Massachusetts Board of Library Commissioners

Prepared with LSTA funds

Preparation of this report was supported in part by the U.S. Institute of Museum and Library Services. However, the opinions expressed herein do not necessarily reflect the position or policy of that agency, and no official endorsement by that agency should be inferred.

Introduction

The **2006 Rankings Report** shows the ranks of public libraries, not municipalities, both within their library population group and across the state on certain **per capita** income and expenditure indicators and **per 10,000** or **per week** service indicators. A rank of 1 is the highest.

The number of independent public libraries in Massachusetts is 370. The library population group and state rankings are assigned only to libraries that provided data for the specified data item. Since not all libraries provided data for all requested items, the number of state rankings is fewer than 370.

Thank you to each library director and staff member who so conscientiously provided data summarized in this report. Their efforts are paramount to providing tools, such as this report, that can help inform library planning and development.

Dianne Carty, Head, State Aid & Data Coordination
Ann Downey, Systems Analyst
James Lonergan, State Aid Specialist
Uechi Ng, Administrative Assistant

Appendix - Definitions for Data in the 2006 Rankings Report

Heading	Definitions
Median Value	For each library population group, the value of the middle case in the range of libraries reporting a value greater than zero for the indicator.
Rank within Pop Group	Rank of the library's value for each indicator among the libraries reporting the indicator within its library population group. A rank of 1 is assigned to the highest value. When more than one library has the same value for an indicator, all libraries with that value are given the same rank and the intervening ranks are not used.
Rank within State	Rank of the library's value for each indicator among all the libraries reporting the indicator in the state. A rank of 1 is assigned to the highest value. When more than one library has the same value for an indicator, all libraries with that value are given the same rank and the intervening ranks are not used.
2005 Pop (Library Service Population)	For libraries in municipalities with one independent public library this is the population of the municipality from the 2005 population estimate for the municipality in which the library is located. For multiple independent public libraries in the following municipalities, this is a percentage of the municipality's 2005 population estimate (these percentages may add up to more than 100% of the municipality's total population, due to overlapping populations served): Acton, Barnstable, Chatham, Dennis, Falmouth, Hardwick, Harwich, Natick, Northampton, Northfield, Shelburne, South Hadley, Warren. The total population for each of these municipalities appears in the 'Municipalities with Multiple Independent Libraries' section. For the Hamilton-Wenham Public Library, a joint library, this is the total of the 2005 population estimate for Hamilton and Wenham.
Reg	Regional library system in which the library is a member. B = Boston, C = Central, M = Metrowest, N = Northeast, S = Southeastern, W = Western
Tot. Oper Income	Per capita total operating income. Sum of the library's appropriated and non-appropriated operating revenues from all its municipal, trust, gift sources and State Aid to Public Libraries monies divided by its 2005 library service population.
Tot. Appr. Mun. Inc.	Per capita total appropriated municipal income. Sum of municipal revenue sources appropriated to the library for operating divided by the library's 2005 library service population. Excludes State Aid to Public Libraries monies.
Tot. Oper. Expendis	Per capita total operating expenditures. Sum of the library's operating expenditures for personnel (salaries and benefits), library materials, and other operating expenditures (e.g., building maintenance, energy and utilities, network membership, supplies, etc.), divided by its 2005 library service population.

Heading	Definitions
Salary Expend	Per capita salary expenditures. Sum of the library's salary and wages expended for all staff including plant operations, security and maintenance divided by its 2005 library service population. Includes salaries and wages before deductions but excludes "employee [fringe] benefits."
Materials Expend.	Per capita total materials expenditures. Sum of the library's operating expenditures for library materials including print, nonprint, electronic and miscellaneous resources divided by its 2005 library service population.
Attendance	Per capita visits to the library. The number of people entering the library divided by the library's 2005 population.
Reference	Per capita reference transactions. Sum of information contacts that involve the knowledge, use, recommendations, interpretation or instruction in the use of one or more information sources by a member of the library staff divided by the library's 2005 library service population.
Holdings	Per capita total holdings. Sum of print, non-print, electronic format and miscellaneous materials owned or leased by the library divided by its 2005 service population.
Non-Print Holdings	Per capita non-print holdings. Sum of non-print (audio, video, electronic, microform and miscellaneous) materials owned or leased by the library divided by its 2005 service population.
ILL From	Per capita interlibrary loans from others. Total library materials, or copies of library materials, received by the library from other libraries (not under the same administration) upon request, divided by the library's 2005 service population.
Direct Circ	Per capita total direct circulation. Total annual circulations, including renewals, of all types of library materials to borrowers directly for use outside the library, divided by the municipality's 2005 population.
Total Circ. Activity	Per capita total circulation activity. Total items circulated to borrowers directly, and to other libraries via all forms of interlibrary loan, divided by the library's 2005 service population.
FTE per 10,000	Full-time equivalency for all employees paid from the library budget, including Custodial positions, per 10,000 of the library's service population. This is computed by summing the hours worked per week by all employees, dividing by 35; the FTE is then divided by the library's 2005 service population and multiplied by 10,000. For libraries with service populations under 10,000, this is a projected figure.
MLS FTE per 10,000	Full-time equivalency for employees with an MLS from an ALA accredited program and reported in the following positions: Library Director, Assistant Director, Senior Librarian, Branch Librarian, Staff Librarian - Adult (Reference), - Children's, - Circulation, - Technical Services, - Young Adult and Staff Librarian - Other. This is computed by summing the hours worked per week by that staff and dividing by 35. This FTE is then divided by the library's 2005 service population and multiplied by 10,000. For libraries with service populations under 10,000, this is a projected figure.

