

SECTION 100. No electric company shall purchase the franchise or property of, or consolidate with, a gas company except as provided in section ninety-six; and no gas company shall purchase the franchise or property of, or consolidate with, an electric company except as authorized by sections twenty-six and ninety-six; but a gas company authorized to engage in the business of generating and furnishing electricity under section twenty-three may, with the approval of the department, and subject to the three preceding sections, so far as they may be applicable, sell its locations and the property used in its business of generating and furnishing electricity to an electric company whose lines are in the same or in a contiguous municipality.

SECTION 101. All applications for the approval by the department of purchases and sales or consolidations under sections twenty-six, ninety-six, ninety-seven and one hundred shall be filed with the department
4 within four months after the passage by the contracting companies of 
5 votes authorizing such purchase and sale or consolidation.

1 SECTION 102. The five preceding sections shall not be construed to 
2 authorize the consolidation of the Boston Consolidated Gas Company 
3 and The Edison Electric Illuminating Company of Boston.

INSPECTION OF GAS AND METERS.
1 SECTION 103. The department, in accordance with its rules and 
2 regulations, shall make the inspections of gas required by section one 
3 hundred and nine and inspect, examine, ascertain and prove the ac 
4 curacy of all meters which are to be used for measuring illuminating gas 
5 and which are to be furnished to, or for the use of, any consumer or 
6 company, and shall seal, stamp or mark every such meter, if it be found 
7 correct, with some suitable device to be determined by the department 
8 and recorded in the office of the state secretary. A meter shall not be 
9 stamped correct if it varies more than two per cent from the standard 
10 measure. The department shall keep a correct record of all meters 
11 examined by its employees with their proof at the time of inspection, 
12 which shall be open at all times for examination by the officers of any 
13 gas company in the commonwealth.

1 SECTION 104. For examining, comparing and testing gas meters, 
2 with or without stamping them, the department may collect a fee of 
3 twenty-five cents for each meter delivering not more than a cubic foot 
4 of gas in four revolutions, vibrations or complete repetitions of its action, 
5 and for each meter so delivering more than a cubic foot, a fee of thirty 
6 cents, with twenty cents added for every additional cubic foot so deliv 
7 ered. For examining, comparing, testing or calibrating meter provers 
8 and test or photometer meters, with or without sealing or certifying to 
9 the same, the department may collect such fees as it may from time to 
10 time prescribe. The department shall designate one of its employees 
11 to receive all fees collected under this section and section one hundred 
12 and twenty, and he shall give bond to the state treasurer in the sum of 
13 five thousand dollars.

1 SECTION 105. Every gas company which annually manufactures or 
2 sells more than fifteen million cubic feet of gas shall, when required by the 
3 department, provide and maintain a suitable room at least a quarter of a 
4 mile from the gas works with a disc photometer and its appurtenances, 
5 of a construction approved by the department, and which shall be open 
6 to duly authorized employees of the department on every working day 
7 from eight o'clock in the forenoon until six o'clock in the afternoon.

1 SECTION 106. The department shall, from time to time, ascertain the 
2 degree of purity that can reasonably be required in gas made and sup 
3 plied by persons engaged in the manufacture or sale of gas, and shall 
4 report to the general court when it deems any change in the law relative 
5 thereto is desirable, and may from time to time, after notice and a public 
6 hearing, establish rules and regulations consistent with law, governing 
7 the quality of gas supplied by persons or municipalities subject to this 
8 chapter. Such rules and regulations shall be enforced in the manner pro 
9 vided in section seventy-nine.
SECTION 107. To establish a calorific standard for gas, the department may from time to time, after notice and a public hearing, determine how many British thermal units shall thereafter be required of gas supplied to their consumers by gas companies or municipal lighting plants.

Upon application of a gas company, or the mayor or selectmen of a municipality in which a municipal lighting plant is established, the department may exempt such gas company or municipal lighting plant from furnishing gas of the calorific standard established as aforesaid and, if in its judgment the public welfare and local conditions warrant, may determine how many British thermal units ought thereafter to be required of gas supplied to its consumers by such company or plant, and on what terms, or conditions, which requirement shall thereafter be observed by such company or plant while such exemption continues or until some other standard is established in the same manner.

SECTION 108. Every gas company or municipal lighting plant which distributes and sells to its consumers over fifteen million cubic feet of gas in a year shall, when required by the department, provide and maintain a suitable room not less than a quarter of a mile from the gas works with a calorimeter of a type and construction approved by the department, which shall be open at all reasonable times to duly authorized employees of the department.

SECTION 109. The gas of every company which supplies more than fifty consumers shall be inspected at least twice a year and as much oftener as the department may determine. The department may, from time to time, to establish a new standard of purity for gas, after a public hearing, determine how many grains of sulphur and ammonia per hundred cubic feet of gas may be permitted, but not more than thirty grains of sulphur per hundred cubic feet and no sulphuretted hydrogen shall be allowed.

SECTION 110. If the gas of any gas company or of any city or town supplying gas is found on three consecutive inspections or on three inspections made within a period of thirty consecutive days, upon such averaging of inspections as the department may prescribe, to be below the standard of purity fixed under the preceding section or the calorific standard fixed under section one hundred and seven, unless such defect is in the opinion of the department due to unavoidable cause or accident, such company, city or town shall be liable to a forfeiture of one hundred dollars, which may be recovered by an information in equity brought in the supreme judicial court by the attorney general, at the relation of the department, and when so recovered shall be paid to the commonwealth.

SECTION 111. The unit of measure for the sale of gas by meter shall be the cubic foot, containing sixty-two and two thousand nine hundred and ninety-three ten thousandths pounds avoirdupois weight of air-free distilled water at sixty degrees Fahrenheit when weighed in dry air at the same temperature and at a barometric pressure of thirty inches of mercury.
1 Section 112. Every gas company with a capital paid in of one hun-
dred thousand dollars or more, and every other gas company, if required
by the department, and all makers and vendors of meters shall set up at
some convenient place upon their premises one or more meter provers
of a size and type approved, tested and calibrated by the department,
by means of which meters may be tested.

1 Section 113. A gas company providing a meter for measuring gas
supplied to a customer which, if never before used, has not been duly
sealed and stamped, or, if opened after being sealed and stamped, has
not been again tested, sealed and stamped, shall be punished by a fine
of five dollars for every such meter in use, payable to the city or town
where the meter is situated.

1 Section 114. Meters in use shall be tested by the department, on
the request of the consumer or of the gas company, in the presence of
the consumer if desired, and with scaled apparatus. If it finds that the
meter is correct, the person requesting the inspection shall pay the fees
for such inspection and the expense of removing the meter for the pur-
pose of being tested, and the reinspection shall be stamped on the meter.
If it finds that the meter is incorrect, the gas company shall pay such
expenses and shall furnish a new meter without charge to the consumer.

1 Section 115. Meters for measuring gas supplied to consumers shall
register the quantity of gas passing through them in cubic feet so that
the number of cubic feet of gas consumed may be easily ascertained by
the consumer thereof. No meter shall be used which may confuse or
deceive the consumer in ascertaining the price he pays per thousand cubic
feet or the number of cubic feet consumed.

1 Section 116. An officer or servant of a gas or electric company who
is duly authorized in writing by the president, treasurer, agent or secre-
tary of said company, may at any reasonable time enter any premises
supplied with gas or electricity by such company for the purpose of exam-
ing or removing the meters, pipes, wires, fittings and works for supply-
ing or regulating the supply of gas or electricity and of ascertaining the
quantity of gas or electricity consumed or supplied; and if any person,
directly or indirectly, prevents or hinders such officer or servant from
so entering such premises or from making such examination or removal,
such officer or servant may make complaint to any court or magistrate
authorized to issue criminal process, who may thereupon issue a warrant
directed to the sheriff or to any of his deputies, or to a constable of the
town where such company is located, commanding him to take sufficient
aid and repair to said premises accompanied by such officer or servant,
who shall examine such meters, pipes, wires, fittings and works for
supplying or regulating the supply of gas or electricity, and ascertain the
quantity of gas or electricity consumed or supplied therein, and shall,
if required, remove any meters, pipes, wires, fittings and works belonging
to said company.

used by a customer of a gas or electric company is read by an employee

or agent of such company, he shall, upon request, deliver to the person using the gas or electricity measured by the meter a written statement of the amount recorded by the meter at that time.

SECTION 118. Meters for measuring electricity for lighting purposes supplied to consumers shall register the quantity of electricity passing through them in kilowatt hours, so that the number of kilowatt hours consumed may easily be ascertained by the consumer.

SECTION 119. Unless approval therefor is secured from the department, no charge shall be made by a corporation furnishing electricity for lighting purposes or gas for the use of a meter during any portion of twelve consecutive months, if the consumer during that time uses electricity to the value of nine dollars, or gas to the value of seven dollars, and whoever makes a charge therefor contrary to this section shall be punished by a fine not exceeding one hundred dollars.

SECTION 120. A customer of a corporation subject to this chapter, or such corporation, may apply to the department for an examination and test of any electric meter, demand indicator, so called, and any other device or appliance installed by such corporation upon a customer's premises and used by such corporation to determine the charge to the customer for its service. The department shall forthwith cause such examination and test as its judgment is practicable and reasonable to be made by a competent and disinterested person, and shall furnish to the corporation and to the customer a certificate of the result and expense thereof. If, upon such examination and test, it appears that the appliance does not register correctly, the department may order the corporation to correct or remove such meter, demand indicator or other device or appliance and to substitute a correct meter, demand indicator or other device or appliance therefor. All fees for examinations and tests shall in the first instance be paid by the person or corporation making application therefor; but if the examination or test is made at the request of a customer, and the meter is found to be incorrect because too fast, the corporation shall pay such fees to the department, to be repaid by it to the applicant. A meter shall be deemed correct for the purposes of this section if it appears from such examination or test that it does not vary more than five per cent from the standard approved by the department. This section shall not authorize or prohibit differential prices for electricity supplied by any such company.

SECTION 121. The person designated to make such examination and test may at any reasonable time enter upon the premises where the meter to be inspected is placed for the purpose of making the inspection. He shall receive such compensation for his services as the department may determine, together with his necessary traveling and other expenses, which shall be audited by the department and paid by the commonwealth; but the total amount of compensation and expenses shall not exceed three thousand dollars in any year; and if the total amount of such compensation and expenses shall in any year exceed the amount of the fees received for such examinations and tests, the excess shall be assessed and recovered from the electric companies in the manner now provided for the assessment and recovery of the other expenses of
is the department. The department may establish such rules and regula-
tions, fix such standards, prescribe such fees, and employ such means and
methods in, and in connection with, such examinations and tests of
electric meters as it deems most practicable, expedient and economical.
The department may purchase such materials, apparatus and stand-
ards and measuring instruments for such examinations and tests as it deems
necessary.

1 Section 122. Whoever, being engaged in the sale of electricity,
maintains upon the premises of a customer for the purpose of determining
the charge to be made for electricity supplied to him a meter, demand
an indicator or other mechanical device or appliance which is found upon
examination and test, as provided in section one hundred and twenty,
to register incorrectly as against such customer, shall refund to him such
an amount as, if not agreed upon, shall, upon application of the customer
and after opportunity given to the vendor to be heard, be determined by
the department.

1 Section 123. All gas and electric companies using prepayment meters
shall be responsible for the loss by fire of any money deposited in said
meters.

1 911, 434. 1914, 742, §§ 193, 199.

1 Section 124. A gas or electric company may stop gas or electricity
from entering the premises of any person failing to pay the amount due
therefor or for the use of the meter or other article hired by him from
such company; and, for such purpose, the officers, servants or workmen
thereof may, after twenty-four hours' notice, enter his premises between
the hours of eight in the forenoon and four in the afternoon and separate
and take away such meter or other property of the company, and may
disconnect any meter, pipe, wires, fittings or other works, whether they
are property of the company or not, from its mains, pipes or wires.

1 Section 125. A gas or electric company shall not refuse to supply
gas or electricity for any building or premises to a person applying
therefor who is not in arrears to it for any gas or electricity previously
supplied to him, because a bill for gas or electricity remains unpaid by
a previous occupant of such building or premises.

199 Mass. 324.

1 Section 125A. A gas or electric company which has been furnishing
gas or electricity to a town under a contract that has expired may,
until a new contract for supplying gas or electricity to such town has
lawfully been made, continue to furnish the same to such town not
withstanding any provision of a city charter or of general or special law
or of any ordinance or by-law regulating the making of contracts by
such town. The price, which the town shall be liable in contract to pay
for gas or electricity so furnished, shall be in accordance with the terms
of such expired contract or a schedule of rates filed under section ninety-
four or as ordered by the department under the provisions of section
ninety-three.

1 Section 126. Whoever wilfully or fraudulently injures, disconnects,
removes or otherwise interferes with, or suffers to be injured, discon-
nected, removed or otherwise interfered with, any meter, pipes or
fittings belonging to a gas company, or prevents a meter from duly registering the quantity of gas supplied through the same, or in any way hinders or interferes with its proper action or just registration, or fraudulently burns or wastes the gas of such company, or whoever attaches a pipe or any appliance to a main or pipe belonging to a gas company or, without the written consent of such company, uses or causes to be used any gas supplied by it, unless the same passes through a meter set by the company, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than one year, or both.

Section 127. Whoever unlawfully and intentionally injures or destroys, or suffers to be injured or destroyed, any meter, pipe, conduit, wire, line, pole, lamp or other apparatus belonging to a corporation engaged in the manufacture or sale of electricity, or unlawfully and intentionally prevents an electric meter from duly registering the quantity of electricity supplied, or in any way interferes with its proper action or just registration, or, without the consent of such corporation, unlawfully and intentionally diverts any electric current from any wire of such corporation, or otherwise unlawfully and intentionally uses or causes to be used, without the consent of such corporation, any electricity manufactured or distributed by it shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than one year, or both.

1. Section 5. In all proceedings for the acquisition by a town of the water works and other property of a water company created by special law in the commonwealth providing for the appointment of commissioners for the determination of the price to be paid for such water works and property, the matters to be referred to, heard and determined by, the department, and its determination and award shall have the same force and effect as if the determination and award had been made by the commissioners provided for in the charters of such companies.

1. Section 6. In all proceedings conducted by the department under the laws relating to the petition of any water company for authorization to issue capital stock or bonds, and in all matters connected with the determination by the department of any question relating thereto and before any such authorization is given, the department of public health shall, on request of the department, furnish without charge engineering services and advice for its assistance and guidance in such proceedings.

1. Section 7. The department shall make an annual report of all its doings under this chapter, together with such suggestions as to the condition of affairs or conduct of the corporations and companies as may be appropriate and with such abstracts of the returns required by section two as it deems expedient.

Section 9. Any corporation, company or person aggrieved by the decision of the aldermen or selectmen under the preceding section may, within thirty days after notice of said decision, appeal therefrom to the department which shall thereupon give due notice to and hear all parties interested, and render decision thereon.

Section 10. Any person using water supplied by a city, town, district or company, measured by a meter, shall be entitled to an examination and test of such meter to determine the accuracy of the same in any quarter or period, upon written application therefor, which shall be made before the expiration of the time when the rate for such quarter or period is required to be paid, to the board, commissioner or officer in charge of the water works of the city, town or district, if the water is supplied by a city, town or district, or to the company, if the water is supplied by a company. Such examination and test shall be made by a competent person employed by the city, town or district, if the water is supplied by a city, town or district, or by a competent person designated by the mayor of the city or the selectmen of the town where the water is supplied, if it is supplied by a company. AQUEDUCT COMPANIES.

Section 12. Aqueduct companies shall, except as otherwise herein provided, be subject to chapter one hundred and fifty-eight and also to sections four to ten, inclusive, of chapter one hundred and sixty-six except that all rights and duties imposed on the department by sections four and five of said chapter one hundred and sixty-six shall in the case of aqueduct companies be exercised by the commissioner of corporations and taxation.

Section 13. Immediately after the payment of the capital of an aqueduct company, as authorized by the commissioner of corporations and taxation, a certificate, signed and sworn to by its president, treasurer and a majority of its directors, stating the fact of such payment, the manner in which the capital has been paid in and has been invested or voted to be invested, and approved by said commissioner, shall be filed in the office of the state secretary.

Section 14. A conveyance to an aqueduct company of real or personal property at a fair valuation shall be a sufficient payment of the capital stock to the extent of such value, if a description of such property and a statement of the value at which it has been taken in payment, in such detail as the commissioner of corporations and taxation shall require or approve, is included in the certificate mentioned in the preceding section, and a statement that he is satisfied that such valuation is fair and reasonable is endorsed by him upon such certificate.

Section 15. The proprietors of an aqueduct corporation, which has been organized under chapter one hundred and ten of the Public Statutes or corresponding provisions of earlier laws, may at a legal meeting agree upon the method of calling future meetings of the corporation, and may choose a clerk, who shall be sworn and who shall record in books to be provided and kept by him for that purpose all by-laws, votes and other proceedings of the corporation. The directors may make such assessments on each share as they find necessary; and, upon the default of a proprietor for thirty days after notice thereof to pay an assessment, they may sell by public auction so many of his shares as will be sufficient to pay the assessment and the necessary charges, such sale being first advertised three weeks successively in a newspaper published in the county, or
notices thereof being posted thirty days at least before the sale in public places in the town. The surplus proceeds arising from the sale shall be paid to the owner of the shares sold.

**SECTION 19.** Such corporation may purchase and hold real estate necessary for the purpose of its association not exceeding thirty thousand dollars in value.

R. L. 123, § 45.

**SECTION 20.** Such corporation may, with the written consent of the aldermen of a city or the selectmen of a town, dig up and open any street or way therein for the purpose of placing such pipes as are necessary in constructing its aqueduct or in repairing or extending the same, if the same is so done as not to prevent the convenient passing of teams and vehicles.

**SECTION 21.** Contracts made by or with such a corporation shall remain in force after its dissolution, and the shareholders at such dissolution shall continue liable and capable as a corporation in all its suits relative to such contracts until they are performed, if suit is commenced within six years after the dissolution or after the right of action accrued.

**SECTION 22.** If no corporate property can be found to satisfy a judgment recovered against the shareholders after the dissolution, and it is not satisfied within six months after it is recovered, the judgment creditor may satisfy the same out of the private estate of the shareholders or any of them, as if the judgment had been against them in their private capacity.

**SECTION 23.** If the corporation at its dissolution is seized of real estate, the proprietors shall become tenants in common thereof in proportion to their respective shares or interests in the stock of the corporation.

**SECTION 24.** Whoever maliciously injures an aqueduct or any of its appurtenances shall forfeit not more than one hundred dollars to the use of the town where the offence is committed, and shall be liable to the corporation for treble the amount of damages sustained thereby.

R. L. 123, § 50.

**SECTION 25.** A town in which such aqueduct is situated may put conductors into the pipes for the purpose of drawing therefrom, free of expense, as much water as is necessary if a building is on fire therein and such conductors are so secured that water shall not be drawn therefrom except for the purpose of extinguishing fires.

144 Mass. 177.

**SECTION 26.** If the selectmen consider it necessary, for the protection of persons and property in their town against fire, to take water from the conductors or pipes therein of an aqueduct corporation, they may direct the engineers of the fire department to request the corporation to put into such conductors or pipes, in such places as said engineers shall
6 think necessary, connections or conductors for the purpose of attaching
7 hydrants or conducting water into reservoirs. If the corporation refuses
8 or neglects for two weeks after such request to comply therewith, said
9 engineers may make such connections at the cost of the town, using all
10 necessary means for making the same and using reasonable care for the
11 protection of the pipes and works of such corporation.

1 Section 27. Any person who has sustained injury in his land or by
2 the diversion of water by the operations of an aqueduct corporation, and
3 who is entitled to damages for such injury by the act establishing such
4 corporation or otherwise, may recover such damages under chapter
5 seventy-nine.

FINANCES OF TELEPHONE AND TELEGRAPH COMPANIES.

SECTION 1. A telegraph or telephone company shall not commence the construction of its line until three fourths of its capital stock have been unconditionally subscribed for, and at least one half has been paid in in cash; and the directors shall, within ten days after commencing construction, file in the office of the state secretary a sworn statement of such subscription and payment.

SECTION 2. Such company shall not at any time contract or owe debts to a larger amount than one half of its capital stock actually paid in.

SECTION 3. The president and treasurer of such company shall be jointly and severally liable for all its indebtedness, in case of wilful neglect or omission on their part to comply with any provision of section one, two or eleven.

SECTION 4. Such company shall issue only such amount of stock and bonds, and of coupon notes and other evidences of indebtedness payable at periods of more than three years, as the department of public utilities may from time to time approve as reasonably necessary for the purpose for which such issue of stock, bonds, coupon notes or other evidences of indebtedness has been authorized. Said department shall on an application for such issue, within thirty days after the final hearing thereon, render a written decision assigning the reasons therefor, and, if approving such issue, specifying the respective amounts of stock, bonds, coupon notes or other evidences of indebtedness approved for the respective purposes to which the proceeds thereof are to be applied. The decision shall, within seven days after it has been rendered, be filed in the office of the department and a certificate of said decision shall, within three days after rendition and before the stock, bonds, coupon notes or other evidences of indebtedness as aforesaid are issued, be filed in the office of the state secretary, and a duplicate thereof delivered to the corporation which shall enter the same upon its records. Such corporation shall not apply the proceeds of such stock, bonds, coupon notes or other evidences of indebtedness as aforesaid to any purpose not specified in such certificate.

SECTION 5. The supreme judicial or superior court shall have jurisdiction in equity, upon the application of the department, attorney
3 general, any stockholder or interested party, to enforce the preceding
4 section and all lawful orders and decisions, conditions or requirements
5 of said department in pursuance thereof.

1 Section 6. A director, treasurer or other officer or agent of any
2 such company who knowingly votes to authorize the issue of, or know-
3 ingly signs, certifies or issues, stock or bonds contrary to section four,
4 or who knowingly votes to authorize the application, or knowingly applies
5 the proceeds, of such stock or bonds contrary to said section, or who
6 knowingly votes to assume or incur, or knowingly assumes or incurs
7 in the name or behalf of such corporation, any debt or liability except
8 for the legitimate purposes of the corporation shall be punished by a
9 fine of not more than one thousand dollars or by imprisonment for not
10 more than one year, or both.

1 Section 7. If any such company increases its capital stock, such
2 new shares necessary to produce the amount of increased capital stock
3 authorized shall, except as provided in the following section, be offered
4 proportionately to its stockholders at not less than the market value
5 thereof at the time of increase, to be determined by the department of
6 public utilities, taking into account previous sales of stock of the cor-
7 poration and other pertinent conditions, which determination shall be
8 in writing and with the date thereof shall be certified to and recorded
9 in the books of the corporation. The directors, upon the approval of
10 such increase as provided in section four and the determination of the
11 market value as hereinbefore provided, shall cause written notice of
12 such increase to be given to each stockholder who was such at the date
13 of the vote to increase, stating the amount of such increase, the number
14 of shares or fractions of shares to which he, according to the propor-
15 tionate number of his shares at the date of such vote, is entitled, the
16 price at which he is entitled to take them, and fixing a time, not less
17 than fifteen days after the date of such determination, within which he
18 may subscribe for such additional stock. Each stockholder may, within
19 the time limited, subscribe for his portion of such stock, which shall be
20 paid for in cash before the issue of a certificate therefor.

1 Section 8. If such increase does not exceed four per cent of the
2 existing capital stock of the corporation, the directors, without first
3 offering the same to the stockholders, may sell them by auction to the
4 highest bidder at not less than the par value thereof to be actually paid
5 in cash, and shall sell any shares which remain unsubscribed for by
6 the stockholders entitled to take them after the expiration of the time
7 limited in the notice required by the preceding section. Such shares
8 shall be offered for sale in Boston or such other city or town as the
9 department of public utilities directs; and notice of the time and place
10 of such sale shall be published at least five times during the ten days
11 immediately preceding the sale in each of at least three daily news-
12 papers approved by said department.

216 Mass. 432.

1 Section 9. No such company established under the laws of this com-
2 nonwealth shall declare any stock or scrip dividend or divide the pro-
3 ceeds of the sale of stock or scrip among its stockholders; nor shall any
such company issue any share of stock to any person unless the par value of the shares so issued is first paid in cash to its treasurer.

Such dividends void. Liability of directors. 1865, 310, § 2; P. S. 185, § 19; 112, § 61; 1894, 350, § 2; R. L. 109, § 21.

Section 10. All certificates of stock or scrip issued in violation of the preceding section shall be void; and the directors of the corporation which issues them shall be liable to a penalty of one thousand dollars each, to be recovered by indictment in any county where any of them reside; but if any such director proves that, before such issue, he filed his written dissent thereto with the clerk, or was absent and at no time voted therefor, he shall not be so liable.

RETURNS.

Section 11. Every telephone or telegraph company doing business in the commonwealth shall annually, on or before March thirty-first or such subsequent date as the department of public utilities, for good cause shown in any case, may fix, file with said department a report of its doings for the year ending December thirty-first preceding, which report shall be in such detail as the department prescribes, and shall be called the “Annual Return.” Such return shall be sworn to by the treasurer and by the chief accounting officer of such company, and shall include a statement of its business, receipts and expenditures within the commonwealth during the year, its dividends paid out and declared, the amount of its authorized capital and its indebtedness and financial condition. The word “company” in this and the following section shall include every person, partnership, association and corporation engaged in the business of the transmission of intelligence by electricity.

Section 12. Any such company neglecting to make the annual return required by the preceding section shall, for the first fifteen days or portion thereof during which such neglect continues, forfeit five dollars a day; for the second fifteen days or any portion thereof, ten dollars a day; and for each day thereafter a sum not exceeding fifteen dollars a day. If any company unreasonably refuses or neglects to make such return, it shall, in addition thereto, forfeit not more than five hundred dollars for each offence. All forfeitures recovered under this section shall be paid to the commonwealth.

TELEPHONE COMPANIES.

Section 13. A person owning, controlling or operating a telephone exchange or service in the commonwealth shall, upon application of a telegraph company, furnish such company with the use of telephones and telephone service, and connection with his exchanges, with the subscribers thereto, and with his telephone service, without discrimination between telegraph companies as to such connection, service or use of instruments furnished or charges therefor for the same class of service.

Section 14. A person owning, controlling or operating a telephone exchange or service in the commonwealth shall, upon application and the tender of the charges or rental usual or customary for the class of service required, without discrimination for the same class of service rendered, furnish the applicant with the use of a telephone and telephone service and connection with his exchanges and the subscribers thereto, if the
7. Applicant secures the rights necessary to make the connections applied for and pays to the telephone company in advance an amount sufficient to cover the actual cost of the extension, if said extension is more than 10 one mile from any main exchange circuit of such company.

1. Section 15. The supreme judicial or superior court shall have jurisdiction to enforce the two preceding sections.

**TELEGRAPH COMPANIES.**

1. Section 16. A telegraph company shall receive despatches from and to other telegraph companies and associations, and from and for any person; and, upon payment of the usual charges for transmitting despatches according to the regulations of the company, shall transmit them faithfully and impartially.

1. Section 17. A telegraph company shall receive, compute and transmit despatches received at its offices from another telegraph company or by mail, at the same rates of charge as for despatches received for transmission from individuals on the same day and at the same place.

1. Section 18. A telegraph company which willfully neglects or refuses to comply with any provision of the two preceding sections shall forfeit not more than one hundred dollars to the company or person who sends or desires to send the despatch.

1. Section 19. A telegraph company shall be liable for damages to the amount of one hundred dollars actually caused by its negligence, or that of its agents, in transmitting, receiving or delivering telegraphic messages, and any limit of such liability by contract or regulation shall apply only to the damages in each case in excess of one hundred dollars; but no action therefor shall be maintained unless a written claim is presented to such company or its agent within sixty days after such right of action accrues. This section shall not apply to negligence occurring in a telegraph office established for the convenience and safety of a railroad corporation in the running of its trains, and transacting a public telegraph business only as incidental thereto, nor to negligence in the delivery of messages received at such office.

1. Section 20. Every person engaged in the business of transmitting communications by telegraph in the commonwealth and charging tolls therefor, shall cause to appear plainly upon the addressee's copy of every telegram originating at and destined for a point within the commonwealth, the hour and minute of the day on which it was filed for transmission and the hour and minute of the day of its receipt at its destination, and no charge shall be made for or on account of the additional matter required by this section. Violation of any provision of this section shall be punished by a fine of not more than one hundred dollars for every 10 telegrams in respect to which the violation occurs.

CONSTRUCTION OF LINES FOR TRANSMITTING ELECTRICITY.

Section 21. A company incorporated for the transmission of intelligence by electricity or by telephone, whether by electricity or otherwise, or for the transmission of electricity for lighting, heating or power, or for the construction and operation of a street railway or an electric railroad, may, under this chapter, construct lines for such transmission upon, along, under and across the public ways and, subject to chapter ninety-one, across and under any waters in the commonwealth, by the erection or construction of the poles, piers, abutments, conduits and other fixtures, except bridges, which may be necessary to sustain or protect the wires of its lines; but such company shall not inconvenience the public use of public ways or endanger or interrupt navigation.

