The second annual session of the one hundred and seventy-seventh General Court of the Commonwealth of Massachusetts convened at the State House in Boston on the first Wednesday of January, being the first day thereof, in the year of our Lord one thousand nine hundred and ninety-two and of the independence of the United States of America the two hundredth and sixteenth.

And the members of the House of Representatives, having assembled in the Representatives' Chamber, were called to order at three minutes after eleven o'clock A.M. (with Mr. Voke of Chelsea in the Chair) (having been appointed by the Speaker, under authority conferred by Rule 5, to perform the duties of the Chair).

Prayer was offered by the Reverend Robert F. Quinn, C.S.P., Chaplain of the House of Representatives during the sessions of 1983 to 1991, inclusive, as follows:

Gracious God, today we begin new calendar and legislative years. A new beginning offers new opportunities and new challenges. In this era of change, we continue to place our trust in You and in the principles and values which You have made known to us. As citizens of this state, we look back to our achievements and accomplishments and look to the future with confidence and enthusiasm. Help us to make good things happen for the people, our communities and for the Commonwealth. Let our vision be clear, our goals realistic and our judgments sound. May 1992 be good and happy for us all.

Bestow Your blessings on the Speaker, the members of the House and their families. Amen.

At the request of the Chair (Mr. Voke), the members, guests and employees joined with him in reciting the pledge of allegiance to the flag.

The amendments were adopted.

Mr. Brett then moved that the bill be amended by inserting after section 1 the following two sections:
“SECTION 1A. To meet the strict federal constitutional standard of population equality between Congressional districts, it was necessary to split voting precincts in some cities and towns into more than one Congressional district. Since this poses significant problems for local election administration, as few precincts as possible were split to meet the strict one person, one vote standard therefore every city or town which contains a voting precinct located in more than one Congressional district shall divide that precinct along the Congressional district boundary into two precincts, or aggregate a portion of that precinct with a contiguous precinct in the same city or town and in that Congressional district. Any such resulting precinct or precincts shall be exempt from the provisions of sections one, two, and six of chapter fifty-four of the General Laws, and shall not be used for elections of members of a representative town meeting. If the polling place for such a new precinct is located in the same building, as for an existing precinct, no additional election officers need be appointed for such new precinct. Each city or town required by this section to create a precinct or aggregate a voting precinct shall, no later than April first, nineteen hundred and ninety-two, complete this re-precincting process by vote of its city council or board of selectmen, and provide written notice to the state secretary of the number of precincts and aggregate precincts provided for in this section.

SECTION 1B. The supreme judicial court shall have jurisdiction of any petition for a writ of mandamus relative to the establishment of Congressional districts under section one of this act.”

Pending the question on adoption of the amendment, Mr. Brett asked for a count of the House to ascertain if a quorum was present. The Speaker, having determined that a quorum was not in attendance, then directed the Sergeant-at-Arms to secure the presence of a quorum. Subsequently a roll call was taken for the purpose of ascertaining the presence of a quorum; and on the roll call 118 members were recorded as being in attendance.

[See Yea and Nay No. 7 in Supplement.]

Therefore a quorum was present.

After debate on the question on adoption of the amendment, the sense of the House was taken by yeas and nays, at the request of Mrs. Cleven of Chelmsford; and on the roll call 116 members voted in the affirmative and 21 in the negative.

[See Yea and Nay No. 8 in Supplement.]

Therefore the amendment was adopted.

The amount of the annual payment in each year shall be determined by the actuary for the teachers' retirement board and it shall be paid by the public school employer from which the teacher retires to the Commonwealth Pension Liability Fund."

After debate on the question on adoption of the further amendment offered by Mrs. Menard, the sense of the House was taken by yeas and nays, at the request of the same member; and on the roll call 128 members voted in the affirmative and 0 in the negative.

[See Yea and Nay No. 44 in Supplement.] [Mr. Hawke of Gardner answered "Present" in response to his name.]

Therefore the further amendment was adopted, thus precluding a vote on the amendment offered by Mr. Tarr of Gloucester.

Mr. Blanchette of Lawrence then moved that the bill be amended by adding at the end thereof the following section:

"SECTION 22. In accordance with the provisions of section 102 of chapter 32, the retirement allowance, pension, or annuity of every

Mr. Blanchette of Lawrence then moved that the bill be amended by adding at the end thereof the following section:

“SECTION 23. Mr. Forman of Plymouth thereupon raised a point of order that the amendment offered by the gentleman from Lawrence was improperly before the House for the reason that it went beyond the scope of the pending bill.

The Chair (Mrs. Menard of Somerset) stated that the point of order was well taken; and the amendment was laid aside accordingly.

There being no objection, — Representatives Cox of Lowell, LeLacheur of Lowell and Rourke of Lowell moved (there being no objection) that the bill be amended in section 19 (inserted by amendment) by inserting after the word “county”, in line 5, the words “at whose option the retirement date shall be either March fifteenth,

[See Yea and Nay No. 46 in Supplement.]

Therefore the bill was passed to be engrossed. The same member then moved that this vote be reconsidered; and, there being no objection, the motion to reconsider was considered forthwith and it was negatived. The bill (House, No. 2000, printed as amended) then was sent to the Senate for concurrence.
