APPOINTMENTS BY TOWN COLLECTOR

Peter Ryan, Deputy Collector of Taxes ........................................... December 31, 2008
MaryAnn MacKay, Assistant Treasurer/Collector ......................... September 24, 2007
A busy, active and productive year.

New Board Member
Michael Harris was elected to the Board in May replacing Marci Bailey who chose not to seek a third term on the Board. The Board welcomes Mr. Harris and thanks Mrs. Bailey to whom we owe a great deal of gratitude for her leadership and accomplishments.

Budget
Within tight fiscal constraints, by working cooperatively with the School Committee and Finance Committee, a balanced level services budget was presented to April Town Meeting. We acknowledge the efforts of Greg Balukonis, Joe Tassone and our entire Finance Department staff in a most difficult budget process. We also acknowledge the efforts of Representative Brad Jones, Senator Bruce Tarr and citizens who backed the Joint Committee for Educational Reform that resulted in the Town’s increase in Chapter 70 school aid that helped balancing the budget and thus avoiding the need for a budget override.

Technology
The Town’s investment in technology has begun to pay off. Computer network, workstations and application software have been upgraded to permit more efficient communication and data access. At our October Town Meeting capital funding was passed to upgrade the phone system and accounting software.

The Town’s website continues to be improved. Through the efforts of Elizabeth Craveiro, Town Treasurer, a bill paying feature was added to the Town website which permits citizens to pay their water, trash and tax bills by wire transfer or credit card. Additionally, the Town was recently recognized for having one of the States top 40 websites for up-to-date content. We congratulate Greg Balukonis and his department heads for their efforts in achieving this honor.

Fire Study
The Municipal Resources Incorporated Fire Study charted by the Board resulted in 80 plus recommendations. A subcommittee consisting of two members of the Board of Selectman, four members of the Fire Department, a member of the Police Department and Finance Committee have been charged with reviewing the recommendations in the Fire Study report and make their recommendations to the Board in early February 2007.
Labor Contracts
Three year contracts were settled with the Town Workers Association, Public Works, The Non-Union Workers Association, Fire Union, Police Superior Officers Union. Contract talks continue with the Police Union. The Board is appreciative of the time and effort Greg Balukonis has spent settling these contracts.

Cable Committee
After a long negotiation a satisfactory license was issued by the Board to Verizon Communications to provide Cable TV services to the Town. The benefit to the community was immediately felt with both Comcast and Verizon offering more cost effective bundled services of voice, Internet and TV.
Additionally the Verizon contract will lead to the forming of a Cable Access Corporation whose charter will be to manage and provide informational and educational content over both Comcast’s and Verizon’s local channels. The Board thanks the Cable Committee for their efforts in achieving this goal.

Police Station
Renovation and construction at the Police/Fire Station was kicked off in early spring. During the summer months Route 62 was detoured from the front of the Fire Station to permit construction of the new septic system and to permit temporary garaging and parking for fire apparatus that no longer had access to the Fire Station. The Board thanks John Welsh and all of the members of the Fire Department for dealing with this inconvenience. The Board also thanks Mr. Chuck Carucci for housing one of our fire trucks at his Commonwealth Oil garage on Main Street.
The mild start to winter permitted the timely completion of the exterior of the building so that work could continue on the interior of the building. Occupancy of the new Police Station is scheduled for some time in the summer of 2007.

Route 62 & Town Center
Route 62 construction is nearing completion. With all the major construction completed and the traffic lights in place we can finally enjoy riding across Town without encountering Police details and detours. Additionally work to place utilities underground in the area of the Town Common has been completed and the area has been enhanced with decorative light poles. With the completion of the Batchelder School and surrounding grounds the Center of Town is now something we can all be proud off.

Berry Center Property
Lincoln Properties has finalized plans and is moving ahead with the development of a 406 unit apartment complex consisting of 406 rental units, 59% to be one bedroom and 41% to be two bedroom. All of the rental units count toward our affordable housing inventory thus relieving us from the 40B development onslaught we have experienced over the last several years.
In May, the Town moved ahead by redistricting one half of the Berry Center Property to into a 40R district. The Town is one of the first communities in the State to take advantage of the Smart Growth Program. Under 40R the Town is entitled to and has received an incentive payment of $350,000. The Town will also be eligible to receive $3,000 from the State for each of the 406 ($1,218,000) planned living units when the building permits are issued. Additionally, as part of the Purchase & Sale agreement with the State the developers of the property will pay the Town $1.5 million toward a sewer treatment facility and will be allocated 120,000 gallons per day waste water discharge on the property for the Town’s use.

To assure that the Town’s interest is protected during the construction of the project David Hanlon, DPW Director, was given the added responsibility of oversight of the project. Funding to cover anticipated inspection costs was approved at our October Town Meeting.

The Board thanks Representative Brad Jones and Senator Bruce Tarr for their efforts in assuring that the Town’s interests were protected and that financial benefits from the project are maximized.

The Challenge Ahead

Although we were able to maintain level services for this current year our challenge for the coming year is daunting. Between Town Government and Schools there is simply not enough revenue growth to support the cost of maintaining level services. At our annual 2007 April Town Meeting the Board will be asking taxpayers to decide on a reduction of services or an override aimed at maintaining services.

Acknowledgements

The Board thanks our town employees, elected officials, appointed boards and all of those who have volunteered their services for the benefit of our entire community. Special thanks to Linda Hamel and Karen Marlin for their efforts in keeping the Board organized and informed.

Respectfully submitted,

Robert J. Mauceri, Chairman
Stephen J. O’Leary, Vice Chairman

Philip Dardeno
Michael Harris
TOWN ADMINISTRATOR

I am pleased to submit my second annual report for 2006 as Town Administrator. Chapter 5 of the North Reading Town Code defines the Town Administrator job duties and responsibilities. My position serves as the Town’s Chief Administrative Officer, and as such, I am responsible for overseeing the operation of all municipal departments.

The Town Administrator also serves as appointing authority for municipal department heads and Town employees. I am also responsible for negotiating labor agreements with the Town’s unions.

Much of my time over the past year involved resolving labor disputes and contract negotiations with the Town’s employee unions. The following contracts were settled: Department of Public Works (2006-2008); Superior Officers (2005-2008); Town Workers (2006-2009); Fire Department (2006-2009). Additionally, an agreement was approved with the Town’s non-union personnel. The Police contract was not settled and negotiations continue between the parties. I settled a number of union grievances over the past year. The Town was involved in several arbitration cases. A full list of these cases is included in Town Counsel’s 2006 Report.

It is my hope to improve relations with the Town’s unions going forward. I believe respect and cooperation between management and labor is critical for the Town to deliver the best possible and most cost effective services to the public.

I was responsible for submission of balanced municipal operating and capital budgets, which were presented for approval at the April and October Town Meetings. The Town has undertaken an ambitious capital improvement program, including the Police Station relocation and renovation, road improvements, equipment and vehicle replacement for many departments. The total cost of approved capital projects in 2006 was $2,734,000. I will continue to make capital projects a priority as it appears a number of requests were deferred in past years due to lack of available funding. Going forward, the Town will be faced with decisions involving the renovation or replacement of both the Town Hall and Senior Center, which are in great need of repair.

The fiscal 2007 operating budget was balanced at $44,219,156 and approved by the April Town Meeting. North Reading was the beneficiary of a significant increase in State Aid, which provided funding to maintain a sufficient level of services in municipal departments. Several budgets were reduced at the April Town Meeting, including the Police, Fire, Department of Public Works and Parks/Recreation. Fortunately, the Town was able to restore most of the funds cut from these budgets at the October Town Meeting. Also, the Town fully funded its fuel and utility accounts despite unpredictable costs throughout 2006. The Town continues to face challenges in funding its employee benefits, particularly health insurance, which increase annually at a much higher per-
percentage than the overall budget. Efforts to provide a minor change in health insurance benefits for retirees was defeated by Town Meeting. I will continue to investigate cost saving options to lower the impact of employee benefit costs on the Town. It should be noted here that health insurance is now larger than both the Police and Fire budgets, and is only surpassed by the Schools in total costs.

On a more positive note, this office made improvements to the Town website a priority in 2006. The Town provides a great deal of up to date information on its website, including a meeting calendar, agendas and meeting minutes. The North Reading website was recognized by the Mass Campaign for Open Government as having one of the best municipal websites for providing both updated and detailed information to residents.

I would be remiss not to mention the work of dedicated employees over the past year. Their efforts were particularly noteworthy during the severe floods encountered during the months of May and June. All departments and employees excelled under the most extreme conditions. I was encouraged to see the highest level of cooperation between municipal departments in overcoming this disaster.

I would like to recognize my appreciation to Linda Hamel and Karen Marlin who work in the Town Administrator/Board of Selectmen office. They are knowledgeable and dedicated employees who work with me each day. I thank the members of the Board of Selectmen who provide invaluable leadership in the performance of my duties. I consider it a privilege to serve as Town Administrator, and look forward to a long and productive career in North Reading.

Respectfully submitted,

Greg L. Balukonis
Town Administrator
TOWN COUNSEL

During 2006, Town Counsel provided significant legal services to the Town, including the rendering of numerous legal opinions, representing the Town at bargaining and mediation sessions, approving contracts as to form, attending Town Meetings, and meeting with the Board of Selectmen and various other Boards. Town Counsel also assisted the Town with multiple complicated land transactions, and has also advised the Town in drafting several comprehensive permit decisions. There are currently twenty-five cases listed in the litigation report pending in various state and federal courts and before administrative agencies. The majority of these cases involve eminent domain disputes, appeals from decisions of the various land use boards, including the Zoning Board of Appeals, the Community Planning Commission, and the Conservation Commission, a Department of Environmental Protection appeal, and a number of labor grievance arbitrations, civil service appeals and unfair labor practice charges. Ten cases were closed in 2006.

We extend our appreciation to the Board of Selectmen for their confidence in retaining the firm, and for the assistance and cooperation received on all matters from the Board of Selectmen, Town Meeting, the Town Administrator, department heads, and the Boards and Committees with whom we have worked. We look forward to working with the members of the Town Government in the future.

Respectfully submitted,

Kopelman and Paige, P.C.
Town Counsel
TOWN OF NORTH READING
LITIGATION STATUS REPORT
January 31, 2007

1. Barclay v. Town of North Reading
   Middlesex Superior Court, C.A. No. 05-2456
   21300-0231

   This is an action arising from the Town’s recent exercise of its eminent
domain powers in which it took approximately 35 parcels. The plaintiff
does not challenge the validity of the taking, but rather the pro tanto
offered by the Town. The Town has filed an Answer and is proceeding
with discovery. The parties have propounded their respective discovery
requests and are awaiting responses.

2. Bornstein v. Town of North Reading (II)
   Land Court Misc. No. 240310
   21300 – 0089/0099/0171

   This is an action against the Town and the Building Inspector, among
others, alleging trespass, failure to perform lawful duties, and a taking
arising out of the decision of the Building Inspector not to take enforce-
ment action with respect to the construction of a residential structure at 4
Third Street. This case is being handled by insurance counsel. In a deci-
sion dated July 6, 2000, the Court denied the Town’s motion for summary
judgment finding that the landowners did not establish as an undisputed
fact that they had prescriptive rights over Old Gravel Road for the re-
quired twenty (20) year period. The Court ordered the Building Inspec-
tor to issue a written decision on the plaintiff’s request for enforcement
within thirty days of the decision. The Building Inspector issued a deci-
sion denying enforcement and plaintiff appealed to the Zoning Board of
Appeals, which upheld the Building Inspector. The plaintiff has filed a
new case appealing the Zoning Board of Appeals decision, which is also
being handled by insurance counsel. The new appeal has been filed un-
der a case entitled Bornstein v. Carucci, et al., Land Court No. 268004,
which is still pending in Land Court. The plaintiff has filed a motion for
judgment and the Town has filed a partial opposition. A hearing was held
on the motion on January 25, 2005, and the case was taken under advise-
ment. This lawsuit is related to the Cheever and Flynn litigation (See Be-
low). The parties have discussed settlement and the plaintiff has recently
made a new offer that we anticipate insurance counsel will discuss with
the Town.
3. **Cheever v. Town of North Reading**  
   Land Court Misc. No. 240308  
   21300 - 0085

   This case involves the same claims set forth in **Bornstein v. Town of North Reading** (II), but the complaint has been brought by other interested landowners. This case is also being handled by insurance counsel. This case is related to the Bornstein and Flynn litigation.

4. **Deane et al. v. Town of North Reading**  
   Middlesex Superior Court, C.A. No. 05-2808  
   21300-0236

   This is an action arising from the Town’s recent exercise of its eminent domain powers in which it took approximately 35 parcels. The plaintiff does not challenge the validity of the taking, but rather the pro tanto offered by the Town. The Town has filed an Answer and is proceeding with discovery. The parties have propounded their respective discovery requests and are awaiting responses. A pretrial conference is scheduled for March 15, 2007 at 2:00 pm in Middlesex Superior Court.

5. **DiSanto v. Town of North Reading**  
   State Building Code Appeal Application.  
   21300 – 0221

   This matter involves an appeal to State Building Code Appeals Board from a Zoning Board of Appeals decision upholding the Building Inspector’s determination that the property at 18 MacArthur Road is not grandfathered.

6. **Dowd v. Town of North Reading**  
   Middlesex Superior Court, C.A. No. 05-2297  
   21300-0233

   This is an action arising from the Town’s recent exercise of its eminent domain powers in which it took approximately 35 parcels. The plaintiff does not challenge the validity of the taking, but rather the pro tanto offered by the Town. The Town has filed an Answer and is proceeding with discovery. All written discovery has been completed and the plaintiff has requested to depose the person in the Town with the most knowledge regarding the taking.
7. **Dunnett v. North Reading Zoning Board of Appeals**  
   Land Court Misc. Case No. 294221  
   **21300 – 0209**  
   This is an appeal under c. 40A from the Board’s decision to uphold the Building Inspector’s denial of a building permit for property located at 29 Maple Road, and to uphold the Community Planning Commission’s determination that Maple Road, which is an unaccepted street, does not provide safe and adequate access to the property, as required by the Zoning By-Law. Town Counsel has filed an appearance on behalf of the Board.

8. **Flynn v. Town of North Reading**  
   Land Court Misc. No. 240309  
   **21300 – 0088**  
   This case involves the same claims set forth in Bornstein v. Town of North Reading (II) and Cheever v. Town of North Reading, but the complaint has been brought by other interested landowners. This case is also being handled by insurance counsel. The parties have engaged in numerous settlement discussions, which would allow judgment to enter in favor of the Town. Town Counsel has been monitoring the negotiations and consulting with insurance counsel.

9. **Fransen v. Town of North Reading**  
   Middlesex Superior Court, C.A. No. 05-03565  
   **21300 – 0242**  
   This is an action arising from the Town’s recent exercise of its eminent domain powers in which it took approximately 35 parcels. The plaintiff does not challenge the validity of the taking, but rather the pro tanto offered by the Town. The Town has filed an Answer and is proceeding with discovery. The parties have propounded their respective discovery requests and are awaiting responses.

10. **In Re: CVEO Corporation, Debtor**  
     United States Bankruptcy Court, Delaware District, Case No. 01-223  
     **21300 – 0200**  
     This is an action to recover taxes and water and sewer charges paid to the Town by Converse, Inc., which has filed a petition in bankruptcy. The Court has dismissed the Trustee’s claim for return of tax payments made to the Town. The Court has not yet ruled on whether the claim for the return of water sewer payments should be dismissed.
11. **In the Matter of Town of North Reading**  
**Water Withdrawal Permit Appeal**  
Department of Environmental Protection;  
Water Withdrawal Permit No. AP-3-17-213.01  
21308 – 0204  

The Town is appealing the imposition of certain conditions on the Town’s water withdrawal permit for the Ipswich River Basin issued by the Department of Environmental Protection (“DEP”), which the Water Department estimates will cause an increase in operating costs of over $200,000.00 per year during the five-year term of the permit. An environmental advocacy group, the Ipswich River Watershed Association (“IRWA”) intervened in the case. The Town filed numerous pre-trial motions attempting to resolve or narrow the issues. Town Counsel then drafted pre-filed testimony of the Town’s three witnesses and has analyzed the pre-filed testimony filed by the opposing parties and met with the Town’s consultants to develop cross-examination questions. Beginning on July 19, 2005, the case was tried for nine days before an Administrative Magistrate of the DEP for an evidentiary hearing on the Town’s appeal. After the conclusion of the hearing, we filed a 112 page post-hearing memorandum and are now awaiting a decision from the Administrative Magistrate.

12. **Malesky v. Town of North Reading**  
**Middlesex Superior Court, C.A. No. 05-2956B**  
21300 – 0237  

This is an action arising from the Town’s recent exercise of its eminent domain powers in which it took approximately 35 parcels. The plaintiff does not challenge the validity of the taking, but rather the pro tanto offered by the Town. The Town has filed an Answer and is proceeding with discovery. The parties have propounded their respective discovery requests and are awaiting responses. A pretrial conference is scheduled for March 6, 2007 at 2:00 pm in Middlesex Superior Court.

**Land Court Misc. No. 185690**  
21300 – 0070  

This case involves an abutter’s appeal of the Community Planning Commission’s approval of Parm Development Inc.’s (“Parm”) subdivision plan to improve a portion of Cameron Road. In March of 1997, Parm filed a motion for summary judgment asserting that the plaintiff lacked standing to appeal the Commission’s decision. A hearing on such motion was scheduled for June 27, 1997, but the motion was removed from the hearing list by agreement of the parties. The plaintiff has not taken any action to advance this case. We have attempted to secure the plaintiff’s voluntary dismissal of the complaint, due to the lengthy inactivity of the case, but have not yet been successful in this regard.
14. **Nitzsche v. Town of North Reading**  
   Middlesex Superior Court, C.A. No. 05-03089  
   21300 – 0241

   This is an action arising from the Town’s recent exercise of its eminent domain powers in which it took approximately 35 parcels. The plaintiff does not challenge the validity of the taking, but rather the pro tanto offered by the Town. The Town has filed an Answer and is proceeding with discovery. The parties have propounded their respective discovery requests and are awaiting responses. A trial date of May 7, 2007 has been set.

15. **Palmero v. Town of North Reading**  
   Middlesex Superior Court, C.A. No. 05-2602  
   21300-0234

   This is an action arising from the Town’s recent exercise of its eminent domain powers in which it took approximately 35 parcels. The plaintiff does not challenge the validity of the taking, but rather the pro tanto offered by the Town. The Plaintiff also alleges equal protection, due process and civil rights violations. This matter has been assigned to insurance counsel, although we continue to monitor the status of the litigation.

16. **Palmero v. Town of North Reading**  
   Middlesex Superior Court, C.A. No. 06-1563-C  
   21300-0244

   This is an action arising from the Town’s recent exercise of its eminent domain powers in which it took approximately 35 parcels. The plaintiff does not challenge the validity of the taking, but rather the pro tanto offered by the Town. The parties have propounded their respective discovery requests and are awaiting responses. A pretrial conference is scheduled for April 26, 2007 at 2:00 pm in Middlesex Superior Court.

17. **Petrosino v. North Reading Community Planning Commission**  
   Land Court Misc. No. 276935  
   21300 – 0182

   This is an appeal of the Community Planning Commission’s approval of a subdivision for Pine Forest Park located in Andover and North Reading. The appeal was filed on December 2, 2001. The plaintiff is alleging that certain conditions imposed by the Community Planning Commission are beyond the Commission’s authority. There has been no further action in this case. The plaintiff has made a settlement offer in this matter but the Community Planning Commission has rejected the offer.
18. **Petrosino v. North Reading Planning Commission**  
   Land Court Misc. No. 297302  
   21300 – 0282

   This is a subdivision applicant’s appeal of approval conditions for a sub-division located partially in Andover and partially in North Reading known as Pine Forest Park. The appeal was filed in March of 2004. This case relates to Land Court No. 276935 (above). The plaintiff has made a settlement offer in this matter but the Community Planning Commission has rejected the offer.

19. **Surette v. Town of North Reading**  
   Middlesex Superior Court, C.A. No. 05-1574  
   21300 – 0229

   This is an action arising from the Town’s recent exercise of its eminent domain powers in which it took approximately 35 parcels. The plaintiff does not challenge the validity of the taking, but rather the pro tanto offered by the Town. The Town has filed an Answer and is proceeding with discovery. The Town has responded to plaintiff’s discovery requests and is awaiting plaintiff’s responses. There is a pretrial conference scheduled for February 6, 2007 at 2:00 pm in Middlesex Superior Court.

20. **Vera v. O’Leary (ZBA)**  
   Middlesex Superior Court, C.A. No. 04-2940  
   21300 – 0215

   This case is an appeal by an abutter from the grant of a modification to a special permit to Viking Tree to allow the parking of vehicles overnight on property located at 3 Washington Street. Thirteen additional individuals filed motions to intervene as plaintiffs, and the court allowed the motions on March 3, 2005. Viking Tree has agreed to judgment in favor of the plaintiffs, and we are awaiting final execution and filing of the agreement for judgment. See related Viking Tree litigation matters #0211 and #0212.

21. **Woods et al. v. Town of North Reading**  
   Middlesex Superior Court, C.A. No. 05-2807  
   21300 – 0235

   This is an action arising from the Town’s recent exercise of its eminent domain powers in which it took approximately 35 parcels. The plaintiff does not challenge the validity of the taking, but rather the pro tanto offered by the Town. The Town has filed an Answer and is proceeding with discovery. The parties have propounded their respective discovery requests and are awaiting responses.
LABOR LITIGATION

1. North Reading Firefighters Union and Town of North Reading
AAA No. 11 390 02170 06 (Gr: Thomas Harris – Removal from Service)
21300 – 0247

This case involves a grievance regarding the temporary removal of a firefighter from service of the fire department. An arbitration hearing is currently scheduled for March 13, 2007.

2. North Reading Firefighters Union and Town of North Reading
AAA No. 11 390 02522 06
(Gr: William Warnock – Deputy Chief Promotion)
21300 – 0249

This case involves a grievance that has been filed by the Union regarding the promotional vacancy in the Deputy Chief position. The Union alleges that the Town’s decision not to appoint a permanent Deputy Fire Chief from a “short” civil service list represents a change in past practice. The Town maintains that it has the right to select from a full civil service list so that it can select from at least the three (3) best candidates, and that its actions did not violate any applicable contractual provision or binding past practice. An arbitration hearing is currently scheduled for May 10, 2007.

3. North Reading Firefighters Union and Town of North Reading
Labor Relations Commission Case No. MUP 06-4815 (Promotional Appointment)
21300 – 0248

This case involves an unfair labor practice charge that has been filed by the Union regarding the promotional vacancy in the Deputy Chief position. The Union alleges that the Town’s decision not to appoint a permanent Deputy Fire Chief from a “short” civil service list represents a change in working conditions in violation of Massachusetts General Laws. The Town maintains that it has the right to select from a full civil service list so that it can select from at least the three (3) best candidates. The Union’s written submission is currently due on February 22, 2007, at which time the Town will prepare its response.
4. **William Warnock and Town of North Reading (Deputy Chief Promotion)***
   Civil Service Case No. Case No. G206-262
   **21300-0251**

   This case involves an appeal by Captain Warnock regarding the Town’s decision not to appoint a permanent Deputy Fire Chief from a “short” civil service list. The Town maintains that it has the right to select from a full civil service list so that it can select from at least the three (3) best candidates, and that its actions did not violate civil service law. A pre-hearing conference was held on February 1, 2007.

**GENERAL LITIGATION CASES CLOSED IN 2005/2006**

1. **Billingham, Trustee v. Town of North Reading***
   United States Bankruptcy Court District of Massachusetts, C.A. No. 01-16700
   **21300-0228**

   This is an action arising from the Town’s recent exercise of its eminent domain powers in which it took approximately 35 parcels. The plaintiff has alleged that the Town has violated the automatic stay provision of the Bankruptcy code. The parties reached an Agreement for Judgment in this matter whereby the Town returned the property to the bankruptcy trustee.

2. **Brown v. Town of North Reading Community Planning Commission***
   Middlesex Superior Court, C.A. No. 06-3332
   **21300-0246**

   This is an action appealing the Commission’s decision granting a special permit to Omnipoint Communications, Inc. to install telecommunications equipment on the Swan Pond water tower. The Court allowed Omnipoint’s motion to dismiss the plaintiffs’ Complaint in its entirety and has subsequently denied the plaintiffs’ motion to vacate dismissal. The time for appealing this matter has expired.

3. **Flynn, Janet M. v. Town of North Reading***
   Middlesex Superior Court, C.A. No. 05-03297
   **21300 – 0238**

   This is an action arising from the Town’s recent exercise of its eminent domain powers in which it took approximately 35 parcels. The plaintiff does not challenge the validity of the taking, but rather the pro tanto offered by the Town. The Town filed an Answer and was proceeding with discovery, but this case has settled.
4. **Landwest Development, LLC v. Pearce (Community Planning Commission)**
   Middlesex Superior Court, C.A. No. 04-4806
   21300 - 0223
   This Complaint was filed in December 2004, pursuant to G.L.c.41, sec. 81BB, appealing conditions of approval for the Great Lott Estates off Marblehead Street. The case was dismissed on March 22, 2005.

5. **O’Toole v. Town of North Reading**
   Middlesex Superior Court, C.A. No. 05-2296
   21300-0232
   This is an action arising from the Town’s recent exercise of its eminent domain powers in which it took approximately 35 parcels. The plaintiff does not challenge the validity of the taking, but rather the pro tanto offered by the Town. The Town filed an Answer and was proceeding with discovery, but the case has settled.

6. **Viking Tree v. O’Leary (ZBA)**
   Middlesex Superior Court C.A. Nos. 03-4921; 03-5070
   21300 – 0211/0212
   This is an appeal under c.40A from the decision of the Board of Appeals upholding the order of the zoning enforcement officer that Viking Tree was violating a special permit condition requiring vehicles to be parked inside at night on property at 3 Washington Street. Town Counsel has filed an appearance on behalf of the Board. The parties filed a Joint Motion to Stay the Proceedings on January 31, 2005. The Court allowed the Motion on February 9, 2005. Viking Tree has agreed to dismiss the action and the stipulation of dismissal was filed and docketed on January 9, 2006.

7. **Sanara Realty Trust v. North Reading Community Planning Commission**
   Land Court Misc. No. 270819
   21300 – 0178
   This is an action by an abutter appealing the decision of the Community Planning Commission, which granted subdivision approval for Charles Street. The complaint was served on April 2, 2001. The Town is not taking an active role in this case. In July 2004, the court affirmed the decision of the Community Planning Commission. The case was appealed to the Appeals Court and the Appeals Court upheld the Commission’s decision.
LABOR LITIGATION CLOSED IN 2005/2006

1. Brady v. Town of North Reading
   Case No. D-04-478
   21300 – 0222

   This is an appeal of a 60 day suspension and a demotion by a firefighter. A
   pre-hearing conference was held on January 6, 2005, and a full-hearing
   was initially scheduled for March 29th and 30th, 2005, but was postponed.
   On or around June 30, 2005, the parties executed a final settlement agree-
   ment in this matter. As part of this agreement, Brady filed an accidental
   disability retirement application with the Middlesex County Retirement
   Board, which was granted in or around October of 2006.

2. North Reading Firefighters, Local 1857 and Town of North Reading
   AAA No. 11 390 01494 05 (Gr: Class Action – Compensatory Time)
   21300 – 0230

   This case involves a grievance regarding the ability of firefighters to earn
   and utilize compensatory time. The arbitration hearing was originally
   scheduled for November 16, 2005, but was rescheduled for March 2, 2006.
   The parties reached a settlement agreement in this matter in or around
   March of 2006.

3. North Reading Firefighters Union and Town of North Reading
   (Gr: Calculation of Longevity Bonus)
   21300 – 0243

   This case involves a grievance regarding the calculation of a longevity
   bonus and its applicability to clothing allowance. The parties reached a
   settlement agreement in this matter in or around March of 2006.

4. Teamsters, Local 25 and Town of North Reading
   AAA No. 11 3900194204 (Gr: DNC Schedules - Use of Leave)
   21300 - 0216

   This case involved a grievance regarding the scheduling of police officers
   during the Democratic Nation Convention, as well as the officers’ ability
   to use various types of leave during that week. An arbitration hearing was
   held on July 21, 2005. Post-hearing briefs were filed on September 16,
   2005. In October 2005, the Arbitrator upheld the Town’s decision to can-
   cel and prohibit days off during the week of the Democratic National
   Convention.
5. Teamsters, Local 25 and Town of North Reading  
AAA No. 11 39000893 04 (Gr: Class Action - Holidays)  
21300 - 0217

This case involves a grievance regarding the utilization and calculation of holiday compensatory days. The dispute centers on when such days accrue each year. An arbitration hearing was held on May 19, 2005. The parties filed post-hearing briefs on July 28, 2005. In August 2005, the Arbitrator upheld the Town’s decision, allowing the police officers to use holiday compensatory days only after the designated holiday has occurred.

6. Teamsters, Local 25 and Town of North Reading  
AAA No. 11 39001161 04 (Gr: Class Action - Payment of Details)  
21300 - 0218

This case involves a grievance regarding the payment and definition of Town details. An arbitration hearing was held on June 7, 2005. Post-hearing briefs were filed on August 19, 2005. In September 2005, the Arbitrator upheld the Town’s decision to not pay a minimum of eight (8) hours pay for a police detail that was paid for by the DPW when it hired Viking Tree to perform tree pruning related services.
TOWN-OWNED LAND
For Your Information

Map & Parcel ......................... Refers to Assessors Map & parcel pages and numbers.

Location ............................. Street on which parcel is mentioned.

Approximate Area .................. Roughly the square footage or acreage of parcel mentioned.

Primary Use .......................... If parcel is being used for town purposes, it is mentioned here.

Tax Land by Possession** ......... Designated by asterisks in report – land which is taken by the town due to default of property taxes – taken after land has been in tax title for a period of not less than 2 years.

Controlled/Supervision .......... Designated Committee, Commission, or department who has control or priority of mentioned parcel.

Date Acquired ....................... The date which mentioned parcel came into town ownership.

</table>
The Board of Registrars, in conjunction with the Town Clerk’s Office, continued their work throughout 2006 in preparation and readiness for all election and town meeting activity. The Registrars were pleased to welcome Frances A. Exum (Democrat) to the Board, and thanked her for interest and willingness to serve the Town in this capacity.

Census, election and town meeting activity included processing the annual census, voter registrations for all activity, nomination papers for the Town Election, citizens petitions for town meetings, absentee ballots for all elections, and processing overseas and provisional ballots from the State election. Administrative Assistant Carol Ducrow worked diligently to maintain all aspects of voter and census activity for these numerous election-related functions.

Election activity for 2006 included the annual Town Election on May 2\textsuperscript{nd} (10.9\% turnout); the State Primary on September 19\textsuperscript{th} (23.6 \% turnout); the State Election on November 7\textsuperscript{th} (64.4 \% turnout) and a Special Election on December 5\textsuperscript{th} (8.8 \% turnout) for a Proposition 2\textsuperscript{-}1/2 debt-exclusion question to purchase modular classrooms for the Middle School, which passed.

Regular Town Meetings were held in April (two sessions) and October (one session). The adjourned 2\textsuperscript{nd} session of the April Town Meeting included action to amend the Zoning By-Laws by adding a new chapter regarding the J.T. Berry Residential Smart Growth Overlay District (SGA), which passed unanimously. Complete text of Town Meeting Minutes and Election results appears in the Town Clerk’s Records section elsewhere within this Annual Report.

Regulations contained in the “Help America Vote Act” of 2002 (“HAVA”) continued throughout the country this year. This law was enacted in 2002 by President Bush and the legislature to address voting issues which arose across the country from the 2000 Presidential Election. Part of the Act includes “Provisional”balloting for persons whose voter status cannot be determined on an election day. Still pending under HAVA is the acquisition of a Direct Recording Electronic Voting Machine (DRE) at each precinct which will enable handicapped persons to vote without assistance, should they wish to do so.

Once again we would like to recognize the diligence and dedication of our election workers as an essential part of the election process, especially during such a busy election year as this. They participate in training sessions to stay on top of the various changes in election laws and procedures and are dedicated to the election process and the Town. This office is truly appreciative of and dependent on them, and we acknowledge their great contribution to the Town and the entire election process.

There are now four Political “PARTIES” and eighteen Political “Designations” presently in effect in Massachusetts. The “Green-Rainbow Party” has changed from a political “designation” to a political “Party” since candidates for this party received at least 3\% of the vote at the November 7, 2006 State Election, as well as the newly-created Political Party “Working Families.”
The current political parties are as follows:

DEMOCRAT, REPUBLICAN, GREEN-RAINBOW and WORKING FAMILIES are the political “PARTIES” and the current political “designations” (which do not qualify for primaries) are as follows:

At this time, “Active” voter enrollment in North Reading indicates a slight decrease from this same time last year. Under Mass General Laws, the voter list is “purged” each year to delete any voter who has been “Inactive” for up to the last four years and who has not voted in the last two State elections. As a result of this action, over 200 voters were purged from the voting list at the end of 2006.

A break-down of voter enrollment in North Reading as of December 31, 2006 follows:

As always, the Board of Registrars wishes to express their appreciation to Carr’s Stationers as they continue to allow us to use their establishment as a drop-off location for the annual Town Census. Residents continue to utilize this location, as well as the Town Library and the Town Hall as census drop-off locations.

Respectfully submitted,

Barbara Stats, Town Clerk, MMC/CMMC
for the Board of Registrars:
Eleanor T. Jean
Charles T. Faneuff
Frances A. Exum
The Senior Center is open Monday-Thursday 8:00am-4:00pm and on Friday from 8:00am-1pm to all residents 60 years of age and older. The Department of Elder Affairs serves approximately 2,395 residents (60+). Last year the Department provided North Reading Elders, their families and caregivers with 30,234 various services including home delivered meals, meals served at the Center, health clinic screenings, exercise programs, daily social activities, social events, recreational trips and transportation. Other services provided by the Department include health benefit counseling (SHINE), tax assistance, fuel assistance, legal advice, elder care advise, intake case management, information and referral.

The following services were provided by Mystic Valley Elder Services in agreement with the Town for a value of service in the amount of $363,746: home delivered meals, congregate meals, legal services, medical transportation, support for blind elders, caregiver support, money management, SHINE and home care. The actual cost to the Town of North Reading of $2,159. Mystic Valley Elder Services has an outstanding, caring, compassionate staff and their quality of services is exceptional.

This year an Elder Fire Safety Program was sponsored by the North Reading Fire Department and Elder Affairs. Captain Barry Galvin, NRFD and his department visited Elders homes and installed 600 smoke detectors and 250 carbon monoxide detectors, key boxes, information on lifelines and distributed educational material regarding Elder safety and services. This program was provided with grants and gifts from the employees of Teradyne, Mass. Department of Public Health and Elder Affairs.

