HOUSE No. 2888

By Mr. Murphy of Peabody, petition of John E. Murphy, Jr., relative to further defining and regulating the Board of Electrology. Health Care.

The Commonwealth of Massachusetts

In the Year One Thousand Nine Hundred and Eighty-One.

AN ACT FURTHER REGULATING THE BOARD OF ELECTROLOGY.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Section 87EEE of chapter 112 of the General 2 Laws is hereby amended by striking out the definition of "Electrol-

ysis" as amended by chapter 154 of the acts of 1976, and inserting in

4 place thereof the following four definitions: —
5 "Electrology", the practice of hair removal h

"Electrology", the practice of hair removal by means of instruments or devices that employ any form of energy.

"Electrologist", one who is licensed by the state to practice

electrology.

5

"Electrolysis", a method of electrology that permanently removes hair from the human body by insertion of a needle or needles into the hair follicle using electric current, high frequency radio waves, or any other form of energy that leads to the perma-

13 nent destruction of the hair regeneration process.

"Non-Needle Method", is a method of electrology that removes hair from the human body by using instruments or devices which are held on the skin or hair using electrical current, high frequency radio waves, or any other form of energy that leads to the removal of hair.

SECTION 2. Said chapter 112 is hereby further amended by striking out section 87FFF, as appearing in section 2 of chapter 625 of the acts of 1958, and inserting in place thereof the following section:—

Section 87FFF. No person shall engage in the practice of elec-

1

trology or hold himself out as a practitioner of, or being able to 6 practice, electrology unless he is duly licensed by the board or is a 7 qualified physician registered under the laws of the common-8 wealth. Whoever violates any provision of this section shall be 9 punished by a fine of not more than \$1,000.00. 10

SECTION 3. Said chapter 112 is hereby further amended by striking out, as most recently amended by chapter 328 of the acts of 1970, section 87GGG, as most recently amended by chapter 328 of the acts of 1970, and inserting in place thereof the following section:

Section 87GGG. Any person desiring to engage in the practice of electrology shall make application upon a form furnished by the 7 board, which application shall be signed and sworn to by the 8 applicant. Each application shall be accompanied by a fee of 9 twenty-five dollars. Each applicant who shall furnish the board 10 with satisfactory proof that he is nineteen years of age or over, of good moral character and a citizen of the United States or has filed a declaration of intention to become a citizen of the United States 13 and that he possesses (1) the education qualifications required for 14 graduation from an accredited high school, (2) a certificate or 15 diploma of graduation from an electrology school licensed under 16 17 section eighty-seven LLL, or a certificate or diploma from an electrology school in any other state or foreign country, which state 18 or foreign country has standards equivalent to those required for 19 20 licensing schools under section eighty-seven LLL, and (3) a basic knowledge of histology, bacteriology and sterilization, electricity, 21 22 hair structure, dermatology, physiology, hygiene and equipment necessary for the practice of electrology shall be examined by the 23 board, by a written and practical examination only, the results of 24 said examination to be made known to each applicant within six 25 weeks after the date of the examination, and, if he passes such 26 examination, shall be licensed as a qualified electrologist and 27 granted a certificate signed by the chairman and secretary of the 28 board in testimony thereof. Such license shall be valid until August 29 first of the next odd year and may be renewed for a two year period 30 upon application therefor on blank forms to be furnished by the 31 board. The fee for each such renewal shall be thirty dollars. 32

Any person who has been licensed as a qualified electrologist or

7 8

22 23

a qualified instructor, or any person to whom a license to conduct a school of electrology has been issued, who fails to renew such license upon its expiry date, may renew the same upon application therefor and payment of the regular renewal fee at any time within two years after said expiry date; if he fails to renew his license prior to the expiration of said two-year period, he shall be required to register as for an original license, take the required examination and pay the appropriate fee.

The board shall conduct examinations of applicants desiring to engage in the practice of electrology semiannually in the months of March and September.

SECTION 4. Said chapter 112 is hereby further amended by striking out section 87HHH, as appearing in section 2 of chapter 624 of the acts of 1958, and inserting in place thereof the following section:—

Section 87HHH. Every person to whom a license has been issued under section eighty-seven GGG shall cause the same to be recorded in the office of the clerk of the town where he principally practices electrology and if he moves his principal office he shall, before engaging in practice at a new address, notify the board in writing of the place where he is to engage in practice. If such removal is to another town, he shall obtain from the clerk of the town where his license is recorded a certified copy thereof and file it with the clerk of such other town. The fee for recording such license or certified copy thereof shall be one dollar.

Every licensed electrologist shall display his license in a conspicuous place in the principal office wherein he practices electrolysis, and shall, whenever required, exhibit it to the board or its authorized representative.

The practice of electrology shall be engaged in only in a fixed place or establishment, which place or establishment shall be provided with such instruments, implements and equipment, and subject to such sanitary regulations and inspection, as said board may prescribe.