Section 22. A company desiring to construct a line for such transmission upon, along, under or across a public way shall in writing petition the board of aldermen of the city or the selectmen of the town where it is proposed to construct such line for permission to erect or construct upon, along, under or across said way the wires, poles, piers, abutments or conduits therefor. A public hearing shall be held on the petition, and written notice of the time and place of the hearing shall be mailed at least seven days prior thereto by the clerk of the city or by the selectmen of the town to all owners of real estate abutting upon that part of the way upon, along, across or under which the line is to be constructed, as such ownership is determined by the last preceding assessment for taxation. After a public hearing as aforesaid, the board of aldermen or the selectmen may by order grant to the petitioner a location for such line, specifying therein where the poles, piers, abutments or conduits may be placed, and in respect to overhead lines may also specify the kind of poles, piers or abutments which may be used, the number of wires or cables which may be attached thereto, and the height to which the wires or cables may run.

After the erection or construction of such line, the board of aldermen or selectmen may, after giving the company or its agents an opportunity to be heard, or upon petition of the company without notice or hearing, by order permit an increase in the number of wires or cables, and direct an alteration in the location of the poles, piers, abutments or conduits or in the height of the wires or cables. The board of aldermen or selectmen may, on written petition by two or more companies subject to this chapter, and having locations in any of the public ways of such city or town, without notice or hearing, by order transfer any such location from one of such companies to either or any of the other petitioners, or by order authorize any such company to attach its wires and fixtures to existing poles, piers or abutments of either or any of the other petitioners, or to maintain its wires or cables in the conduits of either or any of said other petitioners, or by order grant to said companies joint or identical locations for the maintenance of said existing poles, piers, abutments or conduits, to be used in common by them. The board of aldermen or selectmen may, on written petition by two or more companies subject to this chapter, and after notice to abutting land owners and a hearing as hereinbefore provided, by order grant to said companies joint or identical locations for the erection or construction of poles, piers, abutments or
39 conduits, to be owned and used in common by them. No order of the 40 board of aldermen or selectmen shall be required for renewing, repairing 41 or replacing wires, cables, poles, piers, abutments, conduits or fixtures 42 once erected or constructed under the provisions of law, or for making 43 house connections or connections between duly located conduits and distri- 44 buting poles.

The order granting a location or an alteration or transfer thereof, or 45 authorizing an increase in the number of wires or cables or attachments, 46 such as are hereinbefore described, shall be recorded by the city or town 47 clerk in books kept exclusively therefor, and where notice has been given 48 as hereinbefore provided the clerk of the city or the chairman or a ma- 49 jORITY of the selectmen shall certify on said record that the order was 50 adopted after due notice and a public hearing as hereinbefore prescribed, 51 and no such order shall be valid without such certificate. The company 52 or companies in whose favor the order is made shall pay for such record 53 the same fees allowed for the entering and recording of deeds by regis- 54 ters of deeds, and shall be entitled to attested copies of said orders and 55 certificates upon payment of the same fees allowed to registers of deeds 56 for copies.

The board of aldermen or selectmen may under this section authorize 57 the attachment of the wires and fixtures of a street railway or electric 58 railroad company to the poles, piers and abutments of another owner, 59 or the attachment of the wires and fixtures of another owner to the 60 poles, piers and abutments of such company, and may grant joint or 61 identical locations for the erection or construction of poles, piers, or 62 abutments to be owned and used in common by such company and 63 other owners, and locations for the transmission lines and telephone, sig- 64 nal and feed wires of such company in public ways or parts thereof, other 65 than those public ways in which the tracks of such company are laid, and 66 locations for additional poles to support, or alterations of locations for 67 existing poles supporting, trolley or span wires; and all locations granted 68 to a street railway or electric railroad company hereunder shall be sub- 69 ject only to revocation as provided in sections seventy-seven and eighty- 70 two of chapter one hundred and sixty-one; but nothing contained in this 71 section save as hereinbefore expressly set forth shall be held to apply to 72 the poles, wires and other appliances and equipment which a street railway 73 or electric railroad company, by a grant of location, or extension or 74 alteration thereof, under any general or special law now or hereafter in 75 force relating to street railways or electric railroads may be authorized 76 to construct, maintain and operate in a public way; and no terms, 77 restrictions and obligations, other than those imposed upon a grant of 78 location for a street railway or electric railroad, or an extension or alter- 79 nation thereof, under any general or special law now or hereafter in force 80 relating thereto, shall be imposed upon locations granted to a street 81 railway or electric railroad company hereunder, save locations for its 82 transmission lines or telephone, signal or feed wires in public ways other 83 than those public ways in which the tracks of such company are laid.

1 Section 23. Selectmen may authorize citizens of the commonwealth 2 to establish and maintain, in their town, poles, wires and other apparatus 3 for telegraphic and telephonic communication, in conformity with this 4 chapter and other laws applicable to telegraph or telephone companies.
Section 24. The selectmen may, upon terms and conditions prescribed by them, and subject to the provisions of this chapter, so far as applicable, authorize a person to construct for private use upon, along and under the public ways of the town telegraph and telephone lines and lines for the transmission of electricity for light, heat or power. Upon the construction of any such line, the poles and structures thereof within the location of such ways shall become the property of the town, and the selectmen may regulate and control the same, may at any time require the persons using the same to make alterations in the location or construction thereof and may, after notice and a hearing, order the removal thereof. The town may at any time attach wires for its own use to such poles and structures, and the selectmen may permit other persons to attach wires for their private use thereto or to poles and structures constructed by the town, and may prescribe reasonable terms and conditions therefor. Whoever unlawfully injures or destroys any wire, pole, structure or fixture of any such line shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than two years, or both.

Section 25. The selectmen may, within their towns, permit telegraph and telephone lines to be laid under any public way or place, and may establish reasonable regulations for the erection and maintenance of all lines for the transmission of intelligence by telegraph or telephone, or for the transmission of electricity for light, or for heat or power except for the use of street railway companies, by every person having authority to place such structures in or under public ways or places, including all lines owned or used by said towns. Regulations established by a city hereunder shall be made by ordinance.

Section 26. The selectmen shall forthwith give written notice in detail to the owner, constructor or person using any line constructed or maintained in violation of such regulations; and if thereafter such unlawful construction is continued or if said lines are not within a reasonable time so altered as to conform to said regulations, the supreme judicial or superior court may enjoin the further progress of said work, or order such line removed or altered at the expense of the owners, constructors or persons using the same. If such line belongs to or is used by a town, like action may be taken upon complaint of a person injured, after such notice to the town as the court may order.

Section 27. No ordinance or regulation of a city or town, or regulation or restriction imposed in a grant of location, affecting the erection, maintenance or operation of a line for the transmission of electricity for light, heat or power extending or intended to extend from some point in one city or town through or to some point in another city or town, shall take effect until approved by the department of public utilities.

Section 28. Any company subject to this chapter, except a telegraph or telephone company, desiring to construct a line for the transmission of electricity which will of necessity pass through one or more cities or towns to connect the proposed termini of such line, whose petition for the location necessary for such line has been refused, or has not been
6 granted within three months after the filing thereof by the board of
7 aldermen of a city or the selectmen of a town through which said com-
8 pany intends to construct such line for the purpose aforesaid, may apply
9 to said department for such location. The department shall give a pub-
10 lic hearing thereon after notice to the board of aldermen or selectmen
11 refusing or neglecting to grant such location, and to all persons owning
12 real estate abutting upon any way in the city or town where such loca-
13 tion is sought, as such ownership is determined by the last assessment
14 for taxation. The department shall, if requested by the board of aldermen
15 or selectmen, hold said hearing in the city or town where the location
16 is sought. If it appears at the hearing that the company has already
17 been granted and has accepted a location for such line in two cities, or in
18 two towns, or in a city and town adjoining the city or town because of the
19 refusal or neglect of whose board of aldermen or selectmen to grant a
20 location therefor the application is made, and if the department deems
21 the location necessary for public convenience, and in the public interest,
22 it may by order grant a location for such line in the city or town with
23 respect to which the application is made, and shall have and exercise
24 relative thereto the same powers and authority conferred by section
25 twenty-two upon the board of aldermen or selectmen, and in addition
26 to the provisions of law governing such company may impose such other
27 terms, limitations and restrictions as it deems public interest may re-
28 quire. The department shall cause an attested copy of its order, with
29 the certificate of its clerk, endorsed thereon, that the order was adopted
30 after due notice and a public hearing as hereinbefore prescribed, to be
31 forwarded to the city or town clerk, who shall record the same and fur-
32 nish attested copies thereof upon the terms and in the manner specified
33 in section twenty-two.

DAMAGES.

1 Section 29. An owner of land abutting upon a public way along
2 which telegraph or telephone, electric light, heating or power lines are
3 constructed, erected or altered in location or construction by any tele-
4 graph or telephone, electric light, heating or power company, whose
5 property is injuriously affected or diminished in value by occupation of
6 the ground or of the air, or otherwise by such construction, erection or
7 alteration, whether such owner is also the owner of the fee in such way
8 or not, may recover damages therefor from the company under chapter
9 seventy-nine.

POLES AND WIRES.

1 Section 30. A person or a corporation, private or municipal, owning
2 or operating a line of wires over or under streets or buildings shall use
3 only strong and proper wires safely attached to strong and sufficient
4 supports and insulated at all points of attachment; shall remove all
5 wires the use of which is abandoned; shall properly insulate every wire
6 where it enters a building, and, if such wire is other than a wire designed
7 to carry an electric light, heat or power current, shall attach to it at a
8 proper point in the circuit, near the place of entering the building, and so
9 situated as to avoid danger from fire, an appliance adapted at all times
10 to prevent a current of electricity of such intensity or volume as to be
11 capable of injuring electrical instruments or of causing fire from entering
12 the building by means of such wire beyond the point at which such

2181
appliances is attached; and shall properly insulate every wire within a building designed to carry an electric light, heat or power current.

SECTION 31. Such person or corporation shall plainly mark each pole, pier, abutment or other fixture supporting wires or cables containing wires over streets or buildings with the name or initials of the owner of such pole, pier, abutment or other fixture. Wherever cross arms or other appliances for the support of wires or cables belonging to different owners are attached to the same pole, pier, abutment or other fixture, every such cross arm or other appliance shall plainly be tagged or marked with the name or initials of the owner thereof. Wherever wires or cables belonging to different owners are attached to the same cross arm or other appliances for the support of wires or cables, every wire or cable shall be tagged or marked with the name or initials of the owner at or near its point of attachment to such cross arm or other appliance. No such tag or mark shall be required for the wires, poles, piers, abutments and other fixtures of a street railway or electric railroad company, except for its feed wires supported by poles carrying wires or cables belonging to another owner, and for its poles supporting wires or cables belonging to another owner, and for poles belonging jointly to the street railway company and another owner.

SECTION 32. A city shall, by ordinance, designate or provide for the appointment of an inspector of wires, and any town may provide by vote or by by-law for the appointment by its selectmen of such an inspector. Such inspector shall supervise every wire over or under streets or buildings in such city or town and every wire within a building designed to carry an electric light, heat or power current; shall notify the person owning or operating any such wire whenever its attachments, insulation, supports or appliances are improper or unsafe, or whenever the tags or marks thereof are insufficient or illegible; shall, at the expense of the city or town, remove every wire the use of which has been abandoned, and every wire not tagged or marked as hereinbefore required, and shall see that all laws and regulations relative to wires are strictly enforced. A city or town may recover in contract of the owner of any such wire so removed the expense which it has incurred for the removal thereof.

SECTION 33. The supreme judicial or superior court shall have jurisdiction in equity upon petition of the inspector designated or appointed as aforesaid, to enforce the three preceding sections and to restrain the use or maintenance, or to cause the removal, of any wire, pole or other support erected, maintained or used in violation of said sections.

SECTION 34. Poles and other structures used to support lines for the transmission of electricity shall be insulated in such manner as to protect employees and other persons from accidents. If such poles and other structures are of any material except wood, and support lines which are operated at a voltage in excess of two thousand volts, they shall be plainly and conspicuously marked “Dangerous. Keep Away”;

provided, that if such poles or structures are used solely to support lines for the transmission of electricity for street lighting and are operated at a voltage of not over ten thousand volts the same need not be so marked if those parts thereof which are accessible to the public are
11 solidly connected to a permanent ground having a resistance of not more
12 than two ohms and if the service wires conducting the current to such
13 poles or structures are placed in underground conduits. The inspector
14 of wires designated or appointed under the authority of section thirty-
15 two, or, in Boston, the fire commissioner, shall enforce this section, and
16 he shall be the sole judge of what constitutes a proper insulation or
17 marking as hereinbefore required. Any owner of poles or other struc-
18 tures, used for the transmission of electricity, shall be punished by a fine
19 of not less than ten nor more than one hundred dollars for each pole or
20 structure left uninsulated, ungrounded or unmarked in violation of this
21 section for an unreasonable time after a request by said inspector or
22 commissioner that the same be properly insulated, grounded or marked
23 as herein required. For the purposes of this section, the words “in-
24 spector of wires” or “inspector” shall, in any town having no such
25 inspector, mean the selectmen.

1 Section 35. A corporation or person maintaining or operating
2 telephone, telegraph or other electric wires or any other person who in
3 any manner affixes or causes to be affixed to the property of another
4 any pole, structure, fixture, wire or other apparatus for telephonic,
5 telegraphic or other electrical communication, or who enters upon the
6 property of another for the purpose of affixing the same, without first
7 obtaining the consent of the owner or lawful agent of the owner of such
8 property, shall, on complaint of such owner or his tenant, be punished by
9 a fine of not more than one hundred dollars.

1 Section 36. A corporation or person maintaining or operating tele-
2 phone, telegraph or other electric wires shall, at all places where such
3 wires are affixed by any pole, structure or fixture to the property of an-
4 other, mark such pole, structure or fixture in a clear, durable and legible
5 manner with the name or initials of the corporation or person maintaining
6 or operating such wires, and any corporation or person failing to comply
7 with this section shall be punished by a fine of not more than one hun-
8 dred dollars.

1 Section 37. No enjoyment, for the purposes specified in section
2 twenty-one, for any length of time of the privilege of having or main-
3 taining poles, wires or apparatus in, upon, over or attached to any build-
4 ing or land of other persons shall give a legal right to the continued en-
5 joyment of such easement or raise any presumption of a grant thereof.

1 Section 38. Whoever unlawfully and intentionally injures, molests
2 or destroys any line, wire, pole, pier or abutment, or any of the materials
3 or property of any street railway company, of any electric railroad com-
4 pany, or of any city or town engaged in the manufacture and sale of elec-
5 tricity for light, heat or power or of any company, owner or association
6 described in sections twenty-one and forty-three shall be punished by
7 a fine of not more than five hundred dollars or by imprisonment for not
8 more than two years, or both; and whoever does any act prohibited
9 by this section between the hours of four o'clock in the afternoon and
10 seven o'clock in the forenoon shall be punished by a fine of not more than
11 one thousand dollars or by imprisonment for not more than four years,

**SECTION 39.** Whenever, in order to move a building or for any other necessary purpose, a person desires that the wires of any such company be cut, disconnected or removed, the company shall forthwith cut, disconnect or remove the same, if the person desiring this to be done has first left a written statement, signed by him, of the time when, and the place, described by reference to the crossings of streets or highways, where he wishes to remove said wires, at the office of the company in the city or town where such place is situated, twenty-four hours before the time so stated, or, if there is no such office, if he has deposited such statement in the post office, postage prepaid, and directed to the company at its office nearest to said place, three days before the time mentioned in said statement. If the company neglects or refuses to cut, disconnect or remove wires as hereinbefore provided, the inspector of 13 wires, or the selectmen of a town having no such inspector, may cause the same to be cut, disconnected or removed, and the city or town may recover the company in contract the expense of so doing.

**SECTION 41.** The two preceding sections shall not apply to any wires attached to poles not erected in compliance with law.

**SECTION 42.** A telegraph company shall be liable in damages to a person injured in his person or property by the poles, wires or other apparatus of such company. If they are erected upon a public way, the city or town shall not, by reason of anything contained in this chapter or done thereunder, be discharged from its liability, but all damages and costs recovered against it on account of such injury shall be reimbursed by the company owning the poles, wires or other apparatus.

**GENERAL PROVISIONS.**

Application of chapter to others than corporations. 1849, 93, §§ 1, 6.

The commissioner, either personally or by his examiners, or such others of his assistants as he may designate, shall, at least once in each year, make an examination of the affairs of each bank and ascertain its condition, its ability to fulfill its obligations and also whether it has complied with the law; and he may also, whenever he considers it expedient, make, at the expense of the bank, such further examinations as he deems advisable. The expenses of the annual examination of a trust company shall be borne by the company, and shall be limited to the actual cost of such examination and such additional sum for the overhead expenses of the division of banks and loan agencies as the commissioner shall determine to be attributable to such examination. The commissioner or the person making the examination shall, at the time of any such examination, have free access to the vaults, investments, cash, books and papers. The commissioner shall preserve a full record of each such examination of a bank, including a statement of its condition, if ascertained. Such records, and information contained in the reports of such banks, other than information required by law to be published or to be open to the inspection of the public, shall be open only to the inspection of the commissioner, his examiners and assistants, and such other officers of the commonwealth as may have occasion and authority to inspect them in the performance of their official duties. The commissioner may furnish to the national bank examiners, the federal government, any organization created by federal legislation, or the banking departments of other states, such information, reports and statements relating to the institutions under his supervision as he deems best.

If, in the opinion of the commissioner, such bank is conducting any part of its business in an unsafe or unauthorized manner, he shall direct in writing that such unsafe or unauthorized practice shall be discontinued; and if any such bank refuses or neglects to comply with any such direction of the com-
9 missioner, or if, in the opinion of the commissioner, a trustee or officer of
10 such bank has abused his trust, or has used his official position in a manner
11 contrary to the interests of such bank or its depositors, or has been negligent
12 in the performance of his duties, the commissioner may, in case of
13 a savings bank, forthwith report the facts to the attorney general, who
14 may, after granting a hearing to said savings bank, trustee or officer,
15 institute proceedings in the supreme judicial court, which shall have
16 jurisdiction in equity of such proceedings, for the removal of one or more
17 of the trustees or officers, or of such other proceedings as the case may

SECTION 10. Whenever in the opinion of the commissioner an excessive loan has been made, or is about to be made upon real estate, by a trust company or co-operative bank, he may cause an appraisal of such real estate to be made at the expense of the trust company or bank making the loan. One appraiser shall be named by the commissioner, one by the trust company or bank, and a third by the two thus named. The appraisers shall determine the value of the real estate and certify the same in writing to the commissioner and to the trust company or bank. If it shall appear from the appraisal that the loan is excessive, the commissioner may make such order in relation thereto as he deems advisable.

SECTION 11. Returns to the commissioner under section twenty-six of chapter one hundred and seventy-two, records of examinations of banks made under section two of this chapter, reports made under section twenty-six of chapter one hundred and sixty-eight, and reports made under section forty-four of chapter one hundred and seventy, may, after five years from the date of their receipt, be destroyed or disposed of by order of their lawful custodian, and any proceeds received in the course of their disposal shall be paid to the commonwealth.

REGULATION OF BUSINESS.

SECTION 12. No corporation, domestic or foreign, and no person, partnership or association except savings banks and trust companies incorporated under the laws of this commonwealth, or such foreign banking corporations as were doing business in this commonwealth, and were subject to examination or supervision of the commissioner on June first, nineteen hundred and six, shall hereafter make use of any sign at the place where its business is transacted having thereon any name, or other words indicating that such place or office is the place or office of a savings bank; nor shall such corporation, person, partnership or association make use of or circulate any written or printed or partly written and partly printed paper whatever, having thereon any name or other words, indicating that such business is that of a savings bank; nor shall any such corporation, person, partnership or association, or any agent of a foreign corporation not having an established place of business in this commonwealth, solicit or receive deposits or transact business in the way or manner of a savings bank, or in such a way or manner as to lead the public to believe, or as in the opinion of the commissioner might lead the public to believe, that its business is that of a savings bank; nor shall any person, partnership, corporation or association except as provided in section thirty-seven and except co-operative banks incorporated under the laws of this commonwealth and corporations described in the first sentence of this section hereafter transact business under any name or title which contains the word "bank" or "banking", or any word in a foreign language having the same or similar meaning, as descriptive of said business, or, if he or it does a banking business or makes a business of receiving money on deposit, under any name or title containing the word "trust", or any word in a foreign language having the same or similar meaning, as descriptive of said business.

SECTION 13. The commissioner or his examiners may examine the accounts, books and papers of any corporation, person, partnership or association making a business of receiving money on deposit, or which
has the word "bank", "banking", "banker", "bankers", or "trust", or
5 any word in a foreign language having the same or similar meaning, in
6 the name under which its business is conducted, in order to ascertain
7 whether such corporation, person, partnership or association has violated
8 or is violating any provision of the preceding section; and any corpora-
tion, person, partnership or association refusing to allow such examination
9 or violating any provision of said section shall forfeit to the common-
wealth one hundred dollars a day for every day or part thereof during
10 which such refusal or violation continues. Any violation of this or the
preceding section shall forthwith be reported by the commissioner to the
14 attorney general. The said forfeiture may be recovered by an information
15 or other appropriate proceeding brought in the supreme judicial or su-
16 perior court in the name of the attorney general. Upon such information
17 or other proceeding the court may issue an injunction restraining such
18 corporation, person, partnership or association from further prosecution
19 of its business within the commonwealth during the pendency of such
20 proceeding or for all time, and may make such other orders or decrees
21 as equity and justice may require.

1 Section 14. When a deposit is made in any bank, in the names of
2 two persons, payable to either, or payable to either or the survivor, such
3 deposit, or any part thereof, or interest or dividend thereon, if not then
4 attached at law or in equity in a suit against either of said persons, may
5 be paid to either of said persons, whether the other be living or not, and
6 such payment shall discharge the bank making such payment from its
7 obligation, if any, to such other person or to his legal representatives for
8 or on account of such deposit.

1 Section 15. [Repealed, 1923, 40, § 2.]

1 Section 16. Savings banks and trust companies in their savings de-
2 partments may contract, on terms to be agreed upon, for the deposit at
3 intervals within any period of twelve months, of sums of money in the
4 aggregate not in excess of the statutory limit on deposits in savings banks,
5 and for the payment of interest on the same at a rate not more than one
6 per cent less than the rate of their last regular dividend on savings de-
7 posits. A sum thus accumulated, if left in such a depository as a regular
8 savings deposit within fifteen days after the date on which money or-
9 dinarily begins to draw interest, may, if the depository so provides, draw
10 interest from such prior date.

1 Section 17. Dividends or interest on deposits in the savings depart-
2 ments of trust companies or in savings banks may be declared and paid
3 for periods of not less than one month nor more than six months, as
determined by their by-laws, from income which has been earned and
5 which has been collected, except as otherwise provided in the case of
6 savings banks by section forty-seven of chapter one hundred and sixty-
7 eight, during the next preceding six months and which is available after
8 deducting previous dividends paid, the reasonable expenses incurred in
9 the management thereof, the taxes paid and the amounts required to be
10 set apart for the guaranty fund. In the computation of such dividends
11 or interest, when the day on which deposits in any such savings depart-
12 ment or savings bank begin to draw interest, as provided in its by-laws

Section 18. An officer, agent, clerk or servant of a trust company or savings bank who pays or authorizes the payment of any dividend or interest unless the same has been earned and collected as provided in the preceding section shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than six months.

Section 19. A depositor’s vouchers may be returned by mailing the same to him, at his last known address, postage prepaid, and such depositor may, when required to notify the bank, give notice in like manner.

Section 20. When a pass book issued by a savings bank, a co-operative bank or the savings department of a trust company has been lost, stolen or destroyed, the person in whose name it was issued or his legal representative, may make written application to such bank, for payment of the amount of the deposit represented by said book or for the issuance of a duplicate book therefor. Thereupon with the written consent of the bank, he may give, or authorize the bank at his expense to give, public notice of such application by advertising the same at least once a week for three successive weeks in a newspaper published in or nearest to the town where such bank is situated. If such book shall not be presented to said bank within thirty days after the date of the first advertisement, as afore-said, the bank shall, upon proof that such notice has been given, pay the amount due on said book or issue a duplicate book therefor; and upon such payment or delivery of a new book, all liability of the bank on account of the original book shall cease.

Liquidation.

Section 21. [Repealed, 1922, 411.]

Section 22. Whenever it shall appear to the commissioner that any bank has violated its charter or any law of the commonwealth, or is conducting its business in an unsafe or unauthorized manner, or that its capital is impaired, or if it shall refuse to submit its books, papers and concerns to the inspection of the commissioner or of his duly authorized agents, or if any officer of such bank shall refuse to be examined on oath by the commissioner or his duly authorized assistants touching its concerns, or if it shall suspend payment of its obligations, or if from an examination or from a report provided for by law the commissioner shall have reason to conclude that such bank is in an unsound or unsafe condition to transact the business for which it is organized, or that it is unsafe and inexpedient for it to continue business, the commissioner may take possession forthwith of the property and business of such bank and may retain possession thereof until the bank shall resume business or until its affairs shall finally be liquidated as herein provided.
16 Subject to the written approval of the commissioner, any co-operative
17 bank or trust company may be dissolved and liquidated its affairs if
18 authorized by a vote passed, at a meeting specially called to consider the
19 subject, by at least two thirds of the shareholders in a co-operative bank
20 or by stockholders of a trust company representing at least two thirds
21 of its outstanding capital stock. A committee of three shareholders or
22 stockholders shall thereupon be elected, and, under such regulations as
23 may be prescribed by the commissioner, shall liquidate the assets, and
24 after satisfying all debts of the corporation shall distribute the remaining
25 proceeds among those entitled thereto in proportion to their respective
26 interests therein.

1 Section 23. Upon taking possession of the property and business of
2 a bank, the commissioner shall forthwith give notice thereof to all banks,
3 trust companies, associations and individuals holding or having pos-
4 session of any assets of such bank. No bank, trust company, association
5 or individual, knowing that the commissioner has taken such possession,
6 or having been notified thereof as aforesaid, shall have a lien or charge for
7 any payment, advance or clearance thereafter made, or liability there-
8 after incurred, against any of the assets of the bank of whose property
9 and business the commissioner shall have taken possession as aforesaid.
10 Such bank may, with the consent of the commissioner, resume business
11 upon such conditions as he may approve; provided, that if, in his judg-
12 ment it is for the public interest so to do, he may retain in behalf of the
13 bank the control, prosecution or defence of any undetermined suits or
14 claims brought in behalf of or against the bank under section twenty-five
15 during the time when the bank was in his charge, and the expense of pros-
16 ecuting or defending such suits or claims shall be paid from the funds of
17 such bank.

1 Section 24. Upon taking possession of the property and business of
2 such bank, the commissioner may collect moneys due to the bank, and
3 do all acts necessary to conserve its assets and business, and shall pro-
4 ceed to liquidate its affairs as hereinafter provided. He shall collect all
5 debts due and claims belonging to it, and upon the order or decree of the
6 supreme judicial court, or any justice thereof, may sell or compound all
7 bad or doubtful debts, and on like order or decree may sell all, or any
8 part of, the real and personal property of the bank on such terms as the
9 court shall direct. If, at any time after he has taken possession of the
10 property and business of a trust company under section twenty-two,
11 the commissioner deems it necessary to enforce the individual liability
12 of stockholders therein, as provided in the first sentence of section
13 twenty-four of chapter one hundred and seventy-two, in order to pay
14 the liabilities of such trust company, he may file a bill in equity, in the
15 supreme judicial court for the county where the principal office of the
16 trust company is located, against all persons who were stockholders
17 therein at the time of such taking possession, to enforce such individual
18 liability. The court may by its decree assess upon the stockholders in
19 such suit severally sums in proportion to the amounts of stock held by
20 them respectively at the time of such taking possession; but no such
21 stockholder shall be liable to pay a larger sum than the amount of the
22 par value of the stock held by him at the time of such taking possession.
23 Such suit shall not abate by reason of the non-joinder of persons liable
24 as respondents, unless the commissioner, after notice by plea or answer
25
of their existence, unreasonably neglects to make them parties; nor shall it abate by reason of the death of a respondent, but his estate shall be liable in the hands of his executor or administrator, who may voluntarily appear, or who may be summoned by the commissioner to defend the suit.

SECTION 25. To execute and perform the powers and duties conferred upon him, the commissioner may, in the name of any such bank, prosecute and defend all suits and other legal proceedings and may, in the name of the bank, execute, acknowledge and deliver all deeds, assignments, releases and other instruments necessary and proper to effectuate any sale of real or personal property or any compromise authorized by the court; and any deed or other instrument, executed pursuant to the authority hereby given, shall be valid and effectual for all purposes to the same extent as though executed by the officers of the bank by authority of its board of directors or of its stockholders, or by the individual banker personally. In case any of the real property so sold is located in a county other than that where the application to the court for leave to sell the same is made, the commissioner shall cause a certified copy of the order or decree of the court authorizing or ratifying such sale to be filed in the registry of deeds for the district where the said real property lies.

