

By Mr. Barrett of Reading, petition of Michael J. Barrett (by vote of the town) that the town of Reading be authorized to provide by by-law for the insertion of articles in the warrant for every town meeting other than the annual meeting upon the petition of ten or more registered voters. Local Affairs. [Local Approval Received.]

The Commonwealth of Massachusetts

In the Year One Thousand Nine Hundred and Eighty.

AN ACT AUTHORIZING THE TOWN OF READING TO PROVIDE BY BY-LAW FOR THE INSERTION OF ARTICLES IN THE WARRANT FOR EVERY TOWN MEETING OTHER THAN THE ANNUAL MEETING UPON THE PETITION OF TEN OR MORE REGISTERED VOTERS.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Notwithstanding the provisions of section ten of
2 chapter thirty-nine of the General Laws or of any other law to the
3 contrary, the town of Reading is hereby authorized to provide by
4 by-law that the selectmen of said town shall insert in the warrant
5 for every town meeting, other than the annual town meeting, all
6 subjects the insertion of which shall be requested of them in writing
7 by ten or more registered voters of said town.

SECTION 2. This act shall take effect upon its passage.

REPORT OF THE COMMITTEE ON THE
REVISION OF THE CURRICULUM
FOR THE PH.D. DEGREE
IN CHEMISTRY
FOR THE YEAR 1964-1965

The Committee on the Revision of the Curriculum for the Ph.D. degree in Chemistry was organized in 1963. Its members are listed on page 1. The Committee's report is presented in this document.

The Committee has reviewed the curriculum for the Ph.D. degree in Chemistry and has found it to be generally satisfactory. However, certain changes are recommended to improve the quality and efficiency of the program.

The following changes are recommended:

1. The requirement for a thesis should be maintained.
2. The requirement for a minimum number of seminars should be maintained.
3. The requirement for a minimum number of research papers should be maintained.
4. The requirement for a minimum number of courses should be maintained.
5. The requirement for a minimum number of credits should be maintained.

The Committee believes that these changes will result in a more rigorous and efficient program for the Ph.D. degree in Chemistry.

Approved by the Committee on the Revision of the Curriculum for the Ph.D. degree in Chemistry, 1964-1965.
