BOARD OF REGISTRATION IN VETERINARY MEDICINE, SECRETARY'S OFFICE, DEC. 15, 1928.

To WILLIAM F. CRAIG, *Director of Registration*.

SIR:—In compliance with the requirements of chapter 112 of the General Laws, the Board of Registration in Veterinary Medicine submits its annual report for the fiscal year 1928.

Eight persons have applied for registration during the year, all of whom have been examined. All of these applicants were graduates of veterinary schools authorized to confer degrees in veterinary medicine.

The number of individuals examined this year is nine, and the results are given in the following table:—

| | Examined. | Registered. |
|--|-----------|-------------|
| December, 1927, examination, | 4 | 3 |
| June, 1928, examination, | 5 | 5 |

The following men successfully passed our examinations during the year:—

| Name. | Graduate of— |
|--------------------------------------|---|
| Brockett, Fred John, | Michigan State College. |
| Chase, Carl Eddrie, | Ohio State University. |
| Coleman, James Henry, | United States College of Veterinary Surgery. |
| Harvey, Ebenezer Erskine, | Michigan State College. |
| Martin, Carl Libby, | Ohio State University. |
| Martindale, William Edgar, | University of Pennsylvania. |
| Nilan, John James, | Chicago Veterinary College. |
| Switt, Thomas Lawrence, | N. Y. American Veterinary College. |

Since the organization of the board, Jan. 1, 1904, 533 certificates of registration have been issued.

During the year the Board has held three meetings and two examinations.

According to the rules of the Board, all applications for examination must be made upon blanks furnished for this purpose by the secretary, and returned to him at least three days before the date of examination, properly executed and accompanied by the fee of \$15. A ticket of admission to an examination, showing the date and the applicant's number, is issued on the receipt of this application. Tickets are also issued to rejected applicants entitled to a re-examination if applied for three days before the date of examination. By a ruling of the Board, examinations are held twice annually, in June and in

November. The law requires that these examinations shall be wholly or in part in writing, in the English language, and shall be of a scientific and practical character. They shall include the subjects of anatomy, surgery, physiology, animal parasites, obstetrics, pathology, bacteriology, diagnosis, and practice, therapeutics, materia medica and veterinary dentistry, and shall be sufficiently thorough to test the applicant's fitness to practice veterinary medicine. There is usually an average of eight questions in each subject, and the answer to each question is marked on a scale of 0 to 100, after which the applicant's general average is computed.

In this connection it should be borne in mind that the name of the applicant is unknown to any examiner, with the exception of the secretary. Each examination book bears a number, upon which the examiner reports his rating.

Since its organization the Board has held 50 examinations.

During the life of the Board there have been 671 applicants for examination for registration in veterinary medicine; of this number 533 were granted registration, and 138 were refused registration.

The following table lists the veterinary schools from which applicants were graduated and the results of their examinations. The table also lists the number of non-graduates who have been registered and those refused registration:—

| | Examined | Registered as Result of— | | | | | | | Refused |

For the purpose of convenience the "correspondence school" is listed as a school, although it is not chartered and has no right to issue degrees. It is to be noted that 13 men, graduates of this school, have been examined, who assumed that they had received a proper training in veterinary medicine, yet failed by our examination to demonstrate any knowledge of veterinary science. The result shows the absolute impracticability of teaching veterinary medicine by correspondence. This school uses the mails extensively to send out literature describing its efficiency and success, holding out the promise to credulous persons that by studying its courses they will be fully prepared to practice veterinary medicine, giving them a diploma which represents them as graduates from a regular school, and from which the word "correspondence"

is intentionally omitted. It is to be regretted that the United States mail authorities do not refuse the use of the mails to this and similar schools.

Graduates of the following veterinary schools are now eligible to membership in the American Veterinary Medical Association:—

Alabama Polytechnic Institute, College of Veterinary Medicine.
 Colorado State College, Division of Veterinary Medicine.
 Indiana Veterinary College.
 Iowa State College, Division of Veterinary Medicine.
 Kansas State Agricultural College, Division of Veterinary Medicine.
 L'Ecole de Medicine Veterinaire, Universite de Montreal.
 Michigan Agricultural College, Division of Veterinary Science.
 New York State Veterinary College at Cornell University.
 Ohio State University, College of Veterinary Medicine.
 Ontario Veterinary College, Toronto University.
 State College of Washington, College of Veterinary Science.
 Texas Agricultural and Mechanical College, School of Veterinary Medicine.
 University of Pennsylvania, School of Veterinary Medicine.

The expenses of the Board have been as follows:—

| | |
|--|-----------------|
| Salaries and travelling expenses of members, | \$701.58 |
| Investigating complaints, | 10.10 |
| Stenography and typewriting, | 63.50 |
| Printing and postage, | 38.82 |
| Miscellaneous, | 79.92 |
| Total, | <u>\$893.92</u> |
