## Description of Changes in MOSES Version 34.2

The key MOSES 34.2 changes are:

### 1. Update to the Barcode Card

Since the conversion to Citrix, the new barcode template that is generated in MOSES can no longer be customized by each career center. The new barcode template include the One-Stop Career Center logo and the career center name, address, phone number and website.

### 2. Claimant ID added to Job Seeker Full Tab

Set up space for future display of UI Claimant ID. It will be populated by a weekly interface of all active claimants from UI Online.

The screenshot shows the 'Job Seeker Membership (TEST, TESTER)' form. The 'Claimant ID' field is highlighted with a black arrow. The form includes the following sections:

- General Information: Employed (Yes/No), Disability (Yes/No), Disability Type (Physical/Mental), Dislocated Worker, Received Notice of Layoff/Military Separation, Primary Language, Language Details, Summer Youth, Permanently Separated (HITG), Last Modified.
- Education: In School (Yes/No/Yes - In Alternative School), Highest Degree (High School Diploma).
- Work Search Verification: Date Verified (06/20/2014), Verified By (MMEIB).
- Claimant ID: (Empty field, highlighted with a black arrow).
- Migrant Status: Seasonal Farm Worker, Non Migrant; Migrant Farm Worker; Migrant Food Processor.
- Economically Disadvantaged: Family Size (3), Is your family income for the last six months below \$12,656.00? (Yes/No).
- Career Objective: (Empty field).

### 3. Changed GED to HiSET/GED

The General Equivalency Diploma (GED) test is no longer being used in Massachusetts, and has been replaced with the High School Equivalency (HiSET) Test. We have updated the places where GED is referenced to reflect the use of the HiSET (i.e. *HiSET/GED*)
