#### FINDINGS OF FACT

1. On Friday, August 28, 2020, Investigators Di Cicco and Gardner ("Investigators") conducted an investigation of Pineda Restaurant Corp. d/b/a Rincon Latinos Restaurant to determine the manner in which its business was being conducted, and to ensure compliance with ~~Massachusetts Governor Charles Baker's Executive COVID-19 Orders.~~
2. While outside the licensed premises, Investigators, accompanied by Officers of the Chelsea Police Department, observed approximately 12-14 individuals who seemed to be exiting the premises. Investigators observed that none of these individuals were in possession of any take-out food.
3. When Investigators entered the restaurant, they observed the premises was very crowded. They conducted a visual count which indicated approximately 35 individuals inside the establishment. This count did not include the 12-14 individuals observed outside as Investigators arrived. The occupancy permit for the premises is approved for 30 individuals.
4. Investigators observed patrons seated and standing at tables who were in possession of alcoholic beverages without any food and with no indication of food service.
5. Investigators observed individuals without facial coverings, walking throughout the premises in possession of alcoholic beverages, and saw employees without facial coverings.
6. Investigators observed that the tables within the establishment were not 6-feet apart and they observed a party of more than 6 individuals at a single table.
7. Investigators spoke to the Licensee, Ricardo Pineda, in the back of the premises by the kitchen where they observed that no food was being prepared in the kitchen area.
8. Investigators advised Mr. Pineda of the violations and that a report would be filed with the Chief Investigator for further action.

9. Mr. Pineda appeared at the Commission hearing and testified that the people Investigators observed outside had been waiting for a table. He stated that the people left when they observed Investigators and police enter the licensed premise.
10. Mr. Pineda testified that the patrons inside the licensed premise had eaten on the night of the inspection. He stated that when patrons finish their meal, dishes are cleared from the table and patrons are allowed to have a drink or two after dinner.
11. The Commission was informed of steps taken by the Licensee to ensure compliance with COVID-19 safety protocols, including adding signage about wearing masks and keeping socially distant, vigilance regarding patrons and employees wearing masks, continuing to provide hand sanitizer and requesting that people waiting for a table do so in the park across the street which allows for social distancing.
12. The Licensee has held a license under M.G.L. c. 138, § 12 since 2017 with no prior violations.
