The first of these is the fact that the market is not a simple one. It is a complex one, and it is one that is constantly changing. The second is the fact that the market is not a simple one. It is a complex one, and it is one that is constantly changing.

THE CHARACTERISTICS OF THE MARKET

1. The Market is a Complex One

The market is a complex one, and it is one that is constantly changing. It is not a simple one, and it is not one that can be easily understood. It is a market that is constantly changing, and it is one that is constantly changing.

The market is a complex one, and it is one that is constantly changing. It is not a simple one, and it is not one that can be easily understood. It is a market that is constantly changing, and it is one that is constantly changing. The market is a complex one, and it is one that is constantly changing.
