Administrative Bulletin 21-10

101 CMR 314.00: Dental Services

Effective January 1, 2021

Updated CDT Dental Codes

Pursuant to 101 CMR 314.01(5) and (6), the Executive Office of Health and Human Services (EOHHS) has added 28 codes and deleted four codes, of which one deleted code is cross-walked to two new codes as specified by the American Dental Association in the Current Dental Terminology (CDT) 2021 set.

Except for a one-to-two crosswalk listed in the following chart, in which the rates for the new codes are set at the current payment rate of the deleted code, all codes in this bulletin that require pricing are reimbursed at individual consideration (I.C.). Rates listed in this administrative bulletin are applicable until EOHHS issues revised rates. The deleted codes are no longer available for use for dates of service after December 31, 2020.

The following procedure codes are added.

Added Code	New Allowed Fee	New EPSDT Fee	Description
D0604	I.C.	I.C.	Antigen testing for a public health related pathogen
D0605	I.C.	I.C.	Antibody testing for a public health related pathogen
D0701	I.C.	I.C.	Panoramic radiographic image – image capture only
