ADDITIONAL INFORMATION

This is a Unique Property Acquisition due to the limited grant source. The Division of Grants Administration needs the unique qualities of this space as follows: Currently the Haverhill Career Center is located here, funded with federal and state grants. There is a need to provide uninterrupted services to the job seeker and businesses as required through the Charter. No determination can be made about space and continued services at this time. Therefore, a disruption in service would be detrimental to the performance of the federally required services and the grants that fund the lease.
