

SENATE.....No. 12.

Commonwealth of Massachusetts.

BOSTON, January 4th, 1842.

His Excellency, JOHN DAVIS.

SIR:—According to contract with a committee of the Legislature, I have finished the collection and arrangement of thirty volumes of State papers, and of writing tables of contents for all of them. Other selected documents, to the amount of several volumes, remain to be put together. These, if agreeable, I will arrange without charge to the Commonwealth.

As the General Court made no appropriation for the binding of the first-named volumes, it is with regret that I leave them unfinished and unfit for the use which is largely made of the completed volumes.

Very respectfully,

Your humble servant,

JOSEPH B. FELT.
