Designer Selection Board

FORTY-THIRD ANNUAL REPORT

January 1, 2013 through December 31, 2013
Carole Cornelison, Commissioner  
Division of Capital Asset Management and Maintenance  
Executive Office for Administration & Finance  
One Ashburton Place, 15th Floor  
Boston, MA 02108

Dear Commissioner Cornelison:

The attached 2013 Annual Report of the Designer Selection Board is filed in accordance with Chapter 7C, Section 56. This Annual Report lists all finalists selected by the Board during this period including a summary of the actions taken and a description of other relevant activities. Nineteen formal meetings were held during this period. In addition, the Board conducted extensive interviews with semi-finalists, and new or reorganized, design firms and participated in conferences and other activities.

The "Executive Narrative" outlines the Board's accomplishments, actions, and other developments which have had an impact on the conduct of our business. The office staff spent considerable time responding to questions from architects, engineers, and municipalities on designer selection procedures and specific inquiries on DCAMM projects, past, present, and future.

This Board's responsibility as the central administering body for selection of all designers for vertical building construction projects throughout the Commonwealth necessitated direct involvement in review and approval of the designer selection procedures for certain public agencies, including Mass. Technology Collaborative; Mass. Convention Center Authority; Massport; Department of Housing and Community Development; Massachusetts School Building Authority.

The Board had a busy and productive year. We trust our involvement in expediting the selection of designers will be beneficial to the Commonwealth in providing the necessary supplementary support needed for DCAMM's expanded workload.
The Board looks forward to continued cooperation and assistance in achieving the Commonwealth's goal of providing well designed public buildings at reasonable cost. Our efforts were eminently supported by the DSB office staff. The executive director and his staff have endeavored to provide a timely and effective response to the needs of the Board, and have at all times given the highest priority to expediting the processing of new requests for designer selection.

In compliance with the General Laws and past practices, this Report will be distributed to the State House library and various architectural and engineering organizations, and will be made available to the public upon request. This document constitutes the Designer Selection Board's Forty-Third Annual Report.

Very truly yours,

Bernie Feldstein
Chairman

EXECUTIVE NARRATIVE

The Board acted on 23 projects in this calendar year. There are three additional 2013 projects to be scheduled in 2014.

The procedures employed to select finalists for each project were in accordance with Chapter 7C of the Massachusetts General Laws, and were tailored to maintaining the goals of the Board, namely to:

(a) ensure that the commonwealth receives the highest quality design services for all its building projects;

(b) provide for increased confidence in the procedures followed in the procurement of design and design related services;

(c) promote consistency in the methods of procurement of design and design related services;

(d) foster effective broad-based participation in public work within the design professions; and

(e) provide safeguards for the maintenance of the integrity of the system for the procurement of designers' services within the commonwealth.

DISTRIBUTION OF DESIGNER SELECTION ACTIVITY

OTHER SIGNIFICANT ISSUES

I  EXEMPTION FROM THE JURISDICTION OF THE DESIGNER SELECTION BOARD

In accordance with Chapter 7C, Section 46 of the General Laws, this Board is authorized to approve Designer Selection Procedures for certain public agencies i.e. the Mass. Convention Center Authority; Mass. Technology Collaborative; Massachusetts Port Authority; Department of Housing and Community Development; Massachusetts School Building Authority. Upon approval of such procedures, the respective agency is empowered to perform its own designer selections for two years. If they do not meet with the Board’s approval, (specified in writing) they are prohibited from selecting any Designer firms until they have the Boards approval.

During 2013 the Board reviewed Designer Selection Procedures for the following public agencies, with the dispositions shown:

A. Massachusetts School Building Authority (MSBA)
On February 20, 2013, the Board voted to grant a two-year exemption to MSBA expiring on February 20, 2015.

B. Department of Housing & Community Development (DHCD)
On June 26, 2013, the Board voted to grant a two-year exemption to DHCD expiring on June 26, 2015.

III LEGAL MATTERS

A. Interpretations of Chapter Seven M.G.L.

From time to time, the Board receives inquiries, by telephone, by mail or by fax, asking for our interpretations of the laws governing designer selection procedures. The questions may come from city or town officials, members of designer selection bodies, or practicing architects and engineers.

The Executive Director and his assistant attempt to research the applicable laws, and particularly to find reasonably similar cases in the Board's files.

Up until a few years ago, the Bureau of Labor and Industries was available for answering such questions, but that practice has ceased. As a replacement, the Office of the Attorney General, Fair Labor & Business Practices has assumed an interpreter's role.

The Office of General Counsel of the DCAMM is a tireless source of help with legal questions on the designer selection laws, and although they have a heavy workload they attempt to always give a timely response.

Another valuable source of information in these matters has been the Inspector General's Office.

IV MISCELLANEOUS

A. BOARD MEMBERSHIP

In accordance with the intent of the enabling legislation, the Designer Selection Board is a constantly self-renewing body.

A summary of the Board's membership activity over the 2013 calendar year is as follows:

Resignations:

Barbara J. Boylan, AIA resigned in August.
Hansy Better Barraza, AIA resigned in August.

New Members:

Frederick G. Aufiero, P.E.
Stephanie T. Horowitz, AIA

During this year, the Executive Director has been in constant touch with the Director of Appointments to the Office of the Governor in order to replace certain members of the DSB.

Many thanks to the selfless volunteers of the DSB who donate many hours of their time and expertise in service to the Commonwealth.