Heading	Definitions
Weekly Internet Access per 10,000	Number of users of public Internet computers in the library during a typical week, divided by the library's 2005 service population and multiplied by 10,000. If computers were used for multiple purposes (Internet access, word processing, online public access catalog, etc.) and Internet usage could not be isolated, then all usage was reported.
Hrs. Open per Week	<u>Average</u> hours open per week. The sum of the annual hours open for the main and branch library(s) and bookmobile divided by 52. Excludes bookmobiles operated by the regional library systems.

Massachusetts Public Library Data Reports:

Children's Services, xxxx Data (available in February)

Selected statistics related to children's services including staffing, programming, holdings and circulation.

Circulation and Holdings Report, FYxxxx (available in January)

Various public library circulation and holdings raw data. Also includes circulation per FTE, per hour open and per capita and holdings per capita data.

Education & Staffing Report, 7-1-xxxx (available in January)

Public library staffing levels and distribution of the staff's highest educational level. Staffing level data includes: total full-time equivalencies (FTE), number full time and part time, and FTE for MLS, librarian, children's librarian and non-custodian positions as well as total hours open per non-custodian FTE. Director's education level and length of work week are displayed.

Electronic Services, FYxxxx Data (available in May)

Selected statistics related to electronic services including: website hits, number of users of public Internet computers, electronic subscriptions and materials in electronic format.

Featured Reports, FYxxxx Data (available in the spring)

Reports on changing topics present public library data not displayed in other reports.

Financial Statistics Report, FYxxxx Data (available in February)

Raw and per capita figures for each reporting public library's (including branches) total municipal appropriation, operating income, and salary, materials, other and total operating expenditures. Also included are percent of total operating expenditures spent for salaries, materials and other expenditures.

The FYxxxx Municipal Pie...What's Your Share? (available in January)

Relates the amount expended from the general fund by each city and town on public library service, to the amount expended to operate the entire municipality.

Public Library Outlets, FYxxxx Data (available in May)

Selected statistics relating to public library outlets including: staffing, holdings and circulation.

Rankings Report, xxxx Data (available in March)

Each municipality's rank within its population group and within the entire state based on its library's per capita values for certain income and expenditure data. For services, the indicators are: FTE per 10,000 population, MLS FTE per 10,000, hours open per week, direct and total circulation per capita and holdings per capita.

Salaries Report, 7-1-xxxx (available in January)

Hourly minimum and maximum salaries for up to 17 public library position classifications from Library Director to Custodian. Annual salary for the Library Director is also displayed.

Services Report, FYxxxx (available in January)

Services data includes number of terminals with Internet, average weekly visits, reference questions and hours open. Counts are provided for weekend days open, branches, adult and children's programs and attendance. Average hours open on weekends is also shown.

Summary Tables and Graphs, xxxx Data (available in March)

Statewide, population group and regional totals of various incomes, expenditures, holdings, circulation, services and staffing data. Subject index provided.

Massachusetts Academic Library Data, Fall xxxx, Selected Statistics (available biennially)

Massachusetts Automated Resource Sharing Networks Report, FYxxxx (available in the fall)

Massachusetts School Library Media Center Report, Fall xxxx (available in May)

Massachusetts Special Library Statistics Report, FYxxxx Data (available in November)

The reports are available in PDF format and the related spreadsheet and database files are available for downloading from the Board's web site (<http://mblc.state.ma.us/advisory/statistics/index.php>)