Also this year is has been a pleasure to listen to the fine sounds of the North Reading “Senior Echoes” a newly formed choral group directed by North Reading’s Marcia Cutlip. This is a group of 20 or so Senior Citizens who rehearse weekly and bring their beautiful music to many nursing homes, senior centers and assisted living communities in the local area. New members are always welcome. It is a fun no stress group who believe “Singing is good for the soul and your health.”

Thanks to a grant from the Executive Office of Elder Affairs we were able to hire a part time program coordinator (8 hr./week) to help with new programming and oversee various programs at the Senior Center.

This past August a “Friends” of the Council on Aging group was incorporated to help advocate and fund raise to financially support the good works of the Senior Center in providing services, program and facility improvements.
not otherwise funded the Town. This group is made up of an amazing group of individuals who are truly dedicated to the needs of North Reading Elders and we thank them very much.

The Department along with the Council on Aging is constantly working on developing new program ideas and working on the many challenges that will face our ever growing elder population in the future.

The goal of the staff and volunteers at the Department of Elder Affairs is to help North Reading Elders safely age in place with the dignity and independence in the homes and in the community which they helped build...because there is no place like home! We will continue to strive towards this goal by offering an understanding, compassionate and confidential referral information system and providing the foremost senior-care service available.

HISTORICAL COMMISSION

The Commission has continued its mission to focus on the identification, recording, and maintenance of historic properties in North Reading. Endeavors to implement preservation programs are ongoing.

Priorities and funding sources for maintenance and repair of the Damon Tavern were a focus throughout the year. In spring, 2006, chimney caps were installed on the building. The restoration of the ballroom for public access remains a major objective, with members conducting extensive research into non-aqueous fire suppression systems to preserve the Rufus Porter murals.

In February, 2006, a collection of old North Reading picture postcards was donated by Mrs. Carl Soule.

In March 2006, Commission members undertook walking tours of some town cemeteries to assess the condition of historic markers therein.

In September, 2006, the Commission was saddened by the sudden death of longtime member David Osgood.

The Commission finalized a draft of the Preservation By-Law designed to preserve and protect North Reading’s historic assets. The By-Law was presented at the October, 2006 Town Meeting and its interpretation and application remains under discussion.

In November, 2006, Commission members participated with the North Reading Historic District Commission and North Reading Historical and Antiquarian Society in receiving an original 1713 Town Meeting Warrant calling for the formation of a “second parish”. The document, which led to the creation of North Reading as a town separate from Reading, was donated by Howard Solomon.

The Commission continued to support the Massachusetts Historical Commission’s requests for archaeological digs into the J.T. Berry site as various artifacts worthy of preservation were uncovered.

Respectfully submitted,

Ann M. Sullivan, Secretary
The North Reading Historic District Commission met seven times during 2006. Issues concerning the Batchelder School renovation were still under review by the group, and the Certificate of Appropriateness for the Batchelder Renovation was amended to allow additional parking at the northwest corner of the building as well as along Peabody/Haverhill Street corner. Landscaping and signage were also reviewed.

Certificates of Appropriateness were approved for restoration work on the east and south sides of the Putnam House, for replacement of a rear porch on the DiFranza property at 25 Bow St. and for the reconstruction of the Flint House on the Putnam Property by the Minit and Militia Company.

Mark Hall’s proposal for relocating Ryer’s Store to the Putnam property was deemed inappropriate, and no certificate was sought. However, a letter supporting Mark’s relocation of the Ryer’s Store to the rear of the existing lot was unanimously approved.

Renovation of the Police/Fire Station complex continues smoothly.

David Ham is working on revising the Historic District Guidelines.

As the Route 62 Project nears completion, the Commission is discussing the beautification of the Common and the traffic island in front of the Library with Mike Soraghan, the Town Engineer.

Respectfully submitted,

Mabel G. DiFranza, Chairman

FOURTH OF JULY COMMITTEE

Because the July 4th Committee is a non-profit organization and is not funded by the town, the function of the July 4th Committee is to organize and raise the money for the July 4th event.

The July 4th Committee also participates in the Memorial Day parade by having a pickup truck decorated in July 4th decorations and Gloria Mastro dressed as Betty Ross, Kathy Aresco dress as the Statue of Liberty and Mario Aloisi as Uncle Sam in the back of the pickup truck to celebrate the upcoming July 4th event.

Because of the flooding of the Ipswich River Park due to the heavy rain, the fireworks display this year had to be downsized a little because the areas that were needed for larger fireworks were flooded. Even though this was a problem Warren Pearce, Dick Romboli and their crew still put on a spectacular show both nights.

This year the July 4th Committee decided to have one day from 10:00 A.M. to 4:00 P.M. on July 2, 2006 just for kids with games and a visit from Ronald McDonald and thanks to Ellen Manning, Kathy Aresco, Gloria Mastro and Mario Aloisi, whom did all the work for this event, it was a success. The other events at this years July 4th event were amusements rides, pony rides, carriage and bike parade, kid care ID, face painting, local teenage bands, Razen Kayne Band, Morlocks Band, the Senior Echos Chorus. In addition, there are different town organizations there with booths set up selling food, drinks, crafts and games to play, trying to raise for their organizations.

And again this year, the July 4th event would not have been without the help of Mike Phillips, Bruce Wheeler and donations from the public and different businesses of the town, “Thank you.”

The July 4th Committee would like to thank the North Reading Police Department, the North Reading Fire Department, Department of Public Works, Recreation Committee and Brian Woods for helping to make the July 4th Fair a success.

Respectfully submitted,

Warren Pearce, Chairman
Jo-Anna Purnell, Vice Chairman
Yvonne Sorensen, Treasurer

FLINT MEMORIAL LIBRARY

The Flint Memorial Library is a member of the Merrimack Valley Library Consortium (MVLC), which provides the online catalog and allows patrons to search for materials and request items from wherever there is Internet access. The library has four full-time and seven part-time staff, as well as three substitute technicians. Since July, 2002, the library has operated with only a part-time Head of Circulation and reduced support staff hours. The hours of operation are also reduced. The library is currently open 45 hours a week, with fewer evening and fewer morning hours than in the past, and no Sunday hours.

Highlights of the Year

• Thanks to the Information Technology Department for setting up a wireless system. Comcast provides free high-speed broadband, both for our hard-wired and wireless PCs.

The wireless router was donated. The Friends of the Library have provided further support for wireless. This was the year digital downloadable audiobooks were introduced through Overdrive. These titles may be downloaded from home or office and played on CD, an MP3 player or computer.

• North Reading Reads 2006 was a true community event. The title selected was In Revere, In Those Days by Roland Merullo. There were over 20 related events. The reading program culminated in an evening with the author at North Reading High School, attended by 150 people. The community read was organized by both the Flint Memorial Library and the High School Library. The library also held 10 programs, under the “Friends Expanding Horizons” series.

• Participation in the children’s eight-week summer reading program, “What’s Buzzin’ @ the Flint Memorial Library” increased by over 20% from last year. There were over 400 people at the June kickoff alone. A generous contribution from Comcast to the Friends helped to make the program a success. Teens enjoyed an evening of Karaoke and a lively auction in August. An Early Childhood Literacy grant from Verizon enabled the Children’s Department to offer regular visits from Dara VanRemoortel; to purchase a special set of early reading books; to add more parenting books and special DVDs; to offer workshops in baby massage, signing, and phonics and enrichment. The Children’s Room painting was completed with yellow and green trim around the windows and doors to continue to make the room inviting for all.

• The Friends of the Library held two successful raffles and increased their regular memberships by 24% and their business memberships by 60%. They also held two book sales. They provided much needed help at North Reading Reads events and children’s programs. This year, the Massachusetts Board of Library Commissioners has established The Public Library
Fund, which provides matching funds for any funds received by the library, either through the Friends or the Library Gift Fund. This is a real incentive.

- The library would not be able to run without the help of dedicated volunteers, many of whom are in the Senior Tax Rebate program. I would like to thank them for all their help.

- I would like to thank the staff and Trustees for all their energy and for going the extra mile to help make the library run.

INFORMATION TECHNOLOGY ADVISORY COMMITTEE

Committee Charge
The ITAC was formed in September 2003, sponsored by the Town Administrator, to:

• Recommend systems and technology, which may include hardware, software, applications, network and telecommunications infrastructure, and training.
• Advise on security systems and policies necessary to protect the Town’s IT assets and data.
• Identify opportunities for the use of new and existing technologies.
• Consult on a three (3) year Information Technology Strategic and Capital Improvement Plan, updated annually.

2006 Accomplishments
• Met with Greg Balukonis, Town Administrator, to address ITAC concerns and discuss committee’s future direction, - January 2006
• Revised ITAC charge - April 2006
• Formulated IT Strategic plan proposal to facilitate 3-year IT budget development - May 2006
• Discussed overall scope and approach with the T.A. and systems consultant hired to manage the new telephone system project - October 2006
• Created “how to” document to facilitate IT Disaster Recovery plan development - December 2006
• New Accounting system; conducted 3 of 5 vendor assessments - December 2006

Mike Kushakji
During 2006, the Fire Department continued to experience an increase in responses while still operating at the same on-duty personnel levels that have been in place since the late 60’s. The department responded to 2070 emergencies or calls for assistance, a 7.6 percent increase over 2005 and in excess of twice the amount of responses made by the department in 1970. This total included responses to 209 incidents involving fires, explosions or hazardous conditions. In addition, the ambulance transported 731 patients which represent a 7% increase over 2005.

The Police Station construction project created a major disruption to daily operations which resulted in a major challenge to the continuity of departmental services. This was especially evident during the department’s temporary displacement from the building during July and August due to excavations in the front of the building. Two Engines and the Ambulances were housed in temporary tents on the street in front of Headquarters while another Engine and the Ladder truck were garaged at Commonwealth Fuel on Main Street.
My thanks to Chuck Carucci, who generously donated the use of two-thirds of his garage for use as a temporary fire station during this period. Additional emergency vehicles and trailers, along with the Public Safety Mechanic’s Shop were relocated to the Wheeler Barn at Riverpark. Special thanks to Brian Wood and Parks and Recreation for making this much needed space available during this difficult time.

The department’s fire prevention activities for the year included the annual fire station open house during fire prevention week, where numerous demonstrations and displays of equipment were presented to the hundreds of residents who stopped by. With the help of a $2,668 SAFE Grant, personnel were able to present a curriculum of fire safety classes to students in the elementary and middle schools. In addition, during the year the department conducted regular fire drills and visits to the schools and kindergartens and hosted many demonstrations at the fire station for scout and other youth groups. Another activity during the year was the on-duty crew’s visits to various neighborhoods block parties to distribute fire prevention and related information. Other fire prevention and safety functions included distribution of information and Frisbees during the 4th of July at Riverpark and the annual Halloween Party at the Middle School which was sponsored by the Firefighters Union.

Under the lead of the department’s Elder Affairs Liaison, Captain Barry Galvin, the department entered into a collaboration with Elder Affairs Director Mary Prenney, to utilize a state grant to provide and install free smoke detectors to those senior citizens in need. To date, with the support and assistance from all the department members, over 300 smoke detectors with long life batteries have been installed in over 120 homes. The firefighters also installed over 250 Carbon Monoxide detectors which were also supplied though donations received by Mary Prenney from Teradyne, Inc. These detectors have already been responsible for averting several tragedies by alerting the occupants to the unsafe levels of Carbon Monoxide in their homes. The program also supplies lock boxes which secure keys for emergency access to the homes of seniors by fire department personnel responding to calls for help.

The planning and construction of several building projects have seen inspections continue to be a growing function which requires the focus of the already limited manpower of this department. The enactment of Nichole’s Law in March required our inspectors to check the installation and operation of Carbon Monoxide Detectors, along with the previously required smoke detectors in all residences being sold. In addition to the inspections that are performed on a routine basis or as part of ongoing programs, the crews performed pre-plan walk through visits to many of the buildings and projects undergoing construction or renovation. Oil Burner Inspector Donald Cooke continued to be responsible for the inspection of all oil burner and tank installations, in addition to the inspection of vehicles installed with oil tanks. The number of fire prevention permits issued continued to increase due to department’s increased efforts to enforce and renew annually. Below is a summary of the documented inspections conducted and the permits issued:
Residential Smoke Detector Inspections ........................................... 194
Occupancy Permit Inspections ............................................................ 84
License Inspections .............................................................................. 60
Tank Truck Inspections ....................................................................... 34
Oil Burners and Tanks Inspected ........................................................ 90
Tank Removals ....................................................................................... 6
Quarterly Medical Facility Inspections .................................................. 4
School Inspections/Fire Drills ............................................................. 20
Open Burning Permits issued ..........................................................  951
Other Permits issued ......................................................................... 219

Charges from the permits and inspections resulted in the collection of $16,110 in fees.

The department also received two significant grants during the year. A Homeland Security Grant for the sum of $12,000 went toward the installation of a radio repeater to give better coverage for operations on the east end of town.

A Federal Firefighter Safety Grant for $128,679 has enabled the department to begin replacing all outdated and unrepairable mobile and portable two-way radios. Firefighter Kevin Carter has taken the lead in developing this new system and programming all the new equipment.

The municipal fire alarm system includes over 140 street and master connected fire alarm boxes. This system provides protection for all municipal buildings and a large percentage of our commercial properties. The operation of this system is managed by our Fire Alarm Technician, Captain Richard Nash who also is responsible for reviewing all fire alarm plans for new commercial construction. The fees collected from businesses for having Master Boxes connected to our system totaled $27,400.

The Emergency Medical Service continues to be an important segment of departmental operations. EMT Coordinator Herb Batchelder and EMT Trainer Captain William Warnock continued to manage operations and training. All permanent members and many of the call members are certified as Emergency Medical Technicians and train regularly to maintain their certifications. During the past year everyone was instructed in the updated American Heart Association standards for Cardio Pulmonary Resuscitation. In addition personnel were trained in the advanced skills of Glucometry (Blood Sugar Testing) and the administering of Albuterol Treatments for respiratory distress. The development of an EMS Service Zone plan documenting local resources and agreements for the town is also nearing completion.

Training is an important segment of operations which continued throughout the year. All shifts participated in basic training techniques for the recently appointed new firefighters and completed the MIIA Safe Driving Course and Driver Simulator Module. Several Massachusetts Firefighting Academy Courses were also presented to on duty personnel as part of the Impact Series. All per-
sonnel completed the ICS 700 and ICS 100 courses, meeting the federal requirement for completion of National Incident Management Training. The Command Staff also completed ICS 200 to meet the federal requirements for their positions. On a Saturday morning last spring the department took advantage of a donated house on Linwood Ave to conduct department-wide training in forcible entry, search and rescue, ventilation, and fire attack techniques.

In February, Firefighter William H. Warnock retired after thirty-nine years of dedicated service. Firefighter Nicholas Carney was appointed as his replacement and completed the State Fire Academy Recruit Training in December. During June, Firefighter Mathew Carroll also graduated from the thirteen week MFA Recruit Training Program.

During the spring a group of firefighters under the lead of Firefighter Mike Tannian and including Firefighters Stats, Pepper, Lee and Captains Nash and Marotta donated their off duty time and resources to renovate an area of the cellar of the fire station into a larger, more effective exercise room.

Several members also volunteered significant off duty time as part of committees developing specifications for new apparatus. Led by Captain Marotta, the fire engine committee included: Deputy Harris, Captains Nash and Galvin, Firefighters Burt, Carter, Stats, Batchelder, and Mechanic Fransen. The new ambulance committee, led by Firefighter Batchelder, included: Firefighters Burt, Carter, Tannian, and Mechanic Fransen. My thanks to the members of both these committees who donated many hours of their own time to go and investigate new products and produce the specifications for our new equipment.

The fire department’s continued effective operation is the direct result of the team effort and accomplishments of each individual member. To this extent I wish to thank all the Officers, Firefighters, Call Firefighters, Mechanic, and Helen Gray, the department’s Administrative Assistant for their continued support.

In closing, I would also like to extend my thanks to the Town Administrator, Elder Affairs Director, Finance Division, Building Department, Inspectional Division, Public Works, and especially the Police Department, who regularly assists us during both routine and emergency situations.

Respectfully submitted,

David W. Harlow

Crossing Guards: 5
MESSAGE FROM THE CHIEF OF POLICE

Dear Residents,

The Police Department has had another busy year. The member of the Patrol Division and the Criminal Investigation Unit (CIU) have continued to dedicated countless hours addressing the local and regional Oxycontin and heroin problem while trying to balance their time between other police matters. The patrol force has helped maintain a high level of safety along the Route 62 construction project. The community services team completed conducted a citizens’ police academy, which touched on many topics relevant to living in today’s hectic world and sponsored a six-part drug education academy last fall. The administrative team has spent many hours in developing and managing and implementing action and tactical plans, writing and administering grants, negotiating and managing the day-to-day operations of the department.

The Police Station Building Project continues to move forward, albeit, slower than originally scheduled. The “Mother’s Day” Deluge and subsequent heavy spring rains set the project behind schedule. In addition, the project has experienced a good dose of “Murphy’s Law.” What could go wrong did, for example: three truck loads of structural steel arrived on site but it destined for another project; the septic systems and drainage systems require much more extensive than could have been anticipated, an existing exterior wall collapsed and joining new steel beams to the existing structural components was difficult. All of these issues and more has caused delays and overruns of budget. It is unfortunate, but to keep the construction moving forward money had to be transferred from other project budgets. As a result of these shortfalls we will need subsequent funding to purchase furnishings, radio equipment and technology.

With the support of our residents, town government and the budget we will endeavor to continue strong, diligent and dedicated efforts to mitigate the lethal and serious drug epidemic, other crime problems facing North Reading and complete the building project in the coming year.

On a personal note I will be retiring as your Chief of Police after 40–years of service. During my career I served the NRPD and the Town in many capacities. During those years of service I have seen serious crimes committed, many tragedies, troublesome trends and the day-to-day routines of be a cop and through it all there was one constant, I was working with one of the most dedicated, competent and caring police departments around. I would also like to thank all every citizen of North Reading who supported us throughout the years. As I pass the torch to my successor, I hope that you will continue to support your police in the future.

Sincerely,

Henry J. Purnell,
Chief of Police

BUILDING DEPARTMENT

This year, the Building Department issued a total of 574 building permits.

New Homes................................................................. 31
Town Homes .............................................................. 17
Other permits/certificates ........................................... 51
Total Fees for Building ........................................... $300,457.00
Total Fees for the Department .............................. $445,061.00

Respectfully submitted,

James DeCola
Inspector of Buildings
Zoning Enforcement Officer
ADA Coordinator

GAS INSPECTOR

There were 222 gas permits issued by this department in 2006. $33,363.00 was turned over to the Town Treasurer. Approximately 440 inspections and 35 reinspections were made by me and my assistant, Essam Kader during this year. I responded to 3 carbon monoxide complaints and 3 fire related calls.

Call hours for inspections or information are from 6:00 p.m. - 7:00 p.m. Monday - Friday at (781) 233-8675. Permits will be issued at the Building Inspection office in Town Hall.

Respectfully submitted,

James Diozzi
Gas Inspector

PLUMBING INSPECTOR

There were 255 plumbing permits issued for work being done this year. $38,829.00 was turned over to the Town Treasurer. Approximately 548 inspections and reinspections were made by me and my assistant Essam Kader during this year.

Call hours for inspections or information are from 6:00 p.m. - 7:00 p.m. Monday - Thursday at (781)233-8675. Permits will be issued at the Building Inspection office in Town Hall.

Respectfully submitted,

James Diozzi
Plumbing Inspector
WIRING INSPECTIONS

During the past year of 2006, the North Reading Wiring Inspection Department issued a total of five hundred and twenty six (526) electrical wiring permits. These resulted in a total of 1278 inspections performed by my assistant Stephen Gigante and myself.

We responded to 56 fire and flood related calls, working with the North Reading Fire Department and Reading Municipal Light Department. There also was an additional non related calls requiring approximately 19 additional calls.

A total amount of $72,412.00 was received for these permits. All monies have been turned over to the Town Treasurer.

Applications for permits may be obtained at the inspection office which is located at the Town Hall. We can be reached by phone to our home between 6 p.m. and 7 p.m. evenings or Saturdays 10 a.m. – 11 a.m. at 978 664-4828.

Respectfully submitted,

Joseph G. Gigante
Wiring Inspector

SEALER OF WEIGHTS & MEASURES

I hereby submit my report as Sealer of Weights & Measures for the Town of North Reading from January 1, 2006 to December 31, 2006. I have inspected, sealed, and adjusted, or condemned a total of three hundred and fifty six (356) measuring units. Fees totaling $4,181.00 were turned over to the Town Treasurer and receipts were received for same.

Respectfully submitted,

Mel Peck
Inspector of Weights & Measures
BOARD OF HEALTH

Gary Hunt continued as the Chairman of the Board, with Michael Ricci and Pamela Vath as members. Martin Fair, R.S., C.H.O., continued as Health Agent/Director of Public Health. Susan Doherty continued as Clerk of the Board and Communicable Disease Agent.

Karl Berg was nominated by the Board as Animal Inspector and appointed by the Department of Food and Agriculture. Jerry Berg was appointed as his assistant.

The Board contracted with Ernest Vieira, R.S., for semi-annual inspections of 71 food locations.

Suzanne Swansburg, R.N., continued as Public Health Nurse.

West Nile Virus surveillance continued this year, and catch basins were baited with Vectolex by East Middlesex Mosquito Control.

There were 21 cases of Lyme Disease reported.

Total number of permits issued: 353

Two thousand four hundred fifteen cases of biologics were distributed during the year.

Total fees collected were $44,407.00.
Education

NORTH READING SCHOOL COMMITTEE

OVERVIEW

The School Committee is charged with the responsibility to develop policies and a budget to support the quality of education provided to the children within the public schools of North Reading. Toward that end, the Committee remains committed to the implementation of the School Department’s Strategic Plan 2000 and the mission of the public schools.

The Mission of the North Reading Public Schools is to educate all students by providing a safe learning environment which challenges and encourages them to be thinking, creative and responsible individuals who are confident and committed to excellence, service, and life-long learning.

Furthermore, the Committee demonstrates its commitment to inclusion with the adoption of the following statement of philosophy:

*The North Reading School District is an inclusive school district. As such, we are a collaborative culture that welcomes all members into our learning community. With the recognition that students share more similarities than differences, our learning community respects each individual’s unique contributions. In our schools, we expect all adults to share the responsibility to provide every student with access to and participation in high quality general education.*

GOALS

The School Committee continued to work on four major goals during 2006: Policy, Budget, Communication, and Strategic Planning. Each of these goals is supported by one or more objectives which provide direction for the attainment of each goal.

**Goal I: Policy.** The School Committee will establish and maintain clearly written, student-centered policies which are consistent with our philosophy as well as state and federal mandates.

1. To develop and implement policies which are student-centered, promote the inclusion of all students and provide equal access to all programs and curriculum and are consistent with Education Reform
2. To review current research on the impact of later school start times on the learning needs of adolescents

**Results:** Through the work of the Policy Sub-Committee, the systematic review of the Policy Manual continued and the Committee approved the following policies: Educational Foundations and Health and Wellness. Research was initiated on policies on Safe Schools, Gifted and Talented Education and Standards-based Teaching. The Task Force on “School Start Times” researched the literature and met with various parent groups.
**Goal II: Budget.** The School Committee will develop a budget which allows the school system to meet its educational goals.

1. Develop a “reasonable” FY07 Budget that will meet our standards
2. Continue to implement the Capital Budget Plan
3. Develop a long-term Strategic Plan for Finance
4. Develop an ongoing Facilities / Grounds Maintenance Plan
5. Complete contract negotiations with all employee groups
6. Enhance funding for schools through corporate sponsorships and partnerships
7. Fund the Secondary Schools Building Needs Plan

**Results:** The School Committee worked closely with the Board of Selectmen and the Finance Committee to develop the FY07 Budget. The School Finance Planning Team with representatives from the School Committee, Board of Selectmen and Finance Committee as well as the Superintendent, Town Administrator, School Business Manager and the Town’s Finance Director met regularly to review Town finances and budget. Voters appropriated $19,931,938 at the April Town Meeting and an additional $120,000 at the October Town Meeting for a total FY07 Budget of $20,051,938 (7.2% increase).

The FY07 Budget was designed to meet the Committee’s Budget Goals:

1. Build on the foundation that was restored through the Override in FY05
2. Implement the next phases of the strategic plan
3. Provide necessary services to students, staff, parents and the community
4. Maintain commitment to school building needs plan
5. Review all potential revenue sources

The FY07 Budget did not address all of the needs of the School Department. Class sizes continue to rise at the secondary level and new programs, including health education, were not implemented. With the exception of a new custodial position at the Batchelder School, no additional staff was added. The budget did support the purchase of a new reading program for the elementary schools (Houghton-Mifflin Reading Program). The significant budget item for 2006 included the completion of contract negotiations with all employee groups including the North Reading Education Association. The School Committee achieved its goal to have salaries competitive with area communities. The new Teachers’ Contract included a 1.0% raise effective January 1, 2006 and a 2.0%, 3.0% and 2.0% increase effective July 1, 2006, 2007 and 2008. Reductions in retirement benefits (sick time buy-back and early retirement incentive provisions) were negotiated.

Voters approved the capital budget projects for the School Department at the April Town Meeting: Air-conditioning of the Network Operations Center ($20,000) and at the October Town Meeting: Technology Lease ($32,000) and a Special Education Van ($30,000).

In other budgetary matters, voters approved $50,000 to continue the feasibility study of the secondary school facilities and site assessment and $931,183
to fund the purchase and installation of six modular classrooms for the Middle School. In a subsequent election in November, voters approved the debt exclusion vote for the purchase of the Middle School modular classrooms.

**Goal III: Communication.** The School Committee will work to enhance communication with the various customers which it serves.
1. More actively involve the School Councils within the school system
2. Develop a public relations plan
3. Expand community outreach

**Results:** The School Committee continued to work cooperatively with all segments of Town Government and to encourage the work of the School Councils, Athletic Boosters, Music Boosters, Parent Associations and the Special Education Parent Advisory Council (SEFAC) in the support of our schools. The School Department’s website was established through EdNets and an emergency telephone / e-mail notification system was installed.

**Goal IV: Strategic Planning.** The School Committee will establish an overall educational plan and provide the framework and environment which will support the success of this plan.
1. Review and update the “Strategic Plan”
2. Review Middle School mission, practices, programs and scheduling
3. Review the student health needs for the district
4. Explore school climate and the definition of “inclusiveness”
5. Review elementary report cards and align with secondary report cards
6. Complete the Batchelder School project
7. Review curriculum / program needs (foreign language, health, media, performance arts, mathematics and technology)

**Results:** The major event of 2006 was the completion of the Batchelder School project. The newly renovated and expanded school opened in September and a community-wide celebration was held in October. The completion of the Batchelder School project culminates ten years of work by the Elementary Schools Building Committee. The Committee also joined in the dedication of the new tennis courts at the Middle School. School Committee continued to support the implementation of the School Department’s Strategic Plan 2000. Updates on the Strategic Plan Progress Reports were included on the School Committee agendas. The Committee approved a new reading program for grades K-5 and the restructure of the math and foreign language programs in the Middle School.

**Town Meeting Action and Special Elections**
- **Annual Town Meeting.** At the Annual Town Meeting the Committee requested and the voters approved the FY07 Budget of $19,931,938.
- **October Town Meeting.** Based upon additional state aid, voters approved $120,000 and amended the FY07 budget of $20,051,938. Voters also approved $931,183 for the purchase and installation of modular classrooms at the Middle School.
November Special Election: Voters approved a debt exclusion for the purchase and installation of modular classrooms at the Middle School.

School Committee Membership and Special Projects:
In May 2006, Ms. Nicole Davis and Mr. Gerald Venezia were re-elected to a three-year term on the School Committee. School Committee officers included: Mrs. Maureen Vacca, Chair; Mr. Stephen Jervey, Vice-Chair; Mr. Mel Webster, Secretary; Mr. Gerald Venezia, Legislative Representative; and Mrs. Nicole Davis, Liaison to Support Groups. Mr. Venezia was reappointed to the Elementary School Building Committee and Mr. Jervey was reappointed to the Secondary Schools Building Committee. Mrs. Davis and Mr. Jervey were appointed to the Policy Committee; Mr. Venezia and Mr. Webster were appointed to the Athletic Committee; Mrs. Vacca and Mr. Jervey were appointed to the Finance Planning Committee; and Mrs. Vacca was appointed to the Youth at Risk Committee. In September, Tory Clerkin (Class of 2007) and Kelley McQuillin (Class of 2009) were elected as Student Representatives to the School Committee, joining Caroline Gattuso (Class of 2008), Ryan Hilliard (Class of 2007) and Maddie Marenholz (Class of 2007).

School Committee Members actively participated in the following special projects during 2006:

- Elementary Schools Building Committee (Mr. Venezia)
- Secondary Schools Building Committee (Mr. Jervey)
- Policy Sub-Committee (Mrs. Davis, Mr. Jervey)
- Youth at Risk Behavior Committee (Mrs. Vacca)
- Finance Planning Team (Mr. Venezia, Mrs. Vacca, Mr. Jervey)
- School Finance Strategies Committee (Mr. Webster, Mrs. Davis)
- Athletics Sub-Committee (Mr. Venezia, Mrs. Vacca, Mr. Webster)
- Special Education Parent Advisory Council (Mr. Jervey)
- Capital Infrastructure Committee (Mrs. Davis, Mrs. Vacca)
- Teacher Negotiations Sub-Committee (Mr. Venezia, Mr. Jervey)
- Secretary Negotiations Sub-Committee (Mrs. Davis)
- Custodian Negotiations Sub-Committee (Mrs. Vacca)
- Paraprofessional Negotiations Sub-Committee (Mr. Webster)

Respectfully submitted,

Maureen H. Vacca, Chairperson
Stephen D. Jervey, Vice-Chairperson
Nicole Davis
Gerald Venezia
Mel Webster
SUPERINTENDENT OF SCHOOLS

OVERVIEW

The Superintendent of Schools implements the programs, policies, and budget developed by the School Committee and is responsible for the leadership and management of the School Department. The Annual Report provides an opportunity to note the major district and school accomplishments and events of the year. The year has been marked by several significant accomplishments including the celebration of the reopening of the “new” L.D. Batchelder School, the implementation of a new literacy program in grades K-5, visit by Zhang Xianzhen, School Principal in China and the work to improve and expand the facilities at the secondary schools. Additionally, community involvement in our schools continues to be strong through organizations and committees including the Parent Associations and School Councils at each school, Athletic Boosters, Music Boosters, the Parent Advisory Council, the Health Advisory Council, the Youth at Risk Committee, Elementary and Secondary Schools Building Committees and the Superintendent’s Advisory Council. The School Department and Staff continue to strive to provide each student with a positive learning environment.

BENCHMARK RESULTS

Student Accountability

- North Reading students continued to demonstrate solid performance on the MCAS tests and our schools are ranked among the top performing school districts in the Commonwealth
- The district met the “Adequate Yearly Progress” goals in English Language Arts and in Mathematics as established under the “No Child Left Behind” Act and the Mass. Dept. of Education.
- The percentage of students (49% of the Class of 2006) taking Advanced Placement tests increased (79 students took 137 AP exams)
- SAT results remained competitive with state and national averages: average Verbal score of 523 (520 for Mass. and 508 national) and average Math score of 523 (527 for Mass. and 520 for national)
- Percentage of students attending colleges and universities remained high (88%)

Student Programs and Services

- Advisor-Advisee Program established for Middle School students
- Teachers at the Little and Hood Schools trained in “Open Circle”
- School Department worked to support NRYSSA (North Reading Youth Services Support Association)
- Health Advisory Council developed policy on health and wellness
- Student exchange program maintained with the Escuela Sierra Nevada in Mexico
- High School sophomores participated in a pilot academy for math, science and technology at UMass Lowell
**Teacher Quality**
- Teachers new to the district (35) participated in a series of “New Teacher Forums” and are supported through a Mentor Program
- All teachers met or exceeded state standards for high performance as required by the “No Child Left Behind” Act and the Mass. Dept. of Education
- All professional staff possess appropriate license in teaching / administrative areas
- 75% of the teaching staff possess a Masters Degree or higher

**Technology**
- North Reading met the state benchmarks of a 5/1 ratio of students to type A/B computers and 100% of classrooms connected to the Internet
- The EdNets / Website was launched
- Upgrades in network security and support were made

**Curriculum and Instruction**
- French and Spanish Level I implemented in grades 7 and 8
- New literacy program (Houghton Mifflin Reading) implemented in K-5
- Full day kindergarten program (tuition-based) continues at 4 sections (40%)
- New American history textbook implemented in grade 9
- New course in pre-algebra implemented in grade 7

**Professional Development**
- Ongoing professional development programs provided to all staff
- District-wide training programs for inclusion practices continued
- All new teachers trained in curriculum areas (math, writing)
- All schools reach second year benchmarks on inclusion
- High School teachers trained in “Professional Learning Communities” protocol
- Elementary teachers trained in new literacy program
- Teachers participate in on-line professional development courses
- Teachers participate in “Teaching U.S. History Grant” in partnership with Reading, Danvers and Lowell

**Facilities and Grounds**
- Batchelder School addition / renovation project completed
- Celebration of the reopening of the “new” Batchelder School held
- Working with the architects from Dore and Whittier, the Secondary Schools Building Committee completed the feasibility study for construction of new high school
- Funding from the Hillview Commission, private donors, fundraising and town appropriations supported the replacement of the Middle School tennis courts
- New tennis courts at the Middle School completed and dedication ceremony held
- Voters approved the purchase of six additional modular classrooms for
the Middle School adding to the four modular units at the Middle School along with the six modular units and the modular cafeteria at the High School

- Voters approved funding for geotechnical site work on the Middle/High School property
- School Committee approved the hiring of an HVAC technician and an additional grounds/maintenance custodian
- Field maintenance plan completed

Pupil Personnel Services

- All schools reach year two benchmark in implementation of inclusion
- Special education van purchased and two drivers hired to reduce overall special transportation costs by $75,000
- Teachers trained in the Kurzweil assistive technology

Budget

- The FY06 Budget is managed successfully
- Due to the addition of Ch. 70 funds, the FY07 Budget grew by 7.2%
- Contract negotiations completed and new, three year contracts ratified
- School Finance Strategies Committee organized and began budget benchmarking and trend analysis

School Safety

- High School sponsors forum on internet safety for parents
- School Safety Plan updated
- Training in school lock down procedures initiated
- Alert Now rapid notification system implemented
- Assessment of building security completed and recommendations for improvements made

Communication

- School Committee sub-committees organized in the following areas: policy, school safety, athletics, finance planning team, elementary building committee, youth at risk, school health and school finance strategies committee
- School Improvement Plans were completed and presented to the School Committee
- The Parents’ Advisory Council and the Superintendent’s Advisory Committee met to discuss school improvement and communication
- Internal e-mail system enhanced to provide better communication
- Website enhanced at the district and school levels

Policy

- New policy on “Health and Wellness” approved
- Student/Parent Handbooks reviewed and updated
SYSTEM-WIDE HIGHLIGHTS OF 2006

- North Reading students showed strong performance on MCAS tests
- 100% of the Class of 2006 passed Math and English MCAS Tests
- Adequate Yearly Progress goals are on-target in English and Math
- Batchelder School project completed “on-time” and “on-budget” and will be eligible for consideration for reimbursement under the new Mass. School Building Authority

FUTURE CHALLENGES

- Develop and approve a multi-year budget and seek funding of FY08 Budget
- Address high class sizes at the Middle and High School
- Implement a health education curriculum at the Middle and Elementary Schools
- Continue to move forward with plans to construct a new High School and renovate and expand the Middle School
- Increase overall funding for education
- Recruit and retain professional staff at all levels
- Improve resources for technology and support technology plan
- Continue to implement inclusion strategies in all schools
- Reduce reliance on “User Fees” and tuition
- Expand program offerings in world languages, health, technology, the arts, high school electives and early childhood education

SCHOOL STAFF

The following individuals retired from the School Department in 2006. We recognize and thank these individuals for the outstanding contributions each has made to our students and the North Reading Public Schools.