SECTION 26. The commissioner may, under his hand and official seal, appoint agents to assist him in the duty of liquidation and distribution. The certificates of the appointment of such agents shall be filed in the office of the commissioner, and certified copies thereof shall be filed in the office of the clerk of the supreme judicial court for the county where the principal office of such bank is located. The commissioner may from time to time authorize such agents to perform such duties connected with said liquidation and distribution as he deems proper. The commissioner may procure such expert assistance and advice as he considers necessary in the liquidation and distribution of the assets of such bank, and he may retain such of the officers or employees of the bank as he deems necessary. The commissioner shall require from a special agent and from such assistants such security for the faithful discharge of their duty as he deems proper.

SECTION 27. Upon taking possession of the property and assets of such bank, the commissioner shall make an inventory in duplicate of the assets of the bank, one to be filed in his office and one in the office of the clerk of the supreme judicial court for the county where the principal office of the bank is located.

SECTION 28. The commissioner shall publish weekly for three consecutive months, in such newspapers as he directs, a notice calling on all persons who may have claims against such bank to present the same to the commissioner and to make legal proof thereof at a place and in a time, not earlier than the last day of publication, to be therein specified. The commissioner shall mail a similar notice to all persons whose names appear as creditors upon the books of the bank, so far as their addresses are known. If the commissioner doubts the justice and validity of any
9 claim, he may reject the same and serve notice of such rejection upon
10 the claimant, either personally or by mail. An affidavit of service of such
11 notice, which shall be prima facie evidence thereof, shall be filed with the
12 commissioner. An action upon the claim so rejected shall not be enten-
13 tained unless brought within six months after such service. Claims pre-
14 sented after the expiration of the time specified in the notice to creditors
15 shall be entitled to share in the distribution only to the extent of the
16 assets in the hands of the commissioner equitably applicable thereto.

1 Section 29. Upon the expiration of the time fixed for the presenta-
2 tion of claims, the commissioner shall make in duplicate a full and com-
3 plete list of the claims presented, including and specifying such claims
4 as have been rejected by him. One of said lists shall be filed in his office
5 and the other in the office of the clerk of the supreme judicial court for
6 the county where the principal office of the bank is located. Thereafter
7 the commissioner shall make and file in said offices, at least fifteen days
8 before every application to the court for leave to declare a dividend, a
9 supplementary list of the claims presented since the last preceding list
10 was filed, including and specifying such claims as have been rejected by
11 him, and, in any event, he shall make and file the said list at least once
12 in every six months after the filing of the original list, so long as he re-
13 mains in possession of the property and business of the bank. Said in-
14 ventory and lists shall be open to inspection at all reasonable times.

1 Section 30. The compensation of the special agents, counsel, em-
2 ployees and assistants, and all expenses of supervision and liquidation,
3 shall be fixed by the commissioner, subject to the approval of the su-
4 preme judicial court for the county where the principal office of such bank
5 is located, on notice to such bank, and, upon the certificate of the com-
6 misioner, shall be paid out of the funds of the bank in his hands.

1 Section 31. At any time after the expiration of the date fixed for
2 the presentation of claims, the supreme judicial court, on application
3 of the commissioner, depositor, creditor, stockholder or any party in
4 interest, may authorize or direct the commissioner to declare out of
5 the funds remaining in his hands, after the payment of expenses, one or
6 more dividends, and, after the expiration of one year from the first
7 publication of notice to creditors, or earlier if the supreme judicial court
8 so orders, the commissioner may declare a final dividend, such dividends
9 to be paid to such persons, in such amounts, and upon such notice as may
10 be directed by the supreme judicial court for the county where the prin-
11 cipal office of such bank was located, or as may be directed by a justice
12 of said court. Objections to any claim not rejected by the commissioner
13 may be made by any person interested by filing a copy of the objections
14 with the commissioner, who shall present the same to the supreme
15 judicial court at the time of the next application for leave to declare a
16 dividend. The court to which such application is made shall thereupon
17 dispose of said objections, or may refer them to a master, and should the
18 objections to any claim be sustained by the court or by the master no
19 dividend thereon shall be paid by the commissioner until the claimant
20 shall have established his claim by the judgment of a court of competent
21 jurisdiction. The court may make proper provision for unproved or
22 unclaimed deposits.
Section 32. Should any bank, at the time when the commissioner takes possession thereof, have in its possession for safe keeping and storage, any jewelry, plate, money, securities, valuable papers or other valuable personal property, or should it have rented any box, safes, or safe deposit boxes, or any part thereof, for the storage of property of any kind, the commissioner may at any time after taking possession as aforesaid cause to be mailed to the person claiming or appearing upon the books of the bank to be the owner of such property, or to the person in whose name the safe, vault, or box stands, a written notice in a securely closed postpaid, registered letter, directed to such person at his post office address as recorded upon the books of the bank, notifying such person to remove, within a period fixed by said notice and not less than sixty days from the date thereof, all such personal property; and upon the date fixed by said notice, the contract, if any, between such persons and the bank for the storage of said property, or for the use of said safe, vault or box, shall cease and determine, and the amount of the unearned rent or charges, if any, paid by such person shall become a debt of the bank to such person. If the property be not removed within the time fixed by the notice, the commissioner may make such disposition of said property as the supreme judicial court, upon application thereto, may direct; and thereupon the commissioner may cause any safe, vault or box to be opened in his presence, or in the presence of one of his special agents and of a notary public not an officer or in the employ of the bank, or of the commissioner, and the contents thereof, if any, to be sealed up by such notary public in a package upon which the notary public shall distinctly mark the name and address of the person in whose name such safe, vault or box stands upon the books of the bank, and shall attach thereto a list and description of the property therein. The package so sealed and addressed, together with the list and description, may be kept by the commissioner in one of the general safes for boxes of the bank until delivered to the person whose name it bears, or may otherwise be disposed of as directed by the court.

Section 33. Whenever any bank of whose property and business the commissioner has taken possession deems itself aggrieved thereby, it may, at any time within ten days after such taking possession, apply to the supreme judicial court for the county where the principal office of the bank is located to enjoin further proceedings; and said court, after citing the commissioner to show cause why further proceedings should not be enjoined, and after hearing the allegations and proofs of the parties and determining the facts, may, upon the merits, dismiss such application or may enjoin the commissioner from further proceedings and direct him to surrender the said business and property to the bank.

Section 34. Whenever the commissioner has paid to every depositor and creditor of such corporation, not including stockholders, whose claims as such creditors or depositors have been duly approved and allowed, the full amount of such claims, and has made proper provision for unclaimed and unpaid deposits or dividends, and has paid all expenses of the liquidation, he shall call a meeting of the stockholders of the corporation by mailing notice thereof, not less than thirty days prior to the date of the meeting, to each stockholder of record whose address is known, and also by publishing notice of the meeting once a week for four successive weeks in some newspaper of general circulation published in the
county where the principal office of the corporation is located, the first
publication to be not less than thirty days before the date appointed
for the meeting. At such meeting the stockholders shall determine
whether the commissioner shall be continued as liquidator and shall wind
up the affairs of the corporation, or whether an agent or agents shall be
elected therefor, and in so determining the stockholders shall vote by
ballot, in person or by proxy, each share of stock entitling the holder to
one vote; and a majority of the stock shall be necessary for the deter-
mination. If it is determined to continue the liquidation under the
commissioner, he shall complete the liquidation and, after paying the
taxes thereof, distribute the proceeds remaining among the stock-
holders in proportion to their several holdings of stock, in such manner
and upon such notice as may be directed by the supreme judicial court.
If it is determined to appoint an agent or agents to liquidate, the stock-
holders shall thereupon select such agent or agents by ballot, a majority
of the stock present and voting, in person or by proxy, being necessary
to a choice. Such agent or agents shall execute and file with the com-
missioner a bond to the state treasurer in such amount, with such sureties
and in such form as shall be approved by the commissioner, conditioned
for the faithful performance of all the duties of his or their trust, and
thereupon the commissioner shall transfer and deliver to such agent or
agents all undivided, uncollected or other assets of the corporation then
remaining in his hands. Upon such transfer and delivery, the com-
missioner shall be discharged from all further liability to such corporation.
Said agent or agents shall convert into cash the assets coming into his
or their possession and shall account for and make distribution of the
property of the corporation as provided in the case of distribution by
the commissioner, except that the expenses thereof shall be subject to
the direction and control of the supreme judicial court. In case of the
death, removal or refusal to act of any such agents, the stockholders, on
the like notice, to be given by the commissioner upon proof of such
death, removal or refusal to act being filed with him, and by the like vote
hereinbefore provided, may elect a successor, who shall have the same
powers and be subject to the same liabilities and duties as the agent
originally elected.

Section 35. Unclaimed dividends and all other funds received from
the liquidation of any institution, so taken possession of, and remaining
in the possession of the commissioner after the expiration of twelve
months from the order for final distribution shall be paid by him to the
state treasurer, to be held in trust, subject to the conditions hereinafter
provided, for the several depositors with and creditors of such institu-
tion or other persons entitled thereto, according to their several inter-
est. The commissioner shall state annually in his report to the general
court the names of institutions so taken possession of and liquidated and
the amounts of unclaimed dividends and other funds held by him with
respect to such institution. Upon certification by the commissioner
that he has been furnished satisfactory evidence of their right to the
same, the state treasurer shall pay over the money so held by him to
the persons respectively entitled thereto. In cases of doubt or of con-
flicting claims, the commissioner may require an order from the supreme
judicial court authorizing and directing payment, and any expenses
incurred in connection therewith shall be deducted before payment from
the amount payable. At the expiration of six years from the date of

Section 37. No foreign banking association or corporation shall transact business in this commonwealth until it has received a certificate from the board of bank incorporation, authorizing it so to do. The said board may grant such certificate conditioned upon the performance of such requirements as to auditing as said board may prescribe. Any foreign banking association or corporation transacting business in this commonwealth shall be subject to the supervision of the commissioner, and shall annually, within thirty days after the last business day of October, and at other times during each year on any past day to be specified by the commissioner, make to him in such form as may be prescribed by him a return, signed and sworn to by the treasurer, or the corresponding officer, of the corporation, showing accurately the condition thereof at the close of business on said day. The president and a majority of the directors shall certify on oath that the report is correct according to their best knowledge and belief.

SECTION 38. The commissioner shall annually at least, and as much oftener as he deems expedient, examine, either personally or by a competent examiner appointed by him, every such association or corporation and thoroughly inspect and examine its affairs to ascertain its financial condition and whether it has complied with the law. The proper charges incurred by reason of any such examination shall be paid by the association or corporation examined.

SECTION 39. For the purposes aforesaid, the commissioner or the person making the examination shall have free access to the vaults, books and papers of any such association or corporation, and may summon the directors, officers or agents thereof, and such other witnesses as he deems necessary, for examination relative to the affairs, transactions and condition of such association or corporation, and for that purpose is empowered to administer oaths.

SECTION 40. If, upon examination, it appears that such association or corporation is insolvent, or that its capital is impaired, or that its condition is such as to render the continuance of its business hazardous to the public or to those having funds in its custody, the commissioner shall apply, or, if such association or corporation appears to have exceeded its powers or failed to comply with any provision of law, may apply to the supreme judicial court, which shall have jurisdiction in equity on such application, to issue an injunction restraining such association or cor-

receipt by the state treasurer from the commissioner of any such unclaimed dividends or other funds, upon certification by the commissioner that no claim thereto has been proved to his satisfaction or is pending, the same or the balance thereof then remaining, together with the interest, if any, earned thereon, shall escheat to the commonwealth.
portion, in whole or in part, from further proceeding with its business, 10 and to make such further orders or decrees as justice and equity may 11 require. The court may appoint one or more receivers to take possession 12 of its property and effects, subject to such directions as may from time to 13 time be prescribed by the court.

1 Section 41. Every foreign banking association or corporation which 2 was on June tenth, nineteen hundred and six, transacting business in this 3 commonwealth and which receives any deposits or transacts any business 4 in the manner of a savings bank, or in such a manner as might lead the 5 public to believe that its business is that of a savings bank, shall have a 6 savings department in which all business transacted in such manner in 7 this commonwealth shall be done. All money received in said manner 8 shall be a special deposit and shall be placed in said savings department, 9 and all loans or investments thereof shall be made in accordance with 10 the laws governing the investment of deposits in savings banks.

1 Section 42. Such funds and the investments or loans thereof shall 2 be appropriated solely to the security and payment of such deposits, and 3 shall not be mingled with the investments of the capital stock or other 4 money or property belonging to such association or corporation or be liable 5 for the debts or obligations thereof. The accounts and transactions of 6 said savings department shall be kept separate and distinct from the gen- 7 eral business of the association or corporation.

1 Section 43. All income received from the investment of funds in said 2 savings department, over and above the sums paid to depositors in that 3 department as interest or dividends, shall accrue as profits to the associa- 4 tion or corporation and may be transferred to its general funds.

1 Section 44. No such association or corporation described in section 2 forty-one shall have more than two offices or places of business in the 3 commonwealth.

1 Section 45. Sections forty-one to forty-four, inclusive, shall not apply 2 to any deposit received by any such association or corporation in 3 exchange for which deposit, or in exchange for the obligation of a de- 4 positor secured by such deposit, there shall be issued, either at the time 5 of receiving the deposit, or thereafter, orders for merchandise for the full 6 amount or any part thereof, and nothing contained in said sections shall 7 be construed to apply to national banks.

1 Section 45A. The board of bank incorporation may, subject to such 2 conditions as the commissioner may prescribe, grant to a banking asso- 3 ciation or corporation whose principal office is in another state, a certifi- 4 cate authorizing it to act in a fiduciary capacity under the provisions, 5 so far as applicable, of sections fifty-two to fifty-nine, inclusive, of chap- 6 ter one hundred and seventy-two; provided, that said association or 7 corporation is authorized so to act by the laws of the state where its 8 principal office is located; and provided further, that the laws of such 9 state grant a similar privilege or privileges to like associations or cor- 10 porations having their principal office in this commonwealth. Any such
banking association or corporation holding a certificate as aforesaid and appointed a fiduciary shall be subject to the provisions of general law with respect to the appointment of agents by foreign fiduciaries and to the same taxes, obligations and penalties, with respect to its activities as such fiduciary and the property held by it in its fiduciary capacity, as like associations or corporations having their principal office in this commonwealth, and no such certificate shall be issued to any such banking association or corporation until it has filed with the said board of bank incorporation an agreement in writing in which it binds itself to perform said obligations and pay any such taxes and penalties as aforesaid as may be levied or imposed upon it in this commonwealth. Such a corporation or association, to the extent only that it acts as fiduciary as hereinbefore authorized, shall not be deemed to transact business in the commonwealth for the purposes of sections thirty-seven to forty-five, inclusive.

GENERAL PROVISIONS.

Section 46. In addition to the duties imposed by law upon the treasurer of a bank, or the officer or employee thereof charged with the duties and functions usually performed by the treasurer, he shall also be responsible for the performance of all acts and duties required of such corporation by the provisions of chapters one hundred and sixty-seven to one hundred and seventy-two, inclusive, except in so far as such performance has been expressly imposed on some other officer or employee of such bank by its regulations or by-laws or by provision of law.

Section 47. Any officer, director, trustee, agent or employee of any bank, who knowingly and willfully does any act forbidden to him or to such bank by any provision of chapters one hundred and sixty-seven to one hundred and seventy-two, inclusive, or who knowingly and willfully aids or abets the doing of any act so forbidden to such bank or to any other officer, director, trustee, agent or employee thereof, or who knowingly and willfully fails to do any act required of him by any such provision, or who knowingly and willfully fails to do any act which is required of such bank by any such provision the performance of which is imposed on him by the by-laws or regulations of the bank or by law or the responsibility for the non-performance of which is placed upon him by the preceding section, shall, if no other penalty against him in his aforesaid capacity is specifically provided, be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

9 Cush. 694.

Incorporation.

Section 7. Twenty or more persons who associate themselves by an agreement in writing for the purpose of forming a savings bank, may, upon compliance with this and the three following sections, become a corporation with all the powers and privileges and subject to all the duties, restrictions and liabilities set forth in all general laws now or hereafter in force relating to such corporations. Said agreement shall set forth that the subscribers thereto associate themselves with the intention of forming a corporation to transact business within the commonwealth, and shall specify:

First. The name by which the corporation shall be known.
Second. The purpose for which it is to be formed.
Third. The city or town and district thereof where its business is to be transacted.
Each associate shall subscribe to the articles his name, occupation, residence and post office address.
1 Section 8. The subscribers to such agreement shall give notice to the board of bank incorporation of their intention to form such savings bank, and shall apply to said board for a certificate that public convenience and advantage will be promoted by the establishment thereof, which certificate said board may grant. Upon receipt of such application, said board shall furnish the subscribers a form of notice specifying the names, occupation and addresses of the proposed incorporators and the name and location of the proposed savings bank, and assigning a date and place for a public hearing on the application. The subscribers shall publish such notice at least once in each of three successive weeks, in one or more newspapers designated by said board, and published in or nearest to the city or town where it is desired to establish the savings bank. If said board refuses to issue such certificate, no further proceedings shall be had, but the application may be renewed after one year from the date of such refusal, in which case notice of a public hearing thereon shall be published as herein provided.

1 Section 9. The first meeting of the subscribers to the agreement of association shall be called by a notice signed either by the subscriber to the agreement who is designated therein for the purpose, or by a majority of the subscribers; and such notice shall state the time, place and purposes of the meeting. A copy of the notice shall, seven days at least before the day appointed for the meeting, be given to each subscriber or left at his residence or usual place of business, or deposited in the post office, postage prepaid, and addressed to him at his residence or usual place of business, and another copy thereof and an affidavit by one of the signers that the notice has been duly served shall be recorded with the records of the corporation. If all the incorporators shall in writing, endorsed upon the agreement of association, waive such notice and fix the time and place of the meeting, no notice shall be required. The subscribers to the agreement of association shall hold the franchise until the organization has been completed. At such first meeting, or at any adjournment thereof, the incorporators shall organize by the choice by ballot of a temporary clerk, by the adoption of by-laws and by the election, in such manner as the by-laws may provide, of trustees, a president, a clerk, and such other officers as the by-laws may prescribe. All the officers so elected shall be sworn to the faithful performance of their duties. The temporary clerk shall make and attest a record of the proceedings until the clerk has been chosen and sworn, including a record of the choice and qualification of the clerk.

1 Section 10. The president, and a majority of the trustees elected at such first meeting, shall make, sign and make oath to, articles in duplicate, setting forth —

4 (a) A true copy of the agreement of association, the names of the subscribers thereto, and the name, residence and post office address of each of the officers of the company.

7 (b) The date of the first meeting and the successive adjournments thereof, if any.

9 One of such certificates shall be submitted to said board of bank incorporation, and the other, together with the records of the proposed corporation, to the commissioner of corporations and taxation, who shall examine the same, and who may require such amendment thereof or such additional information as he may consider necessary. If he finds that the
articles conform to the three preceding sections, relative to the organization of the corporation, and that section eight has been complied with, he shall so certify and endorse his approval thereon. Thereupon the articles shall be filed in the office of the state secretary, who upon payment of a fee of five dollars, shall issue a certificate of incorporation in the following form:

Commonwealth of Massachusetts.

Be it known that whereas (the names of the subscribers to the agreement of association) have associated themselves with the intention of forming a corporation under the name of (the name of the corporation), for the purpose (the purpose declared in the agreement of association) and have complied with the provisions of the statutes of this commonwealth in such case made and provided, as appears from the articles of organization of said corporation, duly approved by the commissioner of corporations and taxation and recorded in this office; now, therefore, I (name of the secretary), secretary of the commonwealth of Massachusetts, do hereby certify that said (the names of the subscribers to the agreement of association), their associates and successors, are legally organized and established as, and are hereby made, an existing corporation under the name of (name of the corporation), with the powers, rights and privileges, and subject to the limitations, duties and restrictions, which by law appertain thereto.

The secretary shall sign the certificate of incorporation and cause the great seal of the commonwealth to be thereunto affixed, and such certificate shall have the force and effect of a special charter. The existence of every such corporation not created by special law shall begin upon the filing of the articles of organization in the office of the state secretary. The secretary shall also cause a record of the certificate of incorporation to be made, and such certificate or such record, or a certified copy thereof, shall be conclusive evidence of the existence of the corporation.

Management.

Section 11. The annual meeting of such corporation shall be held at such time as the by-laws direct. Special meetings may be held by order of its trustees; and its clerk shall give notice of special meetings upon written request of ten members of the corporation. Notice of all meetings shall be given by advertisement in a newspaper published in the county where the corporation is located, and by mailing to each incorporator at least seven days before such meeting a written or printed notice thereof. The names of those present at meetings shall be entered in the records of the corporation.

Section 12. Such corporation may, at a legal meeting, elect by ballot any citizen of the commonwealth to be a member thereof; and any person may, at an annual meeting, cease to be a member, if, at least three days before such meeting, he has filed with the clerk a written notice of his intention so to do. If a member fails to attend two consecutive annual meetings, his membership may, by vote of the corporation at its next annual meeting, be declared forfeited. Such action and vote recorded shall be evidence of forfeiture of membership. No person shall continue to be a member after removing from the commonwealth.
Savings Banks.

1 Section 13. The officers of such corporation shall be a president, one or more vice presidents, a board of investment of not less than three, a board of not less than eleven trustees from which the officers hereinbefore mentioned shall be chosen, a treasurer, a clerk and such other officers as it may find necessary for the management of its affairs. All officers shall be sworn, and shall hold their several offices until others are elected, and qualified in their stead; and a record of every such qualification shall be filed and preserved by the clerk of the corporation. The trustees shall be elected from the incorporators, and no person shall hold an office in two such corporations at the same time. Only one of the persons holding the offices of president, treasurer or clerk shall at the same time be a member of the board of investment. The treasurer, vice treasurer or assistant treasurer shall not be clerk either of the corporation or of the trustees. Not more than three fifths of the members of any such corporation shall be officers thereof at any one time.

1 Section 14. The officers of such corporation, except the board of investment, treasurer, vice treasurer and assistant treasurer, shall be elected at its annual meeting, anything in its charter to the contrary notwithstanding. The board of investment, treasurer, vice treasurer and assistant treasurer shall be elected by the trustees and shall hold office during their pleasure. If any office becomes vacant during the year, the trustees may, except as otherwise provided, elect a person to fill it until the next annual meeting; and if a person elected does not, within thirty days thereafter, take the oath, his office shall thereupon become vacant. The clerk of the corporation shall, within ten days after the meeting, notify all persons elected to office; and within thirty days thereafter shall publish in a newspaper published in the county where the corporation is established a list of all persons who have taken the oath of office to which they were elected and a list of the members of the corporation. Said list shall be included in the annual report of the corporation to the commissioner, and shall be kept on file in his office for inspection by the public. A clerk who neglects to give such notice or make such publication, or who makes a false publication, and a person who knowingly publishes or circulates, or knowingly causes to be published or circulated, a printed notice containing the name of a person as an officer of such corporation who has not taken the oath of office, shall be liable to a penalty of fifty dollars. The clerk shall transmit to the commissioner a copy of all by-laws adopted and all amendments thereof. Upon the election as trustee of any such bank of a person who has not been theretofore a trustee thereof, the clerk shall send forthwith to the commissioner the name and address of such person, and the commissioner shall thereupon transmit to such person a copy of the laws relating to savings banks.

1 Section 14A. The trustees provided for by the by-laws of any such corporation shall be divided into three groups, as nearly equal in number as possible, and at the first annual meeting of such corporation after its incorporation, one of such groups shall be elected for one year, one for two years and one for three years, and thereafter at each annual meeting of such corporation, successors of the retiring group shall be elected for three years. A vacancy may be filled by election by the trustees for the unexpired term.
SAVINGS BANKS. [CHAP. 168.

Section 15. A regular meeting of the board of trustees of such corporation shall be held at least once in three months, for the purpose of receiving the report of its treasurer and for the transaction of other business. Special meetings may be called by the president, and the clerk shall give notice of special meetings upon written request of three trustees. A quorum shall consist of not less than seven trustees, but less than a quorum may adjourn from time to time until the next regular meeting. At each regular meeting the trustees shall cause to be prepared a statement showing the condition of the corporation as it appears upon its books, in the form of a trial balance of its accounts. Such statement shall be entered in a book which shall form a part of the records of the bank and a copy of such statement shall be posted in a conspicuous place in its banking room, where it may easily be read by the public, and shall remain until the next regular meeting of said board. At each regular meeting of the trustees the board of investment shall submit a detailed written statement of all loans made by the corporation, all changes in the property or security pledged or the rate of interest charged therefor, all purchases or sales of bonds, stocks and notes, all payments by the bank of taxes or insurance on mortgaged property since the last regular meeting of the trustees, and all loans on which interest is more than three months overdue. This statement, or such part thereof as the meeting may determine, shall be read to the trustees present and then shall be filed and preserved with the records of the bank. A record shall be made at each meeting of the transactions of the trustees and of the names of those present. The trustees shall cause to be published semi-annually in a newspaper published in the county where the corporation is located the names of the president, treasurer, members of the board of investment and other officers of the corporation charged with the duty of investing its funds. The first publication thereof shall be within thirty days after the election of said officers, and the second publication at the expiration of six months therefrom.

Section 16. Meetings of the board of investment of such corporation shall be held at least once in each month. The board shall approve all loans made by the corporation, all changes in the property or security pledged or the rates of interest charged therefor, and all purchases or sales of bonds, stocks and notes, and shall perform such other duties as the by-laws may prescribe. A record shall be made at each meeting of the transactions of the board and the names of those present. The members of said board may approve changes of collateral on loans made under subdivision (c) of clause ninth of section fifty-four either by a vote of said board or by signing a statement setting forth all such changes.

Section 17. At the first meeting after their election, the trustees shall appoint an auditing committee of not less than three trustees, of which committee neither the treasurer nor more than one member of the board of investment shall be members, who shall at least once during the twelve months following their appointment, and oftener if required by the commissioner, cause to be made at such time as the commissioner may determine, in such form and manner and by such certified public accountant not connected with said bank as shall first be approved by the commissioner, a thorough examination and audit of
10 of the books, securities, cash, assets, liabilities, income and expendi-
tures of the corporation, including an accurate trial balance of the
12 depositors' ledger, for the period elapsed since the preceding examina-
tion and audit, or for such other period as the commissioner may pre-
scribe. The said accountant shall personally direct and supervise the
15 making of said examination and audit, except that, with the consent
16 of the commissioner, he may verify a trial balance of the depositors' ledger made by the bank within six months, and, with the consent of
18 the commissioner, such assistance as shall be necessary may be furnished
19 by the bank. The accountant shall report to the auditing committee
20 the result of his examination and audit, and at the next meeting of the
21 trustees thereafter the committee shall render a report, which shall be
22 read, stating in detail the nature, extent and result of the examination
23 and audit, and their report and the accountant's report shall be
24 filed and preserved with the records of the corporation. The committee
25 shall file with the commissioner a copy of the report of the accountant
26 within ten days after its completion. The certified public accountant
27 and the auditing committee shall certify and make oath that the re-
28 ports made by them under this section are correct according to their
29 best knowledge and belief. If the committee fails to cause to be made
30 an examination and audit, including an accurate trial balance of the
31 depositors' ledger as herein provided, the commissioner shall cause them
32 to be made by a certified public accountant in such form and man-
33 ner as he may prescribe, and the expense thereof shall be paid by the
34 bank.

1 Section 18. The commissioner may, when so requested by the
2 auditing committee of any such bank, make a thorough examination
3 and audit of the books, securities, cash, assets, liabilities, income and
4 expenditures of such bank, including an accurate trial balance of the
5 depositors' ledgers, for the period elapsed since the preceding examina-
tion and audit, or for such other period as the commissioner may pre-
scribe, or he may verify a trial balance of the depositors' ledgers made
8 by the bank within six months, and may avail himself of such assis-
tance from the officers and employees as he may deem proper. The
10 expense of the audit only shall be borne by the bank, and such examina-
tion and audit shall be in place of the one required to be made by a
12 certified public accountant as provided by the preceding section.

1 Section 19. The person in charge of the examination shall render to
2 the commissioner a report of his findings, in such form as the commissioner
3 may prescribe, and a copy thereof shall be rendered to the auditing com-
4 mittee within ten days after the original has been submitted to the com-
5 missioner, together with a notice of the amount of the fee to be paid,
6 which shall be due and payable within thirty days after the date of
7 notice. Upon failure of any such corporation to pay the required fee
8 within the time prescribed herein, the commissioner shall report the facts
9 to the attorney general, who shall immediately bring an action for the
10 recovery of the fee.

1 Section 20. The commissioner, in order to carry into effect the two
2 preceding sections may employ such additional assistance, subject to the
3 approval of the governor and council, as he deems necessary.
Savings Banks.

Section 21. All moneys collected and received by the commissioner under section nineteen shall be paid to the commonwealth.

Section 22. The board of trustees shall authorize the compensation, if any, to be paid to committees of said board. At each regular meeting of the board the treasurer shall report in detail all amounts paid by the corporation since the last regular meeting for services, fees or otherwise, to a member of the board of trustees or to any attorney of the corporation.

