Greetings:

I hope you find the second edition of "A Chef's Guide to Massachusetts Farm Products" useful in your efforts to feature local farm products at your restaurant. This directory lists more than 100 farms across the state interested in selling their products to you.

The farms listed are committed to provide you with the freshest and best tasting products available. By supporting their efforts, you not only provide your customers with great tasting food, but also help sustain local farms thereby preserving open space.

Please consider using our "Massachusetts...grown and fresher!" window decals. These attractive 3"x 5" decals are an easy way to let your customers know you feature Massachusetts farm products in your restaurant. Information about the decals can be found in this guide.

I welcome your comments and suggestions on this directory or on other ways we can work with you to support local agriculture. Please feel free to give me a call at 617-626-1701.

Sincerely,

A handwritten signature in cursive script that reads "Jon Healy".

Window Decal Registration

Let your customers know you buy local! Restaurants who feature Massachusetts farm products are eligible to use the "Massachusetts...grown and fresher!" logo decal. This green and white decal measures 3" x 5" and adheres to windows by static cling. Please complete the registration form and return it to the Massachusetts Department of Food and Agriculture to receive your free decal.

RED FIRE FARM (FORMERLY OLD DEPOT GARDENS)

We grow over 15 acres of NOFA/MA certified organic vegetables, berries, herbs, and cut flowers. Popular vegetables include a range of leaf and butterhead lettuces, summer and winter squashes, carrots, colored peppers, specialty potatoes, broccoli, kales, mesclun salad mix, sweet onions and many others. We grow over 40 different varieties of heirloom and hybrid tomatoes, of which our specimens won 5 of 12 awards in the 1998 Massachusetts Tomato Contest and 4 of 12 awards in 2000. In both years our heirloom varieties placed first and second in the state. We believe that the success of our tomatoes is a testament to the care we take in all aspects of our farming
