

Circular

Engineer Department
Washington August 16th 1859

Mr

You will please transmit to this Department, so that it may be received on, or before the 20th day of October next, a Report of the progress of the public Works under your superintendance, shewing their condition on the 30th of September 1859: together with all the other Annual papers & drawings, required by previous instructions.

Very respectfully

W

John S. Smith

By order

Thos. A. Smith