Section 23. If a trustee fails both to attend the regular meetings of the board and to perform any of the duties devolving upon him as such trustee for six consecutive months, his office may be declared by the board at the next regular meeting to be vacant. A record of such vacancy shall be entered upon the books of the corporation, and a transcript of such record shall be sent by mail to the person whose office is thus made vacant. The office of any trustee who takes the benefit of any law of bankruptcy or insolvency, or who on examination on supplementary process has been found unable to pay a judgment, shall thereby be vacated. The commissioner may recommend the removal of any trustee, officer or employee who in his opinion has abused his trust, or has been negligent in the performance of his duties, and upon such recommendation the trustees may remove or discharge such trustee, officer or employee. The trustees shall act upon such recommendation within thirty days after receiving the same.

Section 24. Every treasurer, vice treasurer and assistant treasurer shall give bond to the trustees in such amount and with such surety or sureties and conditions as the commissioner may prescribe, and shall file with the commissioner an attested copy thereof, with a certificate of its custodian that the original is in his possession. Such bonded officer shall notify the commissioner of any change thereafter made therein. If he fails, within ten days after the date thereof, to file such copy, or to notify the commissioner of any such change, he shall be liable to a penalty of fifty dollars. The commissioner shall keep a record of such bonds, and the changes so notified, and, when in his judgment it is necessary for the security of the depositors, he shall require a new bond in such amount and with such surety or sureties and conditions as he may approve. The trustees may require bonds of such other officers or employees and in such amounts as they deem necessary. The treasurer, vice treasurer and assistant treasurer, and any other officers and employees required to give bond, may be included in one or more blanket or schedule bonds; provided, that such bonds are approved by the commissioner as to the amounts and conditions thereof and as to the sureties thereon.

Section 25. Such corporation shall carry on its usual business at its banking house only, and a deposit shall not be received or payment on account of deposits be made by the corporation or by a person on its account in any other place than at its banking house, which shall be in the town where the corporation is established; except that the corporation may, with the written permission of and under regulations approved by the commissioner, maintain and establish one or more branch offices or depots in the town where its banking house is located, or in towns not
9 more than fifteen miles distant therefrom where there is no savings bank
10 at the time when such permission is given; but, in order to encourage
11 saving among school children, the corporation may, with the written
12 consent of and under regulations approved by the commissioner and,
13 in the case of public schools, by the commissioner and the school com-
14 mittee in the town where the school is situated, arrange for the collection
15 of savings from the school children by the principal or teachers of such
16 schools or by collectors. All moneys so collected shall be entered on
17 an individual deposit card furnished by the corporation, but the total
18 collections received by the corporation from any one principal or teacher
19 may be entered in the name of such principal or teacher as trustee. When
20 the amount deposited by any one pupil and credited on the deposit card
21 equals the minimum amount upon which interest is allowed the corpora-
22 tion shall issue a pass book to such pupil and thereupon, when the amount
23 deposited by the pupil and credited on the deposit card equals the sum
24 of one dollar, it shall be transferred to the deposit book by the corpora-
25 tion. The principal, teacher or person authorized by the corporation
26 to make collections from school children shall be deemed to be the agent
27 of the corporation and the corporation shall be liable to the pupil for all
28 deposits made with such principal, teacher or other person and entered
29 upon the deposit card, the same as if the deposit were made by the pupil
30 directly with the corporation. The annual meeting, and meetings of
31 the trustees or board of investment of such corporation, may be held at
32 any place in the town where its banking house is located.

1 Section 26. The treasurer of such corporation shall, annually within
2 twenty days after the last business day of October, make a report to the
3 commissioner in such form as he may prescribe, showing accurately the
4 condition of such corporation at close of business on that day, specifying
5 the following particulars: name of corporation and names of incorpora-
6 tors and officers; place where located; amount of deposits; amount of
7 each item of other liabilities; public funds, including all United States
8 state, county, city, town and district bonds; railroad bonds, street railway
9 bonds, telephone bonds, and stock in banks and trust companies, stating
10 each particular kind, and the par value, estimated market value and
11 amount invested in each; loans to counties, cities, towns or districts
12 loans on mortgages of real estate; loans on personal security, stating
13 amount of each class separately; estimated value of real estate, and
14 amount invested therein; cash on deposit in banks and trust companies
15 with the names of such banks and trust companies and the amount de-
16 posited in each; cash on hand; the whole amount of interest or profits
17 received, and the rate and amount of each semi-annual and extra dividend
18 for the previous year; the times for the dividends fixed by the by-laws;
19 the rates of interest received on loans; the total amount of loans bearing
20 each specified rate of interest; the number of outstanding loans of an
21 amount not exceeding three thousand dollars each, and the aggregate
22 amount of the same; the number of open accounts; the number and
23 amount of deposits received; the number and amount of withdrawals;
24 the number of accounts opened and the number of accounts closed,
25 severally, during the previous year; and the annual expenses of the cor-
26 poration, together with such other information as the commissioner may
27 require. The president, treasurer and auditing committee shall certify
28 on oath that such reports are correct according to their best knowledge
29 and belief.
SECTION 27. The treasurer of such corporation shall, within twenty
days after the last business day of October in the year nineteen hundred
and twenty-two and in every fifth year thereafter, return to the com-
missioner a sworn statement of the name, the amount standing to his
credit, the last known residence or post office address, and the fact of
death, if known to him, of each depositor who shall not have made
a deposit therein or withdrawn therefrom any part of his deposit, or
any part of the interest thereon, during the twenty years last preceding
such last business day of October; he shall also give notice of such
deposits in one or more newspapers published in or nearest to the town
where such corporation is located, and in one or more newspapers pub-
lished in or nearest to the town where the depositor was last known to
dwell, at least once in each of three successive weeks; but this section
shall not apply to a deposit made by or in the name of a person known
to an officer of the corporation to be living, to a deposit the deposit
book of which has during such period been brought into the bank to
be verified or to have interest added, or to a deposit which, with the
accumulations thereon, shall be less than twenty-five dollars. The 18
treasurer of a savings bank who neglects or refuses to make the sworn
return required by this section shall be punished by a fine of one hun-
dred dollars. The commissioner shall incorporate in his annual report, 20
or in a supplementary report, each return made to him as provided
in this section.

SECTION 28. During one or more of the first ten months of the year
nineteen hundred and twenty-two and of each third year thereafter
such corporations shall call in the books of deposit of their depositors
for verification, under rules to be prescribed by their respective boards
of examination, duly approved by the commissioner.

SECTION 29. No president, treasurer, member of a board of invest-
ment, or officer of such corporation charged with the duty of investing
its funds, shall borrow or use any portion thereof, be surety for loans
or guarantees, directly or indirectly, whether acting individually or as
trustee holding property in trust for another person, be an obligor for
money borrowed of the corporation; and if such member or officer,
either individually or as trustee holding property in trust for another
person, becomes the owner of real estate upon which a mortgage is
held by the corporation, his office shall become vacant at the expiration
of sixty days thereafter unless he has ceased to be the owner of the real
estate or has caused said mortgage to be discharged or assigned. This
section shall not apply to loans held by such corporation on June eighth, 12
nineteen hundred and eight, or to renewals thereof, or to the deposit of
money, as provided in section fifty-four, in banks or trust companies of
which one or more trustees or officers of such corporation are directors.

SECTION 30. Such corporation, or a person acting in its behalf, shall
not directly or indirectly negotiate, take or receive a fee, brokerage,
commission, gift or other consideration for or on account of a loan
made by or on behalf of such corporation, other than appears on the
face of the note by which such loan purports to be made; but this
section shall not prohibit a reasonable charge for services in the ex-
amination of real estate or titles, and the preparation of conveyances
8 to such corporation as security for its loans. Whoever violates any
provision of this section shall be punished by a fine of not more than
one thousand dollars or by imprisonment for not more than one year,
11 or both.

DEPOSITS.
1 Section 31. Such corporation may receive on deposit from any
person not more than four thousand dollars; and may allow interest
upon such deposits, and upon the interest accumulated thereon, until
the principal, with the accrued interest, amounts to eight thousand
dollars; and thereafter upon no greater amount than eight thousand
6 dollars; but this section shall not apply to deposits by a religious or
charitable corporation or labor union, or credit union, or fraternal bene-
society, or in the name of a judge of probate, or by order of any court,
9 or on account of a sinking fund of a town in the commonwealth or of
any trust fund held by a town for public uses, or of the funds of any
state, county or municipal retirement or pension system or association.

1 Section 31A. Such corporation may receive deposits on joint ac-
counts provided for in section fourteen of chapter one hundred and
sixty-seven to the amount of eight thousand dollars, and may allow
interest upon such deposits and upon the interest accumulated thereon
5 until the principal with the accrued interest amounts to sixteen thousand
dollars, and thereafter upon no greater amount than sixteen thousand
7 dollars. Persons having such joint accounts may also make deposits
in their individual names, but the total amount of such deposits, both
9 joint and individual, shall not exceed eight thousand dollars, and such
10 corporation may allow interest upon such deposits and upon the interest
11 accumulated thereon until the principal with the accrued interest on all
12 said accounts amounts to sixteen thousand dollars, and thereafter upon
13 no greater amount than sixteen thousand dollars.

1 Section 32. The treasurer of such corporation, at least once in
2 each year, shall send notice by mail to each depositor who for the six
3 months last preceding has not been entitled to a dividend on the whole
4 amount standing to his credit because the same exceeds the amount
5 on which interest is allowed, specifying the amount not entitled to
6 dividend.

1 Section 32A. Savings banks may, with the written permission of
2 and under regulations approved by, the commissioner, establish and
3 maintain safe deposit vaults and rent boxes therein. The provisions of
4 section seventeen of chapter one hundred and fifty-eight shall apply to
5 said banks.

1 Section 33. Savings banks may, with the written permission of
2 and under regulations approved by the commissioner, receive and
3 hold for their depositors any securities issued by the United States.

1 Section 33A. Savings banks may, under regulations made by the
2 commissioner, sell travelers’ checks, and receive money for the purpose
3 of transmitting the same, or equivalents thereof, to another state or
4 country.
Section 34. If a deposit is made with such corporation by one person in trust for another, the name and residence of the person for whom it is made shall be disclosed, and it shall be credited to the depositor as trustee for such person; and if no other notice of the existence and terms of a trust has been given in writing to the corporation, the deposit, with the interest thereon, may in case of the death of the trustee be paid to the person for whom such deposit was made, or to his legal representative; or if such deposit does not exceed fifty dollars, it may be paid to a minor or to either of the parents of such minor, and the same shall be a valid payment.

Section 35. A person indebted to such corporation, whether his indebtedness is secured or not, may, in a proceeding for the collection thereof or for the enforcement of any security therefor, recoup or set off the amount of a deposit held and owned by him at the time of the commencement of such proceeding, and of the interest due thereon, except a deposit purchased or acquired from another after the commencement of proceedings in equity to restrain the corporation from doing its actual business, and section three of chapter two hundred and thirty-two shall not apply to such set-off; but a judgment shall not be rendered against such corporation in favor of the defendant or defendants for any balance found due from the plaintiff if the commissioner has taken possession of such corporation, as provided in section twenty-two of chapter one hundred and sixty-seven.

Section 36. If, in an action against such corporation for money on deposit therewith, it appears that the same fund is claimed by another party than the plaintiff, whether by the husband or wife of the plaintiff, or otherwise, the court in which such action is pending, on the petition of the corporation and on such notice to the plaintiff and to such claimants as the court considers proper, may order the proceedings to be amended by making such claimants defendants thereto; and thereupon the rights and interests of the several parties in and to said funds shall be heard and determined. Such deposits may remain with the corporation until final judgment, and shall be paid as the court orders, or may be paid into court to await final judgment; and when so paid into court, the action shall be discontinued as to such corporation and its liability for such deposit shall cease. The taxable costs of the corporation in such actions shall be in the discretion of the court, and may be charged upon the fund.

Section 37. Such corporation may receive on deposit to any amount funds in trust for the purpose of setting out shade trees in streets and parks and improving the same, purchasing land for parks or playgrounds and improving the same, maintaining cemeteries or cemetery lots or erecting and maintaining drinking fountains in public places. Such funds shall be placed on interest in such corporation, and the interest and dividends arising therefrom shall be paid semi-annually to such town or cemetery authorities as may be designated by the donors of said funds or by the will of the person bequeathing the same, and shall be expended by such authorities within their respective towns or cemeteries for any or all of said purposes, as may be specified by such donors or such will. No part of the principal of such funds shall be withdrawn or expended, and the same shall be exempt from attachment or levy on execution.
1 Section 38. A judge of probate, after notice and a hearing, may au-
2 thorize an executor, administrator or trustee holding money or other per-
3 sonal property for any of the purposes mentioned in the preceding section,
4 to deposit such money, or the avails arising from such personal property,
5 in any such corporation designated by the judge, to be held by it in the
6 manner and for the uses and purposes mentioned in said section and upon
7 the trusts upon which the executor, administrator or trustee held the
8 same; and upon the deposit of such money and its receipt and acceptance
9 by such corporation the executor, administrator or trustee shall be dis-
10 charged from further care and responsibility therefor.

1 Section 39. The funds held in accordance with the two preceding sec-
2 tions shall be known as the “Shade Tree and Cemetery Fund”, and the
3 treasurer of the corporation with which they are deposited shall give a
4 receipt therefor to the depositor, and shall send by mail or deliver, in Jan-
5 uary in each third year after the first deposit to the mayor of a city or the
6 chairman of the selectmen of a town within the limits of which the in-
7 terest and dividends of such fund are to be expended, a written state-
8 ment, signed by such treasurer, of the amount of funds on deposit for the pur-
9 poses aforesaid, which shall be recorded in the office of the city or town
10 clerk.

1 Section 40. If a corporation holding such fund surrenders its charter
2 or ceases to do business, the supreme judicial court may order said fund
3 to be transferred and deposited in another such corporation, upon the
4 same trusts; and if the laws authorizing such corporations are repealed,
5 the court may order such fund to be transferred and deposited in such
6 banking institutions as it may find proper, to be held upon the trusts
7 aforesaid.

1 Section 41. Subject to section twenty-eight of chapter two hundred
2 and six, the probate court, court of insolvency or other court, respec-
3 tively, shall, upon the application of a person interested or of the attorney
4 general, and after public notice, order and decree that all amounts of
5 money deposited with such corporation, by authority of any of said courts
6 or of any judge thereof, and which have remained unclaimed for
7 more than twenty years from the date of such deposit, with the increase
8 and proceeds thereof, shall be paid to the state treasurer, to be held and
9 used by him according to law, subject to be repaid to the person having
10 and establishing a lawful right thereto, with interest at the rate of three
11 per cent per annum from the time when it is so paid to said treasurer to
12 the time when it is paid over by him to such person, as provided in the
13 following section.

1 Section 42. The probate court shall, upon the application of the at-
2 torney general and after public notice, order and decree that all amounts
3 of money deposited with any such bank which shall have remained un-
4 claimed for more than thirty years and which are credited to depositors
5 who cannot be found and who have not made a deposit on account of
6 same and have not withdrawn any part of the principal or interest thereof,
7 and on whose pass book the interest has not been added for a period of
8 thirty years, and for which no claimant is known, shall, with the increase
9 and proceeds thereof, be paid to the state treasurer to be held subject to
10 be paid to the person establishing a lawful right thereto, in accordance
with the following section, with interest at the rate of three per cent per year from the time when it was so paid to the said treasurer to the time when it is paid by him to such person. After six years from the date when such proceeds were paid to the said treasurer the same may be used as a part of the ordinary revenue of the commonwealth. Any person may, however, establish his claim at any time after the expiration of the six years above mentioned, and any claim so established shall be paid from the ordinary revenue of the commonwealth.

Section 43. Any person claiming a right to money deposited with the state treasurer under either of the two preceding sections pursuant to a decree of a probate court or a court of insolvency in any county may establish the same by a petition to the probate court of such county, or if so deposited pursuant to the order of any other court, by a petition to the superior court under section one of chapter two hundred and fifty-eight; provided, that in cases where claims amount to less than fifty dollars each, the claims may be presented to the comptroller, who shall examine the same and allow and certify for payment such as may be proved to his satisfaction.

Section 44. The supreme judicial court or any justice thereof sitting in equity may, on petition of a savings bank or the trustees of a savings bank, approved by the commissioner, approve or order a reduction of the deposit account of each depositor therein, whenever the value of its assets is less than the total amount of its deposits so as to divide the loss equitably among said depositors. If thereafter the bank shall realize from said assets a greater sum than was fixed by said order of reduction, such excess shall be divided among the depositors whose accounts have been reduced, but to the extent of such reduction only.

Section 45. The trustees shall, immediately before making each semi-annual dividend, set apart as a guaranty fund from the net profits which have accumulated during the six months last preceding not less than one eighth nor more than one fourth of one per cent of the whole amount of deposits, until such fund amounts to five per cent thereof, and no additions shall be made to it when it amounts to five per cent, or more, thereof. Such fund shall thereafter be held to meet contingencies or losses in its business from depreciation of its securities, or otherwise. When such fund amounts to less than five per cent of the whole amount of deposits, no losses shall be met therefrom except upon written approval of the commissioner.

Section 46. Said trustees, subject to the written approval of the commissioner, may transfer from the profit and loss account to the guaranty fund such amounts, and at such times, as they deem for the best interests of the depositors if thereby such guaranty fund is not increased beyond the limit fixed by the preceding section.

Section 47. The income of such corporation, after deducting the reasonable expenses incurred in the management thereof, the taxes paid, and the amounts set apart for the guaranty fund, shall be divided among its depositors, or their legal representatives, at times fixed by its by-laws, in the following manner: an ordinary dividend shall be declared
6 every six months from income which has been earned, and which has
7 been collected during the six months next preceding the date of the
8 dividend, except that there may be appropriated from the earnings re-
9 maining undivided after declaration of the preceding semi-annual divi-
10 dend an amount sufficient to declare an ordinary dividend at a rate not
11 in excess thereof; but the total dividends declared during any twelve
12 months shall not exceed the net income of the corporation actually col-
13 lected during such period, except upon written approval of the com-
14 missioner. Dividends may be declared oftener than every six months
15 as provided in section seventeen of chapter one hundred and sixty-seven.
16 Dividends shall be treated as deposits, and if not withdrawn shall be
17 considered, in computing the dividend next following, as having been on
18 deposit for the preceding interest period. Ordinary dividends shall not
19 exceed the rate of five per cent a year. No ordinary dividend shall
20 be declared or paid except as above provided, nor, except as otherwise
21 provided by section seventeen of chapter one hundred and sixty-seven,
22 upon a deposit of less than three months' standing; but, if the by-laws
23 so provide, ordinary dividends may be declared and paid upon deposits
24 of one, two, four or five months' standing, computed as provided in said
25 section. The corporation may, by its by-laws, provide that a dividend
26 shall not be declared or paid on less than three dollars; or on the frac-
27 tional part of a dollar.

1 Section 48. Immediately before a meeting of the trustees called
2 to consider the declaration of a dividend, the auditing committee shall
3 make or cause to be made an examination of the income, profits and ex-
4 penses for the six months' period last preceding the date of the declara-
5 tion of the dividend, and shall report to the trustees the estimated net
6 earnings of said period. No dividend shall be paid unless declared and
7 authorized by the trustees after said examination, and a copy of said
8 report shall be filed and preserved with the records of the corporation.

1929, 414.  

1 Section 49. If, at the time provided by the by-laws for making
2 ordinary dividends, the net income for the interest period last preceding,
3 over and above the amount to be set apart for the guaranty fund, does
4 not amount to one and one half per cent of the deposits, if said period is
5 six months, or a proportional percentage thereof, if the period is less than
6 six months, no dividend of the profits shall be declared or paid, except
7 such as shall be approved in writing by the commissioner.

1908, 506, §§ 62, 69. 1919, 326, § 1; 330, §§ 45, 46.

1 Section 50. Whenever the guaranty fund and undivided net profits
2 together amount to ten and one quarter per cent of the deposits after an
3 ordinary dividend is declared, an extra dividend of not less than one quar-
4 ter of one per cent shall be declared on all amounts which have been on
5 deposit for the six months, or not less than one eighth of one per cent on
6 all amounts which have been on deposit for the three months, preced-
7 ing the date of such dividend, and such extra dividend shall be paid on
8 the day on which the ordinary dividend is paid; but in no case shall
9 the payment of an extra dividend as herein provided reduce the guaranty
10 fund and undivided profits together to less than ten per cent of the
11 deposits.

1894, 317, § 26. 1897, 199.  
§ 24; §§ 70, 69. 1919, 326, § 1.  1908, 380.  
§ 24; §§ 70, 69. 1919, 326, § 1.

Section 51. The principal deposits in such corporation may be withdrawn at such time and in such manner as the by-laws direct, but the treasurer of such corporation may at any time require a depositor to give notice not exceeding ninety days of his intention to withdraw the whole or any part of his deposit or to apply for a loan under section fifty-one A. Deposits so withdrawn shall be deducted in each case from the amounts last deposited. Whenever such corporation requires said notice from ten or more depositors on any one day, it shall be deemed to have made a general requirement and it shall file within forty-eight hours thereafter a written notice setting forth the terms of the require-ment with the commissioner. Until such general requirement has been removed and notice thereof filed with the commissioner, no payment by way of withdrawal or loan shall be made to any depositor on account of his deposit other than in accordance with the general requirement as set forth in the notice filed with the commissioner, except that with the approval of the commissioner, amounts not exceeding, in the aggregate, one hundred dollars may so be paid to each depositor.

Such corporation shall not advertise for deposits in newspapers, by posters or other written solicitation, while such general requirement is in effect, unless the advertisement shall contain, in type not smaller than the largest type thereof, a statement that such deposits may not be paid out by way of withdrawal or loan for the period set forth in the notice of said requirement.

Loans to depositors. 1922, 468, § 2.

Section 51A. Such a corporation shall, on application by a depositor, make a loan to him, secured by his deposit book, to an amount not exceeding ninety per cent of the amount of deposits shown therein, for a period not extending beyond the date when the next dividend of said corporation shall be payable. The said corporation may charge the depositor interest for the loan at a rate not exceeding one half of one per cent more than the next previous regular dividend declared and paid by such corporation.

The corporation shall keep posted conspicuously in its banking rooms a notice containing the substance of this section and section fifty-one in such form as the commissioner may prescribe.

Section 52. Such corporation may pay an order, drawn by a person who has funds on deposit to meet the same, notwithstanding the death of the drawer, if presentation is made within thirty days after the date of such order; and at any time if the corporation has not received written notice of the death of the drawer.

Section 53. Money deposited in the name of a minor may, at the discretion of the board of investment, or of the treasurer if authorized by said board, be paid to such minor or to the person making such deposit; and the same shall be a valid payment.

152 Mass. 18.

Section 54. Deposits and the income derived therefrom shall be invested only as follows:

Investments.

INVESTMENTS.
First. In first mortgages of real estate located in the commonwealth not exceeding sixty per cent of the value of such real estate; but not more than seventy per cent of the whole amount of deposits shall be so invested. If a loan is made on unimproved and unproductive real estate, the amount loaned thereon shall not exceed forty per cent of the value of such real estate. No loan on mortgage shall be made except upon written application showing the date, name of applicant, amount asked for and security offered, nor except upon the report of not less than two members of the board of investment who shall certify on said application, according to their best judgment, the value of the premises to be mortgaged; and such application shall be filed and preserved with the records of the corporation.

At the expiration of every such loan made for a period of five or more years not less than two members of the board of investment shall certify in writing, according to their best judgment, the value of the premises mortgaged; and the premises shall be revalued in the same manner at intervals of not more than five years so long as they are mortgaged to such corporation. Such report shall be filed and preserved with the records of the corporation. If such loan is made on demand or for a shorter period than five years, a revaluation in the manner above prescribed shall be made of the premises mortgaged not later than five years after the date of such loan and at least every fifth year thereafter. If at the time a revaluation is made the amount loaned is in excess of sixty per cent, or in the case of unimproved and unproductive real estate in excess of forty per cent, of the value of the premises mortgaged, a sufficient reduction in the amount of the loan shall be required, as promptly as may be practicable, to bring the loan within sixty per cent, or in the case of unimproved and unproductive real estate, within forty per cent, of the value of said premises.

Whenever the commissioner deems an excessive loan has been made, or is about to be made upon real estate, he may cause an appraisal of said real estate to be made at the expense of the bank making the loan. One appraiser shall be named by the commissioner, one by the bank making the loan, and a third by the two thus named. Said appraisers shall determine the value of said real estate and certify the same in writing to the commissioner and to the bank. If it shall appear from said appraisal that said loan is in excess of the amount allowed by this clause, the commissioner may make such order in relation thereto as he deems advisable.

(6) No bonds shall be made a legal investment by subdivision (i) or (j) in case the mortgage securing the same shall authorize a total issue of bonds which, added to the total debt of the guaranteeing corporation as defined in paragraph (5), including therein the authorized amount of all previously guaranteed bond issues, shall exceed three times the capital stock of such guaranteeing corporation outstanding at the date of such investment; nor in case at said date the debt of the corporation which issued said bonds shall exceed three times its outstanding capital stock;

In the case of a mortgage executed prior to June eighth, nineteen hundred and eight, under which the total amount of bonds which may be issued is not specifically stated, the amount of bonds outstanding thereunder at the date of such investment shall be considered, for the purposes of paragraph (5) and of this paragraph, as the total authorized issue.

(f) Whenever the term “first mortgage” is used in the following subdivisions, it shall mean, unless otherwise qualified, a first mortgage on not less than seventy-five per cent of the railroad owned in fee at the date of the mortgage by the railroad corporation on the railroad of which said mortgage is a lien, but in no case on less than one hundred continuous miles of standard gauge railroad, exclusive of sidings: provided that —

Seventy-five per cent of the railroad subject to the lien of said mortgage is connected;

For five years prior to the date of investment therein all the railroad subject to the lien of said mortgage at the date of execution thereof has been operated by, and its operations included in, the operations of the railroad corporation which issues, assumes or guarantees said bonds;

214 (1) A first mortgage on a railroad owned in fee by the corporation
215 issuing or assuming said bonds, except that, if it is not a first mortgage
216 on seventy-five per cent of all such railroad owned in fee by said corpo-
217 ration, it shall be a first mortgage on at least seventy-five per cent of the
218 railroad subject to the lien of said mortgage at the date thereof; but
219 if any stocks or bonds are deposited with the trustee of said mortgage
220 as part security therefor, representing or covering railroad mileage not
221 owned in fee, the bonds secured by said mortgage shall not become legal
222 investments unless said corporation owns in fee at least seventy-five
223 per cent of the total mileage which is subject to the lien of said mortgage

234 said mortgage and provides for the retirement of all outstanding mort-
235 gage debts which are a prior lien upon said railroad owned in fee and
236 covered by said refunding mortgage at the date thereof; but if any
237 of the bonds which said refunding mortgage is given to refund are se-
238 cured on a railroad not owned in fee by the corporation executing said
239 refunding mortgage, there shall be conveyed and assigned to the trustee
240 of said refunding mortgage either —
241 At least seventy-five per cent of the railroad on which each issue of
242 bonds to be refunded is secured, free from any mortgage lien except
243 that of the mortgage or mortgages securing the bonds to be refunded;

256 that —
257 Said mortgage is a first or second lien upon not less than seventy-
258 five per cent of the total railroad covered by said mortgage at the date
259 thereof, and which provides for the retirement of all mortgage debts
260 which are a prior lien upon said railroad owned in fee and covered by
261 said mortgage, at the date of the execution thereof;
262 (b) Mortgage bonds or bonds secured by mortgage bonds which are
263 direct obligation of, or which have been assumed, or which have been
264 guaranteed by endorsement as to both principal and interest, by a
265 railroad corporation whose refunding mortgage bonds are made a legal
266 investment under paragraph (3) or (4) of subdivision (g): provided that—
Said bonds are prior to and are to be refunded by such refunding mortgage;

Said refunding mortgage covers all the real property upon which the mortgage securing said underlying bonds is a lien;

In the case of bonds so guaranteed or assumed, the corporation issuing said bonds is owned and operated, controlled and operated, or leased and operated, by said railroad corporation.

(i) Bonds which have been guaranteed by endorsement as to both principal and interest by a railroad corporation which has complied with all the provisions of subdivision (e); provided that —

(k) Bonds which have been or shall become legal investments under any of the provisions of this section shall not be rendered illegal although the corporation issuing, assuming or guaranteeing such bonds shall fail for a period not exceeding two successive fiscal years to comply with the requirements of paragraph (4) of subdivision (e); but no further investment in the bonds issued, assumed or guaranteed by said corporation shall be made during said period. If after the expiration of said period said corporation complies for the following fiscal year with all the requirements of subdivision (e), it shall be regarded as having complied therewith during said period.

(l) Bonds which have been or shall become legal investments under any of the provisions of this section shall not be rendered illegal, although the property upon which they are secured has been or shall be conveyed to or legally acquired by another railroad corporation, and although the corporation which issued or assumed said bonds has been consolidated or purchased or shall be consolidated with another railroad corporation if the consolidated or purchasing corporation shall assume the payment of said bonds and so long as it shall continue to pay regularly interest or dividends, or both, upon the securities issued against, in exchange for, or to acquire the stock of the corporation consolidated, or the property purchased, or upon securities subsequently issued in exchange or substitution therefor, to an amount at least equal to four per cent per annum upon the capital stock outstanding at the time of such consolidation or purchase of said corporation which issued or assumed said bonds.

