Carol Gladstone, Commissioner  
Division of Capital Asset Management and Maintenance  
Executive Office for Administration & Finance  
One Ashburton Place, 15th Floor  
Boston, MA 02108  

Dear Commissioner Gladstone:

The attached 2015 Annual Report of the Designer Selection Board is filed in accordance with Chapter 7C, Section 56. This Annual Report lists all finalists selected by the Board during this period including a summary of the actions taken and a description of other relevant activities. Twenty-four formal meetings were held during this period. In addition, the Board conducted extensive interviews with semi-finalists, and new or reorganized, design firms and participated in conferences and other activities.

The "Executive Narrative" outlines the Board's accomplishments, actions, and other developments which have had an impact on the conduct of our business. The office staff spent considerable time responding to questions from architects, engineers, and municipalities on designer selection procedures and specific inquiries on DCAMM projects, past, present, and future.

This Board's responsibility as the central administering body for selection of all designers for vertical building construction projects throughout the Commonwealth necessitated direct involvement in review and approval of the designer selection procedures for certain public agencies, including Mass. Technology Collaborative; Mass. Convention Center Authority; Massport; Department of Housing and Community Development; Massachusetts School Building Authority.

The Board had a busy and productive year. We trust our involvement in expediting the selection of designers will be beneficial to the Commonwealth in providing the necessary supplementary support needed for DCAMM's expanded workload.
The Board looks forward to continued cooperation and assistance in achieving the Commonwealth's goal of providing well designed public buildings at reasonable cost. Our efforts were eminently supported by the DSB office staff. The staff has endeavored to provide a timely and effective response to the needs of the Board, and have at all times given the highest priority to expediting the processing of new requests for designer selection.

In compliance with the General Laws and past practices, this Report will be distributed to the State House library and various architectural and engineering organizations, and will be made available to the public upon request. This document constitutes the Designer Selection Board's Forty-Fifth Annual Report.

Very truly yours,

Bernie Feldstein
Chairman
Designer Selection Board

EXECUTIVE NARRATIVE

The Board acted on forty two (42) projects in this calendar year. There is one (1) additional 2015 project to be scheduled in 2016.

The procedures employed to select finalists for each project were in accordance with Chapter 7C of the Massachusetts General Laws, and were tailored to maintaining the goals of the Board, namely to:

(a) ensure that the commonwealth receives the highest quality design services for all its building projects;

(b) provide for increased confidence in the procedures followed in the procurement of design and design related services;

(c) promote consistency in the methods of procurement of design and design related services;

(d) foster effective broad-based participation in public work within the design professions; and

(e) provide safeguards for the maintenance of the integrity of the system for the procurement of designers' services within the commonwealth.

OTHER SIGNIFICANT ISSUES

I EXEMPTION FROM THE JURISDICTION OF THE DESIGNER SELECTION BOARD

In accordance with Chapter 7C, Section 46 of the General Laws, this Board is authorized to approve Designer Selection Procedures for certain public agencies i.e. the Mass. Convention Center Authority; Mass. Technology Collaborative; Massachusetts Port Authority; Department of Housing and Community Development; Massachusetts School Building Authority. Upon approval of such procedures, the respective agency is empowered to perform its own designer selections for two years. If they do not meet with the Board’s approval, (specified in writing) they are prohibited from selecting any Designer firms until they have the Board’s approval.

During 2015 the Board reviewed Designer Selection Procedures for the following public agencies, with the dispositions shown:

A. Massachusetts School Building Authority (MSBA)

On January 21, 2015, the Board voted to grant a two-year exemption to MSBA expiring on January 21, 2017.

B. Department of Housing & Community Development (DHCD)

On May 27, 2015, the Board voted to grant a two-year exemption to DHCD expiring on July 31, 2017.

III LEGAL MATTERS

A. Interpretations of Chapter Seven M.G.L.

From time to time, the Board receives inquiries, by telephone, by mail and by email, asking for our interpretations of the laws governing designer selection procedures. The questions may come from city or town officials, members of designer selection bodies, or practicing architects and engineers.
The Executive Director and his staff attempt to research the applicable laws, and particularly to find reasonably similar cases in the Board's files.

Up until a few years ago, the Bureau of Labor and Industries was available for answering such questions, but that practice has ceased. As a replacement, the Office of the Attorney General, Fair Labor & Business Practices has assumed an interpreter's role.

The Office of General Counsel of the DCAMM is a tireless source of help with legal questions on the designer selection laws, and although they have a heavy workload they attempt to always give a timely response.

Another valuable source of information in these matters has been the Inspector General's Office.

IV MISCELLANEOUS

A. BOARD MEMBERSHIP

In accordance with the intent of the enabling legislation, the Designer Selection Board is a constantly self-renewing body.

A summary of the Board's membership activity over the 2015 calendar year is as follows:

Resignations:

Richard Hanson, General Contractor resigned in March.
Stephanie Horowitz, AIA resigned in July.
Tom Quirk, Public Member resigned in August.