Prospective candidates for these pro-bono positions as architects, engineers and public members are invited to contact the Executive Director directly for information on making application.
B. BOARD ACTIVITIES

- **Discussion: Children’s Book by Lisa Reindorf – February 20, 2013**

The Board discussed the receipt of the children’s book by Lisa Reindorf and it was decided to send back the books to Lisa Reindorf with a note explaining that it is the policy of the board not to accept gifts.

- **Discussion: Exemption from the DSB – February 20, 2013**

The board voted to have the authorized agencies attend the meeting when requesting an exemption from the jurisdiction of the Designer Selection Board.

- **Discussion: DSB List #13-01, Item #1 - Steamship Authority – March 20, 2013**

Susan Goldfischer, Deputy General Counsel for DCAMM, who assists the Board on legal matters from time to time addressed the Board at the Chair’s request and reported that the Board had been named as a party to a bid protest filed with Attorney General’s Bid Protest Unit. The protest was filed challenging the process used for selection on the Steamship Authorities Woods Hole Terminal Project. The protest was filed by a firm that was not ranked 1st and names both the Steamship Authority and the Designer Selection Board as respondents. In particular the protest challenges the re-advertisement of the project. A Bid Protest Hearing is an informal administrative hearing and Susan is working with Gordon Sainsbury, Bernie Feldstein to prepare the Board’s response and will attend the hearing with Gordon and Bernie. Susan answered general questions about the proceeding. This request was withdrawn on March 28, 2013.

- **Discussion: MBW/WBE – April 3, 2013**

Susan Goldfischer, Deputy General Counsel for DCAMM, who assists the Board on legal matters from time to time, addressed the Board at the Chair’s request to discuss the MBE/WBE participation under the new law.

Ms. Goldfischer indicated she thought that the current practice of the Board taking note of the responsiveness of the applicants relative to this issue should continue until contrary instructions are issued.

- **Discussion: Firm Debriefing Procedures – June 26, 2013**

The Board reviewed the policy of the DSB on debriefing firms. Ron Ostberg will make changes and send to the board members for review and approval.

- **Discussion: Firm Debriefing Procedures – July 10, 2013**

The Board voted to approve the following statement:

**Assistance to Applicants**

To assist Applicants in preparing Applications and evaluating their submission/interview, the Designer Selection Board (DSB) offers the following:

1. **DSB staff, including the Executive Director, are available to assist Applicants in preparing Applications;**
2. All Applications to the DSB are public documents and therefore available for review by Applicants;
3. The DSB is available, upon request, for Informational Interviews during which time firm credentials, application content and interview approach can be discussed;
4. The DSB meetings are public, thereby providing Applicants with direct access to the Board’s deliberations. After deliberations, neither Board Members nor staff provides commentary on submissions/interviews.

- Potential DSB Members – October 9, 2013

Following the meeting members of the Board met with Karl Brown (Architect) and Daniel Carson (Engineer) to discuss their position as a future DSB Member to replace Hansy Better Barraza and James Jacobs. Both persons satisfied all DSB members of their suitability and instructed the Executive Director to forward their names to the Department of Governmental Affairs.

- Discussion: DSB List #13-14, Item #1 (House Doctor) – November 20, 2013

Shirin Karanfiloglu met with the Board to discuss the DCAMM “house doctor” project being deliberated on December 18, 2013. DCAMM is asking for up to 10 firms to be selected. She stated that DCAMM would like to spread the work around the Commonwealth including small/minority firms with the 10 being selected for this project.

After some discussion the Board agreed that when more than five (5) House Doctor firms are requested as part of one item in an advertisement requesting design services, a modification to the usual voting procedure was necessary in order to assure selections which represent the will for the Board as a whole. A motion was made by James Jacobs and seconded by Richard Hanson as follows:

“When more than five (5) firms are to be selected at one time for a House Doctor, each Member of the Board shall be entitled to vote once for as many applicants as the Board Member believes are qualified up to but not exceeding the number requested in the Advertisement for the Project and each vote shall have equal value.”

- Interviews with Designer Firms

From time to time, as the schedule will allow, the Board devotes meeting time to the interviewing of those design firms which are newly organized, which may have experienced major management changes, or desire to present their credentials to the Board. Nine such interviews were held during the year, when the Board interviewed several new or reorganized firms, each one for a 30-minute period, in order to become familiar with their officers and some completed projects.

The following firms were interviewed by the Designer Selection Board:

January 9, 2013
Wilson Butler Architects
Johnson Roberts Associates, Inc.
C. STAFF ACTIVITIES

The Board continues to operate with its staff of Executive Director, Gordon P. Sainsbury, AIA; RIBA, Program Coordinator, Claire Hester and Administrative Assistant, Roberto Melendez.

- Cities and Towns

We continue to process all designer evaluation of to be built projects over $500,000 construction cost sent to the Designer Selection Board from cities and towns as is required by law. These evaluations are filed under the individual designer and the specific city and town and are available to any city and town who is considering the said designer for a project.

D. FORTHCOMING DESIGNER SELECTION ACTIVITY

As a result of recent authorizations for budget expenditures being processed by the Legislature in the areas of higher education and courts facilities, it is anticipated that the Designer Selection Board will be asked to process a substantial number of requests for designers in the near future.

The Board looks forward to offering its services for these significant additions to the state’s capital plant.

E. EXCEL SPREADSHEET

In order to help clarify the annual reporting of projects, an excel spreadsheet was created to be used on an ongoing basis. This spreadsheet illustrates the projects awarded by the Designer Selection Board this year, broken down into project, size of fee, type of project, award date, and number of applicants per project. It also differentiates between applications that fulfilled the published advertisement, those that do not and the selected firms. In this past year the Designer Selection Board reviewed 329 applications.