Nothing in the preceding paragraph, or in any statute, ordinance, provision of law, rule or regulation shall be construed to prohibit the practice of electrology and the maintenance of an electrology office, in the licensee's home or residence; provided, the licensee complies with the conditions outlined above.

SECTION 5. Said chapter 112 is hereby further amended by striking out section 87KKK, as amended by section 8 of chapter 508 of the acts of 1978, and inserting in place thereof the following

section: —

Section 87KKK. No electrologist may advertise, either directly or by implication, that he uses the electrolysis method unless he employs a needle or needles which, when inserted into the hair follicle, leads to the permanent destruction of the hair regeneration process. No licensed electrologist shall include in any advertising or publish, issue or make any misrepresentation, false, fraudulent or misleading statements through the press, circulation of advertising matter, radio, television, display signs or otherwise.

SECTION 6. Said chapter 112 is hereby further amended by striking out section 87LLL, as most recently amended by chapter 782 of the acts of 1973, and inserting in place thereof the following section:

5 Section 87LLL. The board shall, upon the application of any school desiring to teach electrology in the commonwealth, inspect 6 such school and notify the governing body thereof in writing if said 7 school is approved by the board, or if not, what action said school 8 must take in order to be licensed by the board. Such application 9 shall be on a form furnished by the board, which application shall 10 11 be signed and sworn to by the applicant. Each application shall be accompanied by a fee of fifty dollars. Such license shall be valid for 12 a period of two years from its date of issue and may be renewed for 13 a like period upon application therefor on blank forms to be 14 furnished by the board. The fee for each such renewal shall be fifty 15 dollars. The board and the commissioner of public health, acting in 16 17 an advisory capacity, shall further establish standards to be met by said electrolysis school and shall require the school to maintain the 18 19 prescribed course of study. When in the opinion of the board such 20 standards have been met by said school, a license of approval shall 21 be awarded to it. No school, not so licensed, may teach electrology. 22 Instructors in licensed schools shall be licensed by the board and

shall devote their time, exclusively, while on school premises, to teaching the theory and practice of electrology. No persons, not so

25 licensed may instruct in any electrology school in the common-26 wealth. If at any time an approved school has, in the opinion of the

board, lowered its standards below those established by the board, such license, after notice and hearing, may be revoked by the board. Any applicant aggrieved by the refusal of the board to

30 approve an electrology school shall be entitled to have the reasona-31 bleness of such refusal reviewed by a justice of the superior court

32 whose decision shall be final.

Any licensed electrologist, desiring to instruct in the practice and 33 theory of electrology in a school licensed under this section, shall 34 make application upon a form furnished by the board. Such appli-35 cation shall be signed and sworn to by the applicant, and shall be 36 accompanied by a fee of twenty-five dollars. Each applicant, who 37 shall furnish the board with satisfactory proof that for at least five 38 years he has been actively engaged in the practice of electrology 39 and that he possesses the qualifications to instruct students in the 40 theory and practice of electrology shall be given an examination by 41 the board, and, if he passes such examination, shall be licensed as a 42 qualified instructor, and granted a license signed by the chairman 43 and the secretary of the board in testimony thereof. Such license 44 shall be valid for a period of two years from the date of its issue, and 45 may be renewed for a like period upon application therefor on 46 blank forms to be furnished by the board. The fee for each such 47 renewal shall be ten dollars. Such license shall be valid only when 48 instructing in an electrology school licensed under this section. 49

SECTION 7. Said chapter 112 is hereby further amended by striking out section 87000, as most recently amended by section 29 of chapter 925 of the acts of 1973, and inserting in place thereof the following section: —

Section 87000. The board may, upon the payment of a fee of twenty-five dollars, grant, without examination, a license to practice electrology and issue a certificate, to any person licensed or registered under the laws of any other state, which state, in the opinion of the board, shall require a degree of competency equal to that required of applicants for licensure as electrologists in this commonwealth, and which extends a like courtesy to electrologists licensed in this commonwealth.

The board shall, upon the payment of a fee of fifty dollars, examine any person who makes application, upon a form furnished by the board, for a license to practice electrology, provided

such applicant furnishes the board with satisfactory proof that he is twenty-one years of age or over, of good moral character, and a

18 citizen of the United States or has filed a declaration of intention to

19 become a citizen of the United States, and furnishes the board with

20 documentary proof that he has been actively engaged in the 21 practice of electrolysis in another state for not less than ten years

22 immediately preceding the date of his application. If such person

23 passes such examination, the board shall grant him a license to

practice electrology and shall issue him a certificate signed by the chairman and secretary of the board in testimony thereof. Such

26 license shall be valid until August first of the next odd year and may

27 be renewed for a two year period upon application thereof upon a

28 form furnished by the board. The fee for such renewal shall be

29 thirty dollars.