Janis Bartkin School Nurse, Hood School
Constance Butler Grade 5 Teacher, Batchelder School
David Elliott Science Teacher / Curriculum Chair, Middle School
Katharine Hashian Reading Teacher / Curriculum Chair, Middle School
Agatha Marano Music Teacher / Curriculum Chair, Middle School
Robert Pesce Vice Principal, High School
Mary Anne Saul Social Studies Teacher, High School

The Annual Report provides us with an opportunity to reflect on the accomplishments of the last year and to look forward to the future. Despite the challenges we face with funding and facility needs, I am proud of the accomplishments of our school district. Our schools are blessed with a staff that works diligently to provide the best for students. Our parents are extremely supportive of the schools through their donations of time and money. I believe that the community places a high value on education and is willing to partner with the schools and other community groups to maintain the quality of education. It is clear that the continued concerns about funding and the pending needs of education will require careful planning and discussions about priorities. How should we address the facility needs at the secondary level? Should we con-
tinue to be dependent upon fees and tuitions to maintain fundamental pro-
grams in athletics, extracurricular activities, full day kindergarten and trans-
portation? Is it acceptable to schedule classes with 28-30 students at the sec-
ondary level? Given a limited budget, what priorities should we have in tech-
nology, curriculum and instruction? As Superintendent, I am confident that
we will be able to develop a clear plan of action to address these questions.

Respectfully submitted,

David S. Troughton
Superintendent

CURRICULUM AND TECHNOLOGY

The Curriculum and Technology Department of the North Reading Public Schools endeavors to engage professionals from each of its learning communities in a collaborative effort to evaluate, revise, and redefine curriculum and instruction throughout our district. In order to achieve this we must dedicate time and resources to bring professionals from all levels together to pursue collaborative investigation of best practices and current trends in teaching and learning in order to continue to provide a quality education experience and access for all.

Curriculum & Instruction

North Reading continues to score well on the annual Massachusetts Comprehensive Assessment System (MCAS). Results showed that North Reading students are achieving considerably above state standards in the performance levels on each of these assessments.

The fall of 2006 marked the beginning of several new initiatives for the North Reading Public Schools. In keeping with the planned adoption schedule, the ninth grade teaching team piloted a new American History book in the spring of 2006 which was later adopted and implemented in the Fall of 2006. This began the first year of the realigned history curriculum that places a two part United States history course into 9th and 10th grade. The High School science department revised the existing course curriculum to reflect the Backward Design method of curriculum development and expanded the science offerings to include zoology. Through a joint effort of the Middle and High School foreign language staff, the Spanish I curriculum was revised to ensure continuity and establish a pacing guide. The curriculum was written utilizing the Backward Design model. At the elementary level, the work of the Literacy Task Force was completed and the schools have adopted and are currently implementing Houghton Mifflin Reading. This is year one of an implementation that will take approximately three years to be fully integrated into our practice. Throughout the year, as part of the implementation Houghton Mifflin trainers are providing ongoing support to teachers and administrators during release days. The reading series offers resources that provide core support for a comprehensive literacy program. In addition teachers continue to receive training in the Guided Reading process and Literature Circles methodology in order to enhance the core program. Other notable accomplishments include a pilot of the Elementary Math Benchmark Assessments and the introduction of Pre-algebra in grade 7.

Professional Development

North Reading Public Schools Professional Development activities are designed to develop and sustain quality teaching practice throughout all phases of an educator’s career. Professional Development is designed to enhance student learning through the promotion of continual improvement of knowledge and skills on the part of the educator. Training opportunities are broad and include individual as well as group experience and district as well as out-of-
district workshops and classes. Continuous Professional Development is seen as essential to quality education in the North Reading Public Schools. Effective Professional Development results in new learning and is gained by opportunities to become aware of, observe, practice, reflect and refine successful teaching practices. North Reading Public Schools believes that high quality Professional Development is characterized by: a focus on continuous learning; programs which meet the state guidelines for recertification, highly qualified status and our local North Reading professional standards; adequate time and resources; communication between teachers (focus on Collaboration Model), administrators and parents; programs which enhance the academic, social, physical and emotional needs of students; and programs which update the staff on current research techniques and trends in education and which transfer into sound practice. This mission is overseen by the Professional Standards Committee comprised of faculty and administration and has the responsibility of monitoring, approving and reviewing professional development opportunities. The theme of the Professional Development Program for 2006-2007 varies by schools. The elementary focus is “Implementing Comprehensive Literacy,” the Middle School is focusing on “Differentiated Instruction and Brain Research” and the High School is focusing on “Using Data to Inform Instruction.” All fall under the umbrella of the broader theme “Teaching so all students can learn,” and support a multi-year plan for expanding our inclusion practices that include attention to current instructional methodology and curriculum design with emphasis on Differentiated Instruction, Balanced Literacy and Backward Design.

North Reading organizes its professional development to support our overarching curricular philosophies and methodologies: Professional Learning Communities; Inclusion; Learning Styles & Multiple Intelligences; Standards Based Instruction; Backward Design (Understanding by Design); Differentiated Instruction; Comprehensive Literacy; and Technology Integration. The district offers ongoing high quality professional development to faculty that provides for continual professional improvement in all of theses areas. Our program offers New Faculty mentoring and a New Teacher Program. Mentors provide daily support and the forum program is broken down into monthly meetings at which one of the overarching methods or philosophies is addressed.

North Reading Public Schools offers three trimesters of professional development course offerings to faculty. This year in an attempt to increase participation in the courses and increase the flexibility of meeting times, we have offered several online course opportunities. These courses offered through ASCD address the overarching philosophies and methodologies previously noted. The online courses have proven to be popular thus far. In addition to online opportunities, the after-school professional development program continues to offer teachers opportunities to expand their knowledge of curriculum and instruction, technology and emerging best practices, early release days have provided time for special project work at all levels.
We engaged in ten release days per year during which teachers are provided training and/collaboration time with this year’s focus being: Elementary – Reading; Middle School – Co-Teaching and Brain Based research; and the High School – Using data to improve student achievement in writing across the curriculum. Additionally, we offer three trimesters of professional development which includes K-12 collaboration teams, online opportunities that address our core methods, and teacher taught courses.

Technology

Technology is no longer a tool of the future. It is a fundamental part of 21st century life. The North Reading Public Schools is committed to providing a technology rich learning environment that promotes the development of skills and understandings necessary to compete in the global workforce. Educational technology assists our schools in effectively educating our students. Supporting the instructional process with technology is critical for collecting, evaluating and utilizing information. Students need essential information literacy skills to think critically and be successful in all areas.

In support of our vision and the district mission, the North Reading Technology Department endeavors to:
- Improve student achievement with respect to state and local standards.
- Support the integration of technology throughout our learning community.
- Facilitate the use of technology for data management.
- Meet state standards for budget.

In an ongoing effort to create a technology rich environment and in support of our vision and the district mission, the North Reading Technology Department accomplished the following in 2005-2006:
1. Upgraded the server, main switch and main Ethernet run at the Little School.
2. Brought the three elementary schools (Batchelder, Hood & Little) into the northreading.mec.edu domain (district).
3. In cooperation with EdNets launched the district and high school web page which allows for growth to include fundraising opportunities and individual teacher web pages. (Elementary schools are scheduled to come on in winter 2007).
4. Increased network support contract from twenty to thirty-two hours per week.
5. Offered professional development opportunities to train teachers in the use of assistive technology.
7. Piloted an intensive keyboarding mini-course for grade 5.
8. Expand online professional development opportunities for teachers.
9. Provide Mac schools with the Microsoft Office program.
10. Trained Computer Lab paraprofessionals to provide first line tech support.
11. Deployed new technology acquisitions at the Batchelder and joined the school to the district domain via the updated Comcast I-Net.

The office of Curriculum & Technology continues to support the integration of technology into classroom practice. Under the guidance of the Technology Integration Specialist we continue to measure our progress in using technology to support learning by the standards set by the Massachusetts Department of Education in the Local Technology Plan Benchmark Standards and the recommended PreK-12 Instructional Technology Standards. The following are some examples of ongoing integration projects facilitated by the Technology Integration Specialists:

- Implementation of Kurzweil and ZoomText to provide assistive technologies to learners with special needs.
- Training of teachers in the use of SmartBoards to enhance instruction.
- Co-teaching ELA classes on how to use search engines more efficiently and evaluate online information.
- Training Foreign Language Department on how to use video from Unitedstreaming effectively in their classes to vary and enhance instruction.
- Working with the Foreign Language Department on how to use podcasts and original target language recordings in the classroom
- Providing in-service workshops to new teachers on how to effectively integrate technology into the classroom and learning environment
- Providing one-to-one consultation to provide answers to individualized technology questions like, How to use the technology itself and how to integrate the technology into their lessons.

The North Reading School District continues to provide a high quality education for students. It is the role of the Curriculum and Technology Director to provide the leadership that enables the district to maintain this solid foundation currently in place and to expand and extend rigorous and engaging learning experiences for all students. The administration, faculty, and support staff in our schools appreciate the support of the community in our collective and continuous work towards this goal.

Respectfully submitted,

Pamela A. Beaudoin, Director
Curriculum and Technology
NORTH READING HIGH SCHOOL

The 2005-2006 school year at North Reading High School was again a year marked by many student achievements and successes.

North Reading High School students engaged in a number of community service projects both through senior Government classes and through volunteer participation in school clubs such as the Rotary-sponsored Interact Club, Student Council, and the National Honor Society.

North Reading High School continued its cultural exchange program in 2005 with students from Mexico. The cultural experience and the travel itself were positive educational experiences. This experience is especially beneficial insofar as students from both countries, Mexico and the United States, embark on visits to the home countries of the students involved in the exchange program.

In April, members of the Class of 2006 traveled with school chaperones to Disney World in Orlando, Florida to participate in Disney’s “Grad Night” festivities. Senior students enjoyed the four-day excursion and represented both their school and their community admirably.

The Guidance Department at North Reading High School hosted its third annual “College Fair” for students and parents. Over seventy-five colleges from the New England region were present at the high school to speak with students and parents about their respective academic institutions.

North Reading High School students continue to score well on the Massachusetts Comprehensive Assessment System (MCAS) exam. North Reading High School students’ MCAS performance ratings continue to meet the standards as established by the Massachusetts Department of Education, an accomplishment of which the school and community can be very proud. MCAS results for the students in the class of 2008, received in the fall of 2006, indicate that North Reading students continue to improve on their performance on the MCAS examination.

In May of 2003, North Reading High School hosted a Visiting Committee of the New England Association of Schools and Colleges (NEASC). The Visiting Committee conducted a thorough review of the educational programs and practices in place at North Reading High School. Their final report, issued in October of 2003, emphasized the very high number of educational successes in place at North Reading High School and continued the accreditation of the high school.

In the fall of 2006, the high school faculty and administration participated in hosting a visiting principal from China as part of an educator exchange program that was initiated by the superintendent of schools, Dr. David S. Troughton.
One hundred and seventy-nine students in the Class of 2006 received their diplomas. The total percentage of students in the Class of 2006 choosing to further their education at two-year and four-year institutions was 88 percent.

Specific departmental highlights for North Reading High School are as follows:

**English**
- Students took part in the “North Reading Reads” program, including a discussion group during power block and a visit from Roland Merullo, the author of In Revere, In Those Days. *Teachers provided extra credit to participating students.*
- Student publications continued to disseminate student writing among the school community. The *Popsicle*, the literary magazine, and The Delib-erator, the student newspaper, are both published with department members as advisors.
- A streamlined Summer Reading program evolved according to plans formed by members of the English and Social Studies departments. Teachers conferred to choose book titles and develop assessments.
- Department members continued to discuss works that could expand literary offerings in courses. *The Kite Runner*, a title used in a previous Summer Reading program, was added to the choices for English 10 (World Literature).
- Preparation for the Massachusetts Comprehensive Assessment System (MCAS) and SAT continued in appropriate courses.
- Department members continued to pursue professional development opportunities. These included participation in local offerings, such as the English/Language Arts Curriculum Council and a “Big 6” workshop, and in conferences and workshops held elsewhere.
- Department members continued to utilize technology in both teacher instruction and student presentations.

**Mathematics**
- All Mathematics Department teachers continue to receive professional development training on a wide variety of technology tools, including the SmartBoard, the TI graphing calculator, TI Navigator, calculator and computer scientific probes, Internet and calculator applications, and computer software packages. Activities and explorations using these tools have been added to the classroom lessons in order to enhance learning in all levels of mathematics courses and to better accommodate different learning styles.
- Several Mathematics Department teachers continue to participate in a new Commonwealth of Massachusetts funded Science, Technology, Engineering and Mathematics (STEM) Fellows Program designed to raise awareness and interest among students about career paths in STEM fields.
- Students continue to participate in and score well on the Advanced Place-ment Calculus AB examinations.
- Students continue to participate successfully in the New England Math-
ematics League contests and the American Mathematics Competitions for grades 9, 10, 11, and 12.

- Students participated in TEAMS Academy, a new Technology, Engineering and Math-Science pilot program for academically accelerated high school sophomores. The students enjoyed a one-day college experience at the University of Massachusetts campus that was designed to expose the students to higher level courses than are usually found at the high school level.
- All teachers continue to assist students in Mathematics classes in preparing for the MCAS examination and SAT as appropriate.
- Members of the Mathematics Department continue to participate in the combined Mathematics, Science and Technology Curriculum Council.

Science and Technology

- The Science Department continued to focus on improving curricula. Several course outlines were written over the summer.
- Two new science electives have been created and implemented. They are Zoology and Genetics.
- The Grade Nine Seminar class has been removed from the science curriculum and added into the mathematics curriculum. This opened a position for a science teacher to teach two more classes in science. The Science Department is proud of the significant number of students taking upper level science courses but sees the need for an increase in staff and space in order to better accommodate the needs of the students.
- The Science Department, along with the Science Council, will be encouraging most students to take the core classes of Biology, Chemistry, and Physics before choosing electives and graduating from North Reading High School.
- As a result of Bill Amorosi’s presentation on Standards Based Assessment of Student Writing, a departmental lab report rubric was designed and is being implemented.
- The department has made progress in technology. The staff now has four projector and laptop setups available for use. PowerPoint presentations and interactive tutorials are much more accessible now. Vernier probes have been purchased and opportunities for professional development using this technology has been requested.
- Science teachers, along with Clean Harbors, have continued the process of removing old chemicals and updating the laboratories and preparation rooms with new chemicals and safety equipment. Further safety training has been requested.
- The Science Department, in conjunction with the Mathematics Department, chaperoned students to TEAMS Academy Day at the University of Massachusetts at Lowell. It was a state funded pilot program that allowed students to work on advanced problem solving labs in math and science.
- In December, the Advanced Placement Biology classes took the opportunity to see the “Body Worlds” exhibit at the Museum of Science.
- The new Zoology class had the opportunity to go to the Massachusetts Audubon Society in Topsfield, Massachusetts to canoe down a section of
the Ipswich River. There, students collected freshwater invertebrates and learned about the factors that contribute to the river’s endangerment.

**Social Studies**
- Department members are now enrolled in a “Teaching American History” grant program. The grant is provided by the United States Department of Education and is a three-year program that emphasizes improving instruction in American History by increasing teacher knowledge. This year the program offers a series of book discussions, an introduction to the “Big 6” research model, a seminar on using digital photography to create virtual web tours of historical locations, and a week-long summer seminar on Early American History.
- One teacher attended a training program for the Advanced Placement United States History/Government course last summer.
- Students received high recognition for their participation in the annual “Voice of Democracy” contest sponsored by the Veterans of Foreign Wars. The local chapter of the Veterans of Foreign Wars rewarded students with a total of $600 in United States Savings Bonds for the top three essayists at the high school. Participating students read their speeches at the Veterans Day Assembly held at North Reading High School. This has become a meaningful tradition for students, faculty members, and community members.
- Students participated in an election of two delegates to represent North Reading High School in the annual “Student Government Day” program.
- Teachers within the department met last spring to continue to refine the Community Service Program. It is now a twenty-four hour commitment each year for both juniors and seniors.
- Teachers continue to take advantage of technology integration in the classroom. Examples include presentation of notes electronically, and streamlining video and virtual tours.
- United States History I curriculum has been successfully implemented with the students in the class of 2010. The United States History II curriculum has been written and is expected to begin in the 2007-2008 school year.
- The grade 11 World History curriculum is currently being written. It is expected that the book choice for the course will be finalized by the end of the current school year. Implementation of the course is expected in the 2008-2009 school year.

**Foreign Languages**
- Teachers participated in off-site workshops that focused on strengthening the Advanced Placement course and aligning it with the new College Board requirements, preparing lower level students for the Advanced Placement level class, and engaging difficult students.
- Eight teachers participated in the foreign language Curriculum Council, writing a Level 1 curriculum not based on a particular textbook but based on a logical sequence of learning that would allow the middle and high schools to prepare all students in the same manner. That curriculum is
in place this fall at the middle school and at the high school; this year’s eighth grade students should be prepared for Level 2 at the high school in the fall of 2007.

- The pilot program for the textbook series Avancemos will take place in the spring of 2007. We are planning to integrate our program, Levels 1-5. Currently, we have one textbook series for Levels 1 and 2, another series for Levels 3 and 4, and an Advanced Placement curriculum. An adoption proposal will be presented to the School Committee in the spring of 2007.

- Teachers continue to take advantage of technology integration in the classroom. Examples include using the department Tablet PC and its note-taking capabilities, using Podcasts to access original language media, and creating visuals to help students with differential needs.

- Students participated in an educational student exchange program with a bilingual school from San Mateo, Mexico. San Mateo students traveled to North Reading in the spring of 2006 and were hosted here in North Reading by high school students.

- Students continued to use communication skills to improve language ability in French and Spanish.

- Students continued to participate in the Advanced Placement programs in Spanish.

- In the fall of 2006, all foreign language teachers had the opportunity to become members of the Massachusetts Foreign Language Association.

**School to Career**

- There are over 300 students enrolled in the Tech Prep Program this year. There are four articulations currently active at North Reading High School for Tech Prep credit at North Shore Community College. They are Microsoft Applications, Microsoft Office, Accounting, and Internet/Web Page Design.

- Geoff Simons, American Express Financial Advisor and North Reading resident, has once again provided North Reading High School with the classroom edition of The Wall Street Journal. His generosity provides us with an award-winning educational resource that can make the dynamic world of business and economics come alive for our students.

- The National Endowment for Financial Education (NEFE) “Financial Planning Program” was presented to the Accounting classes. Mr. Simons volunteers his time to present this program, and has done so for the last seven years.

- School to Career teachers along with six students from the Accounting class participated in a conference sponsored by the Massachusetts Society of Certified Public Accountants at Bentley College entitled “Is Accounting For Me? From College to Career.”

- Students at North Reading High School again competed in “LifeSmarts.” “LifeSmarts” teaches students to be responsible consumers and citizens. Students first competed on-line. Once the team was established, the team faced other schools in a game show style competition at the Federal Reserve Bank in Boston. North Reading won the Massachusetts Competi-
tion and represented Massachusetts in the Nationals in Philadelphia. North Reading High School’s team placed fifth in the nation.

- Working in conjunction with the scholastic achievement group, “Junior Achievement,” Lois, Paul & Partners, a public relations firm in Woburn, hosted twenty-two students from the Microsoft Publishing class. This was Lois, Paul & Partners’ first career day and featured a number of presentations on topics such as local public relations outreach, human resources, new business operations, and finance. Students were even taken through a number of public relations case studies to show the process from beginning to end.

- The School to Career Department is constantly updating its curriculum to align with the Massachusetts Instructional Technology Frameworks and the National Standards for Business Education.

**Library/Media**

- The high school library and the Flint Memorial Library partnered in their third collaborative program, “North Reading Reads.” The 2006 title was *In Revere, In Those Days*, by Roland Merullo. This town wide book discussion program was supported by a grant, received by the Flint Memorial Library, from the Institute of Museums and Library Services, under the Library Services and Technology Act, as administered by the Massachusetts Board of Library Commissioners. The grant allowed the libraries to provide many programs for the community, including an evening with the author on April 26, 2006.

- The library collection was updated with many new print and audiovisual titles, subscriptions to online databases, and the beginnings of a collection of *Playways*, self-playing digital audio books.

- Class use of library resources continued to grow as academic departments collaborated with the library to build on a previous summer workshop: “Improving the Research Process.”

**Music and Theatre**

- Two seniors, David Grossman and Jacob Street represented NRHS at Northeast District Senior Festival: David in the chorus and Jacob in the Concert Band
- David Grossman auditioned for Massachusetts Music Educators’ Association All-State Festival
- Students auditioned for the Northeast District Junior Festival
- North Reading High School hosted the Northeast District Festival Auditions
- Performances of the *Sound of Music* took place at the end of March.
- Rachel Moda and Patrick Wicker represented NRHS at Northeast District Junior Festival
- NRHS was the adjudication site host for two weekends of the Music Maestro Please Music Festival. Mr. Forman and Ms. Marano also adjudicated the festival
- Marching Band and Color Guard performed at the Boston Greek Independence Day Parade for St. Georges Greek Orthodox Church of Lynn
• Masquers’ *Sound of Music* was selected by the North Shore Music Theatre Spotlight Awards as one of the top nine shows. Performed *Lonely Goatherd* scene at awards ceremony. Back drop nominated for scenery award and David Grossman nominated for supporting actor role as Rolf.
• Concert Band, Marching Band, Jazz Band and Chorus traveled to Hershey, PA area for adjudication receiving “excellent” and “good” ratings
• Jazz Night was held in the High School cafeteria in May with the Middle School and High School Jazz Bands performing
• Spring Concert was performed by Concert Band and Chorus
• Marching Band and Color Guard and Color Guard marched in Memorial Day Parade and performed at ceremonies on the Town Common
• The Concert Band performed at Graduation
• Band and chorus camp ran from 8/15-8/18/06
• In the fall of 2006, the Marching Band and Color Guard performed at all of the home football games
• Marching Band and Color Guard and Chorus performed at the Annual Apple Festival
• Music Department sold Daily Planners as a fundraiser
• Marching Band and Color Guard performed at the Massachusetts Instrumental and Choral Conductors Association (MICCA) regional show in Wakefield and Championship Finals in Lowell
• Marching Band and Color Guard and Chorus performed two Veteran’s Day assemblies at the school
• Marching Band and Color Guard performed Veteran’s Day ceremonies on the Town Common
• Marching Band and Color Guard performed at the Thanksgiving Pep Rally
• Band and Chorus students auditioned for Northeast District Senior Festival. Todd Isenstadt was selected to play in the Concert Band on Euphonium attaining the best score of the day for that instrument. He was also recommended to Audition for the MMEA All-state Festival
• Performances of *Steel Magnolias* took place in mid-November
• Jazz Band performed for the North Reading/Reading Chamber of Commerce Citizenship Awards Dinner at the Thomsen Club
• Introduction to Theatre class went to Batchelder School to perform short stories for students
• In December, Band and Chorus students caroled throughout the town as a fundraiser for the music boosters
• Band students performed carols for the North Reading/Reading Chamber of Commerce first ever North Reading Tree Lighting Ceremony
• Concert Band, Jazz Band, and Chorus performed the Annual Holiday Concert
• Concert Band, Jazz Band, and Chorus performed two Holiday Concert assemblies at the school

**Art**
• Art department teachers continue to enhance their individual teaching skills by exploring and implementing inventive and creative teaching styles and techniques.
A new Plug Mill, a mill that recycles clay in the ceramics room, was purchased for the department.

The Figure Drawing and Illustration classes have worked with the “North Reading Reads” program to develop thematic illustrations for selected novels.

Presenters have visited the Graphic Design classes in order that students are able to make authentic connections to their educational experience in graphic design.

The members of the Art Department collaborated with the New England Classic Singers to have students design posters for their poster contests.

Physical Education

- The Physical Education curriculum continues to be aligned with the Massachusetts Comprehensive Health Curriculum. All students in grades 9 through 12 continue to participate in the nationally recognized “Physical Best Health Related Self-Assessment Test.”
- The departmental goal in the academic year 2005-2006 was to focus on getting 70% of students to pass the cardiovascular efficiency test, which was assessed with students participating in a one-mile run. The passing standard for boys was a sub eight-minute mile, and the girls’ standard was below ten minutes. Particular focus was placed on providing students with “Lead-Up” cardiovascular training.
- The staff continues to emphasize the benefits of fitness to our students and is proud to note that this year, 74% of our students achieved cardiovascular efficiency.

Guidance

- This year the guidance office continues to hold both Senior and Junior Parent nights. The parent nights inform parents and students about the college process and timeline. The guidance department invited admissions representatives from Tufts University, Merrimack College, UMASS Lowell, and North Shore Community College to form an informational panel for the Senior Parent Night. The members of the panel individually discussed the specific admission procedures at their respective institutions.
- The guidance counselors in collaboration with the school to career department updated the School Profile. The school profile contains all of North Reading High School’s statistical data including average SAT scores, recent college acceptances, and ranking and GPA configurations. The profile is sent to all college/universities to which students apply for admission.
- Counselors continue to attend professional development conferences on issues involving college admissions, Advanced Placement (AP) coordination, and mental health issues.
- The guidance staff continues to collaborate with school nurse, psychologist, and administration to identify “at risk” students.
- Counselors continue to track admissions trends using the Naviance database.
Counselors continue to be members of various counselor associations including the North Shore Guidance Directors, MASCA, and NEASC.

In 2006 the guidance staff held its 3rd annual college fair. North Reading was host to approximately two hundred admissions representatives.

Counselors met with all incoming ninth grade students to inform students about high school guidance services during the first semester of school.

A graded curriculum was developed for the guidance portion of the current ninth grade freshmen seminar.

The guidance staff continues to meet with students individually to solidify post-secondary plans.

This year, over $60,000 in scholarship monies was awarded to North Reading High School’s “Class of 2006” students. Among these scholarships were those donated by community members, community organizations, and the Citizens’ Scholarship Foundation of North Reading.

The students at North Reading Middle School participate in an academic program composed of Language Arts, Mathematics, Science, Social Studies, Computer, Art, International Cultures, Music, Physical Education, World Language (grade 7 and 8) and Reading Comprehension (grade 6). Organizational, decision-making, writing, reading and critical thinking skills permeate the entire curricula. Team participation and interdisciplinary projects bind together the individual subject areas.

As of October 1, 2006, student enrollment at the Middle School for the 2006-2007 school year was 639 students: 118 male and 97 female students in sixth grade, 107 male students and 100 female students in seventh grade, 130 male students and 87 female students in 8th grade. In addition, one SEEM class for special education students is maintained with 6 students. There are 33 6th graders, 26 7th graders and 24 8th graders with Special Education Plans this year. In addition, we also have 34 6th, 7th and 8th grade students on 504 accommodation plans.

Our middle school staff welcomed seven new staff this year, as a result of retirements or family migrations.

A variety of clubs, sports and activities continue to be offered to students as extracurricular and enrichment opportunities. Some of the sports include field hockey, cross country skiing, downhill skiing/boarding, volleyball, basketball, wrestling, floor hockey, softball, and ultimate frisbee. School clubs available to students include Student Council, Peer Leaders, Book, Art, Drama, Memory Book, Newspaper, Science, World Affairs, Computer, Math, and Geography. Our 8th grade hiking trip to Mt. Wachusett in the fall has become a popular tradition. In November, all students were given an opportunity to enjoy an evening of roller-skating in Saugus. We will be celebrating our artists and musicians with a Night of the Fine Arts in May. We are particularly grateful for the efforts of our Student Council and Peer Leaders programs as they continue to organize students and staff to rally around relief efforts for needy people.

Our 6th graders will have another opportunity to participate this coming spring (June) in an outdoor educational experience under the direction of Project Adventure. It involves a two day field trip to Beverly, Massachusetts and students will not be staying overnight as in the past. 8th grade staff and students are already preparing for their five day trip to Washington D.C., which also takes place this spring (June).

For the second year in a row, the Middle School, in an effort to enhance communication, has used its e-mail distribution list to assist 6th, 7th, and 8th grade families. Over 95% of our families are involved with this endeavor. This process allows quick communication and has resolved some of the lost documents that rarely find their way out of student book bags. In addition, the entire school district will be using a program called AlertNow. This program will greatly add to our commitment to get any and all emergency information to parents immediately.
The Middle School Parents’ Association continues to be an incredibly hard working organization in our Middle School. The parent association meets each month and takes on several responsibilities like: greeting parents on Back-To-School Night and at conferences, and providing opportunities and funds for field trip scholarships, enrichment programs and informative speakers. To meet some of these challenges, the Parent Association has developed some wonderful family activities such as: a Pancake Breakfast and a Craft Fair. We are hoping that these activities will become a tradition at the middle school in order to bring families and friends together.

Middle School Program descriptions from each academic area are included in the following:

**Language Arts/Reading**

The Language Arts Department has continued to focus on improving skills in the areas of writing, reading, vocabulary development, spelling, grammar and literary analysis in each of the Language Arts classes in grades six, seven and eight as outlined in the twenty-seven learning standards of the Massachusetts English Language Arts Curriculum Framework. The addition of literature circles to our curriculum enriched literary process in 6th, 7th, and 8th grade classrooms, and we are continuing to incorporate interdisciplinary lessons when appropriate. Members of the Language Arts Department, in conjunction with members of both the Reading and Special Education Departments, are currently examining sample texts in an effort to adopt a new series beginning next fall. The Reading program at the Middle School has generally consisted of developmental and critical reading in our English classes. However, the developmental piece of this program for a second year has been specifically directed to our 6th graders this year. Comprehension and decoding pull-out programs also take place in reading rooms. For the past two years over 200 students have participated in a school-wide reading contest that has proven to be both successful and enjoyable.

**Jennifer Turner (N.R.M.S. Language Arts Department Chair)**

**Mathematics Department**

The department’s course offerings this year have included heterogeneous grouping in grade six, two levels of curriculum in grade seven, and two levels of curriculum in grade eight (pre-algebra and algebra). The goal of the Mathematics Department is to foster a mathematically literate society by teaching students to think mathematically. Logical thinking and reasoning skills are exercised throughout the department. Individual student portfolios are used to aid the math teacher and student in evaluating student growth and progress throughout the school year. Members of the Mathematics Department continue to participate in conferences, curriculum workshops, and in-service professional development courses.

**Diane M. Moody (N.R.M.S. Mathematics Department Chair)**

**Science Department**

There have been a number of changes with in the N.R.M.S. Science Department this past year. These changes are in the areas of staffing, professional
development and equipment/technology. One 7th grade science teacher has been hired to replace a retired science teacher. Professional development has focused on evaluating assessment tools. Department members continue to develop multi-media presentations directly related to the science curriculum. Equipment and technology purchases included the purchase of calculator-based laboratory equipment to take advantage of advances in technology. All Science rooms are equipped with a teacher computer, multimedia projector, lap top computer, television, DVD/video cassette recorder and smart board.

Joseph Davis (NRMS Science Department Chair)

Social Studies
The North Reading Middle School Social Studies Department will provide our students with Social Studies education in Geography (grade 6) and World History (grade 7 & 8). The Social Studies Curriculum continues to be in compliance with the Massachusetts Social Studies and History Frameworks. Social Studies skills emphasized throughout the department included critical thinking simulations, map skills, outlines, note-taking, research skills, time lines, graphs, performance based units, inter-disciplinary and multi-sensory projects.

Katheryn Jones (N.R.M.S. Social Studies Department Chair)

World Language
French and Spanish courses deal primarily with the basics of the language and include grammar studies, vocabulary building, reasonable exposure to aural and speaking skills, ability to read the language, reading comprehension skills and the development of writing skills. We are presently looking to upgrade the basic Spanish texts in order to reflect the latest pedagogical thinking in the teaching of foreign languages. For the second year, we have expanded our world language program by initiating an introductory course in grade seven. Additional staff is critical for the growth of this department.

Kathryn Cahill (N.R.M.S. World Language Department Chair)

General Arts
The General Arts curriculum continues to give all students an opportunity for hands-on experiences in most of the following areas: music, fine arts, ceramics, international cultures, computers, and physical education. In order to have a comprehensive Health program at the Middle School, we will need to hire an additional teacher. Students learn to work cooperatively with others and to share materials and ideas. Because of the wide range of activities offered, most students feel a real sense of creativity and accomplishment.

Class size (some as high as 32) and diminishing space continue to present formidable challenges for the middle school. Six modular classrooms will be ready by the 2007-2008 School year (September). However, we desperately need additional staff, as well!

Respectfully submitted,

Richard C. Hodges, Principal
North Reading Middle School
L.D. BATCHELDER SCHOOL

In September, the doors opened to 523 students in pre kindergarten – fifth grade at the newly renovated L.D. Batchelder School. The completion of the beautiful, state of the art facility sits proudly among the center of town. The citizens of North Reading should be proud of this accomplishment. At the school, we understand the time and effort committed from the start of the process to the end. Our faculty, staff, students and families are reaping the benefits of this project, as will the future generations of Batchelder Bulldogs.

The Superintendent Dr. David Troughton, North Reading School Committee and Board of Selectman should be commended as they kept their eyes on the prize to improve the conditions of our elementary schools to meet our students’ needs. I would also like to acknowledge the work of the Elementary School Building Committee. Mr. Jonathan DeSimone, Mr. Scott Stimpson, Mrs. Jayne Swart, Mr. Jeffrey Witts, Mr. Shep Spear and School Committee representative Mr. Gerald Venezia as they managed the project with great vision and attention to detail to monitor the town’s investment. Tappe Associates and GVW Inc designed and constructed a beautiful building with a focus to meet the needs of our school and our community.

