

Appendix B

**Town of Berkley
Office of
Inspector of Buildings
1 North Main Street
Berkley, Ma 02779
508-824-9286**

November 2, 2005

Selectmen:

Please be advised that I did an inspection of the east side of the town hall. As a result of that inspection the condition of the east side of the building is deteriorating and dangerous. Until sufficient repairs have been made to the building the south door needs to be locked and blocked off immediately.

Respectfully,

Joseph Lawrence, Building Commissioner
