If the director finds that because of the negligence of such owner, operator or one of his agents or servants repeated seepage, overflow or excess oil has contaminated any lake, river, harbor, tidal water or flats, he shall require every such owner or operator to encircle every ship or vessel depositing oil at his wharf or terminal with such a boom. The authority granted to the director under the preceding sentence shall not be construed to diminish his powers to regulate and control oil spillage, including his power to require the use of booms, granted by section fifty. The owner or operator of any such wharf or terminal shall remove any oil held within such boom prior to a ship or vessel leaving the same. Whoever violates the provisions of this section shall be punished by a fine of not less than one thousand dollars nor more than five thousand dollars, and each day such violation continues shall constitute a separate offense, punishable by a like fine. A license issued under section fifty to operate a terminal may be revoked for violation of any of the provisions of this section.