The Program

The Batchelder School prides itself on the commitment to the academic and social development of every student. The core academic program was based on the standards outlined in the Massachusetts Curriculum Frameworks. It included language arts, mathematics, history and social science, and science and technology all taught by homeroom teachers, and art, music, and physical education classes taught by specialists. In addition, weekly computer classes taught by homeroom teachers extended classroom learning.

To help meet special learning needs, the school engaged the full-time services of two learning disabilities specialists, a speech and language therapist, a reading specialist, school psychologist and a special education paraprofessional. The part-time service of an occupational therapist was also available. Special education services continue to support the development of all students with various learning styles. Together the faculty and staff work hard to provide the best instructional practices and student support to improve teaching and learning at the Batchelder School.

As of September 2005, the majority of classroom teachers at the Batchelder School have been trained in The Reach Out to Schools: Social Competency Program, also known as Open Circle. In addition, training was provided to specialists, paraprofessionals, and support personnel. The program is centered on problem solving, responsibility, communication, peer relations, and social awareness. Therefore the Batchelder Community shares a common vision and vocabulary to support the social/emotional development of each child. Open Circle promotes the understanding and appreciation of each other, and stresses the importance of community through responsibility and respect.
The Literacy Committee made-up of teachers from every grade level, was busy throughout the year. In March, they led the school in joining students across the country in “Read Across America.” To celebrate “Read Across America,” Authors Greg Tang and Laura Davies visited the Batchelder School students to share their experiences. The Literacy Committee works to promote the appreciation and importance of reading to Batchelder School students and families.

To further supplement the program, the Batchelder School students were involved with a variety of community service projects. Mrs. Kathy Sanders and the fourth grade conducted a “Toys for Tots” program. The Batchelder students, directed by our second grade students, brought in non-perishable items to contribute to the North Reading Food Pantry. In addition to community service, the fourth and fifth grades were offered the options of joining the school chorus, and learning to play a musical instrument. Studio Art was offered to fifth graders on a rotating basis. A Spring Concert, Field Day extravaganza, Veterans’ Day Program, and Winter Concert added more meaning and harmony to our community.

The Parents’ Organization

This year, the Batchelder Parents’ Organization supported grade level field trips, and funded several enrichment programs. “Mother Goose” visited the kindergarten students, second grade students spent a day at Plimoth Plantation, first and third graders will enjoy the program High Touch, High Tech, and fourth & fifth grade students visited the Boston Symphony Orchestra. The Parents’ Organization supports our efforts to enrich the curriculum for all students at the Batchelder School. In addition, the BPO sponsored our author visits, “Food Play” a health/nutritional program for students K-3 and Deanna’s Fund to talk about peer pressure and bullying with our fourth and fifth graders. Together with our faculty and staff quality enrichment opportunities continue to be provided to our students through the generosity of our Parents’ Organization.

As Principal, I am continually impressed by the financial and volunteer services donated to help the Batchelder School. Volunteers work in our classrooms to support student learning. Parents, too, played an integral part in organizing and supporting social and school events. They sponsored our Batchelder School picnic, organized family dances, held an ice-cream social and pancake breakfast, and provided the resources needed to hold Field Day in Stoneham. The Parents’ Organization supports the efforts of the Batchelder School faculty and students, and helps bridge the necessary working relationship of the school, families, and the community.

To the faculty and staff, the children, the parents, and the community, thank you.

Respectfully submitted,

Sean T. Killeen, Principal
L.D. Batchelder School
The Hood School enrollment currently is at 473, with four Grade One classes, three Grade Two classes, three Grade Three classes, four Grade Four classrooms, four classes of Grade Five and a Language Based classroom. We host one full day kindergarten class in addition to two half day kindergarten classes, and a pre-kindergarten class.

The Hood School remains committed to support the concept of inclusion for the benefit of all children. With this in mind, our teachers across grade levels work together for blocks of time in a co-teaching model so that all students have more individualized attention. Teachers meet weekly in grade level collaboration meetings. Hood School teachers continue to implement the “Open Circle” program in order to promote dialogue among students.

Our Parents’ Association provides tremendous support to the children and the Hood School. Programs such as MacDonald’s Night, the Craft Fair Family Night at IRP, Johnny the K Night and Hockey Night not only provide the Hood School family with a social community, but the funds raised by such events support numerous enrichment programs for Hood School children. We are extremely appreciative of the wonderful spirit of cooperation and support provided by the Hood School families and businesses. The J. T. Hood School Council continues to meet monthly in order to review the goals set for the J. T. Hood School.

The Hood School Staff has a strong commitment to ongoing professional growth and the improvement of curriculum and instruction. This year, we implemented a new literacy program (Houghton-Mifflin Reading Program). Teachers were actively involved in training and planning sessions and students were exposed to guided reading, literature circles and balanced literacy. A team of teachers has developed math benchmark assessments to help provide a better understanding of student progress. The staff was actively engaged in the review of the MCAS test results as well as programs such as “Handwriting Without Tears.”

In addition to the academic focus and commitment to state standards, our students continue to be enriched with a lively musical, arts and movement curriculum that is so important to student learning styles and different intelligences. This year, we were delighted to have a visit from a principal from China. Principal Zhang Xianzhen spent part of the day visiting classrooms and meeting with students and staff. Hood School students provided Principal Zhang with a warm welcome reception.

We continue to focus on safety issues around parking and arrival and dismissal times. Fire Drills and Lockdowns were put into place and practiced with the help of our local police and fire departments.
Our Student Council celebrated various themes over the past year. School spirit is very much in evidence at the Hood School. Pajama Day and Patriot’s Spirit Day are two examples of the many opportunities for students and staff to join together in school-wide activities to promote a positive environment.

I am proud to say it is certainly “Good at the Hood.” The staff and parents truly make this an outstanding school. The J.T. Hood School is a lively, engaging, warm and welcoming place to learn.

Respectfully submitted,

Dr. Thaiadora Katsos, Principal
J. Turner Hood School
E. ETHEL LITTLE SCHOOL

Wednesday, September 6, 2006, marked the start of the 2006-2007 school year. The 12th anniversary of the reopening of the Little School began with fifty-three staff and 419 children, preschool through grade five. Twenty classrooms and one portable unit (two classrooms) accommodate our primary language-based program, preschool program, two kindergarten classes, four first grades and three classes each of grade levels 2, 3, 4, 5. Staff and children were welcomed back from their summer vacation to freshly painted walls and a thoroughly cleaned school. Through the generosity of the PTO two new sound systems were installed in the gymnasium and cafeteria. These will enhance the performances of the children in upcoming programs.

Introducing and integrating technology across the curriculum continues to be our priority in the technology lab at the E. E. Little School. We accomplish this through technology lessons, projects, and special classroom activities. There are over 75 computers in the classrooms, specialist’s rooms, office, and library. In addition, there are 30 workstations in the Technology Lab as well as 3 mobile carts setup with laptops, projectors, and wireless network hubs available for special classroom activities. Software and Internet sites are evaluated and used based on their ability to support the classroom curriculum and develop students’ technology skills. These websites and software support the Houghton-Mifflin reading program and MCAS testing preparation. The newly acquired World Book Online supports students’ online research skills. We continue to seek innovative ways to advance new technologies in the lab wherever appropriate, including the use of technologies such as digital cameras, temperature probes, electronic microscopes, and GPS devices. The Little School web site, ps.north-reading.k12.ma.us, is updated monthly and keeps our school community informed of upcoming events. The town technology warrant article is a continuous source of support for these important goals.

In the school library media center students discover the adventures that are found in books. Read aloud books are carefully chosen to supplement the new Houghton Mifflin reading program, support the state mandated curriculum and introduce children to a wide variety of important authors and illustrators. We are constantly updating our collection of both print and non-print items. Older non-fiction books have been replaced with up to date books reflecting the changes in our curriculum. Our fiction books have been updated with additions of old classics as well as new books, which will become favorites. The library budget supports the purchase of books, updating our collection of over 14,400 books/videos. Book fairs and PTO support our reading incentive programs and additional book purchases throughout the year. In addition to our participation in the Massachusetts Children’s Book Award program at Salem State College, we will be involved in two new reading incentive programs this year. For Project Heifer children will be asked to read books as a way to raise money for sustainable food sources for impoverished communities. This winter we will be trying out a new program where children earn book charms for
reading for fun. Parents, grandparents and senior citizens who volunteer their
time assist the library paraprofessional.

The Little School PTO is a vibrant part of our school community. The PTO
board and its members plan activities throughout the year that support the
goals of our school. These activities assist in raising funds and also providing
opportunities to build community through social activities for families and
staff. Monies that have been raised through fundraising and have supported
grade level and whole school cultural enrichment, field trips, technology pur-
chases and other school and classroom needs. We appreciate these dedicated
volunteers who are on the PTO board, the many parents who are PTO mem-
bers and all the parents, friends and businesses who support the work of the
organization by their participation in the events that the PTO plans.

The Little School recognizes the importance of involving the North Read-
ing community in our school. Senior citizens and parent volunteers are uti-
лизed in our library, lunch program, tutorial program, and childcare program
and within some classrooms. We are also grateful to the many North Reading
businesses that contribute food, services and other donations that are used at
our various events throughout the school year.

There is a strong commitment of our staff to their professional develop-
ment and active involvement of district wide initiatives including the training
involved in implementation of the new literacy program, the development and
administration of mathematics benchmark trimester tests, analysis of the spring
2006 MCAS testing and continued training in technology.

Teachers serve on other committees involving mentoring, professional stan-
dards and curriculum standards committees. Many of our staff serve on school
improvement plan committees that focus on the goals stated in our school
improvement plan. Others are engaged in completing requirements for ad-
vanced degrees, recertification and/or professional growth plans. Their will-
ingness to pursue opportunities that continually upgrade their knowledge
around current research, materials and pedagogy is reflected in the excep-
tional quality of instruction demonstrated.

Performance and improvement ratings for Massachusetts’ public schools
and districts are issued yearly. Ratings are used to track schools’ progress to-
ward meeting the goals of all students achieving proficiency in English Lan-
guage Arts and Mathematics. Little School’s Cycle IV AYP (Adequate Yearly
Progress) Report indicates that we have met the target in Mathematics and
English/Language Arts every year since it has been issued in 1999.

The Little School Council meets on a monthly basis during the school year.
Some of the topics discussed during the past school year include updates of
school programs/activities, the development of the school budget, professional
development activities, school safety, the state testing program and curriculum
updates. The council developed a school plan for the 2006-2007 school year that incorporates school goals recommended by the staff. This plan was sent to the school committee for their review in the spring of 2006. A copy is available at the Office of the Superintendent of Schools as well as at the Little School.

Students, parents and staff have enjoyed another successful and rewarding year.

Respectfully submitted,

William P. Leccese, Principal
E. Ethel Little School
PUPIL PERSONNEL SERVICES

Pupil Personnel Services is the component of our School Department with the mission of providing support services for students in concert with the day-to-day efforts of our regular education staff. These supports encompass three major areas, each of significant importance. These three areas are special education services for students with disabilities, health services and guidance/psychological services for all students. Services in these areas must always be in compliance with state and federal laws and must be provided in the least restrictive manner.

Health, guidance and psychological services are provided to all our students. These components address an array of services ranging from educational testing and evaluation, supervision of medicinal regiments, home and hospital tutoring, acute medical intervention, psychological and social skills support, to college planning and application. In conjunction with our school physician, Mark Weber, M.D., we maintain our medical policies and receive approval from the MA Department of Public Health.

During the 2006 school year there were 443 North Reading students requiring special education services. Students may receive these services from their third to their twenty-second birthday. These services may range from regular classroom accommodations to highly specialized programs provided in settings outside of the public schools. In 2006, North Reading Schools provided 45 students with full academic programs outside of their neighborhood school. To meet the needs of these more complex learners, North Reading is a member of both the SEEM Collaborative and North Shore Consortium. These are partnerships of 17 Northwest and North Shore cities and towns providing specialized programs for low incidence populations.

In the 2005-06 school year the Pupil Services Department had three major goals. They were to continue implementation of the Inclusion Initiative; provide universal curriculum design through assistive technology to students with learning disabilities and provide more cost effective transportation by increasing school district run special education transportation.

The 2006 year was the fourth year of our five year plan to implement inclusive education practices in the district. Each school in the district has participated in training and consultation on inclusion provided by Susan Craig, PhD. During the next year, as part of the five year phase-in process, additional training and support will be provided to all staff on inclusive practices and differentiated instruction.

The second objective of the Pupil Services Department in 2006 was to provide all students with access to universal curriculum design through assistive technology. An example of this assistive technology includes the Kurzweil software program. The Kurzweil program converts anything in print to voice, allowing students with reading/writing difficulties access to voice output of printed
material. For the second year training in the implementation of this software program was provided to Middle and High School special education staff.

Finally, in cooperation with the Business Director and the Director of Building and Grounds an additional transportation van was purchased and two part-time bus drivers were hired. Through this program the Special education transportation budget was reduced by approximately $75,000 and the satisfaction with transportation serviced increased.

Respectfully submitted,

Christine E. D’Anjou
Director, Pupil Personnel Services
SECONDARY SCHOOLS BUILDING COMMITTEE

The Secondary Schools Building Committee met frequently during the first months of 2006 reviewing all options and data prior to town meeting.

At the October town meeting, funds were appropriated to further the assessment of the facility needs of the Middle and High Schools to include civil engineering, site assessment and geotechnical assessment (consisting of deep hole testing and soil testing), a traffic flow and parking study and updating of the Secondary Schools Long Range Master Plan.

The Secondary Schools Building Committee is currently in the process of setting meetings with the Massachusetts School Building Association regarding our Statement of Interest and funding.

Point of Interest*
In the fall of 2007:

*1) North Reading High School will be fifty (50) years old; and
*2) The Middle School was opened forty-four (44) years ago.

Respectfully submitted,
Secondary Schools Building Committee

ELEMENTARY SCHOOL BUILDING COMMITTEE

Construction continued inside and out at the L.D. Batchelder School in early 2006, as the interior spaces began to take shape and exterior site work was well under way. Rough grading and stone work gave the site a whole new look during the late spring, despite a few setbacks from our extremely wet month of May. Interior finish work continued throughout the summer, as well as finish grading and plantings outside.

The move from the old Central School in Stoneham was completed in late July, and as painters, electricians, etc. worked at a feverish pace, the Batchelder faculty and staff did a tremendous job of preparing the school for the arrival of the students.

The newly expanded and renovated L.D. Batchelder School, affectionately known as ‘The Batch,’ was ready for occupancy and the first day of school on September 6, 2006. The official dedication and ribbon cutting ceremony on October 15th provided a wonderful opportunity for the community to tour the school.

The Elementary School Building Committee is pleased to report that the renovation and addition were also completed within budget. We continue to make progress on the punch list and will work with the school department to ensure a proper handoff of the building at the end of the one year warranty period. The E-SBC will also work closely with the Mass. School Building Authority to seek state reimbursement on the project. It is our hope that the ‘new’ Batch will be a source of pride for the community for many years to come.

OUTSTANDING STUDENT AWARD

Hipolito Cruz III from Chelsea a senior in the Office Technology Program was chosen as Northeast’s nominee at the State Awards Dinner for Outstanding Vocational Technical Students. The event is co-sponsored by the Massachusetts Association of Vocational Administrators and the Massachusetts Vocational Association.

NATIONAL TECHNICAL HONOR SOCIETY

The Northeast Chapter of the National Technical Honor Society held its annual Induction Ceremony in March. At the ceremony, 14 seniors and 20 juniors were inducted. These students joined the previously inducted members to bring the Technical Honor Society Chapter to 50 members for the 2005-2006 school year.

NATIONAL HONOR SOCIETY

The Annual Induction Ceremony to the Northeast Chapter of the National Honor Society “Artisans” was held in March. At the ceremony, 7 seniors, 18 juniors, and 11 sophomores were inducted for the 2005-2006 school year bringing the total membership to 47.

SKILLS/USA AWARDS

At State Skills/USA Competition Northeast winners were Bridgett McLaughlin from Woburn for Non-Traditional Portfolio. In Dental Assisting, Nicole Healy of Revere took 2nd place and Thayara Moura of Malden took 3rd place, in Welding Brandon Rich of Methuen took 1st place, Peter Medeiros of Saugus took 2nd place and Chris Schrimpftook 4th, in Advertising Design Jessica Sterling of Winthrop took 1st place, Alaina DiBiasi of Saugus was President of the State Delegation and also received a Scholarship from the State Board of Directors at the State Meeting.

STUDENT ADVISORY REP TO THE SCHOOL COMMITTEE

Angelina Barrasso, a senior from Revere, was elected as the Student Representative to the School Committee for the 2005-06 school year.

SCHOLARSHIP COMMITTEE

The Northeast Awards and Scholarship Committee awarded individual scholarships to 89 deserving students at the Seventh Annual Senior Recognition Night. The total of $31,250 was given in scholarships and awards.

Northeast students working in their vocational field or entering trade apprenticeship programs were included in the above awards. These awards provide students the opportunity to purchase tools and equipment as well as assisting with entry-level expenses toward trade education programs.
SCORE PEER MEDIATION PROGRAM

In September, Northeast began its eleventh year affiliated with SCORE, a Peer Mediation Program. The SCORE Program was developed by the Office of the Attorney General of Massachusetts to help reduce the violence in schools. The Mediation process is successful in resolving conflicts of all types. Northeast has a full-time coordinator, 36 trained students and 3 trained staff members. A trained mediator is a neutral person not involved in the dispute and through the mediation process, helps people come to their own agreement about how they want to resolve their conflict.

PROFESSIONAL DEVELOPMENT

Professional Learning in 2005-06 focused on Creating a Positive Culture of High Student Expectations. To this end the following activities took place:

• Steven Barcley presented a full-faculty professional learning day in December on Raising Student Expectations.
• Four half-day small group presentations on Creating a Positive Culture within the School.
• A full-faculty professional learning day on Identifying Learning Disabilities and Implementing Accommodations was held in April.
• The School Improvement Team attended two leadership series workshops in Atlanta focusing on Literacy Across the Curriculum. This resulted in the professional development program for 2006-2007.
• The Superintendent’s focus team attended a workshop in Hilton Head on Quality Instruction-Looking at Student Work. This resulted in refining the Senior Project requirements.
• Northeast sent twenty faculty members to the High Schools that Work Summer 2006 Conference in Orlando FL. A report was made to the School Committee.
• Ten Career/tech teachers received 20-hour OSHA training from Keene State College.
• Twenty teachers received training on the EduViser Portfolio Program.
• Eighteen Career/tech teachers received training on the Skills Plus Competency Recording Program.

SUMMER ENRICHMENT PROGRAM

Two hundred twenty students participated in the Summer 2006 support program. Three categories were involved:

Summer Transition

One hundred fifty incoming 9th graders were introduced to the school in a 3-week support orientation program. This experience involved:

• Project-based mathematics approach utilizing graphing calculators
• Integration of literacy skills in English Language Arts
• Hands-on experiences in the career/tech rotations of:
  Culinary/Baking       Graphics/Drafting
  Cosmetology/Plumbing   HVAC/Automotive

All academic classes in this program were co-taught utilizing two teachers per class.
Upper class students engaged in team-building activities through Physical Education, discrete mathematics through Social Studies exploration, and Language Arts through literary applications. These students also visited the Lowell Mills, the Battlefields at Concord and Fenway Park. English language Learners participated in an English Support Program. The 9th and 10th graders in this program collaborated with their peers in the career/technical activities and the field trips, and at the same time concentrated on English reading and writing skills.

**SUPPORT SERVICES**

The Northeast Guidance Department staff offers support counseling through individual and group counseling and specialized workshops and presentations. All faculty guidance counselors are certified as school adjustment counselors and have either social work or school psychology backgrounds to equip them to handle the wide range of student issues that come forth. One school adjustment counselor is bilingual (Spanish-speaking). A school psychologist supports the counseling staff, provides psychological testing, supports the special education program, and maintains a small individual and group caseload. In addition, a career counselor and a non-traditional counselor (Spanish-speaking) round out the support staff with their focus on career awareness and vocational development.

Support groups are established each year based on student needs. Counselors may establish teen issues groups in each grade to support students who have difficulties with peer issues. An anger management group that is linked to the discipline system is offered after school in an effort to provide students with an understanding of their own anger and an opportunity to develop new tools to use to manage anger more appropriately.

Support groups for pregnant and parenting teens, substance abusers, grieving students, Latino students, Asian students, gay students, and others have all been offered at different times depending on need and student interest. Individual counseling with students requires that counselors coordinate with doctors, psychiatrists, outside therapists, social workers and counselors, court personnel, police and others.

The Peer Mentoring program provides educational assistance to students having difficulty with one or more academic subjects. Students who have been successful in specific subject areas and who have participated in training volunteer their time to assist others in the library two afternoons per week. The mentoring program is designed to supplement after school assistance provided by the academic and vocational teachers. The program benefits go beyond the student achievement as the relationships formed by the mentors and students help to break down barriers between different grade and age groups and develop friendships that would not have had a chance to form. The mentoring program is coordinated by a counselor and a math teacher with other teachers offering support and assistance.
Career counseling and the college application process are a large part of all of the counselors’ roles, but specialized support is provided by a career counselor and a part-time non-traditional support counselor. The career counselor manages a Career Development Program for all students that prepares the students for chosen career paths. The curriculum focuses on career assessment; career information and requirements, interviewing skills, portfolios, and resume preparation. By providing assessments to evaluate skills, interests, and work values, the career counselor assists freshmen in their vocational selection process and upper class students with linkages to post-secondary education and employment opportunities.

The non-traditional support counselor provides specialized support to those students who are enrolled in career areas that are considered non-traditional for their gender. By providing support groups, specialized presentations, and field trips, students are prepared to understand the benefits of non-traditional choices and to appropriately handle any difficulties that they might confront.

Special workshops and presentations are offered through the year for different groups of students. Each year, all freshmen participate in group workshops focusing on harassment, bullying and gender equity issues. Large group assemblies and presentations have been offered focusing on substance abuse, drunk driving, teen dating violence, tolerance, character building, and others.

**GRANTS**

*Title I - Economically Disadvantaged Districts* - Funding from this grant provided for six grade 9 and six grade 10 English Language Arts classes for 180 students that exhibited reading comprehension difficulty based on their Stanford 9 diagnostic testing and Algebra/Geometry classes designed to address the needs of 180 students identified as “at risk” or not passing the state assessment test.

Instruction in both the English Language Arts and mathematics curricula in Title I were enhanced by the use of technology in the Title I rooms, as well as by support provided by the teaching assistants in these classes.

*Title 2A - Teacher Quality* - This grant provided for the hiring of an MCAS Preparation instructor; the implementation of a teacher mentoring program whereby experienced teachers were assigned to work with non-professional status teacher as advisors; and the funding for the two workshops that the district provides as part of the two whole-staff professional development days in accordance with the teacher contract.

*Title 5 - New and Innovative Programs* - Funds from this grant were used to hire two support staff members for the Summer Transition Program. These individuals worked with the incoming 9th graders to develop a publication that represented the efforts of the summer program. The seventy-two page document is available upon request at the school.
Perkins Occupational Education Grant - Funds from this federal source provided for:

<table>
<thead>

</table>

Secondary School Reading Grant - This grant established a school-wide reading team to study the literacy needs of students at Northeast. A plan of action calling for two thirty minute periods of reading and writing to occur in grade 9 Exploratory was developed.

SUMMER PROGRAMS

Northeast Metro Tech Summer Programs enjoyed another successful campaign since its inception in 1988. Over the years both the Summer School and Computer Program have experienced remarkable growth. This year the summer programs serviced nearly 300 students combined.

The Northeast Summer School serviced high school students in five different academic areas including Math, Science, English, Social Studies, and Vocational Related, while continuing to expand into the vocational enrichment and certification program areas. The goals of promoting a positive learning atmosphere, retention, and promotion, as well as providing skills to assist each student at the next grade level are paramount objectives behind the philosophical make-up of our summer school.

The popular Northeast Summer Computer Program completed a successful 18th year. Its objective of making learning fun had the counselors teach the participants skills that they can use during their school year while enjoying doing it. These programs can help strengthen reading and math skills, and expand their general knowledge of the computer. Continued use of “Smart Board” technology along with some outstanding Power Point presentations were an exciting part of this year’s computer program, along with swimming and diving instruction.

ADULT EDUCATION

Our goal is to provide as many educational services as possible to the 350,000 residents of the Northeast Metropolitan Regional Vocational School District. In pursuing this goal, the Adult Education staff maximizes utilization of the Northeast facilities, offering an extensive selection of stimulating and practical programs Monday through Saturday during the school year and Monday through Friday during the summer months. Northeast offers a State Approved Auto Damage Appraisal Program, as well as Journeyman’s and Masters Programs in Electrical, Plumbing, Sheet Metal, Carpentry and Gas Fitting. As the Number One apprentice training center in New England, we guide hundreds of young men and women annually as they prepare for their journeyman or
masters license in their trade. For the many senior citizens enrolled, we offer a wide variety of programs designed to satisfy their interest in crafts, hobbies, physical fitness, etc.

During 2006 school year, the Adult Education agenda is the focus on strengthening the core curriculum and frameworks of our trade based areas. This is being accomplished by the standardization of each of the trade area curriculum. Our intent is to guarantee that all of our adult education students are being exposed to identical high quality career tech education in each of our classes.

**2005 GRADUATES**

The 2005-06 school year represents the thirty-sixth to matriculate at Northeast Metropolitan Regional Vocational School. Northeast graduated 233 students in the class of 2006. Breakdown of graduates’ status after graduation is as follows:

- Employed – 108
- Attending 4 year college – 38 *
- Entering Military Service – 4
- Attending 2 year college – 59 *
- Other – 2
- Apprentice school – 22 *

- It should be noted that 51% of the graduating class went on to further their education either in a two or four year college or in an apprentice program. 231 members of the graduating class either entered military service are employed or seeking further education, that figure represents 99% of the class of 2006.

**SPECIAL NEEDS ENROLLMENT**

Special Needs enrollment for the 2005-06 school year continued to represent a fair share of the total school enrollment with students. The 320 Special Needs students represent 26% of the school population.

**ATHLETIC RECORDS**

The Northeast Boys Varsity Soccer team qualified for both the MIAA State Tournament and the Mass. Vocational Tournament, finishing third.

The Northeast Girls Varsity Soccer team recorded their best record in school history, missing the MIAA Tournament by one game.

The Northeast Varsity Football team had their best record in eleven years.

The Northeast Cross Country team had two members qualify for the State Meet.

The Northeast Golf team qualified for both Mass, Vocational and State Tournaments.

The Northeast Swim team qualified for the MIAA Tournament and won the State Vocational Championship for the third consecutive year.
Boys Basketball won the C.A.C. Division Crown for the first time in ten years.

Northeast had two wrestlers qualify for State Competition.

The Northeast Hockey team was eliminated from the tournament competition in the State semi-finals after two previous victories.

The Outdoor Track team placed 4 participants in State Competition.

The Northeast Lacrosse team were League Champions and qualified for State Competition.

DISTRICT SCHOOL COMMITTEE

Mr. James Wallace of Winthrop resigned from the School Committee after years of dedicated and loyal service representing Winthrop and Northeast. He will be greatly missed by the Northeast School Committee, Administration, faculty and students.

Winthrop appointed Robert J. Capezza on January 17, 2006 to serve the remainder of the term ending in 2008. Mr. Capezza’s first Northeast School Committee Meeting was February 9, 2006.

DISTRICT SCHOOL COMMITTEE ELECTION OF OFFICERS

At the Annual Organizational Meeting of the District School Committee on January 12, 2006 the following members were elected Officers of the District School Committee:

Chairman               Deborah P. Davis of Woburn
Vice Chairman           Ronald J. Jannino of Revere
Secretary               Peter A. Rossetti, Jr. of Saugus
Treasurer               Henry S. Hooton of Melrose
Asst. Treasurer         Anthony E. DeTeso of Stoneham

CONCLUSION

As Northeast celebrates its thirty-seventh year of Vocational/Technical Excellence to its twelve member communities, its aim is to continue to offer the latest in vocational/technical and academic education by maintaining a high level of performance. This high level of performance also encompasses continued improvement in academic achievement with regard to MCAS. The Northeast Class of 2006 had a 99% pass rate of the MCAS Test by graduation. Northeast is continually updating curriculum and continues to offer MCAS Enrichment Classes for those students in need of additional preparation for the MCAS which will add Science for the Class of 2010. Northeast also provides a Summer Enrichment Program for the incoming freshmen. The school continues to offer students the finest education with which to build a successful career through the latest in equipment, software and technology offered in all vocational programs no matter which career path they have chosen.
Evidence of our past success is reflected in the students that have graduated from Northeast Metro Tech. The Alumnus stories of success and their readiness and willingness to help school officials by speaking at recruiting sessions at the local schools as well as recruiting graduates for employment is proof of their dedication to Northeast.

Currently Northeast is organizing an Alumni Event for March 31, 2007 at the Colonial Sheraton. Information for this event can be accessed at Northeastalumni@comcast.net. Northeast currently has 22 alumni employed at the school. Testimonials as to the success of our graduates continue to be received, which makes us proud to have contributed in some small way to their accomplishments.

Once again, I am proud to have represented North Reading as a member of the Northeast Metropolitan Regional Vocational District School Committee not only to serve as the guardian of funds allocated from the community to this educational institution, but also to assist in and provide counsel to the school in maintaining the highest standards of educational excellence possible.

Respectfully submitted,

Paul L. Sweeney

Public Works

PUBLIC WORKS DEPARTMENT

In finishing my fifteenth year as Director, I would like to thank the Community of North Reading for the continued support and courtesy extended to me throughout this period. The following represents the Public Works activities accomplished during the calendar year 2005.

ADMINISTRATION

Administration provides the managerial and clerical support for the Department. It also coordinates the policies and procedures established by the Board of Selectmen and the Town Administrator along with setting long term goal and annual objectives for the DPW. Public Works disciplines include Snow & Ice, Fleet Maintenance, Cemetery and Public Grounds, Public Buildings, Engineering, Sanitation, Trees, Highway and Water.

ENGINEERING

In addition to Public Works projects, contracts and providing services to Ancillary Boards, Engineering has been involved with the Development Team on site plan reviews, building permit applications for determination of aquifer, wetlands and street opening permits.

This past year, the Engineering Office inspected Mentus Farm Lane, Demetri Lane and Valley Road for construction conformance.

Streets accepted at October Town Meeting:
Mentus Farm Lane and Demetri Lane.

Storm Water Program:
The Town finalized a Storm Water by-Law. It was presented at October Town Meeting for approval. It passed. Work continues on review and modifications to proposed rules and regulations to meet EPA requirements for construction and post construction storm water runoff controls.

Martin’s Pond:
Continued work with the Martin’s Pond Association to administer a $300 thousand grant from the state for Martin’s Pond Assessment and Remediation Project.

CEMETERY

There were 56 internments in 2006. In addition, there were 31 grave sites sold and 28 foundations installed for stone monuments. The expansion program continued with work completed on Phase 11 for a total of 138 new lots. Phase 1B was loamed and seeded and is ready to be marked out in the spring.
STREET AND ROAD MAINTENANCE
The following streets had drainage improvements:
Central Street, Chestnut Street, Haverhill Street, and Le Clair Street.

Wardsworth Rd. was paved; permanent binder was placed on Le Clair Street along with Park Street West from Route 28 to the Wilmington Town Line.

SNOW AND ICE
During the year 2006 we received 35 inches of snow. Of this snowfall 14.5 inches fell in January, 20.5 inches in February.

GROUND, PARKLANDS & PLAYGROUNDS
Coordination and scheduling of maintenance programs continues with recreation, DPW and School Department to optimize personnel, equipment and material to improve recreational facilities.

TREES
Trimming and removal continued during the year as well as clean up from storm damage.

PUBLIC BUILDINGS
Annual service and inspections were accomplished on the following:
Alarm devices
Fire suppression systems
Fire extinguishers
Emergency lighting
Elevator certification
Security systems
Septic systems were pumped and inspected at:
Building on the Common
DPW Garage
Police/Fire/Library
Back flow devices/all buildings

Roofs, electrical, heating, air conditioning and plumbing on all buildings continue to be maintained.

The Police Station renovation and expansion project is underway projected completion is summer 2007.

SOLID WASTE
The Solid Waste contract with the Northeast Solid Waste Committee (NESWC) ended September 23, 2005. A disposal contract with Wheelabrator Industries to bring solid waste to their North Andover facility is in place until 2010.
WATER

The Water Department provided 525 million gallons of water in 2006, averaging more than 1.4 million gallons per day. This represents a decrease of 8% when compared to 2005, with this decrease attributed to the summer being cooler and wetter than the prior year. The summer of 2006 started with flooding in May during which the flow in the Ipswich River reached the highest flows measured in the nearly 70 years of record keeping.

RECOGNITION

I wish to take this opportunity to thank the women and men of the North Reading Department of Public Works. It is through their efforts, the services provided are performed with such a level of dedication and commitment.

Respectively submitted,

David P. Hanlon
Director of Public Works
RECYCLING COMMITTEE

The Recycling Committee continued to promote the town’s recycling program and reduce North Reading’s solid waste disposal cost.

In FY06, the town’s recycling rate increased to 13.6 percent. Paper recycling increased by 15 percent to 724 tons while plastic, metal and glass increased 17 percent to 262.52 tons.

The amount of trash taken to the incinerator also decreased (by 210 tons) allowing the town to realize a savings of $13,464. The Recycling Committee was projecting a greater savings but the floods in May resulted in an increased in solid waste for May and June.

For the year 2006, North Reading residents recycled 781 tons of paper and 293 tons of glass, metal and plastics.

It should also be noted that paper recycling was expanded in town buildings and enthusiastically supported by town government and the schools. The committee appreciates the efforts of Wayne Hardacker, Supervisor of Buildings and Grounds, Jonathan Unger, third grade teacher at the Batchelder School, and David Callaghan, Vice Principal at North Reading Middle School, to facilitate recycling at the schools.

The Recycling Committee, in cooperation with the DPW, continued with its Special Collection in June for tires, car batteries, propane tanks and fluorescent lamps, and with the Household Hazardous Waste Collection in October.

The Recycling Committee also created a webpage on the town’s website and an email address which residents can use to contact the committee with questions.

Finally, the Massachusetts Department of Public Works awarded North Reading a $1,300 grant to purchase recycling containers for use at the town’s parks and special events.

The committee will continue to develop the town’s recycling program in an effort to provide residents with a proper disposal method for their solid waste and to reduce the town’s solid waste expenditures.

Respectfully submitted,

Edward McGrath, Chairman
Greta Barressi
Meg Robertson
John Rogers, Clerk
Terry Tully
Holly Welch
WASTEWATER AND STORMWATER ADVISORY COMMITTEE

The Wastewater and Stormwater Advisory Committee (WSWAC) was established to develop a Comprehensive Wastewater Management Plan (CWMP) that can be implemented to meet the wastewater needs of the Town for the foreseeable future. The WSWAC has spent four years working with the Department of Public Works and our wastewater engineering consultant, Weston & Sampson Engineers, Inc., to ensuring that this plan will address the needs of North Reading and all local, state and federal regulations for wastewater treatment and disposal.