323 another railroad corporation incorporated under the laws of any of the
324 United States, such corporation so succeeding shall be considered as
325 having complied with all the provisions of subdivision (c) preceding
326 paragraph (5) during those successive years preceding the date of such
327 consolidation, merger or purchase in which all said consolidated, merged
328 or purchased corporations, if considered as one continuous corporation
329 in ownership and possession, would have so complied; provided, that
330 said succeeding corporation shall continue so to comply for a further
331 period which shall make such compliance equivalent to at least five suc-
332 cessive years, but which shall be in no case less than the two fiscal years
333 next following said consolidation, merger or purchase.
334 (u) In this clause, unless the context otherwise requires, "railroad
335 corporation" means a corporation which owns or is in possession of and
336 operating a railroad or railway of the class usually operated by steam
337 power. Street railway corporations are not railroad corporations within
338 the meaning of this clause.
339 (o) [Repealed, 1931, 346, § 7.]
340 (p) In notes, bonds or other obligations, issued or guaranteed as to
341 principal and interest by a railroad corporation which complies with all
342 the requirements of subdivisions (b) and (d), or subdivision (c) preceding
343 paragraph (5); provided, that — (1) such securities are secured by a first
344 lien on, or by a lease and conditional sale of, new railroad equipment of
345 standard gauge, consisting of locomotives, passenger train cars or freight
346 train cars, free from all other encumbrances, for the purchase of which
347 such securities were issued at not exceeding eighty per cent of the pur-
348 chase price of such equipment; (2) the instrument under which such
349 securities are issued or the lease and conditional sale of such equipment
350 provides for the proper maintenance and replacement thereof; and for
351 the payment of the entire issue of such securities in not exceeding fifteen
352 equal annual or thirty equal semi-annual instalments from date of issue,
353 without the release of any part of the lien or interest in any part of the
354 equipment securing such securities until the said entire issue of the series
355 so secured shall have been paid or redeemed. Not more than ten per
356 cent of the deposits of any such bank shall be invested in securities which
357 are legal under this subdivision, nor more than two per cent of its deposits
358 in such securities issued or guaranteed by, or secured by lease and con-
359 ditional sale to, any one railroad corporation.
360 Fourth. In the bonds of any street railway company incorporated in
361 this commonwealth, the railway of which is located wholly or in part
362 therein, and which has earned and paid in dividends in cash an amount
363 equal to at least five per cent upon all its outstanding capital stock in
364 each of the five years last preceding the certification hereinafter pro-
365 vided for by the department of public utilities or its predecessors except
366 the six months' period beginning July first and ending December thirty-
367 first, nineteen hundred and sixteen. No such investment shall be made
368 unless said company appears from returns made by it to the said depart-
369 ment to have properly paid said dividends without impairment of assets
370 or capital stock, and said department shall annually on or before June
371 fifteenth certify and transmit to the commissioner a list of such street
372 railway companies.
373 Dividends paid by way of rental to stockholders of a leased street
374 railway company shall be deemed to have been earned and paid by said
company within the meaning of this clause, provided that said com-
pany shall have annually earned, and properly paid in dividends in cash, at least five per cent upon all its outstanding capital stock in each of the five fiscal years preceding the date of the lease thereof.

If two or more street railway companies have been consolidated by purchase or otherwise during the five years prior to said certification, the payment severally from the earnings of each year of dividends equivalent to a dividend of five per cent on the aggregate capital stocks of the several companies during the years preceding such consolidation shall be sufficient for the purpose of this clause.

Bonds which have been or shall become legal investments under this clause shall not, except as hereinafter provided, be deemed to be an illegal investment by reason of the fact that the corporation issuing such bonds shall fail or has heretofore failed for a period not exceeding two successive fiscal years to earn and pay dividends in accordance with the requirements of this clause, but no further investment in the bonds issued by the corporation shall be made during said period. If after the expiration of said period the corporation earns and pays or has earned and paid dividends during the following fiscal year in accordance with the requirements of this clause, it shall be regarded as having complied therewith during said period: provided, that it shall not have so failed to comply during any other period within the preceding five years; and provided, that during said period of non-compliance its annual earnings shall have been at least sufficient to provide for the payment of the interest upon its outstanding indebtedness and all other fixed charges in addition to its operating expenses. The said department shall certify to the commissioner a list of any street railway companies whose bonds become legal investments by virtue of this paragraph.

Fifth. In the bonds of any telephone company incorporated under the laws of, and doing business in, any state of the United States on the continent of North America:

Provided, that during each of the five fiscal years of such telephone company preceding the date of such investment —

(1) The gross income of such telephone company shall have been not less than ten million dollars per annum.

(2) Such telephone company shall have paid the matured principal and interest of all its indebtedness.

(3) Such telephone company shall have paid in dividends in cash an amount equal to not less than six per cent per annum on all its outstanding issues of capital stock.

(4) The dividends paid on the capital stock of such telephone company shall not have been less than the total amount necessary to pay the interest upon its entire outstanding indebtedness.

And further provided, that such bonds shall be secured either (a) by a first mortgage upon at least seventy-five per cent of the property of such telephone company, or (b) by the deposit with a trust company incorporated under the laws of this commonwealth of bonds and shares of stock of other telephone corporations, under an indenture of trust which limits the amount of bonds so secured to seventy-five per cent of the value of the securities deposited as stated and determined in said indenture, and provided that during each of the five years preceding such investment the annual interest and dividends paid in cash on the securities deposited
have amounted to not less than fifty per cent in excess of the annual
interest on the bonds outstanding and secured by said deposit. Not
more than five per cent of the deposits of any such bank shall be invested
in the bonds of telephone companies nor shall more than two per cent of
such deposits be invested in the bonds of any one telephone company.

Sixth. In the bonds of a gas, electric or water company secured by a
first mortgage of the franchise and property of the company; provided,
that the net earnings of the company, after payment of all operating
expenses, taxes and interest, as reported to, and according to the require-
ments of, the proper authorities of the commonwealth, have been in each
of the three fiscal years preceding the making of such investment equal
to not less than four per cent on all its capital stock outstanding in each
of said years; and, provided, that the gross earnings of the company in
the fiscal year preceding the making of the investment have been not less
than one hundred thousand dollars. A list of the companies whose
securities prima facie comply with the requirements of this clause shall
be furnished to the commissioner annually, at such time after June
sixteenth in any year as he shall designate, by the proper authorities of
the commonwealth having supervision over such companies.

Sixth A. In the bonds, maturing not later than thirty years subse-
quent to such investment, issued or assumed by any corporation incorpor-
ated under the laws of the United States or of any state thereof which is
operating under the supervision of a public service or other similar com-
misison of the United States or of any state thereof exercising regulatory
jurisdiction therein and is engaged in the sale and distribution of electric-
ity, or in such sale and distribution and also in some other form of public
service enterprise, or in the manufacture and distribution of artificial
gas, or in the sale or distribution, of natural gas supplied in substitution
for or in mixture with artificial gas, but in no case shall the bonds of any
company engaged in the sale or distribution of natural gas become a legal
investment unless said company maintains at all times full facilities for
the manufacture of artificial gas in quantities sufficient to supply the
normal demand, and is doing at least eighty per cent of its business within
the territorial limits of the United States; provided, that —

(1) The gross operating revenue of the corporation issuing or assuming
such bonds shall be not less than one million dollars for its fiscal year
immediately preceding the time of making such investment, and of such
revenue at least seventy-five per cent shall be derived from the sale and
distribution of electricity, artificial gas and natural gas, or any one or more
of them, and not exceeding twenty per cent from the operation of a

and at such percentages of their market values as the board of investment
shall approve; provided, that if the commissioner shall disapprove any
such bonds, notes or shares, he shall make such written recommendations

(f) Whenever used in this clause, the word "association" means an
association the business of which is conducted or transacted by trustees

Tenth. In farm loan bonds lawfully issued by federal land banks incorporated under the act of congress approved July seventeen, nine hundred and sixteen, entitled “An act to provide capital for agricultural, cultural development, to create standard forms of investment based upon farm mortgage, to equalize rates of interest upon farm loans, to furnish a market for United States bonds, to create government depositaries and financial agents for the United States, and for other purposes”: 702

Eleventh. A sum not exceeding the guaranty fund and undivided 703 earnings of such corporation, nor in any case exceeding five per cent 704 of its deposits or two hundred thousand dollars, may, subject to the 705 approval of the commissioner, be invested in the purchase of a suitable 706 site and the erection or preparation of a suitable building for the con- 707 venient transaction of its business. Extraordinary alterations in, or 708 additions to, a bank building owned by a savings bank, involving an 709 expense exceeding ten thousand dollars, shall not be made without 710 the approval of the commissioner, and the cost of such alterations or 711 additions shall not exceed the sum specified in this clause. 712

Twelfth. Such corporation may hold real estate acquired by 713 foreclosure of a mortgage owned by it, or by purchase at sales made 714 under the provisions of such mortgages or upon judgments for debts 715 due to it, or in settlements effected to secure such debts. Such cor- 716 poration shall sell all such real estate within five years after the title 717 thereof is vested in it, and notwithstanding the provisions of clause 718 First may take a mortgage thereon from a bona fide purchaser to secure 719 the whole or a part of the purchase price; but the commissioner may, 720 on petition of the board of investment of such corporation, and for 721 cause, grant an additional time for the sale of the same or of the securi- 722 ties mentioned in the following clause. 723

Thirteenth. Such corporation may hold stocks, bonds, notes or other 724 securities acquired in settlements effected to secure loans or indebted- 725 ness; but unless the time during which such securities may be held is 726 extended as provided in the preceding clause, they shall be sold within 727 five years after being acquired. 728

Fourteenth. The provisions of this chapter shall not invalidate or 729 impair the title of a corporation to securities which have been or may 730 be held by it in pledge or as security for a loan or indebtedness; and 731 the same shall be held for the purposes for which they were pledged. 732

Fifteenth. Annually, not later than July first, the commissioner shall 733 prepare a list of all the bonds and notes which are then legal investments 734 under the provisions of clause Third, Fourth, Fifth, Sixth A or Sev- 735 enteenth. Said list shall at all times be open to public inspection and a 736 copy thereof shall be sent to every savings bank. In the preparation of 737 any list which the commissioner is required to furnish, he may employ 738 such expert assistance as he deems proper or may rely upon information 739 contained in publications which he deems authoritative in reference to 740 such matters; and he shall be in no way held responsible for the omission 741 from such list of the name of any state, municipality or corporation the 742 bonds or notes of which conform to the provisions of this section, or of 743
of any bonds or notes which do not so conform. Sixteenth. Bonds which at any time have been for ten successive years legal investments under the provisions of subdivision (a), (b), (c), or (d) of clause Third or clause Fifth of this section shall not be rendered illegal although the corporation issuing, assuming or guaranteeing such bonds shall fail for a period not exceeding two successive years to comply as to dividends on its capital stock, with the requirements of the clauses specified above; but no further investment in the bonds issued, assumed or guaranteed by such corporation shall be made during said period. If after the expiration of said period, such corporation complies for the following fiscal year with the requirements of the clauses specified above, it shall be regarded as having complied therewith during said period; provided, that it shall not have so failed to comply during any other period within the next preceding ten years. Seventeenth. This section shall not render illegal the investment in any mortgaged or of real estate held by such corporation on June eighth, nineteen hundred and eight, nor the investment before or after said date in any issue of bonds or notes dated before said date in which such corporation might then invest, so long as such bonds or notes continue to comply with the laws then in force.

1 Section 55. Any savings bank may, if authorized by vote of at least two thirds of its corporators at a meeting specially called to consider the subject, be dissolved and liquidate its affairs in the manner hereinafter set forth; provided, that the commissioner is satisfied that such savings bank has given at least thirty days' notice to each other savings bank, located within twenty-five miles, of its willingness to enter into negotiations with a view to consolidation or merger and that no consolidation or merger with any such other savings bank can be arranged upon terms satisfactory to the commissioner; and provided, further, that, prior to such vote, the commissioner shall have approved in writing the proposed liquidation of such savings bank as being in the interest of its depositors. In such case a committee of three shall thereupon be elected by and from the trustees and, under such regulations as may be prescribed by the commissioner, shall liquidate the assets, and after satisfying all debts of the liquidating savings bank shall distribute the remaining proceeds among its depositors, as of the date of the vote of liquidation, and other persons entitled thereto, according to their several interests. The charter of a savings bank shall upon such a vote to liquidate become void except for the purpose of discharging its existing obligations and liabilities.

2 Funds representing unclaimed dividends in liquidation and remaining in the hands of the liquidating committee for six months after the date of the final payment in liquidation shall be deposited by them, together with all books and papers of the savings bank, with the commissioner. Such funds shall be deposited in one or more trust companies or national banks to the credit of the commissioner in his official capacity, in trust for the depositors of the savings bank and other persons entitled thereto, according to their several interests. Upon receipt of evidence satisfactory to him, the commissioner may pay over the moneys so held by him to the persons respectively entitled thereto. In case of doubt or of conflicting claims, he may require an order of the supreme judicial court authorizing and directing the payment thereof. He may apply the
interest earned by the money so held to the defraying of expenses incurred in the payment of such unclaimed dividends. At the expiration of twelve months from the date of receipt of such funds by the commissioner, such portion thereof as still remains in his possession shall be disposed of as provided in section thirty-five of chapter one hundred and sixty-seven.

If, however, the commissioner is satisfied that a consolidation or merger of the savings bank proposing liquidation with another savings bank located within twenty-five miles can be effected on terms approved by him and if he finds that such consolidation or merger is in the interest of the depositors of the savings banks concerned, such consolidation or merger may be effected upon such terms and subject to the direction of the commissioner, provided that a vote authorizing the same is passed by at least two thirds of the corporators of each of the savings banks aforesaid at meetings specially called to consider the subject.

Section 1. This chapter shall apply to all persons who engage or are financially interested in the business of receiving deposits of money, for the purpose of transmitting the same or equivalents thereof to foreign countries, in such sums that the average of the separate deposits so received during any twelve successive months, or during such period, if less than twelve months, that such person has been engaged in such business, is less than five hundred dollars, except duly incorporated banks and trust companies, express companies having contracts with railroad or steamship companies for the operation of an express service upon the lines of such companies, or express companies doing an international express business, or transatlantic steamship companies or telegraph companies.
BONDS AND LICENSES.

1 Section 2. Every person subject to section one shall, before engaging in or becoming financially interested in or continuing to engage or be financially interested in the business of receiving deposits of money for the purpose of transmitting the same or equivalents thereof to foreign countries, make, execute and deliver to the state treasurer a bond in a sum equal to twice the amount of money or equivalents thereof transmitted to foreign countries by such person in any one week, as determined by the commissioner of banks, in this chapter called the commissioner, but in no event shall the sum of the bond be less than fifteen thousand dollars; provided, that the sum of such bond shall be increased on order of the commissioner at any time to such amount as shall be shown by examination to be necessary. Said bond shall be conditioned upon the faithful holding and transmission of any money or equivalents thereof which shall have been delivered to such person for transmission to a foreign country, and, in the event of the insolvency or bankruptcy of the principal, upon the payment of the full amount of such bond to the assignee, receiver or trustee of the principal, as the case may require, for the benefit of such persons as shall have delivered money or equivalents thereof to said principal for the purpose of transmitting the same to a foreign country.

2 Section 3. Except as otherwise expressly provided herein, the provisions of this section shall apply to the bonds required by the preceding section. Each such bond shall be executed by the person of whom it is required, as principal, with at least two good and sufficient sureties who shall be residents and owners of real estate within the commonwealth, or by said person as principal and a surety company, approved by the commissioner. In lieu of the aforesaid sureties, the person may deposit, and the state treasurer shall accept as security for the fulfillment of the provisions of the bond, money, bonds of the United States, of this commonwealth or of any municipality thereof, or, if approved by the commissioner, other bonds, certificates of deposit issued by a national bank or trust company, or deposit books of depositors in savings banks or in savings departments of trust companies or national banks. The money or securities so deposited shall be held upon the conditions specified in the bond. If securities be deposited in lieu of sureties and be accepted, the state treasurer shall require the depositor to maintain such deposit at a value equal to the amount fixed as the penalty of the bond, and he may in his discretion permit the substitution of securities for money, or of money for securities, in whole or in part, or of money or securities for any sureties, or of a bond for money or securities deposited, or the withdrawal of securities deposited and the substitution of others of equal value in their place, and, if the total value of the securities becomes substantially impaired, he shall require the deposit of money or additional securities sufficient to cover the impairment in value. No bond required by the preceding section shall be accepted until it has been first examined and approved by the commissioner and unless also approved by the state treasurer, and upon such approval by the state treasurer it shall be filed in his office. Upon notice of such approval by the state treasurer, the commissioner shall issue a license authorizing said person to carry on the business of receiving deposits of money for

the purpose of transmitting the same or equivalents thereof to foreign countries for a period of one year from the date of the issuance of the license, at a place to be specified therein, and no person shall engage or become financially interested or continue to engage or be financially interested in the aforesaid business without such authority. The fee for such license shall be fifty dollars. The license shall not be transferred or assigned. It shall not authorize the transaction of business at any place other than that described in the license, except with the written approval of the commissioner. Immediately upon the receipt of the license issued by the commissioner, the licensee named therein shall cause the license to be posted and at all times conspicuously displayed in the place of business for which it is issued, so that all persons visiting such place may readily see the same. It shall be unlawful for any licensee to post the license or to permit the license to be posted upon premises other than those described therein or those to which it has been transferred with the written approval of the commissioner, or knowingly to deface or destroy any such license. The money and securities deposited with the state treasurer as herein provided and the money which in case of breach of the bond shall be paid by any licensee or surety thereon, shall constitute a trust fund for the benefit of such persons as shall deposit money with the licensee for transmission as aforesaid, and such beneficiaries shall be entitled to an absolute preference as to such money or securities over all general creditors of the licensee. The license shall be revocable at all times by the commissioner for cause shown and in the event of such revocation or of a surrender of the license no refund shall be made in respect of any license fee paid. Every license shall be surrendered to the commissioner within twenty-four hours after written notice to the holder that the license has been revoked. In case of the revocation of the license the money and securities and the bond, if there be one, shall continue to be held by the state treasurer for a period of one year from the date of such revocation and until the expiration of sixty days after final judgment in any action or suit commenced prior to the end of said period, unless otherwise directed by the order or judgment of a court of competent jurisdiction.

8 may specify.

1 Section 7. The books and accounts of every such person shall be
2 kept and audited in such manner and form, and the persons charged with
3 the custody of the funds and investments thereof shall give a bond in

5 prescribe.

1 Section 8. The commissioner shall, at such times as he deems ex-
2 pedient, examine, either personally or by a competent examiner whom he
3 shall appoint, every such person, and thoroughly inspect and examine his
4 affairs to ascertain his financial condition and whether he has complied
5 with all laws applicable thereto.

4 agents thereof, and such other witnesses as may be deemed necessary,
5 for examination relative to the affairs, transactions and condition of such
6 person, and for that purpose the commissioner or the person making the
7 examination may administer oaths. Whoever, without justifiable cause,
8 refuses to appear and testify when so required, or obstructs the com-
9 missioner or the person making the examination in the performance of
10 his duty, shall be punished by a fine of not more than one thousand
11 dollars or by imprisonment for not more than one year.

2 the three preceding sections, for the purpose of determining whether a
3 person is engaged in a business subject to section one or prohibited by
4 section sixteen.

1929, 182, § 4.

1 Section 11. If, upon examination, it appears that such person is
2 insolvent, or that his capital is impaired, or that his condition is such as
3 to render the continuance of his business hazardous to the public or to
4 those having funds in his custody, the commissioner shall apply, or, if
5 such person appears to have exceeded his powers or failed to comply with
6 any provision of law, he may apply, to the supreme judicial court, which
7 shall have jurisdiction in equity on such application to issue an injunction
8 restraining such person, in whole or in part, from further proceeding with
9 his business, and to make such further order or decree as justice and
10 equity may require. The court may appoint one or more receivers to
11 take possession of the property and effects of such person, subject to
12 such directions as may from time to time be prescribed by the court.

1 Section 1. The following words as used in this chapter, unless the Definitions otherwise requires, shall have the following meanings:
2 "Commissioner", the commissioner of banks.
3 "Corporation", a co-operative bank incorporated as such in this commonwealth.

1 Section 2. Twenty or more persons who associate themselves by a written agreement to form a co-operative bank for the purpose of accumulating the savings of its members in fixed periodical instalments and loaning such accumulations to them may, upon compliance with sections two, three, four and five, become a corporation with all the.
powers and privileges and subject to all the duties, restrictions and liabilities set forth in all general laws relating to such corporations. Said agreement shall set forth that the subscribers thereto associate themselves with the intention of forming a corporation to transact business within the commonwealth, and shall specify —

First. The name by which the corporation shall be known, the words "co-operative bank" to form a part thereof.

Second. The purpose for which it is to be formed.

Third. The town where its business is to be transacted.

Each associate shall subscribe to the articles his name, residence and post office address.

SECTION 3. The subscribers to said agreement shall give notice to the board of bank incorporation of their intention to form a co-operative bank and shall apply to said board for a certificate that public convenience and advantage will be promoted by the establishment thereof. Said board may grant such certificate, which shall be deemed revoked if the applicants therefor do not become incorporated and begin business within six months after its date of issue. Upon receipt of such application, said board shall furnish the subscribers a form of notice, specifying the names of the proposed incorporators and the name and location of the proposed co-operative bank and assigning a date and place for a public hearing on the application. The subscribers shall publish the notice at least once a week for three successive weeks, in one or more newspapers designated by said board, and published in the town where it is desired to establish the bank, or, if there is no newspaper in such town, in the town where a newspaper is published, which is nearest to the location of the bank. If said board refuses to issue such certificate, no further proceedings shall be had, but the application may be renewed after one year from the date of the refusal, in which case notice of a public hearing thereon shall be published as herein provided.

SECTION 4. The first meeting of the subscribers to the agreement of association shall be called by a notice signed either by that subscriber to the agreement who is designated therein for the purpose, or by a majority of the subscribers; and the notice shall state the time, place and purpose of the meeting. A copy of the notice shall, seven days at least before the day appointed for the meeting, be given to each subscriber, or left at his residence or usual place of business, or deposited in the post office, postage prepaid, and addressed to him at his residence or usual place of business, and another copy thereof and an affidavit by one of the signers that the notice has been duly served shall be recorded with the records of the corporation. If all the incorporators shall in writing, endorsed upon the agreement of association, waive such notice and fix the time and place of the meeting, no notice shall be required. The subscribers to the agreement of association shall hold the franchise until the organization has been completed. At the first meeting, or at any adjournment thereof, the incorporators shall organize by the choice by ballot of a temporary clerk, by the adoption of by-laws and by the election, in such manner as the by-laws may prescribe. All the officers so elected shall be sworn to the
21 faithful performance of their duties. The temporary clerk shall make
22 and attest a record of the proceedings until the clerk has been chosen and
23 sworn, including a record of the choice and qualification of the clerk.

1 Section 5. The president and a majority of the directors who are
2 elected at the first meeting shall make, sign and make oath to, articles
3 in duplicate setting forth —
4 (a) A true copy of the agreement of association, the names of the sub-
5 scribers thereto, and the name, residence and post office address of each
6 of the officers of the corporation.
7 (b) The date of the first meeting and the successive adjournments
8 thereof, if any.
9 One duplicate original of the articles so signed and sworn to shall be
10 submitted to said board, and the other, together with the records of the
11 proposed corporation, to the commissioner of corporations and taxation,
12 who shall examine the same and may require such amendment thereof
13 or such additional information as he considers necessary. If he finds
14 that the articles conform to the three preceding sections, and that section
15 three has been complied with, he shall so certify and endorse his approval
16 thereon. Thereupon the articles shall be filed in the office of the state
17 secretary, who upon receipt of five dollars, shall issue a certificate of
18 incorporation in the following form:

Commonwealth of Massachusetts.

Be it known that whereas (the names of the subscribers to the agreement of
association) have associated themselves with the intention of forming a corporation
under the name of (the name of the corporation), for the purpose (the purpose declared in the agreement of association), and have complied with the provisions of the statutes of this commonwealth in such case made and provided, as appears from the articles of organization of said corporation, duly approved by the commissioner of corporations and taxation and recorded in this office: Now, therefore, I (the name of the state secretary), secretary of the commonwealth of Massachusetts, do hereby certify that said (the names of the subscribers to the agreement of association), their associates and successors, are legally organized and established as, and are hereby made, an existing corporation under the name of (name of the corporation), with the powers, rights and privileges, and subject to the limitations, duties and restrictions, which by law appertain thereto.

19 The state secretary shall sign the certificate of incorporation and
20 cause the great seal of the commonwealth to be thereto affixed, and
21 such certificate shall have the force and effect of a special charter. The
22 existence of every such corporation which is not created by special law
23 shall begin upon the filing of the articles of organization in the office of
24 the state secretary, who shall also cause a record of the certificate of
25 incorporation to be made, and such certificate or such record, or a certi-
26 fied copy thereof, shall be conclusive evidence of the existence of the
27 corporation.

Management.

1 Section 6. The shareholders of every such corporation shall make
2 and adopt the necessary by-laws consistent with law for the government
of its affairs, and a copy thereof shall be filed in the office of the com-
missioner of banks.

The by-laws shall provide for and determine —
(a) The time for holding the annual meeting of the shareholders and
the monthly meetings of the board of directors, and for the receipt of
money.

amended.

Section 7. The business and affairs of every such corporation shall
be managed by a board of not less than five directors to be elected by the
shareholders. Directors may be elected for terms of not less than one
nor more than three years, and, in case the term is more than one year,
they shall be divided into classes and an equal number, as nearly as
may be, elected each year. All vacancies in the board or in any office
may be filled by the board of directors for the unexpired term. Every
officer and director when appointed or elected shall take an oath that
he will faithfully and impartially discharge the duties devolving upon
him, and the fact that the oath has been taken shall be entered in the 10
records of the corporation; and if a person appointed or elected does not, 11
within thirty days thereafter, take the oath, his office shall thereupon 12ecome vacant. The president, vice president, treasurer, clerk, and other 13
officers whose election is not otherwise herein or in section ten expressly
provided for, may be chosen either by the shareholders or by the board 15
of directors as the by-laws may determine. No shareholder shall be 16
entitled to more than one vote at any meeting, and no shareholder shall 17
vote by proxy. All officers shall be elected by ballot, shall be shareholders 18
when nominated and shall continue to hold their offices until their suc-
cessors have been chosen and shall have assumed their duties, and no such 19
corporation shall expire from neglect to elect officers at the time pres-
scribed in its by-laws. If an officer ceases to be a shareholder his office 20
shall thereupon become vacant. If a director fails both to attend the 21
regular meetings of the board and to perform any of the duties devolving 22
upon him as such director for six consecutive months, his office may be 23
declared by the board at the next regular meeting to be vacant. A record 24
of any vacancy shall be entered upon the books of the corporation, and a 25
transcript of such record shall be sent by mail to the person whose office 26
has been made vacant.
1 **Section 8.** At the first meeting of the board of directors after the annual meeting for the election of officers, the board shall elect from its own number a security committee of at least three members, whose duty shall be to examine real estate offered as security for loans and to report thereon as required by section twenty-five.

2 The personal examination of any parcel of real estate by the security committee may be omitted by special vote of the board of directors.

3 No member of the security committee shall make an official report upon property offered as security for a loan in which he has a personal interest.

1 **Section 9.** The treasurer shall keep the accounts and have charge of all books and papers necessary therefor, and dispose of and secure the safe keeping of all money, securities and property of the corporation, in the manner designated by the by-laws, and the treasurer and all other permanent employees having access at all times to the cash or negotiable securities, shall each give, subject to section twenty-four of chapter one hundred and sixty-eight, a bond for the faithful performance of their respective duties in such amount as the board of directors may require, provided that such treasurer and other permanent employees may in the discretion of the commissioner be included in one or more schedule or blanket bonds, approved by him as to the conditions thereof and as to the sureties thereon.

1 **Section 10.** Such corporation may provide in its by-laws for an assistant treasurer if the commissioner approves and, if it has assets in excess of five million dollars, for such additional number of assistant treasurers as the commissioner approves, and may so provide for the election of such assistant treasurer or assistant treasurers by either the shareholders or the board of directors. An assistant treasurer may perform all the duties of the treasurer.

1 **Section 11.** The board of directors shall hold stated monthly meetings at any place in the town where the bank is located, and its usual business shall be transacted at its office only, which shall be in the town named in its agreement of association; but moneys due the bank may be collected by the treasurer, or other person duly empowered by the directors, upon such days and in such other places as may be designated by vote of the directors and approved by the commissioner, and the bank may advertise its branch in such manner as the commissioner may prescribe.

1919, 350, § 45.

