**May 8, 2017**

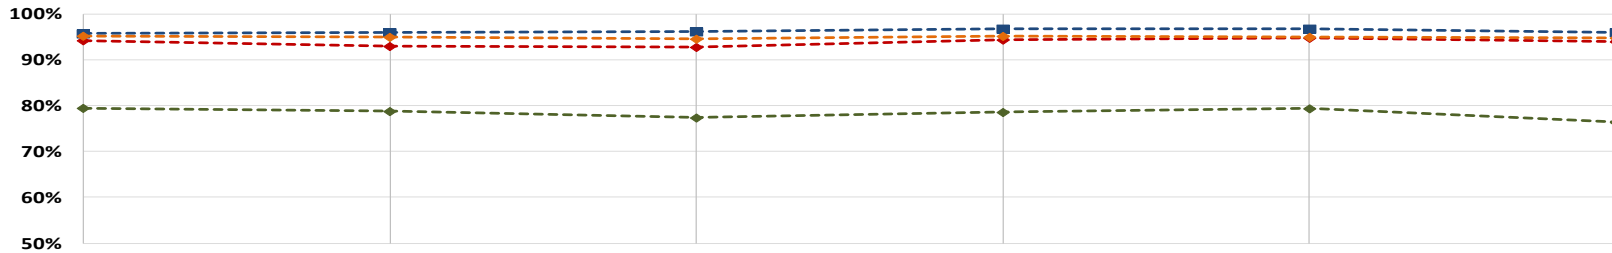

# Weekly Reliability

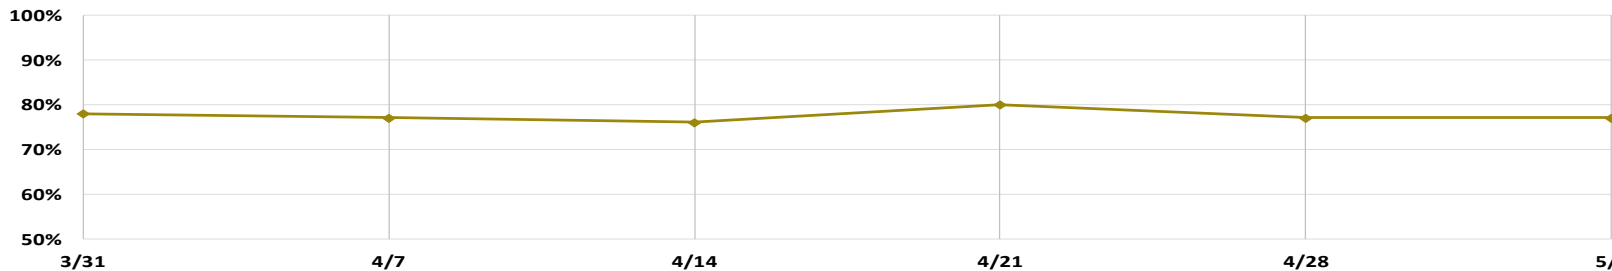

Rail Reliability: Peak

Rail Reliability: Offpeak

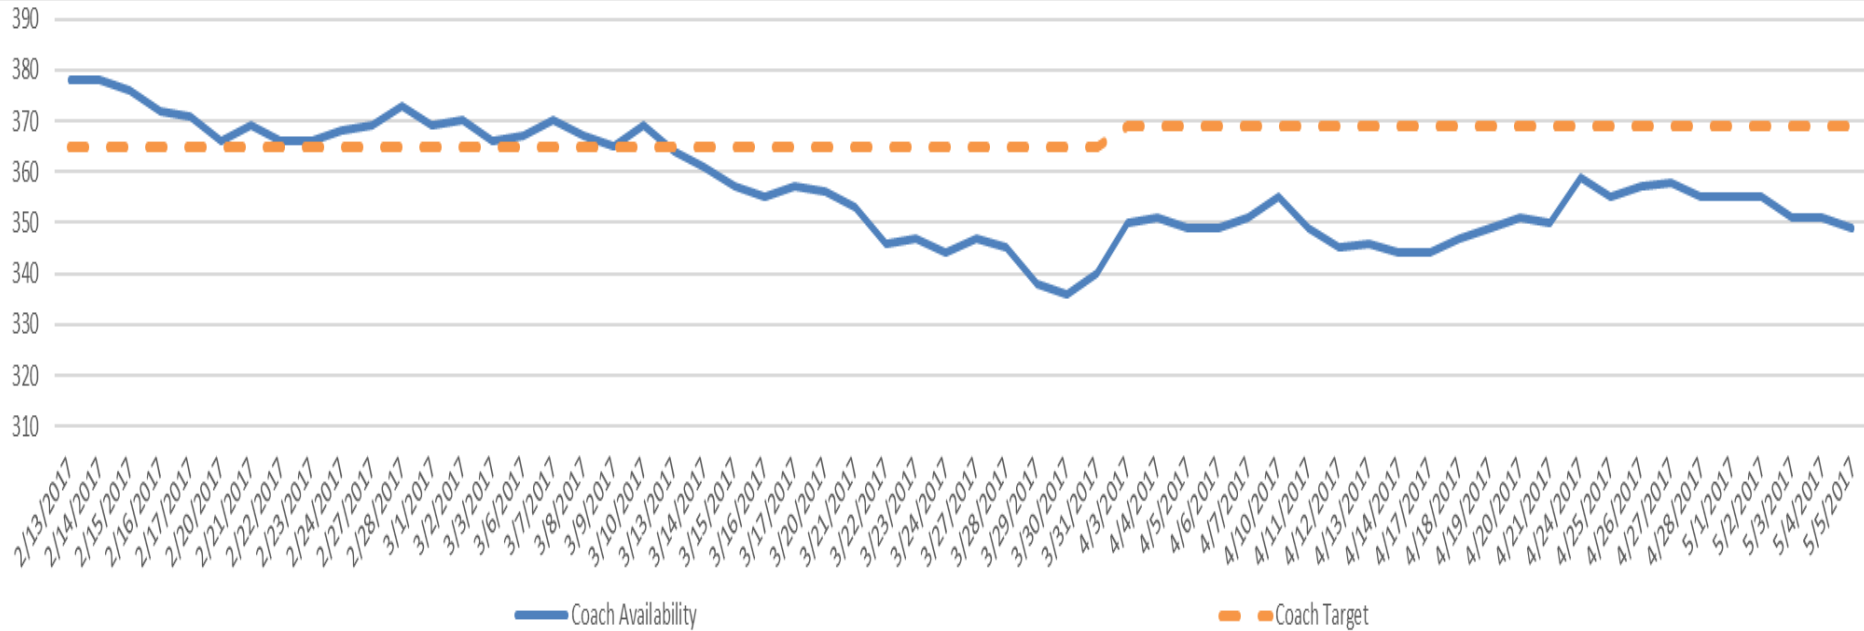