The CWMP has identified and prioritized the areas of Town that have the greatest need for an alternative means of wastewater disposal, evaluated the capacity of the soils at the DPW property off Chestnut Street and at the J.T. Berry property to accept treated wastewater, and developed a preliminary wastewater collection and treatment scheme to service the areas of need.

In 2006, the WSWAC held a number of public outreach sessions with various Town boards and committees, local and regional environmental groups and other groups impacted by the proposed plan. These outreach sessions were designed to educate the audiences on the current plan and to receive input from these potential stakeholders as to the future direction of the plan.

The WSWAC also worked with the DPW and other Town committees on the proposed redevelopment of the J.T. Berry property to ensure that the opportunities this property presents to the Town in addressing some of the wastewater needs were incorporated into the long term development plans for this property. Representatives of the Committee also met with representatives of the Postal Service and of the New England Power Company to explore potential land takings, easement rights and other issues needed to allow the Committee to complete the CWMP with a plan that can be implemented.

The WSWAC is also charged with public outreach and education activities relative to the Town’s stormwater management activities. The primary focus of the Committee in this effort in 2006 revolved around the Stormwater Management Bylaw adopted at the October 2006 Town Meeting. This bylaw provides the authority through which the Town can address construction and post-construction activities impacting water quality.

In 2007, the WSWAC will work toward finalizing the CWMP, work toward implementing the recommendations contained in the plan, and continue public outreach and education efforts relating to both the wastewater and stormwater needs of North Reading.

ZONING BOARD OF APPEALS

The Zoning Board of Appeals consists of three regular members and three associate members who meet bi-monthly to hear requests for variances, special permits and appeals of the decision of the Building Inspector. The decisions of the Board help regulate and/or grant relief from the zoning bylaws and protect the small town character of North Reading.

This year the Board was busy with 46 hearings for variances, special permits, home occupations and appeals. Also, the Board is the permitting authority for Chapter 40B projects in town. To date, the following Chapter 40B’s were approved, Central Place, Rowe Farm, Mount Vernon, Edgewater Place and 41 Elm Street. The J.T. Berry project (Chapter 40R) was approved August 23, 2006.

Jodi Kader is the Secretary to the Zoning Board of Appeals and she is available Monday through Thursday 9:00 a.m. - 1:00 p.m.

COMMUNITY PLANNING COMMISSION

The Community Planning Commission ("CPC") is constituted under Chapter 41 of the Massachusetts General Laws ("The Subdivision Control Law") and consists of five members elected to three-year terms of office. Vacancies are filled by the Community Planning Commission and the Board of Selectmen acting jointly to appoint a replacement until the next election. The Community Planning Commission presently consists of:

- Patricia Romeo, Chairperson
- M. Shepard Spear, Vice Chairperson
- Christopher B. Hayden, Clerk
- Warren Pearce, Member
- Neal Rooney, Member

The Community Planning Commission staff consists of Heidi Griffin, Planning Administrator, Debra Savarese, Administrative Assistant, and Susan Murphy, Assistant Planning Administrator. M. Shepard Spear currently serves as the Town’s Representative to the Metropolitan Area Planning Council.

Permitting Subdivision Control

The Community Planning Commission devoted a great deal of its time to subdivision activity. In fulfilling its responsibilities under Chapter 41 of the Massachusetts General Laws, the Community Planning Commission worked throughout 2005 on eight Approval-Not-Required plans, and three definitive subdivision plans in one stage or another.

New Preliminary Plan Activity

- Fair Meadows
  - 198R Haverhill Street

New Definitive Plan Activity

Subdivisions Previously Approved and Under Construction

The following subdivisions were approved by the Community Planning Commission prior to 2005 and remain uncompleted:

- Adrian Drive 7 lots
- Agatha Way 5 lots
- Blueberry Woods 4 lots
- Charles St./Deerfield Place 11 lots
- Deer Run 25 lots
- Great Lott Estates 7 lots (1 existing)
- Holt Lane 1 lot
- John Bickford Way 6 lots (1 existing)
- MacIntyre Crossing 63 lots
- MacIntyre Woods 9 lots
- New Campbellton Estates 11 lots
**Approval Not Required Activity**

Nine Approval Not Required (“Form A”) plans were submitted to the Community Planning Commission. All were endorsed.

**Street Acceptances**

Construction of the ways and services in the following subdivisions were completed in 2006. The October Town Meeting accepted the following streets as public ways:

- Mentus Farm Lane
- Demetri Lane
- Special Permit/Multifamily Housing
- 113 Haverhill Street

**Other**

**Eisenhaure**

Work is on-going in cooperation with the Board of Selectmen regarding the Eisenhaure Pond Park Project.

**40R, J.T. Berry Center**

The Community Planning Commission proposed an approximate 36 page, 40R zoning bylaw amendment to the April 2006 Town Meeting, which was approved by a unanimous vote. Much time was spent by staff and the Commission reviewing this proposal to ensure the bylaw was approved in order that the town receive the incentive payments from the State. In addition, a great deal of time was spent reviewing the permitting process for the 40R.

**Grants**

The Community Planning Commission received notice that they (1) had their Commonwealth Capital application approved from DHCD; and (2) they had received a $30,000 smart growth grant from the Executive Office of Environmental Affairs. These grant funds will be used during 2007 for the drafting of several zoning bylaw amendments in accordance with the Community Development Plan.
**Assistance to Other Town Boards**

The Community Planning Commission and its staff rendered assistance and made recommendations on numerous requests from other Town Boards, Commissions and Departments throughout the year.

This included making recommendations on two 40B Comprehensive Permit applications:
- Berry Center Residential Smart Growth Overlay District (SGA)
- Edgewater Place

The Community Planning Administrator provides staff assistance to the Housing Partnership Committee also. The committee meets the 1st and 3rd Tuesday of every month at 6:30 p.m. The Administrator and Committee reviewed the marketing and attended the lotteries for the following projects:
- Edgewater Place
- Central Place
- Highlander Place

The Community Planning Administrator is also serving on a committee with the conservation administrator and parks & recreation director that is working on an updated Open Space Plan for the Town. A finalized version will be completed in March of 2007.

**G.I.S.**

The Geographic Information System (GIS) Coordinator continues to work on revising the town’s maps and land data into an integrated computer system. In 1996, the Community Planning Commission in cooperation with the Assessing Department established the GIS Program in conjunction with a grant.

**Community Planning Commission Meetings**

Community Planning Commission meetings are open to the public. Citizens are welcome and encouraged to attend. Meetings are held Tuesday evenings at 7:30 p.m. in the Town Hall, 235 North Street-Murphy Center, unless otherwise posted. Requests for agenda time may be made through the Community Planning Department.

The Community Planning Commission gratefully acknowledges the hard work of its staff as well as the staff of other Town Departments, and all other Boards and Commissions whose assistance was invaluable during the year.

Respectfully submitted,

Patricia Romeo, Chairperson
M. Shepard Spear, Vice Chairperson
Christopher B. Hayden, Clerk
Warren Pearce, Member
Neal Rooney, Member
COMMISSION ON DISABILITIES

The North Reading Commission on Disabilities (NRCD) is an appointed citizen group. The mission of the NRCD is to work as liaison to the business community, Town Government/Departments and town committees and with any person with a disability living or working in North Reading. The NRCD is committed to developing solutions for improving access for persons with disabilities within the town. The NRCD also serves as a resource to the public on the laws and rights under the Americans with Disabilities Act (ADA).

During 2006, the Committee has been monitoring the Route 62 project regarding access issues. Other projects include raising awareness on handicapped parking issues. Some Committee members have also attended regional ADA meetings with the Massachusetts Office on Disabilities.

The Committee is always looking for new members who have a disability, have a family member with a disability or are just interested in improving access in North Reading for residents with disabilities.

Respectfully submitted,

Commission on Disabilities
Margaret Robertson, Chairperson
Natural Resources

CONSERVATION COMMISSION

Enforcing the Wetlands Protection Act and the North Reading General Wetlands Protection Bylaw is the primary function of the Conservation Commission. The Commission is required to review any work within one hundred feet of a wetland, or two hundred feet from a perennial stream or river, such as the Ipswich River, the Skug River, Martins Brook, and Rapier Brook. Although many of the Commissions permitting activities involve new home construction and subdivisions, there are a large number of items on the Commission agenda that deal with additions to existing homes; installation of swimming pools and other property improvements and landscaping alterations. During 2006, the Commission reviewed over 54 Notice of Intent applications, and approximately 14 Requests for Determination of Applicability, as well as 5 Abbreviated Notices of Resource Area Delineation, 4 extensions to Orders of Conditions and 39 requests for Certificates of Compliance. Each action or filing requires a site visit by the Commission, at least one public hearing, and the issuance of a permit or decision. During the past year, members of the Commission participated in the J. T. Berry 40B Review Subcommittee. The Commission was involved in every phase of the J. T. Berry project review including: delineation, numerous public hearing, the issuance of the Order of Conditions for the project and various appeals filed with the DEP relating to the Abbreviated Notice of Resource Area Delineation.

Another function of the Commission is to manage and protect Town owned Conservation Land. Currently, approximately 140 parcels containing over 550 acres are under the controlled supervision of the Commission. Lands owned by the Commission include Ives Memorial Park, land along the Ipswich River and numerous large and small parcels throughout the Town. These lands are set aside to preserve their function to protect our watershed resources. Presently the Commission does not have adequate assets to purchase property, but it does encourage gifts and donations of land to the Town for conservation purposes.

The North Reading Conservation Commission is comprised of five voting members and any number of associate members appointed as the need arises. Jonathan Cody and Nasos Phillips were recently appointed as members of the Commission. Residents of North Reading are encouraged to accept associate member appointments both to learn more about the Town’s wetlands and water resources and to become an active member of the community. The Commission meets on the second and fourth Tuesday of each month at the Town office on North Street. Site visits and inspections are made for each agenda item prior to the meetings.

The Commission shares space with the Community Planning Commission in Room 9 at the Town Hall. The Commission has a part-time agent, Leah Basbanes, and a part-time administrative assistant, Kathy Morgan. Leah is avail-
able to meet with residents and real estate developers to help interpret the
applicability of the Massachusetts Wetlands Protection Act and the North Read-
ing General Wetlands Protection Bylaw. Leah and Kathy are also available to
help with permit applications and to schedule agenda time.

The Commission members are unpaid volunteers who give of their time
and effort to benefit the Town of North Reading. The Commission endeavors
to work in cooperation with residents, applicants, other town boards, local state
and federal agencies for the protection of our natural resources. We are hope-
ful that the service of the members are recognized and appreciated.

Respectfully Submitted,
North Reading Conservation Commission

Nasos Phillips, Member

MARTINS POND RECLAMATION STUDY COMMITTEE
AND THE MARTINS POND ASSOCIATION

Members: The town-appointed Martins Pond Reclamation Study Commit-
tee (MPRSC) members are: Janet Nicosia, Lida Jenney, Paul Cameron, Scott
Ronco and Larry Soucie. There is room for two associate members. The Mar-
tins Pond Association (MPA) has no official appointed committee, but has
many active participants. In addition to those listed above, the following people
are key members of the Association in planning and orchestrating events and
fundraising: Cathy Bakinowski, Bob Burg, Harvey Card, Mike Daniels, Joyce
Davis, Nicole Davis, Kath Geoffrion-Scannell, Mary Jane Hallahan, Julie Knight,
Lori Lynes and Michael Scannell. Many others work at events throughout the
year. Michael Scannell continues to serve on the Wastewater Planning Advi-
sory Committee as the Martins Pond Association representative. Our Board of
Selectmen liaison is Phil Dardeno.

Workshops/Conferences Attended: Lida, Janet and Lori Lynes attended
the Massachusetts Congress of Lake and Pond Associations annual meeting in
January 2006. We network with the Ipswich River Watershed Association, the
Headwaters Stream Team, Massachusetts Congress of Lakes and Ponds, and
the New England Grassroots Environmental Fund.

Grants and Other Funds
1) In early September 2004, the state legislature passed a Supplemental Ap-
propriations Act for FY’05. The bill committed $300,000 in state funds for
the Martins Pond Remediation Project. We formed a team consisting of
the Martins Pond Reclamation Study Committee, Dr. Jon Lyon
(Merrimack College), Mike Soraghan (Town Engineer), and Malcolm
Pirnie Engineers. We submitted and received approval for a large scope of work to be accomplished under the Project. The funds were transferred to the Town of North Reading in January 2005. The project is now complete, with final reporting to be published in spring 2007.

2) In June 2006, we applied for a 319 Non-point Source Competitive Grant administered through the Massachusetts Department of Environmental Protection. We were notified in the fall that our project, “Implementing Solutions: The Martins Pond Shoreline Restoration and Sedimentation Reduction Project” was chosen for funding. This is another Town of North Reading DPW/ MPRSC/ Merrimack College collaboration. The three year project consists of:

- Structural stormwater improvements for catch basins and outfalls at Martins Pond including those on Traveled Way and Poplar Terrace so they contain less pollutants and sediment.
- Rain garden at Clarke Park to stop sand erosion, capture runoff and educate the public about the use of landscaping as a pollutant reduction tool.
- No wake zones/harvesting. Program is aimed to keep boats from sensitive areas and protect area around the boat ramp, establishing a clear boat access channel and protecting areas where shoreline repairs are being performed.
- Outreach and Education Campaign including presentations, shoreline resident guide, ecological landscape workshop for residents, training in low impact development and Best Management Practices for decision makers.
- Shoreline Home Owner Restoration Effort, (S.H.O.R.E.). Streamline permitting for fixing shoreline property, erosion controls, and native plantings on chosen shoreline parcels needing rehabilitation. Project will seek shoreline residents in most need and fund 60% of restoration costs.

3) Applied for New England Grassroots Environmental Fund for native insect control workshop. Grant application was not chosen for funding. Program may be funded with event proceeds.

**Other Projects to improve the pond/watershed:**

Merrimack College continued its ongoing studies of Martins Pond including doing bi-weekly sampling and water testing at no cost to the town.

Volunteers from the Martins Pond neighborhood and Merrimack College raised and released Galerucella beetles into the wetlands south of Martins Pond for the fourth time this spring. One of the three locations is showing impact so far, and we will continue this program going forward.

Beaver trapping and dam breaching continues under emergency permitting and in-season trapping and the Town has been very proactive and success-
ful in controlling the impact of beavers in locations where they cannot be tolerated. We continue to monitor known locations and update the Town of new beaver activity.

Pond area resident volunteers continue to read USGS gauges weekly to track water levels in the pond and its watershed area. The nine gauges record the water levels in feet above sea level so we can monitor for potential flooding problems. On Mother’s Day in May, the Martins Pond neighborhood experienced its worst flood in known history. Water levels were 8” higher than previous records. The MPA distributed flyers and used our website and distribution list to get out information about FEMA, mold, and information from the North Reading Fire Department and their public assistance agencies. This devastating flood left two homes uninhabitable and evacuated a dozen more. It underscored again the need for replacement of the aging and undersized culverts at Rt. 62 and within Benevento’s business property. The Town of North Reading has applied for FEMA funding to replace the Rt. 62 culvert. We continue to receive support on this issue from our legislators and Town Hall, and will continue to work towards final resolution.

Community Septic Program

With the help of AB Septic, we offered a discounted rate for septic pumping for Martins Pond neighborhood residents who agreed to pump in April 2006. The discounted fee of $100 per 1,000 gallon tank and $150 per 1,500 gallon tank was a great bargain and we had over 35 residents participate. We hope to encourage more frequent pumping and, indeed, the contractor verified that many of the systems cleared were overdue. We aim to offer this program every few years. This program was part of the Martins Pond Remediation Project.

MPA Events/Fundraisers

1) 13th Annual Winter Festival (Saturday, Feb. 4)
2) 9th Annual Fishing Derby (Sat. July 8)
3) 12th Annual Children’s Haunted Playground (Saturday, Oct. 21)
4) Bottle deposits to benefit MPA – drop off your returnable bottles and cans to the N.E. Beverage and Redemption Center anytime and request the money go to the Martins Pond account.
5) Drop-in Volleyball program for girls grades 5-8 on Tuesday evenings in the summer (joint effort by the MPA and N.R. Youth Volleyball) – free to girls, but donations received covered field usage costs
6) Donations made to MPA in memory of Fran Mitchell (unofficial “Mayor of Martins Pond”) who passed away on April 1, 2006

Acquisitions/Improvements Made

The MPA purchased a new grill for Clarke Park that replaces an old one that Parks and Recreation removed when new paved pathways were added to the park at our request for more handicapped accessibility. New Lexan (fiberglass) was installed in the signboard at the park as well. Neighborhood volunteer Eleni Flannigan greatly improved the display in this signboard of environmental, boating, and MPA information by adding creative wooden lettering
and seasonal shapes to update it seasonally. A new banner was purchased to advertise our annual summer fishing derby. A new public address system was purchased for use at MPA events.

To learn more about the Martins Pond Reclamation Study Committee and the Martins Pond Association, visit our website: www.martinspond.org

Respectfully submitted,

Lida Jenney and Janet Nicosia
PARKS AND RECREATION COMMITTEE

The Parks and Recreation Department is committed to enhancing the quality of life for all North Reading Residents, by striving to provide the best recreational programming and park facilities possible.

The Parks and Recreation Department is a service-based department. We work interactively with local and regional sports associations, school departments, other town departments, individual town residents, other Park and Recreation departments, churches and private organizations. Each year over 4000 people benefit from Parks and Recreation Department programs and park infrastructure. Parks and Recreation is responsible for 4 soccer fields, 11 ball fields, 2 tennis courts, 4 basketball courts, a volleyball court, 2 beaches, a street hockey rink, horseshoe pits, skateboard park, picnic areas, irrigation infrastructure, 3 children’s play areas, summer playground programs, Children’s Art Center, concession stand at Ipswich River Park, after school events, special events, a summer BBQ/Concert series, a wine and food tasting event, and many other recreation and park programs.

The department revenues are generated through facility rentals, user fees, and program fees. The revenues are used for park and equipment maintenance, recreational program development, and seasonal staff salaries. Most programs run by the department are self-supporting. Prices are set to maintain a responsible budget and encourage participation from all residents. The Parks and Recreation Department revenues were up slightly in fiscal 2006.

Parks and Rec. is a member of the Massachusetts Recreation and Park Association. MRPA membership allows our department to interact with over 300 park and recreation professionals in Massachusetts.

Parks and Recreation hosted their fifth annual Wine and Food Social at the Hillview Country Club in March. Thanks to the efforts of Rec. member, Lauren McMullen and others, the event was very successful. Vandalism was up within the park facilities in 2006, with school 1/2 days being a large contributor. The Parks department purchased a new deep tine aerator though the operating capital fund. New signature signs and landscape were installed at Mullin field and Clarke Park.

The recreation brochure can be found via the Internet at www.northreadingma.gov or in the North Reading Transcript insert and at various town locations. We offer MasterCard and Visa payment options.

We would like to acknowledge four personnel changes. First, Lynne Clemens was hired as the full time Recreation Director. Second, Parks and Recreation is delighted to announce that Sheila Sturdevant has been hired as the department part time secretary. Third, we welcome Dan Foynes as the new Park Maintenance DPW designate. The Parks department would like to thank Norm Baxter and Wayne Davis for the high level of services and quality of work they
provided to the department over the years. Fourth, we welcome Richard Giordano as the new Park cleanup person. The Parks and Recreation Department would like to acknowledge all of our seasonal employees, senior, community, program and parent volunteers. Thank you for a great 2006; we couldn’t do what we do, without you.

We would like to extend a special thank you to Charles Keighley, Aldo Tramontozzi, Kevin Farrelly for their dedicated service on the Recreation Committee.

As we move into 2007 we strive to uphold our mission, promote the benefits of health and wellness, continue to be interactive members of the community, and be the best we can be.

Respectfully submitted,
Mike Prisco, Chairperson
Rita Mullin, Vice-Chairperson
Lauren McMullen, Clerk
Sergio Coviello
Nasos Philips

Brian D. Wood, Dept Head, Parks Director
Lynne Clemens, Recreation Director
Maureen Stevens, Administrative Assistant
Sheila Sturdevant, Office Secretary
Marty Tilton, Parks Foreman
Dan Foynes, Equipment Operator
THE HILLVIEW COMMISSION

State of the Enterprise

The Hillview Enterprise remains healthy. Golf revenues for the fiscal year ending June 30, 2006 have remained flat in part due to a continuous negative weather pattern in May and June. Play in November and December was an improvement over year 2005 due to weather conditions.

We are in the ninth year of our course improvement plan with a goal to improve play and course safety. We remain cognizant of the necessity to improve facilities and continue marketability.

Management

Fiona Maxwell has settled in as our Operations Manager. She is responsible for the day to day operations of the Enterprise. She provides a level of enthusiasm and professionalism that serves the Enterprise well. The Commission has approved funding for Fiona to attend a seminar topic being Public Bidding Laws.

The day-to-day operation of the Course and Function Hall remain contracted out to GFMI, Inc. and B&D Golf Enterprises Inc. respectively. Our practice of monthly meetings with their representatives to review financial reports, operations and issues assure that the Commission’s objectives are openly communicated and understood.

Communication continues to be excellent between the Commissioners, Town Administrator, Town Finance Director, Board of Selectman and other Town Committees.

Golf Course

The golf course remains the main source of revenue of the Enterprise. To assure revenues will meet the needs of the Enterprise we have continued to invest in equipment, capital improvement and maintenance.

New cart pathways and extensive drainage work on 2, 8 and 15 was done at the golf course. The nursery from which we get our new greens was reseeded for future use. The Commission put the bid for new bathrooms in the Pro Shop lower area. The bathrooms should be functional for the 2007 golf season. This will be paid through bonding as approved by Town Meeting via the Enterprise. The Maintenance Barn additions still being proposed, bids should go out during spring of 2007.

The GFMI Management Team of Steve Murphy, Mike Foster, Superintendent Matt Grady, Golf Pro Chris Carter, Golf Director Dick Baker and staff continue to do an outstanding job of managing the golf course and keeping the grounds in pristine shape. We are grateful for their efforts in making the Hillview Golf Course one of the best in the area. The Commission recommended to the Town Administrator that GFMI be awarded the contract for years 2006-
2009 with a three (3) year option until 2012. This was after a competitive bid process. The vote of the Commission was unanimous. The contract continues with the Commission being pleased with G.F.M.I.’s performance.

**Function Hall**

Our Function Hall business remains stable under the capable leadership of Burton Page and his staff. A list of necessary improvements was presented to the Commission by Burton Page.

Improvements of the ballroom continue. Town meeting passed an article which enables us to follow through on the renovations at the Country Club—monies to be paid by bonding out of the Enterprise income. B&D Golf Enterprises Inc. was awarded through competitive bidding a contract to continue operation at the Hillview. The contract is 3 years with a 3 year option.

The Commission, with the approval of Town Meeting, has been granted permission for the next contract for function hall to be a 5 year bid with a 5 year option.

**Ipswich River Park**

The Commission continues to service the debt for the acquisition and construction of Ipswich River Park. We are able to continue our policy of maintaining at arms length the management of Ipswich River Park because of the outstanding job that the LUC and Recreation Department have done in management and maintenance of the Park. We commend them for their continued effort and diligence.

**Wheeler Property**

The Recreation Department is utilizing the building on the property to store the Park’s maintenance equipment. The land continues to be banked for future development after some of the original Hillview Enterprise debt has been retired. The Town has due to a crisis with the integrity of the Police Station taken over use of the Wheeler property to house a temporary Police Station. This should be for 18 plus months while present Police Station is renovated.

**School Department Tennis Courts at the Middle School**

The Commission funded $150,000 to replace existing tennis courts which were in dire condition.

**Payment in Lieu of Taxes**

The Commission continues to pay a fee in lieu of taxes. This year’s payment was $100,936.00.

**Commission Membership**

Hank Purnell, Chuck Carucci and Jack Collins were reappointed to the Commission for a three year term, 2006-2009.
Acknowledgments

We are also indebted to citizen volunteers, town officials, town employees and the individual efforts of the commissioners to assure that the operation of the Hillview Enterprise continues to be run efficiently.

We are pleased again to report that the Hillview Enterprise remains viable with the ability to meet all of its financial, contractual and community obligations.

Respectfully submitted,

George Stack, Chairman
Hank Purnell, Vice Chairman
Larry Dyment, Treasurer
Ed Rocco
Chuck Carucci
Jack Collins
Mike Giunta
To either of the Constables of the Town of North Reading in the County of Middlesex, GREETING.

IN THE NAME OF THE COMMONWEALTH OF MASSACHUSETTS, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in Town affairs, to meet at the Daniel H. Shay Auditorium, North Reading High School, Park Street in said North Reading, on MONDAY, the THIRD DAY OF APRIL, 2006, at seven o’clock in the evening, then and there to act on the following articles:—

And you are directed to serve this Warrant, by posting up attested copies thereof at two conspicuous places in each of the four precincts in said Town, fourteen days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this sixth day of March in the year of our Lord two thousand and six.

BOARD OF SELECTMEN
Robert J. Mauceri, Chairman
Marcia L. Bailey, Vice Chairman
Joseph Veno, Clerk
Philip R. Dardeno
Stephen J. O’Leary

A True Copy: Attest:

John J. Firriello, Constable

174 Park Street, North Reading

Ryers Store
162 Park Street, North Reading

ATTEST: /s/ John J. Firriello
Date: March 8, 2006
John J. Firriello, Constable
The 1st session of the April 3, 2006 Annual Town Meeting was called to order by Moderator John Murphy at 7:05 p.m.

Police Lieutenant Edward Hayes and Fire Captain Barry Galvin were on duty. Tellers appointed by the Moderator were Kenneth Jones, Charles Carucci and Edward McGrath. Registrar Barbara Stats was present. The Pledge of Allegiance to the Flag was led by the Chairman of the Board of Selectmen, Robert Mauceri.

Mr. Moderator – I move that the following persons be admitted to the meeting: Greg Balukonis, Town Administrator; Joseph Tassone, Finance Director; Paula Dumont, Assessing Manager; David Hanlon, Director of Public Works; Gayle Regan, Town Clerk’s Office (freedom of the floor); Gary McAteer, School Department (freedom of the floor); Robert Turosz, North Reading Transcript (freedom of the floor); Elizabeth Craveiro, Treasurer/Collector; Darren Klein, Town Counsel; Alyson Olsen, HR Administrator; Mark Clark, Water Department Superintendent; David Harlow, Fire Chief; Eugene Tworek, IT Administrator; Helena Minton, Library Director; Heidi Griffin, CPC Administrator; Carl Nelson, School Department Business Manager; David Troughton, Superintendent of Schools; Martin Fair, Health Agent; Brad Door, Architect; Josh Hagan, Architect; and David Harbison, Newburyport. [R.Mauceri] UNANIMOUS.

The Moderator acknowledged the hard work of the Finance Committee for their work in preparation for the budget for this Town Meeting and announced the re-appointment of the following members to serve three-year terms: Chairman Michael Mastacusa, Donald Kelliher and Mark Westervelt.

Selectmen Stephen O’Leary requested to address Town Meeting to recognize the efforts and contributions of Selectwoman Marcia Bailey on her last appearance this evening as part of the Board before the Town Election on May 2nd, as Ms. Bailey was not seeking re-election. Ms. Bailey was recognized with a standing ovation by the Town Meeting.

Mr. Moderator: I move to dispense with the reading of the Warrant and to refer to the Articles by number, and further, to dispense with the reading of the Return of Service by the Constable. [R.Mauceri] UNANIMOUS.

Article 1 Select Town Officers

To choose all necessary Town officers not elected by ballot, and determine what instructions shall be given to them.

Sponsor: Board of Selectmen
Description...

This is a customary article required by law which provides for the selection of officers not otherwise specified within the Annual Town Election Ballot, the General By-laws or the Charter.
ARTICLE 1  SELECT TOWN OFFICERS
I move to authorize the Board of Selectmen to choose all necessary Town Officers not elected by ballot and to determine what instructions shall be given. [R.Mauceri] UNANIMOUS

Article 2  Hear and Act on Reports of Town Officers and Committees
To hear and act upon the reports of Town Officers and Committees.

Sponsor: Board of Selectmen
Description...
This is a customary article which provides for Officers and Committees so instructed to report to Town Meeting their progress or recommendations.

Recommendations ...
Selectmen: Recommended.
Finance Committee: No action required.

ARTICLE 2  HEAR AND ACT ON REPORTS OF TOWN OFFICERS AND COMMITTEES
I move to accept the printed Town Report for the year 2005 as the report of Town Officers and Committees and to hear other reports as may be presented at this meeting. [R.Mauceri]

The following persons gave reports regarding their Committees:

Kenneth Jones, Chairman of the Police Station Building Committee
Mr. Jones reported that the renovation/reconstruction project was “on schedule and on budget.”

Philip Dardeno, Selectman liaison to the Cable Advisory Committee
Mr. Dardeno reported that this committee has been active for about a year, their purpose is to review and negotiate terms and conditions for a license for cable and other IT services to be presented at a public hearing. Comparisons were made between the current provider, Comcast and Verizon.

Edward McGrath, Chairman of the Recycling Committee
Mr. McGrath reminded everyone of the “Lose Weight North Reading” campaign that has been on-going for approximately 7 months in an effort to reduce Town expenditures in Solid Waste. While the committee is pleased with the results so far (a projected savings of over $34,000 for FY’06), he encouraged more people to participate and to visit the Recycling website.

Jonathan DeSimone, Chairman of the Elementary School Building Committee
Mr. DeSimone reported that the Batchelder Elementary School reconstruction/renovation project was on time and on budget; the completion date is expected to be July 1st; there are funds remaining in the contingency account for any unforeseen expenses; and the Committee looks forward to dedicating the building prior to the start of school this fall.
Marcia Bailey, Selectmen liaison to the Infrastructure Committee
Ms. Bailey requested a 10-minute leave of the meeting for a presentation which was UNANIMOUSLY granted. Ms. Bailey stated that the mission of the committee is to review and prioritize the large-scale facility needs of the Town for the next 20 years. She reviewed the membership and the methodology which included brainstorming and meetings with various departments, following which they arrived at 16 specific needs prioritized within Groupings A-F as follows:

Group A – Park Street East Bridge; a facilities needs assessment on several municipal buildings which have not yet been assessed (Damon Tavern, Library, Fire Station, Third Meeting House, DPW Garage); High School and Middle Schools; Wastewater Treatment (Concord Street and Martins Pond area); and Storm Water Treatment;
Group B – Town Hall rehabilitation/expansion; DPW Facility expansion; Senior Citizens affordable housing needs;
Group C – West-side Fire Station (for equipment / un-manned); upgrade current Fire Station;
Group D – New Senior Center; Community Center; Youth Center (all of these could be combined depending on location);
Group E – Duval property (Park Street) acquisition should the property become available (to continue greenway along the Ipswich River – Riverwalk);
Group F – Artificial Turf Field; Ice Skating Rink.

Current debt service and projected debt service figures were reviewed, as well as the tax impact of the same; the need to evaluate methods of financing interim projects and to research and explore the acceptance of the Community Preservation Act (CPA) to offset land purchases or other applicable projects.

Charles Carucci, Chairman of the Secondary School Building Committee
Mr. Carucci requested a 15-minute leave of the meeting for a presentation which was UNANIMOUSLY granted. Mr. Carucci’s presentation included conceptual images of the layout of the High School and Middle School. Their purpose has been to evaluate the existing structures and develop potential solutions. He reviewed the history of both schools, previous studies made, the Mass School Building Authority (MSBA) criteria for reimbursement and presented five site plan proposals.

Denise Conry, member of the Wastewater Planning Advisory Committee
Ms. Conry advised the meeting that the committee’s charge has been expanded to include “Storm Water” and then requested a 10-minute leave of the meeting for a presentation which was CARRIED. Ms. Conry stated that the committee set forth to explore the feasibility of bringing sanitary sewers to parts of North Reading identified as needing such. She reviewed that the DEP would not allow North Reading to tie into the MWRA. The committee developed a primary and secondary needs analysis siting 101 streets in Town which were in need of this program. Discharge areas would be located at the J.T. Berry site, as well as the DPW site where actual facility would reside as the property is owned by the Town. She also stated that the new owner of the J.T. Berry site has promised a $1.5 million payment to the Town and sufficient discharge area to cover the Town’s needs, as well as their own development. Ms. Conry further stated that the committee was working towards Storm Water needs which will be addressed under a proposed new by-law at the October Town Meeting.

Voice vote under the motion for Article 2 to accept all reports: UNANIMOUS
Mr. Moderator – I move that the following persons be admitted to the meeting: Dan Twohey, Boston Globe Northwest reporter; Aakash Pandhi, 6 Oak Ave. North Reading.; and Debra Hayes, 33 Strawberry Lane, North Reading. UNANIMOUS

**Article 3** Amend Code – Add Zoning By-law Article XX – Berry Center Residential Smart Growth Overlay District (SGA)

To see if the Town will vote to amend the Code of the Town of North Reading Zoning By-Laws by adding a new Article XX – Berry Center Residential Smart Growth Overlay District (SGA). The complete text and maps relative to the proposed amendments are available for inspection at the Community Planning Office and the Town Clerk’s Office at North Reading Town Hall, 235 North Street, North Reading, MA between the hours of 8:00 a.m. – 4:00 p.m. Monday through Thursday and 8:00 a.m. – 1:00 p.m. Fridays; or what it will do in relation thereto.

**Sponsor:** Community Planning Commission

**Description:**
This article would affect a portion of the premises known as the J. T. Berry Center located on Lowell Road/Route 62, containing approximately fifty-seven and seven-tenths (57.7) acres.

**Recommendations...**

**Selectmen:** Recommended.

**Finance Committee:** Recommended.

**ARTICLE 3 AMEND CODE**
**ADD ZONING BY-LAW ARTICLE XX – BERRY CENTER RESIDENTIAL SMART GROWTH OVERLAY DISTRICT (SGA)**

I move to postpone consideration of Article 3 until adjourned date Thursday, May 18, 2006 at 7:00 p.m., Daniel H. Shay Auditorium, North Reading High School, Park Street and furthermore Article 3 will be the first order of business on that date. [R. Mauceri]

Chairman Mauceri explained that an application had been filed with the DHCD, however there was more information that was needed to address their questions and the Board feels that they will be able proceed under this article by that date. Mr. Mauceri gave an over-view of the proposal and urged the Town Meeting to attend the adjourned session as this was a very important issue for the Town and the adjourned session would require a quorum.

Finance Committee recommends motion to postpone.
Board of Selectmen recommends motion to postpone.
Motion to postpone CARRIED on a voice vote.

**Article 4** Authorize Director of Public Works to Accept Easements

To see if the Town will vote to authorize the Director of Public Works to accept, on behalf of the Town, easements in perpetuity from owners of record in cases where such easements are deemed necessary or desirable for the installation and maintenance of drainage and water mains, or for other construction, which easements are in the interests of public health, welfare, safety, or convenience to the motoring public; or what it will do in relation thereto.

