Massachusetts Board of Library Commissioners

Prepared with LSTA funds

Preparation of this report was supported in part by the U.S. Institute of Museum and Library Services. However, the opinions expressed herein do not necessarily reflect the position or policy of that agency, and no official endorsement by that agency should be inferred.

Introduction

The *Peer Group Medians, FY2008*, is a featured report published intermittently in the public library *Data for Massachusetts* series. The last *Peer Group Medians* report compiled FY2008 data.

The purpose of the report is to help readers identify similar, peer libraries based on the population and per capita equalized property valuation (EQV) of the municipality in which the library is located. The peer group designations for each municipality are listed on pages 7-11. In a cross-tabulation format using population and EQV ranges, the *Peer Group Medians* report displays the median values for various service and support indicators reported by Massachusetts public libraries in municipalities within those ranges.

Medians are provided for these indicators of library service: annual hours open, adult and children's programs held, computers accessing the Internet, and per capita direct circulation, reference and attendance. Medians are displayed for these indicators of library support: per capita total appropriated municipal income, materials expenditure and total operating expenditures, and MLS full-time equivalency (FTE).

Table 1 on page 6 displays in the first column ranges of the 2007 population figures and the header row displays ranges of the 2008 equalized valuation (EQV) per capita. Each cell in the table shows the number of municipalities falling within each peer group, excluding three municipalities that do not have public libraries. For this report, the municipalities of Hamilton and Wenham are treated as one because they closed their individual libraries and opened a joint library located in Hamilton during FY2002.

Using the Report

To locate a peer group and its median value for an indicator:

1. Find the population and the per capita EQV values of a municipality from the list on pages 1-5, or from the corresponding peer groups on pages 7-11.
2. Select a library service or support indicator from Tables 2-11.
3. On the selected table, using the population and per capita EQV values, or by using the peer group designations, locate the

intersecting cell for a municipality. This cell contains the median value reported by libraries within that population and EQV range.

For example, using Table 2, (Annual Hours Open Medians), a municipality with a population of 5,500 and a per capita EQV of \$50,000 would look at the intersection of row C (5,000 - 9,999 population) and column 1 (less than \$100,827 per cap EQV) to locate peer municipalities. The cell at that intersection shows a median of 1,924 hours open to the public during FY2008 reported by libraries in those population and EQV groupings.

To find the indicator value for a particular library (including its branches and bookmobiles), or totaled for all multiple independent libraries in a municipality, consult the list arranged by municipality on pages 22 through 32.

The 2008 library data was submitted on the FY2009 Annual Report Information Survey and the FY2009 Financial Report form. The EQV data is from the Massachusetts Department of Revenue.

Appendix - Definitions FY2008 Peer Group Medians Report

Term	Definition
2007 Population	2007 population estimate for the municipality.
2008 EQV Per Capita	2008 equalized valuation divided by the municipality's population. EQV's are the determinations of the fair cash value of all property in each municipality that is subject to local taxation. The Commissioner of Revenue, in accordance with Chapter 58, Section 10C, is charged with the responsibility of biannually determining an equalized valuation for all municipalities. For the joint Hamilton-Wenham Public Library, the total EQV & population of both communities is used.
Appropriated Municipal Income	The sum of the municipal revenue sources appropriated to the library for operating during FY2008. Excludes State Aid to Public Libraries monies.
Annual Hours Open	The sum of the annual hours the main and branch library/libraries and bookmobile(s) were open during FY2008.
Attendance	Also called library visits, the total number of persons entering the library for whatever purpose during FY2008.
Computers Accessing the Internet	Number of public use computers with internet access, including those used by staff as well, and those in a computer lab used for public instruction.
Direct Circulation	Total circulation of all library materials of all types, including renewals during FY2008. Note: Count all materials in all formats that are charged out for use outside the library. Interlibrary loan transactions included are only items borrowed for users. Do not include items checked out to another library.
MLS FTE	Full-time equivalency for all positions paid from the library budget with a Master's from an ALA accredited program and reported in the Library Director, Assistant Director, Senior Librarian, Branch Librarian and all the Staff Librarian (Reference, Children's etc) position classifications. This is computed by totaling the funded hours for those positions per week and dividing by 35. MLS FTE data is as of 7/1/08, rounded to the nearest 10 th and excludes temporarily vacant positions.
Materials Expenditures	The sum of operating expenditures from the library's budget for library materials including print, non-print, and electronic resources during FY2008.
Median	The median figures for this report were calculated by ranking the values from lowest to highest and selecting the mid-point value.
Municipality	Name of the Municipality. In the case of the Hamilton-Wenham joint library, the name of the library is used.