New Members:

Kenneth Wexler, General Contractor
Charles Redmon, AIA
Virginia Greiman, Public Member

During this year, the Executive Director and his assistant has been in constant touch with the Director of Appointments to the Office of the Governor in order to replace certain members of the DSB.

Many thanks to the selfless volunteers of the DSB who donate many hours of their time and expertise in service to the Commonwealth.

Prospective candidates for these pro-bono positions as architects, engineers and public members are invited to contact the Executive Director directly for information on making application.

B. BOARD ACTIVITIES

- Discussion: DSB Sub-Committee/DCAMM – July 22, 2015

Bernie Feldstein, Fred Aufiero and Ron Ostberg reported meeting with Shirin Karanfiloglu and Kevin Flanigan from DCAMM regarding the review of the DSB Process. The Vice-Chairman, Fred Aufiero will be chairing the sub-committee with DCAMM. Another meeting is scheduled following today's DSB meeting. Preliminary framework of the effort is being discussed.
• Discussion: Presentation and Discussion with Ripples Group – November 4, 2015

The Ripples Group presented a progress report of their ongoing study of the DSB Process and there was a discussion with members of the Board. Board Members were given a copy of excerpts from the Study and invited to comment.

• Discussion: DSB/DCAMM – November 18, 2015

The Board met with Shirin Karanfiloglu, Christopher Guerin, and Kevin Flanigan to discuss certain aspects of the report from the Ripples Groups as well as the recently enacted legislation.

Some Board Members said they did not feel that their previous comments had been sufficiently recognized in what they understood of the Report as it now stands. It was stated that since not all members of the Board had seen the entire report it was not possible to prepare a thorough commentary as had previously been discussed. It was agreed that each member of the Board will be provided with a copy of the most recent version. A commentary will be delivered at the DSB meeting scheduled for December 16, 2015.

Additionally, there was a discussion of the recent legislation and it was brought to the attention of the representatives of DCAMM that although the subject of possible legislative action had been mentioned, no one on the Board had seen the actual wording of the changes to the law as it affected the DSB prior to enactment. It was explained that the changes, counter to previously stated intent, made it much less likely that younger professionals could be appointed since there is now a minimum 15 year experience record (subsequent to registration) required for eligibility and since registration rarely occurs prior to the age of 25, eligibility would not happen until age 40.

Additionally, there were other changes to composition of the Board and requirements for a new Executive Director which had not been previously made clear to the Board. Certain Members expressed concerns regarding a sense of alienation from the process and a distancing from the very organizations to which they have committed to providing volunteer services. Shirin Karanfiloglu stated that DCAMM is very appreciative of the work of the DSB and its staff and considers their input to be vital. Kevin Flanigan stated that he considers the Ripples Report to be overwhelmingly positive and confirming of the good work done by the Board through the years.

The Board met with the following representatives of DCAMM: Chris Guerin, General Counsel; George Matthews, General Counsel; Shirin Karanfiloglu, Director of OPDC, Kevin Flanigan, OFA Director; Tabitha Harkin, Project Manager and John Nunnari from Massachusetts Association of Architects and Abbie Goodman from Engineering Center. They discussed certain aspects of the Ripples study and the recently enacted changes to the law as it applies to the DSB. Board Members expressed concern that the recent change would make it very difficult for anyone under the age of forty to serve on the Board. Mr. Guerin presented proposed modification to the legislation which was discussed at some length and then agreed by all parties....persons who are currently registered and certain other persons who had been registered for at least 10 years will be eligible. Board Members then expressed their strong support for the current recusal policy of not accepting applications from firms who have employees or owners serving on the Board. The Board also explained its concern about trying to provide "feedback" to unsuccessful applicants ....who number in the hundreds.
• Discussion: DSB Responses to the Ripples Report – December 16, 2015

The Board met with the following representatives of the Ripples Group: Mete Habip, Kate Pattison and Daniel Danon and the following representatives of DCAMM: Shirin Karanfiloglu, Director of OPDC, Kevin Flanigan, OFA Director; Tabitha Harkin, Project Manager; Chris Guerin, General Counsel. The Board presented a written response for changes to certain areas of the Ripples Report.

• Election: December 16, 2015

Fred Aufiero made a motion to elect to keep Bernie Feldstein as Chairman. The Board unanimously voted for Bernie Feldstein to remain as Chairman until his resignation which is expected shortly and to have Fred Aufiero continue to serve as Vice-Chair until Bernie Feldstein’s resignation.

• Interviews with Designer Firms

From time to time, as the schedule will allow, the Board devotes meeting time to the interviewing of those design firms which are newly organized, which may have experienced major management changes, or desire to present their credentials to the Board. The Board has committed to accelerate the rate of interviews.

Subsequently Claire Hester and Roberto Melendez continued the administrative activities of the Board.

- Cities and Towns

We continue to process all designer evaluation of to be built projects over $500,000 construction cost sent to the Designer Selection Board from cities and towns as is required by law. These evaluations are filed under the individual designer and the specific city and town and are available to any city and town who is considering the said designer for a project.