**Sponsor:** Board of Selectmen
Description...
This article is presented annually to allow the Director of Public Works to accept easements for the construction and maintenance of water mains, drainage and other purposes.

Recommendations...
Selectmen: Recommended.
Finance Committee: Recommended

ARTICLE 4 AUTHORIZE DIRECTOR OF PUBLIC WORKS TO ACCEPT EASEMENTS
I move to authorize the Department of Public Works to accept easements on behalf of the Town as specified in Article 4 as printed in the warrant. [F.Veno]

Finance Committee recommends.
Board of Selectmen unanimously recommends.
UNANIMOUS

Article 5 Authorize Treasurer to Enter into Compensating Balance Agreements
To see if the Town will vote to authorize its Treasurer/Collector to enter into a compensating balance agreement or agreements for fiscal year 2007 pursuant to Chapter 44, Section 53F of the General Laws; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...
This is a customary article which allows the Treasurer to enter into compensating balance agreements with banks through which a portion of the interest earnings of deposits are retained by the bank in exchange for services.

Recommendations...
Selectmen: Recommended.
Finance Committee: Recommended.

ARTICLE 5 AUTHORIZE TREASURER TO ENTER INTO COMPENSATING BALANCE AGREEMENTS
I move to authorize the Treasurer to enter into compensating balance agreements as specified in Article 5 as printed in the warrant. [P.Dardeno]

Finance Committee unanimously recommends.
Board of Selectmen unanimously recommends.
UNANIMOUS

Article 6 Authorize Chapter 90 Highway Construction Funds (Pending Authorization by the Department of Revenue)
To see if the Town will vote to appropriate by transfer from the Chapter 90 Bond Issue Apportionment, a sum of money received from the State for the construction, reconstruction or maintenance of roadways in Town; or what it will do in relation thereto.

Sponsor: Department of Public Works
Description...
This article authorizes the use of Chapter 90 State Highway Aid for highways maintenance.
ARTICLE 6 AUTHORIZE CHAPTER 90 HIGHWAY CONSTRUCTION FUNDS
I move to appropriate such sum as may be allotted from the Chapter 90 Apportionment for the purpose of constructing, reconstructing or maintaining roadways within the Town of North Reading, as specified in Article 6 as printed in the warrant. [P.Dardeno]

Finance Committee unanimously recommends.
Board of Selectmen unanimously recommends.
UNANIMOUS

ARTICLE 7 CONSERVATION REVOLVING FUND – RE-AUTHORIZE
To see if the Town will vote to re-authorize pursuant to the provisions of Chapter 44, Section 53E 1/2, the Conservation Revolving Fund as voted in Article 20 – Revolving Funds – Wetlands Protection, at the April 1992 Town Meeting for the purpose of which receipts in connection with department programs will be deposited for use by the Conservation Commission for the purpose of meeting the expenses of Conservation Commission programs, and further to authorize the expenditure of such funds to be expended at the discretion of the Conservation Commission a sum not to exceed a certain amount; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...
This article continues in place the mechanism used by the Conservation Commission to fund its administration of the local Wetlands Protection By-law.
Recommendations ...
Selectmen: Recommended.
Finance Committee: Recommended.

ARTICLE 7 CONSERVATION REVOLVING FUND – RE-AUTHORIZE
I move to re-authorize the Conservation Revolving Fund as voted in Article 20 Revolving Funds – Wetlands Protection, at the April 1992 Town Meeting in accordance with MGL Chapter 44, section 53E and to set the maximum expenditure for FY2007 at $100,000, as specified in Article 7 as printed in the warrant, and that any wetland filing fees collected be deposited into said fund and expended to meet the expenses of the Conservation Commission’s programs. [P.Dardeno]

Finance Committee unanimously recommends.
Board of Selectmen unanimously recommends.
UNANIMOUS

ARTICLE 8 PARKS AND RECREATION REVOLVING FUND – RE-AUTHORIZE
To see if the Town will vote to re-authorize pursuant to the provisions of Chapter 44, Section 53E 1/2, the Parks and Recreation Revolving Fund as voted in Article 22 – Revolving Funds – Parks and Recreation, at the October 1997 Town Meeting for the purpose of which receipts in connection with department programs will be deposited for use by the Parks and Recreation Commission for the purpose of meeting the expenses of Parks and Recreation Commission programs, and further to authorize the expenditure of such funds to be expended at the discretion
of the Parks and Recreation Commission a sum not to exceed a certain amount; or what it will do in relation thereto.

**Sponsor:** Board of Selectmen

**Description:**

ARTICLE 28    ACCEPT MGL CHAPTER 32B, SECTION 18
I move to accept the provisions of General Laws Chapter 32B, Section 18, as specified in Article 28 printed in the warrant. [R.Mauceri]

A presentation was made by Town Administrator Greg Balukonis under the Article. Finance Committee recommends noting that this is one opportunity for the Town to shift the cost of a Federally-funded program to its source. Board of Selectmen recommends by a 3-1 vote with 1 abstention.

“Motion to postpone Article 28 until May18th Town Meeting when all the Town and Union and IAC (Insurance Advisory Committee) can be educated on Article to be heard after Article 3.” [R.Harris]

Finance Committee does not recommend motion to postpone. Board of Selectmen does not recommend motion to postpone.

Hand count on the motion to postpone: YES – 105 NO – 77
Motion to postpone: CARRIED

Mr. Moderator – I move that the following persons be admitted to the meeting: David Stamatis, Reading; and State Senator Bruce Tarr, Gloucester. [R.Mauceri] UNANIMOUS

Article 14    Operating Budget
To see if the Town will vote to fix the compensation of all elected officers, provide for a reserve fund, and allocate sums of money to defray charges and expenses of the Town, including or relating to, but not limited to:
· Town Boards,
· Town Departments,
· Town Committees,
· Debt and the interest thereon, and
· Wages and Salaries

for the fiscal year ending June 30, 2007; to appropriate the funds required for the aforementioned purposes; and to raise these funds by taxation as authorized by Ch. 59 of the Massachusetts General Laws, by transferring unexpended funds remaining in accounts established by Warrant Articles of previous Town Meetings or other available funds, or by taxation as authorized through a referendum to be conducted pursuant to Ch. 59, sec. 21C(m) of the Massachusetts General Laws; or what it will do in relation thereto.

Description...
This is the annual operating budget of the General Government and the School Department. It sets forth appropriations of funds to pay for all the normal costs of providing governmental services to the community. Explanations of each of the appropriation groupings have been incorporated into the article to enable a better understanding on the part of Town Meeting participants of each appropriation’s purposes and changes.

Recommendations ...
Selectmen: As specifically recommended in the “Sponsor Rec” column, including the “Override Amount” column.
School Committee: Recommendation to be made at Town Meeting.
Community Planning Committee:
Recommendation to be made at Town Meeting.
**Finance Committee:** As specifically recommended in the “FinCom Recommends” column.

162
I move to raise and appropriate the sums set forth in the column headed “Proposition 2 Limit” in the Line Items 1 through 105 including the transfer of funds set forth in the warrant totaling $44,557,993, as printed in the warrant with the following adjustments:

- Line 9 – Town Administrator salaries $207,254;
- Line 23 – Collection salaries $148,038;
- Line 29 – County Retirement $1,773,524;
- Line 56 – Veterans’ Expenses $42,182;
- Line 61 – Recreation salaries $123,997;
- Line 2 – Public Schools $19,931,938

Chairman of the Board of Selectmen Robert Mauceri credited the reason for a “non-override” budget to a meeting among the Selectmen, Finance Committee, School Committee, Town Administrator, School Superintendent and the School Business Manager when it was determined that because projected School Department costs appeared to be lower at this time than were originally expected, the pre-Kindergarten tuition would be increased and the transfer of $600,000 from the General Government portion of the budget to the School Department, an override would not be necessary at this time.

The Boards intend to engage in a year-long deliberative process to present a comprehensive plan at the April 2007 Town Meeting to carry-out a long-term 3-year plan which would restore all of the cuts made this year and to maintain level services, if not better.

Finance Committee recommends.
Board of Selectmen recommends.
School Committee recommends and acknowledged the cooperation of both other Boards towards this effort.
Voice vote on the main motion: **UNANIMOUS**

**Article 15  Capital Expenditures**
To see if the Town will vote to raise by taxation and appropriate, appropriate and transfer from unexpended funds remaining in Warrant Articles of previous years,
or appropriate by transfer from available funds or borrow a sum of money, for the purchase of items of a capital nature, and further to authorize the Town Administrator to sell or trade-in items rendered surplus by such purchases; or what it will do in relation thereto.

**Description...**

This article, required by the Town Charter, annually funds the purchase and replacement of capital equipment for various Town Departments. The following table lists each proposed purchase, the proposed sources and means of funding and the vote required for passage. All equipment displaced as surplus will be sold or traded in compliance with Town Bylaws. A 2/3 vote is required for transfers from the Stabilization Fund and for borrowing.

**Recommendations...**

- **Selectmen:** Recommended.
- **Finance Committee:**
  
  Recommendation to be made at Town Meeting.

**ARTICLE 15 CAPITAL EXPENDITURES**

I move to transfer the sum of $80,398 from Free Cash for items a, g, h; transfer the sum of $165,000 from Ambulance receipts for item b; and authorize the Treasurer with the approval of the Board of Selectmen to borrow the sum of $913,000 for items c, d, e, f as provided in General Laws Chapter 44, Section 7(g) for a grand total of $1,158,398 to fund the Fiscal Year 2007 capital expenditures a - h. [S.O’Leary] [Requires 2/3 vote]

Finance Committee recommends by a vote of 8 in favor and 1 abstention. Board of Selectmen unanimously recommends.

**UNANIMOUS**

164
Article 16  Retirement Trust Fund
To see if the Town will vote to raise by taxation and appropriate or transfer from available funds, a sum of money to the Retirement Trust Fund; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...

This article will transfer funds into the Retirement Trust Fund, which was authorized by special legislation, to pay for contractual obligations of employees upon retirement.

Recommendations ...

Selectmen: Recommend passing over this article.
Finance Committee: Recommendation to be made at Town Meeting.

ARTICLE 16 – RETIREMENT TRUST FUNDS
I move to pass over Article 16. [S.O’Leary]

Finance Committee recommends passing over.
Board of Selectmen recommends passing over as there are no funds available to transfer at this time.
UNANIMOUS

Article 17  Fund Retirement Obligations
To see if the Town will vote to raise and appropriate a sum of money and/or transfer a sum of money from available funds for the purpose of funding FY07 retirement obligations; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...

This article will provide funding for obligations owed employees who are retiring during FY07. The Town has established a Retirement Trust Fund for this purpose, but due to early retirements, the Fund is insufficient to meet the obligations. Therefore, additional funding is needed.

Recommendations ...

Selectmen: Recommended.
Finance Committee: Recommends $350,000.

ARTICLE 17  FUND RETIREMENT OBLIGATIONS
I move to raise and appropriate the sum of $350,000 for the purpose of funding retirement obligations of Town employees, as specified in Article 17 printed in the warrant. [S.O’Leary]

Finance Committee recommends.
Board of Selectmen recommends.
UNANIMOUS

Article 18  Fund Open Space Plan
To see if the Town will vote to raise and appropriate or transfer from available funds the sum of $25,000 to fund an update to the Town’s Open Space Plan; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...
This article provides funding to update the Town’s Open Space Plan. An update plan is required to be eligible for grant open space and recreation grant funds from the State. The last Open Space Plan was completed in 1995.

Recommendations...
Selectmen: Recommend $25,000 from Free Cash.
Finance Committee: Recommendation to be made at Town Meeting.

ARTICLE 18  FUND OPEN SPACE PLAN
I move to transfer the sum of $25,000 from Free Cash to update the Town’s Open Space Plan, as specified in Article 18 printed in the warrant. /S.OLeary/

Finance Committee recommends.
Board of Selectmen recommends.
UNANIMOUS

Article 19  Appropriate Money to Stabilization Fund
To see if the Town will vote to appropriate a sum of money to the Stabilization Fund; or what it will do in relation thereto.

Sponsor: Finance Committee
Description...
This article places funds in the Stabilization Fund, the use of which is unrestricted but requires a 2/3 vote of the Town Meeting.

Recommendations ...
Selectmen: Recommend passing over this article.
Finance Committee: Recommendation to be made at Town Meeting.

ARTICLE 19 – APPROPRIATE MONEY TO STABILIZATION FUND
I move to pass over Article 19. /S.OLeary/

Finance Committee recommends.
Board of Selectmen recommends.
UNANIMOUS

Article 20  Appropriate Funds – Water Department Unanticipated Costs
To see if the Town will vote to transfer from available funds the sum of $200,000 to be added to the Fiscal Year 2006 Water Department budget for payment of unanticipated costs; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...
This article provides additional funding for the purchase of water necessary to provide for residents.

Recommendations ...
Selectmen: Recommended.
Finance Committee: Recommended.
ARTICLE 20 APPROPRIATE FUNDS – WATER DEPARTMENT
UNANTICIPATED COSTS

I move to transfer the sum of $200,000 from Water Revenue to be added to the Fiscal Year 2006 Water Department budget, as specified in Article 20 printed in the warrant. [S.O’Leary]

Finance Committee unanimously recommends.
Board of Selectmen unanimously recommends. UNANIMOUS

Article 21 Fund Project Manager for High School Building Project
To see if the Town will vote to raise and appropriate or transfer at the sum of $10,000 for the purposes of funding a Project Manager for the High School Building Project as required under the new guidelines for school building reimbursement program established by the Massachusetts School Building Authority (MSBA); or what it will do in relation thereto.

Sponsor: School Committee
Description...
The Secondary Schools Building Committee (S-SBC), authorized by the Town to complete a feasibility study for the construction of a new high school on school-owned property, will propose the construction of a new secondary school facility. In order to meet the deadline for application to the MSBA by the summer of 2007, there is a need to hire a Project Manager. The initial hiring of a Project Manager would be on a part-time basis during the initial design phase of the project. Without a Project Manager, the S-SBC would not be able to proceed with design work and the Town would not be eligible to apply for state reimbursement through the MSBA.

Recommendations ...
Selectmen: Recommendation to be made at Town Meeting.
Finance Committee: Recommendation to be made at Town Meeting.

ARTICLE 21 FUND PROJECT MANAGER FOR HIGH SCHOOL BUILDING PROJECT
I move to pass over Article 21. [S.O’Leary]
[It was noted that this will now be paid out of the School budget appropriation]

Finance Committee recommends.
School Committee recommends.
Board of Selectmen recommends. UNANIMOUS

Article 22 Fund Hillview Capital Improvements/Purchase of Equipment
To see if the Town will vote to raise and appropriate, borrow or transfer from available funds, a sum of money for improvements to the Hillview Country Club and Golf Course and/or purchase of equipment; or what it will do in relation thereto.

Sponsor: Hillview Commission
Description...
This article will allow bonding for capital improvements to the facility and/or purchase of equipment.
Recommendations ...
Selectmen: Recommendation to be made at Town Meeting.
Finance Committee: Recommendation to be made at Town Meeting.

ARTICLE 22 FUND HILLVIEW CAPITAL IMPROVEMENTS/ PURCHASE OF EQUIPMENT
I move to pass over Article 22. [S.O'Leary]
[It was noted that this article had been inserted as a “place-holder,” however there was no need for it at this time.]

Finance Committee unanimously recommends.
Board of Selectmen unanimously recommends.
UNANIMOUS

Article 23 Create Solid Waste Stabilization Fund
To see if the Town will vote to create a Solid Waste Stabilization Fund as provided in Chapter 40, Section 5B of the General Laws and to raise and appropriate or transfer a sum of money from NESWC receipts for purposes of supporting ongoing solid waste and recycling expenses; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description:...
This article would create a new Stabilization Fund account for deposit of money due from NESWC. The Town anticipates using funds from this account to support solid waste and recycling expenditures.
Recommendations ...
Selectmen: Recommended.
Finance Committee: Recommended.

ARTICLE 23 CREATE SOLID WASTE STABILIZATION FUND
I move to create a Solid Waste Stabilization Fund as provided in General Laws Chapter 5B, [Chapter 40 Sec. 5B] as specified in Article 23 printed in the warrant. [J.Veno] [Requires 2/3 vote]

Finance Committee recommends.
Board of Selectmen unanimously recommends.
UNANIMOUS

Article 24 Create Overlay Property Valuation Stabilization Fund
To see if the Town will vote to create an Overlay Property Valuation Stabilization Fund as provided in Chapter 40, Section 5B of the General Laws and to raise and appropriate or transfer a sum of money from the Overlay Surplus account for purposes of funding future property valuation services; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description:...
This article would create a new Stabilization Fund account for deposit of funds from the Overlay account, which is under the control of the Board of Assessors. The Town anticipates using funds from this account to support property valuation expenditures.
Recommendations ...  
Selectmen: Recommended.
Finance Committee: Recommended.

ARTICLE 24 CREATE PROPERTY VALUATION STABILIZATION FUND
I move to create a Property Valuation Stabilization Fund as provided in General Laws Chapter 5B, [Chapter 40 Sec. 5B] as specified in Article 24 printed in the warrant. [J. Veno] [Requires 2/3 vote]

Finance Committee recommends.
Board of Selectmen unanimously recommends.
UNANIMOUS

Article 25 Amend Code of the Town of North Reading – General By-Laws Chapter 5, Article VII – Town Property
To see if the Town will vote to amend the General By-laws, Chapter 5, Article VII – Town Property by adding the following new provision; or what it will do in relation thereto:

5-28 Prohibition against hunting on public land.
A. Hunting is prohibited on all Town property.
B. Whomever violates the provisions of 5-28 shall be punished by a fine of twenty-five dollars ($25) for the 1st offense and fifty dollars ($50) for the 2nd and subsequent offenses.

and further to amend the Code of the Town of North Reading by amending the list of fines under Chapter 1, General Provisions, Section 1-5.B.(3) Violations and Penalties, by adding the following:

Chapter 5, Administration
Article VII, Town Property
§ 5-28, Prohibition against hunting on public land
Police Department
1st offense: $25
2nd and subsequent offenses: $50

Sponsor: Board of Selectmen
Description....
This article prohibits all hunting activity on town owned land. Presently, only bow hunting is allowed on town property, which is a growing concern with many residents. The establishment of a bylaw is and accompanying fine structure would serve to prevent bow hunting on public property.
Recommendations ...
Selectmen: Recommended.
Finance Committee: Recommended.

ARTICLE 25 AMEND CODE – ADD GENERAL BY-LAW
CHAPTER 5, ARTICLE VII – TOWN PROPERTY
I move to amend the General By-laws, Chapter 5, Article VII – Town Property, by adding the new Section 5-28 “Prohibition against hunting on town land” and to further amend the list of fines in Section 1-5.B.(3) “violations and penalties” as specified in Article 25 printed in the warrant. [P. Dardeno]
Finance Committee recommends.
Board of Selectmen recommends by a 4 to 1 vote.

A lengthy and active debate ensued on the pros and cons of the proposed by-law.
A motion was made to move the question: *Unanimous*

Hand Count on the motion under Article 24: YES – 51 NO – 91

*Motion LOST*

**Article 26**  
Amend Code – Delete Section 158-10 – Utility Pole By-law
To see if the Town will vote to amend the Code of the Town of North Reading by deleting Section 158-10 – Utility Pole By-law; or what it will do in relation thereto.

*Sponsor:* Board of Selectmen  
*Description:* This article would delete the Utility Pole By-law, Section 158-10 (originally passed at the April 2002 Town Meeting and subsequently approved by the AG’s office) as it is inconsistent with the provisions of MGL Chapter 164.

*Recommendations ...*

Selectmen: Recommended.  
Finance Committee: No action required.

**ARTICLE 26 AMEND CODE – DELETE SECTION 158-10 – UTILITY POLE BY-LAW**
I move to amend the Code of the Town of North Reading by deleting Section 158-10 “Utility Pole Bylaw”, as specified Article 26 printed in the warrant. [J.Veno]

[It was noted that this by-law originally passed at the April 2002 Town Meeting; however it was determined at a later date to be unenforceable and therefore the Selectmen have opted to rescind it from the Code.]

Finance Committee stated that no action was required of them.
Board of Selectmen unanimously recommends.

*UNANIMOUS*

**Article 27**  
Emergency Preparedness Memorandum of Understanding
To see if the Town will authorize the Board of Selectmen to enter into a Memorandum of Understanding with other communities to provide mutual aid and assistance in responding to public health emergencies, on terms and conditions as recommended by the Board of Health to be in the best interest of the town; or what it will do in relation thereto.

*Sponsor:* Board of Selectmen  
*Description:* Like police and fire departments, public health involves first responder responsibilities. The mutual aid agreement will make it possible for public health to enjoy similar support from communities for events that overwhelm local capacity. The mutual aid agreement is an inter-municipal agreement authorized by MGL c.40, s.4A which requires Town Meeting approval. Basically, this will allow us to enter into agreements with member communities of the Greater Lawrence Coalition: Emergency Preparedness Region 3B with which we have been working for two (2) years.

*Recommendations ...*

Selectmen: Recommended.  
Finance Committee: No action required.
ARTICLE 27 EMERGENCY PREPAREDNESS MEMORANDUM OF UNDERSTANDING

I move to authorize the Board of Selectmen to enter into a Memorandum of Understanding with other communities to provide mutual aid and assistance in responding to public health emergencies, as specified in Article 27 printed in the warrant. [R. Mauceri]

Finance Committee stated that there was no action required of them.
Board of Selectmen recommends.
UNANIMOUS

NOTE:
ARTICLE 28 ACCEPT MGL CHAPTER 32B, SECTION 18
Article 28 was unanimously voted to take out-of-order prior to Article 14; it was then voted to postpone action on Article 28 until the adjourned session on May 18, 2006.

Article 29 Citizens Petition – Establish North Reading Dog Park
We, the undersigned parties, would like to establish a North Reading Dog Park on Map 60 Parcel 17 off Park Street in North Reading, on town owned land managed by the Parks and Recreation Department. The park would be located at the far east end of Park Street in North Reading, MA. Just off of Chestnut Street.

We support the creation of an off-leash dog run in North Reading, MA. Off-leash dog runs provide a place for dogs to socialize with each other, getting the physical and mental exercise they need to be good companions and good neighbors.

We request that appropriate fencing, including a double gated entry to prevent dogs from bolting, an emergency and/or maintenance entry, provide garbage cans, bag stations and signage that indicate when dogs are allowed; from 10am till sunset on weekdays and 11am till 5pm on weekends. Signage will also indicate the animal feces must be properly disposed of in onsite trash cans. Only licensed dogs with valid visible tags will be permissible.

We request that a public citizens committee be formed in order to work with North Reading Parks and Recreation in finding ways to satisfy pet owners and non-pet owners alike as well as funding solutions that will not cost the Town of North Reading. Fund raising will either be accomplished by donations, sponsorship, bake sales or other means.

In creating a dog park, we hope to accomplish multiple goals:
- To establish a fenced in, off-leash dog park where well-behaved canines can exercise in a clean, safe environment without endangering or annoying people, property, or wildlife.
- To develop a beautiful, well-maintained space, open to all dog lovers and friends who are willing to uphold the park’s rules and restrictions.
- To view this park as a community project, in partnership with the Town of North Reading, designed to satisfy the needs of dog-owners and non-dog owners alike.
- To improve our dogs’ quality of life. Leash restrictions disallow the intense aerobic exercise that most dogs require. Dogs who cannot exercise tend to be nervous and destructive. Happy, healthy dogs are calmer and better behaved, reducing nuisance barking and other annoying behaviors exhibited by unexercised canines.
- To improve license and spay/neuter compliance, and generate revenue.
Since dog park patrons would be required to show proof of licensure, park use will increase license compliance and generate revenue for the Town. Reduced fee licensure with spay/neuter and an information network about low-cost and free spay/neuter would encourage sterilization, and reduce pet overpopulation in our Town.

Benefits of a Dog Park:
- Dog parks keep the animals away from children and people who don’t like them.
- They help keep other public spaces free of feces.
- They promote responsible pet ownership.
- They promote public health and safety since the dogs who use the park must be licensed and vaccinated.
- They provide a tool for enforcing dog control laws.
- Well-socialized dogs are less aggressive towards people and other dogs.
- For elderly and disabled people, a dog park is often the only accessible place to bring their companions to socialize.
- They foster community feeling – dog park users get to know each other well.
- Dog parks are desirable neighborhood amenities for newcomers.

Description...
This article was submitted by petitioners who seek to formally designate Town property off Park Street for a Dog Park. A Dog Park typically consists of an enclosed area where dogs are allowed to be off-leash.

Recommendations...
- Board of Selectmen: Not recommended.
- Finance Committee: Recommendation to be made at Town Meeting.

ARTICLE 29   CITIZENS PETITION – ESTABLISH NORTH READING DOG PARK
I move to pass over Article 29. [B.Wood] [It was noted that the sponsor of the Article was not in attendance, nor was any one else rising to present the article.]

Finance Committee stated that no action was required of them.
Board of Selectmen recommends passing over the article.

Move the question: Unanimous
Voice vote on the motion to pass over: CARRIED

I move to adjourn until May 18th at 7:00 pm at the Daniel Shay Auditorium. [R.Mauceri] UNANIMOUS

The meeting adjourned at 10:35 pm.
There were 243 voters present.

Checkers for the evening were: Norma Stiles, Shirley Hoyt, Marguerite Dugas, Marie Barnard, Mary Stanuchenski, Jean Gigante, Edith Graham, Rose Vitale, John Davis and Frank Stanuchenski. Administrative Assistant Carol Ducrow and Gayle Regan assisted with check-in procedures. Cable services were provided by Tyrone Johns; facilities services were provided by Gary McAteer.

ATTEST:
Barbara Stats, Town Clerk
The 2nd session of the April 2006 Annual Town Meeting was called to order by Moderator John Murphy on May 18, 2006 at 7:11 p.m. The Town Clerk, acting on behalf of the Board of Registrars, certified that a quorum was present and the Moderator read the following statement into the record: “This is to certify that under the provisions of Section 172-4 of the Code of North Reading, the quorum of 150 voters required to conduct business on a day or at a time other than that specified under the provisions of Section 172-4 of the Code is present.”

Police Sergeant Lawrence Tremblay and Deputy Fire Chief Richard Harris were on duty. Tellers appointed by the Moderator were Klaus Kubierschky, John Norton and Lawrence Dyment. Registrar Barbara Stats was present. The Pledge of Allegiance to the Flag was led by the Chairman of the Board of Selectmen, Robert Mauceri. Chairman Mauceri thanked the voters in attendance for coming to this Town Meeting to establish a quorum and conduct the remainder of the business of the Annual Town Meeting.

Mr. Moderator – I move that the following persons be admitted to the meeting: Greg Balukonis, Town Administrator; Joseph Tassone, Finance Director; Paula Dumont, Assessing Manager; David Hanlon, Director of Public Works; Gayle Regan, Town Clerk’s Office (freedom of the floor); Robert Turosz, North Reading Transcript (freedom of the floor); Elizabeth Craveiro, Treasurer/Collector; Darren Klein, Town Counsel; Kathleen O’Donnell, Town Counsel; David Harlow, Fire Chief; Alyson Olsen, HR Administrator; Ann Ludlow, MIIA; Mark Clark, Water Department; Judi Segur, Asst. Library Director; Heidi Griffin, CPC Administrator; Martin Fair, Health Agent; Seth Albaum, Comcast (freedom of the floor); Greg Peterson, Lincoln Properties Rep.; Debra Hayes, Strawberry Lane, North Reading; and Fred Van Magness, Rep. Jones Office. [R.Mauceri] UNANIMOUS.

The Moderator stated that members were needed for the Finance Committee, both as regular members, as well as associate members, and if anyone is interested to contact him or the Finance Committee.

**Article 3  Amend Code – Add Zoning By-law Article XX – Berry Center Residential Smart Growth Overlay District (SGA)**

To see if the Town will vote to amend the Code of the Town of North Reading Zoning By-Laws by adding a new Article XX – Berry Center Residential Smart Growth Overlay District (SGA). The complete text and maps relative to the proposed amendments are available for inspection at the Community Planning Office and the Town Clerk’s Office at North Reading Town Hall, 235 North Street, North Reading, MA between the hours of 8:00 a.m. – 4:00 p.m. Monday through Thursday and 8:00 a.m. – 1:00 p.m. Fridays; or what it will do in relation thereto.

**Sponsor:** Community Planning Commission

**Description...**

This article would affect a portion of the premises known as the J. T. Berry Center located on Lowell Road/Route 62, containing approximately fifty-seven and seven-tenths (57.7) acres.
Recommendations ...

Selectmen: Recommended.
Finance Committee: Recommended.

ARTICLE 3  AMEND CODE – ADD ZONING BY-LAW ARTICLE XX – BERRY CENTER RESIDENTIAL SMART GROWTH OVERLAY DISTRICT (SGA)

I move that the Town vote pursuant to G.L.C. 40R and 760 CMR 59.00 to amend the Code of the Town of North Reading Zoning By-laws by adding Article XX – Berry Center Residential Smart Growth Overlay District (SGA) and by adopting the Berry Residential Smart Growth Overlay District Map both in the form approved by the Department of Housing and Community Development and filed with the Community Planning Office and the Town Clerk and as set forth in a handout distributed tonight entitled “Berry Center Residential Smart Growth District”; and further that non-substantive changes to the numbering of this by-law be permitted in order that it be in compliance with the numbering format of the Code of North Reading. [R. Mauceri]

A 15-minute leave of the meeting was requested by Chairman of the Board of Selectmen Robert Mauceri for a PowerPoint presentation, which was UNANIMOUSLY granted.

Mr. Mauceri presented the Selectmen’s view of the proposed overlay district, reviewing the history of the project, the key benefits for development, and the financial benefits to the Town.

Planning Administrator Heidi Griffin then continued the Town’s presentation with the Community Planning Commission’s report citing several key issues which would benefit the Town in adopting this by-law and the overlay district; an explanation of the 40R law; the impact of a 40R development towards the Town’s 40B quota; aerial pictures of the targeted site; the financial incentives to the Town, including a comparison between a 40B vs. a 40R; and in summary ended the Town’s presentation citing the key factors of additional State funding as a 40R, as well as additional State funding entitlements under 40S School Cost Insurance.

Board of Selectmen recommends.
Finance Committee recommends.
Community Planning Commission recommends and also recommends the oral presentation.

Town Officials responded to many questions from the Town Meeting.

Move the question: Carried [L. Dyment]

Hand count on the motion under Article 3 as presented: YES – 196 NO – 0
UNANIMOUS

Article 28  Accept MGL Chapter 32B, Section 18
To see if the Town will vote to accept Massachusetts General Laws Chapter 32B, Section 18; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...
This article provides for acceptance of a State statute requiring eligible retirees to enroll in a Medicare equivalent program. Currently, Medicare eligible retirees may remain on the HMO plan at a substantially higher cost to the Town.

Recommendations...

Selectmen: Recommendation to be made at Town Meeting.
Finance Committee:
Recommendation to be made at Town Meeting.

ARTICLE 28  ACCEPT MGL CHAPTER 32B, SECTION 18
I move to accept the provisions of General Laws Chapter 32B, Section 18, as specified in Article 28 printed in the warrant. [R.Mauceri]

Finance Committee recommends.
Board of Selectmen recommends.

Town Administrator Greg Balukonis gave a brief presentation under the Article, reviewing the Town’s health insurance costs, the eligibility requirements to qualify under this law, the 1994 Health Insurance Agreement which covers all Town employees and retirees, and stated that this was an opportunity for the Town to take advantage of a Federally-funded program. A two-minute recess was called by the Moderator at 8:00 pm to confer with Town Counsel. The Moderator called the meeting back to order at 8:02 pm, after which Ann Ludlow, a representative from the Mass Interlocal Insurance Agency (MIIA) further reviewed the plan options.

Move the question. Unanimous [T.Harris]

Hand count on the Motion under Article 28: YES – 56  NO – 136
Motion LOST

A Motion to Reconsider was made, but failed to achieve the required 2/3 majority, as declared by the Moderator, and therefore the Motion to Reconsider FAILED.

Before moving on to the final article, the Chairman of the Board of Selectmen Robert Mauceri thanked Representative Brad Jones, Jr. for all of his work in pursuing the J.T. Berry project (Article 3). He then congratulated the new Selectman Michael Harris and Selectman Stephen O’Leary on their victory at the May 2, 2006 Annual Town Election and introduced Selectman Harris on his first appearance at a Town Meeting. Selectman Harris thanked everyone who supported him and stated that he was looking forward to his term on the Board. Selectman Harris was greeted with a round of applause from the Town Meeting. Mr. Mauceri further thanked all of the public employees – Police, Fire and Public Works – for all their assistance to the residents and the community during the record-breaking rainfall of the past week, which generated a further round of applause. Mr. Mauceri thanked the Town Meeting for staying to the end of the evening in order to maintain the required quorum to conclude the business of the Annual Town Meeting.

Article 13  FY2006 Budget Transfers
To see if the Town will vote to transfer a sum of money from available funds to supplement department budgets and appropriations for the fiscal year ending on June 30, 2006; or what it will do in relation thereto.
Sponsor: Board of Selectmen
Description...
This article is necessary to supplement Fiscal Year 2006 department budgets.
Recommendations ...
Selectmen: Recommendation to be made at Town Meeting.
Finance Committee:
Recommendation to be made at Town Meeting.

ARTICLE 13  FY 2006 BUDGET TRANSFERS
I move to amend the FY 2006 operating budgets and appropriations by a total increase of $257,535, as recommended by the Board of Selectmen in the following amounts:

$127,535 from the supplemental fuel and utility reserve voted under Article 4 of the October 17, 2005 town meeting for the purpose of adding to the Finance Committee Reserve Fund; $130,000 from the solid waste management account for the purpose of adding to the Solid Waste Stabilization Fund. [R.Mauceri] [Requires 2/3 vote]

Finance Committee unanimously recommends.
Board of Selectmen recommends.
UNANIMOUS

I move to adjourn this meeting sine die. [R.Mauceri]

The meeting adjourned at 8:30 p.m.
There were 253 voters present.

Checkers for the evening were: Shirley Hoyt, Marguerite Dugas, Marie Barnard, Mary Stanuchenski, Jean Gigante, Edith Graham, Rose Vitale, John Davis and Frank Stanuchenski. Administrative Assistant Carol Ducrow and Gayle Regan assisted with check-in procedures. Cable services were provided by Seth Albaum; facilities services were provided by Julie Spurr-Knight.

A True Record. ATTEST:

**VOTER PARTICIPATION:** 23.6%
COMMONWEALTH OF MASSACHUSETTS
TOWN OF NORTH READING
TOWN MEETING WARRANT
OCTOBER 16, 2006
7:00 P.M.

Middlesex, SS.

