REPORT OF THE GREYLOCK COMMISSION.

The reservation now embraces 5,460 acres, and we are just about to add 30 acres. The Legislature last spring granted the reservation \$14,000. The land we wished to purchase lay in one body in an extreme portion of the range. The ownership and boundaries were uncertain, and there seemed to be a disposition to put up prices. Under these circumstances it was necessary to do considerable preliminary work. This is now about finished and we hope shortly to add a thousand or more acres.

The number of visitors has been large during the year.

The chief work accomplished has been the laying out and partially completing a road toward Pittsfield with a better grade.

FRANCIS W. ROCKWELL,
WM. H. SPERRY,

Commissioners.
