The board, or, where appropriate, the administrator, shall grant, grant with conditions or deny historic permits or certificates of nonapplicability for development within the neighborhood district upon recommendation by the neighborhood committee. Procedures applicable to the neighborhood committee shall be provided for by the board in its regulations.

SECTION 10. No person shall perform any development within any districts without having filed an application with the administrator and having received from the board or, where applicable, the administrator, an historic permit or certificate of nonapplicability; nor shall any building or other city permit be issued to such person until an historic permit or certificate of nonapplicability has been so received. Within seven days after receipt of an application, the administrator shall render a determination, based upon the standards, or where applicable, neighborhood standards, whether the development proposed by the application is a major development or minor development. If the administrator determines that a proposed development is a minor development, he shall in writing grant, grant with conditions, or deny an historic permit within seven days after receipt of the application and shall without delay send a copy of such decision to the board. If the administrator determines that a proposed development is a major development, or is not subject to the standards or neighborhood standards, he shall refer the application for such development to the board for consideration for an historic permit or a certificate of nonapplicability. The administrator shall prepare written comments and send them to the board on any application within ten days after receipt thereof.

All applications for development which the administrator has referred to the board shall be placed on the agenda and discussed at a meeting of the board. Historic permits or certificates of nonapplicability shall be issued by the board by a vote of five of its members. An applicant may request in the application a preliminary review by the administrator, but any guidance offered shall not constitute nor guarantee the granting of an historic permit or certificate of nonapplicability.

Within twenty-one days after receipt by the administrator of an application for a major development, the board shall conduct a public hearing on the application after providing notice pursuant to section eleven. A written decision on the application, granting, granting with conditions, or denying an historic permit or

ACTS, 1983. - Chap. 566.

certificate of nonapplicability and setting forth the reasons for the board's decision, shall be rendered by the board and filed with the city clerk of said city within sixty days after such hearing. Failure by the board to file its decision with said city clerk within sixty days after the hearing on the application shall be deemed to be approval of the application. A copy of the decision shall also be mailed to the applicant by certified mail within sixty days after such hearing. Historic permits for major development shall be recorded by the applicant in the registry of deeds within ten days after the expiration of the period of appeal provided in section twelve.

All time requirements contained within this section, except the requirements of section eleven referred to herein; may be modified by written agreement of the board and an applicant for an historic permit or certificate of nonapplicability.

SECTION 11. All hearings required by this act, except as provided in section four, shall be held by the board only after notice of the time, place and sufficient identification of the subject matter of such hearing shall have been given by the board by advertisement in a newspaper of general circulation in the city of Lowell not less than seven days before the day of such hearing, and by posting such notice in a conspicuous place in the office of the city clerk of said city and the office of the director of the city division of planning and development for a period of not less than seven days before the day of such hearing. Notice for a hearing on an application shall be given at the expense of the applicant and shall also require mailing a copy of such notice to the applicant and to all owners of land abutting the land included in the application as appear on the most recent city tax list.

SECTION 12. No claim of invalidity of the standards, neighborhood standards, boundaries of the districts or any amendment thereto, designation of a neighborhood district, or the board's regulations or any amendment thereto, shall be made in any legal proceeding, unless commenced within thirty days after the adoption thereof and unless notice specifying the court, parties, invalidity claimed and date of filing is filed together with a copy of the complaint with the city clerk of said city within seven days after the commencement of the action.

Within seven days after the issuance of any written decision by the administrator, any person aggrieved may file an appeal to the board.

Within twenty days after the filing by the board of a decision on an application with said city clerk, any party aggrieved may file an appeal to the trial court department of the superior

ACTS, 1983. - Chap. 566.

court. Notice of the action with a copy of the complaint shall be given to the city clerk so as to be received within such twenty days. The complaint shall allege that the decision exceeds the authority of the board, and any factors pertinent to the issue, and shall contain a prayer that the decision be annulled. There shall be attached to the complaint a copy of the decision appealed from, bearing the date of filing thereof, certified by said city clerk.

If the complaint is filed by someone other than the original applicant, such original applicant, and all members of the board, shall be named as parties defendant with their addresses. To avoid delay in the proceedings, instead of the usual service of process, the plaintiff shall within fourteen days after the filing of the complaint, send written notice thereof, with a copy of the complaint, by delivery or certified mail to all defendants, including the members of the board and shall within twenty-one days after the entry of the complaint file with the clerk of the court an affidavit that such notice has been given. If no such affidavit is filed within such time the complaint shall be dismissed. No answer shall be required, but an answer may be filed and notice of such filing with a copy of the answer and an affidavit of such notice given to all parties as provided above within seven days after the filing of the answer. Other persons may be permitted to intervene upon motion. The clerk of the court shall give notice of the hearing as in other cases without jury, to all parties whether or not they have appeared. The court shall hear all evidence pertinent to the authority of the board and, upon the facts as so determined, annul such decision if found to exceed the authority of the board or make such other decree as justice and equity may require. The foregoing remedy shall be exclusive, notwithstanding any defect of procedure or of notice other than notice by publication, mailing or posting as required by this act.

Costs shall not be allowed against the board unless it shall appear to the court that the board in making the decision appealed from acted with gross negligence, in bad faith or with malice. Costs shall not be allowed against the party appealing from the decision of the board unless it shall appear to the court that said appellant or appellee acted in bad faith or with malice in making the appeal to the court. All issues in any proceeding under this section shall have precedence over all other civil actions and proceedings.

SECTION 13. The administrator shall issue a certificate of compliance in recordable form upon determination by the board that the development has been completed in accordance with the historic permit.

ACTS, 1983. - Chap. 567.

SECTION 14. Upon determination by the board that any person is in violation of this act or regulations promulgated hereunder, the board shall issue an order requiring that such violation be corrected and that any development in violation of this act cease and desist. The superior court department of the trial court shall have jurisdiction to enforce the provisions of this act and any regulations promulgated hereunder, and may restrain by injunction violations hereof.

Any person found by the board to be in violation of this act or regulations promulgated by the board hereunder shall be assessed a maximum penalty of one hundred dollars per day for each day of such violation.

SECTION 15. All books, papers, records, documents, equipment, lands, interest in land, buildings, facilities, and other property, both personal and real, which, immediately prior to the effective date of this act, are in the custody of the historical commission of the city of Lowell established pursuant to chapter forty C of the General Laws, and which relate to or are maintained for the purpose of the exercise of powers or as a performance of duties under said chapter forty C or this act shall be transferred by said commission to the board.

All orders, actions, guidelines, rules and regulations, procedures, by-laws, ordinances, licenses, permits, authorities, permissions, certificates, approvals, and endorsements duly granted by the city of Lowell, any agency of said city, or the historical commission of the city of Lowell and which are in effect immediately prior to the effective date of this act, shall continue in full force and effect and the provisions thereof shall thereafter be enforced, until superseded, revised, rescinded or cancelled in accordance with this act or any other applicable law. All applications for development within any districts which are pending before the historical commission of the city of Lowell for which no final decision has been rendered by that commission must be resubmitted as an application pursuant to this act.

SECTION 16. Effective upon the date of the first meeting of the board: Chapter Two, Article XIV of the Code of the city of Lowell is hereby repealed.

SECTION 17. This act shall take effect upon its passage.