Bus Headway Adherence

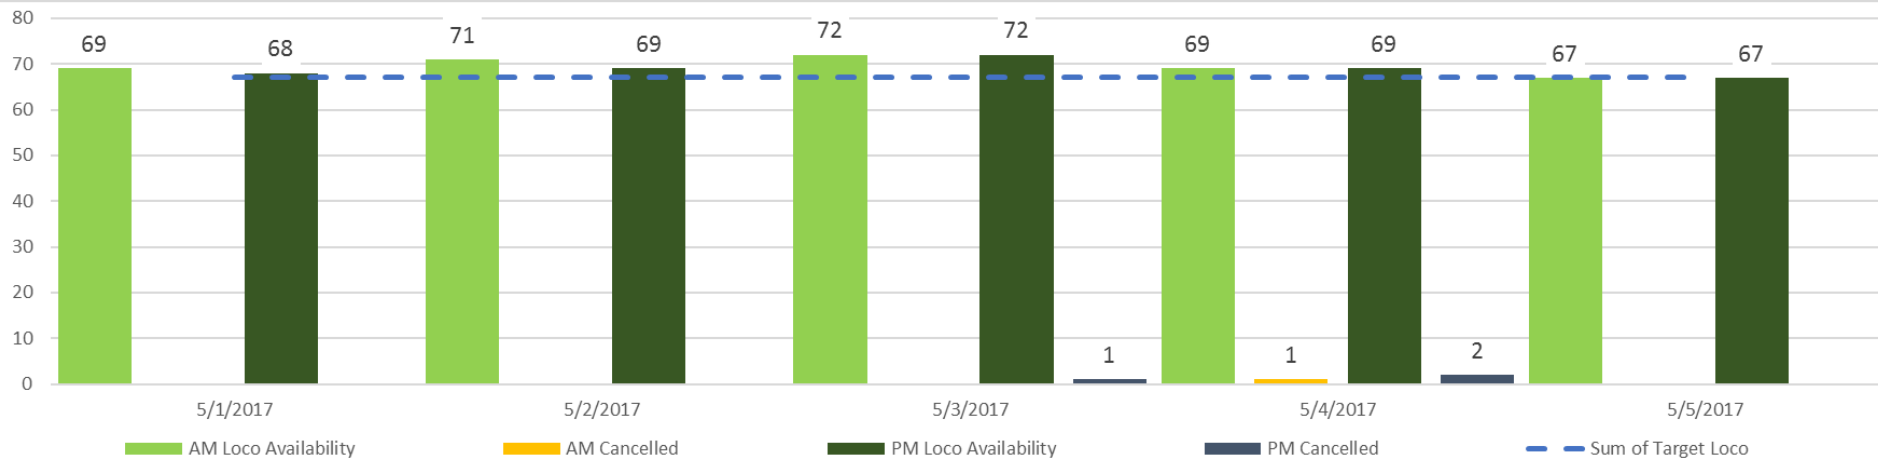

# Coach Availability

# Daily Locomotive Availability & Cancellations

•First time since January 2017 locomotive availability remained at 67 for an entire week.