**CAPITAL.**

1 **Section 12.** The capital to be accumulated shall be unlimited and shall be divided into shares of the ultimate value of two hundred dollars each; provided that the total value of paid-up shares outstanding at any one time shall not exceed ten per cent of the assets of the corporation. The shares may be issued in quartered, half yearly or yearly series, in such amounts and at such times as the board of directors may determine. Shares of a prior series may be issued after a new series, subject to the approval of the board of directors. Paid-up shares may be issued, subject to such approval, each share to have a value of two hundred dollars.
which shall be paid by the purchaser when the shares are issued, together
with interest from the last distribution of profits at a rate fixed by the
directors, but not in excess of the rate distributed to unmatured shares.
Paid-up shares shall participate in each distribution of profits in the
same manner and to the same extent as matured shares, as provided in
section forty, but at a rate not to exceed five per cent. No person shall
hold more than forty unmatured shares, ten matured and ten paid-up
shares in any one bank at the same time. Paid-up shares may be with-
drawn or retired in the manner provided in sections sixteen and eighteen
for matured shares.

Section 13. On or before the regular monthly meeting for the re-
cipt of moneys, as fixed by the by-laws, every shareholder shall pay to
the corporation, as a contribution to its capital, one dollar as dues upon
each unmatured share held by him until it is withdrawn, forfeited, re-
tired or matured. Payment of dues on each series shall begin with its
issue.

Section 14. Shares may be issued in the name of a minor, and may,
in the discretion of the directors, be withdrawn, as provided in section
sixteen, by the minor or by his parent or guardian, and in either case pay-
ments made on such withdrawals shall be valid. A minor under the age
of eighteen shall not have the right to vote. If shares are held in trust,
the name and residence of the beneficiary shall be disclosed and the ac-
count shall be kept in the name of the holder as trustee for such person.
If no other notice of the existence and terms of the trust has been given in
writing to the corporation, such shares may, upon the death of the trustee,
be withdrawn by the person for whom such deposit was made or by his
legal representatives.

Section 15. Shares may be issued to, or in the name of, two persons
or the survivor; and in the event of the death of either, the corporation
shall be liable thereon only to the survivor, and while both are living
payment to either shall discharge the liability to both. The joint own-
ship of shares shall not confer the right to vote to a greater extent than
if they were held by an individual.

Section 15A. The number of shares which may be issued by the
corporation and held at the same time in any joint account provided for
in section fifteen shall not exceed eighty unmatured shares, twenty
matured shares and twenty paid-up shares. Either party to such a joint
account may also hold shares in his individual name, but the total
amount of such shares held by him, both jointly and individually, in
such corporation at the same time shall not exceed eighty unmatured
shares, twenty matured shares and twenty paid-up shares.

Section 16. Upon giving thirty days' written notice to the treasurer
of his intention so to do, a shareholder may withdraw unpledged shares,
but the board of directors of such corporation may at any time require
a member holding unpledged matured shares to give ninety days' written
notice of his intention so to do. He shall be paid the balance remaining
after deducting from the amount then standing to the credit of the shares
all fines, any other charges legally incurred, and such part of the profits

9 more than one half of the funds in the treasury be applicable to the de-
10 mands of withdrawing shareholders without the consent of the directors.
11 All withdrawals shall be paid in the order in which notices thereof are
12 given, and the treasurer may waive such notices, in his discretion, under
13 such restrictions as may be imposed by the board of directors. On any
14 occasion when there is an unusual demand by shareholders for real
15 estate loans or for withdrawal from the funds of any such corporation, it
16 may, by a vote of at least three fifths of its directors and with the con-
17 sent of the commissioner, borrow from any national bank, savings bank,
18 co-operative bank or trust company for a period of not more than six
19 months. As security for such loans, it may pledge any portion of its
20 securities or resources.

1 Section 17. The shares of a non-borrower who continues in arrears
2 more than six months shall, at the option of the directors, if he fails to
3 pay the arrears within thirty days after notice, be declared forfeited, and
4 the withdrawal value of the shares at the time of forfeiture shall be as-
5 certained, and, after deducting all fines and other legal charges, the bal-
6 ance remaining shall be transferred to an account to be designated the
7 "Forfeited Share Account", to the credit of the defaulting shareholder.
8 who shall be entitled, upon giving thirty days' notice, to receive out of
9 the funds appropriated for the payment of withdrawals the balance so
10 transferred without interest from the time of the transfer, all defaulting
11 shareholders being entitled to receive their balance so transferred in the
12 order in which their respective notices are given. All shares forfeited
13 shall cease to participate in any profits accruing after the adjustment and
14 valuation of shares last preceding said forfeiture.

1 Section 18. The directors may retire the unpledged shares of any
2 series after four years from the date of their issue, by enforcing the with-
3 drawal of the same in the following manner: the treasurer shall season-
4 ably send to every shareholder in the series in which shares are to be
5 retired a notice in the following form, and the shares shall be retired in
6 accordance with its provisions:

The board of directors have voted to retire on the day of 19 shares in series No. ,

in which you are a shareholder.

Should you desire to have your shares, or any number of them, retired and to receive the full value thereof, you will please notify the treasurer in writing on or before 19 .

If the shares voluntarily offered exceed the number desired, the shares to be retired will be determined by lot from those offered.

If the number so offered is less than the number desired, the number offered shall be retired and the balance determined by lot from the remaining shares in the series.

7 The directors may, under rules made by them, retire matured shares
8 at any time and in such order and manner as they may provide.
9 The shareholders whose shares are retired shall be paid the full value
10 thereof, less all fines and any other charges legally incurred. Shares
11 held for share loans shall be treated as unpledged shares. Whenever
12 shares are retired between the dates of adjustment of profits, interest
13 shall be paid upon the full value of the shares from the date of the pre-
ceding adjustment to the date of retirement, at the rate at which profits were distributed at said preceding adjustment.

The commissioner, whenever he deems it necessary for the welfare of the shareholders in any such corporation, may order the retirement of matured shares, or of unmatured shares in any series after four years from the date of issue, and the board of directors shall, in the manner herebefore provided, comply with the order of the commissioner.

Section 19. Whenever shares of a given series reach the value of two hundred dollars, either by the payment of dues, the addition of a regular dividend or the addition of interest as hereinafter provided, they shall be deemed matured and all payments of dues thereon shall cease, and the owner of each unpledged share shall be paid out of the funds of the corporation the matured value thereof; or if he shall so elect, and at the option of the directors, there may be entered on his pass book any number of shares that have matured, not exceeding ten, and such shares shall continue as matured shares in said corporation, subject to be withdrawn or retired as provided in sections sixteen and eighteen, but at no time, except as provided in section twenty, shall more than one half of the funds in the treasury be applicable to payment of shares, either matured or unmatured or both, without the consent of the directors. For the purpose of determining the maturity of shares between the dates of adjustment of profits, there shall be added to the value of the shares interest for all full months from the date of the preceding adjustment to the date when the addition thereof will mature the shares. The interest to be added shall be at the same rate at which profits were distributed at the last preceding adjustment; but before the payment of matured shares all arrears and fines shall be deducted. In the event of a dissolution and winding up of such corporation, by process of law or otherwise, any member holding matured or paid-up shares of such corporation shall not thereby be entitled to any preference over any holder of unmatured shares, and all shares, whether matured, paid-up or unmatured, shall be held and treated as belonging to one general class of liability.

Section 20. Whenever a notice of withdrawal of either matured or unmatured shares has been filed, or shares have reached maturity, either shall have remained unpaid for a period of six months from the date when payment thereof is due, all the receipts of the bank from any source whatever shall, after the payment of the legitimate expenses of conducting business, be applied to the payment of such withdrawals and matured shares; and the board of directors or the commissioner, at his discretion, may direct that such payments shall be made upon a ratable and proportionate basis. This section shall not apply to a bank which may become subject to sections twenty-two to thirty-six, inclusive, of chapter one hundred and sixty-seven.

LOANS AND INVESTMENTS.

Section 21. The funds accumulated, after due allowance for all necessary expenses and the payment of shares, shall, at each stated monthly meeting, be offered to applicants according to the premium bid by them for priority of right to a real estate or share loan, which shall consist of a percentage charged on the amount loaned in addition to interest, at a rate not less than five per cent per annum, payable in
7 monthly instalments. If the corporation so provides in its by-laws, the
8 bid for loans shall, instead of a premium, be a rate of annual interest not
9 less than five per cent per annum payable in monthly instalments upon
10 the amount desired. Any such corporation may, when so authorized by
11 its by-laws, dispense with the offering of its money for bids, and in lieu
12 thereof may loan its money at such rate of interest not less than five per
13 cent per annum or interest and premium as may be fixed, from time to
14 time, by the board of directors, in which case the priority of right to a
15 loan shall be decided by the priority of the approved applications there-
16 for. Such bids or rates shall include the whole interest to be paid and
17 may be at any rate not less than five per cent per annum.

1 Section 22. Any person whose application is accepted shall be en-
2 titled, upon giving proper security, to receive a real estate loan of a sum
3 not exceeding two hundred dollars for each unpledged share held by him,
4 or a share loan within the limitations hereinafter provided.

Section 23. The directors may invest any unsold or surplus funds
2 in any of the securities named in the second clause of section fifty-four of
3 chapter one hundred and sixty-eight, or may loan such funds upon first
4 mortgages of real estate situated in this commonwealth, or upon the
5 shares of the bank, upon the conditions imposed by section twenty-five,
6 twenty-six or twenty-seven of this chapter; but in either case the loans
7 shall be at the highest rate obtained on a real estate loan at the last
8 preceding monthly sale of money or at the prevailing rate when fixed by
9 the board of directors.

1 Section 24. A borrowing shareholder shall, in addition to the dues
2 on his shares, pay interest, and the premium, if any, monthly on his loan,
3 at the determined rate, until his shares reach their matured value, or
4 until the loan has been repaid. Interest may be computed from the
5 date on which the money is advanced; and when the said matured value
6 is reached, the shares shall be cancelled, the loan discharged, and the
7 balance, if any, due upon the shares shall be paid to the member.

1 Section 25. No loan shall be made upon real estate unless a written
2 application is made therefor, showing the date, name of applicant, amount
3 of loan desired, description of property offered and other information
4 deemed necessary. A written report thereon shall be made by at least
5 two members of the security committee, signed by them, approving the
6 security offered and certifying to the value of the property according to
7 their best judgment. The application and report shall be filed and pre-
8 served with all other papers relating to the loan.

1 Section 26. For every loan made upon real estate a note shall be
2 given, accompanied by a transfer and pledge of the requisite number of
3 shares standing in the name of the borrower, and secured by a mortgage
4 of real estate situated in the commonwealth, the title to which is in the
5 name of the borrower and which is unencumbered by any mortgage or
6 lien other than municipal liens or such as may be held by the corporation
7 making the loan. No loan upon one parcel of real estate shall exceed

value of the mortgaged property, if improved real estate, nor more than fifty per cent of such value, if vacant land, as certified by the security committee. The shares so pledged shall be held by the corporation as collateral security for the performance of the conditions of the note and mortgage. The note and mortgage shall recite the number of shares and the series to which the shares belong and the amount of money advanced thereon, and shall be conditioned upon the payment at or before the stated meetings of the corporation of the monthly dues on said shares, and the interest and premium, if any, upon the loan, with all fines on payments in arrears, until said shares reach their matured value or until said loan is otherwise cancelled and discharged. If the borrower fails to offer security satisfactory to the directors within the time prescribed by the by-laws, his right to the loan shall be forfeited and he may be charged with one month's interest and one month's premium, if any, at the determined rate, and with such part of the expenses incurred as may be determined by the board of directors; and the money appropriated for such loan may subsequently be reloaned.

Whenever the full value of shares pledged to secure any loan on improved real estate made and secured as aforesaid, after deducting all fines and other charges legally incurred respecting said shares, shall equal or exceed twenty-five per cent of the original amount of the note evidencing such loan, but not earlier than four years after the date of said note, such loan may, at the option of the owner of such shares and with the approval of the directors, be converted into a demand or time loan bearing interest at a determined rate payable monthly or quarterly, and evidenced by a new note secured by a first mortgage in common form upon said real estate; provided, that upon application of the shareholder for such conversion, a report approving the security for such converted loan and a certification of the value of the real estate securing the same shall be made in the manner provided by section twenty-five for original co-operative bank loans and that said loan when so converted will not exceed sixty per cent of the value of the real estate securing the same, as certified as aforesaid, and said shareholder shall subscribe for such number of shares in the current series and, until the discharge of such converted loan, shall hold such number of shares, as the treasurer may determine.

In the event of the conversion as aforesaid of a co-operative bank mortgage into a common form mortgage, the full value of the shares pledged to secure the co-operative bank mortgage, after deducting all fines and any other charges legally incurred and such sum as will leave the unpaid balance a multiple of fifty dollars, shall be credited to the owner thereof, the co-operative bank mortgage discharged and the shares pledged to secure the same surrendered and cancelled.

No loan or mortgage shall so be converted as to render the total amount of such converted loans held by such corporation in excess of fifteen per cent of the aggregate amount of loans secured by mortgage of real estate held by such corporation. Every parcel of real estate mortgaged to secure a converted loan shall be revalued at intervals of not more than three years so long as it is so mortgaged, by at least two members of the security committee of the corporation, who shall certify in writing according to their best judgment the value of the real estate so mortgaged. Such reports shall be filed and preserved with the records of the corporation. If, at the time of any such revaluation, the amount outstanding on such a converted loan is in excess of sixty per cent of the
value of the real estate mortgaged to secure the same, a reduction in the
amount of such loan shall be required, as promptly as may be practicable,
sufficient to bring its amount within sixty per cent of the said value;
provided, that no such reduction shall be required prior to the maturity
of the loan.

1 Section 27. Loans may be made upon unpledged shares to
amount not exceeding ninety per cent of their withdrawal value at the
time of the loan, and for every such loan a note shall be given, accom-
panied by a transfer of the shares borrowed upon. Loans
may be made upon matured or paid-up shares to an amount not exceed-
ing ninety per cent of their face value, as represented by the certificate.
For every such loan a note shall be given accompanied by a transfer of the
8 certificate as collateral for the loan.

1 Section 28. If a borrower purchases money at a lower rate than
that paid by him on an existing loan, secured by a mortgage, for the
purpose by him declared of reducing the premium or rate of interest
upon said loan, a new mortgage shall not be required, but a written
agreement for the reduction of said premium or rate of interest, signed
by the borrower and the treasurer of the bank, with the written approval
of the president, shall be valid, and shall not impair or otherwise affect
the existing mortgage: and thereafter the borrower shall make the
monthly payments on the loan in accordance with the terms of said agree-
ment, and the amount of money previously so purchased by him may be
re-sold by the bank at the same meeting.

1 Section 29. A borrower or one of several joint borrowers or his heirs
or assigns may repay a loan at any time, whereupon his account shall be
charged with the full amount of the loan, all monthly instalments of
interest, premium and fines in arrears and any other legal charges, and
shall be given credit for the withdrawal value of his shares pledged and
transferred as security; the pass book shall be surrendered to the cor-
poration and the balance shall be received by the corporation in full sat-
isfaction of said loan. All settlements made between stated meetings of
the directors shall be made as of the date of the stated meeting next suc-
ceding such settlement. A borrower desiring to retain his shares and
membership may repay his loan without claiming credit for his shares,
whereupon the shares shall be transferred to him free from any claim on
account of the repaid loan.

14 Partial payments of loans shall be received in amounts of fifty dollars
or a multiple thereof, or in such less amount as may be fixed by the by-
laws. For each two hundred dollars so paid upon a real estate loan
one share of stock shall be released from pledge.

18 With the approval of the board of directors, any borrower upon real
estate security, unless the property is encumbered by a mortgage other
than that held by the bank and dated prior to November first, nineteen
hundred and twelve, may have the full value of the shares upon which
the loan is predicated, less such sum as will leave the amount of the loan
a multiple of fifty dollars, applied as a credit to the amount of the loan
as hereinafter provided, whereupon such shares shall become cancelled,
and new shares in the current series shall be issued to the borrower in the
proportion of one share to each two hundred dollars of the loan remaining
unpaid after the application of the value as aforesaid. The new shares

issued shall be transferred and pledged to the bank as security for the 28
balance of the loan, and the fact thereof shall be endorsed upon or at 29
tached to the note in the following form:

The value of the shares herein pledged, less such sum as will leave the amount 29
of the loan a multiple of fifty dollars, amounting to $ have this day been
applied as a credit upon this note, leaving a balance due and unpaid of $ to secure which
shares of series I have been issued, and are hereby transferred and pledged. For value received, I promise to pay to said
corporation or to its order $ dollars at or before its monthly meeting
on the 31st day of each month hereafter, being the amount of the monthly
dues on the shares hereby substituted, and of the monthly interest upon said balance of $ , together with all fines chargeable by the by-laws of said corpora-
tion upon arrears of such payments until said substituted shares shall reach
maturity, or otherwise sooner to pay to said corporation or its order the said balance of $ , with interest and fines as aforesaid.

Witness,

Treasurer.

Neither the note evidencing the loan nor the mortgage securing the 31
same shall be prejudiced by the application of the value and the change 32
of shares, notwithstanding the fact that a provision for such application and change was not originally made in the note or mortgage, and both 34
note and mortgage shall continue to be held by the bank as good and sufficient security for the balance remaining unpaid. After the application of the value as a credit, the amount of the loan shall forthwith be reduced to an equal extent, and the borrower shall thereafter be liable for only the reduced amount and any arrearages or penalties occasioned by his own default.

SECTION 30. Any such corporation may purchase at public or private
sale real estate upon which it may have a mortgage, judgment, lien or other encumbrance, or in which it may have an interest, and may sell, convey or lease the real estate acquired by it and, on the sale thereof, may take a mortgage thereon in common form to secure the payment of the purchase price or of a part thereof. All real estate shall be sold within five years after the acquisition of the title thereto; but the commissioner may, on petition of the security committee of the corporation and for cause, grant additional time for the sale of the same.

SECTION 31. Any such corporation may, with the approval of the commissioner, invest a sum not exceeding its surplus and guaranty fund accounts in the purchase of a suitable site and the erection or preparation of a suitable building for the convenient transaction of its business, but in no case exceeding five per cent of its dues capital or one hundred thousand dollars. Any such corporation may, with the approval of the commissioner, expend a sum not exceeding one per cent of its dues capital for alterations in any building leased by it for the transaction of its business, but in no case exceeding its surplus and guaranty fund accounts.

SECTION 32. If a borrower is in arrears for dues, interest, premium or fines for more than four months, or commits any other breach of the conditions of a mortgage, the directors may, after twenty-one days' notice, mailed to the last known address of the borrower, declare the
5 shares forfeited if the arrears then remain unpaid or such breach continues. The account of such borrower shall then be debited with the arrears of interest, premium and fines to the date of forfeiture, and the shares shall be credited upon the loan at their withdrawal value. The balance of the account shall immediately become due and payable, and may, and after six months shall, be enforced against the security, and be recovered, together with interest thereon, as all debts are recovered at law. If the shares of a borrower are in arrears at the maturity of the series, his account shall be charged with the amount of the loan and all arrears at the date of maturity, and shall be credited with the value of the shares; the balance of the account shall immediately become due and payable and may, and after six months shall, be enforced against the security, and be recovered, together with interest thereon, as all debts are recovered at law.

1 Section 33. For the accommodation of any owner of shares pledged for a real estate loan who is actually engaged in the military or naval service of the United States, or who is the wife or a dependent member of the family of a person so engaged, or for the accommodation of any owner of shares so pledged who is otherwise temporarily unable to make payments to such a corporation on account of his loan because of unemployment or other emergency, the directors may cause to be endorsed on the mortgage note held by the corporation the full value of the shares pledged to secure the same, less such sum as will leave the amount of the balance due thereon a multiple of fifty dollars, and thereupon such shares shall be cancelled and further payments and fines thereon waived, and the balance due as aforesaid shall be payable as provided in section thirty-four, with interest payable monthly at the original rate and subject to such fine as may be prescribed by the by-laws of the corporation for default by shareholders in payment of interest and to foreclosure or other remedy provided by law, in case of default: provided, that the person seeking such accommodation, or any person in his behalf, shall sign a written request therefor, stating his reasons and agreeing in consideration thereof to abide fully by the terms of this and the following section and also all requirements of the directors, who shall be the sole judges of the necessity of the accommodation and the time when such accommodation shall be terminated, and provided, further, that no suspension of payments as aforesaid for any cause other than that the accommodated party is engaged in the military or naval service of the United States or is the wife or a dependent member of the family of a person so engaged shall extend for a period longer than two years.

Neither the note evidencing the loan nor the mortgage securing the same shall be prejudiced by the application of the value of the shares provided for in this section or the pledging of new shares provided for in section thirty-four, notwithstanding the fact that a provision for such application and pledging was not originally made in the note or mortgage, and both note and mortgage shall continue to be held by the corporation as good and sufficient security for the balance remaining unpaid.

1 Section 34. The person thus accommodated, or his successors in title, may at any time, and shall upon the request of the directors at any time after the expiration of said military or naval service or after the period of accommodation granted under the preceding section for temporary inability to make the required payments has been terminated as suspended by the directors, at any time after the expiration of such accommodation, or after the resumption of such payments, by the corporation, request the corporation to discharge the note, and the said accommodation shall then cease to exist; and any such note shall then become payable in full, together with interest thereon from the date of its execution, less such sum as will leave the amount of the balance due thereon a multiple of fifty dollars.
CO-OPERATIVE BANKS. [Chap. 170.

therein provided, or after the vesting in either case of the mortgaged estate in a person other than the person accommodated, subscribe to and pledge as security for the balance due on the loan one new share in the current series issued by the corporation for each two hundred dollars or fraction thereof of said balance. Failure to subscribe to and pledge such shares, when so requested, or to make payments thereon in accordance with law or the by-laws of the corporation, shall render said balance immediately due and payable, and payment thereof may be enforced against the security by foreclosure proceedings or by any other remedy provided by law for the collection of debts. The fact of the pledging of new shares shall be endorsed upon or attached to the note in the following form:

The value of the shares formerly pledged herein, less such sum as left the amount of the loan a multiple of fifty dollars, amounting to $ having been applied on the day of as a credit upon this note, leaving a balance due and unpaid of $ to secure which shares of series have been issued, and are hereby transferred and pledged. For value received, I promise to pay to said corporation or to its order dollars at or before its monthly meeting on the day of each month hereafter, being the amount of the monthly dues on the shares hereby substituted, and of the monthly interest upon said balance of $ together with all fines chargeable by the by-laws of said corporation upon arrears of such payments until said substituted shares shall reach maturity, or otherwise sooner to pay to said corporation or its order the said balance of $ with interest and fines as aforesaid.

SECTION 35. [REPEALED, 1931, 365, § 3.]

SECTION 36. Any such corporation may insert in its form of real estate mortgage a clause providing that in case of any loss by fire on the mortgaged property in respect to which the fire insurance companies shall deny liability as to the insured the bank may at its option assign the debt and note for which the mortgage was given, and also the mortgage, to the insurance companies, upon payment to the bank by such companies of the amount due upon the mortgage loan at the time of the fire, together with the unpaid interest, premium and fines, if any, accrued thereon at the date of the assignment less the value of the forfeited shares as hereinafter provided, whereupon the note and mortgage shall forthwith become a note and mortgage for such total balance due, payable upon demand with interest semi-annually at the same rate, including premium, if any, as therein stated, the first payment of interest to be due six months after the date of the assignment, and any shares of the bank pledged as security for the note and mortgage loan shall be forfeited by the bank immediately before the execution and delivery to the insurance companies of such assignment, and the withdrawal value of shares so forfeited shall, at the time of the assignment, be credited as a part payment on said mortgage loan, the balance thereof being the balance of the loan due at the time of the assignment to the insurance companies as aforesaid. Any mortgage note taken under this section shall contain proper reference thereto.
GENERAL PROVISIONS.

1. Section 37. A shareholder making default in the payment of his monthly dues, interest and premiums, shall be charged such a fine, not exceeding two per cent a month on each dollar in arrears, as may be fixed by the by-laws. No fines shall be charged after the expiration of six months from the first lapse in any such payment, nor upon a fine in arrears.

2. No shareholder whose shares are withdrawn, forfeited or retired, shall be charged with fines upon such shares in excess of the profits distributed thereto, and if no profits shall have been distributed to such shares no fines shall be charged thereon. This section shall not prevent a borrower from being charged with fines according to law upon interest and premiums in arrears.

3. Section 38. No such corporation, and no person acting in its behalf, shall ask for, take or receive a fee, brokerage, commission, gift or other consideration for or on account of a loan made by or on behalf of such corporation, other than appears on the face of the note or contract by which the loan purports to be made; but this section shall not apply to a reasonable charge for services in the examination of property and titles, and for the preparation and recording of conveyances to the corporation as security for its loans. Whoever violates any provision of this section shall be punished by a fine of not less than one hundred nor more than one thousand dollars.

4. Section 39. Any such corporation may charge a fee for the transfer of shares not exceeding twenty-five cents. The amount of such fee shall be fixed by the by-laws. Shares, both unmatured and matured, may be transferred only on the books of the corporation, in such manner as its by-laws may provide.

5. Section 40. The board of directors shall distribute the profits and losses annually, semi-annually or quarterly to the shares then existing, and whenever a new series of shares is to be issued. Profits and losses shall be distributed to the various shares existing at the time of such distribution, in proportion to their value at that time, and shall be computed upon the basis of a single share fully paid to the date of distribution.

6. Losses shall be apportioned immediately after their occurrence. At each distribution of profits on unmatured shares there shall also be distributed profits on outstanding matured shares at a rate per cent fixed by the directors but not in excess of the rate distributed to unmatured shares. Profits distributed on outstanding matured shares shall be credited to the owner thereof and shall be payable on demand at any time thereafter, out of the funds of such corporation, and upon such profits not withdrawn no interest or profits shall accrue or be distributed. The board of directors shall cause to be recorded in the minutes of its meetings the distribution of all profits and losses.

7. Section 40A. Every such corporation shall establish and at all times maintain, as a reserve to meet withdrawals of shares and applications for share loans, an amount equal to not less than three per cent of its total resources. Such reserve shall consist of any or all of the follow-
ing: — (a) cash on hand; (b) balance payable on demand due from any 
trust company incorporated in this commonwealth or national banking 
association having its principal place of business within this common-
wealth; (c) bonds of the United States; (d) bonds and notes of this 
commonwealth. If at any time subsequent to October first, nineteen 
hundred and thirty-two, the reserve of any such corporation falls below 
the amount herein required, such corporation shall not make any real 
estate loans, except additional loans and reloans upon property already 
mortgaged to such corporation, until such reserve shall have been fully 
restored.

Section 41. At each distribution of profits the board of directors 
shall reserve as a guaranty fund not less than one nor more than five per 
cent of the net profits accrued since the last preceding adjustment, until 
such fund amounts to five per cent of its total liabilities, and the fund 
shall thereafter be maintained and held, and shall at all times be avail-
able to meet losses in the business of the corporation from depreciation 
of its securities or otherwise. The board of directors may at any time, 
by vote duly recorded, transfer to the guaranty fund such part of the 
surplus account as they deem wise.

Section 42. At each distribution of profits not more than one per 
cent of the net profits accrued since the last preceding adjustment shall 
be credited to the surplus account unless there shall have been reserved 
and credited to the guaranty fund the maximum per cent of the net 
profits under the preceding section. Any such corporation may hold in 
its surplus account such sum as the board of directors may, from time 
to time, deem wise; but whenever the guaranty fund and surplus account 
together exceed five and one fourth per cent of its total liabilities, the 
board of directors shall declare an extra dividend at such rate as may be 
necessary to apportion to the shareholders the accumulation in excess of 
five per cent of its total liabilities.

Section 43. The general accounts of every such corporation shall be 
kept by double entry and the treasurer shall, at least monthly, make a 
trial balance of such accounts, to be recorded in a book provided for that 
purpose. All money received from each shareholder shall be received by 
persons designated by the directors, and entered in a pass book provided 
for the use of, and to be held by, the shareholder. The pass book shall 
be plainly marked with the name and address of the shareholder, the 
number of shares held by him and the number or designation and date 
of issue of each series or issue to which said shares, respectively, belong. 
All payments from the funds of every such corporation shall be made 
by the treasurer, and the record of such payments shall show the date, 
name of payee, amount, purpose for which made, and the signature of 
the payee acknowledging receipt of the funds.

Section 44. Every such corporation shall annually, within thirty 
days after its regular meeting day for the receipt of moneys in October, 
make to the commissioner, in such form as he prescribes, a report, signed 
and sworn to by the treasurer of the corporation, showing accurately the 
condition thereof at close of business on that day. The president and 
three or more directors shall certify and make oath that the report is 
correct, according to their best knowledge and belief. If a report is
8 defective or appears to be erroneous, the commissioner shall notify the
9 bank to amend the same within fifteen days. A bank neglecting to make
10 the report required by this section on or before the time named therein,
11 or to amend the same within fifteen days, if notified by the commissioner
12 so to do, shall forfeit five dollars for each day during which such neglect
13 continues.

