HISTORICAL NOTE

The Socialist Labor Party (SLP), established in 1876, is the oldest socialist political party in the United States. The SLP presented its first national ticket in 1892, featuring Simon Wing and Charles Matchett as candidates for President and Vice President respectively. Newspaper editor Daniel De Leon is credited with the expansion of the SLP in the United States by using his newspaper, *The Weekly People*, to reach a larger audience for the SLP's ideas. In 1894, following De Leon's lead, the SLP dedicated itself exclusively to its ideal of industrial democracy.

In 1893, the SLP published a "Manifesto of the Socialist Labor Party of the Commonwealth of Massachusetts". In it, they address "workmen" and lay out their ideas for establishing the "Co-Operative Commonwealth". An early party ticket featured Patrick F. O'Neil, Morris E. Ruther, Frederick A. Nagler, Squire E. Putney, Daniel Lynch, and Herman Koepke as nominees for state offices. Over the next ten years, the local party established a Constitution and a State Executive Committee, which would oversee the various sections of the SLP in the state. Numerous meetings and rallies were held, most of them featuring candidates for local office or well-known advocates of the SLP's ideals.

The SLP reached its height in 1898, but began losing popularity due to conflicting views and infighting within the party. In 1899, some opponents of De Leon left the SLP to merge with the Social Democratic Party of America and form the Socialist Party of America. Following this withdrawal, and De Leon's death in 1914, the SLP continued to decline. It fielded its last national presidential campaign in 1976.
