Letter from Gov. Samuel T. Armstrong to Alexander Parris

Beacon Street Nov. 23, 1835

Sir,

Is it a good time to enter into contract for the Materials and labor for the wall? I think it very important that next steps be taken that the appropriation we now have be laid out well for the Island even if no more be had and of this I have fears.

I will confer with you on this matter as soon as I see you.

Your ob[edien]t servant,

Sam[uel] T. Armstrong

Capt. Parris