1 Section 45. If two or more such banks doing business in the same
town desire to consolidate, a special meeting of the shareholders of each
3 of said banks shall be called, and notice of such special meeting and of
the business to come before it shall be sent by the clerk of each bank to
5 each member thereof by mail, postage prepaid, at least seven days before
6 the date of the meeting. Notice of the meeting shall also be advertised
3 three times in one or more newspapers published in that town, and if there
be none such, then in a newspaper published in the county where the town
9 is located, the last publication to be at least one day before the meeting;
10 and if two thirds or more of the shareholders of each of the banks intending
to consolidate signify in writing their approval of the consolidation,
12 and if two thirds or more of the shareholders of each of said banks present
13 and voting at such special meeting, vote in favor of the consolidation,
14 then the board of directors of each bank shall fortwith petition the
15 commissioner for authority to consolidate in accordance with the fol-
16 lowing provisions:
17 (a) The said petition shall be in writing, signed for and in behalf of the
18 board of directors of each bank by the president and treasurer thereof,
19 and shall have annexed thereto an affidavit signed and sworn to by the
20 clerk stating that the notices of the special meeting were duly given and
21 that the preceding requirements of this section were complied with, and
22 the affidavit shall be prima facie evidence that such requirements were
23 complied with. There shall also be annexed to the petition a duly at-
24tested copy of the records of the meeting of the shareholders of each
25 bank authorizing such action, signed by the clerk, and a duly attested
26 copy of the balance sheet of each bank at the close of business on the
27 last day of the month previous to the date of the petition, signed by the
28 treasurer.
29 (b) The commissioner shall at once select a competent auditor, who
30 shall make a thorough audit of the books and assets of each bank, which
31 shall include a verification of the pass books of the shareholders with
32 the ledgers of each bank. The auditor shall submit a written report of
33 his findings to the commissioner; and the expenses of such audit, pro-
34 vided that the consolidation is not finally approved by the commissioner,
35 shall be borne by the petitioning banks in proportion to their dues cap-
36 ital, but if the consolidation is approved and carried out the continuing
37 bank shall bear the expense of the audit, legal services and other charges,
38 authorized and incident to the proposed consolidation.
39 (c) If the said reports disclose to the commissioner a condition favor-
40 able to consolidation, the order for consolidation may be issued with in-
41 structions in detail as follows:
42 (1) The assets of each bank shall be turned over to the continuing
43 bank as soon as the order for consolidation is issued by the commissioner,
44 and the continuing bank shall thereupon assume all liabilities accrued
45 on account of the outstanding shares issued by the banks the assets of
46 which are so taken over, and shall be subject to all the liabilities of such
47 banks except as otherwise specifically provided herein, and thereafter
all business shall be done under the title of the continuing bank except as otherwise provided in subdivision (f).

(2) No more shares shall be sold by the banks taken over, but during the life of the series of shares already issued by such banks, and outstanding, separate account shall be kept, and the monthly payments shall be due and payable as if said banks had not been taken over.

(d) All liabilities of the consolidated banks for current expenses shall be adjusted and paid by each bank before the consolidation is finally approved by the commissioner, and a certificate to that effect from each bank, signed and sworn to by its president, treasurer and a majority of its directors, shall be filed with the commissioner and shall be prima facie evidence that the said liabilities have been discharged in full.

(e) At the time of, and upon final approval of, the consolidation, all the offices of the banks whose assets and business are taken over by the continuing bank shall forthwith become vacant and be abolished, and the continuing bank, its officers, by-laws and rules for doing business, shall govern and control in all matters relating to the banks consolidated.

(f) A new name or the name of any one of the petitioning banks may be adopted as the name of the continuing bank at the special meeting called as herein provided; and if such proposed name is set forth in the petition to the commissioner and is approved by him, it shall become the name of the continuing bank, upon the final approval of the consolidation, without further action under the laws of the commonwealth as to change or adoption of a new name on the part of the continuing bank.

Section 46. The commissioner shall have the same duties and powers in respect to every such corporation which he has in respect to savings banks. In the examination of every co-operative bank inquiry shall be made as to the nature and resources of the corporation in general, the methods of conducting and managing its affairs, the actions of its officers, the investment of its funds, and whether the administration of its affairs is in compliance with its by-laws and with statutory requirements. At each visitation, a thorough examination and audit shall be made of the books, securities, cash, assets, liabilities, income and expenditures, including a trial balance of the shareholders' ledgers, for the period elapsed since the preceding examination. The person in charge of the examination shall render to the commissioner a report of his findings, in such form as the commissioner prescribes, and a copy thereof shall be rendered to the board of directors within ten days after the original has been submitted to the commissioner, together with a notice of the amount of the fee to be paid as provided in the following section, which shall be due and payable within thirty days after the date of the notice. Upon the failure of any such corporation to pay the required fee within the time prescribed herein, the commissioner shall report the facts to the attorney general, who shall immediately bring an action to recover the fee. The commissioner shall annually make a report to the general court of such facts and statement relative to such corporations, and in such form, as he considers that the public interest requires. The officers of every such corporation shall answer truly all inquiries made, and shall make all returns required by the commissioner.

Section 47. To defray the expense of the examination and audit provided for by the preceding section, every such corporation so examined and audited shall, upon notice from the commissioner, pay to him fees for examination and audit. Fees for examination and audit are as follows:

as a fee therefor the actual cost of such examination and audit, not in-
cluding any portion of the overhead expense of the division of banks and
loan agencies. Immediately after the close of the fiscal year of the com-
monwealth, that part of the overhead expense of the division which shall
be determined by the commissioner to be attributable to the supervision
of such corporations shall be assessed upon and paid by each such cor-
poration in the proportion that its total assets bear to the aggregate
11 total assets of all co-operative banks as shown by their annual reports at
12 the close of business on their respective regular meeting days for the
13 receipt of moneys in October; provided, that an assessment upon any
14 such corporation, together with the fee payable as aforesaid for the
15 actual cost of its examination and audit shall not exceed twenty cents
16 per one thousand dollars of assets as shown by its statement of condition
17 on the date of such examination and audit. For the purpose of this
18 section traveling and hotel expense shall be included in the overhead
19 expense of the aforesaid division.

1 Section 48. No person, and no association or corporation shall
2 transact the business of accumulating the savings of its members and
3 loaning to them such accumulations in the manner of a co-operative
4 bank, unless incorporated in this commonwealth for such purpose.
5 Whoever violates any provision of this section shall be punished by a
6 fine of not more than one thousand dollars, and the supreme judicial or
7 superior court shall have jurisdiction in equity to enforce this section.

1 Section 49. This chapter shall not prevent a foreign co-operative
2 bank from loaning money upon mortgages of real estate located within
3 this commonwealth.

Section 1. A corporation organized under this chapter shall include in its corporate name the words "credit union". Other distinguishing words may be used. The words "credit union" shall mean a corporation organized under this chapter or corresponding provisions of earlier laws, and, unless the context otherwise requires, the word "commissioner" shall mean the commissioner of banks.

Section 2. Twenty or more persons, resident in this commonwealth, who have associated themselves by a written agreement with the intention of forming a corporation for the purpose of accumulating and investing the savings of its members and making loans to them for provident purposes, may, with the consent of the board of bank incorporation, become such a corporation upon complying with the following section. Said board may grant such consent when satisfied that the proposed field of operation is favorable to the success of such corporation, and that the standing of the proposed incorporators is such as to give assurance that its affairs will be administered in accordance with the spirit of this chapter. A credit union shall organize and commence business within six months from the date of its incorporation, otherwise its charter shall become void; and no credit union shall resume business under a charter which was outstanding and inactive on July first, nineteen hundred and twenty-three, except with the written approval of said board.

Section 3. Credit unions shall be organized under the provisions, so far as applicable, of sections seven to eleven, inclusive, of chapter one hundred and seventy-two, except that the fee for filing the articles of organization, including the issuing by the state secretary of the certificate of incorporation, shall be five dollars. 6 and sixty-seven as relates to supervision by the commissioner shall apply
7 to credit unions so far as applicable.

5 become a member of a credit union, but, except with the consent of the
6 commissioner, a credit union shall make no loan to such a member in
7 excess of the total of its shares and deposits therein; nor shall a credit
8 union receive from any such member money in payment for shares or on
9 deposit to such an amount that the total of such payments by all members
10 of the class described in this section shall exceed at any time twenty-five
11 per cent of the assets of the credit union.

1 SECTION 6. Subject to section five, a credit union may receive savings
2 of its members in payment for shares or on deposit or may lend to its

SECTION 9. No credit union shall receive any deposits or payments on account of shares, or make any loans, until its by-laws have been approved in writing by the commissioner, nor shall any amendments to its by-laws become operative until they have been so approved.

SECTION 10. The capital of a credit union shall be unlimited in amount and shall consist of shares and deposits. Shares of capital stock may be subscribed for and paid for in such manner as the by-laws shall prescribe; provided, that the par value of the shares shall be five dollars.

6 of all meetings of the corporation and of all meetings of the board of
7 directors and of committees shall be given in the manner prescribed in
8 the by-laws. No member shall be entitled to vote by proxy or have more

10 one nor more than three years, as the by-laws shall provide. If the term
11 is more than one year, they shall be divided into classes, and an equal

5 officers as may be necessary for the transaction of the business of the
6 credit union, who shall be the officers of the corporation and who shall
7 hold office until their successors are qualified, unless sooner removed as
8 hereinafter provided. The offices of clerk and treasurer may be held by
9 the same person. No member of the said board of directors shall be a

It shall make recommendations to the members of the credit union relative to the maximum amount to be loaned to any one member; the advisability of declaring a dividend and the amount to be declared; the need of amendments to the by-laws, and other matters upon which, in its opinion, the members should act at any regular or special meeting. The board of directors, with the approval of the commissioner, may borrow money for and in behalf of the credit union. It may by a two thirds vote remove from office for cause any officer or any member of any committee.

SECTION 17. The auditing committee shall keep fully informed at all times as to the financial condition of the credit union; shall examine carefully the cash and accounts of the credit union monthly; shall certify the monthly statements submitted by the treasurer; shall make a thorough audit of the books, including income and expense, semi-annually; and shall report to the board of directors its findings, together with its recommendations. It shall, under regulations prescribed by the commissioner, cause to be verified the pass books of the credit union at least once in every three years. It shall hold meetings at least once each month, shall keep records thereof and shall make an annual report at the annual meeting.

SECTION 18. No member of the board of directors shall receive any compensation for his services as a member of the said board or as a member of any committee, nor shall any member of the said board borrow from the corporation to an amount in excess of the total of his shares and deposits in said credit union and the accumulated earnings standing to his credit thereon on the books of the corporation, unless approved by vote of two thirds of the other members of the said board. No member of said board shall become surety or co-maker for any loan. The officers elected by the board may receive such compensation as it may authorize, subject to the approval of the members at the next annual meeting or at a special meeting called for the purpose.

SECTION 19. Before the payment of an annual or semi-annual dividend there shall be set apart as a guaranty fund not less than ten per cent of the gross income which has accumulated during the next preceding dividend period, except as hereinafter provided, until such time as said guaranty fund shall equal fifteen per cent of the assets of the said credit union; and thereafter there shall be added to the guaranty fund.

with such surety or sureties and conditions as the commissioner may prescribe, and shall file with him an attested copy thereof, with a certificate of its custodian that the original is in his possession.
7 fund at the end of each such period such percentage of the gross income
8 which has accumulated during that period as will result in maintaining
9 such guaranty fund at such amount. All entrance fees shall be added
10 to the guaranty fund at the close of the dividend period. Said guaranty
11 fund and the investments thereof shall be held to meet contingencies or
12 losses in the business of the credit union, and shall not be distributed to
13 its members, except in case of dissolution.

1 Section 20. If the losses and bad debts of a credit union at the end
2 of any dividend period exceed twenty per cent of the guaranty fund,
3 including in said term the amount required by law to be contributed at
4 the end of that period to said fund, there shall thereafter be maintained
5 a reserve fund which shall before the payment of a dividend be made
6 equal, by payments from the earnings of that period, to the amount by
7 which the losses and bad debts at the end of that period exceed twenty
8 per cent of the guaranty fund, including the aforesaid contribution for
9 that period; provided, that the excess in any subsequent period over
10 the amount required to be maintained for that period as a reserve fund
11 may be transferred from such fund and made available for the payment
12 of dividends. All debts due to any credit union on which interest or
13 partial payments on the principal are due and unpaid for a period of six
14 months, unless the same are well secured and in process of collection,
15 shall be considered bad debts within the meaning of this section.

1 Section 21. The capital, deposits and surplus of a credit union
2 shall be invested in loans to members, with approval of the credit com-
3 mittee, as provided in the following section, and also when so required
4 herein, of the board of directors; and any capital, deposits or surplus
5 funds in excess of the amount for which loans shall be approved by the
6 credit committee and the board of directors, may be deposited in savings
7 banks or trust companies incorporated under the laws of this common-
8 wealth, or in national banks located therein, or invested in any bonds or
9 bankers' acceptances which are at the time of their purchase legal
10 investments for savings banks in this commonwealth or in the shares of
11 co-operative banks incorporated in this commonwealth. At least five
12 per cent of the total assets of a credit union shall be carried as cash on
13 hand or as balances due from banks and trust companies, or invested in
14 the bonds or notes of the United States, or of any state, or subdivision
15 thereof, which are legal investments for savings banks as above pro-
16 vided. Whenever the aforesaid ratio falls below five per cent, no further
17 loans shall be made until the ratio as herein provided has been re-establish-
18 ed. Investments, other than personal loans, shall be made only with
19 the approval of the board of directors.

1 Section 22. The credit committee shall:
2 (a) Hold meetings at least once in each month;
3 (b) Act on all applications for loans;
4 (c) Approve in writing all personal loans granted and the security, if
5 any, pledged therefor; and
6 (d) Submit to the board of directors all applications for loans to be
7 secured by mortgages of real estate, with their recommendations thereon,
8 which shall include a certificate as to their best judgment of the value
9 of the real estate involved.
No personal loan shall be made unless all of the members of the credit committee who are present when the application is considered, which number shall constitute at least two thirds of the members of said committee, approve said loan. No loan shall be granted unless the members of said committee are satisfied that the loan promises to be of benefit to the borrower.

SECTION 23. All applications for loans shall be made in writing and shall state the purpose for which the loan is desired and the security, if any, offered.

The form of application for a loan to be secured by a mortgage of real estate shall contain —

(a) The date.

(b) The name of the applicant.

(c) The name of the husband or wife of the applicant, if any.

(g) The income from said real estate.

(h) A description of said real estate.

(i) Such other information as the board of directors may require.

SECTION 24. A credit union may make loans of the following classes to its members:

(a) Personal loans secured by the note of the borrower; and

(b) Loans secured by mortgages of real estate situated within the commonwealth.

Personal loans shall always be given the preference and, in the event there are not sufficient funds available to satisfy all loan applications approved by the credit committee, preference shall be given to the smaller loan.

(A) PERSONAL LOANS.

Each personal loan shall be payable within one year from the date thereof and shall be paid or renewed on or before such date.

Each endorser of a note given as security for a personal loan shall be a resident of the commonwealth at the time the loan is made, unless such endorser is a member of the credit union.

Each personal loan shall be limited as follows:

1. To an amount not exceeding one hundred dollars, if secured by the unendorsed and unsecured note of the borrower.

2. To an amount not exceeding three hundred dollars, if secured by the note of the borrower with one or more responsible endorsers thereon, or with satisfactory collateral pledged to secure the same, or if secured by the joint and several note of two or more members.

3. To an amount not exceeding one thousand dollars, if secured by the note of the borrower with two or more responsible endorsers thereon, or with satisfactory collateral pledged to secure the same, or if secured by the joint and several note of three or more members.

4. To an amount not exceeding fifteen hundred dollars, if secured by the note of the borrower with two or more responsible endorsers thereon, or by a joint and several note of three or more members, and, in either
case, with collateral valued at not more than eighty per cent of its market
value, pledged fully to secure the same.
31 5. To an amount not exceeding three thousand dollars, if secured by
the note of the borrower and with sufficient collateral pledged to secure
the same made up of bonds or notes of the United States, or of any state
or subdivision thereof, which are legal investments for savings banks in
this commonwealth valued at not more than eighty per cent of their
market value, or by the assignment of the pass book of a depositor in a
savings bank doing business in any of the New England states or in the
savings department of a trust company or national bank doing business
in this commonwealth, or the pass book of a depositor in a co-operative
bank incorporated under chapter one hundred and seventy.
34 6. To an amount not exceeding the value of the shares and deposits of
the borrower in the credit union, if secured by the note of the borrower
and by an assignment of said shares and deposits.
35 For the purposes of this section, an assignment of wages may be re-
ceived as satisfactory collateral for any loan not in excess of two hundred
and fifty dollars.

(B) LOANS SECURED BY MORTGAGES OF REAL ESTATE.
37 The total amount which a credit union may invest in loans secured by
mortgages of real estate, both first and subsequent, shall not exceed
seventy per cent of the aggregate amount of the shares, deposits and
guaranty fund, provided, that in credit unions having assets of less than
seventy-five thousand dollars, the total amount so invested shall not
exceed fifty per cent of such aggregate amount. All loans secured by
mortgages of real estate shall be subject to the following restrictions: —
1 1. The total liability of any member upon loans of this class shall not
exceed five per cent of the assets of the credit union, nor shall it exceed
eight thousand dollars.
5 2. A loan secured by a first mortgage of real estate shall not exceed
sixty per cent of the value of the property mortgaged, as determined by
the credit committee, except as hereinafter provided.
3 3. The aggregate of all loans secured by mortgages of real estate out-
standing, whether held by the credit union or not, shall not exceed eighty
per cent of the value of the property mortgaged, as determined by the
credit committee: provided, that any loan held which exceeds sixty per
cent of the value of the property mortgaged, as herein determined, whether
written on demand or on time, shall be amortized by weekly, monthly
or quarterly payments, such payments being at the rate of at least six
per cent per annum until such loan is reduced to said sixty per cent.

Section 25. At the annual meeting, and if it is provided in the by-
laws that a dividend shall be paid semi-annually, at a meeting during the
month of May in each year, a dividend may be declared from the earn-
ings which have actually been collected during the dividend period next
preceding and which remain after the deduction of all expenses, interest
on deposits and the amounts required to be set apart to the guaranty
fund and to the reserve fund, or such dividend may be declared in whole
or in part from the undivided earnings of preceding years remaining after
the aforesaid deductions for said years.
10 Such dividends shall be paid on all fully paid shares outstanding at the
11 close of the dividend period, but shares which become fully paid during

No dividend exceeding eight per cent per annum shall be paid until such time as the guaranty fund shall equal fifteen per cent of the assets as hereinbefore provided, after which time special dividends may be declared from surplus earnings on recommendation of the board of directors.

Section 26. Section twenty of said chapter one hundred and sixty-seven shall apply to the pass books of credit unions.

Section 27. Within twenty days after the last business day of December in each year, every credit union shall make to the commissioner a report in such form as he may prescribe, signed by the president, treasurer and a majority of the auditing committee, who shall make oath that the report is correct according to their best knowledge and belief. Any credit union neglecting to make said report within the time herein prescribed shall forfeit to the commonwealth five dollars for each day during which such neglect continues.

Section 28. The board of directors may expel from a credit union any member who has not carried out his engagements with it, or who has been convicted of a criminal offence, or who neglects or refuses to comply with the provisions of this chapter or of the by-laws of the credit union, or whose private life is a source of scandal, or who habitually neglects to pay his debts, or who becomes insolvent or bankrupt, or who has deceived the corporation or any committee thereof with regard to the use of borrowed money; but no member shall so be expelled until he has been informed in writing of the charges against him, and an opportunity has been given him, after reasonable notice, to be heard thereon.

The amounts paid in on shares or deposited by members who have withdrawn or have been expelled shall be paid to them, in the order of withdrawal or expulsion, but only as funds therefor become available and after deducting any amounts due from such members to the credit union. Such expulsion shall not operate to relieve a member from any outstanding liability to the credit union.

Section 29. At any meeting specially called for the purpose, the members, upon recommendation of not less than two thirds of the board of directors, may, by a two thirds vote of those present and entitled to vote, vote to liquidate the corporation. A committee of three shall thereupon be elected to liquidate the assets of the corporation under the direction of the commissioner, and each share of the capital stock, according to the amount paid thereon, shall be entitled to its proportional part of the assets in liquidation after all deposits and debts have been paid; and the charter of such corporation voting to liquidate in accordance with this section shall become void except for the purpose of discharging existing obligations and liabilities.

Funds representing unclaimed dividends in liquidation and remaining in the hands of the liquidating committee for six months after the
14 date of the final dividend, shall be deposited by them, together with 15 all books and papers of the credit union, with the commissioner. Such 16 funds shall be deposited in one or more trust companies, savings banks 17 or national banks to the credit of the commissioner in his official capac- 18 ity in trust for the members of the liquidating credit union entitled 19 thereto, according to their several interests. Upon receipt of evidence 20 satisfactory to him, the commissioner may pay over the money so held 21 by him to the persons respectively entitled thereto.

22 In cases of doubt or of conflicting claims, he may require an order 23 of the supreme judicial court authorizing and directing the payment 24 thereof. He may apply the interest earned by the moneys so held toward 25 defraying the expenses incurred in the payment of such unclaimed 26 dividends. At the expiration of twelve months from the date of receipt 27 thereof such funds as still remain in the hands of the commissioner shall 28 be disposed of as provided in section thirty-five of chapter one hundred 29 and sixty-seven.

SECTION 9. The first meeting of the subscribers to the agreement of association shall be called by a notice signed either by that subscriber to the agreement who is designated therein for the purpose, or by a majority of the subscribers; and such notice shall state the time, place and purposes of the meeting. A copy of the notice shall, seven days at least before the day appointed for the meeting, be given to each subscriber or left at his residence or usual place of business, or deposited in the post office, postage prepaid, and addressed to him at his residence or usual place of business, and another copy thereof and an affidavit of one of the signers that the notice has been duly served shall be recorded with the records of the corporation. If all the incorporators shall in writing, endorsed upon the agreement of association, waive such notice and fix the time and place of the meeting, no notice shall be required. All the officers so elected shall be sworn to the faithful performance of their duties. The temporary clerk shall make and attest a record of the proceedings until the clerk has been chosen and sworn, including a record of such choice and qualification.

One of such certificates shall be submitted to the commissioner, and the other, together with the records of the proposed corporation, to the commissioner of corporations and taxation, who shall examine the same, and who may require such amendment thereof or such additional information as he may consider necessary. If he finds that the articles conform to the four preceding sections relative to the organization of the corporation and that section eight has been complied with, he shall so certify and endorse his approval thereon. The articles shall be filed within thirty days thereafter in the office of the state secretary, who, upon payment of a fee equal to one twentieth of one per cent of the capital stock of said corporation as set forth in said articles, shall issue a certificate of incorporation in the following form:

corporation in accordance with law, or from sharing in commissions,
profits or other benefits derived by any firm, association or corporation,
in which he is interested, arising out of any transaction with said trust
company in or in relation to securities if such transaction is made in the
regular course of business upon terms as favorable to the trust company
as those offered to other persons, or if any such transaction is authorized
either by the affirmative vote or the written assent of a majority of those
members of the trust company’s board of directors who are not inter-

4 their stock therein at the par value thereof, in addition to the amount
5 invested in such shares, and no stockholder shall be allowed to set off
6 any claim as a depositor in or creditor of either the commercial or sav-

4 sioner, pay the deficiency in the capital stock by assessment upon the
5 stockholders pro rata to the shares held by each. If such corporation
6 shall fail to pay such deficiency in its capital stock for three months
7 after receiving such notice, the commissioner may apply to the supreme
8 judicial court for an injunction; and if a stockholder of such corporation
9 neglects or refuses, after three months' notice, to pay the assessment as
10 provided in this section, the board of directors shall cause an amount
11 of his stock sufficient to make good his assessment to be sold by public

office of the corporation and by publishing it in a newspaper of the 13
city or town where the corporation is located or in a newspaper pub- 14

such delinquent stockholder. This section shall not take away the 16
right of creditors to enforce the liability of stockholders in such corpo-
17
rations, as provided in the preceding section, or the right of the commis-
18
sioner to enforce such liability as provided in section twenty-four of 19
chapter one hundred and sixty-seven, nor increase the general liability 20
of such stockholders.

**PUBLIC SUPERVISION.**

Section 26. Such corporation shall at such times as the commis-
1
sioner orders, but not exceeding five times within any calendar year, 2
and within ten days after a day designated in the order, make a return 3
to the commissioner, signed and sworn to by its president and secretary, 4
treasurer or actuary and not less than four of its board of directors, 5

on notes of corporations; loans on notes of individuals; loans on 15
mortgages of real estate; cash on hand; rate, amount and date of divi-

located, at such times and in such manner as may be directed by the 22
commissioner.

Section 27. The commissioner shall have access to the vaults, 23
books and papers of such corporation, and shall inspect, examine and 24
inquire into its affairs and take proceedings in regard to it in the same 25
manner and to the same extent as if it were a savings bank; and may 26
make, or cause to be made by an expert at the expense of the corpora-
tion, such further examination of a corporation exercising the powers 27
conferred by section fifty-two as he may consider necessary, and shall, 28
when ordered by any court of competent jurisdiction, make an examina-

In case the commissioner, not later than thirty days after the receipt of said report, notifies such corporation of his disapproval of such transfer, it shall forthwith retransfer the said assets to the department from which they were transferred. In no case shall such corporation make any such transfer of securities or other property held by it for more than the market or fair value at the time of such transfer; provided, that in case the commissioner orders a retransfer of securities or other property under authority of this section, such retransfer shall be made as of the value at which they were transferred. Failure of the commissioner to disapprove a transfer of assets as provided in this section shall for no purpose be deemed an approval thereof. Whoever violates or permits to be violated any provision of this section shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

POWERS.

SECTION 31. Such corporation may receive on deposit, storage or plate, valuable papers and documents, evidences of debt, and other property of any kind, upon terms or conditions to be agreed upon, and at the request of the depositor may collect and disburse the interest or income, if any, upon said property received on deposit and collect and disburse the principal of such of said property as produces interest or income when it becomes due, upon terms to be prescribed by the corporation. Originals or duplicates of all agreements in reference to time deposits shall be kept on file by such corporations and submitted to the commissioner at his request. Any such corporation violating this section shall be punished by a fine of not more than one thousand dollars.
SECTION 33. Such corporation may, subject to the limitations of the following section, advance money or credits, whether capital or general deposits, on real estate situated in the commonwealth and on personal security, on terms to be agreed upon, and also invest its money or credits, whether capital or general deposits, in the stocks, bonds or other evidences of indebtedness of corporations or of associations or trusts, both as defined in chapter one hundred and eighty-two, or of governments, both foreign and domestic.

16 foreign or domestic, other than the government of the United States of
17 America or of this commonwealth, shall not exceed one tenth part of the
18 surplus account and of such amount of the capital stock of such corpora-

20 an aggregate amount exceeding at any one time twenty per cent of its
21 surplus account and paid up capital stock in such securities and evidences
22 of indebtedness.

2 transaction of its business, provided that if the aggregate amount invested
3 and proposed to be invested therein, including the cost of alterations and

Section 47. Any such corporation having a capital and surplus of one million dollars or more may file application with the commissioner, upon such conditions and under such regulations as may be prescribed by him, for the purpose of securing authority to establish branches in foreign countries or dependencies of the United States. Such application shall specify, in addition to the name and capital of the trust company filing it, the places where the banking operations proposed are to be carried on and the amount of capital set aside for the conduct of its foreign business. The commissioner may approve any such application, or reject it if, in his judgment, the amount of capital proposed to be set aside for the conduct of foreign business is inadequate, or if for other reasons the granting of the application is deemed inexpedient. Every such corporation which shall receive authority to establish foreign branches shall be required at all times to furnish information concerning the condition of such branches to the commissioner upon demand, and he may order special examinations of such foreign branches at such times as he deems best. Every such corporation shall conduct the accounts of each foreign branch independently of the accounts of other foreign branches established by it and of its home office, and shall at the end of each fiscal period transfer to its general ledger profit or loss accruing at each branch, as a separate item.
Section 48. A court of law or equity or a probate court of the commonwealth, may direct that money or property under its control, or which may be paid into court by parties to any legal proceedings, or which may be brought into court by reason of an order or judgment, be deposited with such corporation, upon such terms and subject to such instructions as the court may prescribe. When money so deposited has remained unclaimed for more than ten years, the court may upon motion of the attorney-general order and decree that it shall be paid over to the state treasurer to be held by him under the terms of said order or decree, and upon the entry of such order or decree the corporation shall pay over money so deposited and specified in the order to the state treasurer, to be held by him as aforesaid; and if any person shall establish a lawful right thereto the said treasurer shall repay the same to such person, with interest at the rate of three percent per annum from the time when paid to said treasurer to the time when it is paid over by him to such person. Any person claiming the right to money deposited with the state treasurer under this section pursuant to a decree of a probate court or a court of insolvency in any county may establish the same by a petition to the probate court of such county, or, if so deposited pursuant to the order of any other court, by a petition to the superior court under section one of chapter two hundred and fifty-eight; provided, that in cases where claims amount to less than fifty dollars each, the claims may be presented to the commissioner, who shall examine the same and allow and certify for payment such as may be proved to his satisfaction. Such corporation may also hold money or property in trust or on deposit from executors, administrators, assignees, guardians, conservators and trustees, upon such terms and conditions as may be agreed upon.

