COUNCIL RECOMMENDATION

The Academic Matters Council recommends approval of this proposal.

Please describe your proposal

Proposal 3680 was fully approved in 2017 but no note was made to remove 489 and 498D from the ARR. These courses are now replaced in the program of study with 498T. Please see the materials in 3680 for the correct program of study.

Please describe the existing program requirements, listing all required courses and available electives, as well as any additional requirements, and continuation or admissions policies.

Please describe the requirements that you are proposing, listing course requirements, elective options, as well as any additional requirements, and continuation or admissions policies.

The old curriculum offered two practicum courses in the community and the new curriculum offers just one – 498T.

If this proposal requires no additional resources, say so and briefly explain why. If this proposal requires additional resources, explain how they will be paid for. For proposals involving instruction, indicate how many new enrollments are expected and whether the courses have room to accommodate them.

No additional resources are required.

MOTION: That the Faculty Senate approve the Revision of a Degree Program In
09-20 Nursing (BS) as presented in Sen Doc. No. 20-020.
