DESCRIPTION OF PROPERTY:
 Unique Property located at 60 Crescent St., Brockton (Parcel ID# 110-036), a low rise office building. Uniqueness determined because of the following: The property is located directly adjacent to City Hall, the School Department Central Offices and the City's Parking Garage; has a substantial parking lot to serve residents and customers, as downtown parking is at capacity; the City's fiber network runs underground, directly along the property line of this particular piece of property; since there are no overhead wires in the downtown area near City Hall, this proximity would allow for direct connection to the City's fiber network and infrastructure; the City just received a grant award to redesign and refurbish the City Hall Plaza and this property would be an asset as a direct abutter, as well as a City Hall Annex located directly in City Hall Plaza.

ESTIMATED VALUE, SOURCE OF VALUATION:
 \$500,000.