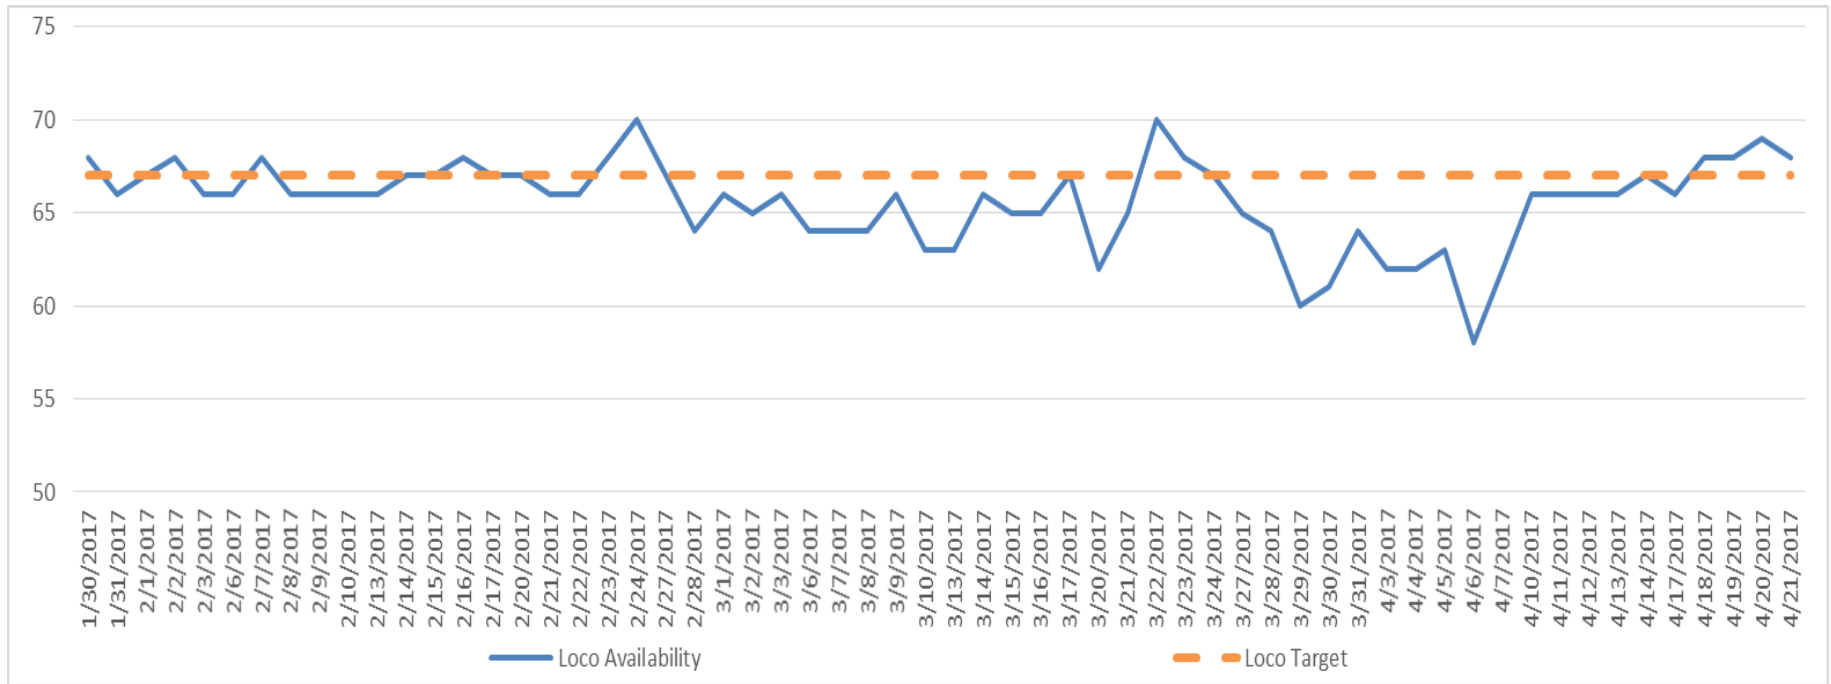

---

# Appendices

---

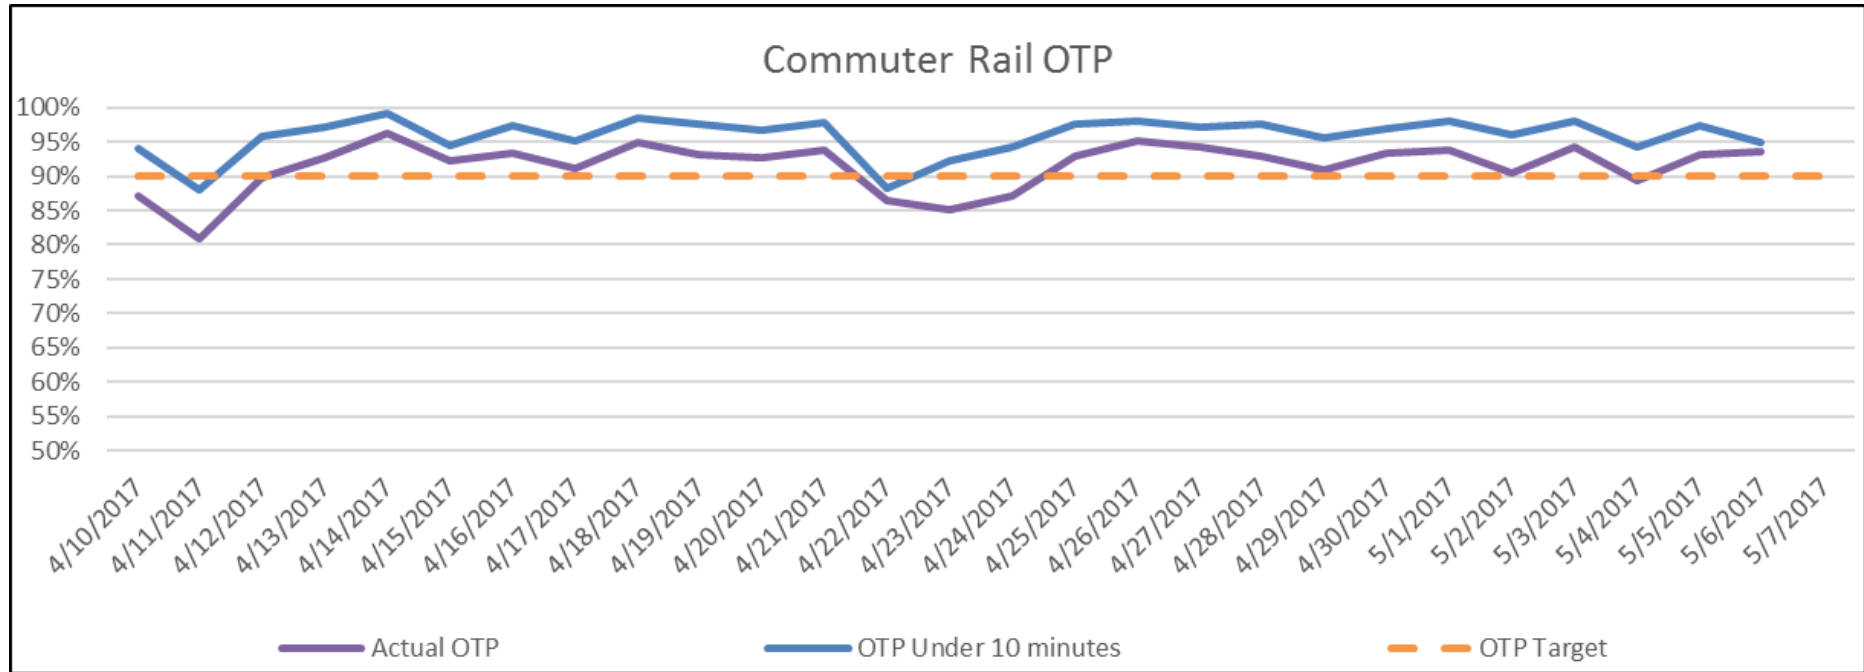

# Locomotive Availability

- Last week was the second week since January that we had 67 or more locos in service every day.

## On Time Performance

- Strong OTP performance continuing, consistently at or above 90%