To either of the Constables of the Town of North Reading in the County of Middlesex,

GREETING:

IN THE NAME OF THE COMMONWEALTH OF MASSACHUSETTS, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in Town affairs, to meet at the Daniel H. Shay Auditorium, North Reading High School, Park Street in said North Reading, on MONDAY, the SIXTEENTH DAY of OCTOBER, 2006, at seven o'clock in the evening, then and there to act on the following articles:

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

And you are directed to serve this Warrant, by posting up attested copies thereof at two conspicuous places in each of the four precincts in said Town, fourteen days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this 27th day of September in the year of our Lord two thousand and six.

BOARD OF SELECTMEN
Robert J. Mauceri, Chairman
Stephen J. O’Leary, Vice Chairman
Joseph R. Veno, Clerk
Philip R. Dardeno
Michael R. Harris

A True Copy: Attest:
John J. Firriello, Constable
CONSTANCE’S RETURN OF SERVICE

JOHN J. FIRRIELLO
CONSTABLE – TOWN OF NORTH READING
One Sullivan Road
North Reading, MA 01864

I have notified the inhabitants of the Town of North Reading 21 days before OCTOBER TOWN MEETING on October 16th, 2006, by posting the warrant in two places in each of the four precincts:

Precinct #1 – M & H Auto & Gas Station
1 Washington Street, North Reading
Carpet Crafts
3 Washington Street, North Reading

Precinct #2 – Carousel Cleaners
265 Main Street, North Reading
Town Hall
235 North Street, North Reading

Precinct #3 – Reading Lumber Co.
110 Main Street, North Reading
Eastgate Liquors
12 Main Street, North Reading

Precinct #4 – U.S. Post Office
174 Park Street, North Reading
Ryers Store
162 Park Street, North Reading

ATTEST: /s/ John J. Firriello  Date: September 28, 2006
John J. Firriello, Constable
The 2006 Fall Annual October Town Meeting was called to order on October 16, 2006 by Moderator John Murphy at 7:10 p.m.

Police Officer Paul Dorsey, Sr. and Firefighter John Burt were on duty. Tellers appointed by the Moderator were Kenneth Jones, John Norton and Patricia Colella. Registrar Barbara Stats was present. The Pledge of Allegiance to the Flag was led by the Chairman of the Board of Selectmen, Robert Mauceri.

Mr. Moderator – I move that the following persons be admitted to the meeting: Greg Baltukonis, Town Administrator; Joseph Tassone, Finance Director; Darren Klein, Town Counsel; Paula Dumont, Assessing Manager; David Hanlon, Director of Public Works; Gayle Regan, Town Clerk’s Office (freedom of the floor); Robert Turosz, North Reading Transcript (freedom of the floor); Elizabeth Craveiro, Treasurer/Collector; Mark Clark, Water Department Superintendent; David Harlow, Fire Chief; Eugene Tworek, IT Administrator; Helena Minton, Library Director; Heidi Griffin, CPC Administrator; Carl Nelson, School Department Business Manager; David Troughton, Superintendent of Schools; Seth Albaum, Comcast; Luke Richards, Comcast; Bridget Zwack, Malcolm Pirnie Co.; Jennifer Lachmayr, Malcolm Pirnie Co.; Christine Fisher, 59 Mt. Vernon St.; Giles Norton, 59 Mt. Vernon St.; Paula Marcisak, 7 Nichols St.; Leah McCann, 19 Valley Rd.; Nathan Simons, 31 Hickory Lane; David Robart, Sr. and David Robart, Jr., 36 Tenney Rd., Sandown, NH. [R.Mauceri] UNANIMOUS.

The Moderator recognized Mr. Philip “Nick” O’Brien who addressed Town Meeting regarding the passing of Mr. George Sandorfi earlier in the year and to recognize his many contributions to the Town, having served faithfully and well as a former member of the Board of Selectmen, the Finance Committee, as Assistant Moderator and as a faithful Town Meeting attendant. The Town Meeting honored Mr. Sandorfi with a moment of silence in his memory.

Mr. Moderator – I move that the following persons be admitted to the meeting: Alyson Olsen, HR Administrator; Joshua Blatt, NRHS Student Council; Sue Calangelo, 5 Freedom Dr.; and Martin Fair, Health Agent. [J.Veno] UNANIMOUS

Mr. Moderator: I move to dispense with the reading of the Warrant and to refer to the Articles by number, and further to dispense with the reading of the Return of Service by the Constable. [J.Veno] UNANIMOUS

**Article 1**

**Hear and Act on Reports of Town Officers and Committees**

To hear and act upon the reports of Town Officers and Committees.

**Sponsor:** Board of Selectmen

**Description:**

This is a customary article which provides for Officers and Committees so instructed to report to Town Meeting their progress or recommendations.

**Recommendations:**

- **Selectmen:** Recommended.
- **Finance Committee:** No action required.
ARTICLE 1  HEAR AND ACT ON REPORTS OF TOWN OFFICERS AND COMMITTEES
I move to hear reports of Town Officers and Committees as may be presented at this meeting. [J.Veno]

- Edward McGrath, Chairman of the Recycling Committee, gave an update on the program and challenged the Townspeople to a higher goal in the coming year, focusing on paper recycling;

- Kenneth Jones, Chairman of the Police Station Building Committee, presented an update and reported that the new roof was in process at the police station, and that the project was one month behind schedule, now scheduled for July of 2007.

Voice vote under the motion for Article 1 to accept all reports: UNANIMOUS

Article 2  ACCEPT CHAPTER 79 OF THE ACTS OF 2006
To see if the Town will vote to accept, for all boards, committees or commissions holding adjudicatory hearings in the Town, the provisions of G.L. c. 39, §23D, which provide that a member of a board, committee, or commission holding an adjudicatory hearing shall not be disqualified from voting in the matter solely due to the member’s absence from one session of such hearing, provided that certain conditions are met; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...
This article provides for acceptance of a recently enacted state law that permits a member of permit granting boards and committees to vote on matters despite having missed one public hearing. The member must review a transcript or tape of the missed meeting and follow other legal requirements in order to qualify for voting rights.

Recommendations ...
Selectmen: Recommended.
Finance Committee: No action required.

ARTICLE 2  ACCEPT CHAPTER 79 OF THE ACTS OF 2006
I move to accept, for all boards, committees or commissions holding adjudicatory hearings in the Town, the provisions of G. L. c. 39 §23D, as specified in Article 2 as printed in the warrant. [M.Harris]

Finance Committee stated that no action was required or them.
Board of Selectmen recommend.
UNANIMOUS

Article 3  Amend Code – Add General By-Law Chapter 156 – Storm Water Management
To see if the Town will vote to amend the Code of the Town of North Reading General By-Laws by adding Chapter 156 – Storm Water Management, the complete text of which is available for inspection at the Department of Public Works Office and the Town Clerk’s Office at North Reading Town Hall, 235 North Street, North Reading, MA between the hours of 8:00 a.m. – 4:00 p.m. Monday through Thursday and 8:00 a.m. – 1:00 p.m. Fridays; and further to amend the Code of the Town of North Reading by amending the list of fines under Chapter 1, Gen-
eral Provisions 1-5.B.(3) Violations and Penalties, by adding the following under Chapter 156, Storm Water Management:

**Chapter 156, Storm Water Management**

**Article I, Non-Storm Water Discharges**

Dept. of Public Works Director, Employees, Officers or Agents

1st offense: written warning
2nd offense: $50
3rd offense: $100
4th and subsequent offenses: $200

**Article II, Construction and Post Construction ... Redevelopments**

Building Inspector

1st offense: written warning
2nd offense: $50
3rd offense: $100
4th and subsequent offenses: $200

and further that non-substantive changes to the numbering of this by-law be permitted in order that it be in compliance with the numbering format of the Code of North Reading; or what it will do in relation thereto.

**Sponsor:** Department of Public Works,
Community Planning Commission,
Wastewater and Storm Water Planning Advisory Committee

**Description...**

This article would create a by-law providing for the management of the storm water in North Reading in keeping with the requirements of the Clean Water Act (Federal Water Pollution Control Act, 33 U.S.C. § 1251 et seq.) as required under the Town of North Reading’s Phase II Storm Water Management Permit.

**Recommendations ...**

**Selectmen:** Recommended.

**Finance Committee:**
Recommendation to be made at Town Meeting.

**ARTICLE 3**

**AMEND CODE – ADD GENERAL BY-LAW CHAPTER 156 – STORM WATER MANAGEMENT**

I move to amend the Code of the Town of North Reading General By-Laws by adding Chapter 156 – Storm Water Management, in a form approved by the Board of Selectmen and filed with the Town Clerk. [R.Mauceri]

Finance Committee withhold their recommendation until after the presentation.
Board of Selectmen recommend.

Denise Conry, member of the Wastewater / Stormwater Advisory Committee, made a presentation under Article 3.

Finance Committee unanimously recommends.
Community Planning Commission unanimously recommends.
Voice vote under Article 3: **UNANIMOUS**

To see if the Town will vote to amend the Code of the Town of North Reading Zoning By-Laws by adding the following Article XXI - Preserving Significant Structures – Historic Preservation:

ARTICLE XXI  PRESERVING SIGNIFICANT STRUCTURES – HISTORIC PRESERVATION

200-117 Intent and Purpose
The purpose of this Bylaw is to preserve and protect historically significant structures within the Town which reflect or constitute distinctive features of the architectural, cultural, economic, political or social history of the Town and to encourage owners of such structures to seek out persons who might be willing to purchase, preserve, rehabilitate or restore such structures rather than demolish them. To achieve these purposes, the North Reading Historical Commission is empowered to advise the Building Inspector with respect to the issuance of permits for demolition of such historically significant structures. The issuance of demolition permits for such historically significant structures is regulated as provided in this Bylaw.

200-118 Definitions
BUSINESS DAY: A day which is not a legal municipal holiday, Saturday or Sunday.
COMMISSION: The North Reading Historical Commission.
DEMOLITION: Any act of moving, pulling down, destroying, removing or razing a structure or commencing the work of total or substantial destruction of a structure or exterior portion thereof with the intent of completing the same.
EMERGENCY DEMOLITION: In the event of an imminent danger to the safety of the public, nothing in this Bylaw shall restrict the Building Inspector from immediately ordering the demolition of any structure or any part thereof.
POTENTIALLY SIGNIFICANT STRUCTURE: Any structure or a portion of a structure that:
   A. Is listed on, or is within an area listed on, the National Register of Historic Places, the Massachusetts Historical Register of Historic Places, or has been determined to be eligible for a listing on said registers, or;
   B. Is included in the North Reading Cultural Resources Survey as of August 2002, maintained by the North Reading Historical Commission or structures for which complete inventory or survey forms may be pending as of that date, or;
   C. Has been determined by an affirmative vote of at least four (4) members of the Commission to be historically or architecturally significant in terms of period, style, method of building construction or association with a significant architect, builder or resident either by itself or as part of a group of buildings, provided that the owner of such a structure and the Building Inspector have been notified in hand or by certified mail at least thirty (30) days prior to such vote.

PREFERABLY PRESERVED HISTORIC STRUCTURE: Any historically significant structure which is determined by the Commission to be in the public interest to preserve because of the important contribution made by such structure to the historical and/or cultural resources of the Town.

STRUCTURE: Materials assembled at a fixed location to give support or shelter, such as a building, framework, wall, tent, reviewing stand, platform or the like.
200-119 Procedures

A. No demolition permit for a structure, or any portion thereof, which is in whole or in part a Potentially Significant Structure shall be issued without following the provisions of this bylaw. The Commission will provide a listing of Potentially Significant Structures to the Building Inspector.

B. An applicant proposing to demolish a structure, or any portion thereof, subject to this bylaw shall file with the Building Inspector an application containing the following information:
   1. The address of the structure proposed to be demolished;
   2. The structure owner's name, address and telephone number;
   3. The structure owner's assent to the filing of the application if the applicant is not the structure owner;
   4. A description of the structure;
   5. A written history of the property, if known;
   6. The reason for requesting a demolition permit;
   7. A brief description of the proposed reuse, reconstruction or replacement of the structure, or portion thereof; and,
   8. A photograph or photographs of the structure.

C. The Building Inspector shall, within seven (7) business days after receiving an application for a demolition permit which may be covered by this bylaw, forward a copy of the application to the Commission and to the Town Clerk.

D. Within fourteen (14) days of the date upon which the Commission receives the Demolition Permit, the Commission shall make an Initial Determination that is:
   1. Positive - if the structure is historically inventoried, or in the process of being inventoried or determined by the Commission to have historic significance, or
   2. Negative - if the Initial Determination is negative, the property is no longer subject to this Bylaw, and the Building Inspector may act on the Demolition Permit.

E. If the Initial Determination is a Potentially Significant Structure and thus subject to the hearing process, the Commission shall so notify the applicant, the Building Inspector and the Town Clerk in writing, within twenty (20) business days of such determination. No demolition permit may be issued at this time. If the Commission does not notify the Building Inspector, the applicant, and the Town Clerk within twenty (20) business days of receipt of the application, the Building Inspector may issue the demolition permit.

F. The Commission shall hold a public hearing on the application within twenty-one (21) days of the Initial determination and shall give public notice of the time, place and purpose of the hearing in a local newspaper at least fourteen (14) days before said hearing; at least seven (7) days before said hearing, the Commission shall mail a copy of said notice to the applicant, to the owner(s) of all property deemed by the Commission to be affected thereby as they appear on the most recent local tax list, and to such other persons as the Commission shall deem entitled to notice. At the public hearing the Commission shall:
   1. Determine if the Potentially Significant Structure is a Preferably Preserved Historic Structure.
   2. Determine whether the work to be done will materially diminish the historical or architectural significance of the Structure, if less than a complete demolition or exterior renovation is proposed.
   3. Explore alternatives to demolition. The Commission may require that
the applicant maintain on the property, which is the subject of a Demo-
lition Permit application, a notice in a form designated by the Commis-
sion, visible from the nearest public way, of any hearing on the subject
matter of such application.

The Town shall be responsible for costs associated with the mailing,
posting or publishing of the required notices.

G. If, after the close of such hearing, the Commission determines that the
demolition of the Potentially Significant Structure would not be detrimental
to the historical or architectural heritage or resources of the Town, the Com-
mission shall so notify the Building Inspector within fifteen (15) business
days of the conclusion of the hearing. Upon receipt of such notification, or
after the expiration of the fifteen (15) days, the Building Inspector may act
on the Demolition Permit if he has not received notification from the Com-
mission.

H. If the Commission determines that the demolition of the Potentially Signifi-
cant Structure would be detrimental to the historical or architectural heri-
tage or resources of the Town, such structure shall be considered a Prefer-
ably Preserved Historic Structure. The Commission shall so advise the ap-
plicant and the Building Inspector, and a Demolition Permit may be de-
layed up to one (1) year after the conclusion of the hearing during which
time alternatives to demolition shall be considered. The Commission shall
offer the owner information about options other than demolition, such as
resources in the preservation field, the Massachusetts Historical Commiss-
ion, the Town Planner, and other interested parties that might provide as-
sistance in preservation, funding and/ or adaptive reuse.

200-120 Responsibility of Owner/Applicant
The owner of record shall be responsible for participating in the investigation of
options to demolition by actively seeking alternatives with the Commission and
any interested parties, by providing any necessary information, by allowing rea-
sonable access to the property, and by securing the premises.

200-121 Release of Delay Enforcement
A. Notwithstanding the preceding section of this Bylaw, the Building Inspec-
tor may issue a Demolition Permit for a Preferably Preserved Historic Struc-
ture at any time after receipt of written advice from the Commission to the
effect that either:
   1. The Commission is satisfied that there is no reasonable likelihood that
      either the owner or some other person or group is willing to purchase,
      preserve, rehabilitate or restore such structure; or
   2. The Commission is satisfied that during the delay period the owner has
      made continuing, bona fide and reasonable efforts to locate a purchaser
      to preserve, rehabilitate and restore the subject structure, and that such
      efforts have been unsuccessful.

B. As a condition of releasing the delay enforcement, the Commission may
require the applicant to submit measured drawings or other documenta-
tion for the Town’s historic records.

200-122 Emergency Demolition
If, after an inspection, the Building Inspector finds that a structure subject to this
bylaw poses an immediate threat to public health or safety due to its deteriorated
condition and that there is no reasonable alternative to the immediate demolition
of the structure, then the Commission may obtain an evaluation and report from
a structural engineer and if said report confirms the evaluation of the Building Inspector, an emergency demolition permit may issue. The Building Inspector shall as soon as practicable prepare a demolition report explaining the condition of the structure and the basis for his/her decision and forward it to the Commission, together with the report of the structural engineer.

Nothing in this Section shall be construed to derogate in any way from the authority of the Building Inspector derived from Chapter 143 of the General Laws. However, before acting pursuant to that Chapter, the Building Inspector shall make every reasonable effort to inform the Chairperson of the Commission of his intentions to cause demolition before he initiates same.

200-123 Enforcement and Remedies

A. Anyone who demolishes, removes or relocates a building or structure as identified in Section 200-119, without first obtaining a demolition permit in accordance with the provisions of this bylaw shall be subject to a fine of three hundred dollars ($300) for each offense, each day that the violation exists constituting a separate offense, until a restoration of the demolished structure is completed or unless otherwise agreed to by the Commission.

B. In addition, if a Potentially Significant Structure is demolished without first obtaining a demolition permit, no building permit shall be issued for the premises for a period of two (2) years after the date of such demolition unless the building permit is for restoration, or other reconstruction. As used herein "premises" includes the parcel of land upon which the demolished structure was located and all adjoining parcels of land under common ownership or control.

C. No building permit shall be issued or be valid for a period of up to two (2) years after completion of such demolition with respect to any parcel upon which a Potentially Significant Structure has been demolished by an intentional or grossly negligent violation of this bylaw, unless, for good cause, the Commission shall otherwise authorize.

200-124 Administration

A. The Commission may adopt such rules and regulations as are necessary to administer the terms of this bylaw.

B. The Commission is authorized to adopt a schedule of reasonable fees to cover the costs associated with the administration of this bylaw.

200-125 Severability

If any section, paragraph or part of this by-law is for any reason declared invalid or unconstitutional by any court, every other section, paragraph and part shall continue in full force and effect.

and further to amend the Code of the Town of North Reading by amending the list of fines under Chapter 1, General Provisions 1-5.B(3) Violations and Penalties, by adding the following under Chapter 200, Article XXI, Preserving Significant Structures—Historic Preservation:

Chapter 220, Zoning By-Laws

Article XXI – Preserving Significant Structures—Historic Preservation

Building Inspector

$300 each offense
and further that non-substantive changes to the numbering of this by-law be permitted in order that it be in compliance with the numbering format of the Code of North Reading; or what it will do in relation thereto.

**Sponsor:** Historical Commission

**Description...**

*This zoning bylaw establishes certain requirements for the preservation of historically significant structures in North Reading.*

**Recommendations...**

**Selectmen:** Recommendation to be made at Town Meeting.

**Finance Committee:**
Recommendation to be made at Town Meeting.

**Community Planning Commission:**
Recommendation to be made at Town Meeting.

**ARTICLE 4**

**AMEND CODE – ADD ZONING BY-LAW ARTICLE XXI – PRESERVING SIGNIFICANT STRUCTURES – HISTORIC PRESERVATION**

I move to pass over Article 4. [J. Davis] **UNANIMOUS**

**Article 5**

**Authorize Naming of Baseball Field**

To see if the Town will vote to authorize the naming of the High School Baseball Field the “Frank Carey Baseball Field”; or what it will do in relation thereto.

**Sponsor:** Board of Selectmen

**Description...**

*This article requests approval to name the baseball field at the High School in honor of long-time teacher and baseball coach Frank Carey.*

**Recommendations...**

**Selectmen:** Recommended.

**Finance Committee:** Recommended.

**ARTICLE 5**

**AUTHORIZE NAMING OF BASEBALL FIELD**

I move to authorize the naming of the High School Baseball Field the “Frank Carey Baseball Field” as specified in Article 5 as printed in the warrant. [S. O'Leary]

Finance Committee unanimously recommends.

Board of Selectmen unanimously recommends.

School Committee unanimously recommends.

Selectman O'Leary reflected on the professional achievements of Coach Carey, who began his career with North Reading in 1965.

Patricia Colella, President of the High School Athletic Hall of Fame, stated that their organization whole-heartedly supports this Article.

Voice vote under Article 5 – **UNANIMOUS**

Mr. Moderator – I move that the following persons be admitted to the meeting: Paul and Peg Frenzo, 10 Maura Drive, Woburn. [R. Maucon] **UNANIMOUS**

195
Article 6    Amend FY2007 Operating Budget
To see if the Town will vote to amend the FY2007 Operating Budget voted under Article 14 of the April 3, 2006 Annual Town Meeting as follows and to raise by taxation and appropriate, appropriate and transfer from unexpended funds remaining in Warrant Articles of previous years, or appropriate by transfer from available funds or borrow a sum of money for such purposes; or what it will do in relation thereto:

Sponsor: Board of Selectmen

Line 12 – Salary Pool Supplement
  • Transfer $155,000 from Free Cash.

Background...
This action is necessary for providing funding for several municipal collective bargaining agreements and other related costs that have increased since adoption of the budget at the April town meeting.

Line 30 – Police Department Salaries
  • Appropriate $18,500 from additional State Aid receipts.

Background...
These funds provide for partial restoration of funds to the Police Department salary account that was reduced prior to the April town meeting to balance the budget.

Line 33 – Fire Department Salaries
  • Appropriate $34,950 from additional State Aid receipts.

Background...
These funds provide for partial restoration of funds to the full-time Fire Department salary account that was reduced prior to the April town meeting to balance the budget. Additionally, $3,300 is provided for the on-call department.

Line 49 – Solid Waste Budget
  • Transfer $379,000 from Free Cash.

Background...
The Solid Waste budget was under funded at the April town meeting in order to utilize receipts from the NESWC account that were not available at that time the budget was adopted.

Line 62 – Recreation Expenses
  • Transfer $15,000 from Free Cash

Background...
These funds provide for partial restoration of funds to the Recreation Department expense account that was reduced prior to the April town meeting to balance the budget.

Lines 73-93 – School Budget
  • Appropriate $120,000 from additional State Aid receipts.

Background...
These funds restore funding to the School Department that was reduced prior to the April town meeting to balance the budget.

Line 94 – Regional VocTech School
  • Appropriate $16,518 from additional State Aid receipts.
Background...
These funds are necessary to fund North Reading’s share of the Regional Vocational School budget.

Line 95 – Debt Service
• Raise and appropriate $221,600 for Exempt Debt Service

Background...
These funds are necessary to pay for Exempt Debt Service in Fiscal 2007 for Police Station and Batchelder School construction projects.

Line 99 – Debt Service - Water Department
• Raise and appropriate $3,000 for Water Department Debt Service.

Background...
These funds are necessary to pay for interest costs associated with Water System I and II Projects.

Line 105 – Debt Service - Hillview Country Club Debt
• Raise and appropriate $13,000 for Hillview Debt Service.

Background...
These funds are necessary to pay for interest costs associated with the Hillview I and II Improvements.

Recommendations ...
Selectmen: Recommended.
Finance Committee: Recommendation to be made at Town Meeting.

ARTICLE 6 AMEND FY 2007 OPERATING BUDGET
I move to raise and appropriate the sum of $466,708 and transfer from Free Cash the sum of $510,110 for a total of $976,818 to amend the FY2007 Operating Budget voted under Article 14 of the April 3, 2006 Annual Town Meeting, as specified in Article 6 as printed in the warrant, except that Line 12- Salary Pool Supplement be funded as follows: raise and appropriate $38,890; Free Cash $116,110 for a total of $155,000. [R. Mauceri]

Finance Committee unanimously recommends.
Board of Selectmen unanimously recommends.

Voice vote under Article 6 – UNANIMOUS

Article 7 Prior Year’s Bills
To see if the Town will vote to raise by taxation and appropriate, or appropriate by transfer from available funds, a sum of money to pay prior year’s bills; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...
This article provides for payment of prior fiscal year bills which were not submitted prior to the fiscal year end.

Recommendations ...
Selectmen: Recommended.
Finance Committee: Recommendation to be made at Town Meeting.
ARTICLE 7  PRIOR YEAR'S BILLS
I move to appropriate from Water Revenue the sum of $144,577 and transfer from Free Cash the sum of $3,529 for a total of $148,106 to pay prior year’s bills, as specified in Article 7 as printed in the warrant. [J.Veno] (Requires 4/5 vote)

Finance Committee unanimously recommends. Board of Selectmen unanimously recommends. Voice vote under Article 7: UNANIMOUS

Article 8  Capital Expenditures
To see if the Town will vote to raise by taxation and appropriate, or appropriate by transfer from unexpended funds remaining in Warrant Articles of previous years, or appropriate by transfer from available funds or borrow a sum of money, for the purchase of items of a capital nature, and further to authorize the Town Administrator to sell or trade-in items rendered surplus by such purchases; or what it will do in relation thereto.

ARTICLE 13 FUND SECONDARY SCHOOL FACILITIES NEEDS STUDY

To see if the Town will vote to raise and appropriate, borrow or transfer from available funds, a sum of money to fund a Secondary School Facilities Needs Study; or what it will do in relation thereto.

**Sponsor:** School Committee

**Description...**
These funds will be used to complete the assessment of the facility needs of the Middle and High Schools including civil engineering/site assessment and geotechnical assessment; traffic/parking impact study; assessment of safety and security in the current facilities and an update of the Secondary Schools Long Range master Plan including educational program needs.

**Recommendations...**

**Selectmen:** Recommended.

**Finance Committee:** Recommend $35,000
($20,000 for Master Plan and $15,000 for site evaluation.

ARTICLE 13 FUND SECONDARY SCHOOL FACILITIES NEEDS STUDY

I move to transfer from Free Cash the sum of $50,000 to fund a Secondary School Facilities Needs Study. [M. Vacca]

Finance Committee will withhold their recommendation until after the presentation.
Charles Carucci, Chairman of the SSBC requested a ten minute leave of the meeting for the purpose of a presentation. **UNANIMOUS**

School Superintendent David Troughton reviewed various reports from the MSBA regarding the Middle and High Schools and presented a list of communities in competition for the limited resources available.

Finance Committee majority does not recommend and makes a motion to amend:

Mr. Moderator – The Finance Committee moves to amend Article 13 to read – “a sum of $35,000 of which $20,000 is for School Building Master Plan and $15,000 is for site evaluation.” [M.Mastacusa]

Board of Selectmen unanimously recommend the main motion for $50,000.

Hand count on motion to amend to $35,000: YES—13 NO—200

Motion to amend **LOST**.

Voice vote on the main motion under Article 13 for $50,000: **CARRIED**

Mr. Moderator – I move that the following person be admitted to the meeting: State Senator Bruce Tarr (Gloucester). [R.Mauceri] **UNANIMOUS**

**Article 14 Middle School Modular Classrooms**

To see if the Town will vote to appropriate a sum of money for the purpose of the lease or purchase of modular classrooms including design specifications, installation, furnishing and equipping relating thereto, and to further authorize the Treasurer, with the approval of the Board of Selectmen, to borrow the sum appropriated under Chapter 44 of the General Laws or any other enabling authority; provided, however, that no debt may be incurred under this vote unless and until the Town votes to exempt from the limitation on total taxes imposed by Chapter 59, Section 21C (Proposition 2 1/2) of the General Laws amounts required to pay the principal and interest on the borrowing authorized by this vote; or what it will do in relation thereto.

- **Sponsor:** School Committee
- **Description:**
  This article will fund up to three modular units for use as classrooms (4-6) and expanded cafeteria space at the Middle School. The current and projected enrollment exceeds available classroom space and the cafeteria cannot support the lunch program.
- **Recommendations:**
  - **Selectmen:** Recommendation to be made at Town Meeting.
  - **Finance Committee:** Recommend $913,183.

**ARTICLE 14 MIDDLE SCHOOL MODULAR CLASSROOMS**

I move that the Town vote to appropriate $913,183 for the purchase or lease of Middle School Modular Classrooms including design specifications, installation, furnishing and equipping relating thereto, that to meet this appropriation, the Treasurer with the approval of the Board of Selectmen, be authorized to borrow $913,183 pursuant to G.L. Chapter 44 of the General Laws or any other enabling authority; provided, however, that this vote shall not take effect until the Town votes to exempt from the limitation on total taxes imposed by G.L. Chapter 59, Section 21C (Proposition 2 1/2) the amounts required to pay the principal of and interest on the borrowing authorized by this vote. [M.Vacca] [Requires 2/3 vote]
School Superintendent David Troughton explained the use for these new modulars.

School Business Manager Carl Nelson stated that there were residual funds from appropriations for other modular classrooms that have not been expended amounting to approximately $86K which will be used. The estimated cost of the modulars will be $840K for the units, $123K for site preparation and $36K for furnishings for 6 classrooms.

Finance Committee recommends.
Board of Selectmen recommends on a 3-2 vote.
School Committee Recommends.
Voice vote under Article 14: UNANIMOUS

Article 15 Add Funds to Solid Waste Stabilization Fund
To see if the Town will vote to raise and appropriate, borrow, or transfer a sum of money from available funds to be added to the Solid Waste Stabilization Fund created by Article 23 of the April 3, 2006 Town Meeting; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...
The Town seeks to transfer the remaining surplus funds from NESWC account for the purpose of paying for future solid waste and recycling costs.
Recommendations ...
Selectmen: Recommended.
Finance Committee: Recommend $262,000.

ARTICLE 15 ADD FUNDS TO SOLID WASTE STABILIZATION FUND
I move transfer from Free Cash the sum of $262,000 to be added to the Solid Waste Stabilization Fund created by Article 23 of the April 3, 2006 Town Meeting. [R.Mauceri] [Requires 2/3 vote]

Finance Committee unanimously recommends.
Board of Selectmen unanimously recommends.
Voice vote on the motion under Article 15: UNANIMOUS

Mr. Moderator – I move that the following person be admitted to the meeting: Christelle Birkmaier, 85 Park St. [M.Harris] UNANIMOUS

Article 16 Add Funds to Overlay Property Valuation Stabilization Fund
To see if the Town will vote to raise and appropriate, borrow, or transfer a sum of money from available funds to be added to the Overlay Property Valuation Stabilization Fund created by Article 24 of the April 3, 2006 Town Meeting; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...
The Town seeks to transfer surplus funds from a prior year Overlay account for the purpose of paying future property revaluation service costs.
Recommendations ...
Selectmen: Recommended.
Finance Committee: Recommended.
ARTICLE 16  ADD FUNDS TO PROPERTY VALUATION STABILIZATION FUND
I move transfer from Overlay Surplus the sum of $12,053.65 to be added to the Property Valuation Stabilization Fund created by Article 24 of the April 3, 2006 Town Meeting. [M.Harris] [Requires 2/3 vote]

Finance Committee unanimously recommends.
Board of Selectmen unanimously recommends.
Voice vote under Article 16: UNANIMOUS

Article 17  Appropriate Money to Stabilization Fund
To see if the Town will vote to raise and appropriate, borrow or transfer from available funds, a sum of money to the Stabilization Fund; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...
This article places funds in the Stabilization Fund, the use of which is unrestricted but requires a 2/3 vote of Town Meeting.
Recommendations ... 
Selectmen: Recommendation to be made at Town Meeting.
Finance Committee: Recommendation to be made at Town Meeting.

ARTICLE 17  APPROPRIATE MONEY TO STABILIZATION FUND
I move to transfer from Free Cash the sum of $50,000 to be added to the Stabilization Fund. [P.Dardeno] [Requires 2/3 vote]

Finance Committee unanimously recommends.
[It was noted that this will bring the balance in the Stabilization Account to approximately $1,516,000]
Board of Selectmen unanimously recommends.
Voice vote under Article 17: UNANIMOUS

Article 18  Multi-Year Contract Extension – Hillview Function Hall and Pub Contract
To see if the Town will vote to enter into a contract in excess of three (3) years for management and operation of the Hillview Pub and Function Hall, in accordance with the provisions of G.L. Chapter 30B, section 12; or what it will do in relation thereto.

Sponsor: Hillview Commission
Description...
This action provides additional flexibility to award a contract and renewal in excess of the statutory maximum term provided for in state law.
Recommendations ... 
Selectmen: Recommended.
Finance Committee: Recommended.

ARTICLE 18  MULTI-YEAR CONTRACT EXTENSION – HILLVIEW FUNCTION HALL AND PUB CONTRACT
I move the Town vote to enter into a 5-year contract and a 5-year extension period for management and operation of the Hillview Pub and Function Hall, in accordance with
the provisions of G.L. Chapter 30B, section 12; as specified in Article 18 as printed in the warrant. [S.O'Leary]

[It was noted by Selectman O'Leary that an extended contract would provide more of an incentive for the management company to make improvements that they will be able to benefit from under such a long-term contract.]

Finance Committee unanimously recommends.
Board of Selectmen unanimously recommends.
Voice vote under Article 18: UNANIMOUS

**Article 19  Eminent Domain Taking – New England Power Property**
To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, gift, eminent domain, or otherwise and to accept the deed to the Town of fee simple interest in the parcel of land located off Cold Spring Road containing 86,944 square feet of land, more or less owned by New England Power Company and being a portion of the land shown on Assessors' Map 16, Parcel 2 and all more particularly bounded and described as follows:

Beginning at the northwest corner of the Right of Way Easement shown as “Parcel C” and then running

Westerly by land owned by the Town of North Reading (377.66 feet, S 7°16'13"W) to the northeast corner of the Right of Way Easement shown as “Parcel B”, thence

Southerly along land owned by New England Power Company an shown as said “Parcel B” (40.00 feet, S39°50'02"W) to a bound, thence

Easterly along land owned by New England Power Company (435.00’, S52°36'19"E) to a bound, thence

Easterly along land owned by New England Power Company (140.71 feet, N74°32'17"E) to a bound along the aforementioned “Parcel C”, thence

Northerly along land owned by New England Power Company and shown as “Parcel C” (284.70 feet, N15°40'33"W) to the first corner mentioned.

said property to be held under the care, custody, control, and management of the Board of Selectmen, and to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said purchase and further to raise and appropriate or transfer from available funds, a sum of money for said acquisition, to determine whether said sum shall be raised by borrowing or otherwise, by whom expended; or what it will do in relation thereto.

**Sponsor:** Board of Selectmen

**Description...**
This article would provide for the acquisition of property adjacent to the Town’s West Village Water treatment Plant to allow for the future construction of a municipal wastewater treatment plant on this site. A 2/3 vote is required.