Money or property received under the preceding section shall be loaned on or invested only in the authorized loans of the United States, or any of the New England states, counties, cities or towns thereof, or of the states of Illinois, Iowa, Michigan, Minnesota, Wisconsin, or the counties or cities thereof, or stocks of national banks situated within this commonwealth, or in the first mortgage bonds of a railroad corporation incorporated in any of the New England states whose road is located wholly or in part in the same and which has earned and paid regular dividends on all its issues of capital stock for
two years last preceding such loan or investment, or in the bonds of any such railroad company unencumbered by mortgage, or in first mortgages on real estate in this commonwealth, or in any securities in which savings banks may invest, or upon notes with two sureties of domestic manufacturing corporations or of individuals with a sufficient pledge as collateral of any of the aforesaid securities; but all real estate acquired by foreclosure of mortgage or by levy of execution shall be sold at public auction within two years after such foreclosure or levy.

**Section 52.** Such corporation may be appointed executor of a will, codicil or writing testamentary, administrator with the will annexed, administrator of the estate of any person, receiver, assignee, guardian, conservator or trustee under a will or instrument creating a trust for the care and management of property, under the same circumstances, in the same manner, and subject to the same control by the court having jurisdiction of the same, as a legally qualified individual. Any such appointment as guardian shall apply to the estate and not to the person of the ward. Such corporation shall not be required to receive or hold property or money or assume or execute a trust under this section or section fifty without its assent. The words "such corporation" as used in this section and in sections fifty-three to fifty-nine, inclusive, shall, so far as applicable, include any banking association or corporation holding a certificate under section forty-five A of chapter one hundred and sixty-seven.

**Section 53.** Every such corporation may invest the funds or assets which it may receive and hold under the preceding section in the same way, to the same extent, and under the same restrictions as an individual holding a similar position may invest such funds or assets.

Such funds and the investment or loans thereof shall be specially appropriated to the security and payment of such deposits, shall not be mingled with the investments of the capital stock or other money or property belonging to such corporation, or be liable for the debts or obligations thereof.

**Section 55.** The capital stock of such corporations, with the liabilities of the stockholders thereunder, shall be held as security for the faithful performance of the duties undertaken by virtue of sections fifty to fifty-two, inclusive, or of any similar provision of law.

**Section 56.** No such corporation shall commence to exercise the powers and duties described in sections fifty to fifty-two, inclusive, until it has received written authority therefor from the board of bank incorporation, and said board may grant or refuse such authority after such investigation of the affairs of the corporation as it deems expedient.

**Section 57.** In all proceedings in the probate court or elsewhere, connected with any authority exercised under section fifty or fifty-two, or under any similar provisions of law, all accounts, returns and other
papers may be signed and sworn to, in behalf of the corporation, by 1899, 348, § 2.
any officer thereof duly authorized by it, and the answers and exams

range under oath of said officer shall be received as the answers and
examinations of the corporation. The court may order and compel an
officer of such corporation to answer and attend said examination in
the same manner as if he, instead of the corporation, were a party to
the proceeding.

1 Section 58. No surety shall be required upon the bonds filed by
such corporation as fiduciary under section fifty-two except that the
court making an appointment under said section, other than of a trus-
tee, may, upon application by an interested person, require the corpo-
rati

of fifty-five, as the court may consider proper, and upon failure
ure of such corporation to give the security required, may revoke such
appointment and remove such corporation.

1 Section 59. A person creating a trust may direct whether money
or property deposited under it shall be held and invested separately or
invested in the general trust fund of the corporation; and such cor-
poration acting as trustee shall be governed by directions contained in
the will or instrument under which it acts.

SAVINGS DEPARTMENT.

1 Section 60. Every such corporation soliciting or receiving deposits
(a) which may be withdrawn only on presentation of the pass book or
other similar form of receipt which permits successive deposits or with-
drawals to be entered thereon, or (b) which at the option of such cor-

after notice of intention to withdraw has been given, or (c) in any
other way which might lead the public to believe that such deposits are
received or invested under the same conditions or in the same manner
as deposits in savings banks, shall have a savings department in which
all business relating to such deposits shall be transacted. Every such
corporation subject to this section shall have an investment committee
of not less than three members, elected by and from the board of directors,
and such committee shall hold meetings at least once in each month.

1 Section 61. All such deposits shall be special deposits and shall
be placed in said savings department, and all loans or investments
thereof shall be made in accordance with the law governing the invest-
ment of deposits in savings banks. The investment committee shall
approve all loans and all purchases or sales of bonds, stocks and notes
made by or for the savings department, and shall perform such other
duties as the by-laws or board of directors may prescribe. A record
shall be made at each meeting of the transactions of the committee
and of the names of those present. The committee may, by vote or by
a statement signed by a majority of its members, approve changes
of collateral security made by or for said department, and the vote or
statement, and the record thereof, shall set forth all such changes.

1 Section 62. Such deposits and the investments or loans thereof
shall be appropriated solely to the security and payment of such de-

posits, shall not be mingled with the investments of the capital stock or other money or property belonging to or controlled by such corporation, or be liable for the debts or obligations thereof until after the deposits in said savings department have been paid in full. The accounts and transactions of said savings department shall be kept separate and distinct from the general business of the corporation.

Section 63. The capital stock of such corporation with the liabilities of the stockholders thereunder shall be held as security for the payment of such deposits, and the persons making such deposits or entitled thereto shall have an equal claim with other creditors upon the capital and other property of the corporation in addition to the security provided for by sections seventy-three and seventy-four or section eighty-one.

Section 64. Every such trust company shall, immediately before making a semi-annual dividend on deposits in its savings department, set apart as a guaranty fund from the net profits of such department which have accumulated during the six months last preceding, a sum equal to one eighth of one per cent of the deposits in the savings department on the date of said dividend. If the said payments by way of dividends are made to cover periods of less than six months, then the amount so set apart for the particular period covered shall bear the same proportion to the said one eighth of one per cent which the length of the period covered bears to the period of six months. The said sums shall continue to be set apart until the guaranty fund amounts to five per cent of the savings deposits. The guaranty fund shall be kept in the savings department and shall be invested in securities legal for the investment of deposits in savings departments. Further additions to the guaranty fund shall be at the discretion of the investment committee or board of directors of the trust company. When the fund amounts to less than five per cent of the whole amount of the said deposits, no losses shall be met therefrom except upon the written approval of the commissioner.

Section 65. All income received from the investment of funds in said savings department, after deducting the expenses and losses incurred in the management thereof and such sums as may be paid to depositors therein as interest or dividends, shall accrue as profits to such corporation and may be transferred to its general funds; but no such profits shall be transferred to such general funds unless the net undivided profits remaining on hand in the savings department after such transfer would exceed the depreciation of securities owned by said department and the other losses therein.

Section 66. Such corporation may at any time require a depositor in said savings department to give a notice not exceeding ninety days of his intention to withdraw the whole or any part of his deposit or to apply for a loan under section sixty-six A.

Whenever such corporation requires said notice from ten or more depositors on any one day, it shall be deemed to have made a general requirement and it shall file within forty-eight hours thereafter a written notice setting forth the terms of the requirement with the commissioner. Until such general requirement has been removed and notice thereof...
10 filed with the commissioner, no payment by way of withdrawal or loan
11 shall be made to any depositor in said savings department on account
12 of his deposit other than in accordance with the general requirement as
13 set forth in the notice filed with the commissioner, except that with the
14 approval of the commissioner, amounts not exceeding, in the aggregate,
15 one hundred dollars may so be paid to each depositor.
16 Such corporation shall not advertise for deposits in newspapers, by
17 posters or other written solicitation, while such general requirement is in
18 effect, unless the advertisement shall contain, in type not smaller than
19 the largest type thereof, a statement that such deposits may not be paid
20 out by way of withdrawal or loan for the period set forth in the notice
21 of said requirement.

1 Section 66A. Such a corporation shall, on application of a depositor
2 in said savings department, make a loan to him, secured by his deposit
3 book, to an amount not exceeding ninety per cent of the amount of de-
4 posits shown therein, for a period not extending beyond the date when
5 the next dividend of the savings department of said corporation shall
6 be payable. The said corporation may charge the depositor interest for
7 the loan at a rate not exceeding one half of one per cent more than the
8 next previous regular dividend declared and paid by the savings depart-
9 ment of such corporation.
10 The corporation shall keep posted conspicuously in the banking rooms
11 of its savings department a notice containing the substance of this sec-
12 tion and of section sixty-six in such form as the commissioner may
13 prescribe.

1 Section 67. Such corporations having savings departments may
2 place deposits on interest once a month and not oftener, on such day
3 in each month as may be determined by their by-laws.

1919, 116, § 1; 350, § 46.

1 Section 68. Immediately before a meeting of the directors called to
2 consider the declaration of a dividend by the savings department of
3 every such trust company, the investment committee shall make or cause
4 to be made an examination of the income, profits and expenses for the
5 six months' period next preceding the date of the proposed dividend,
6 and shall report to the directors the estimated net earnings of the said
7 department for the said period. No dividend shall be paid unless it is
8 declared and authorized by the directors after the said examination,
9 and a copy of the said report shall be filed and preserved with the records
10 of the corporation. Ordinary dividends in such a department shall not
11 exceed the rate of five per cent a year, and extra dividends may be paid
12 as by savings banks, under and in accordance with section fifty of chap-
13 ter one hundred and sixty-eight.

1 Section 69. Except as otherwise provided by section seventeen of
2 chapter one hundred and sixty-seven, no such corporation shall allow
3 interest on any savings deposit from a date prior to that on which the
4 deposit is made, nor shall a deposit which is withdrawn between its divi-
5 dend days be entitled to interest after the prior dividend day except
6 with the written permission of, and under regulations prescribed by, the
7 commissioner.
SECTION 70. During one or more of the first ten months of the year nineteen hundred and twenty-two, and of each third year thereafter, every such trust company shall cause a verification of the pass books of the savings department to be made under such rules and in such manner as may be approved by the commissioner.

SECTION 71. No president, treasurer, member of the investment committee, or officer of such a trust company charged with the duty of investing the funds of its savings department shall borrow or use any part thereof, be surety on loans of said department to others, or, directly or indirectly, whether acting individually or as trustee be an obligor for money borrowed from such savings department, and if such member or any such officer, either individually or as trustee, becomes the owner of real estate upon which a mortgage is held by such trust company in its savings department, his office and membership on such investment committee shall become vacant at the expiration of sixty days thereafter, unless he has then ceased to be the owner of the real estate or has in good faith caused the mortgage thereon to be discharged or assigned. This section shall not apply to any loans or mortgages held by such company in its savings department on May twenty-eighth, nineteen hundred and twenty, or to renewals thereof, or to the deposit of money in any bank or trust company of which one or more members of the investment committee or officers of such trust company are directors. For the purposes of this section, no director who is neither on such investment committee nor charged with the investment of the funds of such a department shall be considered an officer.

SECTION 72. No such trust company, and no person acting in its behalf, shall, directly or indirectly, negotiate, take or receive a fee, brokerage commission, gift or other consideration for or on account of a loan made by or on behalf of such trust company in the savings department, other than appears on the face of the note or instrument evidencing the same, or upon the records of the savings department, but this section shall not prohibit a reasonable charge for services in the examination of the property that may be offered or accepted as security for the loan, or of the title to the property, or in the preparation of conveyances to such company of the security so offered or accepted. Violation of this section shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than one year, or both.

RESERVES AND GUARANTY FUNDS.

SECTION 73. Every such corporation shall at all times have on hand as a reserve an amount equal to at least fifteen per cent of the aggregate amount of its deposits, exclusive of savings deposits and all time deposits represented by certificates or written agreements; but whenever such time deposits may be withdrawn within thirty days, they shall be subject to the reserve requirements of this chapter; and every trust company doing business in Boston shall at all times have on hand as a reserve an amount equal to at least twenty per cent of the aggregate amount of its deposits, computed in the same manner, but this provision shall not affect such corporations doing business in Boston and located at a distance of not less than three miles from the state house. The treasurer
of every trust company, or other officer or employee thereof charged with
the duties and functions usually performed by the treasurer, shall report
in writing to the commissioner once in each week a statement of its
reserve for each business day of the preceding week. Any such officer or
employee who neglects or fails to make such report as above provided
shall be punished by a fine of not more than one thousand dollars or by
imprisonment for not more than one year, or both.

1 Section 74. Not less than one fifth of the required reserve shall con-
sist of lawful money of the United States, gold certificates, silver cer-
tificates, or notes and bills issued by any lawfully organized national
banking association or federal reserve bank. The remainder, if any,
shall consist of balances payable on demand due from any trust company
authorized to act as reserve agent as provided in the following section,
or from any member of the federal reserve system located in this com-
monwealth, in a reserve city in the second, third or fourth federal reserve
district or in a central reserve city, as designated by or under authority of
10 act of congress, and/or bonds, notes, bills and certificates of indebted-
ness of the United States, or of this commonwealth, computed at their
fair market value, which are the absolute property and under the con-
trol of such corporation: provided, that not more than two fifths of the
minimum reserve required shall consist of such bonds, notes, bills and
certificates of indebtedness.

1 Section 75. The commissioner may authorize any trust company
in Boston to act as reserve agent for trust companies doing business in
the commonwealth; provided, that a trust company shall not keep any
part of its reserve in a trust company so authorized to act as reserve
agent without first obtaining the written consent of the commissioner.
Not less than one half of the reserve of such trust company acting as
reserve agent shall consist of lawful money of the United States, gold
certificates, silver certificates or notes and bills issued by any lawfully
organized national banking association, and the remainder of such reserve
may consist of balances, payable on demand, due from any trust company
in Boston authorized to act as reserve agent as herein provided, or from
any national banking association doing business either in this common-
wealth, or in the cities of New York, Philadelphia, Chicago or Albany.

1 Section 76. If the reserve of any trust company is at any time less
than the amount which it is required to keep on hand, such corporation
shall not make any new loans or investments until the required propor-
tion between the aggregate amount of its deposits and reserve shall be
restored. The commissioner may notify such corporation to make good
such reserve, and if it fails so to do for thirty days thereafter, he may
proceed to take possession of its property and business and liquidate
its affairs in the manner provided in sections twenty-two to thirty-five, in-
clusive, of chapter one hundred and sixty-seven. If the reserve of any
such corporation which has been authorized to act as reserve agent is at
any time less than the amount which it is required to keep on hand, the
commissioner may notify such corporation to make good such reserve,
and if such corporation fails for ten days thereafter so to make good such
reserve, the commissioner may revoke the authority of such corporation
to act as a reserve agent.
SECTION 77. The directors may from time to time set apart as a trust guaranty fund such portion of the profits as they may consider expedient. Such fund shall be invested in such securities only as the trust deposits may be invested in. The accounts of its investment and management, and the securities in which it is invested, shall be kept in the trust department.

SECTION 78. The trust guaranty fund shall be absolutely pledged for the faithful performance by the corporation of all its duties and undertakings under sections fifty to fifty-two, inclusive, and shall be applied to make good any default in such performance, and such pledge and liability shall not in any way relieve the capital stock and general funds of the corporation, but creditors under said sections shall have an equal claim with other creditors upon the capital and other property of the corporation, in addition to the security hereby given.

SECTION 79. No portion of such trust guaranty fund shall be transferred to the general capital while the corporation has undertakings of the kind mentioned in sections fifty and fifty-two for whose performance bonds are required from individuals, outstanding uncompleted; but its income, if not required at any dividend time to make good such deposits or undertakings, may be added to and disposed of with the general income of the corporation.

SECTION 80. The directors of any such corporation may declare dividends of so much of the net profits of the corporation as they shall judge expedient; but such corporation shall, before the declaration of a dividend from the net profits, carry one tenth part of its net profits of the preceding period for which said dividend is paid, to its surplus fund until the same shall amount to fifty per centum of its capital stock. No such corporation or stockholder thereof shall, during the time it continues its banking operations, withdraw or permit to be withdrawn, either in the form of dividends or otherwise, any portion of its capital. No dividend shall be paid by any such corporation, while it continues its banking operations, to an amount greater than its net profits then on hand, exclusive of the surplus fund provided for in this section, after deducting from such net profits its losses and bad debts. All debts due to any such corporation on which interest is due and unpaid for a period of six months, unless the same are well secured and in process of collection, shall be considered bad debts within the meaning of this section. But nothing in this section shall prevent the reduction of the capital stock as provided for in section eighteen.

SECTION 81. A trust company which becomes a stockholder in a federal reserve bank within the federal reserve district where such trust company is situated, and while such trust company continues as a member bank under the United States "Federal Reserve Act" approved December twenty-third, nineteen hundred and thirteen, or any acts in amendment thereof, shall be subject to the provisions of said "Federal Reserve Act" and any amendments thereof relative to bank reserves, in substitution for the requirements of sections seventy-three to seventy-five, inclusive.
CHAPTER 173.
MORTGAGE LOAN INVESTMENT COMPANIES.

SECTION 1. Every corporation chartered in the commonwealth for the special purpose of negotiating or making loans of money secured by deed of trust or mortgage of real estate situated outside of the commonwealth shall be subject to this chapter. Any such corporation chartered prior to May twenty-second, eighteen hundred and eighty-eight, shall, except where inconsistent with this chapter, continue to exercise the powers and be subject to the duties set forth in its charter.

SECTION 2. Such corporation may loan money secured by deed of trust or mortgage of real estate not subject to a prior mortgage or encumbrance and situated in any state, other than this commonwealth, or territory of the United States, to an amount not exceeding fifty per cent of the appraised value of said property. It may also hold, sell and assign the bonds, notes, mortgages and securities taken for such loans, may guarantee the payment of the interest and principal of bonds, notes or other evidences of debt secured as aforesaid, and may guarantee title to the property securing such evidences of debt for the time such debt remains unpaid; but this chapter shall not authorize such corporations to engage in the business of title insurance.

SECTION 3. It may purchase, hold, guarantee, sell and assign notes or bonds, and the mortgages or deeds of trust securing the same, or other papers securing a loan made in accordance with the preceding section.

SECTION 4. It may receive money for investment in securities which it is by this chapter authorized to sell or issue, and may allow interest on such money from the time of its receipt to the time of its investment, at such rate as may be agreed upon; may receive, care for, manage and sell stocks, bonds and evidences of debt, the avails of which are intended for investment as aforesaid. No such corporation shall receive money on deposit, except as herein provided, or engage in any form of banking or trust business except that permitted by this chapter.

SECTION 5. It may act as agent for foreclosing mortgages and collecting claims arising by reason of any evidence of debt deposited with it under the preceding section. It may purchase real estate at public auction sale thereof made by virtue of the power contained in any deed of trust or mortgage owned, held or guaranteed by it, or at private sale.

thereof made to cancel the debt secured by such deed of trust or mort-
gage, and may hold, sell, transfer and convey said property; but real
estate so purchased or acquired shall be sold within five years thereafter.

SECTION 6. It may issue debentures or bonds, to secure the payment
of which it shall from time to time assign and transfer to trustees, none
of whom shall be officers of the corporation, or to a domestic trust com-
pany, deeds of trust or mortgages of real estate on which loans have been
made in accordance with this chapter, to be held by such trustees or company
in trust for the benefit of the holders of said debentures or bonds, whereupon such trustees or company shall endorse their or its
certificate of such fact upon debentures or bonds not exceeding in amount
the face value of securities so transferred to them or it.

SECTION 7. The total amount of mortgages guaranteed and of de-
 bentures or bonds issued by such corporation shall at no time exceed ten
times the amount of its capital stock actually paid in and its surplus.

SECTION 8. Bonds, notes and other evidences of debt taken by such
corporation for money loaned shall be payable to it at its principal place
of business in the commonwealth, and shall pass by delivery, by transfer
on the books of such corporation at said place of business, or by cer-
tificate of its transfer agent at such other place as it may appoint. No
transfer, except on the books of the corporation or by certificate of its
transfer agent, shall be valid unless the last transfer shall have been to
bearer. A complete record of such transfer by said transfer agents shall
be forwarded to and kept at said place of business of such corporation.

SECTION 9. Such corporation may hold real estate in the common-
wealth suitable for the transaction of its business to an amount not
exceeding twenty-five per cent of its capital actually paid in.

SECTION 10. No such corporation shall purchase or hold shares of
its own capital stock unless necessary to prevent loss upon a debt pre-
viously contracted in good faith, and stock so purchased shall within six
months thereafter be sold or disposed of at public or private sale.

SECTION 11. The shareholders of such corporation shall be personally
liable in the same manner and to the same extent as stockholders of
business corporations are liable under the laws of this commonwealth.
Sections thirty-eight to forty, inclusive, of chapter one hundred and fifty-
six shall apply to and regulate the enforcement of such liability.

SECTION 12. Such corporation shall set apart as a guaranty fund
not less than five per cent of its paid-in capital, and shall thereafter
annually add thereto not less than ten per cent of its net earnings, until
such fund, with the accumulated interest thereon, shall be equal to not
less than twenty-five per cent of its paid-in capital. Said fund shall
be invested in United States bonds, English consols, first mortgage bonds
of any railroad corporation which has paid a dividend on its stock for at
least three years last preceding the date of said investment, the legally
authorized bonds for municipal purposes of any city of the United States
10 of not less than thirty thousand inhabitants whose whole indebtedness
11 does not exceed five per cent of its last assessed valuation, or in any
12 securities in which savings banks may invest their deposits.

1 Section 13. The books of such corporation shall at all reasonable
2 times be open for inspection to the stockholders and to holders of bonds
3 and debentures issued by such corporation, or of notes and other evidences
4 of debt guaranteed by it.

1 Section 14. The commissioner of banks and his assistants shall
2 have access to the vaults, books and papers of such corporation, shall
3 inspect, examine and inquire into its affairs, and take proceedings in
4 regard to it at such times as the commissioner shall consider necessary,
5 in the same manner and to the same extent as if such corporation were
6 a savings bank, and he may cause an examination to be made by an expert
7 under his direction but at the expense of the corporation.

1 Section 15. Such corporation shall annually, within ten days after
2 the last business day of October, make a return to said commissioner
3 which shall be in the form of a trial balance of its books, and shall specify
4 the different kinds of its liabilities and assets, stating the amount of each
5 kind in accordance with a blank form to be furnished by him; and such
6 returns shall be published in a newspaper of the town where such cor-
7 poration is located, at the expense of such corporation, at such times
8 and in such manner as may be directed by him.

1 Section 16. The department of banking and insurance shall include
2 in its annual report such facts and statements relative to such corpora-
3 tions as the public interest requires.

stalment plan, organization,
of issuance, negotiation or sale be secured by adequate property, real or personal, shall be transacted in the commonwealth only by corporations subject to the requirements of this chapter. Every such corporation before doing business in the commonwealth shall have at least one hundred thousand dollars of capital stock fully paid in, which, for the benefit and protection of all its investors equally, shall be deposited in trust with the state treasurer or with the duly authorized officer of some other state, which deposits shall consist of cash or of securities in which savings banks in this commonwealth are permitted to invest their deposits or of securities approved by the commissioner of banks, and worth at least one hundred thousand dollars. Such corporation, if the deposit is made with the officer of any other state, shall furnish to the commissioner a certificate from said officer under his official seal, showing that he, as such officer, holds said deposit in trust for the benefit and protection of all the investors in said corporation. The certificate shall embrace the items of securities so held, and show that such officer is satisfied that said securities are worth one hundred thousand dollars, but such certificate shall in no manner impair the right of said commissioner to examine the securities so held. A corporation making such deposit with the treasurer of this commonwealth shall be entitled to the income thereof, and may from time to time, with the consent of the treasurer, change, in whole or in part, the deposited securities for other securities of equal value, approved as aforesaid. The treasurer may return to the corporation any such deposit if it shall appear that the corporation has ceased to do business in this commonwealth, and is under no obligation to its contract holders or other persons in this commonwealth or elsewhere for whose benefit such deposit was made.

Section 2. A corporation that has made such deposit, the commissioner of banks or any creditor may bring in the supreme judicial court for Suffolk county a suit in equity against the commonwealth to enforce, administer or terminate the trust created by such deposit.

Certificate of authority from commissioner of banks required. Issue regulated.

Section 3. No corporation shall transact the business described in section one without receiving a certificate of authority from the commissioner of banks. Upon the making of the deposit with the state treasurer or the filing with the commissioner of the certificate required by section one, and upon an examination or exhibition of the assets and liabilities of the corporation showing that it is in a sound financial condition, and if it is otherwise duly qualified under the laws of the commonwealth to transact business therein, the commissioner shall issue to it a certificate of authority to do business in the commonwealth.

Section 4. Upon the filing of such certificate, or whenever he deems it to be prudent for the protection of investors in the commonwealth, the commissioner may visit personally, or by a competent examiner, any corporation engaged in said business, and thoroughly inspect and examine its affairs, and ascertain its financial condition and whether it has complied with law. The proper charges incurred in the examination of a foreign corporation, including the expenses of the commissioner and the expenses and compensation of his assistants employed therein, shall be paid by such corporation. For the purposes aforesaid, the commissioner or the person making the examination shall have free access
11 to all the books and papers of a corporation which relate to its business, 
12 and to the books and papers kept by any of its agents; and may examine 
13 and administer oath to, and examine as witnesses, the directors, officers 
14 and agents of said corporation, and any other person, relative to its 
15 affairs, transactions and condition.

1 SECTION 5. Every corporation transacting said business shall annu-
2 ally, on or before January fifteenth, file with the commissioner a state-
3 ment of its financial condition on December thirty-first of the previous 
4 year, and its business of that year. For cause, the commissioner may 
5 extend the time for filing said statement to a date not later than February 
6 fifteenth. The statement shall be in the form required by the commis-
7 sioner, and shall be sworn to by the president and secretary, or, in their 
8 absence, by two of the principal officers of the corporation. The fee for 
9 filing such annual statement shall be twenty dollars.

1 SECTION 6. A corporation neglecting to file its annual statement 
2 within the time required shall forfeit one hundred dollars for each day 
3 during which such neglect continues; and, upon notice by the commis-
4 sioner to that effect, its authority to do any business shall cease while 
5 such default continues. For wilfully making a false annual statement 
6 the corporation and the person making oath to or subscribing to the 
7 same shall be punished by a fine of not less than five hundred nor more 
8 than five thousand dollars.

1 SECTION 7. If the commissioner is of opinion, upon examination 
2 or other evidence, that a foreign corporation subject to this chapter is 
3 in an unsound financial condition, that it has failed to comply with 
4 law, or if its officers or agents refuse to submit to examination or to 
5 perform any legal obligation relative thereto, he shall suspend all certifi-
6 cates of authority granted to said foreign corporation, its officers or 
7 agents, and shall cause notices thereof to be published in such news-
8 papers as the commissioner may deem advisable; and no new busi-
9 ness shall thereafter be done by it in this commonwealth while such 
10 default or disability continues, nor until its authority to do business is 
11 restored by the commissioner or by the supreme judicial court as herein-
12 after provided. He shall forthwith notify the corporation of such 
13 suspension and shall specify in the notice the cause thereof and the 
14 particulars of any alleged violation of law. The supreme judicial court, 
15 upon petition of said corporation brought within thirty days after 
16 receipt of said notice, shall summarily hear and determine the question 
17 whether such cause for suspension exists, and shall make any appro-
18 priate order or decree therein. Questions of law may be taken to the 
19 full court, as in other cases.

1 SECTION 8. If upon examination the commissioner is of opinion that 
2 any domestic corporation subject to the requirements of this chapter 
3 is in an unsound financial condition or has exceeded its powers, or has 
4 failed to comply with any provision of law, he shall apply to the supreme 
5 judicial court in equity for an injunction restraining the corporation 
6 from further proceeding with its business in whole or in part. The 
7 court may issue an injunction forthwith, and may, after a full hearing, 
8 make the injunction permanent, and may appoint a receiver or receivers
to take possession of the property and effects of the corporation and
to settle its affairs, subject to the order of the court.

**SECTION 9.** Whoever sells or attempts to sell any bond, certificate
or obligation issued by a corporation subject to this chapter, or transacts
any business in behalf of said corporation, unless said corporation is
thereto authorized under this chapter by the commissioner of banks,
shall be punished by a fine of not less than one hundred nor more than
one thousand dollars or by imprisonment for not more than six months,
or both.

**SECTION 10.** Every corporation subject to this chapter shall provide
in every bond, certificate or contract issued by it that, after one fourth
of the total amount of instalments therein required has been paid and in
any event after instalments for two full years have been paid thereon, in
case of default in the payment of any subsequent instalment a paid-up
bond shall be given to the holder of said bond, certificate or contract
of not less than the full amount paid thereon less any amount paid by
said corporation on account thereof, said paid-up bond to mature at the
same date as the original bond, certificate or contract; and no such cor-
poration shall provide for the payment of profits in the form of dividends
or otherwise, except from earnings, nor pay any part of the payments
