Marine Fisheries Advisory

Notice to Fishermen: Bay State Wind Survey

In May and early June, DONG Energy US Wind Power will survey a proposed cable route from the Bay State Wind offshore lease area to a RI location. Please see the Bay State Wind [Notice to Fishermen](#) for more information and a map of the survey route. An experienced lobsterman will be on the survey vessel to serve as point of contact for fishermen in the vicinity – local fishermen are encouraged to call the vessel or the on-board Fishing Industry Representative to avoid potential gear conflicts.

Laminated copies of this notice may be obtained at waterfront distribution points or by texting a mailing address to (207) 939-7055.
