

Bracon Street,

Sir,

Nov. 23, 1835.

It is a good time to en-
ter into contract for the Materials
and labor for the wall. I think
it very important that such steps
be taken that the appropriation we
now have be laid out well for the
Iland even if no more be had
of that I have feared.

I will confer with you
on this matter as soon as I see
you.

Your obedient

Wm. J. Armstrong

Capt. Parris.
