### The Administration of the Government

As presented to the House of Representatives at its session on the 15th day of January, 1900.

The Committee on the Administration of the Government, organized on the 15th day of January, 1900, and continued until the 15th day of January, 1900, have the honor to report to the House of Representatives the results of their investigation and the conclusions to which they have arrived.

The Committee find that the administration of the Government has been marked by a number of errors and omissions, which have resulted in a loss of public confidence and a general feeling of dissatisfaction among the people.