Term	Definition
2007 Population	2007 population estimate for the municipality.
Per Capita	This is calculated by dividing the value of the indicator by the municipality's 2007 population. For the joint Hamilton-Wenham Public Library, the total population of both communities is used.
Programs	Number of library sponsored programs held for adults/young adults and children during FY2008. A program is any planned event which introduces those attending to any of the broad range of library services or activities, or which directly provides information through the presentation of talks, films, dramas, etc. Programs need not take place in the library, but the library must be the primary contributor of time, money, or people in the planning or presentation.
Reference Transactions	A reference transaction is an information contact which involves the knowledge, use, recommendations, interpretation or instruction in the use of one or more information sources by a member of the library staff. It includes information and referral services. Information sources include printed and non-printed materials, machine-readable databases, catalogs and other holdings records, and, through communication or referral, other libraries and institutions and people inside and outside the library. The request may come in person, by phone, by fax, mail, or electronic-mail from an adult, a young adult, or a child. Does not include directional transactions or questions of rules or policies.
Total Operating Expenditures	The sum of the operating expenditures from the library's budget for personnel (salaries and benefits), library materials, and other operating expenditures (e.g., building maintenance, energy and utilities, network membership, supplies, etc.) during FY2008.

Massachusetts Public Library Data Reports

- **Children's Services, xxxx Data** (available in February)
Selected statistics related to children's services including staffing, programming, holdings and circulation.
- **Circulation and Holdings Report, FYxxxx** (available in January)
Various public library circulation and holdings raw data. Also includes circulation per FTE, per hour open and per capita and holdings per capita data.
- **Education & Staffing Report, 7-1-xxxx** (available in January)
Public library staffing levels and distribution of the staff's highest educational level. Staffing level data includes: total full-time equivalencies (FTE), number full time and part time, and FTE for MLS, librarian, children's librarian and non-custodian positions as well as total hours open per non-custodian FTE. Director's education level and length of work week are displayed.
- **Electronic Services, FYxxxx Data** (available in May)
Selected statistics related to electronic services including: website hits, number of users of public Internet computers, electronic subscriptions and materials in electronic format.
- **Featured Reports, FYxxxx Data** (available in the spring)
Reports on changing topics present public library data not displayed in other reports.
- **Financial Statistics Report, FYxxxx Data** (available in February)
Raw and per capita figures for each reporting public library's (including branches) total municipal appropriation, operating income, and salary, materials, other and total operating expenditures. Also included are percent of total operating expenditures spent for salaries, materials and other expenditures.
- **The FYxxxx Municipal Pie...What's Your Share?** (available in January)
Relates the amount expended from the general fund by each city and town on public library service, to the amount expended to operate the entire municipality.
- **Public Library Outlets, FYxxxx Data** (available in May)
Selected statistics relating to public library outlets including: staffing, holdings and circulation.
- **Rankings Report, xxxx Data** (available in March)
Each municipality's rank within its population group and within the entire state based on its library's per capita values for certain income and expenditure data. For services, the indicators are: FTE per 10,000 population, MLS FTE per 10,000, hours open per week, direct and total circulation per capita and holdings per capita.
- **Salaries Report, 7-1-xxxx** (available in January)
Hourly minimum and maximum salaries for up to 17 public library position classifications from Library Director to Custodian. Annual salary for the Library Director is also displayed.
- **Services Report, FYxxxx** (available in January)
Services data includes number of terminals with Internet, average weekly visits, reference questions and hours open. Counts are provided for weekend days open, branches, adult and children's programs and attendance. Average hours open on weekends is also shown.
- **Summary Tables and Graphs, xxxx Data** (available in March)
Statewide, population group and regional totals of various incomes, expenditures, holdings, circulation, services and staffing data. Subject index provided.

Massachusetts Academic Library Data, Fall xxxx, Selected Statistics (available biennially)

The reports are available in PDF format and the related spreadsheet and database files are available for downloading from the Board's web site (<http://mblc.state.ma.us/advisory/statistics/index.php>)
