

**DATE:** Tuesday, August 18, 2020  
**TO:** Individuals or entities seeking nursing facility placement for individuals with COVID-19, including Acute Care Hospitals  
**RE:** Notice of Dedicated Care Capacity at Nursing Facilities for COVID-19 Patients

**A. Overview**

As part of its ongoing efforts to expand existing health care capacity to serve individuals confirmed to be infected with COVID-19, the Commonwealth is issuing this notice to assist acute care hospitals and other individuals or health care entities with the identification of nearby facilities that are accepting COVID-19 patients for nursing facility levels of care. A number of facilities have partnered with the Executive Office of Health and Human Services (EOHHS) to provide isolated space and staffing to serve the individuals who are infected with COVID-19 needing ongoing nursing facility level of care.

This notice is intended only to offer guidance and serve as a reference, and does not contain any requirements for providers, issue updates to current MassHealth service rates, or endorse specific institutions or referral relationships. More information about Dedicated COVID-19 Nursing Facilities is available [here](#) and more information about Nursing Facilities with Dedicated COVID-19 Isolation Spaces is available [here](#).

This notice will be updated once per week, with new versions being posted each Tuesday by 4pm E.T.

**B. Nursing Facilities with Dedicated COVID-19 Isolation Spaces**

As of the date of this memo, the following facilities have attested to EOHHS that they have established a separate space within their facility to isolate and care for COVID-19 positive individuals and currently have capacity to admit individuals who are infected with COVID-19 and need ongoing care at the nursing facility level of care:
