Sir

I forward you by the Schooner Muchaut - A. S. Goodrichs Master the Scow that Thayer requested me to purchase of Mr. Ricks, on examination I found the scow not quite so large as Mr. Ricks informed Doctor Sargent, his price was \$400, I purchased for \$360 & had 4 bottles put in her cargo & insured by a collector in King \$364. The U.S. one for the Suscatague within a few days not quite so good for \$400, the scow is at the risk of Cors Thayer the same all sent from here, no coasters will insure, to be delivered at Rainford Island by Captain Goodrich please remit your check payable to my order

With true & respectful  
Yours &c
