This volume lists agencies and groups that provide services to individuals with alcohol and/or drug related problems. It should not, however, be taken as a recommendation or warranty of an agency or group by the Commonwealth of Massachusetts or the Massachusetts Bar Association, or their officers, agents or employees, or by any of the contributors to this volume.

THE COMMONWEALTH OF MASSACHUSETTS  
EXECUTIVE DEPARTMENT

STATE HOUSE • BOSTON 02133

MICHAEL S. DUKAKIS  
GOVERNOR

November, 1985

An Open Letter to Users of This Directory:

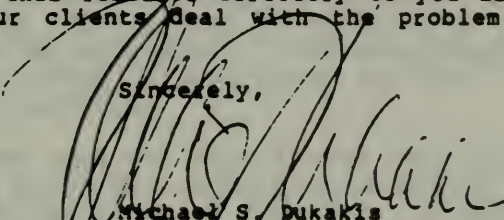

Most of us are all too aware of the damage and pain wrought by alcohol on the lives of the men, women and children of Massachusetts. Over 70 percent of all highway deaths are alcohol-related. Alcohol is involved in more than 60 percent of the incidents of physical violence. Countless family, business and other personal problems are attributable in large part to alcohol.

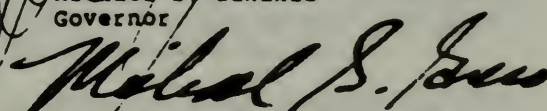

People in trouble with the law and people with business or family problems often turn to lawyers for help. Lawyers thus have a significant opportunity to provide valuable assistance to clients whose problems appear to be alcohol-related.

In recognition of this opportunity, I invited the Massachusetts Bar Association to join me in a cooperative effort to explore ways in which lawyers can provide relevant information and advice to clients suffering from alcohol or drug abuse. Together, we have formed the MBA/Governor's Committee on the Alcoholic Client. One of the first orders of business of the Committee has been to put together the directory in front of you--a directory of resources available in Massachusetts to identify and treat people with alcohol and drug problems.

Michael S. Greco, President of the Massachusetts Bar Association, and I commend this resource directory to you as a valuable tool for helping your clients deal with the problem of alcohol abuse.

Sincerely,

  
Michael S. Dukakis  
Governor

  
Michael S. Greco, President  
Massachusetts Bar Association

## HOW TO USE THIS RESOURCE DIRECTORY

This resource directory is published in two formats. The first is a statewide directory, which lists treatment programs and resources for the information of attorneys, courts, human services agencies, hospitals and others likely to refer individuals to treatment programs throughout Massachusetts. The second is a series of five regional directories listing such services in the following Massachusetts regions:

- 1) Western Massachusetts (gold)
- 2) Central Massachusetts (orange)
- 3) Merrimack Valley (blue)
- 4) Metropolitan Boston (green)
- 5) Southeastern Massachusetts (yellow)

The statewide directory and the five regional directories list available programs such as private inpatient and outpatient, public inpatient and outpatient, and certain other selected resources within and outside Massachusetts. The regional directories should be most helpful to attorneys wishing to identify local resources for their clients. Attorneys in communities near the border of the regions may find it helpful to obtain two regional directories.

The directories differentiate privately and publicly funded programs. Privately-funded programs generally accept only clients who have third party reimbursement. The publicly-funded programs generally serve medically indigent clients, but also accept insured clients.

Frequently, attorneys may not be certain whether a client has a drinking problem or what type of treatment is appropriate for a client acknowledging a problem. In these instances, we recommend that clients be referred to an outpatient program for an assessment. The assessments generally indicate the level of impairment and the appropriate treatment resource.

The statewide and regional directories provide a comprehensive list of available resources but do not provide evaluations of the programs included. We suggest that anyone using the directories should become familiar with a program before making a referral to it.

Any attorney having a question with respect to the resource directories or in need of advice or assistance may write to members of the Massachusetts Bar Association's Chemical Dependency Committee, c/o Massachusetts Bar Association, 20 West Street, Boston, MA 02111.

## INTRODUCTION

The Massachusetts Bar Association/Governor's Committee on the Alcoholic Client has developed this directory as a guide for attorneys and others interested in referring individuals for alcoholism treatment. Most public and private treatment programs in Massachusetts are listed, as well as private programs in nearby states.

Besides its utility to lawyers, this resource directory should be of assistance to human service agencies, hospitals, schools and other organizations which interact with alcohol and drug abusing clients.

The Committee acknowledges the assistance and cooperation provided by the Massachusetts Division of Alcoholism in compiling the enclosed information. The Committee also extends its thanks and appreciation to the Kemper Group for printing this publication.