**Recommendations ...**
- **Selectmen:** Recommended.
- **Finance Committee:**
  Recommendation to be made at Town Meeting.
ARTICLE 19  EMINENT DOMAIN TAKING –
NEW ENGLAND POWER PROPERTY

I move to authorize the Board of Selectmen to acquire by purchase, gift, eminent domain, or otherwise and to accept the deed to the Town of fee simple interest in the parcel of land located off Cold Spring Road containing 86,944 square feet of land, more or less owned by New England Power Company and being a portion of the land shown on Assessors’ Map 16, Parcel 2 and all more particularly bounded and described as follows:

Beginning at the northwest corner of the Right of Way Easement shown as “Parcel C” and then running

Westerly by land owned by the Town of North Reading (377.66 feet, S 87º16'13"W) to the northeast corner of the Right of Way Easement shown as “Parcel B”, thence

Southerly along land owned by New England Power Company and shown as said “Parcel B” (40.00 feet, S39º50'02"W) to a bound, thence

Easterly along land owned by New England Power Company (435.00’, S52º36'19"E) to a bound, thence

Easterly along land owned by New England Power Company (140.71 feet, N74º32'17"E) to a bound along the aforementioned “Parcel C”, thence

Northerly along land owned by New England Power Company and shown as “Parcel C” (284.70 feet, N15º40'33"W) to the first corner mentioned.

said property to be held under the care, custody, control, and management of the Board of Selectmen, and to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said purchase. [R.Mauceri] [Requires 2/3 vote]

[It was noted by BOS Chairman Mauceri that this property is intended to be used for the Town’s first sewerage treatment plant in conjunction with the development of the Berry property. Under the 40R Berry agreement, the Town will receive 125K gallons per day of wastewater treatment facility and an easement on this property. As part of the purchase and sale, the Town is entitled to $1.5 ml from the developer, the first $750K to be paid by Lincoln Properties at the time of the closing, and the funding for the purchase of the eminent domain taking will come from that $750K when it becomes available. This property is adjacent to the Berry property and ideally suited for the Town’s wastewater treatment plant.]

Finance Committee unanimously recommends. Board of Selectmen recommend on a 4-1 vote. Voice vote under Article 19: UNANIMOUS

Article 20  Conveyance of Parcel of Town Owned Land –
Ashwood Drive

To see if the Town will vote to accept the altered layout of Ashwood Drive, as laid out by the Board of Selectmen and shown on a plan entitled “Woodland Estates North Reading, Mass.”, dated July 17, 1996, prepared by Hayes Engineering, Inc., and recorded with the Middlesex South District Registry of Deeds as Plan No. 1243 of 1996 (the “Plan”) and filed with the town Clerk, and to discontinue as
a town way the portion of Ashwood Drive shown as “Parcel A” (“Parcel A”) on the Plan; and further to transfer the care, custody, management and control of said Parcel A from the Board of Selectmen for public way purposes to the Board of Selectmen for general municipal purposes, including the purpose of conveyance, and to authorize the Board of Selectmen to convey Parcel A on such terms and conditions, and for such consideration, which may be nominal consideration, as the Board of Selectmen deems appropriate; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...
This article allows for the transfer of surplus municipal land that was previously part of a subdivision cul-de-sac to an abutter.
Recommendations ...
Selectmen: Recommended.
Finance Committee: Recommendation to be made at Town Meeting.
Community Planning Commission: Recommended.

ARTICLE 20  CONVEYANCE OF PARCEL OF TOWN OWNED LAND – ASHWOOD DRIVE
I move the Town vote to accept the altered layout of Ashwood Drive and to discontinue as a town way the portion of Ashwood Drive shown as “Parcel A” (“Parcel A”) on a plan entitled “Woodland Estates North Reading, Mass.”; and further to transfer the care, custody, management and control of said Parcel A from the Board of Selectmen for public way purposes to the Board of Selectmen for general municipal purposes, including the purpose of conveyance, and to authorize the Board of Selectmen to convey Parcel A on such terms and conditions, and for such consideration, which may be nominal consideration, as the Board of Selectmen deems appropriate. ARTICLE 25  CITIZENS PETITION – RE-ZONE 51 WINTER STREET
I move to amend the Zoning Map of the Town of North Reading dated May 8, 1973, as revised, and to amend the Zoning Bylaws of the Town of North Reading by re-zoning the following described parcel of land to Residence A (RA):

A portion of the property known and numbered on the North Reading Property Maps as 51 Winter Street, North Reading, said property being also known as Parcel 14 on Assessor’s Map 24. The land to be re-zoned is shown as “Proposed Lot to be Rezoned Area = 210,508 s.f. 4.83 Acres” on the plan entitled “Land to Be Re-Zoned, October 2006” , dated June 19, 2006, and drawn by O’Neill Associates, said plan being on file with the North Reading Town Clerk. [J.Senior] [Requires 2/3 vote]

Finance Committee unanimously recommends.
Community Planning Commission recommends on a 3-1 vote.
Board of Selectmen unanimously recommends after hearing CPC recommendation.

Attorney James Senior made a presentation.

CPC member Warren Pearce explained the CPC’s recommendation in his oral report. Mr. Pearce stated that the dissenting vote on the CPC felt it was more beneficial to the Town for the property to stay as commercial. The remaining members felt because the parcel is “land-locked” it was highly unlikely to be developed for commercial purposes and is more beneficial to the neighbors to be re-zoned accordingly.

Voice vote under Article 25: CARRIED by 2/3 MAJORITY as declared by Moderator.

Article 26  Youth Services Study Committee
To see if the Town will vote to authorize the Board of Selectmen to appoint a Youth Services Study Committee to investigate options for serving the North Reading youth community and to report its recommendations to the April 2007 town meeting; or what it will do in relation thereto.

Sponsor: Board of Selectmen
Description...
This article provides an alternative to creating a municipal youth services department. The article is supported by the Board of Selectmen to conduct a review various options to best serve the North Reading youth community.
Recommendations ...
Selectmen: Recommended.
Finance Committee:
Recommendation to be made at Town Meeting.

ARTICLE 26  YOUTH SERVICES STUDY COMMITTEE
I move to the Town vote to authorize the Board of Selectmen to appoint a Youth Services Study Committee to investigate options for serving the North Reading youth community and to report its recommendations to the April 2007 town meeting; as specified in Article 26 as printed in the warrant. [S.O'Leary]

Finance Committee unanimously recommends.
Board of Selectmen recommends on a 3-2 vote.
(If it was noted that the majority of the Board of Selectmen had many questions regarding how this would be implemented and incorporated as a Town Department, funding, etc. and felt that additional time was needed to review all options. The entire Board unanimously supports the efforts of
Kathy Dadeno, and Rita Mullin, both on the NRYSSA Board of Directors, and Selectman P.Dardeno asked Town Meeting to reject this article and support Article 27.

Finance Committee explained that they have many financial-related questions regarding insurance, workers’ comp, taxes, etc. and would like to have a budget presented to them by NRYSSA in preparation for the 2007 ATM, and therefore recommend Article 26 at this time.

Mr. Moderator – I move to table Article 26 until after consideration of Article 27. [G.Hall] Voice vote on motion to table Article 26: CARRIED.

Article 27 Establish Youth Services Committee
To see if the Town will vote to amend the General By-Laws by establishing a Youth Services Committee and to amend the Code of the Town of North Reading by adding a new Chapter 90 – Youth Services Committee.

90-1 Establishment and Membership
There is hereby established a Youth Services Committee. The Committee shall consist of the existing seven NRYSSA Board members and four members appointed by the Board of Selectmen. The Committee shall be appointed for overlapping terms, starting in January, 2007, as follows:

- 4 members for a term of 3 years
- 3 members for a term of 2 years
- 4 members for a term of 1 year
- and thereafter for three year terms as their terms expire

At its organization meeting each year, the Committee shall elect a Chairman and Vice Chairman.

The Youth Services Committee shall be authorized to appoint such non-voting associate members as it deems expedient and necessary. The following boards and committees of the Town shall be encouraged to establish and maintain liaison with the Youth Services Committee:

- Board of Selectmen
- School Committee
- Finance Committee
- Recreation Committee
- Land Utilization Committee
- Hillview Commission
- Board of Health
- Police Department

90-2 Powers and Duties
A. The Youth Services Committee shall be given the following instructions:
   1. To work with existing boards and committees in assessing needs, establishing goals, and developing programs to better serve the entire youth community.
   2. To oversee activities of a Youth Services Director who shall be appointed by the Town Administrator.
3. To work with NRYSSA in support of efforts to fund the Youth Services Director position and developing programs through grant writing fundraising efforts.

4. To work to increase constructive youth involvement in the community.

5. To present annually to town meeting a report of its activities and budget.

B. All Boards and committees of the Town shall be encouraged to provide the Youth Services Committee with such reasonable cooperation and assistance as may be within their jurisdiction; or what it will do in relation thereto.

Sponsor: Board of Selectmen

Description...

This article is sponsored by the Board of Selectmen to correct defective language in the citizens’ petition seeking to establish a Youth Services Committee. The proposed language follows the format established in the Town Code.

Recommendations ...

Selectmen: Recommendation to be made at Town Meeting.
Finance Committee: Recommendation to be made at Town Meeting.

ARTICLE 27

ESTABLISH YOUTH SERVICES COMMITTEE

I move the Town vote to amend the General By-laws by establishing a Youth Services Committee and to amend the Code of the Town of North Reading by adding a new Chapter 90 – Youth Services Committee; as specified in Article 27 as printed in the warrant. [P.Dardeno]

Finance Committee unanimously votes not to recommend.

Board of Selectmen have no recommendation at this time.

Motion to amend (#1): [M.Hall]

I would like to amend the motion so that the proposed bylaw, Section 90-2, Subsection A.2 read:

“To oversee activities of a Youth Services Director who shall be appointed by the Town Administrator and who shall be a Town Employee.”

Joanne Pawlowski, NRYSSA Board of Directors, reviewed the origin and purpose of the Committee.

Motion to amend (#2): [J.Veno]

Mr. Moderator, I move to amend Article 27 by changing 90-2, Powers and Duties, Section A.5 by adding after the word “Budget”:

“No municipal funds shall be used for salaries, benefits or expenses of the Youth Services Director or in supporting activities of the Youth Services Committee.” This amendment was withdrawn by sponsor with no objection and the following amendment was offered:

Motion to amend (#3): [J.Veno]

Mr. Moderator, I move to amend Article 27 by changing 90-2, Powers and Duties, Section A.5 by adding after the word “Budget”:

“No municipal funds shall be raised by taxation for salaries, benefits or expenses of the Youth Services Director or in supporting activities of the Youth Services Committee.”
Discussion ensued on amendments #1 and #3.
Motion to terminate debate: **UNANIMOUS**

The Moderator announced that a vote would be taken on Amendment #3 first.
Finance Committee had no recommendation.
Board of Selectmen do not recommend on a 3-2 vote.
Voice vote on Amendment #3 by J.Veno: **LOST**

The Moderator announced that the vote would next be taken on Amendment #1.
Finance Committee had no recommendation.
Board of Selectmen do not recommend on a 3-2 vote.
Hand count on Amendment #1 by M.Hall: **YES – 81 NO – 45**
Amendment #1 by M.Hall: **CARRIED**.

Hand count on Article 27 as amended: **YES – 105 NO – 25**
Voice vote on motion under Article 27 as amended by Amendment #1 by M.Hall: **CARRIED**

**ARTICLE 26 YOUTH SERVICES STUDY COMMITTEE**
I move to pass over Article 26. [S.O’Leary]
Finance Committee recommends.
Voice vote on motion to pass over Article 26: **UNANIMOUS**

**Article 28 Citizens Petition – Establish Youth Services Committee**
To see if the Town will vote to amend the General By-Laws by establishing a Youth Services Committee. This Committee shall consist of eleven citizens, four of whom shall be appointed by the Board of Selectmen.

The Committee will consist of the existing seven NRYSSA Board members and four members appointed by the Town Administrator. The Committee will be appointed for overlapping terms, starting in January, 2007, as follows:

- 4 members for a term of 3 years
- 3 members for a term of 2 years
- 4 members for a term of 1 year
- and thereafter for three year terms as their terms expire

At its organization meeting each year, the Committee shall elect a Chairman and Vice Chairman.

The Youth Services Committee shall be authorized to appoint such non-voting associate members as it deems expedient and necessary. The following boards and committees of the Town shall be encouraged to establish and maintain liaison with the Youth Services Committee

- Board of Selectmen
- School Committee
- Finance Committee
- Recreation Committee
- Land Utilization Committee
- Hillview Commission
- Board of Health
- Police Department
The Youth Services Committee shall be given the following instructions:

1. To work with existing boards and committees in assessing needs, establishing goals, and developing programs to better serve the entire youth community.
2. To work with NRYSSA in support of efforts to fund the Youth Services Director position and developing programs through grant writing fundraising efforts.
3. To work to increase constructive youth involvement in the community.
4. To present annually a report of its activities to the Town, either independently or in collaboration with other boards or committees.

All Boards and committees of the Town shall be encouraged to provide the Youth Services Committee with such reasonable cooperation and assistance as may be within their jurisdiction; or what it will do in relation thereto.

On the petition of Mark G. Hall and others.

Description...
This article establishes a Youth Services Committee as a town committee. The proposed provides for the manner for selecting Youth Services Committee members, and their primary responsibilities.

Recommendations...
Selectmen: Not Recommended
Finance Committee:
Recommendation to be made at Town Meeting.

ARTICLE 28 CITIZENS PETITION–
ESTABLISH YOUTH SERVICES COMMITTEE
I make a motion to pass over Article 28. [M.Hall]
Voice vote on the motion to pass over Article 28: UNANIMOUS

Article 29 Citizens Petition –
Youth Services Revolving Fund (Ch. 44, Sec. 53E 1/2)
To see if the Town will vote to authorize pursuant to the provisions of Chapter 44, Section 53E 1/2, the Youth Services Revolving Fund for the purpose of which receipts in connection with department salaries and/or programs will be deposited for use by the Youth Services Committee for the purpose of meeting the expenses of the Youth Services Department’s salaries and/or programs, and further to authorize the expenditure of such funds to be expended at the discretion of the Youth Services Committee a sum not to exceed a certain amount; or what it will do in relation thereto.

On the petition of Mark G. Hall and others.

Description...
This article establishes a Revolving Fund that permits funds received by the Youth Services Department to be expended without further action of town meeting to support programs established by the Youth Services Committee.

Recommendations...
Selectmen: Recommendation to be made at Town Meeting.
Finance Committee:
Recommendation to be made at Town Meeting.
ARTICLE 29  CITIZENS PETITION –
YOUTH SERVICES REVOLVING FUND (Ch. 44, Sec. 53E 1/2)
I move that the Town authorize pursuant to Chapter 44, Section 53E 1/2, the Youth Services Revolving Fund for the purpose of which receipts in connection with department programs will be deposited for use by the Youth Services Committee for the purpose of meeting the expenses of the Youth Services Department salaries, employment benefits, and/or programs, and further to authorize the expenditure of such funds to be expended at the discretion of the Youth Services Committee, and to set a maximum expenditure for Fiscal 2007 at $80,000. [J.Pawlowski]

Board of Selectmen recommends by a 4-1 vote.
Finance Committee recommends.
Voice vote under Article 29: CARRIED

Article 30  Citizens Petition –
Youth Services Grants and Gifts Fund (Chapter 53A)
To see if the Town will vote to authorize pursuant to the provisions of Chapter 53A, Grants and Gifts, the Youth Services Revolving Fund for the purpose of which receipts of grants and gifts including interest in connection with department salaries and/or programs will be deposited for use by the Youth Services Committee for the purpose of meeting the expenses of the Youth Services Department’s salaries and/or programs, and further to authorize the expenditure of such funds to be expended at the discretion of the Youth Services Committee a sum not to exceed a certain amount; or what it will do in relation thereto.

On the petition of Mark G. Hall and others.
Description...
This article establishes a grants and gifts fund for the Youth Services Department and permits the Youth Services Committee to approve expenditures without further action of the Board of Selectmen or town meeting.
Recommendations ...  
Selectmen: Recommendation to be made at Town Meeting.
Finance Committee: 
Recommendation to be made at Town Meeting.

ARTICLE 30  CITIZENS PETITION
YOUTH SERVICES GRANTS AND GIFTS FUND (Chapter 53A)
I move to pass over Article 30. [R.Mauceri]
[It was stated that the Board already has the authority to exercise this option, and therefore this article was not necessary.]
Voice vote under Article 30: UNANIMOUS

Article 31  Citizens Petition –
Close the “Temporary” Dog Park, at Park Street
We the undersigned parties ask voters to permanently close the off-leash, North Reading Dog Park and tear down the illegally constructed fence which divides the park in half.

This off-leash dog park was created by a small Private group of dog owners who erected a fence dividing the Park Street playground in half. This fence was erected without obtaining a building permit, or making any public attempt to include abutters’ participation in the process. The Dog Park was officially deemed by the Parks & Recreation Departments as “experimental and temporary.”
The park has become a Public Nuisance. Often large numbers of dogs gather at the site – sometimes 30 or more. There is constant barking and loose dogs escaping onto abutters’ property. These dogs are scaring our small children. These children have lost their neighborhood park!

“For profit” internet Web Sites advertise this park Statewide, proclaiming, “Dogs of all ages are welcome.” (@ecoanimal.com Dog Fun Directory) None of the surrounding Towns – Andover, Lynnfield, Middleton, North Andover, Wilmington or Reading – have an off-leash Dog Park.

Residents from other towns come to North Reading to use our Dog Park as their own, leaving their messes behind. This tiny Park Street Park has become a Regional Dog Park, thereby denying a normal use of this Park to local residents.

Playground abutters are asking voters to Please vote to return our Park back to our children!

On the petition of Douglas Glendon and others.

**Description...**

This article proposes to close the Dog Park located on Chestnut Street on the grounds that it is continued use adversely impacts neighboring residences.

**Recommendations...**

Selectmen: Not recommended.
Finance Committee: No action required.

**ARTICLE 31 CITIZENS PETITION – CLOSE THE “TEMPORARY” DOG PARK AT PARK STREET**

I move to accept as written. [D.Glendon]

Amendment to original motion: As sponsor of Article #31, I request that the following stipulation be added to this Article:

“The official date for closure of the Dog Park at Park Street park be amended to read October 16, 2007.” [D.Glendon]

Finance Committee stated that no action was required of them.
Board of Selectmen recommend amendment by a 3-2 vote.
Board of Selectmen is unanimously opposed to the main motion.

Move the question. [No objection stated]
Voice vote on the amendment to close the park in one year: CARRIED

On the main motion as amended, a request for a paper ballot was called. The Moderator stated that under the provisions of Section 172.13.C. of the Code of North Reading, twenty-five (25) voters must stand to call for the paper ballot. The Moderator counted only 16 people standing; therefore the request for a paper ballot failed.

Hand count under Article 31 as amended:
YES — 55
NO – 64

Motion under Article 31: LOST.

Mr. Moderator – I move to adjourn this meeting sine die. [R.Mauceri] CARRIED.

The meeting adjourned at 11:25 p.m.
There were 215 voters present.

Checkers for the evening were: Norma Stiles, Shirley Hoyt, Marguerite Dugas, Marie Barnard, Dot Hartery, Anne Casey, Edith Graham, Rose Vitale, John Davis and Ed Stiles. Administrative Assistant Carol Ducrow and Gayle Regan assisted with check-in procedures. Cable services were provided by Seth Albaum and Luke Richards; facilities services were provided by Julie Spurr-Knight.

A True Record. ATTEST:
Barbara Stats, Town Clerk
SS.
To either of the Constables of the TOWN of NORTH READING – GREETING:

   GENERAL COURT ....................... 20TH MIDDLESEX DISTRICT
DISTRICT ATTORNEY ..................... NORTHERN DISTRICT
CLERK OF COURTS ......................... MIDDLESEX COUNTY
REGISTER OF DEEDS ....................... MIDDLESEX SOUTHERN DISTRICT

QUESTION 1: Law Proposed by Initiative Petition
Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2006?

SUMMARY
This proposed law would allow local licensing authorities to issue licenses for food stores to sell wine. The proposed law defines a “food store” as a retail vendor, such as a grocery store, supermarket, shop, club, outlet, or warehouse-type seller, that sells food to consumers to be eaten elsewhere (which must include meat, poultry, dairy products, eggs, fresh fruit and produce, and other specified items), and that may sell other items usually found in grocery stores. Holders of licenses to sell wine at food stores could sell wine either on its own or together with any other items they sell.

The licensing authorities in any city or town of up to 5000 residents could issue up to 5 licenses for food stores to sell wine. In cities or towns of over 5000 residents, one additional license could be issued for each additional 5000 residents (or fraction of 5000).
No person or business could hold more than 10% of the total number of the licenses that could be issued under the proposed law. Such licenses would not be counted when applying the laws that limit the number of other kinds of alcoholic beverage licenses that may be issued or held. Any applicant for a license would have to be approved by the state Alcoholic Beverages Control Commission, and any individual applicant would have to be at least 21 years old and not have been convicted of a felony.

In issuing any licenses for food stores to sell wine, local licensing authorities would have to use the same procedures that apply to other licenses for the retail sale of alcoholic beverages. Except where the proposed law has different terms, the same laws that apply to issuance, renewal, suspension and termination of licenses for retail sales of alcoholic beverages which are not to be consumed on the seller’s premises, and that apply to the operations of holders of such licenses, would govern licenses to sell wine at food stores, and the operation of holders of such licenses. Local authorities could set fees for issuing and renewing such licenses.

A YES VOTE would create a new category of licenses for food stores to sell wine, and it would allow local licensing authorities to issue such licenses.

A NO VOTE would make no change in the laws concerning the sale of wine.

**QUESTION 2: Law Proposed by Initiative Petition**

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2006?

**SUMMARY**

This proposed law would allow candidates for public office to be nominated by more than one political party or political designation, to have their names appear on the ballot once for each nomination, and to have their votes counted separately for each nomination but then added together to determine the winner of the election. The proposed law would repeal an existing requirement that in order to appear on the state primary ballot as a candidate for a political party’s nomination for certain offices, a person cannot have been enrolled in any other party during the preceding year. The requirement applies to candidates for nomination for statewide office, representative in Congress, governor’s councillor, member of the state Legislature, district attorney, clerk of court, register of probate, register of deeds, county commissioner, sheriff, and county treasurer. The proposed law would also allow any person to appear on the primary ballot as a candidate for a party’s nomination for those offices if the party’s state committee gave its written consent. The proposed law would also repeal the existing requirement that in order to be nominated to appear as an unenrolled candidate on the state election ballot, or on any city or town ballot following a primary, a person cannot have been enrolled in any political party during the 90 days before the deadline for filing nomination papers.

The proposed law would provide that if a candidate were nominated by more than one party or political designation, instead of the candidate’s name being printed on the ballot once, with the candidate allowed to choose the order in which the party or political designation names appear after the candidate’s name, the candidate’s name would appear multiple times, once for each nomination received. The candidate would decide the order in which the party or political designation nominations would appear, except that all parties would be listed before all political designations. The ballot would allow voters who vote for a candidate nominated by multiple parties or political designations to vote for that candidate under the party or political designation line of their choice.
If a voter voted for the same candidate for the same office on multiple party or political designation lines, the ballot would remain valid but would be counted as a single vote for the candidate on a line without a party or political designation. If voting technology allowed, voting machines would be required to prevent a voter from voting more than the number of times permitted for any one office.

The proposed law would provide that if a candidate received votes under more than one party or political designation, the votes would be combined for purposes of determining whether the candidate had won the election. The total number of votes each candidate received under each party or political designation would be recorded. Election officials would announce and record both the aggregate totals and the total by party or political designation.

The proposed law would allow a political party to obtain official recognition if its candidate had obtained at least 3% of the vote for any statewide office at either of the two most recent state elections, instead of at only the most recent state election as under current law.

The proposed law would allow a person nominated as a candidate for any state, city or town office to withdraw his name from nomination within six days after any party’s primary election for that office, whether or not the person sought nomination or was nominated in that primary. Any candidate who withdrew from an election could not be listed on the ballot for that election, regardless of whether the candidate received multiple nominations.

The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

A YES VOTE would allow a candidate for public office to be nominated for the same office by more than one political party or political designation at the same election.

A NO VOTE would make no change in the laws concerning nomination of candidates for public office.

**QUESTION 3: Law Proposed by Initiative Petition**

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 3, 2006?

**SUMMARY**

This proposed law would allow licensed and other authorized providers of child care in private homes under the state’s subsidized child care system to bargain collectively with the relevant state agencies about all terms and conditions of the provision of child care services under the state’s child care assistance program and its regulations.

Under the proposed law, these family child care providers who provide state-subsidized child care would not be considered public employees, but if 30% of the providers gave written authorization for an employee organization to be their exclusive representative in collective bargaining, the state Labor Relations Commission would hold a secret mail ballot election on whether to certify that organization as the exclusive representative. Parts of the state’s public employee labor relations law and regulations would apply to the election and collective bargaining processes. The proposed law would not authorize providers to engage in a strike or other refusal to deliver child care services,
an exclusive representative, if certified, could then communicate with providers to develop and present a proposal to the state agencies concerning the terms and conditions of child care provider services. The proposed law would then require the parties to negotiate in good faith to try to reach a binding agreement. If the agreed-upon terms and conditions required changes in existing regulations, the state agencies could not finally agree to the terms until they completed the required procedures for changing regulations and any cost items agreed to by the parties had been approved by the state Legislature. If any actions taken under the proposed law required spending state funds, that spending would be subject to appropriation by the Legislature. Any complaint that one of the parties was refusing to negotiate in good faith could be filed with and ruled upon by the Labor Relations Commission. An exclusive representative could collect a fee from providers for the costs of representing them.

An exclusive representative could be de-certified under Commission regulations and procedures if certain conditions were met. The Commission could not accept a decertification petition for at least 2 years after the first exclusive representative was certified, and any such petition would have to be supported by 50% or more of the total number of providers. The Commission would then hold a secret mail ballot election for the providers to vote on whether to decertify the exclusive representative.

The proposed law states that activities carried out under it would be exempt from federal anti-trust laws. The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

A **YES VOTE** would allow licensed and other authorized providers of child care in private homes under the state’s subsidized child care system to bargain collectively with the state.

A **NO VOTE** would make no change in the laws concerning licensed and other authorized family child care providers.

**QUESTION 4: THIS QUESTION IS NOT BINDING**

Shall the state representative from this district be instructed to vote in favor of a resolution calling upon the President and Congress of the United States to end the war in Iraq immediately and bring all United States military forces home from Iraq?

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said voting.

Given under our hands this **16**th day of **OCTOBER, 2006**:

/s/ Robert J. Mauceri, Chairman    /s/ Stephen J. O’Leary, Vice-Chairman
/s/ Joseph R. Veno               /s/ Philip R. Dardeno
/s/ Michael R. Harris
SELECTMEN OF NORTH READING

* * * * * * * * * * * * * * *

Warrant to be posted in two (2) places in each of the four precincts by the Constable

**ATTEST**: /s/ John J. Firriello    Dated: October 16, 2006
Constable – John J. Firriello

Public Welfare

DEPARTMENT OF VETERANS SERVICES

The mission of the Department of Veterans Services is designed to advocate for the veteran community of North Reading by making available state and federal veterans agency resources in response to community veterans requests for assistance. The Massachusetts Department of Veterans Services and the federal Department of Veterans Affairs constitute the main sources for the acquisition of benefits and services for veterans dependents and survivors consistent with respective eligibility standards. Information, counsel, claim submission and the appeal process were afforded to facilitate the receipt of state and federal benefits and services.

The state sponsored veterans benefits program of public assistance, mandated by Chapter 115, Mass. General Laws, is administered by the Mass. Department of Veterans Services and implemented locally by this office. Entitlement and need assessment are determined through interviews with clients for the provision of veterans emergency, transitional and longer term requirements consistent with 108 Commonwealth of Mass. Regulations. Funding was provided by town appropriations in concert with the state which issues reimbursement of 75% for authorized expenses.

Obligations for the foregoing necessitated a supplement this year to our budget of $34,000 in order to address extraordinary and unpredictable requirements for public assistance. Correlating the focal point of basic need and resource availability is providential and occasionally frustrating. Cost mitigation strategies are employed to reduce program liabilities. Client transfer to alternative support programs is utilized when feasible such as Social Security Disability, Supplementary Security Income, Unemployment Compensation, Mass Health, VA compensation and pensions and the Division of Employment and Training for counseling preparatory to employment. An annuity program initiated by the Mass Dept. of Veterans Services for 100% disabled veterans and Gold Star parents and wives of veterans killed in action resulted in receipt of $52,000 for (26) North Reading annuitants. Recent advances in the state veterans agenda through the Mass legislative process, such as the Peace Time Veterans bill, Welcome Home bill and enhanced medical and fuel allowances by Mass. Veterans Services budgets have increased office traffic and in some cases have imposed supplemental costs adversely impacting budgetary allocations. The Joint Committee on Veterans and Federal Affairs is very supportive of veterans causes.

The acquisition of federal veterans benefits was accomplished through the Veterans Administration regional office in Boston and with various other VA facilities. Service delivery for federal and medical assistance was effected through initiatives in counseling, assistance in claims development and coordination with the respective VA departments. Efforts in pursuit of federal claims generally achieved significant results. Awards developed through the year accounted
for a percentage of $2,863,540 in federal funds dispersed directly to North Reading claimants generally for veterans and dependants pensions, disability and indemnity compensation, education, grants, insurance and death benefit entitlement. Prescription services provided through the VA have been heavily utilized particularly by elder veterans in view of the minimal cost of $8 per prescription.

Service for the veteran community is available by office visit, phone, e-mail and website on a daily basis for responding to veterans and dependents inquiries and concerns with respect to local, state and federal benefits or peripheral issues. The spectrum of services to the community comprised 95 cases processed or investigated for claims and general services including pensions, prescriptions, disability compensation, homeless, burials, discharges, active duty, license plates, grave markers, tax exemptions, healthcare, nursing homes, rehabilitative services, dependent indemnity compensation, education, referrals, annuities, awards and decorations and service discharge bonuses.

The support of all town departments with whom we interact is acknowledged and appreciated.

A special expression of thanks is extended to Maureen Stevens, administrative assistant to this department for her dedication to a successful agenda for services to the veteran community. Maureen is enthusiastic and attentive to her responsibilities. She commands a comprehensive knowledge of the veteran service equation and demonstrates a facility in client problem resolution. Her interpersonal skills are a valuable asset in dealing with the human affairs interface. Maureen is an outstanding administrative assistant and a valuable asset to this office.

Respectfully submitted,
Timothy J. Callahan
Director of Veterans Services

VETERANS MEMORIAL COMMITTEE

The Veterans Memorial Committee of North Reading held meetings on September 20 and October 11, 2006 for the purpose of conducting committee business and for organizing a commemorative service for all veterans on November 11, 2006. This is a traditional program for recognition and appreciation perpetuated through the years for honoring veterans who made the commitment for serving their country. Plans were developed and coordinated with representatives of the Veterans of Foreign Wars, North Reading Militia, North Reading Selectmen and Olde Reading Battery. The planning agenda comprised issues relating to program format and assignment of specific tasks for committee members. Contacts were required for the availability of a North Reading Selectman, guest speaker, clergyman, North Reading High School
Band, Troop 750 Boy Scouts, National Guard, State Legislators and official guests. Ancillary details included site preparation, bell ringer, publicity, ceremonial program, flags, decorative wreaths, sound system, military vehicle static display, procurement of donuts, coffee and soda and availability and staffing of the senior center and miscellaneous support services. Plans for revitalizing the bronze on two town common memorials were discussed and approved.

The Veterans Day observance was a cooperative project by the Veterans of Foreign Wars, North Reading Minutemen, Veterans Memorial Committee and the Department of Veterans Services. VFW Commander, James E. MacLauchlan, Post 10874, performed as Master of Ceremonies, Selectman Chairman Robert J. Maurceri read the Veterans Day Proclamation, Reverend Kristen Mineau, Trinity Evangelical Church, gave the Invocation and Benediction, guest speaker Donald Tabbut, President, Pearl Harbor Survivors Association presented an inciteful and stirring description of the Pearl Harbor attack as witnessed. The North Reading High School Band, under the direction of Eric Foreman, entertained with an appropriate medley of patriotic selections and renditions of the National Anthem and Taps, Local Boy Scout Troop #750 led by Scoutmaster Jeff Anderson, presented the colors. Musket volleys and cannonading were respectively performed by the North Reading Minutemen and Charlie Peacock of the Olde Reading Battery. John Watson rang the bells to initiate the observance. The Mass. National Guard provided a static display of military vehicles that enhanced the memorial venue. The weather accommodated with a pleasant and warm day for November.

From a personal perspective, the affair was successful in honoring veterans on their special day. I am grateful and appreciative of all participants who contributed their time and effort to produce this successful event. An expression of thanks is directed to the Department of Public Works for cleaning the memorial and preparing the memorial site for the Veterans Day observance.

Many of the Veterans Day ceremony personnel and members of the assemblage participated in a social gathering in the senior center for a collation at the conclusion of this event.

Respectfully submitted,
Timothy J. Callahan
Director of Veterans Services

TOWN ACCOUNTANT

The following pages are the audited General Purpose Financial Statements of the Town of North Reading for the Fiscal Year 2006. The statements and accompanying notes were prepared by Guisti, Hingston and Company, P.C., the outside audit firm, as a result of the annual audit of the Town’s financial records by the firm.

Responsibility for the accuracy and completeness of the data presented rests with the Town. I believe the data, as presented, is accurate in all material respect, that it is presented in a manner designed to fairly set forth the financial position of the Town as measured by the activity of its various funds.

The Town’s finances continue to feel the pressure of rapid growth and a general decline in the economy. The Town’s ability to generate sufficient revenue to provide the services demanded is severely limited by the constraints of Proposition 2-1/2. Fixed costs such as health insurance and debt service demand a larger share of this revenue each year. The Town is faced with difficulty, funding not only the operating budget, but major capital projects. This can only be accomplished by careful and thoughtful planning of the Town’s leaders.

Respectfully submitted,

Joseph S. Tassone
Finance Director/Town Accountant
Town of North Reading, Massachusetts

Town of North Reading, Massachusetts
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
Fiscal Year Ended June 30, 2006

Net change in fund balances - total governmental funds $ (4,419,449)

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays and the contribution of assets exceeded depreciation in the current period. 14,478,767

In the statement of activities, the gain on the trade in of capital assets is reported, whereas in the governmental funds, the gain is not reported. 11,675

Revenues in the Statement of Activities that do not provide current financial resources are fully deferred in the Statement of Revenues, Expenditures and Changes in Fund Balances. Therefore, the recognition of revenue for various types of accounts receivable (i.e., real estate and personal property, motor vehicle excise, etc.) differ between the two statements. This amount represents the net change in deferred revenue. 3,815,798

The issuance of long-term debt (e.g., bonds and leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. (9,533,738)

In the statement of activities, interest is accrued on outstanding long-term debt, whereas in governmental funds, interest is not reported until due. This amount represents the change from the prior year’s accrual. (95,523)

Some expenses reported in the Statement of Activities, such as compensated absences, do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. This amount represents the change from the prior year’s accrual. 344,965

Change in net assets of governmental activities $ 4,602,495
